Court Knocks Props Out Of Blue Laws

Acting this week by the State Supreme Court may directly effect the Sunday opening or closing of some businesses in Muleshoe in the immediate future.

The ruling seems to have knocked the props out from under the 1961 "Sunday Closing" law which was the source of much discussion in this area not long ago.

The law which divides in-store merchandise into two lists — unrestricted and restricted for Sunday sale, suffered a severe setback when the high court ruled that restricted items may be sold on Sundays by simply having a meaningless form signed by the purchaser.

The Supreme Court said a store complies with the law if Sunday shoppers sign certificates stating that an emergency exists. The court said the law does not require store officials to determine whether an emergency actually exists.

The 1961 Legislature prepared a list of restricted items and provided a store could not sell them on both Saturdays and Sundays unless customers certified there was an emergency involving health, safety or public welfare.

The list included clothing, furniture, home appliances, kitchen utensils, tools and other items. (See Court Page 5)

Bailey County may have one of the nation's highest participations in growing of excess cotton acres which will go into the export market at world market prices.

More than 150 farmers with an estimated 2,000 acres have signed up early this week at the county ASC office. Deadline for the export acres was Monday at 5 p.m.

This year, the new export provision in the cotton program allows a producer to grow 5 percent above his allotted acres, the cotton from this added 5 percent acreage to be sold directly to an export buyer.

Participating farmers are required to post a bond of about \$100 per bale, based on their normal yield, for the acres they will grow for export. The bond will be refunded when growers furnish proof that the extra cotton was sold to an export buyer.

Many of the farmers signing up have not yet delivered their bonds.

Bonds are required within 15 days after the application for acreage. A number of bonds are being supplied by cotton groups, and the Plains Cotton Growers Association.

South Plains cotton growers are taking to the world market plan with purpose, contrary to farmers in smaller cotton areas. In these, quite often the full regular allotment is not used. Bailey County each year picks up acres of unused allotments from other Texas growers, to whom cotton growing is not a primary business.

These growers generally have a higher per-bale cost of production because of limited acreage, insects and other factors unfavorable to cotton. The world market price, at present around 24 cents, probably would make little money and could result in losses on expensive crops, if the price slipped for below 24 cents.

On the volume production of the area, a lot of farmers are willing to take their chances on the world market.

This year they are limited to the 5 percent chance, a figure set arbitrarily because the cotton program was late being approved. In 1965 the date for excess acreage sign-up is expected to be advanced early enough. (See Cotton Page 5)

Area Students Get Co-Op Scholarships

Miss Linda Ann Klutts, the daughter of Mr. and Mrs. Bob Klutts, Goodland, a member of the 1964 graduating class of Three Way High School, was presented a \$400 college scholarship by the Bailey County Electric Cooperative Association this week.

Each year one scholarship is awarded to two students of different schools in the area. Those scholarships are made possible through the Muleshoe State Bank, and are good in any college, university, church school, or junior college.

The student's family must live in the area and take service from the cooperative. They are nominated and recommended by their high school principal; then the final selections are made by the board of directors of the cooperative.

Another lucky student is Miss Sharon Lee Walsler, daughter of Mr. and Mrs. B. E. Walsler, Sudan, a 1964 graduate of Sudan High School.

The Five Area Telephone Cooperative, Inc. awards one scholarship each year on the same basis. It was presented this year to Clark King Bledsoe High. He is the son of Mr. and Mrs. C. E. King, Bledsoe.

This marks the first year that a Bledsoe student has received one of these scholarships.

County Past Due Bills: Some Requested To Pay Now; Some Get Special Treatment For Various Reasons

Although it is not mentioned anywhere in the official minutes of last week's official, called meeting of the Bailey County Commissioners' Court, an official report of the status of the past due bills owed the county was made by the county attorney.

Specifically, the report concerned the one-time \$12,000 total past due bills for Farm Labor Contract Work done on private property by county equipment and personnel.

The report revealed some of the working and thinking processes of the local court.

On March 1st, according to the official minutes of the court, that

governmental body specifically stated and instructed the county attorney to collect "ALL past due accounts, WITHOUT EXCEPTION."

Now, time has revealed that

Absentee voting in the second primaries—both Democratic and Republican ended June 2.

The Republicans will vote only for U. S. Senator.

the county attorney was instructed privately to withhold certain names from the list.

A total of 34 names of persons whose accounts with the county are long past due were withheld.

When the question, "Why" was asked it was stated that these persons were receiving special treatment for "various" reasons. The reasons were not complete. However, it is supposed the commissioners will eventually list them, reason for reason, now that the withholding is public knowledge.

The total amount owed by those persons whose names were withheld from the "official" action is \$1,109.75 for the year 1962 only.

In precinct one this amounts to \$336.00; in precinct two \$244. (See Country Page 5)

Eight of the persons whose names were withheld live in precinct one; four in precinct two; one in precinct three, and seven in precinct four.

There will be two Republican voting places; one in the West Camp Cafe and the other in the American Legion Hall here.

Bailey County Democratic Party expects more than 300 votes to be cast here in the June 6th primary run-off election.

The contest will select the Democratic candidate for the Congress - man - at - large post and is the only race on the second primary ballot.

There will be two Democratic run-off polling places; One at Three Way and the other at Muleshoe in the voting building across from the courthouse, according to S. E. Goucher.

There is some question among Bailey County voters as to whom may or may not vote and whether or not party lines may be crossed.

In Texas you may cross party lines if your poll tax receipt has not been stamped. If your receipt has been stamped you must vote along party lines.

Absentee Voting Ends Tuesday; Election Scheduled June 6th

Bridal Shower Held For Miss Patricia Locker

Miss Patricia Locker, bride-elect of James Ralph Nelson, Littlefield, was honored with a bridal shower Tuesday in the home of Mrs. Clyde Hogue, Bula.

Bouquets of red and white roses were used throughout the house carrying out the bride's chosen colors. The serving table was laid with a white lace over red centered with a miniature bride and groom standing in a heart. Tiny red roses encircled the base of the heart which was offset with white burning taper.

Miss Janie Blackman served red punch and Miss Shirley Monor served individual white cake squares. Guests were registered by Miss Joyce Thompson.

Assisting Mrs. Hogue as hostesses were Mrs. Raymond Austin, Mrs. Rowena Richardson, Mrs. C. A. Williams, Mrs. DeWitt Tiller, Mrs. Edward Crume, Mrs. E. O. Battles, Mrs. J. L. Latham, Mrs. Royce Jeagg, Mrs.

Rehearsal Dinner Held Friday Night

Mr. and Mrs. R. T. White, Lafayette, La., were hosts for a rehearsal dinner for the wedding party of Miss Peggy Howell and Robert White.

The dinner was held Friday night at the Dinner Bell Cafe. Tables were laid with white cloths with streamers of gardenias and gladiolas running the length of the tables with clusters of flower blossoms spaced at intervals.

Attending were Lynda Brown, Chuck Nestor, Canyon, Mr. and Mrs. W. T. Watson, Burr Blake, Friona; Jo Ann Beard, Friona; Mr. and Mrs. James Howell, Friona; Mr. and Mrs. Daily Howell and Latoyia, Mrs. Audrey Champro and her mother, Mrs. Champro, aunt and grandmother from Seattle, Wash., Robert White, Peggy Howell and the host couple and their sons, Tim, David and Dick.

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Richard F. Franz announce the approaching marriage of their daughter, Jacqueline, to David Edward St. Clair, Seymour, son of Dan St. Clair and the late Mrs. St. Clair. The marriage will be solemnized Saturday, July 18, at Trinity Lutheran Church, San Antonio. Miss Franz is a graduate of Harlandale High School and San Antonio College. She received a BBA degree in accounting from the University of Texas where she was a member of Beta Alpha Psi. She is presently employed in Houston. St. Clair attended high school in Muleshoe, and graduated with highest honors from the University of Texas. He received a Master's degree from UT in August, 1963. He was a member of Delta Psi social fraternity, Beta Gamma Sigma, and Beta Alpha Psi. He is a CPA with Price Waterhouse & Co., Houston.

Reception Honors Lazbuddie Couple Observing 50th Wedding Anniversary

A 50th anniversary reception was held Sunday in the Gene Fox home honored their grandparents, Mr. and Mrs. L. C. Woltmon.

Assisting Mr. and Mrs. Fox as hosts and hostesses were the couples son and daughter, Major Jack Woltmon, Denver, Colo. and Mrs. Bynard Fox, Albuquerque, N. M.

Woltmon and Maude Nell Sanders were married in Clairmont, Texas May 28, 1914 in a buggy. They moved to Spur and were telephone operators for several years. They bought land in the Lazbuddie Community in 1918 and moved there in 1936.

Centering the table covered with a white linen cloth was a low floral arrangement of bronze mums, champagne carnations and gold baby chrysemums. The wedding cake was square, in three tiers and topped with the numeral "50".

The couple's great grandson, Joe Fox, registered guests who called between the hours of 3 and 5 p.m. Mrs. Gene Fox presided at the refreshment table.

The honorees were presented a corsage and boutonniere of champagne carnations.

Among guests attending the reception was Woltmon's mother, Mrs. Mary Woltmon, who is 97 years of age.

Vows Repeated By Mae Savage And Warren Williams

Mae Savage, Portales, formerly of Muleshoe, and Warren Williams, a retired rancher, were married in their new home at 109 Texas Avenue, Portales, N. M. at 7 p.m. Tuesday, May 26.

The bride wore a beige mesh dress complimented with white patent accessories and a white carnation corsage. She carried a white lace handkerchief and her only jewelry was a circle pin of rhinestones given to her nine years ago by Prentice and Monica Griffiths, Muleshoe.

Mr. and Mrs. Herbert Griffiths were the couple's attendants.

Other wedding guests were Monica and Prentice Griffiths and daughters of the bride, Mrs. Dorothy Crosley, Portales; and Mrs. Clifford Summers, Clovis.

Mrs. Crosley and Mrs. Summers were hostesses for a reception following the ceremony.

Gift Tea Fetes Future Bride Of Darrell Lancaster

A gift tea for Miss Maragret Laminack, bride-elect of Darrell Lancaster, was given Thursday from 2 to 4 p.m. in the home of Mrs. Roy Whitt, 1528 West Avenue C.

An Early American arrangement of white daisies, bitter-sweet carnations and stork centered the table laid with a white cutwork cloth. Early American crystal and silver appointments were also used.

Presiding at the table were Miss Mary Ann Greene and Miss Annamary Elrod. Mrs. David Anderson and Mrs. T. M. Slemmons alternated at the guest register.

The receiving line was formed by Mrs. Whitt, the honoree, her mother and grandmother, Mrs. J. L. Laminack and Mrs. J. J. Spikes, Ralls, and Mrs. D. B. Lancaster, mother of the future bridegroom.

Hostesses were Mrs. David Anderson, Mrs. W. F. Birdsong, Mrs. Roy Whitt, Mrs. A. S. Stovall, Mrs. T. M. Slemmons, Mrs. Horace Blackburn, Mrs. W. H. Elrod, Mrs. Eugene Black, Miss Mary Ann Greene, Mrs. Troy Wilkerson, Mrs. A. R. McGuire, Mrs. Arnold Gross and Mrs. Whitt.

Hostess gift was a card table and chairs.

TO MARRY — Wedding vows will be exchanged by Jennie Bayless and Max Field, Saturday, June 20, at 7:30 P.M. at the First Methodist Church in Muleshoe.

Parents of the couple are Mr. and Mrs. Ike Bayless of Springfield, Ariz. and Mr. and Mrs. Billy Field of West Camp.

INSTALLATION — Mrs. J. G. Ann, is pictured installing Mrs. Rufus Gilbreath as president of Muleshoe Study Club at a ceremony held in the Holiday Inn, Clovis.

Summer Flower Garden Is Theme Of Study Club Installation Ceremony

Mrs. J. G. Ann used a summer flower garden as her theme in installation of officers for the 1964-65 year of Muleshoe Study Club. The ceremony was held following a 1 o'clock luncheon Thursday in the Holiday Inn, Clovis.

Each flower was described as possessing a different characteristic, such as faith, patience, perseverance, love and devotion, which was aptly applied to each office. As she described the significance of each, an appropriate flower was placed in a lovely vase by Mrs. Rufus Gilbreath. The remaining members were asked to stand, and in answer to the question, promised to do their best for the good of the club which begins its new year in September.

When completed, the beautiful flower arrangement was presented to retiring president, Mrs. O. N. Jennings.

Officers installed were Mrs. Rufus Gilbreath, president; Mrs. J. G. Ann, vice-president; Mrs. S. L. Benefield, second vice president; Mrs. Cecil Cole, recording secretary; Mrs. Les Bruns, corresponding secretary; Mrs. R. O. Gregory, treasurer; Mrs. Lewis, Henderson, critic; Mrs. O. N. Jennings, parliamentarian Mrs. Horace Blackburn, historian and Mrs. Gilbreath and Mrs. Gregory, reporters.

During a short business session, a letter was read from the "Friends of the Library" thanking and acknowledging the club's cooperation and participation in different phases of the Library's undertakings. A discussion was held and each member encouraged to take part in solving of the problems of the Library, and assisting to arrive at a definite plan toward a solution.

In order to honor and memorialize the valiant efforts of Mrs. Gil Lamb in this capacity, it was voted to place her name in "The Golden Book" a permanent record at the State Headquarters in Austin.

Summation of the year's work was given in rhyme by Mrs. O. N. Jennings, who also dedicated any successful accomplishment of the Club to the memory of Mrs. Lamb.

Guest for the luncheon and installation were Mrs. Leon Beaver, Mrs. Eddie Lane, Miss Lanelle Lafon and Miss Magann Lamb.

Members were Mrs. John Farley, Mrs. W. H. Elrod, Mrs. Gilbreath, Mrs. Mervin Wilterding, Mrs. Gregory, Mrs. S. L. Benefield, Mrs. Ann, Mrs. Jennings and Mrs. Les Bruns.

Double Ring Ceremony Unites Miss Peggy Jo Howell, Robert T. White

Miss Peggy Jo Howell became the bride of Robert Thomas White in a double ring ceremony read at 4 p.m. Saturday in the Richland Hills Baptist Church.

Rev. Lynn Stephens officiated before an archway flanked with candelabras holding red tapers and red carnations accenting the archway covered with greenery. The bride is the daughter of Mr. and Mrs. Daily Howell and the bridegroom is the son of Mr. and Mrs. R. T. White, Lafayette, La.

Given in marriage by her father, the bride wore a floor-length gown of lace over bridal satin. The fitted bodice featured long tapered sleeves and a scalloped neckline with sequins and tiny seed pearls. She carried a triangular bouquet of cymbidium orchids and feathered carnations accented with leaves of green and seed pearls.

Latoya Howell was her sister's maid of honor and bridesmaids were Jo Ann Beard, Friona; and Jonnie Burris.

The bride's attendants wore dresses of red cotton satin with red organdy overskirts and bell-

shaped sleeves. They each carried two long-stemmed white carnations.

Best man was Chuck Nestor, Canyon. Groomsmen were James Howell, Friona, brother of the bride and Tim White, Lafayette, La. brother of the bridegroom. They also served as ushers.

Wedding selections were presented by Pat Watson, pianist, and soloist Karen Blake, Friona, who sang "Through the Years," "Whither Thou Goest" and "The Lord's Prayer."

A reception followed in Fellowship Hall of the church.

An arrangement of red carnations with white Pom Pom mums and red candles accented the reception table.

For a wedding trip to Estes Park, Colo. the bride chose a two piece dress of linen with a blue jacket. Her corsage was an orchid from the bridal bouquet.

Mrs. White is a graduate of Friona High School and attend ed West Texas State University. White was graduated from Canyon High School and a 1964 graduate of Texas A&M.

Brothers Meet At Japan Dock

A long planned meeting of brothers came about for two Muleshoe servicemen May 25 when Tommy Whatley, accompanied by a friend Jerry Clark, a native of Montana, met George Whatley at his ship, the USS Providence, docked at Tokusaka, Japan. They are sons of Mr. and Mrs. R. O. Whatley, Muleshoe.

That day was spent touring the Providence and World War II battleships. George, who has just been promoted to Boatsman Mate 3rd class, reported back aboard his ship May 26 and Tommy and Jerry watched the boat head out for open sea amidst the sounds of the band playing on shipboard and on dock.

Tommy and Jerry went on to Tackikawa and Tokyo where they made a number of tours of the cities and ate a Japanese meal, all cooked in their presence and served piping hot, complete with chop sticks and excellent service.

One of the highlights of their Tokyo stay was a visit in top of Tokyo Tower and the view of the gigantic city at night.

Tommy and Jerry are stationed

at Camp Howard, 30 miles south of Seoul, Korea. They attended military school together in the States and Jerry has visited in Muleshoe with the Whatley's.

Mike Polson, Muleshoe, is spending several days with his grandparents, Mr. and Mrs. W. B. Killingsworth.

25; in precinct three \$40, and \$489.50 in precinct four.

The above figures represent only one year — 1962 and do not include monies owed the county as far back as 1956 or as recent as the 1963-4 period.

The original story on the problem broke on December 5th when the "Journal" stumbled on the story and published it for the public. At that time it was found that the total owed the county was over \$12,000 and dated back as far as 1956.

Further investigation found that it was possible much of the work done was actually illegal.

State law states that county equipment may be used on private property only to prevent soil erosion by wind and water. The intent of the law is to keep roads and by-ways free of sand and soil.

It was also discovered that each and every job is supposed to be brought before the court, voted upon, and the approval or disapproval written in the public minute.

This is not done in Bailey

County.

Each job is not examined by the court.

Each job is not voted upon. Each job is not included in the county minutes.

As it stands today, a grand total of 77 letters have been mailed requesting immediate payment, and a total of \$1,943.86 has been collected by the county. This amount was paid by 48 persons.

The letters have been sent to those persons owing bills from about late 1956 to 1962.

Total amount paid from bills owed in precinct one is \$633.49; Precinct two, \$335.62; Precinct three \$266.25; precinct 4, \$708.50.

commonly sold by discount stores. It also included cars and auto parts.

The Supreme Court ruled on the law in a test case from Corpus Christi.

Shoppers World, Inc., a store there, contended it complied with the law when it got customers to sign printed forms stating that an emergency existed when they purchased items.

Prosecutors said the store used the forms as a "subterfuge" to get around the law.

Since the Supreme Court decision would affect the entire state, James M. Williamson of Dallas filed a brief supporting the contention of the Corpus Christi prosecutors.

The nine Supreme Court justices agreed, however, that the Corpus Christi store complied with the law.

Chief Justice Robert W. Calvert, who wrote the Supreme Court decision, said it would be unfair to require a store to decide if an emergency actually existed.

The nine Supreme Court justices agreed, however, that the Calvert said the section of the law dealing with "emergency purchases" was so loosely worded that it did not set up guides for determining when an emergency existed.

Under the theory advanced by prosecutors, the chief justice said, a store could never make a Sunday sale without risking criminal penalties.

Justice Clyde E. Smith said he was ready to go further and declare the entire law unconstitutional. He said the law is so vague and indefinite that it is "an irredeemable violation of the constitutions of the U. S. and Texas."

to determine how many farmers the nation ever want the added acres.

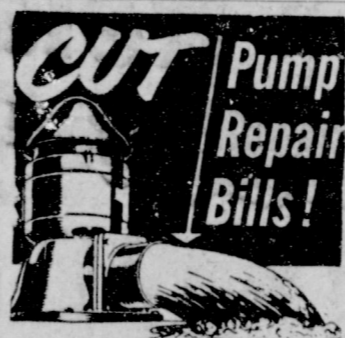

The amount not used will be apportioned in the same way that present regular allotment acres are distributed. Bailey County farmers, and others over the South Plains, stand to perhaps more than double the 5 percent figure in the next year, from the export acreage that smaller growers will pass up.

That is, if 1964 export cotton brings a profit - making price. This is an unknown that only the market will determine.

But a lot of area farmers are willing to bet that their cotton know-how will turn out bales at a price competitive with any growers anywhere and finally have clearance from the federal program to prove their contention.

Cotton groups for years have advocated, some in limited form, an open market opportunity for producers. They argue that the support price of U. S. cotton at above 30 cents a pound bars it from many world outlets where the going price has been around 24 cents for several years, and have asked for the chance to try the world market.

The new situation adds a certain gamble to the 1964 crop for Bailey County farmers, who always have been a group to gamble on weather or world markets.

The export acres will be measured along with the farmer's regular allotment, and will not be separated by fields or any way in growing. When the production records for all a producer's 1964 crops are brought in to the ASC, the export percentage will be figured in exact pounds. This amount must be sold into direct export channels. When proof of this sale is furnished, the producer's bond will be released to him.

The bond actually is set at 20 1-2 cents per pound for the export acres, based on past yields of the cotton area on which the acreage is grown.

Phosphamidon (Fos-fam-i-don)

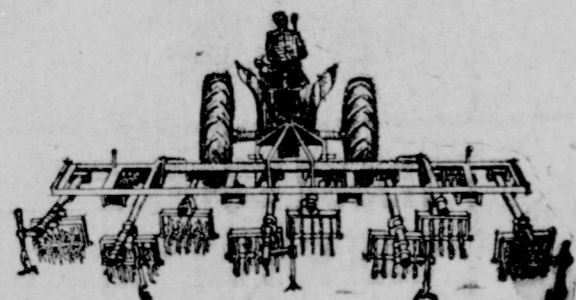

Phosphamidon kills aphids, thrips, flea hoppers and spider mites as soon as they're hit. Then it's absorbed by your cotton seedlings so they get internal protection. Days after you spray it, Phosphamidon will kill sucking insects that try to feed on your plants—including the ones that are resistant to other sprays.

This year don't take chances... see us now for ORTHO Phosphamidon, the new cotton spray that'll make your plants "insect proof."

Low Quality Cotton: What It Costs

Preserving cotton quality is a job where the farmer can play a key part. Many steps enter into a well rounded cotton production program that has quality cotton as the end result. Some are: dates, irrigation, defoliation and harvesting says County Agent J. K. Adams.

Poor quality cotton can be costly. Established discounts or cotton with a micronaire ("mike") reading of 2.6 or less will be \$155 a bale for this year's crop. This means producers with such cotton will be docked \$15 for each bale marketed. Cotton with "mike" readings of 2.7 to 2.9 will be docked \$7.50; a bale with mike readings of 3.0 to 3.2 will be discounted \$2.50.

Plains growers can conservatively gain an additional \$159,000 for their crop in 1964. This can be accomplished by an improvement in "mike" alone, where grade and staple improves, this added income figure would be greatly increased, Adams points out.

The chart below shows bales of cotton produced on the Plains that fall within these mike classifications:

Year	Mike Classification	Bales
1961	2.6 and below	313,685
1962		128,146
1963		162,897
1961	2.7 to 2.9	704,246
1962		245,904
1963		309,289

Percent of Total Crop Below 3.0

1961	45 percent
1962	16 percent
1963	20 percent

The trend on the Plains in the last few years has been a decline in a staple, grade and gross farm income. The only short-lived improvement has been in micronaire readings.

In 1959, 33 percent of the cotton classed by the Lubbock Cotton Classing Office had staple readings of 15-16's. In 1963, nearly 60 percent of the cotton classed by the Lubbock office was 15-16's. Cotton with 29-32 staple rose from 20 percent of the crop in 1959 to 30 percent in 1963. The other staples — 31-32 and 1" — fell from near 35 percent of the total Plains crop in 1959 to 10 percent in 1963.

Grade — degree of fiber white-

ness has declined slightly. In 1959, 52 percent of the crop was classed as white and 33 percent as light spotted. But in 1962, just over 29 percent was classed white, while 50 percent went light spotted.

"Mike" readings have shown some improvement in the last two years on the Plains, except from the Lamesa office. Of the 1961 crop classed at Lubbock 64 percent "miked" below 3.4. In 1963, only 52 percent of the crop was below 3.4. The Brownfield classing office reported 43 percent below 3.4 in 1961 — but 39 percent below 3.4 in 1963. At Lamesa 28 percent of the cotton classed was below 3.4 in 1961. It rose to 38 percent of the cotton classed in 1962 and dropped to 10 percent in 1963.

The responsibility for improving cotton quality rests primarily with the grower. Choosing the inherent good "Mike" qualities is a first step.

There are other key points to a quality cotton program. One is planting a variety that will permit cotton to be full mature before frost. Another is a fertilization program to produce pounds of lint cotton — not plant growth.

Irrigation is considered by authorities at the South Plains Research and Extension Center to be probably the most important step. Getting the water on the crop when needed is, of course, vital. But more essential is sticking to a water cut-off date to permit the cotton plant to mature and produce open, ready-to-harvest bolls.

Two other keys are defoliation and harvesting. Defoliation, emphasizes Shelby Newman, Agronomist at the Center, is just a tool. And it's valuable when really needed. But it's not a tool that can be used successful every year.

Finally the actual harvesting process is of importance. Good machines in top working condition, along with well-trained operators, can assure success at this stage of production.

RUIDOSO WEEKEND

Mr. and Mrs. Jerrell Ottwell and children and Mr. and Mrs. John Black and children spent Memorial weekend fishing at Ruidoso, N.M.

AUSTIN, Tex. — Texas Restaurant Association, headquartered in Austin, is backing a proposal to legalize the sale of mixed drinks in Texas.

Executive Vice President W. Price Jr., of the 2000-member organization, reports that a six-member committee of his group has drawn a bill for presentation.

TRA's bill would authorize local option elections on the sale, by food establishments, of distilled spirits in sealed containers of two ounces or less. Also it would extend the liquor curfew until 2 a. m.

Price said he has sounded out a number of legislators and found them enthusiastic. One of the most prominent members of the House of Representatives is expected to introduce the measure. Price, however, declined to name the sponsor.

Repeated efforts to legalize over-the-bar sales of mixed drinks in Texas have collapsed in recent sessions of the Legislature under the combined weight of opposition by united dry forces and church groups.

"This is not a wet-dry issue," said non-drinking ex-restaurantier Price. "Texans can buy anything they want to drink right now. All we are trying to do is make it convenient for a man who wants to have a drink served in a dignified manner at a nice restaurant to be able to get one."

Price, who also is secretary of the Texas Tourist Council said he believes sale of mixed drinks "will definitely stimulate the tourist program in our state."

Furthermore, he estimated, the TRA bill would produce nearly \$3,000,000 a year in new tax revenue.

"SKY'S THE LIMIT" — Legislative Budget Board members heard a warning from their executive director, Vernon McGee, that "the sky seems to be the limit" on state agency spending requests for 1965-67.

As an example, McGee cited

budget proposals of the State hospital system and institutions of higher education.

He also noted the legislative committee of the State Bar of Texas judicial section has proposed big pay boosts — of \$12,000 a year — for judges. Under the Bar Committee's plan, base salaries of district judges would be doubled — from \$12,000 to \$24,000 a year. Court of Civil Appeals judges would be raised from \$16,000 to \$28,000, and the Supreme Court and Court of Criminal Appeals from \$20,000 to \$32,000.

Some civil appeals judges had requested no raises at all until the committee report came out, McGee said. But amended budget requests now are being received and the \$12,000 raises supported in budget hearings now underway.

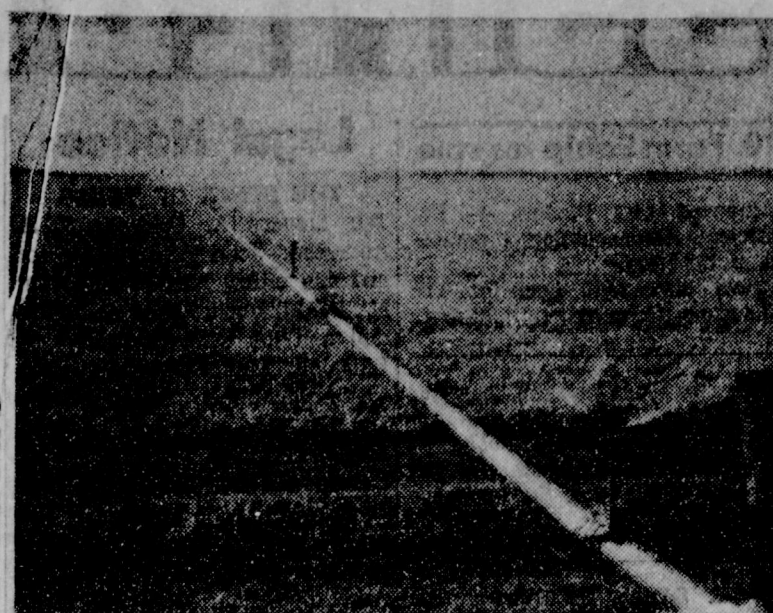

RUMP DELEGATION THREATENED — Threat of a rump liberal delegation to the national democratic convention was posed by State AFL-CIO President H. S. (Han) Brown.

Brown said a sure way to prevent that is for all legally-elected delegates to be seated at the state democratic convention at Houston on June 16 and for the convention to embrace the national party platform and all party nominees.

Gov. John Connally said moderate-conservative delegates will comprise two-thirds of the duly elected representatives at the June meeting, and he does not plan of the national platform. Committee Chairman Fran C. Erwin Jr. has named Austin attorney Will D. Davis as head of a SDEC panel to hear delegation contests from Bear, Dallas, Harris, Hutchinson, Edwards, Randall and Sherman Counties. SDEC will make the final decision as to which delegations to seat. The eight contests involve 819 of the Houston convention's 2,834 votes.

The Houston convention will name delegates to the democrat-

Fertilize Your Grass Today

Midland bermuda being irrigated after a fertilization in March.

By RONALD HOOD

Grass is an important crop in the Blackwater Valley Soil Conservation District. Every year more marginal cropland is being converted to pasture. Grass is sometimes looked down on because it is not a so-called "cash crop." However, grass is a crop just as cotton and sorghum are. Even though profit per acre may be less from grass than from row crops, proper management can still get reasonable returns. Actually, management may be a more important factor in such a crop with a lower margin of return than it would be with cotton. With good management, get that return. With poor management, profits may be insignificant or lacking entirely.

Along with pasture rotation, irrigation water management, weed and brush control, and other

management factors, fertilization is important on irrigated pastures. High yields are necessary for proper returns on irrigated grass. Such yields are difficult to obtain without a program of planned fertilization. This type of program is based on the needs of the pasture as determined by kind of grass, soil type, pasture rotation, rainfall, irrigation application, and expected yields.

Fertilizer applications can be based on soil tests, plant tissue tests, or on the experience of others with like situations. In general, grass in this area will respond to an application of a fertilizer containing both nitrogen and phosphorus in March or April, followed by applications of a nitrogen fertilizer at frequent intervals throughout the growing season.

WARNING!

THE BOLL WEEVIL IS HERE!

A SERIOUS PROBLEM:

- ★ BOLL WEEVILS, virtually unknown on the High Plains in 1960, have made their move. In 1963 they caused from 10 to 90 percent damage to 150,000 acres of cotton in seven of the 23 High Plains counties.
- ★ BOLL WEEVILS have proven their ability to live through the winter above the Caprock. They did survive the winter of 1963-64.
- ★ BOLL WEEVIL control in infested areas of the cotton belt costs from 5 to 6 cents per pound, or \$25 to \$50 per acre.
- ★ BOLL WEEVILS, where they are established, cause average yield losses of 13 percent despite control efforts.
- ★ BOLL WEEVILS have practically stopped cotton production in some areas.
- ★ BOLL WEEVILS threaten THE ENTIRE HIGH PLAINS. THEY MUST BE STOPPED!!!

A PRACTICAL SOLUTION:

- ★ DIAPAUSE CONTROL, according to the most eminent authorities in the U. S. CAN PROTECT THE HIGH PLAINS from the boll weevil.
- ★ DIAPAUSE CONTROL has been proven effective in commercial operations at the Texas Prison Farm and in the Presidio area of Texas.
- ★ DIAPAUSE CONTROL kills weevils in the Fall of the year when they are "Diapausing", or preparing for hibernation. A dead weevil can't hibernate through the winter and come out biting and scratching in the Spring.
- ★ DIAPAUSE CONTROL is cheaper than in-season control, the need for which will be greatly reduced after 1964.
- ★ DIAPAUSE CONTROL does not kill beneficial insects.
- ★ DIAPAUSE CONTROL, carried out over ALL infested acreage back to the range land to the East, can reduce the weevil problem to a small patrolling operation in just a few years.

A comprehensive plan for getting the boll weevil out of the PCG area . . . and keeping him out . . . near completion and will be announced soon. Watch for it.
