# REFUGEES FROM FLOOD-STRICKEN AREA STARTED **EVACUATION**

# War Profits Tax Scored By Senator

Missouri Solon Says Measure Designed to Fool the Citizens

WASHINGTON, Aug. 10. (AP). Booming voiced Senator Clarks (D-Mo), long-time critic of munitions manufacturers, hurled into a congressional tax hearing today the charge that a proposed excess profits levy was "sugar coating" to make preferential tax treatment for defense contractors more "palatable" to the public.

John L. Sullivan, assistant treasury secretary, declared he did not beleieve the charge was true, stating that the levy on war profits had been planned prior to the time that the question of amortizing defense plant expansions was raised.

The amortization plan would permit corporations which expand their plants for defense purposes to de-duct over a period of five years the entire cost of such additions. Under a house tax sub-committee recommendation, this plan would be coupled, in a single bill, with a 25 to 40 per cent excess profits tax and a provision repealing the Vinson-Trammell act's limitations of and 7 per cent on the profits from warships and aircraft.

Inquiries of Sullivan at a hearing before both house ways and means and senate finance committeemen developed a treasury estimate that the tax would yield \$190,000,000 net on corporation earnings this calendar year. An earlier estimate by congressional tax experts was \$300,-

"When the president proposes spending four or five billion dollars every time he gets back from a week-end," Clark exclaimed, "\$190,-000,000 is a drop in the bucket, isn't

'Yes, it is," the treasury official Clark then suggested that the tax

was "sugar-coating to get the public to swallow the amortization plan for Sullivan said his estimate of \$190. 000 000 net from

yield from the tax for 1940 of \$225,-000,000. From this, he said, there must be deducted \$35,000,000, which he estimated as the loss in individual income taxes. This loss, Sullivan said, would be

due to the diminished dividends paid by corporations to stockholders, who in turn would have less income on which to pay taxes. Sullivan's estimate developed

difference of opinion between the treasury and the joint congressional committee on internal revenue taxa-Colin Stam, chief of staff of the

latter committee, asserted that his original \$300,000,000 estimate for the 1940 yield did not take into account prosopective losses in individual income taxes

After making such a reduction, Stam estimated a net yield of "not less than \$225,000,000," the first year and \$450,000,000 there after. Sullivan's estimate for subsequent years was \$400,000,000 to \$480,000,-

DISMISSED FROM HOSPITAL. Mrs. E. B. Dozier was dismissed from a local hospital Saturday. Youthful Riders Are Midland Sponsors

Cowgirl sponsors representing Midland this month in important rodeos of this section are youthful but have made favorable impressions because of their horsemanship and personality. Top photo is of Nancy LaForce, daughter of Mr. and Mrs. W. Watson LaForce, who will be the Midland sponsor at the Big Spring Rodeo August 14-15, competing in the flag race and appearing in all parades and grand entries. Bottom photo is of Joan Proctor, daughter of Mr. and Mrs. Leonard Proctor, who learned her riding at her father's ranch but appeared last year as a junior sponsor here. She will be Miss Midland sponsors' contest at Midland Rodeo August 31. September 1 and 2 but will not compete against the visitors for prizes.

AUSTIN, Aug. 10. (AP). - The Texas Railroad Commission today exempted a number of oil fields from production shutdown days in August, promul-gated several special orders applying to individual fields and posted a number of field hearing notices.

In West Texas, fields exempted included Church Fields, Estes, Goldsmith, Gulf-McElroy, Keystone Colby Sand, Keystone Lime, McClintic, North Ward, Penwell, Waddell and Ella Wad-

# Wheeler Dares Test Vote on Conscription

**Backers of Measure** Challenged to Bring It Before Senate

WASHINGTON, Aug. 10. (AP). — challenge to supporters of the Burke-Wadsworth compulsory military training bill to submit the question of conscription to a referendum vote of the people was voiced today Senator Wheeler (D-Mont), leader of senate forces opposing the measure.

Contending that popular senti ment definitely was against draft-ing young men into the army Wheeler said that those who be lieved in the compulsory method ought to be willing to test the popularity of their views at the polls in the November general election.

"If the proponents of conscription feel that it is necessary to have the draft to save democracy, as they repeatedly have said, they ought to be willing to submit the question to the people because that would be the democratic way to ascertain the public viewpoint," Wheeler told

The practical difficulties of obtaining such a vote might be large but should not be insurmountable,

Wheeler's challenge came as proponents and opponents of the Burke-Wadsworth measure prepared for resumption in the senate Monday of debate which began yesterday with a routine explanation of the bill by Senator Sheppard (D-Tex) and flared almost immediately into a heated controversy as to whether the United States was likely to be attacked in the near future.

The Montana senator's confident statement that public sentiment was opposed to conscription was quickly disputed by Senator Barkley of packer at 2,327 feet. Oil rose 200 Kentucky, the democratic leader, who said he thought the weight of opinion in favor of drafting men would begin to be felt hearth. First two hours after it was struck and an additional 800 feet during the next 24 hours. The would begin to be felt hearth, and the discovery is leader. would begin to be felt heavily as debate progressed.

(R-ND), an opponent of conscription, said he thought that the senate debate would build up so much popular opposition to the draft that even if he and others of like views were unsuccessful in defeating the senate, it would almost certainly

be compromised in the house Barkley said he was opposed to roposed compromises such as that outlined in a substitute bill by Senator Maloney (D-Conn).

### **Jaycees Signing Up** For Trip to Boost Annual Rodeo Here

With Monday and Tuesday, Aug. 26 and 27, having been designated as the dates for the staging of the Midland Junior Chamber of Commerce sponsored good-will tour advertising the sixth annual Midland Rodeo, Aug. 31, Sept. 1 and 2, and with a 37-passenger air-conditioned Greyhound bus having been con-tracted for usage on the trip, members of the reservation committee of the Jaycee organization were late professional men of the city in the interest of securing a capacity crowd to make the trip. The reservation committee is composed of Tom Brown chairman, Clint Dunagan, L. H. Curry, W. P. Z. German, Jr., and Thad Steele.

Members of the committee will continue their solicitations during the coming week, with hopes of having at least 35 passengers signed up Thursday or Friday. Some 10 12 trippers have already signed to go, it was announced by Chairman Brown. Those missed by the committee workers may make reservations by calling the chamber of

The tour, lasting two days and covering some 718 miles, will be a two-day excursion, with a nigh stop being scheduled in San Angelo Leaving Midland at 7 a. m. Monday, Aug. 26, the trippers on the first day will visit Odessa, Kermit Wink, Monahans, Pyote, Barstow Pecos, Fort Stockton, McCamey Rankin, Big Lake, Barnhart, Mert-

zon and San Angelo. Going north from San Angelo on The New Teachers

# Reunion of Pioneer Geologists to Be Feature of Meeting Here August 17

One of the most important features of the Fall Meeting of the West Texas Geological Society here Britain, Germany "homecoming" or reunion of a group of geologists who worked in the Permian Basin in the days when it was

a wildcatter's paradise.

Many of the pioneers who will attend the meeting here have donated largely to the geologic lore of West Texas and Southeastern New Mexico, contributing to its development into one of the largest oil producing regions in the world.

Among geologists who previously worked in the Permian Basin area who have accepted invitations to attend the Midland meeting are:

E. F. Boehms, San Antonio, formerly with University Lands 1929-36. Lon D. Cartwright Jr., Houston, formerly with Ricked & Dodson and Superior Oil Co., 1926-30. C. D. Cordry, Ft. Worth, with Gulf

in Midland 1931.

D. J. Edson Houston, President of Edson Pet. Co. 1927-1933.

Marion Funk, Sun Oil Co., Lubbock, here several years. F. M. Haase, Abilene, Shell 1937-

H. Klaus, geophysicist, several years in this area. Edgar Kraus, Carlsbad, New Mexiwith Atlanta 1925-32 in San

Riley S. Maxwell, Abilene, with Marry Bros., & Perini at San Angelo 1931-36.

F. H. McGuigan, El Dorado, Arknsas, with Shell 1931-38. Henry J. Morgan Jr., Dallas, with

Atlantic in San Angelo 1932-36. Robert Roth, Wichita Falls, Humole, well known Paleontologist of West Texas.

Dr. E. H. Sellards, Austin, Bureau of Economic Geology. F. H. Schouten, Ft. Worth, Stano-

lind 1926-1939. E. L. Porch Jr., San Antonio, formerly with Fullerton Pet. Co.

pear on the day's program are Leo Hendricks, Austin; John A. Barnett Roswell, New Mexico; Roscoe Simp son and R. L. Cannon of San Angelo; and Frank E. Lewis, N. B. Winter, R. T. Cox, Taylor Cole, C. M. Linehan, Cary P. Butcher and Ronald K. DeFord, all of Midland Each of the speakers is especially well versed in his chosen topic.

have been completed and everything is in perfect readiness for the large attendance expected, according to Taylor Cole, Midland Geologist, who is general chairman. Virtually the entire day will be occupied in presentation of nine geologic papers, and the evening will be taken up with an outdoor barbecu and smoker.

### SWCC Holds First Meeting This Week In Ruidoso, N. M.

With Mayor M. C. Ulmer of Midand scheduled to respond to the address of welcome by Governor John E. Miles of New Mexico, first annual convention of the Southwestern Chamber of Commerce will convene in Ruidoso, New Mexico, Monday morning, the session to continue through Tuesday afternoon More than 200 representatives from towns and cities of West Texas, New Mexico, Arizona and Old Mexico are expected to attend the con-ference. E. W. Ward of Silver City, N. M., is president of the organization and L. P. Bloodworth of El Paso is executive secretary.

Boundaries of the Southwestern Chamber of Commerce extend from Midland to Tucson, Arizona, and from Roswell, N. M., to Chihuahua,

# WTCC Adopts Worthy Program To Aid Member Towns, Counties

Announcement by the West Texas Chamber of Commerce of employment of an expert budgeteer, Dr. Geo. C. Hester of Southwestern University, as counsellor to the WTCC commission on public expenditure, is a wise program and should bear beneficial results to member towns and counties. Purposes of the program, as outlined,

(1) To prepare and submit general recommendations as to the next biennium's budget for the state with the objective of balancing spending with present taxes and receipts. The WTCC commissions will ask for the privilege of appearing before the state Board of Control in support of these recommendations.

(2) To submit the main essentials of a measure setting up an up-to-date budget procedure designed to effect centralization and control over all state receipts and disbursements and over the innumerable state funds. The regional chamber holds that this is the first essential step | Wednesdayto organization for economy of state spending.

(3) To submit the main essentials of an amendment to the state Uniform Budget Law, giving greater standardization to and mandatory requirements for budget making in local political subdivisions such as counties, school and other districts and cities operating under general law.

(4) To submit the main essentials of a measure to accomplish the collection of delinquent taxes, delegating this authority to the state rather than to local authorities, and requiring 100 per cent collection for fixing local tax

(5) To submit the main essentials of a measure to improve for local subdivisions the antiquated debt-incurring and debt-paying practices now in effect. Purpose of this measure would be to make it harder for local subdivisions to incur debts, and to make it easier to pay these debts, by providing reasonable call privileges and by improving sinking fund investment administration through ooling and proper investments of sinking fund assets.

The above 96 boys have all earned

the right to go on this summer camp, without cost, by sufficient accomplishments to acquire a total of not less than 50 points. Most of these boys earned many more points than were required. Nuff Sed.

### Captain of Policewomen Is Tiny Phi Beta Kappa

SEATTLE, Wash. (U.P.) - Policewomen, once upon a time, were Amazons in size and strength. They had to handle "toughs" peditiously, and they were often called upon to do so.

Not so any more. Seattle's captain of policewomen is Mrs. Irene Durham, a Phi Beta Kappa key holder who stands just 5 feet 5 inches and weighs 108 pounds. "I guess we have to think a lot faster now," she explained smil-

long ago, as to what a defeated democracy should do to purge itself, to fix responsibility on living men and hustle them to the cells or to the guillotine.

### Alice Marble Easy Winner Over Helen Jacobs, 6-1, 6-0

RYE, N. Y., Aug. 10 (AP).-The end of the trail came today for Helen Jacobs, four-time national champion, and one of the few women believed capable of extending Alice Marble, queen of the world's tennis

Her game ready and her strategy carefully planned, she took the field against Alice, hoping to end the ruthless domination of the blonde Californian but Alice won with ri-

diculous ease—6-1, 6-0.

That gave the girl who hasn't been beaten since the semi-finals at Wimbledon in 1938, her third straight eastern grass court tennis championship, a margin of four matches in the six times the two bitter rivals have met-and left her atop her field by a margin as wide as any champion ever enjoyed. In gaining the trophy - one of

tennis' most coveted possessions— Alice lost only one set, and that to Pauline Betz, another coast girl. The 32-year-old Miss Jacobs, who planned to keep the ball right at Alice's feet all day, couldn't give her strategy an airing. Marble was on top of the match all the way, running Miss Jacobs dizzy, getting her out of position, forcing her to shoot hurriedly, and breaking her heart by kicking up spurts of white dust as her drives hit the baselines.

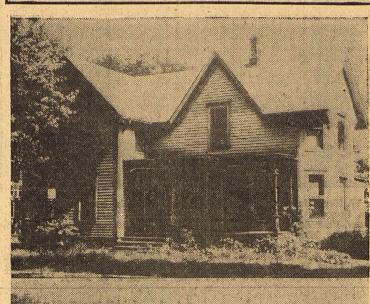

Seven times Miss Jacobs forced the games to deuce, but never once was the outcome in doubt. In the day's other headliner, na tional champion Bobby Riggs was was far better than Henry Prusoff winning 6-2, 6-2, 6-1 in a thoroughly

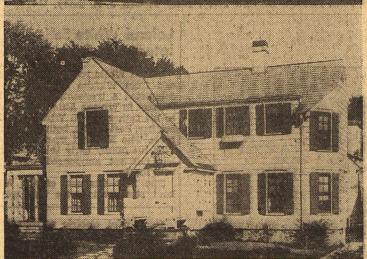

uninteresting semi-final struggle. The victory sent Riggs into to morrow's final against Don McNeill, Oklahoma City's national clay court and intercollegiate champion.

FATHER OF MRS. LOWE DIES.

# From Liability To Asset

For years this dilapidated old home exerted a blighting influence on the community in which it was located. Uninteresting, dark, and gloomy, its value had declined to such a point that it was doubtless more of a liability than an asset to its owner. Although entirely unprepossessing in appearance, it was structually sound and could therefore be remodeled into an attractive and valuable structure. The Modernization Credit Plan of the Federal Housing Administration may be used in financing improvements of this kind, as well as many smaller undertakings. Funds for improvement work are obtained from qualified lending institutions,

# Stock Market Ends

principally favored. While many leaders failed to respond, gains for selected issues ranged from fractions to a point or more at the close. Business developments were fairly encouraging and hopes seemed to have revived in financial quarters that congress was getting ready to push through a defense tax measure that would be more to the liking of manufacturers who are in

line for armaments' contracts. The lack of any great buying rush was again blamed on the murkiness of the European war picture and fears Hitler, at any moment, may his military might. Most thought an all-out invasion, if successful, could esult in an uncomfortable market

The Associated Press average of 60 stocks finished at 43, adding .2 of a point to the .4 rally of Friday. The composite was up .1 on the week. Activity showed relative improvement in the comeback. Although being far under the breakeven mark for commission houses, ransfers of 180,260 shares were the best for a Saturday since June 22. They compared with 121,960 a week

General Motors was one of the star performers with a jump of 1 3/4 at 48 7/8. Westinghouse was up as much. On a sizable turnover International Paper preferred pushed ahead 21/8. Lesser improvement was retained by U. S. Steel, Bethle-hem, Chrysler, Briggs Mfg., Baldwin Locomtive, Great Northern, Sears Roebuck, Eastman Kodak, John-Manville, Kennecott, United Aircraft and Sperry.

semi-annually and to levy a tax suf-ficient to pay the interest on said bonds and to create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing extensions and improvements of the City's present Waterworks System, as authorized by the Constitution and laws of the State of Texas.

2. Said election shall be held at the following place in said City, to-wit: City Hall, and the following named persons are hereby appointed directors of said election, to-wit:

J. Homer Epley, Presiding Judge Holt Jowell, Judge, Cordelia Taylor, Clerk,

Mrs. Otis Ligon, Clerk. 3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxa-tion shall be qualified to vote.

All voters who favor the proposi tion shall have written or printed on their ballots the following words: "FOR THE ISSUANCE OF WATERWORKS BONDS."

And those opposed to the proposi tion to issue the said bonds shall have written or printed on their ballots the words:

"AGAINST THE ISSUANCE OF WATERWORKS BONDS."

4. A substantial copy of this reso lution signed by the Mayor of said City and attested by the City Secre-tary shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forthy Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted in the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said elec-tion. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704 as amended, the manner of holding said election shall be governed by the laws governing general elec-

the 2nd day of August, 1940.

410,000 head. upward agin in the next few years.

mated at 2,298,509. Dairy cattle, however, have been

The swine industry for the past two decades has experienced a succession of surges and recessions with the number declininf from 2.-580,000 head in 1920 to 2,293,000 in 1940. The droves increased almos a hundred thousand head in 1921, but the following year started a slump that carried them to only 1,460,000 head in 1926. Improvement in 1927 and 1928 was followed by another decline for several years. By 1933 the number had risen to 2,260,000 head, dropping almost immediately to a new low of 1,399,000 head in 1935. Since then gains have been fairly regular. Average annual market disappearance of hogs has been 1,401,527 head.

Sheep-raising, however, is apparently the "White hope" of the livestock industry in Texas—with flocks tripling in the last two decades. From 3,360,000 head in 1920, these animals have increased to 10,069,000 head in 1940. The only halt in this upsweep was in 1935 and 1936 when the number dropped a million head from 1934 and totaled only a little

over 7,000,000 head. Sheep marketings, too, have shown a relatively steady increase—from 680,439 head in 1925 to 3,023,794 head in 1938 and 2,634,095 in 1939. Low points were in 1930 and 1935, both followed by large gains the next year.

Terry, Mrs. G. W. Terry, Mrs. Luther Tidwell, Luther Tidwell, Lois Terry, Mary Sue Humphrey, Lee Terry, Nellie Terry, Beth Prothro, Louise Terry, Mrs. J. A. White, Cleo Tidwell, Mrs. John Rhoden. Third row: Mrs. Bascom Terry, Mrs. A. C. Humphrey, Mrs. Luther Stewart, Frank Prothro. Back row: Hilliard Terry, Bascom Terry, Paul Terry, Mrs. Fletcher Terry, Fletcher Terry, Joy Terry, Mrs. Frank Prothro, Mrs. J. A. White, John Rhoden, Richard Terry, Terry Tidwell, J. B. Terry.

### Heads of Rodeo Family

Three's not a crowd in this case, for a horse is almost a necessity with Mr. and Mrs. M. M. Edwards, above, Big Spring. Edwards is co-manager of the Big Spring Cowboy Reunion and Rodeo which will hold its seventh annual show August 14-15, and Mrs. Edwards, always as enthusiastic as he, is one of the leaders of the Rodeo Widows, the unit which sees to it that sponsors are royally entertained while in Big Spring for the show. "Marion," as Edwards is called locally, will judge roping events at the Midland Rodeo August 31, September 1 and 2, as he has done for the past five years. Their daughters, Mary Nell and Annabelle, have been winners in the sponsors' contest at Midland, and their son, Sonny, has been a strong contender in roping events.

AUSTIN, Aug. 10. — The Texas Dahlias are named in honor of ange is witnessing a hard-pressed | the Stradish hatavirt Dahl cattle industry, a leveled-off production of hogs, large gains in milk cows, and a phenomenal increase in

This picture of the state's live stock industry comes from a 20-year survey just published by the Uniof Texas Bureau of Busi-

ness Research. Since 1920 more than a million head of cattle have vanished-at east the 1940 herd of 6,677,000 head is that much smaller than the one of 1920, though there have been wide fluctuations from one year to the

next during the last two decades. Low point of the twenty years was in 1928, when there were only 5,950,-000 head of cattle in the state. The peak was reached in 1934 with 8,-

It is possible, declares Dr. F. A Buechel, the Bureau's livestock expert, that the decline in cattle since 1937 is simply a "dip that may curve Cattle marketings for the last fifteen years have ranged between 1,819,775 head in 1932 and 2,917,109 in 1939. Average annual marketings for the 15-year period were esti-

on a steady upgrade with only two effect—1925 to 1935. The number of milk cows has increased from 930,000 head in 1920 to 1,443,000 head

Average marketings for the 15-year period were 1,529,206 head.

### Italians Advance On British Bases In Somaliland Area

By The Associated Press.

CAIRO, Egypt, Aug. 10. - Strong Italian armored columns, harassed almost continuously from the air, advanced through hot wastelands today on the main British positions in British Somaliland and stepped up the tempo of the desert war by fiercely bombing the protectorate of

The British-still apparently depending upon the impersonal malignancy of the desert to cut down many of the invaders as always it has done—were active mainly with their aviation.

British military headquarters told of heavily bombing the marching Italians as they wound through Karrin Pass just east of the Italian-occupied town of Hargeisa; of raids on the harbor of Tobruk, Libya, in which one Italian vessel was set afire and others damaged. Far to the northwest, Egypt-the

land of the Suez Canal and apparently the grand aim of Premier Mussolini's strategy—took every necessary step to range her fighting men with Britain's when the expected Italian invasion comes there.

The Italian air attack on Aden

was one of a series of maneuvers suggesting a fascist intention to break British empire communication through the Red Sea.

(Reports from Aden said one soldier and three natives were killed

and that 17 persons were wounded.

(The German wireless reported that the raid apparently was sprung from Zeila, a town in British Soma-liland captured early this week from end from Wichita Falls where he completed a transaction selling his the British, which is scarcely more than half an hour's flying time from itnerest in White's Auto Supply here

to his father, W. A. White, and his brother, Earl White, both of Wichita The Italian drive in the Soma-liland was headed through Berbera, Falls. The Midland man will move the capital and principal port over-looking the Gulf of Aden. No de-tails as to its success were given by with his family early this week, but has not yet announced where he the British, aside from the formal The new manager of the Midannouncement that the advance was

# Spencer, Maley Pace North to 14-7 Win Over South Gridders

AUSTIN, Aug. 10 (AP).—Wally spencer of Corsicana and Red Mal-carried the north to a 14-7 victory over the south here tonight in the sixth annual all-star football game sponsored by the Texas High School

coaches Association. Spencer ran 31 yards for a touch-down and Maley passed and plunged for another. Leo Daniels of Bryan passed to Harold Stockbridge of Austin (Houston) for the south

### Hudson Steamboat Era Loses Another Link

ther link with the days of the old Hudson river steamboats has been lost with the death of 89-year-old Captain Zachariah Rossa.

Rossa was said to have once known nearly every Hudson river steamboat sailor between New York and Troy when he captained freight and passenger ships for the old Central Hudson Steamboat company and the Romer and Tremper

### **Old Steamboat Bells** In Demand in South

MEMPHIS, Tenn. (U.P.)-There is a greater demand today for oldtime Mississsippi river steamboat bells and whistles than there was

in the days of the packet. Many plantation owners in the South are searching for such bells or whistles. Throughout the South they are being used to awaken field hands, to summon them from cotton fields to dinner, and to signal the close of a day's work. Seldom a week passes that a planter doesn't go to offices of some river boat company here in search of

the bells or whistles. Fine-toned bells on steamboats came into general use in about 1850. Often the bells were made to suit a steamboat owner, and if he wanted one with a musical tone he would dump silver dollars into the casting pot. Oldtimers on the riverfront say it was nothing unusual for a steamboat owner to put as many as 3,000 silver dollars into one bell.

Miss Marie Harwell is a graduate of the University of Texas, and has had several years of successful ex-perience as a primary teacher, the last four of which have been in the city schools of Cleburne. She comes very highly recommended, and probably will be assigned to the third grade in north elementary school, the place made vacant by the resignation of Miss Bill Baber.

Miss Lela Robbins is a graduate of Oklahoma A. and M. College at Stillwater, Okla., where she majored in primary work. She is a professional primary teacher, and has taught first and second grades for the past ten years in the city schools of Muskogee, Okla. She comes high-ly recommended as a strong primary teacher, and will likely be assigned to the second grade at north ele-mentary school, the place made vacant by the resignation of Miss

Dorothy Almond.

At the July meeting of the board two other teachers were elected Miss Ruth Bryan, and Miss Paulin Jordan. Miss Bryan is a phi beta kappa graduate of the University of Texas, and has had five years of successful experience at Wiergate and Troy as teacher of the fourth grade. She will likely be assigned to the fourth grade in north elementary school, the place left vacant by the resignation of Miss Louise Rippy. Miss Bryan is highly recommended as a very strong and suc cessful teacher.

Miss Pauline Jordan has a B. A.

degree from Howard Payne College and is doing graduate work in the University of Texas. She has had several years of successful exjerience as a primary teacher, the last four being in the public schools at Brady. She comes highly endorsed as a strong and successful teacher, and likely will be assigned to the pri-mary department at south elementary school, the place made vacant by the transfer of Miss Pauline Mc-Murrey.

# Symposium of North America Geology On Library Shelf Here, Is Reviewed

Wadley's

Oil Editor's Note: L. C. Thomas, district geologist at Midland for The Texas Company, has reviewed for the Reporter-Telegram "Geology of North America, Volume I," recently placed on the geologists' shelf of the library here.

By L. C. THOMAS.

"Geology of North America, Vol-

ume I" has been acquired recently by the West Texas Geological Society and has been placed in the Midland county library. This volume is a part of the series "Geologie der Erde." The volumes on North America have been and are being prepared under the general editorship of Rudolf Ruedemann and Robert President, College of Mines, El Paso, Texas; D. M. Wooten, Manager, Rock Islnad Vacaton Travel Bureau, Chicago, Illinois; J. H. Thielig, authority has been selected to write Manager, Tourist Promotion, Amer- the article on each subject. However, ican Air Lines, New York City; Dr. this may not be entirely the fault H. W. Morelock, President, Sul Ross of the editors, as it may well be that certain of those originally apas; Joe Bursey, Manager New Mex- proached for articles were unwilling to undertake such a task, either Mexico; R. W. Birdseye, General through lack of time or other cause Advertising Manager, Santa Fe Rail- Also, in order to keep the book withroad, Chicago, Iill.; C. C. West, in the space limits set by the gen-Vice-President, Continental Air eral editor and publishers, it appears Colorado; L. A. that the editors for the North Ame-Wilke, Executive Secretary, El Paso rican volumes have found it necessary to combine certain subjects which might have been handled with more authority by several geologists than by one. However, so far as the reviewer knows, the authors included are relatively well known in their respective fields and any of them should be able to give a satisfactory general reiew of their own field.

Some of them are definitely authorities in their fields.

Evidently, instructions to the authors were to prepare the papers American geology which has become classic or world-wide in its A company spokesman here and a as petroleum geologists. No attempt the particular phase under discus-What salary Farley will receive sion to recall it to the reader's mind. placed on the development of knowledge or theory in the past ten to twenty years. Where differences of opinion exist among the workers, standpoint of the above, it appears that it might have been well for the Progress of Geologic Thought in viewer knows of no other place in recent literature where such a definite attempt has been made to review the progress of recent thought on th broad subject of North American geology. It has been done in such a way that it is not necessary PHILADELPHIA (UP). - Albert to search through large amounts of

be of little value to one if it conhigh official of the General cerned only that phase of geology with which one was most intimately acquainted and in which one was actively engaged. However, it can be of value to the average petroleum geologist of West Texas in allowing him, with relatively small expenditure of time, to review his knowledge of the geology of the remainder of

geology more accurately in relation to the science as a whole. I do not believe that any direct economic benefit is likely to be derived from the reading of this book; the indirect benefits derived will depend upon the reader himself.

### ATTENTION TO VOTERS

I am informed that on the day of the Primary, Saturday, July 27, a rumor was started that I was brought into the Sheriff's race of Midland County and financed by an individual or small group who expect to influence the conduct of the office when I am elected. It is said this rumor is still being quietly circulated.

This was undoubtedly originated with the malicious purpose of deceiving the voters and I hereby declare it to be false and positively without foundation.

I came into this race with the support and encouragement of many Midland County people who are from all walks of life and I have made no promises nor obligated myself to any group or individual. I am financing my own campaign and making financial sacrifices to do so. The united support of all the people of Midland County

is my desire and I expect to conduct the affairs of this important office in a broadminded and consistent manner to the satisfaction of all insofar as it is humanly possible. I will not 'let vou down.'

Several years' experience in Border Patrol, as well as service as Deputy Sheriff of Midland County, gives me a rather clear knowledge of the requirements and duties of a peace officer. I can and expect to devote all my time to the office toward making a good Sheriff for all of Midland County.

My age is 35, was born here, know the people and their children. I want to work with you in the problems of young people and children. I pledge you my full and best efforts toward the suppression and prevention of crime.

Your full consideration and support is earnestly solicited, and if possible will see and have for conducting the office.

NORMAN WOODY and if possible will see and talk with you about the plans I
