Sunday Lewis Lee was surprised with a dinner and a visit from all his family except one son Walter Lee, who with his wife and daughter recently left for their home in California.

Mr. Lee was 78 years old and seemed to enjoy the day. He received several nice gifts and enjoyed very much the dinner which was prepared by Mrs. Lee, his daughters and daughters-in-law. Of the 21 grandchildren, and 13 great-grand-children, only four grandsons were present. The afternoon was spent visiting and relating incidents that happened when the family of seven children were all at home with their parents. Those present to enjoy the day with their parents were: Mrs. Minnie Reece, Milan, Missouri; Henry Lee, Stratford; Mr. and Mrs. Albert Lee, Stratford; Mr. and Mrs. Earl Carter, Dalhart; Mr. and Mrs. Dick Lee, Gruver; Mr. and Mrs. Wendel Moreman, Dalhart. Unity Things That Hinder

There are many things that hinder. We are not divided over what the Bible says. We are divided over what that Bible does not say. We are divided over what men have said about the Bible, rather than what the Bible says. None of us want the Bible changed. We all strongly resent any effort to change it. We welcome revisions that are based on the original manuscript but we do not want the originals changed.

The Jews added their traditions to the law of Moses. Jesus rebuked them for it, and told them that they had made void the law by their traditions. They were offended at him for it; and when the disciples told Jesus about it, he said, "Let them alone, they are blind guides." Every plant which my heavenly Father hath not planted shall be rooted up." The plants mentioned here, no doubt, were their traditions of which he had spoken in his rebuke previously mentioned, the doctrines of men. Then he said, "In vain do they worship me, teaching for doctrines, the commandments of men."—Matt. 15th chapter. We should be very careful that we do not follow the doctrines of men. But you may ask, how are we to know the difference between the doctrines of men and the doctrine of Christ? There should be no trouble about that. Every thing that is not taught in the gospel of Christ, is of the doctrines of men. The things that are taught by men that we cannot find in the bible, you set down as the doctrines of men, and those who teach them are blind guides and if you are led by them, you will fall into the ditch" with them. "Both shall fall into the ditch," says Jesus. Be careful that you are not worshipping according to the doctrines of men. If you do, be sure that it is vain worship. They are some of the things that hinder us in the service of God, again I say," be careful.

But you say we all cannot see alike, we cannot believe alike. Let us try a few plain statements that are familiar to nearly all of us, namely: "God so loved the world that he gave His only begotten son that whosoever believeth in him should not perish, but (have everlasting life)."—John 3:16. Can't we all see that just alike. Can't we all believe alike? But you may believe it does not mean what it says? If it does not mean what it means, how are we to know what it means. Some one would have to help us to not understand it. Again, let us try I. John 3:23.

"And this is his commandment, that we should believe on his son, Jesus Christ, and love one another, as he gave us commandment." I believe that we all can see that in the scriptures we are commanded to believe on Christ and love one another. Now let us try Luke 13:3 "Nay, except ye repent ye shall all" (Continued on Page 2)

Legion Gift Drive Closes December 15

Gifts to be distributed among patients in the Veterans Hospital at Amarillo at the hospital's Christmas party December 21 should be placed with Chester Guthrie at the Southwestern Public Service office not later than December 15.

Gifts most needed by the Veterans are fountain pens, mechanical pencils, razors, razor blades, tobacco, handkerchiefs and sox.

Doctors request that gifts of candy, cakes and other edibles, and lotions or hair tonics containing alcohol not be sent to the patients. Many men, despondent and ill for a long period of time, will be tempted to drink this form of alcohol and undermine weeks of treatment which the boys have been undergoing.

Farm Bureau Installs Newly Elected Officers

The Sherman County Farm Bureau held its first regular meeting for the oncoming year Monday, and installed officers for the year and had a very full business session.

R. C. Buckles, Sam Wohlford, and K. L. Eller were installed as Chairman, Vice-Chairman and Secretary-Treasurer in respective order.

A very interesting report on the state convention was given by Sam Wohlford. He pointed to the opposition to gas tax refund for tractor use in some parts of the state, which was taken up at the convention. The Farm Bureau endorsed the gas refund as it now operates.

Mr. Wohlford also reported on the progress of R. E. A. in the Rita Blanca District and stated the lines approved under A phase of the program was being staked off in Sherman County this week in preparation to start building the line the first of next year. B phase covering the balance of the county is in the Washington office and is expected to be approved soon.

Leo Smith and Sam Wohlford were appointed to represent the Farm Bureau on the community health building center for Stratford and will work in cooperation with the Lions Club and the City Council on this building program.

A report on noxious weed control program and external parasite control work in Sherman County was given by E. Goule, County Agent. The directors recommended these programs be continued in 1947 and appointed K. L. Eller and Sam Wohlford on committee to investigate the need for and equipment necessary to carry on this program of work.

Plans were completed for Sherman County delegation to attend the National Convention at San Francisco, California. Mr. Buckles announced the 35 people from Sherman County that had bought tickets and made hotel reservations for the trip.

The date of the regular Farm Bureau meeting at Stratford will be the first Monday of each month at 2:00 P. M. This meeting is open to the people of Sherman County for discussion of any farm problem. The following Farm Bureau members were appointed on the Board of Directors: R. C. Buckles, Sam Wohlford, K. L. Eller, W. O. Bryant, Cline Gilbert, Luther Browder, Fred Pronger, W. C. Smith, W. T. Crabtree, Clifton Hawkins, Fred Mason, Floyd Wigington, Harvey Spurlock, J. R. Morris, Rennie Hamilton, C. B. Dodson, Leo Smith, Earl Riffe, Harmon Lowe, Harry Jackson, Leslie Parker, Mrs. Luther Browder, Mrs. Emil Blanck, Mrs. O. R. Blankenship, Mrs. Harold Bennett, Mrs. Jim Taylor, Guy Sweny, Arthur Cartwright, Roy Browder, and Arthur Milton.

The wedding took place at Quartzsite, Arizona, November 10. The bride was attended by her sister, Mrs. Betty Jean Rogers. Jimmy Rogers, brother of the groom, served as best man.

For the ceremony, the bride chose a gray suit with black accessories. Her corsage was of orchids. Her only jewelry was a pearl choker, a gift of the groom. Her attendant was attired in a blue suite with brown accessories. Her corsage was of red rose buds. She also wore a gold locket, a gift of her sister.

Mrs. Rogers, a graduate of Stratford High School also attended Hardin-Junior College at Wichita Falls.

Mr. Rogers served in the armed forces three years, and was discharged last January.

Mr. and Mrs. Travis Blevins, brother of the bride, attended the wedding.

Mrs. Katherine Gee, sister of the groom, honored the pair with a reception immediately following their arrival in Pomona.

Mrs. Ora Tharp and Relatives.
In My Father's House

No, not cold beneath the grasses,
Not close walled within the tomb;
Rather, in my Father's mansion,
Living in another room.
Living, like the one who loves us,
Like a child with cheeks a bloom,
Out of sight at his work,
Busy in another room.
Shall I doubt my Father's mercy
Shall I think of death as doom,
Or the stepping o'er the threshold

To a bigger, brighter room?
Shall I blame my Father's wisdom?

Shall I sit enswathed in gloom,
When I know my Darling's happily

Waiting in the other room.

Stratford's City Health building fund continues to mount as contributions from city and rural citizens swell the proceeds to such an extent that a medical building to provide convenience for rural and city residents alike, will be established in Stratford.

Stratford Lions club members and Sherman County Farm Bureau members attending their meeting Monday pledged \$5,800.00 toward the building fund which at last report had exceeded \$7,000.00.

Estimated cost of the 30x60 brick and tile building which will be erected as an inducement to secure a physician and surgeon and probably a dentist for Stratford ranges from \$11,000.00 to \$12,000.00.

Mayor G. R. Garrison made application to the Federal Housing Administration for priorities on building material to be used for the community clinic Wednesday.

Stratford Lions and Sherman County Farm Bureau members are accepting donations for the building fund but those who may desire to make donations who have not been contacted may do so by mailing their checks made out to "City Health Building Fund," to Mayor G. R. Garrison.

The medical building question which has long been discussed since Stratford lost its pioneer general practitioner, was whipped into a possibility this week through the combined effort of the City Council, Stratford Lions, and the Sherman County Farm Bureau. The 3 organizations working together have been successful in mastering many problems which formerly stalemated each organization when attempted alone.

The site for the building location still remains a matter of discussion. Citizens taking an active part in raising the building fund hope to complete the drive during December.

ye into all the world and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." In this scripture we find that Jesus (1) commanded the apostles to preach the gospel (2) he that believeth and (3) is baptized and (4) shall be saved. I believe that, do you? But he that believeth not shall be damned. I believe that, do you? So we are agreed. If not why not? But it has been said (by man) that as Jesus did not say "is not baptized shall be damned" shows that baptism is not necessary to salvation. Therefore we can be saved without baptism. But notice Jesus says, "he that believeth and is baptized shall be saved." Suppose he had said no more, would you believe it? Did he make this statement and then turn around and say that he did not mean it? He certainly did not cross himself. But the truth of the matter is, that Jesus meant just what he said, both times. What he said we must do to be saved is true, and what he said in the negative did not change the meaning of what he said in the affirmative in the least. We have to do two things to be saved, and only one to be lost. He did not need to say, "and is not baptized" as we cannot be baptized scripturally without faith. Heb. 11:6 says "without faith it is impossible to please God, and Jesus said, "he that believeth not is condemned already." That is why he did not say, "and is not baptized." Now I think lovers of truth will readily agree with me that if men had not said anything to keep us from believing this plain statement, it would not have been necessary for me to have offered any comment whatever. So you see that it is what men have said about the Bible that causes us to not all see alike. If it had not been for the doctrine of justification by faith only, it is not likely that any thing would have ever been said about baptism not having anything to do with our salvation. If one is taught and believes the doctrine of justification by faith only that he was saved the moment he believed, he must, to appear consistent, conclude that baptism has nothing to do with it. But is the doctrine of faith only in the Bible? James says no.

his work and by works his faith was made perfect? And the scripture was fulfilled which saith, Abraham believed God and it was imputed unto him for righteousness, and he was called the friend of God. But it has been said that our works are as Christians, as Abraham was in fellowship with God. But James goes on to say, Ye see how that by works is a man justified and not by faith only. Likewise also was not Rahab the harlot justified by works when she had received the messengers and sent them out another way? For as the body without the spirit is

dead, so faith without work is dead also.— James, 2nd chapter.

The doctrine of justification has certainly hindered greatly the progress of the cause of Christ. No doubt thousands of people have been caused to not obey the truth on account of this false doctrine.

RHEUMATIC HEART DISEASE STRIKES AT CHILDREN

Rheumatic heart disease ranks first as the cause of death among children 10 to 14 years of age, and second among those 15 to 25. The germ causing the disease has not been established so there is no vac-

cine for its prevention.

Signals of rheumatic fever are pain and swelling in joints of the knees, ankles, elbows or wrists. The pain usually is felt in one of these

centers and spreads to others. A physician should be consulted at once when these symptoms appear, Dr. Geo. W. Cox, state health officer advises.

Glass for Cheerful Living

PITTSBURGH, PA. — How full walls of glass can be integrated into the modern home and still retain the much desired element of privacy is graphically shown in this small house designed by Architects Leon Hyzen and Allmon Fordyce. It is one of the prize winners in the national "House For Cheerful Living" competition sponsored by the Pittsburgh Plate Glass and Pittsburgh Corning Companies.

For the front of the house above, the architects have chosen a well-balanced combination of glass, wood and stone that hides home activities from the eyes of passersby. For the back of the home, below, where screens and shrubbery are used as shields, walls of glass have been used to lend spaciousness to the living and bedroom areas. Additional privacy is provided by an ingenious arrangement of interior curtains.

Emphasizing practicality, it features economical arrangement of all rooms including three bedrooms. The direct linking of utility, kitchen, and dining sections saves time and steps for the modern housewife. The interior living area adjoins an exterior court making a large recreation space.

The back wall of the house is almost all glass. In cooler climates these panels could be composed of Twindows — the prefabricated double-glazed window unit that prevents condensation, insulates against cold, and provides means for temperature control.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Octobass, 13 Feet High,
Failure Because of Size

The octobass, a three-stringed musical instrument invented in Paris in 1849, was 13 feet in height and thus required its player to stand on a box to bow it and press its strings with artificial fingers which he moved by levers, says Collier's.

Owing to its unwieldiness, this giant instrument was a failure and only four were made, three of which are preserved today in museums in Vienna, Paris and London.

PAUL ADMONISHES THE CHURCHES

LESSON TEXT—I Corinthians 11:20-27; Romans 13:13, 14; Ephesians 5:18-21.
MEMORY SELECTION—Let us walk honestly, as in the day.—Romans 13:13.

Temperance is readily taught from the epistles of Paul for he was constantly moved by the Holy Spirit to exhort the churches and individual Christians to a careful and worthy walk before God.

In doing so he was not afraid to speak plainly about the use of intoxicants. Perhaps his brethren in the ministry today should consider him and take courage.

Our lesson is a temperance lesson, and since some twist that word "temperance" to fit almost any kind of indulgence, we should like to quote a careful evaluation of it by Dr. W. R. White:

"Temperance is a seriously misunderstood word. The best definition we know defines it as abstaining from that which is harmful, and using moderately that which is legitimate. We would not advise a man to be moderate in teasing a rattlesnake. We would not tell him that it is all right to steal, lie or commit adultery just so he is temperate about it. We would not tell a man to use dope moderately. . . . We could tell a man to be moderate about eating meat or any other wholesome thing."

The only way to be temperate about liquor is to let it alone!

I. The Wrong Way and the Right Way—in the Church (I Cor. 11:20-27).

There were a number of disorderly things about the Corinthian church which needed correction. One of these concerned the Lord's Supper. A time which should have given them a blessed unity in fellowship and love had become just the opposite.

It was their custom to eat a so-called love feast before the sacrament, and instead of making it a time of loving and sharing, the rich ate their sumptuous meals and let a poor brother gnaw on a crust of bread.

Then feasting led, as it so often does, to excesses. Some became drunken on the wine and even partook of the Lord's Supper while intoxicated.

We are not so much concerned with the Lord's Supper in this lesson as we are with the behavior of those who attended. Think of coming to the holy table drunk! It seems impossible, and yet it happened.

Do we not still let the poor in our midst shift pretty well for themselves? The rich flaunt their affluence and let the poor get along on their crust of bread. The church needs to renew its scriptural appreciation of what fellowship and communion really means.

II. The Wrong Way and the Right Way—in the Community (Rom. 13:13, 14).

This chapter of the epistle to the Romans concerns the right behavior of the believer in his civic relationships. He is a citizen of heaven, but he is also a citizen of the community in which he lives.

The use of intoxicants which a generation ago was a shameful thing is now generally accepted. The home in which liquor was served was a disgrace; now "cocktail" is one of the first words children learn.

What is the explanation? Is liquor any less destructive and demoralizing? Certainly not! Is it then true that people are more candid and open about what they do? No, it is rather that moral standards have slipped to the point where they are no longer ashamed when they should be, if they thought straight!

Along with the liquor go all the things enumerated in verse 13. Oh, the awful depth of sex degradation, of plain ordinary indecency and dishonesty, of strife and envy. It is not a nice picture, but it is true.

The right way is found in verse 14. It was reading these two verses in his mother's open Bible that led Augustine to Christ. He saw and took the right way. Will others do likewise?

III. The Wrong Way and the Right Way—in the Heart (Eph. 5:16-21).

This is a personal matter. The man or woman who finds satisfaction in wine wants the overcoming power of the narcotic influence to take away the sense of responsibility for life. It is a weak and hopeless way to avoid facing reality.

The right way is to let the Holy Spirit take full control of the heart and life. This is to be an experience of complete surrender, being "filled with the Spirit."

Does life then become drab and uninteresting? No, indeed! For the first time you will be really joyful. That inevitably leads to thankfulness, a grace too little known and practiced. It is for all things at all times. Do not overlook that fact. Then too there will be a delightful attitude of consideration and respect for one another (v. 21) and of devotion to God.

HOUSEHOLD HINTS

The spread of a crack in glass can be stopped by scratching an arc at the end of the break.

A vacuum coffee-maker filter is excellent for straining baby's formula or orange juice.

When you sink a fence post, coat the end that goes into the earth with a good grade of roof paint.

Lemon juice added to the fruit mixture for most pies will bring out the fruity flavor. A tablespoon or two will do the trick.

One of the ways to keep silverware bright and shiny is to line the drawer in which it is kept with dark outing flannel.

Keep up to date a record of your children's diseases. These will be handy for reference when they are ready to go to school.

ELECTRONICS—tomorrow's giant in the civilian world—is today's field for research in the U. S. Army Signal Corps. Throughout the land, and in strategic bases abroad, Signal Corps men are developing the knowns and probing the unknowns of radio, radar, Loran, Shoran, and other vital developments which make a closer knit Army—geared up for swift and effective defense.

It takes highly specialized men to operate the "Nerve Center of the Army." Men so eager to attain technical perfection that they'll shelve every conflicting interest to "get the message through." This training and this attitude pay off—for the American people as a whole, and for the fine men who choose this career.

'The Honorable' Refers but To High Public Officials

No American is supposed to be addressed or referred to by the title "The Honorable" unless he is among the high public officials whose importance automatically confers the privilege upon them in the Style Manual of the Department of State, says Collier's.

However, members of congress bestow it widely, recent issues of the Congressional Record showing the title used in reference to such individuals as small-town politicians, lawyers and newspaper men.

This Home-Mixed Cough Relief Is Hard To Beat

So Easy. No Cooking. Saves Dollars.

No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, is hard to beat, for real results.

Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed—a child could do it.

Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2 1/2 ounces of Finex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This gives you a full pint of really splendid cough relief—about four times as much for your money. Tastes fine—children love it. It never spoils.

You can feel this home mixture taking right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases soreness and difficult breathing, and lets you sleep.

Finex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Just try it, and if not satisfied, your money will be refunded.
