BLOSS, LAMAR SUCCUMB TO BURNS

Explosion and Fire Cost the Lives of Two Midland Men

Burns suffered in the explosion of a gasoline tank on a motor truck cost the lives of Oliver Houts Lamar, 44, and Bob Bloss 24. Bloss died about five o'clock Wednesday afternoon and Lamar succumbed at 1:30 o'clock this morning.

Funeral services for Lamar will be held at the Barrow Funeral Home at 4 o'clock tomorrow afternoon with the Rev. W. J. Coleman officiating. Burial will be at Fairview cemetery. Services for Bloss will be held at the Ellis Funeral Home at 5 o'clock this afternoon with Mr. Coleman officiating. The body will be sent to Jackson, Ohio, his birthplace, for burial.

Lamar and Bloss were standing near Lamar's truck in a filling station early yesterday inspecting it after fire damaged it. The blaze apparently had been extinguished by firemen at the time of the explosion. Both men were enveloped in flaming gasoline before they could move.

Bloss ran across the street to another filling station before the flaming clothes were ripped from his body. Firemen grabbed Lamar before he could run and extinguished the blaze on him.

Both immediately were rushed to a hospital.

Lamar was manager of the Banner Creamery company here for the last four years. Prior to that he worked five years for another creamery.

He is survived by his widow, a daughter, Mrs. M. V. Hayes, a son, Ralph, all of Midland; and his mother, Mrs. L. A. Lamar of Mineral Wells.

Palbearers for Lamar will be O. B. Dillingham, Abilene, Butler Hurley, Ed. Darnell, Geo. Philippus, Claude Brown, Dr. D. M. Ellis, H. P. Fagg and R. C. Conkling. All members of the Lions club are honorary palbearers.

Bloss had spent most of the time during the last half dozen years here with an uncle, W. N. Bloss, and a brother, Gerald. At the time of his death he was employed at the Limit Cafe.

Survivors include the uncle and brother, Mrs. Scallenger, and his father, Frank Bloss, both of Covington, Ky.

Sammy Hale Night Scheduled at City Park Here Tomorrow Night

Manager Sammy Hale of the Midland Cowboys will be honored by fans at City Park tomorrow night when the Cowboys meet the Pampa Oilers in two games.

Officials have designated it "Sammy Hale night," with gifts from all fans being welcome. There will be a depositary at the entrance to the park where gifts for the popular Midland skipper will be placed.

Hale has been manager of the Midland team for the past year and a half, placing the club in the league playoff last year but dropping down the ladder to seventh place this year because of various reasons.

This year marks Hale's twenty-fourth in the game since he signed his first contract with San Antonio in 1916 and it will be the first time he has ever been given a "night." His playing experience has led him all the way up to the majors, where he stayed for seven years. He was a member of the Philadelphia Athletics when they won the pennant in 1929.

He was the unofficial batting leader of the West Texas-New Mexico

Trotsky Assailant Under Police Guard

The assailant of Leon Trotsky, exiled Russian revolutionary leader, who attacked the aged Bolshevik with a pick-ax, is shown above in custody of Mexican police after Trotsky bodyguards subdued him. He gave his name to police as Jacques Mortan Vandendriessch, 36, a native of Persia.

Citizens Urged to Vote Saturday in Run-Off Election

AUSTIN, Tex., Aug. 22 (AP).—Urging the common people to "complete the job," Governor W. Lee O'Daniel today called on all good citizens of Texas to vote in the primary Saturday for candidates who will best serve the interests of the state.

He directed attention to the fact nine senators, more than 60 representatives, a member of the Railroad Commission and chief justice of the supreme court are to be nominated, but endorsed none.

However, he said that if the governor's program is to be carried out it is essential that men who will work with him be elected.

"On July 27, the great rank and file of the common citizens of Texas registered their will in no unmistakable terms, but we have not yet finished the job," Governor O'Daniel said in a statement.

"Let us be certain when the polls close on August 24 that the professional politicians and the various selfish interests of Texas will be told in no unmistakable terms that the common people of Texas still rule; let us complete the job of driving the influence of practicing lawyer and the professional politician from all places of authority in this state.

"Vote for the candidate of your choice, but be sure you vote."

7 French Generals Killed During War

VICHY, France, Aug. 22 (AP).—The heroic conduct of eleven French generals, seven of whom were killed in the war with Germany, was set forth today in the first official account of what has become of France's high ranking officers.

It said the rankings of some commanders were offset by the bravery of other generals, more of whom were killed or wounded at their posts than during the World War.

Old Lynching Reported Lack of Breath Death

TOMBSTONE, Ariz. (UP).—A "gentle" way to describe a lynching has been found in the files of one of the first newspapers published in Tombstone, the one toughest, wildest mining town of the Southwest.

A February, 1884, issue of one of the papers described how a mob of citizens stormed the Tombstone jail and removed Jack Heath, who managed to escape the death penalty for murder.

The coroner, hearing that Heath had been hanged by the mob, investigated and then wrote the following report:

"We find that Jack Heath came to his death from lack of breath."

Trotsky Dies After Attack By 'Red' Agent

Success of Fourth International Said Certain by Leader

MEXICO CITY, Aug. 22 (AP).—Leon Trotsky, world-famed leader of the Russian revolution, died last night, the victim of a pick-ax assassin whose goateed little revolutionary accused of being a tool of the "Ogpu" or a fascist—most likely the "Ogpu."

The leader of the Fourth International, who long feared "death at the hands of Stalin," made his accusation against the dread Russian secret police on his death bed. He succumbed to head wounds inflicted Tuesday.

An exile from Russia since 1929 and a refugee in Mexico since Jan. 9, 1937, the former Soviet war commissar lay today in a casket to which was pinned his last words: "I am sure of the final victory of the Fourth International. Go forward."

Couple with the 60-year-old revolutionary's accusation against the Ogpu was the statement of police commander Jesus Galindo that his assassination "has the aspect of an international plot."

The police chief declined to elaborate on his statement.

Trotsky's brain was pierced by a pick-ax wielded by Frank Jackson, who for months posed as a "great admirer" of the chief of the Fourth International.

Jackson, beaten by guards, was taken to the same hospital where Trotsky died.

Trotsky's associates, and Trotsky himself, charged Joseph Stalin, head of the Soviet Union and long-time political foe of Trotsky, and the Ogpu, Russian secret police, with responsibility for the second assault on Trotsky within three months. May 24 he escaped harm in a machine gun attack for which more than 20 Mexicans were arrested.

Jackson confessed immediately after the assault Tuesday night, but police resumed their questioning a few hours after Trotsky died.

In his first statement Jackson said he decided to kill Trotsky after being "disillusioned" by the Russian's recently expressed political views. Police said they would publish his latest statement, perhaps tomorrow. They added that Jackson was not a Belgian, as he claimed, but an American citizen formerly of New York City.

Police also detained a woman listed as Sylvia Agaioff of Brooklyn, N. Y., whom they said was Jackson's sweetheart, but whom Trotsky's associates said they thought was Jackson's wife.

Appendicitis Subject Of Address at Rotary

Giving a treatise on appendicitis as his classification talk, Dr. W. E. Ryan addressed the Rotary club at its latest luncheon today. He exhibited charts with the talk, bringing out most important features.

Listing diseases which people "need not die of," he named typhoid fever, small pox, diphtheria, appendicitis, and said progress was being made rapidly to control pneumonia and diabetes.

Reasons for loss of life from appendicitis were cited as waiting for relatives to come from a distance, waiting for pain to get better, had attack before and it got better, cannot afford to lose the time and cannot afford the cost.

Symptoms were described as pain, loss of appetite, nausea, vomiting, tenderness, rigidity, temperature and blood count.

Only one treatment was advised, to remove at once.

Charts showed location, condition, nature of operation, gangrene and decomposition. The speaker ended the talk with the advice, in case of appendicitis, "do not wait."

Visitors at the luncheon included Roland Royalty, Don Thompson, Jack Nolan, Thos. Murphy and Paul Moss of Odessa, Floyd Boles of Littlefield, Dick Grant of St. Louis, Lee Mayhew of San Angelo and John W. House of Midland. New member introduced was Daniel H. Griffith, accountant. New members voted into the club were Dr. L. B. Pemberton, dentist, and Dr. R. R. Jones, surgeon.

Dance Is Scheduled For Rodeo Sponsors

Foremost in social interest for the approaching Midland Rodeo is the dance honoring cowgirl sponsors scheduled for Saturday night, Aug. 31 at the Crystal ballroom of Hotel Scharbauer under the auspices of the Junior Wednesday Club.

Jack Frey and his orchestra have been engaged to furnish music in the air-conditioned ball room. Profits from the dance will go to the club's student loan fund. The sponsors will be complimented, all others attending being able to secure tickets at \$1.55 per couple.

The dance is held each season as part of the rodeo festivities and is planned this season to be one of the best in the six years history of the event.

President Ortiz of Argentina Resigns.

Gift Tickets for Rodeo Prepared in Special Booklets
Pre-season sales of tickets to Midland Rodeo were getting under way actively this week, with special souvenir and gift books printed for those desiring to compliment friends or customers by inviting them to the rodeo.

J. E. Hill, veteran of five previous shows, is teamed this season with J. T. Baker, assistant cashier of the First National Bank, who has been handling gate ticket booths, in the ticket and gate jobs. They will be efficient assistants for all departments of ticket selling and handling gates.

One type of souvenir ticket carries the picture of the sender, being fitted with leatherette cover, and is good for each of the six shows for the fortunate recipient of such a gift.

The other is more for an advertising feature, having books of ten tickets which may be bought by business firms, houses or institutions and individuals who may have several friends or customers to compliment with gift tickets. The tickets may be removed from the books and sent to different individuals.

Full particulars may be received from the gate committeemen.

President Explains Why American Legion Did Not Change Route
WASHINGTON, Aug. 22 (AP).—The reason this government refused to change the course of the army transport American Legion despite a German warning was related by President Roosevelt to day to Senator Bone (D-Wash.) who charged in the senate this week that war had been risked in the matter of stubbornness.

The President received Bone in the living quarters of the White House.

Stephen Early, the president's press secretary, described the situation to reporters as a case of one nation having said certain waters were mined and another having said certain other waters were mined.

The number of refugee Americans brought home by the transport from Petsamo, Finland, was nearly double the number which had been expected originally, Early said, and no food for the additional ones was to be had at Petsamo. The route taken was probably the most direct one, the secretary said.

He reiterated that the decision regarding the route that was followed was reached on the recommendation of the army and navy high command.

Army Craft Land At Airport Today
Two flights of army ships comprised the arrivals at Midland Municipal Airport this morning, according to a checkup with the airport staff early this afternoon.

Larger of the flights was composed of six PT13's, led by Col. Gulderson, which arrived from Abilene en route to El Paso.

The other group was three P-40's, led by Lt. McCorkle, flying from Barksdale Field, Shreveport, La., to Tucson, Ariz.

Extensive Campaign Planned by Wilkie
NEW YORK, Aug. 22 (AP).—Wendell L. Wilkie, republican presidential nominee, decided today to conduct a stumping campaign which an aide called "as extensive a campaign trip as has ever been made."

Wilkie summoned republican national chairman Joseph W. Martin to come by plane from Washington late today to discuss itinerary details with him and Samuel Pryor, vice-chairman and eastern campaign manager.

Ports Also Objectives Of Raiders

Minor Damage Said Done by RAF Planes Over German Cities

BERLIN, Aug. 22 (AP).—The German high command said today fifteen airports and numerous industrial plants, as well as port and rail facilities, were attacked yesterday by German planes.

The communique said bomb hits were observed on industrial plants at Skagness, Great Yarmouth, Wilney, Coventry and Bournemouth, as well as on the port facilities of Bridlington.

It claimed German fliers bombed a ship in the yards at Southampton, and another in a convoy on the east coast of England.

It said an airplane factory southeast of London and an armament factory near Brighton were bombed.

The communique acknowledged that British airmen had raided north Germany, but insisted they caused only minor damage. The British lost seven planes yesterday, the high command said, while the Germans lost six.

German air activity over Britain up to noon today was limited to the customary armed reconnaissance flights, informed sources said.

Authoritative German spokesmen declared the Nazi "total blockade" of Britain would make it impossible for the Reich to give assurance of safe conduct to any United States ships which might try to remove children from England.

Supporting a similar statement by DNB, official news agency, they said Germany understands the humanitarian impulse underlying U. S. proposals to amend the neutrality law so British children might be brought across the Atlantic.

But the spokesman pointed out mines form an essential part of the blockade of Britain, and mines which have been laid cannot be moved. Therefore, they argued, the children conceivably would be exposed to greater danger on an ocean crossing than if they were kept at home.

Bond Issue for Waterworks Is Passed, 166-15
Midland voters by a 166 to 15 margin approved the \$100,000 water bond issue at the special election and workmen today were digging ditch for a new pipeline from Cloverdale to Midland.

"This should end the city's water problem," Mayor M. C. Ulmer commented.

He said pipe for the line would be contracted for soon and that the project should be completed within the next 60 days. City equipment and employees were at work on it today.

Half of the \$100,000 will be used to retire \$50,000 worth of 5-per cent waterworks bonds. The new bonds will bear 3-percent interest and officials claim they will save the city \$1,000 annually.

The project calls for new wells, the new main pipeline and other waterworks improvements.

When the line is completed, and new wells drilled, 5,000,000 gallons of water can be piped into the city daily. The present capacity is 1,800,000 gallons, slightly lower than the average daily demand on hot summer days.

At a meeting of city councilmen at noon today plans were adopted for selling the bonds next week. Bids will be asked immediately.

TO SWEETWATER.
Chas. McClintic left for Sweetwater this afternoon.

Mobilization of Guardsmen Is Finally Approved by the House
WASHINGTON, Aug. 22 (AP).—Legislation for mobilization of 400,000 National Guardsmen and army reserves was approved finally by the house today and sent to the senate for expedited prompt acceptance.

The house accepted a report of a joint committee named to resolve differences between senate and house versions of the legislation which President Roosevelt has requested.

House action was by voice vote. The legislation will involve about 242,000 guardsmen, 116,000 reserve officers and 50,000 enlisted men. It would permit them to be sent any place in the western hemisphere and possessions and territories of the United States, including the Philippine Islands.

The guard legislation has been considered by military men as a necessary preliminary to any sort of draft program. The guard and reserve units would furnish officers and men for organizing and training conscripts.

The senate heatedly debated the draft program provided for by the Burke-Wadsworth bill through another session today, and democratic leader Barkley maneuvered for a final vote by the weekend. The

house committee, dominated by a republican democratic group favoring delay, put off a final vote on its conscription bill until Tuesday hoping the senate would act before that time.

General George C. Marshall, army chief of staff, took cognizance at a press conference of the argument made by draft opponents and others that the military lacked sufficient equipment to train men who would be drafted under the Burke-Wadsworth bill.

Marshall said the war department has "plenty of material" for that purpose.

In the senate debate, Senator Hotel said he was convinced that the same group of New York financiers and business men who advocated compulsory military training before the last war now was active in support of the Burke-Wadsworth bill.

"The same firm of J. P. Morgan is putting on the same pressure now," he declared, naming also the Carnegie Corporation of New York as a contributor to what he called "so-called preparedness" campaigns.

The Hammers Begin to Ring

The exact state of preparedness progress is hard to determine at any given moment.

In its intensive state the program was launched only in May. It was not to be expected that much actual material would have been produced by now.

But it is reassuring to have it on as good authority as Defense Commissioner Knudsen that 40,000 more people are working at shipbuilding than in the 10-year peak year 1937; that the aircraft industry is employing 50,000 more, and machine tools 18,000; that 80,000 are actively training for defense industry jobs.

Men at work are going to produce something. Arsenals working three shifts instead of two are going to produce something. Before the first of the year very tangible results are going to come rolling from the shops. And by spring we can probably see the beginning of a modern defense setup.

Bullitt Withholds Answer to Critics

WASHINGTON, Aug. 22 (AP).—Ambassador William C. Bullitt withheld a reply to his congressional critics today but informed sources said he had plans for active participation in President Roosevelt's campaign for re-election which would afford him ample opportunity at a later date.

These sources said the ambassador to France may appear in the role of the chief administration spokesman on questions of foreign policy.

Bullitt was said to have received invitations to follow up his Philadelphia speech of last Sunday, although it brought sharp condemnation from some senators as "inflammatory" and a charge by Senator Clark (D-Mo) yesterday that the state department had violated the criminal code by distributing copies of the address at government expense.

Are You Superstitious

ABOUT MONEY?

BY RUTH FARRAR

NEA Special Correspondent
NEVER take all the money out of your purse or wallet; leave a coin or two, for money attracts money. If you keep money you find, it will bring you good luck.

Most people have their own pet superstitions about money. Dr. B. A. Cartwright of the University of Oklahoma found in compiling his collections of 12,000 pet beliefs—one of the largest collections in the world.

Here are some samples from his files:
He who eats apples on St. James' Day will never want for money.

Ants in your yard are a sign of prosperity.

Leap year pennies bring good luck and should be kept.

If you sweep after the lamps are lighted, you will sweep all your riches away.

Where there are many spiders gathered on the ground indicates hidden treasure underneath the soil.

If a spider spins a web toward you, you will receive money soon.

To dream of spiders is a sign you will receive much money.

If you lose your job on Tuesday, you will marry money.

College girls eat oranges under the bed in order to receive money from home.

If you see a falling star and say "money" three times before it is

lost to vision, you will find some money.

If you wear a garment that has a hole in it on Christmas Day, you will lose money.

If one wears his shoe soles only in the middle, it is a sign he will become wealthy.

If you find money in a horse track, you will some day have great wealth.

If you first see the new moon over your left shoulder and have money in your pocket, you will receive more money.

If money is worn in the heel of a bride's shoe, wealth will attend her.

If you sneeze when bargaining, your bargain will turn out well.

If your palm is very hollow, you will some day be wealthy.

To drop a slice of bread, butterside down, is a sign that unexpected money is coming to you.

If you mark a coin, spend it, and it returns to you, you will inherit a fortune.

If you sew in the twilight, you will never be rich.

To dream of fish or eggs is a sign you will receive money.

If a coin which falls from your hand rolls, money will come to you easily.

Economic Defense Measure Is Passed

WASHINGTON, Aug. 22. (AP).—Legislation to reinforce western hemisphere economic defenses through a half billion dollar loan fund to control exportable surpluses today awaited senate action after winning house approval, 183 to 144.

Although the house last night gave the measure only a 39-vote margin, senate democratic leaders hoped for final passage in that body of the proposal recommended by President Roosevelt to halt dangers of German trade incursions in the new world.

The bill provides:
1—Authority for the export-import bank to lend an aggregate of \$500,000,000 to Canada and Latin-

American nations, their banks or nationals, to develop resources, stabilize economies, and assist in the "orderly marketing" of exportable surpluses.

2—Authority for the Reconstruction Finance Corporation to increase its outstanding notes by \$1,500,000,000 to provide funds for the export-import bank loans and \$1,000,000,000 for plant-expansion defense loans to domestic industries.

3—Extension of the life of the bank from June 30, 1941 to Jan. 22, 1947 and elimination of the \$200,000,000 limit on loans to any one country.

Heve pennies grow on a tree. The legend was created by D. E. Blanton, who before his death was a Paris newspaper publisher. During his career Blanton gave away literally bushels of pennies to children who called at his office. Many adult citizens of Paris say when they were children they believed in Blanton's "penny tree."

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or starchy passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

A basket lunch was served, followed by watermelons as dessert. No formal program had been planned but various games were played by the young people.

Present were: Marian and Marie Newton, Van Edna Watson, Tony Watson, Evelyn Pittman, Drez Pittman, Billy Noyes, Russell Holster, Louise Terry, Lois Terry, Gordon Watson, Kenneth Taylor, Jimmie Watson, J. B. Terry, Tom Myers, John Blocker, Mrs. John W. Two tables of bridge occupied the playing hours with high score prize going to Mrs. McClure, second high to Mrs. Fred Kotzya, and bingo prize to Mrs. H. T. Newson.

FEMININE FANCIES

By Kathleen Eiland

We nominate for the perfect embodiment of the utter femininity of the Gay Nineties a certain black-with-lace costume seen recently.

The frock of black alpaca-weave rayon is given interest by the clusters of vertical tucks on the waist and skirt and on the sleeves. The use of black silk lace at the lower edge of the short sleeves and of the same lace around the armholes and continued across the front of the bodice to mark a yoke-line gives the dress distinctive individuality.

Nothing but a Lillian Russell hat, designed to show off an elaborate pompadour hair dress, would do with this frock. The hat has its crown wreathed with black ostrich feathers, curled to just the proper degree, and the brim is swathed with black lace net veiling which chides alluringly below the wearer's chin and is caught at the side throat to fall in a graceful cascade.

A black purse of dressmaker design and black slippers and gloves and milady scarcely could fail unconsciously to assume some of the gracious, coquettish airs of the era reflected in her costume.

We like it. Not that we could or would ever wear such an ensemble but it is a delight just to revel in its delicious frivolity through standing and staring at it on a display table.

"A man is as big as the things that annoy him" is a saying wise enough to merit thinking over. Only judged by that standard, we shrink to a most unflattering smallness. For little things do annoy us, we admit. No matter how hard we try, we fall below that standard of lofty serenity which we observe in a few rare individuals and look up to longingly.

There's only one comfort for us

Bob Williams to Wed Odessa Teacher Early in October

Of interest to Midland friends of the bridegroom-elect is the announcement by Mr. and Mrs. L. C. Smith of Austin of the engagement of their daughter, Elaine, to R. L. (Bob) Williams of Odessa and Midland.

The couple will be married on October 4 at Austin.

Miss Smith was a member of the Odessa high school faculty last year.

Mr. Williams is manager of the Household Supply Company here and at Odessa and divides his time between the two towns. He formerly lived here.

Mrs. Carter Hostess For Morning Bridge On Wednesday

Mrs. D. R. Carter entertained for the Trump-it club and guests with a morning bridge at her home, 312 W. Florida, Wednesday at 9 o'clock.

Garden flowers brought a note of color into party rooms where two tables were laid for the bridge games.

High score in play went to Mrs. Harry Tolbert and second high to Mrs. Fred Girdley.

Light refreshments were served to: Mmes. Tolbert, Girdley, John Nichols, Pearl Blair, J. Guy McMillan, W. C. King, Richard Myers, and the hostess.

In our failure to measure up and that is that most people, we have observed, also fail to measure up in this respect. An unworthy comfort, perhaps, but a sop to our shamed vanity, anyway.

We hail with applause the bringing up of the subject of a junior college for Midland. Here's hoping for one! Who knows, perhaps we'd be tempted to go back to school again if some particularly enticing course were offered.

Our hat is off to the chamber of commerce and we wish them well in their investigation and efforts on the subject.

COWBOYS MEET PAMPA OILERS TONIGHT AT 8:30

Final Game of Borger Series Dropped, 1-7

The Borger Gassers gained a split of the two-game series with the Midland Cowboys when little Clem Hausman limited them to five hits last night and captured a 7-1 decision.

For the next three nights, the Cowboys will be playing the Pampa Oilers at City Park. Righthander Bill Patrick will probably be the starting hurler for the Cowboys tonight.

Last night's game was lost in the first inning when the visitors scored four runs on one hit, two walks, sacrifice and two errors, plus a wild pitch by pitcher Engles.

The lone Cowboy score was made in the seventh inning when right-fielder Jenkins hit one out of the park. Meanwhile the visitors had picked up two more runs in the third on an error by Congour, singles by Nell and Keaton. The final Gasser run came in the fifth when Manager Gordon Nell homered.

Hausman did not allow a Cowboy to get past first base during the evening—Jennings excepted. Three times double plays halted temporary Cowboy threats. Hausman himself started two of the double killings.

Engles had it fairly easy after the third inning but his mates could produce no runs for him as Hausman was setting down seven of them on strikes. Kanagy hurled the last inning for the Cowboys after battling for Engles in the eighth.

The box score:

Jenkins Ready to Fight Anyone for Lightweight Title

MEMPHIS, Tenn., Aug. 22 (AP)—Lew Jenkins, the tough little Texan currently holding the world's lightweight boxing title, is ready to fight anybody who says he doesn't want to fight.

He made that clear during a brief stopover here last night while enroute to Philadelphia for a Sept. 9 bout with Bob Montgomery.

The fight originally was set for Aug. 19, but Jenkins wanted it postponed because of the serious illness of his mother, Mrs. M. L. Jenkins, in Sweetwater, Texas.

"Some of those New York sports writers tried to make out I was running out on the fight," he said. "Well, I wasn't. When I found out how sick my mother was, I told 'em I had to go home, fight or no fight. The Pennsylvania commission wanted to suspend me, but we got the new date fixed up."

"Those writers—Lew paused to catch his breath explosively. "They wouldn't believe my mother was sick."

"They been saying me and my manager, Hymie Caplin, were about to split up. There ain't any truth in that."

"He'll meet me in Philly. When we see each other, we'll be laughing. I betcha Hymie'll say, 'Boy, what a helluva story they got out of us!'"

"Me and Hymie haven't ever had any real words—nothing serious, I mean."

"But what makes me really mad is for anybody to say I was running out on the Montgomery fight. I want to fight."

"And besides," said the crafty ex-cavalryman who as recently as a year ago drew \$11 for a bout down in Texas, "what would I want to run out on \$10,000 for?"

assassination plot and wept as she recalled she had introduced Jackson to Trotsky. She said she was a sister of a former secretary of the exiled Russian.

Mrs. Trotsky and surgeons were in Trotsky's tiny hospital room when he coughed, gasped feebly and died. Mrs. Trotsky wept softly and said "that is life."

At first the hospital said the body would be kept there over night for an autopsy but early today—after a death mask had been made by the noted Mexican sculptor Ignacio Acunso—it was removed to the chapel of a private funeral home to lie in state.

President Lazara Cardenas, who gave Trotsky refuge after Norway expelled him at Russia's behest, sent Gen. Hernandez Lamont, a member of his official staff, and three aides to the chapel to pay Mexico's respects.

Funeral in New York. In New York, James Cannon, secretary of the socialist workers party in the United States—and mentioned by certain Trotsky followers as likely head of the Fourth International—said:

"We plan to hold the funeral here to give the working people of New York an opportunity to show reverence for the memory of this great leader and their hatred and contempt for Stalinism."

Despite the late hour at which the body reached the chapel, a crowd gathered, and moved slowly through the chapel.

In death, the Mexican public saw more of Trotsky than it did in life. He was a virtual prisoner in his own walled-in house in nearby Coyoacan—morally fearful of "death at the hands of Stalin."

Italians Hit Plan Of U. S. to Gain New Defense Bases

ROME, Aug. 22 (AP.)—Italian newspapers showed discontent with the plan for the United States to lease naval bases in Britain's western hemisphere possessions by charging today that the United States is seeking to gain territory in the "break-up" of the British empire.

Il Resto Del Carlino, important Bologna paper, said the United States not only is trying to get control of Canada by offering to send an army to defend her but added that unless something happens in the Pacific America will try later to get Australia.

"Japan rightly is rather alarmed at this new development of American imperialism," Il Resto said.

To "gain possession" of the British West Indies, Il Resto said, Washington is ready to "cede motors, guns and even some obsolete destroyers in payment for a 99-year lease on England's American Islands."

Il Popolo Di Roma, expressing the same view, applauding Mexico and Guatemala for reported opposition to United States occupation of naval and air bases in British Honduras.

Jap Ambassador to The U. S. Recalled

TOKYO, Aug. 22 (AP.)—Foreign Minister Yosuke Matsuoka has recalled Kensuke Horinouchi, ambassador to the United States, and four other ambassadors in a sweeping shakeup of the diplomatic service, Domei, the authoritative Japanese news agency, reported today.

Yoshisuke Aikawa, one of Japan's outstanding industrialists, was said in informed quarters to be a likely choice as Horinouchi's successor.

The shakeup affects the foreign service in the Americas more than any other part of the world.

Domei said changes were considered preparatory to a "diplomatic offensive." Matsuoka has said he will make Japan's diplomacy free from "todayism."

Sports Roundup

By EDDIE BRIEFZ

NEW YORK, Aug. 22 (AP.)—Mike Jacobs, promises all five champions under contract to him—Joe Louis, Billy Conn, Ken Overlin, Henry Armstrong and Lew Jenkins—will fight in the Garden next winter, but what has the main steel guessing is who he's going to feed to Louis. . . . St. Louis fans give Joe Medwick the razz every time he moves at Sportsman's Park.

Each year the Alabama and Auburn alumni hold a joint football rally and talk about the fine relations between the two schools. . . . Oddly is, they haven't met at football since the famous 6-6 tie in 1907 which ended in one of the swiftest fist fights in Dixie football history.

What They Say.

British Blockade of France Is Protested

VICHY, France, Aug. 22 (AP.)—Britain's refusal to lift the blockade against France was termed "an act of hostility" tonight in a speech by Foreign Minister Paul Baudoin.

"This, the foreign minister declared in answer to Prime Minister Churchill's Tuesday address, is 'perhaps even more painful than the Mers-El-Kebir attack.'"

He referred to assault of the British fleet on French warships at France's North African base early in July, as a result of which the Petain government broke off diplomatic relations with England.

"The French government will not bow before this decision," the foreign minister said.

"It must do everything in its power to save this country from hunger."

Soose Hands Zale Boxing Lesson But Doesn't Get Title

By CHARLES DUNKLEY.

CHICAGO, Aug. 22 (AP.)—Billy Soose, the shifty and sharp boxing maver from Farrell, Pa., has created an unprecedented situation in middleweight history.

This 23-year-old boxer holds the distinction of having conquered both champions to the title within a month, yet he does not possess the most important thing—the title itself.

Last night Soose surprisingly defeated the deadly punching Tony Zale, recognized by the National Boxing Association as middleweight champion, in 10 blistering rounds.

A month ago Soose whipped Ken Overlin, recognized as champion by the states of New York and California. Both bouts were fought over the middleweight limit of 160 pounds, the significant bar which prevented the championship from passing into the eastern youngster's hands.

Soose scaled 162 and Zale 161. "The verdict of the two judges and referee Joe McNamara was unanimously in favor of Soose. He labored considerable prestige out of Zale's title, obtained when Zale defeated at Hoston of Seattle, Wash., in a 13-round knockout July 19.

Market Continues To Show Gain Today

By VICTOR EUBANK

NEW YORK, Aug. 22 (AP.)—The stock market pointed selectively higher today for the fifth consecutive session, apparently reflecting further hopes for cheering war development and home business prospects.

The list tilted forward at the opening, subsided for a while and then came back in the final hour to around the best marks of the day when gains of fractions to 2 points were well distributed.

While the pace slowed occasionally, transfers approximated 450,000 shares, liveliest turnover since Aug. 13.

Steels, motors and specialties were among the most popular. These were believed partly responsive to the rearmament picture.

Wall Street seemed to feel more confidence in the ability of John Bull to repel the nazis, although some traders inclined to keep on the safe side of the speculative fence.

Additional strength for Canadian stocks and bonds was in line with negotiations for a tighter accord between the Dominion and the United States.

Rails did fairly well throughout as last week's freight loadings mounted more than seasonally.

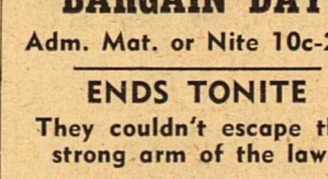

There is one automobile for every 71 inhabitants of the world.
