It's with mixed emotions that teachers and pupils this week are viewing the end of another year, as, for example, Robby Youner and Mark Warren who are telling teacher, Marv B. Obenhaus farewell. (Journal Photo.)

# Industry-Seeking Boosted; Committees Get Work Plans

## 54 Members Attend Meet

Groundwork has been laid and committee chairmen are now familiar with their duties; now all that remains is "to compile factual information" for Muleshoe area industrial program.

This is the opinion of Harmon Elliott, chairman of Muleshoe Area Industrial Foundation (MAIF) which held a "highly successful" public meeting in the high school cafeteria Monday night.

Elliott was especially pleased that 53 of the 104 members of MAIF were present, together with several guests. The primary purpose was to present the proposed program of work to the various chairmen and their committees, and "to begin the task of compiling the different phases of information about Muleshoe and the Muleshoe area that will be used in 'selling' Muleshoe to the investing public."

After the initial program of work was presented and discussed by the group, suggestions were made by a number of persons including Jim Cox, membership chairman; Harold King, Dr. Charles Lewis, Neal Dillman, Earl Ladd Jr., Les Mills, Lee Pool, Gil Lamb, Vic Benedict and Thurman White.

In discussing the meeting, Elliott said he was pleased "by the considerable amount of enthusiasm from this group

who represented more than half the members of MAIF." He added that it is his belief that "the people of Muleshoe, through this organization, have decided to use this plan in getting our hat into the industrial ring."

The organization has 104 members, each of whom paid \$100 or more for his charter membership.

Elliott explained that "just as soon as this material is completed, plans are already made to move into other fields of action that will get us closer to prospecting for industry."

Another feature of the meeting included a discussion concerning "capitalizing on the magic that is in the name of our town - Muleshoe - and in advertising the memorial to the mule," Elliott explained.

The work of the organization, still in its embryo stage, is going forward under a number of committees. Heading these committees are:

Sites and buildings, Myron Pool; Financing, Ralph Douglas; agriculture, Robert L. Jones; City and county government, Irvin St. Clair; labor, Frank Ellis; Liveability factors, Jake Diehl; Taxes, Neal Dillman; Transportation, Robert Hooten; Utilities, Jeff Peeler, Water, Roy Whitt, and Municipality, Vic Benedict.

# Adams Given Boosters' Plaque; Swints Get Trip

Muleshoe honored its high school athletes last Friday night with a banquet, given by the Muleshoe Athletic Boosters, when Darrell Royal was the speaker.

To J. K. Adams, who has preserved as president of the organization this past year, went the chief boosters' award, a plaque, and to Joe Adams went the all-round athlete award. One of the unusual features of the dinner was the presentation of airplane tickets to Mr. and Mrs. Frank Swint to New York, dated for Aug. 13. That's the date that their son, Ronnie, will play football for the University of Texas Stars when they visit Hershey, Pa., a traditional pre-season game. Ronnie, incidentally, is the only Texas lad picked for both the high school all star game during the coaches' school Aug. 1-4 and the Texas-Pennsylvania tilt.

Anyone wishing to enter is asked to contact Ted Weaver, and persons or firms wanting to sponsor a girl should see Franklin Mann. Sponsoring fee is \$12.50.

Wilson the boys' basketball plaque, Dianne Wilson was given with a banquet, given by the Muleshoe Athletic Boosters, when Darrell Royal was the speaker.

The coaches were each presented gifts by the players and by the Athletic Boosters club. Receiving the awards were W. V. McAlpin, Duke Frisbie, Charlie Beaton, Derrell Oliver, Bob Graves, Glenna Harrison and Ronnie Jones.

# Second Primary Coming Up Soon

Airman Apprentice Leslie O. Howard, USN, son of Mr. and Mrs. Marion O. Howard, Muleshoe, is off the coast of Vietnam in the South China Sea aboard the attack aircraft carrier USS Kitty Hawk.

Mr. and Mrs. Sam Bradley and his father, R. A. Bradley, returned home Friday from Dallas after visiting relatives in Dallas.

Mr. and Mrs. Irvin St. Clair and Dorothy Matthiesen from St. Clair's left Sunday for Dallas to market. Going from Cobb's were Pet Wingo and Roger Albertson. All are due back Friday.

Ken Splawn, son of Mr. and Mrs. Howard Splawn, has been named a "senior senator" at West Texas State University, Canyon, effective next autumn. He is a junior, and a physical education major.

## 'End of School' Dance Planned

Muleshoe school ended this week, so an "end of school" dance has been announced for Saturday night from 8 until midnight.

The dance will be sponsored by Muleshoe Youth Center and will feature the Viscounts from Oklahoma City, according to L. T. Green who is winding up his term as head of the center. Tom Jones will become the new president.

Admission will be 75 cents for members and \$1 for guests.

ballot. Countywide, no runoffs were necessary.

Bass said only two voting places will be open for the June 4 second primary. Those living in commissioners' precincts 3 and 4 will vote at Enoch's at the gin; those living in commissioners' precincts 1 and 2 will vote at the election house on the corner of Ave. D and 2nd.

"Summer soldiers" and "sunshine patriots" threaten to dictate the election results June 4 by their conspicuous absence from the polls.

A poor voter turnout could mean that a very small minority of Texas citizens choose the candidates who will be governing all the citizens.

The June primary falls in vacation season and lots of voters may take a vacation from their duty as citizens as well as from their work.

Absentee voting for the second primary begins May 25 and continues through May 31, but the Memorial Day Week-end takes out one work-day at the courthouses where the county

## Miss Muleshoe Contest Set

Who's the prettiest girl in the Muleshoe area? Muleshoe Jaycees are seeking the answer to that question, and accordingly will stage a "Miss Muleshoe Beauty Pageant" Thursday, June 30 in the high school auditorium.

Prizes of \$100 will be given, and the winner will be entered in other area contests.

The contest is open to any girl in the Muleshoe area who has never been married and is between the ages of 18 and 26. Rehearsal will be held June 20.

Anyone wishing to enter is asked to contact Ted Weaver, and persons or firms wanting to sponsor a girl should see Franklin Mann. Sponsoring fee is \$12.50.

# Angeleys Moved West in Covered Wagons, Prodded by the Ever-Hungry Bollweevil

People moving west in the early days of the present century had many reasons for making their move, but for the E. A. Angeley family the lowly bollweevil was a factor - and a big one.

"We got eaten out by the little cotton pest back in the year 1912. He just about cleaned us out, literally, and we had to move. That's why my parents loaded the five Angeley children into a couple of covered wagons and headed farther west."

The speaker was Mrs. Bonnie Haberer, long-time Pleasant Valley resident. Occasion for the bit of reminiscing was the recent 59th reunion of the Olney graduating class of 1916.

Because when E. A. Angeley loaded his family into two wagons at Lipan he moved only 100 miles - to the thriving little community of Olney. And one of the children in the wagons was Bonnie Angeley Haberer.

"But Olney was a big city to us - or so it seemed. And that auditorium, My, my. What a whopper of an auditorium. Biggest thing I had ever seen in my life!"

Lipan incidentally, was located about halfway between

Stephenville and Mineral Wells. Although Olney was only 100 miles away, it was out of the bollweevil territory. "And that's what counted most," she mused.

The Angeleys lived a mile out in the country and most of the time they walked all the way. Only on rare occasions did their father hitch up one of the wagons and "drive" his brood to school.

Oh, yes, E. K. Angeley, who is also a pioneer of this area, was born at Olney.

Olney, remembers Mrs. Haberer, had a "big, big school, 12 teachers, mind you! For instance the eighth grade was so big that there was a whole roomful of kids.

"But dropouts were a problem then the same as now. I remember that there were 17 in my junior class, but the next year only seven of us graduated. In fact, only a small percentage of students ever finished high school back in 1916."

The curriculum included Latin, English, history and mathematics - four years of each one. "And I believe the curriculum should still include Latin," says Mrs. Haberer. "I know that in my travels, my knowledge of Latin has come in handy in try-

ing to figure out words I wanted to use in foreign countries."

On the other hand, Mrs. Haberer believes that physics - "is strictly for the birds so far as girls are concerned." In fact she will go further: "I think there ought to be a law exempting girls from taking physics."

But she considered it "a real privilege to go to school," explaining that cotton-picking in the fall kept the Angeley children out of the classroom for a month, "but the very minute cotton picking was over, we were back in school, and I never missed a day that I could possibly help."

The Angeley girls went in for basketball (see picture at right) and they had just about the finest team in West Texas. "We were what you could call the championship basketball team," Mrs. Haberer explained. And especially good was the Normal school team that we also played on; now that was a team! We played Graha, Archer City, Newcastle, Mebargel and some of the other nearby teams. And we were good, if I do say so."

Those seven members of that 1916 graduating class were a hardy lot, all of them are still living, and last month six of

the seven got together in Olney for a reunion. Among them was another Angeley, Virgie Angeley Bearden, Salem, Ore. Besides the two Angeley girls the class was made up of Ethel Wood Hams, Fort Worth; Alta Groves Douglas, Olney; Willie Leberma Wainwright, Olney, and Byna Roach Sweatman, Wichita Falls. All were present for the reunion except the last named.

Virgie Angeley Bearden taught the first school ever taught at Pleasant Valley. She was the wife of C. E. (Hap) Bearden, and old-timer who came here from Nebraska in 1907. Mrs. Haberer taught at Big Square and came here as a teacher in 1918.

The man who headed that Olney school back in the 1912-16 period when Mrs. Haberer attended school there, was I. G. Kennon, who still lives in Cleburne.

And another who was around back 50 years ago, was Miss Margarete Stevens, who taught English and Latin. She lives in Vernon.

"Miss Stevens," Mrs. Haberer recalls, "was a wonderful teacher. You knew you had something when you got through with one of her courses."

## Basketball, 1916 Version

This is how the well-dressed basketball player (girls' version, that is) looked when she took to the floor back in the 'teens'. This was Olney's pride and joy back in 1916. The Rev. and Mrs. T. G. Craft retires after 40 years ministry

### Rev. T. G. Craft Retires From The Methodist Ministry After 40 Years

Approximately 85 persons turned out with other well-wishers Monday night at the YL Methodist Fellowship Hall to pay their respects to the Rev. and Mrs. T. G. Craft. Mr. Craft, after being in the ministry for some 41 years will preach his last sermon Sunday morning at the YL Methodist Church and will then be retired from the Methodist ministry.

Following the cake and ice cream social, gospel music was provided by the Gospelairens and group singing was enjoyed which was led by Mrs. Kenneth Powell.

Bill Millen, chairman of the official board climaxed the evening by giving a brief talk about the pastor and his wife and how the church family would miss them. After which a table of gifts and love offerings were presented the honorees.

Mr. Craft joined the North Texas Conference in 1925 and was appointed to serve Gunter and McComb Methodist Churches. The following year, he was appointed to the Telephone Charge which had four churches. After fulfilling this appointment, Mr. Craft was appointed to the Blue Ridge Charge which also had four churches.

The next year took him to the Renner charge where he served as a student pastor while serving the four charges.

Entering Southern Methodist University in 1923 as a sophomore, he graduated from the college of Arts and Sciences of SMU in August of 1926.

About this time he married Ina Marie Ragsdale and then completed seminary with a Bachelor of Divinity degree.

In October of 1929 Craft, along with his wife, was transferred from the North Texas Conference to the St. Louis Conference in Missouri where they remained for eight years. Two of these years he worked in the Ozark country.

From 1932 to 1937 the Craft family was in the Delta Section of Missouri where he served Morley one year, Parma and Bernie, two years. He then received a church at Madlen for two years which had 750 members. Portageville, Mo. was the next stop where the Crafts stayed for one year.

Bishop John M. Moore in 1937 transferred from the St. Louis conference to the Missouri conference where he served Norborne for one year and then moved to a large church in St. Joseph and then back to the North Texas Conference. He served Van Alstyne for three years and was then transferred to the North West Texas conference.

Muleshoe independent School system; Mrs. Foy Landford, Greenley, Colo., and Truitt George, Scottsdale, Ariz., who works for a drug company. The Crafts also have two grandchildren; Betty Marie Langford, Greenley, Colo., and Kathleen Jennings, Muleshoe.

"After 40 years and seven months as a Methodist minister, says Mr. Craft, I come to the end of my preaching ministry while at YL and will wait for God to open a door for my entrance into further service".

"It now seems, adds Mr. Craft, more than one door has opened but I will let God lead me into whatever service He can best use me."

The Rev. and Mrs. Craft will make their home at 3714 39th Street in Lubbock where they are moving this week.

Dinner will be served at the church Sunday to be followed by music by the Gospelairens and other singing, according to Mr. Craft.

### Dr. K. C. Patzer Goes to Georgia

Dr. K. C. Patzer is spending this week in Atlanta, G., where he is attending the Grostic Research Presentations.

Mrs. Patzer and children accompanied Dr. Patzer as far as Alabama where they spent the week visiting the Dr. J. C. Chapman family.

Dr. C. Miller, Clovis, accompanied the Patzers and also planned to continue with Dr. Patzer to Atlanta.

For a ladies' lunch: top curried rice with crisp bacon strips and serve with broiled tomatoes and lemon-buttered broccoli. Pretty and flavorful platter!

Add grated orange rind to applesauce and use as a filling for pastry shells. Top with small scoops of vanilla ice cream. Delicious! If you like, you may heat the applesauce.

### Tonye Welch, Stephens' Student Attends Universite' de Dijon

Miss Tonye Welch, daughter of Mr. and Mrs. L. J. Welch, Muleshoe, will be one of six Stephens College students attending the Universite de Dijon, Dijon, France, for six weeks this summer. Six hours of credit will be given for these studies. This is part of the Summer French Study Tour sponsored by Stephens.

The Stephens students will leave New York City June 15, spend two and a half weeks touring France, study at Dijon, then stay six days in Paris before returning to New York Aug. 18.

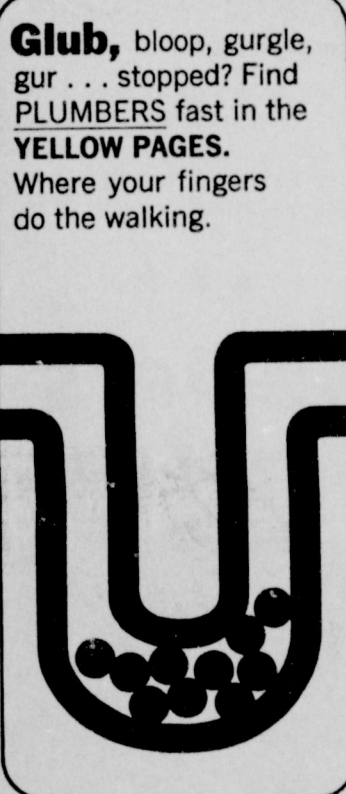

The tour of France, by chartered bus, will include visits to Versailles, Chartres, the Chateaux de la Loire, the famous tapestries of Angers, the Perigord country, Albi and its Toulouse-Lautrec museum, and Arles. The group will spend a few days on the Riviera, travel through the Alps to Chamonix and see Mont Blanc, Europe's highest mountain, and visit the famous chapel of contemporary artists at the Plateau d'Assy.

Classes at Dijon will be in grammar, composition, civilization, history, literature, art and special conversation classes for the Stephens group. Students will join the Universite's sponsored trips on three weekends and spend one weekend in Geneva, Switzerland, and another in Strasbourg, Germany.

While in Paris, the students will sightsee and attend plays, operas and ballets.

**Study Club Voices Opinion**

The following item was written by Mrs. O. N. Jennings in behalf of the Muleshoe Study Club in which Mrs. Ramon Martin is president. This is fifth in a series of articles sponsored by the P-TA.

People who know tell us we are part of all we meet and of what we read. Will Rogers, the great Sage, once said, "All I know is what I read". Both are wise and good, if we could go everywhere and read everything. But is it to our everlasting detriment if we see only one type of people, customs and beliefs or only one side of anything or question.

Remember the blind men examining the elephant. Imagine each ones description of one. None of them would have been correct. There is so much lude and degrading literature everywhere we turn it is frightening to think what it can do to our Nation and World especially the young who are misled by it.

Some claim it is knowledge that has been withheld from the public. This isn't true. They are getting only the ugly side presented in an obnoxious manner.

There is a beautiful side they know nothing of because they've never seen or read about it. There is good literature, if they will only look, that is both complete and correct that will cover this entire gargantuan, dangerous elephant into which they have made it. The whole elephant is both useful and beautiful.

We, the Muleshoe Study Club, believe measures should be taken to outlaw all types of pornographic literature that is flooding our news stands today.

## SPOKEN WORDS HAVE A WAY OF BECOMING DISTORTED

If you've ever tried to track down a rumor, or unscramble a piece of gossip, you know how elusive is the spoken word! Or maybe you've noticed that you can't quite recall that funny quip by your favorite radio or TV comedian, yet you have no trouble quoting a joke you've read. It's a natural thing with all of us. # Committee to Probe Needs School

By Vern Sanford  
Texas Press Association

AUSTIN — A blue-ribbon committee named by Gov. John Connally has adopted guidelines for long-range research into public school needs in Texas.

The committee has ordered a survey to determine if the local share of the cost of education is divided fairly.

Known as the Committee on Public School Education, the group has authorized studies in 128 districts over the state, including 30 with 12,000 or more schoolchildren.

Validity of the present economic index — relied on to determine contributions by local school district to the state-wide fund — will be measured carefully to determine how tax assessments compare with actual property value.

Overall study areas agreed on by the committee include:

Definition of educational goals, program evaluation, personnel matters, financing, administration, impact of the new federal aid programs, effect of integration on educational quality (with particular reference to problems of faculty desegregation), equity of local property taxes, problems of school size, merit salary plans, teacher effectiveness with varying pupil-teacher ratios, and methods of removing incompetent teachers.

A spokesman for the Texas State Teachers Association called on the committee to make an interim recommendation for another teacher salary raise next year, although the panel study is not due for completion until August, 1968.

TSTA is pushing for a pay boost of about \$60 a month to bring 120,000 Texas teachers to the national average (about \$6,506 a year), together with a built-in "escalation" provision in the state law to guarantee biennial raises keeping salaries up to the U. S. average.

Committee members displayed widely-varying reactions to the presentation by TSTA's L. P. Sturgeon. Chairman Leon Jaworski of Houston said adequacy of compensation will certainly be weighed by the study group, but noted other pressing state needs and necessity of exploring entire area of school finance.

Pay raises for teachers and state employees likely will be among top money issues before the Legislature in 1967.

Rural Votes Important — Rural voters were commended highly by Rep. James L. Slider of Naples for making such a strong showing statewide in the number of votes cast in the first primary.

In conferring with House Speaker Ben Barnes, Slider said he considered it of urgent importance that rural voters repeat this performance in the second primary to offset block votes of metropolitan areas.

"Their vote is now a matter of self-preservation, as well as responsible citizenship," he said.

Slider represents the predominantly rural areas of Cass, Marion, Morris and Titus Counties.

Colleges Looking Forward — Texas colleges are looking forward to June 1, when the building money boost approved by state voters last November actually goes into effect.

Voters approved a 10-cent per \$100 valuation state ad valorem tax to provide a method of payment for college building bonds.

They also approved broadening the number of schools which have the benefit of the building bonds from 12 to 17.

Oil Production Nipped — Eight straight months of steady increase in the oil allowable ended when the Railroad Commission dropped production for June back to 34.5 per cent of potential — compared to 35 per cent for May.

Under the June order, a maximum of 3,241,308 barrels a day can be produced, compared with the average at mid-May of 3,270,438.

None of the major purchasers appearing at the last prorotation hearings requested a bigger allowable for June. Three asked a cut.

Commission Chairman Ben Ramsey said Texas crude oil stocks increased 2,100,000 barrels in 1965, while national stocks declined.

Earlier, the commission was asked by oilmen and geologists to increase from five to ten the number of allowable discovery wells in new fields. Such wells can produce more than usually allowed and are exempt from monthly market demand factor.

On March 28 the commission had increased the onshore oil discovery allowable period from 18 to 24 months. Experts argued that the increasing number of discovery allowable wells would do more to encourage exploration.

Courts Speak — Court of Criminal Appeals ordered early sanity hearing for Jack Ruby, thus clearing the way for appeal of his death sentence for killing presidential assassin Lee Harvey Oswald.

Court reversed and ordered a new trial in the death penalty conviction of Robert Earl McIlwain resulting from a strangle — slaying of an Air Force sergeant at Amarillo last July.

State Supreme Court refused to order new sanity hearing before the second trial of Leslie Douglas Ashley for the 1961 murder of Fred Tones, Houston real estate man. Ashley's trial was slated to begin in Gatesville Monday.

Planting Deadline Extended — Cotton farmers in 25 Central and Coastal Bend counties were granted an additional 15 days —

until midnight June 4 — to plant rain-soaked fields.

Agriculture Commissioner John White extended the deadline for the following counties: Austin, Brazoria, Chambers, Colorado, Fayette, Fort Bend, Galveston, Gonzales, Harris, Jefferson, Lavaca, Liberty, Matagorda, Orange, Waller, Washington, Wharton, Bastrop, Caldwell, Comal, Guadalupe, Hays, Lee, Travis and Williamson.

McKinney Center Planned — Board of Texas Educational Foundation, Inc., operators of Gary Job Corps Center, voted to undertake direction of a Job Corps Center for Women in McKinney.

Plans for the center tentatively call for an enrollment of 500 girls in the facility to be developed at McKinney's abandoned Veterans Administration Hospital. Board authorized Gary Center Director O. J. Baker to work out details of the contract with the U. S. Office of Economic Opportunity.

A new \$14,000,000 contract has been approved for operation of the Gary Center through June, 1967.

Safety Improvements Made — Texas Highway Department initiated highway safety improvements amounting to \$4,600,000 during April in the continuing war on traffic accidents.

This brings to \$75,500,000 the amount of funds spent or obligated in the Department's current four-year, \$311,000,000 program to eliminate hazardous locations along the Texas highway network.

During April the Department received bids on 10 projects aggregating \$1,500,000 to be financed by the state. State crews began work on 31 other projects with a total value of \$566,000.

Appointments — Malcolm C. Lauderdale has been appointed superintendent of Mexia State School, according to Shervert H. Frazier, M. D., commissioner of the Texas Department of Mental Health and Mental Retardation.

Lauderdale has been with the Texas hospitals and special schools since 1950, serving as acting superintendent at the School since mid-April. He is leaving the Department's Central Office where he has been director of personnel management since 1964.

Seven officials have been appointed by Governor Connally to represent Texas in Chicago, June 13-14, at the first meeting of the Education Commission of the States. List includes: Dr. J. W. Edgar, Commissioner of Education; Paul Haas of Corpus Christi, member of the State Board of Education and of the Governor's Committee on Public School Education; John Gray of Beaumont, chairman of the Coordinating Board for colleges and universities; and Dr. Philip Hoffman, president of the

University of Houston.

Legislative members are Sen. H. J. Blanchard of Lubbock and Rep. R. H. Cory of Victoria.

SHORT SNORTS

State Securities Board reports that 69 corporations were issued permits to sell \$51,671,152 in securities in April.

Land Commissioner Jerry Sadler, Chairman of the School Land Board, has set the next oil, gas and sulphur lease sale for August 2, at 10 a.m. in the General Land Office.

Governor Connally approved grants to Community Action agencies in Houston, Waco, Wichita Falls and Galveston.

U. S. Small Business Administration already has loaned \$2,500,000 to 65 Texas firms this year, ranging from \$3,500 to a Jefferson concern to \$350,000 to one at Anahuac.

## Class Returning From Trip to New Orleans

By Mrs. C. A. Watson

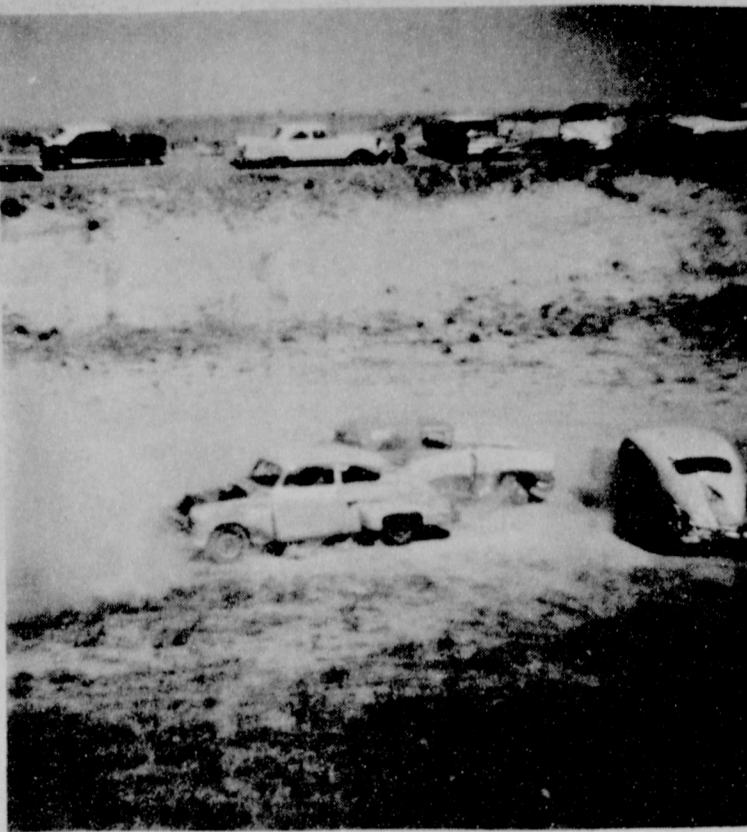

LAZBUDDIE — The Lazbuddie Senior Class is in New Orleans this week on their senior trip. Students are calling home saying they are having a great time. They visited Six Flags while in Dallas on their way to Louisiana. They are expected to arrive in Lazbuddie sometime Saturday.

Members of the eighth grade graduating class of 1966 were Debbie June Burch, Kathy Vene Coker, Terry Mike Scott, Roque Flores, Theresa Jean Seaton, Jane Williams, Leatrice Marie Gallman, Mickie Diana Broyles, Christine Denise Ivy, Linda Joyce Hodges, Pablo Mendoza, Joe Torres Jr., Stanley Ray Burreson, Vickie Rue Robinson, William Gail Morris, Darrell Gene Matthews, Larry Hodges and Monte Lee Barnes.

Escorts were Janice Seaton, John Jones, Belyne Steinbock and Scott Brown. The class motto was "If There Is A Way, We Shall Find It."

WON SEWING MACHINE — Mrs. Riley Goodnough from Lazbuddie was the lucky name drawn at the Harvey Bass Appliance Monday to entitle her to a new sewing machine. (Journal Photo)

DESTRUCTION — Muleshoe Jaycees held their first demolition derby for 1966 last Sunday on the Bill St. Clair farm. Cars ran for 15 minutes, then they were worked on for 15 minutes in an effort to get them back into the contest. Winner was Jerry Spies, driving for Combination Motors, first; LeRoy Higginbotham, Littlefield, second and the most destroyed, Terry Johnson. Next derby has been tentatively set for July 3 with eight cars.

## Park Gets Its First Homerun

Muleshoe Little League has blasted off its 1966 season, and first games in the new park in Morrison addition were played Monday. To Rand Baker of the Sox goes the honor of the first home run scored in the new park, says Nelda Merritt, records' keeper for Little League.

The game was between the Sox and the Cardinals, the former winning 5-4. Winning pitcher was Johnny Hayes and Danny Rodriguez the losing pitcher.

In other games, these were the scores: Sox 5, Mustangs 6 with a homerun by Baker in that game also.

Colts 4, Lions 3. Winning pitcher was Lee Wayne Clodfelter and losing hurler was Leroy Mitchell. Two home runs were made by the Colts — by Tommy Glass and Don Heathington, and one by Randy Fields of the Lions.

Lions 4, Cardinals 3. Winning pitcher was Randy Fields and losing pitcher Mike Riley.

A May 20 game between the Colts and the Mustangs ended in a 2-2 tie so must be played over.

Recent guests for the G.B. Salyer's were their daughter Linda Todd of Odessa and Mr. Salyer's sister and husband Mr. and Mrs. Herbert Jones of Wichita Falls.

# What's the best 5-letter word for fertilizer?

## And for cotton — NIPAK 45.

Get better cotton production and earn bigger profits. Sidedress your cotton with NIPAK 45 right now — for greater yield. (You may get more than the average \$6 return for every \$1 invested in fertilizer, depending on your farm. Experiment station tests averaged this.) NIPAK 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer —

which enables you to handle less fertilizer and cover more ground in less time. NIPAK 45 is uniformly prilled, too. It flows easily, won't cake, clog or corrode your equipment. NIPAK also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local NIPAK dealer about NIPAK 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

# Meet the "Hot Stick" brigade

In spite of constant improvements, service interruptions are at an absolute minimum in the territory served by BAILEY COUNTY ELECTRIC COOPERATIVE. Expert cooperative electricians use "hot sticks" to transfer high tension lines from one pole to another without interrupting service. In some instances, bucket trucks allow the linemen to handle these "hot" wires with gloved hands. Constant system improvements, continual upgrading of service with no interruptions... these are the aims of the electric cooperative crews. Your member-owned BAILEY COUNTY ELECTRIC COOPERATIVE with modern tools and techniques is providing a dependable, low-cost electric system that is helping Texas Grow.
