Workers Strike Places Missouri City In Darkness

Kansas City Policemen Seize Six Suspects As Officials End Blackout

By The Associated Press

KANSAS CITY—Swift official action Wednesday checked an unheralded power strike which blacked out this city of 400,000 for four hours, plunging hospital operating rooms into darkness and stalling laden streetcars and trolley buses.

Police seized six men involved in what Mayor John B. Gage called an outlaw strike against the Kansas City Power and Light Company. A battalion of the recently organized Missouri Home Guard was mobilized by Gov. Forrest C. Donnell and another was ordered to stand alert. Neither was called into action immediately.

Albert F. Wright, representative of the International Brotherhood of Electrical Workers, AFL, was arrested at a power plant by order of Police Chief Harold Anderson. He was released on bond after being held incommunicado several hours.

Anderson said charges of sabotage or malicious mischief would be sought against the other five men arrested—all striking employees. "If any deaths have been caused by this the charges should be murder," Anderson said.

Eject 25 Strikers.

A police detail headed by Mayor Gage and Chief Anderson ejected some 25 strikers from the northeast power station. Current poured back through the lines as non-strikers went back to work under police protection.

A. E. Bettis, vice-president of the power company, said enough men were on duty to operate the plants "if no interference" was offered. The strike grew out of a jurisdictional dispute between the AFL union and the Independent Union of Utility Employees and the company.

Master switches of the company were thrown at the stroke of midnight to launch the strike with breath-taking suddenness. Threatened with complete shutdown was the city's entire industrial activity, much of it given over to defense work.

But after four-hours of darkness, non-striking workers started two turbines at the company's main plant. These furnished power to hospitals, the water works and most residential districts. Soon other units of the large plant were operating. Street lights flickered on and off, then on again to stay. Street cars and trolley busses moved again.

Second Army Force May Withdraw And Organize For Blow

WITH SECOND ARMY. (AP)—With Third Army (Blue) cavalry and infantry advancing from Texas for the first major engagement of the war games, armored forces of the Second Army faced the necessity Wednesday of withdrawing until its infantry spread 75 miles eastward to the Red River, is organized for a coordinated attack.

Lieut.-General Walter Krueger sent Third Army troops against Lieut. General Ben Lear's Second Army forces in an attempt to form a huge pocket and last night they almost captured a large force of Second Army cavalry. The latter withdrew to protection of armored forces.

Mechanized columns of the Second Army reached out to halt the attack at dawn and retain vantage points gained by one force which drove into Texas.

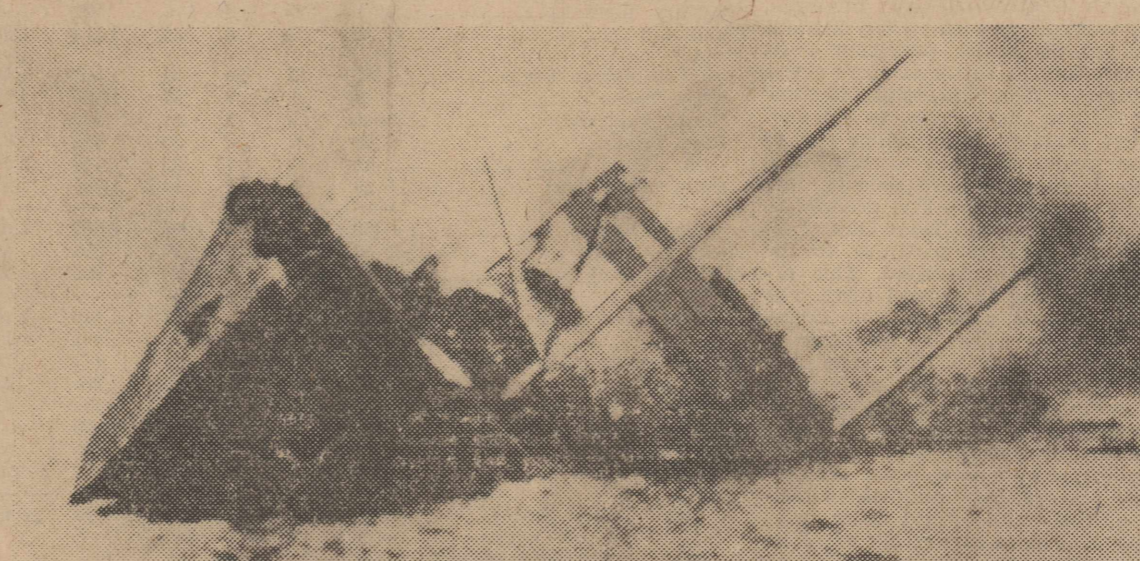

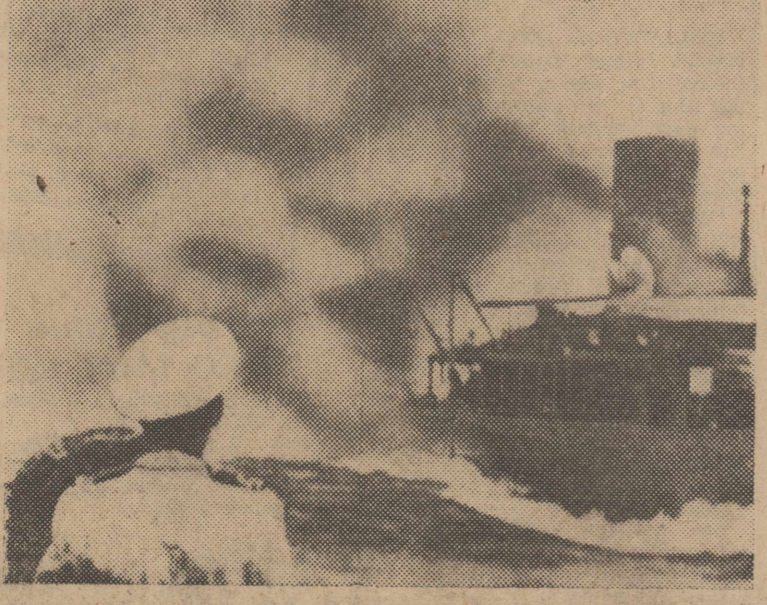

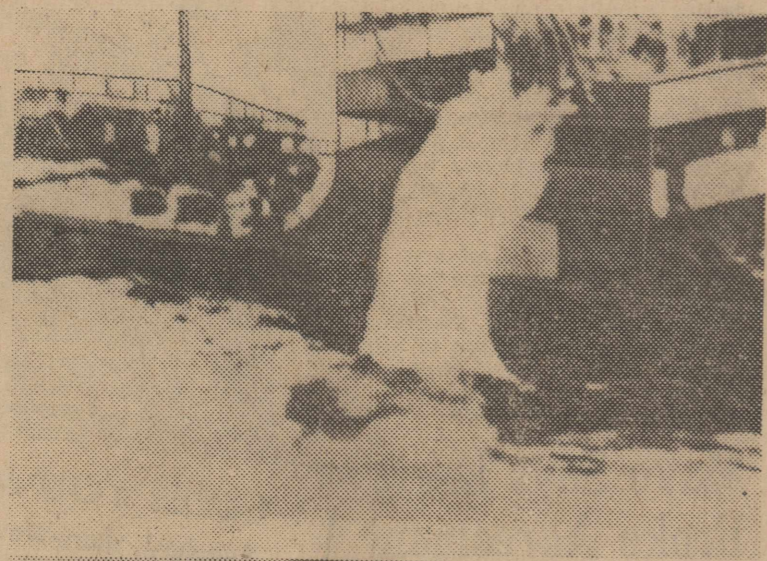

The infantry regiments finished moving into position between the Red and Sabine Rivers Tuesday night and prepared to march south Wednesday.

Flying Students Take CAA Exams

Approximately 20 Midland citizens took final examinations in a C. A. A. ground course at Odessa Tuesday night.

The course was taught by J. W. Hunt of Odessa. It lasted 15 weeks. Students will not be notified of examination results for several days.

Graphic Evidence Supports Fantastic Russian Claims

Just received in New York by a devious ocean route because of war conditions, these photos depict Russian exploits in Baltic Sea July 15 when they claimed to have sunk 30 German supply ships, troop carriers and destroyers with bombs, torpedoes and mortars. Photo at the left shows torpedo exploding squarely in center of German freighter while below, Russian officer watches fire sweep ship. The other picture shows the freighter, mortally wounded, taking her death plunge in Baltic Sea. (NEA Telephotos.)

Senate Votes Large Tax Bill To White House For FDR Signature

WASHINGTON (AP)—Final Senate approval sent to President Roosevelt Wednesday the \$3,553,400,000 tax bill—biggest revenue measure in history and one designed to help defray the mounting costs of national defense.

The legislation, which would impose heavier burdens on virtually every citizen and corporation in the country, was expected to receive Mr. Roosevelt's signature promptly. Final approval came on a voice vote. The bill's heavier taxes on individuals and corporations would be effective on income for the current calendar year, while most of the excise, or "nuisance" taxes would go into effect October 1.

If the yield from the measure lives up to careful advance estimates, total federal tax collections are expected to hit \$13,000,000,000 or more in the next fiscal year. A compromise between slightly different versions originally passed by the House and Senate, the revised measure was okayed by the House Thursday without a record vote after less than an hour's discussion. Senate Majority Leader Barkley (D-Ky.) said it undoubtedly would be given equally prompt approval by the Senate.

Imposing the heaviest tax load in the nation's history to help finance the defense program, the bill will virtually triple the taxes of persons in the middle income brackets and will require about 22,000,000 persons to file income tax returns, although not all of them will pay taxes.

Oil men here were divided on what steps probably now would be taken on the proposed pipe line from Texas to New York to funnel 250,000 barrels of petroleum daily to the East coast. The Supply Priorities and Allocations Board denies the use of steel plate for the \$80,000,000 project, but indicated it would take a more favorable view if seamless steel tubing is used.

In the field the Oil and Gas Journal reported 687 completions for the week, compared with the same number the previous week, and 582 a year ago.

Mrs. N. A. Lancaster Addresses Lions Club On Proposed Building

The proposed Civic Theatre building project was discussed by Mrs. N. A. Lancaster, Midland civic leader, at the Lions Club luncheon at Hotel Scharbauer Wednesday. Mrs. Lancaster termed the proposed building an entertainment center and discussed various purposes for which it could be used. All clubs of the city could hold meetings there, she said.

A plan of the proposed structure was exhibited and the financing of the project was discussed. At least \$15,000 would be needed for the project, she said. The Lions Club Quartet, composed of Dan Hudson, George Philippus, Dr. W. L. Sutton, and Dr. L. W. Leggett, sang two numbers. Delbert Downing was in charge of the program.

The Jaycee "Pigskin Preview" to be held Thursday night at Lackey Field was announced and club members invited to attend.

Three Midland County ranches have been worked by John White, of Texas A&M rodent control department, in a prairie dog poisoning campaign. They are Blundy Hall, Leonard Proctor and Tyson Midkiff ranches.

White finished at Hall's ranch Wednesday and will go to the Bob Hill ranch Thursday or Friday.

West-Side Sand Hills Well Estimated Good For 3,500 Barrels Day

Natural production of American Liberty Oil Company No. 13 J. B. Tubb, test on the west side of the main Sand Hills Ellenburger, lower Ordovician, field of Western Crane County, has been estimated by operators at 3,500 barrels per day. According to field reports, the well would not flow naturally, and it is assumed the operators' estimate is based on swabbing tests.

Owners have filed application to acidize the No. 13 Tubb with 5,000 gallons. It topped the pay at 5,749 feet and is bottomed at 5,763 feet in Ellenburger dolomite. The Ellenburger was entered at 5,749. Magnolia Petroleum Company No. 6 P. J. Lea, in the Tubb deep Permian area of the Sand Hills field, has been completed for daily potential of 876.42 barrels of 36.2-gravity crude and gas-oil ratio of 440-1. It was neither shot nor acidized. Pay was topped at 4,450 feet and total depth is 4,570 feet.

Last reports from Continental Oil Company No. 1 Evan B. Jones et al, closely watched wildcat over a mile south of the Sand Hills south extension, were that it had not reached the Ellenburger in coring to 5,561 feet. The well went out of the Permian into a detrital zone at 5,490 feet. Core from 5,543-61 returned 15 feet of detrital material. Operators planned to drill with rockbit ahead until the Ellenburger was picked up.

Cedar Lake Test In the northeast extension area of the Cedar Lake pool in North-eastern Gaines County, Mid-Continent Petroleum Corporation will drill No. 1 Eugenia. Collett 1,865 feet from the north and 354 from the west line of section 4, block C-30, public school land.

Four and one-half miles northeast of Cedar Lake production, Stanolind Oil & Gas Company No. 2 Lillian Scanlan, in Northwestern Dawson County, is mixing more mud in an attempt to restore circulation. Total depth is 5,878 feet in lime. The test is projected to 7,000 feet unless production in the Clear Fork, lower Permian, is found at lesser depth.

Atlantic Refining Company No. 21 H. T. Boyd, Southeastern Cochran County Clear Fork try, is shut down for orders at 7,000 feet. It may be deepened to 7,500 feet. Clear Fork was entered at 5,660 feet but apparently was barren since no shows were reported.

Mel Richards No. 1 W. R. Drum, eastern Borden County wildcat 11 miles from the Clear Fork, was reported to be producing at 7,000 feet. (See OIL NEWS, Page Three)

Gov. Stevenson Studies Special January Session

AUSTIN (AP)—Governor Coke R. Stevenson said Wednesday members of the legislature and others had discussed with him the advisability of a special session in January. Emergency matters growing out of the National Defense program would be the principal reason for the session, the governor indicated.

AUSTIN (AP)—The Texas Legislature, convened in special session and scarcely more than a week old, found itself Wednesday in an excellent position to make history. By solving the complex road bond issue and adjourning in 11 days as the House has suggested, the 47th legislature could become one of the few in recent years to accomplish its objective in less than the 30 days permitted for special sessions by law.

Pending in the Senate was a bill, amended but slightly by a committee of the upper legislative chamber, which the House approved by an overwhelming vote. Rules were suspended Tuesday to allow almost unanimous committee approval.

As in the House, the bill was sponsored in the Senate by lawmakers once strongly opposed to principles it contained. The situation bespoke the existing spirit of compromise. The measure would continue state servicing of county bonds which build roads later taken into the state highway system and split half and half between counties and the highway department, a surplus

of \$1,000,000. The measure would also provide for the construction of a surplus fund to be used for the construction of roads later taken into the state highway system and split half and half between counties and the highway department, a surplus

Officers Of British And Soviet Enter Iran Capital

TEHERAN, Iran. (AP)—Russian and British staff officers entered Teheran Wednesday as their mechanized forces surrounded the capital.

The Russian forces had come down from the northwest, the British up from the southwest, leaving their previous zones of occupation to take over the capital in the wake of Tuesday's abdication of the ruler, Reza Shah Pahlavi, and his succession by his 21-year-old son.

Iranian troops stood guard in the streets of Teheran as a precaution against disorders as forces approached the capital from opposite directions.

It was expected the Russians, whose motorized advance guards were less than 30 miles north of the city Tuesday, would be the first to enter.

Though officials expected no trouble, there were signs of anxiety among the native population and many persons fled to the country in automobiles and carriages loaded with baggage.

Destroyer Blasts Leave Thirty-One Crewmen Killed

Raging Oil Fires Near Stockholm Hinder Work To Rescue Others Hurt

By The Associated Press

A series of mysterious explosions shattered and sank three Swedish destroyers riding at anchor off the east coast of neutral Sweden Wednesday, with first reports declaring at least 31 officers and crewmen were killed.

Raging oil fires around the scene of the triple disaster, in Haarsjaerden Fjord, south of Stockholm, seriously hampered rescue efforts.

A dispatch received in New York from the American-Swedish news exchange in Stockholm said that a boiler explosion aboard the destroyer Goteborg, one of the three sunken warships, caused the accident.

Early reports established that one officer, six non-commissioned officers and 24 marines were killed. Eleven others were injured.

Swedish authorities said the explosions apparently started on one ship and sank all three one after the other.

Press Flays Sweden. Stockholm dispatches also reported the sinking of the new 9,050-ton Swedish motorship Yarrowonga. The locale of the sinking was not given.

Coincidentally, the press of German-Allied Finland bitterly assailed Swedish newspapers, declaring that through blind antagonism toward Germany they had lost sight of their own interest and were playing into the hands of Russia, Finland's foe.

The Soviet Army newspaper Red Star said the fighting raged around Yartsevo, on the main highway between Smolensk and Moscow.

Other dispatches said the Russians, still pressing the attack, now were in a position to invade Smolensk.

Soviet reports also declared that Red Army troops defending Leningrad had recaptured a strategically important crossroads village lying at one of the approaches to the northern industrial city, thus wrecking German plans for a new thrust against Leningrad itself.

Lying 230 miles west of Moscow Smolensk was captured by the Germans more than six weeks ago.

In the main war theater, while the Russians claimed a staggering defeat for the Germans on the central front, Adolf Hitler's high command asserted that the German offensive was "developing into an operation of the greatest extent."

Beyond this general statement, the high command gave no details, but Nazi military dispatches said German panzer columns slashing eastward across the Steppes from the Dnieper River were threatening Russia's great Donets River industrial basin.

In the north, Nazi armies were said to have unleashed a new drive to choke off rail supplies from Moscow feeding the Red Armies defending Leningrad.

Justice Court Fines Midland Prowler \$100

A Midland man, arrested by officers as a prowler was assessed a \$100 fine and costs in justice court Tuesday on charges of drunkenness and trespassing.

A resident, assisting in the capture of the man early Tuesday, said the man attempted to burglarize his house.

Axis May Regret Cairo Bombing

It is given to wonder whether the Axis may not have uncorked a volcano by bombing Cairo—one of holy cities of Islam—and causing heavy civilian casualties.

Just as the writer completed this introductory sentence, there arrived from Cairo a cable stating the Egyptian government has protested to Rome and Berlin. That might easily be the forerunner of far-reaching developments.

On the face of it there seems to be so little for the Axis to gain, and so much it could lose, that the operation is difficult to explain satisfactorily. It looks almost like one of those errors of judgment which happen in war as well as in peace.

The Italo-Ger-

man brotherhood may be trying to frighten Egypt into demanding that the British withdraw altogether from the country, thus depriving Britain of a military base which is one of the foundation stones of imperial security. That would seem to be a forlorn hope, however, since Mussolini last spring that the eternal city would be attacked if either Cairo or Athens were bombed.

At that time London said the greatest care would be taken to spare the Vatican City, but charged that the Italians were prepared to drop captured British bombs there. The next day high Fascists in Rome characterized this charge as an incredible manifestation of infamous, slanderous and disloyal propaganda.

One does indeed find it difficult to believe that anyone would resort to such an act, the purpose of which of course would be to turn the great Catholic world against the Allies.

As opposed to those possible gains, the Axis runs a chance of turning the entire great Moslem world against it, and that at a time when Germany and Italy badly need the

# OIL FIELD DEVELOPMENTS

(From The Oil and Gas Journal)  
Completions reported during the past week totaled 687, the same as the week before. Oil wells up 1, gas wells up 22 and dry holes were 23 fewer. Contrary to many predictions at the beginning of the year, completions to date are well ahead of those reported during the corresponding period of last year and there is no sign as yet that this year will see a repetition of last year's rapid decline in activity.

It is interesting to note that 7,344 completions have been reported since the end of the first half year or approximately one-third of the total to date. During the past 75 days, completions have been at the rate of 98 a day compared with 80 during the first 6 months of the year.

With the exception of Illinois, North Central Texas, Michigan, New Mexico and the coastal districts, all of the major producing areas are either as active or more active than last year. The declines in these areas are due mainly to the fact that drilling campaigns in one or two major fields have ceased and no large new developments are taking their place. The decline in the Louisiana and Texas Gulf Coast is also in large part due to the greater depths involved. This affects drilling in several ways. The cost is great, particularly in Louisiana where access to locations is often difficult. This high cost of drilling would slow up activity even in competitive fields, but there is a tendency for operators to delay drilling until they are amply protected by a large block of acreage, thus reducing competitive drilling. The trend toward wider spacing also reduces drilling rates as operators push their way out from discoveries much more slowly in 1,320-ft. jumps than on 80-acre spacing.

Despite the great amount of drilling, the week's news is not marked by any startling discovery. Present indications are that new reserves discovered this year will more than balance withdrawals but the new additions to reserves consist of a large number of relatively small fields rather than a few hundred-million-barrel fields in one or two states. This makes for better balance throughout the country and is responsible in part at least for the present excellent statistical position of the industry.

During the first 6 months of the year, the greatest percentage deficiency of new oil found was in Wyoming, Louisiana, and Oklahoma. The Apache discovery in Oklahoma and four new coastal fields within a month in Louisiana will go far in rectifying this situation.

**ILLINOIS:** The discovery well of the new Devonian pool in Clinton County flowed 250 bbl. of oil and water around the casing shoe. It is being completed.

**ALABAMA:** First production for the state may come from a Clarke County test now nearing the 11,500-ft. mark. It reported shows in three zones.

**WEST TEXAS:** The Ellenburger discovery outpost to the Todd field has been plugged back to the regular pay and extends production in that sand. Western Crockett County's discovery well southeast of Noelke has been gauged.

**TEXAS GULF COAST:** Gas-distillate production is indicated from the Margulmina and Frio sands in the Needville area, Fort Bend County. Martha is extended on the south side.

**OKLAHOMA:** Prospects for a second pool near Guthrie are bright as a test south of town is running high. An abnormal high, running as much as 4,000 ft. above some expectations may mark a new granite ridge in Bryan County. After many years of testing, the area immediately north of the Arbuckle appears to have a new gas field.

**KANSAS:** A test between the Doran and Haferman pools is showing oil in the Kansas City-Lansing and Arbuckle. Kraft is extended 1/2 mile. After several years of inactivity, Trego County is again being prospected. Saturated Arbuckle line has been found in a test in the eastern part of the county.

**CALIFORNIA:** Good-looking Veder sand has been cored in the Dyer Creek prospect in Kern County. The San Fernando section of Los Angeles County, in which some water wells have shown oil, is to be tested. Following the discovery of the 11,000-ft. pay at Ventura Avenue, several wells are planned to that horizon. Some will be deepened from the 9,600-ft. level. A test in the Cat Canyon field is picking up markers almost 1,000 ft. above the Los Flores producer which was recently completed.

**LOUISIANA GULF COAST:** The fourth discovery within a month has been completed at Lake Chicot. At two of the other new fields, the discovery wells at Bastian Bay, and Tapeyrouse are being recompleted. A new offshore pool is in prospect off Iberia Parish. Gas-distillate production is extended at Pecan Lake and a new sand has been found on the flank of the Welsh-dome.

**EAST TEXAS:** A north outpost to Chapel Hill is being completed in the Pettit and Paluxy pays. Field operations as well as wildcatting are on the increase.

**MICHIGAN:** Several wells showing water or having low production appear to define the Reed City pool.

**WEST CENTRAL TEXAS:** A new pay has been found below the Swastika sand in Noodle Creek. Nolan County's discovery well of last year was about to be abandoned but started making an increased flow following a shot. It is being recompleted.

**NORTH TEXAS:** Shallow production has been found in Throckmorton County. A wildcat in southwest Young County reports a saturated sand at 2,700 ft.

**ARKANSAS:** Tide Water's wildcat west of McKamie reports showings in three horizons.

**NORTH LOUISIANA:** The Larto

Lake discovery well in Catahoula Parish made 146 bbl. of oil from the Wilcox, extending the trend play to the southeast. A wildcat in the Grand Cane area of De Soto Parish made a good flow from the Austin chalk.

**SOUTHWEST TEXAS:** A new field has been found 1 1/2 miles northeast of Luby. Oil production has been established on the northeast flank of Agua Dulce and a test on the southwest flank of Stratton is near the pay. A fourth producing sand has been found at Odem. New production has been found east and southwest of South Campana.

## Millers Win 9 To 3 Battle In Playoffs

By The Associated Press  
Minneapolis, which never has won an American Association playoff and is a long way from the title this year, is trying to keep its hand in proceedings as long as possible. With Louisville, its semifinal playoff foe, poised for the kill in four straight, the Millers interrupted the Colonels' streak at three Tuesday to take the fourth tilt of the series, 9 to 3, on a seven-run outburst in the fifth inning. That meant Columbus, winner of the other semifinal series, must wait a few days more before the final playoffs can begin.

## Gillette States Congress Should Revise Two Acts

WASHINGTON (AP)—Senator Gillette (D-Iowa), a frequent administration critic on foreign affairs, proposed Wednesday that both Neutrality and Lease-Lend acts be revised because of President Roosevelt's shoot-on-sight orders to the navy.

Although other foreign policy foes have pledged a last ditch fight against any such attempts, Gillette told reporters that despite his personal opposition to Mr. Roosevelt's course he thought it "inevitable" that Congress consider changes which would "leave no question where the President's authority is or how far it goes."

Mr. Roosevelt at his press conference Tuesday declined, however, to be drawn out on questions involving specific future action, and he was equally reticent on the subject of naval tactics. The capital was disappointed if it had looked for any amplifications of the pronouncements the President made in his speech last Thursday night, when he barred "defensive waters" to Axis raiders and directed the fleets to safeguard all friendly shipping in those seas.

The one definite bit of news to come out of the conference was the President's announcement that he had appointed Edward R. Stettinius, Jr., as his special assistant to help expedite the handling of lease-lend matters.

## Mayo Says Hertz Broke Agreement

HOLLYWOOD (AP)—John Kimbrough former Texas A. and M. football star who is making a cowboy film, is "just sitting back awaiting developments" in the \$500,000 suit brought against him by Douglas G. Hertz, owner of the New York Yankee football team.

"We don't think Mr. Hertz will win his suit," said Jerome J. Mayo, Kimbrough's attorney. "The main thing about it was that the half million figure certainly flattered John."

Mayo said he understood Kimbrough has a one-year contract with Hertz covering the Texan's personal service, and that he believed Hertz failed to live up to its terms. Kimbrough also has a contract with the corporation which owns the Yankee team.

"As for the contract to play football, John is willing to go through with it," Mayo said. "I rather think, in fact, that he is anxious to play football after his motion picture commitment has been fulfilled."

Hertz' suit was filed in Hackensack, N. J.

## Crane Will Start Garbage Program

CRANE (Special)—The city council has decreed that Crane be kept more sanitary, and obtained a garbage truck.

Under the new "garbage ordinance" all homes and business places on meter connections will be classified in three groups: Class "A"—those having a large volume of trash and garbage to be collected daily, assessment, \$2; "B" Class—those having medium volume to be collected twice or three times weekly at \$1; and Class "C"—small volumes collected once or less weekly for twenty-five cents.

Notice has been given that all alleys be cleared of property in order for the truck to make its runs, and for the city to make new meter connections.

Leon Green drives the truck.

## Do You Remember Schlageter, Adolf?

Viggo Hansteen and Rolf Wickstroem have by their death at the hands of the Nazi overlords in Norway wiped out the blot of Quisling. The two Norse labor leaders, led before a Hitler firing squad on charges of having sabotaged against the conquerors of their country, more than overbalance in their martyrdom the man whose name has become a synonym for treachery and shame.

Hansteen and Wickstroem! There are two more names to remember. One man should understand their "crime," and that man is Adolf Hitler. Leo Schlageter was Hitler's hero when he wrote Mein Kampf. Schlageter was a German Hansteen or Wickstroem of 20 years ago. But the shoe was on the other foot then.

Leo Schlageter had been a German artillery officer in the World War, a fellow veteran of Hitler. In 1923, five years after that war was over, the French occupied the Rhineland when Germany failed to pay reparations. A railway line between Dusseldorf and Duisburg was blown up, and Schlageter was caught in the act.

Despite appeals to the French by the Reich government and even by the Vatican, Schlageter was executed on May 26, 1923. Immediately he became a hero of all the nationalist elements in Germany, and one of the "political saints" of the early days of the Nazi party. Many a "Heil" has Hitler himself given to his hero, Leo Schlageter.

Now it is almost 20 years later. The position is now entirely reversed. Now it is Hitler whose legions trample the peoples of a dozen conquered countries. Now it is German oppression that brave men take their lives in their hands to resist. Now it is Hitler, who admired the courage and loyalty of his comrade, who is giving the orders to shoot down other Schlageters of other lands.

Hitler thought all the Schlageters were in Germany; that courage and loyalty and devotion were German. Increasingly, day after day, week after week, month after month, he is going to run against the same qualities in other peoples. In Holland, France, Belgium, and Denmark, in Yugoslavia and Greece and Czechoslovakia and Poland there are other Hansteens and other Wickstroems.

Hitler may shoot them, but he must understand them, and as each dies, may Hitler start up in his bed and look into the eyes of his old comrade, Schlageter.

Buy Defense Bonds and Stamps

## Stamps On The Shelves

A million stores throughout the country are co-operating this week in "Retailers for Defense" week and offering the public a product they never handled before.

They are Defense Savings Stamps, and it is hoped thousands of Americans will see these bargains and buy them, thus forming a habit that will benefit them, their country, and their liberties all at once.

If you know a better bargain than that, go to it, but it looks like an awfully good one to us. Remember, "To Keep 'Em Flying, Keep on Buying" U. S. Defense Savings Stamps. A million retailers are making it easier for you.

# DRAIN, REFILL, and POSTPONE your next quart

New oil lasted 5,683 miles longer than the runner-up in Death Valley Death-Test...CERTIFIED

Your own engine gauge-stick can tell you best about Conoco N<sup>th</sup> motor oil. Next-best is to buttonhole the most frugal car owners you know around town. Some have never yet added a quart since changing to Conoco N<sup>th</sup>. And you can see why right here—by the mileage figures from the Certified Death-Test of Conoco N<sup>th</sup> oil vs. five other big brands.

The whole big success of Conoco N<sup>th</sup> started down in Death Valley—so hot you can't sweat. Here 6 new stock cars, strictly alike, each got one 5-quart fill of some one oil being tested. Then the Official Referee clamped on the locks; never a drop of oil could be added.

By impartial officials every instant, the cars all reeled off their 57 miles hourly. Here and there on the desert a carcass lay bleaching—and desert death awaited these car engines, too. For none could finish till its oil hit bottom—finishing the engine beyond repair.

5 BIG-NAME OILS bought retail by Referee. One 5-quart fill per car. Not another drop throughout the hot desert Death-Test.

the extreme refining needed by oils for current cars has been destroying Nature's best life-givers! But in their place today Conoco N<sup>th</sup> brings your engine the two patented Conoco synthetics.

You'll never Death-Test your Conoco N<sup>th</sup> oil in sinister Death Valley, any more than you repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before adding a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiledged 74% to 161% by Conoco N<sup>th</sup> oil. Economy like that counts up into dollars! Change to N<sup>th</sup> oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CONOCO N<sup>th</sup> gave nearly twice the miles averaged by the other tested!

The 5-quart fill of Conoco N<sup>th</sup> lasted 13,398 miles... Certified. Conoco N<sup>th</sup> outlasted one big brand by 8,268 miles. Even the best of the five was outlasted 5,683 miles by Conoco N<sup>th</sup> oil. Such a real difference must have a real source. And two real life-givers created by man... two modern synthetics... are in Conoco N<sup>th</sup> motor oil.

You know of modern vitamin synthetics, making up for Nature's life-givers lost in some modern food processing. Similarly,

One of these—man-made under the famed Germ Processed oil patent—will keep your engine OIL-PLATED with lubricant that can't all quickly drain off of inner surfaces. So OIL-PLATING is on guard against wear in advance!

And the latest Conoco synthetic—man-made under U.S. Pat. 2,218,132—will check "festering" of oil that's encouraged by foul leftovers from every engine's normal firing. This common oil trouble is now checked or inhibited by the new man-made Conoco life-giver—Thialkene inhibitor.

## Makes Going Back To School A Pleasure

THIS back-to-school room with South American accents would encourage any 'teen-age girl to appreciate warmth, freshness and simplicity. The Mexican cactus and two-wheel car design in the fabric used for bedspread and curtains is bright and cheering. A wall ornament of gourds picks up the South American theme, and it is repeated in coffee cups and desk lamp.

Good top-making fine Australian wools were selling quite freely at \$1-1.04, scoured basis, including duty.

## Finish Football Preview Program

A "Figskin Preview," a free football party for the fans and serving as a sendoff for the 1941 season, will start at 8 p. m. Thursday night on Lackey Field. It is sponsored by the Midland Junior Chamber of Commerce.

The program follows: Musical numbers by the Midland high school band; introductory remarks by Delbert Downing, Jaycee president; introduction of new teachers by Supt. George A. Heath; introduction of players and coaches by Head Coach Earle Clark; talk on football rules changes and demonstration by Thad Steele; drills and demonstrations by the Bulldogs.

The program will be presented on the grid at the stadium with introductions over a loud speaking system. KRLH will broadcast the event.

Clark is expected to put two teams on the field in a short scrimmage, showing offense and defense.

## More Carpenters Are Employed

A hundred more carpenters will go to work at Sloan Field on construction of the Advanced Twin Engine and Bombardier Training Center Thursday. They were employed by the general contractors, Cagle Brothers and F. M. Reeves and Sons.

With these men on the job, approximately 2,850 persons will be at work on the Military Reservation, executives of the firm said.

More than 100 common laborers still are needed for the work and efforts are being made to recruit this number.

Sixteen sheet-metal workers were employed Wednesday, bringing the total number of men of this craft to about 120. The sheet-metal department now is operating two shifts each day to keep up with the construction program.

# McKENNEY ON BRIDGE

**By William E. McKenney**  
America's Card Authority.

In my opinion, the two greatest bridge teams in the world met in the final round for the world championship Masters team-of-four trophy at Asbury Park recently. The Nate B. Spingold trophy, emblematic of this event, was won this year by the team of Waldemar von Zedtwitz, Sam Fry, Jr., and Edward Hynes, Jr., of New York, and A. M. Barnes of Atlanta, Ga.

This team reached the finals last year but lost out in the playoff. This

year the two finalists were the Four Aces team and the Von Zedtwitz team. At the end of eight boards the Four Aces were ahead 440 points. After 16 boards the Von Zedtwitz team had taken the lead by 100 points. At the end of 28 boards, their lead was up to a peak of 870 points, after 40 boards down to 400 points, and their final victory was just 190 points.

I was sure when the event started that these two teams would reach the finals. The Von Zedtwitz team was determined to win, and the Four Aces were hot—which was proved when Howard Schenken and M. D. Maier won the Masters Pairs with Oswald Jacoby finishing in second place.

When discussing a team's victory, it is customary to give one of the hands that helped them win. But let me show you a disastrous hand of the tournament, one that cost the Von Zedtwitz team 1190 points.

At both tables, North opened as third hand with a semi-psychic heart bid. With the East hand, B. Jay Becker of the Four Aces team bid two hearts and through later forces, got his partner into six diamonds doubled, which was made for a score of 1140, including honors.

Sam Fry, Jr., with the East hand, misguidedly passed the heart bid. Then he tried to repair the error by his double and by the three-spade bid, intended as a cue. But, as Von Zedtwitz, his partner, pointed-out, these two calls after his pass of one heart could only mean that he really held the spade suit and was intent on smoking out a psychic spade bid. Fry was down one at three spades.

## Crane Reports Fifty New Water Customers

## Planes Collide At 800 Feet; Two Die

**SAN ANTONIO, (AP.)**—A collision between two planes at 800 feet caused the death of a Kelly Field flight instructor and an aviation cadet when their parachutes failed to open Tuesday.

Lieut. Barry Church Francks, Jr., 21, Brady, Tex., the instructor, died as he struck the ground, and Joseph C. Foley, 27, Dallas, the cadet, succumbed to his injuries upon reaching the Fort Sam Houston hospital.

Lieut. Robert E. Halley, 21, of Sharon, Okla., pilot of the other plane, parachuted to safety.

Rubies constitute the bulk of India's trade in precious stones, the Department of Commerce reports.

## German Soldier Dies From Bullet Wounds

**PARIS, (AP.)**—A German non-commissioned officer died Wednesday of bullet wounds inflicted Monday by an unidentified assailant in defiance of wholesale Nazi reprisals in which 10 French hostages were executed for previous attacks on members of the army of occupation.

The soldier was the second reported slain in Paris within a few weeks.

# Midland And Wildcats Play Stiff Scrimmage

### Tutors Send Clubs Through Two-Hour 'No-Decision' Drill

Midland's Bulldogs swapped play for Tuesday with Wink's Wildcats here Tuesday in a heavy-duty two-hour scrimmage for "no decision." The bumping started at 6 p. m. and went without a letup.

Coach Earle Clark's charges and Mentor Bryan Henderson's boys had nothing barred in four thirty-minute offensive and defensive periods. It was about even with Midland earning three touchdowns and Wink ramming over four and intercepting four passes to score others. Midland intercepted three Wink passes and two other plays might have gone for scores.

Scoring was not the issue. The coaches stayed on the field with the gridsters and stoppel several scoring gallops for both clubs. Wink, with its tricky spinners and reverses, overshadowed Midland's ground game but the Bulldogs completed 21 out of 39 passes, including the three counters.

Reese Scores Four Times  
The scrimmage may prove costly to the Bulldogs. Ivan Hall, Midland climax runner, received a bad blow on the elbow and Charlie Kelly, pass-pitching halfback, injured his back. Both are expected to undergo treatment Wednesday from physicians—Hall to have his elbow drained and Kelly to get a checkup.

Midland scores were racked up by Hall, Kelly, and Foster. Hall took a pass from Robert Wheeler and galloped over. His running was a feature. Kelly took a long pass from Wheeler and ran 50 yards for a touch. The play netted 90 yards actual gain. E. G. Foster took a lateral from Wilford Lester and scored. Billy Richards tossed to Lester.

Reese scored four touchdowns for Wink, two on intercepted passes and two by running. Rogers accounted for two, one by an intercepted pass and another on a reverse. McMillan churned for a Wink tally by the ground route.

Both Use Whole Squads  
Jack Noyes, signal - selecting Bulldog center, played a fine defensive game. He intercepted two passes and made several crashing tackles, one—the hardest of the scrimmage. Hall, Leftwich, Foster, Richards, Lester and Kelly were very much in the ball game for Midland. Pete Lee and Gene Estes were alternately effective. Clark and Dow used them all, including Davidson, Sevier, Watson, Bird, Tisdale, Whitmire, Wallace, Taylor, G. Graham, Hudson, Tisdale, Harris, Roy, Parks, Hobbs, Kidwell, Chancellor, Welch and McMillan.

Wink practiced its complete squad with Alberding, Carpenter, Cooper, Connor, Dood, Horn, Kelley, Lee,

## City And Industrial Bowling Leagues To Open Play This Week

The city league will open the winter bowling season in Midland with matches Wednesday night. The industrial league will bowl Thursday night.

Three leagues have been organized with approximately 265 bowlers. The leagues are city, industrial, and engineers and workmen league composed of men at the Advanced Twin-Engine and Bombardier Training Center.

M. M. Fulton was elected president of the city league and Al Boring, secretary-treasurer. Joe Chambers heads the industrial league. W. D. Grant is vice-president, and Boring, secretary-treasurer.

Teams of the Industrial league include: Shell, Mackey Motors, A. & L. Housing, Midland Hardware, The Texas Company, and Standard Stations, Inc. The city league has Tom Hurt, Scharbauer, Barber Shop, Scharbauer Hotel, Miner Inn, Lions Club, Tot's Gulf, and Fulton Tire Company.

Twelve teams compose the Army and Bombardier School workers league of which Capt. R. J. Harrison is president. They bowl Tuesday nights.

## Low Handicap Teams Meet In Polo Finals

NEW YORK (AP)—Aknusti and Gulf Stream, the two weakest teams in the National Open Polo championship tournament according to the handicap ratings, will fight it out for the title at the Meadow Brook Club next Sunday.

The Gerrys' team reached the final Tuesday with a 9-7 conquest of Winston Guest's Pelicans, the tournament's highest-ranking entry with a 26 goal total.

Langlois, Moss, McMillan, Pugh, Reese, Rogers and Waldrum getting service. Standouts were: Pugh, Alberding, Rogers, McMillan, Dodd, Langlois, Reese, and Pugh.

Wink, erstwhile kings of District 7-A, were predicted weaker this season but Henderson cannot keep his power under a bushel very long and the 'Cats may romp to a district bunting if they take Pecos.

The team plays Hobbs, N. M., this week-end at Wink. They stomped Jal, N. M., 19-2, last Friday.

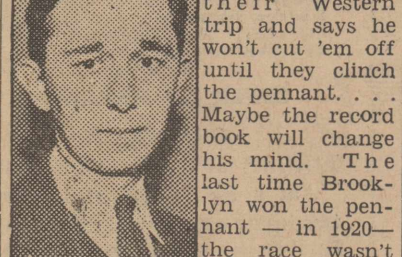

Midland is idle this week-end. The team will be seen at a "Pig-skin Preview" Thursday night here and goes to Big Spring Friday night to scout the Steer-Austin High deal.

## Sports Roundup

By Hugh S. Fullerton, Jr.

NEW YORK (The Special News Service)—Pennant progress report: Baseball men may feel that the Yanks aren't any better than even money in the world series as long as Charley Keller and Red Rolfe are out, but the Bookies don't see it that way. Their figure is 9-5 against either National League club.

Kirby Higbe hasn't shaved since before the Dodgers started their Western trip and says he won't cut 'em off until they clinch the pennant. . . . Maybe the record book will change his mind. The last time Brooklyn won the pennant—in 1920—the race wasn't decided until September 27.

Since he bought a piece of the Braves, Francis Guimet says he's seen twice as many ball games as he has played rounds of golf. . . . Maxie Shapiro isn't excited about those 23 straight victories by Ray Robinson, he'll try to make it 24 at Maxie's expense Friday in the Garden. When he first turned pro, Shapiro hung up 37 straight. . . . The Texas Interscholastic Football League has 672 schools playing eleven-man football this year. . . . The Chattanooga ball club moved its home games in the Southern Association playoffs to Atlanta because of infantile paralysis and drew only about 10,000 customers for five games, but in the Texas League playoffs, Shreveport's attendance for two games was almost a third of the regular season total.

Jess Hawthorne, former Texas end, recently crashed a training plane from a height of 50 feet. Crawling out of the wreckage, Jess drawled: "Hell! I've been hit lots harder than that on the football field."

### Missouri Grid Fans To Forget Christmas For Backfield Talent

By Harold Claassen  
COLUMBIA, Mo. (AP)—Once upon a time Missouri had Paul Christman. This season Coach Don Faurot has four top-flight fullbacks and expects to live happy all autumn. There's no doubt that Quarterback Christman, whose flips and quips kept Missouri in the Big Six and National football limelight the past three seasons, will be missed.

But the full crop is so bountiful that Bill Cunningham, regular the last two years, hasn't bothered to report and Fred Bouldin, another candidate, has been remodeled into a blocker.

That leaves Don Reecé, 204 pounds of terror, as the No. 1 plunger, Rayburn Chase as his understudy, and two ace sophomores—Leo Milla and Mike Popovich.

Harry Ice and Maurice Wade are nominees for quarterback with the former in the vail because of his experience and speed. Wade, a sophomore, can pass with either hand and kick with either foot which fits in neatly with the Tigers' new deception offense.

## Football Teams Of 7-A To Meet Strong Elevens

Stiff tests are in store for District 7-A grid teams this week-end. Kermit's Yellowjackets, with a .500 percentage to date have won over Stanton and lost to Brownfield, journey to Crane.

Fort Stockton, conqueror of Buena Vista 25-6 last week, plays host to Stanton, which lost to Crane 0-13 and to Kermit 0-20.

The Monahans Green Wave gets ambitious and takes on Class AA Colorado City there. The Wave engulfed Lorraine last week, 44-7.

Pecos Eagles have the toughest assignment of the week-end slate. They play Ysleta, which slapped a 13-5 defeat on Midland. Last week-end the Eagles won handily from Snyder, 39-0.

McCaeny plays Iran there to complete the slate. It is the Badgers opening fracas.

## Rebels Will Use Gliatto On Hill In Fourth Game

DALLAS (AP)—The Dallas Rebels, holding a two-to-one margin in the Texas League Shaughnessy playoff as a result of a 4 to 1 victory over Tulsa Tuesday night, will send Sal Gliatto, ace righthander, to the mound Wednesday night in an effort to stave off the revengeful Oilers.

Roy Johnson, the Oilers' manager, announced he would counter with Henry Wyse, young righthander with a record of 20 games won and only four lost during the regular season.

Determined to strengthen his lineup and hurl back the Rebels in the best-four-out-of-seven series, Johnson also declared he would send Ed Zydovsky to right field and move Marvin Rickert to left field in the hope of improving the team defensively and offensively.

Mort Leads With Hit  
Veteron Otto Nicholas, Dallas pitcher, won the roaring approval of 6,798 fans as he held the fighting Tulsans in check. Clare Bertram, depended on to give the Rebel batters a headache, was jerked before the game was over.

In the first inning Roy Mort of the Rebels singled and was driven home when righthander Heinz Becker smashed a two-bagger. Dallas was unable to score again until the fifth, when three more tallies were marked up.

In that frame Catcher Bill Cronin singled and was forced by Nicholas, who tried to sacrifice. Rabbit, Rigby singled to left, scoring behind Nicholas when Floyd doubled into left field. Mort hit a Texas Leaguer into short center field, and Floyd scored.

The Oilers scored in the eighth, Rip Russell singling, then going to second on Ed Waitkus' hard ground-rod and coming home on Bruno Zelasco's singled to center.

Bertram was jerked in the seventh in favor of Clay Bryant, who held the Rebels from then on with the aid of his teammates.

BRITISH MAY ORGANIZE NEW LIBYAN OFFENSE  
LONDON (AP)—Signs of increasing activity on the North African warfront stirred belief here today that Britain's Army of the Nile, reinforced by American-made planes and tanks, may be laying the groundwork for a new offensive aimed at driving Axis forces out of Libya.

## Dykes States Other Teams Must Revamp

BOSTON (AP)—Putting reverse English on the futile wacry of "break up the Yankees," keen-witted Manager Jimmy Dykes of the Chicago White Sox, suggests that the other seven clubs do some smashing on their own hooks.

"Any time a club finishes 20 or more games behind the leader, tear it to ribbons," Jimmy advises.

"Something must be radically wrong when they are that far back. They can't improve or their own accord unless they shake themselves up between seasons."

And, since he is casting himself as a baseball physician, Dykes is willing to take the first taste of his own prescribed medicine.

## Dodgers' Destiny Seems To Be Flag As Cardinals Fail To Make Headway And Brooklyn Drops Battle To Reds

By Judson Bailey  
Associated Press Sports Writer.  
Destiny's Dodgers can do no wrong these days and even when they lose fate figures out some way to compensate them.

Brooklyn ran into a 4-3 11-inning pitfall Tuesday at Cincinnati, and the game scarcely had ended before darkness descended on St. Louis and blacked out the Cardinals and New York Giants in a 1-1 10-inning tie.

This shaved the Dodgers' National League lead from two games to a game and a half, but on a long-range basis the Cardinals' tie was almost as damaging as a defeat.

It figures out this way: Brooklyn has won 92 games, lost 51 and has 11 to play.

St. Louis has won 89, lost 51 and has 13 to play.

Thus the Dodgers will play 154 games this season to 153 for St. Louis and if both teams lose the same number of games, Brooklyn still will take the championship.

Will Hurl Well.  
The stalemate was a shock to St. Louis. The Cards had beaten the feeble Giants 15 out of 21 times previously.

Ernie White, the Redbirds' great young lefthander, had shut out the Giants for eight innings on four hits and looked certain to acquire his 18th victory. Two singles had given him a run in the first inning and even thought the Cardinals made only three hits and no runs off Hal Schumacher for the next seven stanzas, this tally seemed enough.

Then with one out in the ninth, Morrie Aronovich singled and Billy Jurgens doubled. Lon Warneke hurried to rescue White, but Mickey Wittek singled the tying run across.

The schedule leaves no opportunity for replaying the contest. Braves Defeat Cubs.  
The affair at Cincinnati was almost equally tight. Elmer Riddle

allowed only six hits and didn't give an earned run in the nine innings he worked. Bill Werber singled home a run for him in the first and knocked in two more with a double in the seventh. But each time errors helped Brooklyn bounce back to tie the score—once in the second inning and again in the ninth.

Riddle doubled in the Reds' half of the ninth and it had all the earmarks of being the run that would bring him his 18th triumph. Manager Bill McKechnie thought so too when he sent Ernie Koy in to run for the pitcher. But Koy was picked off base. When Bill Werber finally batted the deciding run across with a single in the 11th it was a rookie, Ray Starr, who received credit for the win.

In the day's only other National League game the Boston Braves beat the Chicago Cubs, 8-5.

Chet Laabs drove in five runs to lead the St. Louis Browns to a 9-8 victory over the Philadelphia Athletics for a sweep of their four-game series. Laabs hit one homer with two on in the first and won the game with another circuit clout in the 12th.

The Detroit Tigers bunched their efforts to whip the Washington Senators, 4-2.

## Sandies To Play Childress Eleven

By Harold V. Ratliff  
Associated Press Sports Writer  
Amarillo's Golden Sandies are ready to roll again and the state schoolboy football field watches with trepidation.

The Sandies, defending champions, have been cloaked in mystery this season. There are two reports:

1. Amarillo has too much rebuilding to do for the Sandie backers to hope for another team like 1940's.

2. There were plenty of boys on the squad who could have played jam-up ball last season but were not needed. They're now ready to step in.

Anyway, Amarillo will have to show something of what to expect when the Panhandle powermen clash with Childress Friday night at Amarillo.
