80 German Planes Take Part in Raid

Four Ships Downed As Bombing Foray On Shipping Fails

LONDON, July 25 (AP)—About 80 German planes swarmed down on a merchant convoy off the southeast coast today, but their bombs missed and the attackers were driven off by fierce anti-aircraft fire from fighter planes which chased them back across the English channel. Eye-witnesses said the air "was alive with aircraft" during the battle. The raiders, their whirling motors wide France after planting a half-mile long string of bombs near the vessels which escaped damage. The air ministry announced the ground defenses and RAF fighters shot down four German planes participating in the southeast coast raid, and in another attack off the southwest coast, a fifth craft was downed by defenders off northeast Scotland.

At the same time it was announced that Britain's home defenses had destroyed 262 enemy planes, 188 of them over and around the coasts, since June 18 for an average of about five a day.

Glimmering in the sunlight, the Nazi planes made brilliant targets for anti-aircraft guns. The thunder of the big guns, the rattle of machine-guns and the thud of bombs set up a terrific din as the raiders, their whirling motors wide open, twisted, turned, dived and climbed to dodge the bursting shells.

A Nazi bomber crashed in a field in southwest England after taking part in the unsuccessful attack on the convoy. Eye-witnesses said British fighters chased the big craft inshore, smoke pouring from the pilot stove desperately, but in vain for a safe landing. "It seemed to me and my mate that it was coming straight for us and we threw ourselves into a hedge," said one spectator.

"The plane hit a low brick wall and ploughed across the field where we had been standing. It burst quickly into flames and I saw one German throw his comrades out. The man had a broken leg.

"The pilot burned to death. A third member of the crew who was uninjured was seized by soldiers. This fellow had a package of English cigarettes in his pocket."

Ten minutes before the appearance of the bombers, a solitary plane, flying so high that it was invisible, left a thin trail of white smoke.

When it turned tail for France, eight Junkers 87's swept from the clouds, cutting loose with bombs which kicked up huge geysers of water. A heavy smoke pall hung over the water sprays, forming a multi-colored display in the bright sun.

RAP fighters roared to the challenge and a series of dogfights broke out.

A strong force of British craft pursued the German bombers, the French coast while other British planes engaged in a free-for-all with the strong force of German escort ships.

Watchers along the southeast coast said the bombers kept coming relentlessly despite the anti-aircraft fire which rocked the earth for miles around.

The bombers split into three groups. The first attacked the British ships hovering near the shore. The second and third blasted away at land objectives.

Luxembourg Royal Family Enters U. S.

WASHINGTON, July 25 (AP)—Full official honors were ordered today for seven refugee members of the royal family of Luxembourg on their arrival at Annapolis aboard the cruiser Trenton.

Joseph E. Davis, former minister to the tiny duchy, was assigned to meet them, along with other representatives of the state and navy departments.

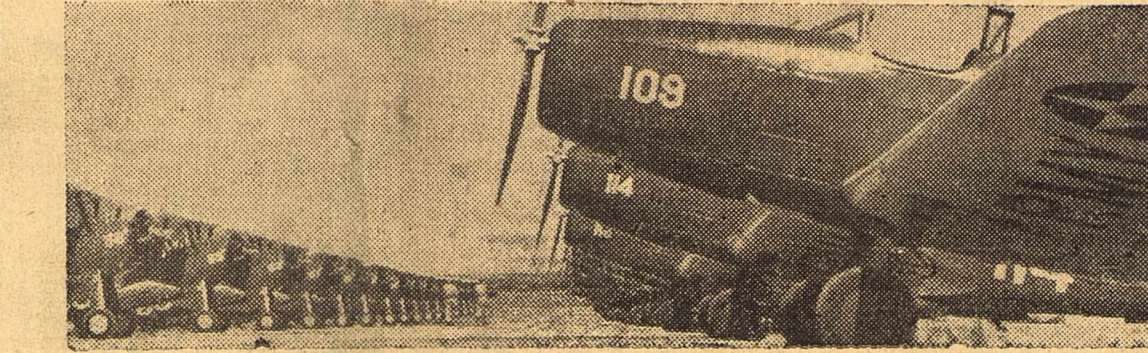

A motor trip to Washington for luncheon with President Roosevelt was on the day's program for Prince Felix of Bourbon-Parma and his six children, before their departure for an indefinite stay at Davies' Long Island (N.Y.) home.

The prince is the husband of Grand Duchess Charlotte, ruler of the state overrun by German troops at the start of the May invasion of the lowlands and France. The Grand Duchess remained in Europe when the prince sailed with their children from Lisbon on July 15.

Old and New Army Training Planes

As all modern fighting craft are low-wing monoplanes, the Army Air Corps has adopted that type of ship to give primary training to its future military aviators. At right, the new style ships are shown at a civil flying school at Tulsa, Okla. The ships at the left are old type bi-planes which have been used in primary air courses in the national defense program.

PAN-AMERICAN SOLIDARITY IS BACKED BY ARGENTINA IN MOVE

HAVANA, July 25 (AP)—Argentina, the big question mark of the Pan-American conference on hemisphere defense, indicated today a desire to retain the spirit of inter-American solidarity.

Leopoldo Melo, head of the Argentine delegation, said his country was ready to present four projects on the following subjects:

1. Foreign possessions.
2. Inter-American neutrality and security zone.
3. Protection of children.
4. Coordination of defense measures.

The proposals, he said, are couched in language showing Argentina wishes to maintain the present status of a unified hemisphere.

A new United States proposal dealing with the menace of "fifth column" activities in the Americas

was also disclosed as the conference awaited the text of the Argentine project.

This proposal, a companion to an earlier proposal aimed at diplomatic and consular officials, was described as more sweeping in character and designed to form a solid American front against foreign attempts to subvert domestic activities, foment disorder or set up a non-American system of government in any American area.

Under the proposed resolution, the Americas would make suppression of such activities a common concern, warn each other of any foreign threats and consult fully on all measures.

Proposals adhering closely to United States objectives were before committees for study on the three main problems—European colonies

in this hemisphere, suppression of "fifth column" activities, and relief for economic systems dislocated by the European war.

However, the Argentine delegation—center of other delegates' fears about lack of unity—worked late in the night on proposals for introduction before the noon deadline.

One of these related to European possessions. Some delegates thought it might conflict sharply with the "collective trusteeship" plan supported by the United States and several other countries.

In view of Argentina's silence since her delegation head, Leopoldo Melo, cautioned the conference Monday against precipitate action on "hypothetical" dangers, some delegates expressed belief her last-minute proposals might produce a controversy.

Annual Club Encampment Closes Today; 100 Present on Wednesday Evening

Closing sessions of the annual encampment for home demonstration camp and 4-H club girls were held today at the camp site on the South Curtis place, nine miles north of town.

An estimated 100 persons including clubwomen and girls and visitors ranging from adults to small children, were present for supper and the evening program, Wednesday night. Supper of meat, vegetables, bread, tea and watermelon was served by the club girls of the county assisted by the Stoke's women's club.

After supper, group singing was led by Mrs. S. L. Alexander. A string quartet, composed of Avelene and Lavada Crudup and Billie Lujan and Velda Des Pigs, both of Prairie Lee, presented musical numbers. The Crudup sisters also played and sang selections and played for group singing.

Jo Ann McDonald presented a tap dance. About 70 women, girls, and small children spent the night at the camp. Additional clubwomen and girls and visitors were expected to attend this morning's sessions when Miss Odessa Cook, home demonstration agent from Kimball county, taught tray making with plywood and hemp as materials.

Games were also slated for this morning for those not caring to make trays. Breakfast was served by members of the Warfield, Valley View, and Westside clubs and luncheon today by members of the Greasewood, Prairie Lee, and Cotton Flat clubs.

The encampment, held for the third consecutive year, closed its two-day session this afternoon.

Mrs. G. C. Brunson was general chairman of the camp. Visitors Wednesday evening included: Miss Odessa Cook, Kimball county home demonstration agent; Mrs. Fanny Gregory of Seminole; Miss Tennie Mohrner; Mrs. E. A. Reynolds of Stanton; Mrs. J. L. Kelly, Mrs. Nettie C. Romer, Miss Mittie Lee Allen, Miss Vera Webb, Miss Bess Eldson, and Miss Kathleen Elland of Midland; a number of girls of 4-H club age and also a number of small children.

British Aircraft Plant Said Hit By Nazi Bombers

BERLIN, July 25 (AP)—Bombing of the British Vickers aircraft factory at Weybridge, 12 miles from the southwestern outskirts of London, and sinking of an 18,000-ton armed merchant ship by a German torpedocarrying motorboat near England's Portland naval base were announced today by the German high command.

Ten British planes were shot down or wrecked in the day's operations, the high command said, including four which were destroyed on the grounds at the Vickers works. The loss of six German planes was acknowledged.

Besides the attacks on the airplane factory, bombing raids were carried out on British industrial plants at Great Yarmouth and Glasgow in Scotland, the Germans said.

In a more complete report on yesterday's air attack on an armed convoy in the Thames Estuary, the high command said five merchant ships, altogether 28,000 tons, were sunk.

Three other ships were so seriously damaged, the Germans said, that their loss could be counted.

Fierce air battles as a result of this attack, said the high command, resulted in six British planes being shot out of the air.

3,000 PLANES A MONTH OFFERED

By THE ASSOCIATED PRESS.

While Nazi bombs rained 12 miles outside London, the United States took two major steps today to help Britain in her life-and-death struggle against Nazi conquest.

These were: 1. A pledge to extend "every facility" enabling the British to buy 3,000 military planes a month in this country in 1941 and 1942.

2. Establishment of a virtual United States embargo on shipments of oil or gasoline which might reach Germany or Italy.

Secretary of the Treasury Morgenthau said a shipment of 200,000 barrels of oil has already been halted. One of the greatest sea losses of the war was reported meanwhile in London dispatches which told of the sinking of the troop-jammed British Cunard liner Lancastria during

the evacuation of British Tommies from France in mid-June. —There were only 2,477 known survivors of the 5,300 aboard. Hit by German bombs, the 16,243-ton liner sank within 30 minutes.

Another maritime disaster played an important part in the German high command's daily communique, which said a 50-mile-an-hour Nazi torpedo speedboat bounced 60 miles across the English channel to sink a merchant ship near Britain's great naval base at Portland.

Skittering over the rough channel waters too fast for the big long-range guns of the naval base to make it an effective target, the German sea raider got in its knockout blow on an 18,000-ton craft and darted home again.

The Nazi high command's report of this spectacular feat was quickly countered by Britain's first lord of the admiralty, A. V. Alexander, who declared the craft was the French ship Meknes with nearly 1,300 French officers and men on board—en route home to German-conquered France.

"I have just heard the German high command admit responsibility for this sinking," Alexander told the house of commons.

"The boat was flying the French flag and had the French colors painted on deck and sides, and was fully illuminated.

"It was torpedoed by a motor boat at 10:30 last night. Each time she tried to signal her name, she was again fired on and sank in four or five minutes."

About 1,000 men were saved. Britain claimed victory today in the first major phase of the 5-week old struggle against Nazi conquest of England—by repeated, violent attacks on German "blitzkrieg bases" across the channel—and at the same time tightened her blockade. See (UNITED STATES) Page 8.

WASHINGTON, July 25 (AP)—Secretary Morgenthau said today the United States had pledged "every facility" to enable the British to buy 3,000 military airplanes a month in this country, in addition to huge orders previously placed.

Confirming an announcement in London by Lord Beaverbrook, the treasury head said the new arrangement was in addition to all previous orders, and would require construction of new factories.

The British have promised to pay for the erection of the new factories as well as to buy their output, Morgenthau added.

The secretary asserted that the treasury, war and navy departments were in complete accord on the commitment, and that William S. Knudson, production member of the defense commission, had agreed to undertake to work out the details.

He said the new factories involved in the program would give the United States capacity to build "far in excess" of 50,000 planes a year, set by President Roosevelt as a goal in his May 16 defense message. He declined to estimate the exact capacity planned.

Saying that the British "seem to have plenty of money," Morgenthau said that the "sums involved are colossal."

"For our own national defense and for the benefit of American industry," he continued, "I believe this is the most important thing which I have ever done in my life."

Specifically, Morgenthau explained, the British proposed immediate action so that they could get delivery on 3,000 airplanes during each month of 1941 and 1942.

Phillips Staking New Test on Cowden Land in Southern Andrews

By FRANK GARDNER.

Wildcat location for southern Andrews county is being staked today by Phillips Petroleum Company on land belonging to the W. F. Cowden heirs. Footage is not yet available, but the well will be drilled near the north line of section 5, block 44, township 2 north, T.&P. survey. It is about two and a half miles west of the Emma pool and also is on a southeast trend from the unnamed pool on University of Texas lands recently opened by Atlantic Refining Company and Helmerich & Payne, Inc., No. 1 University.

Candidates Start Final Drive For Votes in Election Saturday

With only 24 hours left in which to contact voters, candidates for public office today were "button-holing" all prospective supporters in a last minute drive to secure election.

The three races sharing most interest on the eve of the democratic primary Saturday are sheriff, tax collector-assessor and county attorney. The sheriff and tax collector-assessor race are "wide open" in that no incumbents are in the races. In the county attorney race, incumbent Merritt F. Hines is seeking reelection, opposed by Joseph H. Mims. Interest in all races is probably

lighter than in several years and candidates are striving hard to awaken the public to the fact that election day is only a few hours off. A reflection of the light interest is shown in the fact that only 233 absentee ballots were cast, compared with 420 two years ago.

Officials who will be in charge of the elections Saturday today urged all voters who appear at the polls to bring their poll tax receipts with them in order to avoid delay in casting their ballots.

A complete list of judges, election sites and other information will be published tomorrow.

CATTON'S WASHINGTON COLUMN

BY BRUCE CATTON
Reporter-Telegram
Washington Correspondent

WASHINGTON. — What Wendell Willkie may have to say about foreign policy in the near future is being awaited with intense interest by very diverse groups in Washington. Washington originally had Will-

kie pegged as an interventionist, meaning that his ideas on Hitlerism and the importance of helping England were more or less in line with Roosevelt's.

His nomination hence was extremely depressing to the isolationists in Congress and to the peace societies. But just recently these groups have taken new heart.

A report has reached them to the effect that Willkie would soon issue a statement on his foreign policy — a statement emphasizing the importance of keeping out of war and the dangers inherent in "stab in the back" speeches, which would definitely remove from him all traces of interventionist

This report came from sources close to Willkie in New York, and for the moment, at least—was accepted by the isolationists as authentic.

THIRD PARTY PLANS DISCUSSED

IT came at a moment when threats of a third ticket in the presidential race were coming from two directions.

Senator Burton Wheeler of Montana declared that there would be "a new and great anti-war party" if the Democrats failed to put a stiff anti-war plank in their platform. On the same day, Dr. Francis E.

Townsend threatened the formation of a third party if the two major parties ignored his group's old-age pension plank.

Behind-the-scenes discussions of these possibilities took place during the Republican national convention at Philadelphia. Commonest guess was that if a third ticket materialized it would include the peace groups, the old-age pensioners and such left-wing labor strength as would follow John L. Lewis. There was enough of this talk so that a number of congressmen returned from the convention to Washington looking around anxiously for the first signs of a bolt.

WILLKIE STAND MAY KILL THREAT

THE makings of such a movement are at hand, but as of today the chances are that it won't take place—five to one against it, according to one senator who is allied with both the Townsend and the isolationist groups.

One trouble is that it would be very hard to cement these diverse elements together into a new party. (For one thing, Dr. Townsend himself has ideas very much like Roosevelt's on foreign policy.)

An even bigger obstacle is the matter of finances. One man who is close to the discussions that

have been going on estimates that such a party would need at least one million dollars to make an effective campaign; up to date, no part of any such sum is in sight.

Nevertheless, the possibility is still there. Such men as Senator Wheeler and his associates are not going to take kindly to a campaign in which both Republican and Democratic nominees are committed to a foreign policy closely resembling F. D. R.'s. If Willkie should declare himself as the isolationists are hoping he will, the threat will fade; if he does not, you are going to hear

Tulsa Pushes Into Fifth Place After Beating Rebels Two

By The Associated Press The fast-changing battle for fourth place in the Texas league has a new contender—Tulsa's Oilers.

Yesterday the fight was between Oklahoma City and Dallas but last night the Indians took a double-header from the Rebels, 5-2 and 4-1 to shove them down to sixth.

Tulsa edged past Dallas into fifth with a double triumph over Fort Worth, 10-0 and 7-1.

Clare Bertram and Julian Tubb hurried five-hit and three-hit games to move Tulsa within fifteen points of the Indians.

Fourth place is important because it's the last ticket to Shaughnessy playoff. Houston, San Antonio and Beaumont seem assured of the ranking three places in the regular schedule.

Beaumont beat Houston 4-2 but the Buifs slid down to second-place San Antonio because the latter also lost to Shreveport 5-1.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

TAYLOR WHITE Candidate for State Representative 88TH DISTRICT

A plain, practical business man for a business position. Just an ORDINARY man who will represent ORDINARY folks in an EXTRAORDINARY way.

Advocates no new laws. Would vote to repeal one or more useless laws each day the Legislature is in session.

More business and less LAW in Austin. Vote for Taylor White and a business administration.

(Paid Political Adv.)

TO THE VOTERS OF MIDLAND COUNTY, TEXAS

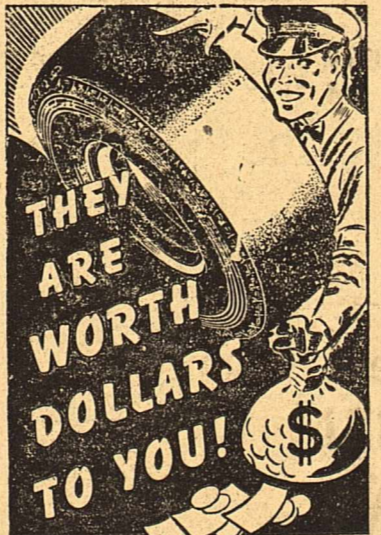

Since January 1, 1940, our District Court has been in session continuously in one of the 5 Counties of the 70th Judicial District, and in fact we will not be through in Ector County until July 27. As you know, it is imperative that I be in attendance during such sessions. For that reason it is impossible for me to see each of you personally and thank you for your past favors, but I do want you to know that I appreciate your faith and confidence; your splendid cooperation and to seek your continued good will and support.

By The Associated Press The fast-changing battle for fourth place in the Texas league has a new contender—Tulsa's Oilers.

Yesterday the fight was between Oklahoma City and Dallas but last night the Indians took a double-header from the Rebels, 5-2 and 4-1 to shove them down to sixth.

Tulsa edged past Dallas into fifth with a double triumph over Fort Worth, 10-0 and 7-1.

Clare Bertram and Julian Tubb hurried five-hit and three-hit games to move Tulsa within fifteen points of the Indians.

Fourth place is important because it's the last ticket to Shaughnessy playoff. Houston, San Antonio and Beaumont seem assured of the ranking three places in the regular schedule.

Beaumont beat Houston 4-2 but the Buifs slid down to second-place San Antonio because the latter also lost to Shreveport 5-1.

COWBOY LOSING STREAK REACHES 10 AS LAMESA COPS 10-2 WIN

Second Game of Series Is Slated Tonight at 8:30

After the Lobos had picked up two runs in the first on a single by Carr and homer by Guynes they loaded the bases on a walk to Beeler and singles by Hood and Pride but Johnson finally managed to retire them without further damage. In the last half of the frame the Cowboys got their lone two runs. Naranjo reached second after Guynes had made a superb stop of his hard smash and threw it away at first. Scaling doubled to send him home and then raced across the plate as Hale singled.

English Children Find U. S. Refuge From War-Torn Home

NEW HAVEN, Conn., July 25 (AP)—A group of English children awoke today to a new life in America—safe from the German air raids and threat of invasion which drove them from their native land.

England. Reporter interviewing them aboard the train found the youngsters tired but happy and in apparent high spirits.

One remarked: "You speak a little different, but it's the same language." Stephen Handfield-Jones, 14, who described himself as a "supreme optimist," seemed to express the prevailing opinion among the older children about the war when he asserted that England "had nothing to worry about."

Stephen said that he found the air raid shelters "most uncomfortable."

The Heinkel He. 115, German bombing plane, carries a crew of four, two machine guns and special internal light bomb racks.

Mexico Oil Industry To Be Reorganized

MEXICO CITY, July 25 (AP)—Immediate and effective reorganization of Mexico's financially-pressed oil industry was ordered by President Cardenas in a decree issued late last night.

The chief executive, taking action after months of negotiations with petroleum workers, commented that the "economic situation of the industry is most grave."

The reorganization will affect directly or indirectly 16,000 workers. Citing collapse of Mexico's foreign oil market, the government's investment of 100 million pesos in operating the industry and the increase of wages and work benefits to 75 million pesos annually, the chief executive instructed the industry's executives to institute a comprehensive program of specific economies.

Among the economies he ordered were suspension of payments of employees' savings allowance, reduction of rent allowances, ten per cent reduction of salaries of 700 pesos or more a month, reduction of paid vacation from 20 to 6 days a year, reduction of part time workers and suspension of salary and expense allowances for various union committees.

The total savings which these steps would effect was not disclosed, but it was estimated today they would exceed ten million pesos. The industry operated last year with a deficit of 22,000,000 pesos (\$4,400,000), and for the first six months of this year was reported to have a deficit of about 16,000,000 (\$3,200,000).

Mexico's chief markets for petroleum products—Italy and Germany—have been cut off by the war, and informed quarters say the two countries owe the Mexican government about \$4,000,000 for products shipped before hostilities started.

Of the companies whose properties were expropriated, Mexico has made a financial settlement only with the Sinclair interests.

GEOLOGISTS' PICNIC

HAS TONSILLECTOMY

Mrs. Victor Skalnick underwent a tonsillectomy in a Midland hospital this morning.

United States--

(Continued from page 1)

With more than 1,000 mass air raids, a London spokesman said, the British Royal Air Force now has "made it extremely difficult for Germany to organize massed attacks on this country from airmen in Holland, Belgium and France, or from bases the enemy hoped to establish in Norway."

The spokesman said the RAF, although numerically outnumbered by German warplanes, had "to a great extent succeeded in breaking down" Hitler's scheme for a cross-channel invasion of the British Isles and had made new air bases "acquired nearer our shores practically untenable."

"These violent, non-stop onslaughts are making the enemy reel under hammer blows," he said. The British report, taken at face value, might at least partially explain the mystery of Hitler's delay in launching his long threatened blitzkrieg on Britain.

Another possible reason was advanced by the London Daily Telegraph. Quoting "the most reliable neutral sources," the newspaper said a serious difference of opinion among Hitler's advisers was holding up the projected invasion.

Hitler's warplanes, nevertheless kept up the bombing of the united kingdom. Anti-aircraft guns chattered again on the southeast coast and the sky was reported "alive with aircraft" as 80 German raiders swarmed down to attack a merchant convoy in the English channel. British fighter planes quickly sent them fleeing.

While fighting off new Nazi air raids, Britain took steps to plug a blockade leakage of oil shipments through fascist Spain to Germany.

Senator Says Wallace Should Quit His Job

WASHINGTON, July 25 (AP)—Senator Lee (D-Okla.) believes it will not be necessary for Secretary Wallace to resign to campaign for the vice-presidency but if he does quit Lee advocates the selection of Representative Jones (D-Tex.) as his successor.

"Every presidential candidate has had the right to select his running mate," Lee said in an interview recently. "President Roosevelt wanted Wallace and we drafted the president he certainly had the right to choose the man he wanted to be on the ticket with him."

Wallace, Lee predicted, would be strong in the agriculture states. The Texan is author in the house of the domestic allotment farm program advocated by Lee in the senate.

Wool Market

BOSTON, July 25 (AP)—There was a little more activity in the Boston wool market today and mill buyers were making more inquiries, partly in anticipation of new government purchases for defense purposes. Original bag, fine territory wools running largely staple and good French combing lengths sold at around 83 to 85 cents, scoured basis. Average to good French combing length original fine wools were quoted mostly 80 to 83 cents, while wools running mostly short French combing and clothing lengths were quoted at 75 to 78 cents, scoured basis.

Stock Traders Stay On Fence During Day

By VICTOR EUBANK. NEW YORK, July 25 (AP)—Continued hedullement over the war, politics and taxes today kept most stock traders on the speculative fence.

Leaders tried a feeble rally at the start but failed to follow through. There were subsequent recovery intervals and relapses. Small gains and losses were widely distributed at the finish, leaving trends in doubt. Although the turnover for the full proceedings was around 250,000 shares against yesterday's 22-year low of 195,000 activity was hardly more than for an hour in normal sessions.

Earnings statements still were highly favorable and business prospects were far from pessimistic. All this, though, seemingly added up to nothing so far as market stimulation was concerned.

Rails kept their balance fairly well despite today's freight loadings figures for last week revealing a more than seasonal decline. Oils were undisturbed by the halting of petroleum shipments to Spain.

Among resistant shares were Bethlehem, Republic Steel, General Motors, Chrysler, Glenn Martin, Santa Fe, Anaconda, Standard Oil of N. J., Texas Corp., Spiegel and Loft. Without much climbing steam were U. S. Steel, Boeing, Sperry, Douglas Aircraft, Great Northern, Westinghouse and Goodyear.

INJURED IN FALL

L. C. Stephenson was admitted to a Midland hospital this morning for treatment of injuries received in a fall from a barn. Extent and nature of his injuries had not been determined at press time.

Phillips-- (Continued from page 1) In northeastern Terry county's south extension area of the Slaughter pool in Hockley, Honolulu Oil Corporation No. 1 W. G. Frazier is testing after acidizing with 3,000 gallons in second stage. The well flowed 148 barrels of oil in 36 hours on natural test through 2-inch tubing set at 5,924 feet, and after initial acid job of 1,000 gallons it flowed 12 barrels hourly for six hours. George P. Livermore No. 2 R. D. Glimp, in the same area, is drilling below 4,683 feet in lime. A wildcat in southwestern Hockley, Magnolia Petroleum Company No. 1-B Mallett Land & Cattle Company, topped pay at 4,935 feet and bottomed hole at 5,044 feet. No natural test was made, and the well now is being acidized with 1,500 gallons in first phase. Owners plan to give the well a total of 11,500 gallons.

Two Suspects Held In Woman's Slaying TEXARKANA, Ark., July 25 (AP)—Two men were held at Shreveport today for questioning in the brutal slaying of Mrs. R. J. O'Dwyer, 42, socially-prominent Texarkana resident. Mrs. O'Dwyer was found on her bed, her throat cut and her head battered. The house had been ransacked. A diamond ring, a wedding band and a gold wrist watch had been torn from the woman's hands. The two men taken into custody at Shreveport were found riding the "blinds" of a passenger train. They were arrested on information from Texarkana authorities. UNDERGOES SURGERY. Miss Betty Jo Caffey of Stanton underwent an appendectomy in a Midland hospital today.
