Heaviest Raids Of War Struck **Against London**

Invaders Attempting To Smash Airports For Land Invasion

By The Associated Press LONDON, Sept. 6.—German warplanes too numerous to count assailed Britain today in a mightier-thanever offensive which seemed destin-

ed to wear down the Royal Air Force

and smash its bases to clear the

way for land invasion. All over the London area and southeastern England the planes of besieged and besiger tangled in a series of non-stop battles.

*Oklahoma Governor Files Suit to Halt Red River Dam Work

OKLAHOMA CITY, Sept. 6 (AP)

Governor Leon C. Phillips followed up today his repeated protests to construction of a giant hydro-electric dam on Red River with a federal court suit for an injunction to halt work.

A complaint regiting his frequent contention that waters above the dam would destroy valuable farm land and State roads and bridges was hurried to Muskogee for filing in the eastern Oklahoma District Federal Court.

'This is an effort to get fair treatment and our troubles heard," declared the militant Governor, who lost a similar fight to halt work on the Grand River hydro-electric dam in a move to force the government to pay for inundated roads and

Noted Writers to **Tell What Country** Means to Citizens

The Reporter-Telegram announces that 24 of the nation's greatest authors will write a special series of articles for this newspaper beginning Monday, Sept. 9 under the general title of "Our Country." Each day for four weeks, one of the writers will tell what "America" means to him and to all of us . . . in the most trenchant words at his

command. The roster of authors contributing to this vitally important subject reads like a 'Who's Who" of the literary world. They wrote the articles for NEA Service, the nation's newspaper feature service. As a subscriber to that service, this newspaper is privileged to present the

stories exclusively in this city.
The authors participating in

the series will be: John Steinbeck, Louis Adamic Carl Cramer, Sherwood Anderson, Stephen Vincent Benet, Mary Roberts Rinehart, Philip Wylie, Jonathan Daniels, Booth Tarking-ton, Gladys Hasty Carroll, Fannie Hurst, Robert P. Tristram Coffin, Rex Beach, Tay-lor Caldwell, Edna Ferber, James Truslow Adams, Margaret Culkin Banning, Sophie Kerr, Faith Baldwin, Stuart Chase, John Dos Passos, Ste-wart Edward White, Katharine Brush and James Boyd.

The new King, Mihai V—who
ruled the turbulent little Balkan kingdom from 1927 to 1930 as the world-famed "boy king"—took the oath of sovereignty in front of a microphone at 7:30 a. m.

His father's abdication came at 6 a.m., climaxing a night of stormy riots, shootings and death as the populade clamored for Carol to surrender the throne and his stern new dictator premier, Gen. Ion Antonescu insisted he yield.

To the handsome, dimpled new king, Gen. Antonescu pledged his fealty and at the conclusion of the oath-taking ceremony, while disorder still raged in the capital, he shook hands with the new monarch and said grimly:

"Sire, a prayer to God to help your majesty and me!" The 46-year-old ex-king Carol, toppled from his throne by popular indignation over the cession of great areas of Rumanian territory to Soviet Russia and Hungary, was expected to join Mme. Magda Lupescu, his red-haired Jewess friend, in

Two Billion to Spend

Citizen, that composite character who includes you, and you, has two billion dollars more to spend during the first seven months of this year than the wagon overturned, the horse in their stalls. than he had last year. Income payments to individuals through July this year total \$41,600,000,000 as compared CHAPTER XI with \$39,578,000,000 for the same seven months of 1939. More than half of the increase is in salaries and wages; the rest in dividends and such payments. Commerce Department is authority for the figures.

This is the highest income John has had for any comparable period in the 1930s. And the best of it, adds the Bureau of Labor Statistics, is that the cost of living has not risen in proportion. The increase means more in terms of buying things than such an increase in 1929.

Later, as more and more of men's efforts go into producing things for defense, the cost of other things will tend to rise. But this should not be soon, for our productive capacity has not yet been strained. When it is, the trick will be to keep the amount of rise in the cost of things well below the amount of increase in people's incomes. It is a hard trick, but it can be done, and it must be done.

HOLDAWAY SCHOOL STORE

Opens MONDAY MORNING Sept. 9 at 7 o'Clock

Since we have an exclusive school store we are in a position to spend much time and effort studying the supplies our boys and girls need to make better grades in school. You do not have to sacrifice quality for price and we invite you to compare our Masterpiece School Supplies and our prices with any store that sells School Supplies. We spend so much time each year checking up on what the schools in the larger cities are using and bring the very latest here to Midland at all times to serve you efficiently and give you the most for your money. If you will just hand us the school supply list your teacher gives you, we will fill it promptly and you will be relieved of selecting and buying the supplies that might not be right. Be sure to get one of our complete School Supply Lists. Watch for our feature ad in Sunday's Reporter-Telegram.

WITH this advertisement, Buick ushers in a brand-new automobile model year.

1940 production is history-recording the greatest manufacturing and selling season our company has ever known.

You may be sure we grimly realized we had to accomplish things in our new cars for 1941 that we could count on to continue our advance.

So, on top of the \$42,000,000 spent on our plants and machines these last four years we've added another \$10,000,000 in new facilities.

We've taken our greatest all-time car and steadily and carefully brought it forward to a perfection of action, ease, goodness beyond anything ever offered under our name.

Every car in all five series of the whole

Kermit Is Favored Over Stanton "11" In Tonight's Game

STANTON, Sept. 6 (Special). — The Class-B Stanton Buffaloes were feeling natural today—they are the underdogs again tonight when they meet the Class-A Kermit Yellow Jackets in Kermit.

The game is the first scheduled in West Texas this year and is expect-

The Buffaloes have had only four are not expected to show a lot of offensive. The Yellow Jackets, however, have had a week of workouts in the mountains and practice on their own field. They should be in better than fair shape.

A husky fullback who goes by the name of "Freight Train" Clinton is expected to do most of the ball carrying for the Buffaloes. Already in condition after a summer of hard word, he looked potent in the scrimmage drills against Midland Wednesday afternoon and shows promise of living up to advance notice that books him as the best player in Class-B in West Texas. If needed, Clinton can step into a guard spot and do a workmanlike job. Coach Homer Poole has had 30

boys out twice daily all this week and has been drilling them hard for the first game.

The Buffaloes are the defending champions of district 6-B and are favored to repeat for the title. Of the 30 boys out for the squad, 12 of them are lettermen left from 1939's team that tied for the regional title.

Four Clubs Have Pennant Chance As Tigers Club the Indians Again

By JUDSON BAILEY

Associated Press Sports Writer. it probably will next week.

There is a good possibility Cleveland, Detroit and New York will be approximately tied by Tuesday when the world champion Yankees invade the west for two games with the Indians and three with the Tigers. If something doesn't pop in those games, it only can mean the American League is lined with asbestos.

The valiant Detroit Tigers overwhelmed the Indians again yester-day, 11-3, and the Yankees walloped Washington Senators in both ends of a doubleheader, 2-1 and 8-1. Furthermore, the Boston Red Sox pounced on the Philadelphia Athletics, 9-7, and created the most un-precedented situation of the entire first division being bunched inside 4 1/2 games three weeks before the
