

Patricia Barrett Is Honoree For Courtesy in Wagon Home

Miss Patricia Raye Barrett, bride-elect of Stanley Max King, was honored at a bridal tea and shower held Saturday afternoon from 2:30 to 4 o'clock in the home of Mrs. Vance Wagon, 911 West 6th Street.

Receiving guests at the door were the honoree, her mother, Mrs. Stan Barrett, and Mrs. Harold King, mother of the groom-elect.

The receiving rooms carried out the bride-elect's chosen colors of cranberry and pink. Miss Mary Sanders registered guests.

Presiding at the serving table were Miss Lynn Barrett, Miss Jeanie King, and Mrs. Gerald Floyd, Friona.

Pink carnations accented with cranberry bows arranged in cut-glass crystal bowl centered the serving table which

was covered with an heirloom white linen cloth of drawn lace belonging to the honoree's great aunt, Mrs. John Dynes, Los Angeles, Calif. Pink candles were used in crystal candleabras flanking either side of the arrangement.

Hostesses for the bridal courtesy included Mrs. Jim Cox, Mrs. Morris Childers, Mrs. Houston Hart, Mrs. E. W. Evans, Mrs. F. W. Jones, Mrs. Dudley Malone, Mrs. Martin Oliver, Mrs. Randy Johnson, Mrs. O. D. Ray, Mrs. S. M. Ethridge, Mrs. Opal Boothe, Mrs. Julian Lenau, Mrs. Woodie Lambert, Mrs. Buck Wood, Mrs. Vance Wagon, Mrs. Harold Wyr, Mrs. Evelyn Autry and Mrs. Ross Goodwin.

Miss Barrett and King will be married on January 30 in the First Methodist Church.

Bula To Offer Journalism Class

Bula High School has announced that the school will offer a journalism course for senior students which will commence with the opening of the second semester.

The first year journalism course will be taught by Terry Blake and Marion McDaniel. There are eight members in the senior class, who will participate in the half-year course.

The students will be required by the teachers to submit articles regularly to The Journals for publication and as satisfaction of their class work.

Hogans, Murrahs Enjoy Wyoming Skiing Trip

Mr. and Mrs. Roy Hogan and Mr. and Mrs. Gordon Murrah have returned from a trip in Colorado and Wyoming this week.

They were accompanied to Fort Collins Colo., by Mrs. L. D. Wilhite and Rodney who had flown to Muleshoe to spend the holidays with the Hogans and Wilhites. Mrs. L. D. Wilhite is the daughter of the Hogans and sister of Mrs. Murrah.

The two couples were joined by the Buford Butts and the group went to Centennial, Wyoming, some 36 miles west of Laramie to Medicine Bow Ski Resort. Skiing, picture-making and domino games were enjoyed by the group. There was some 80 inches of snow in the mountains of Wyoming, although the roads were clear, the group reported.

Karren Bragg Is Chosen By Team

Karren Bragg, Tech Coed, was selected as a Charter member of the 40 girl R. O. T. C. Drill team at Texas Tech. Col. Paden announced the girls are chosen for looks, poise, personality and marching ability and must maintain a 2 point grade average. The 40 girls were selected by Col. Paden and a staff of interviewers and R. O. T. C. Cadets and officers. Uniforms were designed at the meeting, and the Corps-dettes was voted to be the name of the team.

Dianne Chappell, Kenneth Heathington Are United In Morning Ceremony

Miss Dianne B. Chappell, daughter of Mr. and Mrs. R. B. Chappell, 224 West Third, became the bride of Kenneth Wayne Heathington Friday, January 1, in an impressive morning ceremony held in the home of Mrs. Farris Heathington and the late Mr. Heathington, parents of the groom.

Officiating at the wedding ceremony was D. L. Thompson, minister of the Muleshoe Church of Christ Church.

The bride, given in marriage by her father, wore an off-white two-piece Italian knit suit with white lizard accessories. She carried a prayerbook for some thing old. Her bouquet was a white orchid highlighted with blue carried on a white Bible with white streamers trimmed in lace.

Miss Sandie Chappell, sister of the bride, was matron of honor. She wore a deep sky-blue two-piece wool suit accented by a large blue satin bow adorning the neckline, and white accessories.

Aubrey Heathington, brother of the bridegroom, served as bestman.

The bride's chosen colors of blue and white were carried out in the receiving rooms. Complimenting flower arrangements in two baskets were placed beside the ceremony site with wedding bells in the back-

serving table.

Miss Charlotte Childs and Charlene Lindsey presided at the serving table from which the three-layered white wedding cake decorated with blue wedding bells and punch was served.

The couple left for their wedding trip to Red River, New Mexico, following the reception.

The bride is a graduate of Muleshoe High School and is presently employed by Casey Insurance Agency, Muleshoe. Heathington, a graduate of Muleshoe High School, is continuing his studies at Texas Technological College, Lubbock.

Out-of-town guests attending the wedding and reception included the J. W. Gardenhires, and the Tommy Gardenhires, both of Lubbock, Debbie Reeder, Carrolton; Mrs. J. W. Culpepper, Littlefield and R. L. Stokes, Casey, New Mexico.

Localite Attends State CTA Board Meet in Austin

Mrs. Jack Beddingfield, District XIII CTA Board member, returned Sunday from Austin, where she attended a State Classroom Teachers Board meeting. The meeting was held in the Texas Classroom Teachers Headquarters Building, 711 San Jacinto Street. Twenty-five board members, five State Committee chairmen, and three state officers attended the meeting.

Mrs. Nettie Shaw, State CTA President, presided during the meeting. Reports were given by the committee chairmen of the Legislative, Teacher Education and Professional Standards Program, Welfare, and Professional Rights and Responsibilities, and Public Information Committees.

The State Membership Chairman, Mrs. Jewel Harris of Abilene, reported that on Janu-

'Your Child And Discipline' Outlined By Psychiatrist

Parents should allow unruly children to experience the consequences of their acts, Chicago psychiatrist Rudolf Dreikurs writes in "Your Child and Discipline."

The booklet, co-authored with nurse Vicki Soltz, is concluded in the National Education Association's January issue of the "NEA Journal." It is also being published by NEA for sale and is available for press use.

Dreikurs points up his ideas with four-year-old Anne, a "poor eater" who "blows bubbles in her milk," and "pushes food around on her plate." Mother decides to let "natural consequences" take over. She does not criticize, but removes unfinished food from the table.

At the next meal, uneaten food again is taken away. Later, Anne is hungry. Mother refuses milk and cookies, and lets her wait until evening dinner time. Children "respond to such consequences if they are not used as a threat or imposed in anger." Although "it may take a little time," Anne probably will begin to eat normally.

"Logical consequences," on the other hand, are those fitted to a special situation, and "always represent order and avoid possible chaos," the authors say.

Take for instance, three-year-old Susan who dashes into the street. Because of the danger, Mother can't let her child play outside alone, but she can ask Susan to stay in the yard. If she goes into the street, the Mother "quietly and firmly" brings her inside.

"We must use logical conse-

quences cautiously if a power contest is involved," the writers warn. "Logical consequences easily become punishment and make matters worse. But natural consequences always work. One must simply be sure that what follows the act represents the pressure of reality — that which would just naturally happen."

Neither punishment nor rewards will work in disciplining the child, the authors maintain. The child may try to gain attention by being pleasant, "but if this approach doesn't work," he may have a tantrum, and will deliberately repeat his misbehavior with "a just try and stop me" attitude.

The wise choice for the parents is to withdraw from the scene to "avoid yielding to his demands." He will find then that "there is no point in being victor in an empty field."

"Rewarding children for good behavior can be almost as bad psychologically as punishing them," the authors contend. Paying the child for doing his part of the chores at home, for instances, plants in his mind the "what's in it for me" philosophy. But, according to the booklet, young people should receive an allowance as a share of family spending money, but without any connection with chores.

There are an estimated 651 rooms in the Indian ruins at Pueblo, Bonito, in New Mexico's Chaco Canyon.

Rotarians Plan Contest; Losers To Eat Beans

Muleshoe Rotary club heard a report on the school Rodeo club, listened to an informative talk on the workings of IBM equipment, and decided on an 11-weeks' attendance contest at their luncheon Tuesday.

Carroll Kellon, a student, told of the four-year-old rodeo club which the Rotary club members have helped support.

D. B. Lancaster, manager of Bailey County Electric Cooperative, told how IBM equipment issued to speed operations of the cooperative. Hundreds of manhours are saved through the use of this equipment, Lancaster said.

The members divided themselves into two camps, the Badgers and the Porcupines with Robert Alford and Harmon Elliott as the respective leaders. At the end of the 11 weeks, winners will eat steaks, the losers getting only beans.

The members also were reminded by Roy Davis that of the school's elaborate production of

Bula Is Scene Of New Farmers Union Group

Chester Setliff was elected president of the southern Bailey County Farmer's union in an organizational meeting held in the Bula lunch room Thursday night.

Other officers elected are Cecil Jones, vice-president; John Hubbard, treasurer; Mrs. Cecil Jones, secretary; Mrs. Dorothy Boyard, assistant secretary.

The purpose of the group was the organization and setting of a regular monthly meeting for this southern part of Bailey County. The Union will meet on the first Thursday night of each month, it was announced.

Guest speaker was Kenneth Moss, Paducah. He spoke of the cotton and feed program in the area.

RED TART CHERRIES
Red tart cherries - ideal for celebrating George Washington's birthday - will be the featured item on the February list of Plentiful Foods of the U. S. Department of Agriculture.

Apples, canned ripe olives, prunes, eggs, broiler-fryers and split peas round out the list.

Shoppers will find many special promotions of cherries in February. Not only will retail grocers feature cans of cherries and cherry pie filling, but frozen food bins will be filled with cherry tarts and pies. Bakers will offer cherry cakes with cherry icing cherry tarts and cherry turnovers - and lots of George Washington cherry pies.

Apples, too, will continue in good supply through February. USDA's Agricultural Marketing Service reports. Controlled atmosphere storage will bring apples with a fresh picked flavor to consumers well into Spring. The crop this year is estimated at 140 million bushels.

Dried prune production is up (160,000 ton production in California compared to a 135,000-ton average).

The new pack of canned ripe olives (2.6 million cases) comes on top of a large carry-over from 1963. Total supplies are at an all-time high.

Eggs and broiler-fryers also will be plentiful and relatively inexpensive in February. There will be a big March Egg Month promotion, and shoppers will find broiler-fryers offered frequently as loss-leader.

SPRING FASHION TRENDS
Spring '65 fashions present a general air of femininity, evidenced by a softening of color, fabric, and silhouette. From sportswear to evening wear, the emphasis is on prettiness with soft detail for a look that is always refined and completely flattering.

Clear, fresh colors will abound. Groups of colors are

again more significant than any single shade. Each major color offers many gradations of tone from the tempting, mist pales to the snappy candy colored brights. Primary interest will lie in the feminine confectionery pastels due to the more ladylike look to fashions.

Delicate face power tints are exceptionally lovely in soft woollens, crepes and slubbed silks. These complexion shades, mainly a high fashion story, include pink ivory, alabaster, blush, flesh and cream.

This spring prints may be bold and giant sized or sweet and finely etched due to the many looks in fashion. New, more ladylike styles require, softer, prettier, more romantic prints. Naturalistic florals, botanical prints, and delicate water color blossoms are charming in ice creamy tones. The open lace-look in realistically rendered prints affords the feminine appeal of real lace. Sportswear continues to favor giant primitive forms and panel themes painted in enamel brights. Monotone prints, extremely effective, impart a fresh, crisp quality to many of springs most desired fabrics.

Esther and Dorcas Circles Study Mexico In Arnold Morris Home

The Wesleyan Service Guild will be held at the church at 7:30 the night of Feb. 22 with Joe Salem, of Sudan, as guest speaker.

The Church Wide Study - "Spanish Doorways" will be studied during February.

An inspiring evotional was presented by Mrs. Harold Allison, using as her theme, "The Parable of the Good Samaritan," she read from the Bible - Luke 10: 25 through 37.

What does the Bible say about the diversities of the races? Romans 10: 12th verse, Galatians 3:28th, and Ephesians 2: 19th verses were read.

Mrs. Ralph Douglas presented the first four chapters of the Study book, "Death of a Myth". It was very informative. She used pictures, books, maps, jewelry, purses, sombrero, tea pot, skirts, blouse and other articles from Mexico, which create interest in the study.

Mrs. J. A. Nickels will be in charge of the next study session as the circles meet in the home of Mrs. Harold Allison, January 26, 9:30 a.m.

Closing prayer was by Mrs. J. A. Nickels.

Members present were: Mrs. J. Frank Peery, Mrs. James McVicker, Mrs. Ben Cockrell, Mrs. Ralph Douglas, Mrs. Sam Damron, Mr. J. A. Nickels, Mrs. Neal Dillman, Mrs. E. T. Ford, Mrs. Claud Farrell, Mrs. F. D. Holt, Mrs. Harold Allison, Mrs. W. W. Evins, and Mrs. Arnold Morris

Sheriff's officers hied east and encountered the automobile just east of Muleshoe. They found four men, all of them well under the spell of John Barleycorn, occupying the weaving automobile. All four were arrested and lodged in the jail.

Almost immediately, word was received that two men whom officers were seeking for alleged forgery charges were in the vicinity. Officers investigated, found the two and hauled them into jail.

So, with the two drunks, that made six, and that didn't count the two "wetbacks" who were lodged for a short time in the jail, pending their export to Mexico.

By May 1, homestead exemption requests must have been filed for the current year; otherwise property will be taxed without consideration of the homestead feature, she explained.

Of course, this has nothing to do with tax payments, but those little yellow stickers that the patrolmen are going to be looking for before long, will have to be in place by April 15. They are the automobile inspection stickers, and DPS officials were urging folk to get their vehicles checked as soon as possible, "to avoid a last-minute rush," as they put it.

Entertainment features will include several scenes from the school's fine arts department's "The Music Man," a Meredith Willson musical. The production is in charge of Leasal Richardson, director of choral music for the Muleshoe system.

Numbers from the show will include the Train Scene, "A Sadder but Wiser Girl," "Pick a Little, Ladies," and a barber-shop quartet. The hero and heroine of the show, which is to be presented by the school Jan. 26, 28 and 29, will sing, "Till There Was You."

Another feature of the banquet will be the presentation of new officers of the chamber. Roger Albertson is the outgoing president, and Dr. Charles Lewis will serve as the 1965 president. New directors also will be introduced at the banquet.

The CAPITOL CHRONICLE OF FREEDOM

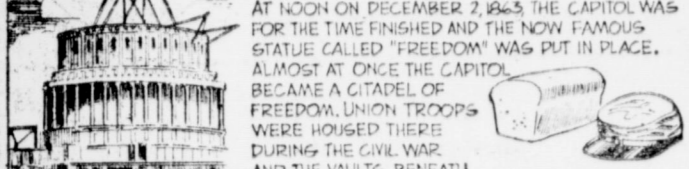

DESIGNED IN 1792 THE CAPITOL WAS STILL UNDER CONSTRUCTION SOME 21 YEARS LATER WHEN ON AUGUST 24, 1848 THE BRITISH PUT IT TO THE TORCH...

REBUILDING TIME WAS ESTIMATED AT 2 YEARS... PRESIDENT MADISON WAS AUTHORIZED TO BORROW 500 THOUSAND DOLLARS FOR THE JOB... IT ACTUALLY TOOK 14 YEARS!

AT NOON ON DECEMBER 2, 1855 THE CAPITOL WAS FOR THE TIME FINISHED AND THE NOW FAMOUS STATUE CALLED "FREEDOM" WAS PUT IN PLACE. ALMOST AT ONCE THE CAPITOL BECAME A CITADEL OF FREEDOM. UNION TROOPS WERE HOUSED THERE DURING THE CIVIL WAR AND THE VAULTS BENEATH THE BUILDING WERE USED AS OVENS TO BAKE BREAD FOR THEM.

THE BUILDING OF THE CAPITOL TOOK SOME 70 YEARS. IT IS STILL BEING WORKED ON TODAY. THOUGH DESIGNED BY A SCORE OF ARCHITECTS UNDER A DOZEN PRESIDENTS, THE CAPITOL HAS BECOME THE UNIVERSAL SYMBOL OF OUR GOVERNMENT AND OUR WAY OF LIFE.

SEE A TRIBUTE TO THIS GREAT BUILDING ON TUESDAY JAN. 12, 1965 WHEN THE SAVINGS AND LOAN FOUNDATION WILL PRESENT "THE CAPITOL CHRONICLE OF FREEDOM," A TELEVISION DOCUMENTARY PREPARED BY NBC'S AWARD-WINNING LDU HAZAM. RAYMOND MASSEY WILL NARRATE. "THE CAPITOL" TRACES THE HISTORY AND SIGNIFICANCE OF A BUILDING THAT HAS BECOME A LIVING AMERICAN SYMBOL.

CUBS VIEW GIN - Den 3 of Cub Scout Pack 620 took in the sights and information of Wilcey Moore's tour of Muleshoe Cooperative Gin last week. Standing are left to right Bennie Hamilton, Rob Alford, Moore, Perry Hall, Zan Walker, Den Chief Dean Gardner; on cotton bale are Lynn Dearing, Donnie Johnson, Hector Leal and Gary Hanks.

Cotton Acreage Cut Would Affect Feeds

Farm programs expire this year and new ones probably will be enacted by Congress to take the place of the expiring plans. National Cotton Council says there is some talk of whacking the cotton acreage squarely in two—cutting it from 16,000,000 acres to 8,000,000, NC Csays. If this should happen, Bailey County's farm economy would see vast changes, and NCC says these changes definitely would not be good. "In fact," says the Council "the entire farm picture in farm areas would change; not only would cotton be affected, but the price of other crops would drop sharply, due to an overproduction in these crops."

Farm Experts in Bailey county were studying the possibilities should the 8,000,000-acre crop be part of the 1966 program. The Council says even though

the 8,000,000 acres taken out of cotton would be directed to the next most profitable crops, gross income from this land could be expected to drop by well over 50 percent, even if prices of the other crops did not decline. Soybean production would be increased by something like 60 million bushels, adding to the danger of oversupply and lower prices. Feed grain production likely would be increased by close to 5 million tons, thus increasing of oversupply and lower prices. Feed grain production likely would be increased by close to 5 million tons, thus increasing the already serious problems of oversupply. Commercial vegetable production probably would be increased by nearly 3 million tons which would completely demoralize the markets for those products.

The report, released in condensed form by the Grain Sorghum Producers Association, points out these long-term effects:

- As cotton shrinks in importance, those who once built their operations around this crop would have to develop new farming systems: inevitably, their new emphasis would be on growing more feed, plus conversion of this feed into beef, milk, pork, eggs and broilers.
- Substantially larger supplies of animal products would have a depressing effect on prices throughout the whole livestock economy of the nation.
- The impact on beef would be especially heavy because the cotton belt, with low-cost forage to go with its feed grain potential, would have a competitive advantage in cattle production.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Surprises come fast and furious on the political scene in Austin. First surprise of the new year was the resignation of veteran Railroad Commissioner Ernest O. Thompson. Then came an even greater one. Just as the Legislature was about to open and everything was in readiness under the management of the present administration, it was confronted with problems both old and new. Gov. John Connally named House Speaker Byron Tunnell to fill Thompson's old post. Thompson, once the battling mayor of Amarillo and for more than 30 years a scrapper on the Railroad Commission, had been ill for many months. Only recently he had been moved from an Austin hospital to his home in Amarillo. He had two years yet to serve. Tunnell is an East Texan. He is the first person from the East Texas oil area to serve on the Railroad Commission in 23 years. He was just beginning his third term as legislator from the Tyler-Kilgore region and expected to preside for a second term as House Speaker. Immediately upon learning of Tunnell's appointment, Rep. Ben Barnes of DeLeon, Tunnell's first lieutenant during the 1963 session, began contacting Legislators about the speaker's race. Barnes already had announced as a candidate for Speaker of the 1967 session. Simultaneous with Barnes' race for the speakership were similar activities by other House members, either openly or behind the scenes. This list included Henry C. GSPA adds this note to the Council's conclusions: "These conclusions effect feed grains as much or more than cotton."

Grover of Houston, Jack Woods of Waco, Paul Haring of Goliad, George Richardson of Fort Worth and Wilson Foreman of Austin. There were several other potential candidates. LONG SESSION Most observers feel the 59th session may run through the summer. Certainly it will dominate the 1965 Texas political scene. These results seem likely: Lawmakers will spend a record amount of money, much of it to uplift higher education. Budget proposals of both Governor Connally and the Legislative Budget Board awaited Senators and Representatives at their capitol desks. School teachers will get the \$45 a month pay raise they are asking. But they will have to figure out who is going to foot the bill. A few more exemptions are going to be removed from the state sales tax. Just enough to balance the budget, but not enough to hurt much. Commission on Higher Education will be reorganized along lines recommended by Governor Connally. But the successor agency may not get all the power Connally would like it to have. Stormy hearings will be held over legalizing horse race betting and sale of liquor by the drink. Both proposals may move farther than they ever have before. Maybe all the way. A congressional reapportionment bill eventually will be to see any agreement on legislative redistricting. Other key issues which will occupy the 59th Legislature are statewide water planning and financing, oil and gas tract pooling, mental health and tuberculosis programs, criminal code revision, judicial redistricting.

THE FAMILY LAWYER Of Law and Love

BOOM! A Kentucky judge, skeptical of the testimony of a scientific expert, recalled a story he had once heard from a lecturer: "Take the bumblebee. Apply to him the recognized aerodynamic tests. From the size, shape and weight of his body in relation to total wing area, he cannot possibly fly. But the bumblebee does not know this, and he goes ahead and flies anyway." The story sheds light on a new legal troublemaker, the sonic boom. Experts, applying the recognized aerodynamic test, predicted that the boom could not possibly cause extensive damage. But windows, not knowing this, went ahead and broke anyway. As supersonic flights multiplied, so did complaints about cracked plaster and shattered brick - a - brack. Rightly or wrongly, the boom was blamed for making a dog neurotic and a man arthritic, for rupturing a swimming pool and splitting a toilet bowl. All this commotion raised some novel points of law that are still not settled. For example: When is it negligent for a pilot to break the sound barrier? Can you collect insurance for sonic boom damage if your policy protects you against "explosions"? Luckily for most claimants, the United States Air Force stands ready to pay for the damage it causes - without quibbling about such technicalities. Air Force bases have set up regular procedures for handling state property tax repeal, extension of the medical care for the aged program as authorized by constitutional amendment vote on November 3, equal rights for women, gasoline tax exemptions for municipal bus lines, and enlargement of state tourist and industrial attraction programs.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm may have his tongue in his cheek this week, but we couldn't tell till he shaves.

Dear editor: Since I never did believe in throwing something away till it was worn out - except maybe a few tax laws I could mention - I was looking over my last year's New Year's resolutions and found they are in such good shape, most of them not even used at all, that I just adopted them for this year and settled down to reading a part of a newspaper which some ling claims. However, the Air Force has no desire - indeed, no right - to pay for damage it does not cause. This is no easy road to government money. Every claim is meticulously investigated by a team of specialists before it is paid. No doubt the problem will get worse when civilian airlines switch to supersonic jets. As an Air Force claims official put it to a group of insurance men: "You ain't seen nothin' yet." But for the present, the problem has been kept within reasonable bounds. Pilots are carefully schooled in holding sonic booms to a minimum. And citizens are coming to realize that the booms are caused not by hot rodders in the sky but by vital defense training. The message is getting across that the boom is a booz is disguise that this man-made thunder is not the irksome sound of mischief but the reassuring sound of security. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Tirolean dairy farmers use plastic pipe lines to carry milk from Alpine meadows to processing plants in the valley. World's largest flower is in North Borneo. It grows to the size of a washtub.

New Year's celebrant had tried to make a pointed hat out of and lost out of his car on a road near this Johnson grass farm. Up near the peak of the hat I found an article that said Russia is now going to experiment in an effort to get its agricultural production stepped up. What it's going to do is employ the profit motive, in the hope the Russian farmers will have an incentive to work harder and produce more. Say, this sounds like a good idea and what I'd like to know is why don't we try it in this country? Oh, I know we use it in most lines, like meat markets, grocery stores, medical practice, law practice, construction, manufacturing, banking, television, radio, newspapers, public office, but I don't know why nobody has ever thought of trying the profit system in farming and ranching. Surely we're not going to sit back and let Russia forge ahead of us in agriculture. When Russia got the jump onto world by putting the first satellite in orbit, what did we do? We tripled our funds for space exploration and caught up. Clearly, the thing for Washington to do now is to triple the payments to us farmers - and let us get our profits up to the general level. The profit motive is fine in farming and ranching, but it's no substitute for profit itself. The motive is fine for planting, but nothing beats a profit at harvesting. By the way, I don't know how I came out with this Johnson grass farm in 1964. I had most of my records written own on the inside of the door to my barn, but it fell off face down during a rain storm and can't make heads or tails of them. Yours faithfully, J. A.

By MRS. C. A. WATSON

Mr. and Mrs. C. C. Great of Lazbuddie entertained out-of-state guests over the holidays. Among those present were the James Welch Family, Dimmitt; Mrs. Sam Lyles and sons, Hurst; Mr. and Mrs. Gene Phillips and children, Clovis; Mr. and Mrs. James Beavers, Kress; Mr. and Mrs. Elton Graham and daughter and Mrs. Valley Williams, Littlefield; Mr. and Mrs. Clayton Ray Great and children, Texhoma; and Bill Corris, Clovis Air Base. Gerris' home is in Michigan.

Mrs. W. W. Humphrey was dismissed from Clovis Memorial Hospital recently and was taken to the home of her daughter, Mrs. Davis Gulley of the Lazbuddie area. Mrs. Humphrey is a resident of Farwell.

The Rev. and Mrs. Ale E. Jennings and children, Quitaque, were New Year's Day visitors in the home of his parents, Mr. and Mrs. Finis Jennings.

Don Watson returned home from El Paso Friday night after participating in the parade at the Sunbowl. Don was with the West Texas State ROTC drill team, Canyon.

Benny Watson returned to El Paso Monday of last week after several days' visit here with friends and relatives. He is employed by the J. C. Penney Co. and has been named one of the four top salesmen of the store. He was a sales clerk at St. Clair's store in Muleshoe as a distributive education student during his senior year in Muleshoe. He plans to enter Texas Western College in El Paso next autumn.

Lazbuddie school resumed classes Monday, and students are now "cramming" for midterm examinations.

Eva Dean Ivy and Pat Chitwood returned to Texas Christian University, Fort Worth, Jan. 3. They came here Dec. 22 to visit friends and relatives during the Christmas holidays.

Mr. and Mrs. Shanks Ivy, Eva Dean and Johnnie Beth visited at Tipton, Okla. Dec. 30 with Mrs. Ivy's mother, Mrs. T. F. Tipton.

Visitors in the J. B. Wright home recently were their daughters and families, the Ray Joys, Lovington, and the June Wagnons, Muleshoe.

Letters TO THE EDITOR

Dear Editor:

Seeing the fine Muleshoe Mulette basketball team win third place in the Farwell invitational tournament recently reminded us again of how glad we are that Muleshoe High School, although going in to the AAA classification, has

Mr. and Mrs. J. B. Wright went to Frederick, Okla., Saturday to visit friends and relatives. They were accompanied by their granddaughters, Sherry Wagon, Muleshoe.

Birthday greetings to Marsha Johnson, Bobby Rigney, Debbie Stanberry, Gene Fox, Jack Ketcherside, Mark Bean, Danny Clark, Gregory Crim and Kenneth Caldwell.

The Rev. and Mrs. Don Davidson left last week for a month's vacation in Florida. They will spend January with their son, Ronald Davidson.

Mr. and Mrs. J. B. Jennings and children were in Dekalb during the holidays for a short vacation at their ranch.

Dick Chitwood left for College Station, Bryan, the middle of last week after spending the holidays here with his parents, Mr. and Mrs. Dee Chitwood.

Cooper and Steve Young have returned to college at Baylor University after visiting friends and relatives in this area.

Mr. and Mrs. Darrell Jennings, Dekalb, visited recently with her parents, Mr. and Mrs. James Robinson.

seen its way clear to continue the fine sport of girls basketball so that the Mulettes may uphold the tradition which has been established for them by many years of top-notch Muleshoe girls teams.

We strongly supported a movement which finally brought about last spring the establishment of a conference AAA division for girls basketball. This we were glad to see, because schools such as Muleshoe and Tulia, which have a history of good teams, needed a conference in which to carry on their program.

It is too bad that for the first two years in class AAA Muleshoe was placed in such a far-flung conference, but perhaps when the Interscholastic League revamps again in two years the situation can be bettered.

In the meantime, the Mulettes find themselves on the "ground floor" of a new era of girls basketball in the state of Texas. If they should win district, there would be just one playoff game from there to the state tournament, rather than three as it is in conference A.

It is good also to see Darrell Oliver back home in a coaching role. Best of luck to Coach Oliver and the Mulettes. Here's wishing you many, many years of success in the new classification. Your girls basketball team is at least one team representing the school that is already "up to par" for class AAA competition.

Sure.

You might find another car as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through.

Styling is new. So new, not a line nor a highlight was borrowed from last year.

Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horses strong.

Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds.

New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.
