## Five Men Draw Sentences In District Court Cases

Five Bailey county men received sentences in last week's district court criminal session but a four-day civil trial ended in mistrial after jurors were unable to agree on a verdict.

District Judge E. A. Bills wound up the term late Friday after again calling the August grand jury back into session for a one-day hearing.

Topping the criminal trial docket for interest was the case of Jose Marie Cavazos, 18-year-old Latin-American youth who had statutory rape of a 13-year-old girl. The law requires that the defendant be given a jury trial in such instances even though he has pleaded guilty.

The jury imposed a 5-year suspended sentence on the youth.

In another trial, Dewey Frank Rush Jr. pleaded guilty to indecent exposure and was handed a two-year penitentiary sentence.

Another who pleaded guilty was Billy Bob Williams, charged

with passing a forged instrument. He was alleged to have forged a check on Bill Daniel to the amount of \$20 and of passing it to R. D. Gilliland in 1961. He was given three years in the penitentiary.

Simon Chavaz pleaded guilty to burglary of a Bailey county gin in 1960. He was put on five-years' probation.

B. C. Locke pleaded guilty of passing a check for \$21.50 given to a Muleshoe grocery. The

check bore the fictitious name of A. D. Noel, and was dated for June of this year.

He was given two years in the penitentiary.

In the longest trial of the week, Cecil Shelton asked \$35 a week for 401 weeks from the insurance division of the State Highway Department for injuries he alleged he had received in his work. The case ended in mistrial when jurors failed to agree on a verdict.

## Group Picks Airhart Head '63 Chamber

Bobby Airhart, vice-president of Muleshoe State Bank, was elected president of the Muleshoe Chamber of Commerce for 1963, it was announced this week by Cecil Tate, chairman of the Chamber's nominating committee.

Bill Wimberly, manager of Texas Sesame Growers, Inc., was elected vice-president and Harmon Elliott, vice-president of First National Bank was elected treasurer for 1963.

Ellis, president; James Jennings, vice-president; and Harold Allison, treasurer. Retiring directors include: Irvin St. Clair, Earl Harris, and Owen Jones.

Tate said a total return of the greater portion of the mailed-out ballots indicated continuing high interest in the chamber by the membership.

Other members of the nominating committee are Buck Creamer, Karl Freyer, Irvin St. Clair, and Bill Wimberly.

Last weekend the missus and I journeyed to Canyon to attend "guest day" at West Texas State College when newsmen and bankers (I never did find out exactly WHY that particular combination) were guests of that thriving West Texas institution of higher learning.

It was the first time I'd actually got around to touring a campus in many a day. In many respects college was "little different" from the good old days when I was gracing the halls of ivy. The chemistry lab still stinks. There were the same monkeys that were pickled in alcohol or something. And there was the same kind of library and the same type auditorium in which I slept blissfully through many an assembly as do the lads and lassies of today.

The college professors I saw were little different from the professors I had way back yonder when I was working (?) for a degree. Most of them apparently still think that theirs is the only subject on the campus worthy of study, and one of the profs we met was hunting for his hat in my days. Dr. Robbins always had difficulty keeping up with his hat until his wife sewed a small black cord to the hat and attached the other end to the good prof's coat lapel. That way he kept up with his hat practically all the time - except when he pulled off his coat. In that case he lost both his hat and his coat.

There was the usual bulletin board which posted the usual announcements all the way from freshmen please report for class elections down to the item asking that somebody please return Lizzie Blo's \$1.98 pen which she left in the Student Union snack bar day before yesterday.

## Lions Club Sets Musical Revue

Muleshoe Lions club will present "Zogi Variety Revue" at the high school auditorium at 8 p.m. October 26, it was announced Wednesday by Gerald Priboth, chairman of the committee. Advance ticket sales are to start soon with \$1 fees for adults and 50 cents for children. Tickets at the door will cost \$1.25.

To promote advance sales, the club has been divided into two groups headed by Truman Lindsey and Bill Moore.

The Zogi revue is recognized as one of the top variety shows on the road today, featuring a number of different acts ranging from music to escape artists.

Others on the local committee include John Charles Gilbreath, Robert Hooten and Ray Martin.

Among the entertainers who will be presented is Bob Fisher, pianist and musical director.

According to "ZOGI", producer of the show, Mr. Fisher is a versatile artist whose performance at the piano will offer something of appeal to all ages. His repertoire will include classical, popular favorites, and something for the teen-age taste, even

## Fire Prevention Week Set Here

Fire Prevention week begins Sunday, as proclaimed by President Kennedy.

Since the Chicago fire of October 9 and 10, 1871, which wiped out the entire business section and a large part of the residential properties of that city, fire prevention and protection have progressed from a rule-of-thumb method, an occasional practice, to the status of a science. Sound rules of fire safety are now well established and are available to all.

Fire prevention was emphasized annually as "Fire Prevention Day" for some thirty years before 1920. In that year, the President of the United States proclaimed "Fire Prevention Week," to include the date of October 9, the anniversary of the Chicago fire.

The fire prevention movement has been an active part in nearly every chamber of commerce in the United States under the leadership of the Chamber of Commerce of the United States in Washington. Since 1922, the national chamber has provided an organized program of leadership in promoting fire prevention and protection.

The chamber sponsors the National Inter-Chamber Fire Safety Program, featuring an annual contest among participating cities. Hundreds of chambers of commerce, with their fire

# November Trial Likely For County Attorney

BRONZE GOLD — It's started rolling into elevators in Muleshoe now, the 1962 grain sorghum crop. As the picture above indicates, lines of trucks bearing Bailey County's second-best money crop are stretching down the roads leading to the elevators. Yields are running from 5,500 to 6,500 pounds to the acre and bringing \$1.90 in the loan or \$1.60 on the open market. Receipts so far have been mostly from irrigated lands; dryland grain will start moving soon. (Journal Photo & Engv.)

## Grand Jury Again Indicts Lovelady

A district court grand jury, called back into action last Friday to probe again into the affairs of Karl Lovelady, came up with still another indictment against the county attorney, a charge of theft and extortion.

Trial is tentatively scheduled on one of two felony indictments next month, and Jack Young, district attorney, said he would ask for trial "at the next jury criminal court term to start November 19."

## Tire Blows Out, Woman Injured

A tire blowout which resulted in a two-car crash sent one person to West Plains hospital here with a broken arm and virtually demolished both automobiles. The accident occurred 13 1/2 miles north of Muleshoe Wednesday.

Injured was 26-year-old Pauline Gelavis, Star Route, Earth. She suffered a broken left arm. Her husband, Manuel Gelavis, 43, and two small children riding in the '47 station wagon with Mrs. Gelavis, all escaped injury.

Also escaping injury was Beulah Thomas Mimms, 35, Route 3, Muleshoe.

A blowout on Mrs. Mimms' car, a '58 sedan, forced her car onto the left side of the road in the path of Gelavis' station wagon. His car turned over one and a half times, coming to rest on its side, Highway Patrolmen Carol Parker, Farwell, reported.

Mrs. Gelavis was brought to West Plains hospital here by a Singleton Funeral Home ambulance.

## C-C Board Backs Courthouse Plan

Board of directors of Muleshoe Chamber of Commerce met October 1, in the Chamber of Commerce with the following present: Spencer Beavers, Frank Ellis, Owen Jones, Bill Wimberly, Harmon Elliott, Bobby Airhart, Roger Albertson, Earl Harris, Irvin St. Clair, W. F. Birdsong, James Jennings, and the manager.

The board unanimously approved the recommendation of the civic affairs committee that the chamber support and urge public support of the need for adequate courthouse and jail facilities.

The board heard a report that on October 8, a representative of the Rogers Co., will meet with interested persons to discuss the possibility of observing Muleshoe's 50th anniversary next year with a celebration of some kind.

A. W. Voight, field representative of American Red Cross, appeared before the board to discuss some of the problems of to suggest a united fund campaign for Bailey county.

Early last month the grand jury, headed by Ernest Kerr, had returned three indictments against the county attorney, but only one involved sufficient money to put it in the felony category - a \$50 returned check which the district attorney says Lovelady gave to a grocery store here.

Asked if he had any comment to make on the newest grand jury indictment, Lovelady said, "I shall ask my attorney to make any statement which may be issued."

The newest indictment, listed in district court clerk's records as cause No. 740, reads as follows:

"In the name and by the authority of the state of Texas, the Grand Jurors, duly selected, organized, sworn and impaneled as such for the county of Bailey, state of Texas, at the August A.D. 1962 term of the 154th judicial district court for said county, upon their oaths present in and to said court that on or about the 3rd day of July, A.D. 1961, and before the presentation of this indictment in the county and state aforesaid, Karl L. Lovelady, did, then and there, fraudulently take \$100 in money of the value of \$100, the same being the corporate personal property of Thomas Cavazos, Rafael Cavazos, and Francisco Cavazos from

## Bond Election for Courthouse Project Due on Nov. 6 Ballot

With plans for a complete remodeling job on the county courthouse tentatively approved by the county commissioners, a vote call for the November 6 general election was virtually assured Thursday.

County commissioners met

with the architects and bonding firm representatives and approved the plans for the remodeling job which will extend the present building three directions and give the old structure an almost complete over-hauling.

The commissioners are expected to make few if any further changes in the architects' drawings, although County Judge Glen Williams said Thursday that "some minor changes" may yet be made.

The county officials have until October 8 in which to issue a bond election call for the November 6 election. They are expected to call the election on

## Band Pupils Selling Journal, Magazines

Muleshoe's Mighty "M" marching band members are selling subscriptions this week to magazine and to the Muleshoe Journal as fund-raising project, it was announced Thursday. The campaign will continue for "about two more weeks," it was explained.

The band will receive \$1 from each \$4 subscription to the Journal which the pupils sell, and a percentage of all magazine subscriptions signed up.

Just about "every kind of magazine printed" is being offered in the magazine sales division.

Kathy Phillips, director, said new officers this year include Keith Stephens, president, Kathy Gray, vice-president, and Barbara Evins, secretary-treasurer.

Band king and queen will be crowned October 12, and candidates for queen are Sandra Scott, Davy Jean Anderson and Barbara Evins. Band King candidates are George Moraw, Smitty Aylesworth and Keith

that date in time for voting to be done by absentee ballot casters as early as October 20. A number of details remain - (See BOND, page 4)

\$650 Is Pledged For Yule Project

Christmas committee of the Chamber of Commerce has pledged totaling \$650, plus an unassigned pledge for \$15, it was announced Wednesday following a meeting of the group Tuesday night. John Smith is chairman of the Christmas project.

This year's Yule promotion will be in the form of elaborate Christmas displays covering the courthouse lawn.

Gerald Priboth is contacting (See YULE, page 4)

## Club Schedules Annual Tourney

Muleshoe Golf Club will stage its annual membership golf tournament, starting next Sunday, it was announced Thursday by Ray Hardy, club pro, and Bernard Phelps, tourney chairman.

Entry deadline is Saturday. First match play will start next Sunday; the tourney will conclude the following Sunday.

The meet is to be medal play with full handicap. Merchandise prizes are to go to the winners. Entry fees are \$5, with participation limited to club members.

A heavy slate of contestants is expected to take part in the meet, always one of the high spots of the year for the club, Hardy said.

Members of the tournament committee, in addition to Phelps, are Don Bryant, Russ Haber and Fluff Myers. Haberer was the 1961 winner.

Women's tournament also will be held, following the same pattern, with Pearl Gunstream as chairman of the tournament committee for women.

## DeShazo P-TA Sets Friday Chili Supper

A chili supper, sponsored by DeShazo P-TA, will be held in the high school cafeteria Friday preceding the Hereford-Muleshoe football game.

Serving will begin at 5:30 pm, and advance tickets are being sold by the DeShazo teachers and the sixth-grade students. Adults tickets are \$1, and 50 cents for children under 12.

The menu will consist of chili, beans, crackers, fritos, and relishes.

## New Speed Limits Set for Muleshoe

Muleshoe City Council has set new speed limits on highway streets, Mayor Arthur Crow announced Thursday. Special speed zones were set up dealing with various portions of the city, Crow explained, and the emergency clause was attached, putting the ordinance into effect immediately.

All of U.S. 70 highway through the city limits is included in one zone. The ordinance reads: "Beginning at the intersection with U.S. 84, speed limit for both east-bound and west-bound traffic shall be 30 mph to Cedar Avenue up to 50 mph at the east city limits."

Beginning at the west city limits on U.S. 84, the council has established speed limits of 50 mph down to 35 mph to the center of East 3rd.

Another speed zone is established for SH 214. The ordinance reads: "Beginning at the north city limit, the maximum legal speed for southbound traffic shall be 60 mph during the daytime and 55 mph during the nighttime." The limits then step down to 35 mph at the intersections of U.S. 84 and 70.

The ordinance sets the fines at from \$10 to \$200.

The complete ordinance appears on page 3-C of this issue.

The Mules spotted the Wildcats 14 points and then got down to playing the kind of football that the stadium packed fans have been looking for all year.

On the kick-off the Wildcats moved the ball out to their own 47-yard line. They then moved the ball to the Mules' 17 yard line in 12 power plays. Then Rich-

ard Osborn, Wildcat halfback threw a pass to Joe Bert House in the end zone for the touchdown. Duncan Hudnall then kicked the goal for the extra point.

The Mules took the kick on the 11 and moved the pigskin out to the 21 but were penalized back to the 16. Three plays later they were still on the 16 and had to kick which was good for 56 yards, which was considerably better than they did a week ago.

Clovie then tried to move the ball, but the Mules had clamped down on defense and the Wildcats had to punt. Muleshoe took it on their own 20 and on the first play lost back to the 18. On the next the Mules fumbled on their own 16 and Clovie recovered the ball and three plays later Ray Hallmark, Wildcat fullback threw through the line from the three for the TD. Duncan Hudnall's kick for the extra point was good and then the excitement started.

Kenny Heathington, Mule quarterback, threw a pass to Jerry Gilbreath who was on the five

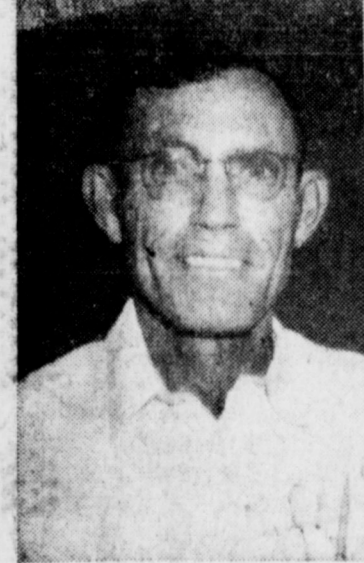

to set up the first score for the Mules. On the next play Heathington punched over for the touchdown. Kick for extra point was no good and the Mules were still 14 points behind when the half ended.

The third quarter was a defensive battle between the two clubs. Neither team made a first down and the pigskin was punted four times and then early in the fourth quarter the Mules fired up by a pass from Heathington to Clifford Gray who caught it on the 50 and ran to the Wildcat's six yard line. Two plays later, Heathington took it over from the 1 for the second Mule score of the ball game.

Jerry Harrison, who took over for Heathington who suffered a leg injury on the touchdown play ran over for the two extra points which ended the scoring for the evening. The Wildcats took the ball but couldn't move, then the Mules tried their luck but they could do no better and had to

### Vows Repeated By Hazel Carpenter And W.M. Bradley In Baptist Church

Hazel Marie Carpenter became the bride of W. M. Bradley in a ceremony read in Lazbuddie First Baptist Church on Saturday, September 22. The Rev. Tom Warren, brother-in-law of the bride, officiated.

Parents of the couple are Mr. and Mrs. M. L. Carpenter, Baileyboro, and Mr. and Mrs. W. M. Bradley, Sr., Muleshoe.

Given in marriage by her father, the bride wore a white sheath dress complemented with a short jacket highlighted by three-quarter length sleeves trimmed with white fur trim.

The bridal bouquet was a seven-point star arrangement of pincho roses and lilly-of-the-valley accented with rose leaves, rhinestones and tulle which she carried atop a white Bible, a gift from the groom.

Marie Redwine, Bovina, served as matron of honor. Bridesmaids were Bonnie and Eva Carpenter, sisters of the bride. A junior, Shirley Carpenter, was junior bridesmaid and Pattie Carpenter was flower girl.

Serving as best man was Clyde Redwine, Bovina, and groomsmen were Bob Carpenter and Gene Bradley, brothers of the bride and groom. Ringbearer

was Lynn Carpenter, nephew of the bride.

Wedding music was provided by Mrs. Elayne Fincannon who sang, "The Lord's Prayer" and "Because." Harold Wayne Carpenter sang "I Love You Truly".

The bride's something old was a handkerchief belonging to Mrs. L. D. Carpenter; something new, a strand of pearls which was a gift from the bridegroom; something borrowed, and English coin worn in her left shoe; and something blue, a thread in the hem of her dress. She wore a penny in her left shoe dated the year of her birth.

Serving at the reception that followed were: Mrs. Earl Peterson, Mrs. Raymond Houston, Latimer, Deanne Latimer, Gracie Davilla, and Mary Lou Peery.

The bride is a 1953 graduate of Three Way High School and attended ENMU, Portales. He received his BS degree from New Mexico Institute of Mining and Technology. He also attended Baylor University.

After a short trip to Colorado Springs, the couple are at home in the Lazbuddie community where the groom is engaged in farming.

**WEDDING REVEALED** — Mr. and Mrs. Howard Elliott, 406 West Fifth Street, announce the marriage of their daughter; Roberta Melzine, to Gerald Marlin Coleman, Wilson, Friday, Sept. 28, at 6 p.m. Double ring vows were solemnized by the Rev. R. N. Huckabee in the First Methodist Church parsonage in Lubbock. The couple were attended by Joan Green, Muleshoe, and Ray Clark, Lubbock. For her wedding, Mrs. Coleman wore a beige tweed suit trimmed in Autumn haze mink complimented with beige accessories. She wore a matching haze mink hat. Mrs. Coleman is a graduate of Muleshoe high school, attended Texas Tech and is employed as a dental assistant. Coleman is the son of Mr. and Mrs. Grover Coleman, Wilson, and is now a senior at Tech. At present, he is employed at KLBK radio and TV station. After a wedding trip to Ruidoso, N.M., the couple will be at home at 4817 - 52nd St., Lubbock.

**United Nations Is Guild Topic**

An informative program on "United Nations" was presented by the Woman's Society of Christian Service last Tuesday in the Youth Chapel. Mrs. Ralph Douglas was assisted in presenting the program by Mrs. Neal Dillman, Mrs. Finley Pierson, Mrs. O. C. Kirk and Mrs. Ramon Martin. Mrs. Frank Peery's devotional was also in keeping with the theme for the day. Mrs. Martin presented a report on her office as secretary of Promotion. Mrs. Dean Bishop, president, opened the session with an appropriate call to worship and remarks concerning the world situation of the day. At the conclusion of the program Mrs. Douglas gave a resume of the talks presented at the Methodist Convocation on

Christian Social Concerns held September 25, 26, and 27 in Lubbock.

A prayer written by Martin Luther was used to close the meeting.

The worship center carried out the theme for the day with flags of all nations surrounding a painting of the United Nations building by Joe Adams, a local artist.

Members were urged to attend the Christmas card coffee being held by each circle during the month of October.

**Bailey County Women's Bureau Committee Holds Annual Meeting**

Bailey County Farm Bureau meeting and luncheon will be held at Paul's Fine Foods in Muleshoe Thursday at 1 p.m.

This meeting will be the first milestone that the women's committee has passed since they organized on September 28, 1961. They have the honor of being the first Farm Bureau women's committee to be organized in the state of Texas. For that reason they are recognized by American Farm Bureau and it's national women's committee; as being the unofficial Texas Farm Bureau Women's committee. Many other states have active women's committees in all counties. Bailey County Women's committee would like to see this become true in Texas. Until that time, as unofficial head of the Texas county women are able to wield a great deal more influence than could otherwise be expected. They are recognized by the Texas Farm Bureau leaders wherever they attend meetings.

The purpose of the Women's Committee is to help the Farm Bureau directors in their job of Bureau policies.

They have held legislative study meetings on various issues including the farm bill, medicare, foreign aid, United Nations, trade bill, disarmament bill, and many other issues that they considered important enough to call meetings.

They have been active in policy development of Farm Bureau and they have worked on several county resolutions that they intend to take to the state convention.

The program for Thursday Luncheon will include a review of the past year's activities and a study of proposed county resolutions that have been obtained by the resolutions committee by holding several discussion meetings.

Some 143 of Texas' 254 counties, or 56 per cent, declined in population during the fifties.

**Installation Set By Rainbow Girls**

Davy Jean Anderson, daughter of Mr. and Mrs. David Anderson, will be installed as Worthy Advisor of the Muleshoe

DAVY JEAN ANDERSON

Assembly of Order of Rainbow for Girls in a public ceremony at 7:30 p.m. Saturday, October 6, in Masonic Hall.

Fire--

(Continued from page 1) departments, city officials, and civic clubs, actively engage in this program, and their continuous, systematic efforts have made a notable contribution in controlling the nation's fire losses.

In observing Fire Prevention week, Muleshoe takes its place with other cities throughout the United States in carrying on a program which will result in a safer city in which to live.

The following proclamation was issued Thursday by Arthur Crow, mayor of Muleshoe:

WHEREAS thousands of Americans lose their lives each year from fires that could be prevented; and

WHEREAS great social and economic losses to our city result from the destruction of

homes, business enterprises, industries and natural resources: THEREFORE, I Arthur Crow, Mayor of Muleshoe do hereby proclaim the week beginning October 7, 1962, as Fire Prevention Week.

I call upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. The Fire Department and the schools of our city can provide effective leadership in the activities of Fire Prevention Week, and I urge them to work with the chamber of commerce and other organizations for a successful program.

I earnestly request every citizen of the community to take part in relieving hazardous conditions and making our city a safer community in which to live and work.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of Muleshoe to be affixed.

Done in the city of Muleshoe this second day of October, 1962. Arthur Crow Mayor

Ray's--

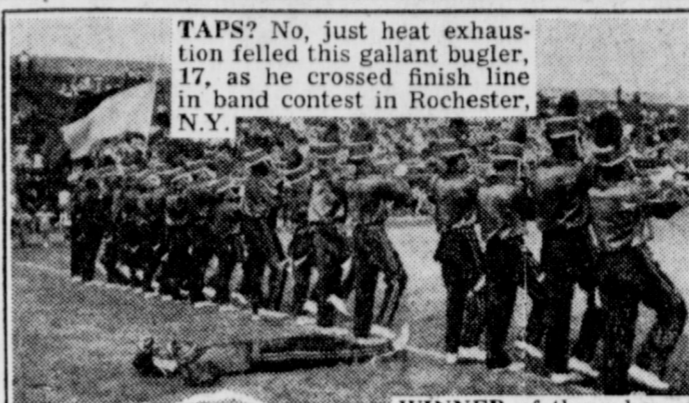

(Continued from page 1) popular sports was to drive by, toot three times on the Klaxon and see who came out, maybe days all that's gone, and the boys have practically no fun, not only because the Klaxon is gone, but because the dorms themselves are almost fire-proof. At WTSC they've solved that problem by building the dorms in big one-story square units which completely enclose a very private patio and the doors to the patio which can be reached only through the housemother's quarters. Which may partly account for the fact that boy enrollments are declining while girl enrollments are gaining at most schools. Of course the fact that there is no longer a GI passport for the boys may have something to do with the enrollment ratio.

Then there was another difference that I could see between my college and the college we visited last Saturday: The buildings are farther apart and the stairs are much steeper nowadays. They must be, because I can't recall that my feet hurt back in the old days after I had walked around the campus eight or 10 times to see if Lizzie was coming out tonight. And at the chicken-cobbler dinner which wound up the afternoon's festivities, there were more shoes under the tables than there would be at a ladies' two-for-one sale at the corner bargain store. And not all the empty shoes were women's shoes, either. There were a number of men who had let their feet come out for an airing after that long trek through the campus.

But at that chicken-cobbler dinner I again felt as if I might be back in my own old ivy-covered college: The president sounded the usual plea, that of not having enough money to run the school as it should be done. Frankly I think he is doing a mighty nice job, but maybe not all the bills are paid. Anyway, just as Dr. Bennett wept bitter tears over the financial situation of my old school way back yonder, the president of WTSC wept bitterly over the lack of sufficient funds to run a school as he figured it should have been run. It all sounded very familiar. Seems legislators are still a bit hesitant to hand out money for higher education.

Maybe, too, the WTSC proxy was waxing eloquent on the poverty theme because the bank-

The bonding firm must also decide a number of financial matters - such things as how much money can be voted through a bond election, how much money will be available from other sources, how long the bonds are to run, and the maximum interest rate that can be charged.

The building will be extended on all sides except the east, the front side, and the entire building will be re-faced when the project, if approved by the voters, is completed. One of the greatest needs is for a new jail, although all quarters of the building are badly crowded, it was pointed out.

### Sudan Seaman In Antarctica Area

ANTARCTICA (FHTNC)—Richard Locke, gunner's seaman, USN, ward of Mr. and Mrs. Lee R. Ellis of Sudan is serving aboard the radar picket escort USS Durant, now in Antarctica for an eight-month tour of duty in "Operation Deepfreeze 63."

The Durant will act as a communications relay between Christchurch, New Zealand, and McMurdo Sound, Antarctica, providing navigational aid and weather

reports for logistic flights in that area.

The ship will remain on patrol for about 30 days at a time, entering Dunedin, New Zealand, once a month to replenish supplies and provide the crew with a short period of relaxation.

During the deployment, the Durant is scheduled to visit Hobart, Tasmania; Sydney, Australia, and Bora Bora, Society Islands. A unit of the eight-ship Escort Squadron Five homeported in Pearl Harbor, the ship will return to Hawaii in mid-April, 1963.

### Lubbock Pastor To Be Honored

LUBBOCK—Dr. J. Ralph Grant, pastor of First Baptist Church, Lubbock, will be honored October 15, publication date of his book "Letters to the Seven Churches," at an autograph party from 9:30 a.m. — 11:30 a.m. and from 3:30 p.m. — 5:30 p.m., at the Baptist Book Store, 1212 Avenue Q. The public is invited.

Dr. Grant's first book to be published, "Letters to the Seven Churches" has nine messages, seven of which are based on the

letters to the seven churches in Revelations.

Dr. Grant is former president of the Baptist Convention of Texas and a member of the Southern Baptist Foreign Mission Board. The autographing event is one of several special services planned by the Baptist Book Store.

National Bible Week will be observed also by the store October 15-20. Old and rare Bibles and a replica of the "Coronation Bible of Queen Elizabeth II" will be on display.

Dr. H. I. Hester, of Kansas City, Mo., will be in the store October 17 to lecture on Bible teaching. He is vice-president of Midwestern Baptist Theological Seminary, and co-author of "Broadman Comments," a Sunday School lesson commentary.

That same week "The Interpreter's Bible Dictionary-Cyclopedia," will be presented to the public. The four volume dictionary is said to be the first Bible dictionary to be published in 100 years that is not based on some other Bible dictionary.

National Children's Book Week November 12-17 will be observed by the Lubbock Baptist Book Store. Authors and counselors will be invited as guests of the book store to advise with parents, school teachers, Sunday School and Training Union elementary teachers and leaders, and church librarians on best books for children.

### School Drivers Get Certificates

Muleshoe schools have presented certificate awards of merit to 18 bus drivers who did outstanding jobs during the 1961-62 school year, Neal Dillman announced Wednesday.

The awards were given for "outstanding performance as a school bus driver of the year, having been certified as driving without a preventable accident during the school year."

Awards went to Robert Clark, Betty Coley, Georgia Jackson, Becla Burge, Jean Kemp, Byron Hardgrove, Mrs. Oron Sims, C. E. Layne, Carolyn Duncan, W. O. Coltrane, Wendell Speck, Barbara Burton, Melvin Mackey, Elmer Smith, Mary Johnson and Louise King.

This is an outstanding record, Dillman pointed out, because of the fact these drivers transport approximately 900 students, 1,014 miles per day for 175 school days.

"The schools are proud of these drivers' records, and it is our sincere hope that this fine safety record will continue at the same high level," Dillman added.

A picture of awards being presented to eight drivers appears on page 11C in this issue.

### Carloading Off Slightly For Week

Total carloads moved over Santa Fe System Lines for the week ending September 29, were 35,035 compared with 36,121 for the same week a year ago.

On-line loadings were 22,526 compared with 23,682 for the corresponding week last year.

Car received from connections totaled 12,509 compared with 12,439 for the same week a year ago.

Santa Fe handled a total of 34,787 carloads in the preceding week of this year.

fraternity of Travel Counseling includes Texas employees of the American Automobile Association, the major oil company touring services, and Tourist Bureau personnel of the Texas Highway Department's Travel & Information Division.

Each year this small group, numbering only about 75, gathers in a different Texas locale to be brought up to date on Texas' newest tourist attractions and facilities, and to hone their skills in encouraging tourists to stay longer and spend more in Texas.

### Should Doctors Tell the Truth To Patients Hopelessly Ill?

Should a patient be told, by his doctor, that he is about to die?

The October issue of Good Housekeeping Magazine investigates the perplexing question by asking two distinguished physicians their contrasting views.

Dr. Claude E. Forkner, professor of clinical medicine, Cornell University and attending physician at New York Hospital said: "During the many years I have practiced medicine I have repeatedly been told that a seriously ill patient who hears the truth about his condition may become suicidal or mentally unstable. I have been telling the patients the truth for a long time but I have never seen either of these things happen."

"I am aware that a recent study revealed that an overwhelming majority of physicians conceal the facts about serious illness. Yet I doubt that many of their patients are really deceived. Medical science is no longer a mystery. Through books, newspapers, women's magazines and radio and television, the medical profession has been educating the public for several decades. The research organizations make an earnest attempt through the press, direct mail, posters and other media to describe the warning symptoms of most widespread illnesses. The American Cancer Society's highly publicized

SEVEN DANGER SIGNALS send thousands of people each year to their doctors for check-ups.

"When patients are told the truth a kind of protective strength enfolds them. I cannot say whether the power comes from a spiritual or psychological source."

"If one has to walk through the valley of the shadow of death I think it is better to go without a blindfold," concludes Dr. Forkner.

Speaking in the negative, Dr. Milton Dworin, clinical instructor of medicine (cancer teaching service) and medical consultant at New York University-Bellevue Medical Center, revealed:

"Where possible, I believe that the complete truth about a fatal illness should be mercifully withheld from the patient."

"I am well aware that the question, 'Should the Doctor tell?' is a highly explosive one. I know that repeated public-opinion surveys show that a vast majority of people in all walks of life insist, 'I want to be told about any diagnosis that reveals a dangerous or apparently fatal illness.' Most people go further and say 'I have the right to be told! It's my money you're treating! It's my money you're taking for your fee!'"

**Study Club Program Presented on Citizenship and Constitution**

Muleshoe Study Club met last Thursday in the home of Mrs. Horace Blackburn, observing Americanism Day. The theme "Citizenship and Constitution Day" was carried out in an interesting program presented by Mr. and Mrs. Gilbert Lamb. His topic, "Our American Heritage" was given in lecture form. Mrs. Lamb gave an historical talk, telling of her home town in East Texas, Jefferson. She showed a brochure containing pictures of some of the old homes in Jefferson that are being restored, because of their being routed through Jefferson, as an outgrowth of this restoration.

Further adding to the theme for the evening was each member answering to roll call with an excerpt from the United States Constitution.

During the short business session conducted by Mrs. J. G. Arnn there was a discussion of various money raising projects to be conducted during the year.

Mrs. Blackburn took the members through her home and showed them historical pieces of furniture that she had gathered from members of her family. An antique desk that had been her father's, had been re-

finished and put to practical use in her home.

Pineapple ice cream, pie, and coffee were served to the following members: Mrs. S. L. Benefield, Mrs. R. O. Gregory, Mrs. I. N. Jennings, Mrs. O. E. Lumsden, Mrs. Gil Lamb, Mrs. J. G. Arnn, and Mrs. Ramon Martin. Mrs. Blackburn was assisted in serving by her mother, Mrs. A. C. Bray.

**Mrs. Thompson Is Shower Honoree**

Mrs. Gerald Thompson was honored with a layette shower Friday afternoon in the home of Mrs. Clyde Hogue near Bula. Hostesses assisting Mrs. Hogue were: Mrs. C. A. Williams, Mrs. E. O. Battles, Mrs. Raymond Austin, Mrs. Royce Teaff, and Mrs. Fred Locker.

The serving table was laid with white lace over pink, centered with a Hallmark party arrangement. Mrs. Dewitt Tiller served cake topped with ice cream while Mrs. Edd Crume served the punch.

The hostess gift to the honoree was an infant seat and diaper pail.

Among those from out of the community attending were Mrs. C. H. Parkman and Mrs. C. M. Tidwell, Littlefield, Mrs. A. J. Wallace, Morton, the honoree's mother, Mrs. Ivey of Lubbock.

**SpeckHomeScene Of Stork Shower**

The home of Mrs. Jack Speck was the scene of a pink and blue shower Wednesday morning September 19 honoring Mrs. Pat Claunch.

The refreshment table was laid with a white maderia cut work cloth centered with a huge blue baby bootie which held an arrangement of pink and white carnations. Mrs. Marvin Drake presided at the silver coffee and tea service and Mrs. Travis Spencer served sausage biscuits and cake. The honoree was presented with an unusual cor-wa a four-way portable crib.

The hostess gift to the honoree was a four-way portabl crib. Hostess assisting Mrs. Speck with the hospitalities were Mrs. W. B. Gage Mrs. L. H. Medlin Mrs. C. K. Holt Mrs. F. L. Simmons Mrs. Jimmy Cannon Mrs. C. L. Cannon Mrs. Marvin Drake Mrs. Paul Young and Mrs. John Blackman.

**Bureau Works On Resolutions**

This is the harvest season for ideas in Farm Bureau, and members are being urged to participate in the annual process by which the organization decides its positions on hundreds of issues on local, state and national levels.

The process begins at the grass roots with local discussion meetings attended by Farm Bureau members. The first official step in the process is the county annual Resolutions meeting at which county policies and recommendations on state and national issues are adopted after discussion and debate. The Bailey County Farm Bureau annual October 9 at the American Legion Hall in Muleshoe.

All adopted resolutions pertaining to county-level matters become policies for the local organization for the ensuing year. All approved resolutions dealing with state and national matters are forwarded as recommendations to the Texas Farm Bureau convention which will be held this year Nov. 11-14 in San Antonio. County Farm Bureaus send delegates to the state convention to adopt state policies for the coming year and to make recommendations on national issues for consideration by the national Farm Bureau convention to be held this year in December in Atlanta. The number of delegates from a county is based upon the size of the membership of that county. For example, Bailey County FB, which had 627 members in 1961, was eligible to send seven delegates to the state convention last year.

Among those from out of the community attending were Mrs. C. H. Parkman and Mrs. C. M. Tidwell, Littlefield, Mrs. A. J. Wallace, Morton, the honoree's mother, Mrs. Ivey of Lubbock.

**Farmers Union Sets Meeting**

Annual meeting of the Bailey County Farmers Union will be held at the Needmore community center next Thursday night, Oct. 11, it was announced Wednesday.

Speaker will be Jay Naman, president of the Texas Farmers Union, Waco.

Five courses in Bible and religious education are offered for University of Texas credit by the Association of Religious Teachers. They are taught by the B'nai B'rith Hillel (Jewish), Newman Catholic, Church of Christ, Lutheran, Townes Baptist and United (Methodist, Christian, Presbyterian and Episcopal) Bible Chairs.

**Mrs. Johnson's Rites Conducted**

Funeral services were held at the Church of Christ last Saturday afternoon for Mrs. Willie Wagnon Johnson, 61, long-time Muleshoe resident, who died at the Green Hospital & Clinic at 3:17 p.m. Sept. 27. Conducting the rites were Ebb Randol, Farwell Church of Christ minister. Burial was in Bailey County Memorial Park with Singleton Funeral Home in charge of arrangements.

Pallbearers were Joe Mack Wagnon, June Wagnon, Dick Wagnon, Joe Pat Wagnon, Billy Wayne Wagnon and B. H. Wagnon.

Honorary pallbearers included Dave St. Clair, Leland Mounts, H. H. Carlyle, J. J. DeShazo, Jess Osborne, Gill Wollard, C. D. Gupton, Henry Schuster, Frank Hunt, R. D. Precure, Bill McAdams, Ray Edwards, Ray

Griffiths, Joe Neil Bullock and A. J. Gardner.

Survivors include her husband, George Johnson; three daughters, Mrs. Wylie Bullock, Mrs. DeWitt Precure, both of Lubbock, and Mrs. George L. Edwards, New Orleans, La.; two sisters, Mrs. Mae Armstrong, Sidney Texas, and Mrs. Earl Barron Amarillo; and two brothers, Vance Wagnon and B. H. Wagnon, both of Muleshoe.

Mrs. Johnson was born in Comanche county Feb. 26, 1901, and had lived in this county since 1925. She had lived in Tatum, N.M. from 1909 until moving here.

She was a member of the Church of Christ and the Eastern Star. She and Mr. Johnson were married in Lubbock, Dec. 28, 1921.

### More Than 1,000,000 Girls Learn Home Economics Through 4-H Clubs

Canning was the first 4-H project for girls about 50 years ago came under the heading of 'home economics.' Cooking and sewing were soon added. Today about 1 1/4 million girls between 10 and 21 years old are engaged in a broad program of home economics projects.

They not only learn many skills for building happy homes, but also acquire important knowledge and experience to guide them into future careers and successful marriages.

In 1933, with the approval of the cooperative Extension Service, a specific awards program that encompassed all 4-H home economics projects was set up. The sponsor was Montgomery Ward, which already had been an active supporter of 4-H youth for a decade.

Since that time national recognition has touched 153 young women because they were selected the most outstanding members completing home economics projects. Their reward was a college scholarship provided by the mail order firm.

Soon another batch of home economics scholarship winners will

be named by the Extension Service. In November, six girls will be chosen from among 1962 state award winners who will meet at the National 4-H Club Congress opening in Chicago Nov. 25. The trips will be paid for by Montgomery Ward and all 50 girls will be guests at a banquet in their honor.

And what lies ahead for these talented women?

The answer may be found in the results of a recent survey of former home economics scholarship recipients spanning a 25-year period. Of the 110 respondents, 78 percent had attended college. About 86 percent of this group pursued home economics careers in the following areas: teaching, dietetics, nursing, Extension Service, library, social work and business.

A review of additional jobs awaiting future home economics graduates suggest journalism, advertising and sales, textile and clothing design, research, interior decorating, and the vast field of human and animal nutrition including outer space travelers.

The National 4-H Home Economics program has much to offer the pre-teen member as well as the older girl.

#### BOOTH'S LITTLE ADVENTURE

CAMPTON, Ky. (AP) — When Gene Booth shot an arrow into the air, it landed on the top of an unoccupied building.

The 15-year-old boy, using a door for assistance, climbed to the roof, retrieved the arrow, then discovered the door had swung out of reach.

Scouting to the edge of the roof, he was wondering whether to jump when a wasp made up his mind for him. It landed on his nose.

Booth promptly let go and dropped 20 feet but landed unscathed and unbroken.

The Dairy cow is the world's greatest food factory. She produces, on the average, from an acre of crops: 2,190 pounds of milk which contains 72 pounds of digestible protein and 712 units (therms) of energy.

### Church of Christ Holds Meeting

**By MRS. ORAN REAVES**  
MAPLE — A meeting is going on at the Maple Church of Christ this week, Carroll Jackson minister of the Lariat Church of Christ is doing the preaching and Uvries Wall is the song leader.

Sunday dinner guest in the Oran Reaves home was Miss Rita Baldrige, Morton.

Mr. and Mrs. Hugh Yeates and children attended the wedding of

his brother, B. F. Yeates and Miss Janet Vine of Dalhart Saturday. Hugh was his brother's best man.

Mr. and Mrs. Guy Smyer visited in Lubbock from Sunday until Tuesday with their daughter and family, Mr. and Mrs. Wayne Cash and they also visited with their granddaughter, Mr. and Mrs. A. D. Massey.

Mr. and Mrs. Jack Wright and Brenda spent the weekend in Hagerman, N.M. with his parents, Mr. and Mrs. Wright.

Over-night guest in the Albert Smyer home Thursday was her brother, Dale Allen of Balmor-

hea. Some of those on the sick list this week are Mrs. Loyd Warren (She is still in the hospital at Morton) and Jim Simpson.

The home of French bronco busters is a melancholy wilderness called the Camargue. Its 295 square miles in the Rhone River delta consist of salt flats, swamps and sheets of brackish water shallow streams, spiky grass and clumps of scrub trees.

North Dakota's agricultural industry loses about \$75 million annually because of avoidable weed infestations in small grain crops.

**FIRST TAX PAYERS** — First Bailey County residents to pay their 1963 poll taxes were County Judge Glen Williams and Mrs. Williams who are shown above getting their receipts from Dess Stafford, assessor and collector of taxes for the county. #### PIPER SALES MEETING

Mr. and Mrs. Morgan Locker, local Piper dealer, accompanied Mr. and Mrs. Roy Neal, Lubbock Piper distributor, to Hollywood, Fla. for the annual Piper sales Morgan Locker taking Charlie meeting.

Enroute, the four landed at Vero Beach Fla. for a tour of Piper factory there. They saw the Pappoose, a low wing, two-place plane, yet in experimental stages. The company hopes to have the new design on the market next year, at the end of three years of testing.

They were shown how test pilots flew the Pappoose with strings taped to the wing trailed by an observer crew flying behind and over the craft to determine the changes needed as detected by the wind drag on the strings and numerous other details as to how the planes are tested before being made available for public use.

Flying on to Hollywood, the

Lockers and Neals attended the sales meeting held in the Diplomat Hotel.

Decorated for the occasion, a Comanche had been placed in the lobby of the huge hotel and both a Comanche and a Cherokee was placed in the conference room. All models of the Piper planes were sitting around the swimming pool near the hotel. Cranes had been used to lift the planes over the wall onto the hotel grounds.

Also a highlight of the event was the awards banquet in which Neal was presented the award for 'top salesman' for the entire area. Bob Cummings was guest speaker at the banquet.

Before returning to Lubbock and Muleshoe, the four attended Miami-TCU Football game in the Orange Bowl. The game was quite a thriller which kept the crowd on their feet most of the time ending with a score of 20-21, Miami's victory.

They made the trip in an Apache owned by Roy Neal.

### Bula Open House Draws 300 Visitors

By MRS. JOHN BLACKMAN  
BULA—Approximately 20 interested patrons and residents of Bula independent school district attended an open house, Thursday evening to view the progress of the new building program of the school.

All members of the faculty were in their respective rooms to show work each individual student was doing.

At 8 p.m. assembly was held

in the auditorium, Reverend Walker, minister of the Enoch's Methodist Church gave the invocation. Group singing was led by Georgia Bahlman with Linda Grusendorf at the piano.

Superintendent Casey introduced speaker for the evening County Judge Glenn Williams, who spoke on "The Challenge of Today's Youth."

Casey spoke on the progress of the building program and the battle the school has won for our accreditation. Rev. R.D. Thommarson, Bula Baptist pastor, offered the benediction.

Following the program and tour of the classrooms, donuts, coffee and punch were served by the FHA girls in the cafeteria. Members of the freshman class had charge of registration.

**AUSTIN** — Jack Cox and John Connally crossed paths on the campaign trail in Austin, and they waded at each other. Connally was talking to the Convention. He stepped out on the hotel balcony to watch Cox riding in a parade put on by Youth for Cox.

Inside the hotel, Connally was urging the county treasurers to pitch in and help support the Democratic ticket, else there might be Republican candidates for County treasurer next time. Outside, Cox was urging youngsters to pitch in and help him change Texas to a two-party state.

### OFFICE SPACE

Some of the legislators who got elected on November 6 will have office space at the Capitol. But some won't.

For two years now, space formerly occupied by State agencies has been in the process of conversion to offices for the 150 members of the House of Representatives. A few were occupied during the 1961 session.

Rep. Will Smith of Beaumont chairman of the House Rules Committee, had the chore of assigning offices, with not enough to go around.

Finally he hit upon a solution. He has 90 offices ready. So he and the Speaker-to-be, Byron Tunnell of Tyler, agreed to assign 90 offices to representatives who will be returning.

There are 92 incumbents, including two Republicans, in the Nov. 6 election. One is Speaker-to-be Tunnell, who not only will have an office, but also an apartment.

If all incumbents but one are elected, there will be just enough offices for each old member to have one.

The 60 or so freshmen members will have to do what all representatives have done in the past — use their desks in the House Chamber as their offices.

When the John H. Reagan State Office Building is completed one year, the Board of Pardons and Paroles and the Department of

Agriculture will be moved out of the Capitol, leaving space for the other 60 representatives to have private offices.

### COURT PHOTOS

Junior Bar Association directors urged the State Bar judicial section to leave it to individual trial judges whether to allow news photographers to take pictures in their courtrooms.

This is contrary to the views of the American Bar Association, which thinks courtroom photography should be outlawed.

The upcoming Annual Conference of Texas Judges will vote on whether to adopt the American Bar's proposed ban on full news coverage of trials.

National Review reports: Do you want to know what it means for the economic development of Latin America to have a Communist base in the Caribbean? These figures will tell you: 1) In nongovernmental U. S. investment in Latin America averaged \$250 million a year. 2) In 1960 it was \$95 million. 3) In the first quarter of 1961, it was \$50 million; second quarter, \$93 million; third quarter, one million; fourth quarter, — (minus three) million. 4) 1962 continues at a close-to-zero rate (\$5 million in the first quarter; figures not all in, but about the same in the second)."

The National Safety Council has designated 14 railroads as winners of its Public Safety Activities Award. Among the activities thus recognized are cooperation with local safety councils and civic groups, off-the-job safety programs for employees, participation by railroad personnel in community safety activities and attention to public safety in advertising and public information work.

Congressmen Johansen of Michigan views the Cuban problem: "If, in the phrase being heard in Washington these days, we must hesitate to act in Cuba because Russia has 'a rope around our neck in Berlin,' how long will it be before we dare not act in self-defense anywhere in the

world because Russia has 'a dagger at our heart' in Cuba?"

Commercial aviation's first transatlantic passenger flight, in Pan American World Airways flying boat Dixie Clipper, took 29 hours and 20 minutes from Port Washington, New York, to Marseille, France. In that same amount of flying time, the Jet Clipper America, chalking up the flight, flew from New York to London, Frankfurt, Munich, Istanbul, Beirut, Teheran, New Delhi, Bangkok, Hong Kong, Tokyo, and Honolulu, and was air-borne en route to San Francisco.

Senator Bennett of Utah says: "Congress has been too willing to buy votes by making changes in social security benefits which just were not financially feasible. We must not compound the mistakes of the past by making similar mistakes today. Those who say that participation in the social security medical care proposal will establish a right based upon the money the participant has paid in are misleading the public. The benefits will bear no relationship to participation, and we will be saddling our future generations with a terrible burden, one which may threaten the destruction of the social security system itself."

Farm and Ranch magazine says: "There are an estimated 36 per cent fewer farms, 20 per cent fewer people on them, now compared to 1954. But it isn't the successful farmer who has headed for town. Those who have stayed on the farm are buying more than ever before. The per-capita income as well as farm expenditures, is at an all-time high. Value of land and buildings is up 81.6 per cent."

## YOUR HEALTH

### 1 in 20 Suffers From Hay Fever

**AUSTIN** — If you are a chronic or occasional hay fever victim, you're in excellent company. One of every 20 Americans is.

While the general situation in Texas is better than some states and worse than others, the range of climate and soil conditions here probably does produce a wider than average assortment of trees, shrubs and grasses potentially offensive to hay fever sufferers.

Hay fever is one of the allergic diseases. Usually inherited, it is caused by inhaled substances,

such as pollen, molds or insect dusts.

The abundance of pecan, oak, elm, cypress and cedar trees in Texas, and wide-spread Bermuda and Johnson grass, Russian thistle and sage — in addition to ragweed, serve to complicate the pollen-induced hay fever picture in this state.

The production of pollen is part of a plant's seed manufacturing process. "Pollen" is a Latin word which means "fine flour." Granules of pollen are produced in the anthers, the male reproducing parts in plants. The granules are similar to sperm cells of animals in that they have the function of fertilizing the seed.

Plants do not deliver pollen into the air at a constant rate. Most plants, including ragweed, shed more heavily in the morning than in the afternoon. Since

the amount of pollen released is greatly stimulated by sunlight, much more is shed on sunny days than when the weather is cloudy.

Other factors which influence the amount of pollen in the air in any given area on any given day are temperature, rainfall, wind velocity and wind direction.

If you suffer from hay fever, don't make the mistake of assuming your case is identical to your neighbor's. The investigation into the cause of your ailment must be made by a physician through skin tests. Once the offending substance has been identified, it is frequently possible to get complete or partial relief with injections of a desensitizing agent.

Meanwhile, remember there is more pollen in the country than in the city, less near large bodies of water. Wide open windows will increase the amount of pollen in a room. Room air conditioners with filtering units offer much relief. (A weekly feature from the Health Education Division, Texas State Department of Health.)

Fort Meade, Fla., is named for Gen. George G. Meade, who while still a second lieutenant, was asked to find the site of an old Indian fort named Fort Clinch. When he found it, his commanding officer named it for him.

## 70 Attend Farmers Merchants' Dinner

By SHERYL STEVENS

PLEASANT VALLEY - The Farmers Merchants Dinner was held in the Pleasant Valley Community Center last Tuesday night when the Pleasant Valley Social club prepared the meal. The dinner was sponsored by the Littlefield merchants. The Master of Ceremonies was Jack Barton from Littlefield. Approximately 70 persons were there.

Bonnie Haberer had as dinner guests in her home Sunday Mrs. C. W. Terry, Mrs. Zou Wilson and Mrs. Bonnie Green, all of Earth.

Mrs. E. T. Bryant spent the weekend in Muleshoe with her son and his family, Mr. and Mrs. Russell Bryant.

The Lutheran Church met in Pleasant Valley Sunday with the pastor being Rev. Ron Birk from Portales. The church has changed its meeting day from the first and third Sunday to the second and fourth Sundays of each month at 4 p.m.

Mr. and Mrs. W. D. Lackey were hosts for their 42 party Thursday night. Those attending were Mr. and Mrs. Doyle Turner, Mr. and Mrs. Claud Hendricks, Mr. and Mrs. John St. Clair, and Mr. and Mrs. Glen Kenney.

Mrs. B.H. Porter had as guests in her home Sunday afternoon her son and his family, Mr. and

Mrs. Bennie Porter and daughters, Sheridan and Shauna, from Muleshoe.

Mr. and Mrs. W.D. Lackey and Mr. and Mrs. Glen Kenney spent Saturday night fishing at Umbarger Lake.

Mrs. B.H. Porter spent the week-end in Sudan visiting with her sister-in-law, Mrs. U.B. Porter and her nephew who has just been released from the hospital.

Mr. and Mrs. Roland Stevens spent the week-end in the home of his parents, Mr. and Mrs. Elmo Stevens.

Mr. and Mrs. Ken Angeley and their daughter, Gina Lynn, spent the weekend in Borger where they attended the wedding of Mrs. Angeley's cousin Saturday night.

Mrs. C.E. Wells spent Wednesday, Thursday, and Friday in Wilton with her mother, Mrs. Alfred Krause.

Mr. and Mrs. W.E. Angeley were dinner guests in the home of Mr. and Mrs. E.K. Angeley, Sunday.

Mr. and Mrs. T.E. Bills had guests in their home this week-end Mr. and Mrs. Lloyd Hayes, Deport, Mr. and Mrs. J.R. Morris, Wolforth, and Mrs. Louie Bell also of Deport.

Mr. and Mrs. Dub Hardin and Sandra went to Shallowater Friday to get their daughter, Donna, who has spent the week with her grandmother, Mrs. J.P. Hutton.

T. Haley, Kingsland, is here

## Junior Elevens Clean Morton

Junior high school grid teams continued their perfect records Tuesday night when they clobbered Morton teams, the 7th graders taking a 14-6 victory in final seconds of play and the 8th graders blanking Morton 36 to 0.

These were the fourth straight wins for both teams. Robert Vela's 76-yard dash in the last 15 seconds of the game to score a touchdown iced away the game for the 7th graders to break a 6-6 tie and give the game a story-book ending.

Bobby Julian earlier had scored to tie the game, missing the PAT. Vela crashed the line for two points after his sensational TD.

In the 8th grade's free-scoring spree just about everybody on Coach Bob Graves' squad marched across for a TD. Scoring were Terry Trapp, Andy Stovall, Aurillo Cuevas and Bruce Purdy, and Curtis Spears crossed the goal line for two points.

Next Tuesday the junior high teams play Tulia, followed by Olton on the following Tuesday. Next home game, starting at 5 p.m., will be with Friona here.

So far the younger gridlers have hung up these victories: Seventh Grade over Levelland, 22-6 and over Springlake 8-0. Eighth grade over Levelland 44-8, and Springlake 28-16.

## Screwworm Tests Show Decline In Southwest

More than 62 million sterile screwworm flies were released in Texas and New Mexico during the week of September 16-22, county agent J. K. Adams, has announced. Production of the flies at the plant near Mission, Texas, has increased steadily since it started operation in June.

Livestock producers and sportsmen apparently are receiving the Screwworm Eradication Program with widespread satisfaction, Adams said. Many Bailey County producers have reported a marked decrease in the number of screwworm cases this year as compared to other years.

Marshall Head, who operates a farm in the Y. L. vicinity, expresses a typical reaction.

"I have found only a fraction of the cases that I usually experience," he said. "Since the weather conditions this summer have been much the same as in previous years, I am convinced that the release of sterile flies has helped reduce the number of cases."

Other producers in this county and throughout the state have indicated similar results, Adams reported. He said some producers in Texas are having a lot of trouble with screwworms, but even in the most heavily infested areas, producers admit that their cases are less numerous than in other years.

Adams also said that Louisiana and Arkansas are experiencing no screwworms this year which

is contrary to the past, while Oklahoma has reported only 300 cases—a fraction of the normal cases.

Individual inspection and treatment will continue to play an important role in the Screwworm Eradication Program, Adams said. He urges producers to inspect their animals at least twice a week and treat wounds with approved screwworm remedies such as Korlan Smear, Coral Powder, EQ 335 or Smear 62. "This time of the year, we are especially vulnerable to the screwworm infestation because of the wet, cool weather which is favorable for the screwworm fly," he said. "Remember that each case of screwworms you destroy will prevent thousands from occurring later."

He also urged producers to continue to collect 10 maggots from wounds, put them in alcohol or water and deliver them to him or send them directly to Screwworm Identification, Post Office Box 969, Mission, Texas. Reporting cases is an important aspect in the success of the program, he said.

A superstition is that wounded snakes lie on moneywort leaves to heal wounds, since it acts as a blood stanch. For this reason, it once was called serpentaria.

## TIPS...

FROM THE OFFICE OF HOME DEMONSTRATION AGENT

October is the month of tradition farm abundance. It's the time when Grandpa and Grandma took inventory of their granaries, vegetable and fruit cellars, pantries and larders.

The fall inventory of foods is even more important today than it was in bygone years. Our living is more complex. More of us rely on others to supply our food needs, points out the Texas Agricultural Extension Service.

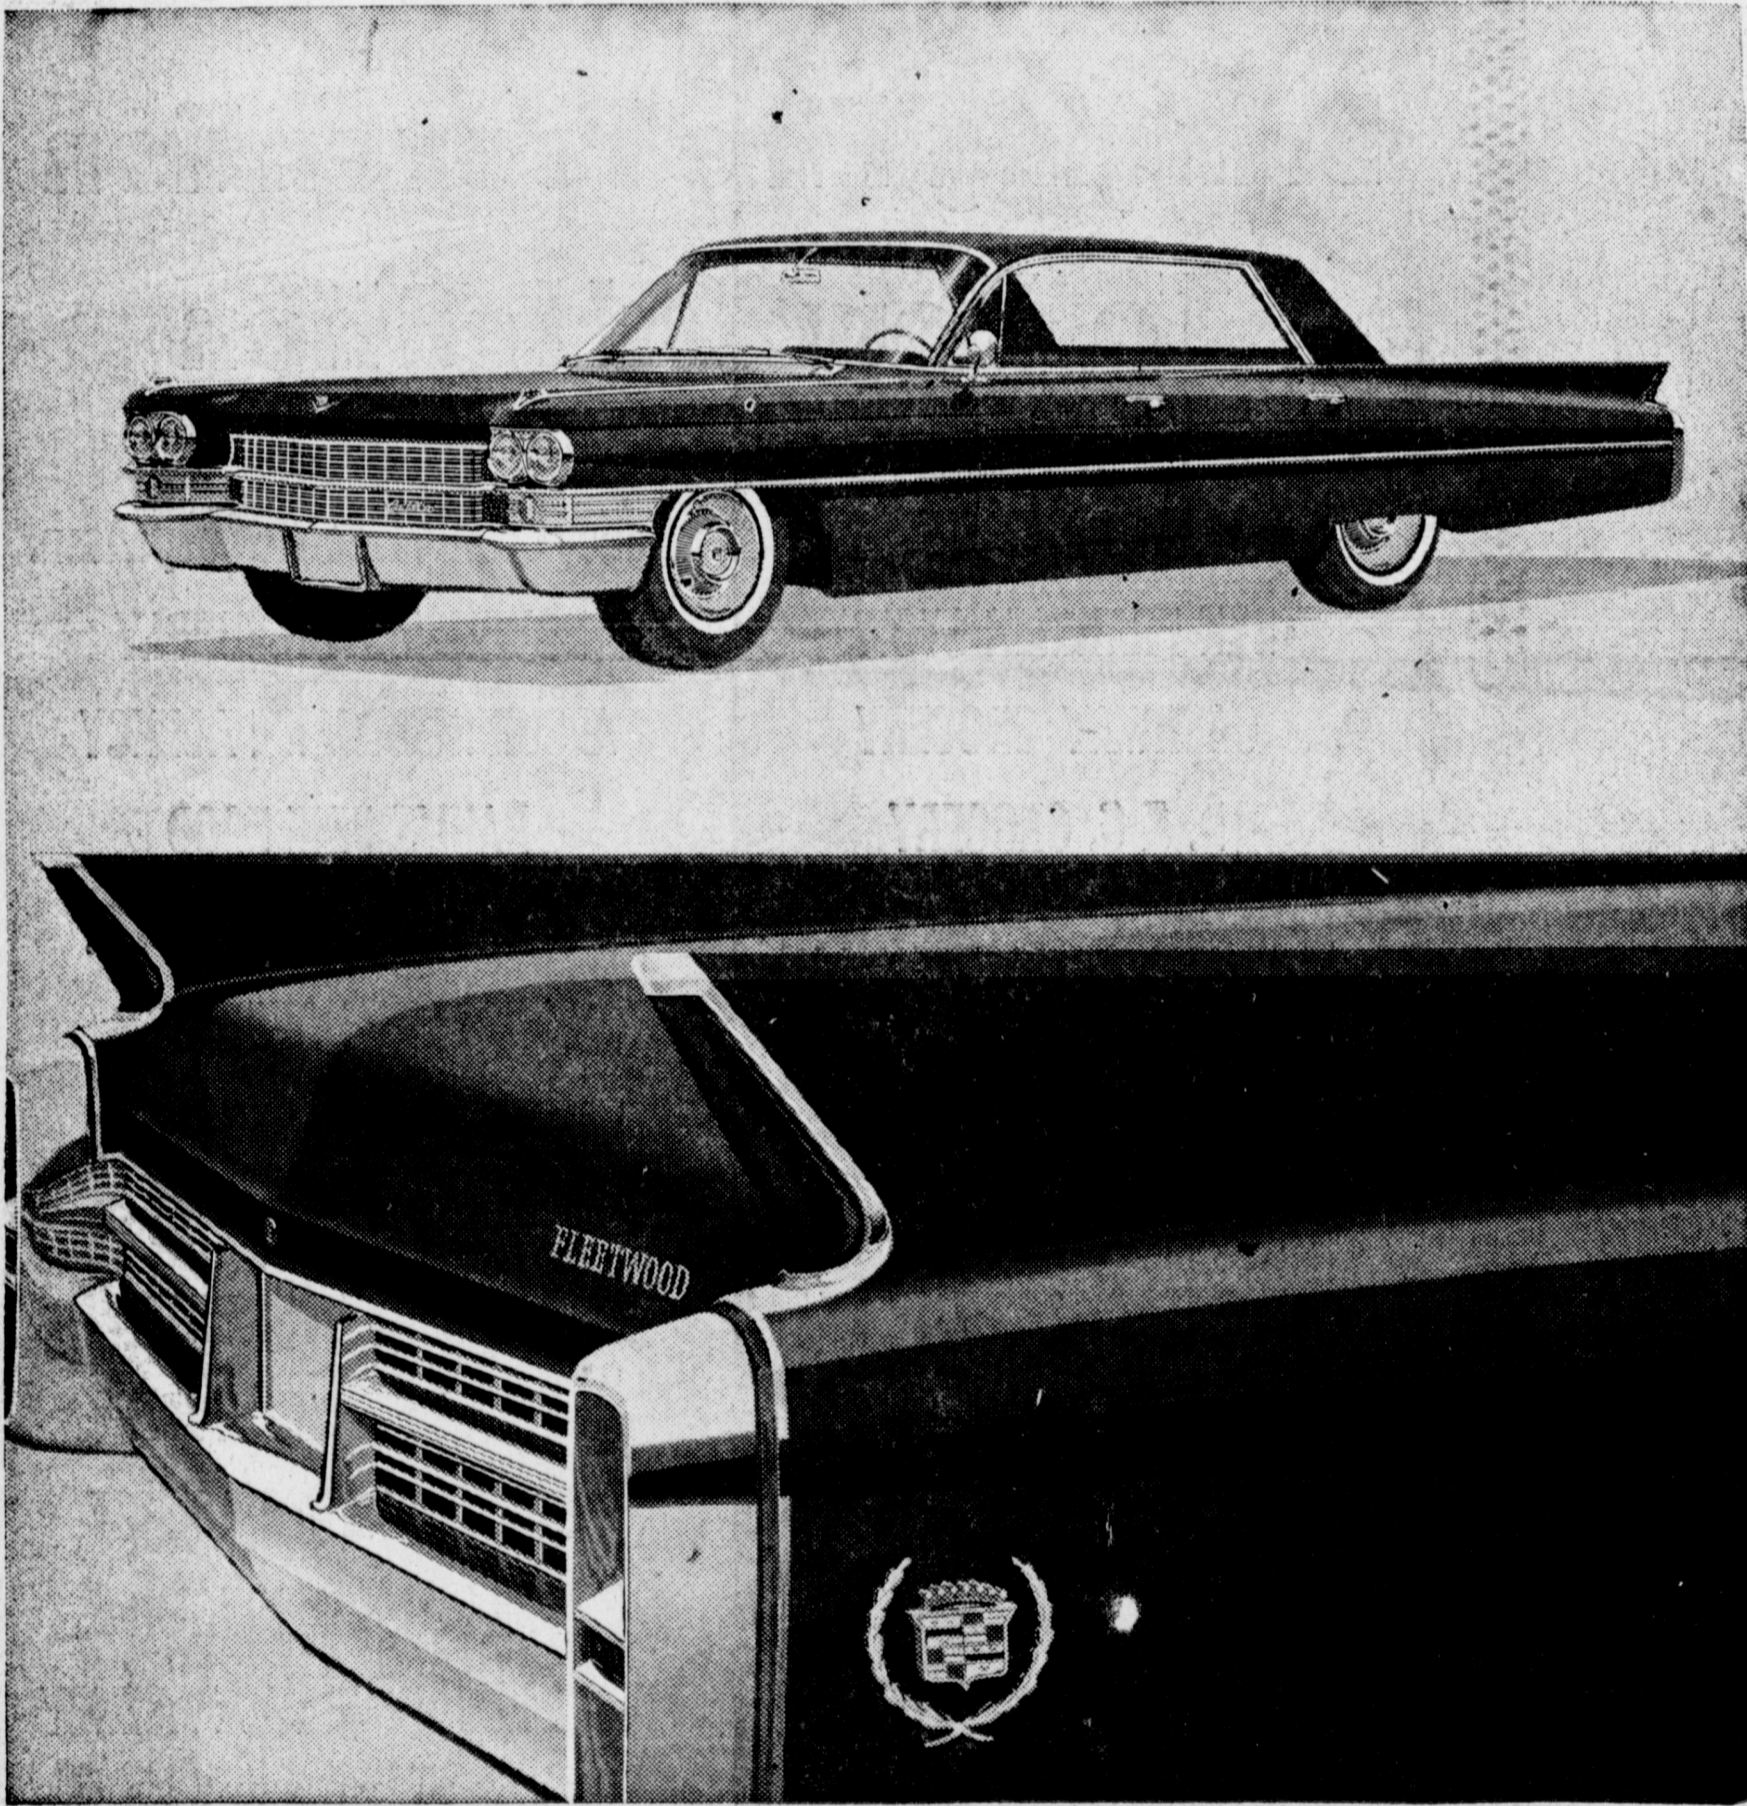

That's why the Agricultural Marketing Service, working with growers and the food trade, runs a monthly survey of our nation's supplies of foods.

Is there enough? What foods are more than ample. Texas homemakers and other

Americans again can rest assured. There is plenty for all, this October. What's more, supplies of at least 10 foods are in excess of normal trade needs. That means they likely will be among Three items, apples, briler-your most economical food buys, fryers and cheese are featured on AMS's October list of plentiful foods. Supplies are extra-huge

Also plentiful this month are orange juice, cranberries, pears, grapes, potatoes, turkeys and rice.

Menu planners will do well to these foodso ften. Besides esse serve these foods often. Beside offering economy, they enhance meals with flavor, nutrition and color.

## THE SANDHILLS PHILOSOPHER

### Our Philosopher Favors Primitive Farming, Primitive Warfare, Too

Editor's note: The Sandhills Philosopher on his Johnson grass farm defends his farming methods in his letter this week.

Dear editor:

A lot of people think is somen't modern it isn't any good, and if you want to run down a farmer, for example, all you have to do is say he hasn't got his farming up on the modern

level. That's supposed to bow him over.

Well, I'll tell you, I haven't got anything against modern farming, it seems to work for some of my neighbors, they can swing as good a loan at the bank as anybody, but I was reading an article last night about farming in backward areas of the world by a university professor who is just back from a long tour and its points.

"They're still using the farming methods they've been using for more than 10,000 years," he said, "and while nobody gets rich, it feeds and cloths more than half the people of world."

Also, there's another point about primitive farm he overlooked. When the United States was farmed by primitive methods, the farm population outnumbered the city population by three to one. Now with modern methods, city people outnumber farmers nine to one.

You can see what has done to the farm vote. The more modern farmers get, the less voice they have. They've modernized themselves into helplessness.

Or take primitive war. Every nation on earth is now spending all it can get hold of to modernize war, but there's a whole lot to be said for the old-fashioned way. I'll admit a guided missile has more tail fins on it than a bow and arrow, it's speedier, trimmer, employs more people to operate it, drains off more tax dollars, and overall is more stylish and modern, but there's a whole lot to be said for a bow and arrow. If that's all Krushchev had, it sure would solve the Russian problem, and I doubt if Congress would be passing resolutions against the shipment of tommyhawks to Cuba.

Don't run down the primitive farmer. He may hold the world future in his hands. Every survival shelter ought to contain a good wooden plow and a strong woman to pull it.

Yours faithfully,  
J.A.

### Work Set Up By Young Farmers

Bula Young Farmer's Organization met Tuesday evening, September 18 in the Bula school agricultural room with 11 members present.

New officers for the coming year were elected with Ralph Beasley to serve as president.

Other officers are Harold Layton vice-president; J. R. Austin, secretary; Bill Sowder, treasurer, and D. J. Cox reporter.

Executive officers elected to set up the year's work were: Eddie Wallace Ivan Clawson and Jimmy Drake.

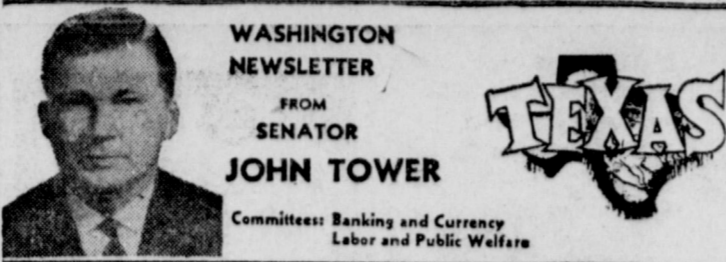

A farm tour planned for last Tuesday was called off on account of rains.

In a business session a motion was made and carried to allow associate members to vote on issues of they have paid their dues. A motion also carried for the Young Farmers Organization to publicize through news channels that they are opposed to the consolidation of the Bula School with the Littlefield system.

### CUBA

Although I am always prepared to support the President's foreign and military policy if it serves United States needs, I'm truly perplexed, like many Americans are, as to what that policy is. Russian tanks, rockets, military planes, and high velocity artillery have been brought into Cuba. Cuba is becoming a staging area for the infiltration, subversion, and eventual invasion of other Latin American countries. Yet, we have not invoked the Monroe Doctrine. And, apparently our marine and Army divisions have been misled. Every time a crisis arises, our reserves are yanked out of their civilian lives. The last time this happened, the East Germans constructed the Berlin wall with impunity. Are we proposing now to call up other reserves, to doubt our fist at home, while adopting a conciliatory attitude toward the Soviets every time they form a crisis on some cold war front? In Cuba, a free people have been put in bondage by force and without free elections. The Russians and Red Chinese are in Cuba illegally, morally, and without the slightest right to be there. Americans are perplexed about our foreign policy. U.S. unilateral nuclear disarmament can be an invitation for attack upon us. Yet, while conducting nuclear disarmament, we propose to call up civilians. Some Administration advisers have devised a plan to give away our Air Force, Navy, Marines, and Army to the United Nations within ten years. There are several worthwhile proposals before the Senate, which have been made by responsible Senators, both Democrat and Republican, relative to handling the Cuban problem. This is a problem of great importance. Our hemispheric security is in jeopardy, and I think the Senate should move to urgent consideration of these various proposals to deal affirmatively and firmly with Castro.

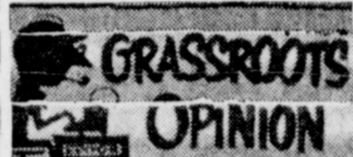

### COMMON MARKET ISSUE

The British Government's dilemma in seeking to resolve the Common Market issue portends our own future in this regard. Dispatches from the British Commonwealth conference in London indicate that Prime Minister Macmillan is dismayed by the fierce opposition to Britain's accession to the Common Market expressed by other Commonwealth nations. What has, in fact, happened is that Mr. Macmillan has encountered a veritable buzzsaw of opposition — a buzzsaw that threatens the continuance of While adverse reaction from the Commonwealth nations was, of course, expected, nobody, apparently not even Mr. Macmillan, was prepared for the violent storm of protest that broke over the conference table. What, we ask, do these storm signals mean to the United States? Why should we concern ourselves with an essentially intramural squabble among the participants in the is in the wind, obviously, is an eventual shift in the traditional trading patterns of the world. In what direction the shift will be made and to what degree, no one can yet say. Yet — facing a world in flux, knowing full well that major and unpredictable realignments in world trade are

in the offering—we are asked to legislate in haste an unprecedentedly drastic program for the conduct of America's foreign trade. I suggest, that to acquiesce in these demands for the most sweeping, far-ranging foreign trade bill in history under nothing short of irresponsible.

### DEPLETION ALLOWANCE

It is particularly important to Texans that the Senate defeated an amendment to the Administration's omnibus tax bill to reduce the depletion allowance for oil and gas. This was an amendment which would have reduced the 27½ percent depletion allowance, in the next year, to 25 percent. This would be followed by a reduction, in 1963, to 22½ percent. In 1964, and subsequent years, the reduction would be down to 20 percent. Passage of this amendment would have a very adverse effect on the economy of our State. Regardless of whether you are in the oil business, or not, oil is vital to our state.

LEESBURG, FLA., DAILY COMMERCIAL: "It's an old story, going back to the dawn of time when the first tribesman planted a seed: the farmer standing beside his withered crop with his eyes on the horizon looking for a sign of rain...Each year in our wide-spread land there are some of those in agriculture who face the drought crisis. In these days of 'sharp pencil' operation in any business, including agriculture, such a misadventure is perilous indeed. And it is a credit to those farmers who, as did those who tilled the soil before them, pull in their horns and somehow or other worry through it."

NORWICH, N.Y., CHENANGO UNION: "There are many ways to talk. Ships, at sea, talk with fog-horns, bells, and signal flags. Auto drivers talk with their hand their horns, their stop-lights and their directional flashes. Some drivers signal for a right turn and then wheel recklessly left. That is a kind of careless talk that kill people."

BEDFORD, VA., BULLETIN-DEMOCRAT: "Who wouldn't like a tax cut? Who wouldn't welcome some relief, however small, from the heavy burden we all bear as the price for maintaining our vast federal government and its protections against those who would destroy us? But it's rather surprising how many people see the other side of the coin, who know that the immediate tax cut they are debating in Washington now would mean a huge deficit, more mountainous dept, cheapening of our money."

MILES CITY, MONT., DAILY STAR: "As long as people live there will undoubtedly be those who will shirk from accepting freedom as their own responsibility. They will want their government to provide their security guarantee them minimum wages,

### IT'S THE LAW in Texas

#### WATCH IT! SCHOOL CHILDREN

Thousands of school children are now trooping back to school throughout Texas. Many of them will be transported by school busses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) mi. per hour, and with caution for safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fine up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed,

guarantee them full employment, guarantee them good prices for their products, guarantee them solvency of their loans, guarantee them medical care, and many other things. Such people are thereby choosing slavery rather than freedom.

the penalties are naturally much more serious.

Although the above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no passing zones designated by yellow lines placed to one side of the center line on our highways. Not so well known are the restrictions against crossing the center line line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

A driver should never cross the center line of highway when the left side of the road is not clearly visible and free of oncoming when not engaged in passing another vehicle, one should not drive to the left of the roadway.

### PSALM AT 7

SCHULTER, Okla. (AP) — Asked in Bible School to give a line from 23rd Psalm, 7-year-old Danny Bales — according to his parents, Mr. and Mrs. J. C. Bales — stood up and said: "Thy rod and thy reel doth comfort me."

In 1745 when Bonnie Prince Charlie failed in an uprising against the English throne, Scottish clans were disbanded and the tartan outlawed.

"Easy cooking... uniform baking!" says Mrs. Bob Tripplehorn  
1801 N. RUSSELL ■ PAMPA, TEXAS

Mrs. Tripplehorn is delighted with her electric range. She says, "It's so automatic — almost cooks by itself. In fact, I have no hesitation in setting the controls and then going shopping. I've found, through experience, that electric cooking is easy and that electric baking and roasting give uniform results every time." You, too, can be delighted with this fine modern cooking method — your participating Reddy Kilowatt dealer will guarantee it. See him this week and get all the exciting details!

## In a matter of minutes... WE MAKE UP PERMANENT HOSE ASSEMBLIES FOR YOU

New "Kwikrimp" Service now available for making ¼" through 1" I.D. hydraulic hose assemblies to OEM standards

For fast, on-the-spot service for permanent assemblies, let us help you. Our new "Kwikrimp" hydraulically powered hose crimper does the job in minutes—meets rigid OEM standards for a pressure-tight, foolproof assembly. Controlled compression forces hose firmly and uniformly into positive gripping and crimping action.

Makes up five types of couplings — matches 95% of all applications

The Imperial-Eastman "Kwikrimp" process makes up five types of coupling assemblies. They are crimped under controlled conditions so that assemblies are equal in performance to factory assembled couplings. Couplings made of steel, treated for corrosion resistance. Types of couplings include:

- Male Pipe Female 27" JIC Flare Swivel
- Male 27" JIC Flare Female 45" SAE Flare Swivel
- O-Ring Swivel Male

"Kwikrimping" service is made possible by the development of the "Kwikrimp" hose crimping machine by Imperial-Eastman Corporation, leading manufacturer of hose assemblies and couplings.

**NEWS-MAKING ROOF FROM MONTEREY.** The advantages of Monterey's distinctive styling go far beyond its beauty. This is elegance that works. See how the recessed rear window slants inward? It stays clearer in rain or snow. On hot days, it

opens for breezeway ventilation. The overhanging roof shades rear-seat passengers from the sun, gives more headroom, keeps glare off the rear window for better rearview visibility. More good news, a Mercury Marauder 390 V-8 is Monterey's standard engine.

**SPARKLING NEW MODELS FROM METEOR.** For 1963, Meteor is the hot brand. Meteor is the sparkler with a whole new line of models in the low-price field—sleek new low-to-the-road hardtops, sedans, and three new station wagons. Feel sporty?

Try the racy Meteor S-33 hardtop, with individually adjustable bucket seats and a hand console. For brilliant performance to match Meteor's sparkle, a new Lightning 260 V-8 is available in every model. And you save on upkeep with Mercury service-saver

**THE LID'S OFF COMET.** Now a jaunty new convertible joins Comet's all-fun line. This sleek, rakish beauty comes in two models: the Custom and the dashing S-22, with bucket seats and optional stick shift. All Comets now have a complete package of

service-savers like self-adjusting brakes. And Comet still heads its class with the largest trunk, longest wheelbase, and best resale value record. See Comet's whole happy '63 line-up: convertibles, sedans, station wagons. Fun-test your favorite Comet now!

### 1,000 Horses Due At Dallas Shows

One thousand horses, ranging from the most stylish show animal, to most rugged western mount are coming to the 1962 State Fair of Texas in Dallas, October 5-21.

Worth more than \$3 million, the entries will include saddle horses, fine harness, walking and roadster horses, cutting and Quarter horses, Arabians and those tanbar favorites — Shetlands.

Show horses and Shetlands will head the bill with an evening performance on October 5, before the State Fair's formal opening the next day. Competing for \$14,785, the show horses and ponies will continue through October 9 with evening performances each day, morning shows on October 6, 8 and 9 and a matinee on October 7.

The open cutting horse contest will follow, October 10-11. Competing for \$1,000 in premiums plus entry fees, cutting horses will hit the first ground at 8 p.m. the next day and sweep into the finals at 8 p.m. that night.

Showing for \$4,000 in premiums, Quarter horse exhibitors will open on Friday, October 12, and continue through the following Sunday. Halter classes are set for 8:30 a.m. on Saturday and Sunday, with championship performance classes scheduled for 2:30 p.m. on the final Sunday. Horses will compete in roping, reining, western pleasure, barrel race and cutting.

Climaxing the shows on the State Fair's last weekend will be the Texas Fall Arabian Horse Show, October 19-21. Sponsored by the Arabian Horse Club of Texas, the show will feature halter and performance classes. The closing matinee, October 21, will spotlight the International Arabian Cutting Horse Association's presentation of awards for 1962 and awarding of a trophy to the high-point Arabian of the show.

### Panel Will Discuss Juvenile Problems

COLLEGE STATION — There is good in the worst children and bad in the best. The factors that cause one to win out over the other will be considered during a panel discussion which will highlight the Town and Country Church Conference at Texas A&M College on October 17-19. The panel's topic is "Juvenile Devils and Adolescent Angels and the Twilight Zone Between" and will be moderated by Reagan Brown, says Dan Russell, program chairman of the conference.

### OFFICERS ELECTED

Lazbuddie 4-H met for a business session September 20 with Danny Miller, president, presiding. Dale Blackstone led the 4-H pledge.

Judy Koelzer read the minutes and gave a treasurer's report. Officers were elected to take over on January 1 were: Cheryl Ramage, president; Kirby Burch, vice - president; Dale Blackstone reporter; Gary Coker, council delegate; Danny Miller, alternate council delegate; Katie Blackstone, secretary-treasurer; and Johnny Gulley, recreation leader.

Twenty members and 18 parents were present.

### FIELD TRIP

The Lazbuddie 4-H Club boys who have maize and cotton crops made a field trip on September 22 to look over crops and measure them.

Members having cotton are Bobby Redwine, Gary Matthews and Derrel Matthews.

Those with maize are John Gulley, James Gulley, Larry Davis, Gary Matthews, Derrel Matthews, Dale Blackstone, Kirby Burch, Charles Ramage, Gary Coker and Danny Miller.

## Haleys Enjoy First Plane Ride

By SHERYL STEVENS  
PLEASANT VALLEY — Mr. and Mrs. A. J. Haley, Mason, visited in the home of Mr. and Mrs. Allen Haley, Thursday. While here, Allen took his grand-children, along with his 6-year-old daughter, Sandra, for an airplane ride. It was his grand-children's first plane ride.

Mr. and Mrs. Joe Don Jackson and their daughter, Joedonna, Amarillo, spent a few days in the home of his parents, Mr. and Mrs. S. L. Jackson.

Mr. and Mrs. John Lewis Goode Sunday, visited in the home of Mr. and Mrs. W. D. Lackey, Sunday.

Sheryl Stevens returned Sunday afternoon from A&M College at Bryan, where she participated in the Second annual State 4-H favorite foods contest. She was one of four girls from District 2 who participated in the show. Sheryl displayed a special broiled chicken and a place setting for one person. The theme for her display was an informal patio supper.

Her exhibit was entered in the meat group. The three other events were the milk group, the bread-cereal group and the vegetable-fruit group. She placed second in her group on her display. She was judged not only on the taste and preparation of her chicken, but on her centerpiece, the table arrangement, her appearance, how well she knew the nutritive value of the food she was preparing and on her 4-H record book.

There were 48 girls from the state at the show. Lady Clare Phillips home demonstration agent from Littlefield, accompanied Sheryl to A&M.

Mr. and Mrs. Tommy McGee and their daughter, Candace, were in Lorenzo this weekend visiting her parents, Mr. and Mrs. E. G. Guess Jr.

Edward Wuerflein, son of Mrs.

## SCHOOL MENUS

Lillie Wuerflein, is home for a few weeks from Augsburg, Germany where he is a private First Class in the U.S. Army. He will return to Augsburg October 11.

Mr. and Mrs. Jarvis Angeley and their daughter, Ilene, were in Hereford Monday to attend funeral services for Harrison Danforth. Danforth was Mrs. Angeley's cousin.

Mr. and Mrs. Russell Haberer attended the Springlake Parent-Teachers meeting Thursday evening.

Mr. and Mrs. Jack Henderson, and sons, David and Terry, were in Post this weekend visiting her mother and father, Mr. and Mrs. Will Wright. Sunday they visited and her family, Mr. and Mrs. Eichel Berger of Lubbock.

Mr. and Mrs. Barry Morgan and their son, Andrew, Largo Canyon, N.M., flew in Saturday to visit with Mrs. Morgan's brother, Edward Wuerflein, who is home from Germany for a few days. They visited Saturday and Sunday in the home of Mrs. Morgan's mother, Mrs. Lillie Wuerflein.

Mr. and Mrs. Dub Hardin and their daughters, Sandra and Donna, spent the weekend in Dallas where they toured Six Flags Over Texas.

Mr. and Mrs. S. K. Flatt and Ilene and Collin were in Plainview Saturday.

WELL, WELL TULSA, Okla. (AP) — Forty-five percent of Oklahoma's total land area of 44,087,680 acres is either oil-producing land or has been leased for exploration. The state has 1,850,000 acres of proven productive land.

RUSH HOUR ADMONITION CLEVELAND (AP) — Signs posted along a main traffic artery in the hope of unplugging evening rush hour traffic seem almost wishful. "Keep moving," the signs read, "when possible."

DEEPEST WASN'T BEST TULSA, Okla. (AP) — The deepest oil well ever drilled in Oklahoma reached 24,092 feet into the ground. But its driller got nothing for his efforts — it was a dry hole.

## MONDAY

Red beans, onion rings, pickle slices, buttered spinach, candied yams, cornbread, apple cobbler and 1/2 pint milk.

TUESDAY Ham loaf, applesauce, mixed green salad, creamed potatoes, hot rolls, butter, crisp ginger cookies, and 1/2 pint milk.

WEDNESDAY Juicy burgers, french fries, fruit cup, oatmeal and rasin cookies, and 1/2 pint milk.

THURSDAY Meat loaf, green beans, buttered corn, celery sticks, hot rolls, butter, cherry cobbler, and 1/2 pint milk.

FRIDAY Corn dogs, vegetable-beef soup crackers, ice cream bar, and 1/2 pint milk.

## Farm-City Week Set for Nov. 16-22

Texans will join with citizens from other states in special activities designed to improve understanding and appreciation between rural and urban neighbors the week of November 16-22.

The week has been designated National Farm-City Week by President John F. Kennedy.

Dolph Briscoe, Jr. of Uvalde is Texas chairman of National Farm-City Week. He said many communities already have started planning activities which promise to be of much benefit to both rural and urban residents.
