

Nazis Move On Guerrilla Bands Search For Missing Plane In Arizona

Seventeen Army Bombers Comb Area Of Northern Part Of State Hunting For Craft Reported Lost In Storm

Six Officers And Men Were On Twin-Motored
Bomber; Indian Reports Seeing Ship Flying
Low But No Clues Were Given After Storm

By The Associated Press
KINGMAN, Ariz.—Seventeen Army bombing planes criss-crossed the vast, mountainous expanses of northern Arizona Saturday in an unsuccessful search for a twin-motored B-18, which disappeared in a storm Thursday night with six officers and men aboard.

Some of the search planes returned to their base at Albuquerque, N. M., where it was said they would go out again Sunday. The others were from the Tucson, Ariz., airbase.

The hunt turned to the Peach Springs area, northeast of here, after H. W. Hutchison, Santa Fe railroad agent there, informed the Civil Aeronautics Authority an Indian had reported a plane flying low in the region Thursday night. Late in the day the searching planes, some of which refueled here,

TUCSON, Ariz. (AP)—Five planes carrying full combat crews returned to the U. S. Army airbase here Saturday night after a fruitless all-day search in Northern Arizona for a B-18 bomber, missing on a flight from McClellan Field, Calif., to Albuquerque, N. M. Maj. C. V. Dougher, commander of the mission, reported a light snow was falling in the Peach Springs district where the search turned late in the day.

The search, started at daybreak, began along the main East-West route followed by Transcontinental and Western air planes. The first clue as to the possible whereabouts of the missing bomber came from Mr. and Mrs. C. L. Benson of Hidden Springs, about 25 miles north of Cameron, almost halfway across Arizona from here, to the northeast.

The Bensons reported sighting a twin-motored plane about 9:10 p. m. (Mountain Standard Time) Thursday. That was 30 minutes after the B-18 bomber, en route from McClellan Field, Sacramento, California to Albuquerque, N. M., last communicated with the CAA station at Needles, Calif. Used Three-Hour Supply The report was given further credence when Grand Canyon residents said a plane also answering the description of the B-18 had circled low about 9 p. m. The craft was not definitely identified as an army plane in either instance.

At the time the missing craft reported at Needles, it has used about three hours of an eight-hour gasoline supply. A storm closed in on the regular East-West air lane shortly afterward and no further word was heard.

Project Payroll Totals \$100,867

Contractors of the Army Air Corps Advance Twin Engine and Bombardier Center at Sloan Field predicted full activity next week on the 188 buildings under construction and workers Saturday were paid \$100,867.90, the second largest payroll since the project started.

The auditor's department of the Army engineers' office said the payroll next week may exceed that of Sept. 27, approximately \$101,800. Rain the last two days held down the total payroll.

O. K. Johnson, project manager of Cagle Brothers and F. M. Reeves and Sons, said more men were at work Friday than at any other time since the beginning of construction. The project is about 62 per cent complete, he said.

Work has started on a sentry house at the entrance of Sloan Field.

Many Planes Land
At Midland Airport

Bomber planes of the U. S. Army Air Corps and for Britain hummed over Midland Municipal Airport Saturday bringing to a close a week of landing activities there in which 131 planes stopped.

Poll Indicates Senate To Vote Modification

WASHINGTON (AP)—A poll indicated Saturday that the Senate would approve some modification of the Neutrality Law but that any proposed change would meet substantial opposition.

At the same time a large group of Senators was uncommitted, having adopted a wait-and-see attitude pending President Roosevelt's forthcoming recommendations to Congress.

Mr. Roosevelt will confer with congressional leaders of both parties regarding neutrally amendments next Tuesday. There have been indications that he would suggest only that the present law be amended to permit the arming of American merchant ships. But some congressional leaders are urging him to recommend also elimination of the existing prohibition against sending American merchantmen into belligerent ports or presently-designated combat zones.

41 Uncommitted

Here is how the Senate lined up on the issue:
Favoring complete repeal or modification to permit arming ships and sending them anywhere—29.
For arming ships but opposing other changes—6.
Opposed to any change in present law—20.
Desiring more time to study the question—13.
Out of Washington or unavailable—23.

Of the 41 uncommitted senators, administration leaders contended at least 30 would vote for arming merchant ships. If 30 additional members did approve arming ships the chamber would have 65 members favoring that step and 31 against it.

However, veteran Senate attaches, recalling the fight against President Wilson's armed ship bill, remarked 19 senators could block any change in the Neutrality Law if they were determined to filibuster. Wilson's measure was talked to death in 1917 by a dozen senators, but he later armed American merchant vessels on his own initiative.

NEW YORK (AP)—Myron C. Taylor, President Roosevelt's personal emissary to the Vatican, arrived Saturday by clipper and said he would promptly report to the President and Secretary of State Cordell Hull information "of utmost value" which he obtained in conferences abroad with "many interesting people."

It was not immediately learned whether he would confer with the President in New York City where the Chief Executive visited Saturday or at Hyde Park.

It was indicated by sources close to the President, however, that the meeting would probably take place at Hyde Park.

Board Recommends Raise For Sailors

WASHINGTON (AP)—The defense mediation board, acting in a dispute between AFL seaman unions and ship owners, recommended Saturday night an increase from \$60 to \$80 in the monthly bonus paid sailors for trips into hazardous waters.

It also proposed an increase from \$75 to \$100 in a special bonus paid to crews of American ships going into the port of Suez, plus \$5 a day for each day beyond five days that a vessel remains in that port.

Guns From Gangsters To Britain

AP Photo—looks over 500 guns that will go to Britain as part of the lend-lease shipment. The weapons are relics of some of the United States' greatest gang wars, given to the Treasury Department by law agencies confiscating them. (NLA Telephoto)

Conoco | Jones Opens New Crane Deep Pool

By Frank Gardner
Oil Editor

Swabbing and flowing an estimated seven barrels of oil hourly through 2-inch tubing, Continental Oil Company No. 1 Evan B. Jones et al Saturday opened a new Ordovician pool for Southwestern Crane County.

The well kicked off at 7:55 a. m. Saturday after more than a day of swabbing and made a five-minute flow. It then was shut in until after noon while connecting to separator and tanks. When opened, it kicked off after one run of the swab and flowed for one hour, then quit. Oil was only slightly out with wash-water and drilling mud. Late Saturday operators were continuing to clean out the well, which was making short flows after each run of swab.

Total storage on the lease is 840 barrels. Casing pressure remains constant at 500 pounds and pressure on trap is five to 10 pounds while the well is flowing. The string of 2-inch tubing is set at 5,994 feet, 10 feet off bottom.

No. 1 Jones is producing from sand of the Simpson, middle Ordovician encountered from 5,730-50 feet and from 5,905-27 feet. It still was in Simpson when it quit at 6,004 feet in brown lime. It is possible that operators will shoot the pay sand.

The discovery is located 660 feet from the northeast and northwest lines of section 12, block 3, H. & T. C. survey. It is one and one-quarter miles southeast of Ellenburger, lower Ordovician, production in the Sand Hills field and five miles north of Simpson sand wells in the Abell pool, across the Pecos River in Northern Pecos County.

Gulf Oil Corporation No. 29 W. N. Waddell et al, the south portion of the Sand Hills pool, halted coring at 5,647 feet in Ellenburger dolomite and is preparing to run a drillstem test. Good pay was apparent in the bottom nine feet. The well topped the Ellenburger between 5,495 and 5,000 feet and blew gas and distillate on drillstem tests from 5,507-38 feet.

His Ellenburger High In the southwest portion of the Apco-Warner Ordovician pool of Northern Pecos, Anderson-Prichard Oil Corporation No. 3 B. F. Boren topped the Ellenburger at 4,430 feet, 60 feet higher than the firm's No. 1 Boren, large producer three-eighths of a mile to the northeast. No. 3 Boren is drilling ahead past 4,681 feet in dolomite.

An east offset, Anderson-Prichard No. 2 Boren, is drilling Permian from 5,507-38 feet. (See OIL NEWS, Page Seven)

U. S. Will Spend 18 Billions For National Defense

Budget Director Smith
Reports Expected Year
Expenditure For U. S.

By The Associated Press
WASHINGTON.—Estimating defense spending would reach a month of \$2,000,000,000 a month in the Spring, Budget Director Harold D. Smith predicted Saturday that defense expenditures out of the treasury will total \$18,000,000,000 this fiscal year or \$135 for every person in the country.

"In the near future," he said, "defense costs will take 18 per cent of the national income."
This estimate was \$2,500,000,000 higher than a similar calculation he made a few months ago. He said the increase was due to faster defense factory construction, higher prices on some items, and new appropriations.

The record breaking figure—larger than defense costs in the peak year of the World War—did not include about \$1,000,000,000 to be spent by the British and \$1,500,000,000 to be disbursed by federal lending agencies for defense work and materials in the same year. The fiscal year will end June 30, 1942.

Taking all budgetary items, Smith estimated the treasury would spend \$24,591,000,000, take in \$11,583,000,000. These totals compare with last year's expenditures of \$12,710,000,000, receipts of \$7,907,000,000, and deficit of \$5,103,000,000.

Red Counter-Attacks Keep Nazis Occupied On East Battlefront

By The Associated Press
Full-powered Russian counter-attacks for which considerable successes were claimed, kept Germans occupied on both flanks of the long eastern battlefield Saturday while at their rear the angry tumult of conquered but unreconciled peoples rose in a threatening volume that demanded more and more of the Nazis' attention.

In the Atlantic the torpedoing of an American-owned tanker drew a vigorous denunciation from Secretary of State Hull, who called it another act of lawlessness and piracy transcending considerations that the ship flew the Panama flag and was in Britain's service.

Rescue Seamen
Rescue of 17 more of the American crew of the torpedoed ship I. C. White raised the number of survivors to 34 and reduced the missing to four. The freighters West Blix and Del Norte, each with 17 of the I. C. White's company aboard, were expected to land them in Rio de Janeiro Tuesday.

The 7,063-ton ship went down in the South Atlantic off Brazil Sept. 27, but circumstances of the torpedoing were not disclosed.

The Nazi acknowledged strong Russian counter-attacks both in the north and southern sectors, but said none in the Ukraine cost the Red Army 300 tanks and those in the Baltic area were repulsed.

German scouts reported the Russians were massing every bit of their remaining strength for a counter-offensive in the Ukraine. The Germans were silent on the large-scale operations which their high command said were in progress in Russia.

Rescue Large Force
The Russians, however, said a large Soviet force had been rescued from the shores of Lake Ladoga and brought into Leningrad in a miniature "Dunkerque" after killing 18,000 Finns; that both Finns and Germans were smashed back in a counter-attack which recaptured a railway town on the Karelian Isthmus; and that a very heavy counter-blow in the south had regained 30 villages from the German and Russian invaders.

This southern Soviet advance of 18 miles in four days cost the Nazi 15,000 casualties, the Tass news agency said.

On the central front, the Russians claimed a 13-mile advance in the past week had restored dozens of small communities to Russian hands.

Behind The Headlines

By Kirke L. Simpson
Implicit in utterly conflicting London and Rome accounts of recent sea-air battles in the Mediterranean is the obvious fact that heavy British reinforcements in men and fighting gear are being rushed eastward through those dangerous waters.

They may be destined to join battle with their Nazi foes, fighting beside Russian troops in defense of the Caucasus. Certainly they are designed to increase substantially the strength of British defense lines that now reach 2,000 miles or more, unbroken, from India to the Egyptian-Libyan frontier in the Western Desert.

Or they may be taking post for offensive action during the winter fighting season in the North African desert, providing events on the Russian-Nazi battle line warrant another British counter-stroke against Axis foes in Libya. Prime Minister Churchill's recent intimation that his government had weighed unfavorably counter invasion proposals as a means of relieving pressure on Russia does not rule out that possibility.

British Increase Blows
Italian press comment indicates serious expectation of a new British attack in Libya. Hitler could spare either the air power or the troops and tanks from his great adventure in Russia to prop his faltering Axis mate anew in Africa, even if means of getting German reinforcements to the scene were available.

They are not, Churchill told Parliament, that while British sea losses had been cut during the last three months to a third of what they were in the preceding three months, British destruction on Axis shipping had risen three-fold in the same period. And it was on Italian or Italian-used shipping in the Mediterranean that the Axis tonnage losses fell most heavily.

At any rate, it seems clear that unless the Nazis carry the battle into the Caucasus soon and force the sending of powerful British imperial armies there to aid the Russians, the British soon will have forces available along the India-Egypt lifeline for offensive action.

Texas Forest Fires Caused \$509,477 Loss

WASHINGTON (AP)—The agriculture department estimated today that forest fires burned 920,248 acres of land in Texas in 1940 and caused damage amounting to approximately \$509,477.

The forest service made public these figures in announcing National Fire Prevention week from October 5 to 7.

The announcement said the nation's 146,749,000 acres of unprotected forest lands suffered fire damage totaling \$35,877,000 in 1940. There were a total of 195,427 forest fires during the last year, compared with 212,871 in 1939 when the damage totaled \$40,000,000.

Retired Justice Lapses Into Coma

WASHINGTON (AP)—Louis D. Brandeis, retired justice of the U. S. Supreme Court, lapsed into a coma Saturday night and physicians were understood to have despaired of saving his life.

Brandeis, whose liberal views won him wide renown during his 23 years on the supreme bench, suffered a serious heart attack at his home on Wednesday.

Storm Threatens Florida Coast

JACKSONVILLE, Fla. (AP)—The weather bureau said a tropical storm "probably of full hurricane force near center"—was moving toward the Bahamas Islands Saturday night and would be approaching the lower east coast of Florida late Sunday if its present movement continued.

Argentine Destroyer Sinks

BUENOS AIRES. (AP.)—The 1,375-ton Argentine destroyer Corrientes sank in shallow water off the southern Argentine coast Saturday after a collision during naval maneuvers with the 6,800-ton cruiser Almirante Brown in which three men were known to have been lost and 11 others missing, the Navy ministry announced.

Mechanized Division Of 12,000 Men Will Fight Uprisings In Yugoslavia As Revolts Against Axis Increase

King Haakon Of Norway Issues Decree Providing
Death Penalty For Norwegians Aiding Germans
And Greeks Invading Bulgaria Are Reported Dead

By The Associated Press.
A German mechanized division of 12,000 men aided by the German air force was reliably reported moving toward Belgrade in former Yugoslavia Sunday to combat guerrilla bands taking part in a loosely-connected but widespread underground revolt against the Axis rulers of the European continent raging from Norway to Greece.

Support for conquered peoples fighting Axis authorities by terrorism, sabotage and guerrilla warfare came from King Haakon VII, King of Norway in exile in London, who signed a decree providing the death penalty for crimes against the Norwegian state.

The Norwegian monarch's act was described as a warning to any "tools" of the Nazis who might expect themselves to help the German authorities that they will face capital punishment whenever the government which now is in exile is in position to enforce its decree.

The mechanized German force was reported on reliable authority in a dispatch sent through Berlin to be moving slowly through Southern Serbia toward Belgrade, capital of the dissolved state, to mop up guerrilla bands which have been operating on a wide scale. The German air force already was said to have bombed Leskovac and Nish-umka.

Rebellious Greeks added to the trouble of the occupying authorities. A dispatch from Sofia, capital of the Axis partner Bulgaria, reported that bands of Greeks who had invaded the Bulgarian-occupied Drama district of Eastern Macedonia a week ago had been annihilated.

Seven Prague Citizens Die
The Greeks crossed from Greek territory armed with rifles and machine guns and tried to rouse the Greek inhabitants of several Drama localities to join them in revolt.

It was disclosed that a bomb explosion Tuesday in the headquarters of the Belgian Resist (Fascist) movement in Brussels killed a secretary, Jean Oederkerke. Political foes of the Resist were blamed. Seven more persons were executed in Prague Saturday for treasonable activity, it was announced in Berlin.

Berlin wondered whether Adolf Hitler had been conferring on the rebellious situation in the Czech protectorate of Bohemia and Moravia with the strong man he recently sent there to restore order—Secret Police General Heinrich Heydrich. Such conjecture arose because Gen. Heydrich went to Berlin Friday to hear the Fuehrer's speech in the Sportsplatz and walked by Hitler's side into high auditorium.

Blames Opponents
Of Aid To Russia
Pneumonia Is Fatal
To Employe Of Ranch

MOSCOW (AP)—S. A. Lozovsky, official Soviet press spokesman, declared Saturday "the big rumour now raised in the United States" over religion in the U. S. S. R. came from opponents of aid to Russia.

The Soviet state, he told correspondents, considers religion a private matter for its citizens and has as a basic policy freedom of religion as well as freedom of anti-religious propaganda.

Lozovsky asserted the Soviet constitution guarantees religious freedom—but "assumes that freedom of religion will not be utilized for the overthrow of the prevailing regime."

Weather Prevents Officers Trip Here

Col. Hubert R. Harmon, commander of the Army Air Corps Gulf Coast Training Center, and members of his staff, scheduled to fly here Friday for a visit to the Advanced Twin-Engine and Bombardier Training Center did not arrive. Sloan Field and airport sources believed they had been stopped by bad weather.

Major Henry Baxter at Sloan Field went to Galveston when the party didn't arrive and probably will confer with the Colonel before returning here.

Citizens Pledge \$1800
To Boy Scouts Drive

Approximately \$1,800 had been pledged to Boy Scout funds in Midland, campaign leaders reported Saturday.

A cleanup drive will continue until all pledge cards are returned. The quota for Midland was \$2,500 and leaders believe that amount will be reached.

Soviet Sinks Three German Transports

MOSCOW. (AP.)—The sinking of three German transports in the Barents Sea was announced early Sunday by the Soviet information bureau.

MIDLAND YOUNG WOMAN
INJURED IN FALL AT RINK

Miss Ruth Eldmore was knocked unconscious and her arm injured in a fall at a skating rink Saturday night. Examination at a hospital showed no broken bones.

Coat Hanger Crisis

Another of the defense sacrifices that we face without undue concern is an expected shortage of those twisted wire coat hangers.

If all the wire coat hangers cluttering the closets of American homes could be collected, straightened out, and laid end to end, it would be a good idea. No doubt if the closet-cluttering wirework could be assembled and remelted into new steel it would be sufficient to build 489 tanks, 16 battleships, 25 cruisers, and a Swiss watch.

Sacrifice? Well, we can take it!

Buy Defense Bonds

Pepping Up The Poultry

The great American hen is going to have to do her bit. Fifty billion eggs is the goal for 1942 in place of the mere 42,000,000,000 that rolled from the hen houses in 1941. Something will have to be done to pep up the poultry.

Just how to appeal to a hen's better nature we'll have to leave to the experts.

But it's too bad they can't be patiently told of the fate of the hens of Europe. They all wound up months ago in the stew pots of the German army.

Next Job For The Firing Squad?

Production of armor, guns and projectile facilities for the Navy has increased more than eightfold, according to announcement from the Navy Department recently. The cost—\$236,765,000.

The Eighth Naval District comprises the states of Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, Texas and that section of Florida west of the Apalachicola River.

Design Changes Provide Finer Chrysler Line

Performance, appearance, economy and longevity all have been improved in the new Chrysler line. Important fundamental changes in design, plus a very large number of refinements have brought this about.

The new models strongly show the influence of "Thunderbolt" which Chrysler brought out last fall and which has been given the stamp of approval by some six and a half million persons who have seen it in dealers' showrooms and in parades, at football games, and elsewhere that large crowds gather. The "Thunderbolt", called by Chrysler the "car of the future" because of its advanced aerodynamic lines, bequeaths to the current production cars much of its modernistic appearance, particularly in the front-end treatment. The result is that the 1942 line has individuality and "personality" of an entirely new type, instead of following previously accepted trends.

The 1942 line comprises six models and a total of 31 body styles as follows:

Royal—121 1/2 inches wheelbase, 207 3/4 inches overall including bumpers. Body styles are: Three-passenger coupe, six passenger club coupe, six passenger luxury brougham (2-door), six passenger sedan, six-passenger town sedan, eight-passenger sedan and eight-passenger sedan-limousine. The eight-passenger models are built on a chassis of 139 1/2 inches overall.

Windsor—same wheelbase and overall length as Royal, but with different upholstery, trim and equipment. Body styles are the same as those listed for the Royal, plus a six-passenger convertible club coupe.

Saratoga—127 1/2 inches wheelbase, 213 3/4 inches overall. Body styles are: three-passenger coupe, six passenger club coupe, six-passenger luxury brougham (2-door), six passenger sedan, six-passenger town sedan.

New Yorker—Same wheelbase and overall length as Saratoga, but with different upholstery, trim and equipment. Body styles are the same, plus a six-passenger convertible club coupe.

Crown Imperial—45 1/2 inches wheelbase, 231 3/8 inches overall. Body styles are: Six passenger sedan, eight-passenger sedan, eight-passenger sedan-limousine.

Town and Country (station wagon)—Same chassis as Windsor, with Fluid Drive and Vacamatic transmission standard. Body styles are six-passenger and nine-passenger, the latter having auxiliary seat holding three persons. These cars are available in green, red or tan leather upholstery with onyx plastics.

Mrs. Velma Stewart has returned from an extended visit in California. She visited at Bishop in the mountains, Tismo Beach, Los Angeles, and spent most of the time near Taft. She also made a trip to Yosemite Park.

Drilling Permits In West Texas Area Show Sharp Increase

Drilling permits in West Texas for the first nine months of 1941 exceeded by 46 the number filed during the entire year of 1940, according to statistics compiled by the Midland proration office, District 8 of the Texas Railroad Commission, oil and gas division.

A total of 1,927 new locations was recorded for the period ending Sept. 30 as against 1,881 during all of 1940.

Oil men attribute the sharp increase largely to the desire of operators to get in "under the wire" before the curtailment of field well or "inside" drilling threatened by Harold L. Ickes, federal petroleum coordinator.

The rise in drilling operations also is due, particularly in the West Texas area, to the heavy volume of activity in the Slaughter field of Cochran, Hockley and Terry counties. The tri-county pool is second in size in the State only to the East Texas field. Two hundred and twenty locations for wells were staked in the Slaughter field in three months ending Sept. 30 and no letup in drilling is in sight.

Search New England Woodlands For Girl

CONWAY, N. H. (AP)—For the second time within a decade, these picturesque mountain woodlands held Saturday night the secret of the disappearance of a little girl.

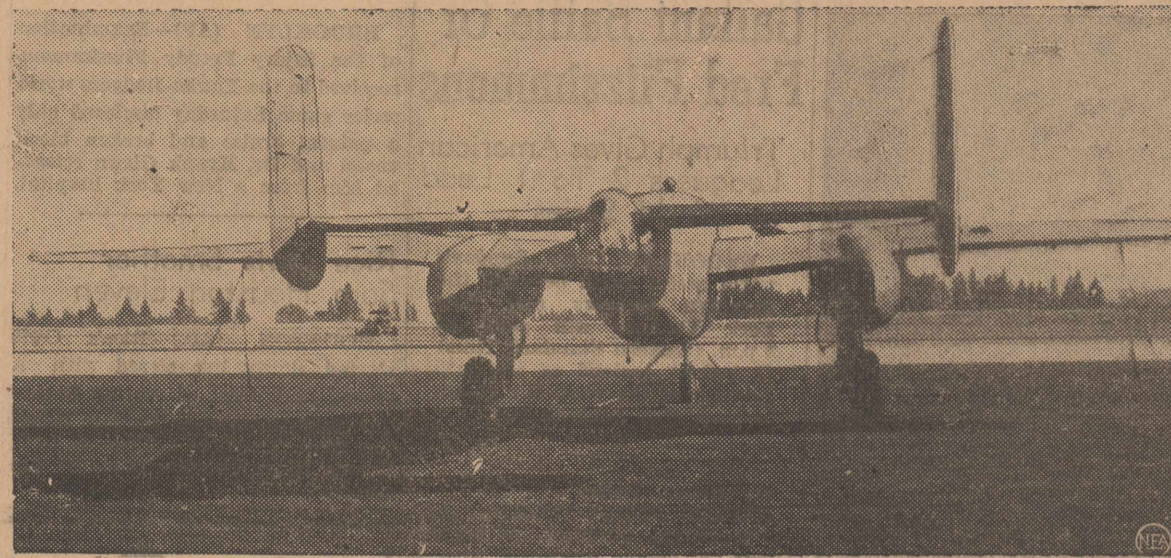

New England's greatest mass search developed in the hunt for five-year-old Pamela Hollingsworth, who vanished last Sunday just a few miles from where Sarah Walker, who was only two, dropped from sight on May Day of 1933. She never was found.

Six days' constant scanning of terrain, probing of marshes, and beating of thickets failed to yield a conclusive clue to the whereabouts of Pamela, who wandered from a family picnic in the foothills of the White Mountains.

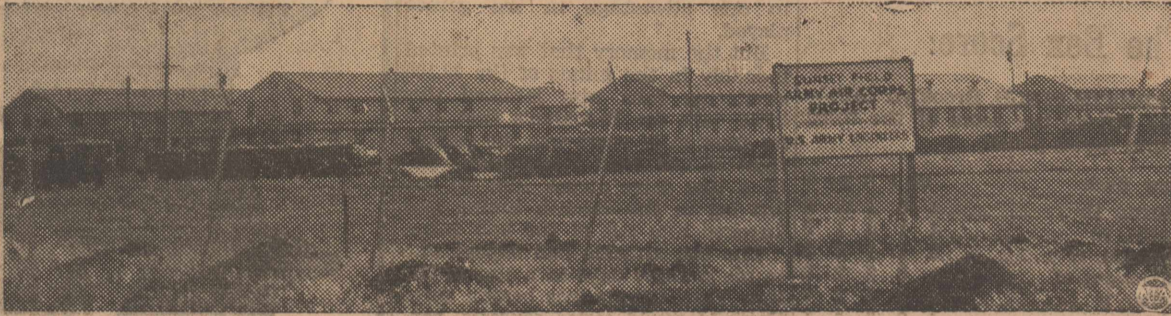

ARCHITECTS ELECT CLARKSON PRESIDENT

DALLAS (AP)—The Texas Society of Architects ended its convention Saturday, having elected officers and chosen Beaumont as next year's gathering place. Wyley G. Clarkson of Fort Worth was elected president, succeeding George Dahl of Dallas.

Spokane Field To Serve As Key Point For Alaska-Bound Planes

Construction on the Army's new air base in Spokane has been rapid—but not rapid enough to keep up with the Army, which is already using the uncompleted field. Above, a B-25 bomber stands on a section of the 20 miles of runways as a bulldozer levels field in background.

Situated in a strategic "natural citadel," Spokane's new Geiger Field, headquarters of the Second Air Force, will house and serve 6000 men in 107 buildings, some of which are shown above.

By Jack Gamble
NEA Service Staff Correspondent

SPOKANE, Wash.—Uncle Sam is shelling out 5,000,000 of his national defense dollars to build a wayside "service station" for Army plane traffic between the United States and Alaska. The new air base—one of the Pacific Coast's biggest—is Geiger Field, at Spokane, headquarters for the Army's Second Air Force. It is less than 1000 miles from Juneau via the sheltered inland route. Flying fortresses based here are only four hours from San Francisco, eight from Sitka or Kodiak, Alaska, and eleven from Siberia.

When Geiger Field is finished it will have a total garrison of 6000 officers and men, housed and served in 107 buildings. There will be 37 barracks for bachelor officers and men. Married personnel will live in the four-room homes of a nearby \$700,000 housing project.

SUPER-AIRPORT FOR "NATURAL CITADEL"

Typical of the 300 airports the WPA is constructing or improving, Geiger Field was dreamed up back in 1938 as a super-airport for

Blimp Will Fly To Rescue Texan

AKRON, O. (AP)—The blimp "Reliance" was ordered to take off at dawn Sunday for an attempt to rescue parachutist George Hopkins, San Antonio, marooned atop Devils Tower near Sundance, Wyo. Because there are no landing fields en route for the 123,000 cubic foot blimp, it will be accompanied by a 12-man ground crew in a bus with a portable mooring mast.

SUNDANCE, Wyo. (AP)—Expert mountain climbers will attempt Sunday to bring George Hopkins off his lofty roost atop the Devils Tower National Monument—where he has been marooned four days—and if that fails he may be rescued by a blimp.

The Omaha World-Herald said in a copyrighted story it has arranged with the Goodyear Tire and Rubber Company at Akron, Ohio, to send a blimp to bring the adventurous aviator off the top of the rock tower, where he landed by parachute Wednesday to win a bet.

J. F. Joyner, superintendent of the monument, said he had been advised that the blimp rescue attempt could not be attempted until Thursday. Plans for a rescue by climbers would not be abandoned, he said.

Spokane, center of northwest aviation

Located in a "natural citadel of defense" between the Rockies and the coastal Cascades, some 300 miles from the Pacific, the field won quick favor with the War Department and was rated "type four" (the highest) by the CAA. In less than a year, 1280 acres or once-rich farming, sage and squirrel land have been leveled, paved and built up with barracks, mess halls, bomb magazines and other operations structures. Bombers, B-17's and B-25's, are already using its broad runways and spacious hangar.

Twenty miles of runways will criss-cross the field when completed, to permit multiple landings of all types of planes—including the B-19—from any direction. Each runway will be a mile or more long, and wide as a football field, with a 150-foot paved center strip, flanked by 75-foot oil and 50-foot gravel shoulders.

Landings and instrument flights are unhampered, for tallest structure in a two-mile radius is the field's own radio tower, located some distance away. A single hangar, just completed, will provide storage space for most of the 60-odd planes, 50 per cent bombers, being based at Geiger, as well as a machine shop and field office.

Bombing crews based at Geiger will make night reconnaissance flights to the coast and back and practice their aim on a nearby range with 100-lb sand-filled duds.

Lynn Area Northwest Of Cooper Pool In Lea County, N. M. Gets Test In Western Gas Company No. 1 Combust

HOBBS, N. M.—Lea County, N. M. gained location for a new wildcat test Saturday in Western Gas Company, El Paso, No. 1 Combust in the Lynn (Henry) area northwest of the Cooper pool.

No. 1 Combust, located 1,980 feet from the north and 680 from the east line of section 35-23-36e, lies one and one-half miles east of near-catch producers in the Lynn area and two and one-quarter miles west by southwest of production in the Skelly area.

Western Gas is starting two additional tests, one in the Skelly and the other in the Mattox area of Lea. Its No. 1 Duthie, in the Skelly area, has been staked 660 feet from the north and 1,980 from the east line of section 19-23s-37e. No. 1 Bates, 660 feet out of the northwest corner of section 13-24s-37e, is a new operation for the Mattox area.

Running Casing
Culbertson & Irwin, Inc., Midland, Texas, No. 1 Wingfield, closely half miles south of the Corbin area in Lea, is running string of casing which will be set at 4,400 feet to exclude upper water. The test has been carrying 3,700 feet of water in the hole. Present total depth of the scheduled 5,000-foot test is 4,465 feet in time. It has shown gas in several horizons and logged showing of gas, with some oil, from 4,435 to 4,437 feet of sufficient volume and pressure to kick tools up the hole and bubble through water.

No. 1 Wingfield is located 660 feet from the north and 1,980 from the west line of section 4-19s-33e.

Failure was recorded by J. F. Brown, Inc. No. 1 State, Lea, wildcat eight miles north by east of the Vacuum field, as it failed to respond favorably to third and fourth stages of acid treatment with 2,000 and 3,000 gallons, respectively. Following the last treatment operator was unable to swab fluid below 700 feet from bottom. The well then was shut down for 20 minutes and water rose 1,450 feet in the tubing.

Two For Eaves
At last reports tubing and packer were being pulled preliminary to abandonment. No. 1 State for a while had indicated limited production. The first two acid jobs were of 1,000 and 3,000 gallons. The well reached a total depth of 5,607 feet and was plugged back to 5,318 feet to shut off bottom-hole sulphur water. Location was in section 4-16s-35e.

Krupp-Flaherty Oil Company completed two producers in the Eaves area of extreme southeastern Lea. The larger, No. 5-B Moberly,

gaged natural flow of 161 barrels of oil in 13 hours through 17/64-inch choke on 2-inch tubing set at 3,304 feet. Location is 660 feet from the south, 1,980 from the west line of section 21-26s-37e.

The firm's No. 4-B Moberly flowed 40 barrels of oil per day through a 15/16-inch choke on 2-inch tubing set at 3,305 feet with packer at 2,805 feet. Located 1,980 feet from the south, 660 from the west line of section 21-26s-37e. It logged top of main pay at 3,120 feet and is bottomed at 3,305 feet in time. The well first was shot with 150 quarts of nitro from 3,220 feet to 3,305 feet and later re-shot with 40 quarts from 3,251 to 3,260 feet.

Maljamar Pool

Argo Oil Corporation No. 3 Burner, at the north edge of the Halfway pool in extreme western Lea, has been completed at 2,618 feet in time for natural yield on pump of 20 barrels of oil hourly. It drilled only three feet of pay lime. Location is in section 9-20s-32e.

On the Lea side of the active Maljamar pool, Paul Love No. 2-B Pearsall, in section 4-18s-32e, flowed 25 barrels of oil in two hours through open 2-inch tubing set at 3,100 feet. Pay was topped at 3,645 feet and hole is bottomed at 3,725 feet in anhydrite and lime. The well was shot with 130 quarts from 3,650 to 3,700 feet.

Also in Lea, Barney Cockburn No. 8-A Pearl Miller, section 23-17s-32e, pumped 42 barrels of oil on 24-hour completion gauge, bottomed at 4,225 feet. It logged first pay at 3,695 feet and was shot with 300 quarts from 4,000 to 4,150 feet.

Outpost Staked
A new operation for the Eddy County side of the Maljamar pool is Emperor Oil Company No. 5-B Puckett, 660 feet from the south and 1,980 from the west line of section 24-17s-31e. It is drilling below 750 feet in salt topped at 745 feet.

As a short southwest outpost to the Lea sector of the pool Carper Drilling Company staked No. 3-B Simon 660 feet out of the north-east corner of section 31-17s-32e.

In the Red Lakes shallow pool of Eddy Otis A. Roberts No. 4 State was completed on pump for natural output of 24 barrels per day, from pay between 452 and 460 feet in lime. It is in the southeast corner of section 24-17s-27e.

The annual appropriation for United States Naval aviation has increased from \$25,000 in 1912 to \$452,320,200 in 1941.

GRANDMOTHER, 75, PUTS TO ROUT AMAZED BURGLAR

CLEVELAND, O. (UP)—Neighbors believe that Mrs. Mary Chvojan, a 75-year-old grandmother, qualifies as an expert on the subject of thug-subduing, or the science of how to handle burglars.

A man entered the room of her granddaughter, Miss Marion Fillous, one night. The 24-year-old girl screamed and her aged grandmother came running. She seized the prowler by the shoulder, spun him around and demanded: "Who are you? What are you doing here?"

Then Mrs. Chvojan started to hit the astonished thief with her fists. He raced for the stairs, but the grandmother continued to hit him as he fled to the first floor and out the window he had entered.

Hawaii was a republic from 1844 to 1898.

Tuberculosis Clinic To Open In Midland

A tuberculosis clinic, sponsored by the Midland-Ector counties health unit and the State Department of Health, will open here Monday.

One hundred and fifty X-rays will be taken of Midland County persons whose case histories were obtained by nurses of the Midland unit.

The clinic will last until noon Tuesday. Then it will move to Odessa.

California's Shasta dam, one of the largest ever built, will contain 6,000,000 cubic yards of concrete.

We, the Women

By Ruth Millett
These are things that sooner or later every woman discovers about men. And the sooner the better—for the woman, if she's seventy before she knows this much about men, the knowledge won't come in very handy. Until then—it will.

Only an exceptionally attractive woman can afford to let a man know right away that she is impressed with him. If a woman is attractive enough, that knowledge is stimulating to a man. If she is just so-so it scares him to death.

The way for a woman to overcome jealousy is to strive, not to have confidence in a certain man, but to have confidence in herself.

No amount of love for one woman will blind a man's eyes to beauty in other women.

No man enjoys hearing a woman discuss her weight, her new permanent, her health, or an old beau.

Any man gets more of a thrill out of dialing a girl's telephone number than having her dial his.

Any man would rather be called by his rightful name (even if it's Elmer) when there are other people present than by any cute pet name, no matter how original.

A man can be trained to say "our car"—but he can't be made to think in any terms but "my car."

A man may laugh as hard as any woman present at the devastating remarks of a cattily clever woman—but he will not bother to find out her telephone number.

Men expect certain "weaknesses" in women and resent the absence of them. For instance, a woman is expected to think there is something sweet about all babies (even when they are funny-looking to a man); to be disturbed over the troubles of others—no matter how obviously they courted disaster; and to set great store by anniversaries—especially the ones a man occasionally forgets.

Once a woman has laughed at a gift a man chose for her, he will never again really enjoy giving her a present.

A comfortable chair, a good reading light, and handy ash trays will do more to keep a married man at home than any amount of money and time his wife might spend at beauty salons to keep her face and her figure.

If a girl knew all that at twenty, the next ten years of her life would not be so hectic. But no girl does.

Personals

J. W. Lemley has returned from a business trip to Houston and Fort Worth. He also visited his daughter, Miss Louise Lemley who is attending TSCW at Denton.

Mrs. J. H. Williamson was sent as a delegate to the district convention of the Woodmen Circle at Fort Stockton, Saturday.

Mr. and Mrs. F. F. Winger are here from Houston. They formerly lived here.

James Kerr, member of the high school band, is spending the weekend with his aunt, Mrs. Sam Mims, and cousins, Miss Vera Mims, in San Angelo.

Mr. and Mrs. J. J. Hamlett will leave Sunday for Lubbock where they will spend some time with their daughter.

Mr. and Mrs. S. B. Roach are leaving this weekend on a vacation trip to California.

And then!

DESIGNED TO LEAD IN STYLING
Chevrolet alone of all low-priced cars has new "Leader Line" Styling, distinctive new "Door-Action" Fenders and Body by Fisher With No Draft Ventilation.

DESIGNED TO LEAD IN PERFORMANCE
Chevrolet alone combines a powerful, thoroughly proved Valve-in-Head "Victory" Engine, Safe-T-Special Hydraulic Brakes, Unitized Knee-Action Ride, and Extra-Easy Vacuum-Power Shift at no extra cost.

DESIGNED TO LEAD IN ECONOMY
Chevrolet is the most economical of all the largest-selling low-priced cars from the all-round standpoint of gas, oil and upkeep.

Four Quick Singies Give Yankees Victory

Football Upsets Claim Three Grid Teams But Duke, Notre Dame, Tulane Texas And Navy Show Great Promise

NEW YORK (AP)—Alabama, Georgetown and Wisconsin all suffered unexpected defeat Saturday as the football machines of Duke, Texas, Navy, Tulane and Notre Dame gave new demonstrations of all-around class and Fordham's highly-touted Rams barely got past their first test.

Duke, clashing with Tennessee in the day's most important engagement, crushed the Volunteers, 19-0, with a great display of alert foot-

ball and will be favored to whip through the rest of their schedule unbeaten. Handing Tennessee its first regular season defeat in 35 successive games, Duke took advantage of all its scoring opportunities in the first half and then settled back to hold the Vols safely in check.

Texas, looking more and more like one of the country's greatest arrays, buried Louisiana State under a 34-0 count as Pete Layden and Jack Crain led the way. Navy, meeting what supposedly was to be a stern test in dark-horse West Virginia, turned on the heat in the second half, scored 33 points and crushed the Mountaineers, 40-0. Following hard up its rout of Boston College a week ago, Tulane's Green Wave, apparently certain to be a major factor in the Southeastern Conference race, had no trouble with Auburn's Plainsmen and won, 32-0. Dippy Evans scored all three touchdowns for Notre Dame as the Irish stopped Bo McMillin's Indiana outfit, 19-6.

Alabama, picked by many to run 1-2-3 in the Southeastern Conference, never could get going against Mississippi State's green eleven and fell 14-0. Georgetown, which had whipped Mississippi in an upset a week ago, was in turn spilled in sensational fashion by Virginia Tech, 3-0. Wisconsin, rated well up in early season forecasts, took a frightful 28-7 beating from Marquette, making its first start under its new coach, Tom Stidham.

Fordham had to come from behind to beat Southern Methodist's Mustangs, 16-10, and start the season off on the right foot.

Speed And Passing Win For Texas A&M

SAN ANTONIO, (AP)—Combining blinding speed with a sure-fire passing attack, Texas A&M, bombarded the Texas A&I, Javelinas into submission, 41 to 0, in a non-conference football game in Alamo Stadium Saturday night before 16,955 cash customers.

The defending Southwest Conference champions registered only seven points the first half but turned loose their aerial might the second half to make the issue a run-away.

DUKE'S BLUE DEVILS DEFEAT TENNESSEE

DURHAM, N. C. (AP)—Duke's mighty Blue Devils hammered another nail in their platform for a post-season bowl bid Saturday, beating Tennessee 19-0 for the first time since 1935. Major Bob Neyland, former Tennessee coach, was in the stands as a homecoming through of 45,000 witnessed the game.

TOM KUZMA SCORES TO GIVE MICHIGAN VICTORY

ANN ARBOR, Mich. (AP)—Sophomore Tom Kuzma came through again Saturday for Michigan, scoring the lone touchdown as the Wolverines triumphed over Iowa's Hawkeyes 6 to 0 in a misty drizzle.

HOWARD PAYNE IS HELD TO TIE BY TEACHERS

COMMERCE, (AP)—In one of the toughest football games ever seen here, the East Texas State Teachers battled the Howard Payne Yellowjackets to a 7-7 tie on a rain-soaked field Saturday night. Both teams remain undefeated.

Wheeler Almost Gets Away

Robert Wheeler, the passer of Midland's aerial circus, took to running Friday night against San Angelo. The 165-pound Bulldog backfielder (number 10) is about to be tackled by Hughes (number 92), Bobcat guard.

Rams Come From Behind To Beat Mustangs 16-10

By Bill York

NEW YORK (AP)—Fordham's football veterans recovered a game which one of its star spangled sophomores almost lost Saturday.

With passes by Steve Filipowicz to Blakie Blumenstock and a 28-yard field goal by Steve Hudacek—all Cotton Bowl campaigners—the Rams came from behind to shade Southern Methodist, 16 to 10, before a crowd of 28,500 which almost fell asleep through the first three quarters, but never got a chance to sit down through the last one.

In the first half of that final period, the Texas Mustangs tied the score at 7-7 on a 49 yard forward passing play, and then took a 10-7 lead on Joe Pasqua's 44 yard field goal which was set up on a fumble by Benny (the fabulous) Babula, the Rams sophomore fullback.

But in the last eight minutes Filipowicz' long, accurate passes first brought the Rams a 10-10 tie on Judacek's placement, and then lifted them in front for good. With 39 seconds to go, the fireplug fullback from Kulpmont, Pa., dropped back and let fly another pitch. Blumenstock cut in behind the SMU left halfback, roped the ball in on the four yard line and went over for a scoring play that covered 36 yards.

It was, perhaps, poetic justice that gave the Rams a chance for that winning touchdown. On the kickoff after Hudacek's field goal, Dick Miller, SMU rabbit back fumbled the ball forward and toward the sideline. As it spun wildly over the chalk stripe, it appeared from the sidelines that a Fordham man had touched it just before it went out.

But the officials played it as an out of bounds kickoff, and gave the ball to SMU on its 35. On the first play Miller fumbled again; Steve Kovach, Fordham's sub center, recovered on the Mustang 45 and, with the help of a defense holding penalty on SMU, the Rams scored three plays later.

The statistics were all Fordham, with 12 first downs to five and a total of 484 yards rushing and passing to the Mustangs 185.

But in the last eight minutes Filipowicz' long, accurate passes first brought the Rams a 10-10 tie on Judacek's placement, and then lifted them in front for good. With 39 seconds to go, the fireplug fullback from Kulpmont, Pa., dropped back and let fly another pitch. Line Drive Ends Gallant Battle Of Fred Fitzsimmons

Triumph Gives American Leaguers 2 To 1 Lead In World Series

BROOKLYN, (AP)—Sunday's world series game between the Brooklyn Dodgers and New York Yankees will start at 2 p.m. (Eastern Standard Time) (1 P.C.S.) instead of the 1:30 getaway of the week-day games because of a Sabbath law.

By Judson Bailey
 EBBETS FIELD, Brooklyn (AP)—Masterful pitching by Marcus Russo a young southpaw with a sick stomach, and four quick singies in the eighth inning brought the New York Yankees a 2 to 1 triumph over the Brooklyn Dodgers Saturday and gave the Yanks a two to one advantage in the games played.

But the memory that was printed indelibly in the minds of the 33,100 sweltering fans who jammed this little park for Brooklyn's first series show in 21 years was the gallant fight of Old Fred Fitzsimmons until a line drive struck him on the left leg in the seventh inning and knocked him out of the ball game.

The fat, knuckle ball expert who in his younger days as a star of the New York Giants was beaten three times in world series contests, battled beautifully in a scoreless hurling duel that kept every fan in suspense while it lasted and brought them to their feet cheering time after time.

Then with two out in the seventh, Russo ripped off a vicious line drive that struck top heavy Old Fritz in the air above the left knee and bounced high in the air. Pee Wee Reese caught the ball to end the inning, but Fitzsimmons had to be helped off the field and later was taken to a hospital for X-rays to determine whether the kneecap might have been broken.

Bunch Four Singies
 His removal let down the dykes to the power of the Yankees and after Johnny Sturn had fled out to open the eighth against relief pitcher Hugh Casey, Red Rolfe, Tom Henrich, Joe DiMaggio and Charley Keller blasted four consecutive singies for two runs.

Larry French, Brooklyn's only lefthander, then came in to make Bill Dickey ground into a double play and Johnny Allen pitched hitless ball in the final frame.

The Dodgers tried to recover the lost ground in their half of the eighth when Dixie Walker led off with a double in right center; Russo put his thumb down on the next two batters, throwing out Mickey Owen and striking out pinchhitter Augie Galan, but Reese shot a sizzling single into the rightfield corner to score Walker.

Then Russo made Pete Coscarart pop up in the infield and the Dodgers' chance expired.

 Brooklyn.....000 000 010—1
 Errors, none. Runs batted in, DiMaggio, Keller, Reese. Two base hits, Reiser, Walker. Three base hit, Gordon. Stolen bases, Rizzuto, Sturn. Double plays, Ruzzuto and Sturn; Reese and Camilli. Earned runs, New York 2, Brooklyn 1. Left on bases, New York 7, Brooklyn 4. Bases on balls, off Russo 2 (Gerrman, Lavagetto); off Fitzsimmons 3 (Rizzuto, Henrich, Gordon). Struck out, by Fitzsimmons 1 (Russo). By Russo 5 (Camilli 2, Medwick, Galan, Reiser). Pitching summary, 4 hits and no runs off Fitzsimmons in 7 innings; off Casey 4 hits and 2 runs in 1/3 inning; no hits and no runs off French in 2/3 inning; no hits and no runs off Allen in 1/3 inning. Losing pitcher, Casey. Umpires, Criss (AL) plate; Goetz (NL) 1b; McGowan (AL) 2b; Pinelli (NL) 3b. Time 2:22. Attendance 33,100.

Fitzsimmons Injury Is Not Serious

BROOKLYN (AP)—Examination of the injury Freddy Fitzsimmons received in the Yanks-Dodgers world series game Saturday disclosed only a painful bruise and broken blood vessel and Dr. Krank Glenn released him from a New York hospital.

Rice Owls Smother Sam Houston Eleven

HOUSTON, (AP)—Rice's Owls started slowly but closed with a second-half burst of scoring Saturday night to smother the Sam Houston State Teachers College 42 to 0. It was Rice's opening game of the season.

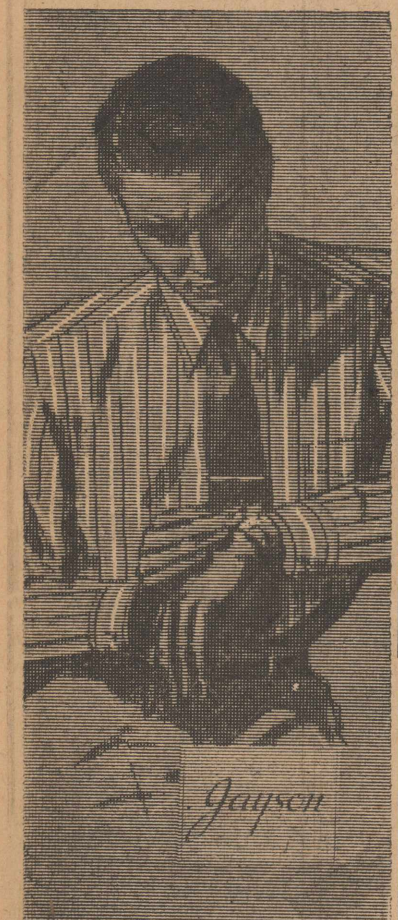

WEST TEXAS TEACHERS BEAT ARIZONA BULLDOGS

TEMPE, Ariz. (AP)—An under-rated West Texas Teachers College football team made its Border Conference debut Saturday night by upsetting the Arizona State Teachers College Bulldogs, 1940 champions, 13 to 7, before 4,500 spectators.

Ben Collins, 156-pound halfback, sparked the Buffalo attack, scoring the first touchdown and setting up the second with a spectacular line-plunging exhibition.

NEW MEXICO BEAT TEXAS MINES 16-14

ALBUQUERQUE, N. M. (AP)—A clicking aerial attack and deception overcame power Saturday night as New Mexico University defeated the Texas Miners, 16 to 14, for their second straight Border Conference victory.

TCU Horned Frogs Gain 9 To 0 Win Over Razorbacks

FAYETTEVILLE, Ark. (AP)—Texas Christian had everything especially defense in Razorback Stadium Saturday as the Horned Frogs gained a well earned 9 to 0 victory over the University of Arkansas Razorbacks in the opening Southwest Conference football game here before 6,000 rain-drenched fans.

The Frogs took advantage of the wind to score twice, once in the second period when Frog end Phil Roach leaped above the Porkers' small back, Max Salling, to grab a 31-yard touchdown pass from Kyle Gillespie, who looked like shades of Sammy Baugh and Davey O'Brien, TCU greats of other years. The aerial climaxed a 45 yard drive.

In the third quarter, the Porker line momentarily held the Frogs on the Arkansas 14 and substitute back Frank Medanich place-kicked directly between the uprights with substitute Dean Bagley holding the ball, which was placed down on the 23.

Other Threats
 The Frogs threatened the Porkers' goal line on several other occasions and had what looked like a 15-yard touchdown run by back Nolan Sparks called back in the third period when a teammate was offside. Later in the same quarter, Bagley rifled an aerial to Roach for a 14-yard gain to Arkansas' three but another offside set the Frogs back to the 19.

Arkansas failed to cash in on their only scoring opportunity early in the first quarter, when the Porkers got the ball on the TCU 32 after a Frog fumble and a short punt against a stiff wind. Gillespie intercepted a Porker aerial by Robert (Chick) Forte at this point.

STANFORD INDIANS BEAT UCLA BRUINS 33 TO 0

PALO ALTO, Calif. (AP)—Stanford's Indians crushed the University of California of Los Angeles Bruins, 33 to 0, in their annual Pacific Coast Conference football game here Saturday before an estimated 35,000 fans.

Bobcats Defeat Bulldogs In District Tilt

Midland Aerialists Score First And Threaten From 14-Yard-Line As Game Ends; Chase Shines For San Angelo

By Tanner Laine
 SAN ANGELO, Bobcat Stadium, (Special)—Midland high, coached by Earle Clark of the Davey O'Brien era at TCU, threw passes all over the lot, scored first and were shooting aerials from the Bobcat's 14-yard line at the gun, but San Angelo, led by Dale Chase behind convoy-blocking, defeated the Bulldogs, 13-6, here Friday night in a District 3-AA melee.

The Bulldogs drew first blood after a scoreless first half. Midway of the third quarter Robert Wheeler tossed a 25-yard pass to Charlie Kelly in the "coffin corner," who fell over the double-stripe for the touch. Wheeler's kick for extra point was wide.

San Angelo retaliated quickly in the fourth. Chase, Keys and Barker worked ground sweepers to the 33-yard line and Chase pitched an aerial to Jones on the 12-yard line as the third stanza ended. On the first play of the fourth, Chase ran wide to the left and cut back for a touchdown. Chase swept the right flank for the extra point.

Barker made the second Angelo touchdown from two yards away after in the fourth. A bad pass from center on fourth down sent Wheeler scurrying behind the goal line and he attempted to pass it out. San Angelo took over on the 23-yard line and Chase and Barker barged to the 2 on alternate power thrusts. Then Barker sneaked it over on another play. Chase's conversion kick was wide.

Bobcats In Running
 Midland received and on the kickoff Wheeler almost got away for a touchdown. Jaramillo, sub end, dragged him down after a return of 40 yards. Less than two minutes remained and Midland chucked it full of tingling pass plays. A shot to Foster was complete for five, another to Watson was complete for five more, and a first on the 14-yard line. Still another was complete to Foster for three. Little Billy Richards, sent in for the play, could not get to a heave over the goal-line as the gun sounded.

For the third time this season Midland's aerial game bowed to an opponent's ground power. The victory was San Angelo's first over Midland in District 3-AA competition and puts the Bobcats in the title running.

The Bulldogs could not solve Chase's and sweeps and he consistently broke into the secondary for long gains, accounting for much of the yardage rolled up by the Bobcats. Neither could the Angelenos stop Midland's passes. The Bulldogs' ground game was nil and recorded a net loss of 14 yards in 14 plays. San Angelo got 273 net yards from scrimmage. On the passing ledger, Midland completed 19 of 39 for 126 yards.

Game at a glance:

Midland	San Angelo
9 First Downs	16
-14 Yds. Rushing (net)	273
126 Yds. Passing	43
19 of 39 Passes Complete	3 of 10
6 for 39 Punts (average)	2 for 48
2 for 20 Penalties	5 for 25
3 Fumbles	5
2 Fumbles Recovered	1

Score by periods:

Midland	0	0	6	0
San Angelo	0	0	0	13

The starting lineups:

Midland	San Angelo
Davidson	le Jones
Sevier	lt Carle
Lefwich	lg Hughes

Kelly Scores After Catching Pass

Charlie Kelly (number 20) made a super-catch of Wheeler's 25-yard pass and dragged a Bobcat tackler over for six points for Midland in the third quarter of Friday night's game at San Angelo. It was the first score of the game. Chase (left), San Angelo safety man is coming in too late to get in the play.

Junior Coaches Name Sixty On Working Squad

Coach L. M. Freels and his assistant, Earl Killough, have pruned the 1941 junior high Bulldog grid candidates to a working squad of 60 and daily are building Bulldogs. More than 110 boys reported the first day.

Teams have been formed and the first eleven is Bobby Boothe, Corbie D. Friday, right end; George Woody, right tackle; Troy Ethridge, Marvin (Blackie) Hoeckendorf, right guard; Ula Tisdale, center; J. E. Binyon, left tackle; Betsy Vertrees, left guard; Bernice Lee Aston, Jimmie Edwards, left end; Wilbur Yeager, quarterback; John Robert Norris, fullback; M. L. Alexander, right halfback; and Jack Frye, left halfback.

The second team: Bobby Drake, right end; Maurice Bird, right tackle; James Frye, right guard; Harold Tisdale, center; Richard Ferguson, left guard; Charles Hunter, left tackle; Bert Lee Johnson, left end; Bill Nolen, quarterback; Billy Henshaw, fullback; and John Foster, right halfback; and John Foster, left halfback.

Cub team "A" includes: Charles Ruckman, right end; Jimmie Green, right tackle; B.H. Spaw, right guard; Harold Harkins, center; Robert Hunter, left guard; W. C. Oney, left tackle; Billy Jensen, left end; Eddie Clark, right halfback; Donald Droleman, left halfback; Gilbert Sevier, fullback; and Richard Clark, quarterback.

Cub "B" team is composed of: Clarence Farris, right end; Wayne Long, right tackle; Dickey Jackson, Wayne Long, right guard; Bobby Horne, center; Bobby Rountree, left guard; Bennie Bird, left tackle; Clarence (Colton) Hardin, left end; B. M. White, fullback; Rudy Foster, quarterback; Jimmie Allison, Harold Barber, Barry Boone, and Jimmy Armstrong, halfback.

WINK 26 CRANE 7
 CRANE (SO)—Wink's Wildcats scored in every quarter of a District 7-A game against the Golden Cranes on the local field Friday night, winning by a score of 26-7. Crane's aerial attack netted a single touchdown in the third quarter, but was no match for the powerful ground plays of the Wildcats.

Crane scored in the third quarter on a pass from Pettit to Langford, who ran 16 yards for the touchdown.

MCCAMEY 34 RANKIN 6
 MCCAMEY (SO)—The battling Badgers gave the home folks a thrill Friday night, thumping the class B Rankin eleven 34 to 6 in the "Battle of Upton County."

MONAHANS 7 FORT STOCKTON 6
 FORT STOCKTON (SO)—The more powerful Monahans gridders eked out a 7 to 6 victory over Fort Stockton here Friday night in the first District 7-A game for the locals.

Blackie Hamilton went over from the five-yard line for the Monahans score in the fourth quarter and Bill Andrews converted.

Grandfalls Defeats Andrews Grid Team
 GRANDFALLS (SO)—Grandfalls High rolled to a 46-6 victory over Andrews here Friday night in a District skirmish.

Texas Longhorns Display Power In Victory Over LSU

By Bill Keys
 AUSTIN (AP)—The Orange wave of the University of Texas, which threatens to engulf six other members of the Southwest Conference, showed its vast power Saturday by rolling over a gallant Louisiana State University eleven 34-0 before 19,000 fans.

Despite rain and mud, the Steers, reaching deep into their reserve strength to conserve regulars, humbled the Tigers with a brilliant ground and air attack.

Coach Dana X Bible's second and third stringers performed most of the time but first stringers were in long enough to put the game on ice.

Seven minutes after the kickoff, bounding Pete Layden, Steer fullback, alternated with fleet Jack Crain to work the ball from the LSU 40 to the 7 and Layden dashed over. Malcolm Kutner blocked Gerald Hightower's punt to set up the initial Longhorn score.

Attack Has Precision
 After that it was the Steers all the way, blocking, kicking, running and passing with precision.

The Tigers never got inside the Texas 30-yard line. They made only three first downs to Texas' 14. The Steers piled up 269 yards by rushing compared with the Tigers' 19 and passed for 113 yards against 29 for LSU.

Layden contributed a second marker and Crain tallied one before the reserves went in to add two more, one by Max Minor and another by Walton Roberts.

Texas scored in every period except the fourth.

NORTHWESTERN BEATS KANSAS STATE 51-3
 EVANSTON, Ill. (AP)—Northwestern University, with several sophomores playing brilliantly, routed Kansas State 51 to 3 Saturday before 40,000 spectators in Dyché Stadium.

NEBRASKA CORNHUSKERS BEAT IOWA STATE
 AMES, Ia. (AP)—Nebraska, 1941 Rose Bowl team, opened the campaign in defense of its Big Six Conference title Saturday by defeating Iowa State, 14 to 0, on a slippery field.

Tulane beats Auburn by score of 32-0.

NEW ORLEANS (AP)—Tulane's powerhouse, outweighing Auburn's Plainsmen 20 pounds to the man, made the twenty-third meeting of the two teams a 32-0 rout Saturday before 35,000 spectators in perfect, warm weather.

Midland Polo Team Invades Big Spring
 Jay Floyd and his hard riding Midland polo teammates, Clarence Scharbauer, Jr., John Dublin, Jr., and Eric Barron, will invade Big Spring Sunday for a match at 2:30 p. m., on a field near the airport there.

Midland nosed out Big Spring in an early season match here.

Dr. M. H. Bennett, Lewis Rix, Spencer Barron, and Lloyd Wasson, compose the Big Spring four. Gus White, Jr. of Lamesa, who usually plays with Big Spring, passed up polo for football.

His father, Gus White, Sr., another Lamesa player, who sometimes plays with Big Spring, could not play in the Sunday match.

IF YOU'RE LOOKING FOR CUSTOM LUXURY...
 SEE THESE HAND-NEEDED EDGE IDEAS BY **Varsity-Town**

Everyone has a flock of bouquets to pass around on these suits. We'll toss a few to the craftsmen whose expert fingers hand-stitched the edges of the coats . . . to Varsity-Town stylists who designed the longer jackets with low-pitched pockets . . . and to the woolen artists who picked just the right fabrics. But the final repeat rave must be held for those geniuses who sharpened their pencils enough to put these de luxe custom suits in the popular priced field. Take a look . . . listen to the price (you'll hardly believe it) . . . then head right his way for a hand-needled edge Varsity-Town.

District 3-AA Teams Start Real Fireworks This Week; Clark Club To Play Favored Mustang Eleven

Pre-conference play is over in District 3-AA and all eight clubs are scheduled Friday night in games that count.

Midland high, loser to San Angelo 6-13 Friday, must face the strongest eleven in the conference, the Sweetwater Mustangs, idle last week. In the game set at 8 p. m. at Lackey Field, it will be Midland's passing against a well-balanced aggregation which has powered over three non-conference foes. The Bulldogs have dropped two non-conference and one conference game.

Abilene's hot and cold Eagles invade Lamesa. Last week the Tornados whipped Odessa while Abilene was losing to Breckenridge. One comparison is available—Abilene beat Plainview, which spanked Lamesa.

Big Spring Steers, held to a 13-13 deadlock by the new member of the district, Colorado City, journey to Odessa and may find the Broncos tough after their loss to Lamesa.

San Angelo is expected to be forced to the limit against Colorado City there.

SAN ANGELO 13 MIDLAND 6

SAN ANGELO (Special)—Midland high's "aerial circus" scored first and had San Angelo reeling at the gun here Friday night, but the Bobcats, led by Dale Chase, surged ahead on the ground to win 13-6 in an evenly matched District 3-AA conference tilt.

Johnson To Be Court Mentor
 Coach Dewey Johnson will tutor the 1941-42 Midland high school basketball team, relieving Head Coach Earle Clark of the duties.

Supt. George A. Heath announced Johnson as basketball coach.

Johnson, captain of the West Texas State Buffaloes while a college basketball, already has begun teaching the game to students.

One letterman, Charlie Kelly, returns to the maple-court sport this season. Several squadmen including Ivan Hall, Buddy Davidson, Jack Noyes, Billy Richards, H. G. Bedford, and others later will report for the team.

Abilene Christian Beats McMurry 20-6
 ABILENE (AP)—Abilene Christian College whipped McMurry College, its hometown rival, 20 to 6, Saturday, in a football tussle highlighted by a trick play which accounted for the first ACG touchdown.

The Christians used a sleeper play and caught McMurry napping. Fullback Mooney swung wide to the left and took a lateral pass which he carried 21 yards to a score.

The game was the Texas conference opener for both teams.

SERIAL STORY

MURDER IN PARADISE

BY MARGUERITE GAHAGAN

COPYRIGHT, 1941, NEA SERVICE, INC.

CHAPTER I

FEELING the frosty glass under my hands and the luxury of those elegant chairs into which one can sink low and still look graceful, I was all prepared for a chatty half hour with the girls, catching up on the gossip and news now that I was no longer with them. I remembered how much a half hour like that means to a school teacher at the end of a hard week tussling with high school sophomores who don't care if Shakespeare wrote plays or carried a football.

But I never did drink that tall, cold concoction with all the pleasure I anticipated.

I suppose memories of Paradise Lake and fresh mint will always affect me that way. And the sound of Finn McCool, Maudie's black, button-eyed Scottie, thumping the floor will always cause the hair to stand up on the back of my neck.

Paradise Lake was supposed to be quiet. We had the assurance of dozens of friends who had gone there during the past 20 years and who took pride in the fact that dance halls, hot dog stands, and juke boxes had no place there.

Maudie is our mother and we three are her children. At least she still calls us children, although looking at that touch of gray over my left ear, I can't rightly say that any one of us is in the adolescent stage. The boys—Thomas and William—started out as newspapermen, following in the steps of our late father, James O'Connor. But then William went into advertising and Thomas into promotion. And I, Mary, was nothing more interesting than a teacher who, when vacation finally arrived, felt the need of a rest.

Maudie probably would have preferred a livelier place than Paradise Lake because Maudie, while she can look like a Park Avenue dowager when her white hair is curled and she's sporting one of those exclusive little numbers that manage to give lines to an 180-pound chassis, is really the problem child of the family. Maudie likes people—any kind of people, and excitement in big swallows.

I taught Lit. I in school and my knowledge of nature was out of Shelley and Wordsworth and not from experience, so that the first week of going back to the soil was enough to keep me occupied.

WHEN I finally emerged from my seven-day coma, I looked around to see how Maudie was standing the quiet. She had been very firm on our arrival as to her intention to reduce.

"Salads, liquids, and rowing will do it," she said. "And for you I'll fix another menu with Jersey milk, and home-made bread and pies and cakes, and real country butter."

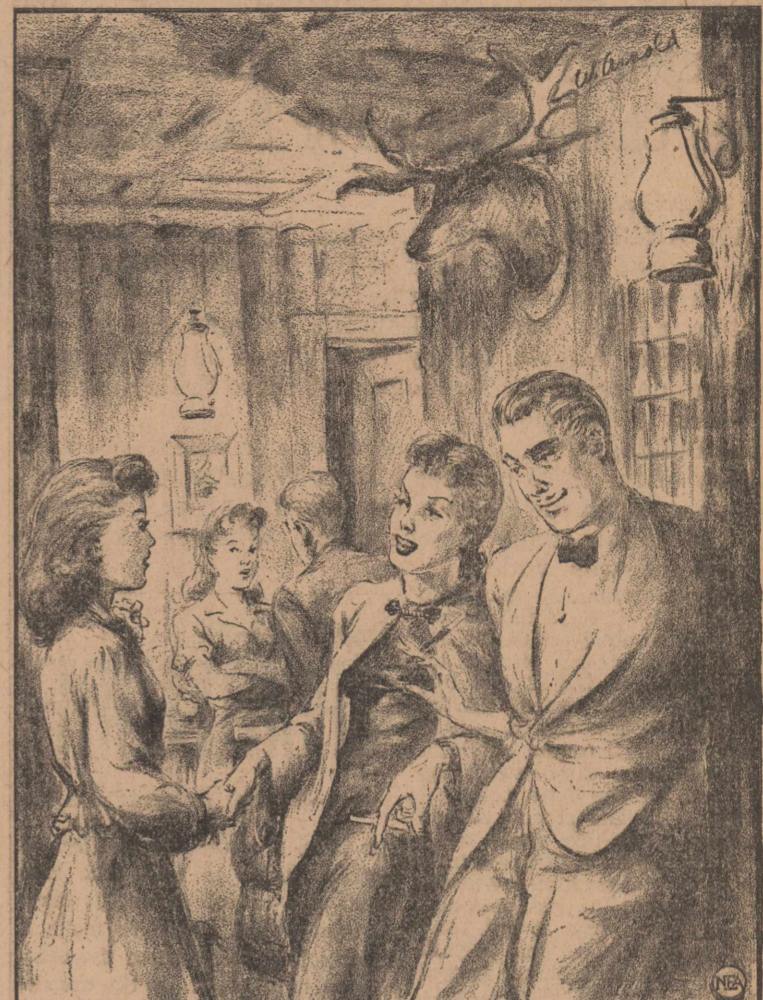

"You've been getting around." "Well, everyone gets acquainted quickly at a place like this. I went to the inn for the mail and we chatted a bit. His name's Chris Gordon and he's been here for years. A native I guess you'd call him. But not a farmer, definitely. And then Miss Morris told me about the bread woman, too."

"Oh, you've met her?" "Yes, and so she would. She'd be a lesson in what not to become. She's a spinster."

I let that left-handed compliment go by.

"I bet that pretty niece of hers doesn't have much fun stuck up here with her all summer," she added. "Her name's Jeanie, like Jeanie With the Light Brown Hair, and her eyes are blue. She's young—about 20—and if she doesn't kick over the traces pretty soon Miss Millie will turn her into a tight-lipped old maid."

"It's none of your business and

"To bring her here—that other girl—and flaunt her right under Jeanie's nose... it's cruel!" Maudie said, tears in her eyes. "They were at the inn last night when I was there, and I guess the girls had met before because Jeanie seemed to know Margie."

"Herbert Cord's a fool," I answered. "He's playing with dynamite; probably get his ears pinned back, too." The words were prophetic.

don't go trying to educate the child," I said firmly. Maudie's flair for taking people in hand and for introducing the romantic note is well known to all of us.

"I've no intention of butting in," she said with great dignity, and marched to the kitchen to eat the piece of chocolate cake I had passed by at lunch.

"It's a disgrace," she said that evening after bringing me the papers from the inn. "It's a disgrace the way that man acts. Bringing his fiancée right here under Jeanie Morris' nose."

"All right," I said, "let's have it." Once I'd thought I was in love, and so by the time she had told me the story I was feeling as Maudie felt. Jeanie Morris lived with her aunt, Miss Millie, about a quarter of a mile from us down the lake. Miss Millie had raised Jeanie, and summers were always spent in the big white house off by itself. Probably Miss Millie never intended Jeanie to get too intimate with the summer crowd, but summer folks have a way of nosing in where they're often not welcome, and that was what Herbert Cord did.

It was three years ago that he had first met Jeanie and what the cottagers thought was just a summer romance began to look like the real thing. Herbert Cord was about 30, big, blond, hale and hearty. He had some kind of business in the city and he radiated sophistication when he came to the inn for week-ends.

BY the second summer everyone took it for granted that they were engaged, although old Miss Morris refused to acknowledge that her niece or Cord even knew one another. No one knew just what clashes there must have been between Jeanie and her aunt, but Jeanie continued to swim with Herbert Cord, and dance with him at the hall when name-bands

Tableau: A Mother Remembers

Every week to Tabard Gardens in Southwark, London—the place they call "blitz square"—a mother comes with flowers. She places them at a small wooden cross standing over a jagged hole that leads down into a bomb shelter. There Mrs. Kate Lindmeyer's two daughters, one son and one tiny grandson were killed by a bomb. Mrs. Lindmeyer had stepped out to get a warm coat for the baby.

Oil News . . .

(Continued from page 1) lime at 4,285 feet. In the Walker pool of Pecos, Cities Service Oil Company No. 1-A G. R. White gauged 24-hour flow of 154 barrels of oil at 1,918 feet after a 70-quart shot in pay topped at 1,905 feet. Oil is 33.2 gravity and gas-oil ratio 1.536-1.

Bailey Wildcat Starting Exploration for Clear Fork, lower Permian, production Saturday was carried to the northern part of West Texas as Broderick & Calvert, Inc., Fort Worth, and associates started operations on a scheduled 5,500-foot wildcat test in Central Bailey County nine miles southwest of Muleshoe.

The new test is the No. 1 A. E. Kuehn, Wichita Falls, and it is located in the center of labor 24, league 173, Sutton County school land, seven miles northeast of the closest test, the old Humble Oil & Refining Company No. 1 Fuqua, 4,100-foot dry hole.

No. 1 Kuehn is on a block of approximately 8,000 acres assembled by York & Harper, Inc., Midland, who turned most of the acreage to Broderick & Calvert, retaining some leases. Broderick & Calvert, in turn, reportedly made a deal with Amos G. Carter, Fort Worth, and George P. Livermore, Inc., Lubbock, for development of the block. Livermore has been awarded drilling contract. Ceilars and pits are being dug and water well is being drilled.

In the Lubbock County area, Stanolind Oil & Gas Company is reported to have bought leases around the new test being started by L. C. Harrison and Tobe Foster two miles northeast of the city of Lubbock. Acreage includes the west three-quarters of the north half and the west half of the southwest quarter of section 10; the south 147 acres of the north half of that part of the south half of section 77 lying north of the railroad, and the southeast 114 acres of section 15, all in block A.

Rumors are persistent that George Etz and S. E. Cone, both of Lubbock, will drill a wildcat either in the southwest quarter of section 75 block A, or in the northeast quarter of section 17, block S. G. C. & S. F. survey, Lubbock County. It will be approximately four miles southeast of the first producer in the county, L. C. Harrison and associates No. 1 W. G. Nairn estate, now swabbing 70 to 75 barrels of oil per day while cleaning out shot cavings near bottom at 5,002 feet.

Dawson Wildcat to Core Interest was turned Saturday to Ray A. Albaugh, Lamesa, and Richmond Drilling Company, Midland, No. 1 J. J. Handley, Northwestern Dawson County wildcat, as it drilled soft oily lime from 4,875-82 feet, drilled three feet of hard lime, then logged oil staining and some porosity in cuttings from 4,885-95 feet, present total depth. Operators are preparing to take a core at 4,895 feet.

Likins & Hall, Midland, No. 1 Dr. E. H. Jones, scheduled 7,200-foot Clear Fork test in extreme Northwestern Gaines County, is drilling below 900 feet in red rock. Callihan & Waggoner No. 1 Ed S. Wahlenmaier, Crosby County wildcat 20 miles southwest of Crosbyton, is drilling ahead after landing 10-inch casing on bottom at 2,200 feet in lime. With elevation of 2,655 feet it topped San Andres lime at 2,117 feet.

Honolulu Oil Corporation No. 1-13 L. H. Wright, Eastern Yoakum County test, is trying to free stuck drillpipe, bottomed at 5,136 feet in lime. No shows were logged in drilling to that depth.

Mitchell Wildcat Staked Ten miles south of Colorado City in Mitchell County, H. D. McQuain and Walter J. Donnelly will drill a 3,000-foot cable-tool wildcat test in their No. 1 B. L. Wulfsen. Location was staked 680 feet out of the northwest corner of the southwest quarter of section 5, block 13, H. & T. C. survey.

Slated to test the Ordovician in South Central Mitchell County, Humble No. 1 I. L. Ellwood estate is drilling below 6,424 feet in shale and sand.

In the Sharon Ridge pool of Mitchell, F. W. Merrick, Inc., No. 1 E. T. Strain pumped 219 barrels of 30-gravity oil per day following a 620-quart shot in pay from 1,617 to 1,765 feet, total depth.

Deepest Tests Plymouth Oil Company No. 1 D. L. Alford et al, Eastern Upton County Ordovician test and deepest active well in West Texas, Saturday was coring below 9,635 feet in black shale.

West Texas' second deepest active test, Magnolia Petroleum Company No. 20 State-Walton, in Northern Winkler County, is drilling chert past 8,354 feet. It probably is in the Devonian, although some are calling the formation Silurian.

Ward Acreage Sold D. C. (Don) DeVito, Midland operator, has sold to Stanolind for an unannounced consideration two 80-acre leases in the new Spencer reef lime pool of Ward County. Tracts comprise the southeast half of the north quarter and the southwest half of the south quarter of section 53, block 34, H. & T. C. survey.

A third test for the two-well Spencer pool has been staked by Stanolind as its No. 2 Standard Oil Company of Texas, 1,980 feet from the southeast and 660 feet from the southwest lines of the northeast half of section 68, block 34, H. & T. C. survey. It is a direct northwest offset to the firm's No. 1 Standard of Texas, 717-60-barrel natural producer and larger of the pool's two wells.

Paint Rock Resident Dies In Plane Crash

BRADY (AP)—D. C. Holman of Paint Rock was instantly killed Saturday when his training plane crashed on the Harry Miller farm five miles west of Brady. The plane fell from 100 feet shortly after the take-off from a muddy field. Holman held a private pilot's license.

Quits in Russia?

Istanbulletins say Rumanian Premier General Antonescu has dared to wash his hands of the Russian campaign, relinquish prime ministry, name himself defense minister.

Grandma Would Fly for Defense

She's 61 and a grandmother, but Mrs. Wallace Patten Cohoe, Riverdale-on-Hudson, N. Y., socialite, has offered a seaplane and her own services as pilot to the Civil Air Guard Service being organized at direction of Mayor La Guardia.

To Observe Turkey Day Third Thursday

LUBBOCK (AP)—The third Thursday in November will be observed as Thanksgiving in most Texas public schools, an announcement by Dr. W. B. Irvin, Lubbock city school superintendent and president of the Texas State Teachers Association, indicated Saturday. Dr. Irvin said the association's convention will be held in Houston Nov. 20 to 22 as scheduled, despite Gov. Coke Stevenson's announcement he will proclaim the official observance for the last Thursday in November.

The conventions are customarily set on the official Thanksgiving, and the present dates were set last winter in the expectation that the third Thursday would be celebrated, Dr. Irvin declared. A change at this time would be impractical, he added, because a number of the speakers could not appear on later dates.

Draft Board Receives Call For 10 Selectees

The Midland County draft board received a call for 10 men Nov. 6, the 27th of Selective Service for this county.

McNutt's Best Efforts Don't Seem To Jell

By Peter Edson The Reporter-Telegram Washington Correspondent

WASHINGTON.—It's about time people began to feel sorry for Gov. McNutt—ex-Gov. Paul Voonhis McNutt of Indiana, that is—now federal security administrator. The Gov's luck seems to have gone haywire lately—in fact, ever since the Chicago convention when his manager's idea to pack the gallery at the stadium was appropriated by the Kelly-Nash stalwarts who wrecked a perfectly good demonstration intended to build him for the vice presidency.

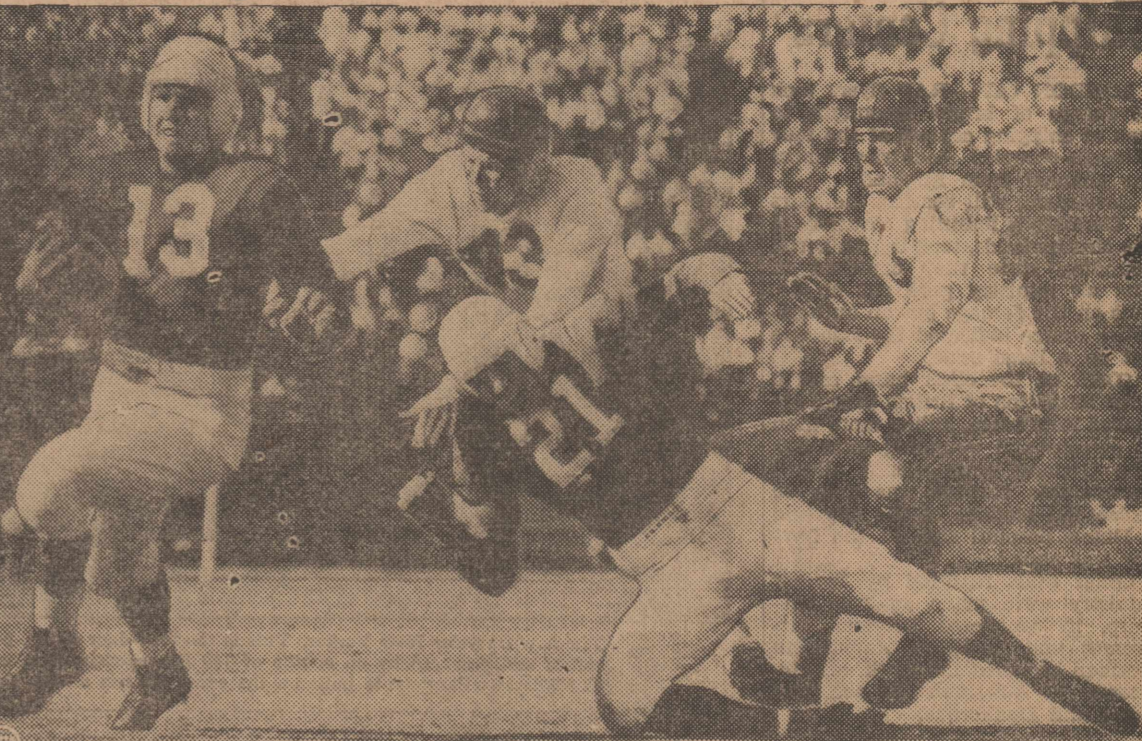

Down in Washington, McNutt's beautiful new Social Security Building was about finished, when what happens? OPM and Ordnance move in, leaving the Gov. just one wing for his immediate staff. The Gov. is encircled there now in all his splendor, looking just as handsome, hale and hearty as ever, handsome even in the flesh than the new life-size painting of him that hangs on the wall at the side of his desk.

Somehow, the Gov's best efforts just don't jell. The campaign to build up civilian morale is in a ditch. The nutrition campaign backfired. And now the Gov. is up to his ears in—of all things—oleomargarine.

Battle of Fats Unless you're a dairyman or an oleo manufacturer, you probably haven't been following this battle of animal vs. vegetable fats, but it is one of those lovely rows that happen in Washington every so often, making it such a jolly place. More fun, "I never was more surprised in all my life," Governor McNutt confesses, "than at all the repercussions this stirred up."

The Food and Drug Administration, now one of McNutt's babies in the Federal Security Agency family, but before that a long-time Department of Agriculture demagogue of pure foods, recently issued an order raising the minimum standards for oleomargarine. Food and Drug held the customary hearings, though some of the dairy industry people say they didn't know about it and didn't have a chance to speak their piece. Anyway, after the hearings, the order was put out over McNutt's signature, specifying that oleo must have so much fats and so many vitamins. What had happened, of course, was that oleo industry re-

Blocking Like This Makes Any Formation Go

Fred Meyer shows you blocking that makes modern T formation with man-in-motion go for Stanford. Cardinal end takes out Ed Moshofsky, tackle, and Bill Regner, right end, to enable Frankie Albert to sprint 16 yards as Indians edge Oregon, 19-15, at Palo Alto

search had been improving the quality of the product so that it was vitamin enriched, and it even had a pretty close imitation butter flavor. Shortly after the new oleo order was issued, the Consumers' Council Division of the Department of Agriculture sponsored a broadcast in which consumers were told that oleomargarine was much cheaper than butter, and that it was now an important food of its own account. That was when the fireworks really began.

Dairyman and creamery men began to see oleo nightmarers. They held local protest meetings, and then a national meeting in Chicago. A United Dairy Committee of two representatives from each of 22 principal dairying states and one representative from each of 10 principal dairy industry trade associations was formed to fight.

Congressman Bernard J. Gehrman of Mellen, Wis., and August H. Andresen of Red Wing, Minn., were two of the leaders. Consumers' Council and Food and Drug caught it, plenty. Oleo manufacturers were charged with raising a fund of a million and a half dollars to advertise the new high-standard oleo, which they claimed even tasted like butter. Andresen finally introduced a bill which would prohibit the sale and movement in interstate commerce of oleo made under McNutt standards.

Set For Second Hearing With all this fat in the fire—butter fat and vegetable fat—a delegation from the United Dairy Committee, headed by R. E. Ammon of Madison, Wis., came down to

Washington to see McNutt to ask that the hearings be reopened so the dairymen could have their say. But consider the grease spot this put Governor McNutt on. He called a press conference to explain his side of the predicament. Reporters were kept waiting 45 minutes while the dairymen were closeted in McNutt's handsome milk house. Then the reporters were ushered out of the reception room and into an ante room so they wouldn't meet the protesting dairymen as they came out of the McNutt office. That was too old, and didn't work. Mr. Ammon and his committee came out smiling. The governor had agreed to talk the thing over with his Food and Drug people again, and see if they should reopen the case.

But pity poor Paul. If he sticks to the new oleo standards he has made all the dairymen sore—and there are a lot of votes in those 22 dairying states, Governor. If he lets

down the Food and Drug Administration in its long, hard-fought, sincere efforts to improve the quality of all food products, he will have compromised the virtue of one of the few lily-whites left among Uncle Sam's departmental nieces.

C. Of C. Managers To Meet At Austin

DALLAS (AP)—Austin was chosen as site of the 1942 convention of the Texas Chamber of Commerce managers at a meeting of the board Saturday. Attending the meeting were the following directors: Paul Vickers of McAllen, president of the group and manager of the McAllen chamber; Joe Mock of Nacogdoches, J. W. Arnold of Cuero, Dick Knight of Corsicana, H. W. Pruitt of Borger, Grady Shipp of Longview and Paul Ord of Mineral Wells.

RAF Fliers Lash Shipping Centers

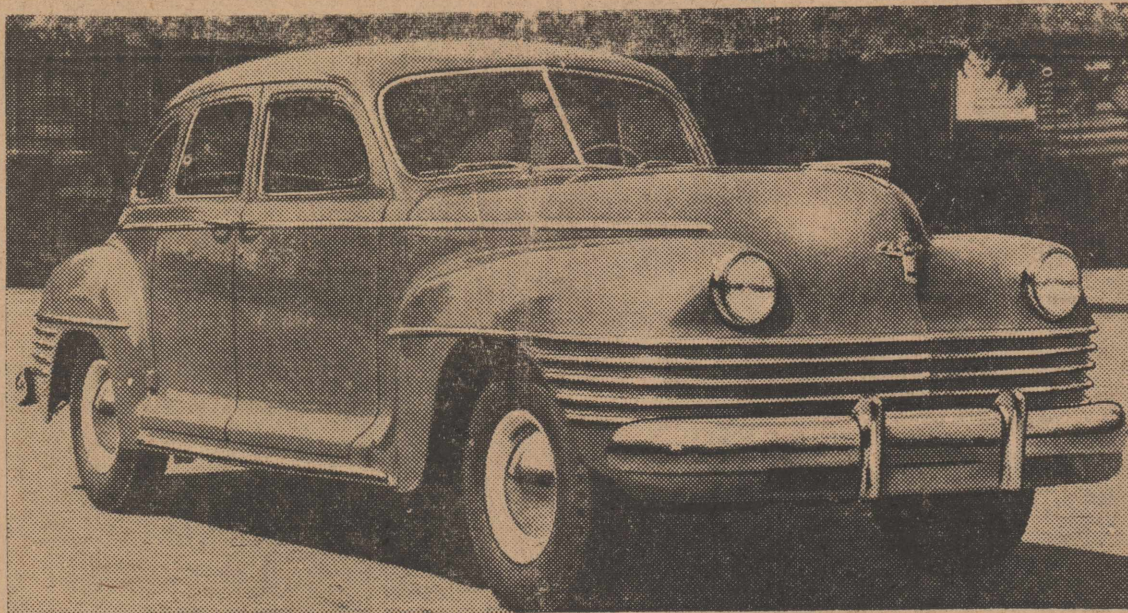

LONDON (AP)—RAF fliers took advantage of bright moonlight to lash at shipping centers of the four German-occupied countries across the channel from England.

Rotterdam, still bearing the scars of Germany's lightning invasion of the Netherlands, took its 75th aerial pounding since they captured it. The air ministry gave out no details on the damage but an authoritative source indicated the raid was not on a large scale.

(DNB on the other hand, said a large formation of British planes attacked Rotterdam, killing more than 60 persons and wounding some 300. The German news agency alleged considerable damage was done to residential sections of the city and a Dutch hospital ship in the harbor was sunk.)

Other raids reported by the air ministry were made against Antwerp, in conquered Belgium, air-dromes and docks at Aalborg in German occupied Denmark, an air-drome in Northern France and Brest and Dunkerque.

New Yorker Available In Six Body Styles

The new Chrysler New Yorker. This is the four-door sedan, built on a wheelbase of 127 1/2 inches and powered by an engine of 140 horsepower. It is available in six body styles. The Chrysler Saratoga is built on the same chassis and is similar in exterior appearance.

Mr. and Mrs. Baker At Home In Wink

Mr. and Mrs. Herman Baker are at home in Wink after their marriage last Sunday at the First Baptist Church parsonage. Rev. R. C. Brinkley read the single ring ceremony, in the presence of the bride's parents and aunt of Waco.

Mr. Baker is an employee of the Cameron Lumber Company and Mrs. Baker is the daughter of Mr. and Mrs. F. C. Norris of Waco.

Man Accidentally Shot Given Recovery Chance

BIG SPRING (AP) — Herman Bolton, 16, was given a good chance to recover Saturday after being shot through the chest with a .38 caliber gun.

Physicians said the bullet raged under his heart and emerged from his back when the gun, in the hands of a companion, was accidentally discharged.

Delta Kappa Gamma To Buy Defense Bond

WINK (Special)—At a called business meeting of the Gamma Mu chapter of Delta Kappa Gamma on Monday evening, plans were made for the ensuing year. Members were present from Kermit, Monahans, Grandfalls and Wink. These members voted to buy a \$75 Defense Saving Bond from the general fund, and to give the scholarship fund to the Beta Iota chapter at Alpine to be used with its fund.

After the business meeting, coffee and cakes were served by the Wink members, Misses Viola Bayless, Helen Bisbee, Bieda Dutton, Rose Nelson, and Mrs. C. P. Laughlin.

North Texas Eagles Beat Hardin-Simmons

ABILENE (AP) — Gene Wood, triple threat quarterback and co-captain, led the North Texas State Teachers Eagles to a 7 to 3 victory over the Hardin-Simmons Cowboys Saturday night.

Wood plunged over tackle from the two-yard line on the third play of the final period for the winning score, climaxing a 55-yard drive in which he figured as passer or plunger in all but two of twelve plays. Nice Formagut, former St. Edwards guard, converted.

Sheep salable 200; Saturday's trade nominal. Medium and good spring lambs 9.00-11.00; far yearling 8.00-9.65; aged wethers 5.50-6.50.

Hull Issues Bitter Answer To Sinking Of American Boat

WASHINGTON (AP)—Secretary Hull Saturday described the sinking of the American-owned tanker, the I. C. White, as an act of "frightfulness," and called upon the United States to invoke the right of self-defense against Nazi "piracy."

The fact that the ship had been transferred to Panamanian registry, placed at the disposal of the British and was sailing under British orders was secondary, in his opinion. He made it clear that to his mind the real significance was that:

"The I. C. White was torpedoed as part of the Nazi program of world conquest. That that movement necessitated the command of the seas, which America must resist in its own self defense.

Observers immediately tied his remarks in with the current agitation for revision of the Neutrality Law. The administration wants that act amended to remove restrictions which now forbid American ships to carry guns for their protection and keep them from sailing into belligerent ports with supplies.

President Roosevelt plans a conference with Senate leaders of both parties next Tuesday, after which he will decide the extent to which Congress will be asked to revise the law.

Baylor Bears Beat Denver University

DENVER (AP)—Rangy Jack Wilson, Baylor's best all-America candidate, turned the scene of a misfortune last year into one of triumph Friday night by driving the Bears of Waco, Texas, to a 14-0 football victory over Denver University.

Stock Issues Point To Higher Average

NEW YORK (AP)—Buying in rails and specialties offset apathy in other parts of Saturday's stock market and enabled the list to emerge from a straggling week pointing slightly higher on average.

Steels, motors, aircrafts, rubbers, mail orders, oils and coppers did little if anything and a number were under water at the close. Advances of fractions to round a point, however, had a shade the best of it.

The Associated Press average of 60 stocks was up .1 of a point at 43.1 and on the week showed a net gain of as much.

Neither the flag of the United States nor that of any other nation should be used as drapery, according to U. S. Government regulations. When the United States flag is hung vertically, the union, or field of stars, should be either to the north or the east.

Intelligent . . . performance combined with unquestioned integrity, has helped us to prove to the community that we are worthy of trust.

Supt. Geo. A. Heath Discusses "Federal Aid To Education" At Luncheon Meeting Of The AAUW

Speaker Shows The Inequality Existing In Opportunity

Supt. Geo. A. Heath was guest speaker at the luncheon meeting of AAUW in the private dining room of Hotel Scharbauer, Saturday.

Mrs. H. S. Forgeron, chairman of the legislative committee, who was in charge of the program, introduced the speaker who took as his subject, "Federal Aid to Education."

The states are largely responsible for education, he said, but pointed out that all states do not have equal ability (that is, wealth and resources) and cannot all take care of the problem of education as they should. About 25 per cent of the children are in position to be benefited by 75 per cent of the wealth.

Effort is now being made to pass legislation providing Federal aid to equalize educational opportunity.

Mrs. Robert L. Clarke reported on the work of the Creative Arts group which is to sponsor arts and crafts work among Latin-Americans here this winter. Material is being collected and two business firms, Ray Gwyn, and Branch and Shepard, roofing and sheet metal company, have made donations.

Report on the recreational council was made telling of progress in the project of supplying a recreational center here.

Mrs. W. C. Fritz presided.

Present were: Mr. and Mrs. Heath, guests, Mrs. Forgeron, Miss Maria Spencer, Mrs. W. E. Cox, Mrs. Fritz, Leland Davison, M. B. Arick, Edward E. Reisle, Miss Gladys Pinnson, Miss Theresa Klapproth, Miss Ruth Carden, Mrs. Gerald G. Galligan, Russell Farmer, Charles V. Henderson, Alma Thomas, W. G. Moxey, John J. Redfern, and Miss Merle Smith.

Midland Girl Named Student Assistant

DENTON (Special)—Outstanding scholastic and citizenship records have earned the position of student assistant at Texas State College for Women for Miss Evelyn Hudkins of Midland.

Majoring in business administration, Miss Hudkins is student assistant in the office of the head dietitian. She is a senior student and the daughter of Mr. and Mrs. S. H. Hudkins.

Columbus Day Reflected In Decorative Motif

High score award went to Mrs. Wallace Ford and bingo to Mrs. J. Wray Campbell when Mrs. S. H. Hudkins entertained the Cactus Club with a dessert-bridge Friday afternoon at her home, 1200 W. Indiana.

Heralding the approach of Columbus Day, bridge tables bore maps of Spain with names of Christopher Columbus' ships, the Santa Maria and Nina.

Mrs. Barney Grafa and Mrs. Fred Fromhold were club guests.

Members present were: Mmes. Campbell, Robert Cox, Jas. R. Day, Ford, Merle Fulton, and the hostess.

Roses and cosmos were used in party floral appointments.

Friday Needle Club Meets In All-Day Session

Friday Needle Club held an all-day session at the home of Mrs. C. C. Morgan, 503 N. San Angelo, Friday.

A covered dish luncheon was served at noon.

The day was devoted to quilting a quilt.

Attending for all or part of the day were: Mmes. John Barnett, A. S. Bohannon, D. Davis, Dick Sumrall, T. A. Golladay, Addie Rochelle, O. H. Jones, Addison Young, W. F. Hejl, Raymond Hines, Mickey, and the hostess.

Evangelists Class To Have Silver Tea

Mrs. J. Howard Hodge entertained the executive council of the Evangelists Class of the Baptist Church with a luncheon at her home, 1301 W. Missouri, Thursday. Zinnias were party flowers. A three-course luncheon was served.

After the luncheon, Mrs. Bill Epley, class president, and plans were made for the year's work.

It was decided to have a silver tea on October 21 at which time Mrs. Hodge will review A. J. Cronin's "Keys to the Kingdom."

Present were: Mmes. Epley, H. E. Barney, Leif Olson, R. Chanslor, Nettie Ray, O. J. Hubbard, and the hostess.

Silk Shortage Cloud Has A Rayon Lining

Rayon comes forward this year in luxury clothes, as well as budget items. Typical of the trend is the gown shown above. Deep bands of self-ruching garland the sweeping skirt and tiny long-stemmed bodice. The heart-shaped decolletage has simple self-fabric shoulder straps. This fabric is rayon faille.

Firemenettes And Their Husbands Have 42 Party

Five tables of 42 were the chief diversion when Firemenettes and their husbands were entertained at the home of Mr. and Mrs. O. E. Read, 1701 W. Illinois, Friday evening. Dancing was also amusement.

A buffet supper was served later in the evening.

Present were: Messrs. and Mmes. J. L. Tidwell, W. F. Prothro, E. D. Fitzgerald, Newel Beauchamp, Marvin Beauchamp, G. D. Fuller, Houston Oney, Odell Ponder, D. H. Casper, T. A. Cole, Mr. and Mrs. Leon Meador of Odessa, and the host couple.

Mrs. Dennis Murphy Hostess To Needle And Thimble Club

A variety of handwork occupied members of the Needle and Thimble Club meeting with Mrs. Dennis Murphy, 308 W. Florida, Friday afternoon. Knitting was done for the Red Cross along with hemstitching, cutwork, embroidery, and other knitting.

Conversation was supplemented by Bible quizzes.

A refreshment course was served. Present were: Mrs. W. A. Black, Mrs. Cook, Mrs. E. B. Patterson, Mrs. John Picke, Mrs. Ray Gwyn, and the hostess.

Next Friday the club will meet with Mrs. Ray Gwyn, 807 W. Louisiana, with Mrs. E. B. Patterson, co-hostess.

Mrs. Dan Hudson Named President Of Minuet Club

Mrs. Dan Hudson was elected president of the Minuet Club in a meeting of directors of the organization, Friday morning at the home of Mrs. John P. Butler, retiring president.

Mrs. P. H. Liberty was elected secretary and Mrs. Stanley Moore and Mrs. W. G. Henderson appointed on the orchestra committee.

Plans were discussed for the next dance and arrangements made for special entertainment at that time. The Minuet Club, oldest dancing club in the city, holds a dance on the last Saturday night of each month.

Luncheon Group Meets At Home Of Mrs. Abell

Garden flowers were used at vantage points in the party rooms when Mrs. Geo. T. Abell was hostess to her luncheon group Friday at her home, 1505 W. Illinois.

Mrs. Rhea Clark was a guest. Sewing and knitting for the Red Cross occupied the group after luncheon.

The group meets weekly. Members, all except one of whom were present, are: Mmes. Abell, F. C. Cummings, W. H. Gilmore, M. T. Hartwell, Art Holland, Clifford Keith, Stewart Noland, and John Skinner.

Betty Rae Sivalls Has Birthday Party At Country Club

A party at the Country Club Thursday afternoon from 3:30 o'clock to 5 marked the celebration of Betty Rae Sivalls' sixth birthday anniversary. Mrs. Don Sivalls, the honoree's mother, was hostess, and Toya Chapelle, Dorothy King, Patsy Patterson, and Mary Martha Sivalls assisted her during the party hours.

Various games were played and at the refreshment hour a pink-and-blue birthday cake was the focus of attention.

Guests were: The honoree, Van Welch, Marjorie Welch, Gail Black, Dorothy Black, Fella Patterson, Nancy Turner, Nell Cole, Jane Flint, Dickey McHargue, Ann Hamilton, Emily Hamilton, Janice Hill, Virginia Kroenlein, Bill Aldrich, and Bill Miller.

Belmont Bible Class Chooses New Officers

Report on officers for the Belmont Bible Class for the new year was made at a meeting of the organization with Mrs. S. L. Alexander, 202 South A Street, Friday afternoon.

They are: Mrs. H. M. Reigle, teacher; Mrs. W. L. Sutton and Mrs. W. G. Attaway, assistant teachers; Mrs. H. E. Skipper, president; Miss Berlie Sexton, first vice president; Mrs. B. M. Hays, second vice president; Mrs. A. C. Moore, secretary-treasurer; Mrs. J. D. Webb, assistant secretary-treasurer; Mrs. V. O. Baldridge, reporter; Mrs. Gladys Holster, assistant reporter.

Mrs. R. Chanslor presided at the meeting during which plans were made for the class annual birthday party at her home, October 17.

Mrs. W. G. Attaway taught the lesson for the day, completing study of "Diggers for Facts."

Opening prayer was offered by Miss Sexton and dismissal prayer by Mrs. Reigle.

A refreshment course was served to: Mmes. Baldridge, Moore, Holster, Skipper, W. P. Collins, Reigle, L. Bryan, Chanslor, Sutton, Attaway, Miss Sexton, and the hostess.

Next Friday the class will meet with Mrs. W. L. Sutton, 511 N. Pecos, with Mrs. Sutton teaching the lesson on the fourteenth chapter of Deuteronomy.

SINGING TO BE AT CALVARY CHURCH

Christian Revival Singing will meet at Calvary Baptist Church, 1005 S. Main, Sunday afternoon at 2:30 o'clock. L. A. Rodenhiser, city engineer, will bring the message. The public is invited.

Midland Will Be Host To Meeting Of Presbyterian

Midland was named meeting place for the 1942 session of the El Paso Presbyterian, district two, at an all-day session, Thursday, at the First Presbyterian Church, Big Spring.

Mrs. W. P. Knight, chairman of the committee on a meeting place, presented the invitation from Midland. She also gave the Midland auxiliary report.

Special musical numbers for the day included an organ prelude, "Berceuse" from "Jocelyn" by Mrs. Pat Kenney of Big Spring and a piano selection, "Roses of October," by Anton Steleski, played by Mrs. John W. Elliott of Midland.

Mrs. C. C. Trees of Midland was a member of the courtesy committee.

Mrs. Lane O. Barnett of Odessa presented the devotional on whether men and women are fitted to have their prayers answered.

The Rev. Thomas D. Murphy of Odessa made an inspirational address on "Making Our Homes Christian," urging consistent Christian living and strict observance of the Sabbath.

The Council of Church Women of Big Spring repeated its invitation to members of all churches to attend the Council meeting October 9 at Big Spring.

Luncheon was served at noon. Attending from Midland were: Mrs. Knight, Mrs. Trees, Mrs. Butler Hurley, Mrs. P. R. Pattison, Mrs. A. P. Shirey, and Mrs. Elliott.

North Ward PTA To Sponsor Visit Of Magician Frye

North Ward PTA will sponsor the first of a series of entertainments for children this winter by presenting Frye, the magician, in a program at the high school auditorium, Thursday afternoon at 2:30 o'clock.

Mr. Frye, now on his third tour of the South and Southwest under the management of Harry Byrd Kline of Dallas, will present "Mysteries of the Fourth Dimension," "Doves of Azra," "Shooting Through a Girl" and fifty illusions and tricks. The magician is expected to keep his audience in continual laughter with wit and humorous situations.

The PTA has arranged for all children that want to attend the program to be dismissed from their classes in time to be in the auditorium at 2:30 o'clock.

A nominal admission will be charged.

Birthday Party Is Compliment To Two Girls

Mary Lou Smith and Wanda Fay Wilson, jointly celebrating their fourteenth birthdays, were complimented with a birthday party at the home of Mrs. R. J. Wilson, 504 S. Dallas Street, Friday evening.

Party hours were spent in various games, gifts were presented to the honorees, and refreshments were served.

Present were the two honor guests, Geneva Thompson, Juanita Smith, Irma Tunnell, J. S. Patton, Mary Joyce Patton, Jack Woodruff, Susie Woodruff, Ruth Woodruff, Juanita Easley, Joan Easley, Mary Letha Cain, James Williams, Fred Lay, Clifford Woodruff, Charles Williams, Geneva Cain, Doyle Cobb, and the chaperones, Mr. and Mrs. R. J. Wilson and Mrs. W. F. Smith.

A Manhattan beauty school now offers a class for lady barbers because of the shortage of male barbers caused by the draft.

Katherine Whigham Leads Flag Drill At Story Hour

Katherine Whigham led the flag drill at the Saturday morning Story Hour in the children's library. Stories told were: "The King of the Tigris Is Sick", "The Camel and the Pig", "The Lion, The Fox, and The Story-Teller", "Singh Rajah and the Cunning Little Jackals", "The Brahmin, The Tiger, and The Six Judges."

Present were: Orman J. Hubbard, Melba Jean Clark, Eugene Johnson, Darnell Johnson, Barbara Ellis, John D. Jensen, Don Downing, Joe Dean Downing, Mary Letha Cain, James Williams, Fred Lay, Clifford Woodruff, Charles Williams, Geneva Cain, Doyle Cobb, and the chaperones, Mr. and Mrs. R. J. Wilson and Mrs. W. F. Smith.

Excellent Record Is Made In Raising Flock Of Pullets

Two hundred and seventy-five pullets just coming into laying, out of 300 sexed baby chicks, are the pride of Mrs. Cecil Carpenter of Valley View community, according to Miss Alpha Lynn, county home demonstration agent. "I wish I had 600 more to go with these 275," Mrs. Carpenter said, in telling about her experiences with them.

The Carpenters built a chicken house, disinfected it with stock dip, fenced the chickens, and fed them scratch, laying mash, and green feed their entire lives. Their loss consisted of 10 just dying when a few days old, 10 caught by the cat when three or four weeks old and five killed accidentally, by cars mostly. They arrived the 18th of March and at the present time Mrs. Carpenter is gathering 20 pullet eggs daily. She started with laying mash about three weeks ago.

The chicks are bred to lay, blood tested English White Leghorn stock. "With the price eggs are now, we expect to make almost as much from our chickens as we are going to make from our crops," Mrs. Carpenter stated. The Carpenters have kept close farm records the entire year as clients of the FSA and have worked both with the FSA and the extension service.

HODGES PLANS SCOUT CAMPAIGN IN WINK

WINK (Special)—Jack Hodges, Odessa, Buffalo Trail Council executive, here several days this week, in the interest of Boy Scout funds, said at least 50 per cent of the money raised this year would remain in the local treasury. The drive will be sponsored by the Wink Lions Club, led by the Boy Scout committee of the Club.

Church News

CHRISTIAN SCIENCE SERVICES

"Unreality" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 5. The Golden Text is: "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth forever"—1 John 2:16, 17.

ROOSEVELT DRIVES TO HYDE PARK HOME

NEW YORK AP)—President Roosevelt left his New York town house late Saturday for motor for his Hyde Park, N. Y., home after spending a day attending to personal matters.

FEMININE FANCIES

By Kathleen Eiland

Noticing our recent praise of Midland's morning glories, someone told us that the morning glory was bindweed and in some localities considered a nuisance.

Furthermore this view seems partly borne out by a release from the state commissioner of agriculture which does identify the small flowering morning glory as bindweed and a noxious growth at that.

Somebody's always taking the joy out of life. However, we comfort ourselves with the thought that the morning glories in Midland are definitely NOT small-flowered ones but have blossoms nearly as large as a small saucer. So maybe they can escape the curse of being called a weed.

Anyway, weed or not, we're in favor of them. Anything that is as lovely as the morning glories are here this year couldn't be a nuisance. It wouldn't be right.

Dunking, that method of enjoying doughnuts whose practice once put a person outside the pale of society, is more and more establishing itself in public favor.

Now (believe it or not) there are available rules for dunking with the proper nonchalance. These begin with admonition No. 1, Don't Splash! and progress through the technicalities of getting the doughnut properly dunked and transferred to the mouth, to rule No. 7 which is: Start all over again. Keep dunking until all the doughnuts have vanished, which is your cue to do likewise.

Don't laugh! Worse things than dunking go on in the world and a dunking contest such as put on by congressmen and senators in Washington, D. C., might be a way of relieving tension for over-wrought nerves. There are times when foolishness is the true wisdom.

Seriously, though, a dunking contest isn't such a bad idea for a Halloween party. And Halloween will soon be here.

Announce Camera Contest Winners

Prize winners in the Midland Camera Club's photography contest, which closed Oct. 1, have been announced. The winning prints will be on display this week at the Texas Electric Service Company.

Winners in various groups included: Contact group: Miss Frances Laughlin, James Beckman, Addison Young, H. D. Hickson, John M. Hills, Bobby Stallworth, Hugh Corrigan, Jr., and Ernest E. Tisdale; enlargement group—Frank Miller, Cary Butcher, L. H. Thiffn, John W. Skinner, Mrs. R. L. Binden, Ralph Hickman, and J. S. Kellough.

Judges were Mrs. N. A. Lancaster, Ben Moore, and Watson LaForce.

Lake Nicaragua, in the country of that name, is the only lake in the world with fresh-water sharks.

MIDLAND GIRLS PLEDGE CLUBS

LUBBOCK (Special)—Misses Patricia Baker and Edna Earl Lineberry of Midland have accepted bids to join social clubs at Texas Technological College. Invitations were extended to 115 women students by the five social clubs on the campus.

Miss Baker, daughter of Mr. and Mrs. L. I. Baker, has been pledged to Las Chaparritas. She is enrolled as a sophomore commercial art major.

Miss Lineberry, daughter of Mr. and Mrs. T. F. Lineberry, will join D. P. D. She is enrolled as a freshman business administration student.

We Reserve the Right to Limit Quantity

Morning Hours Are Chosen For Bridge And MahJong Parties By Women Who Live In The Tropical Dutch East Indies

By Kathleen Eiland

The Netherlands East Indies—to most people in Midland that means just a place on the map, a name in the headlines, a confused idea of jungles, heat, spices and Kipling's "East is east" theme. But to Mrs. Thomas W. Koch who recently moved here, the East Indies carries all the familiar memories of a past home, for she spent three years in Batavia, Java, and an additional year and a half in Medan, Sumatra.

Rainy days, which so soon exhaust the patience of West Texans, are a commonplace to blue-eyed, slender Mrs. Koch. It rains every day in the Indies. In fact, so heavy is the precipitation that she recalls 60 inches a year being referred to as a "low rainfall" for one locality.

"We have a rainy season and a rainier season," she said laughingly. The lush greenery characteristic of the islands is a natural consequence.

Despite the heat and the moisture, she explained that nobody in the Dutch cities takes malaria for granted. She explained that nobody in the Dutch has cleaned up these communities. Of course there's dengue fever (a dismissing wave of the hand indicates that this disease probably

At 4 o'clock the house is opened, tea is served, and life begins anew. Dinner is not till 8 o'clock. If there is a dinner party, it is even later, with guests arriving at 8 o'clock and having cocktails until dinner at 9:30 o'clock.

Women wear cool clothes, including sheer blacks, approximately the same wardrobe they would select for life in southern cities in the United States.

Most people try to go to the mountains for a few weeks' cool vacation.

Teak For Toys

There are other ways than the weather in which the tropical nature of the land affects lives and homes. Teak wood, which is such a rarity in America, is used in the Indies with the carelessness of any other plentiful native product. Even the door frames are made of it and such things as baby sister's doll bed. Houses, from the front porch to the servants' quarters, are floored with tile—and the tiles are washed every day.

The Dutch who govern the islands have a strong national feeling. Every family has its flag pole. Extensive celebrations are carried on on holidays and special occasions and the orange of the House of Orange is a brilliant note in the colors displayed and worn during patriotic festivities.

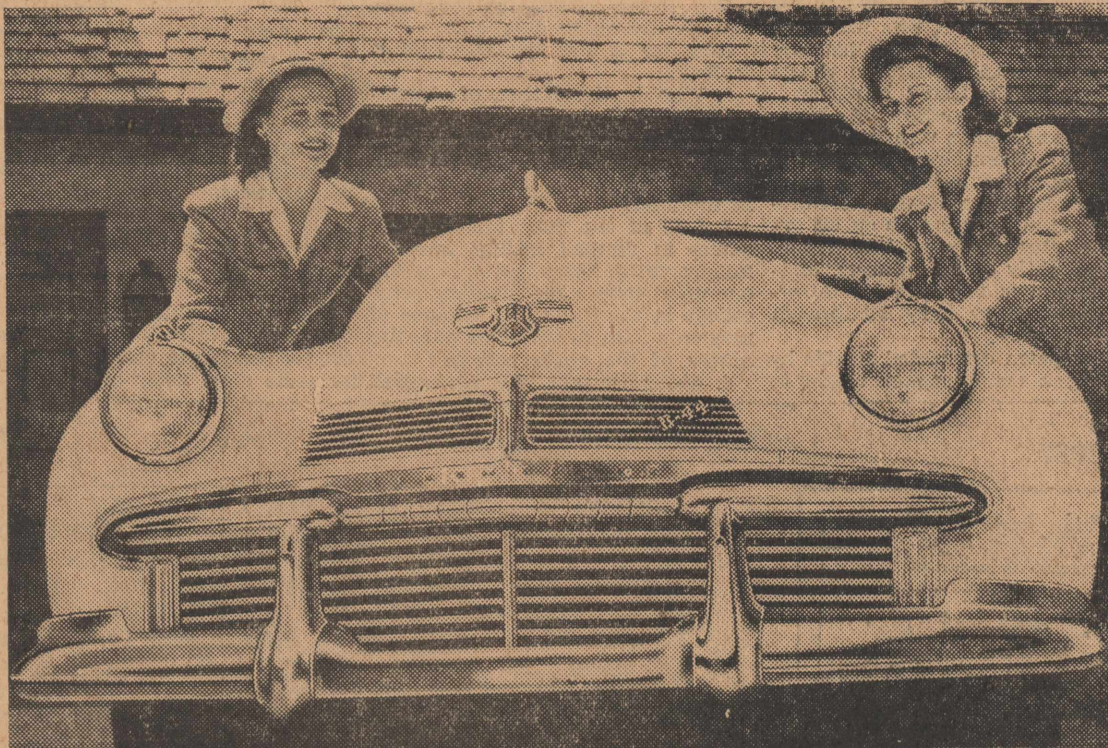

Mrs. Koch especially praised the medical work of the government among the natives. The largest hospital in Batavia is a clinic. Natives are being educated to appreciate medicine and vaccination inoculations. The cleanliness of the Dutch cities is noticeable.

Souvenirs of Travels

As to that mysterious, compelling fascination of the jungle—one mustn't take some of the "tropic stories" too seriously, she warned. In the big cities, where the houses are close together and population dense, the jungle is not so noticeable. But in more outlying places, like Medan in Sumatra where there are more open spaces and the gardens are bigger—well, the jungle seems closer there.

Mrs. Koch is now located here with the Standard Oil Company of Texas and he and Mrs. Koch and their children are at home at 2101 Brunson. Here the souvenirs of their travels, paintings and statuary and metal work and tables of carved wood, bring memories to the owner and dreams to the beholder—memories and dreams of far places with names like the music of strange instruments—Sumatra, Bali, Arabia, Batavia.

Styling Introduces Striking Appearance

Frontal styling of the Oldsmobile Sixes and Eights for 1942 introduces a striking appearance entirely new to motor cars. Front ends of all five series of new Oldsmobiles are similar and present an artistic combination of headlamps, parking lights, fenders, radiator grilles and bumpers. Contributing to the sturdy and massive front end design are Oldsmobile's exclusive "double-duty" bumpers, which also provide great added protection to the car.

Oldsmobile B-44 Is Big Surprise For Auto Public

The amazing ability of the automobile industry to produce new models each year that overshadow previous efforts in beauty, performance and value is evident in the new Oldsmobile line for 1942—now on display at dealer showrooms.

Named the "B-44" because it is better looking, better lasting and better built than any previous Oldsmobile in the company's 44-year history, the new Oldsmobile comes as a distinct surprise to that section of the public which had anticipated little or no change in the 1942 models. For even with government priorities, and Oldsmobile's intensive concentration on such defense activities as quantity production of shells for field guns and howitzers, landing gear for automatic cannon for fighting planes, Oldsmobile has introduced five brand new series of automobiles.

The Oldsmobile "B-44" line includes two Sixes and three Eights, with a total of 15 body types, covering an ever broader price range than in previous years. The Oldsmobile "Sixty", in the low-price field, is available in two series—a Six and an Eight. In the popular price bracket, Oldsmobile also offers the "Seventy-Six" and "Seventy-Eight", with new streamlined styling. In the medium price range, the "Ninety-Eight" series, powered with a 110-horsepower straight-eight engine, presents three entirely new bodies of exceptional size and roominess on a 127-inch wheelbase chassis.

Front Design Striking

Oldsmobile will continue to offer its famous Hydra-Matic Drive on all models for 1942. Now entering its third year, Hydra-Matic assumes even greater importance than in the past because of its ability to save substantially on fuel consumption as compared with the standard transmission.

The most striking appearance feature of the Oldsmobile "B-44" is the new front end design, which is carried throughout the line. The "double duty" bumper departs radically from all previous design. Instead of a single bar with the customary grille guard, the front bumper consists of two separate horizontal bars connected by vertical bumper guards. Both horizontal bumper bars are joined to the car frame by sturdy steel bars. The result is greatly increased protection, due not only to the larger area covered by the bumper, but to its greater strength and rigidity.

Approximately 50,000 tickets to major amusement and sport activities in New York City are given gratis weekly to members of the armed forces of U. S.

Mrs. D. H. Griffith, 701 N. Marlenfeld, Friday afternoon at 2:30 o'clock.

Red Cross sewing room in the Old Heidelberg Inn will be open Friday morning from 9 o'clock until 12. All Midland women are urged to assist in the work.

Lucky Thirteen Club will meet with Mrs. J. T. Walker in her apartment at the city hall, Friday afternoon at 3 o'clock.

Belmont Bible Class will meet with Mrs. W. L. Sutton, 511 N. Peas, Friday afternoon at 3:30 o'clock. Mrs. W. L. Sutton will teach the lesson on the fourteenth chapter of Deuteronomy.

Women's Golf Association will have its weekly luncheon at the Country Club, Friday afternoon at one o'clock.

Needle and Thimble Club will meet with Mrs. Ray Gwyn, 807 W. Louisiana, Friday afternoon at 2 o'clock, with Mrs. E. B. Patterson co-hostess.

SATURDAY

Story Hour will be held in the children's library at the courthouse, Saturday morning at 10 o'clock.

Midland County museum in the courthouse will be open from 10:30 o'clock Saturday morning to one o'clock Saturday afternoon.

Junior Red Cross Executives Attend Midland Conference

Junior Red Cross county chairmen and workers from six West Texas counties attended a conference in Midland Saturday directed by Miss Iva O. Hendricks, Junior Red Cross representative of St. Louis.

In sessions from 10:30 a. m. to 2:30 p. m. including a luncheon at Hotel Scharbauer, Miss Hendricks gave a resume of Junior Red Cross work and said it was providing a channel for youth participation in the National Defense Program.

A campaign for memberships in the junior chapter will be made in Midland at the time of the senior chapter's drive in November, Mrs. E. R. Osburn, Midland County junior chairman, said.

Representatives attending the conference included: A. L. Gilbreth, Mrs. Etal Donovan, Mrs. C. C. Roripaugh, Mrs. E. H. Davidson, Miss Pauline McMurrey, and Mrs. Osburn; King Sides and Mrs. G. G. Sawtelle of Big Springs; Miss Katherine Witherspoon and Miss Faye Chesshir of Odessa; Mrs. C. P. Laughlin of Wink; Mrs. Lenora Tunnell, of Tohoka; and Miss Arwidia Crosthwaite, of Colorado City.

G. D. Montag, field representative of the A. R. C. attended the conference.

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

Upon our arrival at Asheville, N. C., we were greeted by Sam Holt, chairman of the Southern Appalachian Tournament. This tournament proved to be one of the largest sectional contests ever held in the South.

Every event established new attendance records, and Sam himself realized his one big ambition when 86 pairs turned out for the open pair game. Although this event was 25 per cent larger than

MUSTANG BOYS' CLUB COLUMN

The answers to questions about strange and unusual women follow:

1. Mermaids never find it necessary to take a bath.
2. That group of women who have hypnotic voices are the "Sirens" of went to five spades. A club opening would have netted two tricks for the defense, but the actual diamond lead allowed Mrs. Vernoff to draw trumps and discard dummy's clubs on the long hearts.

mythology. They had the heads of beautiful women; bodies like birds and voices so entrancing that sailors passing their island would jump overboard and seek the source of the bewitching music. Ulysses had himself lashed to the mast of his ship so that he could resist the charm and pass by the island in safety.

3. The Amazons were that alarming group of women who lived on an island by themselves and feared neither man nor beast.
4. The Japanese women pearl divers can hold their breath on an average of three minutes. World record is slightly over 6 minutes. Midland record is two minutes thirty-eight seconds by Billy Kimbrough (under water).
5. Cleopatra committed suicide by allowing a small asp or snake to

bite her. Cleopatra was fat, black and 48 years old when she had the love affair with Mark Anthony. Mark was 60 years old.

Roy Ruten picked up the marbles on the above questions.

New for a few questions about football.

1. Who is the father of American football?
2. What stadium in the United States holds the largest football crowds and is the largest stadium in the land?
3. One of the most talked about games in football history was the famous "Fifth Down" game in which one great college beat another great college in the last three minutes of play on a fifth down. What were the names of the above colleges?
4. About the year 1920 what small

college turned out the marvel football team of the century? It had less than 400 students and won the state, southern and national football championships. Many on this team were boys from Texas. Silent prayer was offered in the last huddle before each game. They beat Yale in an upset victory 6-0.

5. How many people attended the Rose Bowl game last year?

Movie ticket to first boy with correct answers.

Watch this column for some extra-special news about football.

—NUFF SED.

The pay of enlisted personnel in the United States Navy ranges from \$21 for recruits to \$157.50 per month for some chief petty officers.

Midland Oilmen To Attend Convention

A number of Midland oilmen will take part this week in the 22nd annual convention of the Texas Mid-Continent Oil and Gas Association Thursday, Friday and Saturday at Beaumont.

With J. J. Kelly as chairman, the local delegation will go to Beaumont for a celebration of the 40th birthday of the Spindletop field and an all-star program of talks by leaders of the American petroleum industry. A wildcat jamboree for the oilmen and their wives, the annual oilmen's golf tournament and the spudding of a wildcat oil test in downtown Beaumont will be entertainment features of the convention.

U. S. Navy Authorizes Commissioning Of 1230

NEW ORLEANS, La.—The Navy Department has authorized the commissioning in the U. S. Naval Reserve of 1,230 men, now in civil life, who possess qualifications which would be of value to the naval service in the current emergency. In general, the services of those newly commissioned officers may be utilized chiefly ashore, thus releasing to the navy other more experienced officers now assigned to shore establishments.

Men who possess degrees in chemical, electrical and mechanical engineering are particularly desired, and considerable numbers of doctors and dentists are also needed.

Patrons Rent 100 Postoffice Boxes

CRANE (Special) — Postmaster Claude Martin has reported the rental of approximately 100 usually idle boxes.

Money orders issued in September amounted \$24,171.22 compared with August's \$20,881.02. Fees were \$210.58 and \$176.75 respectively, and bond sales \$1368.75, and \$788.75. In August, defense stamp sales of \$130.95 exceeded September's \$95. Postal receipts for September were \$888.47.

Interested persons should apply to the nearest Naval Reserve Recruiting Station, or write the Director of Naval Reserves, Federal Office Building, New Orleans, La.

last year, Sam had hoped to have 100 pairs in the game.

The open pair championship winners were Murray Gross of Asheville and Mrs. Milton Vernoff of Miami, Fla. On the night preceding the tournament, a practice game was held at Asheville. Twenty pairs entered and Mrs. Vernoff and her partner won the event.

She is a bold bidder, and psychic bids seldom deceive her, as she prefers to believe her partner rather than her opponents. The bidding on the hand shown here was more weird than wonderful. After Mrs. Vernoff (West) had doubled one diamond for a takeout, North decided to talk his opponents out of a share game. He knew whatever happened, he could always scramble back to safety in diamonds, so he made a psychic jump bid in spades.

East promptly doubled, and South naturally showed his other suit. Mrs. Vernoff realized that her partner must have length in spades to double North's bid, so she co-operated in exposing the psychic bid by going to three spades.

It takes a lot of faith in your partner to bid a four-card suit for the first time at the level of three—while not mentioning a stronger six-card suit.

North and South bravely tried to sacrifice at five diamonds, but had to stop bidding when East

Front Closing

If you have in mind a soft new material for Fall, in your favorite color, and are looking for a pattern for a pretty frock, easy to make, here is the perfect answer. The dress has no fancy details, it sticks strictly to the simplest lines. The deep shoulder yokes and cuffs may be outlined with braid—gold or silver would be smart on a black or gray or wine dress—and the buttons may repeat the color note of the braid.

Pattern No. 8038 is designed for sizes 12 to 20, 40, 42 and 44. Size 14 requires 4 3/8 yards 36-inch material, 4 1/2 yards braid.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 Wacker Drive, Chicago.

Planning a fall wardrobe? Then you will want the Fashion Book showing a wide variety of new patterns in all size ranges. Send for your copy today.

Pattern 15c; Pattern Book 15c; One Pattern and Pattern Book ordered together 25c.

THE BULLDOG

Written by the Journalism Class and the Press Club of Midland High School

Bulldogs Will Play Mustangs Top Club

Friday night on Lackey Field the Bulldog eleven will play the Sweetwater Mustangs, who are favored to win the district championship. The Bulldogs go into this game the underdog just as they have against three other teams. The Bulldogs secondary, consisting of Wheeler, Hall, Foster and Kelly, will hold its own against most competition and should be in top condition. The Bulldog line will be led by Lester, a letterman, and Jack Noyes. The forward wall is light but the scrappiest bunch in the district. On the Mustang team, Planagan, high scoring man of the state last year, and Earley who will be all-district center, will be watched. Mayfield and Young also are stars. This game is a high light of the home football schedule.

News Of Former Midland Students

Edna Earle Linebery is attending Texas Tech this year.

Bobbie Martin, attending the State University, spent the week-end in Midland with his parents.

Buster Cole attending Texas Tech, returned last week-end for a visit.

Lucille McHargue and Louise McClain have been chosen majorettes for the band at Texas School of Mines. They also pledged Z. T. A.

Kemper Kimberlein is attending Oklahoma University.

Henry Beth Abbott, 1941 graduate, was married to Jack Baker of Phoenix on October 1.

Terry Tidwell is attending Oklahoma University.

Helen Kirk, junior in 1940, was married to Buddy Hewitt last summer.

Joe Conkling attends Oklahoma University and has pledged Sigma Chi.

F. F. A. Boys Buy Chicks For Brooder

A meeting of the F. F. A. was held in the agriculture department Friday and two committees appointed. James Merrell, Bill Anderson, and Jack Livingston were appointed for the "Odds and Ends" committee. Eugene Jones, O. C. Collins, and Kelley Lewellen were appointed on the program committee. James Merrell, J. S. Patton, Charles Welch, Earl Branch, and Ike Fitzgerald have ordered two hundred baby chicks to go in an electric brooder in the agriculture department.

Men 18-25 Attend Metal Work Class

As part of the defense program, government-sponsored classes in metal work, to be taught in the laboratory of the industries department, will be organized in the next two weeks if a sufficient number of applications is received.

The classes are open to men between 18 and 25 who are not enrolled in school. Employed persons are eligible for instruction. There are no educational requirements.

Government funds will provide materials, an instructor and dues. The course will require ten weeks to complete. Those who show aptitude will be sent to specialized schools for further training.

Two classes are planned. One two-hour class will meet at 3:15 p. m. and the other at 7 p. m.

Similar classes are under way in Crane, Odessa, and other towns.

Classes must be started by October 13th and a minimum of 25 members is required. Prospects were asked to contact Frank Monroe, principal of the high school or R. C. Ferguson, industrial instructor.

Personals

Harold Chancellor visited in Oklahoma City last week-end.

H. G. Bedford was absent from school last week.

Martha Jane Preston is visiting in Snyder this week-end.

Thelma Joe Brown is visiting relatives in Snyder this week-end.

Copper Daugherty is spending the week-end in Lamesa.

Alma Belle Henson is in Lubbock visiting Atrelle Smith, Midland graduate, and a student at a business college.

Eula Anne Tolbert was absent from school Wednesday because of illness.

An executive board meeting of the vocational home-makers in San Angelo Saturday was attended by Misses Jeanne Logan and Iva Butler, sponsors, and Jacqueline Theis, selected pianist for the area last spring.

Mrs. Douglas returned to school Tuesday after being ill with influenza several days.

D. D. Shiflett, former high school principal, is registrar at Erwin Air School in Fort Worth.

Miss Jo Hestand was out of school this week because of illness.

New students enrolled in high school are Johnnie Gray, Louise Wyatt, and Loretta Parsons.

Guy Tom Cowden and Bob Conkling went to San Angelo Friday to see the game between San Angelo and Midland.

Nell Shattuck is spending the week-end in Big Spring.

Department Students Hold Nineteen Jobs

The diversified occupation class has started this year with its most satisfactory enrollment in its history, J. Webb Miller, said. There are nineteen students, or trainees, in the class and three or four students will be placed soon. Occupations in which training is given are, department store sales, store management, grocery secretary, theatre, office assistant, printing, cleaning and dyeing, and sign painting. Miller, teacher, attended a meeting Friday and Saturday in Big Spring of the class coordinators in West Texas area.

Home Town Speech Contest Is Open

A local contest will be held soon to select a representative to compete in the Home Town Speaking Contest, a feature of the chamber of commerce convention, which will be in Midland Nov. 3 and 4. For the contest West Texas is divided into 10 districts and one representative from each district will take part.

The Midland entrant will compete in Odessa for district honors. The winner will receive a \$10 prize. The winner selected from the district representatives will receive a loving cup and a prize of \$25.

Miss Pauline McMurrey, speech teacher, is in charge of local contest arrangements.

Here And There On The Campus

Supt. Geo. A. Heath told students in assembly it would break his heart to expel any students for cutting classes, and Murry Fly, Odessa superintendent, remarked, "It wasn't my heart that was broken when I was a youngster and skipped school."

Macon Cecil, new drum major, was overheard emphatically telling the band during one of his pep talks, "We are going to be first division—if you want to."

Glenna Jones, picking herself up after a tumble down the steps when she scattered books and brought the principal dashing to the cause of the noise, remarked, "My, those halls are getting hard."

Juniors Elect Oates And Hall As Leaders

Colleen Oates was elected junior president, at a meeting in the auditorium, Tuesday.

Other officers are: Vice president, Ivan Hall; secretary, Mary Mayfield; treasurer, Edna Jean Roberts; reporter, Belva Jo Knight; sergeant at arms, Robert Wheeler; and critic, Frank Trosteth.

Additional nominees were: President, Janice Pope, Bobby Wilson, and Ivan Hall; vice president, Jacqueline Theis, Janice Pope, and Glenn Murray; secretary, Bobbie Jean Gibbons and Betty Shockley; treasurer, Jacqueline Theis, Betty Shockley, and Elaine Hedrick; reporter, Francis Palmer, Jacqueline Theis, Alberta Smith, and Janice Pope; sergeant, Mal Kidwell; and critic, Mary Ruth Dozier.

New Sophomores Total Eighteen

Midland High School has enrolled 18 sophomores this year who are new to the school system.

In Mr. Ferguson's homeroom three are new: Billy Chancellor from Tatt Junior High in Oklahoma City; Rosemary Campbell from Alle Baletton Junior High, Muskogee, Okla.; and Jo Ann Easley from Winters, Texas.

Miss Kirby's homeroom has five students: Ernest Lookler and Lavana Lookler from Cotton Flat; John Mertz from San Benito; Dan Morgan from Carroll High in Iowa; and Ronald Reger from Austin High in El Paso.

There are six in Miss Pinson's home room. They are: Margaret Sewyers from Aledo High; Juanita Smith from Winters High; Velma Smith from King High; Joe Tullabas from Hawthorne Jr. High at San Antonio; Lena Mae Tullabas from Thomas Jefferson in San Angelo and Dale Thompson from Olney.

Miss Hestand's room has four: Robert Haackendarf from Big Spring; W. C. Piller from Odessa; Louis Durham from Seagraves, and Jo W. Graham from Courtney.

Home Makers Select Committee Members

Elsie May Kimrey, president of the Future Home Making Club, presided at a meeting Friday. Minutes were read by the secretary, Peggy Jean Gard, and committees appointed for program, social, and social services.

The following girls were on the program committee: Myrabelle Lamb, chairman, Wynell Calloway, Marjorie Lightfoot, Billie Chandler, and Elsie Pliska.

Virginia Countess is chairman for the social committee and others are: Faye Shelburne, Alberto Lee, Alma Bell Henson, and Melba Summerford.

The social service committee is composed of Mary Simmons, Myrtle Tillman, Earline Roberts, Marguerite Morgan and Geneva Thompson chairman.

The club voted to pay 25 cents dues a semester.

Irma Tunnell presented a short talk.

Library Orders 25 Periodicals

The library recently ordered the Dallas Morning News with money collected from last year's book fines. An order for 19 magazines has been placed with the McGregor Magazine Agency, Cedar Rapids. The list of magazines includes: American Boy, American Girl, American Magazine, Woman's Home Companion, Boy's Life, Popular Mechanics, Good Housekeeping, Hygeia, Industrial Arts and Vocational Education, Musical Courier, Popular Aviation, News Week, Popular Science and the student edition of Readers Digest, American School Board Journal, Clearing House, Nation's Schools, and School Executive have been ordered for a teachers professional library.

The Reporter-Telegram donates two copies daily to the library.

Basketball Team Gets Early Start

Twenty-two boys met in the gym Thursday with D. E. Johnson, Junior High teacher, to discuss plans for a basketball team.

"I don't want boys who come out to mess around. I want the boys who are interested in basketball and who will work to become good players," Johnson said.

The basketball club is starting early. An announcement will be made next week when the boys meet again.

School Gets Posters From Safety Groups

The Midland Safety Council has sent posters to the high school to be placed on bulletin boards in the halls and read by students. The safety council asks cooperation from every boy and girl in school to help prevent accidents.

O. C. A. Club Meets At Hanks Home

The O. C. A. club met Friday evening at the home of Kathryn Hanks to discuss club colors, sweaters or pins, and a dance to be held later in the season. The meeting was followed by a theater party attended by the members of the club.

Accidental deaths of persons over 65 are proportionately greater than in all other age groups combined.

Jones To Conduct Clinic In Odessa

The music clinic of region eight will be held October 6 in Odessa under the direction of Dr. Archie N. Jones of Texas University.

Sponsored by the Texas Music Educators Association, the clinics will be held in twenty-seven districts. The major clinic, a combination of clinic work from all districts, will be held in Austin November 19. This last clinic is sponsored by the State Department of Education. Dr. Jones will select students from the clinic to participate in the state program.

Mrs. De Lo Douglas, music director, plans to attend the Odessa clinic with the Midland choral club and glee club.

Band Performs At San Angelo

The band and rifle squad, each consisting of 48 members, accompanied the team to San Angelo Friday. The parade was cancelled because of rain, but the band and rifle squad were in uniform and marched at the half.

Louis Durham, sophomore from Seagraves, is a new member, playing a baritone saxophone. Another addition to the saxophone section is LeRoy Mickey, tenor sax, who previously played clarinet.

Director M. A. Armstrong says he is limiting the practice period for the drill squad and band to meetings on Tuesday and Thursday afternoons and finds that students are making concentrated efforts to learn assignments.

A music aptitude test will be given at Junior High School from 8:30 to 9:15 a. m. Wednesday by Armstrong. Students from the fifth to the eighth grades who are interested will be dismissed from classes to take the test.

Odessans Present Assembly Program

Four Odessans presented a program Wednesday morning at assembly. They were Superintendent Murray Fly, Odessa, who presented a short talk and introduced two Odessa High students, Patsy Boyd and Virginia Dean Clardy. The latter sang three numbers: "Ah, Sweet Mystery of Life," "Indian Love Call," and "Come Out Into The Sweet Spring Night." She was accompanied by Miss Marjorie Sue Kinyon, Odessa. Patsy Boyd, violinist, presented two Hungarian numbers, accompanied by her violin teacher, Miss Killian.

Ex-Midland Players Make College Teams

Windell Williams, ace football, basketball and track star, is out for the freshman football team at Rice Institute in Houston.

Marion Taylor is attending the ETSTC at Commerce and is a starting tackle on the eleven.

Bob Eldson and Paul Klatt also are attending ETSTC and are out for the freshman football team.

J. M. White, football and track star attends Kemper Military School and is a candidate for the football team there.

Cletas Hines attends Texas University and in the spring plans to come out for the freshman track team.

Woodrow Adams, graduate of '38, is starting tackle on the TCU eleven.

Osburn President Of M. A. A. Club

The M. A. A. club was reorganized Thursday at the home of Orilla Mae Osburn on Kansas Street. Officers named were: President, Orilla Mae Osburn; vice president, Allyne Kelly; secretary, Marie Barber; treasurer, Nellie Elkin Brunson; and co-reporters, Jimmie Kathryn Kendrick and Wanda Mickey.

Eleven girls attended the meeting. Wanda Mickey will hold the next meeting.

Junior Rotarian Attends Luncheon

Each week the Rotary Club entertains a Junior Rotarian, who will be selected from boys of the senior class by the high school faculty. The Junior Rotarian will attend luncheons each Thursday.

Gerald Nobles, president of the senior class, was representative last week.

Debate Topic Is Announced

The question for Texas Inter-scholastic League debate this year is "Resolved: That the federal government should adopt the policy of equalizing education throughout the nation by means of annual grants to the several states for public elementary and secondary education." A bill is now before Congress for federal funds to equalize educational opportunities.

J. C. Moore, debate coach, said he was anxious to have a large group of students try for the team as soon as study material arrives. Moore held conference last week with groups of freshmen and sophomores.

Woodwork Class Makes Cabinet For Office

R. C. Ferguson has 15 students enrolled in his woodwork class. The boys are making novelties such as ash trays, towel racks and meat boards. Later they will build more advanced articles as magazine racks, tables and shelves. Nearly all the machines in the shop are used.

The class is building a cabinet for Principal Frank Monroe's office. One of the things it has done is to stencil numbers on seats of the football stadium. Ferguson reported several new tools will arrive soon.

English Instructor Wears Poison Ring

Miss Ruth Carden, senior English teacher, possesses a poison ring purchased in Genoa, Italy. The ring is sterling silver with turquoise settings. She bought it as she was crossing the Italian border on her way to France in 1938 and paid for it with American, French and Italian coins.

The top of the ring opens, revealing a cup for poison.

Concession Brings Money For Annual

In an effort to raise funds for this year's annual, the senior class, under the leadership of Gerald Nobles, class president, held a concession at the Austin High football game. Cushions and football programs were sold to fans by members of the class.

An Editorial

Midland High School is your home for seven hours a days. But most students write on the desk, then think they are cheated if they do not get an unmarred desk. They chew gum, then stick it on the school furniture. What if it were never cleaned up? Midland High School is fairly new. Let's keep it that way. Get out of the grade school age. Respect school property, because school property is your property.

High School Girls Adopt Jewel Fads

Ear rings have taken the spotlight with Midland High School girls this year. They are wearing them of every shape, size and color. Charlotte Kinsey has worn silver loops. Emily Lamar has a pair with an emerald surrounded by tiny rhinestones. Maxine Stewart's are set with an opal. Eula Ann Tolbert has silver rings, and Elma Jean Noble cameo ear rings.

Another new fad are necklaces made of string watermelon and cantaloupe seeds and worn by Billie Walker, Isabel Moorehouse, and Mary Lee Snider.

Indian jewelry also is popular. Jo Ann Proctor, Nancy LaForce and Suzie LaForce are wearing Indian bracelets. Joyce Strong has an Indian pin of turquoise in butterfly shape.

Jubilant Students Study As Usual

Agriculture students were jubilant when they saw their room in the basement flooded Wednesday morning.

They wouldn't have to go to class after all. But director Howell, found an unoccupied room for temporary use. Water was bailed out of the main class room and students resumed classes as usual.

Coach Clarke Plans Football Programs

The athletic department, under the direction of Coach Earle Clark, has brought out a new type of program which will be sold at home football games this year. The eight-page booklet has a purple and gold back. Information consists of names of players, with weights, numbers, and positions.

Freshman Class Elects Officers

Charles Barron was elected president at a Freshman class meeting Wednesday in the high school auditorium. Other officers elected for the year: Vice-president, Cecilia Long; secretary, John Larsh; treasurer, Ann Ulmer; reporter, Henry Shaw; critic, Garrett Sindorf; and sergeant-at-arms, Bill Richards.

Bulldog Back Makes Resolution

Charlie Kelley, Bulldog back who wears number twenty jersey, says, "I'm not going to get a shave until we win a game, and I'm not going to get a hair cut until I make a touchdown."

Overhaul of army airplanes in the western states is centered at a large air depot in Sacramento, Calif.

The Reporter-Telegram

Start Fire Prevention Week

Volunteer Fire Workers Protect City Of Midland

Midland's Volunteer fire department protects the city, serves without pay, and helps to maintain a low fire insurance rate here.

Its members practice weekly and a pumper team ranks high in competition of the Permian Basin Firemen's Association. The department annually sends students to the firemen's short course at Texas A&M College.

Members of the department include Luther Tidwell, chief, and J. T. Baker, Marvin Beauchamp, Grady Brown, D. H. Casper, Athel Cole, G. D. Fuller, Edwin Garland, J. O. Klatt, Johnnie Pliska, O. E. Read, George Ross, Bill Stanley, James Walker, Ed Fitzgerald, Houston Oney, H. O. Ponder, F. B. McPherson, Joel Adcock, and J. T. Walker.

Arranges Observance

Luther Tidwell, fire chief of the Midland Volunteer Fire Department, is chairman of the fire prevention committee of the Midland Chamber of Commerce, sponsoring observance of National Fire Prevention Week in Midland.

NOTIFIES RELATIVES IN WINK OF TRANSFER

WINK (Special)—Iver Iverson in San Diego, Calif., with the U. S. Army has notified relatives here he will be stationed in Hawaii.

City Will Observe Prevention And Safety Measures As Schools, Scouts And Fire Department Participate

Midland entered National Fire Prevention Week Sunday and an extensive city observance is planned with the fire department, Boy Scouts, and schools taking the lead.

Luther Tidwell, chairman of the Midland Chamber of Commerce fire prevention committee, was in charge of arrangements. He was assisted by W. F. Prothro, fire marshal, school officials, and other civic leaders.

Boy Scouts will make a house-to-house inspection during the week. The inspection is sponsored by the Midland Volunteer Fire Department, which requested housewives to cooperate with scouts.

Poster contests are being conducted in the schools and winning posters will be displayed in show windows of business houses and prizes will be awarded. The best posters made by students will be entered in the national competition.

Fire prevention programs are scheduled at service clubs this week. Literature will be distributed in the schools.

Will Collect Newspapers

Members of the fire prevention

committee of the Chamber of Commerce include Tidwell, chairman, and Clint Myrick, Miss Laura Jesse, Claude Crane, Miss Vesta Deator, J. D. Brown, and Frank Prothro.

At least one Boy Scout troop, 51, planned to collect old newspapers during the week. Citizens were asked to telephone Riley Parr at No. 105 or Dana Secor at No. 424 and scouts will be dispatched to collect the papers.

Fire department members may be asked to make talks in the schools and fire drills are expected to be conducted. Department members have talked to scout troops and clubs recently on fire prevention.

Mayor Issues Proclamation

WHEREAS, National Fire Prevention Week begins on the 5th day of October and continues through October 12th; and

WHEREAS, it is of interest to the citizens of Midland as well as the nation as a whole to assist and aid in the prevention of fires and destruction occasioned thereby; and

WHEREAS, fire prevention this year especially is highly important to National Defense; and

WHEREAS, it has been the experience of the nation that the observance of Fire Prevention Week has materially aided in the abatement of the unnecessary losses caused by fires; and

WHEREAS, it has been further demonstrated that the cleaning up of trash and rubbish from the streets and alleys of the town is closely related to the betterment of conditions of the public health and welfare as well as the prevention of fires.

THEREFORE, I, M. C. Ulmer, mayor of the City of Midland, Texas, do hereby proclaim, dedicate and set aside the week from October 5th to Oct. 12th, 1941, as Fire Prevention and Clean-up Week for the City of Midland, Texas, and I do hereby call upon the citizens of this community to assist and aid in the program and work dedicated to accomplish the purpose of this proclamation.

(Seal of the City) (Signed) M. C. ULMER, Mayor
City of Midland, Texas.

Priorities Due Small Loans Here

WASHINGTON—Builders of homes costing less than \$6,000 in 275 designated defense areas have been given first call on copper, zinc, electrical supplies, hardware, and other materials needed for construction.

The government priorities order will make it more difficult to obtain building materials in other areas or for other types of homes, defense officials said.

Donald M. Nelson, defense priorities director, said that the order would apply to 200,000 privately financed homes and to 100,000 to be built by government agencies. Quotas have been worked out for each of the areas but they were not disclosed.

Only Specified Items

The priority assistance may be obtained to get quicker deliveries of only specified items and only in quantities authorized by priorities officials.

The list of materials included not only such metals as copper, steel, iron, and zinc, but also manufacturing products such as lighting fixtures, meters, water softeners, radiators and thermostats.

It also included ranges, refrigerators and oil, gas and coal burners, but it specified that no preference would be given to oil burners in the eastern seaboard area where efforts are being made to conserve oil because of a transportation shortage.

To obtain priority assistance, the builder in a defense area must apply to the local office of the Federal Housing Administration. Nelson said the FHA offices would be utilized in order to put the plan in effect quickly, although it has no connection with FHA mortgage-insured activities.

To Handle Applications

The Fort Worth FHA office will handle applications from the following defense areas, designated by the Office of Production Management, Fort Worth, Wichita Falls, Vernon, Lubbock, Midland, Brady, Abilene, San Angelo, Brownwood, Mineral Wells and Dumas.

No application will be considered until it is demonstrated that the homes will be available to defense workers with prices within their reach, and at locations convenient to their employment.

The highest preference rating will be assigned to defense housing projects which were under construction at the beginning of this month and to remodeling and rehabilitation jobs designed to create additional living quarters for defense workers.

Lower ratings will be given to new construction for rent and a still low

Midland Issues \$17,800 Permits For Construction

Building for 1941 in Midland neared the half-million mark last week when \$17,850 in permits were issued. The '41 figure now is \$445,970.

Of the \$17,850 permits, \$16,400 was for four residences.

Paul Schaefer will build a \$5,000 dwelling at 804 West Kansas St. It will be a six-room, 40 by 55 feet, house with garage attached.

J. C. Velvin received a permit to build a \$4,800 residence at 200 Club Drive in Ridgela. It will have six rooms with a two-car garage attached. Size will be 26 by 66 feet. Material will be lumber.

Residence On Ridgela

A residence, costing \$3,800 will be built at 203 Ridgela by Ray Leggett and have five rooms. The size will be 24 by 55 feet. Material will be lumber.

B. Hanks will construct a five-room frame residence at 200 Ridgela at a cost of \$3,800. A one-car garage will be attached and the size will be 24 by 55 feet.

Minor permits went to Frank Taylor for \$300 to move a structure from three miles north of the city to 203 East Penn, St., and R. G. Swiger for \$150 to construct a boxed-stripped structure at 1200 South Big Spring St.

rating to new homes to be offered for sale. To qualify under the plan, a house must be designed for rental for not more than \$50 a month.

Protect Your Home

from the **RAVAGES** of **FIRE**

Even if you can't prevent accident, you can be protected against it, with insurance geared to your requirements! We'll help you decide on a low-cost policy.

Hyatt Insurance Agency
203 Thomas Bldg. Phone 6

IT CAN HAPPEN HERE . . . BUT

your property need not be a total loss, if your insurance is adequate. Think of the fact that there is a fire in 500 homes daily—that it's always the result of an "accidental" cleaning fluid explosion, curtain catching fire from the stove, or cigarette. You can't afford to be without our low rate fire insurance!

Over 500 Cities In United States Begin Fire Prevention Week Effort As President Urges Conservation

More than 500 American cities will begin Sunday annual observance of Fire Prevention Week.

The week was designed by President Roosevelt in a proclamation declaring the necessities of the defense effort call for the fullest conservation of properties that might through neglect be destroyed by fire.

Public authorities, civic leaders, chambers of commerce educators, the radio, press and other groups will unite during the week in promoting programs to safeguard human life and property and to eliminate fire hazards, so that the program for National Defense may be carried on with the greatest possible efficiency.

Wilson Endorsed Effort

The President, in his proclamation, emphasized the fact the annual fire loss in the United States in 1940 totalled more than \$285,000,000, a substantial increase over the annual losses in recent years. In addition, it is estimated that during the year 10,000 persons lost their lives through fire.

Fire Prevention Week was established as a memorial to the great Chicago fire of 1871. In 1920, President Wilson gave the first presidential sanction to organized fire prevention effort by special proclamation. Since that time proclamations have been issued annually by all succeeding presidents.

Regulation Will Require New Permit For Affected Firms

J. L. Hermann, managing director of the Federal Reserve Branch office at El Paso, said Friday business and concerns operating under Regulation W of the new consumers credit installment law will have to renew their licenses, effective the first of the year.

Dealers are now covered by a general license, Hermann said, but if they are to continue after Dec. 31 they must register on a form provided by the Federal Reserve Bank and receive a new license. Forms are not prepared, but will be available at commercial banks in plenty of time.

Hermann explained Regulation W Friday to a group of West Texas business men and merchants at Hotel Scharbauer. The regulation covers all firms selling listed articles on time payments or making loans on listed articles, and those making loans of \$1000 or less regardless of security.

"Terms on which listed articles can be bought on the installment plan are not changed a great deal from those business men have been accustomed," Hermann said. In general the terms provide 18 months to pay and down payments from 10 per cent on household furniture to 33 and one-third per cent on automobiles.

4000 Future Farmers Attend Fair Opening

DALLAS (AP)—Opening day visitors to the State Fair, fewer in number than had been anticipated because of a heavy rain, included an estimated 4,000 Future Farmers of America from many parts of the state.

Visiting newspapermen and their families were welcomed at a press day dinner, Gov. Coke Stevenson, who had planned to attend, was unable to participate in the day's program because of Mrs. Stevenson's illness.

Safety Council To Meet Monday Night

The Midland Safety Council will meet at 7:30 p. m. Monday in the Chamber of Commerce office. All members and others interested in traffic problems here were urged to attend.

Houston Leads Building Again

By The Associated Press

Houston, reporting building permits of \$326,435 for the week, pushed its yearly total past the \$15,500,000 mark during the last seven-day period.

Corpus Christi continued to occupy the runner-up position for the year with Dallas in second place for the week.

City	Week	Year
Houston	\$326,435	\$15,524,905
Dallas	167,351	8,668,105
Fort Worth	117,951	5,162,045
Corpus Christi	97,175	11,004,492
Austin	61,825	4,324,948
Wichita Falls	60,615	1,384,651
Amarillo	55,400	2,130,660
Lubbock	54,761	2,802,118

Man Hurt In Wreck Is Returned To Wink

WINK (Special)—J. B. McCann, oil field employe, seriously injured in a highway accident near Big Spring, returned to his home in Wink Friday. He received a fractured knee.

He was the most seriously injured of seven who were in the car when it collided and turned over.

Wink's Defense Guard To Attend Convention

WINK (Special)—Wink defense guard Company C 1st Battalion is preparing to attend the parade and review at Monahan's Oct. 19th which Governor Coke Stevenson and high ranking officials from New Mexico, are expected to attend in connection with the district American Legion Convention.

INSURE

against FIRE LOSS

When flames consume your property—and further damage is caused by the water used to quell the fire—it's too late to take out insurance—to pay for your loss! Guard against fire by every preventative means you know; and protect yourself against fire loss with dependable insurance.
