## Variety of Activities Being Planned for RLHS Homecoming

Things are expected to pick up today and tonight in Robert Lee as ex-students of RLHS come to town for the 1981 Homecoming activities. There will be a tea, a parade, a pep rally, a football game, and a dance and social gathering during the day's activities--something to warm the heart of most any ex-student or other person who loves Robert Lee Schools.

Special recognition will be given this year to cheerleaders--some up-to-date and some of not so recent vintage. Cheerleaders

## Munoz Keeps Looking Good

Lupe Munoz, Robert Lee High School's outstanding girl long distance runner, continued last week to keep up her winning ways as she came in second in the Odessa Cross Country Meet's Varsity Girls Division. Munoz came in for second place honors in the varsity girls division with a time of 12:52.

Coach Clyde Dukes, RLHS track coach, announced the results this week, indicating that Munoz is keeping up or improving her performance of last year.

Garry Palmer took 46th place in the varsity boys division with a time of 18:23. Bobby Boone also attended the meet.

## "IN REMEMBRANCE" TO SHOW AT LOCAL CHURCH

A movie, "In Remembrance," will be shown at the First United Methodist Church in Robert Lee at 7 p.m. Sunday, Oct. 4.

The pastor, the Rev. John Reynolds, said the movie is for all time and all people.

The show is based on the Last Supper on the men who "long ago, in a small dusty upstairs room, met to share this meal together."

"Today, almost two thousand years later," the show is billed, that simple and distant event is celebrated by people around the world."

The Rev. Reynolds issued an invitation to everyone to attend the service and experience the seeing of this moving picture.

## Vandals Break Window Panes

Rev. Wayne N. Stout, who ranches on the McQueen place about four miles west of Bronte, reported this week that vandals shot out the glass panes in the front door and a window of the house. The incident occurred last weekend.

Also shot up was a No Hunting sign, and quite a bit of damage was done to the contents of the house.

Stout said he lost a bull and several head of sheep several months ago.

from 1971 to 1981 will receive special recognition during half-time ceremonies at the football game with the Irion County Hornets and at other events.

The Beta Club members will hold their annual homecoming tea from 1:15-2:15 p.m. in the foyer of Robert Lee High School. The Beta Club will welcome all visitors, and will give special recognition to members of the class of 1931 and to the cheerleaders, who will be their special guests.

Incidentally, the cheerleaders of 1971-1981 will hold a skit practice at 12:45 p.m. in the RLHS gym.

One of the big events of the day will be the homecoming parade when all the high school classes will have floats taking parts. The Stompin' Steer Band will be another attraction, and parade pushers are hoping for a number of floats from other school organizations and community groups. The cheerleaders of the past 10 years will ride in the parade.

After the parade has made its way to the school, a pep rally is scheduled for 3 p.m. when, once again, the cheerleaders of the past 10 years will be participants and recognized. In addition, leaders of the pep rally will be doing their best to work up all the school spirit possible to bring down to defeat the Irion County Hornets.

The pep rally will conclude activities until fans gather at the local stadium for the football game with the boys from Mertzon. The spirit of fans and players is expected to be at a high point by this time, so the Steers can achieve a victory over Irion County.

### HALFTIME ACTIVITIES

Halftime activities at the football game are expected to be great. The Steers are supposed to be well in the lead and honorees will be on the field at halftime. Once again, the 1971-81 cheerleaders will be honored.

The big event of the halftime activities will be the crowning of the Homecoming King and Queen. They have been elected by secret ballot and their identities are not supposed to be known until they appear on the field at halftime. Everybody will be eagerly anticipating the revelation as to who are the honored couple.

Also to be honored at halftime are Mr. and Miss RLHS. Scot Long and Mary Galvan were chosen for this honor by the student body in a vote Monday.

### AFTER THE GAME?

Perhaps the climax of the day's activities will come after the game for many RLHS exes. Two activities are planned and exes may take their choice as to what they would rather do. A dance will be held at the New Rec Hall, and a social gathering for ex-students will be held in the school cafeteria, immediately after the football game.

Everyone is invited to take part in any one or all of these activities which have been planned for the homecoming pleasure of current students, ex-students and other friends of the Robert Lee Schools.

## Taxpayers Association Loses Valuations Battle

By Ben Oglesby

A rollback in tax valuations looked pretty remote late Wednesday afternoon as the Robert Lee Observer and Bronte Enterprise were winding up the final touches on this week's Coke County newspapers.

Meetings Tuesday night and Wednesday morning by the governing boards of the taxing entities of the county apparently failed to generate the two-thirds majority necessary to postpone implementation of the new tax appraisal figures.

Both Bronte and Robert Lee Schools boards of trustees met Tuesday night. They voted on motions which would have had some effect on the tax situation of the county, but they voted on motions which were worded differently.

Robert Lee's board voted to postpone use of the new appraisals until 1983. Bronte's board voted to return to use of the 1980 tax valuations. These separate

actions split the effectiveness of the action of both boards, except to leave things as they are.

The Coke County Commissioners' Court met Wednesday morning and, in effect, took the same action as was taken by Robert Lee School. The commissioners voted to postpone full implementation of the program until 1983.

There was some talk Wednesday morning about requesting an emergency meeting of the Bronte School Wednesday afternoon, but by the middle of the afternoon, it was reported that no meeting was planned for Wednesday.

Since Wednesday was the last day to pass resolutions to be passed by a two-thirds majority in order to change the taxing procedure, it appears that the work of the newly-created Coke County Taxpayers Association will come to a standstill.

The City of Bronte voted some time ago to use 1980 tax values, but the City of Robert Lee failed to take any action in changing the taxing procedure.

Gathering correct information Wednesday from all the agencies concerned in the Coke County tax

squabble has been confusing and some of information may not be entirely accurate on some fine points. Our opinion is, however, that all the action taken Tuesday night and Wednesday became null and void Wednesday night.

## PERSONALS

Mrs. Zera Fields spent last weekend with her sister, Mrs. George Moore of Cross Plains. Mrs. Moore, the former Beth Gilmore, was a member of the 1931 graduating class of Robert Lee, who will be recognized at the Homecoming on Friday, she plans to attend.

Mr. and Mrs. Bob Bagwell spent several days last week in Timmeron, N.M., in the home of Mr. and Mrs. H.C. Murtishaw, former Bronte residents. They reported a wonderful trip, with 42 degree temperatures in the early morning hours.

Mr. and Mrs. J.C. Wallace Jr. and Donna Morton, of San Angelo, spent the weekend in Stephenville with Dr. and Mrs. Jackie Smith and Jessica Lynn. Mes. Wallace and Morton also visited Monday evening with Mr. and Mrs. Jacky Wallace at Abilene.

## Shorthorns Take 20-6 Win From Dogies

The Robert Lee Dogies suffered a 20-6 defeat when they went to Bronte Thursday night of last week. The Dogies drew first blood but the Shorthorns came roaring back to make three counters before the contest was over.

Robert Lee's touchdown came on a 10 yard run by Jim Bob Jacobs and the try for extra point failed.

Two of Bronte's touchdowns resulted from passes from Mike Reyes to Rob Shields and the other came on a run by Corby Kelso.

Coach Max Anthony had some praise for some of the Dogies, in spite of the loss. He said, "Kevin Johnson, Dale Hodnett and Michael Torres did a very good job in this game."

The Dogies were scheduled to play host to Garden City last night and they will travel to Sterling City Thursday, Oct. 8. Junior high games start at 6 p.m.

## Plans Taking Shape For Big Sale To Benefit Pageant Assn.

Plans are rapidly taking shape to have a gigantic bake sale and "Second Time Around Sale" to benefit the Coke County Pageant Association. The sale will start at 9 a.m. Friday and Saturday, Oct. 9 and 10, in the Lions Club Building in Robert Lee.

Along with the sale, a membership drive will be conducted by Mildred Reese, membership chairman, and her committee.

Pauline Vaughan, finance chairman, said this is the only fund raising event conducted each year for the pageant association.

The pageant association has paid out of debt this year with gate receipts and membership dues. No major improvements were made at the Mountain Creek Amphitheatre, as time and money from the fund raiser last year were spent making a lot of

repairs and cleaning up from the damage caused by the flood last September. Scenery, props, make-up, costumes, etc. that were washed away by flood waters had to be replaced, also.

Mrs. Vaughan said it takes several hundred dollars to produce the pageant each year, so the money raised at this forthcoming event will be used for this purpose and for improving the amphitheatre.

Wilson Bryan, president of the pageant association, said he wishes to express appreciation to everyone throughout the county for his and her assistance and support in every phase of producing an annual historical musical pageant, "Ole Coke County--Home of the Rabbit Twisters."

Critics have not said that the Coke County production is as good as "Texas," produced at Palo Duro Canyon near Amarillo, nor the Albany Fandangle, but it has received some reviews comparing it favorably to these two classic productions of historical drama.

Mrs. Vaughan said the association is seeking donations of "rummage" which will be offered for sale. "Anything you have and would like to donate will be appreciated," she said. The donated items may be taken to the Lions Club Building on Wednesday and Thursday Oct. 7 and 8, or to Mrs. Vaughan's home at 810 Hillcrest, any day before those dates. Anyone may call Mrs. Vaughan at 453-2523 for information or for pickup of donations for those who are unable to deliver them.

## Steers Would Like To Get A Big Win For Homecoming Crowd

Coach Jerold Epperson would like to get a win this week, according to what he told the Observer Tuesday night. He would like just to have a win, period, but he would especially like for his Robert Lee Steer team to take a victory tonight because it's homecoming and he would like for his team to turn in a superior performance for the crowd of exes and friends of the school who are expected to be present.

The Steers are expected to meet a pretty tough team Friday night from Irion County. Epper-

son said the Hornets have some 225 and 215 defensive men on their team, and that could make things kinda tough for the Steers. However, the coach said his team "sure wants to play," so maybe that desire will overcome the big boys on the Mertzon defense.

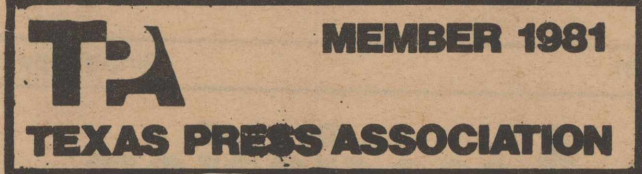

There's little doubt that Coach Epperson will have the leading cheering section on his side Friday night, since it is homecoming for Robert Lee. Maybe the great support will help the Steers achieve the victory they want so much.

**SunGasDrilling  
Up Nearly 30%**

Sun Gas drilled 50 wells during the first half of 1981, nearly a 30 percent increase over the 39 wells drilled for the same time period last year. The activity included 10 to 12 on-shore rigs and two to three offshore rigs drilling almost continually during the first six months of 1981.

"We plan to drill considerably more in the second half of 1981," says Earl H. Ramsey, vice president of the Operations Group, "but good prospects are being delayed because of rig availability and budget considerations." Ramsey views the backlog positively, saying it's a good situation because Sun Gas can pick and choose among the best prospects for immediate drilling.

As a new prospect is determined, says Ramsey, it is ranked against other candidates. "If it's better or if we can't capture the reserves unless we drill it now, the well can be substituted for one that's already been approved. The previously approved well will go back into the inventory for later consideration."

Sun Gas, a major operating unit of Sun Company, is one of the nation's leading suppliers of natural gas and natural gas liquids, producing and marketing about two percent of the gas energy consumed in the United States.

**DOING ANY IRONING?**

Doing a little ironing these days and looking for a "good" iron?

Since they come in various sizes, select one that is comfortable in your hand -- and one that isn't too heavy, advises Nancy Brown, a clothing specialist.

Some useful features to consider are large water reservoirs with a waterlevel gauge, a shot-of-steam or spray device that applies more moisture when you need it, and self-cleaning abilities, the specialist says.

Once you choose an iron, be sure to read and follow the manufacturer's instructions.

**LETTERS TO THE EDITOR**

Alpha Kappa Pi would like to commend all the businesses and each individual who contributed to the West Coke County Ambulance Fund. We feel everyone took a personal interest in the raising of funds for this worthy cause.

A special thanks goes to the Emergency Medical Team members. Their determination and constant drive has benefited us with a vehicle for our service. These people, which are few in number, have worked hard to bring a better service to a total population.

We are very proud of the new ambulance and feel it is a definite asset to our community. It will provide us with a service that should be high on our list of priorities to support.

The Emergency Medical Team could use added equipment to further their helping a person in need. Also the ambulance could be helped by adding to the fuel and upkeep expense, along with the insurance it must have.

As a service organization, we ask all interested to continually help the West Coke County Ambulance Fund.

**TAX-FREE INTEREST  
ON YOUR SAVINGS**

at the

**Robert Lee State Bank**

ROBERT LEE, TEXAS

It's the All Savers Certificate, a high-yield savings plan which allows you to exclude interest earnings from your federal income tax. By investing in this plan, you'll be able to exclude up to \$2,000 if you file a joint return; up to \$1,000 if you file a single return.

A minimum investment of \$500 is all that's required to open your account, but you are allowed to invest whatever amount necessary to take full advantage of the tax exclusion. More than one All Savers Certificate may be purchased during the effective period, October 1, 1981 to December 31, 1982.

The All Savers Certificate has a one-year maturity, and any withdrawal prior to maturity results in a loss of the tax-exempt status. Federal law also requires a penalty of three months loss of interest for early withdrawal from this account. The interest yield may vary monthly since it is based upon the average investment yield on one-year U.S. Treasury bills; however, you will be guaranteed the interest yield in effect at the time of your investment.

The All Savers Certificate is an insured savings plan, backed by the Federal Deposit Insurance Corporation to \$100,000.

**PROBABLE ANNUAL INTEREST RATE, ALSO CURRENT YIELD\*-12.61%**

The chart below will indicate the net yield you can expect from your All Savers Certificate.

NET TAXABLE INCOME	RATE OF TAX ON NEXT DOLLAR OF NET TAXABLE INCOME		INTEREST YOU WOULD HAVE TO RECEIVE TO NET 12.61%* AFTER FEDERAL INCOME TAX	
	Married, filing jointly	Individual	Married, filing jointly	Individual
\$20,200	28%	34%	17.51%	19.11%
\$25,000	32%	39%	18.54%	20.67%
\$35,200	43%	49%	22.17%	24.73%
\$50,000	49%	50%	24.73%	25.22%

The approximate figures above are based upon the 1981 tax tables.

\*The interest yield of 12.61%, effective for the All Savers Certificate issued October 1, 2 or 3, is equal to 70% of the average investment yield on one-year U.S. Treasury bills as of the September 3, 1981, auction.

Call or come by The Robert Lee State Bank for full details on this savings plan.

MRS. JOSEPH SEFCIK

### Karen Bagwell, Joseph Sefcik Are Wed In Double Ring Rites

Karen Alyene Bagwell and Joseph Andrew Sefcik exchanged marriage vows during a double ring ceremony on Saturday, Sept. 19, at 10:30 in the morning in St. Ambrose Catholic Church, Wall. The Rev. Kevin Heyburn officiated.

Parents of the bride are Mr. and Mrs. A.R. Bagwell of Robert Lee. The bridegroom is the son of Mr. and Mrs. G.E. Sefcik of Route 3, San Angelo.

Large basket arrangements of yellow and white daisies, blue, peach, pink, yellow carnations and gladiola on pedestals were flanked by four, seven branch candelabra.

Presented in marriage by her father and mother, the bride wore a formal princess-style gown of sheer silk organza. The yoke, high neckline and tapered long sleeves were trimmed with an overlay of lace accented with seed pearls. The flowing skirt formed a chapel-length train. The tiered bridal veil, edged in lace, was attached to the fitted cap of lace encrusted with seed pearls.

The bridal bouquet was a cascade of yellow miniature carnations, yellow and white sweetheart rose buds, stephanotis and baby's breath with streamers of white pico ribbon.

Bridal attendants were Nancy Jameson, sister of the bride, of San Angelo, matron of honor; bridesmaids were Debbie Bynum of Sterling City, Cynthia Gully

and Alicia Webb, sisters of the groom, of San Angelo. The flower girls was Shaunna Jameson of San Angelo. They wore floor length gowns of yellow, pink, peach and blue, accented by flowing capes and carried silk flowers to match the gowns. Baby's breath was worn in the hair.

Attending the groom were: James Sefcik, brother of the groom, of San Angelo, who served as best man; groomsmen were Jeffrey Sefcik, brother of the groom, and Wilfred Wilde, both of San Angelo, and Carl Bagwell, brother of the bride, of Levelland. Ring bearer was Russell Gully of San Angelo. Candle-lighters were nephews of the groom.

Vocalists were Sterling Cummings of San Angelo and Robert Stovall. Organist was Kay Brooks of Sweetwater.

Serving as ushers were Michael Bagwell, brother of the bride, and Danny Webb, both of San Angelo; John Sefcik, brother of the groom, of Wall, and Terry Fuessel, also of San Angelo.

A reception, luncheon and dancing followed in the Parish Hall, hosted by parents of the bride and groom. Registering guests were Christy Bagwell and Carolyn Pfluger, both of San Angelo.

The bride graduated from Robert Lee High School and Angelo State University. She is employed as a registered nurse in San Angelo. The groom is a graduate of Wall High School and farms in the Wall community.

Following a brief wedding trip, the couple will reside at Wall.

## Kermit Rites For Mrs. Cobb

Funeral services were held Friday, Sept. 25 in Kermit for Mrs. Abbie C. Cobb, 89, of Mimbres Valley, N.M. Services were held in the East Side Church of Christ at 2 p.m. and burial was in Kermit Cemetery. She died Wednesday in Fort Bayard Hospital in Fort Bayard, N.M. at 4:30 p.m.

Mrs. Cobb was born Sept. 23, 1891, in Johnson County, Texas. Her husband, C.M. Cobb, died in 1968. She had lived in Kermit for 34 years before moving to New Mexico seven years ago. She was a member of the Church of Christ.

Survivors include a son, Bill Cobb of Theodore, Ala.; two daughters, Mrs. Beatrice Privetts of Mimbres Valley, N.M., and Mrs. Eugenia Harris of Federal Way, Wash.; three sisters, Mrs. Amanda Harmon of Robert Lee, Mrs. Libby Patterson of Alpine and Mrs. Donnie Clawson of San Angelo; 16 grandchildren; 29 great-grandchildren; and two great-great-grandchildren.

### CASEY REUNION OCT. 10

Saturday, Oct. 10, is the date set for the reunion for all descendants of the J.J. Casey family. They will meet all day on Saturday in the new Rec Hall at the local county park.

Two children of the immediate family survive and live in Robert Lee, Mrs. Lillie Cowley and Martin Casey. Also surviving is one in-law, Vic Collett of Robert Lee.

The families invite all their friends to come by and visit with them.

## West Coke County EMS News

Have you seen our new ambulance yet? If you haven't, go by the hospital soon. It's a real beauty! The orange letters on the black background makes it officially Robert Lee.

We are still trying to raise funds for insurance and equipment. Our next project will be a benefit dance, given by the Plain Country Band of San Angelo and the Bush Country owner. Bush Country is located on Highway 277 between Bronte and San Angelo. The band will be playing from 4 to 8 p.m. on Sunday, Oct. 4. All gate proceeds will go into the ambulance fund.

We truly appreciate these people for wanting to help us. If you are looking for a way to help and have fun at the same time, we'll see you at Bush Country

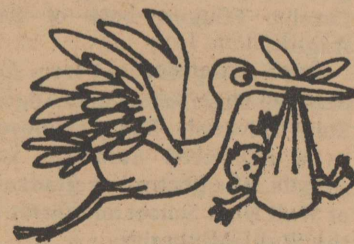

Sunday, Oct. 4, from 4-8 p.m.

Since our donor list was so very, very, lengthy and was too long for the paper, the list may be seen at the hospital. So again-- thanks for Helping us, Help you!--

The Ambulance Volunteers

Weekend guests of Mrs. Edna Havins were her daughters, Linda Havins of Denton and Jan Havins of Arlington. They also visited their grandparents Mr. and Mrs. Fern Havins and Mr. and Mrs. Calvin Wallace, and other relatives, before returning home Sunday.

Sell What You Don't Need  
With a Want Ad

### LOOK WHO'S NEW

Miguel Gutierrez III, born Sept. 18, is the new son of Mr. and Mrs. Miguel Gutierrez Jr. of Bronte. Born at Ballinger Memorial Hospital at 8:20 a.m., he weighed 8 lb. 8 1/2 oz. and was 21 inches long. He has one brother, Aaron, who is 2 1/2 years old.

Grandparents of the new baby are Mr. and Mrs. Alfonso Balderas of Robert Lee and Mr. and Mrs. Miguel Gutierrez Sr. of Bronte.

### IT'S A FACT--

Newer varieties of soybeans may truly be a dream crop for Coastal Bend farmers. When included in the crop rotation, these newer varieties developed by the Texas Agricultural Experiment Station can yield 20-30 bushels per acre. But that's not all. They can improve soil tilth, reduce total nitrogen fertilizer costs, and help solve weed problems. These advantages were demonstrated through soybean variety field tests conducted by the Texas Agricultural Extension Service, seed company representatives and farmers. This is another example of the Extension way-- "people helping people."

## Coke Women Attend UMW Annual Meet

The Eighth Annual Meeting of the San Angelo District United Methodist Women met Sept. 27 at the Sonora United Methodist Church. Mrs. Beverly Stole of Del Rio, district president, presided.

Mrs. Betty Hixson, Southwest Texas Conference vice president of Austin, was the guest speaker. Her topic was "Portraits Of The Global Family". She pointed out the different aspects of the global family, and discussed our part as Christians in the global family--our relationships to it and our responsibilities.

The San Angelo District United Methodist Women officers for 1982;84 were elected and installed. Installing the new officers was Dr. John R. Gibbs, San Angelo district superintendent. Mrs. Peggy Deltz, San Angelo, was installed as president; Mrs. Alice Beaty, Robert Lee, vice president; and Mrs. Diane Luckett, Bronte, secretary.

Attending the meeting from Coke County were Mrs. Laura Herford, Robert Lee UMW president; Mrs. Beaty and Mrs. Luckett.

The United Methodist Women of the Southwest Texas Conference of The United Methodist Church will observe their 100th anniversary at their annual meeting Oct. 9-11. The meeting will be held in San Antonio. Mrs. Herford and Mrs. Beaty plan to attend.

### CLUB CALF PRODUCTION---

With at least 10,000 show steers fed annually in Texas, more commercial cattlemen are looking at the club calf market, says a beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M University System. They need to consider such things as age, breed, color, type or body conformation, and price. Steers born in the late spring to mid-summer are often the most competitive in shows the following January to March. In smaller shows where all breeds compete against each other, steers with 3/8 to 3/4 of one of the large, heavier muscled, "exotic" breeds are usually most competitive. Solid black is probably the most frequently seen color on a grand champion.

## Subscriptions Still Available to Students

The deadline for college students to sign up for a free subscription to the Bronte Enterprise or Robert Lee Observer has been extended to Oct. 10. The free subscriptions during the 1981-82 school term are being offered as a courtesy of the Robert Lee State Bank and the First National Bank in Bronte, along with the two Coke County newspapers.

The reason for extending the deadline, which was set for Oct. 1, is that the offer has not been sufficiently publicized. The Observer and Enterprise have been especially crowded for space the past three weeks and Publisher Ben Oglesby said he felt the students should be given additional time to take advantage of the free offer.

The only requirement is that the student must be enrolled in a college, university or technical school and taking courses of post-high school level. Fill out the accompanying form and return it to The Enterprise or Observer office before Oct. 10 for your free subscription. You might, also, tell your banker that you appreciate his generosity.

### IT'S A FACT

Boll weevils can literally eat the shirt off your back. These little critters are responsible for destroying untold bales of cotton each year in Texas. Cotton growers in the Rolling Plains, with help from Texas Agricultural Extension Service, have found one way to deal with these hungry pests...starve them. By using uniform planting dates with an effective pest management plan, farmers enlisted the help of Mother Nature to delay cotton fruiting long enough to keep the hatching boll weevils' only source of food in short supply. As a result, new larvae starved before they could chew on cotton bolls. This is another example of how the Texas Agricultural Extension Service is "helping people to help themselves."

"There is nothing makes a man suspect more than to know little."

Francis Bacon

## Conservation Director To Be Elected Oct. 6

An election for a director to serve in zone 3 on the Coke County Soil and Water Conservation District Board is scheduled for Oct. 6 at the Coke County Courthouse, announced Joe Rawlings, chairman of the board. The election will be held at 8 p.m.

To be eligible to serve as director, a person must own land in the zone, be actively engaged in farming or ranching and live in the county.

Zone 3 is the southwest part of Coke County. It includes all of County Commissioners Precinct 3.

Current members of the board of directors of the Coke County SWCD are Joe Rawlings, Royce Fancher, Horace L. Scott Jr., Finnell Smith and Wilbern Millican. Smith is now director from Zone 3.

The purpose of the district is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

All conservation programs managed by the district are of a voluntary nature to the landowner or operator.

## West Coke Hospital News

The following admissions and dismissals were reported by West Coke County Hospital:

9-15-81: Oscar W. Higginbotham admitted. No dismissals.

9-16-81: No admissions. Drexel Ragsdale dismissed.

9-17-81: No admissions. No dismissals.

9-18-81: Lena Russell, Santos Tijerina admitted. No dismissals.

9-19-81: No admissions. Oscar Higginbotham dismissed.

9-20-81: Manuela Gloria admitted. No dismissals.

9-21-81: Grace Hoeckendorf admitted. Santos Tijerina dismissed.

Sept. 22: No Admissions. Lena Russell and Manuela Gloria dismissed.

Sept. 23: Bernice Roberts and Dola Wood admitted. Zella Walker dismissed.

Sept. 24: Jessie Key admitted. Bernice Roberts dismissed.

Sept. 25: No admissions. Grace Hoeckendorf dismissed.

Sept. 26: Jessie Faye Russell admitted. Dola Wood dismissed.

Sept. 27: No admissions or dismissals.

Sept. 28: Bessie Walker admitted and Jessie Faye Russell dismissed.

Lemon juice and grated rind added to berry pies gives them a "berry" good taste.

## Representative Larry Don Shaw Reports from Austin

Say your city has an area in it that is rundown and getting worse. It's a blight on the landscape. Businesses are moving out and that means there are fewer jobs in the area and that, in turn, only speeds up the decline.

A package of legislation approved in the special session will give Texas cities and towns a big boost toward reversing the decline in such blighted areas. Here's how it will work:

Senate Bill 16, introduced by Sen. Ray Farabee, allows a city to designate an area as a "reinvestment zone." In short, your city could then issue bonds for public works projects such as street improvements or water and sewage mains in the zone. However, the city and all other taxing units in the zone would all agree to forego the additional tax revenues which normally would be generated as the redevelopment improvements drive the property values up in the area. Instead, the additional tax revenues would be placed in a "tax increment fund" to pay off the bonds issued.

The city would not lose any tax revenue-- without the redevelopment of the area, property values not only would not rise, they would decline even further. And the bonds can only be paid off out of the tax increment fund.

A second bill in the package, S.B. 17 (also by Sen. Farabee), will go even further. It will allow a city or town to contract with individual property owners in a reinvestment zone. The property owners would agree to make certain improvements in their property in exchange for property tax reductions for up to 15 years. The owner saves enough in taxes to pay for the improvements, the value of the property is enhanced, and hopefully businesses and industries can be lured into the area. If periodic inspections reveal that the property owner has not made the improvements agreed to in the contract, there are provisions for recapture of the property taxes.

Once the contracts and the reinvestment zone designation expire, the city and the other taxing units can tax the property in the redeveloped area based on the new, higher appraised values, meaning increased tax revenues over the long run.

At present, these programs would be unconstitutional under the Texas Constitution, so a third part of the package is a constitutional amendment that will be presented for the voters' approval on the Nov. 3 general election ballot later this year. The proposed amendment will be listed on the ballot as Proposition 1.

In addition to making local incentives possible, if the amendment is approved in November, Texas' urban areas would qualify for millions of dollars in federal aid to establish so-called "enterprise zones" under a bill now pending in Congress.

The thinking behind both the state plan and the pending federal legislation is that the best way to revitalize declining areas is not to throw more and more tax money at them but, instead, to encourage the private sector to move in and make these areas productive again. It's a healthy approach, and I think it's the right approach.

## EXTENSION EXTRAS

At the end of the 1970's, about 14 percent of all households were headed by women.

No matter what the age or family situation, more than half of all American women are in the labor force. Seventy-four percent of women ages 25-44 work outside the home.

Most often, working women are still expected to manage the family's shopping, meals and housework.

A mail-out series will begin Oct. 15. The title of the series is "The Employed Homemaker." Each week, a different set of information will be sent directly to you at no charge. Some of the topics are Breakfast in a Hurry, Micro-Wave Meals in a Hurry, Packed Lunches, and Cooking for One or Two.

This series is designed for working women in Coke County, but anyone may receive the information. Please register by leaving your name and address at the Extension Office - phone 453-2461.

## News from the County Agent

By Sterling Lindsey

Most of the mulberry trees in Robert Lee and Bronte are suffering from a disease normally associated with damp, humid climates. The disease is called fungal leaf spot. We have received numerous calls about the condition and what may be done to correct the situation.

There is a control chemical that may be used at two week intervals to control the leaf spot. But, most of the mulberries are nearing dormancy. As a result, spraying now will help very little. We would suggest you feed your trees next spring about the time they leaf out, with a nitrogen fertilizer. Feed them about one pound per inch of trunk in holes 6"-8" deep around under the tree. Then if the leaf spot hits the foliage next spring, spray at two week intervals with benomyl.

Livestock producers are reminded that now is the time to re-register their brand or brands. Every 10 years operators are required to re-register livestock brands. The cost is \$5.00. The county clerk's office handles brand registrations. You have 6 months from Aug. 31 to get your brand recorded. Whether you are a new operator with a new brand or one that has been on record before we encourage you to have your brand recorded.

Two meetings of importance to local producers will be held next Tuesday night, Oct. 6, at the old rec hall in the Robert Lee park. Starting at 7:30 p.m., a program on the futures market will be presented by Ed Cheatle, with Stotler and Company, of San Angelo. If you have any questions regarding futures, how it works or how you might use the futures market, we encourage you to attend the meeting.

Following the program on the futures market, the Coke County Livestock Protective Association will meet. The group has been in active lately. Members of the association are encouraged to attend the meeting and assist with the business at hand.

 William Blake

## New Equipment To Improve Phone Service

General Telephone Company recently installed special computerized equipment to expand and improve long-distance telephone service in Robert Lee, according to Melvin Jennings, the firm's division manager.

"The project involved replacing electromechanical 'ticketer' equipment, which helps transmit long-distance calls direct dialed by area customers, with electronic technology," he said.

The installation took place at the company's San Angelo switching center, which processes long-distance calls for 20 communities including Robert Lee.

Besides replacing equipment, the company installed a greater number of electronic ticketers to expand and improve service, Jennings said. This means that 448 direct-dialed, long-distance calls can be handled simultaneously at the center compared to about 400 previously.

"One benefit of the electronic gear is improved efficiency since it is made up of printed circuit boards that don't require miles of wiring," Jennings explained. "It also is compact and doesn't take up a large amount of office space."

The new equipment can re-route calls to their destination quickly in the event a main long-distance route is busy, he said.

Another function of the ticketers is to record necessary billing information for General Telephone.

"After a customer dials a long-distance call, the equipment automatically records the customer's phone number, the number being called, and the time, date and length of the call," Jennings said. "The billing information is then stored on magnetic tapes."

## CHARLES BARRON VISITS PARENTS IN ROBERT LEE

Charles Barron of Bingham, N.Y. visited his father, T. Paul Barron and his wife, Pauline, over the weekend. The younger Barron is employed by the General Electric Company and is general manager of their aerospace controls business. The company manufactures flight and weapon controls for both commercial and military aircrafts, such as the Air Force F-15, the Navy F-18, and the new Boeing 767 and 757 commercial transports.

Barron is a native of Midland and a graduate of Vanderbilt University and the Southwestern Baptist Theological Seminary. He was formerly employed by the Geophysical Department of Shell Oil Company at Midland and at Billings, Mont.

He attended services at the Baptist Church in Robert Lee and enjoyed meeting friends of the T. Paul Barrons. Also on Sunday afternoon he visited the Richard Abbotts of Odessa and the Darrell Abbotts of the Abbott Ranch here.

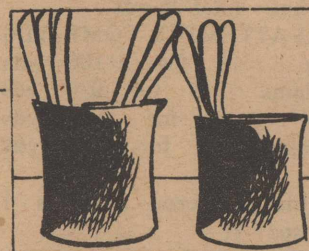

Mr. and Mrs. Leslie Wink were overnight guests last Wednesday in the home of Mr. and Mrs. Lee Roy Elliott of Katemey, where they enjoyed visiting and rock hunting. They reported Mr. Elliott was making a good recovery from a stroke suffered last fall. He is a former government trapper for Coke County and the Elliott's made their home here several years. Charles Elliott, oldest son of the Elliotts, makes his home with them and tends their farm.

## Woodward Rites Held At Roswell

Norman E. Woodward, 36, who died in Robert Lee Sept. 19, of injuries sustained in an oilfield accident, was buried in Roswell, N.M., Wednesday, Sept. 30. Services were held in Ballard Funeral Home Chapel of Roswell with burial in the South Park Cemetery. The Rev. Buford Caplen officiated at the rites.

Woodward was born Aug. 17, 1945, in San Angelo. He was a roughneck for Swanson Drilling Co.

Survivors include his wife, Betty Woodward of Roswell; two sons, Norman Gene Woodward and Roy Woodward, both of Roswell; two daughters, Angela Woodward and Theresa Woodward, both of Roswell; his father, Burl Woodward of San Angelo; four sisters, Bobbie Aiken of Cross Plains, Lolce Marshall of Pittsburg, Susan Downley of Coleman and Ruby Valient of Bakersville, Calif.; and two brothers, Ray Woodward of Pittsburg, and Ronnie Woodward of Big Lake.

Is your kitchen short on drawer space? Make "bouquets" of frequently used utensils like serving spoons and spatulas in jars or jugs on the counter top.

## PROMISING DEER SEASON---

The upcoming deer season looks promising due to good forage and better than normal weather conditions, says a wildlife specialist with the Texas Agricultural Extension Service, Texas A&M University System. Deer should be of better quality and more plentiful, and they should be better antlered. However, with a good acorn crop and lush green forage, deer will feed mostly at night and bed down during the day, making hunting more difficult. To compensate for reproduction and keep numbers from increasing beyond the food supply, 20 to 25 percent of the deer population should be harvested annually.

## HIGH VEGETABLE PRODUCTION COSTS---

High costs are the main culprit of vegetable growers in the Rio Grande Valley and South Texas. Growers must reduce their costs through hard cost-efficient management if they are to make any profit during the 1981-82 season, emphasizes an economist with the Texas Agricultural Extension Service, Texas A&M University System. Growers must also be sensitive to various external factors that affect prices for their crops, such as onion size and the timing of such crops as cabbage and lettuce. This calls for a sound marketing strategy.

# Double or nothing?

**S**aving money these days is difficult for most everyone. But there is a plan guaranteed to build your savings. Even for those who can't seem to ever save a cent. Buying U.S. Savings Bonds through the Payroll Savings Plan. The amount you'd like to save is taken out automatically. When you accumulate the purchase price, you get a Bond. A \$50 Bond costs only \$25. Or a \$100 Bond costs only \$50. Whatever the amount, you'll double your money if you hold the Bond to maturity.

Remember, you can double your money for sure or put off saving and do nothing. Double or nothing.

**Take stock in America.**

When you put part of your savings into U.S. Savings Bonds you're helping to build a brighter future for your country and for yourself.

# Steers Drop Non-District Game To Cross Plains

It looked as though the Steers were going to walk all over the Cross Plains Buffaloes when the Steers drove the ball down the field late in the first quarter and scored on a Williams run around the right end for a 7-0 lead.

To follow that up, in the second quarter, David Caves, the 175 pound tackle, picked up a Cross Plains fumble and ran across the goal line, for what could have been another touchdown, but was called back due to the fact that, in high school football, a fumble can not be advanced.

With 272 total yards, for the Steers, compared to Cross Plains

181 total yards, the scoreboard was the only thing that beat Robert Lee. However, Cross Plains squeezed out two touchdowns during the second quarter to win the game and put the Steers at a 1-2-1 record so far this year.

The Steers had numerous opportunities to score during the second half, but could not capitalize. One, was when Anthony pulled a fake punt and completed a pass to Sanchez for 25 yards and a first down, but due to a Steer fumble. Cross Plains took over the ball and left the Steers empty handed.

### YARDS RUSHING

Williams - 20/96 yds. - 4.8 yd.  
Long - 12/8 yds. - 0.6 yd.  
Skinner - 7/22 yds. - 3.1 yds.  
Sanchez - 2/3 yds. - 1.5 yds.  
Hood - 1/12 yds. - 12.0 yds.

### PASS RECEPTIONS-YARDS

Williams - 4 for 74 yds.  
Hood - 1 for 8 yds.  
Torrez - 1 for 24 yds.  
Sanchez - 1 for 25 yds.  
PASS ATTEMPTS-COMP. YDS.  
Long - 11 for 6/106 yds.  
Williams - 4 for 0/0 yds.  
Hood - 1 for 0/0 yds.  
Anthony - 1 for 1/25 yds.

Fumbles recovered - 2 (Caves - 1, Sanchez - 1)  
Fumbles lost - 2 - Long  
Punts - 1 - Anthony for 45 yds.

### ALPHA KAPPA PI HAS TWO MEETINGS IN SEPTEMBER

Alpha Kappa Pi had two meetings during September, in the homes of Dwala Casey and Mary Bessent. Programs were presented at the meetings by Gay Sawyer on the family and by Dianne Simpson on marriage.

Jackie Walker was welcomed as a visitor.

Several recommendations were discussed for service projects. As a ways and means and service project it was decided to raffle off a Christmas tree skirt on the night of lighting of town Christmas tree lights in Robert Lee. The tree skirt will be displayed at several businesses in town beginning in October.

Tickets will go on sale by Alpha Kappa Pi members after their meeting Oct. 14 in the home of Gay Sawyer.

### Samuelson Rites Sunday

Memorial services for Arnold Morse Samuelson, 69, of Robert Lee, who died Sept. 11, will be held at Sanco in the former Methodist Church building at 3:00 p.m., Sunday, Oct. 4. Conducting the services will be the Reverends Roy Epperson and Ulmer Bird.

Friends and family are invited to attend a covered dish luncheon at the Sanco Tabernacle at 12:30 p.m. on Sunday.

## 50 Years Ago

### SCHOOL NEWS

"A Reed In The Wind" has been selected as the Senior's play and practicing will begin promptly. A later announcement will be made as to when it will be presented.

### SENIOR GIGGLES

Dovie: You can't believe everything you hear.

Lois: But you can repeat it.

Garvis: You must think I'm as big a fool as I look!

Callie: Well, if you aren't, you have a great deal to be thankful for.

Ray: Do you believe kissing transmits microbes?

Lloyd: No, but if Alma keeps handling dogs, I expect to get fleas.

Mr. Taylor: You should learn to think rapidly, so you will make good in bookkeeping.

C.W.: Why shouldn't we think long before deciding?

Mr. Taylor: If you were lying on a railroad track and a train was coming around the curve, would you think long before you moved?

Garvis: (To Callie-) O.K., baby.

Mr. Taylor: (Overhearing conversation) It maybe O.K. baby, but if Mr. Gramling hears you, you maybe a K.O. baby.

Editor's note- This senior class of 1931 is being honored at the Homecoming activities at Robert Lee High School on Friday. Graduates of the 11-member class were Yvonne Kerley, Garvis Swanson, Beth Gilmore, Ray Ledbetter, Lloyd Bradley, J.W. Richardson, Nora Richardson, Callie McCutchen, Dovie Williams, Jewell Ledbetter and Lois Byrd.
