

## Rotan Department Store Names Bratton Manager

Darmon Bratton, former manager of Wiggs for the past six years, assumes management of Rotan Department Store today, announced Marvin Hinds, store owner.

Bratton will move to Rotan Department Store with over 22 years of retail sales experience having been associated with Perry's for 16 years prior to moving to Rotan.

"No changes are planned in respect to the employees," said Bratton. "I am extremely excited about the new position," said the new manager. June Wallace, former manager,

is excited over the change. She is of the opinion that Darmon Bratton will be a great asset to the store and give her more time to devote to the ladies ready to wear section. "I have been waiting for this day for a long time," commented Mrs. Wallace.

Darmon and his wife Myne have two high school children. Steve in his last year at Rotan High School, and Brenda a freshman.

The family is a member of the Rotan Church of Christ and Bratton is active in the Fisher County Sheriff's Posse.

### The Non Conformers

It is a shame that certain Roby residents find it necessary to refuse to comply with the "junk car ordinance" as adopted by city officials.

There are always a few individuals that think they are immune from complying and feel that the laws were made for the other fellow.

Roby City officials are concerned with the "junk vehicles" from a HEALTH HAZARD STANDPOINT. They feel that the broken glass is a potential safety hazard to small children, and that the old cars are a breeding spot for flies, mosquitos and rats.

They are concerned with the overall health, safety, appearance and well being of all Roby residents and its a sin that a few bull headed people find it necessary to challenge the city's "legal right" in asking them to move the junk-heaps.

When the flies get thick this summer and the mosquitos have a field day, think about your neighbor that "refused to comply".

If the Roby City Commission does not enforce the junk-car ordinance and impose penalties and fines on offenders then they aren't doing their job.

We are of the opinion that they have been more than lenient, more than fair, and in some instances gone far out of their way to seek cooperation.

If the City Commission was being unreasonable in their request, we would be the first to wage a verbal-war. In this case we are of the opinion that a few residents are being unreasonable and the only solution is full cooperation by all residents in making Roby a better place to live.

### No Fuel Here

We'll not attempt to add coals to an already glowing flame by endeavoring to explain the change at Wiggs. Darmon Bratton was replaced as manager by Art Monday last Wednesday. Bratton starts today as new manager of Rotan Department Store. June Wallace is tickled pink over the change. As long as God remains as architect of the universe, He has a fantastic knack for making all things equal out for the best. We congratulate Darmon Bratton on his new position and welcome Art Monday to our community.

## Roby Commissioners OK \$4,000 For Street, Nix Night Patrolman

Members of the Roby City Commission met in regular session last Monday afternoon and agreed to pave 5 blocks of Lyon Street with money received under the new revenue sharing program.

Bids will be awarded in the near future on the project that is expected to cost the City of Roby approximately \$4,000.00. This paving is the first step in a future plan of attempting to pave several blocks in the area around Lyon and Orange Streets.

City Manager, J. B. Hughey, reported to commissioners that the cost of the new chlorinator for the ground storage tank is expected to run in the neighborhood of \$600.00. This item is to be paid for with revenue sharing funds. The new chlorinator will assure Roby residents of the city water line an adequate level of chlorine in their treated water.

Commissioner Jimmy Price brought up the possible construction of a volleyball court for city residents; but no action was taken on the matter. Price is to check into some sites and construction possibilities and

report back to the commission in March.

Mayor Cecil King was informed by Hughey that action had been taken on a matter concerning the Saft-Glo Sign Company in Dallas. A number of Roby business establishments had purchased safety signs for erection near school and church intersections and as of last Monday none of the signs had been delivered. Hughey wrote company officials concerning the matter.

Jimmy Price made a motion that received commission approval to purchase a new Burroughs dual printer posting machine for use in the city office by City Secretary, Virginia Melton. The present 12 year old model only has 5 total columns where 11 are now needed. Cost of the reconditioned machine to be purchased is \$2,995.00. The city was allowed \$100.00 trade in for the old posting unit.

Because of a request by numerous Roby businessmen, Mayor King aired a request by them that the City of Roby consider hiring a night watchman and pay him with revenue sharing

money. The suggestion was placed under study by the commission but it is doubtful that anything will be adopted at a future date. King mentioned that Robert Doyle, son of Mr. and Mrs. M. E. Doyle, is interested in the position of Superintendent at the Hobbs School Board. He is currently employed as a teacher at the Hobbs School. Mr. Doyle is currently employed as a teacher at the Hobbs School. Mr. Doyle is currently employed as a teacher at the Hobbs School.

## Art Monday Named Wiggs Store Manager

Art Monday assumed the position of manager of Wiggs last Thursday morning, taking over the slot vacated by Darmon Bratton. Bratton had managed the local store for the past six years.

Monday, originally from Dallas, moved to Rotan from Austin where he was an assistant manager with Wiggs for the past

two and one-half years. Monday does not plan any change in policy or personnel. "everything will stay the same", he said.

This is his first Wiggs store to manage, however he was the manager of a U-Tote-M Drive In Grocery in Austin for seven years before becoming associated with the Wiggs organization.

## Pattie Williams Takes First In Poster Event

Rotan Insurance man, Joe Dale Burk, is the Region 12 chairman of the Texas Association of Independent Insurance Agents and as such assumed the responsibility of getting over 300 fire prevention posters judged last Monday.

Judges included Mrs. Justin Morrow, Mrs. Robert Phillips, Fire Chief A. B. Parker and Mrs. Dale Caste. They scanned over 300 posters from eleven area schools and came up with 41 worthy of competition at the state level in Austin.

Schools from Lamesa, Idalou, Flomont, St. Michaels, Brownfield, Tahoka, Colorado City, Loop, Slaton, Lubbock and Rotan had entries in the competition.

The posters will join others from over Texas in the annual fire prevention poster contest of the State Board of Insurance sponsored by the Texas Association of Ins. Agents.

Six students from Rotan Junior High were awarded a total of \$20.00 in prize money in a special recognition by the Rotan Insurance Agency for creative work on fire prevention posters.

Pattie Williams, daughter of Mr. and Mrs. Dave Williams, was awarded the top prize of \$5.00. Others receiving \$3.00 prize awards included Jamie Strickland, Mark Nowlin, Janie Garcia, Cindy Williams and Bob McArthur.

Mr. and Mrs. Jerry Etheredge, Roscoe, are the parents of a new baby boy, born Sunday, Feb. 4, 1973, weighing 8 lbs. 4 ozs. The young man has been named Jim Ray. Maternal grandparents are Mr. and Mrs. Carl Murff of Roby and paternal grandfather is S. L. Etheredge of Hobbs.

Other business conducted at the regular meeting of the Hobbs School Board included the re-hiring of Principal Orville Anderle and the approval of the appointment of Mrs. Mike Porter as Hobbs school secretary until June 30, 1973.

In final action of the evening Hobbs Board members voted to keep the policy of mandatory retirement in effect on teachers reaching the age of 65. Bill Jamison had expressed a desire to continue teaching after age 25, but board members voted to keep the existing policy on the books.

Teacher contracts will be discussed at the next regular meeting of the Hobbs board March 12.

Superintendent Ray Pruitt received a year extension on his contract from Roby School Board members at last Monday night's regular meeting. Pruitt's contract now runs through June 30, 1976.

Board members also voted to re-hire High School Principal Marshall Hickman and Principal McHaney by giving them a one year contract through June of 1974.

High School vocational teacher Jimmie Laurie and home economics teacher Louise Keisling were re-hired for another year.

Roby school board members voted to waive one-half of the school taxes on property owned

by the Roby Industrial Foundation and declared the trustee election to fill three vacancies for the first Saturday in April, in final action of the night.

The next regular board meeting on March 12th will be primarily devoted to rehiring teachers.

## First Baptist Revival Set For Feb. 18, 25

Revival services will be held at the First Baptist Church of Rotan February 18-25. Leading in this revival effort will be Rev. Bill Blankenship of White Oak, Texas and Mr. Darrah Smith of Shreveport, Louisiana.

Services will be held at 10:00 a. m. Monday through Friday and at 7:30 p. m. each evening.

Rev. Bill Blankenship has been a pastor for over twenty years and is now engaged in full-time evangelistic work. He has been widely used in evangelistic meetings and in Bible Conferences across America. Mr. Darrah Smith has been with the Rotan Church previously and is known throughout the Big Country for his music ability.

The public is invited to share in these services throughout the week.

## Hobbs Board Plans New Superintendent Screen

Hobbs school board members will accept applications for the position of Superintendent at a special called meeting set for March 2nd, at 7:30 p. m., according to Superintendent Ed Perkins.

A motion by Jimmy Walker, seconded by Jackie Wayne Etheredge, called for the board to screen preliminary applications on March 2, 1973. Anyone in-

terested in the position can obtain further information by contacting Harvie Davis, Hobbs School Board President, or any school board member. Some school board members have already received letter applications and inquiries concerning the opening.

Other business conducted at the regular meeting of the Hobbs School Board included

the re-hiring of Principal Orville Anderle and the approval of the appointment of Mrs. Mike Porter as Hobbs school secretary until June 30, 1973.

In final action of the evening Hobbs Board members voted to keep the policy of mandatory retirement in effect on teachers reaching the age of 65. Bill Jamison had expressed a desire to continue teaching after age 25, but board members voted to keep the existing policy on the books.

## Rotan School Board New Principal Contracts

Rotan school board members voted last Monday night to grant all principals a one-year extension on their present contracts. Neil Wright, M. T. Hill and Ray Womack now have contracts expiring prior to the beginning of the 1974-75 school year.

Rotan school board members present for the meeting included: Bobby Smith, Allan Houston, Charlie Joe Helms, Bobby Gruben, Dwight Nowlin, Dick Edwards, and Dr. Jerry Marsnall.

Board member Bobby Smith inquired as to the possibility of permitting Calendar Club talent constants to use the piano at the auditorium instead of having one moved in from a music firm in Abilene. Superintendent

K. C. McCasland agreed to consult teachers and principals involved and possibly take under study permanently moving the piano to the stage area. Board members seem interested in trying to satisfy both school needs and the once-a-year Calendar Club needs concerning the piano location.

School Board members will vote on teacher contracts at the next meeting set for March 8, 1973. The meeting was moved from the regular March 12th date when several board members indicated that they would be out of town.

Total school enrollment was up 4 in high school and one in primary for a total of 715 over January's total of 710.

Rotan businessmen and individuals that are members of the Rotan Industrial Foundation will hold a meeting on Thursday night to elect directors and officers and pass on by-laws for the new organization.

Members present will have the opportunity to vote on a slate of directors selected by the nominating committee. Larry Landes is chairman of the committee assisted by Gerald Harmon and Bart Strayhorn.

The committee is recommending that the following 12 men be elected to the position of Rotan Industrial Foundation Directors: Pat Wester, Stanley Nowlin, Joe Dale Burk, Bill Day, Doug Weathersbee, H. Thompson, Bobby Smith, Glen Holt, Allan Houston, Loys Landes, Norman Amett and Wayne Harris.

Joe Dale Burk will serve as presiding officer at the meeting and is expected to give a brief report on the history of what has been accomplished and

outline a need for the success of the organization. Local attorney, Norman Amett, will present a list of suggested by-laws to those present. Members present will have the opportunity to add or delete any suggested by-laws prior to the official vote.

The meeting will take place at the Double Mountain Restaurant and is scheduled to begin at 7:30 p. m., according to Joe Dale Burk.

## Total Paid Now \$109,000 Commissioners Pay Added \$51,000 To Contractor

The Fisher County Commissioners Court met in regular session last Monday morning and issued an additional \$51,000.00 in certificates of obligation to the court house contractor. This brings the total paid the contractor to \$109,000.00.

Charles Black, manager of the S. C. S. office in Rotan, met with commissioners and received approval for continued development of the existing resource and conservation development plan.

Commissioners voted to pay the Upper Clear Fork Soil and Water Conservation District \$600.00 as they did in 1972.

A motion to sell the 1964 Precinct #1 truck recently advertised, was executed and sold to A. V. and Robert Sapulding of Hamlin, Texas for a bid of \$650.

Members of the Commissioners Court officially closed a 150 yard long road near the Royston cut-off, approved a 5% pay increase for the Court Reporter and Probation Officer, and voted to leave the county depository with the First National Bank and the Citizens State Bank, in other action Monday.

Commissioners also voted to approve a sanitary land fill at the Celotex Corporation for McCaulley and Hamlin residents, pending Celotex approval and entered into an agreement to set up Fisher County as a

Civil Defense station. A bid by F&M Chevrolet was accepted for a net difference of \$1,995 to the county for a new Sheriff car over Rotan Motor Company's bid of \$2,050.

## Roby Baptist To Show "To Russia With Love"

An Underground Evangelism Production-

This gripping motion picture speaks to the heart. Many of the shots were filmed inside Russia and give eloquent testimony to the fact that hunger for the Word of God is very real in that land of multiple closed churches. It graphically portrays life today for many thousands of Christians in the communist third of the world.

Secret arrangements were made in advance for an English-speaking Russian Christian to rendezvous with a U-E photographer on a visit to Russia. The two met quietly at the appointed hour, and for the next few weeks our cameraman captured

a revealing glimpse of the underground church at worship. He found himself deeply moved by what he saw... the closed churches, the status of Christians living under Communism. "To Russia With Love" faithfully records all this.

This picture of Carla makes me think of an old proverb my mother used to quote: "Precious things come in small packages." Go ahead, mark me down for a doting dad. I'm quick to admit that my little girl is precious to me. With her loving arms about my neck I feel richer than a king. I walk into a room and see her eyes light up — so who wants to be president? As she struggles down among the blankets, I kiss her and tell myself that I'll give her the best, now and always. That's why I take her to church every Sunday. I want God to be a part of Carla's life from the very first. I know that an understanding of God and His love will ensure my daughter's well-being far beyond any material gift I could give her. God's goodness is yours for the taking. Enrich your life. Go to your church, and take your family with you.

**Kim's Korner**  
By Kim Pease

**PASS IT ON:** Mrs. A. A. Bostick ran across this in the Goldthwaite Eagle newspaper, printed in Mills County and passed it along to me. I got a kick out of it and thought you would also. "If you think your troubles are many, pity the poor editor. . . . if he attends a meeting he's being nosy, if he doesn't he isn't interested. If he writes an in depth story, it's too long, if he condenses one, it's incomplete. If he takes sides on an issue he is prejudiced, if he doesn't he is a coward. If he asks for advice, he's incompetent, if he doesn't he is a know-it-all. If he makes a mistake he hears about it for weeks, if he doesn't he never hears about it. If he expresses an opinion he wants to run the show, if he doesn't he lacks guts. If he misspells your name, you never forget it. If he doesn't you didn't read that story!"

**GOOF DEPARTMENT:** A few weeks ago I paraded in White's and demanded an ad. To get me out of their hair, Arvin White and Jerry Dycus put their heads together and came up with a 75¢ classified ad on "Mud Chains". "OK Pease, here is an ad, run it for two weeks", said Dycus with a broad grin on his face. "This is not exactly what I had in mind when I walked in here Mr. Dycus", I said politely, "how about you and Arvin going back into conference and coming up with a full page or even a half-page". "No-deal", they said in unison, "you wanted an ad and you got one".

**HOOK, LINE AND SINKER:** Wayman Leverton told me that he found a fifty-dollar bill in an old coat he put on during the cold spell last week. "No kidding", I said, "you've got to be the luckiest guy in the world". "Not really", he said, "it was one that I hadn't paid."

**A CONTINUED STORY:** My lovely wife finally finished that sweater she was knitting for her only husband. How does it fit you ask, just fine. How does it look you ask, beautiful. How do I like the color you say, it's just right. Do you think I am stupid enough to put down in black and white any criticisms on a sweater my wife has been working her fingers to the bone on for 37 weeks. Not on my life. It's really great. In fact Bob Lilly, Wilt Chamberlin and that fat weight lifter named Anderson would think it is great too. It's not great, it's super.

**BIG LAUGH:** My ex-buddy, Charles Thomson, goes into hysterical laughing convulsions everytime he gets the chance to tell someone the story about me "temporarily misplacing" my keys. I don't want to wish my ex-friend any bad luck, but if he ever loses his keys for three days then finds them buried under some paperwork on his office desk, I'll throw such a laughing fit that they'll have to send me directly to the "funny farm".

# FISHER COUNTY REACTION

## THIS WEEKS QUESTION

Just an afternoon with Mrs. Luline Blount!

From a beautifully arranged refreshment table, and a variety of snacks, LAURIE SEATON and PATRICIA PARKS choose lollipops. These four year old charmers smile immediately after a picture is taken.

School is over for the day, and Laurie and Patricia are joined for refreshment break by JODIE LAWLIS. Jodie is eight, and this is home until Mother gets off from work.

Eight year old DARRELL CARTER, KEVIN BERRY age six, and JEFF DAVIS also eight, ply their skill with building blocks which have been used by Mrs. Blount's "children" for the past 30 years.

DAVID CARTER, age seven, and Kevin enjoy Cool-Aid and lollipop while engrossed with their favorite afternoon TV program. David is proudly wearing a wrist watch which he received for his birthday.

## The Building Of An Eagle

Written by Jackie Cadenhead for his Conservation of Natural Resource merit badge.

Before the coming of white men, most of North America was covered by forest, grassland, or desert vegetation. On each vegetative type was wildlife best adapted to each.

The white man's civilization changed land patterns on a large scale. Wildlands were converted to agricultural use. Each change influenced the composition of wildlife on the land. Buffalo, deer, bear, and elk began to decrease in number. Quail, dove, rabbits, and some other species were able to adapt to the land change more readily.

Today human occupants determine the place wildlife must occupy, as well as the number it will support, by controlling the management of the land. Farm and ranch operators are therefore wildlife managers.

Other practices carried out were contour farming, conservation cropping system, crop residue management, and proper grazing use. When entering into a GPCP

# Jennifer Holcomb Roby Homemaker Of Tomorrow

It is a pleasure to congratulate Jennifer Holcomb on the honor of being named Homemaker of Tomorrow for Roby High School. Jennifer is the daughter of Mr. and Mrs. Harmon Holcomb, Jr., of Roby, and is a senior at Roby High School, where she is an outstanding homemaking student.

She was presented that award which was a charm insignia by the Homemaking teacher, Miss Louise Keisling and the Principal, Marshall Hickman. Jennifer was chosen because of an outstanding score made on a test given all senior girls in the State. Her score was the highest at Roby High School.

Her future holds the exciting possibility, that she may go on to be named Homemaker of Tomorrow for the State or even All American Homemaker of Tomorrow with the college scholarships these honors offer.

## Ted Posey And Group At San Antonio Show

hours of every day. Our man was able to lose himself among the vast crowd of tourists in Moscow and go on his way unchallenged and unmolested. The result was some of the finest behind-the-scenes shots we have ever seen.

Shown also is Underground Evangelism's Bible press in western Europe where tens of thousands of pocket-sized "smuggling" Bibles and a great variety of other Christian literature are printed for distribution inside the Iron Curtain.

An actual border crossing, which helps portray Underground Evangelism's wide-scale, Bible-smuggling ministry, is also seen.

During the first part of the film, the voice of Stephan Bankov, young Christian lay pastor whose escape to the West with his wife and two children is dramatized in the film, is heard speaking in Bulgarian. English overtones are those of the narrator.

The public is cordially invited to view this exciting and informative film to be shown at The Midwest Electric Co-op film room in Roby, February 19 at 7:00 p. m.

A freewill offering for Bibles will be received at the close of the showing.

Mrs. Ted Posey left Friday afternoon for San Antonio to take a car load of Fisher County 4-H members to participate in the San Antonio Livestock Show. Freddie Max Stuart and Richard Spencer left Wednesday with a load of Fisher County livestock that was shown in the show. Mrs. Posey reports they all placed high at the show.

## Roby Junior Hi Cubs Win By Point At Roscoe

The Roby Junior High Cubs won number 15 by defeating Roscoe Monday night in a make up game. They achieved their victory by pulling out of a rough overtime by one point, winning 35-24. Ricky Morton, Jesse Castor and Brad Stuart led the scoring with 9 points each, followed by Steve Evers and Monty Pope with 4 points each.

In district play last week Roby was defeated by Loraire 34-20. Steve Evers was high point with 10; Monty Pope, Jesse Castor and Brad Stuart had 6 each and Mark Pruitt had 2 points.

## IN MOVES AGAINST AGRICULTURE

**There Is  
Something You  
CAN DO.....**

### The Present Administration In Recent Weeks Has:

Discontinued the Rural Environmental Assistance Program (REAP), the only conservation program working in all counties of the nation.

Terminated direct loan programs for rural electric and telephone cooperatives, forcing many rural electric systems to increase retail rates and fees. Power line extension policies will become more restrictive, and many potential loads will go unserved.

Discontinued the Emergency Loan Program which helped farm operators with production losses.

The REAP program, earlier known as the ACP, has for 36 years served as an effective incentive to landowners to establish permanent pastures, dig livestock tanks, establish wildlife ponds and wildlife habitats, construct terraces and grassed waterways, control gully erosion, install grade stabilization pipe drops, sprig Bermuda grass and establish

long-range environmental programs. The Administration is targeting agriculture, basic to the economy of the nation, in a massive "economy" move. This is false economy, threatening to do serious damage to agriculture and the environment.

**These Programs Are Still Needed. Their Termination Will Adversely Affect Every Fisher County Resident.**

**What Termination Of REAP Will Mean To You!**

- \* Projects to stop erosion in our area will be eliminated.
- \* Thousands of acres of valuable land will continue to float downstream.
- \* Erosion and pollution by sedimentation will intensify in streams, municipal water supplies and wildlife habitats.
- \* Direct financial assistance for Conservation practices and technical assistance will be curtailed.
- \* Farm Production and income will be seriously affected, meaning direct loss to the overall Fisher County economy.
- \* Approximately 40 agribusinesses in Fisher County will suffer direct loss.
- \* Thousands and thousands of conservation dollars will be lost to the economy of Fisher County.

## What Can You Do?

You can help by writing to your congressman, senators and the president, asking them to restore these programs so badly needed in West Texas.

# Tangibles That Fuse A Culture

--by Delia Baird

According to Webster's Unabridged Dictionary, culture is the total pattern of human behavior and its products embodied in thought, speech, action and artifacts and dependent on man's capacity for learning and transmitting knowledge to succeeding generations through the use of tools, language, and systems of abstract thought.

The Delta Kappa Gamma Society, an International Organization of experienced women teachers, has long been a leader in the study of values as they relate to our changing culture. Three Rotan members of Gamma Tau Chapter, Meses, Robert Witherspoon, Bart Strayhorn, and Norvelle Kennedy, share some ideas about the tangibles that fuse a culture.

In the treatise, Mrs. Witherspoon states, "The cultural anthropologist studies the patterning of human behavior that develops a way of life, a culture, distinguishing man's world from the animal world. It is difficult to separate the anthropologists and socialists roles in studying the behavior of men, but certain distinctions can be noted. Perhaps the clearest distinction can be made in stating that the sociologist studies society while the anthropologist studies the culture produced by the society."

"Tangibles can be described as anything that comes within the range of one's senses and can be recognized as existent. Beliefs, customs, traditions, life styles, knowledge and attainments are the tangibles that become marks of distinction by which a culture is identified.

"What culture is being fused from these rather chaotic times almost defies one's wildest imagination, and one would hesitate to predict too far ahead."

Mrs. Bart Strayhorn gives some provocative thoughts of the effects of inventions and innovations on cultural patterns of the future. She notes, "Throughout periods of history inventions have been made that were a challenge to some and a dilemma to others. Examples are the automobile and jazz music. Each was thought by some to be a passing fancy. Looking at a more recent development, when the first American computer was made in the 40's there was little indication of the effect this massive machine would have upon us. We never dreamed that it could be reduced in size until it could be installed in a space craft that put man on the moon, or could direct an un-manned satellite which could transmit TV signals or predict the weather. Nor did we realize that we could become a person with a number instead of a name.

"The innovations in Space have affected our culture because our world has been made smaller through instantaneous information, while at the same time it has broadened it since we, as individuals, now invasion the entire solar system.

"The computer has been used to arrange music, but I do not believe at this time that it is the important factor in the changes made in music. It seems that since the beginning of jazz, each generation has had its own music. Each change is criticized by the then older generation. Many doctors say that, with the present blaring music, the yearning of our young people will be so impaired that we may in time be a nation with a hearing problem. Today, music is used as therapy; there are those who claim that it can also be used to drive people insane! It is evident that young people hear something in the music of their generation. It is relevant that adults really listen in order to understand the impact on the fusing of a culture. Time will answer the question as to how music of today is affecting our culture--whether it is a challenge or a dilemma."

With the changes in knowledge, the behaviors of people who use that knowledge must change. Teachers must learn, unlearn and relearn. Text books are often obsolete before they can be published. The person who resists change does it quite often because he fears the unknown

and the unfamiliar. It is important that one understand economic and social factors which are already changing our culture--and thus changing consumer practices. A constructive attitude toward change is an asset when meeting situations throughout life. Change is normal and occurs continually. We are living in a period that is unique in the history of mankind. Some would seem to imply that we are at a crucial dividing point which can be interpreted as a parting from culture. Changes must not be condemned before they are understood.

Mrs. Norvelle Kennedy gives a few fantastic predictions that scientists and business men are making in the area of foods. She says, "Today, man is able to plan and do things that were not thought possible fifty years ago. Can you imagine planning a shopping list with a computer from your kitchen? Or having invisible grocery bags and microwave as a part of your food world? That is one forecast. Or picture yourself grocery shopping in a radar-guided shopping cart. As you drive through the store you will push buttons and a computer will then total your bill as you check out. When stores do not have motorized shopping carts, they will provide moving floors (like escalators) which will carry you around to different shelves. Or you might stay in one place while the shelves revolve around you. These might include freeze-dried meats which require no refrigeration, plankton (a minute form of sea life) and man made protein foods. After selecting your food, you might take it to a miracle kitchen where it will be cooked and carefully wrapped for you. You will not see any cashiers. Your purchases will be held together by invisible bags until you get home. A new method of freeze-drying promises to affect our food in the future. Many of the new developments in foods in the next 10 to 20 years will attempt to prevent world wide food shortages.

"Technology is made for man, not man for technology. We must not be afraid to try something new, and to eliminate the obsolete; but we must exercise intelligent choice. In adjusting ourselves to drastic change, we must have inordinate self-confidence.

Mrs. Witherspoon adds, "The world moves into the 70's and their promises of even greater future shock. Nothing is more imperative than our honest rethinking of the values and assumptions upon which we have built our individual lives and our society. We too have responsibilities in fusing a culture."

Although predictions are always questionable, it is a safe assumption to say that as values and cultures keep pace without rapidly changing world, Delta Kappa Gamma will be in the vanguard.

Doye, and his wife are interested in running the Roby Swimming Pool operation and maintaining the Roby park this summer. J.B. Hughey is expected to have more information for the commission at the March meeting.

Mayor King instructed City Secretary Virginia Melton to make his recommendation that equalization board members consider raising tax valuations on vacant lots to the level that they are sufficient to cover postage and handling, a permanent part of the minutes. King cited instances where taxes on some vacant lots were not enough to even pay postage and handling by city employees.

Commissioner Jimmy Hayes made a motion to purchase a \$100,00 membership in the Roby Industrial Foundation for 1973. This is the same membership that was purchased in 1972.

J. B. Hughey was instructed by the Mayor and Commissioners to make one last attempt to encourage residents in violation of the "junk car" ordinance to comply with the law before turning the matter over to the city's legal council.

Commissioners also voted Monday to purchase two new city pick up trucks for use by J. B. Hughey and John Kiker. The city will advertise for bids in the near future and in all likelihood open bids at the March meeting. Revenue sharing funds will be used for the purchase of the new vehicles.

J. B. Hughey reported to commissioners that James Rogers, Certified Public Accountant, of Hamlin had agreed to audit the bookkeeping system for the City of Roby. He is expected to set up the new procedures in the near future.

In final action, the commissioners set the first Saturday in April as the day for election of a new term for the Mayor and Commissioners.

## Farmers Union Sponsors Grass Roots Lobby Day

Texas Farmers Union is sponsoring a legislative program in Austin on Tuesday, February 20. More than a hundred rural people are expected to be at the Capitol for day-long "grass-roots lobbying".

The activities will begin with a breakfast and briefing at 7:30 a. m. in the Trinity Room of the Downtown Motel across from the Capitol with greetings by key legislators and top state officials. The Governor, Lt. Governor and Speaker, along with several key farm legislators have been invited to attend. The group will spend most of the day contacting legislators and discussing Farmers Union-backed bills.

"We in the Farmers Union believe that the most effective lobbyists are the people themselves. That is why we are coordinating this visit so our farmers, ranchers and their wives can have the opportunity to visit with hometown lawmakers. With the diminishing number of rural spokesmen in the legislature, it is more important than ever for farmers and ranchers as well as farm wives to get acquainted with urban lawmakers," Mann said.

Some of the issues to be discussed during the day are corporation farm control, tax reform, constitutional revision, no-fault auto insurance, brand registration changes, a utilities commission and a state-financed employment program for older rural people.

A reception for members of the legislature that evening will conclude the day's activities of Farmers Union's visit to Austin.

Well we did have two or three days of Spring weather. didn't we? But guess the old Ground Hog was right, and we are back to Winter again. Sure was nice those warm sunny days though, wasn't it? Wednesday is the 14th day of February, and not only is it Valentines Day, but it is also my brother's birthday. He lives in Wimbledon, England, and we haven't seen each other now for 27 years. I have been in Texas for exactly 27 years on Valentines Day, having landed in New York aboard the Queen Mary on the 11th, and then I had a three day train trip from New York to Chicago and then on to Temple, Texas. Saw lots of the United States but just a fleeting glimpse as my oldest daughter was with me, and Carol was only 6 months old then. Was quite a long trip for such a small baby.

We have lots of sick folk this week, and have three in the hospital. Mrs. Reep has been in Callan Hospital for almost a week now, but we hear that she is feeling much better and we hope that she will be able to come home soon. Mrs. Reep is the mother of Mrs. Eula Mae Hull and Mrs. Sam Etherege. Also in the hospital is George Mijares and we hope that he is feeling lots better. Mrs. Della Hardin is also in the hospital and seems to be improving. Get well soon, Delia.

Bro. and Mrs. J. H. Skiles of Stamford ate Sunday dinner with Mrs. D. L. Moffett Sunday. Mrs. Moffett lives at Camp Springs. Visiting with Mr. and Mrs. Dale Cave Thursday through Saturday were Mr. and Mrs. Charles Chism and families. They were all here for the funeral of Mrs. Lola Palmer Williams, who was Mrs. Chism's mother. Our heartfelt sympathy goes out to Rita Faye and all.

Visiting with Mr. and Mrs. Andrew Pearce Saturday were Mrs. Joe Walton and Lori and two friends from Odessa.

Mike Hull, son of Mrs. Eula Mae Hull, was home for the week-end from South Plains College in Levelland. Also visiting with Mrs. Eula Mae Hull was Mr. and Mrs. L. M. Reep and Tim from Shallowater. They also visited with Mr. and Mrs. Sam Etherege, and Mrs. Reep. Glad to hear that Mr. and Mrs. Jackie Wayne Etherege and boys are now all feeling O. K. again.

Visiting with Mr. and Mrs. Riley Cantu this week-end was their daughter Eloisa from Texas Tech in Lubbock.

Visiting Mr. and Mrs. Lester Hardin Sunday nite and Monday was Morris Hardin from Lubbock, Mr. and Mrs. J. A. Barnes of Rotan and Mr. and Mrs. Lester Hardin all went to Lubbock Sunday and visited with Mr. and Mrs. Morris Hardin and family. While at Lubbock they visited Joe Allen Hardin Jr., also. He attends Texas Tech. Visiting with Mr. and Mrs. Lester Hardin Saturday were Mr. and Mrs. Neal Lee and Tammy of Snyder, also Mrs. Guy Murphree from Rotan and her son F. J. Murphree from Portales, N. M.

Visiting with Mr. and Mrs. Andrew Williams for the week-end were Mr. and Mrs. Randy Williams from Tyler, Mr. and Mrs. Herbert Hartley from Plainview, Lee Williams from Rotan and Mr. and Mrs. Ricky Williams. Sorry to hear that Rick has got the flu and hope that he will be better soon.

Visiting with Mr. and Mrs. Ben Martinez for the past week was Mrs. Milton Fette and her twin sons. Milton came Saturday and they went back to their home at Irving.

Seems I have been welcoming everyone to the community, those that have moved in recently anyway, but I omitted Mr. and Mrs. Gil Warren, and I am sorry for the oversight. Gil and his wife, the former Sara Martinez, moved to our community several months ago, and we are sure glad to have them. They have two children and we are glad to have them all in the Hobbs community.

We have been finishing up our basketball season, and Monday nite Junior High played Highland at Hobbs. Our girls lost and the score was Highland 29, Hobbs 16, but the Junior High Boys won their game and the score was Hobbs 26, Highland 24. Tuesday, we played Hermleigh but High School got beat both games. Thursday Junior High went to the Blackwell Tournament, and it was sure snowing when they left, but they made the trip just fine. Both teams drew Roscoe and we got beat both games. Hobbs then had to play early Saturday morning and the girls lost to Eula, the boys to Highland. We had several boys and girls sick for some of the games, so that really hindered our playing.

It will soon be School Board election time, and we have already had 2 men file for places on our school board. They are Mickey Templeton and Odell Rains. If there are any more I will put it here in the news, if you will let me know as soon as you can.

Well this is about it for this week, don't forget to call me with any news you may have. See you Thursday.

## Co-Publishers Awarded Local DAR Certificate

Mr. R. B. Hennington of Hamlin, and Mrs. Ora S. Carruth of Port Arthur were recent recipients of Bicentennial Certificates of Appreciation presented by Anne Pettus Shelburne Chapter of Daughters of the American Revolution. Mrs. Bernice C. McCrea, Texas State Bicentennial Chairman, attended the meeting for presentation of the award to Mr. Hennington. Mrs. J. L. McCright is chapter chairman.

The Certificate was presented by the chapter in recognition of contribution to making local history live by recording and publishing information which otherwise might be lost. The book, "Memories of McCaulley", is an example of what can be done by those who are interested in preserving the heritage of the communities. It is history, replete with personal memories and pictures, that will be cherished by descendants of the early settlers and by all who are interested in our American heritage.

DAR AWARD: Mrs. J. L. McCright, Bicentennial Chairman of Anne Pettus Shelburne Chapter, DAR; Mr. R. B. Hennington, co-compiler of "Memories of McCaulley, Texas, 1890-1971", and Mrs. Bernice C. McCrea, Texas State DAR Bicentennial Chairman of Abilene.

## Anne Pettus Shelburne DAR Hears Rudy Hamric

The Anne Pettus Shelburne Chapter, Daughters American Revolution met in the home of Mrs. Whit Clark, January 18, 7:30 p. m. The meeting was opened with a memorial to Mrs. W. W. Heathington. The Lord's Prayer was repeated in unison. Mrs. James, B. Day led the pledge to the Flag.

Miss Delila Baird, Regent, informed the chapter that they had received a "Blue Ribbon" for the work done for Constitution Week. Rudy Hamric was introduced by Mrs. Clark. Hamric's topic was "Soul Searching Thoughts on America".

"Our forefathers in the preamble of the Constitution of the United States of America wrote the following:

We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare and secure the blessings of liberty to ourselves and our posterity do ordain and establish this constitution for the United States of America.

"The plural words, we, general, ourselves and our appear in the preamble indicating that a better life for all people was the intention of our forefathers. Therefore, it appears to me that it is going to take all of us working together to keep this nation strong and healthy and free. The following are some of my thoughts on America and what is required of us to continue to carry out the intentions of our forefathers:

"In order to establish justice and/or maintain law and order in our nation we must, viz:

1. Demand the enactment of laws for the security of all persons and their property (not just laws for the few or privileged).
2. Maintain good courts and serve willingly on juries when summoned. Insist that punishment always follow wrongdoing.
3. Give sympathetic support to law enforcement by encouraging young persons to take up law enforcement work as a career and by teaching adults and children to respect peace officers and courts.

To insure Domestic Tranquility, we as citizens must treat the twin cancers of Crime and National Poverty.

Crime has increased in our nation six times more rapidly than population growth. It has been said that if all the murdered persons in any one year in the U. S. were placed in hearses that the hearses would reach 72 miles if the hearses were placed end to end. That is an indication of the crime problem of this nation and it seems to me that to curtail crime that we as citizens must insist that the punishment for the crime be severe enough and/or make the punishment fit the crime to such an extent that it will not pay to commit crime.

National Poverty can be eliminated by employing the employable and providing decent housing for all citizens. It has been said that poverty is the parent of crime and revolution; therefore, poverty must be eliminated because it has too many far reaching consequences, in addition to the immediate suffering of the victim.

In Order to Provide for Common Defense we as citizens must:

1. Be willing to pay decent wages and/or salaries to military personnel.
  2. Revise and make military law as modern as civilian law.
  3. Maintain a strong armed forces throughout the world.
  4. Insist that military personnel be treated with the same degree of justice and equality in military courts as civilian courts.
  5. Encourage young people to serve in the military as a career.
- In Order to Promote the General Welfare it is my opinion that we must not favor classes or races of people and that we must prevent the 22 million blacks from creating a separatist state. I am further persuaded that the good life of America must be shared as it is earned by all. I believe it is worthy of note that the average life span of the world's great cultures has been about 200 years and that their patterns during the 200 years has been as follows, to-wit:

- From Bondage to Spiritual Faith,
- From Faith to Courage,
- From Courage to Liberty,
- From Liberty to Abundance,
- From Abundance to Selfishness,
- From Selfishness to Complacency,
- From Complacency to Apathy,
- From Apathy to Dependency,
- From Dependency back to Bondage.

Therefore, to Secure the Blessings of Liberty to Ourselves and Our Posterity we,

1. Must Listen to youth and age.
2. Preserve some of the old and,
3. Be willing to reform that which is obsolete and unworkable,
4. Think with heart and head with feeling for others,
5. Have faith that the Constitution is flexible,
6. Establish common goals for the entire country,
7. Must work out a formula for preserving dissent while keeping restraints upon dissent within reasonable bounds,
8. Accept all races of people into the family of Americans and insist that they have decent housing,
9. Put church back into everyday life, not just Sunday,
10. Employ all ablebodied workers at some meaningful work,
11. Change the thrust of the welfare scheme that promotes the decline of family responsibility,
12. See that dignity and self-respect is within reach of all Americans, otherwise, we as a nation will return full circle to the bondage from whence our forefathers escaped.

Attending the meeting were Misses Delila Baird and Joyce Batteas; Mmes. C. E. Atwell, L. R. Batteas, Whit Clark, Jas. B. Day, Bill Graham, Bobby Gruben, Jimmy Don Hale, Rudy Hamric, Norville Kennedy, Parker Kennedy, J. L. McCright, Nash Miens, J. R. Strayhorn, H. G. Thompson, F. E. Tutt and Messrs. Whit Clark and Rudy Hamric.

## Cards Of Thanks

I wish to take this opportunity to thank each one who had anything to do with making my stay in the hospital more comfortable. To Drs. C. M. and C. U. Callan, and everyone else who works at the hospital, and to my many other friends whom we are not always conscious of until in need. May God richly Bless each of you.

Thank you to all of you who visited me and sent cards and prayed for me during my stay in the hospital. Also, for your visits to Barney at the rest home. Gratefully,  
 Mrs. Annie Knight

Thank you for the gift to the Center in memory of deceased students of Rotan Schools. Please express our appreciation to all those involved in the sale of the 1921 Rotan annuals. This was a very unique project and we are so glad you decided it should benefit the West Texas Rehabilitation Center. We are enjoying the copy of the annual you brought to us.

Again, we want you to know how much we appreciate the support of our Fisher County friends. Sincerely,  
 Shelley V. Smith, L. P. T.  
 Executive Director  
 Rehabilitation Center, Abilene

Miss Rhonda Elliott of Snyder registered guests.

Following the ceremony, a reception was held in Fellowship Hall of the church.

The bride is a graduate of Ro-

by High School and is attending nursing training in Sweetwater. The groom is a graduate of Mason High School and is employed at Stroman's Station in Sweetwater.

The rehearsal dinner was hosted by the bride's parents at the Silver Spur Restaurant, Roby.

## Card Of Thanks

With the help of God and my wonderful friends, I was able to draw strength during a most tragic time. I appreciate every act of kindness, the care of Rev. Fred Thomas, the singers, and all those that brought food at the passing of Ross Guion. God Bless you all and thank you.

Mrs. Ross Guion

We wish to thank everyone for the floral and memorial offerings and many expressions of sympathy on the loss of our mother.

The family of Mrs. Ida Champion

The John Henry family sincerely thanks everyone for the gifts and help given when our house burned.

Hello everyone! I'm sure everybody like me is hoping that the weather will get good again like several days last week!

Visiting with MR. AND MRS. FRANK CASTOR and family were Mr. and Mrs. Manuel Castillo. Mrs. Castillo is the former Paula Castor. They have been married recently.

The Kiker's garage sale brought lots of business over the weekend. Because of the weather the number was cut down so they will have it again this weekend, Saturday and Sunday beginning at 9:30. They have lots of clothes, all sizes from baby clothes and up, a couch, television, radio, 2 tires, coats, curtains and toys. Everyone be there.

The YOUNG FARMERS AUCTION is this Saturday beginning early. They will have lots of equipment and other odds and ends to bid on!

The Juniors of Roby High School are going to have their car wash this Saturday. The car wash was planned for last Saturday, but because of disappointing weather they will have it Saturday at Soliz Texaco on the Anson highway. Support these kids and carry them a vehicle to wash. I'm sure there are a lot of you who need some washed after that snow Thursday.

Happy birthday to Ruben Rodriguez on Wednesday and to his wife, Tina on the 16th.

ROBERT MORGAN is doing better. Recently he messed some ligaments in his foot and ankle. We hope Robert is doing better. There are lots of people with new pick-ups and cars. Mr. and Mrs. Buck Hughes have a new car. Mr. and Mrs. Jeronimo Gaona have a new one also. Mr. and Mrs. Foy Mitchell have a new pick up and also Mr. Carl Martin. Mrs. Matilda Schluter has a new car. I'm sure I left a few out.

MRS. CHARLIE SMALLWOOD had a birthday the 12th and her son Harold of Ft. Worth has a birthday Friday, and Charlie Smallwood's is Saturday. Harold will be home this week. Happy Birthday to the three of you.

I thought of a few more people with new automobiles-- Kenneth Martin and Mr. and Mrs. Larry Williamson have new pick-ups. Mr. and Mrs. Carl Murff have a new car. Mr. and Mrs. Loyd Armstrong also and Mr. and Mrs. Russell Cordell.

Last week several men from Roby attended a caterpillar meeting in Sweetwater. These men were J. B. HUGHEY and JOHN KIKER for the city and THURMAN TERRY, BUS ROLLANS, L. C. LANKFORD and CHARLES DOTY for the county. They were shown films on the new caterpillar equipment and supper was served and door prizes were given. But none of the Roby men were lucky there. There was a representative from the caterpillar equipment company that was speaker for the program.

The ROBY JR. HIGH basketball make-up games played Monday night against Roscoe were on the line, the line of a bad loss and close victory. The girls' score was 27-18 with a victory for Roscoe. At the half the score was Roscoe 13 and 6 for Roby and at the end of the 3rd quarter it was Roscoe 19 and 11 for Roby. High point was Cindy King with 10; 6 for Cheryl Terry, and two for Cindy Posey. The Roby boys posed for a victory after a tie and overtime with a score of 35-34. It was a close one all through the game. At the half the score was 14-12 Roby's high and at the end of the 3rd quarter Roby still leading with a close 22-21. The bucket litter was Jesse Castor with 10 points, Brad Stuart was pretty hot with 9 points. Ricky Morton was up next for 8 points and Stephen Evers and Monty Pope both with 4 points. There will be a Jr. High Tournament at Highland the 15, 16 and 17. The Roby girls will play at 1:30 Friday and the boys at 2:45. They will both be playing Fluvanna Jr. High. There are 8 teams in this tournament. There will be a Pee-Wee Tournament at Old Glory Monday, Feb. 19. Be There!

BEVERLY COKER began her new job at Citizens State Bank on Monday. We hope she likes it there.

The Roby and Rotan men and women have been playing volleyball at Rotan when their gym is vacant. We have all had a good time. There are almost 4-5 whole teams. Those playing from Roby are Judy Mauldin, Barbara King, Judy McGinnis, Valene Kiker, Becca Frierson, Marty Williamson, Deloras Underwood. There are several more that haven't started playing yet but plan to begin soon. The men from Roby that played Monday night were Larry Williamson and Don Underwood.

Ray Johnson an Abilene preacher will preach at the Methodist Church this Sunday beginning at 11:00. Everyone is invited. See ya next week.

## County 4-H Members Score High At Abilene
