

## JAP NATIONALS ARRESTED IN LONDON AS "SPY RING" IS SOUGHT

### Water Bonds Up for Vote On August 21

Issue of \$100,000  
To Expand Plant,  
Redeem Warrants

Order for an election proposing three per cent waterworks bonds of \$100,000 for August 21 is announced today by city officials, publication of the election order appearing elsewhere in this paper.

Funds from the proposed bond issue would be used by the city to defray cost of new wells, a new main pipe line from the source of supply to the city limits, other waterworks expansion and to take up existing \$50,000 indebtedness composed of five per cent bonds, thereby saving the city \$1,000 annually. The five per cent bonds have been issued for expansion of the water system over a period of years.

It is pointed out that an emergency exists in the water system, due to increased population and to excessive consumption of water in homes, industrial plants and business places.

Present capacity of the lines is approximately 1,800,000 gallons per day, while the demand during the warmer portion of the summer has been approximately 2,000,000 gallons. Restrictions as to watering lawns, trees and shrubs between the hours of 10 a. m. and 5 p. m. have been put in effect to relieve the situation. When completed the new lines will carry 5,000,000 gallons daily.

Meanwhile, a temporary booster pump has been put in operation to force more water through the mains, increasing the output from ten to fifteen per cent.

Whereas there is now only a ten inch line from Cloverdale park to the city, new plans call for a four-inch line from new wells to be drilled somewhat closer to the city, supplementing the present strong system to handle a city several times the present size of Midland.

Election has been called at the city hall on August 21, with J. Homer Epley as presiding judge, Holt Jowell, judge, Cordelia Taylor and Mrs. Otis Ligon, clerks.

Ballots will read: "For the issuance of waterworks bonds" and "Against the issuance of waterworks bonds."

### "Dog Days" Hit With Temperature Reaching Peak

Seasonal records were set at every turn Saturday as Texans sweated in the hottest weather of the year. Uvalde and Wichita Falls were the

A new heat record for the year was established in Midland Saturday when the mercury climbed to 104, one degree higher than the previous peak for the year. No indication of relief is in prospect.

hottest spots, each recording 108 degrees for season highs.

One hundred-degree temperature was common over the state. Lubbock had 105, El Paso the seventeenth straight day for the thermometer to go above the 100 mark there.

Dallas recorded 102 and it was 101 at Big Spring.

Tyler reported 97 degrees, the season's hottest.

The record for the year was equaled at Houston with 97. Fort Worth did likewise with 95.

Corpus Christi had 93.5 and Beaumont 94.

### 4-H GROUP TO FT. DAVIS

Miss Alpha Lynn, Mrs. G. C. Brunson, sponsors of the Girls 4-H Club, three girls in the club, Misses Bonnell Brunson, Faye Casbeer and Lilly Rose Meisner, and Maurine Jolly left Saturday to spend the weekend at Fort Davis. Miss Lovell West, who is attending Sul Ross State Teachers College at Alpine, will join the group in Fort Davis.

### Congratulations to:

Mr. and Mrs. Cecil Waldrep are the parents of a daughter born in a local hospital Saturday morning. The girl has been named Alicia Kay and weighed seven pounds and fifteen ounces.

### IS ADMITTED

Barbara Jean was the name given the baby daughter of Mr. and Mrs. Delbert Harrison that was born Friday noon. She weighed seven pounds and thirteen ounces.

### Boomerang That Worked

Secretary of Agriculture Henry Wallace, right, cleans wound suffered by cameraman Byron Rollins who was struck on the head while photographing Wallace and Attorney General Robert Jackson, center, who were working out with the round-trip missile.

### Geological Meeting Here Aug. 17 To Be Featured By Interesting Program

The program of scientific papers planned for the Fall meeting of the West Texas Geological Society here on August seventeenth promises to be a timely and interesting one.

A discussion of the Ordovician (Ellenberg) will be presented by Leo Hendricks of the Bureau of Economic Geology of the University of Texas. Mr. Hendricks was formerly geologist with the Shasta Oil Company in Midland.

Gas in rocks of Pennsylvanian age was discovered in Schleicher county several years ago in the Page Pool. Last year oil was discovered in the same area. The geology of this interesting discovery will be discussed by Roscoe Simpson of the Cardinal Oil Company of San Angelo.

A group study of insoluble residues financed by several of the oil companies was initiated in Midland in 1939 and has made rapid progress. This work was initiated primarily for a study of the Ordovician but more recently has been extended to studies of the Permian section.

Taylor Cole of the University Lands and C. M. Linehan of the Standard Oil Company of Texas will present some of the results of this work in a paper entitled "Insoluble Residue Study of the Holt Pay, Ector County, Texas."

Methods and results of some insoluble residue work in the Whitehorse and Salado sections will be discussed briefly by Ronald K. DeFord.

To geologists interested in the general stratigraphy of the Permian, the most urgent problem at present is the age of the San Andres formation or group. This will be discussed in two papers, one by Frank E. Lewis and the other by N. B. Winter and R. T. Cox. Lewis' correlation of the San Andres with the "Standard Permian Section" proposed by Adams et al is radically different from other recent correlations of the San Andres and as such should arouse considerable discussion. Additional information on the San Andres problem will be brought out in the papers by Cole and Linehan and by John A. Barnett.

Barnett who is District Engineer with the U. S. Geological Survey will discuss the producing zones of Eddy County, New Mexico. The pools of Eddy county have been actively developed within the past year and Mr. Barnett's topic is a very timely one.

Geologists who attended the El Paso meeting of the American Association of Petroleum Geologists in the Fall of 1938 will remember with pleasure the series of photographs of the Guadalupe Mountains shown by Cary P. Butcher. In the present symposium he will show a similar set of pictures of the Sacramento Mountains.

One of the most interesting papers of the symposium should be R. L. Cannon's discussion of the stratigraphy and structure of Hudspeath county as revealed by the wells drilled by the Haymon Krupp Oil and Gas Company.

Republicans gave further indications of making it a race behind Wendell L. Willkie in this state. At

Four delegates and four alternates were named to the state convention when the county convention was held here Saturday. Fred Wemple was named chairman of the delegation with Jas. H. Goodman, J. M. King and Carl Smith the other delegates. Alternates were Jno. P. Butler, Mike Connor, P. J. Hims, Dick Mikiff.

Wichita Falls they even named a county ticket and announced both GOP and democratic Willkie clubs would be organized.

A county ticket for the republican party is rare in this state.

There was a brief flare-up in the Houston democratic convention when a group of O'Daniel leaders bolted and held a rump session after O'Daniel forces were defeated by the Roosevelt faction.

Jay A. Phillips, candidate of the O'Daniel faction for chairman, opposed the convention passing a resolution endorsing the Roosevelt-Wallace ticket but third-term advocates rallied behind J. T. Scott, Jr., and elected him.

Both conventions elected slates of delegates to the state democratic convention at Mineral Wells Sept. 3.

O'Daniel forces were in command at Austin.

Llano county democrats endorsed President Roosevelt and commended his administration.

### British Told To Be Ready By Churchill

Mass Invasion Said Likely as Germans Continue Air Raids

By The Associated Press. LONDON, Aug. 4 (Sunday). — German warplanes lashed England, Scotland and Wales with heavy bombs attacks early today, several hours after Prime Minister Churchill warned Britons to be ready for a mass Nazi attack at any time.

Authorities said, however, that the raids caused no material damage and no casualties.

The heaviest anti-aircraft fire yet heard in Wales greeted enemy planes over many coastal towns and well inland. Some bombs were dropped but the defense fire repeatedly broke up attempts at a sustained raid, reports said.

The Germans cruised over northeast, southeast and southwest Scotland for 45 minutes, dropping high explosives in attacks, authorities said, on open country districts.

A terrific explosion shook waterfront property in a northeast England coast town. Southwest England also was visited but there was no bombing.

The British reported last night their air raiders had gone across the channel to pound at likely blitzkrieg spring boards while the ground forces worked at top speed to seal the island kingdom against invasion.

Churchill, in a statement from No. 10 Downing street, advised the nation to beware of German propaganda and to look "with a double dose" of suspicion on hints that no invasion may be impending.

"The prime minister," his statement said, "wishes it to be known that the possibility of German attempts at invasion has by no means passed away."

"The fact that the Germans are now putting about rumors that they do not intend an invasion should be regarded with a double-dose of the alertness which attaches to all their utterances."

"Our sense of growing strength and preparedness must not lend to the slightest relaxation of vigilance or moral alertness."

At the same time, it was disclosed that more men have arrived from the dominions to help defend this island citadel and the air ministry reported new raids on military objectives in France, Belgium, Holland and Germany throughout Friday.

Hangars, runways and grounded aircraft were sprayed with incendiary and machine-gun fire from low altitudes in daylight attacks on air bases in France, Belgium and Holland, the ministry said.

Chief targets of night forays were said to have been German air fields and depots at Bremen, Hamburg, Milsberg, Salzbogen and Enwerke.

Particularly at the great port of Hamburg, previously described as virtually ruined by months of repeated air attack, and at Salzbogen, the ministry said, "damage is considerable and extensive."

The German radio said the report of Hamburg in ruins was a "Churchill lie."

The new troops were Australians, brought in to reinforce the thousands of Anzacs who came in mid-July.

Disclosure of their arrival followed by only a day the landing of the fifth—and largest—contingent of Canadians.

### Support for Conscription Bill Sought in Senate by Leaders

WASHINGTON, Aug. 3 (AP)—An administration drive to line up the senate vote to pass the Burke-Wadsworth compulsory military service bill was begun today, but so much opposition was manifested that some supporters predicted a compromise would be necessary.

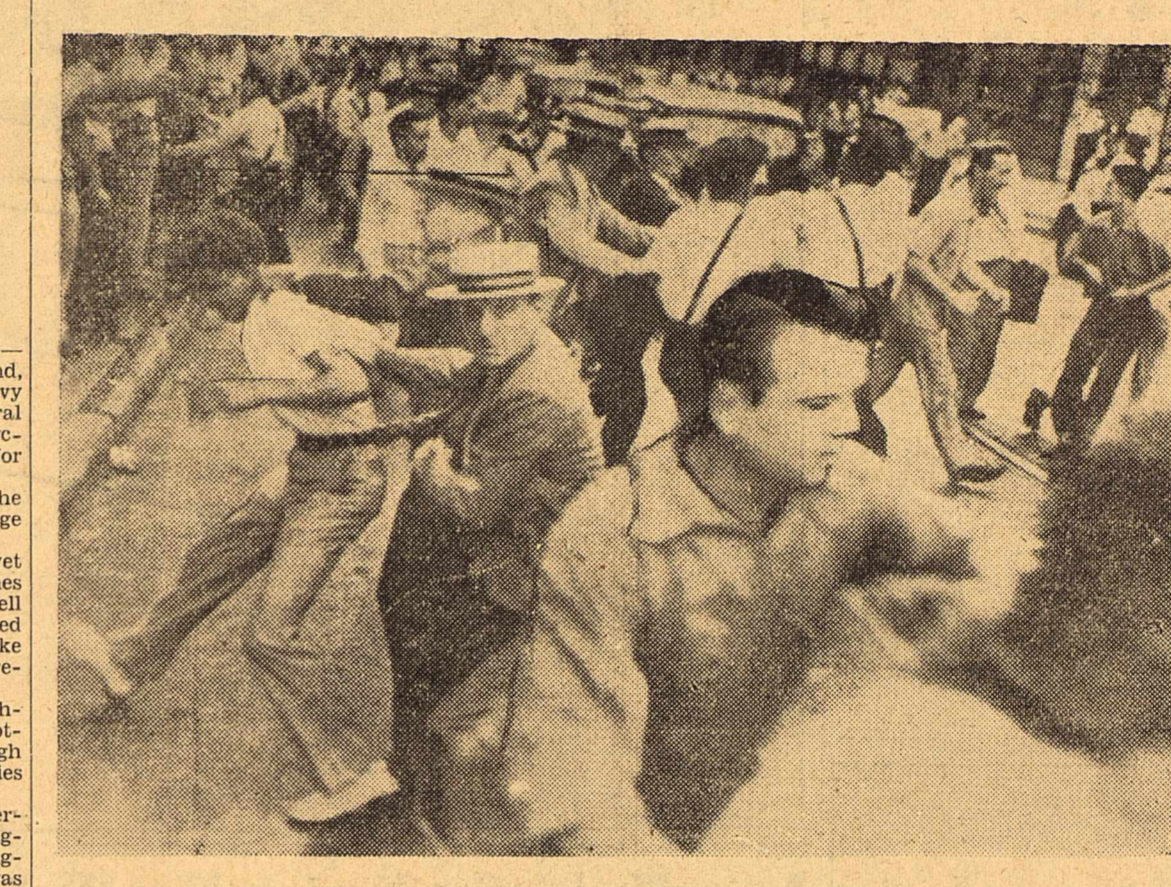

Although Senator Burke (D-Neb) one of the two co-authors of the bill, predicted that less than 20 opposition votes would be cast, Senator Lee (D-Okla.), an advocate of compulsory service, said an informal survey indicated that it would be necessary to seek some middle ground in order to get the measure through the house, as well as the senate.

Burke said it was his understanding that Senator Byrnes (D-SC) would be the unofficial leader of administration forces. In the past, he said, Byrnes had had extraordinary success in winning approval of controversial measures.

In connection with the talk of compromise, Senator Maloney (D-Conn) disclosed that he was drafting a proposal which he said he felt both opponents and proponents of the conscription bill could accept.

The Burke-Wadsworth bill, scheduled for final approval Monday by the senate military affairs committee, provides, in general, that 12,000,000 male citizens between 21 and 30 years, inclusive, should be registered for possible military service. From these registrants, local boards would select 400,000 who would be called to service.

### Strike Fight Flares In St. Louis

Violence, as pictured above, broke out on the United States labor front when strikers, workers and police battled in the streets around the Century Electric Company plant at St. Louis where 15 delegates to the CIO-UAW national convention were arrested when they joined a picket line and aided the strikers.

## PRODUCTION SLASH LISTED AS 2 MORE SHUTDOWN DAYS ORDERED

### Goodwill Group of Big Spring To Boost Rodeo in Midland

Big Spring Goodwill Trippers, advertising the annual Big Spring Cowboy Reunion and Rodeo, will visit Midland twice during the coming week. Thirty minute stops are scheduled here on both occasions.

The first visit to Midland is scheduled Wednesday morning from 9:10 to 9:40 o'clock, the visitors to present several entertainment numbers and to mix and mingle with the Midland citizenry. The Wednesday trip will be under the sponsorship of the Big Spring Kiwanis Club. Other towns to be visited Wednesday include Stanton, Odessa, Crane, McCamey, Rankin, Big Lake and Garden City.

On Thursday afternoon at three o'clock another goodwill delegation from the Howard county capital will arrive in Midland for a 30 minute stop. Other entertainment numbers will be presented and announcements made as to the Big Spring celebration. The group will have visited Knott, Ackerly, Lamesa, Seminole, Andrews and Odessa before arriving in Midland. The Thursday tour will be sponsored by the Big Spring ABC club.

Citizens of Midland and vicinity are cordially invited to be on hand to welcome the visitors and to enjoy the entertainment numbers by the Big Spring Boosters both Wednesday morning and Thursday afternoon.

### Yoakum Outpost Tops Solid Lime Flat With Shell Waples-Platter

BY FRANK GARDNER

Top of solid lime in The Sloan & Zook Company of Bradford, Pa. and Tom N. Sloan of Midland No. 1 Waples-Platter Company was encountered at 4,730 feet, datum of minus 1,177, it was announced yesterday. This puts the southeastern Yoakum county wildcat practically flat on structure with the lone discoverer pumper of the Waples-Platter area, Shell Oil Company, Inc. No. 1 Waples-Platter, three-quarters of a mile to the southwest. The new well yesterday was drilled ahead at 4,812 feet in lime. Operators plan to replace rotary with standard tools at approximately 5,100 feet after swinging pipe higher up in the lime section. Location of the test is 660 feet from the south, 1,980 from the east line of section 585, block D, J. H. Gibson survey.

In the northeast part of the link area between the Bennett sector of the Wasson field and the original Denver pool, Dunigan Brothers and Frank J. Brabney will start up with rotary Aug. 7 in No. 1 C. B. Shipley, 440 feet out of the southeast corner of the northwest quarter of section 736, block D. It is an east offset to the same operators' No. 1 Pharr, recently completed as a producer.

Shell No. 14-E George B. Baumgart, Wasson field well, has been completed at 5,175 feet for daily potential of 1,529 barrels of 33.8-gravity oil and gas-oil ratio of 801-1. It was acidized with 10,000 gallons in pay lime topped at 4,875 feet.

On the Gaines county side of the Wasson, A. G. Carter and Continental Oil Company No. 6 N. W. Willard was acidized with 9,000 gallons in lime from 4,880 to 5,060 feet, total depth, and established 24-hour potential of 1,407.60 barrels. Oil is 35-gravity and gas-oil ratio 722-1.

Ordovician Wildcats

Taubert, McKee & Siemonet No. 1 Mrs. Virginia W. Crockett, scheduled to test the Ordovician in the McKee area near Imperial in northern Pecos county, yesterday had drilled to 2,000 feet in anhydrite.

Farther west in northern Pecos, Plymouth Oil Company No. 1 Richard Levy et al also an Ordovician test, is drilling past 6,245 feet in lime and chert.

In the shallow Payton pool of Pecos, A. E. Lynch et al No. 1 Cordie flowed 40 barrels of 35-gravity oil per day after a 30-quart shot in pay from 2,028-95 feet, total depth. Gas-oil ratio was 187-1.

Ward-Pecos Petroleum Corporation No. 6-DE Pecos Valley Oil Company, new pay strike in the northwest part of the low-gravity area of the Pecos Valley pool, yesterday still was flowing uncontrolled, making an estimated 500 barrels of oil per day with an equal amount of sulphur water. It has been flowing wild for a week. Attempt to set packer on tubing failed, and operators probably will kill the well by pumping in mud preparatory to setting casing. A failure in the regular pay zone of the pool, No. 6-DE See (OIL NEWS) Page 8.

### Commissioner Jerry Sadler and Ernest O. Thompson, who with Chairman Lon A. Smith signed the order, announced the commission has considered a 90-day proration schedule, starting Sept. 1.

The additional shutdown days were ordered, Thompson and Sadler stated, in view of "excessive gasoline and crude stocks." Many operators at a statewide proration hearing yesterday requested increased allowances.

The commissioners intimated they contemplated no further field adjustments, except in isolated cases, the remainder of August.

"The best time to reduce these stocks and production is now—during the heavy gasoline consumption period. This will help stabilize conditions."

"We will appeal, as vigorously as possible, to importers not to increase the amounts of oil brought into this country. Such action would be diametrically opposed to our objectives and obviously unfair to our producers."

The commissioners explained the additional shutdown days were promulgated under an order supplementary to a much-amended 90-day proration schedule concluding Aug. 31.

The 75,000-barrel daily amount of the cut, as estimated by Thompson and Sadler, was thought by some to total possibly more than 80,000 barrels.

Commission engineers said the total net daily allowable for the current week was 1,280,468, an increase of 4,790 over last week.

The figure placed Texas production at 45,932 barrels daily under the U. S. bureau of market demand estimate for August, and with estimated underproduction from wells which did not make assigned allowances, dropped output 84,346 barrels a day under the federal agency forecast.

Completion of 152 wells during the week gave the state a total of 93,342. Engineers said 4,400 new wells had been brought in this year while 2,034 had been plugged.

### Republicans to Spend 2 1/2 Millions on Race

COLORADO SPRINGS, Colo. Aug. 3 (AP)—Wendell L. Willkie said today that he planned to hold all expenses of his campaign to approximately \$2,500,000.

After day-long conferences with republican organization leaders, the nominee told a press conference: "The republican organization, the Willkie clubs and the independent democrats who are supporting me will spend about \$2,500,000. It may run a few dollars over that, but we will be well within the limitations of the Hatch act."

"The Hatch law prohibits any national political organization from spending more than \$3,000,000."

### Police Deny "Reprisals" Are Intended

Bitter Protest Is Voiced by Envoy as Two Persons Jailed

By The Associated Press.

LONDON, Aug. 3. — A diplomatic crisis over Britain's sudden detention of the London representatives of two of Japan's most powerful families—a seizure that almost paralleled the recent arrest of Britons in Japan—appeared to be developing tonight.

An unconfirmed report that all Japanese ships sailing for Great Britain had been ordered to make for Lisbon, Portugal, was circulated by Exchange Telegraph, British News Agency.

The agency attributed the report to the Berlin wireless. The Japanese earlier had expressed objections to the British blockade of Europe which now extends from the Arctic to North Africa.

Britain's arrest of the Japanese brought a swift reaction.

The Japanese ambassador, Namuro Shigemitsu, went to the very top—to Foreign Minister Lord Halifax himself—to make a "strong protest" and a 20-minute interview he was reported to have made an outright demand that the internees, Satoru Makihara and Shunsukei Tanabe, be released forthwith.

Makihara and Tanabe, agents of the fabulously wealthy Mitsubishi and Matsui families—members of a small group of such families which controls nearly all Japanese industry and finance—were arrested quietly during the night and reports indicated that arrests of other Japanese were going forward all over the British empire.

Nothing was said officially by the British but unofficially it was declared that the arrests were made on the grounds of national "security" under the act regulating aliens in wartime.

At the same time, sections of the London press carried reports of the ferreting-out of a widespread spy syndicate in the empire, especially in Canada, Australia and Burma.

All this provided a set of circumstances almost identical under which the Japanese had made arrests of British subjects—arrests which were declared in Tokyo to have been made because of the existence of a spy ring in Japan—but authoritative British sources insisted impassively that nevertheless London's action was not at all a reprisal.

There were strong similarities between the two incidents, it was said, it was "pure coincidence."

Still, Lord Halifax was understood to have told the protesting ambassador that the arrests were made for just such reasons of "internal legal control" as the Japanese had advanced to justify their seizure of the Britons.

Shigemitsu was said to have spoken of the possible "unfortunate effect" on British-Japanese relations. "We hope everything can be settled satisfactorily."

Only two days ago, a British informant had said that unless the nine Britons still in custody in Japan were released something might be done—something without warning, he added—because the Japanese had given no warning of their action.

At that time, an authoritative source had said boldly, although privately, that British-Japanese relations might grow so "impressively worse" that the Japanese might attempt some sort of military pressure against Britain.

Japan, he added, was not likely to take the full step to total war, since that might involve Russia or the United States, but she might try to drive the British from the colony of Hong Kong.

### Special Program for Final Service in Methodist Church

Meeting for the last service in the old auditorium of the First Methodist church, preparatory to razing the structure for erection of a new and larger \$75,000 auditorium and educational building, members of the congregation this morning will participate in a special program.

During erection of the new church building, services hereafter will be in the Ritz theatre, it was announced, with Sunday school services in the church's annex just north of the Ritz.

W. I. Pratt will direct the service this morning, with Mrs. De Lo Douglas directing the music and Mrs. Holt Jowell, pianist. Mrs. Roy Parks will sing a soprano solo, "I Shall Not Pass This Way." Talks will be made by Chas. L. Klapproth and M. C. Ulmer.

### HAS GUESTS

Mrs. Anna Klapproth has as her guests her sister, Miss Clara Hohling, of Los Angeles, and son, Dr. Klapproth of Sherman, and daughter, Mrs. L. C. Sharp and family of Abilene.

## Philanthropist? You Can Be One, Too, And You Don't Need Money!

"Most of us are exceedingly generous with the millions we do not possess, and we smugly offer our lack of money as excuse for our lack of generosity," suggests Corinne Updegraff Wells, who writes about "Philanthropy without Money" in the current Rotarian Magazine. "Yet generosity has surprisingly little to do with money. . . . Ingenuity and imagination often provide gifts which make presents purchased with money seem cheap and tawdry by comparison."  
But how? There's that spare time on your hands that you can donate to an overburdened neighborhood mother, to a charitable organization, or at the nearest play park where youngsters long for someone to teach the mysteries of kites and model airplanes. And your car with its empty back seat when you take a Sunday afternoon drive into the country! Why not fill it with convalescent-ward patients from the nearest hospital, or oldsters from the community home for the aged? And hobbies! Here's a gold mine for sharing joys, for philanthropy without money, suggests Author Wells.

## Interpreting the War

By DeWITT MacKENZIE  
Associated Press Staff Writer

BY KIRKE L. SIMPSON

Circumstances tending to offer the people of beleaguered England, whatever else befalls them, a week-end of greater freedom from apprehension that invading German hosts will be battering at their doors this Sabbath.

For the last six week-ends, that part of the British public dwelling along the English Channel and North Sea coasts has never turned in on a Saturday night without the thought that it might be turned out again before dawn to face an invasion. The Hitler fondness for week-end strokes was well established long ago.

If Italian and German forecasters have the right of it, however, it is not invasion but starvation that the British public has most to fear. And nobody but British officialdom really knows how imminent the starvation peril is.

Figures fantastically at variance with British official listing of cargo ships sunk recently in the Nazi counter-sea siege of England have been published by Berlin. The fate of England may hang on which side is right or nearest right; on which is deliberately concealing or distorting the truth for propaganda or military reasons.

Experience and some previous circumstances of this war teach distant observers to believe that the British

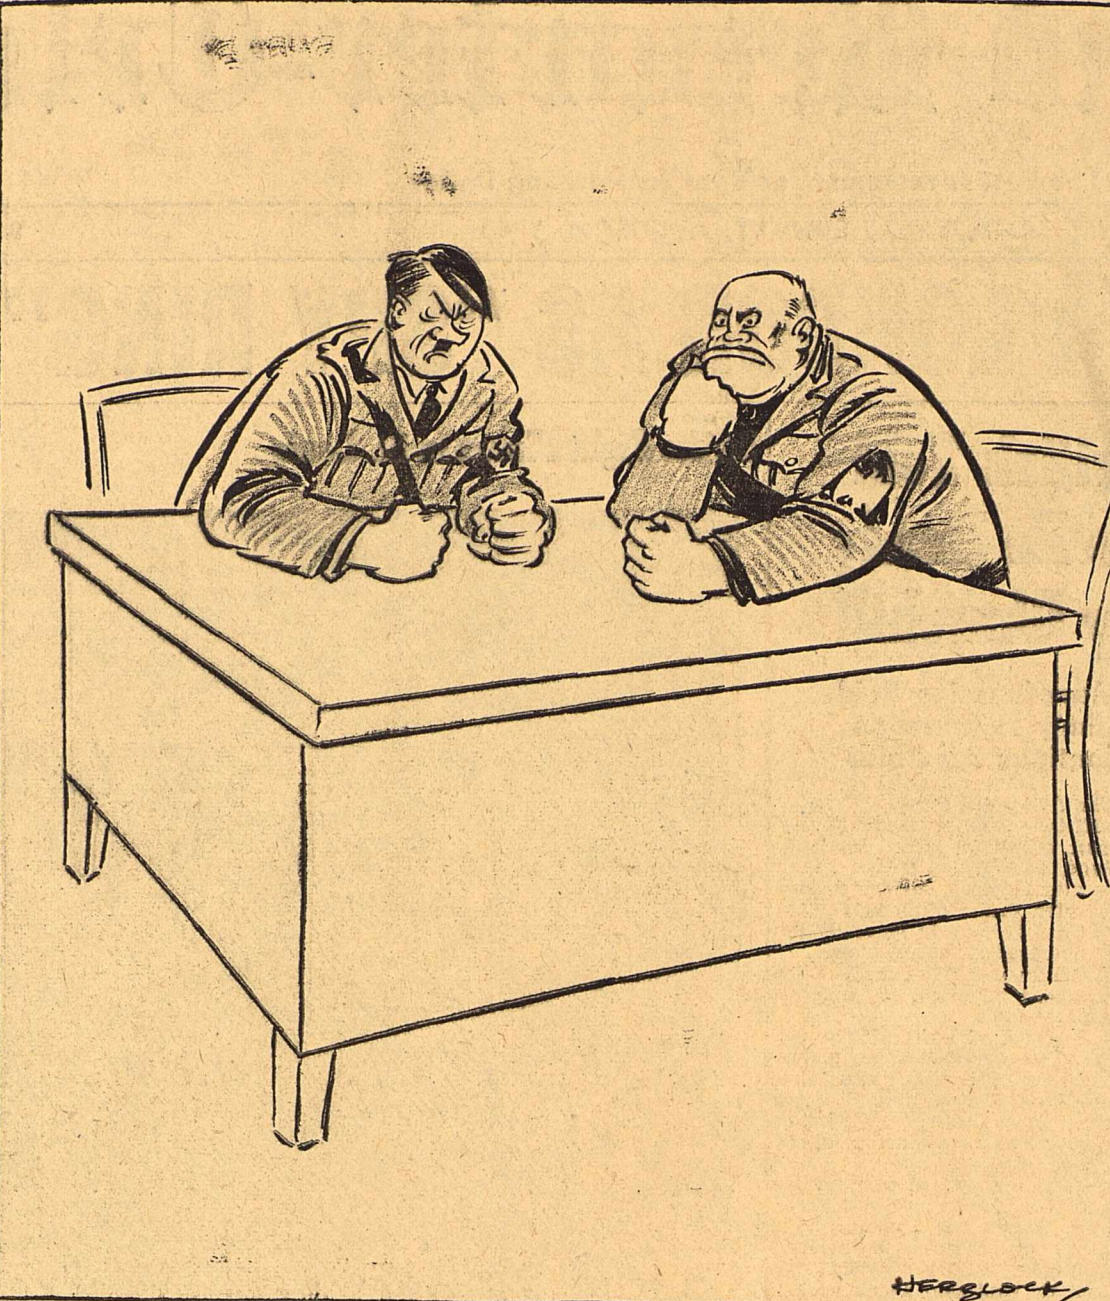

ship loss accounting is more reliable than that of Germany. During the world war, the British did not conceal their cargo ship losses, even when they reached da weekly aggregate that brought England within weeks of famine. In this war they have given out much more detailed statements of such losses than Berlin sponsored figures.

What, for instance, might be the result if the admiralty disclosed that the tide was running so heavily against England in the war at sea that a day could be foreseen when starvation would force capitulation? On the other hand, what would be the result if it became apparent to parliament that the Churchill ministry was misinforming the nation as to the gravity of its plight, and urging it to fight on against hopeless odds?

England is still a democracy, for all the emergency war powers conferred on the prime minister. Parliament could rescind them as quickly as it granted them. For that reason if no other it is probable that Churchill has decreed frankness and accuracy in British official report on merchant ship casualties, restricting only in so far as naval craft are concerned by purely military exigencies.

And if that is Churchill policy—which Churchill's long record of never hesitating to tell the British public bad news strongly indicates

## Cordell Hull

## Active Week in Southeastern New Mexico Shared By Lea and Eddy Counties; Spotlight on Ventura Test

HOBBS, N. M., Aug. 3.—An active week in Southeastern New Mexico oil developments numbered among its most important events the completion of five producers in the Maljamar pool of Lea and Eddy counties, starting of two new wildcats in Eddy, and indication of high structural position by a test in northeastern Lea.

Topping San Andres lime at 4,610 feet, 747 feet below sea level, Ventura Oil Company No. 1 H. L. Lowe, northeastern Lea wildcat, fostered hopes that it might prove a new pool opener. On the lime marker it is running 74 feet higher than the old Reynolds No. 1 Anderson, dry hole four miles to the west. The Ventura test also is said to be checking, with seismicograph picture of the area, it is located 660 feet from the south, 1,980 from the east line of section 26-13s-37e. Depth of 4,816 feet in lime had been reached at last reports.

Ten miles northwest of Carlsbad in Eddy, Black & Ratliff No. 1 Simmons, new wildcat 1,980 feet from the north and west lines of section 9-21s-25e, has spudded and is running 10-inch casing at total depth of 100 feet in lime.

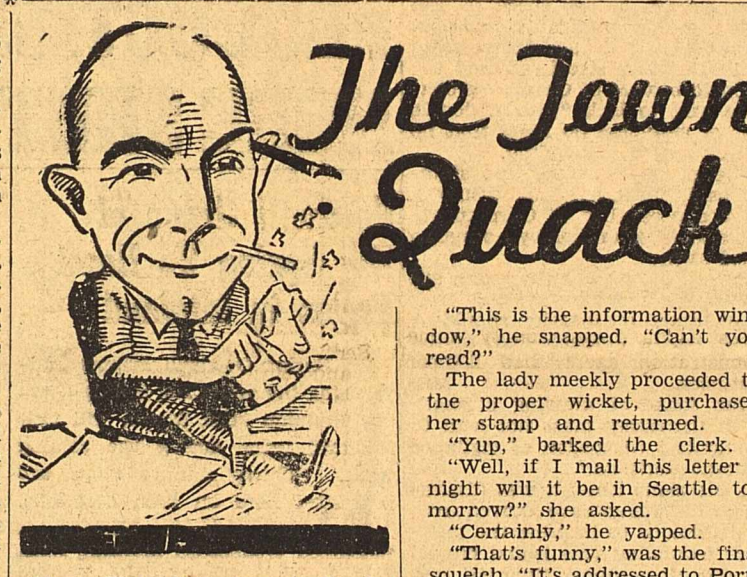

**Pool Opener Completed**  
A. & M. Petroleum Company No. 2 State, Eddy wildcat four miles northeast of Carlsbad, is drilling below 100 feet in salt. Location is 2,310 feet from the south and east lines of section 15-21s-27e.

Martin Yates, Jr., et al No. 1 E. L. McCall, pool opener seven miles west of the Artesia pool of Eddy, was completed this week for 24-hour gauge of 103 barrels of oil, flowing through choked tubing. It found pay in sand from 1,022 to 1,031 and was shot with 60 quarts of nitro from 1,017 to 1,032 feet, the total depth. No. 1 McCall is located 330 feet from the south, 990 from the west line of section 24-18s-26e, at the north edge of Lake McMillan.

As a southeast offset to the discovery, Yates and associates will drill No. 1 E. M. Williams estate 330 feet from the north, 1,560 from the west line of section 25-18s-26e.

**Maljamar Extended**  
On the Eddy side of the Maljamar pool Emperor Oil Company No. 7 Puckett, 1,980 feet from the south and east lines of section 24-17s-31e, flowed 55 barrels in 24 hours through open 2-inch tubing set on bottom at 3,920 feet. It was acidized with 1,000, then with 4,000 gallons in pay lime topped at 3,905 feet.  
Extending the Lea side of the Maljamar pool a half-mile west, E. G. Woods No. 1-B Simon flowed 158 barrels in 24 hours through open 2-inch tubing set at 3,750, one foot off bottom, with perforations at 3,650 feet. It topped pay at 3,665 feet and was shot with 200 quarts from 3,660 feet to bottom of the hole. Location is 660 feet out of the northeast corner of section 30-17s-32e.  
Barney Cockburn completed a trio of new holes at Maljamar. His No. 11-B Balsh, 660 feet from the south, 1,980 from the east line of section 27-17s-32e, flowed 250 barrels a day through open 2-inch tubing set at 3,100 feet after shooting

with 160 quarts from 4,044 feet, where pay was entered, to 4,125 feet. Hole was plugged back to 4,125 from total depth of 4,132 feet.  
**Start New Wildcat**  
The No. 14-B Balsh, located 660 feet out of the northwest corner of the same section, gauged daily flow of 175 barrels following shot with 140 quarts from 3,930 to 3,994 feet, total depth. Pay was topped at 3,860 feet. Cockburn No. 15-B Balsh, 1,980 feet from the north, 660 from the west line of section 28-17s-32e, was shot with 160 quarts in pay horizon from 3,734 to 3,815 feet, the total depth, and responded by flowing 200 barrels per day.  
Maljamar Oil & Gas Company No. 3-B Balsh, 1,980 feet from the south and east lines of section 22-17s-32e, gauged 24-hour flow of 192 barrels through open 2-inch tubing set at 3,000 feet. It topped

## The Town Quack

Next Thursday, August 8, the matter of prohibiting the sale of beer in Midland county will be taken up by the voters. To get a fair decision by the voters, it is going to take a large turnout at the polls. And to get what the voters want, each voter must be sure he understands the ballot.  
The ballot reads "for prohibiting the sale of beer etc. . . ." and "against prohibiting the sale of beer etc. . . ." In other words if you want to vote against sale of beer you vote "for prohibiting." And if you want to vote for keeping beer legal, you vote "against prohibiting," scratching the one you don't want and leaving the one you do want.

The ballot is confusing unless you examine it closely.  
Jess Miles, when approached by O. J. Hubbard who wanted to sell a cow, asked: "Mow much milk does she give?"  
"I don't rightly know," Hubbard said, "but she is a good natured critter and will give all she can."

Some more jokes borrowed from Raymond Lawrence's "Builder":  
I had a girl  
Her name was Nellie  
She fell in the ocean  
Up to her knees  
(It doesn't rhyme because it wasn't deep enough where she fell in.)

"We have an office boy who whistles while he works." You're lucky. Our office boy just whistles. . . .  
A young lady walked into the post office one morning, stopped at at wicket and asked for a 3-cent stamp. The clerk had been to an Elks meeting the night before and was not feeling well.

pay at 3,837 feet, halted drilling at 4,010 feet in lime, and was shot with 100 quarts from 3,930 to 3,975 feet.  
Great Western Producers, Inc. (George P. Livermore) No. 1-D State has been started as a new wildcat in northwestern Lea 150 feet west of Stonger and Welner No. 1 State, which recently was junked at 1,373 feet in red rock. No. 1-D is located 660 feet from the south, 810 from the east line of section 30-12-32e. The first test in the area was not drilled sufficiently deep to find any formation markers.  
Stanley Weiner et al No. 1 Saunders, southeastern Lea wildcat 660 feet out of the northeast corner of section 20-21s-36e, cemented 9-inch casing on bottom of 1,320 feet in red beds with 200 sacks and now is preparing to replace rotary with spudder.

## Boy Scout Tour of N. M. Is Postponed

The Boy Scout tour of New Mexico and Colorado has been postponed until August 21st because it was found that at that time more boys could take advantage of the offer.

On the tour Scouts will camp out each night at a different location high in the Rockies on beautiful lakes and streams usually inaccessible to tourists. The National Park Service has extended every courtesy in the assurance that they will be welcome in any of the National Parks.

Besides three scout leaders on the trip, Stanley Mate, Rev. Herf Applewhite, and Herman Reed, there will be a cook and a bus driver. Senior patrol leader and patrol leaders will be selected the first day of the tour which will leave August 21st from Midland. This date has been selected because most of the boys will be in Midland at the swimming meet on August 20th and can be well on their trip early on the morning of the 21st.

The entire cost of the trip is \$15 and it is open to boys who have reached the first class rank who have reached their 15th birthday.

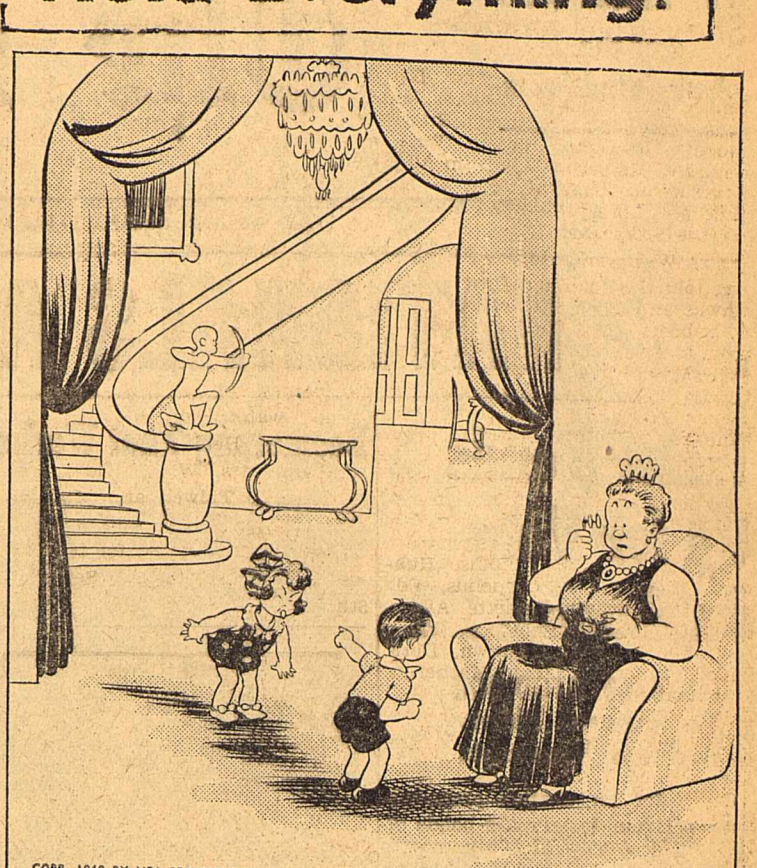

## Slight Gains Mark Trades During Week

NEW YORK, Aug. 3 (AP)—Gains of 1 to 5 points marked up in the cotton futures market today were attributed more to lack of selling pressure than to any particular demand.

Best support came from trade houses. There was some early demand from Wall Street interests, based on expectations of a higher loan rate for this season. Scattered hedge and southern selling supplied contracts. Traders generally awaited the government's crop estimate to be released August 8.  
Trading in cotton futures on three organized exchanges established a 20-year low for the month of July according to the commodity exchange administration. Volume totaled 1,370,950 bales in July compared with 2,843,650 in June and 2,993,650 in July, 1939.

Sales in the Worth Street dry good market for the week were estimated at approximately 50,000,000 yards of print cloths and related items and was said to equal about three times weekly production.  
There were no exports yesterday and season's total remained 14,569 bales. Port receipts 8,418; port stocks 2,444,055.

## Hold Everything!

"Mother, either Jane goes or I go—this house isn't big enough for the two of us!"

## Livestock Market

FORT WORTH, Aug. 3 (AP)—(U. S. Dept. Agr.)—Cattle: Top mature beef steers 10.00, mostly 9.50 down, top yearlings 9.75; few cows to 6.00, early, bulk 5.25 down; practical top bulls 5.25; best slaughter calves 8.50, stock steer calves up to 9.50 and heifer calves to 9.00, sparingly.  
Hogs: Top 600 paid for good and choice 175-270 lb. averages; good and choice 150-175 lb. weights 5.40-95; acking sows steady 4.75 down.  
Sheep: Bulk spring lambs 6.00-50; yearlings 5.00-50; two year old

## Flax-Growing Industry In Northwest Forecast

SPOKANE, Wash. (UP)—Production of flax in northern Idaho and eastern Washington may become an industry in the next several years, R. W. Bucklin, secretary of the industrial bureau of the Spokane Chamber of Commerce, believes.  
A ready market has been found so far for all flax seed produced in the region, Bucklin said. With an average production close to 10 bushels an acre, growers have realized a higher dollar-per-acre return from flax than from wheat, he added.  
wethers mostly 4.00; aged wethers 3.50-75; ewes 1.50-3.00.

—It is not the British but the German public that is being misinformed as to progress of the battle of Britain. Hitler and his aides need not reckon with German public opinion unless his whole totalitarian house of cards come down about his ears in the end. In the meantime, offering his own people and the world highly inflated figures on British shipping losses could be deemed good home front propaganda strategy.

Songs and Stories Presented At Story Hour Saturday

Stories were told by Paul Dale Smith and Clinton Dunagan and songs were sung by Genora Brown, Marilyn Dunagan, Frances Whigham and Katherine Whigham when a group of youngsters met in the children's library Saturday morning for the Story Hour.

Cotton Flat Club Makes Trays and Sings At Meeting

Tray making consumed the time of the Cotton Flat Home Demonstration club when members met at the home of Mrs. Jeff King Thursday.

MONDAY

Methodist WMU members will meet at the home of Mrs. R. P. Simpson, 902 W. Kentucky, Monday afternoon at 3:30 o'clock for a business meeting.

Woman's Missionary Society of the First Christian church will meet Monday afternoon at 3:30 o'clock in the church.

Circles of the Baptist WMU will

GOING TO RUIDOSO

W. J. Sparks, accompanied by his sister, Mrs. C. H. Marchman, her daughter, Mrs. Hobart Park, and Miss Virginia Park, all of Dallas, will go to Ruidoso tomorrow for a month's stay in his summer lodge there.

VISIT V. G. YOUNGS

Mr. and Mrs. C. J. Cox and daughter, Carolyn, of Garden City visited Mr. and Mrs. V. G. Young here Saturday. Carolyn, thirteen years old, is an expert cowgirl and will be Glasscock county sponsor at the Big Spring Rodeo August 14-15.

Saturday Courtesy Compliments Mrs. Fad Kidwell

Mrs. Fad Kidwell was honored with a miscellaneous shower Saturday afternoon at 3:00 o'clock in the home of Mrs. C. G. Campbell on 901 W. Kansas when Mrs. E. S. Griley and Miss J. Doran were hostesses to a group of friends.

Offers Bargain to Theater Goers

The management of the Yucca Theatre announced today that through arrangements just completed with the celebrated screen star Constance Bennett, ladies attending the theatre on Friday and Saturday will be given an opportunity to obtain her famous Beauty Aids.

PERSONALS

Mr. and Mrs. H. A. Houston of Stanton were Midland visitors Friday.

L. G. Howell left Friday night for Fayetteville, Arkansas and points in Oklahoma and Kansas. He plans to be gone about two weeks.

Mrs. Charles Skinner and Mrs. Charles Christian of Odessa were in Midland visiting Friday.

Mr. and Mrs. J. C. Smith have as their houseguests this week Mr. Smith's sisters, Mrs. Ab Midkiff of Odessa, Mrs. Dave Phillips and Mr. Phillips of Waurika, Okla.

Miss Alpha Lynn, county home demonstration agent, had as her guest during the weekend, Miss Maurine Jolley of Dallas.

Mr. and Mrs. Joe Youngblood and daughter, Anna Bell have returned from a trip to the Fort Worth and Dallas markets.

Mr. and Mrs. C. A. Ham left Friday night for Stephenville where they plan to spend two weeks visiting Mrs. Ham's mother, Mrs. A. P. Allison.

Mrs. Faye Carson is visiting friends and relatives in Bonham. She plans to be gone for two weeks.

Mr. and Mrs. C. E. Lasater of Monahan spent the week-end in Midland visiting Miss Gladys McCormick and Miss Margaret McCormick.

Mrs. E. E. Scroggins and son, Joe Ed are the houseguests of Mrs. J. C. Locklar of Goldsmith.

Mrs. Jack Dendy left Friday to visit in Haskell. Mrs. Dendy, who will visit her mother, plans to be away a month.

Miss Audell Knight has recently moved here from Jackson, Miss., where she plans to make her home. Miss Knight is a trained nurse and is employed in the Western Clinic Hospital.

Mrs. Ethel Shelton left Saturday for Tyler and Marlin where she plans to visit her mother for a week.

Miss Evelyn Hudkins spent the weekend in Denver City as the guest of Miss Betty Hodge.

Miss Dolly Allen had as her guest Thursday and Friday, Kenneth King of Abilene.

Mr. and Mrs. S. H. Hudkins and family had as their houseguests Thursday and Friday, J. W. Darby and children, Juanita, Winston and Wayne, of Phoenix, Arizona.

W. H. Street, former Midland oil man, is here on business from San Antonio.

Ralph Powell, division geologist for the Texas Company, returned to Fort Worth last night after a business trip to the local offices of the firm.

Miss Mary Frances Stephens, 20, of Fort Worth, sister of Mrs. Frank Gardner, died at a Fort Worth hospital early Saturday morning after a brief illness. Miss Stephens, former resident of Midland, suffered from double pneumonia and appendicitis. Mrs. Gardner had been in Fort Worth for the past week.

Newspaperdom ranks 12th in the list of England's national industries, and employs 80,000 workers regularly.

# THREE CONTESTS OPEN TO RODEO SPONSORS

Cowgirl sponsors at the 1940 Midland Rodeo will have greater attractions, with possibility of better prizes, than at any time of the event's six years of history, it has been announced by Roy Parks, general chairman.

Three distinct contests are open to these attractive young women with their handsome horses, who will represent from thirty to forty towns and cities of the southwest, each contest being open only to officially designated sponsors.

First will be the contest which has been carried on each season, in which the girls will ride their horses around the stakes and will appear at all parades and rodeo programs, to be judged 25 per cent each on appearance of girl, ability to ride, appearance of horse and trappings ability of horse to be reined. Grand prize again will be a handsome \$125 shop made, full stamped saddle, with other handsome premiums for other winners.

On Saturday afternoon, middle day of the rodeo, will be a calf roping contest, open only to sponsors, in which the grand prize will be a handsome young dun horse given by Clarence Scharbauer from the famous herd of "Scharbauer duns."

Final event for sponsors will be a calf penning contest, open to the five winners of the 1940 regular sponsors' contest and previous sponsor winners of the Midland Rodeo, with the exception of the 1939 calf penning contest winner. Grand prize will be a \$300 covered two-horse Hobbs trailer. Each sponsor entering will be allowed to pen three calves, with a minute and a half allowed for each calf.

Miss Joan Proctor, fifteen year old daughter of Mr. and Mrs. Leonard Proctor, Midland ranch people, will represent the home town as sponsor but will not compete with the visitors for prizes.

To be "Miss Midland" at the Big Spring rodeo, August 14 and 15, Miss Nancy La Force, fifteen year old daughter of Mr. and Mrs. W. Watson La Force Jr., local oil family, has been designated.

## Rodeo Progress

Aug. 31-Sept. 1-2

Plans for publicizing the Midland Rodeo actively were discussed at a meeting Friday morning and probably will be more nearly perfected this week. While Chas. McClintic was getting the Midland event announced at Ollie Cox's Double Heart rodeo near Sweetwater, delegations were being discussed to attend the Snyder and Alpine rodeos August 9 and 10, and it was planned to descend on the Big Spring rodeo August 14 and 15 about 300 strong.

It may be that big block of tickets at one performance of the Big Spring rodeo will be contracted, with sale conducted here by committees to secure a group of from 200 to 300, sitting all together in the neighbors' grandstand, to see their good show and to advertise the big Midland event in a big way. The Big Spring neighbors have always been good attenders at the Midland Rodeo, and the local fans will enjoy a visit there.

Meanwhile, rodeo contest pamphlets and sponsors' contest pamphlets are available at the chamber of commerce office and may be secured for mailing or personal distribution.

A motorcade or bus trip is being talked by the Junior chamber of commerce, to advertise the rodeo intensively in neighboring towns, with details to be announced soon.

Have your rodeo duds ready!

prunes the corn roots and decreases the yield, especially in dry seasons. Frequent, shallow cultivation to kill weeds is recommended.

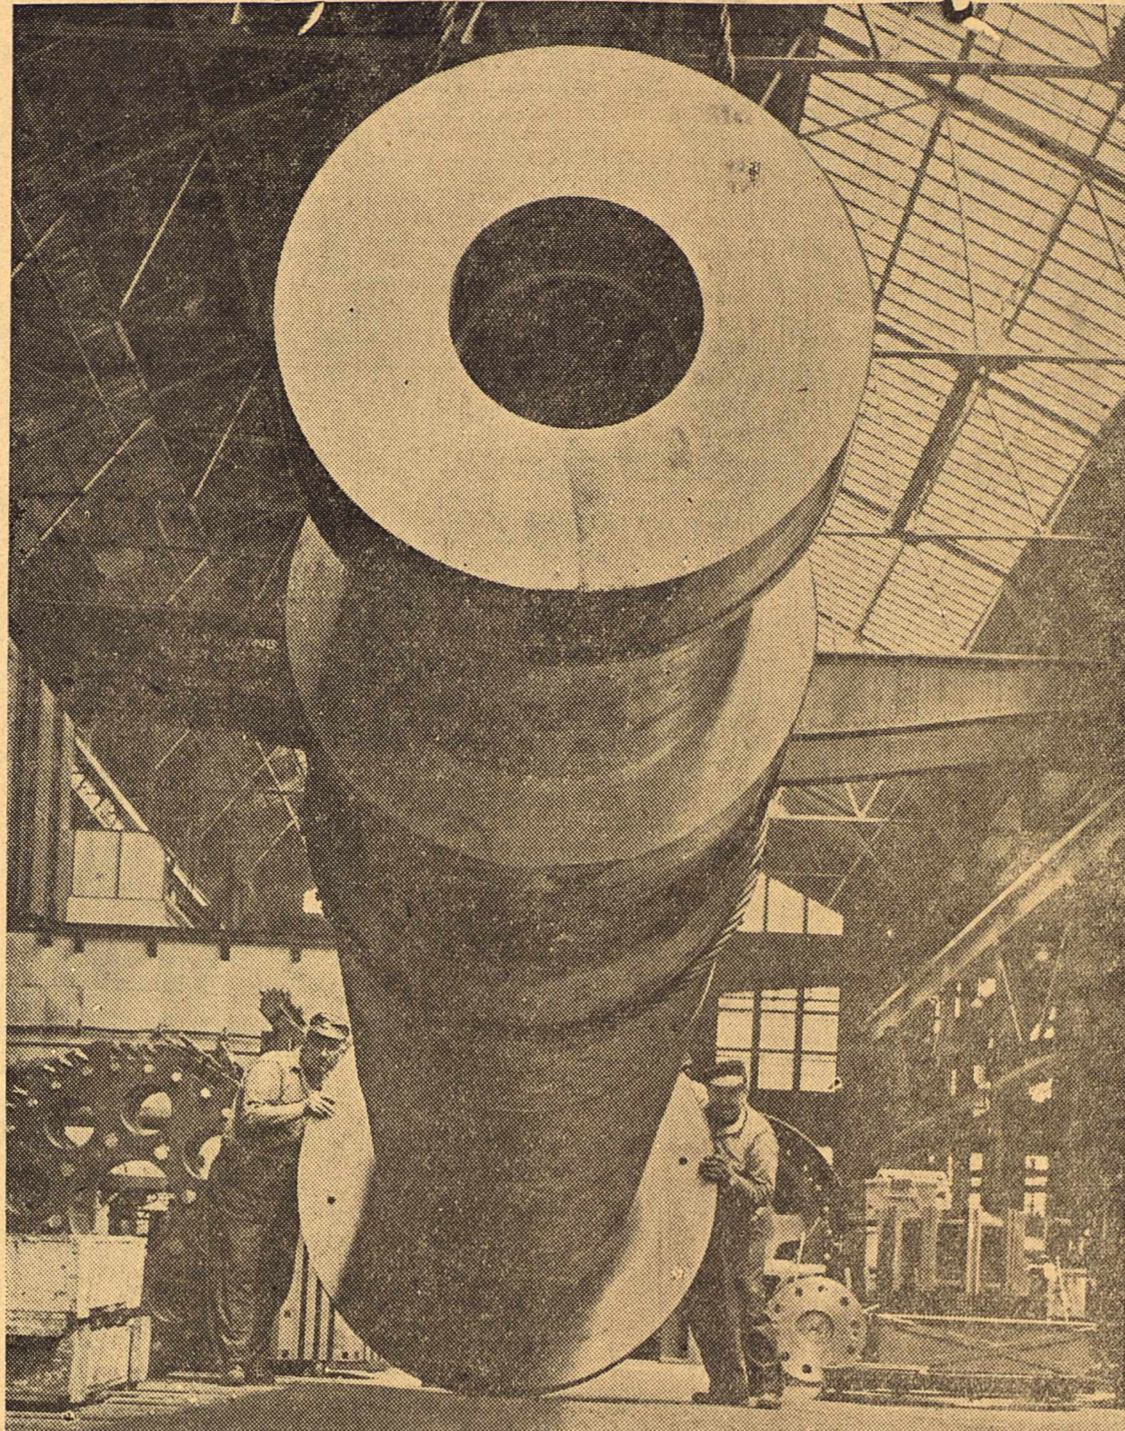

E. W. Calhoun, son of Mrs. W. Calhoun, has a pig on feed and is reporting some nice gains.

More than five and one-half million families received information or assistance from extension service workers in the United States in 1938.

Application for free cotton classification and market news service has been approved by the Bureau of Agriculture economics for the Midland one variety cotton improvement association. This free classification allows all members of this association to get their cotton classified free by a government classifier in Lubbock.

The construction of trench silos in Midland county is gaining headway with two new completions during this week, Mr. Sherwood O'Neal

## Big Gun for Industry

Not a giant among cannons, but ammunition for industrial defense. This huge 130,000-pound shaft, pictured in General Electric's Schenectady, N. Y., plant, will help build one of the 75,000-horsepower generators which will turn waters stored behind the government-built Bonneville, Ore., dam into electricity for industrial production.

and Mr. E. A. Livingston.

All entries in the horse show to be held during the Midland Rodeo should be mailed to the county agent's office, Midland, Texas.

A hint on building trench silos: Be sure that your walls are sloping so that when the feed is packed it will pack against the wall instead of pulling away as it will in straight sided silos. Be sure and fill the silo 12 to 24 inches above the ground level to take care of settling.

## Girl Scouts Combine Into Work Units

Since many of the Girl Scouts are away on vacations the troops have combined into work units, mainly to complete second requirements. Each group consists of four girls who will rotate as leader of each week's activity and groups will report regularly to the girl scout leader on the progress that has been made. This program will help to find initiative and leadership in those girls who are timid and backward in expressing themselves, and develop responsibility and habits of careful thinking and planning on the part of those girls that are already self-assured. The aim of these groups is to see that every girl is in the second class by the time school starts. These girls are: Group 1, Alberta Smith, Margaret Mims, Mary Katherine

You Will Find

To have a true milk flavor because we buy and use only Grade A milk.

## Panda Remembers War And Doesn't Like Boots

ST. LOUIS (UP) — Pao Pei, youngest of the municipal zoo's pandas, refuses to have anything to do with his keeper if he wears boots, according to the quarterly publication of the St. Louis Zoological Society.

The article, speculating on Pao Pei's reasons for attacking the boots whenever his keeper came near, explained that the panda had numerous experiences with shell fire during his trip through China and associated the boots with soldiers.

Royal Shoals, in Pimlico Sound, N. C., is the northernmost rookery of pelicans.

So valuable is chinchilla fur that skins, thought very small, bring more than \$125 each.

Taylor and Elaine Hedrick. Group 2, Jimmie Catherine Kendrick, Billy McKee, Norma Stice, Ailynne Kelly.

Group 3, Betty Jo Greene, Betty Chanslor, Sharon Cornelius and Edwina Hood.

Group 4, Sally Jean Secor, Choeb Lewis, Janet Knickerbocker and Odessa Mae Rice.

Group 5, Ann Mason, Ann Ulmer, Camilla Jane Crawford and Billy Ann Hill.

Group 6, Evelyn Britton, Mickey Joan McDonald, Martha Jo Dobson, Mary Elizabeth Collins and Jane Patterson.

In addition to these work groups there is to be also a group working on hunting requirement for result of swimming lessons girls received the first of the summer. Many plan to finish independently the work required for the badge. The swimming group includes: Betty Chanslor, Sally Jean Secor, Alberta Smith, Mary Katherine Taylor, Barbara Mims, Sharon Cornelius, Marilyn Tarver, Carolyn Tarver, Elaine Hedrick and Norma Jean Stice. Girl Scouts returned last weekend from Camp Lois Pharr near Mertzon and were filled with enthusiasm and interest in arcraft. Midland had the largest outside representation of any group at the camp, which was sponsored by the San Angelo Council. They enjoyed the swimming and archery but most of all they liked the work done in needlecraft, pottery, needlework and basketry. To continue with this work the group is composed of Marilyn and Carolyn Tarver, Betty Jo Greene, Betty Chanslor, Sharon Cornelius, Billy Ann Hill, Orilla May Osburn and Beth Osburn. They will meet regularly to obtain a few badges in the field of arcraft.

## Convention--

(Continued from page 1) county convention endorsing payment of social security obligations with a "reasonable increase" in the tax on natural resources and a tax on luxury items.

Dallas county democrats who supported opponents of O'Daniel in the first primary joined with the Governor's friends to make the convention the calmest held in Dallas in years. O'Daniel leadership and his administration were approved and the national administration endorsed and congratulated.

More than 1,500,000,000 pounds of tobacco are produced annually in the United States.

## Mermaid In Net

This modern mermaid sports a gay little fishnet shirt with tiny collar, and a full, billowing skirt hugging the waistline and falling gracefully about the ankles. Its glamorous effect might snare—not fish—but the elusive male.

## BAYLOR COMMENCEMENT

(Waco, Texas) (Baylor University)

Baylor Commencement's a classic affair, dignified, stately, impressive, and rare. Those who attend it receive inspiration, hardly surpassed by divine visitation. Best-looking people are seen there in throngs, loyal to Baylor and thrilled by her songs. Dull is the person who feels not the spell, Manifest there, her traditions to swell.

Awed by the atmosphere felt in her presence, Every one senses a spiritual essence. Beautiful, wonderful sermons in stone Add to the spiritual, giving it tone. Sacred the campus and hallowed the ground, Built for the Church and the State, to abound, Famous in history, great in her men, Baylor's a blessing beyond human ken.

Built by our fathers for Church and the State, Baylor has greatly enhanced her estate. Character building and service ideals Millions have seen in the program she weilds. Clothed with a message for sinner and saint, Lifting the fallen and cheering the faint, Thousands who go from her walls every year Carry the torches of Truth far and near.

Brought to the Kingdom for just such a time, Leaders she has who have vision sublime. Wielding her scepter, befitting their day, Presidents great she can boast and display. Rich in traditions, the school is a beacon, Honored, revered as a Mecca or Eden. Holding up standards that challenge the world, Baylor moves on with her banners unfurled.

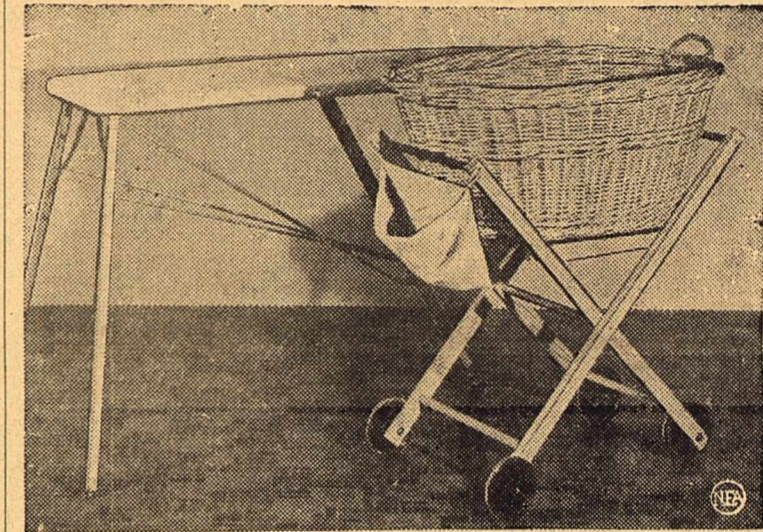

Her friend through the years,

*W. W. Lindsey*

July 23, 1940

## Sturdy Wagon

THIS sturdy laundry wagon will save a lot of heavy lifting, bending and reaching on wash day, for it is of convenient height, has a handy bag for clothes pins and can be trundled right from the house to the clothes line. It will carry a good sized oval basket, yet will fold into a small space when not in use.

## GLASS FOR FDR.

WASHINGTON, Aug. 3 (AP).—Senator Carte Glass of Virginia disclosed tonight that he would vote for President Roosevelt despite his opposition to a third term.

The senator, who placed James A. Farley's name in nomination at the democratic convention, also has declined an invitation by Senator Burke (D-Neb) to testify before a committee which will consider Burke's proposed constitutional amendment to prohibit a third term, although Glass said he would vote for it in the senate.

"I stated in my speech in Chicago my position on a third term," Glass was quoted by the Washington Post by telephone from his home in Lynchburg, Va.

"However, as a member of that nominating convention, I feel in honor bound to vote for its nominee. This I propose to do." Senator Johnson, California republican, said that President Roosevelt's recent comments about him were "just the same old purge, the same old sham expressions of regard and affection, the same old stiletto."

## WE THANK YOU!

We wish to thank our good friends and customers for your patronage and pleasant relations during the time that we have been your authorized Ford Dealer in Midland. It is with regret that we announce, as of August 1, that we shall no longer be your Midland dealer, having sold our business to

# METHODIST BUILDING PERMIT BOOSTS TOTAL NEAR \$750,000 MARK

## Construction in Seven Months Is More Than 1939

### As New Methodist Church Building Will Appear

The architect's conception of the appearance of the new Methodist church educational building, on which work has been started, is shown in the above photo. Building permit on the structure, listed at \$75,000, was issued last week.

Permit for \$75,000 for the new church and educational building of the First Methodist church, contracted last week to the Abilene Construction Company, aided in placing the 1940 building figures near the three-quarter million mark. It was announced late in the week by W. F. Prothro, city building inspector.

Combined with residence projects, the church structure gave the week permit of \$80,964, bringing the figure for the first seven months of 1940 to \$745,234. The entire year of 1939 accounted for slightly over \$690,000.

Last week's jobs included: V. B. McCracken, 725 West Kansas, wash house on garage, \$214. J. L. Barber, 2007 West College, dwelling, \$3,500. W. R. Mann, 305 North Carrizo, servant quarters, \$250. First Methodist church, auditorium and educational building, \$75,000. Leon Arnett, 913 North Main, frame dwelling, \$2,000.

## Smartness For Dude Ranchers

Motor across the country to a dude ranch in this type of suit and wear it often while there. It's of sturdy blue denim and is shown with a blue and white plaid gingham shirt. There are denim slacks to match. Ona Munson wears it.

Early Christians sang at the dinner table, substituting hymns of praise and thanksgiving in place of "disgraceful laughter and unnecessary conversation."

## Hagen and Armour High Court of Golf; Pros Go to Veterans With Problems; Stars Paradoxically Help Each Other

BY HARRY GRAYSON  
NEA Service Sports Editor

CLEVELAND.—Covering the National Open is a breeze. All you have to do is wait until Walter Hagen and Tommy Armour come in, and get in the early rush for their table.

Hagen and Armour are the high court of golf. Wee Bobby Cruickshank is the court jester.

Each entrant at Canterbury stops and comments on his game. Hagen and Armour pick it to pieces. Armour takes each side of the argument, and usually wins his point.

Armour, the professionals' professional, claims tournaments are lost . . . not won.

Roland Hancock lost the championship at Olympia Fields in 1928 . . . needed only 5-5, one above par . . . took a pair of sixes.

Ralph Guldahl lost the title at North Shore in 1933 by missing a four-foot putt.

"They said I lost confidence," cussed Guldahl. "They should have said I lost my putting touch, because

you lose your game before you lose confidence. I had been putting poorly for 18 holes. Had I been putting well, I would have had confidence . . . would have sunk that payoff putt."

Sam Sneed lost the crown at Spring Mill a year ago . . . with that frightful eight on the last hole. A poor choice of clubs got him into the difficulty.

### LOCKER ROOM CHATTER DRIFTS TO McDERMOTT

HAGEN and Armour dish out sound advice. A refreshing slant on the money players is that paradoxically they are always willing to help one another. It was this as much as anything else that put America on top of the golf world.

Sooner or later locker room talk drifts to Johnny McDermott.

McDermott was just 21 years old when in 1911 he beat Mike Brady and George Simpson in a playoff to become the first homegrown to win the National Open. He repeated the following June. He finished in a triple tie with Alex and Mac-

Donald Smith in 1910, Alex pre-

### McDERMOTT, THE SIEGE GUN WEIGHED ONLY 135 POUNDS

McDERMOTT has been in a Philadelphia mental institution since shortly after his meteoric rise. His trouble traced to his being kicked on the head by a horse when he was a child.

Jack Burke, oldest player in this year's Open, recalls their taking McDermott out for a round with Cyril Walker and himself at Shawnee-on-Delaware in 1924, and his outdriving them with an old wooden shaft.

They took McDermott out again to let him see Bobby Jones complete his grand slam at the Merion Cricket Club in 1930. McDermott played a round . . . broke the course record.

McDermott, the most spectacular player of his time, weighed only 135 pounds, but patted the ball like Sam Sneed.

It was tragic to lose Johnny McDermott.

Little wonder that when old-timers gather at the 19th hole they usually wind up discussing him.

## Abilene Men Buy Ford Dealership From King-Eiland

Sale of the Midland Motors Inc., Ford and Mercury dealers here, to C. L. Gladden and Glenn Williams, formerly of Abilene, was announced late in the week by M. F. King and G. A. Eiland, effective August 1. The new firm will operate as a partnership under the name of Midland Motors.

Messrs. Gladden and Williams announced that the same personnel will be continued and that service will be kept to a high plane. Both are moving here from Abilene, Mr. Gladden having also lived for a number of years at Dallas while holding an executive position with a major oil company.

Messrs. King and Eiland said they were glad, in the sale of the business, to bring to this territory men of experience and of high type to handle the dealership, commending both of them to the public. King, who has been active manager of the firm, will continue to operate his ranching business, in which registered Herefords are a major product, and his tractor business at Stanton. Eiland continues his Ford dealership in Stanton. They had operated the business here for a year.

## Australia Bids for Supremacy in Air in Enlargements to All Available Plants

CANBERRA, Australia (U.P.) — A program for making Australia one of the front rank world air powers by March, 1943, has been announced by Prime Minister Robert G. Menzies.

It involves an increase of eleven times the present program for training pilots, observers, gunners and aircraftsmen and an increase of seven times present program for the production of aircraft. This would give Australia by the time the program is in full operation in March, 1934, a total

aviation personnel of 57,473 and an air force of about 2,000 planes. With the program and production then in full operation, Prime Minister Menzies believes that Australia can increase the air force each year until it ranks with the most powerful air nations in the world.

**Large Gain This Year**  
Under the program as launched, Australia will have 28,500 trained men, consisting of crews, pilots and ground personnel by June, 1941. By June, 1942, an additional 18,012 will have been trained and by March, 1943, when the entire program will be in full operation an additional 10,961 will have been trained, giving Australia an aviation personnel of 56,473 which will be maintained thereafter.

For carrying out the program there will be installed as rapidly as possible three initial ground training schools; 10 elementary flying training schools; four air observers schools; four bombing and gunnery schools; four wireless operators' schools; and two air navigation schools.

As regards the participation in the war, the crews of the Royal Australian Air Force will be earmarked to be concentrated into self-contained purely Australian squadrons as rapidly as feasible.

**Adequate Defense Is Goal**  
Menzies announced that this rapid increase in aviation, coupled with the rapid growth that is taking place in the military and naval program, is intended to make Australia capable of defending itself.

In addition to this element of self-defense, he declared it would enable Australia, in connection with Great Britain, Canada and New Zealand to be party to the plans that are vital to assure an allied victory.

With such an air force, Menzies pointed out that the highest authorities agree that it would give Australia always the mastery of the air as it would never be possible for an enemy with ship-based aircraft to get the upper hand of a land based aviation in a country as large as Australia.

# COWBOYS TAKE SECOND IN ROW FROM CLOVIS; END SERIES TODAY

## Engles Will Toe Slab for The Home Club

The Midland Cowboys fought their way back into a tie with the Clovis Pioneers for sixth place in the West Texas-New Mexico League, last night when they came from behind in the late innings to take a 6-4 decision from the visitors in a wild and woolly affair that saw one player ejected from the park and two more fined for bickering with the umpires.

Manager Howard Taylor of the visitors was bounced in the first frame after he objected too strenuously to a third strike decision by umpire Schultz and third baseman Steiner of the Pioneers and first baseman Williams of the Cowboys were fined \$5 each by umpire Capps for arguing with him in the seventh.

The two clubs will meet this afternoon at three o'clock in the final game of the series. Morrie Engle will be on the mound for the Cowboys and Rogers will probably hurl for the visitors.

The Pioneers got away to a two-run lead in the second inning last night on a single, two doubles and a sacrifice hit and held the lead until the end of the fifth. After the Cowboys had picked up one run in the third on a walk to Jennings and a double by Naranjo, they managed to tie up the score in the fifth on a homer by Manager Sammy Hale.

Clovis picked up two more in the first half of the seventh but the Cowboys came back with a couple in their half of the frame, then sewed up the game in the eighth when Barnhill walked, stole second and came home on a single by Hale. Hale then moved up to third on a single by Naranjo and scored when Harrison missed a relay from center.

The box score:

CLOVIS	A	B	R	H	P	O	A	E
Smith	3	1	2	0	0	0	0	0
Taylor	1	0	0	0	0	0	0	0

Summary: Runs batted in—Steiner, Harrison, Shirley, Hale 2, Naranjo 2, Williams. Home runs—Hale. Two base hits—Shirley, Steiner, Naranjo, Schmidt, Rudes, Stone. Stolen bases—Naranjo, Hale, Bolton, Williams, Barnhill. Sacrifice hits—Harrison 2. Double plays—Wagner to Schmidt, Adkins to Harrison to Wagner. Struck out—Lucas 6, Shirley 6. Bases on balls—Lucas 6, Shirley 9. Left on base—Midland 9, Clovis 9. Umpires: Schult and Capps. Time 2:25.

## Dancing Couple Near 60 On Floor Every Night

CLEVELAND, O. (U.P.)—Louis Voelk, 59, and his wife Louise, 58, dance out four nights a week; at home the other nights. They are so good they often have been called professionals.

Voelk, a traveling salesman, often has taken his favorite dancing partner with him, and while "on the road" they have won prizes in 27 states.

## MRS. SHOWS, MRS. PHILLIPS TO MEET IN GOLF FINALS

Mrs. G. E. Shows of Odessa and Mrs. Alice Phillips of Big Spring will meet in the finals of the Women's Invitation golf tournament underway here at nine o'clock in the morning.

The two visiting women, after trying for medalist honors, marched to the finals by scoring easy victories in the two matches they had to play Friday and Saturday. Eighteen holes will be played Sunday morning and 18 Sunday afternoon.

Mrs. Shows entered the finals by defeating Mrs. Hamilton of Midland, 5-4, and Mrs. Stacy of Midland, 4-3. Mrs. Phillips defeated Mrs. Dozier of Midland, 1 up, and Mrs. Dillon of Odessa, 3 up.

Other finalists will be: First flight—Mrs. Harkrider of Midland, Mrs. Harry Stalcup of Big Spring. Second flight—Miss Thomas of Midland, Mrs. Ellis of Midland. Third flight—Mrs. Sewell of Odessa, Mrs. Dickey of Midland. Fourth flight—Mrs. Lowe of Midland, Mrs. Brown of Midland.

Mrs. Shows and Mrs. Phillips, pre-tournament favorites to meet in the finals, proved the dopesters right by their play in the first two rounds. Mrs. Phillips had a lot of trouble in her first round match with Mrs. Dozier but was out all the way in her match with Mrs. Dillon. Mrs. Shows had no trouble in winning both her matches, getting out in front early and staying there.

Results of all matches played:

**Championship Flight**  
 Shows beat Hamilton 5-4; Stacy beat Autrey 2 up; Phillips beat Dozier 1 up; Moberly beat Dillon 2 up; Semi-finals—Shows beat Stacy 4-3; Phillips beat Dillon 3 up.

## Abilene Christian, North Texas Will Renew Grid Rivalry Here Sept. 21

The North Texas State Teachers College Eagles and the Abilene Christian College Wildcats, Lone Star and Texas Conference defending champions respectively, will renew their long-time rivalry this season when they meet September 21 in their season-opener at Midland for their thirteenth annual battle.

Victorious over the Abilene Wildcats by a 9 to 0 margin last year at Sweetwater, the Eagles this fall appear to be even stronger than they were in '39, when they marched through an undefeated conference slate and lost but one contest the entire year—that to SMU. But ACC, fortified with the return of 24 of her 29 lettermen of last season, when she defeated five of her six league opponents to tie for the Texas Conference title with St. Edwards, is also stronger than last year and stands a splendid chance of downing North Texas, her bitter rival since 1926.

Leading the Dentonites into the fray will be her three returning all-conference gridders, Captain-elect Bill Sheffield, center; Johnnie Riola, quarterback; and Boyce Nail,

guard, around whom Coach Jack Sisco will mold his 1940 machine. Other familiar figures to the Wildcats, who will return to West Texas for their renewal of this keen rivalry, will be John McDaniels and Leonard McDaniel, halfbacks; Forrest Covin and James Riggs, ends; Ervin Clay, guard; Doyle Walker, tackle; and Ward Anderson, center, all of who were lettermen this past year.

It was the Riola-to-McDaniels passing combination last year that spell defeat for the Christians as this pair collaborated on a successful 10-yard heave in the second quarter to give Denton her only touchdown of the contest. Later in the game Riola hit another target in wingman Forrest Covin for a 40-yard advance, placing the ball on the Christian 15 yard stripe from which point James of the Eagles booted a field goal. When the Eagles take the field at Midland September 21, Riola, McDaniels, and Covin will probably all be in the starting line up and certainly anxious to continue their offensive on the Abilene Wildcats.

hill 243; Engles .238; Lucas .133. Nell was pacing the other league batters in runs batted in with 129. Fullenwider of Amarillo was leading in the home run parade with 33. He was also leading in strikeouts with 99. Nell was leading in doubles with 40 and Hajduk of Lubbock was ahead in the race for three-base honors with 17, one ahead of Scopetone of Borger.

Vannoy of Pampa was leading all other pitchers with a mark of .800 built on 16 wins and four losses. His teammate, Dilbeck, was close with 18 wins and five losses and Hall-bourge of the same club had 17 wins and five losses. Lucas was leading the Midland hurlers with 13 wins and 7 losses. Johnson had a mark of 10-11, Engles 4-6, Kanagy 1-4, Patrick 0-2.

## Boudreau, Mack Show Basketball Is Training Ground for Infielders

Ray Mack, left, and Lou Boudreau practically wear the same shirt.

By HARRY SPAYSON, NEA Service Sports Editor.

CLEVELAND. — After all these years, with the arrival of Louis Boudreau, Jr., and Ray Mack, basketball finally becomes recognized as a developing ground for infielders. No pair of infielders ever flipped the ball around from any position with more speed and accuracy than Lou Boudreau and Mack. No one ever pivoted and got rid of the ball quicker and threw it swifter than Mack.

They even combine to throw out a hitter . . . one passing to the other when he is in a better position to throw.

Oscar Melillo, who played a little second base himself, attributes their cast-like disposition of the pellet to their basketball.

Boudreau the Illinois forward; the slickest basket ball player in the tough Western Conference.

The 200-pound Mack was an accomplished floor-man for the Case School of Cleveland.

## HOOP GAME SUPPOSED TO BE TOUGH ON LEGS.

STANLEY HARRIS, who was a remarkable basket ball player, has in the past advised youngsters contemplating a baseball career to steer clear of the court game. The quick stops and turns on hardwood were too hard on the legs, to the Washington managers' way of thinking.

Yet there was nothing wrong with the ball around from any position with more speed and accuracy than Lou Boudreau and Mack. No one ever pivoted and got rid of the ball quicker and threw it swifter than Mack.

Boudreau and Mack make Bucky Harris revise his opinion of basket ball as a developer of infielders.

"The plane of ability is nearer equal in basket ball than in most sports," says Ted Lyons, the veteran White Sox pitcher who got in three years of the game at Baylor.

"Therefore a player to be outstanding has to be a remarkable athlete. In only one game does the reflex-

es have to be faster—and that is baseball.

"So when you've got a basket ball player who can play baseball, you've got a real standout."

## BOUDREAU AND MACK TEAM OFF FIELD, TOO.

MACK, the Bohemian, is big and friendly. Boudreau, the dark-complexioned Frenchman, is reticent, but will talk on any topic but himself.

Boudreau and Mack are inseparable on and off the diamond. They room together on the road . . . sleep late, eat and attend movies together. In Cleveland, Mack and his fiancée, Jean Fischer, with whom he went to high school, frequently spend the evening with the Boudreaus.

The youngsters give a good deal of credit for their rapid rise to Greg Mulleavy, a veteran infielder with whom they spent most of last season in Buffalo, but Lou Boudreau and Ray Mack were naturals together from the first day they met.

## Major League Results Saturday

## Physical State Called Low for Today's Youth

BUTTE, Mont. (U.P.)—There are many young men in this country physically unable to carry a rifle if they were called up for compulsory military training, J. Lyman Bingham, Chicago, assistant to the president of the Amateur Athletic Union, said during a visit here.

"A program of compulsory athletics, started some time ago would have done more to build those young men and prepare them for an emergency," he said.

Not enough young men compete in athletics today and consequently they are below par physically, the AAU official believes.

If doughnuts crack when frying, use less baking powder. They come out best when the dough is as soft as can be handled.

to the park, replied he would go out a bit late.

Washing, greasing or for flats call Southern Body Works, phone 477.

## Pitcherless St. Louis Browns Have Two Of Country's Best in Minors at Santone

DALLAS, Aug. 3 (AP)—Irony is as much a part of baseball as a base hit, but almost too bitter is the strange case of the pitcherless St. Louis Browns and a couple of their San Antonio farmhands—Robert Muncrief and Maurice Newlin.

The Browns are faithfully attempting to fulfill their long-time lease on their normal American League habitat—the cellar. Murderous hitting by Rip Radcliff, Walt Judnich, Johnny Berardino, George McQuinn, Harold Cliff, et al, can't quite keep pace with the runs charitable Brownie pitchers permit.

But down on the farm in San Antonio, Muncrief and Newlin are pitching in hurling chores that would have every scout in big league baseball trailing them—if they didn't belong to the pitcherless Browns!

What's the gag?  
 Muncrief, who has won 20 games, and Newlin, a 17-game winner at the three-quarter post of the Texas League race, are the life blood of a San Antonio team scrapping for the pennant. San Antonio is a baseball mad city, leading the loop in attendance. Muncrief and Newlin are idols. The club is a money maker.

St. Louis needs Muncrief and Newlin—but in San Antonio. The books will balance better come the fall.

Manager Marty McManus, the voice of experience after 14 years in the majors, bubbles over on Muncrief and Newlin.

Only last night before the largest throng in San Antonio baseball history—some 12,250—Muncrief humbled the once great Dizzy Dean, now with Tulsa, to win his 20th victory. San Antonio still has approximately 45 games to play.

"Chances are great that Muncrief and Newlin will jump right into the Browns hurling staff next year. As a matter of fact, they are considerably better than some pitchers the Browns have at the present time," mused McManus.

"Both have pitching sense, courage, and stuff. They're winning because of willingness to learn and work. Muncrief should easily win 23 games and Newlin 20 at their present pace."

The 24-year-old pitchers are the hardest working pair in the league. Muncrief has worked 224 innings to lead the league; Newlin only one frame less. Muncrief has struck out 123; averaged a base on balls every 5 2/3 innings. Muncrief is on option to San Antonio; Newlin is outright club property.

The six-foot, one-inch 200-pounder split time between Hollywood and San Antonio last season and worked briefly for the Browns late in the chase. But they turned him back this spring. Newlin won 29 games, lost only six for Topeka of the Western Association last year.

He is known as the hard luck kid of the Texas League, having dropped numerous one-run decisions.

But that isn't all. San Antonio has still another potential Brown pitcher—Loy Hanning. He threw a no-hit, no-run game the other night and McManus opines he has another kid sensation there.

## Bedford Continues To Pace Juniors

Although he dropped 50 points, H. G. Bedford, Jr., of the Jaycees remained the Junior League's leading clogger through the past week, winding up with a mark of 619 after 21 times at bat.

Bob Voorheis of the Wadleys remained in second place with a mark of 594. Other members of the big ten were L. Hall, 555, C. Kelly, 545, Netherlin, 527, Noyes, 500, Whitaker, 500, Davidson, 481, Perkins, 444, Hill, 391.

Kelly and Foster of Wadleys were leading in runs scored with 20 each. Voorheis was tied with Netherlin for the lead in hits with 19. Noyes and Voorheis were tied in doubles lead with four each. Foster was leading in triples with 2. Voorheis was out in front for home run honors with four. Noyes was pacing the league for stolen base honors, having swiped 31 sacks.

In pitching, Bedford, Forrest and Hall each had perfect slates with three, two and one wins, respectively, without a loss. Netherlin had a 3-2 average while Voorheis and Kelly had a 5-0 mark.

## Youngster Keeps Words At Their Face Value

**MEMPHIS, Tenn. (U.P.)**—Little Eddie Lee Davis is too young to have learned much slang, and he takes every word of it at its face value. He asked his aunt what sort of present she planned to buy his father for his birthday. "I'm not going to tell you," she replied. "You might blow it." "That was enough for Eddie," I know," he said; "a whistle."

## BOOTS AND HER BUDDIES

## WASH TUBS

**IDENTITY DISCOVERED!**  
 EASY AT MERCY OF FOREIGN AGENT!  
 MELGA WOLFE'S PLAN IS TO KNOCK EASY UNCONSCIOUS, ALLOW PLANE TO CRASH AS THE ACCIDENTAL, WHILE SHE FLOATS SAFELY TO EARTH BY PARACHUTE.  
 BUT FIRST I WOULD DESIRE A TRIFLE MORE ALTITUDE... HEY!  
 AN OLD MASTER AT GETTING OUT OF TIGHT PLACES, EASY GIVES THE PLANE A SUDDEN LURCH...  
 ...GRABS HER RIPCORD...  
 ...DUMPS THE CHUTE TO THE FLOOR, USELESS!  
 YOU DOG!

## ALLEY OOP

**ALLEY OOP**  
 PLOPPED DOWN ON THE BURNING SANDS OF EGYPT, OUR FRIENDS, ALLEY OOP, DR. BRONSON AND COOLA, SET OUT IN THE DIRECTION OF THE NILE!  
 WHEN I'M BEGINNING TO THINK WE'LL NEVER GET TO THE NILE!  
 MY TONGUE FEELS LIKE A DRY SPONGE!  
 SAY, DOC, WHAT'S THAT LOW HUMMIN' LITTLE BEAVER AN' ME ARE RETURNIN' TO PAINTED VALLEY!  
 NO THANKS, FOLKS. I'D RATHER STAY HERE!  
 DON'T TELL ME IT'S GONNA RAIN!  
 GOOD HEAVENS, NO!! IT'S A SANDSTORM—AND IT'LL BE ON US IN A MINUTE! COME ON, WE'VE GOT TO HURRY!  
 I CAN GET TO A CARD TABLE, WE'LL SOON HAVE A STRIKE!

## RED RYDER

**RED RYDER**  
 RED'S FRIENDS HAVE JUST BEEN MARRIED AND RETURN TO BAR'S CAFE TO CELEBRATE.  
 T. MARQUET?  
 AND RANDY WANTS YOU TO ACCEPT A HALF INTEREST IN OUR GOLD MINE.  
 NO THANKS, FOLKS. I'D RATHER STAY HERE!  
 NOT TILL ME FINISH DIE--- YOU BETCHUM!  
 MEANWHILE, RED'S OLD ENEMIES, ACE HANLON AND ONE-EYE, DRIFT BACK TOWARD PAINTED VALLEY AFTER ESCAPING FROM PRISON.  
 THIS MUST BE THE TOWN OF MAVERICK; NOBODY KNOWS US HERE, ACE!  
 YEAH-- AND IF I CAN GET TO A CARD TABLE, WE'LL SOON HAVE A STRIKE!

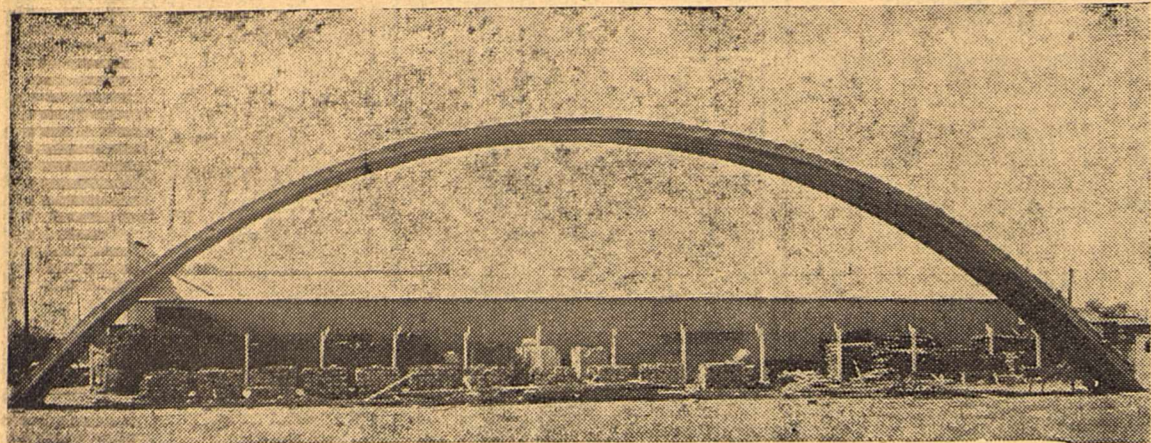

## FRECKLES AND HIS FRIENDS

**FRECKLES AND HIS FRIENDS**  
 JUST BECAUSE I HAVE NO WORK FOR YOU HERE IS NO REASON FOR YOU THINKING ME A HEEL!  
 YOU HAVEN'T DONE MUCH TO THE IMPRESSION!  
 OKAY--- WELL, LISTEN TO THIS!  
 HAVE YOU GOT MY CALL THROUGH TO THORP AT PETERSBURG? OKAY--- PUT HIM ON!  
 ---YEAH---YEAH--- THEY'LL BE ALONG ON THE NEXT BOAT! GIVE 'EM THOSE TWO JOBS WE DISCUSSED--- AND TAKE GOOD CARE OF THEM!  
 Jobs? ????  
 THERE YOU ARE, BOYS!

## OUR BOARDING HOUSE with MAJOR HOOPLE OUT OUR WAY

**OUR BOARDING HOUSE with MAJOR HOOPLE OUT OUR WAY**  
 THERE I STOOD, WEAPONLESS! THE GLADGANG'S FIRST CHARGE HAD COME SO CLOSE THAT MY GUN WAS ACTUALLY KNOCKED FROM MY HANDS AS I FIRED IT! AND NOW THE GLADGANG WHEELED, QUICK AS LIGHTNING, AND CAME AT ME HEAD ON! QUITE A SPOT TO BE IN, WHAT? I CLOSED MY EYES, WHEN SUDDENLY I HEARD A SHOT! IT WAS ABOUT, MY NUMBER ONE BOY HE HAD PICKED UP MY GUN AND OH, I SAY, YOU'VE DOZED OFF, HAVEN'T YOU?  
 SOMEbody SEEMS TO BE TALKING IN THE MAJOR'S SLEEP.  
 NO THANKS, FELLOWS, NO MORE-- I'VE HAD JUST ENOUGH, THANKS.  
 NOW I KNOW HE AIN'T NORMAL! A NORMAL KID, AFTER BUVIN' US A DRINK, WOULD GUZZLE ONE ON US IF IT CHOKED HIM!  
 I SHOULD FEEL GLAD TO GET A NICKEL OUT OF HIM, BUT I JUST CAN'T FEEL THAT I'M AHEAD ANY... I THINK THAT'S TH' WAY TH' PEON SYSTEM STARTED-- JUST OWIN' A GUY FER A STICK-OF-GUM! IT MAKES YOU FEEL INFERIOR-- A BIG HANDICAP!

Not a Rainbow—New Roofing Process

Many citizens of Midland have sought information from Paul McHargue, manager of A. & L. Housing & Lumber Co. of this city, what that "peculiar thing" is that is being built north of the lumber yard on North Carrizo St.

Summer Program of Scouts Is Studied

Plans and preparations for the final summer program were made for the Boy Scouts of troop 54, of the First Baptist church, at their meeting Friday night.

Events and are attempting to annex their eighth straight victory 'not having lost the championship since 1933.

Instruction on racing dives, swimming strokes and diving. Much progress was noted among the better swimmers over their performance of last summer and with the good material coming along now the prospects of a good swimming team are much brighter.

Four Midland Homes Offered For British Refugees

Four homes have been offered in Midland for the placing of British children, it was announced Saturday by the members of the Midland branch of the American Association of University Women.

Those contemplating the taking of children are reminded that the "duration" may be a long time. Affidavits must be furnished before children will be assigned.

TRANSFERRED TO HOUSTON

Mr. and Mrs. Ben Golladay are leaving this weekend for Houston where he has been transferred by the Hughes Tool Company.

VISIT IN LUBBOCK

Mr. and Mrs. Marshall Bagwell are spending the weekend in Lubbock visiting Mr. Bagwell's parents, Mr. and Mrs. O. B. Bagwell.

RECEIVES APPOINTMENT

Royce W. Robbins left Saturday for Frijoles, New Mexico, where he has received an appointment with the Civil Service.

A fossil tortoise shell discovered in India was more than seven feet in length. The tortoise probably weighed a ton.

Oil News---

(Continued from page 1)

Pecos Valley apparently opened a new horizon when it struck oil below flowing sulphur water encountered from 2,040-43 feet.

Gulf Oil Corporation No. 5 Wristen Brothers, Ordovician test on the southeast flank of the Shipley Permian pool in southeastern Ward county, yesterday was drilling at 8,921 feet.

A shallow test in the same general area, Shell-Prairie Oil Company No. 1 Wirt Davis, is drilling below 1,945 feet in anhydrite.

Texas Pacific Coal & Oil Company No. 1 Virginia Eddleman, extension test a mile and a half south of the Upton county side of the Gulf-McElroy pool of Crane-Upton, is drilling at 625 feet in red rock.

Andrews Prospect Standing

Indicating opening of a Midland Basin pool, Texas Pacific and Seaboard Oil Corporation No. 1-A Midland Farms Company, southeastern Andrews county wildcat 18 miles northwest of Midland, yesterday was standing while cement hardened after plugging back approximately 20 feet from total depth of 4,988 feet with 20 sacks.

Ray A. Albaugh of Lamesa No. 2 John Robinson, northwestern Dawson county, wildcat, yesterday was drilling below 555 feet in lime, carrying nearly a hoel full of sulphur water.

Red Disturbances in Balkans Are Feared

BUCHAREST, Aug. 3 (AP)—Fears of communist disturbances in Hungary and of Hungarian disorders in Rumanian-held Transylvania complicated the Balkan situation tonight as Bulgaria, Hungary and Rumania prepared for an attempt to settle their boundary differences in a manner acceptable to the axis powers.

Transylvanian readers said they were told by foreign minister Mihail Manoilescu that it was fear of the strong communist movement in Hungary getting out of hand which led Fuehrer Adolf Hitler to demand a settlement of territorial claims without further delay.

Hungary wants the return of Transylvania she lost to Rumania in the world war; but Hitler's idea of a settlement is reported to involve only partial satisfaction of the Hungarian territorial claims, together with a wholesale transfer of populations to make racial frontiers harmonize with national boundaries.

VISITING HERE

Mr. and Mrs. O. L. Killian and daughter, J. Nellie of Arlington, are visiting in the home of Mr. Killian's sister, Mrs. M. D. Johnson.

VISIT McCALLS

Dr. and Mrs. C. G. McCall have as their houseguests Mr. and Mrs. Ernest McCall of Irla and Miss Pearl McCall of Sanitorium.

ATTEND FUNERAL

Mrs. J. L. Rush and Mrs. Iva Noyes returned Saturday from Bronte where they attended the funeral of W. J. (Uncle Billie) Brock.

FDR TO HYDE PARK

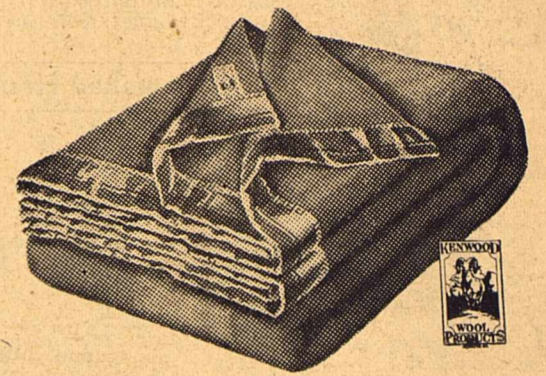

HIGHLAND, N. Y., Aug. 3 (AP)—President Roosevelt arrived here tonight, stepping from his special train into a White House car to motor to his home in nearby Hyde Park for perhaps a week's stay.

LEAVE ON VACATION

Mr. and Mrs. E. R. Osburn and children left Saturday for a vacation in central and northern New Mexico. They plan to be gone a month.

During a 10-year period, 5000 patents were issued to women by the U. S. Patent Office.

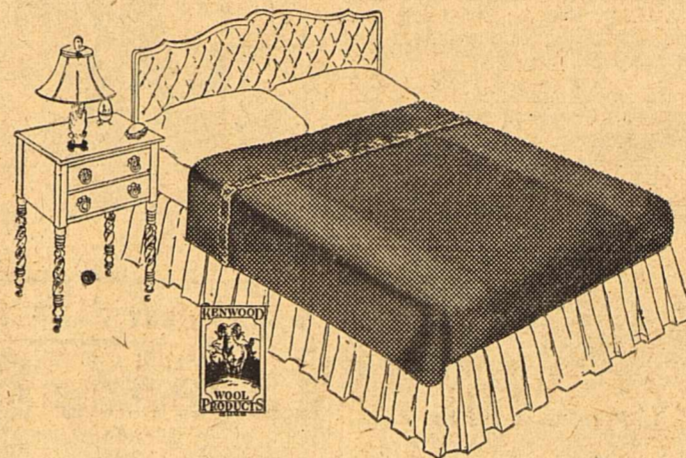

AUGUST SALE OF BLANKETS

Special Offer for a Short Time Only

A Genuine Kenwood Blanket in a New Two Tone Design

Here is one of the loveliest blankets Kenwood has ever made—and it's exclusive with us. What's more, there's a special reason why you will do well to reserve several of them right away.

As long as the war lasts, army and navy wool requirements come first in all countries, and those needs are much greater than in times of peace.

And that's why we recommend to thrifty shoppers that instead of waiting till fall, you arrange now to get one or more of these beautiful new Kenwoods.

Sizes: 72x90 and 72x84 . . . Moth Proof . . . Seven Colors . .

Regular \$14.95 \$11.95 \$2.00 Down \$2.00 Month

72x90 Purrey Blanket \$5.95

PURREY is the new miracle blanket that will fairly purr you off to sleep. Made a new way, wholly of Purrey rayon except for a small amount of wool, it has a luxurious sheen that is lovely to look at . . . a snugly nap caressingly soft to the touch.

Repeated tests prove Purrey as warm or warmer than many other makes costing up to nearly twice as much.

\$1.00 DOWN . . . \$1.00 MONTH

AUGUST SALE OF DOWN COMFORTERS

These down comforters were made to our rigid specifications of size 72x90, which is six inches longer than other comforters, and contains one-half pound more of pure white down.

For a short while only, choose from our large assortment of colors and combinations, in sateen, celanese and satin covers at these savings.

\$2.00 DOWN \$2.00 MONTH \$13.75 Sateen Covered Comforters 72x90 \$15 Celanese Covered Comforters 72x90 \$19.50 Satin Covered Comforters 72x90 \$11.95 \$13.75 \$14.85

DYKES' CASTOFFS THREATEN AND THEY HAVEN'T MUCH TO BEAT

BY HARRY GRAYSON NEA Service Sports Editor

CHICAGO.—James J. Dykes adds to his reputation as the O' Cloesman of baseball with each succeeding season.

For a time this year it appeared as though Jimmy Dykes' strange collection of castoffs would fall plumb out of the American League.

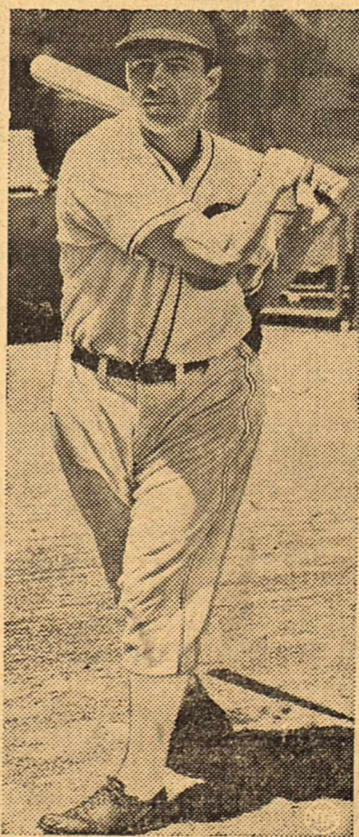

Yet here are the Chicagoans fighting the Yankees and Red Sox for a place in the first division, and here's Dykes talking about the aggregation getting real nasty.

Dykes has succeeded at Comiskey Park with not too much talent and handicapped by the maximum of injuries . . . from Monte Stratton's tragic hunting accident on down.

The Pale Hose easily might be out in front now but for Jack Hayes, an able second baseman, developing a cataract on his right eye in spring training.

BEST RECORD IN EITHER LEAGUE SINCE JULY 2

BOOB McNAIR didn't go well on the right side of second base. The players trace their recent spurt to the insertion of Jimmy Webb at the keystone . . . with resultant double plays. Since taking over second base on July 4, Skeeter Webb has participated in more than 20 double killings. The pitchers are

Julius Solters

pitching with more confidence.

The result is that the White Sox have the highest winning percentage in either major league since July 2.

When the club opened its present home stand against the Red Sox, Dykes called his men together.

"I just want to point out to you guys that world series money is split four ways, every first division club getting a share. You get so much for finishing fourth, more for third, and so on," he said.

"There isn't a real good team up in front. They're all staggering."

"I just thought I'd mention this in case you can use the extra dough."

WRIGHT AND SOLTERS, CASTOFFS, CLUB BALL

The White Sox swept another series with the Red Sox . . . made it seven straight over the Bostonians.

Taft Wright wasn't considered much of an outfielder in Washington. He's batting .348 for the White Sox. Julius Solters had little luck in Boston, St. Louis and Cleveland. He's batting .333 for Dykes.

Luke Appleton, a remarkable shortstop and all-around star, is another cheering Sox pitcher by belting the other blokes. He's hitting .347. The schedule favors the White Sox. They are within striking distance of the top. As Dykes says, they haven't much to beat.

Japs--

(Continued from page 1)

doubtless would be the case if Japan became allied closely with the axis powers and the United States went to war with them.

Secretary Hull has warned repeatedly that any attempt to change the status quo of Indo-China and the Indies by force would endanger the peace of the entire Pacific. He has emphasized this country's desire to see the principles of international law and order maintained.

The United States has economic as well as military weapons which could be brought to bear in event of an attempted Japanese coup.

This government has already set up an export licensing system which could be used to shut off completely United States exports of scrap metal and petroleum to Japan. The licensing system is now affecting only a fraction of the products upon which it could be brought to bear.

Brown sugar will not become lumpy if kept in a cool place and covered with a damp cloth.

Monuments

A lasting remembrance of our loved ones. Will quote special prices during August on Rock of Ages, Georgia, Carolina, Rainbow, Texas Granite. Two evergreens with each order.

West Texas Nursery R. O. Walker, Prop. Phone 9008-F-2
