TROPHIES FOR JUNIOR — When the judges have completed their jobs tomorrow at the annual Muleshoe junior livestock show, these trophies will have proud new owners. Here Carolyn Brock

vocational agriculture department secretary, admires one of the top trophies. She's the daughter of Mr. and Mrs. Ernest Brock. (Journal Photo)

Entries Start Pouring in Here For Annual Junior Stock Show; Record Number of Animals Likely

Cattle, sheep and hogs, Bailey county's very best, are pouring into the school bus barn today for the 10th annual junior livestock show, and from all indications, it will be the biggest show ever in Bailey county.

The show will officially open today at 1:30 with livestock arriving until as late as 1 p.m. Judging will be Friday, starting at 1:30 p.m., and schools will be dismissed at 2 p.m.

Grand champion steer will draw a \$100 cash prize with the reserve \$50. Grand getting champion barrow, gilt and lamb each will receive \$25 with second best in each winning \$15. Funds are being provided by the Muleshoe Area United Fund, that organizations biggest grant.

A generous premium list has been drawn up with the amount of each place based in some cases on the number of animals entered in a particular class.

Eugene Black is board chairman, and Leon Lewis the superintendent of the steer division with Gordon Murrah as assistant.

Lewis Scoggin again will head the swine division with Carl Pollard and Buford Bates, as assistants. Pete Black will run the sheep show. He is also general secretary of the show.

Judge will be Dr. Dixon Hubbard, area livestock specialist for the Extension Service, for the light, medium and heavy steers. Dr. Charles Smallwood, head of the department at West Texas State, will place gilts and barrows, and Scotty Windham, vocational agriculture instructor at Lazbuddie, will place sheep.

While not all entries will be known until Thursday, here are some of the entries already listed by FFA members:

Allen Smyer, Hampshire gilt; Danny McNeil, two Duroc barrows; Bobby Burge, two Duroc barrows and one Poland gilt; Earl Povich, one Duroc gilt

and a Duroc barrow. Derrel Evins, a Berkshire gilt and a barrow; Jerry Redwine, a Poland gilt and barrow; John Hall, a Duroc gilt and barrow; Also Melvin Morris a Duroc gilt and a crossbred barrow; J. R. Carpenter, two Hampshire barrows; Larry Crawford, a

Hereford steer; Terry Copley, two Duroc barrows; Dennis White, two Hereford steers; Ronnie Daniel, Poland gilt; Clifford Black, two Southdown lambs; one Poland barrow, Poland gilt and one crossbred barrow; Larry Calvert, one Berkshire barrow and Poland bar-

row; Lavon Williams, two crossbred lambs; Jimmy Watson, one Hereford steer; Charles Morow, two Hampshire barrows and one Hampshire gilt; Sam Allison, an Angus steer; Larry Seales, a Hampshire gilt, barrow; Black, a Hampshire gilt, bar-

Industrial Leaders to Gather Here Mar. 22 To Discuss Local Economic Development

Muleshoe Industrial Foundation (MAIF), first reported fully by the Bailey County Journal Feb. 13, has set up its program for Tuesday March 22, it was

Labor Housing Session is Set; Study Continues

Muleshoe's farm labor housing committee will meet at 9:30 this morning in Paul's Restaurant for a coffee session at 9:30 according to Jimmy Dale Black, chairman of the committee.

Further discussion of labor housing units being considered here, will be held.

This is the second such meeting held by Black and his committee, a unit of the Muleshoe Chamber of Commerce. Initial plans were laid at a meeting a week ago when the growing need for adequate labor housing was aired at length.

Attending last week's session in addition to Black were Tim Campbell, Arvis Grogan, Kenneth Hanks, Ray Martin, Roger Albertson, Irvin St. Clair, John Smith, Elvon DeVaney, Jesse Young, Horace Hutton and Roy Davis.

announced Wednesday by Jim Cox, chairman of the steering committee. Harmon Elliott is co-ordinator for MAIF.

An all-day program has been arranged, starting with a 9 a.m. tour of the Muleshoe area. Daytime sessions are to be held in the community room of the Bailey county Electric Cooperative except for a luncheon in Fellowship Hall of the First Methodist Church.

A number of the state's outstanding industrial leaders will be here for the program, as well as Texas Industrial Commission officials.

The opening remarks will be given by Larry S. Wilmer, consultant to TIC, followed by a talk by Harry W. Clark, executive director of Texas Industrial commission. He will speak on "Organizing for Industrial Development."

"Economic Development, A

People Thing," is the title of a talk to be given by George R. Jordan, manager of the Industrial Development Department of West Texas Chamber of Commerce.

Jim C. Vell, who is with General Telephone Co., will talk on "Economic Research," and Don R. Raburn on "Industrial Financing." He is with TIC. The above features are planned for the morning program.

At noon a joint luncheon is to be held at Fellowship Hall of First Methodist Church which will be open to all civic clubs and to the public in general. Speaker will be Bob Brummal, division manager of Southwestern Public Service Co.

The afternoon session will start at 1:30 with a talk by E. B. Story of Key Investments on the subject, "Role of Mortgage Bankers in Industrial Development." Larry S. Milner of TIC

will talk on "Industrial Sites and Buildings," and Joe S. Clark will tell of railroad sites and working with the Santa Fe. He is

CARR'S BLANKS IGNORED

Rubber Stamp's Good Enough Here - Fancy Form Not Used

Those fancy "conditional voter registration" blanks which Attorney General Waggoner Carr suggests that county assessors use for registering no-poll tax paying voters this month, are not being used here.

But, even though the registration is a pure rubber-stamp process here, folks are not breaking their necks to get to the courthouse to sign up for free. This was the word of Jean Lovelady, county assessor-collector whose chore it now is to sign up "free" voters along with her other duties. The number stood at "about

30" Wednesday with the deadline for the special free sign up period ending next Thursday, March 17.

"We had enough of these paid poll tax forms left over to register everybody here who will want to sign up for free," Mrs. Lovelady explains. "At least we figure we will have enough, judging by the slow response we have had so far. We had about 300 more than we needed, and we are just stamping these with the 'conditional' rubber stamp."

Of course Mr. Carr's suggestion for a fancy application

form was made as a means of permitting folk to mail in their applications. "But," explains a courthouse official, "if they gotta come to the courthouse to get the application, why not just register at the time and save all the bother?"

The form idea had come about partly because the FBI had entered the Texas registration picture. Carr figured that the application would make it impossible for anyone to go in for multiple registration in case anyone should be so crooked as to want to do so. The governor

Burglars Bungle Courthouse Job!

This is a man-bites-dog story. There have been numerous cases of somebody breaking OUT OF a courthouse, especially a courthouse that also houses the jail.

But did you ever hear of anybody breaking INTO a courthouse?

Well, it's happened here. The Bailey county courthouse has been broken into.

Seems that everybody goes home over the weekend except the prisoners on the top floor; they stay put.

But all officers and employees leave the courthouse during the weekend; thus the courthouse is without attendants except at those times when prisoners' food is being brought in.

So, sometime during the weekend, somebody or somebodies decided to try the courthouse for any loose money lying around. And the thieves figured that the tax collector's office ought to be the place that would have money — the collector collects, in other words, as one officer put it.

Accordingly, he (or they) drilled a small hole through the top pane of glass in one of the windows of collector-assessor's office and then broke out the glass and unlatched the sash.

Unfortunately for the burglar his efforts went for naught; the entrance led only to a store room which contained nothing

more valuable than printed forms. The money and even license tags were locked up in the vault.

So far as officers can discover, nothing in the office was disturbed. At least nothing is missing.

Except for the courthouse break-in, it was a quiet weekend, crime-wise, in Muleshoe. Sheriff's officers arrested one man for carrying a pistol. The city arrested one charged with drunk and disturbance, and a woman was arrested for fighting. The highway patrol landed one in the jail on a traffic violation.

Jaycee-ettes Plan Well-Baby Clinic

Muleshoe Jaycee-ettes will sponsor a "well baby clinic" for three Saturdays during March, April and May, it was announced Wednesday.

The clinics will be held in the halls of the courthouse on Saturday afternoons at a time when the courthouse normally is closed, Barabara Mills, publicity chairman, explained.

Shots for Polio, DPT and smallpox will be given free by Dr. Charles Pummel with the assistance of state health department nurses. The immunizations will be

given from 1 until 5 p.m. March 19, April 23 and May 21, and are open to all babies and children of pre-school age, according to Linda Lane, the Jaycee-ette president. Wanda Spain will become head of the organization in April.

"We hope that every parent will take advantage of this wonderful opportunity for free immunization of his child," Mrs. Lane said. "We are grateful for the help of Dr. Pummel and the state health department in making this possible."

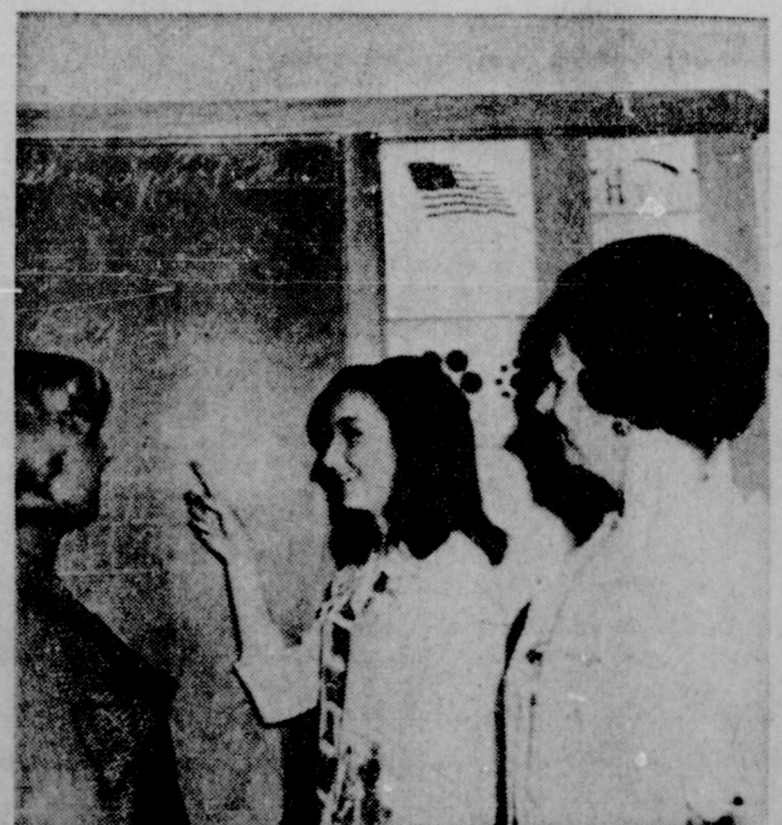

It's Parents' Week at School, So Teacher and Mama Discuss Junior's Grades

PARENTS AT SCHOOL — Muleshoe parents trekked to school this week in observance of Public Schools Week, and here are some of the scenes at senior and junior high school. Starting at the left, Mrs. Lloyd Haire looks over the science display her daughter, Babs Haire, has made. Teacher

watching is seventh grade science teacher, Mary Scoggin. In the second picture, Mrs. James Wallas and her son, Mark, look over some maps drawn for Texas history, taught by Lena Patterson. Algebra is explained by Georgeann Coleman to her mother, Mrs. Laura Coleman. Teacher is Mrs. D. B.

Lancaster. And in the picture at far right, Mrs. Roy Dyer looks over a skirt her daughter, Renee Dyer, has just about completed. Also examining the work is Wanda Newsom, a homemaking instructor. (Journal Photos)

 In his suggested application form, the attorney general suggested that such things we asked as the name of the applicant, his age, his sex and his occupation. Also it would ask such questions as how long the applicant has lived in Texas and in the county and in the town. It also would show where he was born and where he votes. It would give his home address and the form would be topped off with this sworn statement: "I understand that the giving of false information to procure the registration of a voter is a felony."
 But, regardless of how free voters apply for permission, they must do so not later than midnight next Thursday, March 17.

Grandma paid \$20.70* for a coast-to-coast call.

Now it costs you only \$1.00* after 8 p.m. and all day Sunday

In 1915 a coast-to-coast phone call cost \$20.70*. By 1934 the rate had been reduced to \$9.00. Today the same call costs you only \$1.00* if you place your call station-to-station after 8 p.m. or anytime on Sunday. And, it costs even less for shorter distances.

What's more, if your area has been converted to Direct Distance Dialing, you can use this fast, easy service to dial directly, at no extra cost.

Today, there's more reason than ever to use Long Distance for all its worth.

FBI 'Interference' Irks Texas Officers

By Vern Sanford
Texas Press Association
AUSTIN — Texas first big free voter sign-up is under way. But top state officials still are "fighting mad because FBI agents were assigned to procedures in selected counties. "It's an insult to every public official and every citizen of Texas," wrote Texas Atty. Gen. Waggoner Carr in a letter to U. S. Atty. Gen. Nicholas Katzenbach about the FBI check.

Gov. John Connally agreed and further charged the U.S. Department of Justice with intentionally "inciting trouble" among stormy state political factions.

A three-judge federal court granted Carr's request, for a 30-day stay of its order abolishing the poll tax as a voting requirement. Stay was granted in order to allow time to put the new registration law into effect. Therefore, the old poll tax requirement will apply through most local elections this month.

All indications are the initial 15-day free registration (March 3-17) is going smoothly. Interest varies from county to county. Intensive registration drives are under way in the major counties, with all factions trying to sign up more voters who reflect their own views.

Connally and Carr have called on local tax assessor-collectors, who are voting registrars, to provide as many sub-stations and deputies as necessary and to authorize all the overtime needed to assure the widest possible opportunities for voter qualifications.

This is in keeping with instructions of the federal court which conceivably could lengthen the 15-day period if it feels all voters who wanted to register were not given sufficient opportunity.

Carr, meanwhile, has appealed the poll tax invalidation order to the U. S. Supreme Court. However, few feel it will be reversed.

Reversing earlier intrusions, the attorney general said Texas over 60 years of age in cities of 10,000 or more who

education

Two Selected — Amarillo and Beaumont were selected as the sites for two \$450,000 pilot Mental Retardation centers sought by 20 Texas communities.

State Board for Mental Health and Mental Retardation said the cost will be shared by state and federal appropriations.

Other cities considered for the centers were Abilene, Austin, Brownwood, Dallas, El Paso, Galveston, Edinburg, Longview, Midland, Odessa, San Antonio, San Angelo, Tyler, Texarkana, Temple, Victoria, Wichita Falls and Waco.

Carr Speaks — A Childress County constable who accepted a \$1-a-day job as a deputy tax assessor-collector for a single day during the poll tax drive put on by the Junior Chamber of Commerce did not vacate his office, Atty. Gen. Waggoner Carr held in an official opinion.

In other opinions Carr concluded:

— A driver's license is automatically lost on felony conviction for driving while intoxicated, but is not so forfeited when a person is convicted of misdemeanor DWI and placed on probation (unless probation is revoked).

— Driver of a pickup, panel truck, carry-all or station wagon of 2,000 pounds or less capacity does not have to have a commercial operator's license even if vehicle is operated in combination with one or more trailers.

— Texas Water Rights Commission is governed by article setting \$1,500 maximum for water use permits (and \$200 top for additional use under same with Sulphur River Municipal Water District and City of Irving applications to take water from Cooper Reservoir).

— Workmen's Compensation law does not have permissive application to county-line independent school district (Goose Creek Consolidated ISD) under jurisdiction of a county having population of 1,200,000 or more unless it is wholly located or situated in the county.

— A warrant on Texas Water Rights Commission's appropriation to pay for paper used in printing special engineering report necessary to state water plan is a legal expenditure

Highway Improvement — State Highway Commission initiated plans to make U. S. Highway 271 a multi-lane facility from Paris northward to the Red River and the Oklahoma border.

Facility will connect with a multi-lane highway planned by the State of Oklahoma to extend southward from McAlester to the river.

Among other projects ordered by the commission was completion of a highway loop around the city of Lufkin.

Devil's River Bridge on U.S. Highway 90 west of Del Rio received the American Institute of Steel Construction "Oscar" at a commission meeting here as the best of its class constructed in 1964.

Courts Decide — State Supreme Court held for the geographical union in action requiring the Houston Chronicle and Houton Post to reset in their composing rooms advertisements placed by a local firm through a local advertising agency. Arbitration board held that "national" advertising does not have to be reproduced by the newspapers, but "local" advertising does.

Supreme Court turned down the appeal of Mayor Morris L. Newnam of Ranger to be included on the Democratic primary ballot as a candidate for state representative in the 63rd District (Eastland, Palo Pinto, Stephens, Callahan and Shackelford Counties). Lower courts held Newnam ineligible to run for the Legislature because he's now serving a term in a "lucrative public office." Actually, he draws no pay.

Policy Changes — Writing of general liability and automobile insurance policies will be changed by July 1. But the "average driver" won't be affected.

Big change will be introduction of a "jacket" plan which will be common to several types of insurance. Under the "jacket" plan, the agent will insert standard insurance parts, such as fire protection, auto protection, etc.

Basically, the change is designed for business enterprises rather than for individuals. Family policies will not be under the "jacket" plan.

Under the new method, "an insured now will be covered by liability for injuries to others arising out of his use as a passenger of a land public conveyance, such as a taxicab or bus."

A second area for increased protection is for "the insured's liability arising out of watercraft powered by outboard motors in excess of 24 horsepower."

Most significant change in the general liability plan as it relates to automobiles and other vehicles is that the policies will be written on a "per occurrence" basis with no additional charge.

Sulphur Lease Sale Set — An April lease sale for development of sulphur deposits on West Texas lands owned by the University of Texas was ordered by UT regents.

Regents will notify oil companies doing business on the lands, requesting a list of tracts

Sixth grade: Mary Lou Mercado (high) and Sandra Simpson, Larry Neutzler and Jerry Nichols, honors.

Seventh Grade: Denna Waltrip, Geneo Abbe and Johnny Ferguson; also Michael Sowler and Loyd Gibbs.

Eighth Grade: Kathy Hicks and Sam Fendley, high honors, and Joy Boyce and Chris Black.

Ninth grade: Chester Huff and Wendell Williams, top; Charles Abbe, Jackie Dupler

Tenth grade: Joy Eubanks and Perry Lynskey, high, and Gayle Gant, honors.

Eleventh grade: Julia Burkett, high, and Billy Dewbre and James Kindie, honors.

Twelfth: No high honors, and Sharyn Whitner, Doyleen Davis, and Heard, honors.

Johnny Harris and Linda Heard, honors.

An important 1919 book that did not make the bestseller lists was Robert H. Goddard's "A Method of Reaching Extreme Altitudes," issued by the Smithsonian Institution. Goddard described his rocket experiments, and closed with this prophetic remark: "It remains only to perform certain necessary preliminary experiments before an apparatus can be constructed that will carry recording instruments to any desired altitude."

Trophies Given For Volleyball

Eight trophies in the men's and women's division were given at the conclusion of the Lazbuddie Volleyball Tournament last week.

Receiving first place trophy in the women's division was Sherley-Anderson-Smiths; second — Be-Wize Drugs; third — Go-Go-Girls and consolation, Foster Fertilizer. In the men's division Muleshoe Wranglers took the first place trophy; S and S Dry Goods received second place; third, Sherley Anderson-Lazbuddie and Tom's Texaco; consolation, Lazbuddie P-TA cleared ap-

proximately \$650 from their tournament. The P-TA wish to thank all the tournaments and all who had a part in making their tournament a success. Also the FHA and Young Homemakers are to be commended on their work in the concession stand.

Lemons at Maple Enjoy Vacation Trip to Hawaii

By Mrs. Oran Reaves
MAPLE — Mr. and Mrs. J. T. Lemons left Friday by plane for a vacation in Hawaii. Mrs. Wayne George was hostess for a Stanley party in her home last Friday afternoon. Mrs. 790 Killingsworth, the Stanley Dealer, had charge of the demonstrations and the games. Refreshments were served to Mrs. Hugh Yeates, Mrs. Oran Reaves, Mrs. I. L. Kitchens, Mrs. Dawson, Mrs. Frank Griffith, Mrs. Buck Ragsdale, and Mrs. Bill Killingsworth by the hostess, Mrs. George. Mr. and Mrs. Boyd Killines were on a vacation in Arkansas. Mr. and Mrs. Foy Lewis and Marilyn spent Friday and Saturday in Odessa with their son and family, Mr. and Mrs. Charles Lewis, and their daughter and family, Mr. and Mrs. Jack Wright. Oran Reaves Jr. and Weldon Stone Denton, spent Saturday and Sunday in the home of Oran's parents, Mr. and Mrs. Oran Reaves. Mr. and Mrs. Byron Willis, Morton, attended church services at the Maple Church of Christ Sunday morning. Mr. and Mrs. Ted Simpson and children spent the weekend in Dallas with his brother and family, Mr. and Mrs. Jerry Simpson. Mrs. H. H. Vance, Buffalo, Mo., spent last week in the home of her grandson and family, Mr. and Mrs. Darrell Corkery.

'Impacted Areas' Program Praised

By Sen. John G. Tower
There are a number of ways in which federal tax dollars may legally and beneficially be channeled into education. Included are the land-grant-college system, the National Defense Education Act student-loan program, the "impacted areas" program has been a successful means of placing federal tax funds into education because it leaves in the hands of local officials all school operations and policy. Under the program, the federal government contributes to local districts — in lieu of taxes on federal property — funds to cover part of the costs imposed on those districts near federal installations. Districts near such things as military bases have additional costs because they are charged with educating many children from federally-connected families who would not otherwise be in the area.

Unfortunately, the Administration has asked for power to cut "impacted areas" education funds. This would affect 240 Texas school districts with the resulting loss totaling nearly \$14 million. Scores of school superintendents have expressed to me their view that vast damage will be done to our state's educational system unless this proposal is withdrawn by the Administration.

The Administration request would nullify congressional action taken only last year in which the "impacted areas" law was extended for two more years. Texas school districts had planned their budgets in good faith, expecting the promised aid to be forthcoming. It would be nothing short of betrayal to abandon these districts now. It would result in massive local tax increases.

Granted, there is plenty of waste in the federal budget, and there are places in which savings can be made. But we should not cut corners on our children's education. A federal government that professes so much concern for education should not do away with good, proven, cooperative state-federal education programs just so it can put the money saved into new, untried and often federally-controlled programs.

We need the state and local influence which operates in the land-grant college system, in the Defense Education Act loan program and in the "im-

pacted areas" program. And, we need to enact a federal income-tax credit for education expenses at all levels — elementary, secondary and college.

I have introduced an education tax-credit bill and am going to do everything possible to reverse the Administration's unwise attack on locally-controlled education.

Today's Meditation

By Bill Felt
The Lamb of God

In the Scriptures the word lamb is used many times and either in symbolism, or in reality. The Biblical teachings on the lamb are very precious, and in fact, are the very foundations of the Christian faith.

We find the lamb related to the very first man. It is believed by many Bible teachers that the lamb was the innocent animal whose life was taken in order that Adam and Eve might be properly clothed when God stripped away their aprons of fig leaves. Man's nakedness, shame, and sin are not to be covered by works of his own hands, but by the clothing (righteousness) which God himself has provided.

In the Book of Genesis we find that God demanded a lamb for a man. You will remember the case of Cain and Abel. Abel's sacrifice was accepted because it was a lamb, and that's what God had required. It wasn't that Abel was any better than Cain; it was simply that he brought what was required a lamb for a family. For God accepted him.

In the Book of Exodus, chapter 12, we find that the instituted the passover, which required a lamb for a family. For a family to be delivered from death, there must of necessity be the blood of the lamb on the door. It was not by their own goodness, but by the blood the acceptance with God was given.

In John 1:29, we read, "... He hold the Lamb of God, which

taketh away the sin of the world." John is speaking of the Lord Jesus Christ in this verse, a Lamb for the world. In the Book of the Revelation Christ is called the Lamb no less than 28 times in 22 chapters. Just as in the other cases given above, to be accepted with God, a person must claim the Lamb as his or her sacrifice for sin. Those who refuse God's way will find themselves as Cain and those others given in Exodus 2 who refused God's plan of redemption. Is Christ the Lamb who took your sin away? He is IF you claim Him as such. It is not by your own goodness or righteousness, but simply by faith in the shed blood of Christ that we are saved.
