A BIBLE THOUGHT FOR THE DAY THERE ARE THOSE WHO WOULD TEAR DOWN EVERY SPIRITUAL BUILDING, BE ALERT: The builders, every one had his sword girded by his side.—Nehemiah 4:18.

Whose Advantage?

Every business man worth his salt knows that only a deal in which both buyer and seller are satisfied, by which both profit, is worth making.

That goes for trade between nations as well as for trade between people. We have found out that no country can continue indefinitely to buy more than it sells.

That general principle throws light on Herr Hitler's recent speech in which he outlined his principles of international trade.

"We are going to do business," he added, "solely on the basis of German advantage. It's good for Germany, we shall trade."

The Colombians found out about German advantage. They "sold" huge quantities of coffee to Germany for blocked marks, "money" which was good only in Germany.

Mark the difference between this and sheer barter. There is nothing wrong with a straight barter deal.

Hitler may rail against money, but so convenient a medium of trading is not to be abolished by a speech, a barter deal, or even (as the Russians found out) by a complete social revolution.

Productive Loans During the Terrific Twenties, the United States lent a great deal of money to South American countries.

Now circumstances indicate that the United States shall again be a lender to South America. But with a difference. Latest report from Nicaragua shows the difference.

That's more like it. Today's Pan-American faith is that by helping to help Central and South American countries to rise, we help ourselves, creating better customers and stronger, friendlier neighbors.

More Homes The quadrennial census always develops a lot of interesting sidelights aside from finding out how many Americans there are.

Fewer families "doubling up," more people marrying, as the worst of the hard times passed by, seems to be the answer.

Doctor attending the Leitchfield, Ky., mother who had quadruplets says she is doing very well. Four times as well as the average mother.

A Florida golfer walked 31 miles in one day. We hope he found it.

Despite all you read, the cost of living remains the same—all you make.

The Olive Branch

At Your Library

Murder Out Of Turn, by Frances and Richard Lockridge: The Norths were week-ending at their cabin—their friend, Detective Weiland, had come out for a holiday.

Death In Ecstasy, by Ngaio Marsh: In this Ngaio Marsh mystery, Inspector Alamy works his cunning not only on murder, but also on hocus-pocus.

The Milan Grill Room, by E. Phillips Oppenheim: Mr. Oppenheim introduced Louis in "The Pulpit in the Grill Room" (also in the Library).

Spring Symphony, by Eleanor Painter: The romance, the tempestuous courtship and marriage of Robert and Clara Schumann made one of the most unusual love stories in history.

West Of The Weather, by Norma Patterson: Hawaii is the setting of this new novel by Norma Patterson and, in it, Robin Gay—nineteen, on her own, and trusting—is called upon to be herself in spite of the snobbery that confronted her.

Aunt Elisa, by E. G. Pinkham: She lived in Salem Road, in one of those immaculate small houses hedged about with respectability.

Dr. Thorndyke's Crime File, by R. Austin Freeman: An omnibus volume of three of the most popular Thorndyke novels—"The Eye of Oeiris" (also called "The Vanishing Man"); "Mr. Pottermack's Oversight"; and "The Mystery of Angelina Froede."

Lance Falls In Love, by Louise Platt Hauck: Miss Hauck has never failed to delight her host of readers with her warm, tender stories of the problems that love brings to young people.

Random Harvest, by James Hilton: England, before the present war, is the scene of this new story by the author of "Good-bye Mr. Chips!"

world know anything. Suspense, mystery and romance skillfully handled make an interesting story.

To Sing With The Angels, by Maurice Hindus: The story of a village in the heart of Moravia (Czechoslovakia)—of Jozka, son of the only German in Lipowitz, trained in Bavaria as a Nazi leader.

Uncharted Romance, by Mary Howard: A tale of modern marriage, set against a background of life in the Royal Air Force and having Egypt for much of its scene.

Horses I Have Known, by Will James: Mr. James knows the horses of the Western plains and ranges better than any other American writer, and in this book—written in the same cowboy vernacular that made his other books so successful.

Cousin Honore, by Storm Jameson: Of her new novel, Storm Jameson says: "This book was finished just a week before the resignation of Reynaud's government in France.

The Peacock Fan, by Harry Stephen Keller: In this exciting story, Gordon Highsmith, the author of a compilation of Chinese aphorisms, is in the death cell awaiting execution for the murder of his wife.

Dinosaur A moderately sized dinosaur that lived on plant life existed during the Cretaceous Period near the Ich soomrfwypupup near the close of the Age of Reptiles.

New Winter Suit for Armored Force

The youngsters who man Uncle Sam's fast-expanding armored units will dress like this in winter. New four-piece uniform has trousers, blouse, jacket and helmet, all made of cotton cloth lined with 20-ounce wool and specially treated to repel wind and water.

OYSTER FARMING

In 1939, Prince Edward Island, Canadian province, had 594 oyster farms under cultivation, as compared to only 26 six years previously.

DINOSAUR

A moderately sized dinosaur that lived on plant life existed during the Cretaceous Period near the Ich soomrfwypupup near the close of the Age of Reptiles.

Dos Mesas Club Joins Roster Of City Bridge Groups

Dos Mesas, newest bridge club of the city, met Tuesday at 1:30 o'clock for a dessert-bridge at the home of Mrs. F. R. Wallace, 502 W Holmesley.

High score in the two tables of bridge went to Mrs. Ralph Geisler and second high to Mrs. Ed Prichard while bingo prize was awarded Mrs. Lloyd Mackey.

Club members present were: Mmes. H. W. Anderson, L. W. Winston, Raymond Monkress, Geisler, and the hostess.

Guests were: Mmes. Barney Greathouse, Prichard, Mackey, and Stanley Erskine.

Dos Mesas meets on the first and third Tuesday of the month at 1:30 o'clock.

Mrs. R. A. Estes Hostess To Club At St. Patrick Party

Mrs. Byron Allemen was elected president, replacing Mrs. Jack Toler who has moved to Houston, when Entre Nous Club met with Mrs. R. A. Estes, 927 N Baird, Tuesday afternoon.

Choosing the St. Patrick motif, the hostess carried out the Irish holiday theme in tallies and score pads for the two tables of bridge played and in the dessert course served at the tea hour.

High score in the games was held by Mrs. Allemen and bingo prize by Mrs. G. B. Randolph.

Mrs. B. G. Martin and Mrs. F. E. Melear were playing guests.

Members present were: Mmes. W. P. Z. German, W. H. Allen, Allemen, Randolph, Mal Schraub, and the hostess.

Next hostess for the group will be Mrs. German.

Texas Patriotic Program Presented

CRANE, March 5.—(Special)—The Crane Study Club presented a Texas Day program Monday morning in the high school auditorium commemorating the decisive battle of independence as well as the signing of the declaration.

The following numbers were announced by the president, Mrs. R. V. Wilson: Pledge of allegiance to the flag; brief account of happenings, Mrs. Walter Boren; Uncle Seth's Bear Hunt, Mrs. H. M. Hilliard; cowboy ballads by Junior Eary playing his own guitar accompaniment; presentation of a large scrap book containing a publication on Texas during Centennial Year.

Patriotic songs dispersed the program and Mrs. W. W. Boyd led the school song, "Come All You Cranes," in closing.

Mrs. Wilson announced a contest sponsored by the club for the best essay written on "Our Town."

City Council Accepts Traffic Plan For Study

The Midland city council in a called meeting today accepted for study a proposed traffic ordinance for the city, as presented by the Midland Safety Council.

CLUB GIRL INTERESTED IN BEDROOM PROJECT

Julia Edith Midkiff has been selected by her club members to develop the demonstration in girls' bedroom this year, reports Miss Alpha Lynn, county home demonstration agent. Julia Edith is pleased with this responsibility, according to her parents, and plans constantly with them about the financing for the materials necessary.

She wants a bedroom suite, and is quite willing to sell one of her calves to pay for it, even though she doubts it being a good time to sell.

Cross Sea to See Flying Hubbies

Married less than a year, these English wives missed their husbands assigned as Royal Air Force instructors in Canada too much, so they came over too. Mrs. Alexander Holdsworth and Mrs. Jack Powell are pictured arriving on the S. S. George, first British passenger ship to dock in New York since November.

Rotary Club Will Bring Dr. Colton To Midland Friday

Plans for the Institute of Understanding, sponsored by the Rotary Club of Midland, have been completed. The first forum will be held in the high school auditorium Friday evening. Opening the series of four addresses will be Dr. Ethan Colton.

Last years Institutes of Understanding were sponsored by almost 300 Rotary clubs in the United States, reaching an audience in excess of a million and a half. Institutes make an effort to bring to individuals an understanding of conditions which exist in the world today.

NYA Counselor To Hold Interviews In Midland

Charles Graves, a counselor for area seven of the NYA, will be in Midland at the welfare office, 319 E Texas, at 10:30 a. m. Thursday to interview youths interested in NYA work. Boys between the ages of 16 and 23 are eligible. NYA is not a relief project welfare officials said.

Workers Strike Ends But Another Continues

By The Associated Press A strike of construction workers at a \$13,000,000 army anti-aircraft firing center in North Carolina was ended today but an AFL walkout continued to hold up \$5,900,000 in essential defense building work at Wright Field, Ohio.

Settlement of the strike at Camp Davis, N. C., was announced last night by Frank Sheehan, federal labor conciliator. He said the strikers on the big firing center project had agreed to return to work today although no decision on terms had been reached.

HEALTH BOARD HEAD GOES TO ABILENE

Mrs. Addison Young, chairman of the Midland County public health board, has gone to Abilene today on business of the board.

SCARED BY GROWL

Monkeys sometimes are so terrified on hearing the fierce growl of a tiger in the jungle that they fall out of the treetops to the ground, becoming easy prey.

Thursday Club Is Host At Courtesy For Two Couples

Mr. And Mrs. Holmes, Mr. And Mrs. Kidd Are Honored At Dinner Party

Honoring Mr. and Mrs. W. M. Holmes who are leaving Midland since he has been called to navy service, and her parents, Mr. and Mrs. Phil Kidd of Oklahoma, members of the Thursday Club entertained with a dinner party, Tuesday evening. The group met at the home of Mr. and Mrs. O. C. Harper, 1901 Brunson, and went to Hotel Scharbauer where dinner was served in the Blue Room.

Stock and gladiolas decorated the T-shaped table where covers were laid for nine couples.

Afterward, the party returned to the Harper home where dancing and entertainment in the game room occupied the evening.

Present were: The two honored couples, Mmes. and Messrs. W. W. LaForce, W. W. Studdert, R. W. Hamilton, John Cornwall, Overton Black, R. W. Pateson, Harper.

SOCIETY

Beta Sigma Phi Has Study On Art Questionnaires

Beta Sigma Phi Sorority met with Miss Norene Kirby at Crawford Hotel, Tuesday evening, for a lesson on art questionnaire. The hostess was in charge of the program with all members present taking part.

A business session was also held. At the close of the meeting, refreshments were served at Midland Drug store.

Present were: Miss Lou Annice Reeves, Mmes. S. R. McKinney, Jr., M. D. Johnson, Jr., Frances Stallworth, Johnny Sherrod, Tom Potter, Riley S. Parr, J. B. Balm, Ralph Guyger, Misses Alma Heard, Mar-

Next meeting will be with Mrs. Potter, 1200 W Kentucky.

County Librarian Is Guest Speaker At Club Meeting

Miss Marguerite L. Hester, county librarian, was guest speaker at the meeting of Valley View Home Demonstration Club at the home of Mrs. C. H. O'Neal, Tuesday. She gave a report of books checked in and out of the library in 1940 and stated that some 13,000 books and magazines are in the library, with 200 rent books.

A roundtable discussion on the county library was held.

The hostess was program leader. The club will meet with Mrs. Sherwood O'Neal, March 18, for an all-day session and covered dish luncheon.

Refreshments were served to: Visitors, Mrs. C. C. Cofl, Mrs. Will Long, Miss Hester; members, Mesdames Sherwood O'Neal, J. D. Bartlett, Lois Lewis, G. O. Brunson, L. B. Stewart, and the hostess.

Mrs. Jack Brown Entertains With In-Honor Affair

Luncheon-Card Party Farewell Compliment For Mrs. W. M. Holmes

Honoring Mrs. W. M. Holmes, who is moving away from Midland soon as Mr. Holmes has been called to navy service, Mrs. Jack Brown entertained with a luncheon and card party at Hotel Scharbauer, Tuesday.

The courtesy was held in the Blue Room where luncheon was served at tables decorated with mixed spring garden flowers.

Mrs. Holmes was presented with a nonrec-gift from the hostess.

Six tables of games were played during the afternoon.

Present were: The honoree, Edith Raye Collins, Patsy Collins, Dorothy Turner, Carol Casselman, Margaret Ann McCarrier, Jean Ferguson, Bobby Brown, Charles Lackey, John Breneman, Sally Jean Secor, Mazie Secor.

Turbans Are Liked

Blackamoor turban—and Rogers' highly dramatic "Cafe Society" ensemble. The gown, of white raw silk, is draped at the side, and is worn with a very voluminous, long cape. The turban, by John Fredericks, is of white silk, with ostrich tips and diamonds.

"Cafe Society"

California likes turbans, the recent Los Angeles style parade indicated. This jeweled, Javanese one, in fuchsia, is by Grace Nugent. It is worn with Viola Dimmitt's "Hawaiian Malihini" ensemble. The print dress is fuchsia, mustard, lime and white. Fuchsia lines the lime green cape.

D. A. R. Chapter Chooses Officers For Next Term

Mrs. Jack Wilkinson Named Regent, Mrs. Sealy Vice Regent For Group

Mrs. Jack Wilkinson was elected regent of the Lieut. Wm. Brewer Chapter, D.A.R., for the next biennium, at a meeting of the organization at the home of Mrs. R. R. Porterfield, 811 W Missouri, Tuesday afternoon. Mrs. Wilkinson is at present vice-regent of the chapter.

Other officers chosen for the two-year term are: Vice-regent, Mrs. Tom Sealy; treasurer, Mrs. Geo. Glass; recording secretary, Mrs. Geo. Abell; corresponding secretary, Mrs. L. W. Leggett; registrar, Mrs. Geo. Ratliff; historian, Mrs. Ben Smith.

New officials will begin their work next fall, probably assuming office late this spring.

Mrs. Ben Black was voted in as a new member.

Mrs. Wilkinson gave a report on the work at Ellis Island, and the remainder of the program period was devoted to brief talks given by members on their ancestors. Mrs. John P. Butler was program leader.

A refreshment hour followed the program and business session.

Present were: Mmes. J. M. Caldwell, R. W. Hamilton, Erle Payne, J. D. Robinson, Tom Sealy, Wilkinson, Butler Earl Powell, Erma Mansell, Miss Edna Hanna, and Mrs. Porterfield.

Wesley Bible Class Has Social At Home Of Mrs. W. A. Black

Mrs. H. M. Reigle presented the devotional and the scripture reading at the monthly meeting of the Methodist Wesley Bible Class held Tuesday afternoon at the home of Mrs. W. A. Black, 111 North G street.

A business meeting was held, followed by a social hour.

The party plate served at the tea hour emphasized the St. Patrick Day motif, featuring a salad in shamrock shape.

The class discussed the quilt by means of which it is raising funds.

Present were: Mmes. Ficke, J. M. Reising, E. B. Patterson, M. J. Allen, Jack Wilmoth, Stewart, S. H. Gwyn, Reigle, Nolan, Mary S. Ray, T. A. Fammia, L. C. Stephenson, Parr, Mollie McCormick, and the hostess. All members are urged to attend the class.

KILLS FOUR PERSONS FOR BEING HENPECKED

LEWISTON, Me., March 5—(AP)—Arthur Pellier, 24, described by police as having confessed that he shot dead four members of his family because he was "henpecked," faced arraignment in district court today on a murder charge.

FRIDAY

Children's Service League will meet with Mrs. Cooper Hyde, 314 South L street, Friday afternoon at 2 o'clock.

SATURDAY

Laura Haygood Circle of the Methodist WCS will sponsor a bake sale Saturday at Piggly Wiggly Shopping Village, opening at 8 o'clock in the morning.

Dallas Grand Opera Season Slated For April 24 To 26

DALLAS, March 5—The third annual Metropolitan Grand Opera season in Dallas, eagerly awaited by thousands of music lovers throughout the Southwest, has been definitely scheduled for April 24 to 26, with four colorful productions to be sung by some of the greatest voices on the Metropolitan stage. Pons, Tibbett, Novotna, Sayao, Roman, Bonelli, Pinza, Rethberg and many others will be present for the only engagement of the company west of the Mississippi River. Dallas city leaders have underwritten the four-day season for over \$100,000.

Beginning last Monday, written orders accompanied by checks will be accepted at the Dallas Grand Opera Association office, Commerce and Field Streets, to be filled in order of receipt. No tickets will be sold at this time but will be reserved by the written orders for distribution later.

The operas and stars will be: Thursday night, April 24—Verdi's "Il Trovatore," with Arthur Carson, Richard Bonelli, Stella Roman and Bruna Castagna.

Friday night, April 25—Mozart's "The Marriage of Figaro," with Elisabeth Rethberg, Bidu Sayao, Jarmila Novotna, Ezio Pinza, John Brownlee and Salvatore Baccaloni.

Saturday afternoon, April 26—Donizetti's "The Daughter of the Regiment," with Lily Pons, Ira Petina, Raoul Jobin and Salvatore Baccaloni.

Saturday night, April 26—Verdi's "Rigoletto," with Lawrence Tibbett, Charles Kullman, Josephine Tummia and Bruna Castagna.

Conductors will be Ettore Panizza, who has not appeared in Dallas before, for the first two operas, and Genaro Papi for the two Saturday performances. The ballet will be seen in "The Marriage of Figaro," "The Daughter of the Regiment," and "Rigoletto."

Style Show Will Stress Tri-Colors

Red, white, and blue will emphasize a tri-color patriotic theme in decorations for the sixth annual style show to be sponsored by the Episcopal Auxiliary at Hotel Scharbauer, Tuesday evening, March 11. As far as practicable, the same theme will be stressed by merchants in their displays.

Indications now are that advance ticket sales, now underway, will be good.

Round Table Club Meets For Study

Mrs. Edith Lester taught the study at the meeting of the Round Table Study Club at the home of Mrs. Krapf at the Magnolia Tank Farm, Tuesday morning at 9 o'clock.

After the study a refreshment course was served to: Mmes. G. B. Brock, Joe Dobson, V. O. Bairdridge, M. A. Floyd, M. F. Hutchman, Lester, Miss Rubalee Krapf, and the hostess.

Next meeting of the club will be with Mrs. Dobson, on March 18.

St. Patrick Motif Suggested At Club

Shamrock favors introduced the St. Patrick Day note at the meeting of the Lorado Sewing Club with Mrs. Joe De Mars, 411 S Colorado, Tuesday afternoon.

On the party plate, individual cakes in shamrock shape furthered the theme.

The afternoon was spent in sewing.

Miss Laura Jesse was a guest. Members present were: Mmes. J. A. Andrews, Dell Skelton, S. V. Tekell, Dennis Murphy, and the hostess.

Next Tuesday the club will meet for a social at 3 o'clock at the home of Mrs. Murphy, 207 E. Florida.

Window Screens On Frames Last Decade

"We put the screens on frames when we built our house in 1929" reported Mrs. J. E. Wallace to her club members recently, "and last fall when we repainted the house we did not have to put new wire on a single screen. Before we built the new house we had always just tacked on the wire covering the lower half of the window, and it always had to be patched and repaired the second season, it seldom continued to keep the flies out long at a time, for I couldn't keep from breaking the wire loose trying to clean."

When the rest of the club members checked up on the cost of screens on their houses, they found that frames and screens could be paid for in six years by money spent for purchase of only screen wire to tack on the lower half of windows, which would give four years' extra use for the same amount of money when used for screens on frames and at the same time would make homes far better fly and mosquito proofed and much easier to clean in a windy country.

Palette Club Meets At Hix Home For Business Session

Mrs. John Hix was hostess to the Palette Club for a business meeting at her home, 102 South G street, Monday evening. Club finances and other matters were discussed.

A party plate was served at the social hour to: Mmes. J. M. Gilmore, G. H. Butler, Clarence Hale, Ben Golladay, Mary S. Ray, Bud Estes, F. H. Lanham, D. B. Snider, J. L. McGrew, and the hostess.

League Requests Aid For Family Of Five

Among Midland's needy for whom help is asked by the Children's Service League is a negro family of the mother and four children from 9 to 13 years of age. The woman has hardening of the arteries and high blood pressure and efforts to work cause fainting spells. The family has no cash income although some assistance is given by the WPA.

A Midland physician recommends a quart of milk as the most effective aid for the mother and fresh fruits and vegetables, and a serving of fresh beef once a week also are needed. Anyone who will donate milk or other supplies is asked to call Mrs. John M. Hillis, league official, phone 643-W.

Conflicts Result In Arrests Of Norwegians

STOCKHOLM, Sweden, March 5—(AP)—Several hundred Norwegians, including many journalists, have been arrested in the Oslo region as a result of conflicts between Norwegian and German soldiers, advices from the Norwegian capital said today.

All prisoners were reported to be crowded.

SNOW STORM SWEEPS INTO KANSAS SECTOR

PRATT, Kas., March 5—(AP)—A heavy snow storm swept into this area today, nearby three inches covering the ground in less than an hour.

Flying snow was so thick visibility was reduced to a few hundred yards.

British Make Raids On Adriatic Vessels

ATHENS, March 5—(AP)—The British made two bombing attacks on enemy warships in the Adriatic yesterday—one on vessels lying off Chimara, Albania, now in Greek hands, and the other off the Italian held port of Valona—an RAF communique said today.

The communique said that British fighting planes protecting the bombers shot down Italian planes guarding the naval units and damaged others.

Dispatches reaching Athens from the battle front said Greek patrols encountered a numerically superior Italian force in the central sector and drove it off after hard fighting.

WE SELL PITTSBURGH PAINTS

By Wm. E. McKenney
America's Card Authority

The third of our series of six articles on defensive false-card plays is a favorite of D. Bruce Burnstone. I recall that Dave made this play work several times in Eastern competition. He is now living in Los Angeles and I heard recently that he pulled the same play out there.

On this hand the opponents got to three no trump even though Burnstone opened the bidding with a heart. Again let me remind you that it takes an expert against an expert to work the plays discussed in this series.

For the opening lead Burnstone selected the ace of clubs, thereby denying the holding of the king. When everybody followed, Burnstone played the three of clubs. Naturally declarer did not put the queen from dummy, believing that North held the king of clubs. North won with the jack, shifted to a heart and Burnstone with his partner took the first five tricks.

Women Organize Tulsa Air Corps

TULSA, Okla., March 5—(AP)—The Tulsa women's air corps has begun a training program it hopes will become nation-wide in order to build up a defense reserve of feminine pilots.

The corps, sponsored by the Tulsa unit of the Women's Aeronautical Association, began with 18 members. Seven have soloed or already have won their private pilot licenses.

Corps members include a 17-year-old coed, business girls, housewives, a manicurist and a 45-year-old music teacher.

"There are many ways women fliers would be very useful if they were needed," said Mrs. H. C. Duncan president of the aeronautical association unit.

They could be used to ferry ships, fly ships transferring blood, pilot ambulance planes and take the place of some commercial pilots.

The Dallas unit of the Women's Aeronautical Association is planning a similar corps.

Fort Worth To Issue Bomber Factory Bonds

FORT WORTH, March 5—(AP)—Fort Worth will issue bonds in the amount of \$2,500,000 for establishment of a \$10,000,000 bomber assembly plant here.

By a margin of more than 14 to 1, local voters favored the bond issue in a special election held yesterday.

A county issue of \$1,250,000 to build feeder roads to the plant location and several other roads in various parts of the county was voted by more than 10 to 1.

Places 'NO' On Taverns Measure

AUSTIN, Texas, March 5—(AP)—A bill to outlaw roadside beer taverns, which the proposal's authors claimed contributed to lawlessness, murder and highway violence, lay dead in a House of Representatives committee today.

Not a single "no" was heard on a motion to report unfavorably the plan of Reps. A. H. King of Throckmorton and H. S. Fitzgerald of Stamford to prohibit the sale of beer, wine and liquor outside limits of incorporated cities and towns.

The action was taken yesterday at a public hearing after only two witnesses were heard and several were still waiting.

Problem Is Regulation. Opposition speakers stated owners of respectable places were just as opposed to lawlessness as the authors of the bill and that they believed the remedy lay in regulation, not abolition of good with bad. They pointed out some owners had large investments in establishments and that beer, although important, was somewhat incidental to their food business.

King warned that unless beer and whisky sales in wet counties were regulated properly "in less than two years we will be thrown into another bitter prohibition fight." Fitzgerald contended that if liquor sales were restricted to cities, local authorities could keep close check.

FORMER MIDLAND MAN HEADS VALLEY TEX-EXES

McALLEN, March 5 (Special)—Homer W. Rowe, former Midland resident, is the new president of the Valley Ex-Students association of the University of Texas. Rowe is also a chamber of commerce and Rotary director, and he and his wife head several important committees. Mr. and Mrs. Addison Wadley and daughter Marion, Mrs. Bill Blevins and Mrs. Joe Crump are among Midland people visiting in McAllen. Paul T. Vickers, formerly of Midland was among the speakers at the Texas-Ex banquet.

Highlights From the Week's Oil News

(From The Oil & Gas Journal). Completions remain steady with a decline of five from the previous week, although oil wells were up five. Glancing over the week's news, the most significant features are the definite limiting of the Hawkins field in East Texas and the number of deep tests reported. A well in West Virginia is slowly working its way through quartzite sandstone 9,871 ft. Amou Carter's deep test in the Wasson field in West Texas is below 10,000 ft. and a Crane County wildcat is at 9,603 ft. In Oklahoma, Magnolia is planning a recycling operation involving a 9,400-ft. pay. An 11,834-ft. test in the Lisbon field has been plugged back and is completed in a 10,250-ft. sand. California had rather an off week with only one 10,000-ft. completion but has six wildcats below that depth, two below 11,000 ft., in fact. The Gulf Coast had seven 10,000-ft. completions, one in Texas and the remainder divided among four parishes in Louisiana.

Operators today have developed techniques which add greatly to known reserves. Almost insensibly the practice of drilling to the lowest known pay or to the physical limits of the equipment has come into being. Greatly improved logging devices and formation testers suggest what of several possible ways to produce first. Multiple-sand production has, like water, ceased to be a menace, and the economic limit of production has been forced farther into the future.

OKLAHOMA: Oklahoma's first major discovery of the year is the new Guthrie pool along the Langston road in Oklahoma. The discovery well flowed an estimated 5,900 bbl. when it was shut in for tankage. A Hunton pool was opened east of the Seminole pool when a Wilcox test was plugged back and completed in that formation. Magnolia Petroleum Co. is making arrangements to utilize a block in Dewey County where what appears to be a large structure has shown wet gas between 9,000 and 10,000 ft. If successful, a large recycling plant will be constructed. Operators in Oklahoma City have been working out plans to repressure this field with a view to obtaining an additional 100,000,000 bbl. which they estimate will be left in the pool when the present wells are exhausted. The plan has been presented to the legislature together with a recommended bill. Repressing of shallow sands is now an old story but the Oklahoma City plan involves repressuring of a highly permeable 6,500-ft. pay with a number of closely drilled areas interspersed with larger leases which were developed on a regular pattern. To complicate the matter further, ownership of the mineral rights is divided among thousands of individuals who are scattered from Nome, Alaska, to Miami, Fla., with some representation in Europe.

KANSAS: The Hall-Gurney field is extended 3/4 mile east in the Lansing-Kansas City pay. ILLINOIS: Despite disappointments at Centuria and small wells in Salem, operators are still trying for Trent production. A sixth pay, the Waltersburg, is producing in the

Colorado: The Sundance has been proved productive in the Wilson Creek field which formerly produced from the Morrison.

WEST CENTRAL TEXAS: The Akard and Stith areas in Jones County are active with a second producing sand (the Swastika) in Stith, a Cook sand discovery between the two pools, and a discovery 6 miles north of Akard in the Hope sand.

WEST TEXAS: With seven fields in Pecos, Ward and Crane counties producing from the Ordovician, interest in the deeper pays is increasing. Several wildcats are on their way down and the leasing activity has spread into Winkler County with deep pays as the probable objective.

EAST TEXAS: The Hawkins field now appears to be defined on all sides and lenticular conditions in the Woodbine combined with erratic saturation limit the proven area to about 2,500 acres at the most.

TEXAS GULF COAST: Jackson County continues to lead in interest as a new gas field is opened north of Edna and a new deep sand is producing gas and distillate at West Ganado.

COMPLETIONS IN ALL FIELDS. (Week ended March 1, 1941)

Table with columns: State, Oil, Gas, Dry, Total, 1941 tot. comp., 1940 tot. comp. Rows include N. Y., Pa., and W. Va., Ohio, Indiana, Kentucky, Illinois, Michigan, Kansas, Oklahoma, Nebraska, Texas, North Central Texas, West Texas, Texas Panhandle, Eastern Texas, Texas Gulf Coast, Southwest Texas, Louisiana, Louisiana Gulf Coast, Total Louisiana, Arkansas, Mississippi, Montana, Wyoming, Colorado, New Mexico, California.

Calvin field. The next townsite development may be in Fairfield as McCloskey production has been found 1 mile west of the city.

SOUTHWEST TEXAS: The old Balcones district is the scene of revived activity as four probable pool openers are being tested. A formation, believed to be the Glen Rose lime, is producing in the Tanglewood area, Lee County. The other tests are in Caldwell, Medina and Wilson counties. Willamar is extended 1 1/2 miles to the northwest and a test southeast of the discovery is shut down while an upper gas sand is being squeezed off.

NORTH LOUISIANA: Extension of the Smackover lime into Louisiana as a producing formation was proved when North Louisiana's deep test flowed 422 bbl. of condensate in 16 hours from that formation at 10,148-10,393 ft.

NORTH TEXAS: With six wells proving a strip containing over 1,000 acres, the deep Ellenburger pay in K.M.A. is proving of major importance in the field. The Ellenburger has always been a better performer than performer in the North Texas area and has not been highly regarded, except as a last resort. The K.M.A. development may reverse this opinion and, at the same time may indicate deep-seated structural trends from which the Ellenburger may prove productive.

CALIFORNIA: Deep wildcatting is reaching a peak with six tests below 10,000 ft. Meanwhile independent are crowding into the Newhall-Castaic district in northern Los Angeles County where there are some 50 structures awaiting test. The opening of two new fields recently as well as the record price paid for a large lease are helping to increase interest in this sector.

LOUISIANA GULF COAST: The Lowry prospect, Cameron Parish, has been added to the list of gas-distillate producers as a sand at 9,970-75 ft. flowed 3 to 4 bbl. of distillate in an hour with 4,000,000 cu. ft. of gas.

COLORADO: The Sundance has been proved productive in the Wilson Creek field which formerly produced from the Morrison.

WEST CENTRAL TEXAS: The Akard and Stith areas in Jones County are active with a second producing sand (the Swastika) in Stith, a Cook sand discovery between the two pools, and a discovery 6 miles north of Akard in the Hope sand.

WEST TEXAS: With seven fields in Pecos, Ward and Crane counties producing from the Ordovician, interest in the deeper pays is increasing. Several wildcats are on their way down and the leasing activity has spread into Winkler County with deep pays as the probable objective.

EAST TEXAS: The Hawkins field now appears to be defined on all sides and lenticular conditions in the Woodbine combined with erratic saturation limit the proven area to about 2,500 acres at the most.

TEXAS GULF COAST: Jackson County continues to lead in interest as a new gas field is opened north of Edna and a new deep sand is producing gas and distillate at West Ganado.

A Letter Home

Expensive method of saving postage is used by Notre Dame student Jack Kersten to communicate with family back in Fort Dodge, Ia. Jack simply turns on his shortwave transmitter at pre-determined hour and talks with folks over his brother's set in Fort Dodge.

Negotiated Pact Would Give U. S., Mexico Big Front

WASHINGTON, March 5—(AP)—Negotiation of a mutual assistance agreement between the United States and Mexico gave the North American continent today in effect a common defense front from the Arctic Circle almost to the Isthmus of Panama.

The understanding with Mexico complements the recently concluded joint defense pact between the United States and Canada, thus providing for protection of both southern and northern flanks of the continent.

Military, naval and air force experts of the United States and Mexico, the state department officials, are already at work on specific plans for cooperative defense against aggression, and it was believed that the agenda included Mexico's establishment of naval and air bases which would be available for U. S. use in any emergency.

Details Not Disclosed. The state department, however, gave no clues to details of the contemplated program when it made the announcement last night that the mutual assistance conversations were under way.

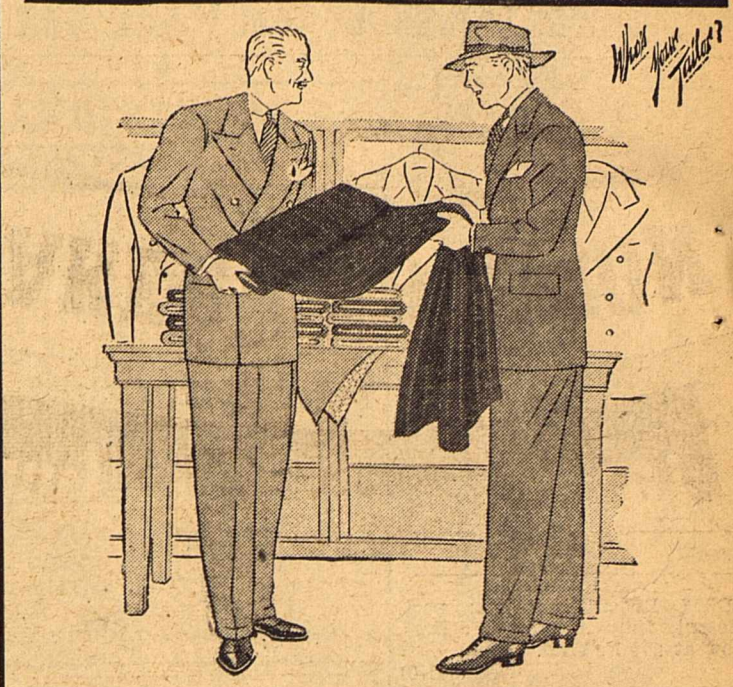

This announcement confined itself to stating that the experts would discuss "plans relating to the assistance which the two countries would render each other in the event of an aggression against either."

The understanding with Mexico was the first to be negotiated with any of the hemisphere Republics. In preliminary U. S.-Mexican discussions during the last several weeks, it was reported, one of the major proposals was that Mexico construct new or enlarged naval bases in Magdalena Bay (Lower California) and at Acapulco on the west coast, for protection of Panama Canal approaches, and one or two others at strategic points on the Gulf of Mexico.

Under this proposal, the bases would be constructed with funds loaned by the United States, but Mexico would retain full sovereignty.

McCLINTIC VISITS WELL NEAR CRANE

Charles McClintic visited his oil well test near Crane today.

Tailoring Display Friday and Saturday March 7-8

You are cordially invited to visit our Ed. V. Price & Co. exhibit of this season's new and colorful fabrics... in full length pieces. Tremendous variety insures easy selection. Let us measure you for your clothes. Our Chicago representative will be here. Remember the date and call early.

Oil News...

(Continued From Page One)

lime of the basal Permian. Crane's deepest active wildcat, Gulf No. 1-F University, in the east part of the county, is drilling at 9,820 feet in an unreported formation.

Also in Eastern Crane, Eastham & Russell No. 1 McClintic Brothers is drilling at 2,603 feet in anhydrite and red beds. Seven-inch pipe was set but not cemented at 2,517 feet to hold back cavings.

Martin Wildcat. Magnolia No. 1 N. B. Teague, closely followed wildcat in Northern Martin County, this morning was drilling at 4,140 feet in lime and anhydrite. Operators have announced that brown lime was topped at 3,930 feet, datum of minus 999.

Cities Service Oil Company No. 1 F. V. Addis, deep Permian test southwest of the South Cowden pool in Ector County, is drilling below 5,300 feet in lime.

A deep test in the North Goldsmith pool of Ector, Grisham & Delaney No. 1 R. B. (Bum) Cowden of Midland, is drilling below 5,664 feet in lime. Core from 5,655-64 returned three feet of gray lime showing nothing.

Secor Guest Speaker At Meeting Of PTA

Dana M. Secor was guest speaker at a meeting of the Junior High PTA Tuesday at the junior high school. He discussed natural resources and national heritage.

Mrs. E. R. Osburn, PTA president, presided, and Principal A. L. Gilbreth introduced the speaker. A nominating committee was appointed composed of: Mrs. C. D. Vertrees, chairman, Miss Louise Latham, and Mrs. John Dungan. April 18 was set as the date of the PTA's annual amateur hour.

Tropical Bermuda is located only 765 miles from Nova Scotia, 1040 miles from Miami.

Safety Council Studies Model Traffic Code

The Midland Safety Council's safety educational program and a model traffic ordinance for the city were studied last night at its regular meeting.

Fifteen members attended. Organization of committees to execute the council's safety program was discussed. W. P. Z. German, president said.
