Plans Being Completed For Coke County Fair

The 1981 Coke County Fair will be held Sept. 18-20, at the Show and Recreation Center in the Robert Lee Park. Initial plans for the fair were developed in a

Award Winning Film To Show Here July 12

"No Longer Alone," winner of three prestigious film-industry awards, will be shown on Sunday, July 12, at the Robert Lee Baptist Church. The showing, open to the public free of charge, is scheduled to begin at 7 p.m.

The film, a true story, takes a close look at a woman who was searching desperately for love and acceptance, but whose cries went unheard by those who surrounded her.

Originally released by World Wide Pictures in commercial theatres, the film is now one hour in length in preparation for its eventual presentation as a television special.

"No Longer Alone" traces the life of an English actress, Joan Winmill Brown. Though she skyrocketed to fame on the British stage, her life was marked by a frantic grasp for personal fulfillment and love. Tormented by a past she was unable to forget, she succumbed to a series of nervous breakdowns; and, at one point, attempted to her own life. In her ultimate moment of despair, Joan was invited by a "chance" phone call to attend a Billy Graham crusade. It was here that she first discovered her worth as an individual and began her long struggle to piece her shattered life back together.

Those who have followed Billy Graham's ministry will be interested to know that Dr. Graham appears in the film in some of the footage of his 1954 London Crusade, and also in the introduction and conclusion to the film, photographed recently for this special version.

No Longer Alone was filmed in color on location in London, and stars Belinda Carroll, Wilfrid Hyde White, James Fox, Samantha Gates, and Gordon DeVol. Simon Williams, who has one of the leading roles in the BBC production, "Upstairs, Downstairs", also stars in the film. The title song was performed by the popular recording artist, B.J. Thomas.

Homecoming Set at Silver

The annual Silver Homecoming will be held Sunday, July 26, in the Fellowship Hall of the Silver Baptist Church.

A barbecue lunch will be served at 12:30 p.m. and all residents, former residents and friends of the Silver community are invited to attend.

The ladies are asked to bring a salad or dessert.

Mr. and Mrs. Doug Wilkes are serving as president and secretary-treasurer for this year's homecoming.

committee meeting held last week. Everyone is encouraged to mark their calendar and plan to participate in the 1981 fair, committee members said.

Very few changes are expected in the 1981 edition of the fair. One change planned is that the Coke County Stock Show board of directors will sponsor a commercial finewool ewe lamb show during the fair. The show will have junior and open divisions with the groups of three finewool ewe lambs competing for prize money in the junior division. The open or adult division will also have prizes if enough sponsors and/or donations are received. The show directors felt that adding the sheep classes to the county fair could help improve the quality of the finewool sheep in Coke County and would emphasize the importance of sheep to agriculture in the county. Any Coke County producer, 4-H or FFA member desiring to participate in the show is welcome to do so.

The flea market portion of the fair was removed since the show arena will be needed for the sheep show. Commercial display space, however, will be available as in the past.

The fair catalogs should be off the press in August. In the meantime, circle Sept. 18-20 on your calendar and make plans to participate in the county fair.

County Extension Agent Sterling Lindsey said the fair is for all persons of Coke County, and urged participation by everyone.

Weekend Rains Don't Dampen Holiday Fun

In spite of severe thunderstorms late Friday and Saturday, there was plenty of July 4 holiday activity in Robert Lee and at Lake Spence.

Robert Lee residents and holiday visitors were glad to be only on the edge of a band of black thunderstorms Friday afternoon. Only a trace of rain fell but high winds did light damage to trees and outbuildings in some places. However, the damage was light compared to that received in Abilene, Brownwood, San Angelo and other West Texas areas.

The thunderstorms returned Saturday afternoon about dusk and the untimely threatening weather cramped the style of July 4 fun-seekers and dampened the activities of the Robert Lee Ambulance Service which was having a big barbecue and dance that night. However, the EMS reported a very successful evening in spite of the bad weather. (See related story elsewhere.)

The Saturday night cloud dumped 2.75 inches of rain on Robert Lee in about two hours. High winds accompanied the rain but no hail was reported. Sanco had 2.2 inches of rain, but only .5 inch was reported on the Divide. Bronte had less than a half-inch, but also had high winds.

Coke County Pageant Set To Open July 24

"YEP". THE OLD TIMER IS BACK and announcing that rehearsals are underway for the fourth annual production of "OLE COKE COUNTY" at the Mountain Creek Amphitheatre. Dates for the 1981 production are July 24 and 25 and July 31 and Aug. 1.

A special feature of the 1981 production is its numerous new songs. The choir is having great fun with them, from the inspiring "GREAT SPIRIT" which the Indians perform at sunset, to the hilarious "AWAY WITH RUM" in which the irate wives of Bronte declare, "Whiskey must go from Coke County!" The Blue Goose there will never be the same, nor will Granny Moore's place in Robert Lee.

Two groups from the cast will advertise the shows on TV. Mark your calendar. July 20, 12:30

MRS. BRICE HOME

Mrs. Bessie Brice has returned home after spending several days helping care for her 4 year old grand-daughter, Shellie Sizemore of Rankin. Shellie has been released from the hospital but her 2 year-old brother, Cody and her father Raymond Sizemore remain hospitalized in Odessa. The family was seriously injured in a jeep accident June 21 in which Mrs. Raymond Sizemore died.

West Coke EMS News Notes

By Lou Wright

The marvelous rain we received last Saturday evening didn't seem to dampen the spirits of the volunteers with the Robert Lee Ambulance Service. The barbecue and auction had to be called due to rain but not before most of the barbecue had been served and auctioneer George Newby had gotten things well underway in that line. Lindy and Yvonne Devoll and volunteers took advantage of a lull in the rain and got things set up for the dance on the tennis courts. San Angelo's Country Rimshots started things off with a bang about 9 p.m. and continued until the second rain-out, about 10:30. The Ambulance Service Volunteers and all of the people who had offered to help out didn't seem to mind getting "drowned" twice in one day. Special thanks to everyone who helped cook, serve, move tables and chairs, etc. Without the helpful spirit of everyone present it could have been a disaster. Instead, a little water seemed to add to the festivities and to help form bonds of friendship.

Special thanks for going way and above the call of duty go to Kenneth Rasco, the Devolls, Fred Beaty, Buz Sawyer and the Robert Lee Observer for the editorial. We would also like to thank the following people and

p.m. they will appear on KRBC-TV- Channel 3, Abilene, Midday with Kay. On July 21, 5 p.m. they will be on KCTV, San Angelo, Channel 8, The Pat Attebery Show.

Lions Club Installs Officers

Members of the Robert Lee-Silver Lions Club enjoyed an evening of fun and festivities Tuesday, June 30, when they met for a ladies' night banquet and installation of new officers and directors.

Those installed to serve during the 1981-82 year were Bascom Chesney, president; Jim Dunklin, secretary-treasurer; Mike Post, lion tamer; Gene Hinnard, tail twister; W.T. Scott, Bill Helwig, Leon Russell and Frank Casey, vice presidents; and Winton Milliff, past president.

Wives of the Lions were recognized as guests of honor. Special guests included Mr. and Mrs. Glendon Westbrook and Mr. and Mrs. Murph Havins, all of San Angelo, and Mr. and Mrs. Jay Leath of Robert Lee. Lela Shelton of Dallas, daughter of the Chesneys, also attended the banquet with her parents.

Everybody had a good time and enjoyed the fun as well as a delicious dinner, the Lions reported.

hard-like the "rabbit twisters" who inspired it by learning to harvest the area's plentiful jack rabbits without capital outlay by running forked sticks into rabbit warrens and bringing them out by the fur for a source of protein during the frontier era and later in the depression days. In the past three years the association has built the amphitheatre, purchased the lighting and sound system. They had planned to improve the theatre site, but due to the flood of last September and the damage done to the present facilities, it was decided to clean up, fix up and have the show! The association operates entirely on donation, memberships and pageant receipts.

Our Coke County heritage glitters with examples of how our ingenious and industrious ancestors managed to have good times while helping each other. Whether it was a barn-raising or quilting bee, the neighbors could be counted on to get together and make a real event of it. The Coke County Pageant Association carries that tradition today by presenting the fourth annual production of "OLE COKE COUNTY-Home of the Rabbit Twisters" in the Mountain Creek Amphitheatre, July 24 and 25 and July 31 and Aug. 1, 8:30 p.m. Plan now to be with us!

Mt. Creek Golf Club News

A group of young people turned out for the Junior Golf Tournament held, Saturday, June 20, at the local course. Competition was in three age groups and trophies were awarded to the first three places in each.

In the 8-12 age group the winner mere Mark Masby, San Angelo with an 87; Stephen Lee, Bronte, 90; and Stevie Ebenstein, Robert Lee, 92.

The 13-15 winners were George Rodriguez, Sterling City, 86, (won 1st on a draw); Mark Ray, San Angelo, 86; and Jim Herring of Robert Lee, 90, for third place.

Playing in the older group, 16-18, were John Garcia, San Angelo, first with 75; David Caudle, Bronte, second with 75; and Rusty George, San Angelo, 3rd with 81.

On June 28, another ABC tourney was held. Winning first place were Sterling Lindsey and Bill Blair, Robert Lee, and Charlie Bryan of San Angelo with a 63 score.

Two teams tied for 2nd but winning in a play-off were John Stewart, Frank Percifull, Carl Cummings all of Robert Lee, and Bob Margon of San Angelo at 67.

Third place went to Jim Slaughter and Forrest Meadows of San Angelo, and Zane Shipman, Snyder, also with a 67.

Commissioners Talk About Road

Coke County Commissioners Court met Monday at the courthouse in Robert Lee and heard a report by County Attorney Bill Helwig on the opening of a road in Precinct 2 which was closed in 1963 when flood control dams were built on the Kickapoo Creeks north of Bronte.

Cecil Coalson met with the commissioners on June 1 and requested that the road be reopened. L.W. Duncan also met with the commissioners and opposed the reopening.

Judge D.W. Sims said Tuesday that the commissioners are considering all aspects of the matter and had a long discussion. However, no decision was reached and the matter will be considered at a later meeting. "I feel the commissioners want to attend this matter in an orderly manner," Judge Sims said, "and they are looking at all sides of it."

Ulmer Bird, chairman of the Coke County Historical Commission, met with the court and presented some of the interests of that organization. He noted the needs of the county in the preservation of historical relics and sites and other matters

relating to the heritage of the county.

Judge Sims reported to the commissioners that he had received two bids on the installation of galvanized cans (culverts) at a crossing on Sand Creek about 3.6 miles south of Silver. A low water crossing was built after the old bridge across the creek was found unsafe. However, the crossing has been heavily damaged by rains of the past several months and the commissioners feel a lasting solution should be found. The crossing is in Precinct 1.

The judge also gave a report on a school to be set up by the Concho Valley Council of Governments, which possibly could take the place of the present alcohol and drug program the county now has with Tom Watson of Sweetwater. If the change is feasible, the judge said, it could save the county about \$2400 a year.

The commissioners approved bills for payment before adjourning.

Highway Work Slated For Coke

The State Highway and Public Transportation Commission has approved the 1982 Rehabilitation and State Highway Safety and Betterment and Farm to Market Road Improvement Program at an estimated cost of \$218.9 million.

The program includes improvement and rehabilitation of 5,333-5.3 miles of state-maintained highways. In all, there are 892 separate projects in 214 counties of the state.

The work includes projects which will upgrade existing highways to handle heavier volumes of traffic, enhance safety, reduce the amount and kind of maintenance necessary and to protect the large public investment in the highways of Texas.

Almost 70 percent of the work is on US and State-numbered highways in Texas with the remainder being on FM roads.

District Engineer D.R. Watson, of San Angelo, said the work in the Coke County area is part of the statewide effort to modernize roads and highways which are worn out or inadequate for today's traffic. The projects for this county includes:

State Highway 208 from FM 2662 to the Tom Green County Line, a distance of 7.0 miles, recondition and surface shoulders.

State Highway from the Nolan County Line to U.S. 277, a distance of 5.0 miles, seal coat.

County Historical Commission Meets; Discusses Coke Museum

The Coke County Historical Commission in their meeting last week engaged in discussion and took some action toward encouraging and co-ordinating a county-wide interest in a museum or museums along with archives

preserving materials of historic value in future research and writing.

Another meeting, open to all persons interested, is to be held later in the summer. A Meeting Arrangements Committee consists of Mrs. Fay Roe, Mrs. C.E. Arrott, Mrs. Iris Conner, Mrs. Ben Oglesby, and Mrs. Diane Luckett.

Mrs. Luckett was elected secretary of the Commission. Mrs. Roe was appointed Chairman for museums and archives in the Robert Lee community area (Precincts 1 and 3), and Mrs. Oglesby for the Bronte community area (Precincts 2 and 4).

"This is a matter of convenience to all", Ulmer Bird, commission chairman said in making these announcements. I cannot be always reached by telephone, and also feel the need of the participation of everyone concerned.

"Everyone interested in research and feature writing based upon it should attend the next meeting of the Commission. This includes young as well as old, students as well as teachers." Date will be announced.

ROBERT LEE EMS WILL OPERATE CONCESSION

The Executive Committee of the Coke County Pageant Association met recently and opened and considered bids which had been received for operation of a concession stand at this summers productions of "OLE COKE COUNTY."

The right to operate the concession was awarded to the Robert Lee EMS. They will offer a variety of food and drinks for sale.

Grand Jury Indicts One

A Coke County Grand Jury returned a multi-count indictment against George Calvin Steveson when it met June 29. Steveson is a resident of the Oak Creek Lake south of Blackwell.

The indictment lowered the charge against Steveson from felony assault to a misdemeanor, thus transferring jurisdiction from 51st District Court to Coke County Court.

County Attorney Bill Helwig said this week the case possibly could come to trial later this month.

SELF-CONTROL CAN BE THE SMARTEST THING YOU DO THIS SUMMER...

Self-control can be the smartest thing you do this summer. Sometimes you have to cut down on the things you like, that takes self-control. Self-control is important when you overindulge in too many calories or when you over cool your home. It can be rough on your pocketbook if you set your thermostat too low on hot summer days. WTU recommends setting your thermostat at 78 degrees or higher. Clean or replace your air conditioner filter at least once a month so your unit will operate as efficiently as possible.

STATEMENT OF INTENT TO CHANGE RATES

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective October 1, 1981.

On April 28, 1981, the Public Utility Commission of Texas issued its order in Docket 3690, creating a separate Docket 3861 to consider the impact and effect of the accounting changes ordered by the Federal Communications Commission (CC Docket 79-105).

The Federal Communications Commission has changed the method of accounting for inside wiring costs associated with the one-time station connection, move, or change activity. The new rate schedule will increase the Company's gross annual revenue derived from local service by no more than three percent. The schedule of rates and charges is available for inspection at each Company business office in the State of Texas.

Scientists hope to find ill-fated liner

COLLEGE STATION — Scientists from Texas A&M University will be involved in this summer's search for the ill-fated Titanic that sank on its maiden voyage in 1912, killing more than 1,500 crew and passengers.

Part of the equipment to be carried on the research vessel Gyre is a side scan sonar, which uses sound waves to locate and map submerged objects.

Abilene oilman Jack Grimm, the adventurer who has vowed to find the Titanic first and salvage its riches, contracted for the Gyre to assist in the search because the Texas A&M research ship was already scheduled to be in the North Atlantic for two other scientific cruises at the time, said university officials.

SCIENCE IN OUR LIVES

NEW ANSWER TO AN OLD PROBLEM

There is fresh evidence to show that nothing succeeds like success.

Chlorine, which scientists have helped us to use extensively in swimming pools, household cleaners and washing machines, has become a natural for the toilet bowl.

Safe on plumbing, chlorine crystals dissolve away rust and minerals. All the

crystals, container and all go into the tank of a toilet. Thereafter, for about four months, there are no rings, no streaks and no stains.

Out of town guests for the weekend in the home of Mr. and Mrs. Add Davis were Mr. and Mrs. J.W. Wallace of Fort Worth, Mr. and Mrs. Larry Reed and Lucy of Rondlett, Okla. and Mr.

and Mrs. Earl Childress of Coleman.

Burglaries Continue In County

Sheriff Marshall Millican said this week that Coke County law enforcement officers had a rather quiet time during the July 4

holiday, even though burglaries have continued to plague citizens of the county.

The biggest haul was made on the night of July 3 when burglars hit the clubhouse of Mountain Creek Golf Association for the second time in recent weeks. Entry was gained through the same window that was used in the previous break-in. Approximately 24 golf clubs, three dozen balls and other items taken were valued in excess of \$600.

A second burglary in Robert Lee occurred Monday night when Dink Lanier's Exxon Station was entered through a small side window. Sheriff Millican said about \$170 in cash was stolen from the station.

C.N. Webb Jr. of Bronte had his pickup burglarized Saturday night when a .22 caliber pistol was taken from the glove compartment. The vehicle was parked in front of his residence.

STOLEN CAR RECOVERED

Deputy Sheriff John Paul McGuire apprehended a Dallas man June 24 who was wanted for unauthorized use of a motor vehicle. McGuire was driving toward Bronte on South U.S. 277 when his DPS radio came on and gave a description of a vehicle which was missing from Dallas. No sooner had McGuire received the information when he spotted the vehicle about 2½ miles south of Bronte.

The deputy pulled the man over to the side of the road, arrested him and took him to Tom Green County jail. Charged with unauthorized use of a motor vehicle was Ricky Renna Brown, 23, of Dallas.

Everybody should remember there is another play day July 11 at 8 p.m., said Brendi Gentry, secretary of the association. She also emphasized, "Also don't forget the rodeo July 17 and 18."

Abilene Man Fined \$200.00

An Abilene lawyer was fined \$200, the maximum allowed by Texas law, when he was found guilty by a six-person jury after appealing a speeding ticket to county court.

George A. Gonzales appealed his case from justice court and asked for a jury trial, which was held June 30. Judge D.W. Sims presided, County Attorney Bill Helwig was in charge of the prosecution and Gonzales represented himself.

Gonzales was given a speeding ticket by Highway Patrolman Bobby Hart and appeared before Justice of the Peace Earl D. Nutter.

The annual yield and rate on Six Month Money Market Certificates is available for \$10,000 or more. Term: Six months (26 weeks). Interest paid monthly, quarterly, or at maturity. Federal regulations prohibit the compounding of interest on these certificates.

Here's how. 1) Purchase a Heart O' Texas \$10,000 Six Month Money Market CD 2) Ask us to automatically deposit your interest every month in a Passbook Savings Account, currently paying 5½%, compounded daily.

So you're earning interest on interest. And you can count on this same interest for a full six months. Unlike Money Market Mutual Funds, your rate won't fluctuate with each day's news.

Dealing with Heart O' Texas, you also have the added security of knowing your deposits are insured for up to \$100,000 by the Federal Savings & Loan Insurance Corporation.

So come see us at any of our offices. You'll find that the best place for high interest is right in your home town.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective July 21, 1981, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 15.8 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 21 de Julio de 1981, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 15.8 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell.

Davis Funeral In Washington

Funeral services were held Wednesday, July 1, in Vancouver, Wash. for Frank L. Davis, Jr., 64, of Vancouver.

Mr. Davis died, Sunday, June 28, there after a long illness.

Born May 4, 1917, in Gardner, N.M., he moved with his family to Coke County at an early age and attended school in the Wildcat community. He joined the United States Army as a young man and was stationed at Pearl Harbor during the Japanese attack there. Shortly after leaving the Army, after eight years of service, he moved to Vancouver. He retired from the Postal Service there several years ago, due to ill health.

Davis was a long-time Mason and graveside Masonic rites were performed.

Survivors include his wife, Lila, of Vancouver; his mother, Mrs. Vela Plumlee of Robert Lee; five sisters, Mrs. Bessie Brice and Mrs. Lavern Summers of Robert Lee; Mrs. Eugenia Smith of Carlsbad, N.M.; Mrs. Trudy Davis of Sunlake, Ariz., and Mrs. Janice Gardner of Midland; and two brothers, Derwood Davis of Corbitt, Ore. and Sam Plumlee of Carlsbad, N.M.

Mr. and Mrs. Larry Thomas of Fort Worth visited in the home of Mrs. Thomas' parents, Mr. and Mrs. Bascom Chesney, over the holiday weekend. Mrs. Thomas is the former Cindy Millican. Earlier in the week another daughter, Lela Shelton of Dallas, was a guest in the Chesney home.

WALKER REUNION PLANNED

Descendants of the late Mr. and Mrs. W.R. Walker will gather Sunday, July 12, at the recreation center in Robert Lee for their annual family reunion.

Friends and neighbors are invited to attend.

Coke Museum To Be Talked

A meeting of all those interested in opening the Coke County Museum again will be held in the conference room at the courthouse Tuesday, July 14, at 3:30 p.m. The museum, located in the county jail, has been closed for some time and a number of persons have expressed interest in opening it again.

Ulmer Bird, chairman of the Coke County Historical Commission, said the meeting is important for those concerned, both young and old. He urged everyone who is interested in the project to be present for the meeting.

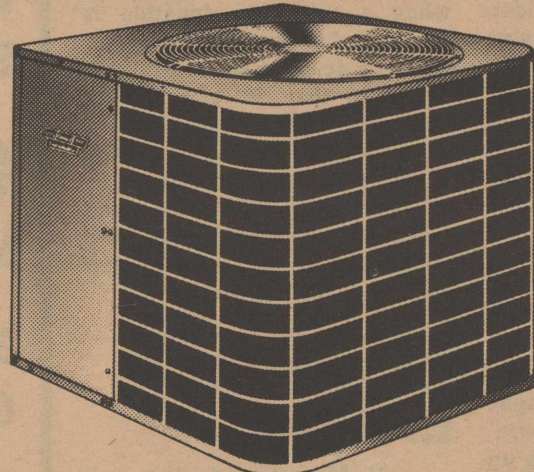

After the meeting the jail will be visited, allowing those who wish to see the facilities and what needs to be done to get the museum ready for visitors.

Mr. and Mrs. Ed Price and children, Greg, Kimberley and Doug, of Colorado, are visiting his grandmother, Mrs. H.L. Bloodworth, of Silver.

Mr. and Mrs. Conrad Millican recently spent a few days in Lubbock with their daughter and son-in-law, Mr. and Mrs. Russ Ketner, and made the acquaintance of their new granddaughter, Erin Elaine.

Nothing has had greater impact on electoral politics than a series of changes in federal and state campaign contribution laws in the early and mid-1970s. Those changes--new limits on the size of contributions to candidates for federal office, a tightening of the contribution reporting requirements, and a new state law outlining specifically how political action committees (PACs) must be set up and administered--resulted in an explosion in both the number and the size of PACs formed by business and professional associations and other special interest groups.

Prior to these changes, a few associations had political committees but the law was so vague that the legal questions discouraged many groups from setting up their own PACs. Once the guidelines were set down in the law, PACs proliferated rapidly until, today, and group or company with a lobbyist also feels obligated to have a PAC to help out friendly candidates. PACs now account for as much as 80 percent of the money contributed to some campaigns.

This year, because of the increasing influence of PACs, I sponsored a bill to expand the campaign reporting requirements of these "committees." My bill, along with several other campaign finance bills, was combined by Speaker Billy Clayton into a single "omnibus ethics reform bill," and I'm pleased to report that it passed.

Currently, PACs are required to report only their treasurer's name, the name of each contributor and the amount given, and the amount contributed by the PAC to each candidate. My bill (and the omnibus bill) will require PAC reports to also include: (1) the occupation or employer of each contributor, (2) the treasurer's address and phone number, and (3) the name of each corporation, union or association that provides administrative support or cosigns or assists the PAC in obtaining credit or determines which candidates receive contributions.

Other provisions in the omnibus bill will: (1) prohibit legisla-

...ors from accepting campaign contributions during a legislative session or during the 30 days prior to a session, (2) prohibit cash contributions larger than \$100, (3) strict rules specifying when a campaign donation is considered to be officially accepted and a deadline for returning a donation that is rejected or declined, and (4) establish a 15-member Ethics Advisory Committee to issue guidelines on the conduct of public officials and make recommendations on ethics legislation to the next regular session of the Legislature.

Are you one of the 35 million Americans taking unprescribed vitamin supplements? There are many times when vitamin supplements may be necessary but a proper diet rarely needs the supplement. Those times when a supplement is needed usually involve cases in which there is a sub-normal intake of food. Physicians may prescribe vitamin supplements for patients more than 65 years of age or for some expectant mothers or for some mothers breast feeding their infants. Other instances include malabsorption or an acute illness which decreases the appetite.

Massive doses of vitamins and minerals reach beyond the realm of nutritional therapy. This practice, then, becomes drug therapy, and it requires the supervision of a physician.

Excessive amounts of the fat-soluble vitamins (A,D,E and K) can be toxic (poisonous), because these vitamins are stored in the body.

The term "megavitamin therapy" refers to treating the person with doses of vitamins a thousand times greater than the requirement for those vitamins as set forth by the Recommended Dietary Allowances of the national Food and Nutrition Board. Again, this massive-dose therapy requires a physician's supervision for safety.
