

Ask Three Billions In New Taxes British Battle Germans In Greece

German Invasion Of British Isles Is Expected; 400 Planes Drop More Than 100,000 Bombs In Big Attack

Athens Reports Say German Losses In Balkans Are Severe; Outcome Of Fighting May Prove Decisive, Authorities Believe

Italy's high command asserted late today that the whole Greek front was collapsing, and simultaneously British and Greek forces fought a violent, perhaps decisive battle with German Panzer columns lashing at the heart of the Allied defense line, 90 miles inside Greece.

"The entire front is in crisis," the Fascist high command declared, apparently referring only to the Greek-Italian front—not the whole Allied line which extends from Mt. Olympus in eastern Greece to Chimarra, Albania.

In London, serious talk that a German invasion of the British Isles might be imminent followed in the wake of last night's 400-plane attack by the Luftwaffe on London.

The British acknowledged that German pressure was "increasing" in the now full-blazing battle of Greece.

The action raged in the Kalabaka sector as Nazi blitzkrieg invaders sought to storm into the lowlands of Grecian Thessaly.

Dispatches from the front line said the Allies were holding steadily, but no effort was made to minimize the gravity of the situation from the Allied viewpoint.

"Do Or Die" Stand Authoritative quarters in Athens said the outcome of the fighting was expected to prove decisive—an apparent intimation that the Allies were making a "do or die" stand.

Other German troops were reported slashing furiously at Australian forces in the vicinity of Serbia, northwest of Mt. Olympus, where the Anzacs were said to be holding their line intact.

Heavy losses were reported to have been inflicted on the Germans.

On the Western European front, the war in the air surged to a new height in ferocity.

Jubilation greeted the smashing of London in the most violent assault of the war last night—an 8-hour rain of havoc and death in which 400 Nazi planes dropped more than 100,000 incendiary and countless high explosive bombs on the capital of the empire.

Jubilantly the Nazi press hailed the attack as "the biggest air raid of all times." German fliers said the city was still engulfed this forenoon by dense, flame-licked smoke.

The German high command officially described the raid as a "reprisal for the English destruction of the cultural and historic center of Berlin on April 9" and declared that henceforth every British air attack on German residential areas would be retaliated in fuller measure.

Crowded morgues, jammed hospitals and whole blocks of smoldering, fire-blackened wreckage testified to the fury of the attack.

Hours after the all-clear sounded at 5:30 a.m. (10:30 p.m., CST), ambulances still sped through the streets carrying victims to hospitals, and the shouts of firemen and rescuers echoed in the smoke-shrouded city.

Most Violent Attack The British Press Association declared it was "the most vicious and wanton attack since the fire raid of last Dec. 29," when the "city," London's Wall Street district, was all but destroyed.

Eight hospitals were reported damaged, a theatre and two movie houses were smashed, and an official communique said tersely that "casualties were heavy . . . considerable damage was done."

Lord Stamp, noted economist, well known in the United States, and his wife were both killed.

Nazi pilots returning from the attack said they counted 80 major conflagrations and countless smaller fires.

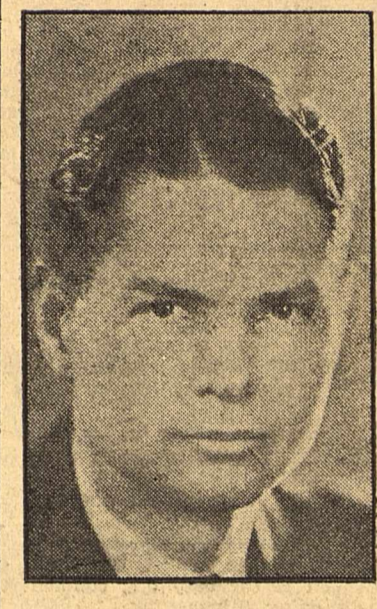

On the Balkan war front, the Luftwaffe played another tempestuous role, cooperating with waves

Major Ditton To Speak At 8 P. M.

Midland Town Hall will present Major Ditton, military analyst and flying reporter for the Associated Executive Clubs, at 8 p.m. tonight in the high school auditorium as the next to the last presentation of the year's series.

Rotary President

Tom Sealy, Midland attorney and city councilman, was elected president of the Rotary Club at the organization's luncheon today.

Elect Tom Sealy To Head Rotary

Tom Sealy, Midland attorney and a member of the city council, today was elected president of the Rotary Club at its meeting here.

W. B. Simpson, retiring president, becomes vice-president. Iley Pratt, secretary-treasurer, was re-elected.

Directors in addition to the officers are Addison Wadley, Dr. W. E. Ryan, Barney Greathouse and Ralph Barron.

Recommendations of the nominating committee, headed by Clint Lackey, were approved unanimously.

Keith Is Speaker. Members of the Midland County Selective Service Board were guests at the meeting and the board secretary, C. C. Keith, explained its work.

Members of the board are W. L. Simmons, chairman, H. G. Bedford and Keith.

Keith told of the board's work during the six months since registration day. He explained the draft law and the system used to obtain men for the armed forces.

He said 1841 registrants were under the board's jurisdiction—1,657 white and 184 colored. It has mailed out 685 questionnaires and 647 men have been classified.

He estimated 80 men have gone into the armed forces since registration day eight through selective service or enlistment.

Physicians have examined 160 men for the board here and 29 white men and 13 negroes now are in class I A.

Keith said 17 per cent of the men in the nation who failed to pass the medical examination did so because of teeth.

Jack Hurt entertained with several piano selections.

British Generals Captured By Germans In Africa

CIO Strike Break Depends On South Union Agreement

Lewis Indicates North Section Is Ready For Terms

By The Associated Press President John L. Lewis, of the CIO United Mine Workers said today that the union was willing to resume negotiations with southern coal mine operators for a new industry-wide wage contract to end the Appalachian bituminous shutdown.

Northern operators in the eight-state coal field were formally ratifying a new two-year contract when Lewis said he had telegraphed L. T. Putman, leader of the southern operators, at the request of Federal Conciliator John R. Steelman, proposing a conference in New York tomorrow to negotiate a wage scale for the southern mines.

The new northern contract reportedly calls for a flat \$7-a-day wage, and was originally drafted to apply to the southern mines also. Southern operators refused to sign as it eliminated a 40-cents-a-day differential in their favor, granting a raise of \$140 a day in the south and \$1 in the north. The UMC policy of committee was called to meet in the afternoon to consider ratification of the new contract.

At Washington Secretary of Labor Perkins certified the strike at the Birdsboro (Pa.) steel foundry and machine company to the new national defense mediation board.

Call Another Strike. CIO organizers called a strike at the steel wire and cable plants of the John A. Roebling's Sons Company at Trenton, N. J., and company officials admitted 1,000 workers were absent from the two plants.

The company has recently had 5,000 employees. A CIO leader said the union was protesting against a new production schedule.

At Youngstown, Ohio, 600 employees of the Youngstown Steel Door Company were idle because of a walkout of CIO steel workers protesting dismissal of an employee.

The CIO Aluminum Workers union announced at New Kensington, Pa., that it would seek wage increases of 15 cents an hour for 20,000 workers in five aluminum companies of America plants in neighborhoods starting Monday.

University Man Speaks To Society Tomorrow

Dr. F. B. Plummer, geologist with the Bureau of Economic Geology of the University of Texas, will address the West Texas Geological Society at its meeting tomorrow at 8 p. m. in Hotel Scharbauer.

Plummer will speak on "New Light on the Geology Structure of the Llano Uplift of Central Texas."

The "Gods" Look On As Battle Rages

From famed Mt. Olympus and its Greek gods to the Adriatic Sea and Albania, the battle for Greece rages with Germans gaining at some points and being driven back at others. Heavy barred line shows present Allied defense positions.

Councilmen Hire Another Officer; Accept Car Bid

The city council took two more steps toward law enforcement in Midland yesterday when it employed the fourth member of a seven-man police staff, and accepted a low bid for two new patrol cars.

E. C. (Bill) Moreland, policeman was recommended to the council by Police Chief L. P. McCasland, and approved. McCasland is expected to recommend other policemen the latter part of the week.

Two members of the police force, E. B. Patterson, night watchman, and A. J. Norwood, city marshal for many years, were not retained.

The council accepted the bid of Elder Chevrolet Co., \$1330, for the patrol cars. An old car of the city will be traded in. There were five other bidders.

To Study Testing Problem. Action on the petition of 19 Midland County dairymen who seek the repeal of an ordinance requiring bungs testing of cows was deferred for more study. The petitioners contended pasteurizing of milk sold to creameries was adequate and the expense of bungs testing unnecessary.

T. D. Kimbrough, attorney representing the dairymen, introduced letters from physicians in Fort Worth, Houston and Dallas, and was asked to obtain further data from San Angelo, Abilene, Brownwood and Mineral Wells.

To other matters, the council decided to request the state highway department to apply with the Works Progress Administration for widening Highway 80 on Wall street and authorized continuance of the paving project in Midland, suspended because of the defense program, be sought.

A committee of Bill Collins, L. A. Rodenhiser, D. McCormick, and R. L. Miller was named to survey the needs of Midland in national defense. A brief will be filed with Governor W. Lee O'Daniel.

Complete Defense Of Midland Soon

The Provisional Searchlight Battalion will start its 360-degree defense of Midland Monday night, Major William H. Papenfoth, battalion commander, said today.

The 203rd Coast Artillery battery from Camp Hulen, commanded by Capt. C. A. Stucky, is laying approximately 80 miles of communication lines this afternoon.

Battery "A" of the 203rd C. A. from Pierce City, Mo., arrived here yesterday.

Two bombers will be targets when complete defense maneuvers start, Major Papenfoth said. Heretofore the 211th C. A. and 197th "A" batteries practiced with one plane.

Soldiers will swim tomorrow at the Pagoda swimming pool on Highway 80 in the west part of the city. Arrangements have been made for the exclusive use of the pool by the soldiers for the duration of encampment.

Rev. Robert Snell To Be Episcopal Rector

The Rev. Robert J. Snell, 37, of Pampa will become rector of Episcopal churches in Midland, Big Spring and Odessa, John Cornwall, warden of Trinity Episcopal Church, was informed today.

The date for assumption of the new duties by Mr. Snell has not been set. The rector recently conducted a service at the Trinity Church.

Mr. Snell has been at the Pampa church the last four and a half years and also has served churches in Dalhart and Donger. He holds a BS degree from the University of Alabama, a BA degree from Birmingham Southern University, and a Bachelor of Divinity degree from the Seabury-Western Theological Seminary in Chicago.

He is married and he and Mrs. Snell have two sons, four years and five months old.

Bishop O. Cecil Seaman announced the assignment in the letter to Cornwall.

Leaders Both Parties Say \$3,500,000,000 More Taxes Necessary

President Roosevelt Approves Large Program And Will Discuss It With American People Soon, Says Secretary Morgenthau In Announcing Plan

By The Associated Press WASHINGTON, April 17.—Secretary Morgenthau announced today that the administration and both Democratic and Republican congressional leaders had agreed to ask \$3,500,000,000 of new taxes to be raised in the next year.

He told reporters after conferring with the leaders that President Roosevelt had approved the program and would, at an early date, discuss the program with the American people.

No details of how the money would be raised were disclosed, but the treasury secretary indicated the government would tap every possible means of raising a dollar in taxes.

Despite former policies of the administration, he indicated that such drastic means as a general sales tax, payroll taxes and other heavy money-raising ideas were under consideration.

All Leaders Confer For the first time in treasury-congressional tax conferences during this administration, Republican leaders, as well as Democratic leaders were called in.

Morgenthau said, "I am happy to say that the combined Democratic and Republican leadership of the Senate and House gave unanimous approval to this program."

Senator Vandenberg (R-Mich.) however, quipped that he was "breathless" over the fact that he had been invited to the meeting.

Others present were Senators George (D-Ga.) and Walsh (D-Mass.), Chairman Doughton (D-NO) of the House ways and means committee, and Representative Cooper (D-Tenn.), Culler (D-N.Y.), Treadway (R-Mass.) and Crowther (R-N.Y.).

Even after the unprecedented new taxes are levied, Morgenthau continued, the treasury will have to borrow about \$500,000,000 a month to keep up with the huge specifically for defense and the lease-lend program.

Another Idea While the major purpose of the new taxes will be to pay for expenditures, Morgenthau said another "very important reason" was to prevent rapidly rising prices and consequent inflation. He meant that the more money the government takes away from the people in the form of taxes, the less money people will have available for competitive purchases which might cause price rises.

This brought up the question whether the administration no longer would oppose forms of taxation which restricted consumer purchasing power such as sales taxes. The secretary declined to answer a direct question on this point and asked that he not be pressed on the point at this time.

Officials indicated it was safe to assume that existing forms of taxation would be increased, as well as new forms of taxation imposed.

A stiff jump in the income tax, the basic levy of the federal revenue system, was taken for granted.

The administration also is known to desire a sharp upward revision of the excess profits tax on corporations, and has been discussing higher rates for estate and gift taxes.

Morgenthau distinguished a sales tax, but said a reporter's question about the possibility was "a good question."

One point the secretary made was that the huge rate at which the federal government is pouring money into the nation's economy in connection with the defense program has stimulated business to the point where anti-inflation steps must be taken.

Second Producer In Ward Silurian Pool Is Indicated

By Frank Gardner Oil Editor. Recovering porous and oil stained lime core, Gulf Oil Corporation No. 6 Wristen Brothers, in Southeastern Ward County, today gave promise of becoming the second producer in the only Silurian pool in Texas.

First pay was encountered in four feet of Silurian lime recovered of core from 7,040-60 feet. Good porosity and oil staining both were present in the core. Cores taken above that zone had been hard and barren. No. 6 Wristen is coring ahead below 7,060 feet. It is 933 feet east of the discovery well, Gulf No. 5 Wristen, and is located in the center of the west quarter of the east quarter of section 18, block 5, H.&T.C. survey.

Kenneth Slack of Pecos No. 1 Pat Wilson, Western Ward Delaware prospect, is preparing to test at 5,036, where it is six feet in the Delaware sand. Five and one-half inch casing was cemented at 4,845 feet with 200 sacks and plug is being drilled. About one-half mile southeast, Bells Wells Oil Company No. 1 Wilson is shut down for repairs at 240 feet in red rock.

The Simpson, middle Ordovician, was topped at 4,755 feet, datum of minus 2,365, by Magnolia Petroleum Company No. 1 V. W. Crockett, test in the Abell pool of Northern Pecos County. Its Simpson top is said to be from two to ten feet higher than the pool opener, one-half mile south. No. 1 Crockett is drilling ahead below 4,849 feet in Simpson lime. The firm's No. 2 Crockett had drilled to 1,699 feet in anhydrite and lime.

George T. Abell et al No. 1 E. J. Rike, one mile northeast of the Abell discovery well, is drilling in lime at 2,835 feet.

Stanford Oil & Gas Company No. 1 Conroy-Davis Unit, four-mile east outpost to Abell production, is drilling at 3,288 feet in chert and lime. Sinclair-Prairie Oil Company No. 1 Grove is drilling at 3,268 feet in (See OIL NEWS, page 6)

### A BIBLE THOUGHT FOR THE DAY

WE MAY NOT BE ABLE TO UNDERSTAND PROFOUND PHILOSOPHIES, BUT WE CAN FOLLOW AND IMITATE A MAN. WE CAN DO AS HE DID: Jesus saith unto him, I am the way, the truth and the life; no man cometh unto the Father but by me.—John 14:6.

## Defense Growth Spreads Across U. S.

The first orders in the defense program went largely to those parts of the country which were already highly industrialized. That is natural, because plants already in existence, and concentrations of skilled labor already assembled, could be turned to defense production more quickly than new plants could be built.

But the second phase has now begun. New plants which had to be built to supplement existing facilities or to fill gaps in munitions production are being located inland. In Washington offices hang maps with a red line drawn 250 miles inside the seacoast and land boundaries of the country. That is a "safety zone," inside which plants and populations are assumed to be relatively secure from bombing attacks. New plants which did not exist at all before the defense program are being located well within this "safety zone." Lake City, Mo., and Denver, Colo., see new small arms plants rising. Milan, Tenn., has an ordnance plant, and powder and loading plants rise at Charlestown, Ind. The southern and western areas of the country have been promised "every possible preference" in locating new plants.

This is all to the good from every point of view. In the first place, the events of the European war have shown the priceless advantage of having a country's productive facilities scattered. If a few terrific air raids on a concentrated industrial area can cripple a country's production, that country is in a bad way. But if it has many air-plant, steel, auto, and munitions plants scattered all over a vast country, it is much better protected against sudden raids or sabotage.

There is the further fact that it is not good for a country to be completely divided into sections entirely devoted to one kind of production. If a vast section of a country has nothing but farmers, that section will have interests which may be different from a section which is largely made up of industrial cities. Whereas if industrial production is scattered so that all sections have their factories and cities, and all have their farms, the whole country is better balanced, and sectional differences are far less likely to rise. Therefore it is possible that great benefits will come to the whole pattern of the nation due to the sheer necessity of building industrial plants for safety's sake in regions where they had not gone naturally.

Here is another of those changes which is going on so quietly that we scarcely realize it. Yet this, too, like so many other changes that are taking place today, they may greatly change the America that is to be.

### Faculty Play Draws Overflow Attendance

Drawing the largest paid attendance for a play in the history of the school the faculty presented a three-act comedy at the high school auditorium, Wednesday evening.

A crowd exceeding the auditorium capacity saw the antics of Mary Roberts Rinehart's famous "Fish" and her two companion old maids. These three and their assisting cast kept the audience in almost constant laughter.

Miss Ruth Anderson played the title role of "Fish" with Miss Merle Smith as Lizzie and Miss Frances Laughlin as Aggie. Others in the cast were: Miss Ruth Bryan, Miss Marie Harwell, J. W. Miller, Miss Tommy Rae Franklin, L. M. Preeles, Miss Marjorie Beringer, J. E. Blaylock, R. C. Ferguson, Miss Myrl Lowe, and one student, Windell Williams.

Miss Smith was director. Miss Iva Butler assisted director. Miss Noene Kirby, property manager, and M. A. Armstrong, sound director—K. E.

### Page And Collins To Attend Stamford Meet

Wilburn Page, executive secretary of the Permian Basin Association, and Bill Collins, manager of the Midland Chamber of Commerce, will attend the fourth annual convention of the Chamber of Commerce Managers Association of West Texas in Stamford Friday and Saturday.

Page will appear on the convention program Saturday morning. His subject will be "Solving Local Tax Problems."

Collins is a director and a past president of the association. Lloyd P. Bloodworth, executive secretary of the El Paso Chamber of Commerce, will arrive in Midland this afternoon and will accompany Collins to Stamford.

### Ask All Citizens To Join Clean-Up Campaign In May

Unlimited support and cooperation of individual citizens of Midland with workers charged with staging the city-wide clean-up campaign here the first week in May is essential if the spring drive is successful.

A thorough and far-reaching clean-up campaign is planned, but committee chairmen today stressed the fact that the project cannot be a success unless all residents of the city do their parts in making of Midland the cleanest city in West Texas.

The campaign is being sponsored by the City Beautification Committee of the Midland Chamber of Commerce of which Miss Elma F. Graves is chairman. Other civic and service organizations of the city are co-operating.

Individual citizens can assist in the campaign by cleaning-up, painting up and fixing-up their own property, including alleys and vacant lots, and by publicizing the program by word of mouth.

Efforts are being made to make this year's campaign the most thorough and most far-reaching in the history of Midland.

### Famed Ector Meteor Will Be Displayed

AUSTIN, April 17—(AP.)—The University of Texas today announced a cooperative plan with Ector County officials to put the famed Odessa meteor on display.

Dr. E. H. Sellards, director of the Bureau of Economic Geology, said a 164-foot shaft would be sunk to the top of the meteor which buried itself centuries ago into the West Texas soil.

Ten miles west of Odessa, the crater is second in size in the United States.

### Will Resume Hearing On Truck Lines Bill

AUSTIN, April 17—(AP.)—After hearing proponents argue public necessity demanded a more efficient means of transporting less-than-carload freight, the state affairs committee today will resume a hearing on a bill permitting railroad companies to operate supplementary truck lines.

No opposition testimony was offered at a session last night. The proposal would allow railroad companies to operate truck service over highways running parallel to the rail lines.

### FALSE TEETH

That Loosen Need Not Embarrass Many wearers of false teeth have suffered real embarrassment because their plate dropped, clipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. (adv.)

## HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.  
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, swelling up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Answers to the last "Know Midland Quiz" as follows:

- 1. J. V. Pliska of Midland made the only local airplane that would fly. A pusher biplane, made in 1910, repaired out of my own joy and money, was widely used and would have made some of the best pilots of the world.
- 2. Midland Hardware has more floor space than any other store in Midland.
- 3. The two men who have been citizens of Midland longest are Addison Wadley and his father.
- 4. The former name of Main Street was Abilene street.
- 5. Midland's old stone courthouse was sold for one dollar.

Another "Know Midland" quiz tomorrow.

Some strange and some gruesome impersonations are probable entries in the Mustang Pet Parade that will take over the streets of Midland Saturday, April 26th at 11:00 sharp. If you have a weak heart, or subject to nervous prostration or have no sense of humor you'd better stay home and cut out paper dolls. Watch for the mystery coffin, the strange boy in hoop skirts made out of wood, the racing billy goat with sulky, the mechanical man with the hard skin and soft heart, the deep sea divers, the Siamese twins, the tattooed boy, Tarzan, the midgerts, the crooked crook, "John Silver," Huck Finn, Hotsie-Totsie, the magical dancer, the reversible pooch, the double-crossing jack-rabbit. Ripley will miss a trick if his plane fails to land in Midland on this long-to-be-remembered Saturday. There may be one big unnamed surprise in this unpredictable procession. Also many of Midland's merchants are calling this day "Mustang Bargain Day" with huge unbelievable bargains for everybody. We believe the town will be packed. The fame of this "Mustang Day" we believe, will ring out through the years as a youthful "Wonder Day." Seeing is believing. Safety slogan for today: "Driving with whiskey is mighty risky."

### Home Arts Club Has Guest Day At Review Tea

Mrs. Chas. Brown Presents Papini's "Life Of Christ"

Home Arts Club held its annual guest day in the form of a review tea at the home of Mrs. Marvin English, 507 N. San Angelo, Wednesday afternoon at 3:30 o'clock.

Mrs. Chas. Brown was guest speaker. Introduced by Mrs. I. E. Hood, she presented a review of "Life of Christ" by Papini, telling the story of the life of Jesus while on earth, from early days to his crucifixion.

Mrs. John B. Mills, club president, and Mrs. English greeted guests at the door.

Mrs. Paul Wilson presided at the guest register. Red verbenas, bride's wreath, and lilacs decorated the living room. At the tea hour, Mrs. G. W. Breneman poured punch at the table which was centered with yellow and gold calendulas. Assisting in the dining room were Mrs. C. M. Dunagan, Mrs. B. C. Girdley, and Mrs. John Dunagan.

Mrs. Brown and all club members wore corsages of sweetpeas. Guests and members present were: Mmes. V. L. Feazell, Fred Middleton, J. Wray Campbell, Paul Wilson, John B. Mills, C. W. Moore of Odessa, Geo. L. Wright of Odessa, I. E. Hood, K. Lekisch, A. Lekisch, R. C. Herkins, M. D. Cox, J. B. Bain, R. L. Langford, Ernest Neill, S. E. Mickey, E. Snyder, G. W. Breneman, Delbert Downing, Butler Hurley, J. W. Bradberry, H. H. Kaderly, Tom Potter, J. A. Tuttle, B. C. Girdley, Dorris W. Jones, Chas. Brown, J. C. Vance, Geo. Phillips, John Hk. John C. Dunagan, C. M. Dunagan, and Marvin English.

### "The American Way" Is Studied By Wednesday Club

A special program on "The American Way" was presented at the meeting of the Woman's Wednesday Club, yesterday afternoon, at the home of Mrs. Andrew Fasken, 1511 W. Missouri. Mrs. J. M. DeArmond, cohostess, assisted Mrs. George Glass, program leader, with the day's study. Her word drill for the day dealt with Americana and she discussed, as the opening topic, "Crises in Our Democracy," describing three crises.

Mrs. Glass discussed "Freedom" under the theme for the day. Highlighting the program was an imaginary debate with a dictator, in which Mrs. DeArmond presented the arguments for totalitarianism and Mrs. Glass countered with the statement of democratic principles and arguments.

A questionnaire on politics and other interests were presented. Mrs. F. R. Schenck spoke briefly in the interest of the campaign against tuberculosis.

Mrs. E. C. Conking reported on the conference at Marfa recently. The club voted to place a book on the memorial shelf of the county library in memory of Mrs. W. C. Cochran, a former member.

Present were: Mmes. J. M. Caldwell, Conking, Glass, C. M. Goldsmith, Jas. H. Goodman, M. E. Hill, O. B. Holt, R. L. Miller, Erle Payne, Ernest Sidwell, Robert Turpin, M. C. Ulmer, W. G. Whitehouse, and the hostesses.

#### BUSINESS VISITOR.

Sheriff Ed Darnell is a business visitor today in Gatesville.

### Mrs. Klapproth Heads Officers Of Play Readers Club

Constitution and by-laws were revised by Play Readers Club in a business meeting for which Miss Eloise Norman was hostess at the P. O. Sill home 120 S. Big Springs, Wednesday afternoon. Mrs. J. Howard Hodge was chairman of the committee, assisted by Mrs. Fred Fuhrman and Mrs. De Lo Douglas as members.

Officers for the coming year were elected as follows: President, Mrs. Charles Klapproth; vice president, Mrs. Fred Fuhrman; secretary, Mrs. B. K. Buffington; treasurer, Mrs. Wallace Irwin; reporter, Mrs. W. L. Haseltine; historical secretary, Mrs. W. T. Schneider.

Plans were made for the annual club tea and guest day, May 3, and committees were appointed for the event. Mrs. W. B. Stowe will read.

Present were the following members: Mmes. E. H. Barron, Buffington, Douglas, Fuhrman, Haseltine, Jack Hawkins, Hodge, Irwin, Wm. Y. Penn, W. T. Schneider, Fred Wilcox, F. B. Kingon, Miss Geraldine Dabney, and the hostess.

### Mmes. Chapple, Lewis Chief Speakers At Modern Study Club

Mrs. James Lowe was program leader and Mrs. L. G. Lewis and Mrs. Jas. H. Chapple assisted in presenting the program at the meeting of Modern Study Club with Mrs. A. H. Riley, 608 W. Cuthbert, Wednesday afternoon.

Mrs. Chapple discussed "Pan-American Goodwill," telling how friendly relations between the American nations may be sponsored by such means as travel and study of the languages.

Mrs. Lewis, whose program topic was "The Oil Industry of the Orinoco," told of the Barco Pipe Line which brings the oil to the Caribbean. She also discussed life in South America from the viewpoint of women's interests and showed figures made by natives and a display of woodwork.

Mrs. Curtis Gilmore, a guest, spoke on the early diagnosis of tuberculosis.

The club voted a contribution to expenses of the dance for soldiers.

Mrs. F. R. Schenck reported on the Federated club convention at Marfa.

Mrs. John Kenyon has been appointed to work with Mrs. Austin Flint on the yearbook.

Mrs. Hamilton McRea has been elected vice-president to succeed Mrs. T. S. Jones who has resigned. Present yesterday were three guests, Mrs. G. B. Randolph Jr., Mrs. Curtis Gilmore, and Mrs. Geo. Vanaman, and the following members: Mmes. G. T. Abell, Chapple, F. C. Cummings, Austin Flint, M. T. Hartwell, J. M. Haygood, Lewis, L. C. Link, Lowe, Lamar Lunt, P. A. Nelson, Schenck, J. W. Skinner, Fred Turner, Kenyon, and the hostesses.

### Wildflowers Form Party Decorations For Justamere Club

Wildflowers formed decorative arrangements for the house when Mrs. C. G. Murray, 09 W. Michigan, was hostess to Justamere Club with a 42 party, Wednesday afternoon at 3 o'clock.

Tables were laid for the games in which Mrs. W. L. Sutton scored high and Mrs. A. B. Stickney low. Guests were Mrs. R. Chanslor and Mrs. Sutton.

A party plate was served to these two and the following members: Mmes. W. G. Ataway, Stickney, C. J. McNeal, Herbert King, Gladys Holster, and the hostess.

Mrs. Stickney will be hostess to the group next time.

### "Garden Party" Courtesy To Club

Mrs. J. Harvey Herd and Mrs. C. M. Linehan were hostesses to the Tachies Club with a novel "garden" luncheon and bridge at the Crawford Hotel, Wednesday at one o'clock.

Miniature wheelbarrows filled with soil and blossoming wildflowers and standing in a nest of grass decorated the small tables at the luncheon hour, while the centerpiece for the large table was of wildflowers.

The hostesses were dressed in gardening attire. Mrs. Herd wore blue slacks and had a bandanna on her head, while Mrs. Linehan chose a short gardening skirt and blouse.

Clever tallies for the bridge games had been made by the hostesses from flower seed envelopes with tiny flower pots attached.

Present were a guest, Mrs. Clarence Ungerman of Pittsburgh, Pennsylvania, and the following club members: Mmes. H. L. Beckman, Jimmie Brooks, Sol Bunnell, Geo. Byrne, C. L. Chase, W. J. Frank, Herbert Moore, Bernard Rowland, Wilmont Hunt, Murray Fasken, Misses Helen Fasken, Maxine Sill, Anabel Youngblood, and the hostesses.

### Dessert-Bridge Is Courtesy For Alpha Club

Mrs. Mervin Foote and Mrs. James N. Allison were guests when Mrs. C. E. Prichard, 501 W. Holmsley, complimented the Alpha Club with a dessert-bridge, Wednesday afternoon at 2:30 o'clock.

Pansies and other spring blossoms decorated the party room.

Two tables of bridge were played with high score going to Mrs. Geo. Todd, second high to Mrs. M. B. Arick, and cut to Mrs. A. J. Bedford.

Members present were: Mmes. Arick, Roy Downey, S. M. Laughlin, Bedford, Todd, C. L. Bradshaw and the hostess.

Next meeting of the club will be with Mrs. Downey.

Fourteen children were present.

### Governor Not Taking Part In Bill Draft

AUSTIN, April 17—(AP)—Governor W. Lee O'Daniel said today in a statement that he was taking no part whatever in drafting the omnibus tax bill now pending in the legislature. Any reports to the contrary are untrue, he said.

He said his position with regard to taxation had been placed before the legislature in messages, discussed fully with the people in his campaign and was well known.

He declared he had told the legislature that if it did not care to follow his recommendations regarding taxation he would be glad for it to devise a better plan.

### Midland Jaycees To State Session

Five Midland Jaycees are attending the annual convention of the Texas Junior Chamber of Commerce in El Paso today, Friday and Saturday. They are Tom G. Brown, Jr., president of the Midland organization, Curt Inman, Clint Dunagan, Joe Mims, and Butler Hurley.

Inman is a member of the nominating committee for new officers. Fred Erisman, Kilgore, and Fred Morgan, Corpus Christi, are candidates for state president.

### FDR Assures Press Not Be Controlled

WASHINGTON, April 17—(AP)—President Roosevelt told the nation's editors today that as far as he was concerned "there will be no government control of news unless it be of vital military information."

In a letter to the American Society of Newspaper Editors, read by the organization's 19th convention by Tom Wallace, its president, the Chief Executive said free speech was in "undisputed possession" of the press, magazines, motion pictures, and the radio and so far as he was concerned "it will remain there for that is where it belongs."

## Escape Injuries In Plane Crash

CHARLESTON, W. Va., April 17.—(AP)—The pilot of a Pennsylvania Central Airlines plane which crashed into a wooded hilltop ten miles west of here said today a motor of the 10-passenger ship had failed a few minutes after the takeoff from Charleston airport.

The plane, northbound to Pittsburgh with nine persons on board, pancaked into a hilly section across the great Kanawha River near St. Albans, W. Va., yesterday.

Hostess Irene Coates of Pittsburgh and a passenger, Miss Jay Ann Gould, 20, of Royal Oak, Mich., suffered back injuries, but most of the six passengers and crew of three escaped with minor cuts and bruises.

## Growth Of Church Is Revealed At Meeting

BRECKENRIDGE, April 17.—(AP)—The Christian Church in Texas and its Texas Christian University at Fort Worth are growing steadily, laymen and clerics at the statewide meeting learned today.

Treasurer Patrick Henry reported that membership in churches have shown a general increase in the past year and that more churches were being organized. Two of the latter included churches at Irving and White Rock near Dallas.

Dr. E. M. Watts, retiring president of TCU, reviewed the growth of the school in 25 years from an enrollment of 301 students to 2,300 and from an endowment of \$100,000 to assets of more than \$3,000,000.

## Germans Sink Four British Vessels

BERLIN, April 17.—(AP)—Authorized German sources said German speedboats today sank four British merchantmen, totaling 13,000 tons, off the southeast coast of England.

Another source said two light German planes sank a 2,000-ton British merchant vessel this morning about 20 miles northeast of the Thames Estuary.

"That's our new secret weapon—a squirt gun!"

## London Children Who Never Got A Glimpse See Sun

MANGOTSFIELD, Gloucestershire, Eng., April 17.—(UP)—Little children from London who have never seen daylight until the roofs over their heads are bombed off and they are "blitzed" out of London into the country, are learning to talk about birds instead of bombers at Syston Court.

There they sleep in the same rooms which Henry VIII used 400 years ago. They were built in the reign of the entertainment of prices and nobles—now they house babies and toddlers from the worst of the capital's dockside slums.

Another historic home for the children is to be acquired and will be called the Sir Archibald Wavell Nursery, while Danney Park, in Wiltshire, where most of Queen Anne's ill-fated children were born; is to be a maternity home.

In all these houses, which are part of a scheme that may be kept going after the war, underprivileged people will find health as they are now.

"When they came here, they looked worried and nervous, as if the whole weight of the world's sorrows were on their shoulders," said American-born Lady Gunston, wife of Sir Rerick Gunston, M.P., and chairman of the Relief Fund.

"Their skin was yellow and wrinkled, and there were bags under their eyes.

"Some were given up by doctors, who said they had only a few more weeks to live. What troubles me is that recent arrivals seem in worse condition physically and mentally than the earlier ones.

"The children are cared for by nursery school teachers and untrained nurses, and all have responded to the quiet and cleanliness of the house and gardens. Two weeks is enough to restore all but the most terrified to normal health and spirits, and they soon begin talking about cucumbers instead of crates.

### SERIAL STORY

## LOVE POWER

BY OREN ARNOLD

YESTERDAY: In Dr. Hale's dictation, Carolyn learns something of the power of the new discovery X-999. A pound has more explosive power than 15,000 tons of TNT. Finally, Carolyn begs time off for food. Dr. Hale has forgotten about meals. But he enjoys dinner, and dancing with his new secretary. Leana is furious.

### HALE MOVES X-999

LEANA SORMI'S indignation was almost frightening to Carolyn for a moment. The older girl's lips were taut, pale, and she talked in peculiar clipped manner revealing a hint of foreign accent which didn't show ordinarily. Then fear in Carolyn was suddenly replaced by anger.

"Miss Sormi," she said, levelly, "if any reprimanding is to be done, Dr. Hale is the one to do it. He hired me!"

Robert Hale had been acutely distressed by the whole scene. He felt himself responsible, and yet—Carolyn quickly caught herself up. "Oh, I beg your pardon! Both of you. Let's not be touchy. It's quite late and of course we are all on edge tonight."

That was reasonable. Leana left them without another word, and with his manner Bob Hale thanked Carolyn. He bade her go home and ordered a taxi for her himself, canceling any plan to work all night.

"Rest, but come back early," he said. "There is so much to do tomorrow. So much every day now! Of course Leana is upset. So am I, Miss Tyler. You—I don't know what I should have done without you today, and tonight!"

He pressed her hand with fervor, and gazed longingly after her when the cab drove away. Carolyn told herself again that she had never encountered so extraordinary a young man. She felt far removed from him professionally because of his fame as a scientist. But personally, woman to man—! The vague stirring within her kept her delightfully awake for an hour even after retiring. Then sheer physical fatigue triumphed and seemingly in a matter of seconds it was morning. She dressed hurriedly. Dr. Hale had said come back early, and this job was a fascination anyway. But just how early did he mean?

### Wool

BOSTON, April 17.—(AP)—(U. S. Dept. Agri.)—Moderate amounts of wool hold on the Boston market today but business was spotty. Fine original bag territory wools running about average, fresh combing length were bringing \$1-1.02 scoured basis. Orders were taken for deliveries to be made from the new clip of combing three-eighths territory wools at 83-91 cents scoured basis. A few buyers were in the market for medium fleeces for the scattered lots available. Bids ranged mostly 44-46 cents in the grease for graded coming three-eighths or quarter blood grades.

as there had been last night. Indeed, this one was a bit formal; Carolyn saw that Robert Hale was physically weary now and this disturbed her.

"You must go home as soon as you can and sleep," she ordered, kindly. All at once she felt embarrassed. Bussing her own boss! She couldn't ever imagine herself feeling this friendliness and proprietorship for the banker when she had last been secretary; but Robert Hale was so—so different.

The man with the truck came at 11:30. He was an efficient-looking but somewhat arrogant individual. Dr. Hale, Leana Sormi and Carolyn all went to the laboratory with him. Immediately both the driver and Carolyn were astounded.

From the great laboratory, surrounded by armed guards—themselves enough to arouse curiosity against powerful radiations. It would take sudden heat or a shock like a dynamite cap to explode it, but—

"They had come then within earshot of the driver, who spoke then.

"What's in it?" he asked, jokingly. "Jewels, huh?"

"No," Dr. Hale said, calmly. "Nothing like that. But it demands the utmost care."

"Yeah? Think of that! I'll help you with the rest of 'em."

"This is all. Only the one."

"Yeah?" The truck driver was incredulous. He had a two-ton truck, enclosed. For just one tiny parcel, hardly six inches square, to sit in that big van looked silly to him. And why did some senesory professor want it sent out at night to an abandoned farm? And why must it rest, like eggs, on thick cotton-paddings?

Robert paid the man in advance, generously, but that didn't satisfy his curiosity. They had to ignore his veiled protests.

"Wasn't it risky to hire him, Dr. Hale?" Carolyn asked as the man finally drove away.

"No. Leana knew about him. From a bonded firm, she said. Moving the X-999 in this manner should excite less suspicion than moving it in an armored car with a guard. Now I must hasten out to the farmhouse to receive it. I will drop you by your home."

No more was said about it, but Carolyn's intuitive common sense had been stirred almost to the point of alarm.

At the same time, Cetinje and Podgorica in Yugoslavia have been occupied, and motorized troops are driving northward from there to join a south-bound column in attacking the Adriatic ports of Kotor and Dubrovnik, it was reported.

WASHINGTON, April 17.—(AP)—Secretary Wickard announced today rates of parity payments to be made to farmers who plant within 1941 AAA acreage allotments for cotton.

The rate was cotton 1.38 cents per pound.

DALLAS, April 17.—(AP)—McKinley Morris, negro, was found guilty and given the death penalty by a jury today for the murder, on March 26 of Willis C. Jones, 25, night attendant at a filling station.

The indictment charged he also robbed the station of \$25 after mortally wounding Jones with a jack-handle.

PECOS, April 17.—(AP)—A resolution calling for a reduction from \$20,000 to \$45,000 in the 1941 assessment of the Red Bluff Water Power Control District has been sent to the seven component Red Bluff districts for action.

The resolution has been approved by the board of directors of the Reconstruction Finance Corporation, which has operated the district under a trusteeship since January of 1940. The RFC agreed to the reduction after a delegation from Red Bluff water users contended in Washington they would be unable to pay the original assessment and, because of the high charges, would not be able to obtain necessary credits with which to finance their farming operations.

DALLAS, April 17.—(AP)—Dr. Charles William Simpson, 75, former president of the North Texas Medical Association, died today at his home here.

The funeral will be held tomorrow morning.

**Texas Tech To Hold Cattle Feeders Day**

LUBBOCK, April 17—Approximately 500 sheep and cattle feeders and breeders, county agents, vocational agriculture teachers, farmers, and members of the Texas Cottonseed Crushers association will attend the Cattle Feeders Day program at Texas Technological college April 25. Third annual event of its kind, the program climaxes the 1940 steer feeding experiment of the Tech animal husbandry department.

Cottonseed hulls or silage for fattening yearling steers with varying levels of cottonseed meal, will be discussed as suitable feeding rations by J. Russell Reed of San Angelo, graduate student in charge of the experiment, and W. L. Stangel, head professor of animal husbandry.

**Convict Movie Magnate Of Income Tax Evasions**

NEW YORK, April 17—(AP)—Multi-millionaire Joseph M. Schenck was convicted early today of income tax evasion in 1935 and 1936 and faces possible imprisonment for 10 years and fines of \$20,000.

A federal court jury deliberated 10 hours to find the movie magnate guilty on two of four counts, but acquitted him of tax evasion charges for 1937 and of conspiracy to defraud the government.

Schenck, board chairman of the Twentieth Century-Fox Film Corporation, was accused of evading \$412,000 in taxes during 1935-36-37, while his defense was he had overpaid by \$165,000.

**Scout Leaders Will Meet Here Tonight**

Scout leaders of the Midland, Odessa and Big Spring districts of the Buffalo Trail Council will meet tonight for training in the new emergency service program recently initiated by the National Council of the Boy Scouts.

The meeting will be held at the Boy Scout Hut and will begin at 5:30 p. m. There will be an intermission from 7 until 8 p. m. and the meeting will close before 10 p. m.

The program will emphasize first aid, fire fighting, emergency housing and feeding, as well as public sanitation under emergency conditions.

Two other courses will be held, one at Monahan and one at Sweetwater. The meeting here will be under the direction of Stanley Mate, field scout executive.

**Should Appease Axis, Says Italy**

ROME, April 17—(AP)—Virginia Gayda, authoritative Fascist journalist, today advised the United States to appease the Axis before England goes down to what he describes as "more than certain" defeat.

If America persists in her present course in aiding England, the editor wrote in Il Giornale D'Italia, her action "may be guilty evidence of a hostile policy which in the end will turn back upon the country."

Terminating American aid to Britain an "Emphatic Interventionist Machine," Gayda said there now was no hope that such assistance would prove effective.

"It is obvious," he said, "that the more the United States confines itself to that political and economic isolation which she fears as a most tremendous national disaster."

**Defense Workers Told Avoid Complacency**

WASHINGTON, April 17—(AP)—President Roosevelt sent word today to welfare workers assisting the defense program that "in times of emergency like the present, complacency is a luxury which we must cast aside."

Roosevelt's message was read by Paul V. McNutt, defense coordinator of health and welfare, to the united service organizations, a group of agencies which will operate recreation facilities for men in the army and navy.

The President termed their work "a great enterprise."  
"I cannot emphasize too strongly my conviction that this work which you have come here to initiate is of the utmost importance," he said. "If national defense is to be an all-out effort, the preservation—yes, and the strengthening—of spiritual and social values is imperative."

**Hold Combat Maneuvers For Barkeley Soldiers**

ABILENE, April 17—(AP)—Camp Barkeley was a "deserted village" today.

The 45th Division moved out of its cantonment early last night, established front line positions in the hills 15 miles west of camp, and before daybreak was opposing a combat team from the 38th Infantry.

The maneuvers will continue through Friday.  
The division's 10,000 infantrymen hiked to the "battleground" and other troops were transported in more than 2,000 motor vehicles.

This will be the first year for the sport to have a full-fledged instructor at the school which attracts 300 to 500 coaches each year.

**Measles Cheat Draft Of Nine Draftees**

DALLAS, April 17—(AP)—Measles beat the army to it. Nine young men were stripped and ready for an examination preliminary to enlistment in the army.

The doctors, looking over one would-be recruit, noticed small red spots on his skin. They decided he was just breaking out with the measles.

The recruits then were told to get dressed and go home for three weeks to let the red spots, or the threat of red spots, pass away.

HOW'S BUSINESS? DON'T ASK ME! SIX APARTMENTS VACANT, THERE GOES MY YEAR'S PROFIT.

HOW COME GAS REFRIGERATORS CAN DO ALL THAT FOR ME?

THEY'RE DIFFERENT FROM ALL OTHER AUTOMATIC REFRIGERATORS. SERVEL ELECTROLUX HAS NO MOVING PARTS IN ITS FREEZING SYSTEM TO WEAR OR MAKE A NOISE... BECAUSE A TINY FLAME DOES ALL THE WORK.

WHY DON'T YOU REPLACE YOUR NOISY OLD AUTOMATIC WITH GAS REFRIGERATORS? YOU'D SAVE ON YOUR PRESENT OPERATING COST AND REPAIRS... AND GIVE YOURSELF A STRONG SELLING POINT OVER COMPETING APARTMENTS.

YOU MEAN IT'S PERMANENTLY SILENT?

YES, AND IT'S THE MOST BEAUTIFUL, MOST CONVENIENT REFRIGERATOR I'VE EVER USED, TOO. WE HAD ONE IN THE LAST PLACE WHERE WE LIVED. WHY DON'T YOU INVESTIGATE?

A MONTH LATER

I TOOK YOUR TIP, MR. JOHNSON, AND HERE THEY ARE—EIGHTEEN OF THEM. I'M GOING TO ADD "GAS REFRIGERATION" TO MY "APARTMENTS FOR RENT" SIGN. I CHECKED WITH OTHER LANDLORDS WHO HAVE SERVELS, AND THEY AGREE IT HELPS RENTALS.

THAT'S RIGHT, NOT A SINGLE MOVING PART, AND LOOK AT THE CONVENIENCE. 3-POSITION SLIDING SHELF... AUTOMATIC CUBE RELEASE... GLASS COVERED VEGETABLE FRESHENERS... MANY OTHERS.

### Mrs. J. H. Barron Named President Of Bluebonnet Club

Election of officers was the high point in the meeting of the Bluebonnet Club with Mrs. S. T. Cole, at the home of her daughter, Mrs. Pearl Blair, 1009 W. Louisiana, Wednesday afternoon.

Mrs. J. H. Barron was chosen president; Mrs. Mary S. Ray, vice-president; and Mrs. Brooks Pemberton, secretary-treasurer and reporter.

Bluebonnets brought by Mrs. Pemberton from Baird featured the decorations for the party room.

Embroidery and other forms of fancy work engaged attention of the group during the afternoon.

At tea time, the hostess, assisted by Mrs. Blair, served a refreshment plate.

Present were three guests, Mrs. Fred Middleton, Mrs. Blair, and Jo Ann Blair, and the following members: Mmes. Cora Graham, W. E. Shipp, Ray, V. Z. Wren, D. W. Brunson, Pemberton, and the hostess.

### Club Hears Three Speak On Manners

Mrs. C. C. Cobb, Mrs. Sherwood O'Neal, and Mrs. G. C. Brunson discussed correct manners for a tea party at the meeting of Valley View Home Demonstration Club, Tuesday, at the home of Mrs. J. D. Bartlett.

Mrs. Edith Bizzell directed games. Group singing was a part of the program.

Mrs. Earl Fain presided. The club voted to invite the Prairie Lee Club as guests for a meeting in the assembly room at the courthouse in Midland, in May.

Mrs. Cobb was elected reporter for next year and assistant reporter for the remainder of this year.

Refreshments were served to: Visitors, Miss Alpha Lynn, county home demonstration agent, Mrs. Nettie C. Romer, and Mrs. Mary Jo Stump of Monahans, former county home demonstration agent here; members, Mmes. D. A. Rhoton Jr., C. H. O'Neal, Cobb, Brunson, Fain, Lois Lewis, Bizzell, Sherwood O'Neal, L. B. Stewart and the hostess.

### Automobile Registration Exceeds Last Month

AUSTIN, April 17—(AP)—More than 11,000 brand new cars on the road put Texas automobile registration in March 28.5 per cent above the preceding month.

The University of Texas Bureau of Business Research reported also that sales of passenger cars were up 25 per cent. Commercial sales in-

### Warfare . . .

(Continued From Page One) of Nazi tanks in hammering at Allied lines in Northern Greece.

Hitler's high command said German troops were pressing deeper into the Aegean kingdom, sweeping across the Alakmon river and capturing the town of Servia, 70 miles from the Yugoslav frontier.

Severe Losses. Dispatches from Athens said German losses were severe, with Allied field artillery and machine-guns meeting the attacks with a murderous fire.

Berlin said the German army was "at grips" with the British expeditionary force south of Mt. Olympus in a clash which might develop into a major battle.

The London radio reported that the German invasion columns had been "heavily reinforced"—presumably by troops released by the collapse of Yugoslavia—but that the "enemy advance has been slowed down."

"Greek troops and the British empire forces are now in contact with the enemy along the whole front in Northern Greece," the radio said.

Berlin said German motorized units knifing into the mountains of Grecian Thessaly had "pushed deep into enemy columns, forcing the Greek and British troops to fight."

The Germans were reported attacking the Allied center and the right flank, in the Mt. Olympus sector, and heavy fighting was in progress in many sectors with the Allies moving up reinforcements to the threatened areas.

The London war office said it had no confirmation of Nazi reports that the German had pierced the Allied line south of Mt. Olympus.

On the North African front, the Germans said Axis troops had smashed repeated attempts by British armored cars to break through Nazi-Fascist siege forces around Tobruk, Libya, and had inflicted "terrible" losses among the British.

The British reported notable success in a drive to choke off the "feed line" shutting troops and supplies to the Axis from Sicily to Tripoli. In London, the Admiralty said the British fleet had destroyed an entire Axis convoy of three Italian destroyers and five military cargo ships attempting to slip across the 90-mile stretch of water.

British troops in North Africa were reported to have struck back heavily at the Axis invaders in counter-attacks at Fort Capuzzo near the Egyptian-Libyan border and at Salum just inside Egypt they were supported in these actions by British warships lying off-shore.

Italian troops driving northward from Albania were said to have reached Yugoslav border defenses near Scutari, advancing "many kilometers" up the Adriatic coast, with Yugoslav troops retreating before them.

Premier Mussolini's high command said Italian troops had captured Cetinje, Yugoslavia, and was pushing northward to meet a south-bound Fascist motorized column in a drive to cut the Yugoslavs off from the Adriatic Sea.

In Albania, the high command said, Italian forces have recaptured the town of Kilsura, which fell to the Greeks Jan. 10.

Fascist press dispatches also reported the capture of Podgorica, Yugoslavia, eight miles from the Albanian frontier, east of Lake Scutari.

### Knockout Blows Dealt Proposed No Poll Tax Law

AUSTIN, April 17—(AP)—Top-heavy House majorities today laid knockout blows on bills proposing complete and partial abolition of poll tax payment in Texas.

The lower chamber refused in both instances to print minority committee reports on bills—unfavorably reported by the privileges and election committee yesterday—eliminating payment of the poll levy and limiting it to general election participation.

By a vote of 195 to 27 it refused to place on its calendar a measure by Rep. Cal Huffman of Eagle Pass abolishing the tax and substituting free registration of voters.

A 79 to 48 vote dealt a similar fate to a measure by Rep. Roger Evans of Denison permitting free participation in primary elections and retaining poll tax payments for general election voting.

Governor W. Lee O'Daniel favored the Evans bill.

Rep. G. C. Morris of Greenville chimed in with the observation this nation is one of the last with any semblance of democracy and \$1.75 (the poll tax price) "is pretty cheap for the privilege."

Rep. Emmet Morse of Houston reminded that "the results of democratic primaries in Texas are practically the results of the general elections."

### Complete Plan For Coastal Defenses

MONTREAL, April 17—(Canadian Press)—Completion of plans for the military and naval defense of the Eastern and Western coasts of Canada and the United States was announced today by the Canadian-United States joint permanent defense board.

"The board from now on will devote itself to keeping these plans up to date to meet changing conditions," said the announcement.

It followed a three-day meeting, including a session with Newfoundland government officials.

The announcement released by Mayor La Guardia of New York and Col. O. M. Biggar of Ottawa, co-chairmen, added:

"The board must naturally take a realistic view of conditions and therefore the plans have been prepared with minute detail in the event that it becomes necessary to defend either the eastern or western coasts of our countries. Nothing is left to be done but to put the plan into operation."

sault right now was designed to demonstrate the untapped energy of the Nazi military organization, as well as to slow the British industrial effort. The classic concept of victory in warfare is taking such steps as to break an enemy's will to resist.

No less remarkable than the persistence, scope and speed of the German effort in the Balkans is the unflagging stubbornness of the British in the face of almost consistent setbacks. A nation on the defense is a nation with a double burden—that of fighting, and that of maintaining morale.

The seeds of the first major battle of the Balkan campaign in which the British would participate appeared south of Mt. Olympus. It came easily by a decisive battle.

West of that point another Panzer column seeks entrance to the plains of Thessaly in a drive toward Kalabaka. And still farther west Italian troops are striking at a third segment of the Allied front.

After desperate rearguard action, the Allies may be electing to stand. Even an initial success against the smashing Axis columns would hold hope for eventual reinforcement of men and supplies and counter-attacks. If the Germans again break through, the chances of Allied success in the Hellenic campaign would be their darkest.

### Send Horse Race Bill Back To Committee

AUSTIN, April 17—(AP)—Possibly sealing its death sentence, the House by a 10-vote margin today recommended to the committee for further hearing a bill legalizing pari-mutuel wagering on horse racing.

By a vote of 72 to 2 the bill, favorably reported by the state affairs group last night, was sent back to that body for a continued hearing next Monday night.

Few proponents gave it much chance for survival due to lateness of the session but there was always the possibility it could be pulled out of regular order on the already crammed calendar for floor consideration.

Sponsors of the measure estimated it would raise between \$2,500,000 and \$3,000,000 revenue, most of which would be used to finance old age assistance.

### Quake Causes About 90 Deaths

MEXICO CITY, April 17—(AP)—The latest government reports and dispatches from correspondents in the stricken area indicated today the final casualty toll in Tuesday's earthquake would be about 90 dead, 300 injured and 50,000 homeless.

These figures were compiled amid conflicting government reports as to the extent of the catastrophe. It is estimated that the average number of bacteria on a dollar bill is 142,000.

### Two-Ocean Fleet Almost Finished

WASHINGTON, April 17—(AP)—Asserting that "practically every ship that is under construction is ahead of schedule," Secretary Knox told the Senate defense investigating committee today the navy would have a two-ocean fleet ready "at the earliest possible moment."

Testifying in an inquiry into the letting of contracts, Knox said the navy had moved ahead at maximum speed under a deadline that "is always just tomorrow."

"Under such pressure," he said, "we cannot sit around and theorize on how to reform, when we need something of absolute necessity for military results. We just have to have it, we are responsible for getting it and it would be a criminal act if we didn't get it."

Noting that the navy had contracted in the current fiscal year for the construction of 629 ships, Knox said many of the craft were being delivered months ahead of schedule. He said the total value of vessel contracts and orders placed since last July 1 was \$4,476,412,021.

At the same time, he said, the navy had let contracts for 6,038 planes in the current year.

### Strike . . .

(Continued from page 1) the gates of the Weirton Steel company's plants at Weirton, West Va., CIO leaders said they were "just another case of intimidation," but company officials said employees had reported "outsiders" were going to try to close the plants as part of a union organization drive.

In another case, CIO United Automobile Workers struck against the Cowles Tool Company at Cleveland over wages and terms of a new agreement.

Wages were among the principal issues in other pending strikes: At the Evinrude Motors Plant, Milwaukee, and at the Monsanto Chemical Company, Monsanto, Ill.

CIO strikes at the Buffalo, N. Y., plant of American Car and Foundry Company, and at the Birdsboro (Pa.) steel foundry and machine works, were called in attempts to force collective bargaining elections.

About 325 employees of the Hanson-Whitney Machine Company, Hartford, Conn., were out in reaction to discharge of an employee. Two thousand workers were idle after a strike at Appalachian Mills, Knoxville, Tenn.

William S. Knudsen, defense production chief, declared in a speech at New York last night that "a good percentage" of strikes last month were outlaw strikes for objectives not allowed in contracts.

### Mary Floyd Wins Medical Essay Contest

Mary Floyd, junior in Midland High School, was winner of the medical essay contest for tenth grade students, sponsored by the Six-County Medical Auxiliary.

She was presented with the cash prize of \$2.50 by Mrs. T. C. Bobo at the assembly period Wednesday.

Honorable mention went to Marylin Stowell.

Miss Norrene Kirby, English teacher, was in charge of the essays on "The Span of Life." From her selection of four from among entries of the junior class, the winner was chosen by a trio of judges including a teacher, a physician, and a nurse.

The winning essay from here will compete with winners from other counties in the state contest.

### Mild Support Comes To Stock Market

NEW YORK, April 17—(AP)—Buying of rails and scattered industries brought mild support to the stock market today after an early tumble in steels had unsettled the list.

Transfers for the full proceedings approximated 400,000 shares.

Among better acting stocks were Santa Fe, Pennsylvania, Great Northern, American Telephone, Sears Roebuck, American Smelting and Johns-Manville.

### DEAN LIPSCOMB TO TAKE FEDERAL POSITION

WACO, April 17—(AP)—Dean Abner Eddins Lipscomb of Baylor University law school, tendered his resignation today to become special attorney for the federal trade commission.

### Oil News . . .

(Continued from page 1) lime while the firm's No. 1 Daley is at 3,907 in line.

Olson Oil Company and Bryce McCandless No. 1 V. W. Crockett, Ellenburger, lower Ordovician, producer two miles south by southwest of Pecos' Apco pool, is said to have gone out of the Ellenburger into a detrital zone at 4,522 feet.

The detrital material was Cambrian gravel and granite conglomerate. Granite was topped at 4,525 1/2 feet and drilling was halted at 4,526 feet. The well now is shut in for storage. Field reports were that it lost circulation at 4,520 feet in deepening from old total depth of 4,518. After reaching total depth of 4,526 it was allowed to flow into pits for four hours then gauged 977 barrels of oil through 2 1/2-inch tubing in seven hours. The well was shut in for four hours and when again opened flowed 438 barrels in three hours.

New shallow wildcat 25 miles north of Fort Stockton in Pecos has been staked by H. L. Cain and Sam G. Dunn, both of Lubbock, at No. 1 M. J. Downs. The 1,800-foot cable tool test will be started immediately and is located 1,786.7 feet from the south 853.3 feet of oil from line of section 105, block 8, H.&G.N. survey, west of the Pecos Valley pool.

Flush Johnson Oil. Flush production was shown today by Sinclair-Prairie Oil Company No. 1 Ruth G. Palmer, three-quarter mile northeast outpost to the Johnson pool in Ector County. The well logged main pay from 4,199 to 4,205 feet, the total depth, and tanked 325 barrels of oil in two hours, flowing through casing. It has been shut in.

Southeast of the Douro area in Southern Ector, Forest Development Corporation No. 1-C Will P. Edwards logged streak of sand from 4,287 to 4,307 feet and is drilling ahead at 4,307 feet in Grayburg lime, carrying 305 feet of oil from upper shows. It is nearing the San Andres lime, in which main pay is anticipated.

Magnolia has staked No. 2 Maple Wilson 3,150 feet east of No. 1 Wilson, pumper extending the Hockley County portion of the Slaughter field one mile north. No. 2 Wilson is 440 feet out of the southwest corner of labor 10, league 41, Maverick County school land.

In Northern Martin County, Magnolia No. 1 N. B. Teague had drilled unchanged to 7,272 feet in lime.

### Germans Predict Slav Dissolution

BERLIN, April 17—(AP)—Dissolution of the Yugoslav state, in the opinion of authorized German spokesmen, has advanced to the stage when "within a very short time" political reorganization be undertaken by the Axis.

The Serbs will not have a voice in the decision, they said.

"We won't have a cuckoo's egg laid into our nest a second time," it was said. "We tried once to establish the new order in the Balkans with Serb cooperation. Now we'll do it without them."

In addition to Hungary, at least one other minor ally, namely Rumania, is likely to be let in on the spoils, it was said.

### Nazis Hammer At Greek Defenses

ATHENS, Greece, April 17—(AP)—Waves of German Stukas hammered with the power of long-range artillery at the Greek-British mountain line in Northern Greece today as the Nazis advanced in a critical battle toward Kalabaka, gateway to the lowlands of Thessaly.

The Germans also were pounding at the eastern entrance to Metsovo Pass, which leads westward through the mountains by a backdoor route to Ioannina, capital of Epirus, from which the Italians were turned in their first attacks last November.

The Germans already were some 10 miles deep in Northern Greece and were driving toward Kalabaka in the center, in an effort to reach the important railway center of Larisa to the southeast, and to flank the British out of their Mount Olympus positions on the Gulf of Salonika.

Allied artillery and machine-guns, thickly studing the steep slopes, threw murderous fire into German infantry and tanks, which surged forward beneath the waves of Stukas. German casualties were declared to be severe.

Greek newspapers reported that the bayonet-skilled Greeks were able to check the Germans in any hand-to-hand combat that developed in the war of machines.

FEMININE FANCIES

By Kathleen Eiland

The first remedy ever found to prolong human life in acute leukemia or "blood cancer," has been reported in Chicago. The medicine is shots of radio-active phosphorus.

In these dark days when a large part of the human race seems intent on retrogressing from comparative civilization to savagery, it is encouraging to see that humanity is still making an advance toward better things in some fields of endeavor.

Loveliest color that we've seen in sometime for accessories is that gorgeous, warm, rich hue called sun amber. In embroidered gloves, its beauty is something to gaze at in sheer delight.

For those who like the taste of onions but dislike the unpleasant scent and stains on hands that result from using them, we've discovered a minor boon to brighten the days.

Onion flakes now come in neat little cans, just like the spice cans on the cabinet shelf. All the busy housewife has to do to acquire (sans tears) that faint, delicious onion flavor in her menu is to open the can and shake it briskly over the mixing bowl.

Who said the world isn't growing better? All housewives know it is.

Omnibus Tax Bill To Secure Revenues For Social Security On Senate Slate; New Measure Would Raise \$23,661,000

By Ray Neumann.

AUSTIN, April 17—(AP)—A brand new \$23,661,000 omnibus tax bill, intended to supply additional moneys for social security and other state governmental purposes, glided on the Senate's working calendar today.

First tax bill in five years with prospects of legislative approval, the proposal, only \$1,830,000 short of a House of Representatives measure on which it was based, was recommended for passage without a dissenting vote last night by the Senate State Affairs Committee.

The 173-page plan, more than \$9,000,000 a year bigger than the infant bill originated by a House subcommittee, proposed to increase tax-levy new one on oil, gas production, commingled gas, gas processing, sulphur, telephone companies, public utilities, automobiles, liquor, corporation franchises, liquor prescriptions, cosmetics, radios, carbon black, soft drinks, stock transfers, oil and gas well serving, motor fuel and common carrier, contract and commodity motor vehicles.

Revenues will be allocated as follows: Old age pensions, \$7,200,000 additional annually; teachers retirement state matching, \$3,500,000; aid to the needy, adult blind, \$400,000; aid to dependent and neglected children, \$1,500,000; available school and deficit-ridden general revenue funds, the remainder.

Proposed taxes and their estimated yields were: Oil—currently 2 3/4 cents a barrel, raised to 4 cents, boost in income possibly \$8,000,000 additional a year. The House bill raised the rate to 4 1/2 cents.

Gas production—Taxed 5 per cent of value as compared to the current three. House proposed to change it to 1/4 cent per 1,000 cubic feet. Estimated yield: \$465,000 over present income.

Commingled gas—New tax of 1/10 cent per 1,000 cubic feet on processing. Expected to bring in \$100,000.

Gas processing—New levy, unchanged from House bill, on processing liquefied gas. Rate: 1/10 cent per gallon. Yield: possibly \$350,000.

Increases Sulphur.—Sulphur—Increased from current \$1.02 a ton to \$1.25 whereas House placed it at \$1.35. Expected new income: \$510,000.

Telephone companies—Taxes boosted to 1 1/2 per cent of gross receipts to 2 1/4 per cent, depending on size of city. Unchanged from House bill. Probable revenue: \$75,000.

Public utilities—Same type of tax, 4/10 of 1 per cent in cities of 1,000 to 2,500 population, 3/10 of 1 per cent to 1 1/2 and 2 1/2 in larger cities. Different from House plan.

Common carrier motor vehicles—Would be placed under intangible tax law now applying to railroads. Probable yield: \$200,000.

Contract and commodity motor vehicles—2 per cent on gross receipts. Motor vehicle taxes were not in House bill. Estimated to bring in \$200,000.

Stock transfers—New levy of 3 cents a share instead of House proposed 5 cents. Yield: Possibly \$750,000.

Oil and gas well serving—Two per cent of gross amount received for service, including oil well cementing. Not proposed in House bill. Yield: Estimated \$750,000.

Motor fuel—As in House bill, amends current statutes to bring in Butane and other liquefied gases and plug holes in law. Probably new income: \$1,000,000.

Bulldogs Compare With 3-AA Teams

Halfway through spring training football chores, the Midland Bulldogs are not asking anybody's sympathy. They merely point to spring training camps of the other 3-AA clubs for comparison.

Midland has the lightest squad in years with only four of any kind of lettermen. Daily practice attendance has hovered around the 15 to 20 mark.

While at Sweetwater, seven lettermen are leading some 50-odd candidates in training. Odessa is in spring training and had also a half-hundred out to open drills. Several lettermen are included.

Ablene has four or five lettermen and a new coach. Material there is not outstanding but much larger than Midland's crop. Colorado City, ambitious in its first year in 3-AA, has 75 gridsters and a torrid spring practice is on.

Lamesa and Big Spring both are not singing the blues about next year's prospects.

The Bulldogs here will close the spring practice with a tilt with departing senior gridsters. The game should be played around May 1.

DRAFTIES OF '41 TALLER DENVER—(UP)—The average class 1-A Colorado draftee is taller and heavier than was the recruit in the World War days, the state draft headquarters has revealed. Today's trainee is 5 feet 8 1/2 inches tall, weighs 145 pounds, and is approaching 25.

### McKENNEY ON BRIDGE

By Wm. E. McKenney  
 America's Card Authority.  
 Most of the county's famous  
 women players were entered in  
 the Eastern mixed pair championship,  
 so Mrs. Phyllis Gardner had good  
 cause to be excited when the scor-  
 ers declared her the winner of the  
 George Reith Memorial Trophy.  
 It was her first major champion-  
 ship, and she played skillful bridge  
 throughout the tournament to earn  
 her victory.

East won the opening lead with  
 the king of clubs and shifted to a  
 diamond. Mrs. Gardner, who sat  
 South, won with the ace and led  
 the jack of clubs to establish the  
 queen for a quick shift. East won  
 and returned another diamond. Mrs.  
 Gardner winning with the king.  
 Dummy's queen of clubs was  
 cashed, but Mrs. Gardner did not  
 make the mistake of discarding her  
 diamond, as this would still leave  
 her with a loser in spades and an-  
 other in trumps. She saw a chance  
 to make her contract by discarding  
 a spade.

Then she cashed the ace and  
 king of spades and ruffed the third  
 spade, establishing a thirteener in  
 dummy. She cashed her ace of  
 hearts, went over to the king and  
 played the good spade, on which  
 she discarded her losing diamond.  
 The defenders thus won only two  
 clubs and a trump.

A diamond opening, of course,  
 could have defeated the contract.

### Four-H Club Members Total 34,000 In 1940

COLLEGE STATION — (AP) —  
 Four-H Club enrollment in Texas in  
 1940 was 34,038, the peak in the his-  
 tory of movement in this state.  
 Of these, 19,703 completed their  
 demonstrations. L. L. Johnson and  
 J. W. Potts, state boys' club agents,  
 reported the number of 4-H Clubs  
 in the state as 2,068 with 2,511  
 adult leaders and 421 older boys  
 helping with the guidance of the  
 clubs.

County agricultural agents train-  
 ed 312 judging teams and 259 dem-  
 onstration teams. Moreover, 307 4-H  
 achievement days were held with  
 27,576 attending; 277 4-H camps  
 were held with 16,996 boys attend-  
 ing; 85 counties had 4-H county  
 councils; 46 counties used a county  
 4-H handbook; 1,055 boys attend-

### Berlin, Michigan, Fair Will Not Change Name

GRAND RAPIDS—(UP)—Before  
 American entered the World War  
 there was a small town named Ber-  
 lin, Mich. This name was changed to  
 Marne, in honor of French victory,  
 when the United States joined the  
 Allies.

One institution connected with  
 the town retained the old name,  
 however. That was the Berlin fair;  
 old-timers didn't mind a new post-  
 office address but they wouldn't  
 change the name of their fair.

Pro-Ally sentiment has again re-  
 sulted in agitation to change the  
 name of the fair, but officials of  
 the sponsoring association say  
 that, war or no war, it will still be  
 the Berlin fair.

### AUSTRALIANS TO STUDY U. S.

SYDNEY, Australia — (UP)—Sir  
 Henry Manning, attorney general  
 for New South Wales, has ordered  
 the teaching of American history  
 in the public schools. The purpose,

he declared, will be to teach to  
 young Australians the far-reach-  
 ing and beneficial effects of closer  
 unity between the Australian and  
 American nations.

# Large Southpaw Looks In Shape Beating Chicago

By Judson Bailey  
Associated Press Sports Writer

For reasons that never have been very clear, a lot of people in baseball do not think Albert Joseph (Happy) Milnar is a first rate pitcher although he won 18 games for the Cleveland Indians last year. Now it looks like the big 27-year-old southpaw may be able to convince the skeptics that his steady, effective effort last year was his real gait, and that his two seasons with New Orleans, where he won a total of 46 games and lost 18, were no fluke.

Milnar shut out the Chicago White Sox 6-0 on two singles yesterday. He was as superb as the Cleveland fans had expected Bob Feller to be the day before. The hits he gave came in succession in the fifth inning after two were out and only one other Chicago batter got on base in the whole game.

**Cooper Beats Champions**  
The world champion Cincinnati Reds were cut down again by the St. Louis Cardinals 4-2 with Mort Cooper besting Johnny Vandermeer. Cooper gave only five hits and fanned seven. Vandermeer gave seven and struck out eight, but also walked six. He weakened in the ninth to give up two runs and the ball game.

Byrnes was bumped a second time by the New York Giants 3-1 in another pitching duel. Harry Gumbert held the Dodgers to five hits. Manuel Salvo held the Phillies to three hits as the Boston Bees banged out a 4-1 triumph.

New York Yankees dropped a slugging session to the Philadelphia Athletics 10-7. Detroit's American League champion Tigers made a delayed start at St. Louis, and were beaten 8-1 by the Browns, just as they had been on opening day last year.

The Boston Red Sox took their second straight from the Washington Senators 8-7, but had to go 12 innings to do it.

## AAU Swimming Meet To Be Held In May

DALLAS, April 17—(AP)—The second annual Southwest AAU Senior Indoor Swimming and Diving Championships for men will be held at the Dallas Athletic Club May 3, Graham Pierce, president of the association, announced.

Conference, sectional, district, YMCA champions and almost every type of aquatic title-holder in the southwest will compete. Entries are expected from Texas A&M, the University of Texas, Oklahoma A&M, Baylor, TCU, leading Southwestern YMCA's and other organizations sponsoring competitive swimming.

## Flying Start

**Harold Newhouser**  
Harold Newhouser won't be 20 years old until May 20, yet Coach Steve O'Neill of Detroit Tigers says left-hander may win 20 games any one year, even this one.

## Tracksters Aim At State Meet

There is a hint of an "On To Austin" song among the most serious of track and field men of the Midland Bulldogs. Should Coach L. M. Freels tracksters come through at Marfa Saturday in the regional meet, then will the "On To Austin" call burst into a louder song.

Today marks the final fall drill for the thirly clubs. Tomorrow Freels will merely limber up the five sprinters and other entries.

District winners compete at the regional meet and winners at it are eligible for the state meet the following week-end in Austin.

Midland will concentrate on the sprint relay at Marfa. Two hotshot quartets from El Paso are expected as strongest competition. Midland has a mark of 45.2 seconds for the 440 yards—one of the states' lowest marks.

## Sports Roundup

NEW YORK, April 17—(AP)—As thousands cheer Dept. Capt. Eddie Rickenbacker mendings so nicely he may attend the Indianapolis 500-mile race, but on crutches . . . Aldo Spilardi, an Italian, will be fighting for the prize when he hooks up with Chucky Wright in a relief fund bout, May 1 . . . Some N. Y. golf clubs are considering using girl caddies to relieve the shortage of boys called in the draft . . . Don't bet Jim Milne, Michigan State high jumper, can't clear five feet, eight in his overcoat—the guy's done it . . . who is that John McDonald, Dodge secretary, is squiring around?

**Wacky Baseball Day**  
Mrs. John J. McGraw went to see the Yankees instead of the Giants. . . . The two bands at the Dodger opening got into such a hot argument over which should play the National Anthem, they finally had to play it on a record by the public address system . . . Yankees, Reds and Dodgers, three of the favorites lost, but the Athletics and Phillies won . . . Lady fan called Ebbebs Field and told 'em if Dixie Walker wasn't going to be in there, she'd be darned if she went . . . Only one writer mentioned that the passes issued by Hal Schumacher were costlier than those put out by the Dodgers . . . And one of the aircasters became so excited at all the gings-on that he had the White Sox pinning Feller's ears back, then hopping over to the National League and scuttling the Pirates . . . Quite an opening day, boys.

**Coincidence Dept.**  
Alan Clarke's two-year-old Walter Haight, was named for the racing writer of the Washington Post. . . . Clarke named the colt, foaled April 11, 1939, without knowing it was born on the real Walter Haight's birthday. . . . And still without knowing it was Haight's birthday, ran the colt for the first time April 11 this year.

**Busy Man's Newspaper**  
Lolling on the beach at San Juan, Lou Nova is giving the natives that old miasmos about going down there to train for Joe Louis. When and if, we take it . . . New York's sandlot baseballers have presented Lou Gehrig with a scroll containing more than 500 signatures . . . They say John Kimbrough wouldn't mind seeing a little of that \$37,500 he's supposed to collect from the football Yankees . . . Jimmy McLarin went through a long and brilliant ring career without getting a scramble, but he years gloves while golfing so he won't get his hands callused . . . The B'way columns say Grover Cleveland Alexander has been signed to coach a semi-pro team Tommy Dorsey, the band leader, is organizing.

**Progress**  
The hotel at Tarboro, N. C., where the big league teams stopped on the way north is advertised as "the worst hotel in North Carolina. . . . That means they've improved it. . . . When we were kicking about North Carolina not so many years back, it was advertised as "the worst hotel in the world."

## Houston Pitcher Blanks Exporters

By The Associated Press  
The legend that a southpaw has no control was given the lie by Young Howard Pollett, Houston moundsman, and he presented the home folk with a 2-0 victory over Beaumont in the first Texas League baseball game of the season in Houston last night.

Pollett worked a fast ball, a murderous curve and a puzzling "sink-er" on the hapless Exporters. Joff Cross, who played the shortstop position like a veteran, contributed greatly to Houston's win.

The Dallas Rebels, off to a wobbly season's start, were given a 9-0 shellacking by the Fort Worth Cats in another night game at Waco. The Rebels offered up four pitchers, Cat hurler, allowed Dallas five hits, while his teammates collected 14.

Oklahoma City gained a 7-5 victory over Tulsa Oilers, largely due to two homers by relief Pitcher Al Fisher.

Wet grounds forced postponement of the Shreveport at San Antonio game.

## Women Golfers Ainsworth And Riley Suffer "Butterfly Tummies" Before Important Match In Texas Tourney

By William T. Rives  
GALVESTON, April 17—(AP)—Two players with "butterfly tummy"—that sinking feeling which strikes on the first tee—were paired today in the quarter-finals of the Texas Women's Golf Association Tournament.

The reason for their nervousness was apparent. Mrs. W. H. Ainsworth of Houston and Polly Ann Riley of Fort Worth never before had traveled as far as the third round in the state tournament and their eagerness to prove they belonged with links' elite made them victims of pressure—the most common ailment of golfing sorority.

Their match appeared to be the closest one of the day. The favorites, Mrs. Frank Goldthwaite, defending champion from Fort Worth, and Miss Kay Pearson, Houston entrant who formerly was a nationally-ranking tennis player, collided with opponents who were not expected to extend them alarmingly. Goldthwaite plays day.

Miss Pearson engaged Mrs. Maye Smith, a fellow-townswoman who formerly shot in the middle 70's. Mrs. Smith, however, has not worked on her game the past year and admitted she felt the fact and the butterflies in her stomach probably spelled her exit from the tourney.

Mrs. Goldthwaite engaged Mrs. Giles Day of Fort Worth and was expected to win easily. In other quarter-finals competitors were Miss Hilda Urbantke of Austin and Mrs. Otto Armstrong of El Paso.

## The Maddest Guy In The World? Mr. Conn Who Waits For Louis

PITTSBURGH, April 17—(AP)—The maddest guy in the fistie world today is Billy Conn—mad because he figures the lush heavyweight title is right within his grasp and yet no word from Promoter Mike Jacobs that his fight with Joe Louis is "on."

Jacobs had said the scrap would be held in June but now, for reasons best known to himself, he wants it postponed to July.

Which rubbed the fur the wrong way on both Conn and his manager, Johnny Ray. Conn would be at his peak then and might suffer from the month's lay-over if the fight is postponed.

"Wouldn't you be sore?" quoth Conn, pointing out he retired undefeated as lightweight champion and hasn't been beaten in the heavyweight division.

"This fight is all I've lived for, all I've ever wanted. And what happens? I, the one who can lick him, sit here doing nothing. Nothing! But worry that one of those bums he has been fight-

## Kovacs Beats Allison 6-1, 6-1; Progresses In River Oaks Tourney

HOUSTON, April 17—(AP)—To the gratification of an admiring gallery, Frank Kovacs, who has as much fun playing tennis as a monkey with a looking-glass, earned the right to appear today in the River Oaks Tennis Tournament quarter finals.

There are a lot of good racket-wielders in the tournament, but so far as galleryites are concerned it is simply a vehicle for Kovacs' eccentric talents. The California zany can play a high grade of tennis if he wants to, but his greatest specialty is amiable slapstick.

**Riggs Defeats Hewitt**  
Kovacs good naturedly polished off Wilmer Allison of Austin, a once-great player, 6-1, 6-1 yesterday, erupting bon mots as he went along.

The other matches provided little excitement. Bobby Riggs of Chicago, the former national champion, trimmed Glenn Hewitt of East Texas Teachers College, 6-3, 6-0. Tiny Betsy Grant of Atlanta and J. Gilbert Hall, bushy-browed New Jerseyite, staged a somewhat apathetic revival of an ancient rivalry, the Atlantan winning 6-3, 6-2.
