Mrs. Charles Lenau and Pam left Friday going to San Miguel de Allende, Mexico where they will attend art school. They will be there a month.

The J. K. Adams family are vacationing in several northern states and are going on into Canada before returning this weekend.

Guests in the Julian Lenau home are Mr. and Mrs. Elvin C. Smith and grandson, Ronnie. The Smiths are spending this week here. They are from Loreto, Tenn.

Mrs. Claude Faubus and Mrs. Bill Millen have returned from a three day stay in Lamar, Colo. They were guests of former residents, the Claudis Murrahs.

Karla McAlister, daughter of Mr. and Mrs. Billy McAlister, Olron, is visiting this week in the home of her grandparents, Mr. and Mrs. C. H. McAlister.

Jake Diel flew to Big Spring on business and returned Tuesday. He made the flight in a 180 Cherokee.

Bill Wimberly, Texas Sesame manager, left Muleshoe Flying Service Tuesday afternoon on a flight to Paris, Texas. Continued on Page 9

Two Arrested, Who's Who Series Keep Force Busy

A call from a distraught father and the swift action of Chief of Police Harold White and Patrolman David Cunningham foiled run-away plans of a local teenage girl and started a real who's who session for the officers.

In county jail are John Morgan, Oklahoma City, Okla. and Marvin Jackson, Altamont, Mo. ages 20 and 23 years (they think).

Saturday afternoon, a friend knowing of the girl's plans, called the father who immediately called Chief White. The chase ended in Farwell where the young men were apprehended. The girl returned to Muleshoe by relatives and the men lodged in county jail.

That's when the "Who's Who" session got underway! In the car they were driving, a 1966 Ford allegedly stolen in Okla. were checks from tanks all the way from Oklahoma City to Texico...made out and bearing an assortment of names, along with alias identification papers.

Officers began wading through the collection, running checks on the names and have eliminated all of them except Morgan and Jackson.

They are being held here and are under investigation by law enforcement officers and agencies in the two-state area.

Bailey County TB Advisory Council Organizes, Elects

Bailey County and Muleshoe officially joined the West Texas Tuberculosis Association with the organization of a county advisory council Tuesday morning and the election of Joe Harbin as chairman.

tendent of Bula schools, is the Bailey County board member of the 23-county association which was organized May 14. The Lubbock-Hale County TB association was dissolved at that time as the outgrowth of a need for larger and more comprehensive area coverage.

At the recent meeting here a group of representatives from civic clubs and organizations and county officials met at Paul's restaurant to form the advisory council for this county.

Mrs. Ella Herriague, R. N., assistant program director for the West Texas TB Ass'n. of Lubbock, was present to assist and advise in its organization.

Mrs. Herriague stated that the primary purpose of the association is the education of the public, as the incidence of tuberculosis is going up steadily. The detection mobile unit will continue to be operated in and by this area under the new association.

County Judge Glen Williams was elected chairman of the Christmas Seal Campaign, with Gil Lamb, Larry Hall and Neal Dillman, the publicity committee.

The Muleshoe Jaycee-ettes are to be in charge of volunteer workers with the mobile unit. Clubs volunteering services at the meeting included the Community Affairs com-

Crown To Adorn "Miss Muleshoe"

Tonight is the big night and the big question is...who will be wearing the "Miss Muleshoe" crown at the conclusion of the Jaycee sponsored event?

No less important to the small set will be the selection of "Little Miss Muleshoe", a contest sponsored by the Jaycee-ettes.

Both Beauty Pageants are being held tonight at 8 p.m. in Muleshoe High School Auditorium. Fifteen contestants have entered the pageant with six entries for the title of "Little Miss Muleshoe."

The local crown winner will be a contestant in the national

Miss Grain Sorghum contest held in Dimmitt, Miss LaNell LaFon presently holds that title. Robert Hooten will be master of ceremonies.

Entries and their sponsors are Pat Purcell, Nowlin Studio; Judy Elliott, First National Bank; Terri Wiedebush, Cobbs; Becky Camp, Sweetheart Lane; Patsy Angely, Western Drug; Sherri Smith, Plains Auto Parts; Pam St. Clair, St. Clair's Department Store; Magann Lamb, Muleshoe Study Club; Norma Beene, White's Auto; Sherry Robinson, Bovell Motor Supply; Karen Black,

Tri-County Savings and Loan; Linda Griffiths, Western Auto; Andra Kay Thompson, Fashion Shop; Rhonda Wagnon, Lindsey Jewelry; and Connie Connell, Muleshoe State Bank. Pictures of 13 contestants have been featured in the Journals, however, Karen Black and Connie Connell were out of town and not available for photographs.

Judges will be Bill Rogers and Effie Chapman, Amarillo and Mrs. Eddie Nickelson, Lubbock. Mrs. Nickelson, Miss Texas of 1953, will crown the pageant queen.

In the contest limelight for the wee beauties will be Becky Turner, daughter of Mr. and Mrs. Doyce Turner, who will be escorted by Randy Watkins, son of Mr. and Mrs. Glen Watkins; Laurie Young, daughter of the John Agees, will be escorted by Cam Hawkins, son of the Richard Hawkins.

Dusting Operation Underway to Rid City of Mosquitos

Action to rid the city of mosquitos began Tuesday morning, according to Albert Field, City Manager.

Lake areas and breeding places were covered with an application of BHC dust during the early morning hours. Morgan Locker made the aerial application while the wind was as calm as possible, however complaints were still registered. But... summing it all up... its dust and odor for a brief period after spraying or constant mosquitos.

Area covered included the lake area south of the Richard Hills addition and a weedy junk yard and lake north of the Cotton Compress. Another low place with standing water was east of Texas Sesame and another lake at the end of East 6th Street.

The U-Bar Minor League field was dusted as was the Morrison addition lake area where the Little League park is partially under water.

Drainage ditches along the route from the Lenau Addition to the Country Club and one located between the same addition and the airport were dusted.

July 4th Plans 'Hot'

Talent is lining up; fireworks are in; picnic baskets are being dusted off; and families planning reunions in Muleshoe this week, as final preparations are being completed for readiness for the big Monday 4th of July celebration here.

Bells will ring across Muleshoe as they will all over the USA as a part of a nationwide celebration of the Fourth of July.

Set for the annual event, of which Kenneth Henry is chairman, is preliminary talent competition at 2 p.m. in the high school auditorium, with deadline for entries set at that time.

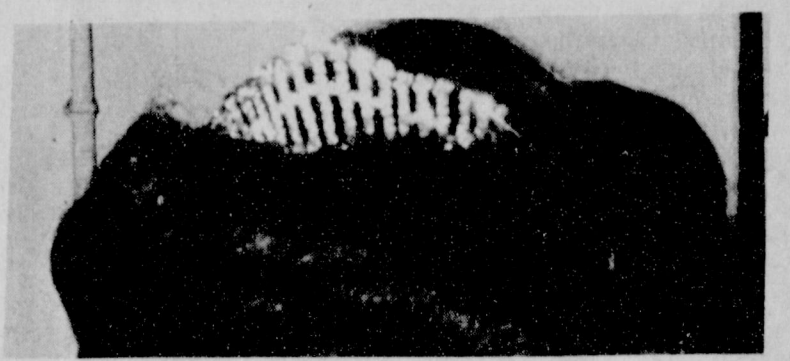

The old-fashioned family picnic on the football field grounds will begin at five, from which time music will be furnished and concession stands open. Everyone is welcome.

The special talent program contest will begin at seven. Patriotic songs and welcomes will be followed by the introduction of Miss Muleshoe (to be crowned tonight) and is to be followed by the beard-growing contest.

The annual fireworks-bigger and better than ever - will begin at nine that evening. The chamber of commerce furnished the gigantic supply of fireworks, which are ignited by the Bailey County Volunteer fire department under the direction of Chief Earl Ladd.

Rotary Officers Installed: Wives Were Dinner Guests

A dinner and installation ceremonies were held Tuesday, 7:30 p.m. at First Methodist Church Fellowship Hall for incoming officers of the Rotary Club. Rotary-Anns were guests. Approximately 65 attended.

Leasel Richardson directed singing accompanied by Mrs. Richardson as the piano.

Installed were John Crow, president; Doug Haynes, vice-president; Johnny Shelton, secretary; David Anderson, treasurer; and Harvey Bass, Sergeant at Arms. New direct-

ors are Robert Alford, E. T. Ford, Harvey Bass and Earl Harris.

Retiring officers are Robert Alford, president; Earl Harris, vice-president; John Crow, secretary; Doug Haynes, treasurer; and Harmon Elliott, Sergeant at Arms. Directors retiring are Olin Burrows, Doug Haynes, David Anderson, and Harvey Bass.

Frank Pollard, president of the Dimmitt Rotary Club delivered the keynote address.

Co-Op Grain Storage Plant Under Construction at Enoch

A one million bushel grain storage plant, costing an estimated \$180,000 is under construction at Enoch.

The storage plant, owned by the Farmers Cooperative Elevator Co. here, will serve the Morton Trade Territory, the south end of Bailey County and perhaps the eastern edge of New Mexico, according to H.L. Ward, spokesman for the company.

The new plant is technically known as a flat storage warehouse and is designed primarily for milo storage, but will also be used to store other grains.

Now in the fourth week of construction, it is to be receiving grain sometime in August, Ward said.

The project is situated on an 11 acre tract purchased from

the Byars estate.

An immense foundation containing 1100 yards of concrete, now nearing completion, will soon be topped by a plain steel warehouse extending 60 feet in the air. The steel structure, being erected by Plains Steel Builders, general contractors for the project will cover 37,240 square feet. In addition, two upright steel storage tanks will be on the same site. Each tank will have a storage capacity of 15,000 bushels of grain and will measure 24 feet in diameter and will be 45 feet high.

The entire project is being financed by stock subscriptions of co-op members and through cooperation with the Houston Bank for Co-ops.

Bob Janca to Assume Chamber Duties Aug. 1

Muleshoe will have a chamber of commerce manager about August 1, according to Chamber president Charles G. Lewis' announcement Wednesday morning following contract confirmation with Bob Janca at Seminole.

"We are very fortunate to obtain the services of Bob Janca, who comes very highly recommended," Lewis said in announcing the confirmation.

Presently employed as manager of the Seminole area Chamber of Commerce, Janca comes with a list of personal accomplishments and experiences including four years experience in Advertising sales, copywriting, publicity and public relations of KOPY radio in Alice, previous to his assuming managership in Seminole in February, 1965. He also has four years service as telegrapher-clerk and station agent for Southern Pacific and Missouri Pacific Railroads, Southwest Texas region.

An active civic booster, Janca has held all local offices in Junior Chamber of Commerce, and additionally was winner of the SPOKE award by the National Jaycees and winner of Tall

Texan award by Texas Jaycees. In 1962 he was Alice Jaycees' Jaycee of the year.

Janca was chairman of First Annual City-wide Fourth of July celebration in Alice in 1964.

Bob Janca

He is a director of the Chamber of Commerce Executive Association of West Texas; a member of the Community Service Committee, West Texas C. of C.; West Texas Tourist Ambassador.

The new chamber manager is married, has three children and a member of the Catholic church. He has completed his first year at Houston Institute.

Sidewalk Sale Slated Friday

In the early days, it was nothing to see merchandise along the board sidewalks in town. Now the sidewalks are no longer boardwalks, but the merchandise will be out in frontier day style Friday afternoon.

To name a few, some of the many, many items will be an old time remnant sale at Anthony's; paper dolls and color books for 1¢ at Western Drug; children's shoes at 98¢ at St. Clair's; sport shirts for \$1 at Cobbs; and zippers for 10¢ at Perry's. Johnson-Pool Hardware has a surprise sale slated from 5 to 8 p.m. that day.

The event is a promotion of the Retail Merchants Activities committee -- the "Go-Go" committee of the chamber of commerce. Chairmen are Mrs. J. Pat Wagnon and Lyndal Murray.

For that big event, merchants and their sales staffs will go old-fashioned, peddling their wares while wearing derbies, fancy vests, arm garters and may even button shoes (if anybody can find some).

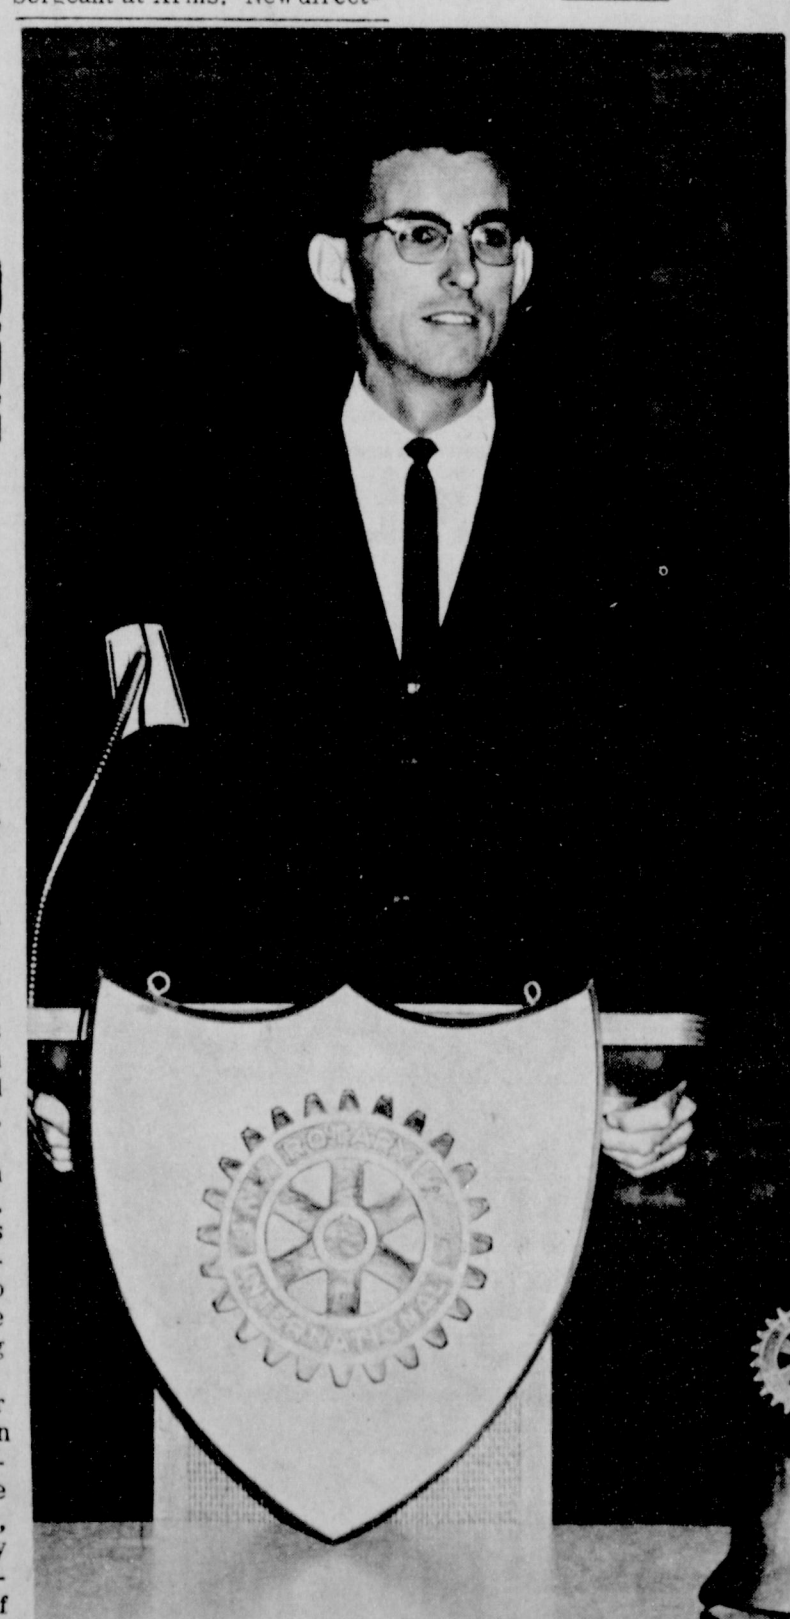

Mrs. Wagnon said the event will be a gala one, and she pointed out that prizes will be offered for the best costume worn by a sidewalk barker. She said: "We know we are going

to have one big, big time, and we are looking forward to the first event of its kind. But there will be others to follow, of that we are certain."

She said the sidewalk sales will start at 1 p.m. and end at 8 p.m. and merchants whose businesses are not on Main Street will be provided with space on the Main Drag if they desire it.

After the big event gets well under way, music will be provided also.

Dad, Mom and the kids all will enjoy the "Sidewalk Sale" this Friday.

Rotary President

John Crow was installed as Rotary president in ceremonies held Tuesday evening. Crow succeeds Robert Alford as president.

Area Wheat Harvest Bright, Prices Show Good Increase

The fields are drying rapidly from several spotted showers and wheat harvest in the Muleshoe area is tanding at the three-fourths to 80 per cent mark this week, according to agricultural experts.

An encouraging aspect of the already harvested and soon-to-be harvested crop - barring any hail damage - is the better price being paid this week at Muleshoe area elevators. Reports Wednesday listed wheat at local grain receiving points at \$1.75 to \$1.80 per bushel - approximately 45 cents higher than a year ago.

"The price of wheat since the start of harvest has continued to rise," observed a Bailey county elevator manager. Up from \$1.28 and \$1.30 in

1965, along with as good or better than last year, harvest profits in the Muleshoe and north of county area, this year promise to be unusually high; elevator operators agree.

"Substantially higher prices are forecast as the summer progresses, with one operator predicting flatly "wheat prices in September-October will hit the \$2.09 to \$2.15 mark."

"Fantastic," was the comment of one local operator, when comparing a 20 to 30 cent rise in wheat prices paid just ten days ago, listed at \$1.60, to the higher prices this week.

Reasons for the higher prices this year, are several. One was the extensive damage to winter wheat in the north-Great Plains of Kansas and

northward caused by unseasonable cold weather in the spring. Much of the damage there was done when temperatures fell into the teens for a wheat "freeze-out" and from dry weather in April.

Dumas and Etter country wheat hail damages were estimated by an Etter grain operator at a million bushels loss, one operator commented. The Plainview area had spotted hail and rain damage, also.

Additionally, higher market prices this year are due to the smaller governmental allotments on the market, by liquidation of the larger quantities of wheat held in storage elevators. The 80 per cent of parity export market, lay-out program, has brought government surpluses down. Also, another operator commented, thus putting the wheat prices closer to a supply and demand market basis.

Estimates at various grain receiving points in the area place yields at an average of 40 bushels an acre, some 15 to 27 per cent loss is estimated due to hail or rain damage.

North of Muleshoe on irrigated land, several yields were reported at 60 bushels or over. Bob Newman, of Lazbuddie, raised wheat for the first time this year on the Dee Clements place ten miles north off the Friona highway. His 17 acres yielded 60 bushels per acre. Others reported by operators netting higher yields included Royce

Turner, Bobby G. Free and Jack Bruns, among others.

Lack of rain this past season, along with the scattered rains and hail damage this month, have been countered by some beneficial showers and warm harvest weather.

The farm labor supply seems adequate, although custom combine operators are scarce in this area.

The wheat harvest office in Amarillo reports wheat harvest in the Panhandle in full swing and should be completed by July 3. Yields are running higher than were expected in all areas.

Reading Program Checkouts Tops

Muleshoe Area Public Library has been doing an extensive business during the month ed out the first 23 library days in the Summer Reading Program.

And "everyone is invited to come register - there is still plenty of time to join in - making reading a part of summer leisure time," was the comment expressed by librarian Anne Camp.

This is 240 books more than checked out in the whole month of June last year - with 2,995 big business then; 3,234 already with three more days remaining this month, when this comparison was made. Youth are responding to the call of books. Incentive for participation

Training Course To Be Given for Law Officers

Chief of Police Harold White announced today that he has obtained the "Training Key" service of the International Association of Chiefs of Police for his department. He plans to inaugurate and extend training programs for all departmental personnel.

The "Training Key" is a semi-monthly publication prepared by the Professional Standards Division of IACP and designed to assist law enforcement agencies to establish a training program.

Each issue presents the latest information on a single topic of vital concern to every police officer such as, Aggressive Patrol, Testifying in Court, Crime Scene Protection, Rescue Breathing, and other techniques and procedures of police operations.

More than a thousand enforcement agencies in the United States and Canada are presently using this training. "I am sure each individual officer and the community as a whole will benefit from our use of this professional police training aid," White said.

in the program is partially induced by the presentation of a Reading Certificate, offered by the State Library in Austin - and a badge of merit - upon their completion of 12 books.

YOU'D BE PROUD, TOO! If you could pose for a photographer with your fourteen two-week-old pups all squirming together to be near mother, Fay Word. The greyhound dam is owned by Mr. and Mrs. Alex Adams. (Journal Photo)

First-Time Mother Is Busy With Litter of 14 Fine Pups

When Fay Word "decided" to become a mother for the first time, no one - not even Fay Wordherself - ever dreamed she would give birth to not just uno, dos, tres - but fourteen!

Yes, the two-year-old Grade A greyhound dam, owned by Alex and Clay Adams of Muleshoe Kennels, is the mother of the largest known litter of highly pedigreed greyhound pups in this area. This is an abnormally large litter for greyhounds, with five or six up to seven or eight, being an average size, Jerry Gleason, local vet commented.

Even the kennel's trainer from El Paso, Grady Burleson, journeyed to Muleshoe and commented on this phenomenally large litter of 14 - one of the largest he's ever seen in these parts. Burleson is rated in the top three trainers in Juarez, Mexico, kennel standings. The light brindie mother of 14 has not yet run on the racing tracks, but she has proven a prolific mother. The proud father of the litter is Gerald M. of Temple, son of Happy

Yet, "a hardest running son." His dam (or mother) Headstrong is "one of the best producing females in America," according to the special Coursing Registration book. He also as a grade A (the top rating for racing greyhound dogs.)

Fay Word's dam was Melba T., a courser of Florida and Juarez tracks, and grade A also. Her father (or sire) was Rocker Mac.

The Alex Adams became interested in the greyhounds after Alex's father's dog Martha Sugarfoot, was brought to their Muleshoe farm several years ago. Martha Sugarfoot has grade A dogs racing now in Florida, Juarez and Massachusetts. Interest increased with each litter, and in December

of 1965 Adams bought out a kennel of 45 pups, about six months old. Now the kennel 10 miles southwest of the city is the home of some 70 dogs and 35 pups at present with more expected pups in the near future. The National Coursing Association at Abilene, Kansas, ac-

cepted the name of Muleshoe Kennels just this past April for the Adams' kennels.

There are 18 regulation size kennel boxes - complete with aid conditioning and heating, of course - for the dogs, numerous outside running pens are situated on the grounds which are all in the care of Clayton Smith, caretaker.

(Smith, incidentally, had never been around dogs before, but now he is a wonderful "Father-Rooster" type of greyhound keeper.)

Congenial with the greyhound racing dogs are three brood mares, two yearlings and three colts and a stud horse of the Adams' all thoroughbreds, too.

Cotton, hay and grain are also products of the Adams farm near West Camp, but these greyhound dogs, and the horses some too, seem to attract most of the attention and pride of the Adams. . .

And now - Fay Word and her 14 pups - are the "Star Attraction" of the Kennel Klan!

Darla Radcliff, Roy Criswell Are Married in Dora Church

Darla Jean Radcliff, daughter of Mr. and Mrs. Leroy Radcliff, Elida, and Roy Douglas Criswell, son of Mr. and Mrs. Weldon Criswell, Amherst, were united in marriage in the Dora Church of Christ June 17 at 7:30 p.m.

Stanley Newton, minister of the church, read the double ring ceremony before an altar decorated with tapers in three candlebra. Lynn Hays, Amarillo and Beverly Radcliff, Elida, lighted the candles.

Serving as maid of honor was the bride's sister, Teresa and Karen Osborn, cousin of the bride, was bridesmaid. They

were dressed in identical street length dresses of salmon-pink brocade satin, with matching shoes and hats. They each carried a long-stemmed white rose.

Rita Radcliff, served her sister as flower girl and Dennis Criswell, nephew of the groom was ring bearer.

Ronnie Spies, Muleshoe, was best man, and Don Criswell, Lubbock, was groomsman.

Teddie and Monte Radcliff, cousins of the bride, were ushers for the wedding.

The bride, escorted to the altar and given in marriage by her father, wore a formal floor

length gown of silk peau de soie, styled with fitted bodice and soft sheath skirt lavished with pearl re-embroidered Alecon lace. The back was finished with a double detachable chapel train.

The bride borrowed her veil from Mrs. Larry Hays. It was of silk illusion and attached to a headpiece of white flowers and leaves. She carried white roses centered by a white gardenia with ribbon streamers on a white Bible.

In the tradition of "something old, something new," the bride wore a new gown, something borrowed, her veil, something in blue, a garter, something

old, a white linen handkerchief made in Germany 25 years ago which belonged to her grandmother Radcliff. Inside her slippers she wore good luck pennies minted in the years of her own and the bride-groom's birth. The traditional gift from the bride-groom was a string of pearls.

The bride's mother wore a light tan sheath with black patent accessories and a corsage of salmon-pink carnations. The bridegroom's mother chose a navy blue dress with white accessories and a corsage of white carnations.

L. D. Hays, Mrs. J. D. Hays, Mr. and Mrs. Derrell Gains, Mr. and Mrs. Carl Allison, Mr. and Mrs. Wall and L. C. Gains sang "I Love You Truly" "Bless This House," "Whither Thou Goest" and the processional and recessional.

A reception was given following the ceremony in the Dora Community building. Miss Barbara Parkinson and Mrs. Ronda Spies served at the reception table.

The reception table was covered with a ruffled net over satin and featured a centerpiece of salmon-pink asters with a bride and groom and a crystal bowl held the punch. The cake was made by the bride's aunt, Mrs. Myrtle Hays.

Included in the houseparty were Mrs. Delma Graves and Mrs. Myrtle Hays and also aunts of the bride.

The bride chose a two-piece suit of salmon-pink linen with black accessories for a wedding trip and now are at home in Muleshoe.

The bride is a 1963 graduate of Dor High School and attended Lubbock Christian College. She was a member of Alpha Epsilon Chi Club and attended Jessie Lee's Hair Design Institute at Lubbock. She is now employed at the Main Street Beauty Shop.

The groom graduated from Muleshoe High School in 1962 and is employed at the Tide Products, Inc. in Farwell.

Out-of-town guests at the

wedding were Mr. and Mrs. Ronnie Spies, Muleshoe; Mrs. Herbert Hays and boys, Amarillo; Mrs. Maggie Hays, Mr. and Mrs. C. H. Hays and family, Mrs. Polly Wells, Portales; Mr. and Mrs. Don Criswell and family, Mr. and Mrs. D. Lamar Criswell, Mr. and Mrs. Charles Coulson and Tim, Lubbock; Mr. and Mrs. Prentice Holland and Debbie, Mr. and Mrs. G. V. Oxford, Mr. and Mrs. Weldon Criswell, Amherst; Mr. and Mrs. Hugh Alexander and sons from Eart; Mrs. Mozelle Rippee, Portales; Mrs. Pat Huisenger, Denver, Colo., and Dean Strange from Farwell.

Reunion Unites Class of 1951; Mrs. Whipple Visits Wagnons

A reunion of 1951 Muleshoe High School graduates was held in the Bob Kimbrough home Saturday afternoon. Attending the reunion were Mrs. John D. Whipple, Mrs. Clarence Mason, Mrs. Clifford Mardis, Mrs. Ed Nickles, Mrs. Joe Pat Wagon and the hostess, Mrs. Bob Kimbrough.

Mrs. Whipple, the former Billye Faye Graves, is visiting in Muleshoe with the Joe Pat Wagon family. Mrs. Graves' children, David and Dana are also here. Drew, another child is visiting in Hobbs, N.M.

Mrs. Whipple's husband, Capt. Whipple, is stationed in Viet Nam. The family is being transferred to Las Vegas, Nevada until Whipple will return to the states in August. Mr. and Mrs. Whipple were graduates of Muleshoe High School and Mrs. Whipple worked at the Muleshoe State Bank for several years.

If you are planning a wedding will you please let the Journal have your name and wedding date?

COMPLIMENTARY SUPPER--This is a crowd shot of the salad supper given for the Miss Muleshoe entrants and their mothers Tuesday night at the Muleshoe State Bank Community room. Hostesses for the affair were the Jaycee-ettes with Mrs. Terrel Johnson, chairman. (Journal Photo)

E. A. Parhams Attend Mayfield Family Reunion

By Mrs. C. A. Watson

It's Time to Dream..

Once again you are a young miss, alive with youthful radiance. Tonight you make your debut... Ah! There, your gown... surely the most lovely creation in all of the world... and the shoes... truly Cinderella must live again. Softly you brush your hair... a halo for your lovely young face. Would you like to recapture that night of long ago? 2nd Debut has a very special line-erasing formula, that goes a long way toward bringing back that youthful look! It makes your facial skin drink small but sufficient quantities of water... facial lines temporarily smooth out, as the water beneath the skin's surface pushes them upward out of sight. 2nd Debut-formulated with C-E-F 600 for normal skin-with C-E-F 1200 for double potency. Get it at your drug or department store today. ARRIVALS LTD., CHICAGO, U.S.A.

LAZBUDDIE--Mr. and Mrs. E. A. Parham attended the Mayfield Reunion Sunday in Anson. The gathering was in the Community Center. Approximately 150 relatives were on hand for the occasion. Mrs. Parham said they were from as far as Illinois and Calif., coming especially for the reunion.

Cynthia Harvey visited in Plainview last week with her grandparents, Mr. and Mrs. H. A. Harvey.

The 1966 senior class of Lazbuddie met in the home of Tonie Smith Saturday night for a party and to see movie films of their

senior trip to New Orleans. The group really enjoyed the occasion as surprise snapshots were shown of them. Roy Ham showed the film.

The Lazbuddie band, composed of Terry Parham, Gary Matthews, Kirby Burch and Troy Steinbock have settled on a permanent name for their band. They have named it the "Yellowjackets" and have had some attractive signs painted on their musical instruments.

Mr. and Mrs. Harley Etheridge and children have moved to Portales for the summer where he is attending school at ENMU. They will move to Briscoe early in the fall where Etheridge will take over the job as superintendent of the school there. He was former high school principal at Lazbuddie.

Gene Riddle, former head

coach of Lazbuddie has accepted the position as high school principal to take the place of Harley Etheridge.

Capt. and Mrs. Gary Henderson, Clovis Air Force Base, visited his aunt and family, the John Agee's two days last week. Capt. Henderson will be in Tucson in the near future in the medical profession.

Annie Cargie returned the first of last week from a trip to Dallas and Arlington. She saw "Six Flags over Texas" and visited friends and relatives during her trip. She was accompanied by her son and family, the P. E. Cargiles of Lariat.

Visiting the Bobby Broyles this week are the J. C. Broyles family from Wapanucka, Okla. The Bobby Broyles left Okla. The Bobby Broyles accompanied by the Ralph Broyles

family, fished at Ute Lake near Logan, N. M. recently. They caught about 30 pounds of real nice fish.

Mr. and Mrs. Tommie Hall Susan and Athena are visiting his mother, Mrs. Fred Gram and step-father, Mr. Graham this week. The Halls are from Utica, New York. Other guests in the Graham home are Mrs. Frances Moore and children, Renee and Johnny Mike from Corpus Christi. Mrs. Moore is a daughter of Mrs. Graham. Accompanying the Moores from Corpus Christi are the Russell twins, Patsy and Pattie, friends of Mr. and Mrs. Graham.

R. B. Burreson and son, Stanley, visited relatives in Waco last week. They also did some fishing. They fished at Lake Waco and Lake Whitney and the catch was real good,

Stanley said.

Mr. and Mrs. Pete Carter from Hollis, Okla. are visiting in the home of the Glen Carters this week. Kenny Carter, age 11, had been visiting in Hollis recently, and the Pete Carters brought him home.

Visiting the W. R. Broadhursts this week are their daughter, Geraldene and granddaughter, Dianne, from Canyon. Mr. and Mrs. Duley and Cindy have just moved to Canyon from New Mexico.

Jimmie Broadhurst, son of Mr. and Mrs. W. R. Broadhurst graduated from Norman College, Okla. last spring, has accepted a job as math teacher at John Manah school in Oklahoma City. Jimmie is a 1962 graduate of Lazbuddie High School.

Texas Farm Bureau Agricultural Market Builder Tour Scheduled

The Texas Farm Bureau will conduct a second Agricultural Market Builder tour of Europe Sept. 15-29, according to Walter Meyer, Waco, Farm Bureau Director of trade development. The TFB sponsored tour will include sight-seeing and marketing activities in seven countries in Europe -- England, Holland, Belgium, Luxembourg, Germany, Switzerland and France. At the end of the original tour, tours will be available on an option basis to Scandinavia, Spain and Portugal, and Italy. Tour members may choose to take a special one-day excursion to Berlin. Tour members will meet with farm groups and visit farming operations in the various countries as well as the traditional scenic attractions, they will visit some of the famous market places of the world--including Smithfield and Covent Garden in London, and the Grossmarket in Frankfurt. More than 40 persons have already signed up for the 2 week tour. According to Meyer, there is still space for some 50 persons on the tour. For those who are interested in details of the trip, a request for a brochure should be mailed to Walter Meyer, Texas Farm Bureau, P. O. Box 489, Waco. The group will fly via Pan American Airways from Houston and Dallas to London. They

will return Sept. 29. Cost of the tour is \$995. This includes all transportation, two meals a day, sight-seeing tours and tips. Other personal expenses are not covered by the tour fare. The first Market Builder tour conducted by the TFB was hailed as a great success. The tour led to the development of an export market in Europe for fresh, chilled Texas beef. This in turn initiated planning for development of export programs for Texas vegetable and citrus commodities. The market builder tour scheduled for this September drew this comment from Governor Connally. "As your Governor, it gives me pleasure to see the largest general organization of farmers in this state embarking on a second Agricultural Marketing tour. First and foremost, you are building friends for Texas. New markets will naturally follow if we will but use the same principles that have made our state the number one exporter of farm products in the nation. "Of course, Western Europe knows of our cotton, wheat and feed grain. But it needs to learn more about our canned and frozen food products, our poultry and turkey, winter vegetables, melons, citrus, flax, beef, pecans, peanuts, seeds and feed products, just to mention a few."

Proper Irrigation, Fertilizer Balance Increases Income

James Valliant, Water Engineer at the High Plains Research Foundation, announced that the 1965 cotton irrigation-fertilizer tests at the Foundation compared three irrigation methods each with thirteen fertilizer levels. The test was designed to determine the combination of irrigation methods and fertilizer treatments that would produce maximum yields and net return using minimum amounts of irrigation water. The most practical and efficient irrigation method in the 1965 test was that which was applied pre-plant, at first bloom and late mid-bloom stages of growth. The original planting of Paymaster III cotton was hailed out on June 2 and replanted on June 7. The test was conducted on the J. Frank Triplett Research and Demonstration Farm located five miles north of Cotton Center and eight miles west of Hale Center. The Foundation acquired the new 504 1/2 acre farm in January 1965. The three irrigation methods compared yields produced by different timing of irrigation based upon the water requirements for a specific stage of plant growth. The test was conducted on Pullman Clay Loam soil that was cropped to cotton in 1964. The seed was treated with a fungicide because of evidence of soil borne disease in the experimental area. All fertilizer treatments were applied at the time of the first planting. The phosphate

was liquid 11-35-0 applied band-three inches below the seed drill. Nitrogen as anhydrous ammonia was banded ten inches laterally and six inches below the seed drill. Conventional methods of cultivation were used in the early stages of plant growth. The plots were flame weeded two times and hand hoed twice. The test was harvested December 22. One thousand gram samples from each fertilizer level in the three irrigation systems were ginned at the laboratory gin at the High Plains Research Foundation at Halfway. Lint samples were analyzed by the Texas Research Laboratory at Texas Technological College and the U.S.D.A. marketing service at Lubbock, Texas. Valliant stated that, "The highest yields may be the result of using additional amounts of irrigation, fertilizer and other production factors." How much take home money was the main objective of the test. Research report No. 183 in the 1965 Research Report book of the High Plains Research Foundation includes cost per acre; cost of each fertilizer application per acre; lint yield per acre for each fertilizer level and the three irrigation methods; grade, staple, micronaire, loan price per pound; and the net return in dollars per acre for each of the above listed tests. The research project on fertilizer-irrigation on cotton was conducted by Dean Howard, Assistant Agronomist; James C. Valliant, Water Engineer, Loyd Langford, Associate Agronomist; and Howard Malstrom, Associate Soil Scientist of the Research Foundation Staff.

Life Magazine Will Feature Major Lone Star State Series

Texas is "a restless land of energy and opportunity, a place where a man can undertake almost anything --- and probably make it work." That statement will not surprise most Texans; they know it already. But it may be news to the many millions of Americans who read it this week as Life magazine begins a major two-part series on the Lone Star state. The two installments appear in the July 1 and July 8 issues, a total of 32 pages. This week's opening article includes 14 pages of four-color

photographs of Texas scenes. The second installment, in Life's July 8 issue, will concern itself with individual Texans who have distinguished themselves in various fields of endeavor. Life associate editor David Nevin, himself a Texan, wrote the text that follows the photographic story. It's titled "A shot by veteran Life photographer Ralph Crane, who spent seven months on the assignment. There are pictures of Dallas, Houston, Galveston, Lubbock, Corpus Christi, Tyler, Laredo, Gonzales, Anderson, Beaumont and the Big Bend country.

People Out For Stars, Not Peanuts" and in it Nevin describes the unflagging excitement and vitality "that sets Texas apart from the rest of the nation." "The frontier of Texas," he writes, "is still close in time, close enough to give the state a special flavor of self-reliance of freedom from the strictures of older societies -- a kind of tacit statewide agreement that what a man did or was yesterday counts for nothing against what he can accomplish today. "It is an atmosphere in which men can act. And the great pools of capital that come from oil gives them the capacity to act. These two bases of action interwork, each lending strength to the other, and make possible -- even expectable such coups as that of the Leid-

ricanes has begun to take its toll on the island, Locker said. The eye of the recent hurricane passed 45 miles to the west of Little Torch. Going back to Vero Beach, they picked up three Cherokees and flew them back, one for Neal's Lubbock training line; one to the Dimmitt Jaycee airport and the other to Fort Stockton.

Circleback Group Slate Reunion

The annual Circle Back community reunion will be held Sunday, July 3 at the Circle Back Baptist Church. Activities will begin with Sunday School at 10 a.m. followed by the church service. Each family is to take a basket lunch to be spread at noon. This reunion was first held in 1948 and has been observed each year since that time. Charlie Damron is president of the reunion organization and Mrs. Damron serves as secretary.

Robert Otwell, Tacoma, Washington, is spending the summer here in the home of his father and family, the Jerrell Otwells. The Otwells spent the weekend at Burleson Lake. ***

the brothers who were able to gain controlling interest in United Gas Corp." The Life article is not completely uncritical of Texas. "Out of a population of 10 million, 800,000 are functional illiterates," the magazine says, "and a million workers earn less than the \$3,000 that the federal government considers the poverty cutoff. In south Texas, heavily Mexican-American, more than half the people are living below the poverty level. Minor minuses Life found include the fact that "there are few nightclubs or good restaurants in all of Texas and the state liquor laws are puritanical." Yet, with it all, Life says, "the old excitement of the frontier becoming the present still grips Texas; the action is faster than it has ever been. The nights sparkle with the lights of great cities. The days are rimmed with a huge sky."

Muleshoe Senior Citizens met Monday afternoon in Fellowship Hall of the First Methodist Church. Bill Moore was in charge of the meeting. Some 50 attended and participated in singing, and games and heard a number of poems read. Refreshments were served.

Few Arrests Made In Bailey County

A check of local law enforcement blotters revealed another quiet week with Bailey County Sheriff's office arresting one for drunk and two for no driver's license. One was picked up by the Highway Patrol for drunk and in addition to two arrested and held for investigation see story--this page) three were picked up for minor possession.

Pre-School Children Registration

Registration will be Friday July 1 at Mary DeShazo School for all eligible pre-schoolers, and first and second grade retainees of the Muleshoe Schools. Parents are invited and encouraged to bring their children or ride the buses with them on the first day, July 1. There will be no school on Monday, July 4. Four buses will run in the rural areas. The bus run the first day will be more or less a test run in routes. Changes will probably have to be made after the first day or two. The teachers, nurse and administrators will have a week of orientation beginning at 8:30 a. m. Monday, June 27, at the Mary DeShazo Elementary School. Staff members for the summer program are: Ralph Stevenson, coordinator, Elizabeth Watson, supervisor, Mrs. Tiller, nurse, Mrs. Mabel Wolfe, Mrs. Jesse Fox, Mrs. D. L. Thompson, Miss Susann Davis, Miss Mary Sanders, Mrs. Lamond Lane and Mrs. Glen Wiloughby, teachers. The teachers and Elizabeth Watson observed the Head Start Program in three of the Lubbock Schools Tuesday.

Locker Returns From Florida Business Trip

Morgan Locker returned Sunday from a combination business and fishing trip in Florida. Accompanied by Roy Neal, Lubbock, and Bill Hargis, Ft. Stockton, flew to Dallas Tuesday by private plane then took the noon flight to Orlando, Fla. They were met there by Howard Piper son of the founder of the Piper Industry, and were flown to the airplane plant at Vero Beach. The trio picked up an airplane and flew to Tarpon Springs north of Tampa on the west Gulf Coast. While there, they toured the Stamas Boat factory, for which Locker is a dealer. Tarpon Springs is a Greek settlement, Locker said, and the inhabitants are congenial, hard working people and are expert deep sea divers. Much of their livelihood was dependent on sale of sponges before synthetic sponges cut the natural market down severely. Some of the Greeks are said to be able to go down about 125 feet under water and remain for 4 or 5 minutes. They flew on to the Keys and stayed several days at the Locker resort home on Little Torch Island, and spent most of the time fishing and catching lobsters. Recent hurricane damage there was slight, however salt water damage from earlier hur-

HYMNS FOR SPEEDERS

JOHANNESBURG, South Africa (AP) - An Anglican clergyman has suggested suitable hymns for drivers who have the urge to speed.

The Rev. Gerald Short, editor of the "Vineyard," official organ of the Anglican Diocese of Natal Province, proposed:

At 75 miles an hour: "Nearer, My God, to Thee."

At 85 miles an hour: "When the Roll is Called Up Yonder, I'll Be There."

At 95 miles an hour: "Lord, I'm Coming Home."

According to figures recently published here, South Africa has one of the highest highway accident rates in the world.

Scout Troop Takes Awards

Boy Scout Troop 620 under the leadership of W. H. Elrod, Scoutmaster and Hershel Parker and Ken Duncan, assistant scout masters, returned home Saturday from a six-day camp at Post where they received several awards.

David Parker and Lance Puckett were given merit badges for their mile swims. Also David received his pro marksman and rowing and Lance received his rowing, pro marksman and life saving. Ronnie Cawthron received his marksman and archery; David Gupton, marksman, rowing and swimming; Neil King, rowing in second class requirements; Herbert Hinkley, nature; Clay Barnett, swimming and rowing; Mike Duncan, rowing; Donald Puckett, rowing; Mike Tibbetts, wild life management, nature, conservation of natural resources and assistant scout master. Ken Duncan received the certificate for safe swimming supervision. John Garth and Paul Bell, their badges for rowing in the second class requirements.

Scouts making the trip were Mike Tibbetts, Paul Bell, Ronnie Cawthron, Lance Puckett, David Parker, Herbert Hinkley, John Garth, Mike Duncan, Neil King, Donald Puckett, David Gupton, Clay Barnett and the adult leaders.

PLAQUE AWARDED--Senator John Tower and Bob Price, Candidate for Congress, presented Henry Hertner, Amarillo, a plaque in recognition of the Alibates Flint Quarry as a national monument.

Atomic Energy Used to Test Soil Moisture and Storage

MCGREGOR--There's a fascinating machine here that uses atomic energy to measure soil moisture.

Agricultural scientists at Texas A&M University's Livestock and Forage Research Center, McGregor, are using the rig--and they say it's providing many needed answers about soil moisture storage. It's just another example of what a sophisticated science agriculture has become.

The rig sends neutrons out into the soil. By the number that bounce back into a neutron trap, soil moisture can be accurately recorded, says G. W. McLean, A&M researcher in charge of the tests.

The process looks simple enough. Seamless steel tubes about one and one-half inches in diameter are driven some five feet into the ground. At McGregor they have about 200 of the tubes scattered over the station.

Then, a probe containing beryllium-fluoride is lowered into the steel tubes. The beryllium-fluoride releases neutrons in all directions in the soil. Neutrons are tiny, about one-billionth of a millimeter. They travel out at the speed of light until they hit something, bounce back and are captured in the neutron trap in the probe.

According to McLean, if a neutron strikes something in

the soil smaller than itself, it will not bounce back into the trap. If the neutron strikes something much larger, it will bounce back too fast to be caught -- it passes on through the trap.

However, the neutrons that hit something of nearly equal or slightly larger mass, bounce back more slowly and are captured in the trap. These are the ones that are counted.

The captured neutrons mainly bounce back after hitting a hydrogen ion. Water is the main source of these hydrogen ions. Thus, the more water in the soil the more hydrogen ions. And the more neutrons bounding back slowly enough to be captured.

The number of neutrons captured are measured and record-

ed. This, then indicated the amount of soil moisture.

The rig costs about \$1,600-- probably not practical for everyone to have one. But the A&M researchers cite one especially practical use it has-- it can tell you exactly when to irrigate. It measures the moisture at various depths and eliminates any guesswork.

It has many other uses valuable to the A&M researchers. McLean says it gives an inaccurate record of moisture use of different crops -- some use more than others. Also, it gives a record of moisture used by different crop rotation systems.

Four Muleshoe Student on Dean's Honor Roll

PORTALES (Special) --- A dean's honor roll listing 442 students has been announced for the spring semester at Eastern New Mexico University by Dr. Gail Shannon, dean of academic affairs.

Heading the list are 47 students with a 4.0 or straight "A" average. The top-ranking students include 147 seniors,

98 juniors, 88 sophomores, 108 freshmen and one special graduate student.

Students at Eastern are graded on a 4-point scale with an overall average of at least 3.25 necessary to be on the dean's list. Honor students must also be enrolled for credit in 12 or more semester hours of study during the term.

Muleshoe students on the list are Janell G. Byrd, freshman; Maxine H. Carter, senior; Ellen Jo Glover, junior; and Vera L. McKillip, junior.

Pre-Holiday Crash Derby Set for Sunday

A big pre-fourth of July Destruction Derby will be held Sunday afternoon at 2:30 o'clock at the Bill Jim St. Clair farm, three miles east and 1/4 mile north of Muleshoe Bill Dale, chairman of the Muleshoe Jaycees announced.

The derby, second of the season, will feature some of the area's best drivers. Admission will be \$1 for adults and 50 cents for children.

Winner will get \$100, and second place will get a trophy. A trophy also will be given the "most demolished" automobile and \$10 will be paid the owner of the first car to turn over. Jaycees will have a concessions stand.

Impounded waters from the Aswan High Dam are expected to flood the Nile River at Abu Simbel Aug. 15. Statues and temples are being cut into sections as big as 19 tons for re-assembly in a safe place 212 feet higher, above the doomed site.

The chickadee fluffs its feathers into a mass of down during zero weather, creating hundreds of tiny air pockets for insulation.

The longest ride on the world's smallest subway lasts only a minute. It is from the Capitol in Washington to nearby legislative office buildings.

Scientists say it would be improbable, from a statistical standpoint, for life to have appeared only on Earth.

Rites Conducted For Mrs. Burris

Funeral services were conducted in the Assembly of God Church Wednesday at 2:30 p.m. for Mary Louise Burris who died in the Plains Memorial Hospital in Dimmitt after she was struck by a car near Dimmitt Sunday. She passed away at 9 p.m.

The Rev. J. W. Farmer, pastor of the Assembly of God Church and the Rev. R. V. Luna, Andrews, officiated at the services. Interment was in the Bailey County Memorial Park.

Pallbearers were C. W. Stallings, Doyle Trapp, Delbert Watson, Hoyt Eubanks, Loe Watson, W. T. Watson, Boyd Magby and Luydott Magby.

Mrs. Burris, 35, was born in Millersville, Jan. 22, 1931 and was married to Floyd Burris Nov. 14, 1952 in Clovis, N.M. Other survivors include Tommy, Kathy, Donna and Shirley of the home; her parents, Mr. and Mrs. E. F. Simpson, Clovis; Grandparents, Mrs. and Mrs. L. E. Simpson, Pecos, and Mr. and Mrs. A. L. Bridal Fashion Do's and Don'ts

NEW YORK -- A wedding is a happy occasion, but the countless dos and don'ts of bridal fashions can cause confusion and weddingday fidgets. Here are a few tips to smooth the way:

At a formal wedding all the attendants should carry flowers that reflect the wedding motif and in soft colors that complement their gowns. Everything should be understated so that the bride will stand out.

Although short dresses are quite proper, mothers will be more distinctive in floor-length gowns and long gloves. And the mothers' corsages should be without ribbons, usually each mother's favorite flowers.

She should have someone "start" her train when she goes down the aisle. And she should remove the stitching from the ring finger of her glove so that her wedding band can be slipped on without removing the glove.

For an informal spring-summer wedding the bride might choose a street-length dress in off-white or pastel, although a long gown is not improper if she prefers this. Her veil, if she wears one, should be short and her bouquet small.

Her attendants should wear street-length dresses, short gloves, little jewelry and small hats. It is smarter for their shoes to be darker or lighter than their dresses -- not dyed to match.

corted by the son of Mr. and Mrs. Gordon Wilson, Danny, Pam Young, daughter of Mr. and Mrs. Jack Young, will be escorted by Bryan Peeler, son of the Buddy Peeler and Michelle Agee, daughter of the John Agees will be escorted by Cam Hawkins, son of the Rich-

Hansen Assumes M'Shoe Wildlife Refuge Duties

Keith Hansen, new manager of the Muleshoe Wildlife Refuge south of Muleshoe, has been transferred here from Laguna Atascosa National Wildlife Refuge, San Benito, Texas, in the Rio Grande district.

Hansen replaces Melvin Evans, who with his wife and baby son, left June 1 for Oklahoma.

Originally from Amalga, Utah, Hansen graduated from Utah State University, Logan, Utah, in 1959, with a major in wildlife management. He is a Lion Club member.

Hansen and his wife, Carol, are the parents of four children; Debra, age 10; Neal, age 9; Scott, age 7; and Susan, five of the Latter Day Saints church.

Upon college graduation, Hansen received his first assignment for Wildlife Service and was at Salt Plains, Jet, Okla. From there he went to Hagerman Refuge at Denison, and then to Havasu Lake Refuge, Parker, Arizona. Ouray Refuge in Vernal, Utah, was his assignment prior to the Laguna assignment.

Mrs. Kenneth Henry is chairman of the "Little Miss Muleshoe" contest in which each contestant will receive a gift.

An appreciation dinner is scheduled in the community room of the Muleshoe State Bank at 6 p.m. Thursday for contestants in the Miss Muleshoe Pageant and their mothers preceding the contest. Mrs. Terrel Johnson is chairman of

The president and the secretary-treasurer of the Lamb County Historical Survey Committee were guests at Monday's meeting of the Bailey County historical group here.

Mrs. T. L. Matthews and Mrs. W. H. Rutledge, respective officers of the neighboring historical group, gave a report of the two-region meeting held in Canyon, as well as a report of the West Texas Chamber of Commerce meeting they attended recently.

Cecil Davis presided at a business meeting, with discussion of historical pamphlets; possible future marker sites in the county, and historical research as major items of business.

Reports in preparation for presentation to the United Fund Budget and Admissions committee were discussed.

The group meets the third Monday of each month.

LBJ' Luci Declines Local Offer

In answer to her letter of last month offering her personal services at the forthcoming wedding of Lyndon Baines Johnson's daughter, Mrs. Spencer Beavers received the following letter here Tuesday:

"THE WHITE HOUSE" Washington

June 24, 1966

Dear Mrs. Beavers:

For Luci Johnson I would like to thank you for your letter concerning plans for her wedding. She and her family are appreciative of your generous wish to be of service on this important and meaningful occasion; however, as other arrangements have been made, we are unable to accept your kind offer.

With best wishes,

Sincerely, /s/Bess Abell Social Secretary."

Mrs. Beavers plans to hand the letter, already framed on the day of its receipt, by the desk at Beavers Flowerland.

The club, sited at nearby Rootie, will be called Stella Maris. Accommodations will include 40 bedrooms, a ballroom, chapel, restaurant, bar, lounges and games room. Most of the cost will be met by voluntary subscriptions.

The Sandhills Philosopher

Editor's Note: The Sandhills Philosopher on his Johnson grass farm takes a certain look at human nature in his letter this week. The ideas are his, not ours.

Dear editor: I don't know how it happened, but I was sitting under a tree out here on this Johnson grass farm yesterday afternoon and looked up and saw a newspaper floating down, must have fallen out of an airplane although it's the first time I've known it to happen, and I kept my eyes on it as it drifted down and memorized where it landed and after I got through resting walked over and picked it up.

According to the main headline on the front page, President Charles DeGaulle of France had just landed in Moscow for a visit with the Russian leaders, but what interested me was his first statement as he got off the plane.

"The whole universe," he said, "knows what importance is attached to the visit I am about to make."

I asked a neighbor what importance he attached to it and he said, "Who's DeGaulle?"

This got me to figuring, and I estimate you can safely say there are hundreds of thousands

of Americans who don't know who DeGaulle is or didn't know he had landed in Russia, there are millions of South Americans in the same shape, millions of Russians, hundreds of millions of Asians and practically all of the Eskimos.

What it boils down to is a notion that the visit of DeGaulle looks bigger to DeGaulle than it does to the universe.

However, I suppose, and this makes him human which he wouldn't like, he about like the rest of the race. Exaggeration is a fundamental trait of the human animal.

For example, when a teenager tells another teenager she'll never speak to her again, it means four to five hours, unless her telephone has been taken out.

And when a woman says, "I'll tell you one thing," get set for fifteen or twenty.

Yours faithfully,
J.A.

Fertilizer Use Down in Texas: Cotton Acreage Reduction Cause

COLLEGE STATION--Fertilizer tonnage purchased in Texas during the spring planting months of March and April was down compared to the same period last year.

Total for the two-month period was 264,594 tons, compared to 306,646 tons used in the same period in 1965, according to C. D. Welch, Extension soil chemist at Texas A&M University.

Reduced cotton acreage allotments and a lag between sales and reporting the sales, account partially for the lower tonnage figure, explains Welch.

Welch also reports Texas' five state laboratories analyzed 7,194 samples during the same two months period. Of these, tests were run on 191 out-of-state samples. The five leading counties sending in samples were: Wharton 228, Harris 218, Houston 194, Matagorda 143, and Hale 123. The A&M laboratories at College Station ran tests on 3,009 samples to lead the reporting laboratories in number of samples processed.

The soil chemist says as rates of nitrogen, phosphorus, and potash are increased and fertilizing becomes a regular practice, micronutrient deficiencies appear more often. If deficiencies are suspected the county agricultural agent can help detect the symptoms, and prevent the deficiency from appearing in future crops.

Spraying plants with dilute zinc sulfate, iron sulfate, or chelates should correct a zinc or iron deficiency with a week, Welch says.

Troops Attend Camp At Post

Troop 634 attended the camp
 at Post this past week and came
 home with several winnings.
 Making the trip were Johnny
 Raney, Race Harris, Alford
 Bleeker, Tommy Clements,
 Tommy Glass, James Slaught-
 er, Randy Burrows, Wesley
 Hufford, Earl Ladd III, Delmer
 Bleeker, Benny Causatte, and
 Silas Short.
 Working on their second class
 were Tommy Clements, Tommy
 Glass, James Slaughter, Randy
 Burrows, Wesley Hufford, Earl
 Ladd III, Delmer Bleeker, Ben-
 ny Causatte, Larry Shafer and
 Scott Bliss. Royce Harris and
 Alford Bleeker passed their
 canoeing and rowing. Johnny
 Raney passed his nature and
 Silas Short reserved his entire
 scout masters training session.
 Each scout attending received
 their nature bead.

The scouts will not meet for
 their regular meeting this week
 but will meet the following week
 for election of officers and will
 also have a board of review.
 Pack 622 enjoyed swimming,
 riflery practice, cookouts and
 evening campfires at Camp Post
 the last week. Making the trip
 from this pack were Les Glo-
 ver and Steve, Willard Tibbets
 and Hal and Bob Bliss and Todd.
 Troop 633 also attended the
 camp. David Cook, Brent Black-
 man, Frank Ellis, Mark
 Edwards, Billy Wimberley and
 Roland McCormick represented
 this troop.

APPEAL IN SPAIN

MADRID (AP) - Two Spanish
 Roman Catholic leaders, Bishop
 Mauro Rubio Repules of Sala-
 manca and the Rev. Amadeo De
 Puenmayer of the Pontifical
 University of Pamplona, have
 urged revision of Spain's 1953
 concordat with the Holy See in
 order to guarantee complete re-
 ligious liberty in Spain.

Tourist Season Open At Historic State Capitol

AUSTIN--It's tourist season
 at the historic Texas State
 Capitol building.

On any summer day, visit-
 ors from all parts of Texas,
 many other states and even
 foreign countries can be found
 in its spacious rotunda and in
 the splendid legislative halls
 or on the green, tree-shaded
 grounds.

More than 200,000 tourists
 looked over portions of the
 78-year-old state house during
 the last year, estimates the
 Capitol Tourist Bureau which
 is operated seven days a week
 by Texas Highway Department
 personnel.

Two-hour free parking is
 available for visitors on a lot
 at 11th and Congress Ave. --
 across from the south Capitol
 grounds. Limited parking also
 is provided on a first-come
 first-serve basis in marked
 tourist spaces on the grounds.

DOMES OPENED--A part of
 the famous Capitol dome was
 reopened last year for the first
 time in 12 years. Visitors can
 now go to the fifth floor land-
 ing (in company of a guide)
 and are rewarded by a spec-
 tacular view of the capital city
 from an outside balcony.

Six guided tours a day take
 them from the fourth-floor
 elevator stop -- up 112 spiral
 steps to the fifth floor.

Many less-adventurous
 visitors are content to wander
 on their own through the col-
 umned corridors, to look up
 their Legislators' pictures in
 the House or Senate or to drop
 by the Governor's office and
 sign the guest book.

CONSTRUCTION -- The Cap-
 itol covers three acres of
 ground and has 192,374 square
 feet of floor space.

At the time of its completion
 in 1889, it was said to be the
 seventh largest capitol building
 in the world.

In 1879, the Legislature ap-
 propriated more than three mil-
 lion acres of land in 10 Pan-
 handle counties for the building.

Construction was begun Feb-
 ruary 1, 1882. Owners of the
 Granite Mountain near Marble
 Falls in Burnet County offered
 free of charge to the state all
 granite needed to complete the
 building. (Original plans called
 for construction of Texas Lime-
 stone.) Extended labor prob-
 lems delayed completion, but
 Texas finally got a building that
 cost more than \$3,700,000 in

exchange for her three million
 acres of land.
 Rising to a height of more
 than 309 feet (from the basement
 floor to the top of the Goddess
 of Liberty statue on the dome),
 the building is seven feet higher
 than the National Capitol in
 Washington.

It is 585 feet long and 299
 feet wide, including outside
 steps in both measurements.

OX-POWERED--Fifteen thou-
 sand carloads of Texas red
 granite for exterior walls were
 hauled into Austin from Burnet
 County by ox-power and a spec-
 ially built railroad. Texas
 limestone forms interior and
 dome walls.

Wainscoting of oak, pine,
 cherry, cedar, walnut, ash and
 mahogany would reach a length
 of seven miles.

Door and window frames are
 all in oak and pine, except those
 in the Governor's ornate re-
 ception room, which are of
 cherry.

The original copper roof
 covers 85,000 square feet.

Original floors were of hand-
 blocked clay tile, glass and
 wood. New hall and rotunda
 floors are of terrazzo, all Tex-
 as rock aggregate except for the
 blue in the U. S. Seal which
 was imported from Italy. These
 rotunda floors tell the story of
 Texas history and are regarded
 as among the largest and most
 beautiful terrazzo floors in the
 world.

Modeled after the classic de-
 sign of the National Capitol,
 the Texas Capitol is built in
 the form of a Grecian cross.

ALWAYS WORK -- Mainte-
 nance requires almost constant
 effort. Crews of painters, car-
 penters, electricians and plas-
 ters are at work in some
 portion of the sprawling build-
 ing almost every day. Many
 areas, including the Governor's
 quarters, have been remodeled
 modernized and air-conditioned.

Most dramatic of the main-
 tenance work is painting the
 interior of the Capitol dome every
 seven years. Painters work
 on a platform suspended 260
 feet above the star on the ro-
 tunda floor.

There are still a few old-
 timers around who can remem-
 ber when the grand old building
 was brand new.

time finding something they had
 missed before. Here, one must
 thrill to the feel of an under-
 current of the tremendous en-
 ergy and vigor which continues
 to keep Texas great."

While the Capitol used to
 house all agencies of state gov-
 ernment, now only the Legis-
 lature and its agencies, plus the
 Governor, Lieutenant Gov-
 ernor, Secretary of State and
 State Comptroller are under
 its spreading roof.

Many other state agencies
 are located in modern buildings
 just off the Capitol grounds.
 Visits to some of these build-
 ings are also well worthwhile.

Especially fascinating is the
 fine Archives and Library
 building east of the Capitol.

The Capitol Tourist Bu-
 reau, one of nine such units
 of the Highway Department,
 maintains complete information
 about other Austin attractions
 and provides travel informa-
 tion about the entire state.

Last year, these bureaus
 played host to 753,000 travelers
 out of a record total of more
 than 12,600,000 out-of-state
 people who were passengers in
 autos visiting the state.

Phil Ortega won seven games
 for the 1964 Los Angeles Dodgers
 but won 12 for the 1965 Wash-
 ington Senators.

Edd Ary Family Plan Visits

Edd Ary, assistant manager
 of the Muleshoe National Wild-
 life Refuge, and his family are
 leaving Friday on a three week's
 trip.

They will first visit their
 daughter, the Curtis Parker
 family in Roswell, N.M. and will
 tour the Bitter Lake Wildlife
 Refuge.

Then, they plan to spend some
 time in Ruidosa before going to
 Hobbs, N.M. to visit their son,
 Ronnie Ary.

From Hobbs they will go to
 the Wichita Mountain Wildlife
 Refuge in Oklahoma and will be
 guests of Mr. and Mrs. Mel
 Evans, former Muleshoe Refuge
 manager.

In Oklahoma City, they will
 visit Mrs. Ary's father, Jim
 Knight, and her brothers. In
 Stigler, Okla., they will visit
 his parents, Mr. and Mrs. Evert
 Ary and other friends and re-
 latives before going to Boons-
 ville, Ark., visiting friends and
 relatives.

On the return trip, they will
 visit his brother in Muskogee,
 Okla. then go to the Washita
 Wildlife Refuge for the re-
 mainder of their vacation,
 reaching home July 23.

Auto Insurance Rate Pending Board Change

The average motorist in Bailey County will pay \$4 more for automobile insurance if the proposed change in rates is made by the State Board of Insurance, according to the Southwestern Insurance Information Service of Dallas.

Present cost of insurance on a new Ford or Chevrolet private passenger car driven to and from work and not driven by a male under 25 years of age is \$138. The new cost would be \$142. This includes basic liability coverage of \$10,000 for injury or loss of life of one person, \$20,000 for two and \$5,000 property damage; \$100 deductible collision; and full coverage comprehensive insurance.

Under the new rates, motorists would pay \$1 more for bodily injury and property damage

liability and \$5 more for comprehensive. But the cost of \$100 deductible collision would be reduced \$2.

Cost for the same coverage but with \$50 deductible collision would be increased \$4, from \$151 to \$155.

Other types and older cars would have different rates. Texas has 26 rating territories and eight automobile classifications. The cost estimates given are for cars in classification 1B, which includes about half of the private automobiles in Texas.

For cars in this classification and insured under \$100 deductible collision policies, insurance would cost less in nine territories and remain unchanged in two. Costs for \$50 deductible policies would be lowered in seven territories and unchanged in one.

Even with the rate increases, Texas would rank about 30th among the states in the cost of automobile insurance to policyholders.

LCC Music Camp Classes Varied

Chorus rehearsal, band practice, and music and Bible classes will captivate the attention of approximately 200 area young people during the Eighth Annual Lubbock Christian College Music Camp July 31-August 12.

This is the number that is expected to enroll between 1 and 5 p.m. Sunday, July 31, in the LCC Administration building.

Many types of vocal and instrumental instruction will be available in the camp, including three choruses, two bands, theory and sight singing classes, song directing, Bible classes, devotionals and directed recreation.

It is open to students of junior high or high school age, with the minimum age being 12 years. Tuition, room and board for the two-week period will be \$40 for persons living on campus and \$15 for others. Boarding students will be under the supervision of Mrs. Hallye Vanderpool in the women's dormitory and Kenneth Rhodes in the men's quarters. College counselors will assist in the dorms and in various activities.

Students will use the school cafeteria, post office, classrooms and recreational facilities.

Several outstanding men will aid in conducting the activities of the camp. They are as follows: Horace Coffman, associate minister and song director of the Broadway Church of Christ, Lubbock; Tex Stevens, minister of the Lindale Church of Christ, Houston; Charles Cox, choral director and music teacher at Lubbock Christian College; and Larry Kingsley, band director at LCC.

Others are Everett Maxwell, band director at Abernathy High School; Lester Perrin, song director of Vandelia Village Church of Christ, Lubbock; Hugh Rhodes, LCC athletic director and leader of the Greenlawn Church of Christ, Lubbock; and Eddie Chance, song leader for the Sunrise Church of Christ, Lubbock.

Rhodes will be in charge of recreation, Tennis, softball, volleyball, badminton, pingpong and skating will be available for evening fun and activities.

Cox is in charge of the camp, and further information may be obtained by writing him at 5601 W. 19th.

167 hazardous violations and 11 vehicle defects. There were 395 property damage accidents involving 344 hazardous violations, 28 vehicle defects, and one pedestrian violation.

On the rural highways in this DPS region there was one fatal accident claiming one human life. This fatal accident involved two hazardous violations. There were 20 injury accidents involving 48 persons. These injury accidents involved 19 hazardous violations and four vehicle defects. There were 51 property damage accidents involving 40 hazardous violations and two vehicle defects.

Ohio Gymnast Wins Team Cup

COLUMBUS, Ohio (AP) — Bruce Trott is all the gymnastics team South High School needs.

Bruce, a 17-year-old senior honor student, competed alone against teams from 17 other high schools in the state gymnastics championships.

He racked up the most points in six events, to win an individual championship in addition to the team trophy for his school, which does not have a gymnastics program or a team.

But Bruce is not looking to the 1968 games. He is pointing for 1976.

What Will July 4 Bring Fourth Traffic-Wise?

What will this July Fourth bring traffic wise? If it is similar to the ones in the past it will be deadly, injurious, and destructive. Our forefathers thought back in 1776 after declaring Independence that future generations would be free from wanton deaths and destruction. However, they were greatly mistaken to what the future would bring. During the last 190 years since our nation declared its Independence there have been eight major wars claiming 1,130,393 American lives. The automobile has been in existence for about 65 years claiming 1,559,950 lives. Thus, the battlefield has been a safer place than the "homefront."

The 1965 July Fourth holidays covered a period of three days in which there were 19 persons killed and 372 persons injured in rural traffic accidents in Texas. The 19 persons killed were involved in 14 fatal accidents. These fatal accidents involved 21 hazardous violations and one pedestrian violation. The 372 persons injured were involved in 178 injury accidents. The injury accidents involved
