

City Budget: \$271,000

The City of Muleshoe will operate on a budget of \$271,743 during the fiscal year starting April 1, it was decided at a final reading this week by the council.

This is a "slight" increase over last year's budget, Mayor W. B. LeVeque said. However, available funds are up also, the City officials estimating that total available funds will reach \$371,353 for the new fiscal year.

As is always the case, "general operational" expenses account for the lion's share of operating costs — \$118,299, all of it coming from the general fund, the budget summary shows.

Capital outlay will total \$16,750, and general contingencies figure is set at \$400.

Water and sewer operational

costs will total \$53,605, the second most expensive item on the budget. Water and sewer capital outlay is set at \$13,820, and water and sewer contingencies at \$3000.

General debt services will cost \$36,007, and revenue bond requirements at \$26,262.

The budget schedule shows an estimated \$99,610 "ending balance." Broken down by departments the figures are: General fund, \$25,355; general interest and sinking fund, \$37,477; and water and sewer fund, \$36,828.

The City officials estimate ad valorem taxes will bring in \$101,962 and other general funds will shove the city's income up by \$47,332. Water and sewer income will total \$118,740, and interest on securities will bring

in \$561. This brings the total revenues up to \$268,645. Interfund transfers should net \$14,000 to bring the total available funds to a total of \$371,353.

Broken down total available funds are as follows: General fund, \$164,354; general interest and sinking fund, \$73,484; and water and sewer fund, \$133,515.

Greatest source of income for the City is the water and sewer income (\$118,740). This expected revenue is broken down as follows: water sales, \$88,000; sewer charges, \$27,600; water tap fees, \$1800; sewer tap fees, \$1240 and miscellaneous revenues \$100.

The city will need \$35,922 total for general obligation bonds. Figures show these obligation needs: 1926 waterworks bonds, \$2165; 1946 street improvement

bonds, \$1195; 1948 water and sewer system bonds, \$6475; 1950 park bonds, \$1540; 1956 street improvement bonds, \$5050; 1957 water and sewer bonds, \$11,760; 1962 storm sewer bonds, \$7737.

The city fathers estimate assessed valuation will reach \$7,947,528 on real property and \$1,755,000 on personal property for a grand total of \$9,722,528.

By comparison total real property had a valuation of only \$4,896,947 in 1958 and a personal valuation of \$1,251,451 for a grand total of \$6,148,430.

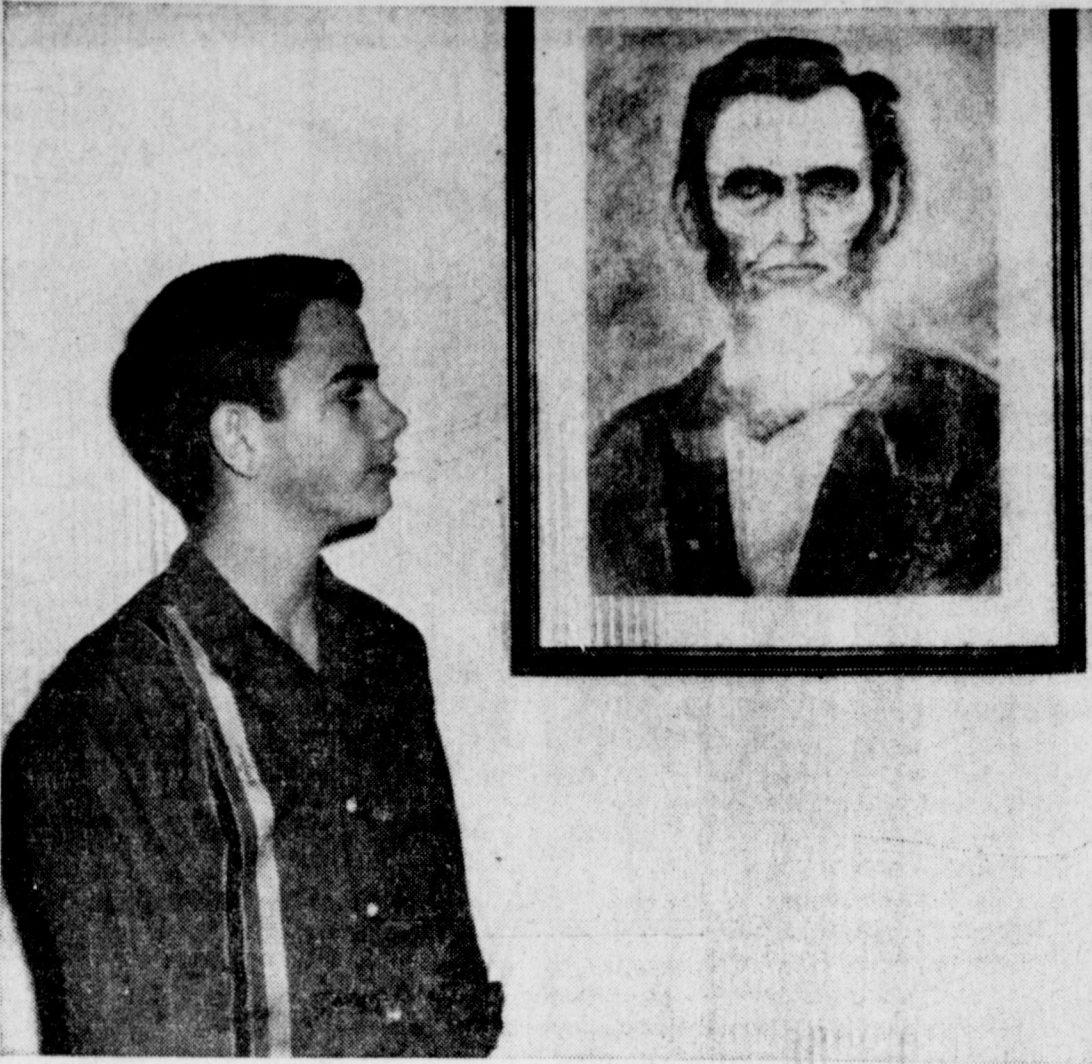

Distribution of general funds is broken down as follows: Administrative, \$10,297; city secretary - tax, \$8,297; police, \$33,226; fire department, \$8,000; street, \$38,410; refuse collection, \$27,162; health, \$1265; parks and recreation, \$2334;

swimming pool, \$3,175, and library \$2,885.

Mayor LeVeque explained that "slight changes" might be made in the budget before it actually goes into effect April 1, "but," he added, "the changes that will be made will be minor and should effect the overall picture very slightly."

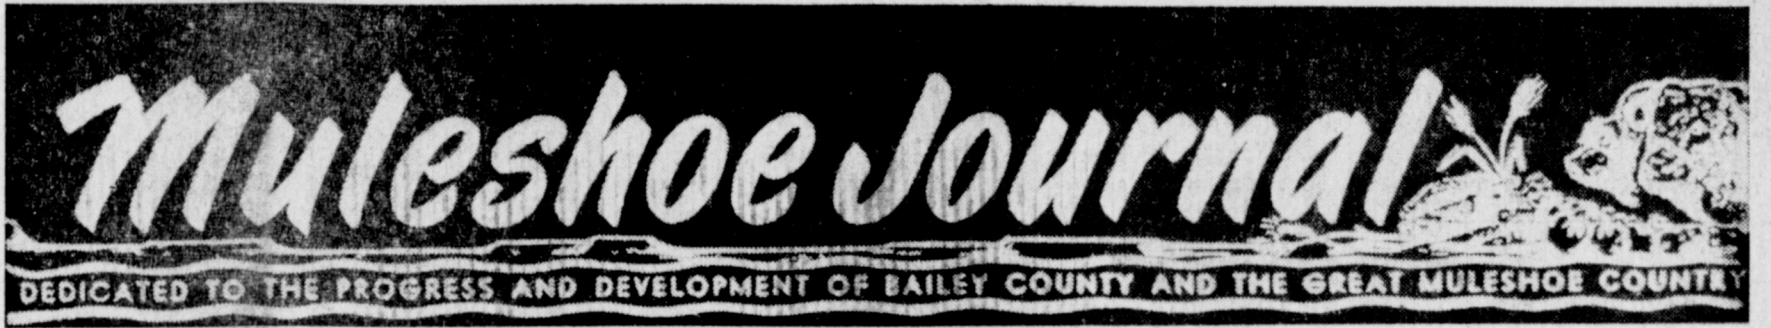

The council had its final reading Monday afternoon at a lengthy session at City hall.

The previous Monday, a public reading of the budget was held, required by law. The 32-page report, which includes such items as the expected equipment and supply needs, is complete to the finest detail. City employees spent many long hours preparing the lengthy and complicated report, city officials pointed out.

HALLMARK PRIZE SEEKER — Seven-year-old Muleshoe High School Senior Richard Minckler, has submitted a pastel drawing, "Freedom and Growth," to judges of the annual Hallmark

Youth's Drawing Bids For Hallmark Prize

Convocation committee of Texas Tech has notified Mr. and Mrs. D. B. Lancaster of Muleshoe that their son, Darrell, is to be honored at the annual All-College recognition service next Sunday. The program will be held in the Tech Union ballroom, starting at 2 p.m. Darrell Lancaster will be recognized for scholarship and class honors.

Mr. and Mrs. L. L. Row were in Muleshoe last Sunday visiting friends.

Effie Childress, a long-time Muleshoe resident, is in Fort Worth following a lengthy illness. She is living at 1824 Province Street. Zeffie Childress is there with her sister.

Mr. and Mrs. Tommy Smith, and children, Logan, N. M., were guests of Mr. and Mrs. Ramon Martin over the weekend.

The Rev. Sanford Mills, Columbus, Ohio, a converted Jew, will speak Friday night at the Calvary Baptist Church, the Rev. B. W. Felts, pastor, announced. Mr. Mills has traveled extensively throughout the United States, speaking on Christianity. The Calvary Baptist Church pastor extends a welcome to the general public to hear Mr. Mills.

Mayor W. B. LeVeque, has written letters to C. H. Colson and John Seid, city sanitation department employees, thanking them for returning a sum of money which they found in a trash can several weeks ago. "This provides good public relations for our city and develops much desired public image for all employees of the City of Muleshoe," the mayor wrote the two men.

Two area youths were early winners in the district livestock show in Lubbock. Mac Holt, Lazbuddie FFA, won third in the heavyweight Berkshire division, and Steven Bickel, Muleshoe 4-H, won third in lightweight crossbreed.

The Muleshoe High School Choir went to Lubbock Saturday afternoon to participate in Interscholastic League Contests of singing and sight-reading. The choir placed third in singing and fifth in sight-reading. The choir is planning to put on a Variety Show April 21. Tickets will go on sale in about two weeks.

A 17-year-old Muleshoe youth's pastel drawing, "Freedom and Growth," is on its way to Beeville to be viewed by judges in a statewide contest that just could provide a nice chunk of cash for the lad's college education.

Actually it's a national contest, sponsored by Hallmark, and in this state by Texas Federated clubs. Local sponsor is the Muleshoe Study club.

The lad, Richard Minckler, is the son of Mr. and Mrs. R. K. Minckler, and he is gunning for a career in advertising art. At least that's his plan now as he winds up his high school career.

Next year he'll enroll in Eastern New Mexico University in Portales. He hasn't decided for sure what kind of a major he'll pursue, but from this angle it looks like some phase of art.

Ribbon-Cutting Ceremony Held For New Show

City and chamber of commerce officials participated in the ribbon-cutting ceremony Wednesday marking the opening of the new Wallace movie house in Muleshoe. The ceremony took place at 4 p.m., and was followed by an evening of free shows.

In the absence of Mayor Wilbur LeVeque, City Councilman Irvin St. Clair snipped the ribbon to open the new theater. S. J. Neyland, general manager of

Style Show has Parisian Theme; Scout Benefit

"Evening in Paris" is being presented at 8 tonight under the sponsorship of Llano Estacado Civic Club. Proceeds from the annual event will go for the Girl Scout Little Hut improvement.

Models from five Muleshoe stores, Montgomery Ward, Anthony's, St. Clairs, Cobbs and the Fashion Shop will be showing the latest Spring fashions for your summer wardrobe.

Setting for the event will be done in French style, complete with the sidewalk art arrangements with Ariene Phelps as narrator.

A musical program will be presented by a Lubbock singer. Tickets are being sold by Fashion Shop and members of the club for \$1. or may be purchased at the door for \$1.25.

The show is being held in Muleshoe High School cafeteria.

Richard has been painting and drawing ever since he was 11 years old, and has done quite well. He's done oils, charcoals, painting and lettering, but he hasn't tried to sell his handiwork.

"Did do some dog pictures for pay," he admits, "on assignment."

Hallmark set the theme for the 1965 contest — "Freedom and Growth," but from there on it's every man for himself.

For his entry in the contest, Richard pictured a statue atop the capital of the United States, a statue that has the name, "Freedom." A child on each side is holding the hand of the statue, the group moving toward the horizon. In one corner is an eagle. The statue and the eagle represent freedom; the children represent growth.

Richard is a student of Mrs. A. J. Black.

More Teachers Named for 65-66

Names of additional teachers who have been re-elected for the 1965-66 term were announced this week. Altogether, 82 teachers have been re-elected by the board of education.

Other teachers named included: High School, Doris Brown, business education; E. M. Dobbis, science; Byron Hardgrove, social science; Ruby Lee Kerr, English; Margie Kinsey, girls' physical education; James Martin, English and history, and Bee Miller, business education.

Junior High: Betty Jennings, 8th grade language arts and library. Two teachers will retire at the end of the present school year because of age, and two other teachers have accepted places elsewhere.

Car Tag Trips Thief In Mailbox Snatch

Quick action by an 18-year-old girl resulted in the capture here a short time later of a mail-box thief who made off with a postal shipment that had just arrived from a Chicago mail order firm.

The girl, Lucille Leal, was heading for the family's RFD mailbox 3 miles west of Sudan Monday when she saw an automobile driving off; she memorized the automobile's tag number.

The car headed toward Muleshoe; officers were informed, and the sheriff's office here went to work. They found the automobile's owner, a 29-year-old man, and he led officers to the

A ten-hour course for Muleshoe Area credit and collection management and personnel will be held at Muleshoe High School, beginning Monday, March 29. Vic Benedict, Education Committee Chairman of the Muleshoe Chamber of Commerce announced Wednesday, Benedict said entries already are pouring in to chamber headquarters for the course.

He said that classes would be conducted at night to permit maximum attendance. This course in Retail Credit and Collection Procedures will be of great importance to all personnel dealing with credit and collections, whether they are owners, managers, employees of department stores, banks, furniture stores, grocery stores, automobile dealerships, drug stores, or other type of retail, wholesale, service, and professional organizations.

Classes will be conducted by

Wayne Holcomb, retail credit training specialist from The University of Texas. This training is made available by the Distributive Education Program of The University of Texas and the Texas Education Agency.

Classes will run for approximately two and a half hours each night, beginning at 7:30 p.m. March 29 through April 1.

Principles of credit and collection procedures and problems will be explained and discussed during the four sessions. The course was designed primarily for experienced personnel, and emphasis is on advanced training and refresher work in modern credit and collection techniques and procedures. However, new workers in the credit and collection field will find the course just as valuable as the "old hands," pointed out Benedict.

While the course is primarily for credit and collection personnel, any person employed in retailing, wholesaling, servicing, or professional offices is eligible to attend and will find much of the information given helpful.

A small registration fee of \$4 is the only expense involved for those attending. Further information about the classes can be obtained by contacting the office of the Muleshoe Chamber of Commerce, phone 2480.

Bill Taylor, DE instructor here who took Holcomb's place when he joined the state staff, said his pupils will send letters to business and professional men informing them of the school.

Funeral services for Willie Andy Shafer, 86, a resident of the Needmore community for 42 years, were held at the First Baptist Church here Tuesday afternoon, conducted by the Rev. Joe Thompson, Welch, and the Rev. Ernest Bailey, Circleback Baptist Church.

Burial, with Singleton Funeral Home in charge, was in the Sudan cemetery.

Mr. Shafer died in West Plains Hospital Sunday. Grandsons served as pallbearers. Honorary pallbearers included Ralph Hall, Raymond Gage, Van Rogers, Woody Goforth, E. Creamer, Clarence Darron and B. Wilson, G. L. Watkins, Buck Fred Beene.

Survivors include his widow, Minnie Shafer; four sons, Arthur and Louis Shafer, Needmore; J. W. Shafer and Jimmy Shafer, Muleshoe; two daughters, Mrs. Bruce Harris, Artesia, N. M., and Mrs. Margie (See SHAFER, Page 5)

It's Cram Time For Spell-Off; Interest Gains

It's cramming time for the county spelling bee, and throughout Bailey county pupils who are in the eighth grade or below, are boning up on such words as adumbrate, bestial, vehemence and hypodermic.

They are making ready for the county spelling bee, sponsored by The Muleshoe Journal, slated to be held in the high school auditorium April 13, starting at 2 p.m.

The winner of the event here will go to Lubbock to compete in the 23-county district spelling bee, sponsored by the Lubbock Avalanche-Journal, May 1.

The winner of that event will get a free trip to Washington to compete in the national spelling bee. The contest is open to all (See SPELLING Page 5)

Sheriff's Office Shaken over Tot's Custody Battle

Sheriff's officers and highway patrolmen swarmed south of Muleshoe Monday morning to halt a "kidnapper" who had picked up a 4-year-old girl in Portales and headed east.

The tip had come from the child's father who lives in Portales. He pleaded with the sheriff's officers here to stop the woman and return the child.

They stopped the woman, her husband and her husband's brother and the child south of Muleshoe after setting up a road block.

But she turned out not to be a kidnapper. She was the child's mother, the sheriff's officers found out.

Thirty minutes later mother, child, current husband and husband's brother were on their ways back to Oklahoma.

The sheriff's office here found out that the woman had legal custody of her child in Oklahoma. But it seems also that in New Mexico, the child's father had custody. And it also seems that the father had "kidnapped" the child from the mother in Oklahoma in the first place and returned her to his home in Portales.

The child's mother, current husband and his brother, set out for Portales to pick up the child. They left the child's father a note so stating, and headed east.

The sheriff's office here decided it was a family affair, and that only Oklahoma and New Mexico courts could battle it out. "Guess they were in neutral territory when they crossed over into Texas," one sheriff's officer summed up dryly.

Clean Postoffice Gets US Award

For 26-year-old native-born Cecil Ford the workday starts at 7 a.m., and it ends at 7 p.m. — sometimes later.

And his work is so good it helped win a national citation for the postoffice here. The postoffice here is clean, clean, clean, and Uncle Sam took note of the shining letter emporium by sending Allen Dupree, Amarillo, to Muleshoe to present an award to Postmaster Spencer Beavers and to Ford.

Dupree is assistant to the regional director of postal service. Dupree gathered all the employees together and made a speech. He complimented all the employees, and Ford especially.

"Ford does a fine job," the postal official said, "but credit also should go to all the employees of the local office for helping keep the post office clean."

But keeping the post office clean is just one of three jobs which Ford has. He takes the mail to the trains, and he hauls freight for the Santa Fe. "And that usually means a 12 to 14-hour day," says the young husband.

However, as Beavers pointed out, Ford seems to be thriving on the long schedule and the three-part job.

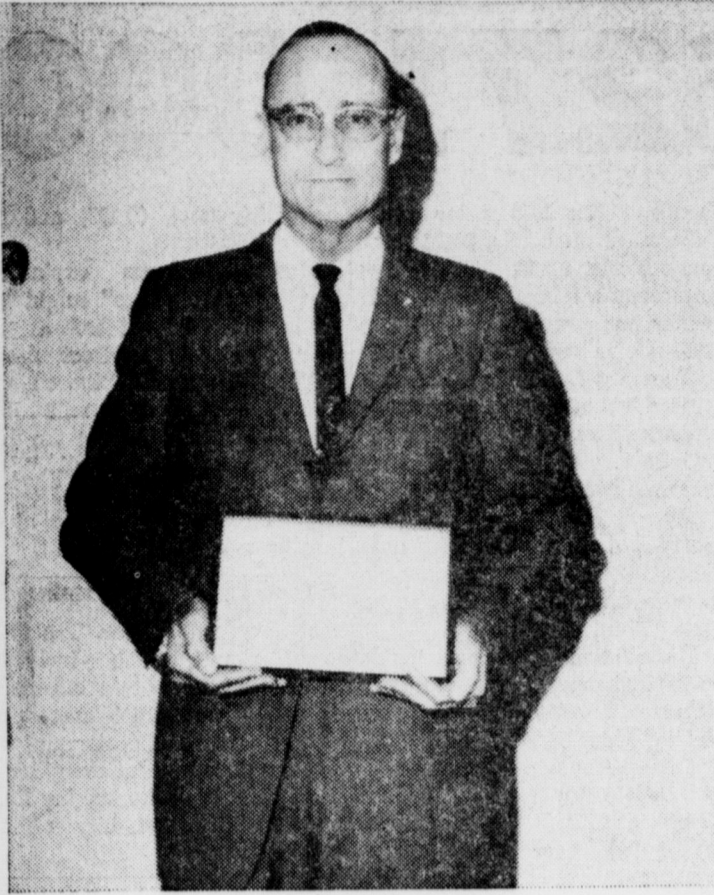

Ford is married, and the apple of his eye is 1-year-old Laneta Kay. He was born in Muleshoe.

This is the second award which local postoffice employees have received. Ten days ago, A. D. McCarty, a clerk in the office, received a national award for "meritorious service." That award was presented by J. W. Beesch, postal service officer, and with that award went a \$100 check (less taxes).

DEDICATED EDUCATOR — Milton Oyler, principal of Richland Hills School, was presented a Life Membership certificate at the Monday afternoon meeting of the Parent-Teacher's Association. In making the presentation, Mrs. Roland McCormick said "Milton Oyler is one of our most dedicated educators."

Fourth Grade Choir Entertains P-TA; Neil Dillman Guest Speaker

The singing of three selections by the fourth grade chorus, under the direction of Leasel Richardson, opened the March meeting of Richland Hills P-TA held Monday. Several duets and soloists were featured during the program.

Introduction of Cub Scout Pack 622 and the scout master, Bob Bliss, followed immediately. This Scout Pack is sponsored by the Richland Hills P-TA. Institutional director is Roland McCormick. He and Bob Bliss, in turn, introduced a few of the den mothers, Mrs. Loren Seater, Mrs. Joy Tibbitts and Mrs. Ruby Hodges who gave a resume of the years' work with the cub scouts.

A resolution was passed to change the P-TA meeting date in April from April 19 to April 12, due to Easter holidays falling on the next scheduled meeting date. At that time, the guest speaker will be Mrs. J. M. Farmer, outgoing district President.

One of the highlights of the Monday program was a presentation of a Life Membership to Milton Oyler. Mrs. Roland McCormick, who made the presentation, said, "Milton Oyler is one of our most dedicated educators, having been devoted to the profession for a good while."

This is the second presentation during the P-TA year - the first one going to Mrs. Clarence Mason in October 1964.

The report from the Nominating Committee and the nomination by acclamation of the ones proposed by the nominating committee resulted in the election of the following officers for the next year:

- Mrs. Allen Haley, President.
- Mrs. Bobby Free, 1st Vice President.
- Mrs. Joe Wheeler, 2nd Vice President.
- Mrs. Raymond Hodges, Secretary.
- Mrs. Benny Pena, Treasurer.
- Mrs. Joe Wheeler, Historian.
- Mrs. Clarence Mason, Parliamentarian.

Installation of the new officers will be the highlight of the next meeting, April 12.

The delegate to TSTA, Mrs. R. E. Everett, introduced Neil Dillman Muleshoe Superintendent of Schools. Dillman explained the current legislative program under consideration for the Teachers' pay - raise - "The 45 in '65".

In his talk Dillman pointed out in comparison the governor's plan for teacher pay increase and the "45 for 65" plan and the effect each would have on the local school district.

Dillman said the governor's plan to give a pay increase of \$184. for teachers at a cost of 20 percent of text books and 20 percent matching the teacher retirement fund.

The "45 for 65" would give

teachers a pay increase of \$405, starting September 1 at a cost of \$26,000 less than the governor's plan which would still be \$395, less pay than teachers draw in Clovis.

Per student, text books cost the local district about \$3.80, but under the governor's plan would cost between \$30 to \$40, per student.

HD Council Holds Meeting

Bailey County Home Demonstration Council met March 10 in the community room of the First National Bank. Nine members from the Needmore and Progress Clubs and Jean Martin, Bailey County agent, attended.

Council chairman, Ada Murrah, conducted the business meeting.

The creed and prayer were repeated and the committees for 1965 were appointed.

They are: Myrtle Wells and Wanda Shaffer, finance; Phebe Gray and Virginia Barrett, yearbook; Sharon Dale and DeLores Gaddy, recreation; Lela Mardis and Janie Moraw, E. E. E.; and Myrtle Wells, reporter.

The standing rules were read by THDA chairman, Phebe Gray and the rules were accepted after being revised.

Meal reservations for the district meeting April 27 must be given to Ada Murrah by April 6.

An invitation to Bailey County women was read from Cochran County H. D. Clubs to attend a meeting on interior decorating April 13 and 15 in the Activities Building in Morton.

Phebe Gray presided for the election of delegates to the District Meeting.

Delegates are Leota McMakin and Phebe Gray. Alternates are Bertha Beene and Lauretta Baker.

Jean Martin taught a training school explaining the duties of each officer.

Attending were Lela Mardis, Janie Moraw, Myrtle Wells, Wanda Shaffer, Ada Murrah, Leota McMakin, Phebe Gray, Sharon Dale, Virginia Barrett and Mrs. Martin.

A new meeting date for the council meeting is the second Wednesday of each month.

Lambert Home Scene of Dinner

Weekend guests in the home of Mr. and Mrs. Bill Lambert were their daughter son-in-law and children, Stevie, Debbie and Susan Lee, Midland.

Also visiting were the J. T. Lambert family and the Burnie Lambert family, Muleshoe.

Vows Solemnized in Central Church For Carmen Pyle and George Nieman

Vows were solemnized at 2 p. m. Feb. 27 in the chapel of the Central Christian Church, Enid, Okla. for Miss Carmen Clair Pyle and George Ervin Nieman.

Rev. Chuck Shorow and Rev. James Christenson officiated at the double ring ceremony before an altar flanked with branched candelabra and white gladioli with baby blue bows. White satin bows marked the family pews. The bride's parents are Mr. and Mrs. Walker H. Pyle, 2510 N. East Blvd. Enid, Okla.

The groom is the son of Mr. and Mrs. Marvin Nieman, Muleshoe.

Given in marriage by her father the bride wore a hooped floor-length dress. The skirt was white tulle and the bodice was of alencon lace over silk peau de soie and had a dropped cameo neckline. The bustle was caught with white cabbage roses. A velveteen cabbage rose centered her tulle veil. She carried a cascade of white roses with a removable orchid corsage atop a white satin-covered Bible given by her maternal grandmother.

Mrs. John Baird provided traditional wedding music and accompanied Miss Joe Ann Carlson of Oklahoma City as she sang "Because," "Whither Thou Goest," and "The Lord's Prayer".

Miss Gayle Ann Pyle sister of the bride, was the maid of honor and wore a blue delustered satin sheath with overskirt. She wore a matching circlet head piece of blue tulle and baby blue cabbage roses and carried white carnations tied with pastel blue streamers.

Candlelighters were Miss Jan Hooley and Miss Janice Hughes, serving as bridesmaids were Miss Patty Pritchard and Miss Lennie Lou Warner. Their dresses were white satin and their veils were white tulle with pastel blue cabbage roses. Their flowers were white carnations with pale blue streamers.

Best man was Jerry Roddam, Muleshoe. Serving as ushers and also groomsmen were Freddie Cook, cousin of the bride and Billy Roming, both of Muleshoe.

Ring bearer was Johnnie Warren Cook, Ft. Worth, Texas.

The guest book was kept by Miss Carol Mosemore.

North America was first peopled by nomads who crossed from Asia, perhaps 30,000 years ago.

A birthday dinner was served honoring Bill Lambert and his grandson, Stevie.

The bride's mother wore a peacock blue pure silk two piece dress with matching accessories.

The groom's mother wore a blue wool suit with accessories. Both wore white orchid corsages.

Immediately after the ceremony a reception was held in the home of the bride's parents hosted by Mrs. Vic Hopwood, Mrs. Sam Cook, Muleshoe, and Mrs. Warren Cook, Ft. Worth, the latter two being aunts of the bride. The serving table was covered in pink net over white satin trimmed in pink and white roses with a centerpiece of pink sweetheart roses. The white tiered cake was decorated with white swans and light pink roses and topped with a miniature bride and groom.

The bride's traveling costume was a white two piece suit trimmed with pale green and yellow accessories. Her corsage was the orchid from her bridal bouquet.

Out of town guests included Mr. and Mrs. Joe House and Mr. and Mrs. Max Caddell of Lawton, Okla.; Mrs. Mary Williams and George Pratt of Walters, Okla.; Mrs. Warren Cook and son, Joannie, Ft. Worth, Mr. and Mrs. James Nieman, Oklahoma City, Mrs. Sam Cook, Freddie Cook, Billy Roming, Henry Nieman, Ervin Nieman and Mr. and Mrs. Jerry Roddam, Muleshoe.

The Rotunda of the United States Capitol was a no-man's land in early days, because neither House nor Senate would assume responsibility for it, the National Geographic says. Peddlers moved in. Visitors could buy apple peelers or corn shellers, or view a panorama of Paris for 50 cents.

Wedding Vows Exchanged Friday

Wedding vows were exchanged Friday at 6 o'clock by Mrs. Bobbie Elliott and Charles Goodhue at the Trinity Baptist Church. The Rev. Troy Walker read the ring service. For her wedding, the bride chose a blue and white whipped cream dress with beige and blue accessories. She was given in marriage by her brother, Roy Wendell Durrett. Parents of the bride are Mr. and Mrs. Joe W. Durrett and the bridegroom's parents are Mr. and Mrs. Goodhue, Mobile, Ala. The bride's aunt, Mrs. C. P. Culvert, attended as matron of honor, and she was also attired in an ensemble of blue and white. Serving as best man was Merritt, Freedell, Muleshoe. Mrs. Troy Walker played traditional wedding selections. After a wedding trip to Carlsbad, N. M., the couple will make their home in Muleshoe.

Home Missions' Prayer Series Is Held at Bula

By MRS. JOHN BLACKMAN
BULA — The Annie Armstrong week of prayer for home missions was held each day at 2:30 at the local Baptist Church the past week.

Programs were taken from the Royal Service program book, Mrs. E. O. Battles being the leader for the first study and appointing leaders for each day's study.

Wayne Herrington received his discharge from the Army last week and arrived Friday evening to join his wife and small daughter, who have been staying with her parents, Mr. and Mrs. Ray Seagler for several weeks. Herrington has spent the past year in Germany.

Mr. and Mrs. Buck Medlin spent Sunday with his brother, Buddy Medlin, in Amarillo.

Buddy has recently been hospitalized and had some bone grafted in his shoulder, an injury caused from a car accident of several months past.

Mr. and Mrs. Leonard Clevenger enjoyed having all of their children home Sunday. It was also Birthday time for their daughter, Mrs. Moore.

Attending were Mr. and Mrs. Dewey Moore and son, Lynn, Muleshoe; Mr. and Mrs. Connie Clevenger and sons Weldon and Michelle and Mr. and Mrs. James Clevenger, Morton, and Mr. and Mrs. Curtis Clevenger and daughters Pam and Gina, Brownfield.

Mr. and Mrs. Ray Seagler have been spending some time at the bed side of his mother, Mrs. C. C. Seagler, a patient in the West Texas Hospital, Lubbock. Mrs. Seagler is living in Idalou. Enoch's community was her home for many years and she has many friends in this community.

Dennis Newton, son of Mr. and Mrs. R. T. Newton, won first on his barrow at the Muleshoe livestock show held Friday and Saturday. Dennis is a 4-H member. His barrow won grand champion of the show. He has entered also in the South Plains Junior Livestock show.

The FFA chapter entered two gilts as a chapter.

Miss Diana Cox, 17-year-old daughter of Mrs. Lorene Cox and senior at Bula School was entered in the Livestock Show Princess Contest.

Mr. and Mrs. J. W. Layton visited Tuesday in Lubbock with his brother, Mr. and Mrs. John Kelley. Two brothers and three sisters of the family spent the day together as guests also in the Kelley home.

Attending the funeral for Mrs. Otis Westbrook in Abilene Wednesday were Mrs. Edd Crume, Mrs. Walter Layton, and the ladies' mother, Mrs.

Parker of Hereford.

Students of the fifth and sixth grades enjoyed a skating party Friday night at the Littlefield roller rink. Sponsors were, Mrs. Buck Medlin, Mrs. Robert Claunch, Mrs. Dewitt Tiller and Mr. and Mrs. Terry Blake.

Seventh and eighth grades were entertained Friday evening with a bowling party in Little-

field. Sponsors were, Mrs. Ruby Reid, Mrs. John Crockett and Mrs. C. W. Fincher.

Mrs. C. A. Williams and her sister, Mrs. Bobby Cooper, Morton, drove to Springlake Tuesday and spent the day with another sister, Mrs. Lowell Walden, this being Mrs. Walden's birthday.

Three school systems in this county are eligible to send contestants to Muleshoe for the county trials — Muleshoe, Taree Way and Bala.

Most schools already are preparing for the big event, and winners of the various classroom events are being picked to represent that particular school in the county here.

Fred Johnson, Muleshoe, a veteran of the spelling bee business, will pronounce the words for contestants here, and a panel of three judges will be named for the event.

Words will come from the booklet, "Words of the Champions," a book issued by the National Spelling Bee, and may be procured at The Journal office here.

In addition to the trip to Washington, the regional winner also will receive a set of Encyclopedia Britannica, the Encyclopedia Britannica World Atlas, a Paper - Mate Capri pen and pencil set, and passion for one year of an inscribed rotating

plaque.

While few pupils will be required to spell the national winning words, here are a few of those which have won the U. S. contests: abbaay, abrogate, lax-riance, oneros, pronunciation, propitiatory, crustaceology, cinnabar, brethren, transport and uncimated.

Cheese Stars In Shrimp Fondue

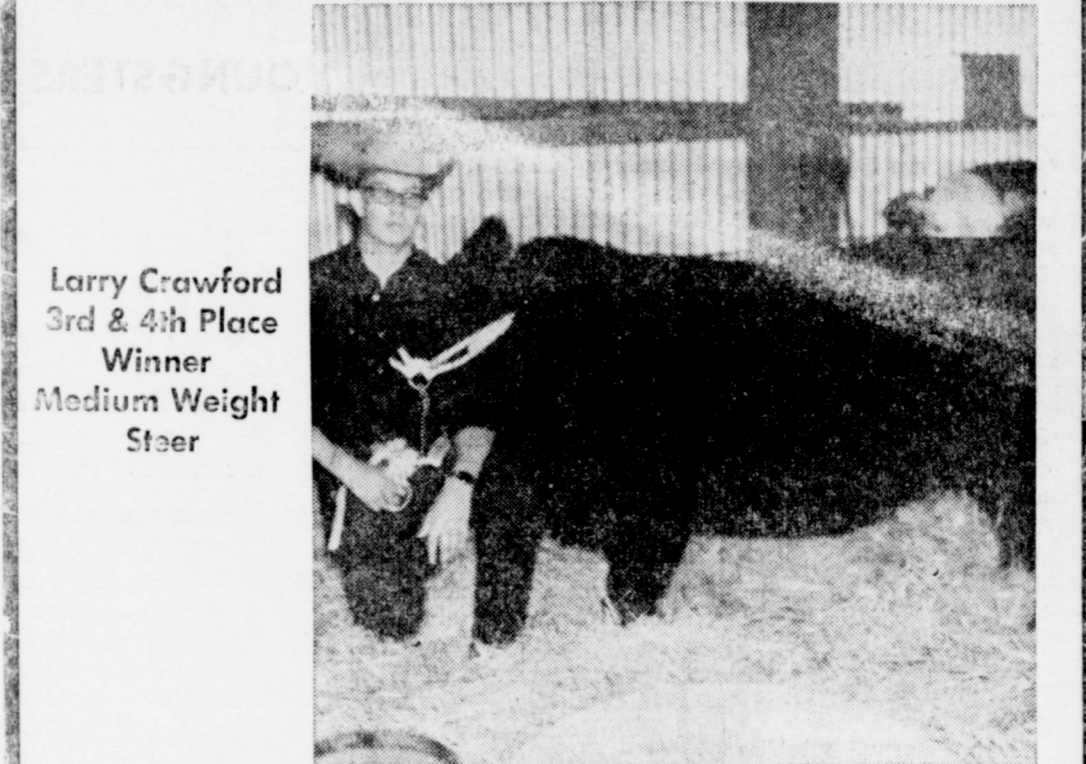

What a pretty kettle of fish Shrimp Fondue makes—a combination of savory, sharp cheese slices and succulent shrimp, plus toasted bread cubes. The smooth, custard-like fondue is made with nonfat dry milk. This cheese and milk, both so high in protein, become mainstays of meals without meat. Enhance this dinner main course or generous luncheon fondue developed by the Borden Kitchen with a big salad of crisp, fresh greens.

- Shrimp Fondue**
(Makes 4 servings.)
- 2 (4-1/2 oz.) cans shrimp, well drained
 - 1 (6-oz.) package Velveeta Sharp cheese slices cut into cubes
 - 3 cups toasted bread cubes
 - 3 eggs, well beaten
 - 1/2 teaspoon salt
 - 1/2 teaspoon dry mustard
 - 1/2 teaspoon onion juice
 - 1-1/2 cups liquefied Starlac nonfat dry milk

In a large mixing bowl, chop shrimp coarsely. Add cheese cubes and toasted bread cubes; mix lightly. Turn into a well-buttered 1-3/4 or 2-quart casserole. In a small bowl, beat eggs and add seasonings. In a small saucepan, heat milk just to boiling point. Remove from heat. Gradually stir a little of the hot milk into the egg mixture. Slowly combine egg mixture with remaining hot milk. Pour over shrimp mixture in casserole. Place casserole in a pan. Pour hot water into pan to depth of one-inch. Bake in a moderate (350°F.) oven about 1 hour. Serve immediately.

'Subsidy' Again Key Word as Newest Farm Program Legislation Studied

LUBBOCK — As legislators take up discussion of cotton legislation and other agricultural programs during this session of Congress, writers and broadcasters will again redouble their efforts to build attention-getting stories around the term "subsidy."

And, if we are to judge the future by the past, we can expect that in a majority of cases the word "subsidy," when used in connection with farm programs and farmers, will carry a derogatory (if not downright deamatory) implication. The misunderstanding that exists in the public mind with regard to this one term is probably responsible for the biggest and ugliest pimple on the much-marred complexion of agriculture's public image.

Looking at the works of some writers and speakers, particularly those who operate from "big-city" bases, one gets the impression that the word "subsidy" was placed in the English language solely for the benefit of agriculture. These people seem irresistibly drawn to such thread-bare phrases as "feeding at the public trough" and "dipping collective cups into the public till." They imply that farmers are the only recipients of subsidies from government, and that such subsidies are purely for the benefit of farmers.

Nothing could be farther from the truth, and anyone who will take the time and effort to seek an honest definition of "subsidy" will find that out.

The part of our Webster's definition which applies to government subsidies is under 3-b: "A government grant to assist a private enterprise deemed advantageous to the public." For our purpose here, the key phrase is "deemed advantageous to the public" — a phrase too often overlooked by the sensation seekers.

All government subsidies, presumably, are meant to be in the interest of the general public, not just the individual or industry in question. In the case of agricultural subsidies, the public benefits by an abundance of food and fiber, and by the maintenance of a strong agricultural economy, without which there is general agreement that our entire economic structure might well tumble about our ears.

For a more detailed and complete definition of subsidies, we find valuable material in a pamphlet entitled "Subsidy and Subsidylike Programs of the U. S. Government," prepared for the Joint Economic Committee, Congress of the United States. For the purposes of that report, subsidies are defined as "an act by governmental unit involving either (1) a payment, (2) a remission of charges, or (3) supplying commodities or services at less than cost or market price with the intent of achieving an economic objective." Under this definition the scope of subsidies broadens considerably, and those who have adopted such holier-than-thou attitudes toward the farm population should begin to see the error of their ways.

Under one or another of the three broad categories listed above, the report cites as subsidies: Grants to business firms and corporations (shipbuilding and ship-operating differential

subsidies, Subsidies for carrying mail, etc.); Tax benefits to specific economic groups (depletion allowances to producers of minerals and other extractive industries, accelerated amortization of defense facilities, concessions to small business under the Technical Amendments Act, reduction of income taxes to particular groups and individuals etc.); Indirect assistance to specific economic groups (financing of highway and airport construction, protective tariffs, purchase restrictions under the Buy American Act etc.); Free services or services below cost (postal system, FCC, FTC, ICC, SEC, Bureau of Labor Statistics and many more); Lending and Loan Guarantee programs; Federal aid payments to states and local units (school lunch fund, forestry services, state marine schools etc.); Insurance programs undertaken by government at sub-normal premiums, and a host of others.

Even a cursory glance at this grossly incomplete list of subsidy and subsidylike government programs is sufficient to show that every single citizen of the U. S. is receiving government aid in one form or another. And it should be sufficient to convince those who constantly throw thoughtless rocks at farm programs that they, too, live in glass houses.

General's 1964 Income Climbed To Record High

Telephone revenues, manufacturing sales, and consolidated net income of General Telephone & Electronics Corporation set new records in 1964. Donald C. Power, Chairman and Chief Executive Officer, reported recently. General Telephone of the Southwest is a subsidiary of General Telephone & Electronics Corporation.

Consolidated net income amount, to \$136,530,000, an increase of 18 per cent over the previous high of \$115,948,000 in 1963. Earnings were equal to \$1.57 per common share, compared with year-earlier earnings of \$1.35 a share. Revenues and sales totaled \$1,773,602,000, which was 16 per cent greater than the \$1,529,034,000 for 1963, the previous record.

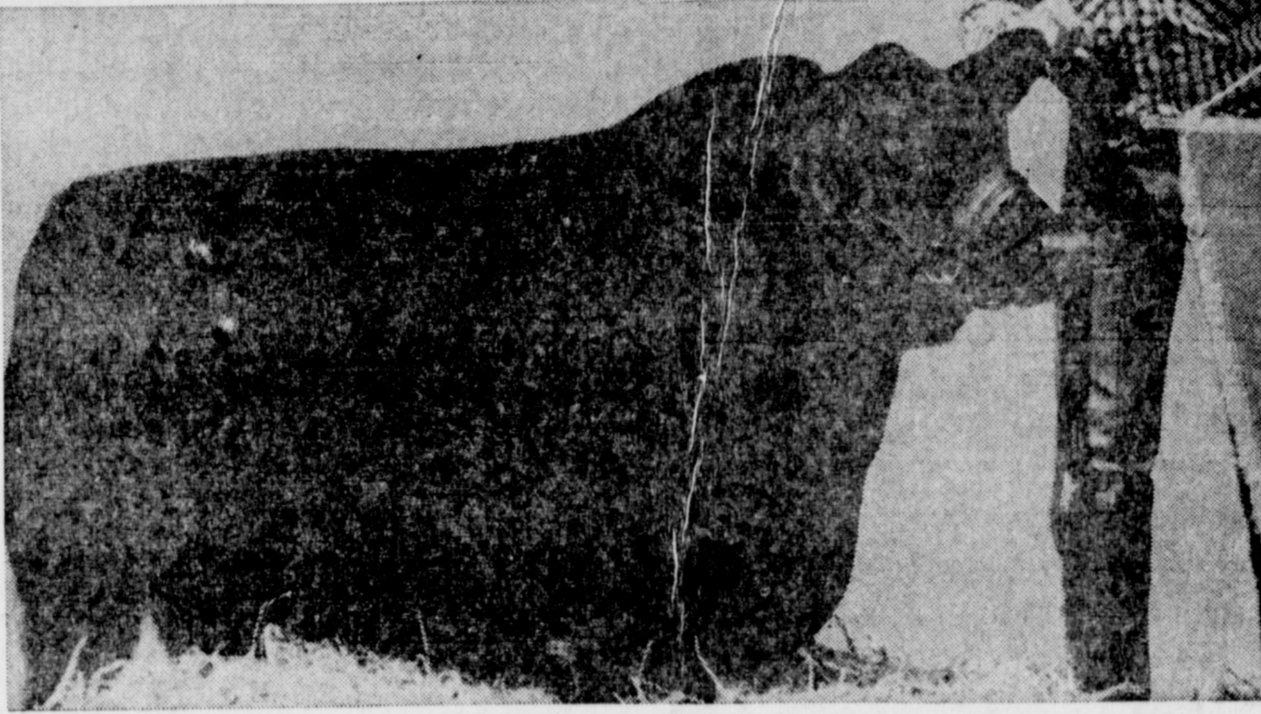

Net income from telephone operations in 1964 rose 14 per cent to a new high of \$96,534,000, in comparison with \$85,013,000 for the previous year. Telephone revenues were \$896,796,000, a 10 per cent increase over the former record of \$730,733,000.

Manufacturing net income amounted to a record \$41,221,000, which represented an increase of 25 per cent over the preceding year's total of \$33,024,000. Manufacturing net sales reached a new high of \$966,866,000, which exceeded the year-earlier total of \$798,301,000 by 21 per cent.

Power pointed out that the totals for all periods have been adjusted to include the operating results of Western Utilities Corporation and its three operating affiliates which were merged into GT&E June 30, 1964.

WOLF AND EAGLE RETURN

ROME (AP) — Rome's big blizzard this winter brought the two symbols of ancient Rome — the wolf and the eagle — back to the city. Watchmen in the outskirts of the city reported seeing wolves driven in from the hills by hunger. In another section of Rome a man shot down an eagle with a seven-foot wingspread driven in by lack of food.

MEDICAL CARE OR "MEDICARE" WHICH DO YOU WANT?

TEXAS today has one of the nation's finest, most comprehensive programs of medical care for the aged. These programs—the Texas approach, we call it—include medical benefits to Old Age Assistance recipients and extensive health cost protection through the use of special insurance plans for the aged. The Texas legislature is also expected to implement a medical care plan for those who are not on Old Age Assistance but who do need help in meeting medical expenses.

Consider these facts:

- 229,000 needy aged, representing 30 percent of Texas' entire aged population, now have a Blue Cross-Blue Shield health insurance policy paid for by the State,
- This State program provides hospital, medical, surgical, x-ray, and nursing home benefits,
- 72% of the aged in Texas now have one or more health insurance policies,
- Through the "Texas 65 Health Insurance Plan," Blue Cross "Senior Texan Service," and other special programs offered to the aged by private companies, health insurance is available to all who want it at a reasonable cost,
- Studies by Belden Associates indicate that only a small percentage of the aged actually still need and want help in paying health costs (these aged would be covered by the program now being considered by the Texas Legislature).

In view of these facts, the national "medicare" tax proposal (the King-Anderson bill,

H.R. 1) is not needed. "Medicare" benefits are very limited, covering about one quarter (25%) of the total yearly health care costs of the average aged person. "Medicare" would not cover physicians' services or surgical charges, nor would it cover the cost of drugs outside of institutional care.

The "medicare" proposal is an extremely expensive one. While we all are starting to enjoy a reduction in federal income taxes as a result of action by Congress last year, the "medicare" program would cost an estimated \$1.7 billion dollars in additional taxes the first year. "Medicare" would increase payroll taxes to cover everyone over 65—even the wealthy. The employee who now pays a maximum tax of \$174 annually would find the amount for Social Security benefits and "medicare" increased to \$291 by 1971. Employers would pay a similar increase for each employee, thus resulting in higher prices for goods and services.

The Texas approach of providing medical, surgical and hospital care to those who need it is a more comprehensive, more economical program than "medicare," and it provides more benefits. If you object to paying higher payroll taxes for an undesirable, unneeded program, write your Congressman today. Ask him to oppose the "medicare" tax proposal, mentioning the programs for the aged now available in Texas. Ask him to support the Herlong-Curtis Eldercare Bill (H.R. 3727), which would make possible the broadening of the existing Texas program to provide medical, hospital and nursing home care for those few remaining aged who are still in need of help.

Bill to Regulate Commercial Pesticide Application Snags

By VERN SANFORD
Texas Press Association

AUSTIN — A bill to regulate commercial applicators of pesticides is having a hard time in a House committee. This is an indication that it probably will be changed considerably before it is reported for floor action.

Its author, Rep. Grainger McIlhenny of Wheeler, tried unsuccessfully to get it referred to a different subcommittee from the one headed by Rep. Bill Rapp of Raymondville. House agriculture committee, however, did vote to instruct

Rapp to report the bill to the full committee.

Rapp said the bill is one of the most important issues to come up before the Legislature this session, on par with redistricting, taxes and other state-wide issues. "This bill doesn't affect only commercial aerial applicators," Rapp said. "It affects a lot of people."

Required by the bill would be licensing of owners and operators of equipment used to apply pesticides. Licensing would require passing an examination application of pesticides and

payment of an annual fee. Operator's fee would be \$10; owner registration, \$25; and \$25 for each piece of equipment.

Operators would have to show minimum financial responsibility of \$15,000, by insurance, bond or deposit, for each piece of equipment.

Proponents of the bill say farmers need protection because modern pesticide equipment can, if misused, damage large land areas, including adjacent property.

Rapp contends the bill needs to be studied carefully because the transient nature of some of the persons who work on pesticide equipment would require that the operator spend a lot of money on additional license fees and bonds.

HEALTH LEGISLATION — Sweeping new concepts for treatment of tuberculosis, mental illness and mental retardation are about to be written into Texas law.

Bills overhauling the entire

state organization for dealing with these vast problems soon may be sent to Gov. John Connally for signature.

House passed 142-0 an amended version of legislation already approved by the Senate to set the tuberculosis eradication program in motion.

A separate bill to establish a new Texas Department of Mental Health and Retardation cleared the House 139-1 and was sent to the Senate.

The tuberculosis control measure by Sen. H. J. Blanchard of Lubbock and Rep. Menton J. Murray of Harlingen would shift all tuberculosis programs from the Board for Hospitals and Special Schools to the Texas Department of Health.

A bill by Rep. W. H. Miller of Houston also would take from the Board all mental hospitals and special schools for the retarded, moving them to the new department.

Both emphasize community-centered attacks on the problems at hand.

Experts maintain that case-finding, long-term follow-up care and contract care of patients close to home can virtually eliminate tuberculosis. Pro-

posed \$22,300,000, six-year program will be in the San Antonio - Central - South Central Texas area and counties along the border from El Paso to Brownsville.

Community care centers to treat mental patients close to the cities they live in rather than big hospitals far away are heavily relied on for major progress in the mental health field.

HORSES BOOKED — Odds are long against the horse race betting advocates this session, but they will provide one of the Legislature's most colorful shows.

On March 29 the House State Affairs Committee will hear a bill to legalize parimutuel betting on supervised tracks. Bill is backed by the Texas Racing Association. It was introduced by Rep. Maurice Pipkin of Brownsville.

Rep. Rayford Price of Palestine has introduced a constitutional amendment which would outlaw parimutuel (in a pool) betting and all other forms of gambling in the state.

BUDGET CONFEREES — Whether Texans will face substantial new taxation to finance expanding state services rests largely with 10 top lawmakers.

Budget writing was checked to a joint conference committee of senators and representatives after the Senate, without discussion, passed a \$3,650,000,000 appropriations measure. It called for \$617,000,000 in general revenue spending.

Senate version is \$13 million above the House - passed bill in general funds earmarked for the 1966 - 67 biennium. Both houses left money "on the table."

Senate bill is \$14 million below anticipated income; House bill \$25,000,000 below. But there are plenty of claims for the leftover.

Amount of the school teacher pay raise approved after the general budget finally is adopted is the real key to the magnitude of a tax bill. But recommendations of the conferees — likely to be approved by both houses — will determine just how much of the foreseeable revenue is left to apply toward better salaries for teachers and other new spending demands.

SABINE BILL PASSED — Legislation aimed at paving the way for making the Sabine River navigable from Longview to the Gulf has reached the governor's desk.

Bill sets up Sabine River Navigation District in Gregg, Harrison, Panola and Rusk counties.

directly to consumers.

Mutscher said the two beverages should be treated as beer under state statutes, since they are made by breweries, not distillers.

After prolonged debate in the House, Rep. Bill Healy of Paducah unsuccessfully tried to tack on an amendment to raise the beer tax \$1 a barrel.

Mutscher's bill finally passed 90-44 and went to the Senate for another round.

PICKUPS — House has approved and sent to the Senate a bill permitting pickup trucks to travel 70 miles an hour on Texas highways instead of the present 55 mph limit.

Another bill by Rep. John Traeger of Seguin specifies that pickups may be driven with a regular operator's license. Some law enforcement agencies (not the Texas Highway Patrol) contend that drivers of pickups must have a commercial license. They say law is not clear on the point. Bill cleared committee and is on House calendar.

TITLES UNCLEAR — Rep. Forrest Harding of San Angelo believes that no Texan can be sure he has a clear title to any of his personal property because present law permits the state to get a preferred lien without notice on any property which has gone through the hands of a person arrears on his taxes.

Harding said the state can do this regardless of how many times the property has changed hands.

INTERESTS CLASH — One of the hottest floor fights of the session was waged over a bill which found beer and liquor interests on opposite sides and "wets" and "dries" somewhat confused.

Liquor store operators bitterly opposed a measure by Rep. Gus Mutscher of Brenham, which they contended permitted wholesale beer distributors to sell ale and malt liquor

House passed a bill to double boat registration fees; authorize zoning of lakes for boating, swimming and fishing; and require lighting devices... with fees going to State Highway Department to finance boat ramps and rest room facilities.

A constitutional amendment to raise the pay of the House speaker and lieutenant governor from \$4,800 to \$12,500 a year received overwhelming House approval after an amendment was added to raise expense allowance of Representatives from \$12 to \$20 a day for 140 days. Rep. George Cowden opponent of the constitutional amendment for equal rights because of sex, has introduced five bills to remove discriminations because of sex in existing laws. Ten West Texas counties would comprise an Upper Colorado River Authority under a bill filed by Rep. Forrest Harding. Sen. Bill Patman's bill would give bow-and-arrow hunters all of October to hunt before hunting seasons are opened for firearms. House committee approved submission of constitutional amendment to repeal the poll tax as a voting requirement in Texas elections. A bill to establish a new medical school at Texas Tech College, Lubbock, has received committee approval. Texas cities and counties would be authorized to pass strong anti-discrimination laws and to set up human relations councils to enforce a broad state civil rights policy by persuasion, order or civil court injunction in a bill introduced by Rep. Paul Haring of Goliad. Salaried county officials in counties with populations between 15,000 and 20,000 and property valuations of at least \$80,000,000 may get raises up to \$2,600 a year under a bill by Rep. Dick Cory of Victoria. Texas is not getting its share of research funds for studies of problems of the Aging, a representative of a fed-

OFF - FLAVORED MILK
 The setback calves suffer at weaning may possibly be reduced by feeding the mother cow some material which gives her a bad taste, says Dr. Jan C. Bomsma, visiting professor at Texas A&M University. The famed animal scientist from the University of Pretoria, Republic of South Africa, points out that calves lose a tremendous amount of weight during the weaning period and the loss might be prevented if the calf gradually weaned itself due to its dislike for the mother's milk.

Clayton Reports On Legislature, Bills' Progress

By REP. BILL CLAYTON
 Two months of the legislative session have gone, and probably at no time in history has a legislature moved so rapidly as has this present one. Over 750 bills have been introduced besides all the concurrent, simple and joint resolutions, and the Senate Bills. Knowing that there are a number of issues that have to be decided, and with the determination that this will be done in the time that is allotted for the regular session, the members have begun diligently to get all of the necessary legislation passed.

Jerry Poteet
Circle Back Has Revival Meeting

Speaker Barnes, who was elected after the session had begun and Byron Tunnell had resigned, has guided the House of Representatives, and he appointed his House Committees and had them at work in a matter of days. I received excellent committee assignments — I am Chairman of the Aeronautics Committee; a member of the important State Affairs Committee, it is in this Committee that a major portion of the controversial bills are considered; a member of the Conservation and Reclamation Committee; a member of the Public Health Committee, and a member of the Committee on Municipal and Private Corporations.

I have introduced at this session, several bills, and five of these bills have been heard by the Committees to which they have been assigned, and are now ready for floor action. (See CLAYTON Page 6)

Revival services will begin Friday, March 19, at the Circle Back Baptist Church with Rev. Jerry Poteet, pastor of the Anna, Texas First Baptist Church as evangelist.

Mr. Poteet is a graduate of Hardin - Simmons and of Southwest Theological Seminary, Fort Worth.

Revival services will be started by the pastor, the Rev. Ernest Bailey Friday and the visiting evangelist will begin services Monday, Morning services will be conducted Friday and Saturday.

Sam Bradley will be in charge of song services.

Chevelle Malibu Sport Coupe

No matter how you look at it, this car makes a lot of sense. If you're interested in value (and who isn't), the eleven features above give you a good idea why more intermediate-size car buyers are thinking Chevelle.

curved side windows for extra shoulder room. Great front and rear leg room. Those four, five or six passengers have it made. And so do you. Chevelle may seat like a big car but it handles like a smaller car.

Comfort? Thick wall-to-wall carpeting in Malibu models. Foam-cushioned seats. Easy-to-read instrument panel. The whole interior looks like those in cars costing far more.

Come on down to our showroom and take a drive soon. Chevelle begins to make even more sense after you've gone a couple of miles.

CIRCUMSTANTIAL EVIDENCE
Like spinach, puns, and women drivers, circumstantial evidence has a worse reputation than it deserves. Many people, reading that a defendant was "convicted on circumstantial evidence," jump to the conclusion that the case against him was flimsy.
Yet, all of us rely constantly on circumstantial evidence in our every day routine.
Suppose you see steam billowing out of your morning cup of coffee. You don't seek direct evidence of its heat by dipping your finger into it. Instead you rely on circumstantial evidence — fact plus logic — to decide that the coffee is very hot.
Now would many readers doubt Robinson Crusoe's conclusion, from the circumstantial evidence of a strange footprint in the sand, that another human being had come to his island.
Of course, circumstantial evidence can be weak. One court gave this example: a country doctor, upon seeing a saddle under his patient's bed, deduced that the patient had eaten a horse.
But circumstantial evidence, when strong, is what sends most criminals to jail. How many burglars have been caught by telltale fingerprints, how many hit-run drivers by dented fenders, how many embezzlers by sudden and unexplained wealth?
For crime is usually committed under the mask of darkness or the shelter of solitude. The murderer, the forger, and the thief seldom acts in the presence of an audience.
In one celebrated case, a woman seeking a divorce was trying to prove her husband guilty of adultery. She could offer no witness who had seen him commit such a sin. But she did have evidence that he and a girl friend had spent the night together in a hotel bedroom, after signing in as husband and wife.
Circumstantial? Yes, but the court found it convincing any-

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm is in an inventive frame of mind this week, his letter indicates.

Dear editor:
A lot of people think nearly everything's been invented that is inventable, and while there are more things invented than I have a use for, still there are some things yet to be invented that might come in handy.
Not though that all the time-saving inventions save time, except maybe for the rocking chair. I have save more time than anybody I know just sitting in one, part of the time listening to people complain about how their time-saving automatic washing machines or other gadgets are out of commission.
But what I started out to talk about was a genuine time-saving invention which I thought up the other day while watching President Johnson on television using 136 fountain pens to sign his name to just one bill Congress had just passed.
As I understand it he uses all these pens so he can give them to various important people who helped out with the bill so they can go home and tell their children, and then they their children and so forth down the line, that the family owns a fountain pen used by the President of the United States in signing such and such a bill.
Well now I have no quarrel with this, it's perfectly harmless and could become valuable — what do you suppose you could get for a ball point pen used by George Washington? — but I don't think it's fair to the President. What I mean is when he wakes up in the morning he's supposed to start thinking about Viet Nam, Alabama, DeGaulle, tax cuts, labor disputes, newspaper reporters, his two daughters, Republicans, government waste, the farm problem, outer space, new legislation, etc. and keep it up till bed time.
"What did they register in a hotel as man and wife and retire to a bedroom for?" reasoned the judge. "We have it of old that 'it is presumed he saith not a pater noster' there."

But if he's got to use 136 fountain pens to write "Lyndon B. Johnson," which is nine pens per letter with one left over for the dot after the B., every time Congress passes a bill, you can see some problem is going to suffer, either Viet Nam, Alabama, the daughters, or something. It's bad budgeting of his time.
Therefore I have invented a special Presidential fountain pen which comes in 136 sections. He can sign his name with one quick flourish, get back to Viet Nam thinking immediately and let an assistant break it up and pass the pieces around.
This will also avoid endless bickering in the future. Have you ever stopped to think who is going to happen 100 years from now when 136 families turn up all claiming to have the fountain pen President Johnson used in signing a bit in 1965?
Yours faithfully,
J. A.

(Continued From Page Three)
 Twelve bills were introduced as a result of the study that the Interim Committee on Water, of which I was Chairman, made and of course water legislation is of prime interest to us in our area of the State. Some of the bills I have introduced are as follows:
 H. J. R. No. 21 — concerning terms of office of Directors of Conservation and Reclamation Districts.
 H. C. R. No. 30 — Asking Congress not to repeal the "Right to Work Law"
 H. B. No. 77 — Regulating and licensing water well drillers.
 H. B. No. 83 — Requiring imported meat to be labeled.
 H. B. No. 220 — Making it a crime to buy, sell or possess cantharidin (Spanish fly).
 H. B. No. 231 — Extending the benefits of the water development board to underground water.
 H. B. No. 232 — Changing the name of Soil Conservation Districts.
 H. B. No. 233 — Relating to travel and per diem of State Soil Conservation Board members.
 H. B. No. 292 — Relating to

an alternate method of filling vacancies for office of alderman or mayor.
 H. B. No. 402 — Requiring gravel trucks to prevent the loss of gravel while in route.
 H. B. No. 505 — Authorizing State Hospitals and Schools to grant easements and rights-of-way.
 I have co-authored the following bills:
 H. B. 151 — Making it unlawful to give liquor and beer to anyone under the age of 21.
 H. B. 153 — Making the speed of pick-ups the same as passenger cars.
 H. B. 256 — Requiring an ad valorem tax receipt before registering cars.
 H. B. 11 — Raising the gross weights of cotton trailers from the present 10,000 lbs. to 15,000 lbs.
 I am hopeful that these bills will receive final passage early in the session. The House and Senate have finally passed the legislation that will create a Coordinating Commission to be responsible for guiding Texas to excellence in Higher Education — the Coordinating Commission replaces the Commission on Higher Education. The House Committee has finished work on the bi-ennium appropriation bill and it has passed the House, and when the Senate has

passed their version the conference committee from the two Houses can begin work on the final appropriation bill.
 This bill must be finally passed before any other matters, involving appropriation of money, can be considered; so it makes of prime importance that the bi-ennium appropriation bill be passed at as early a date as possible.
 Of considerable interest is the legislation that would make it legal to have pari-mutuel betting on horse races, and also the legislation that would liberalize the liquor laws of Texas. As many of you already know, I am unalterably opposed to both the pari-mutuel betting bill and also to the bills that would make the changes in the liquor laws of Texas. I shall continue my effort to see that this proposed legislation does not pass at this session.
 One measure that must be considered and acted upon, and one which is being given many, many hours of study is the matter of redistricting the State. This must be done at this session, and with the population having shifted in so many parts of the State, the redistricting bill is going to make vast changes in the local districts. The several proposals have not advanced far enough, as yet, for me to be able to predict what affect the redistricting legislation will have on our area, but I have conferred with the authors of the proposals, and we shall continue to work on the issue.
 The rise in the cost of living has made it necessary for us to consider pay raises in the areas such as school teachers, District Judges and District Attorneys, and other State employees. This will require the passage of a tax bill, which we will consider after the final appropriation bill is passed.
 You can see that we are very busy, but as issues, in which you have a particular interest, are considered I hope that you will let me hear from you, because I can best represent District 91 if I know your thinking on the different bills that are pending. This report is from Bill Clayton, your voice in State Government.
