

# Journal Advertising Spurs Poll Tax Payments, Sales Pushing Toward 1000 Mark Here

With the deadline only two weeks off, sale of poll taxes for 1966 showed a marked increase Monday after an advertisement in Sunday's Journal had urged paying poll taxes.

Jean Lovelady said Monday was the biggest day yet for issuing poll tax receipts. "Seems all we did Monday," she summed up, "was issue poll tax receipts. We took in \$1.75

every minute, so it seemed." Deadline for paying 1966 poll taxes is Monday, Jan. 31.

Another factor that spurred sale was the announcement by federal judges that no action will be taken on the federal case to ban poll taxes until after the Jan. 31 deadline. Even a decision adverse to the State could not be handed down before the deadline, and should it

be forthcoming, it will be after the deadline has passed. The case was heard before federal judges several weeks ago, but they have not announced their decision.

Thus those who do not pay poll taxes before Jan. 31 probably will not be able to vote in state, county, city, school and bond elections this year. This would mean that per-

sons who do not pay poll taxes will be able to vote only on federal office-seekers.

Meantime, the Muleshoe Jaycees have announced they will sell poll taxes on Saturdays and probably on Jan. 31 after the tax assessor's office has closed for the day at 5 p.m. The Jaycees will offer poll tax receipts until midnight that night. Mrs. Lovelady said 713 poll

tax receipts had been issued up until noon Monday and "business is still brisk" she added Tuesday.

Mrs. Lovelady said a "number" of persons who have recently turned 21 or will be 21 years old before the May 7 primaries have dropped by her office to ask for exemptions. Under the law, first votes are "free" in Texas.

She explained that persons above 60 years of age also need not pay poll taxes, but in this county they do not need exemption certificates. Such certificates are required in counties that have a population of 10,000 or more, but not in counties under that level.

"All anyone above 60 has to do in this county in order to go vote without a poll tax certi-

cate is simply to appear at the election place and ask to vote," she explained. "If the election officials are in doubt, all they have to do is ask for a driver's license or other proof of age."

Meantime, all state officials were urging voters to trek to the assessor's office to pay poll taxes. Attorney General Waggoner Carr and State Democratic Executive Committee Chair-

man Will D. Davis, issued reminders that federal judges who rule on the federal suit to ban poll taxes have advised Texans to pay their poll taxes, since they will reach no decision before Jan. 31.

Carr pointed out that "apparently 1966 will see lots of political action, and the voter without a poll tax will be on the outside looking in."

**TOP FARMER** — Each year a feature of the Chamber of Commerce banquet is presentation of a plaque to the top conservation farmer in the Blackwater Soil Conservation district. This year's winner was Jimmy White, shown here with his wife at the dinner. The presentation was made by the district chairman, Sherman Inman. (Journal Photo)

## Young Muleshoe Farmer Gets Farm Award at CC Dinner

A young man who built himself a reputation as a farmer in the remarkably short time of two years, walked off with the top conservation farmer

plaque at the chamber of commerce banquet Monday night. The award is given each year by the Blackwater Valley Soil Conservation district with Sherman Inman as chairman.

Winner is Jimmy White, 25, who farms 600 acres eight mil-

es west of Muleshoe.

For Jimmy, farming was old stuff, because he had been born and reared on a farm. However, until two years ago, he had not followed the farming trade, serving instead as a carpenter.

With Dr. Spencer P. Austin, Indianapolis, Ind., as the principal speaker, Christian Churches in this area will hold a "World outreach" rally Sunday, Jan. 30 at 4 p.m. in Monterey High school auditorium. Muleshoe will be represented. The 50-voice TCU a capella choir will sing.

The Rev. J. Frank Peery, chairman of the Bailey County Committee for Senior Citizens, has called a meeting of senior citizens to organize for Monday, Jan. 24 at 2 p.m. in Fellowship Hall of First Methodist Church. Officers will be elected and a special ceremony will be held with Don Davidson, Hereford, in charge. He is a member of the Governor's Committee for Senior Citizens. Walter Buice of the Baptist Church will sing.

High Plains Bookmobile will be in Amberst and Springlake (See MULESHOE, Page 5)

## Vaughn Enters Justice Race

Joe D. Vaughn announced Wednesday that he will seek re-election as justice of the peace. His announcement follows:

"Subject to the actions of the Democratic Primary in 1966, I wish to announce as a candidate for re-election to the office of Justice of Peace, Precinct No. 1, Bailey County, Texas.

"I appreciate the confidence and support you have given me in the past and I have tried, to the best of my ability, to discharge the duties of my office fairly and impartially. If re-elected I will continue to serve to the best interests of the people of Bailey County. The facilities of my office are always available to you if I can help you in any way.

"I will appreciate your vote and influence in my behalf in the coming election."

S-S Joe D. Vaughn.

## Youth in Need Of Patriotism, McFarland Says

By 1970, 85 percent of the American people will be under 25 years of age. Yet very few of them know the real meaning of patriotism. "We must teach Americans that it is not corny to love their country; we must teach them old-fashioned patriotism."

That was the word of Dr. Kenneth McFarland, Topeka, Kans., principal speaker at Monday night's 16th annual Muleshoe Chamber of Commerce dinner in the junior-senior cafeteria.

Said McFarland: "In front of the new Travelers Life Insurance building in Hartford, Connecticut, stands a statue entitled 'The Safe Arm' (See YOUTH, Page 5)

White practices crop rotation to maintain and improve soil conditions. In his rotation, SCS pointed out, such crops as cotton, small grain, soybeans and grain sorghum are used. He manages his crop residues so as to prevent wind and water erosion and to add organic matter. (See FARMER, Page 5)

## Many From Area Towns Attend CC Dinner Here

West Texas and eastern New Mexico towns were well represented at Monday night's 16th annual chamber of commerce banquet here, a check of the guest register revealed.

Those who signed included: Amarillo: Mr. and Mrs. Carol Pouncey, C. H. Eubanks, Lyle Lacey, Carol L. Thompson, George Heard, Ruth-

(See MANY, Page 5)

## College Chief to Outline ENMU's Progress in Address in Muleshoe

PORTALES — Dr. Charles W. Meister, president of Eastern New Mexico University, will be speaker for a meeting of the Muleshoe Rotary Club Jan. 25. His topic will be "The State of the University."

Dr. Meister came to Eastern as president in mid-1965, from a position as dean of instruction and academic vice-president at Arizona State College, Flagstaff.

He was on the faculty of ASC from 1949 until 1965, where he served as chairman of the humanities division, professor in English, coordinator of general education, and director of graduate study.

The Eastern president received both bachelor and master degrees from Central YMCA College, Chicago, and was from the University of Chicago in 1948.

He served with the U.S. Army in the European Theatre during World War II and later was assistant and acting chief of the education branch of Berlin military government. In this capacity, Dr. Meister supervised the administration of a school system including 325 schools and six colleges and universities. He was also deputy United States representative for education and religious affairs for the four-power agency governing Berlin.

Sample receipts at the Lubbock Office declined daily during the week from 19,000 on Monday to 5,000 on Friday, but receipts continued at a seasonal high at Brownfield and Lamesa.

The three South Plains U.S.D.A. Classing Offices classed 197,000 samples during the week ending Friday, January 14, bringing the season's total to 1,960,000. At this date last year the three offices had classed 1,822,000 samples.

Grades of the cotton classed at Lubbock were down from the previous week. Spotted and Tinged cotton increased as more cotton was being picked up by ground salvage machines. Light Spotted, Spotted and Tinged cotton made up 65 per cent of all cotton classed at the Lubbock Office last week.

Strict Low Middling Light Spotted was the predominant grade with 36 per cent of all cotton classed. Strict Low Middling made up 26 per cent, Middling Light Spotted 10 per cent, Low Middling Light Spotted 5 per cent, Strict Low Middling Spotted 8 per cent and the Tinged grades 2 per cent.

Dr. Charles W. Meister

# Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

10 PAGES Published Every Thursday At Muleshoe, Bailey County, Texas — 79347

VOL. 44 — NO. 3 THURSDAY, JANUARY 20, 1966

# Hundreds Are Expected to Sign Up for 1966 Cotton and Feed Grain Programs in County

Farmers — possibly as many as 1150 — will start flocking to the ASCS office here Monday to sign up for the 1966 cotton and feed grain programs, and as many as 600 could turn out to sign for the wheat program.

These figures were revealed Wednesday by the ASCS office here as the office made ready for the expected "run" on the office here.

Of course farmers have through April 1 in which to sign up, but most of the farmers are expected to put their joint henries to contracts long before that time. It was explained that financial arrangements by the banks are a factor in the early sign-up.

The same day also farmers will start signing up for Cropland adjustment, but they will have until the middle of May in which to sign for that program.

The 1150 figure is the total number of farmers in Bailey county who are eligible to participate under the 1966 farm programs, ASCS officials here explained.

Some confusion over the Cropland Adjustment Program (formerly known as the soil bank program) with the cotton and feed grain program, particularly with regard to the money available for carrying them out.

Under the Cropland Adjust-

ment program, in which farmers contract with the government to retire all of at least one allotted crop for from 5 to 10 years, the Secretary of Agriculture is limited to \$225 million for each of the four years of the program, points out Plains Cotton Growers, Inc.

And if he has requests for long-term retirement contracts which would involve more than that amount, he would presumably allocate the money on a first-come-first-served basis.

But this has nothing at all to do with the diversion and price support payments on cotton and feed grains. ASCS assured PCG that all producers will have the opportunity to participate in these payments, whether they sign up on the first day, Jan. 24, or on the last day, April 1.

ASCs officials said the beginning sign-up date for the Cropland Adjustment Program is also Jan. 24 with no ending date set. However, since there is a dollar limit on this program, it might be to the interested producer's advantage to sign up as early as possible.

The latest word, not yet official, on skip-row measurements of cotton planted in other than 40-inch rows is that any row with 36 inches or wider will count the same percentage cotton as would 40-inch rows. And if planted in a pattern leaving at least four rows blank between rows of cotton, the blank rows will still qualify as diverted acres, provided they are 36 inches or more wide.

Any row-width under 36 inches, PCG points out, will measure as cotton 32 inches beyond the outside rows, and four rows skipped will not qualify as diverted acres.

In Muleshoe, the ASCS office has been visited by many farmers during recent days who are inquiring about the programs for 1966. Said an ASCS official: "There is much interest in the 1966 program; lots are people visiting our office to make inquiry."

## Cotton Harvesting 'All But Finished'

A weekend check of the cotton harvest situation for the South Plains, including Bailey county, revealed a 95-percent complete harvest of the 1965 crop.

This was reported by W. K. Palmer who is in charge of the Lubbock cotton classing office of the USDA.

Here in Bailey county, some regions reported an all-but-finished stage to cotton. This was especially true in the southern part of the county where virtually all cotton has been harvested. Possibility of a 100,000-bale output for the county still loomed.

Of the South Plains as a whole, however, the harvest was reported by Palmer as being in "the scrapping stage" in the northern part of the area, but continued going strong in the Brownfield and Lamesa areas.

Average staple length was also lower than the previous week. Ninety-seven per cent was 15-16 of an inch and shorter compared to 90 per cent the previous week.

Micronaire also continued to decline during the week. Twenty-eight per cent of the cotton was in the 2.6 and below, or Wasty, category. Thirty-one per cent milled 2.7 through 2.9, 22 per cent milled 3.0 through 3.2, 8 per cent 3.3 through 3.4 and 11 per cent was 3.5 and better.

The Consumer and Marketing Service of the U.S.D.A. reported steady trading on the Lubbock market but prices continued to decline slightly. Demand continued weak for most of the qualities of cotton being harvested, and most interest was in Low Middling Light Spotted and all Spotted and Tinged grades.

Average prices paid for the most predominant qualities with micronaire of 3.5 and better were: Strict Low Middling 29-32 — 25.70, Strict Low Middling 15-16 — 26.10, Low Middling 29-32 — 24.50, Low Middling 15-16 — 24.95, Strict Low Middling Light Spotted 29-32 — 25.10, Strict Low Middling Light Spotted 15-16 — 25.60, Low Middling Light Spotted 29-32 — 23.65 and Low Middling Light Spotted 15-16 — 24.05.

Most cotton was bringing loan prices or slightly above but the low grade, low micronaire cotton was bringing up to \$5.50 per bale over the applicable loan.

Cottonseed prices at gins continued to range from \$45 to \$55 per ton.

## '65 Crash Record: 31 Persons Injured

Texas Highway Patrol figured up the crash record for 1965 and came up with a total of 63 accidents on rural highways in Bailey county which resulted in 31 persons injured but fortunately no deaths.

These figures were revealed by Sgt. Thurman Keffer, Highway Patrol supervisor for this area.

Keffer estimated the property damage from those wrecks at \$48,420.

He said Bailey was one of four in the 29-county THP Lubbock district without a fatal accident during 1965. The others were Kent, Terry and Throckmorton. Altogether, in the four counties, 77 persons were injured and property damage reached \$95,975.

During December Bailey county had eight accidents but none was injured, which is a record to be proud of, pointed out the patrol.

Lubbock county led the list in this district for accidents with a total of 47 during December. Wise county had 35, and Hale county had 26.

In Hale county during December, seven persons were killed and 19 injured while property damage ran up to \$41,735 in that one month. Lamb county had 19 accidents with three deaths and six injured.

Cochran county had only one accident. (See CRASH, Page 5)

**SIGN-UP TIME NEARS** — As sign-up time for the cotton, wheat and feed grain program nears (Jan. 24) business at the ASCS office here picks up steam. Farmers drop by to inquire about the programs. (Journal Photo)

**Maria Pensina and Eusebio Baiza  
Are United In Catholic Ceremony**

Maria del Socorro Pensina, Muleshoe, daughter of Mr. and Mrs. Juan Gutierrez, and Eusebio Baiza, Pep, and son of Mr. and Mrs. Julio Baiza, were united in marriage in the Catholic Church here. The Rev. Charles Grow and Father Clinton Corcoran officiated at the single ring event. The wedding was solemnized Saturday at 11 a.m.

Given in marriage by her step father, the bride chose a formal gown of white satin enhanced by large garlands of re-embroidered alecon lace. The fitted bodice featured a portrait neckline and long petal point sleeves. The set in contoured midriff was finished in the back by a butterfly bow above the bouffant skirt with a detachable train. She wore a jeweled queen's crown supporting ties of silk illusion, and carried an orchid atop a white Bible.

Miss Lupe Pisina, Muleshoe, served her sister as maid of honor. She wore an empire waist line and slightly covered front neckline in gold velvet, with a satin embroidered ankle length skirt and carried a yellow long stemmed rose with a bow in her hair.

Bridesmaids were Jane Gutierrez, sister of the bride, Ana Maria Cuevas, cousin of the bride, Bertha Elizarraraz, Bernandine Molina and Nellie Frascas, Muleshoe. They were

dressed identical to the maid of honor.

Norma Gonzalez, dressed in a white silk dress, carried a small basket filled with yellow rose petals and served as flower girl.

David Gutierrez, brother of the bride, served as ring bearer.

Louis Frescas was best man for the couple.

Ray Daniels served as usher at the wedding.

Following the ceremony, a reception was held in the American Legion Hall.

The bride's table was decorated with white streamers, yellow roses and candles.

The bride chose a two piece outfit of dark wine velvet and pink skirt for a traveling outfit.

The couple are now at home in Levelland where the groom is employed as a business administrator.

The bride attended Muleshoe High School and Levelland Jr. College. The groom attended Pep High School and Levelland Jr. College.

**Clothing Classes  
Are Scheduled**

Registration for Clothing classes on "Alteration of Patterns" will close Jan. 25 for homemakers in Parmer County, according to Cricket B. Taylor, Extension Home Economist. Some of the following points to be taught are:

"How to select commercial patterns that are correct for the individual.

"How to select the right type, size, style and make of pattern for the individual.

"How to make necessary alterations on patterns before cutting garment.

"How to tape and fit pattern to individual and make necessary adjustments.

"How to recognize a good fit in a garment.

"How to take measurements from a well fitted pattern and use in fitting other patterns.

A short preliminary meeting will be called of those regis-

is vice-president of the club; Mrs. V. W. Rannals, secretary, Mrs. Lee Mason, treasurer; and Mrs. M. O. Mason is reporter for the group. (JP)

**Mr. and Mrs. W. M. Stancell  
Will Celebrate Their Anniversary**

Mr. and Mrs. W. M. Stancell will celebrate their golden wedding anniversary with an open house Sunday from 3 to 5 p.m. in their home one mile west on the Clovis highway.

Mr. and Mrs. Stancell, retired farmers, were married in 1916 in Oklahoma and moved to Bailey County in 1925. They lived in the West Camp Com-

munity until 1960 when they moved to Muleshoe.

The couple have eight children, who will be hosting the event; 29 grand children and one great grandchild.

### Mrs. Jennings Tells of Week's Writers School

Mrs. O. N. Jennings, who with her sisters, Mrs. J. D. Travis of Cone and Mrs. Talma Teal of Eads, Colo. spent last week in Lubbock attending the writing and journalism workshop came home aware that it took quite a few people to put Muleshoe on the map.

Helen Reagan Smith, one of the most prominent and popular writers and teachers of our day, now teaching in the University of Oklahoma in Norman, conducted the workshop sponsored by the Writer's Club of Lubbock.

Of the school and the people she met there, Mrs. Jennings wrote: "On discovering a pupil from Muleshoe she took time out to tell about Muleshoe and also the joke about it. She began conjuring up mem-

ories telling of an incident that actually occurred several years ago. Upon meeting another famous writer, Journalist and Editor, Margaret Cousins, each began telling (and bragging, I'm sure) of her hometown. Mrs. Cousins had talked at length of hers then remembered to ask Mrs. Smith where she was from.

"Then she remembered that she'd read stories and books Mrs. Cousins had written, using Muleshoe as the setting and wishing to make a favorable impression gave Muleshoe as her home town. Actually she knew nothing but it's name.

"Being asked if she knew anything about our town replied, 'O, yes, I've read quite a bit about your Mule Memorial. To remember that much in her busy life is indeed a compliment to Muleshoe. She is on the constant lookout for unusual things to write about so our citizens would do well to be on the alert for more stories about our unique and historical town. We have a much

colorful past we would be glad to share with her. She said she might visit Muleshoe some day. Mrs. Jennings reminded her she'd find out just how lucky she was to have been born here!

### Open House Set At Lane's Office

Formal opening of Lane real estate's new offices, 1101 Highway 84 West Thursday, Friday and Saturday, it was announced Wednesday.

Eddie and Buddy Lane have purchased the old "Dairy Mart" and remodeled it, converting the building into space office building and drive-in parking.

Eddie Lane with his family moved to Muleshoe in 1938, and has served the people of Muleshoe, Bailey County and surrounding area for these twenty eight years.

Buddy was discharged from

### Nurses Training Is Considered

The West Plains Hospital is interested in starting another class of vocational nursing students, according to Eddie Faust, business manager of the hospital.

If you are interested in taking vocational nurses training contact Mrs. Head, RN at the West Plains Hospital from 10 a.m. to 3 p.m. Monday through Friday.

To determine the need and interest of the school, it is Mrs. Head at your earliest convenience.

### Mrs. Ramage Is Vice-President

Mrs. Herb Ramage was elected new vice-president at the Muleshoe Home Demonstration Club meeting Friday. The meeting was held in the home of Mrs. Eddie Faust.

Roll call was answered by household hints.

Representatives elected to district meeting April were Janita White and Mickie Faust. Jean Martin gave the program on kitchen.

New members welcomed were Mrs. John Hammock, Mrs. Leon Collins and Mrs. Larry Mowrey.

Perk, pop, zzzzounds, such useful little sounds! Find ELECTRIC APPLIANCES—SMALL... in the YELLOW PAGES. Where your fingers do the walking.

### C. V. Woolley Dies In Amarillo

Funeral services were held at Blackburn-Shaw Memorial Chapel in Amarillo Monday for C. V. Woolley, 82, first elected mayor of Canyon and founder of a loan fund for students at West Texas State University. Woolley was well-known here and has served as an attorney for early day ranchers in the Muleshoe area.

Dr. W. Winfred Moore, pastor of the First Baptist Church, officiated, and burial was in Llano Cemetery.

Woolley died Friday night at St. Anthony's Hospital. He came to the Panhandle in 1908, shortly after graduation from the University of Texas, and practiced law.

He became the first elected mayor of Canyon in 1910, and was active in the farm, ranch and oil business in the area.

Mr. Woolley, who had been a longtime member of the board of Opportunity Plan, Inc., established an individual division of the plan in 1958 called "The Clyde V. and Tulisa Woolley Division of the Opportunity Plan." By 1965, 40 students had participated in the loan fund and 80 additional students received financial assistance from time to time. More than \$100,000 has gone through the plan.

Last year, Mr. Woolley was recognized for his aid to students when a performance of "Thundering Sounds of the West" was dedicated to him.

He had served with the Santa Fe legal department and had been manager of the John and Jane Wallace estate. Mr. Woolley lived at 1601 Bowie.

The family prefers that memorials be made as contribu-

tion to the United States Air Force in March 1965 to go into business with his father. He was in the service eleven years which took him and his family to all parts of the world. He served in Korea, Turkey, and Greenland. He is a graduate of Muleshoe High School, attended Baylor University and Texas Tech. He is married to the former Jo Ann Dalton. They have two daughters, Brenda, 10, Bridget, 8, and one son Brian Douglas, age 4.

### Rites for Neel Infant are Held

Graveside services were held Sunday in Bailey County Me-

### Rites Pending For Covington

Rites were pending here Wednesday for C. E. Covington, 70, a former Muleshoe resident who died in the Archer City (Texas) Nursing Home Tuesday afternoon. Singleton Funeral Home will make the arrangements.

Survivors include a daughter, Mrs. James Maroney, Mansfield, La., and a son, J. A. Covington, Los Angeles.

tions to favorite charities.

The body will lie in state at the funeral home until one hour before the service.

Survivors include his wife, Tulisa; a brother, E. W. Sr. of Dallas, and sisters, Mrs. Mabel C. Criddle of Corsicana and Mrs. W. W. Todd of San Antonio.

morial Park's Babyland for Mark Lynn Neel, day-old son of Mr. and Mrs. Merlyn Neel. The rites were conducted by D. L. Thompson, minister of the Muleshoe Church of Christ. Singleton Funeral Home was in charge of arrangements.

Survivors, in addition to the parents, were the grandparents, Mr. and Mrs. Orby Jarman, Muleshoe, and Mr. and Mrs. Haney L. Neel, Spade; his great grandparents, Mr. and Mrs. Alvin Neel, Mangum, Okla., and Mr. and Mrs. G. H. Ferguson, Lubbock; and by a sister, Tonya, and a brother, Joe Neel, both of the home.

The New York Yankees will play two night exhibition games in Florida next spring. They face the Washington Senators at Fort Lauderdale on Tuesday April 5 and the next night travel to Miami to play the Baltimore Orioles.

Barefoot kicker Dick Kennedy kicked 11 field goals for a Michigan State record last season. He missed on six other attempts.

A little cooked spinach leftover? Add it to canned cream of potato soup. Nice for lunch.

IF YOU ARE INTERESTED IN TAKING VOCATIONAL NURSES TRAINING CONTACT MRS. HEAD, R.N. WEST PLAINS HOSPITAL 10 a.m. to 3 p.m., Mon. thru Fri.

THE HOSPITAL WOULD LIKE TO DETERMINE THE IMMEDIATE NEED AND INTEREST IN STARTING ANOTHER CLASS OF VOCATIONAL NURSING STUDENTS

# Tower Discusses War in Vietnam

By Sen. John G. Tower  
It is a very great pleasure for me to be able to resume these regular reports. As you know, I suspended them temporarily during my extended trip to Southeast Asia last month and during the Christmas season.

convened for a new session, I hope these reports will provide us an opportunity to discuss legislation and federal developments of importance to Texans. Although it still is early in the session, two major items stand out as of paramount concern, particularly for our state.

expected further attempts to eliminate our state's Right-to-Work law. As you know, we were successful in preventing this last year. Again this year I will be devoting major effort to preservation of the Right-to-Work law.

However, the more immediate concern of all Americans is with the war in Vietnam. As a member of the Armed Services Committee, I talked during my Asian visit with scores of U.S. officials, military officers and enlisted men. They believe we can stop commun-

ism, and they believe it's worth the effort.

I'm sure no loyal American believes that we should stand by indifferently while communism takes over the rest of the world.

I take it for granted that every intelligent person realizes America could not long survive as a free nation in a world that was completely communist outside of America.

And, I believe everyone agrees that somewhere, somehow, we must draw the line against further communist expansion in

Asia, just as we have drawn it in Europe.

The question that has troubled some Americans, therefore, is not whether such a line should be drawn, but where such a line should be drawn.

I think we have been right in drawing the line in Vietnam. Because, if this line falls, it will be infinitely difficult, perhaps impossible, to draw any realistic line of defense anywhere short of Hawaii.

We are in Vietnam because it is in our national interest to

assist every nation, large and small, which is seeking to defend itself against communist aggression. There is nothing new about this policy. It is a policy, in fact, to which every American administration has adhered since the Marshall Plan of the 1940's.

We are in Vietnam not merely to help the 14 million South Vietnamese defend themselves against communism, but because also at stake are the independence and freedom of 240 million people in Southeast Asia, and the future of freedom throughout the Western Pacific, India and Africa.

We are in Vietnam because we have pledged to assure the independence of South Vietnam. If the current Peace Offensive is not accepted by the communists, we will have to move decisively and quickly to make it impossible for them to continue the war.

We can win in Vietnam, and by winning we will be going a long way toward establishing world order and peace for the future.

The record of communist aggression is conclusive. Beyond question, North Vietnam is carrying out a carefully conceived plan of aggression against the South.

This aggression violates the United Nations Charter. It is directly contrary to the Geneva Accords of 1954 and of 1962 to which North Vietnam is a party. It shatters the peace of Southeast Asia. It is a fundamental threat to freedom and security.

The people of South Vietnam have chosen to resist this threat.

At their request, the United States has taken its place beside them.

The United States seeks no territory, no military bases, no favored position.

If peace can be restored in South Vietnam, the United States will be ready at once to reduce its military involvement. But we will not abandon friends who want to remain free.

Our first national priority is and must ever be the survival of our country and our freedom. And, if the Twentieth Century has taught men anything, it is that survival and freedom cannot be purchased cheaply, in a discount store or bargain basement.

Since World War II America has preserved freedom and national independence in more than half the earth. We have restored Western Europe. We have helped friend and former-foe to achieve prosperity, liberty and stability.

We have launched the United Nations, and we have kept it alive. We have offered the hand of friendship to the less fortunate in this world, if they will but take our hand.

It may be said of America today, as of no other nation in history, that whenever people are willing to stand up in defense of their liberty, Americans will stand with them.

This is the historical road that has led us to Vietnam, and it is the road which will lead us to world peace.

## THE FAMILY LAWYER

Of Law and Love

**Tattletale Footprint**  
Police, investigating a murder, found the bloody print of a bare foot on the victim's bathroom floor. This print eventually played a vital role in convicting the killer, by placing him — unmistakably — at the scene of the crime.

Similar use has been made, more often, of palm prints, and most often, of course, of fingerprints. What all three have in common is a highly individual set of markings, made by the pressure ridges that corrugate the skin.

There is nothing new, at least with regard to fingerprints, in the realization that the markings are distinctive. Various peoples of the world probably knew this even before the time of Christ.

What is new is the development of classification systems that make fingerprints easy to compare. This development, along with improved techniques for obtaining prints, has made fingerprinting a preferred method of identification all over the world.

Is there any chance that two people will have the same fingerprint pattern? One scholar calculated that duplication would occur once in 64 billion prints.

But later studies call that far too cautious. Recently a fingerprint expert estimated that duplication is not likely to occur in 10,000 years. Up to now, of course, not a single duplication has ever been found.

Besides the virtue of individuality, prints also have the virtue of permanence. A person's print pattern in fully formed three months before his birth (Mark Twain called it a "natal autograph"), and remains unchanged until after his death. Although the print may vary in size, just as the person does, the pattern itself stays the same always.

So sophisticated is finger-

Linda Scott

## Muleshoe Miss Active at LCC

Linda Scott, daughter of Mr. and Mrs. Paul Scott, 322 Chicago, Muleshoe, is kept quite busy on the campus of Lubbock Christian College.

Linda was elected as vice-president of the women's social club, Christiche Damen. She is also band secretary, and accompanist for the Meistersinger chorus.

The school Linda attends is a liberal arts junior college now in its ninth year. It has received full accreditation from the Southern Association of Colleges and Secondary Schools.

Final tests for this term are slated for January 17-20, with enrollment for the spring semester beginning January 24.

printing today that even a part of a print may be enough to establish an identification. As a rule, experts figure it is sufficient if the suspect's prints and the incriminating prints are alike at 12 points of the pattern.

But if they should differ at even a single point, then the message is equally clear:

This is positively not the right man.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

About 50 billion tintplated cans are manufactured annually in the United States.

AWARD GIVEN — Jimmy White received the soil conservation award as the outstanding conservation farmer at Monday night's chamber banquet. This is the actual presentation scene with Sherman Inman making the presentation. Another picture on Page 1. (Journal Photo)

MULE PLAQUE PRESENTED — At the conclusion of his talk Monday night at the Chamber of Commerce banquet, Dr. Kenneth McFarland (left) was presented with a mule memorial plaque by Neal Dillman, master of ceremonies. (Journal Photo)

### MULESHOE

Continued from Page One

this morning and at Earth this afternoon. Friday's schedule includes Pleasant Valley in the morning and Sudan in the afternoon. On Saturday the bookmobile will be in Morton in the morning and at Muleshoe during the afternoon, according to Georgia Pena, Bookmobile Librarian.

Terry Field, son of Mr. and Mrs. Albert Field, was taken to a Lubbock hospital Monday afternoon after being injured while playing basketball. He was reported to have suffered a broken knee joint.

Mr. and Mrs. Don Taylor left Tuesday for Mercedes where they will operate their other repair shop. According to Taylor, they will return in June or July.

Mr. and Mrs. Tom Berry along with Mr. and Mrs. Raymond Gage, have recently returned from Ennis where they participated in a ceremony of laying a corner stone for an old folks home there.

Mr. and Mrs. Alvin Allison celebrated their anniversary Monday with several friends stopping by their home for the evening.

Farm Bureau Insurance Companies contributed \$75 this week to the Bailey County Fire Department after the department made a run Monday night to extinguish a pickup fire seven miles south of Muleshoe, said Ben H. Cockrell, a agency manager. The pickup was being filled with butane at the time of the blaze.

### CRASH

Continued from Page One

three accidents during December with four persons injured. Property damage ran only to \$2610. Hockley county had 13 accidents with seven injured.

It is estimated when the final reports are tabulated, we will find that fewer people were killed in Texas traffic accidents during 1965 than in 1964, the Sergeant stated. The final count is expected to be about three per cent less than the 1964 all time high of 3,006 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, everytime you drive you have a motive, that is, drive to live.

### FARMER

Continued from Page One

ter to the soil. The presentation is always a high spot on the chamber program.

In describing White's farming operations, the SCS pointed out that he uses cover crops to protect loose soil during the windy season of the year, and he has a surface irrigation system which the SCS says he uses effectively. "He realizes the need for an even distribution of water so as to improve his crop yields," Inman said. "A combination of short runs, underground concrete pipe and portable aluminum pipe are used to accomplish his conservation irrigation system."

White and his wife, Jacquita, have a 2-year-old daughter, Christy. They attend the First Baptist Church in Muleshoe.

Jimmy is secretary of the Muleshoe chapter of Young Farmers of America.

### Two Attend WTCC Meeting

Two Muleshoe business men attended the mid-winter membership meeting of the West Texas Chamber of Commerce in El Paso last Thursday and Friday. Representing Muleshoe were J. B. (Sugar) Glaze and Irvin St. Clair who reported the meeting "one of the finest ever held by WTCC."

St. Clair attended the education committee meeting which had for its theme, "The Future Development of Higher Education." Speaker was Dr. T. G. Barnes of Texas Western College.

St. Clair, who is an ardent backer of the proposed Muleshoe area junior college, said he was "thrilled to hear that WTCC is in favor of junior colleges." He added: "It encouraged me to believe that we could get a junior college here if we really work at it." He agreed that the junior college is the answer to the crowded four-year school.

Glaze attended the water resources committee meeting and heard details of the famous NAWAPA plan to bring water all the way from Alaska for use in the High Plains.

An attractive young British scientist, Baroness Jane van Lawick-Goodall has lived in Tanzania for five years to observe the details of chimpanzees' life and ways.

Americans have the highest per capita consumption of paper in the world, about 479 pounds a year.

### YOUTH

Continued from Page One

rival." It depicts a pioneer father kneeling in prayer. Beside him stands his small daughter. In the background his wife holds the baby. The inscription on the monument reads, "The Power That Brought Us Here Sustains Us Still."

"The power that brought America to its present state of greatness will sustain us if we will sustain it. We Americans are born free but we do not inherit the basic understandings and attributes that will keep us free. These must be learned by each new generation and kept learned. This means the magnificent facts of American freedom must be constantly told, and constantly sold, and persistently taught."

"The biggest job we Americans have is to keep our own people informed, and therefore enthused about America. Thomas Macaulay, the British historian who died midway in the last century wrote this warning to America:

"... your republic will be fearfully plundered and laid waste by barbarians in the Twentieth Century as the Roman Empire was in the Fifth, with this difference; that the Huns and Vandals who ravaged the Roman Empire came from without and your Huns and Vandals will have been engendered within your own country, by your own institutions."

"To prevent Macaulay's prediction from coming true we are going to have to again imbue our people with old-fashioned Patriotism. We must teach Americans that it is not corny to love their country. We have too many people who think they cannot be patriotic and sophisticated. We have too many bearded beatniks desecrating freedoms which they have never lifted a finger to earn nor to preserve. They must be made to comprehend that our precious freedom was won by the blood of patriots, not by poster paint of 'protectors.'"

"The 'ugly American' has been replaced by the 'guilty American.' We have too many 'Americans' who pick up the slanderous attacks made upon us by our enemies anywhere in the world, and parade them down our own streets in every conceivable kind of high-sounding 'crusade.'"

"Each section of America can justifiably be proud of its own, because all sections make their own contribution to the mighty total that is America. "We must find a way to teach every child and every adult that our freedom is 'Freedom Under God.' This is the

way our nation was born, this is the thing that gave us strength beyond all others, and this is the only concept that can 'sustain us still.' "There are only three great nations in the world today: the Soviet Union, Red China, and the United States of America. America alone is a 'Nation under God'. The other two do not even recognize the Deity. America alone has decreed that

human personality is sacred because the individual is created in the image of God, and derives his freedom directly from his Creator. Any intelligent American who fully understands this fact will love his country, and come to realize that this nation deserves his devotion. But the truth must be hammered home to our own lest we be plundered by the products of our own institutions.

### Top Homemaker In Texas Sought

The search is underway for Texas' top conservation homemaker of 1966.

A champion conservation homemaker of the year will be named — along with five regional winners — from among the outstanding district and regional candidates whose records are submitted to the state judging committee.

The annual judging activity is directed by the Fort Worth Press, in cooperation with the Agricultural Extension Service, Soil Conservation Districts of the state, and other groups. The contest provides recognition for achievements of Texas women in the area of conservation in the home and on the farm or ranch.

Dr. Graham Hard, clothing specialist with the Texas A&M Agricultural Extension Service and chairman for the state judging committee, reminds all participating groups that deadlines for the various contests have been moved up slightly this year. Deadlines to be observed this year include: County winners should be submitted to District Home Demonstration Agents by Jan. 24; records should be submitted to the Regional Judging Committee by Jan. 31; records of all first and second place regional winners should be sent to Mrs. Florence W. Low, Extension assistant director for home economics, by Feb. 18.

### Jack Hightower Visits Muleshoe

Sen. Jack Hightower of Vernon was in Muleshoe Monday of this week in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Harvey Bass, Democratic Chairman for Bailey County.

The new senatorial district which includes Bailey County is now composed of 21 counties, stretching from Wichita and Archer Counties on the east, to the New Mexico line on the West. The redistricting was done by the last session of the Legislature under orders of the federal courts to comply with the new "one man-one vote" decision of the Supreme Court.

While in Muleshoe Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

The state homemaking winner will be honored — along with other state conservation winners — at a special program May 6 in Fort Worth. Regional winners will be recognized at special ceremonies being planned in the five regions of the Texas State Soil Conservation Board.

Winner of the champion conservation homemaker title in Texas last year was Mrs. Kenneth Kuykendall of Cherokee, wife of a San Saba County rancher.

The conservation homemaker program is part of the 20-year-old "Save the Soil and Save Texas" activity, founded by Walter R. Humphrey, editor of The Fort Worth Press. Some 21 Texas firms are now helping with the awards program.

### Expert Predicts Good Livestock Prices in 1966

Prospects for livestock prices for the year ahead are bright.

Ed Uvacek, livestock marketing specialist at Texas A&M University, says lower cattle numbers, a smaller calf crop, and a reduced slaughter level should hold fed cattle and feeder calf prices above 1965 levels.

He adds that 1966 may well be one of the most profitable years since the early 1950's for sheep and lamb producers. The specialist believes hog prices during the first half of 1966 will again establish new highs. A large production expansion of the spring pig crop could provide an over-correction on the number of hogs and force price levels during the last half of 1966 to levels slightly below those of last year.

Uvacek says the inventory count of cattle and calves on farms on January 1 is expected to be down about one and a half million head from a year ago. He believes herd liquidation to continue through 1966 but at a slower rate, thus reducing the number still further on next January 1. This, he adds, may well be the end of liquidation and the start of another build up phase for a new cycle.

He noted that cow slaughter in 1965 was up about 26 percent over 1964 and was a major factor in the January 1 inventory reduction figure. But there were other factors which added strength to the 1965 market; steer slaughter was down and heifer slaughter up and slaughter weights of both steers and heifers were down, thus reducing the total production of beef.

# All Parties Plead: Pay Your Poll Tax!

**By Vern Sanford**  
**Texas Press Association**  
AUSTIN — Deadline for payment of the poll tax — the "ticket to vote" in 1966 elections — is closing in.

Democrats, Republicans, liberals and conservatives are emphasizing this in the wind-up of their voter registration drives this week.

All sides apparently are concerned that some of their supporters may fail to qualify. This because of confusion over the federal suit to ban the poll tax.

Suit has not been decided. Atty. Gen. Waggoner Carr and State Democratic Executive Committee Chairman Will D. Davis issued reminders that federal judges who will rule on it have advised Texans to pay their poll taxes, since they will reach no decision before January 31.

Carr noted these requirements for voter eligibility in 1966:

— Those who want to vote in all primary, general or special elections for nomination of candidates (including state and local), or on bond issues, constitutional amendments and other propositions — and who hold no exemptions — must pay the \$1.75 poll tax no later than the end of the month.

— Persons over 60 must obtain exemption certificates by January 31.

— Those turning 21 years of age can secure exemption certificates up to 30 days prior to an election, as can new residents just completing their residential eligibility by election date.

— Free poll tax receipts are available through January 31 to qualify voters to cast ballots for federal officers (U.S. senator and congressman only this year).

Apparently, 1966 will see lots of political action — and the voter without a poll tax will be on the outside looking in.

**GOPs To Run State — Texas**

Republicans will field virtually a full slate of candidates for statewide offices, according to National Committeeman Albert E. Fay. But they have pledged the bulk of their finances to the re-election of Sen. John Tower.

Republican executive committee members recently adopted a 1966 budget of more than \$1,500,000. They earmarked 40 percent for Tower's campaign. Fay said the GOP will stick to its strategy of "selective" filing in local and district races and will invest its money where there's best chance of victory. Republicans see chances to capture Houston, Dallas and Panhandle congressional places and to pick up several state legislative posts.

**Suits Filed —** Two would-be candidates for attorney general had to file mandamus suits with the State Supreme Court in an effort to get their names on the May 7 Democratic primary ballot.

SDEC Chairman Davis rejected applications of State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler, maintaining there is a question as to their eligibility.

He cited a constitutional provision that legislators are ineligible to hold offices they created or raised salaries of during elected legislative terms. Pay of the attorney general was raised by Legislature last year from \$20,000 to \$22,500 annually.

Both claim their senate terms expire before Jan. 1, 1967, when next Legislature convenes. Supreme Court set arguments in the Spears case Wednesday (Jan. 19). Spears was elected in 1962. Some feel his case is "easier" than that of Calhoun who was elected to a four-year term in 1964 — although reapportionment of Legislature cut all Senate terms short.

**Waste Disposal — Texas State**

Department of Health was designated by Governor Connally to receive grants for surveys of solid waste disposal practices and problems under the federal act.

State and local governments can secure technical and financial assistance for planning and development of solid waste disposal programs. Up to 50 percent of survey costs will be paid by grants.

Act seeks to encourage research and development of new and improved methods of economical waste disposal.

**Battle Front Inspection —** William H. Crook, Southwest Region director of the Office of Economic Opportunity, is making a tour of the state to inspect the success of the War on Poverty.

He is accompanied by Walter Richter, state OEO director appointed by Governor Connally to act as liaison between the federal office and the state in the poverty war.

**AG Opinions —** Attorney General Waggoner Carr has held that:

— A court may, without jury intervention, and upon finding a defendant guilty of a misdemeanor, place the defendant on probation if all other requirements of the misdemeanor probation law are met.

— Where a commissioner court changes the boundaries of the precincts, to become effective Jan. 1, 1967, the precinct residence requirement for running for county commissioner in the 1966 elections is to be determined with reference to the boundaries as they will exist.

In another opinion, Carr clarified requirements for paying witness fees under the new code of criminal procedure. Legislature has appropriated funds for payment only in felony cases.

**Appointments —** Gov. John Connally named former State Rep. Wayne Gibbens of Breckenridge as an administrative assistant to serve in a new division of state and federal affairs in Washington.

Gibbens served Eastland, Shackelford, Palo Pinto, Calla-

han and Stephens Counties in the Legislature.

Connally also named John McKee of Dallas, Hugo Loewentern of Amarillo and Dr. John Stockton of Austin to new terms on revived Committee on State and Local Tax Policy.

Dr. Norman Winfrey, Texas State Library director, and Heartsill H. Young, University of Texas assistant library director, were appointed co-chairmen of the 19-member committee for the first Texas Governor's Conference on Libraries, scheduled for March 23.

House Speaker Ben Barnes appointed Reps. Willis J. Whitley of Houston, Don W. Cavness of Austin, Jack Crain of Nocona, and Dr. Ann Hughes of Dallas and French M. Robertson of Abilene to an interim committee to investigate and study the Housing and Physical Care of Criminally Insane Persons.

Barnes also appointed Reps. Forrest A. Harding of San Angelo, Ace Pickens of Odessa, Ralph Scoggins of El Paso, Honore Ligarde of Laredo and Billy H. Williamson of Tyler to a committee to study the priority of liens in favor of the state to secure payment of all taxes levied under the Revised Civil Statutes of Texas, 1925.

Lt. Gov. Preston Smith named to Citizens Advisory Committee to work with Texas Legislative Council on study of services for deaf Dr. W. P. Anthony of Fort Worth, George D. Holland of Lubbock, L. T. Johnston of Austin and Louis B. Orrill Sr. and Don C. Pettigill of Dallas.

**Federal Projects —** Six new Operation Head Start projects and four program development grants under the Community Action Program of Economic Opportunity Act received the governor's approval.

Head Start projects approved were Lockett Rural High School, Vernon, \$7,713; Whitharral ISD \$19,173; Uvalde ISD, \$28,145; Detroit School District, \$29,744; Snyder Consolidated ISD, \$20,478; and Lasara ISD, \$26,481.

Program development grants went to Community Council of

Starr County, Rio Grande City, \$20,500; Community Action Inc., \$16,377; Shelby County Community Action Program Inc., Center, \$22,748; and Palo Pinto Community Service Corp., Mineral Wells, \$13,359.

Sen. John Tower announced U. S. Office of Education's approval of projects to provide supplementary education centers in Alpine, Burleson, Canyon, El Paso, Houston, San Antonio and San Marcos. Amounts of grants are yet to be determined.

**Aid Given To Study —** State Bar of Texas received \$5,000 from Houston Endowment, Inc., a philanthropy of the late Mr. and Mrs. Jesse H. Jones. Gift will aid in the Bar's study and revision of the Texas Penal Code.

Funds will be used to employ a part-time director; a number of student assistants who will aid in the research; and a minimum of secretarial services.

No target date has yet been set for completing the Penal Code revision. But it probably will be ready for consideration by the 60th Legislature in January, 1967.

**SHORT SNORTS**

**Agriculture** — Commissioner John C. White, Land Commissioner Jerry Sadler and Supreme Court Chief Justice Robert W. Calvert announced for re-election.

Governor Connally proclaimed January 21 as Arbor Day in Texas and urged all citizens, especially the public schools, to appropriately observe this occasion.

Henry LeBlanc, Texas Employment Commission's veteran chief of farm placement, retired — after 28 years' service.

Texas Association for Mental Health held meeting here last week and discussed plans for local action toward developing community mental health services, including those designed to prevent serious mental illness.

Three water groups will hold meetings here January 21 — Texas Water Development Board, Texas Water Advisory Board and House Interim Water Committee.

Sardinia, 120 miles west of the Italian mainland, is losing its reputation as Italy's wild and woolly frontier. Marinas, villas and luxury hotels have transformed Sardinia's bleakly beautiful northeast shoreline into the "Emerald Coast."

# New Rig Puts Insecticides On Cotton Plants

A machine that applies systemic insecticides to cotton plants has been developed by agricultural scientists at Texas A&M University. The rig is the first practical machine designed to apply systemic chemicals to plants on a large scale.

The systemic applicator uses twin, rotary nylon brushes to apply insecticide near the bottom of the main stem. It may also prove adaptable for applying fungicides, plant hormones, or defoliant to cotton.

B. G. Reeves, Extension cotton mechanization and ginning specialist at A&M, and R. L. Ridgway, A&M based entomologist for ARS are responsible for development of the unit.

Systemic chemicals are absorbed by the stem or roots of plants and move through the rest of the plant, making it poisonous to feeding insects.

Other research done at Texas A&M indicates that application of systemic insecticides to the lower part of the main stem is an effective way to control several species of cotton pests. Spider mites, cotton aphids, cotton fleahoppers, lygus bugs, boll weevils and bollworms can be controlled by stem treatments with systemics.

Systemic treatment offers several advantages, says Reeves. First, it eliminates possibility of pesticide drift. Also, systemic treatment can be made at times when other methods might be impractical, as when dry conditions prevent effective soil application.

The new machine handles two rows and is mounted on a regular tractor cultivator frame. Reeves said future machines may be larger and handle 4 to 6 rows. The rotary brushes are 10 inches in diameter and mesh at the bottom of the stem as

Firms are expected to spend 654.87 billion on new plants and equipment next year, a McGraw-Hill survey has disclosed. This is an 8 per cent rise over 1965 planned expenditures.

More than three times as many gas lamps — over one million — are in use now as turn-of-the century America, reports the Gas Appliance Manufacturers Association.

**ORPHANED BY SHOOTING —** Patty Ryan, 16-months-old, plays with a toy poodle unmindful of the shooting which left her orphaned. Patty's mother, Mrs. Colleen Ryan, 19, was shot to death in Dallas by the child's grandfather, 42-year-old Robert M. Ryan. Police said Ryan had been hounding his daughter for several years and went to the drive-in cafe where she worked and shot her to death. He fled the scene and later turned the gun on himself inflicting a fatal wound. (AP Photo)

the tractor moves along the cotton rows. The plant stem passes through the twin rotating brushes and the insecticide is transferred to the stems. The brushes are powered by tractor power-take-off. For the 1966 crop season, three modified versions of the systemic applicator are being constructed at A&M to continue the studies.

# NOTICE!

TO PARTICIPATE IN

# State and Local Elections

YOU MUST HAVE

# A Paid Poll Tax Receipt

or a valid exemption

Many important state and local issues will come before the voters in 1966, including a state senatorial election, as well as contested local races, tax bond issues, etc. You will not be able to participate in these elections without a paid poll tax receipt or a valid exemption in the case of — age 21 — free vote.

Be Sure That You'll Be Able to Voice Your Opinion in '66

# PAY YOUR POLL TAX

before the deadline, Jan. 31st

State and county tax deadline—Jan. 31st without penalty

Jean Lovelady, Tax Assessor-Collector

Bailey County

- Don't order a big cube V8
  - Don't order a floor-mounted shift
  - Don't order special flat-cornering suspension
  - Don't order sporty red-stripe tires
- All that's standard to begin with on a Chevelle SS 396

# PERFORMANCE THE CHEVROLET WAY

The standard engine in both the Chevelle SS convertible and hardtop is a 396-cubic-inch Turbo-Jet V8 with 325 hp. The standard transmission is a fully synchronized 3-speed with floor-mounted stick shift. (Yes, you can order a 4-speed or Powerglide. Strato-bucket front seats and console, too.) And the SS 396 chassis comes complete with

firm-riding, flat-cornering suspension and wide-base wheels with red-stripe nylon tires.

Is this the kind of no-compromise road machine you're looking for? Drop into your dealer's and point an SS black grille toward an open stretch of highway. You'll find out — quick.

All kinds of cars, all in one place... at your Chevrolet dealer's Chevrolet • Chevelle • Chevy II • Corvair • Corvette

### Sudan '35 Club Names Officers; Mrs. Nix is Head

By Evelyn M. Scott  
SUDAN — Mrs. R. D. Nix was named president at the meeting of the 1935 Study club held Monday evening in the home of Mrs. W. V. Terry.  
Named to serve with her were Mrs. Jack Riley, vice president, Mrs. Kenneth Wiseman, recording secretary; Mrs. Marvin Tollett, parliamentarian; Mrs. F. M. Smith, critic; Mrs. J. M. Bulloch, corresponding secretary; Mrs. W. E. Hancock, treasurer; Mrs. S. D. Hay, reporter.  
Program director the meeting was Mrs. F. M. Smith. Subject topic was "The First Wealth-Is Health". Mrs. J. M. Bulloch gave "The Heart Association at Work".  
Answering roll call with data on the following topics were Mrs. R. S. Gatewood, "World Affairs"; Mrs. W. E. Hancock, "Safety"; Mrs. S. D. Hay, "Landmarks of Yester day"; Mrs. R. D. Nix, "Fine Arts Program at Texas Tech"; Mrs. Gordon Tayloe, "The Peace Corps".  
Flags are being sold by the club and it was announced the flags are now available and may be purchased for \$5.00. Those wishing to buy one should contact Mrs. Jack Riley, or any club member.  
Present for the meeting were two guests, Mrs. A. H. Kelley, Memphis, Tenn. and Mrs. R.D. Gatewood, Fluvanna; members present were Weaver Barnett, Mrs. Bulloch, Mrs. R. S. Gatewood, Mrs. W. E. Hancock, Mrs. Wesley Hargheheimer; Mrs. S. D. Hay, Mrs. C. E. Nichols, Mrs. R. D. Nix, Mrs. Bill Olds, Mrs. Jack Riley, Mrs. J. S. Smith, Mrs. F. M. Smith, Mrs. Gordon Taylor, Mrs. Beulah Wiseman, Mrs. Kenneth Wiseman, Sara Woods.  
Mrs. R. D. Nix, Mrs. W. V. Terry and Mrs. Kenneth Wiseman will be in Plainview Friday to attend a workshop of when the guest speaker will be Mrs. E. C. Pierce, first president of the General Federation of Womens Clubs.

### Legal Notice

By order of the Commissioners' Court I am instructed to give public notice, and notice is hereby given, that it is the intention of the Commissioners' Court to grant a ten (10 percent) per cent salary increase to the elected and appointed county officials, their deputies, secretaries, clerks and other employees, and to set the maximum hourly wage that may be paid motor grader operators at an amount not to exceed \$1.80 per hour, effective as of January 1, 1960.

The said salary and wage increases are to be authorized by orders which the Court proposes to pass at its next meeting which will be January 31, 1960. The public is cordially invited to attend that meeting.

## Cheap Shrubbery Stock Offered For Windbreaks

West Texas farmers and ranchers can get low cost tree and shrub planting stock to set out as windbreaks, according to Bill Smith, Extension forester, Texas A&M University. Seventeen species of trees and shrubs are available from the Texas Forest Service at a delivered cost of \$1.50 a hundred, plus sales tax. The plants will be shipped to landowners beginning in mid-February. Application forms for ordering the trees are available from offices of local county agents.

In 1935 the balloon Explorer II reached an altitude of nearly 14 miles — 72,395 feet — higher above the earth than man had ever been before.

### Rogers Opposes Broader Trade With Communists

WASHINGTON — Congressman Walter Rogers said Saturday he is "vigorously opposed" to granting authority to the Administration to remove tariff restrictions opening the way to broader trade agreements between the United States and Communist nations.

"On the contrary, I advocate even tighter restrictions than now exist," Congressman Rogers said.

"Increased trade with Communist countries would serve merely to alleviate the distressed economies of nations whose leaders are pledged to the destruction of our freedoms," Congressman Rogers said. "There is no better argument for the Free World's position in the Cold War than the continuing economic distress of countries behind the Iron Curtain."

The Congressman said, "The Communists can't brag to the world about their economic success. Their failures are too obvious — and the world can easily contrast the economic booms in the United States, West Germany, Japan and other free nations with the stagnant, faltering economies of the Soviet Union, Red China, East Germany and the other satellites.

"We have the showplaces — they have the failures that state so eloquently the fundamental

failure of Marxism," he said. Congressman Rogers added, "We do not need Communist trade goods — but they'd like to have ours. The advantage is one way, and I'm opposed to anything that gives the Communists even the slightest advantage in the 'hot' and 'cold' conflicts in which we're engaged."

The Congressman said he was "very pleased" to learn that the U. S. balance of payments deficit had been slashed in 1965 through successful policies of trade expansion, but he said the United States would err if it sought to eliminate the deficit by trading with Communist countries. "A better answer can and must be found," he said.

Meanwhile as the Second Session of the 89th Congress enters its second week, Congressman Rogers' schedule of activities included a speech Monday in Pittsburgh, Pa., before a group of railroad and other businessmen; meetings of the two committees on which he served, the House Committee on Interstate and Foreign Commerce and the House Committee on Interior and Insular Affairs; and the Session's first full week of floor sessions in the full House of Representatives.

Forty-five per cent of the population is either under 18 or over 65 years of age.

University of Florida biologists hope to mount radio transmitters on green turtles and track them by satellite.

### Judges' Session To Study Newest Criminal Code

COLLEGE STATION — County judges and commissioners from every section of Texas will be on the campus of Texas A&M University, Feb. 16-18, for their eighth annual conference. It is sponsored by the County Judges and Commissioners Association of Texas and the Agricultural Extension Service. Bailey county will be represented.

In announcing the conference Extension Director John E. Hitchison said the program would feature speakers and panels on subjects of primary importance to the conferees. Considerable time will be devoted to discussions of legislation passed by the 59th Legislature that affects county officials.

County judges attending will hear discussions on the new code of criminal procedure while commissioners will delve into precinct operations.

Other program items include discussions on organizing for emergencies and programs available to the counties from state and federal sources.

The director added that other program features would be released as they are confirmed. He added that county agricultural agents have been supplied with information dealing with the conference and it is available from their offices.

Plans are also being made for special events for the wives of participants and other special guests, the director said.

Good enough for company: cooked sliced celery teamed with cream sauce and topped with toasted almonds. To make this vegetable dish luxurious, use light cream (instead of milk) when you prepare the cream sauce.

The apportionment of Italy's Senate is based on a ratio of one member for each 150,000 population. The Chamber of Deputies has one deputy per 80,000 inhabitants.

The population of the United States increases an average of one person every 12 seconds.

## Meet the MULESHOE STATE BANK CUSTOMER of the Week

**W. F. Bartley**

This week's bank customer of the week is W. F. Bartley who farms 9 miles west of Muleshoe. Brantley and his wife, Mildred, have a daughter, Beverly, who attends South Plains College, Levelland and other children who are married. They attend the First Baptist Church. Bartley said he had banked with the Muleshoe State Bank since moving here in 1950, adding, "It's the best. The people here are mighty fine and very friendly." We are proud to recognize this customer of the week.
