BRIEF CITY NEWS.

Mrs. W. T. Conway of Hyde Park left
 yesterday for St. Paul to visit her son.

Ben Lee of Milan, Mo., is the guest of his
 uncle and aunt, Mr. and Mrs. J. D.
 Turner, 304 Virginia street.

Mrs. G. M. Burbank and daughters,
 Marion and Lillian, will leave today for
 Chicago and other eastern points.

Dr. and Mrs. J. E. Shelton, Dr. and
 Mrs. John Gaston, Dr. E. C. Carle and
 Captain P. Paine of the local bureau
 spent Sunday in Kansas City.

Charles Kelley and wife of Chicago
 stopped off on their way to Horton,
 Kan., where they will visit relatives
 yesterday to make a short visit with R.
 E. DeWitt.

Mrs. E. A. Guthrie of Tarkio, Mo., is
 the guest of her son, C. A. Guthrie, 200
 West Kansas avenue. She is also at-
 tending her daughter, Mrs. Russell
 Smith of Morrowville, Kan., who is in a
 local hospital.

Ideal Rebekah Lodge, No. 405, L. O. O. F.,
 will give an ice cream and straw-
 berry social at Missouri and King Hill
 avenues, Thursday evening. It will be
 for the replacing of the regalia lost in the
 recent fire.

The Morris, Central, Howe and Hyde
 Park unions of the W. C. T. U. will hold
 an all day session tomorrow in Hyde
 Park Presbyterian church. Mrs. Aldrich
 of the Central union will be chair-
 man. There will be music and speak-
 ing, and a big dinner will be served.

FAVOR GAME AND FISH.

Many Join Protective Association For
 Enforcement of the Law.

Many additions were made to the
 membership of the St. Joseph Fish and
 Game Protective association at its meet-
 ing in the criminal courtroom at the
 courthouse yesterday and considerable
 enthusiasm was shown. Membership
 committees will visit the merchants of
 the city this week.

Prosecuting Attorney Keller, owing
 to the fact that there have been reports
 of dissatisfaction because the illegal
 seiners arrested, convicted and fined
 have been paroled, explained the prin-
 ciples of the new parole law. He told
 how the report of any offense to the
 criminal judge would insure the revoca-
 tion of the parole, and that the offense
 need not be an act similar to the one on
 which the man under parole had been
 convicted.

RUSH FOR LICENSES.

Dog Owners Appear With Fees on Scott's
 Opening of Activity.

The dog catcher's wagon started out
 at noon yesterday on that official first
 trip in the search for unlicensed dogs.

Only a few stray curs that apparently
 never had any owner, were captured
 and taken to the pound. But the ap-
 pearance of the wagon had the desired
 effect and the rush of dog owners to pay
 their license fees resembled a bargain
 day rush. Before he started out yester-
 day Impounder Walter Scott appointed
 John Kennedy as his deputy. Kennedy
 appeared in the office of the city clerk
 and took his oath of office, which in-
 cludes among other things, swearing
 that he will exhibit only a sweet and
 amiable disposition in the face of any
 and all controversies with enraged
 owners.

SECURES RUSSIAN POPPY.

Weber Proud of Police Garden, Which
 Grows Daily.

The flower garden which is one of the
 few beauty spots connected with the
 South End police station has been re-
 cently augmented by a rare and beauti-
 ful specimen of a "Russian Poppy." Ser-
 geant Weber has been on the look-
 out for rare plants ever since he began
 to beautify the ground surrounding the
 station and he has succeeded in gather-
 ing a collection that would be the de-
 light of any searching botanist.

The plants are doing nicely for the
 condition of the weather and ground
 and although they look a trifle poor at
 present, the sergeant asserts that they
 will be the envy of every citizen in the
 suburb within the next two weeks.

BUILDING IS SAFE.

Takes Issue With Inspector Forgrave and
 Investigation Will Be Made.

Owing to the difference of opinion ex-
 pressed by Lyman W. Forgrave, build-
 ing inspector, and A. E. Bradford, fore-
 man of construction for the school
 board, concerning the condemnation of
 the Hall school, the building committee
 of the board, three members of the coun-
 cil and an expert will visit the school
 tomorrow. Inspector Forgrave has con-
 demned the building as unfit for use,
 while Foreman Bradford says, in a re-
 port made to the school board last night,
 that Forgrave is totally wrong. For-
 grave, he says, is now condemning
 parts of the building, which in his past
 incumbency in the office he praised and
 authorized. The opinion was expressed
 at the board meeting last night that
 Bradford is correct in his assertions.

All of the old teachers in the public
 schools, who have applied for reappoint-
 ment, were reappointed last night.

Several propositions to sell land to
 the board for new buildings were sub-
 mitted and placed on file.

One of the propositions, which is con-
 sidered ideal, but which was placed on
 file for later action, was submitted by
 the Davis Brothers' Real Estate com-
 pany. It is the sale of the land south of
 the Robidoux school at Tenth and
 Charles streets for \$12,000. The board
 has been wanting this property for sev-
 eral years and the recent bond issue
 gives it a chance to obtain the land.
 Another proposition, to sell property at
 Thirtieth and Sylvan streets to the
 board for \$15,000 was made by W. F.
 Davis. This was also passed.

CHAUTAQUA BEGINS.

South End Meeting Opens Tonight With
 Fulkerson.

The second annual chautauqua of the
 St. James Roman Catholic church in the
 South End, will open this evening with
 Ex-Congressman Frank B. Fulkerson as
 the lecturer. He will be introduced by
 Thomas B. Ryan and will have as
 subject, "The Panama Canal." A musical
 entertainment will be given from 8
 until 9 o'clock, when the speaking of
 the evening commences.

The large tent for the meeting arrived
 yesterday and is being erected.

ATTEND THE FAIRS.

Chicago Drivers Journal: The pressing
 need of animal husbandry is live
 stock exhibitions to educate breeders in
 the advantages of raising pure bred live
 stock. State and county fairs are ac-
 complishing good work for the live
 stock industry. While many persons
 attend county and even state expositions
 as an annual outing to have a good time,
 the majority of farmers attend the live
 stock shows to increase their knowledge
 of animal husbandry.

The principal reason for the increased
 interest in agricultural fairs is the en-
 larged interest in pure breeds of live
 stock exhibited at annual fairs. The
 educational influence of fairs is im-
 mense even with exhibitors as well as
 with visitors who attend fairs to inspect
 the exhibits of live stock. The influence
 of fairs is intensified by the present
 system of employing expert judges to
 place the awards. The arbiters of
 quality are not personally interested
 except to place merit where it certainly
 merits it. The fact that certain
 entries to a class carry off the prizes as
 designated by expert judges carries
 great weight with breeders and be-
 comes an impressive object lesson to
 exhibitors who are able to discern the
 fine points of individual merit which
 won the blue ribbon.

The breeder raising beef cattle cannot
 afford to neglect live stock fairs. If the
 husbandman interested in animal in-
 dustry would rise above mediocre in his
 profession he should not only attend
 fairs but also exhibit stock at live stock
 shows. To succeed comparisons need to
 be made with competitive herds. One
 may have the best stock and yet breed-
 ers may be ignorant of its excellence
 unless it is exhibited at fairs and its
 superior quality demonstrated in ring
 competition. The breeder is a novice
 in live stock husbandry until he has
 conditioned stock and won prizes at
 fairs with his entries. Beef cattle are
 bred for the market and show condition
 is the perfection of market form. As a
 feeder he comes into competition with
 rival exhibitor and learns much about
 finishing animals for the show ring.

Professional breeders and exhibitors
 have not progressed to the point where
 there is nothing to learn about their
 business. Their experience in fitting
 entries for the fair, the exchange of
 ideas with each other and making ac-
 quaintance with buyers are all special
 advantages to the progressive husband-
 man. The prominence and wide ad-
 vertising that exhibitors receive by
 showing stock at fairs and live stock
 exhibitions more than recompense them
 for the expense of conditioning and
 showing selections from their herds.
 To succeed with pure-bred live stock
 the breeder needs to attend fairs and
 study the exhibits of the breed in which
 he is interested.

UNCLE SILE ON GARDENING.

"Yaas," said he, as he stopped the
 willing mare in mid-trot and hung
 the reins over the plow handle, "it's
 nuthin' uncommon ter a gardin ter get
 the upper hand of a man, if he lays her
 out big. Half an acre 'll give ye plenty
 to do, I reckon. Before things come up
 the ground looks peaceful an' quiet
 'nough, but the weeds start just as
 quick as the crops do, an' grow a darn
 sight faster; an' then the bugs come,
 'n just you know, yer needed in all
 places to once. But," he went on,
 "there's one little piece 'o ground ye
 ain't noticed that I want to show ye,"
 and leaving the dejected mare bowed
 in thought, he conducted me to the
 site of an ancient hen yard at the rear
 of the barn.

Here my mentor paused, and dramati-
 cally waving a hand over the spot, said:

BIGGEST EVER HELD.
 Army Officers Visit Lake and Tournament
 Grounds.
 Brig. Gen. Charles Morton, commanding
 the department of the Missouri, was in
 St. Joseph Saturday to inspect the grounds
 and facilities for the great military
 tournament to be given here September
 21 to 28 next. With General Morton were
 Major D. E. McCarthy, chief quartermas-
 ter of the department of the Missouri,
 and Col. W. P. Evans, chief of staff at de-
 partment headquarters.
 "The tournament in St. Joseph next
 September will be the largest affair of
 the kind ever seen in the United States,"
 said General Morton. "The number of
 troops participating will be twice or three
 times as great as those which took part
 in the tournament here last year. We
 shall issue a letter Monday to ascertain
 the exact number who will participate in
 the tournament."

AGRICULTURAL EDUCATION.
 Denver Record-Stockman: At last the
 Agricultural college discussion is getting
 down to the principles at stake and the
 people will get a peep behind the personal
 wrangles, which, really have little to do
 with the matter. The Denver Republican,
 which assumes to speak for the adminis-
 tration at the college, editorially has the
 following:
 "If the two or three men who got to-
 gether and assume to speak for the Colo-
 rian stock growers are so dead in
 earnest in behalf of the farmers and the
 education to be provided for their children,
 why do they not recognize that to give
 a farmer's boy an opportunity to become
 an all-round, well-developed man of broad
 knowledge and intellectual culture is far
 more than to attempt to teach him only
 how to plow or to plant or to reap—all
 of which he can learn much better on his
 father's farm at home?
 "The best place to learn farming is on
 the farm; and we venture the assertion

that there is not a college farm anywhere
 in the United States which is at all near
 perfection in the eyes of the practical
 farmers who know how it is conducted.
 There is not an intelligent, capable farmer
 in the Fort Collins district who could not
 discount the professors in the agricultural
 college so far as practical instruction in
 ploughing, sowing and reaping is concern-
 ed.
 According to The Republican, the educa-
 tion of the farmers' boys and girls is lim-
 ited to the Agricultural college. As a
 matter of fact, the boys and girls from
 the farm have the same opportunity for
 education in the University or in any
 other line that they may desire and the
 complaint of the agricultural interests is
 that the education offered is too much
 along lines away from the farm and not
 towards the agricultural life. The original
 idea of the Agricultural college was to
 teach the science of agriculture. It was
 never intended to be anything but a tech-
 nical school and that is exactly what the
 people want it to be. The Republican
 editorial is a fair sentiment of the ideas
 of the men who are contending that the
 school should be a general college with
 just a touch of agriculture to uphold the
 name. If the position of The Republican
 were true, then the people are spending a
 lot of money for nothing, and the sooner
 the agricultural college is abandoned, the
 better.

SATURDAY'S BUSINESS

CATTLE.

After Prices Now on Highest Basis of Year. Receipts Light.

The week finishes with fat cattle prices on the highest level of the year and the outlook not favoring any increase in supplies that should permanently effect prices for good fat beef.

Some expectancy of temporarily increased supplies for next week is expressed in exchange circles owing to the high level at which all attractive and useful beef cattle have been selling.

The week has seen prices for all grades of beef cattle gradually working toward a higher level. Advances have been uneven and have been the result of a continuation of light supply under conditions that, it is considered, would bring out increased marketing if cattle were in the country.

The five leading markets have received 88,000 cattle during the week, a small increase over last week but 73,000 less than were at the same points one year ago.

Locally the week's supply increases about 900 head, but the total is less than half as large as for the corresponding period last year.

Prices have advanced unevenly on all classes of beef steers and are now on the highest level of the year.

Of course, we had a period early in the spring when few steers were selling below \$5.75 whereas at present sales are recorded below the \$5.00 mark.

It should not be forgotten that markets are getting a class of green light steers that were not coming six weeks or two months ago.

Choice steers have sold at \$7.10-\$7.20 during the week and these are the highest prices since 1902.

It is well to note, too, that these cattle could have been sorted and the tops sold at still higher prices.

This would look good on paper, but would not net the seller as much money as to sell them straight.

Anything on good order and of medium to heavy weight is now selling readily at \$5.50-\$6.00, while fair to good light and medium weight killers have been selling at \$5.75-\$6.40.

Common to fair light grassers have been selling at \$3.00-\$3.50.

COWS, BULLS AND MIXED. Business in this department today was a small clean-up affair at unchanged prices.

Cows and heifers shrank generously in the upward trend of cattle values this week. Receipts proved inadequate to meet the strong demand and the natural result was an active market all week with prices sharply higher.

Prices on the general run of cows and heifers are closing 25¢ to 50¢ higher than high point of the year.

A few prime cows landed at \$6.00, but it was mainly \$5.50-\$5.25 trade in useful grades.

Handy weight spayed heifers, not far from being in the prime class, sold at \$6.40 Wednesday. A string of choice mixed stuff sold at \$6.25 Thursday.

A range of \$5.50-\$6.00 took a big proportion of the heifer offerings, with trashy odds and ends going as low as \$3.75.

The market for good fat bulls was active all week, prices tending higher. Bologna's sold readily early but demand was less active at the close.

Calf values are closing 25¢ under last week's quotations with best vealers quoted at \$5.50.

STOCKERS AND FEEDERS. A strong demand has prevailed all week in the stocker and feeder trade. However, trading has been of limited volume as receipts of cattle suitable to go back to the country were so small.

The advance in fat steer values has caused a scramble on the part of buyers for anything carrying enough flesh to kill and about the only thing that stock cattle buyers could get a look at were light stockers and many of these were lacking in quality.

Such as were available, however, were gobbled up readily and values on all classes of stockers and feeders are closing a full quarter higher than a week ago.

Speculators are entirely out of cattle at the week's close and prospects favor a strong inquiry next week.

THE KANSAS FLOOD

THE KAW RIVER HAS ABOUT REACHED ITS HIGHEST POINT AT TOPEKA.

A GOVERNMENT FORECAST

Kaw and Missouri Rivers at Kansas City Will Reach Five Feet Above Flood Stage—At Other Points.

Topeka, Kan., June 9.—The crest of the rise in the Kansas river was expected to reach here some time Monday night. The government weather bureau says the water will reach a maximum height of about 28 feet. At six o'clock Monday night it registered 26.9 feet. If the rise exceeds two feet above the present level the city water works will be in danger.

North Topeka was practically deserted Monday night. Boat patrols were busy all afternoon taking those people from their homes who had delayed. Much of the contents of the houses has been moved and warning has been given to everybody. The water is deeper in the streets than at any time since the big flood of 1903. From the Union Pacific tracks to Soldier creek, Kansas avenue, the main street is all under water. The current is beginning to sweep away out buildings and thousands of ties from the Union Pacific tie plant are finding their way through the town.

Train service is practically at a standstill. No trains are being run by the Rock Island or Union Pacific out of here. The Santa Fe track is open to the south and west. The water is over the Santa Fe tracks between here and Lawrence and the approach to the bridge at Silver Lake is out. Just west of Topeka the Union Pacific tracks are under water.

No loss of life has been occasioned by the flood. A boat capsized Monday afternoon and a man narrowly escaped drowning. The further rise predicted will put the water well up into nearly all of the north Topeka houses. All but a few of the refugees have been taken care of at hotels and private houses. There is no suffering.

Junction City, Kan., June 9.—The conditions of the Kaw river Monday night at Junction City remained practically the same as Sunday morning, when the flood on the Republican river was at its highest. Monday night the Republican is one foot and six inches lower than it was Sunday but the Smoky Hill is two feet higher. All continue to overflow their banks in this vicinity. There is no train service north. The Union Pacific railroad is running a plug train between Manhattan and Abilene to connect with the Kansas City and Denver line which is using the Santa Fe between Abilene and Kansas City. Fort Riley is completely cut off from this city.

Washington, June 9.—The weather bureau in a special forecast published Monday night states that good warnings have been issued for the Mississippi river from Keokuk to Hannibal. Additional warnings have also been issued for the Kansas river and the Missouri river from Kansas City eastward above flood stage, indicated at Kansas City by Wednesday. The Mississippi river at St. Louis has passed the flood stage of 30 feet and a further rise will begin Wednesday or Thursday.

Flaw in Sound Advice.

It has been said that we make a mistake in prescribing special hours for going to bed and getting up, and it would be a better way to follow the example of the dog and take an occasional nap when we have nothing better to do. Lovely. But how about "the eternal buttoning and unbuttoning" and the making of toilets, from which his dogship is immune, save in high-bred circles?

Piano Dealers in Session.

New York, June 9.—The seventh annual convention of the National Association of Piano Dealers of America commenced its session of three days in the Hotel Astor Monday. The 990 members of the association were welcomed on behalf of the city by Patrick F. McGowan, president of the board of aldermen.

Cameron, Mo., Votes "Dry."

Cameron, Mo., June 9.—After the most exciting election ever held here this college town of 4,000 voted "dry" Monday by a majority of 56 out of a total of 740 votes. Prominent women stood guard all day to prevent the removal of liquor which had been stored by the "wets" and searched a number of joints.

Mr. Wheeler Assumes His Duties.

Washington, June 9.—In the presence of Secretary Straus and many of the bureau and division chiefs of the department of commerce and labor William R. Wheeler of San Francisco at the close of office hours Monday was inducted into the office of assistant secretary of the department.

A Michigan Tornado.

Port Huron, Mich., June 9.—One man was killed and one woman and two children badly injured and damage estimated at \$150,000 was done in Port Huron and vicinity late Monday afternoon by a severe wind and electrical storm.

INCENDIARIES IN GERMANY

ATTEMPT MADE TO BURN OLD CATHOLIC CHURCH.

Coolness of Priests Saved the 1,800 Worshipers From Death or Injury.

Berlin, June 9.—An attempt was made Monday to burn down the old St. Paulus Catholic church at Moabit, belonging to the Dominicans which was crowded with people assembled to hear a sermon by the famous Dominican monk, Bonaventuri. About 1,800 persons were present, including more than 1,000 women and children, to hear the mass. While the congregation was kneeling in silent prayer, some one informed Father Bonaventuri that the church was afire. Without alarming the congregation, he coolly stepped over to the priest who was celebrating mass and requested him to close the service. The priest left the altar and spoke to his six assistants, who walked down the aisles and whispered to the pew holders that an insignificant blaze had broken out and that they had better leave the building as soon as possible.

At this time the entire roof of the church was a mass of flames and the fire brigade was hurrying to the burning building. Those in the church, not knowing the extent of the fire, fortunately did not realize their peril, and on the clergy's request made their exit rapidly and in an orderly manner. When they reached the streets they found the firemen drawn up with ladders against the walls. The fire fighters discovered that nearly a dozen fire brands, soaked with petroleum, had been distributed about various parts of the roof. The flames were extinguished with difficulty after great damage had been done. The police suspect a gang of incendiaries, who, it is stated, set fire to the old Garrison church which was destroyed on April 14 last. The firemen declare that only the coolness of the clergy prevented a great disaster.

Paid a Big Fine.

Portland, Me., June 9.—A fine of \$10,000, the maximum penalty, was paid in the United States district court Monday by George F. Terry, the Waterville Mail Order house proprietor. The sentence was imposed recently by Judge Hale for conspiracy to defraud the government of postage of second class mail matter. The conviction was the first secured by the government in the fight of the post-office department against mail order houses.

An Editor's Widow Drowned.

Chicago, June 9.—Mrs. Margarethe Raster, widow of Herman Raster, formerly editor-in-chief of the Illinois Staats Zeitung, was drowned in Lake Michigan Monday at Winnetka, a suburb, where she was a patient at a health resort. Left alone by a nurse who had her in charge, Mrs. Raster walked upon a pier. It is believed that she was seized with a fainting spell and fell into the water.

Another Railroad Receiver.

Toledo, O., June 9.—In the United States court here the Wheeling & Lake Erie railroad went into the hands of a receiver late Monday afternoon. B. A. Worthington of Cleveland was named as receiver in the sum of \$100,000 bond. The petition on behalf of the American Car Wheel company alleges an indebtedness of \$28,000,000.

A Rockefeller Suit Dismissed.

Boston Beef Prices Advance.

Boston, Mass., June 9.—A scarcity of beef in the local market Monday sent wholesale prices to a figure higher than has been reached since the beef strike several years ago. Whole cattle were selling at 12 1/2 cents per pound. Dealers said that the cause of the rise was due solely to the law of supply and demand and that they did not anticipate a lower price until late in the summer.

HURT IN STREET CAR RIOT

ST. LOUIS FIGHT CAUSES INJURIES TO FIVE PERSONS.

Toughs Attack Conductor and Motor man in Row Over Payment of Fares.

St. Louis, Mo., June 9.—Five persons were injured, two of whom may die as the result of a riot on east-bound Market street car at Eleventh street Monday night. The motor man and one of his assailants are at the city hospital, the former in a critical condition while a third victim, an innocent spectator, was run over by the street car and his right leg cut off. He may die.

Miss Beatrice E. Trask of Richmond Heights, who fainted when the controller exploded in the car immediately following, was taken to the City hospital after the city dispensary of officials had failed to revive her. Two hours later she was resuscitated.

The trouble on the car began when it left West End Heights to run into the city. Several men boarded the car and became engaged in an altercation with Conductor Riffle concerning payment of the fares. After a time, according to Conductor Riffle, Beverly Brown struck him in the face. Some associates of Brown joined in and a free-for-all fight resulted. Motor man Packheiser stopped the car and went to the assistance of the conductor. Packheiser was pitched head foremost from the car and lay unconscious. He was immediately carried to the dispensary.

In the excitement the volunteer motor man escaped and has not been apprehended. Conductor Riffle was taken into custody but was soon released after witnesses had been interviewed in his behalf. Beverly Brown, who was taken to the city hospital, severely injured, is also under arrest, charged with having been one of the instigators of the riot. Joseph Looney, charged with being Brown's accomplice in assaulting Conductor Riffle, was also arrested. He denied having taken part in the fight. His hat was torn and his clothing was torn and badly soiled.

American Athletes Selected.

New York, June 9.—To represent the United States in the Olympic games which will be held in London next month, 76 men, the pick of the country's athletes, were Monday night selected as the American team by the American Olympic team committee at a meeting in the Astor house. The committee, with its unlimited range of selection, picked what is believed will be a team of track and field men that will bear the American colors worthily. Deaghen, McGrath, Rose, Sheridan and Coe are some of those selected to compete in the heavy weight and discus events. Sheppard at middle distance, Hillman for the hurdles, and Ewry in the high and broad jumps are some of the other selections which are regarded as safe event winners for the team.

Sheriff's Slayer Surrounded.

Guthrie, Ok., June 9.—A.H. Hunter or Jim Kingsbury, the negro murderer of Sheriff Garrison of Oklahoma City, is believed to be surrounded in the woods near Lovell, 22 miles north of here. He has traveled from Dover in Kingsfisher county adjoining since Sunday night which he spent at the home of MacKing, seven miles north-west of Kingsfisher. United States Marshal Abernathy and a posse left for Lovell late Monday afternoon to join in the hunt.

Finkelnburg Will Filed.

St. Louis, June 9.—The will of the late federal judge, Gustavus A. Finkelnburg, who died May 18 while in Denver, was filed for probate Monday. The estate is left to his widow, Mrs. Ida M. Finkelnburg, who is named jointly with the St. Louis Union Trust company, as executrix. A number of money bequests are made with the provision that the estate shall be found to exceed \$100,000 in value.

TALLOW, FURS, PELTS, WOOL, HIDES

The hide market remains in steady condition with the demand just about ample to take up the supply. Tanners are still very reluctant buyers of long haired, grubby hides and are making an effort to either buy them below present quotations, or not buy them at all. We consider it advisable to clean out your long haired, grubby hides in season, and we are going to leave our prices unchanged for another week and give you that opportunity, but we expect in the near future to be obliged to quote long haired hides at a reduction, same as last year. Wool market is steady on a basis of below prices. Tallow unchanged.

GREEN CURED HIDES No. 1, No. 2, grade cured. Green uncured hides, 10 less than same grade cured. Green half cured, 10c less than cured. Horse hides, green, No. 1, \$2.50. Horse hides, No. 2, 1.50. Green pony hides, 1.50. Sheep pelt, green, \$2.50. Dry, according to wool, per pound, \$4.75.

DRY HIDES Dry flint butcher, heavy, 13 0. Dry flint, heavy, 12 0. Dry flint, under 10 lbs., 10 0. Dry salt, heavy, 10 0. Dry salt, under 10 lbs., 7 0. Tallow, No. 1, 2 1/2. Tallow, No. 2, 2 1/2. Beeswax, 15 1/2.

WOOL Heavy fine, 50 1/2. Angora pure and long, 12 1/2. Mixed, 10 1/2. Heavy of good quality, 10 1/2 less per lb.

Send sample, get our prices. We also handle wool on commission. We have a large store house at St. Joseph; you can ship us your wool to be sold on commission and we will look after your interests to the best of our ability. Charges for storing and selling 1c per pound.
