Postal Receipts Here Showing Sharp Increases; New Record For Fiscal Year Held Possible

Muleshoe postoffice receipts may reach a new high by the end of the fiscal year June 30, says Spencer Beavers, postmaster.

His prediction is based on the post office receipts for the first six months of the fiscal year, a period which is showing a considerable gain over the same period a year ago.

"We are making the gain," pointed out the postmaster, "in spite of the fact that we have lost a very lucrative source of postal revenue — the bracero." (The bracero farm program was abandoned early last year by the federal government.)

"Or we can sum it all up by saying we have the best post office in this entire area," proudly proclaims the postmaster.

Postal receipts (sales for the first six months' period of this fiscal year reached \$58,278.64, while for the entire 1965 period, ending June 30 last year, postal sales were only \$93,389.79.

"You see," explains the postmaster, "the elimination of the bracero program cut out postal receipts considerably. These transient laborers spent 68 cents on virtually every letter they wrote; they sent back their pay to Mexico in registered, air-mail letters. It was nothing uncommon for us to have 78 to 80 such registered letters a day.

Now we have only around six such letters per day."

However, he pointed out other ways in which postage sales have shown gains during the past six-months' period. He said permit mail is up one-third, and newspaper mailings have more than doubled during the period.

"If the present trend continued," the postmaster summed up, "we can expect a minimum of \$100,000 in receipts for this fiscal year, and may See RECORD, Page 5

Muleshoe Banks Show Deposits Of \$13 Million

Muleshoe's two banks had on deposit at the end of the calendar year \$13,542,320.85, statements of condition issued by the First National Bank and the Muleshoe State Bank revealed this past week.

Period covered was through Dec. 31, 1965.

Muleshoe State Bank listed its deposits at \$7,119,230.66, and First National showed deposits of \$6,423,090.19.

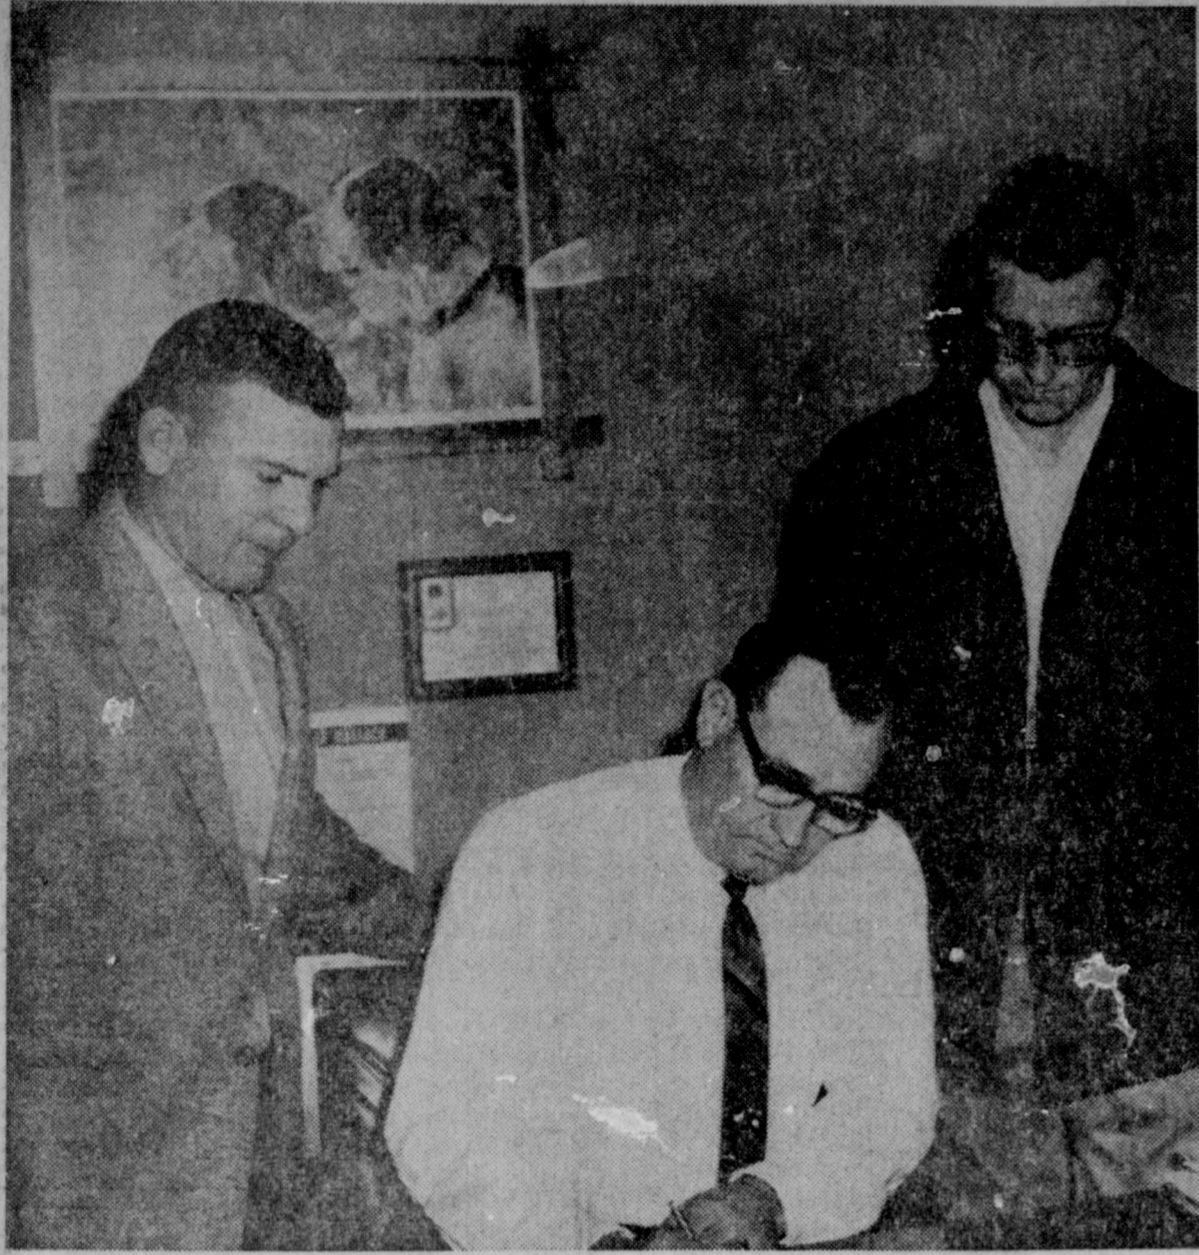

First National showed loans and discounts of \$3,541,374.21, and Muleshoe State totaled its loans and discounts at \$5,378,213.17.

President of Muleshoe State is W. Q. Casey with J. P. Shelton as executive vice-president, and Bobby Airhart vice-president, cashier and trust officer. Jimmy Crawford is assistant vice-president, and assistant cashiers are Elizabeth Thomson and William Edd Jones.

Directors of Muleshoe State are Boone Allison, Ken Anderson, W. T. Andrews, W. Q. Casey, James Cox, Sam Dameron, Herb Griffiths, Neal Hefner, E. W. Johnson, Woodie Lambert, Charles Lenau, Bill Moore, Troy Myers, W. L. Shafer, J. P. Shelton and Verney Towns.

First National Bank has M. D. Gunstream as president with Harmon Elliott as vice-president and Robert Alford vice-president and cashier. Fern Warren is assistant cashier.

Directors are M. D. Gunstream, Harmon Elliott, Guy Nickels, W. M. Pool, Robert Alford, Albert Nowell, James Glaze, L. I. St. Clair and Rufus Gilbreath.

PROCLAIMS JAYCEE WEEK — Mayor Wilbur LeVeque has signed a proclamation officially proclaiming the week of Jan. 17 Jaycee week in Muleshoe.

Witnessing the signing procedure are Kenneth Henry, the Jaycee president, and Marlin Mills, general chairman of the week. (Journal Photo)

With the Journal Staff

Area teams are being invited to take part in the annual Springlake-Earth school "outsiders" volleyball tournament March 7-12. The games will start after 6 p.m.

High Plains Bookmobile will be in Progress, Oklahoma Lane and Rhea communities this morning and at Friona and Black this afternoon. Friday's schedule includes Hub and White's elevator during the morning, Laz-buddie at noon, and Clay's Corner that afternoon. The Bookmobile will be in Farwell Saturday morning and at Friona in the afternoon.

Mrs. O. N. Jennings and her two sisters, one from Cone and the other from Eads, Colo., are attending a writers' course this week at Texas Tech. Mrs. Jennings' sisters are writing a book, tracing the Davis family and depicting some of their interesting experiences.

Budget and Admission committee of the Muleshoe Area United Fund met Wednesday to hear a request for entry into the UF of the newly formed senior citizens group. Robert Hooten, chairman, presided.

Mr. and Mrs. L. D. Cannon left Muleshoe during the weekend to spend two months at Port Isabel.

Muleshoe band will be represented by Jan Landers, Jan Everett and Neil Finley in area tryouts soon. They won the right to try for the coveted high honors in trials at Lubbock last Saturday. Jane Branscum and Sherry Trapp made alternate rank.

Mrs. Jack Lenderson has announced that she will give beginner and advanced art lessons.

Muleshoe Jaycees and the Lubbock Jaycees will have an orientation session tonight in the game room of First Methodist Church, it was announced Wednesday by the Muleshoe president, Kenneth Henry. The meeting is open to anyone interested in the Jaycee program, especially those between 21 and 35, it was pointed out.

Airman-3 James M. Armstrong, son of John R. Armstrong, Farwell, has been graduated at Lowry AFB, Colo. from the training course for U. S. Air Force munitions specialists. He is a graduate of Farwell High school, and will be reassigned to Hill AFB, Utah. See MULESHOE, Page 5

Banquet Tickets Are 'Going Fast'

With more than 200 already sold and delivered and with reservations piling up rapidly, tickets for the 16th annual Muleshoe chamber of commerce banquet next Monday probably will be on the "scarce" list by the weekend.

This was indicated Wednesday as final arrangements for the biggest banquet of its kind ever held were being completed, of course, is the speaker, Dr. ed. The big drawing card, Kenneth McFarland, one of America's most famous after-dinner speakers.

Space is being provided in the new junior-senior high cafeteria for 500 seats. Dr. Charles L. Lewis, president, said Wednesday and from all indications, every seat will be occupied.

Rheta White, decorations chairman, and her committee will move into the cafeteria Monday afternoon for a whirlwind job of converting the big room into a banquet setting. The new structure is equipped with ceiling speaking system, and flood lights are built in to highlight the head table. Stages from both the high school and Richland Hills will be moved in to "tier" the speakers' tables. Jewell Blackwell, cafeteria supervisor, and her crew will prepare the meal, featuring turkey and the trimmings.

Roy Davis, chamber manager, said much interest in the event is being shown.

The county court will be dissolved. See COURT, Page 5

County, Justice Court Schedule Drawn For 1966

Bailey county commissioners this week cleaned up a flock of first-of-the-year details including the setting of court times for justice and county courts, County Judge Glen Williams said Wednesday.

The board also decided to set salaries for all county employees, rather than permitting them to be paid out of fees collected in their offices. This also is routine since this system has been followed here for a number of years, Judge Williams explained.

The county court will be dissolved. See COURT, Page 5

County Spelling Bee Scheduled In April

Fourteenth annual Bailey County spelling bee, sponsored locally by the Muleshoe and Bailey County Journals are area-wide by the Lubbock Avalanche-Journal, has been scheduled for April 15, it was announced Wednesday.

The event will be held in Muleshoe high school auditorium, starting at 1:30 p.m. and will feature the best spellers under 16 years of age who have not passed the eighth grade.

This means pupils from four Muleshoe schools, Three Way and Bula will compete in the events with the winner going to Lubbock for the 23-county area bee to be held April 30. The national spelling bee will be held in Washington June 6-11.

Rules are similar to last year with this principal qualification outlined: "Any pupil is eligible who has not passed beyond the eighth grade at time of the bee in his or her school, except that no pupil who will become 16 years of age on or before the date of the national spelling bee shall be eligible. Also, a student is eligible to win the regional Avalanche Journal spelling bee a second time, but after winning twice shall not be eligible to compete again for the regional championship." As last year the words to be

used are listed in "Words of Champions", a practice book issued by the National Spelling Bee. The books are available at the Journal office in Muleshoe at 15 cents each, and sponsors recommended that schools who will have students competing buy the books as soon as possible.

Figuring Income Tax? Don't Forget To Count Off 'Water Depletion!'

Added income tax benefits may be in store for those producers who own irrigation water rights in the Ogallala formation for the taxable year 1965, says John J. Seibert, Area Farm Management Specialist of the Texas Agricultural Extension Service in Lubbock. This was pointed out Wednesday by J. K. Adams, county agent here.

Representatives of the Internal Revenue Service and the High Plains Underground Water Conservation District are currently developing "guidelines" which an eligible taxpayer may use when filing a claim for the depletion allowance. They say it is doubtful that these guidelines will be established and published before Feb. 15, when farmers who have not filed an estimated re-

Drivers Get Pat On Back

"The people of Bailey county can be proud of their driving record in 1965."

That's the word of James Freeman and Freddie Jack, Texas Highway Patrol in Muleshoe.

They were speaking of a very good record made this past year especially when compared with 1964. For instance: In 1964, there were 102 motor vehicle accidents in Bailey county; in 1965 there were only 47 of which only 16 had injuries.

In 1964, there were eight fatal motor vehicle accidents in Bailey county; in 1965 there were NO fatal motor vehicle accidents in Bailey county.

"The motoring public," summed up the patrolmen, "made this fine record possible, and we wish to thank each one of you for your part."

turn must have their completed tax forms filed. Therefore eligible farmers who are planning to claim an irrigation water depletion allowance for 1965 may elect to file an estimated return by Jan. 15. This would give these taxpayers until April 17 to file their completed 1965 return, Seibert said. By this date, there is a good possibility that depletion "guidelines" would be published. This would allow farmers to include in their completed tax returns any eligible depletion allowance and enable this allowance to be within these established "guidelines".

There is no substitute for complete and accurate records, emphasizes Seibert. This is particularly true where cost basis, thickness of water bearing strata. See TAX, Page 5

FINAL CURTAIN CALL — Muleshoe high school's fine arts department presented its most ambitious production ever, "The King and I" and here is the

final curtain call last Saturday night. The production starred Gary Edwards and Jane Branscum shown in center. (Journal Photo)

Minors' Drinking, Break-ins, Thefts Plague Officers Here

Law violators of one kind — and age — or another kept city, county officers busy during the weekend, and at the same time swelled the over-night "guests" in the county's antiquated jail atop the courthouse.

By mid-week, however, several of the young offenders had paid their fines and been released.

There was another "battery raid" staged in the Muleshoe area. Reporting losses of batteries were King's Elevator, the National Alfalfa Mill and the Randy Johnson farm.

Then a break-in at Perry Bros. Variety store netted thieves some \$400 in merchandise, officers figure. The thieves gained entrance to the store on Main Street by prying the lock on the back door.

Three young girls and a boy were picked up by officers and charged with minor consumption — of liquor, that is. All three girls and their boy companion landed in the bastille at the courthouse. The boy, too, got tagged with a charge of contributing to the delinquency of a minor since at least one of the girls was a minor.

All four were from Muleshoe. Monday morning the young

folk were arraigned in juvenile or justice court as the case might be, and most of them had scraped up their fine money by mid-week and had been released, including the lad who was with the three girls. One girl was still in the clink in lieu of fine money.

And along with all that activity, the sheriff's department also picked up one lone drunk.

'65 City Crashes Totaled \$31,893

Automobile crashes in the city of Muleshoe did damage totaling \$31,893.70, annual report of Police Chief Carl Neely revealed this week. His report showed that the most expensive wrecks occurred during February, April and December.

Altogether, Neely said the total reported was 151 with February leading at 29 crashes. Fewer wrecks — only five —

occurred during March than any other month, but May's six wrecks did less damage.

Altogether during 1965, 156 persons were arrested and jailed by the city officers during last year. As was expected, drunks held the spotlight with 47, Neely said.

Eleven were arrested on driving while intoxicated charges and eight for aggravated assault. Six were arrested for simple assault and four for carrying a prohibited weapon. Seven were arrested and jailed on affray charges and one for transporting liquor.

A surprisingly large number of "minor possessions" appeared on the statistics sheet — 18 for the year. Two also were arrested for minor consumption and four for contributing

Council Buys 18 Garbage Units

Muleshoe city council at its meeting this week authorized the purchase of 18 new garbage containers to be used with a new garbage truck which went into operation this month. The new units will cost \$3448.20.

M. E. Simmons met with the council to discuss a different cover for the storm sewer inlet at his food market. The council agreed to determine the cost to build a different type cover for this inlet.

Paving of Ave. F between West 3rd and West 5th was discussed but it was decided to consult the school board before taking any action. Repair of the roof at the city fire station also was authorized.

Mrs. J. Briggs Speaks To Club

The Lazbuddie Homemakers met in the Homemaking cottage Thursday at 3 p.m., with the president of the club, Charlene Farley, presiding over the meeting.

Following the business meeting, Marlene McDonald, program chairman was introduced, who introduced the recreation leader, Jimmie Briggs. She told some of the basic facts to remember when planning games for a party for children. Members then played some of the games she suggested.

Next meeting for the club will be Feb. 3 in the homemaking cottage.

Refreshments of cake, tea and coffee were served to Charlene Farley, Bonnie Har- tie, Jimmie Briggs, Linda Elliot, Marilyn Engelking, Kitty Gallmann, Billie Mason, Marlene McDonald, Louise Engelking and Mrs. Earl Ellis, advisor.

Muleshoe OES Members Attend Bell Ringer Session

Bell Ringer Session of District II, Section III, of the Order of The Eastern Star, convened in Plainview Saturday at 8 a.m. Honored guests present were Mrs. Edna Earl Duke, Worthy Grand Matron; Judge Marvin B. Simpson, Worthy Grand Patron; Mrs. Katherine Harbour, Grand Examiner; Mrs. Ruth Dameron, District Deputy Grand Matron and Mrs. Jamie Sims, Deputy Grand Matron. One General Grand Officer was present; Thirty-one Worthy Matrons and Worthy Patrons were present; 120 past matrons and patrons were present; 45 chapters were represented; 90 members present for a total of 273 present for the school.

Making the trip from Muleshoe Chapter No. 792 were Lois Norwood, Worthy Matron, W. F. Creamer, Worthy Patron and Mrs. Creamer, Lavonne Hinkson, Mr. and Mrs. Elbert Nowell, Mr. and Mrs. Alex Williams, Mr. and Mrs. Spencer Beavers, Mr. and Mrs. Bill Johnson, Mary Farley, Jewell

Strong and Ada Thompson. Receiving certificates from Muleshoe were Lois Norwood, Phyllis Beavers, Lavonne Hinkson, Jewell Strong, Mary Farley, Ruth Williams, Mr. and Mrs. Elbert Nowell, Ada Thompson, and Pat Johnson. Total certificates issued at the school were 140.

During the day session Mrs. Norwood served as Warder on the floor, Mary Farley and Elbert Nowell served in the examining room and Lavonne Hinkson served on the registration committee. A drill was presented in the morning session for the floor officers.

Attending the luncheon from Muleshoe were Lois Norwood, Mary Farley, Hazel Nowell and Phyllis Beavers. Following the luncheon, the afternoon session was called to order and more instructions were given by Mrs. Ruth Dameron, District Deputy Grand Matron. The Worthy Grand Matron, whom the session was in honor, demonstrated some of the work.

Blue Belles Banquet, featuring the Beaumont Bell, Mrs. Edna Earl Duke, Worthy Grand Matron, was held in the Congress Inn at 6 p.m.

Attending the banquet from Muleshoe were Mrs. and Mrs. Buck Creamer, Mr. and Mrs. Spencer Beavers, Mr. and Mrs. Elbert Nowell, Mr. and Mrs. Bill Johnson, Ada Thompson, Lavonne Hinkson, Jewell Strong, Mary Farley, Lois Norwood and Ruth Williams. Banquet chairman was Mrs. Aileen Tilson. Decorations were under the supervision of Dimmitt Chapter and Banquet favors were by Silverton Chapter. Following the banquet, entertainment was enjoyed by the Plainview Red Hot.

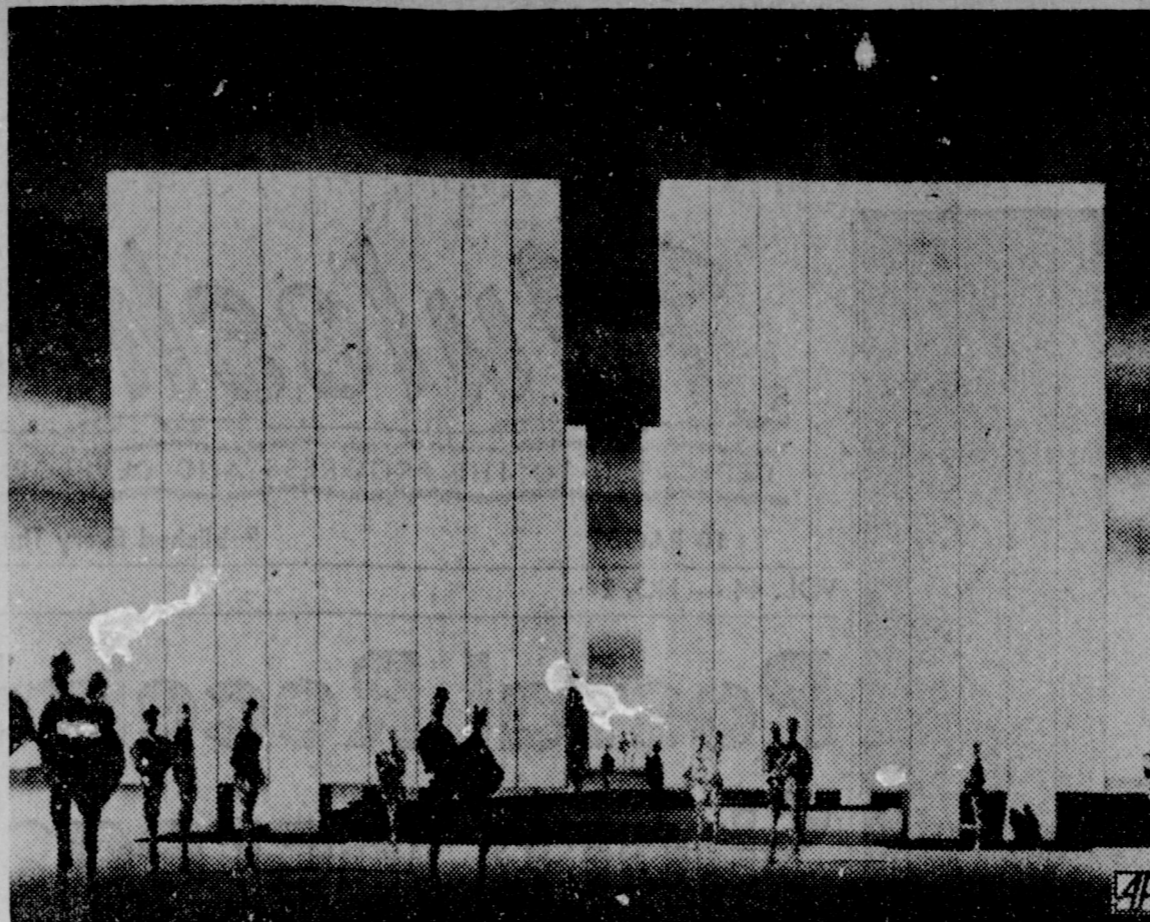

The evening session which began at 8:30 p.m. was opened with formal welfare drill by the Worthy Matrons. Worthy Patrons and Associate Matrons. Nine chapters were 100 percent in welfare and contributed \$1,644. Muleshoe Chapter was one of the nine who were 100 percent and participated in the drill. Muleshoe was also among the 16 chapters who had their quorum.

Following final reports from the school, fraternal visits were extended by the Worthy Grand Matron and Worthy Grand Patron. Curtesies were extended to each person making the school possible by the Deputy Worthy Grand Patron. The Grand Chapter extended greetings.

Immediately following the evening session a reception was given in honor of the Grand Officers in the dining room of the Masonic Hall.

When you are baking hand-shaped cookies, it is usually a good idea to chill the dough before it is shaped into balls, logs or crescents. Not all recipes include the chilling direction, but if the dough is very soft, better chill!

Like your gingerbread cookies spicy? Add pepper! This addition sometimes appears in Scandinavian recipes.

KENNEDY MEMORIAL — This architect drawing of the Kennedy Memorial will be erected in Dallas, in memory of the late President John F. Kennedy. The memorial will be a roofless, tomb-like, 30 foot-high "floating" concrete building. The 50-foot square building will be separated by two 5-foot slots facing north and south. It will be held two feet above a wide stone walkway by eight supporting posts and will consist solely of the four walls. The memorial will be erected a block east of the assassination site and will cost around \$100,000. (AP Photo)

Saving Water Is Everybody's Job, George Says

MORTON — "Each of us has a real responsibility when it comes to conserving our fresh water supply," stressed State Representative Jesse T. George when he addressed the Town and Country Study Club, Wednesday, on the topic "Transfer of transbasin water for west Texas irrigation."

George told the group that there are three major transbasin water projects which would at least indirectly increase the amount of water available in West Texas for irrigation. He stated, "The Canadian River Project, which brings fresh water from the Canadian River to the Llano Estacado, has two indirect benefits to irrigators. The Canadian River water can be used by municipalities and industries, thus directly reducing the demand on the ground water in the area by roughly eight per cent of the 1949 irrigation withdrawals." The lawmaker emphasized that "Forty percent of the water used by a city can be re-used for irrigation. Consequently, about 40 percent of all the water brought from the Canadian River to the cities will eventually be available for irrigation use."

George continued, "The Texas Basins Project has as its concept the taking of water from the Sabine and Neches Rivers and transferring it by canal to South Central and South Texas, thus freeing those areas from their dependency on water from the Brazos and Colorado Rivers with the consequence that the people who live nearer the source of those two rivers can use more of their waters."

The third project, the West Texas Water Supply Project, gifts in which she presented her guests with favors of ball and jack sets.

which is still in the planning stage, is principally a plan to divert water from the upper Colorado River Basin to the High Plains and Pecos area for municipal and industrial use only. George added that the water could be used for irrigation.

George also discussed the proposed North American Water and Power Alliance (NAWAPA), which, if approved by Congress and completed would collect water from Alaska and Northern Canada and carry it through pipes and canals over the Rocky Mountains into the High Plains and down through West Texas into Mexico." He added that the proposal was before a Senate Subcommittee of the Senate Public Works Committee and was a \$100 billion project.

George concluded his remarks by stressing, "Neither the Texas Basins Project nor the West Texas Water Supply Project will be undertaken until after the Texas Water Development Board completes its statewide water plan sometime next spring."

Mrs. Peeler Receives Award

Mrs. Jeff Peeler received her KOPS award at the Area Recognition Day held in Lubbock Saturday. Kops stands for keep off pounds sensibly. Making the trip with Mrs. Peeler were Evelyn Harris and Myrtle Wells.

Mrs. Peeler reported a very interesting day. A buffet luncheon was held at the noon hour at the Holiday Inn. Approximately 100 attended the all-day event.

Next time you are making meat balls from ground lamb, you might like to achieve new flavor by adding a little mint. If the fresh variety isn't on hand, use dried mint — about a teaspoon of the latter to a pound of the ground meat mixed with a cup of fine dry bread-crumbs and a couple of eggs.

Mr. and Mrs. Gary Mac Brown Are Feted With Wedding Shower

Mr. and Mrs. Gary Mac Brown, were honored with a wedding shower at the Needmore Community Center Thursday night. Mrs. Mac Brown is the former Sharron Chisholm.

Mrs. Margie Kinsey registered many guests. The honorees' parents assisted with the evening of gifts.

Wanda Shaffer and Jamie Moraw served tea, coffee and cake from a table covered with a white linen cloth and was centered with a red rose arrangement, carrying out the bride's chosen colors of red and white.

Hostesses for the affair were Dana Arnold, Zeffa Shaffer, Pearl Goforth, Jackie Davenport, Gladys Wilson, Jamie Morraw, Helen Schmitz, Wanda Shaffer, Mabel Thompson, Florence Young, Ruth Roberts and Yvonne Lenderson.

The hostess gift was a set of stainless steel cookware.

Bonnie Sain Celebrates Her 10th Birthday

Bobbie Sain, daughter of Mr. and Mrs. Walter Sain, celebrated her tenth birthday in her home at 908 Gum Street. The party, enjoyed by ten little girls, was held from 4:30 to 6 p.m.

A doll birthday cake and ice cream were served to the little guests followed by games and gawty by all, as the girls wore party hats.

Present for the party were Kila Walker, Kathye Roloff, Renee Morrison, Sharron Harris, Donna Burris, Kathye Buris, Connie Daniels, Genevieve Crosby, Laquece Herman, Claudette Faubus and the honoree, Bonnie Sain. Assisting with hostilities were Mrs. Garlan Crosby and Mrs. Claude Faubus.

Bonnie received many nice

Housewarming Set At Maple

A housewarming will be given by friends honoring Mr. and Mrs. Jack Furguson Saturday at 7:30 p.m.

The Furguson home is located one-half mile south and one mile west of Maple.

Nina Rials Is Monthly Queen

Nina Rials was presented a fruit basket for taking the queen for the month of December at last Thursday's night TOPS meeting. The meeting was held in the Bailey County Electric Cooperative meeting room. Countesses for the title were Bobbie Mimms and Mabel Wolfe.

Queen for the last week was Marjorie Platt, who received a gift and the crown for the week. Countesses were Barbara Bush and tied for second were Evelyn Johnson and Jewell Peeler.

The club went through the regular ritual of reciting the pledge and fellowship song. The roll call was answered by 13 members followed by the secretary's minutes and the treasurer's report.

Side two was pronounced to be ahead in the salad contest, which ends this month.

School System Study Getting Under Way

By Vern Sanford

Texas Press Association

AUSTIN — Most-comprehensive and best-financed study ever undertaken of the Texas school system is about to get under way.

Gov. John Connally has appointed a 15-member committee to make an intensive three-year study of Texas schools.

Committee will draw up guidelines to aid the Legislature in drafting new laws to strengthen the traditional system of

education in the state. It has \$250,000 (plus federal funds) with which to make the study.

By August 31, 1968, it must prepare a long-range plan "that will enable Texas to emerge as a national leader in educational aspiration, commitment and achievement."

Committee will study buildings, books, equipment, teaching aids. It also will propose ways to strengthen public schools.

This Public School Study Co-

mittee, authorized by the Legislature, is composed of school and college educators, employers and employees, farmers and businessmen.

Members are Leon Jaworski, Houston; Joe E. Chapa, San Manuel; Kermit Dyche, Alvin; and Paul Haas, Corpus Christi. Also M. K. Hage, Austin; Mrs. George Hawn, Corpus Christi; and Harold Hitt of Midland.

Others are Frank W. Hubert, College Station; June Hyer, Houston; Morgan Jones Jr., Abilene; Mrs. Savannah Cross Locke, Troup; James McCrocklin, San Marcos; Loyd Turner, Fort Worth; Dick West, Dallas; and Mrs. Helen A. Wright of Nacogdoches.

Road Now Cleared — State Board of Education has paved the way for private schools to obtain federal funds for training students under the manpower training program. This was done with the adoption of a 15-point plan applicable to non-public school participants.

Included in the plan were seven recommendations by the federal government and eight dealing with state policies.

Board also approved plans to add international flavor to public schools and to promote fuller understanding of education.

They set up a public information committee to distribute articles on the educational program.

Texas Education Agency staff will be enlarged to handle the increased work load.

Redistricting — The 59th Legislature's version of congressional redistricting has been upheld by a special three-judge federal court — and candidates for the 23 places are starting to emerge.

Act gives Dallas two and Houston three Congressmen.

Bexar County shares a second and third representative with areas to the north and south; and Tarrant will share a second congressman with surrounding territory.

A brand new 23rd district is created in South Texas, extending as far north as southern San Antonio.

Court said that in carving districts with a maximum 9.7 per cent population from average, the Legislature made "a good, safe effort toward achieving substantial numerical equality." However, the judges maintained jurisdiction of suit attacking redistricting (until August, 1967), and asked the Legislature to try to make districts even more equal next year.

State Sen. Abraham (Click) Kazen of Laredo said he will

be a candidate for the 23rd district race. Randolph A. Sherwood of Von Ormy also announced.

State Sen. Martin Dies Jr. of Lufkin is expected to try for one of the expanded East Texas districts. Congressman Jack Brooks of Beaumont and Clark Thompson of Galveston will be in the same district.

Congressmen Ray Roberts of McKinney and Lindley Beckworth of Gladewater are also in one district.

Courts Speak — Texas finance companies are subject to both banking and small loan regulation when they make loans of more than \$1,500, the State Supreme Court held.

Over objections of two judges, the court again upheld the 22-year-old doctrine of "charitable immunity." Under this doctrine churches are not liable for negligence in personal injury suits.

Latest test of the doctrine came in a suit against Southcrest Baptist Church of Lubbock by a woman who slipped on the church floor.

Court of Criminal Appeals upheld the death sentence assessed Melvin Lee Nixon of Houston in the fatal shooting of a grocery store owner.

Same court cites statistics showing a 27 per cent increase last year in the number of cases filed with it for review. Also a 34 per cent increase in cases disposed of and a 93 per cent jump in the number of writs denied.

Court is expected to press for year.

NYC Projects — Governor Connally has announced the approval of a Neighborhood Youth Corps Project for Galveston County. Project, covering Galveston, Texas City, Dickinson and La Marque, carries a \$39,520 federal grant and \$33,590 in local support.

Officials Take Look — Texas Welfare officials want to look at other states' plans for taking advantage of increased federal aid for medical care for the aged on welfare rolls.

Because the criteria for applications under the 1965 Social Security Act haven't been established, officials want to see how other states handle the situation.

Increase in assistance grants extends the existing Kerr-Mills medical aid for the aged to others on public welfare. It involves a national total of \$238,000,000 in medical aid for the poor.

Treasury Bills Lost — A total of \$30,000 in U. S. Treasury bills is missing from the State Treasury, reports State Auditor C. H. Cavness.

How they disappeared is a mystery.

According to Treasurer Jesse James, "nobody will lose a cent" as the loss is covered by insurance.

Duplicate treasury notes are being issued, and the U.S. Treasury has agreed to stop payment on the notes.

James, who learned of the bills' disappearance three months ago, said he thinks they simply were misplaced — not stolen.

James said he didn't tell the public of the mysterious disappearance of the bills because he thought they would turn up at any time.

Can They or Can't They? — Will D. Davis is studying the law to determine whether or not Sens. Franklin Spears of San Antonio and Gallego Calhoun Jr. of Tyler may run for attorney general this year.

Question arises out of a legislative act last spring giving the attorney general a pay raise.

Texas' constitution provides that a member of the Legislature can't be a candidate for an office, the emoluments of which have been increased by the Legislature, "during the term to which he is elected."

Calhoun and Spears hope to replace the present attorney general who will be campaigning for the U. S. Senate.

AG Rulings — Waggoner Carr has ruled that county tax assessor-collectors may keep only one-half of one per cent in collecting taxes for rural high school districts.

Carr also said that a state employee who rents a mobile home, while away from his designated headquarters overnight on state business, may be reimbursed \$12. But only \$7 if the employee merely rents a space to park his own mobile trailer.

Appointments — Governor Connally named E. G. Hamilton of Dallas and James D. Witt of Waco to the State Board of Architectural Examiners.

They succeed E. Davis Wilcox of Tyler and Joe G. Smith of Corpus Christi.

House Speaker Ben Barnes has made several appointments including: Reps. David Crews, Comroe; James E. Klager, Corpus Christi; A. C. Atwood, Edinburg; David Finney, Fort Worth; and Charles Wilson, Lufkin, to the interim committee to study problems confronting education in Texas.

Also Reps. Carl A. Parker and J. D. Weldon, both of Port Arthur and Rufus U. Kilpatrick of Beaumont, to a committee to study the feasibility of Pleasure Island State Park in Jefferson County.

And Reps. Menton Murray of Harlingen, Bill Clayton of Springlake, Pat Cain of Austin, Chester M. Grogan of Atlanta and Harold Eimm of Plainview and Dallas to the interim Water Committee of the House.

Charles Meadows has been appointed Fire Prevention Coordinator to succeed Eugene Sanders who retired after 38 years of service with the State Board of Insurance. Meadows, an Odessa native, was appointed by the State Board of Insurance and the Commissioner of Insurance.

George W. Busby, chief of the Inspection and Planning Division of the Texas Department of Public Safety is new chairman of the American Association of Motor Vehicle Administrators Committee on Engineering and Vehicle Inspection.

Harvey Johnson of Manor succeeds George Pendergrass who retires this month at Texas Highway Department director of finance.

Industry, Banks Growing — Last year was a record year for industry and bank growth. Texas Industrial Commission reported 327 new manufacturing plants opened and 485 expansions of existing plants during 1965.

Governor Connally said the growth "is the result of public and private organizations to encourage industrial expansion."

Banks throughout Texas reported record high deposits in response to the latest call for statements of condition. Bankers said indications are 1966 will be third consecutive year of new record business activity.

Oppose Tax Bill — Atty. Gen. Waggoner Carr and Governor Connally urged delay in congressional hearings on a bill which they charge would assert federal control and jurisdiction over many taxes levied by state.

Carr claimed the federal proposal might lead to a state income tax in Texas. And an "oppressive increase in property taxes." Also, it would constitute a serious threat to fiscal independence to state and local governments. Furthermore, it would change the base of franchise taxes on interstate corporations to property, and payroll factors rather than on the percentage of business done in the state.

Texas officials asked postponement of the Washington hearings, set for January 26, to permit time to prepare a case against the bill.

Smell Nice, Work Hard

HAVANA, Cuba (AP) — Cuban women are being asked to emancipate themselves from domestic drudgery and work in factories.

"This, of course, should be accomplished without the loss of femininity," the secretary of education for the Cuban Workers Confederation told a labor conference recently.

"The Revolution needs many women in all kinds of factory work," said Maria de los Angeles Periu.

Woman Editor of 'Varsity'

CAMBRIDGE, England (AP) — For the first time in its 34-year-history, the Cambridge University undergraduate newspaper, "Varsity," has named a woman editor.

She is 21-year-old Suzy Menkes, a third-year English student at Cambridge's Newnham College. She took up her post as editor at the start of 1966.

What's the best 5-letter word for fertilizer?

NIPAK

And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

GI Bill At Top Of Congress' List

On Monday, the second session of the 89th Congress convened in Washington, D. C., and began its work on both new and unfinished legislation. As Congress re-convenes, one of the major bills up for consideration will be the Cold War GI Bill. The need for educational opportunities for these five million veterans grows stronger every day, as we see more young men being drafted, and more of our potential college students sacrificing their educational future to defend our country in uniform. As the need for this GI Bill

increases, so does the support for the GI Bill. After fighting for this Bill for seven years, I have seen the support for the GI Bill grow both from the people of this Nation, and from those in Congress. Last year the Senate passed the Cold War GI Bill by more than four to one, but it was not reported out of the House Veterans Affairs Committee.

We are hopeful that the Bill will be reported to the floor of the House of Representatives early in this session of Congress as Congressmen will have a chance to vote on this just measure, to give our veterans the chance in life that they deserve for placing their lives at stake for the cause of freedom.

During this session of Congress, I will be working to pass major conservation bills of mine. First, I hope that we can pass the bill to make Guadalupe Mountain Area, west of the Pecos river, and the highest mountain in Texas, a National Park. This unique and beautiful area has been recommended by President Johnson as an addition to our National Park system and has been given the approval of the National Park Service.

Second, I hope progress can be made in having a portion of the Big Thicket area in Southeast Texas, permanently preserved as an area where all Americans visit and see the

wonderful plant, animal, and bird life unique to this area. The big, wild peach trees, magnolias, bay trees, pine, palmettos, spanish moss, deer, turkey, raccoons, alligators, wild cats, water and wading birds, make this area of swamp, sloughs and pine land a unique area.

My third conservation proposal is to have a national recreation area established in connection with the Amistad Dam on the Rio Grande, near Del Rio, Texas. This recreation area will be a major attraction for tourism, water sports and scenic beauty in Southwest Texas.

These three park projects are needed addition to our park system in Texas. Last year we were successful in having the Aribates Flint Quarries near Amarillo declared a National Monument, a Bill which I have worked on since 1963. Earlier, in 1962, we were successful in having Padre Island declared a National Seashore Area, and Fort Davis in the Davis Mountain a National Historic Park area. All of these projects are important for the development of Texas, the preservation of its unique areas, and the enjoyment of all Americans.

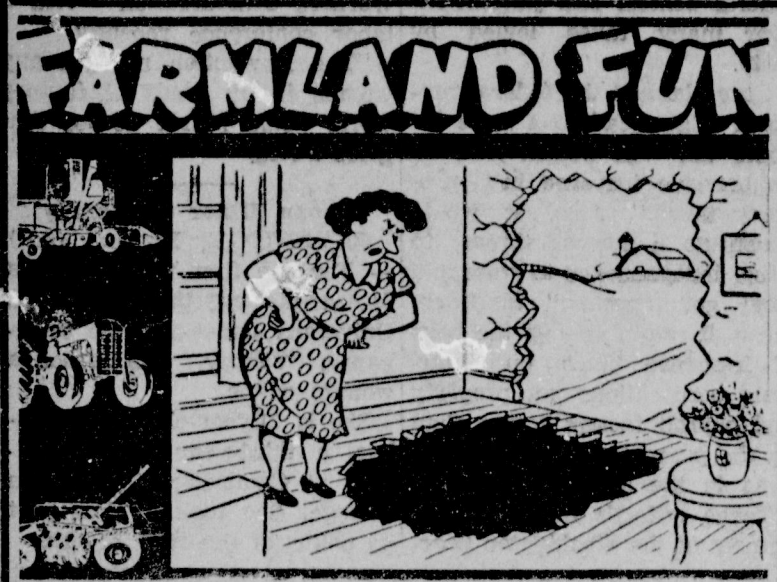

Another of my major objectives in this session of Congress is to see that the Health, Education, and Welfare programs of the Great Society which we enacted last year will

LUBBOCK VISITORS—Goodwill visitors from Lubbock staged a luncheon at Fellowship Hall, First Methodist Church Monday and then picked up the tab. Here are two scenes at the banquet. At left is M. J. Derton, chairman of the wholesale development committee of

the Lubbock Chamber of Commerce, who was master of ceremonies, and at right is the speaker, C. L. Kay, vice-president of public affairs, Lubbock Christian College. (Journal photos)

not wither on the vine because of lack of appropriations. These programs, such as the two great education bills, Medicare, and the War on Poverty, are programs which we have fought for over a quarter of a century. Now that they are enacted, we should not allow them to fall by the wayside because of lack of funds. I will exert my every effort to see them carried forward as effective, needed programs, for the education, growth, and strength of this great country.

As we begin the new session of Congress, I would like to thank you, the people of Texas for the support which you gave me last year during a most productive session of Congress. I am looking forward to another productive year for Congress and the people of Texas.

Fresh pork spareribs cooked in a 325 degree oven will take from 1 1/2 to 2 1/2 hours to be well done.

Clothing Classes Set For Parmer

LAZBUDDIE — "Alteration of Patterns", is the subject to be taught in a series of clothing classes in February, according to Cricket B. Taylor, Extension Home Economist for Parmer county.

All homemakers throughout the county who are interested in sewing are eligible to attend.

The classes will be held in Bovina, Rhea, Friona and Lazbuddie.

Registration for these classes will be taken up to Jan. 25. Time of classes will be worked out depending on needs of groups.

Registration closes and no names will be taken after Jan. 25. Instructions and details of program will be mailed to each who are registered at that time.

Call County Extension Office at courthouse in Farwell, 481-3619 or write the Extension Home Economist, Box 608, Farwell, Texas.

Meet the MULESHOE STATE BANK CUSTOMER of the Week

Harold Carpenter

Muleshoe State Bank's customer of the week is Harold Carpenter, farmer, who lives in the Three Way community. Carpenter and his wife, Betty Jo, have four children: Harold Wayne, Deaun, Donny and Patricia. They attend the Hicks Chapel Baptist Church. Carpenter said he had banked with the Muleshoe State Bank intermittently for the past 20 years and "It's a great bank — they are very nice and courteous." We are proud to recognize this customer of the week.

END COURSE — Pvt. William T. Bovell III, whose mother lives at 305 E. Fir, Muleshoe, completed a radio relay and carrier repair course at the Army Southeastern Signal School, Fort Gordon, Ga., Jan. 7. During the course Bovell received instruction in servicing and repairing teletype and radio relay equipment. The 20-year-old soldier entered the Army in August, 1965 and completed basic training at Fort Polk, La. Bovell is a 1963 graduate of Muleshoe High School and was employed by the Muleshoe Antenna before entering the Army.

Muleshoe City

to the delinquency of a minor.

Eighteen were arrested and jailed on vagrancy charge and three for breaking and entering. Two were picked up for theft and six for disturbance. One was arrested for assault on a minor, eight for investigation, one for interfering with an officer, and 20 on miscellaneous charges.

Of 195 traffic violations reported by Neely in his 1965 summary, failure to yield right-of-way led the list with 38. Twenty-eight were picked up for speeding and 25 for having no drivers' licenses. Ten were ticketed for following too closely and 16 for making illegal turns. Seventeen tickets were given for illegal parking, and eight for "improper lookout and control."

Twenty ran stop signs and 12 stop lights. Loud or missing mufflers accounted for nine tickets. One person was given a defective light ticket and five

Record

Continued from Page One
run considerably above that figure, possibly to as high as \$115,000. The record to date is \$108,000 rung up during the 1963 fiscal year. Total for 1964 was \$98,798.74.

The postmaster said that "a large percentage of patrons sending out Christmas cards used full first-class postage." He explained that in some years, more persons used "cheaper" stamps on their cards.

Beavers pointed with considerable pride to the "splendid" cooperation of the employees of the post office. The office here has a staff of 16, and the postmaster said that "every employee fills in wherever he is needed, filling in the gaps and preventing overtime."

He said this method "permits the office to operate much more efficiently and at the same time at a lower cost to Uncle Sam."

He concluded: "We have a smoothly-functioning office here with everybody showing a wonderful spirit of cooperation. I don't believe there is a more congenial bunch of postal employees anywhere."

JUST A COUPLE OF MUSICIANS — A pianist of note who occupied the White House, former President Harry S. Truman, and concert artist Van Cliburn, exchange greetings with Vice President Hubert H. Humphries looking on. The occasion was a dinner at which Humphrey received the Harry S. Truman commendation award sponsored by the State of Israel Bond Organization. Van Cliburn recalled his first meeting with Truman as one in which he was quickly made aware of the former President's knowledge of musicology. (AP Photo)

Tax

Continued from Page One
are used in determining the annual depletion allowance. If questioned, farmers would no doubt also be asked to substantiate the information used in arriving at their cost bases value used as "water rights". This would also be true for the thickness of the water-bearing strata.

Farmers who elect to file for water depletion allowance in 1965 will want to keep in close communication with their accountant, water district representative, or other individuals who are keeping abreast of regulations governing irrigation water depletion. Utilizing official rulings may save embarrassing questions and may also result in more income tax savings.

Sweet Smelling Hogs
URBANA, Ill. (AP) — University of Illinois engineers plan to conduct experiments with a built-in aerobic aeration treatment plant that has promise of removing odors from hog houses.

An experimental hog house provides slotted floors acting as an oxidation ditch. A paddle wheel circulates oxygen in the waste. Bacteria acts on the organic matter and produces carbon dioxide, water and stabilized sludge.

Use a moderate temperature and a heavy skillet when you are pan-frying meat. By the time the outside surfaces are well browned, the inside should be pleasantly cooked through.

Court

Continued from Page One
vided into six terms of two-months' duration each, with each term starting on the first Monday of that term.

Justice court will be divided into 12 one-month terms with each term to start on the third Monday of each month.

The commission also named the various members as road overseers in their particular precinct.

Three-quarters cup of chopped cranberries and a teaspoon or so of grated orange rind may be added to a package of nut-bread mix to vary it. Just stir the cranberries and orange rind into the batter.

Tickets

Continued from Page One
speaker is shown by out-of-town folk, and a number of reservations already have been received from such folk.

Said Davis: "It is a source of pride to the community to have such a top speaker for our 16th annual banquet."

Officers will be introduced, including Lewis who is one of the few men in the chamber's history to succeed himself as president.

Dinner music for the banquet is to be provided by "The Blue Mules," high school stage band under direction of Bob Breckenridge.

Persons who desire tickets were asked to call or drop by the chamber of commerce office, 772-4248, as soon as possible. The tickets are being sold on a first-come, first served basis.

The federal government operates 85 fish hatcheries and 35 wildlife refuges to aid more than 30 million fishermen and hunters.

Last Year's Weevil Control Program Highly Successful, Specialists Say

LUBBOCK — The 1965 High Plains Boll Weevil Control Program has been deemed highly successful by Texas A&M University entomologists who have monitored effectiveness of the project since it began in 1964. The latest spraying effort resulted in a 99 percent reduction in overwintering boll weevils, according to Dr. Perry L. Adkisson, professor of entomology at Texas A&M and head of the research effort behind the program. In 1964, the diapause control program resulted in a 90 percent reduction in overwintering weevils.

The greater effectiveness of the latest campaign against the cotton pest is credited to a two-phase spray program developed from research findings of Texas A&M entomologists.

The first phase of the new system featured applications at five to seven day intervals during September which, in theory, prevented female weevils from laying eggs that might have later developed into overwintering adults, Adkisson said.

In the second phase of the attack, applications were scheduled at 10 to 14 day intervals as in the 1964 effort, he said.

Adkisson presented the report Jan. 4 at a luncheon here hosted by Plains Cotton Growers, Inc. for helping gather farmers' contributions for the program.

The control effort is designed to keep the weevil from attacking the new cotton of the South Plains area. Under the program, aerial applications of insecticide are made to kill diapausing or hibernating weevils in an eight county zone bordering the eastern edge of the South Plains.

Adkisson estimated that without the last two year's control program almost 4,800 weevils

per acre would have gone into hibernation in the control area this season.

Thanks to the project, an estimated 49 weevils per acre (or 99 percent less) reached hibernation. He said further reductions can be expected from winter killing.

Adkisson said the boll weevil has become well adapted to the conditions of the area and would have advanced westward if there had been no massive control effort.

The noted entomologist cited the Plant Pest Control Division of the U. S. Department of Agriculture for their efficient job of planning and executing the spray campaign.

The only hitch in 1965 program came when heavy rains in September reduced the effectiveness of the second insecticide application. The rains came at a critical time, Adkisson said, and so the cost of the program was pushed up because a wider area had to be sprayed in the later phase of the attack.

Extension entomologist Don Rummel, of Lubbock, who assisted Adkisson with the report, said in-season control efforts of farmers in the control zone contributed to the success of the effort.

"Some cotton producers spent as much as seven dollars per acre with their in-season spraying," he said.

Rummel said that another successful diapause control program this coming year could reduce weevil populations to a point where little in-season control would be required in 1967.

But the pair of entomologists said that it is quite probable that the diapause program will have to be continued even after 1967 at least on a small scale in some parts of the area.

Rummel said farmers in the area will need to continue a strong in-season control effort this coming season.

A group of area cotton producers are in the process of organizing their own in-season program Rummel said.

This year's diapause control program cost almost \$1.8 million, according to Plains Cotton Growers' officials. Through the growers' organization, area farmers will contribute about \$800,000 toward the cost. The state will contribute about \$100,000 and the federal government will pay the rest.

Held Over

WICHITA, Kan. (AP) — The workers in the public information office at Wichita State University didn't have to put up any Christmas decorations this year. The nativity scene which office personnel put in a window last Christmas was still in place.

Husky Hull

BOSTON (AP) — Former basketball great Bob Cousy, now coach at Boston College, was amazed at the physical measurements of Bobby Hull, star forward with the Chicago Black Hawks of the National Hockey League.

"I've never seen anyone built like Hull," Cousy said. "He makes Paul Hornung and Frank Gifford look like little girls."

Sudan P-TA To Meet Tuesday

SUDAN — The P-TA met Tuesday afternoon, Jan. 11, at 3 p.m. in the school cafeteria when second grade parents were hostess for the occasion.

The executive committee met at 2:30 with Mrs. Jack Riley, president, presiding.

Mickey Blake, minister of the church of Christ, brought the devotion.

Also a report on the state convention, attended by Mrs. Riley and Mrs. Lavene Kamp, was given.

Among those attending the Gaston-Henry wedding in Plainview Tues. evening were Mr. and Mrs. Elgan Baccus, Mr. and Mrs. Bruce Newman, Miss Jane Newman, Mrs. Glyna Harrison, Mr. and Mrs. Jim Newman, Mr. and Mrs. Radney Nichols, Mr. and Mrs. Bob Drake and Brenda, Sheila Baker, Mr. and Mrs. Frank Lane,

Chares Radney Nichols.

R. E. Aills has been ill and confined to the hospital in Amherst.

Mrs. L. E. Slate has been confined to the hospital in Amherst.

Holiday visitors in the home of Mr. and Mrs. Bob Drake were his mother, Mrs. H. H. Drake, Tula, Miss Phyllis Drake, Lubbock, Dr. and Mrs. Wilson Drake of Houston, and her mother, Mrs. J. T. Agee, El Paso.

Mrs. A. A. Burdette has been confined to the hospital in Amherst.

Mrs. H. P. West returned home last week from the hospital in Amherst. Mrs. West, who suffered injuries in a recent fall, will be confined to a wheel chair for some time.

A Watch Night Service was conducted New Years evening at the First Baptist Church for youths of both Baptist and Methodist churches.

In charge of the program was Max Bulloch.

A fellowship was held from 9 until 11 followed by a wor-

ship service. At 12 the meeting was closed with a candle-light prayer time.

Mrs. James P. Arnold, Sr., led the Royal Service program at the meeting Monday of the W.M.U. First Baptist church.

An all day meeting was held and a luncheon served. Mrs. Max Bulloch, president, presided, at the business session conducted before the luncheon.

Those present were Mrs. Arnold, Mrs. Bulloch, Mrs. L. F. Meeks, Mrs. Willie Hazel, Mrs. Oscar Vinson, Mrs. Homer Morris, Mrs. R. E. DeLoach, Mrs. Halbert Harvey.

Visiting during the weekend in the home of Mr. and Mrs. L. F. Meeks was Jimmy Arnold of Summerfield. His parents, the Rev. and Mrs. James P. Arnold Jr. were here New Years eve and he returned home with them.

Mr. and Mrs. Bob Drake and Mrs. J. T. Agee visited Saturday in Lubbock with Miss Phyllis Drake and Mr. and Mrs. Garland Wade and family.

Among college students home for the holiday were Francis Wiseman, Abilene Christian College; Dyanne Curry, Bobby Smith, Randy Humphreys, Texas Tech; Laurie Shaffer, Jack Gentry, McMurray; Mike Smith, Eastern New Mexico; Radney Fisher, Mike Fisher, Texas University.

A laymen-led revival will be held at the First Baptist church, January 19-23. The men of the church will lead the singing, give testimonies, and bring the messages.

A Bible Study was held this week at the First Baptist church Monday through Wednesday. The Gospel of John was studied by young people and adults. The intermediates conducted a study Sunday night. The juniors, primaries and beginners had special classes.

Teachers for the classes were the Rev. Raymond Quick of Amherst, Mrs. Louise Ray, Mrs. Fred Meeks and Mrs. T. W. Dunaway.

The classes were held each evening from 7:30 to 9 p.m.

Miss Evelyn Milam of Sherman and Mr. and Mrs. J. K. Milam and family of Tula visited during the holidays in the home of their parents, Mr. and Mrs. John Milam.

Mr. and Mrs. Janis Dent visited during the holidays in Rules with relatives.

Mr. and Mrs. John Milam were in Amarillo last week to

be with his brother, C. F. Milam, who underwent surgery there.

Visiting during the holidays in the home of Mr. and Mrs. Johnny Serratt were their children and families, Mr. and Mrs. Kenneth Serratt of Amarillo; Mr. and Mrs. Melvin Serratt and Mark of Dallas. Also guests in their home were the Rev. and Mrs. Joe Serratt of Lubbock.

Mr. and Mrs. Johnny Serratt have a new granddaughter, Julie Kay, born Dec. 27, to the Rev. and Mrs. Delbert Serratt of Dallas. Rev. and Mrs. Serratt also have one son.

Mrs. E. E. Crow has returned from Alamosa, Colorado where she visited her grandparents and family, Mr. and Mrs. Bob Crow.

Mrs. S. D. Hay and her daughter and family, Mr. and Mrs. Jim Ryan of Spenard, Alaska were in Carlsbad last week when they toured the Caverns.

Mrs. Wix Gaston was confined this week to a hospital in Littlefield.

Mrs. Guy Walden, Mrs. J.S. Smith and Mrs. W. V. Terry were Lubbock visitors Monday.

Mr. and Mrs. W. V. Terry and Mr. and Mrs. Guy Walden were in Lubbock Tuesday evening for dinner and attended the Tech-Baylor basketball game.

Among others from Sudan attending the game were Mr. and Mrs. Radney Nichols, Mr. and Mrs. Tray Gaston, Mr. and Mrs. F. M. Smith, Mr. and Mrs. Elgan Baccus, Mrs. W. H. Lyle.

Mr. and Mrs. J. W. Ods were in Denver during the holidays to visit in the home of Mr. and Mrs. R. E. Williams.

Mrs. F. S. Lane of Lubbock visited during the weekend in the home of her son, and family, Mr. and Mrs. Frank Lane.

Mr. and Mrs. Glynn Williams and daughters visited during the holidays with her parents, Mr. and Mrs. Sam Smith in Hereford.

Holiday guests in the home of Mr. and Mrs. R. E. Williams were their children and families, including Mr. and Mrs. Marvin Sharrick and family, Mr. and Mrs. Jimmy Williams of Lubbock; Mr. and Mrs. Denny Polk and family of Leveland; Mr. and Mrs. Glyn Williams, Mr. and Mrs. R. C. Williams and family, Mr. and

Mrs. Melton Williams and family, Mr. and Mrs. Willie Williams and family, Yuma.

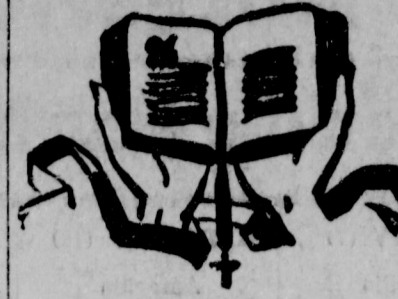

Thursday evening dinner guests in the home of Dr. and Mrs. E. N. Nichols in Lubbock were Mr. and Mrs. C. E. Nichols, Mr. and Mrs. Radney Nichols, Charles Radney, Mrs. J. S. Smith.

Visiting during the New Year holidays in the home of Mr. and Mrs. Bill Olds were Mr. and Mrs. Radney Nichols, Mr. and Mrs. Leland Bouldin of Plainview, Roby Lynn and Gary Bouldin.

Mrs. Frances Furneaux returned home Tuesday after visiting her sister, Mrs. Tom O'Brien, in Fort Worth.

Mrs. Mack Campbell of Littlefield visited Tuesday with her parents, Mr. and Mrs. L. F. Meeks.

Mr. and Mrs. Leon May of McGregor visited relatives here during the holidays including his mother, Mrs. J. O. May.

Today's Meditation

By Rev. Lupe Rando
Pastor
Latin-American Baptist Mission
THE WAY

When we feel that we're just not going the right way and don't know which way to go, Jesus said "I am 'The way'". So there's no need to worry which way to go. Just take Jesus. There's no turns, curves, or divisions. It's a straight road. A road that will take you to a place that there's no trouble, no sadness, no cry, no worries, no sorrow, but happiness, love, and care. Which way are you going? Are you in a way that in times you feel like your turning and don't know which way you're going? Are you in a way that it seems that you'll never get where you plan to? How can we find the way? The only answer I can find to these questions is in the Bible. The answer I've found is Christ, for He said "I am the way". So there's no need to search for another way, for Christ is the way, the only way. There's no other way.

Sanders On Ship In Battle Area

Robert Sanders, son of Mr. and Mrs. Robert P. Sanders of 515 W. Fifth St., is back on station off the coast of Viet Nam aboard the attack aircraft carrier USS Ticonderoga, after a nine-day visit to Yokosuka, Japan. The visit gave ticonderoga's crew and air squadrons a rest after two months of operations with the Seventh Fleet in the South China Sea.

The primary task of the carrier is operating as an instrument of U. S. National Policy in the South China Sea providing air power for strikes on specific targets in Viet Nam in support of U.S. and Vietnamese forces.

The Big "T" or "Ti", as she is called by her crew, carries more than 3,000 officers and men to operate and maintain the carrier, and her 70 jet and propeller-driven aircraft.

Ticonderoga normally operates out of San Diego, Calif.

Silver Discs Are Wafer-Thin

SPRING HOUSE, Pa. (AP) — Pure silver discs bigger around than silver dollars are selling for less than a quarter.

This may seem like economic stupidity, but experts of the Floritronics Division of Sels Corporation of America here insist they are selling the silver wafers at a profit.

The price is right, they point out, because this particular disc is only two one-thousandths of an inch thick and weighs less than 19 one-thousandths of ounce. Furthermore, much of the disc consists of empty space—thousands of tiny pores too small to be seen with the naked eye.

The foil-like disc is metal-membrane filter, a new tool for micro-filtration and microanalysis. Designed for screening out contaminants as small as two-tenths of a micron (less than eight one-millionths of an inch), it is expected to find wide use in research laboratories and also in the production of soft drinks, beer and pharmaceutical and biological preparations.

Sels officials said.

Rabies Gaining, Says Health Chief; Crackdown Due

A renewed emphasis by state health authorities is being placed on animal vaccination against rabies after a definite upswing in this virus disease has been noted since early fall.

Dr. J. E. Peavy, State Commissioner of Health, said there is definitely an increase in animal rabies cases in many parts of Texas since September. And in the first week of the new year at least 12 cases have been confirmed by the state health laboratory.

The confirmation came from animal head autopsies performed on dogs, livestock and some wildlife.

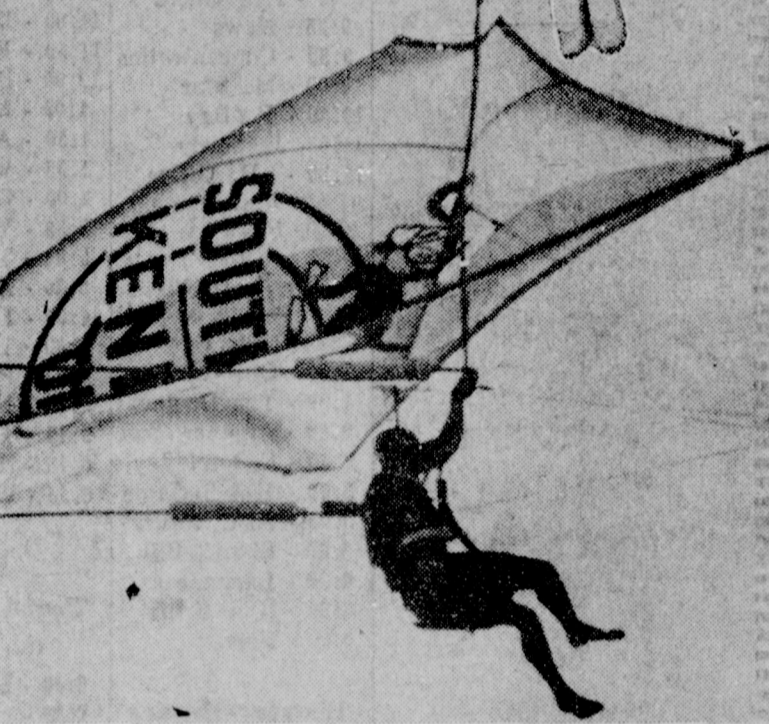

The number of cases back in the fall reached four or five, but the figure jumped to 12 in November and 27 through December 25. No single area of the state has been cited as leading the statistics, since the increase appears to be statewide.

In light of this, health authorities are stressing renewed animal rabies control programs at city and county levels of enforcement to protect the human population against having to

take treatment or dying from the infection.

State health officials emphasize that a complete continuing rabies control program must include these phases: (1) Public education regarding the seriousness of rabies exposure and the relative ease with which rabies can be controlled in the animal population through concerted effort; (2) Vaccination of all owned dogs and cats; (3) Pick-and-elimination of all stray dogs and cats; and (4) Wildlife control procedures in the county areas and the eradication of those in cities and their fringe areas.

Central States News Views

OLD CAR, NEW CALL — If this 1916 "runabout" refuses to be cranked into action, Flapper Millie Hibbits can call for assistance in a flash with her new Mark 10 Citizens' Band radio by RCA.

LIGHT LOAD — This modern canine can even light his own way home.

COLLEGE HI-JINKS — University of Mississippi student Jack Townes is silhouetted against the Mississippi sky as he soars for 10 hours above Grenada Lake covering 316 miles in fete claimed by his backers to be a new world endurance record for ski-kites.

Robert O'Hair In Tech School

NC) Dec. 15 — Interior Communications Technician Fireman Apprentice Robert D. O'Hair, USN, son of Mr. and Mrs. Robert O'Hair of Route 4, Muleshoe, has begun the basic Interior Communications Technician school at the U. S. Naval Training Center, San Diego, Calif.

As he progresses through the 17-week course, he will learn the values of resistance, capacitance, inductance, current and voltage in A-C and D-C circuits, and the use of electrician's hand tools and electrical testing equipment.

After graduation he will be expected to set up, maintain and repair public address systems, and test and repair such units as sound-powered telephone circuits, gyrocompasses and related equipment.

A graduate of Spring Lake High School, Earth, O'Hair entered the Navy in August 1965.

An estimated \$455 million will be spent by the Department of Health, Education and Welfare in 1966 to combat and cure mental illness and retardation.

Richard Hayes Gets Promotion

7TH INFANTRY DIV., Korea (AHTNC) — Richard Hayes, son of Mr. and Mrs. Arthur Hayes, Muleshoe, was promoted Dec. 20 to specialist four in Korea.

Specialist four is an enlisted rank equivalent to the rank of corporal.

Specialist Hayes, assigned as a radio repairman in Headquarters Company, 2d Battalion of the 7th Infantry Division's 31st Infantry, entered the Army in January 1964. He completed basic training at Fort Polk, La., was stationed at Fort Dix, N. J., and arrived overseas in March 1965.

The 29-year-old soldier is a 1963 graduate of Collins High School, Sudan.

Exception for Duty

ROHTAK, India (AP) — The Punjab state government enforces prohibition, but recently agreed to an exception. In response to requests from citizens groups the government said soldiers returning home from duty along the Pakistan border would be permitted to have liquor in their baggage.

CHEVY PICKUPS RIDE SMOOTHLY

A BIG REASON WHY THEY'RE LIKED BEST!

Smooth ride is one big reason why Chevy is America's most popular pickup. You get true independent front suspension; front wheels that step lightly over bumps. And most models provide big coil springs at all four wheels to soak up the jolts. You get a ride that's ideal for camper duty as well as work . . . a tough suspension proved over the past 5 years on rugged jobs. Try a smooth-riding 1966 pickup at your Chevrolet dealer's.

Photographs on Exhibit At Tech

An exhibition of "Photography in the Fine Arts" opened Thursday, January 6 at West Texas Museum. A collection of 152 photographs (66 in color) by 129 photographers will be on art gallery through January 30.

The collection places photography in dramatic and persuasive dimensions. The fine arts photographer draws on his sense of design; his ability to see patterns; to select and create light and shade contrasts, and to suggest moods. The photographer-artisan is a master of perspective. Subjects visualized first in the abstract by the photographer are then translated by sensitive camera imagery with such particular care that the "ordinary" world about us suddenly comes alive in new, exciting and unusual frames.

Professional Photographers of America, the National Press Photographers Association, the Photographic Society of America, and the Photographic Society of Japan collaborated in a world-wide search to locate outstanding photographs which contained "that certain spark which kindles in a sensitive observer a response to its message; or perhaps a response to its arrangement — of subject matter, of mass, of light and shade." Thousands of photographs were pre-judged by these groups.

Others participating in the search were art museums, photography and art schools, camera clubs, advertising agencies and the Art Directors Club of New York, and photographic laboratories. Also providing assistance were publications such as Holiday, Horizon, Life, Look, National Geographic and Realites along with photo agencies A. Hyatt Mayor, Curator of Prints at the Metropolitan Museum, and a member of the Photography in the Fine Arts National Advisory Committee, stated: "The panel of judges covered the widest possible spectrum of interests that center on creative picture-making with the camera. We concentrated only on the content of the pictures set before us, and no more cared about the cooking of their technique than a concert audience cares whether a pianist is playing with his right hand or his left."

The exhibition, free to the public, may be viewed from 9 a.m. - 5 p.m. Monday through Saturday, and 2 - 5 p.m. Sunday.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm seems to be worried about cities this week, his letter indicates.

Dear editor:

I was out here on this Johnson grass farm yesterday changing the props on my barn from the north side to the south side since winter's north winds have returned and the lean is now in the other direction, and at the same time wondering if it wouldn't improve the natural beauty of America if the government just planted shrubbery around my farm, when I noticed a copy of a newspaper caught in a crack in the planks and I got around on the protected side and looked it over.

According to it, the National Science Advisory Committee is worried about air pollution in cities and is suggesting that businesses be taxed for minor pollution, like automobile exhaust, done by individuals. The committee said the air in cities is being poisoned and something ought to be done about it.

I don't know whether this would be helpful or not, but you reckon Congress ought to require cities to erect signs, at their city limits, train stations and airports saying: "Warning, Breathing This Air May Be Hazardous To Your Health".

The same article went on to say that the sheer problem of hauling the trash out of a big city is becoming almost insurmountable, pointing out that Americans now use 48 billion cans and 26 billion bottles and jars a year. Getting that many cans and bottles out of the city in one year is hard enough, but have you ever stopped to think how many that'll be in 100 years, and how much land in the country it's going to take to bury them in?

This may be the prime thinking behind the rush to get to the moon. We've got to find some place to dump those cans and bottles, or give up farming on earth. I apologize for the doubts I've been throwing on the space program.

Living in a big city may be like Viet Nam. Whether it was a mistake or not to be there, how're you going to get out?

Yours faithfully,
 J. A.

Delayed Encore
 LITCHFIELD, Ill. (AP) — It's a "repeat performance" for Mrs. Nellie Juddy in the Order of Eastern Star. Half a century ago she served as Worthy Matron (head officer). Now she has been installed to head the order again in 1966. Her mother also served twice as Worthy Matron — in 1888 and in 1912. The O.E.S. chapter will mark its 85th anniversary in February.

The volume of mail in the nation has increased by more than 30 per cent in the last 10 years.

Federal expenditures for education in 1966 will total \$2.7 billion, an increase of more than 75 per cent over this year.

Olds 88 Swing Fever is mighty hard to resist!

A good thing always is.

Got that can't-wait-for-spring, can't-wait-for-that-new-see feeling? Welcome to the club! Olds 88 Swing Fever is catching up with just about everybody, and they're loving every minute of it. But the best part is the cure—as easy to take as a swinging new Jetstar, Dynamic or Delta 88! There's one priced right for you. See your Olds Dealer for a Rocket R8 today. Then watch your fever go down as your fun goes up. Happy convalescence! LOOK TO OLDS FOR THE NEW!
