

Community Betterment Goal of Technical Action Panel

Cover crops, terracing, irrigation and civil defense were topics of the Monday afternoon meeting of the Technical Action Panel held in the community room at the Muleshoe State Bank.

This group (T.A.P.) is composed of heads of the local USDA agencies, Farm Home Administration, Soil Conservation Service, Agricultural Stabilization and Conservation

Servie, as well as Bailey County Electric Cooperative and the Vocational Agriculture Department of Muleshoe School System. All these work in conjunction for community betterment with another organization "Program Building" of which County Agricultural Extension Service Sponsors.

These programs work toward community betterment in every way from building golf courses

to improving farm land.

T.A.P. originated in 1957 as a pilot program in a poor rural sector of the northeast in an effort to make the best use of the land possible, thus keeping small towns from becoming ghost towns and improve economic conditions in general. From this point, the program has grown nation-wide and expanded to include many beneficial phases of rural living.

In Monday's meeting, the Great Plains division of the panel reviewed the program proposed for 1967, the expected cost and profit, of planting cover crops of switch grass and gamma grass.

It was also pointed out that Bailey and Lamb counties produce more grass seed than any other county in Texas. Some of the farms having the largest acreage of seed grass Carl Ba-

ment, Le Glover and Kenneth Nesbitt.

One of the major objectives of the Great Plains division is to recognize that land unsuitable for row crop production and assist in the process of turning it back to pasture or planting it to grass. One example of this work is a farm two miles southeast which has been in cultivation the past two years without profitable production due to its sandy nature. A

grass cover crop will be planted on this soil. Much of the 65,000 acres of Bailey county land unsuitable for row crops are being converted to ideal irrigated pasture.

Terracing is also taking on a new look under the Technical Action Panel program. The old method of terracing, with variable curving terraces created a farming problem, inasmuch as farm equipment used in the fields had to be turned many

times to work the curves around the terrace and the inevitable nasty point rows.

Today's method is featuring leveling the land parallel and running terraces parallel some 80 to 240 feet apart, according to the drop of the land. This is being done in 24 or 48 row widths between terraces, enabling the farmer to use 4-row 6-row or 8-row equipment without complications.

The Building Program group

meets annually with the Technical Action Panel to discuss and plan for city needs.

Under the program 35 farms of 160 acres each have been analyzed to determine complete conservation needs.

These farms, put through the IBM data processing center serves as a guideline for directing the panel's attention toward the needs of the county.

Queen, King Coronation Concludes Halloween

Spooks, funny ones, scary ones, large ones and tiny ones, roamed the streets of Muleshoe during the past few days.

Festivities began with a costume contest Saturday at 1:30 p.m. on the Muleshoe State Bank parking lot and concluded with the coronation of a Halloween queen and king at the high school auditorium Monday evening.

Val Moore, daughter of Mr. and Mrs. Ed Moore and Tom Jones, son of Mr. and Mrs.

Owen Jones were crowned Carnival queen and king.

Kerry Moore was master of ceremonies for the coronation program.

Steve Turner, son of Mr. and Mrs. Royce Turner and Becky Turner, daughter of Mr. and Mrs. Doyce Turner were crown bearers. The queen was presented with a bouquet of red roses after the red velvet crowns were placed on their heads.

Mrs. Horace Hutton was in

charge of arrangements for the queen and king contest and Buddy Blackman, Fine Arts Boosters president assisted at the door and with other carnival and contest arrangements.

Mrs. Elizabeth Black decorated the stage with a lattice archway surrounded with pumpkins and other dried field products. The backdrop was decorated with witches, Jack-o-Lanterns and half-moons.

The Boy's Glee Club opened the program with two numbers, "Maria" and "Sweetest Flower That Grows," under direction of Leasel Richardson. Bob Breckenridge directed the Stage Band playing three selections.

The queen's court was made up of 13 couples. They were: Sharon Kelton, Mitzi Bass, Debbie Parks, Donna Huckaby, Debbie Williams, Melale Precure, Susan Wood, Nancy Harper, Renee Dyer, Terri Weidobush, Marsha Blackman, Charlette Holly, Escorts were Vance Tucker, Joe Pat Jones, Cliff Burge, Danny Noble, Gerald Fender, Frank Ellis, Steve Black, Walter Little, Stanley Johnson, Pat Malone, Allen Smyer, Delton Bass and Jerry Redwine.

A total of \$996.43 was taken in from the various booths.

queen's contest and admission to the coronation. From this expenses will be deducted. Ellen Gupion, treasurer for the Fine Arts Boosters said this profit would be applied toward financing the band trip to either Enid or Corpus Christi later in the year. Additional funds for this will be needed as a sizable amount of the total figure will go for expenses in setting up booths.

The Saturday Halloween costume contest was judged in three categories -- most original, scariest and funniest. Judges were Harmon Elliott, Eddie Faust, and Jeff Peeler.

Winners in the scariest division See QUEEN on Page 2

Rotarians Hear Debate: Bus Trip Slated Nov. 10

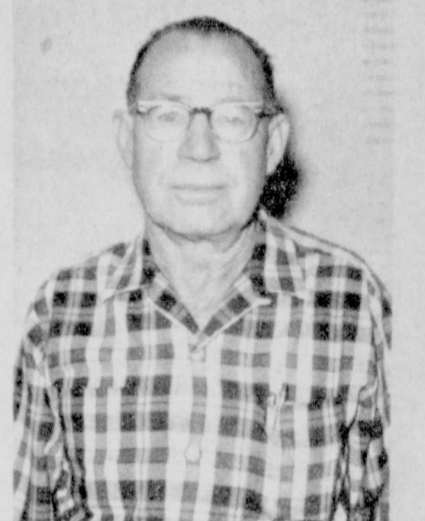

Two members of the Muleshoe High School debate team gave the program at the Tuesday meeting of the Rotary Club. Larry Meyers and Larry Baker gave the affirmative and negative sides of the subject "Should Military Aid be taken out from under the Foreign Aid Program." The debate team is under direction of Kerry Moore.

F.W. Jones was installed as a new member of the Rotary Club. He was a charter member of the club in 1950. Myron Pool and E. O. Baker are also charter members.

Jack Little was a guest. Announcement was made that the Nov. 8 meeting will not be held, but there will be a bus trip to Lubbock Nov. 10 instead of this regular meeting. The bus will be at the First National Bank at 4:30 p.m.

Each member is urged to make this trip and the club voted to charge each member

T. L. Glasscock Wins Grid Money

T. L. "Red" Glasscock nosed out other grid guessers in this week's football contest by one score. Andres Gonzales, second place winner, missed the Oklahoma-Colorado game outcome, while Glasscock picked the right team.

Election Places, Judges Named

Election judges, assistant judges, polling places and precincts for the Nov. 8 election have been announced by County Judge Glen Williams.

They are Box 1, Election House, Muleshoe, Ernest Kerr, judge and Alex Williams, assistant judge.

Box 1-A, City Hall, Muleshoe, Myron Pool, judge and Jake Diehl, assistant.

Box 2, West Camp Church, Tom Watson is the judge and Lonnie Wilhite, assistant.

Box 3, Longview Church, Mays, Bert Seales is judge with Bo Etheridge assistant judge.

Box 4, Three Wey School, George Tyson, Judge and J. C. Erashear, assistant.

Box 5, Community Building, Needmore, Billy Fore, judge and C. G. Damron, assistant judge.

Box 6, Bula, J. C. Snitker, judge and Tommy Kirk, assistant judge.

The absentee special canvassing board is composed of Myron Pool, Jr., Dorothy Wood and Connie Dale Gupion.

around muleshoe with the journal staff

Muleshoe Boy Scouts will start picking up coffee cans Saturday morning to be used to decorate the 30 foot Christmas tree here. Harvey Bass, Chairman of the business activities committee, has been informed that previous information to the effect that Bailey County Electric men and truck will go to Cloudcroft to bring in this tree was incorrect. Other transportation to bring in the tree will be arranged.

Future Mules' star of Punt, Pass & Kick fame, Keith Turner and his parents, Mr. and Mrs. Darrell Turner, has returned from Dallas where they were guests of local PPK sponsor Muleshoe Motor Co. Keith added a fifth place regional award to his previous area and local PPK championship.

Sharon Blaylock is reported to have made some improvements

Teachers Plan To Attend Texas State Convention

Superintendent Neal Dillman, District XIII T.S.T.A. Vice-president, Mrs. James Jennings, member of the T.S.T.A. State Legislative Committee, and Mrs. Lewis Scoggin, President of the Muleshoe Local T.S.T.A. and Mrs. Neal Dillman will attend the eighty-eighth annual convention of the Texas State Teachers Association November 3-5 in Austin.

Theme for this year's convention is "Texas-The Future Is Now." Starting with registration Thursday, November 3, and continuing through Saturday's House of Delegates meeting, conventioners will have free moments.

Keynote speaker for the Thursday night First General Session at 7:30 is Carroll V. Newsom, vice-president of education of the Radio Corporation of America.

At the Second General Session Friday morning at 9:30 Loyd L. Turner, assistant to the president of General Dynamics Cor-

poration of Fort Worth, will share the platform with National Education Association President Irvamae Applegate.

T.S.T.A. affiliated section meetings will take place Friday. Some 125 exhibitors will be on hand with displays of latest education innovations.

Over 8,000 teachers are expected to attend this convention representing the entire membership of more than 102,500 educators in Texas. Stimulation, inspiration, and information are gained from state meetings like this.

Four Sentenced In County Court

Isabel B. Castillo pleaded guilty to a D.W.I. charge in county court this week and was fined \$100 and three days in jail.

L. J. Andrews pleaded guilty to a charge of transporting alcoholic beverages in a dry area and was fined \$100 in county court.

Naomi and Kenneth Raulston were charged on two counts of theft and were fined \$25 and given one day in jail on each charge.

4th, 5th Grades Sell Chili Supper Tickets

The fourth and fifth grades at Mary DeShazo Elementary school are selling tickets for the P-TA sponsored Chili Supper to be held in the High School Cafeteria Friday. Serving will begin at 5:30 and continue until 7:30 p.m.

The menu will consist of home made chili, pinto beans, pickles, onions, fritos and crackers, cherry cobbler and choice of tea or coffee.

Mrs. Frank Ellis is the overall chairman of the supper. Proceeds will be used to send a delegate to the state P-TA convention in Austin and other worthwhile projects taken on by the organization. Tickets are \$1 for adults and 75 cents for children under 12.

Tickets will be sold at the door Friday night.

Survey Starts In January

A survey and analysis of Muleshoe is slated to start no later than Jan. 16, 1967 to establish appropriate industrial sites for potential industry concerns.

The Board of Directors of the Muleshoe Industrial Foundation signed a contract with the Economic Development Research Division of Texas A&M after the terms were approved last week.

The survey results will be released in a "Facts Book" publication and a spiral-type book which will contain a confidential report of this fact-finding survey.

Darrell Lancaster

Lancaster Earns NASA Fellowship

Darrell Lancaster, a 1961 graduate of Muleshoe High School, is the recipient of a National Aeronautics Space Administration (NASA) Fellowship at Texas Tech. This fellowship is for three years and provides assistance for Darrell thru his Ph. D. Degree. At present, he is working on his Masters Degree in Solid States Electronics, Electrical Engineering. He received his B. S. degree in Electrical Engineering from Texas Tech in 1965.

Darrell's report for his Masters Degree will be on "Construction of Silicon Mesa Diodes." He also is a teaching assistant in the Electrical Engineering Department. Dr. Paul Griffith, Professor of Electrical Engineering at Texas Tech, is in charge of the work Darrell is doing in Solid States Electronics Research.

Funeral Services Held Tuesday For Navy Corpsman W. S. Hatfield

The reflection of the Viet Nam war had only bounced fleetingly through the minds of some until that somber day, October 14, when it was vividly brought into focus through the loss of a young Muleshoe man. One who had been highly respected in this community and others where he had lived.

As a youth and a young businessman, his memory will live on within the hearts of those who knew him, as his life was so lived as to gain the admir-

ation and respect of fellow Americans for whom he gave his life.

Funeral services for W. S. "Dub" Hatfield, Navy Corpsman, were held at the Muleshoe Church of Christ at 3 p.m. Tuesday, Nov. 1, followed by Military graveside services at Bailey County Memorial Park.

NC Hatfield was killed October 14 in an accidental grenade explosion near Kyan Ngai, Viet Nam. He was a member of the Northside Church of Christ.

Officiating for the service were Frank Duckworth, Lockney, former minister of the Northside Church of Christ and Adrian McIlroy, Tucumcari, N. M., Church of Christ minister.

U. S. Navy men were pallbearers and the men of the Northside Church of Christ were honorary pallbearers.

Three branches of the military conducted graveside rites with Taps being played by an Air Force bugler. The Color Guard was composed of Navy men and the three-volley sal-

ute was fired by members of the MCRTC unit from Amarillo. The American flag was presented to the wife, the former Louise Qualls, in behalf of a grateful nation by a Navy officer.

All Muleshoe businesses closed to pay tribute to this young Muleshoe man who gave his life on a foreign field.

Hatfield was the son of Mr. and Mrs. W. S. (pete) Hatfield of Knox City where he is presently police chief. He had served on the Muleshoe city police force for several years

before accepting the position at Knox City this year.

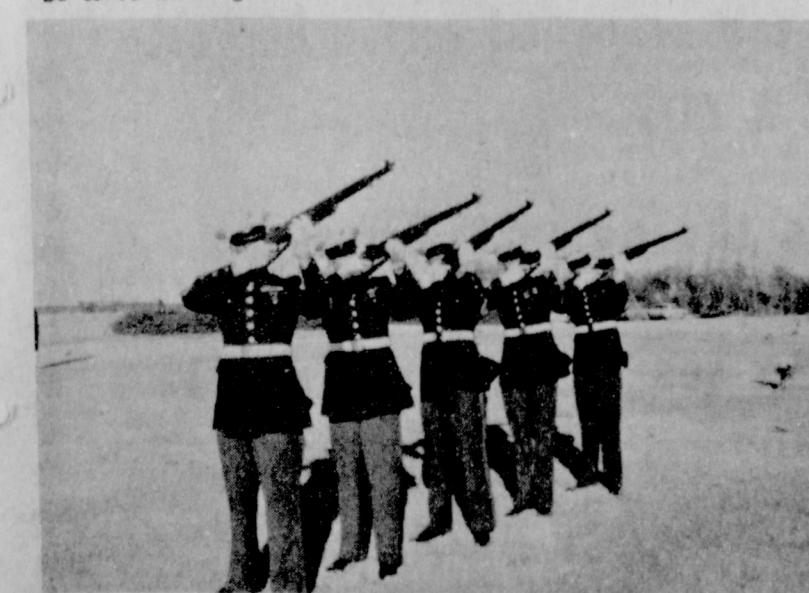

Young Hatfield was born in Muleshoe, then moved with his family to Lubbock in 1949 and attended elementary school and O. L. Slaton Junior High School there. He was a member of the Boy Scouts and Lubbock Boys Club.

He attended Muleshoe High School where he was a member of the Muleshoe high school band and received several medals as an outstanding tuba player in district and regional contests. He was a clerk at the Muleshoe C. R. Anthony store, then took a position with the same firm at Dimmitt.

He was married to Louise Qualls, daughter of Mr. and Mrs. J. L. Heafner, Tucumcari, in Muleshoe last March. He entered the Navy in January, 1965 and had been in Viet Nam about six months at the time of his death. He served with Co. E, 2nd Battalion, 7th Marines, 3rd Platoon. He was transferred to the Marines as a medical corpsman for overseas duty.

Survivors other than the wife and parents are two sisters, Mrs. Brenda Comer, 212-A 37th and Mrs. Shirley Waller, 511 47th, Lubbock.

Singleton Funeral Home was in charge of arrangements.

FINAL TRIBUTE--Military services were conducted as final tribute to Navy Corpsman W. S. Hatfield. Members of the U. S. Navy served as pallbearers and a three-volley salute was fired by Marines of MCRTC, Amarillo. (Journal Photos)

Cotton Harvest Getting Underway

Cotton stripping operations are increasing on the South Plains during the past week, according to W.K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA. This was reflected in the increase of cotton samples received at the Lubbock office. Eighty-five hundred samples were classed during the week ending Oct. 27.

A quick check with some of the area gins show that the harvest is just getting underway in this area. Eight gins checked reports of a total of 825 bales ginned ranging from the Pleasant Valley Community to West Camp.

Despite the fact that this was an early planted crop, harvesting still lags behind the 1965 harvest, Palmer said. Local ginners say, the crop will be shorter than usual here, however it is yet early in the gathering to project the outcome. Through October last year, the Lubbock, Brownfield and Lamesa Classing offices had classed 41,000 samples.

There has been some hand pulling of cotton this year, but during the past few days stripping cotton has become more prevalent. Trading continued slow in the

Lubbock market due to the small volume of cotton harvested. Prices remain steady.

Cotton prices paid South Plains farmers, as reported by Classing and Marketing Service of the USDA, ranged from the loan to \$3.00 per bale over the loan for the White grades. Light Spotted grades were bringing from \$1.00 to \$5.00 per bale over the loan. The most predominant grade, Middling 1-Inch - 21.45, Strict Low Middling 3/32 - 18.90 and Middling Light Spotted 1-Inch - 19.50.

Cottonseed prices at gins were \$65 to \$70 per ton.

GAS MASKS were brought out by Firemen Jim Wallace and Ted Harrison at Tuesday's fire at King Gra'n. Although there were no dangerous chemical fumes, there was very thick smoke to contend with. (Journal Photo)

Betterment . . .

(Continued from Page 1)
Unit Conservationist, pointed out that every foot of Bailey County land has been soil mapped as to soil type, slope, and crops best suited outlined. These maps are available to the public at his office without cost.

The Civil Defense division of T.A.P. outlined their program. This vital part of the panel is responsible for testing foods, cattle, water, air and alerting the general public to dangers of radio active fall-out in the event of a nuclear attack. They have in their office the Roetgen gauges which determine the amount of radiation a person is getting and other testing equipment needed to keep area people informed.

When advised of an attack, the equipment is readily available to relate to the area the time of arrival of fall-out and the intensity.

Program Building consists of leading citizens of Bailey County. They call on T.A.P. for assistance in carrying out their programs to better their community. This democratic process has found few critics and those who might criticize are likely mis-informed as to the goals of our Technical Action Board.

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

INCREASED TOURISM — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION — New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, state unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

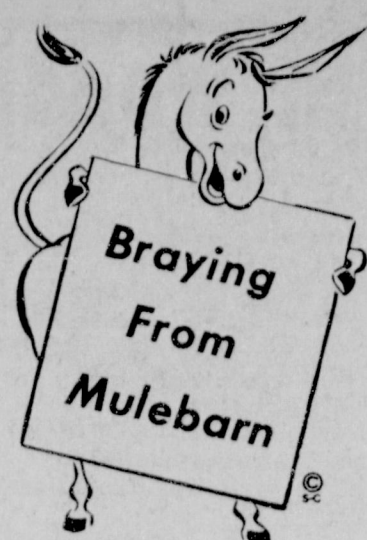

RE-ELECT GOVERNOR JOHN

CONNALLY

FOR A GREATER TEXAS!

(Political ad paid for by Connally for Governor Committee, Lewis Timberlake, Chairman)

By Willie McAlpin

This column is a new experience for me.

The purpose is to expose the people of the community to the inside of the Sports program at Muleshoe High School and to make the public aware of upcoming sporting events of the Muleshoe schools.

We will give our views on the past football games and try to inform the public of the next opponent for the Muleshoe Mules. This column will appear throughout the year and cover all the sports of Muleshoe High School.

In our ballgame at Tullia, we were constantly plagued by mistakes. The mark of a good football team is one which commits a minimum of errors. I feel that a team will commit a lot of mistakes on the football field. If they can keep from letting the mistakes upset them and shake them off, they might be successful.

We have been a ball team that has let our mistakes discourage us, and we got our heads down and committed more errors.

The first bad break we got was a fumble on our own one yard line. Which Tullia quickly turned into a touchdown. With a few minutes to go in the first half, Mickey Wilson intercepted a pass and returned it for a touchdown, but it was nullified by a clipping penalty. This could have been the spark we needed to come back against Tullia. Our kids played good defense against the running game but our pass defense proved to be inadequate.

The score did not indicate a real picture of the game. With four minutes to go in the game, we only trailed 14-0. Our kids hit real well as they have all year and we take great pride in the fact that the Mules well hit.

We have been hurting offensively as far as our blocking is concerned, and it has hurt us all year.

Hereford, our next opponent, stands 2-0 in conference play. Coach Jack Meredith has a

Sunray Acquires Red Barn Plant

Sunray DX Oil Company today announced completion of the acquisition of Red Barn Chemicals, Inc. of Shreveport, La., which formerly was a subsidiary of Chemical Enterprises, Inc. of Dover, Dela.

Paul E. Talliaferro, chairman and chief executive officer, said Sunray DX purchased the outstanding stock of Red Barn Chemicals, Inc. following the approval of Chemical Enterprises board of directors and stockholders. The amount of the purchase was estimated at about \$5,000,000.

Talliaferro said Red Barn will be operated as a wholly-owned subsidiary, with J. C. Berry remaining as president of Red Barn. Red Barn will operate under Sunray's agricultural chemicals department with W. G. Barker, Jr., as director.

Red Barn manufactures, formulates and markets fertilizers and other agricultural chemicals, and operates in a six-state area of the South and Southwest. The firm employs

about 300 people and operates four manufacturing and formulating plants, located at Giliam and Monroe, La., and Slattion and Freeport, Texas. Sales during the 1965-1966 fiscal year totaled in excess of \$15,000,000.

With this non-surgical face lift, lined, prematurely aged faces appear to have suddenly been reborn. Hard to find are even the most fearsome signs of on-coming crows feet and wrinkles that inconsiderately shouted your age just a few days ago. Smoother now is your skin to a fingertip touch with a fresh young feeling of moisture beneath, and roses tinting your cheeks. For 2nd Debut gives a true lift without the surgeon's scalpel—a lift that lasts a long time, an ageless look that's much more intriguing than common youthfulness. The lift comes from underneath as you apply 2nd Debut on the surface. 2nd Debut [with CEF 600] for the woman of no more than 40. 2nd Debut [with CEF 1200] for the impatient lady a few years older—at good department and drug stores.

The Hereford line is anchored by two large tacklers, Ricky Targman, 213 pounds, and Bill Coffin, 220 pounds. They will be starting 8 seniors and 3 Juniors, so they are deep in experience. We hope our kids will be ready as a victory will certainly be welcomed in the Mule Barn.

Tonight at 5:30, our Freshmen and 'B' teams play Hereford at Benny Douglass Stadium.

about 300 people and operate four manufacturing and formulating plants, located at Giliam and Monroe, La., and Slattion and Freeport, Texas. Sales during the 1965-1966 fiscal year totaled in excess of \$15,000,000.

Muleshoe Wins Over Friona

Muleshoe's 7th grader football team defeated Friona Tuesday night 24 to 0.

Lee Wayne Clodfelter scored three of the team's touchdowns and David Spain is credited with four extra points.

Randy Field scored two points on a pass from Clodfelter.

Randy Field and Ricky Black were cited for outstanding defenses.

Muleshoe's 8th grade also defeated Friona 28-16.

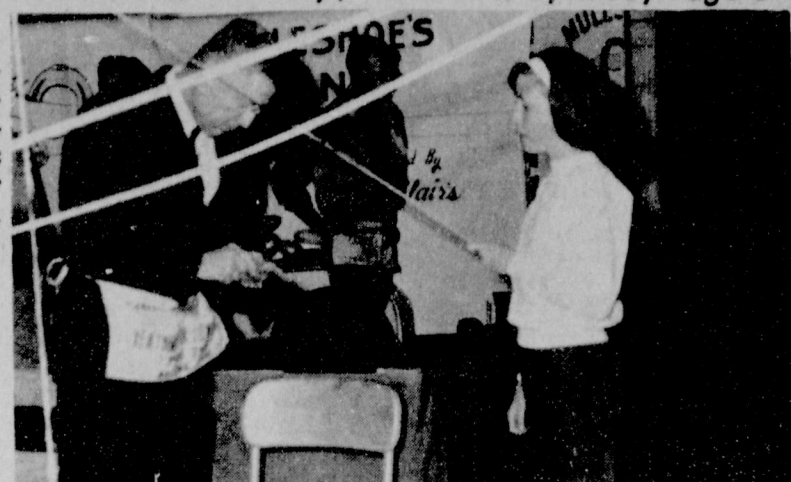

Two touchdowns were made by Terry Gunter, Randy Bragg passed to Terry Gunter for a touchdown with Keith Turner making extra points. Terry Gunter also made extra points.

Boys outstanding on defense were David Williams and Steve Black.

Skin Blooms Again with 2nd Debut

With this non-surgical face lift, lined, prematurely aged faces appear to have suddenly been reborn. Hard to find are even the most fearsome signs of on-coming crows feet and wrinkles that inconsiderately shouted your age just a few days ago. Smoother now is your skin to a fingertip touch with a fresh young feeling of moisture beneath, and roses tinting your cheeks. For 2nd Debut gives a true lift without the surgeon's scalpel—a lift that lasts a long time, an ageless look that's much more intriguing than common youthfulness. The lift comes from underneath as you apply 2nd Debut on the surface. 2nd Debut [with CEF 600] for the woman of no more than 40. 2nd Debut [with CEF 1200] for the impatient lady a few years older—at good department and drug stores.

Su Mac Lad won the International Trot at New York's Roosevelt Raceway in 1961 and again in 1963.

Does anybody know what's to be done about this inflation?

A Senator can help, if he wants to. And, we have one who does. John Tower.

You can blame fiscal foolishness for our record high cost of living. John Tower does, and he's not alone. He and other Senators have voted for federal spending cuts this year that have saved Texans, and taxpayers everywhere, more than \$5 billion. Non-defense items they felt we could do without... if it would help slow the spiral.

It may have.

Essential spending is another matter. As a member of two major committees concerned with defense and the economy, John Tower worked to add \$1 billion in priority items important to Texans. Like soil and water conservation, school lunch and milk programs, farm and

ranch disaster relief, land-grants for colleges—to name a few. He and others felt that \$900 million more were needed this year to help educate returning Vietnam veterans, to boost the Nike-X anti-missile project, to build more Navy ships, to provide for military medical care. He voted for these and other essentials.

If you're keeping score, and some people do, Senator John Tower has helped trim \$5 billion in fat... add back meat amounting to \$2 billion... for a net saving of \$3 billion in tax dollars. That sure could help a deficit budget.

Who said a Texas Republican couldn't be effective in Washington!

Re-elect Senator John Tower—he's doing a good job for Texas
(Pol. Ad paid for by Bailey County Republican Finance Chairman, D.L. Morrison Jr.)

Impala Super Sport Coupe—a clean new sweep in roof lines.

Now that you've seen all the daring new things our stylists did, get in and sample some of the safest, soundest ideas on the road!

What you feel is as new as what you see—thanks to all the fresh thinking that's gone into the way it rides, steers, stops and looks after your safety.

It's got a remarkable new road feel—beginning with a ride so hushed and gentle you'll feel like calling this the '67 Shhhevrolet. The steering is as much as 10% easier. And you'll find the stopping smoother, too.

We put safety features on top of safety features. For example, an energy-absorbing steering wheel atop the new GM-developed energy-absorbing steering column. A dual master cylinder brake system with warning light. And seat belts front and rear with pushbutton buckles. All standard, to be sure.

And there's a new SS 427 performance package—complete with 385-

hp Turbo-Jet V8 and flat-cornering suspension. You can order it for either the Impala Super Sport Coupe or Convertible.

Of course, there are all sorts of new custom features you can add, too, such as tape or FM stereo. But if you find so much that's new a bit too much to remember—drop down to your dealer's and take a drive. It'll all become unforgettable.

Everything new that could happen...happened! Now at your Chevrolet dealer's.

Old-fashioned but still good: cream sauce added to sliced cooked carrots. Garnish with a little minced parsley.

For generous servings, count on a pound of spareribs for each person when you are preparing fresh pork spareribs.

A reminder of SENATOR TOWER'S service in Washington for TEXAS FARMERS

HERE ARE A FEW OF THE MAJOR PROJECTS SENATOR TOWER HAS UNDERTAKEN FOR YOU:

He supported soil and water conservation projects so necessary to the future of agriculture in Texas.

He sponsored six key bills on water resources, conversion of brackish water, desalinization, and rural water systems. Five of the six already have become law and are benefitting Texas farmers.

He served as a leader in the action against suspension of the investment tax credit which would amount to \$100 million tax increase on American agriculture.

He supported necessary subsidies to help offset the artificial economic conditions created by too much government in agriculture.

He flatly rejected the contentions of some federal bureaucrats that farmers and ranchers are somehow responsible for the inflation really caused by federal deficit spending. He has fought hard against restricting or freezing farm prices.

He sponsored legislation making federal crop insurance available in high risk areas.

He sponsored legislation to allow states to regulate recruitment of foreign agricultural workers needed to harvest crops.

He has supported the REA's position in working to maintain status independent of Federal Power Commission control. He also cooperated with the REA's efforts in supporting federal bans for rural community water systems.

YOU COME FIRST WITH SENATOR JOHN TOWER

Senator Tower serves you as a STRONG FRIEND OF THE LAW AND OF CIVIL ORDER.

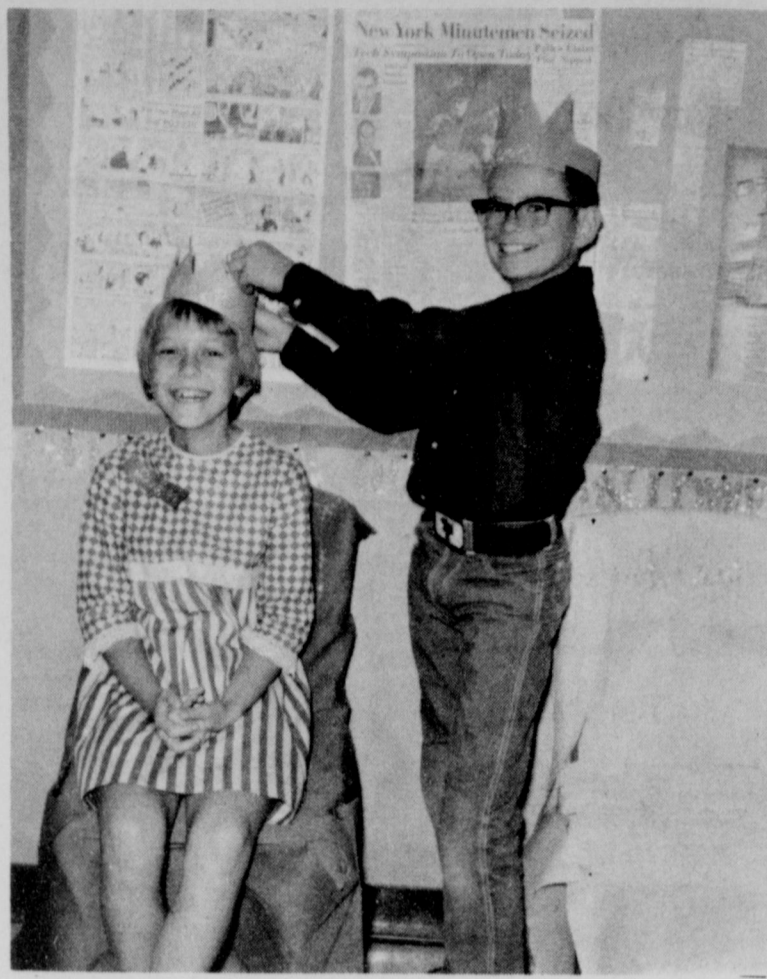

Senator Tower serves you as an effective FIGHTER AGAINST INFLATION AND SKY-ROCKETING PRICES.

Senator Tower serves you as a LEADER IN THE PURSUIT OF VICTORY IN VIET NAM.

YOU CAN COUNT ON THINGS GETTING DONE WITH SENATOR JOHN TOWER ON THE JOB.

He has earned National Congressional seniority and gained experience no new Senator could replace. With John Tower in the Senate, Texas has the distinct advantage of having its voice heard in the highest leadership councils of both parties.

QUEEN JAN, KING DON--Ted Weaver's fifth grade class at Mary DeShazo elected a Halloween queen and king from their room. Elected were Jan Holley, daughter of Mr. and Mrs. H. D. Holley, and Don Johnson, son of Mr. and Mrs. Bill Johnson. King Don is shown here crowning Queen Jan Monday afternoon following their reign during the afternoon. Weaver's class is the only elementary class at DeShazo or Richland Hills who elected a queen and king. (Journal Photo)

Linda Phillips, Mr. Irby Repeat Double Ring Vows

Linda Luann Phillips, Farwell, daughter of Mr. and Mrs. A. F. Phillips, Jr., and Jerriell Wayne Irby, Abilene, were united in marriage Sunday afternoon at the Hamlin Memorial Methodist Church. The groom is the son of the Rev. and Mrs. V. B. Irby, Raton.

The double ring rites were read by the groom's father. The setting for the ceremony was two spiral candelabra holding pink tapers, two of which were lighted preceding the ceremony. The center candle in the arrangement was lighted by the bride and groom, following the ceremony. Palms were interspersed throughout the entire altar setting. Focal point of the setting was a white wrought iron kneeling bench. Donna Cleek, organist, played traditional wedding selections.

She also accompanied Pat Hamilton, soloist, as he sang "More" and "Because" prior to the entrance of the bridal party and "Wedding Prayer" as a benediction. Candles were lighted by Ty Phillips, brother of the bride.

Hank Hardwick, Fort Stockton, was best man. Groomsmen were Al Phillips, brother of the bride, and Michael Mulliken, Santa Rosa. Serving as ushers were Don Irby, brother of the groom, Hurst, and Dean Webb, El Paso.

Maid of honor was Connie Phillips, sister of the bride, and Matron of honor was Mrs. Cliff Hardin, Plainview, life friend of the bride. Bridesmaid was Linda Neeb, Abilene. Pat Smith, Midland, registered guests.

All of the bridal attendants

Hi, World

CONGRATULATIONS TO:

Mr. and Mrs. Charles Isaac on the birth of a baby boy named John Charles and born 3:33 p.m. Oct. 28, in the West Plains Hospital.

Okl. State Alums To Meet Nov. 5th

Of interest to Muleshoe area alumni of Oklahoma State University are several activities planned when Texas Tech and O.S.U. meet at Jones Stadium in Lubbock on Nov. 5.

An Oklahoma State University Alumni reception will be held in the Texas Tech Student Union from 2 p.m. to 5 p.m. Also a buffet will be held for all O.S.U. alumni from 5 p.m. to 7 p.m. in the Student Union.

A block of tickets has been reserved for O.S.U. alumni. These tickets can be reserved by writing the Athletic Ticket Office, O.S.U., Stillwater, Okla., and enclosing a check for \$5.25 per ticket. Please request that the tickets be in the O.S.U. Hi-Plains Alumni Club Block.

AND SO TO SLEEP -- No! until about 3 a.m. for these wide-eyed Scouts from Troop 39. These girls, Pam Vinson, Brenda Price, Viola Jackson, Marsha Rudd, Brenda Nickles, Cindy Knight and Genice Crosby, and not pictured, Judy and Janice Dearing, Margie Pruitt, Delores Howard, Pam Davenport, Delores Vinson, Sharon Harris, Rhonda Stevas, Gillis Minor and Cindy Hall, enjoyed an evening of singing, playing games and they also built a camp fire. Ann Gunter is their troop leader. The girls enjoyed a "spook room" which skeletons glowed in the dark, cats played across the walls and peeled grapes were used for skeleton eyes. The girls decided about 3 a.m. Saturday it was time to go to sleep and called it a night. It seems the leaders had decided some time earlier. (Journal Photo)

Annual 4-H Achievement Banquet Tuesday

The 4-H Achievement banquet will be held in the Fellowship Hall of the First Methodist Church Tuesday at 8 p.m. All 4-H members and their parents are invited to attend, according to the County Agent, Robin Taylor. Awards will be presented to those most outstanding in their

4-H work. Judge Glen Williams will present the awards. Dr. Jerry Gleason from the Muleshoe Animal Clinic will bring the inspirational program. All ages of 4-H children, county-wide, will be eligible to receive awards at the banquet.

Thanksgiving Party Is Main Topic

Mrs. Lola Bryant had charge of the program and playing games at the Thursday meeting of the Progressive Homes Club. The club met in Mrs. Bryant's home at 2:30 p.m. Due to the absence of the vice-president, Lois Norwood presided over the business meeting.

Plans were completed for the club's annual Thanksgiving supper to be held Nov. 21 at a place to be decided later. Turkey, dressing and all the trimmings will be served to members and their husbands.

Three members had birthdays and received gifts from their secret pals. Hazel Nowell drew the hostess gift.

Muriel Lewis reported on clothing which had been sent to the Club's girl at Girl's Town.

Members present were Roxie Hoover, Lula Embry, Hazel Nowell, Muriel Lewis, Lola Bryant, Lois Norwood and a guest, Mrs. Swoffard.

The club's rummage sale held the past two Saturdays netted \$90.45. Clothing left from the sale was boxed and sent to Girl's Town Monday afternoon.

Next meeting will be in the home of Lula Embry in the YL community, Nov. 10. Election of officers will be held at this meeting for the new year. All members are urged to be present for the important meeting.

Lanelda Boyce, Mack Sides Set Wedding

Mr. and Mrs. E. J. Boyce, are announcing the engagement and approaching marriage of their daughter, Lanelda June to Mack Sides, Canadian, son of Mr. and Mrs. J. P. Mick.

The bride-elect is a junior at Three Way High School and the prospective groom is a 1965 graduate of Briscoe High School, Briscoe.

Vows for the couple will be repeated in the Hicks Chapel Baptist Church at 2 p.m. Nov. 12. The event is to be attended by friends and relatives of the couple.

Mrs. Larry Don Seales ... the former Ellen Lewis

Afternoon Shower Honors Mrs. Larry Don Seales

Mrs. Larry Don Seales, the former Ellen Lewis, was honored with a shower Saturday afternoon in the home of Mrs. Frank Mathews. Calling hours began at 2:30.

The honoree, her mother, Mrs. Leon Lewis and the groom's mother, Mrs. Don Seales, were presented corsages of pink carnations.

Elizabeth Seales registered guests in the bride's book. Mrs. J. B. Dunlap and Mrs. Jodie Barrett served hot punch, sheet cake, mints and nuts from a table covered with a white cloth and centered with a pink artificial arrangement.

Hostesses for the shower were Mrs. Dunlap, Mrs. Morris Childers, Mrs. Rudolpha Mcraw, Mrs. Barrett, Mrs. Willard Tibbets, Mrs. Lloyd Stevens, Mrs. U. S. Cooper, Mrs. S. M. Ethridge and Mrs. Mathews.

The hostesses presented the honoree with stainless steel cookware and the centerpiece. Mr. and Mrs. Seales are living in the Needmore community. Both attend Muleshoe High School.

SCHOOL MENUS

LAZBUDDIE SCHOOL
Nov. 7-11

MONDAY - Milk, roast beef, brown gravy, creamed potatoes, English peas, tossed salad, rolls with butter, honey.
TUESDAY - Milk, turkey and dressing, giblet gravy, green beans, apple and celery salad, cranberry sauce, fruit jello, bread.
WEDNESDAY - Pinto beans, spanish rice, glazed carrots, cabbage salad, cornbread, jello and milk.
THURSDAY - Milk, beef stew, sliced cheese, crackers, lettuce wedges, blackberry cobbler.
FRIDAY - Hamburgers, lettuce, tomatoes, pickles, relish and potato chips, fruit cup and ice cream.

4-H CLUB NEWS

The Lucky Clover 4-H girls met in the home of their leader Mrs. Allen Haley and elected Gayla Hooten president of the organization, Sandy Haley was elected vice-president, Grenda Harien, secretary and Denette Mann, radio reporter and Patti Nickels, press reporter. Jan Hughes was elected recreation leader.

The club voted to meet each third Thursday of the month. The girls are to cook a dish each meeting from one of the foods groups.

Next meeting will be Nov. 17 when a meat dish will be prepared.

USE SCISSORS IN THE KITCHEN

If you don't already have a pair of sturdy scissors in the kitchen, better get some soon. You'll find all sorts of uses for them. For example, scissors are a real help in cutting up fruits and marshmallows for dessert. Just dip them in hot water frequently so they won't get sticky. Also for chores like snipping parsley or onion tops, or trimming around the edge of a pie crust.

A 'GRAND SLAM'... another 'TOUCHDOWN'... a **BALLOT** 'COUNT-DOWN'...

Sports are many and varied in all countries - but few can outmatch the thrill of the long run to a touchdown in football. . . a "grand slam" in bridge. . . the sight of a crane just felled. . . news that "Our Candidate Won."

To American enthusiasts these are the high spots of indoor-outdoor sports. The crowds are brought to their feet which in itself is a spectacle to see and be a part of. Few, if any, can hide away in their "own little troubles" while the roar of the crowd (or the crack of the gun or score of double-vulnerable points or shout of victory joining pre-election buddies) . . . tell a story: "It's a slam", . . . "It's a touch-down", . . . "We won (or lost)."

"It is not whether we won or lost - it's how we played the game" - this seems a good place to mention this old adage.

To the person of responsibilities . . . home, business, social engagements and/or entanglements: it is not easy to throw off responsibility. It is even harder today with world uncertainties such as they are.

And yet the complete enjoyment and release that comes from "getting away from it all", even for the duration of a thrilling game of sports, may be the very refreshment we need to give a new viewpoint. This new attitude could really help prove to be a solution we look for.

"It is good for one to appreciate that life is now. Whatever it offers, little or much, life is now - this day - this hour. . ." wisely noted C. M. Flandrau.

(As the doctor said to the woman who complained that she did not like the night air: "Madam, during certain hours of the 24, night air is the only air there is.")

The brisk autumn walk, a drive through our prosperously harvesting countryside, with the benevolently full "Old Man Moon" watching over the autumn foliage as far as the eye can see over the great high plains of Texas. . . these too are our sports, our privilege and responsibility as citizens of the world's symbol of freedom, the USA.

No problem is ever so big that man - God's man - has not what it takes to handle it. . . straight "to a touchdown" and on to victory.

Pie in the Sky?

GUEST EDITORIAL

Vice-President Hubert Humphrey, hot on the campaign trail, told a Maine crowd the other day that the Democrats "have taked a bigger pie, and each of us has a bigger piece."

We wouldn't go so far as to say the Democrats have been the only bakers in Washington these last 20 years. The GOP has done its share of baking - or was it stewing?

Together both parties have done an efficient job of giving every American a bigger piece - a bigger piece of the national debt.

'A Marine's Prayer'

(Editor's Note: The following poem was written by Pvt. 1/C Howard W. Cole, recently, while enroute to Chu Lai, Viet Nam. The author of this contribution has been a member since 1964 of the 1st Battalion, 5th Regiment, 1st Marine Division, 2nd Platoon of B Company. He is the son of Mrs. Dorothy Cole Budka and the late George Howard Cole. Cole's family is well-known in this area, with members residing in Muleshoe, Farwell, Sudan, Earth, Littlefield, Olton and Plainview.

The Journals believe this poem to be of particular interest to the community this weekend with Veteran's Day 1966 on Nov. 11th next week.)

by Pvt. 1/C Howard W. Cole, USMC

O' God our Father, we go now for thee;
Again into battle, far across the sea,
Our rods and staffs, are the weapons of war;
To slaughter and kill, we pray to fight no more.

As now we journey, across the waters deep;
We lift up our eyes, and to Thee courage seek.
For each of us death fear, deep within our heart;
Although we'll never know our graves, they bare a mark.

Be with us, O' God, with your strength let us be filled;
That through our faith in Thee, our blood, it not be spilled,
But let Thy will be done, even though our loved ones mourn;
And sweathearts weep to Thee, for they'll see us no more.

O' God our Father, this is our prayer to Thee;
That Thee our Lord and Saviour, a light unto us be.
To lead us down this path, that others they might see;
And give our hearts to Christ, that our country might stay free.

Tower Questions Carr Voter Bids

The admission by Mr. Carr that he attended a racist rally in 1957 to make a deal for votes

in his race for speaker of the Texas House is certainly not news to observers on the scene at that time but it does raise some serious questions.

It is well-remembered that Carr's bid to succeed himself as speaker was a desperate move on his part to stay in position to run for higher office. He set about the task of breaking up the majority support which was pledged to an honest conservative, Joe Burckett of Kerrville.

It took a lot of doing and there is no way of telling--except in the unlikely event that Mr. Carr would make a full confession--how many deals were made and with whom. The situation was tense and bitter and the outcome was unknown at the beginning of the voting. Since the vote is secret it is not known where the deals were made but the results show that Carr was able to deal with enough groups to pull a close upset victory over Burckett.

This gives rise to the ques-

Dear Editor:

Dear Editor:
Take it from me, we cotton growers have a good friend working for us in Washington - United States Senator John Tower.

Senator Tower supported the important Cotton Research Act this year which assures our industry will be able to make additional steps forward in research and promotion. Senator Tower has urged that new markets overseas, like the newly Anti-communist country of Indonesia, be immediately opened up to American cotton exports.

In the matter of water supply, he is well informed and has demonstrated unusual understanding and determination. He has helped with everything from the giant NAWAPA plan to study bringing waters from Northern Canada into the United States and Mexico, down to sponsoring six key water bills, including the one which has made available new research funds for water development in our part of the state.

Senator Tower has been solid and consistent in support of soil conservation measures, resisting all efforts to cut conservation funds. In a very direct way he came to our personal assistance as a leader in the battle to preserve skip row planting laws.

Senator Tower is doing a good job for us in Washington and has valuable experience and seniority. I hope you'll join with me in an all out effort to re-elect Senator John Tower.

Sincerely,
(s) Fred E. McNabb

Price Charges 'Riots for Work' Exchange Made

Despite today's atmosphere of prosperity there is an uneasiness across the nation, congressional candidate Bob Price said Wednesday night.

"It used to be that when a person wanted something, he worked to earn it. Today he stages a riot, insisting that it be given at some one else's expense," Price said at a meeting at the Falcon Restaurant in Stinnett.

He added: "It used to take a lifetime of plain hard work and scrimping to provide a family with a little surplus and a sense of security. Today mobs of demonstrators demand that they be given it, out of our earnings

and with no effort on their part." "Some members of so-called minority groups seem to think the world owes them a comfortable living. They forget that society's obligation is to guarantee opportunity, not hand-outs," Price explained.

"Because the American way of life has been attacked from within, some have begun to wonder whether there really is anything distinct about our country. America's greatest hope and its greatest opportunity rests in rediscovering the limitless power of the individual. In short we need a re-birth of Americanism and personal responsibility," Price concluded.

Referendum Decision To Sharply Affect Congress Attitude On Cotton

WACO- The attitude of Congress will be sharply affected, "for better or for worse," by the decision made in the dollar-a-bale referendum on research and promotion, Rep. W. R. Poage (D-Texas), ranking member of the House Agriculture Committee, emphasized.

"As things now stand -- under the emergency four-year program in effect--the government has gone just about the last mile in making cotton competitive in price, in the domestic as well as the foreign market,"

Carr Cited New 'Keep Tower' Effort

Attorney General Waggoner Carr cited new evidence today that "rich eastern Republicans are pumping money into Texas in an all-out effort to keep John Tower on the job--for reasons of their own."

New Jersey has joined Connecticut and New York as major sources of financial help for his Republican opponent, Carr declared.

He quoted from the nationally syndicated William Buckley column which said New Jersey's GOP Senator Clifford Case was "hurt and appalled" that money he expected to receive was going elsewhere.

Buckley--himself the voice of right-wing Republicanism--said the money was apparently going to Texas for John Tower, to California for Ronald Reagan and to Ohio for John Asenbrook.

The Buckley column quoted by Carr commented, "Clifford Case's admirers thunder at the disloyalty of the Republican community of New Jersey."

Carr insisted that Tower explain why he is accepting campaign money from New Jersey, Connecticut and New York.

Carr's reference to Connecticut help for Tower was based on a Time magazine article October 21 which said some of that state's richest Republicans had sent an estimated \$400,000

and with no effort on their part."

"Some members of so-called minority groups seem to think the world owes them a comfortable living. They forget that society's obligation is to guarantee opportunity, not hand-outs," Price explained.

"Because the American way of life has been attacked from within, some have begun to wonder whether there really is anything distinct about our country. America's greatest hope and its greatest opportunity rests in rediscovering the limitless power of the individual. In short we need a re-birth of Americanism and personal responsibility," Price concluded.

explained, the total payment on his production this year would come to about \$72.50 a bale.

"Is it worth this much to the country to try and save cotton?" he asked.

"In my judgment, Congress will feel that it is very much worthwhile -- if we can see genuine promise that there will be programs capable of putting cotton on its feet and making it self-sufficient within some reasonable period of time.

"If there is to be such an outlook, a greatly expanded program of research and promotion must be at the very heart of it."

Mr. Poage said he was delighted when cotton producers came to Congress with a self-help plan that would give farmers an opportunity to put up the dollar a bale for research and promotion programs they would operate themselves.

He, accordingly, helped bring about passage of the Cotton Research and Promotion Act which would make possible such a program provided it is approved

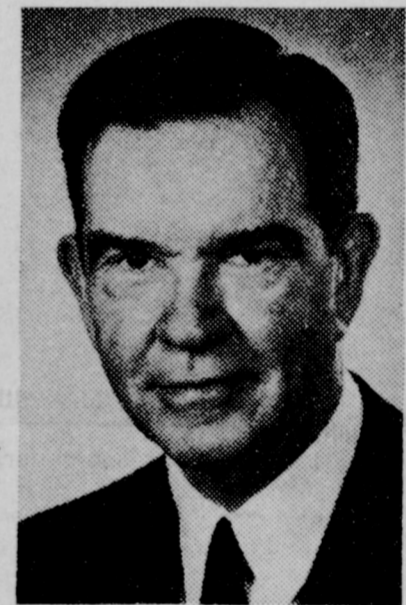

in the referendum in early December.

"In this day and age," he reiterated, "the producers of any product have to put up big money to improve it and sell it through advertising and other techniques of promotion. Either they do this or go out of business."

"In essence, this is the decision farmers must make in the referendum on cotton research and promotion."

In Appreciation to the people

Bailey County

In appreciation to the people of Bailey county

I want to thank you, the people of Bailey county, for the unwavering support and good will which you have extended to me through the years. It has been a source of inspiration and satisfaction to represent such grand people in the United States Congress.

As a result of re-districting you cannot vote for me again this year, but I want you to know of my continued good will and friendship.

Dale Carnegie Course

Monday, November 7th 7:01 p.m.

First National Bank

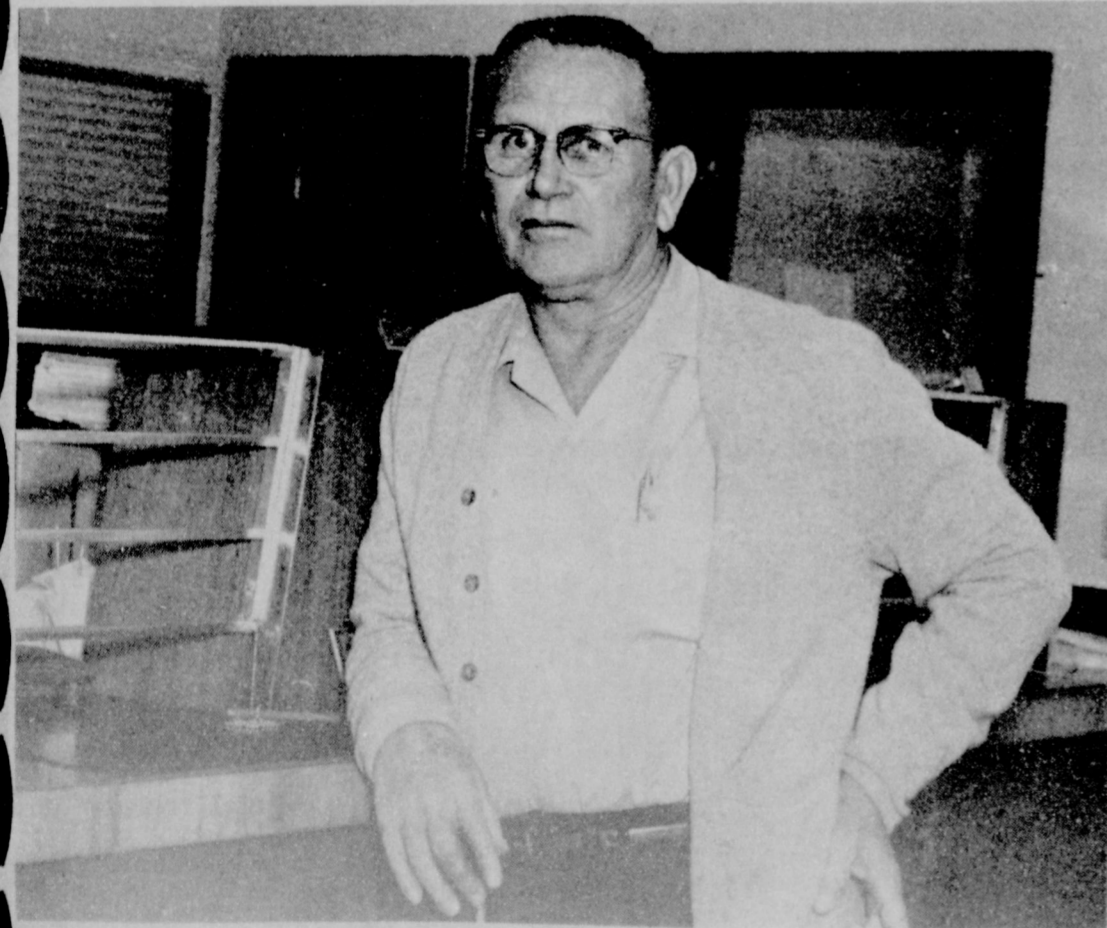

Here are some of the things the DALE CARNEGIE COURSE will help you do.

- DEVELOP MORE SELF CONFIDENCE**—
A greater belief in yourself and in your own abilities.
- SPEAK EFFECTIVELY**—
How to get your ideas across quickly and to the point.
- OVERCOME FEAR OF AN AUDIENCE**—
To be at ease in front of a group, think and speak on your feet. Say what you intend to say in the manner you intend to say it.
- REMEMBER NAMES**—
Improve your memory in general, become more mentally alert and develop power of concentration.
- DEVELOP LEADERSHIP**—
How to motivate and inspire people. To lead instead of drive.
- INCREASE SALES**—
Sell yourself, develop a better personality, increase your enthusiasm and learn when to stop talking.
- OVERCOME WORRY AND FUSION**—
Think constructively, solve personal and business problems.
- WIDEN YOUR HORIZONS**—
Gain new interests, friends, and get more enjoyment out of life.

Owen Jones' Father Dies

PLAINVIEW (Special) - Funeral services for Coleman Jones, 81, Hale County pioneer, will be at 2:30 p.m. Thursday in the First Baptist Church here with Dr. Roy McClung, president of Wayland College and the Rev. Frank Travis, pastor of the First Presbyterian Church officiating.

Burial will follow in Plainview Cemetery under direction of Wood-Dunning Funeral Home.

Jones died at 2:05 p.m. Tuesday in Plainview Hospital after a lengthy illness.

Born Sept. 20, 1885, in Paint Rock, his family moved to Hale County that same year and later he farmed in the Running Water Community west of Plainview. In 1945 he retired from farming and worked in the ASCS office in Plainview until his retirement in 1957.

Survivors Noted

Jones was the son of one of the original settlers in the Plainview area and has written numerous articles about the founding of Hale County. He also has done much to help agriculture in the Plainview area.

Survivors include his wife, Lillie, five sons, Owen of Muleshoe, Tony of Plainview, C. L. of Kress, Warren of Oklahoma City, and Albert Ray of Tucson, two sisters, Mrs. Frances Tibbets of Snyder and Mrs. Rose Turner of Plomont; four half sisters, Mrs. Martha Downing, Mrs. Essie Martin and Mrs. Joy Belote, all of Phoenix, and Mrs. Nan Wiegold of Buckeye, Ariz.; three brothers, Thornton of Phoenix, Ray of Plainview and Albert of Akron, Ohio; two half brothers, Wilson and Rank, both of Phoenix; nine grandchildren and one great-grandchild.

The Holy Communion celebration will be the first communion service officiated by Mr. Edwards since his becoming pastor of the local church.

Regular Sunday services of the Presbyterian Church are Sunday School, 9:45 a.m., with 11 a.m. worship services following.

LIBRARY NEWS

A READING MOTHER

I had a mother who read to me Sagas of pirates who scoured the sea, Cutlasses clenched in their yellow teeth, Blackbirds stowed in the hold beneath.

You may have tangible wealth untold, Caskets of jewels and coffers of gold, Richer than I you can never be-- I had a mother who read to me.

Raburn Holton Will Speak To First Baptists

The Rev. Raburn R. Holton, Minister of the Gospel and Administrative Director of Texas Alcohol-Narcotic Education, Inc., Dallas, will speak at the First Baptist Church here Nov. 6 at 11 a.m.

A native of Ennis, Mr. Holton served three years in the United States Air Corps. After several years in the business world, he was called to the ministry. He graduated from Wayland Baptist College and then did graduate work at Southwestern Baptist Seminary, Fort Worth.

He has studied at the Institute of Scientific Studies for the Prevention of Alcoholism in the Loma Linda Medical College, Loma Linda, Calif., and the National Temperance Training School, Louisville, Ky.

Under the direction of the Executive Secretary, Dr. Albert Tucker, TANE carries on from the home office in Dallas a year round state-wide program of alerting, educating, and organizing individuals and groups for Christian abstinence and effective action against the liquor and narcotic traffic. With the cooperation of 23 Christian denominations, TANE works mainly through churches, local option movements, schools and the State Legislature.

The speaker, Mr. Holton, will present some main aspects of the program.

All are welcome to attend the service, according to the pastor of the host church, the Rev. Don Murray.

Holton is a former Muleshoe resident.

Pastor Announces Special Services

The Rev. W. Clinton Edwards minister of the First Presbyterian Church, announces the celebration of the Lord's Supper to be held this Sunday, Nov. 6, at the eleven o'clock services.

THE MULESHOE MULES' CO-PLAYERS OF THE WEEK

Jerry Lumpkin

Phillip Barron

Proposal No. 7 Gets Approval of Farm Bureau

Proposed Constitutional Amendment No. 7 which will appear on the Nov. 8, ballot as follows:

FOR "repealing the poll tax as a requirement for voting."

AGAINST "repealing the poll tax as a requirement for voting."

This proposed amendment is certain to cause a great deal of confusion unless voters understand that voter registration is also an integral part of the amendment. Actually, the outcome of the vote on this amendment will likely decide whether Texas will have annual voter registration, permanent voter registration, or some other system of registration.

A majority vote FOR "repealing the poll tax as a requirement for voting" would require annual registration of voters without payment of a fee. A majority vote AGAINST "repealing the poll tax as a requirement for voting" would open the door for some future Legislature to repeal the registration provisions of our election laws, and require a system of permanent registration.

Since the poll tax as a registration requirement is now legally dead due to federal court decisions, the only real issue is whether voter registration should be on an annual basis or permanent basis. Those who favor a system of annual voter registration believe that this system is the

best protection against fraud.

Those who favor a system of permanent voter registration argue that this system would be more in keeping with the national trend of liberalizing voting requirements.

Therefore, we have a situation in which those who are vitally interested in maintaining the purity of the ballot will vote FOR repeal of the poll tax, and those who are for liberalizing voting requirements will vote AGAINST repeal of the poll tax. It is confusing.

Analysis of Food Cost Order by Connally

By Vern Sanford
Texas Press Association

AUSTIN--Gov. John Connally has given three of Texas' leading universities a hurry-up research assignment -- a detailed analysis of food costs in the state and of the causes of recent price increases.

Connally set December 1 as target date for reports by the University of Texas, Texas A&M University and Texas Tech College. He gave the assignment to the heads of the three schools and left it up to them how to conduct the study.

"I share the concern of Texans with the dangers of inflation," Connally said in announcing the study. "And I am particularly disturbed about mounting food prices, and their effects on the homemakers of our state."

Connally said, "While rash judgments and emotionally based opinions as to blame are inevitable, they contribute little toward determining cause, or a sensible course of action for improvement of the situation."

Detailing his request, the governor asked for a determination of what part of the consumer's food dollar goes to the producer or grower, to the retailer, and how much goes for such things as transportation, advertising, sales incentives, added services and whatever other costs are involved.

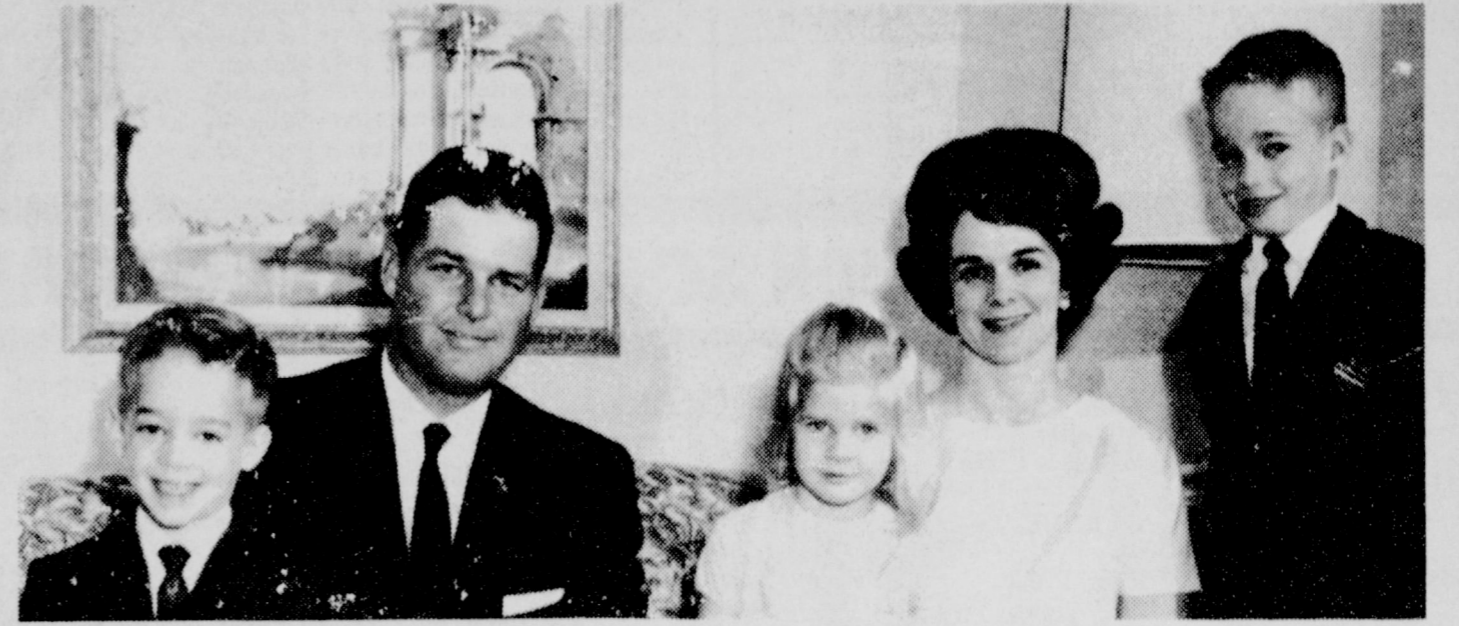

He asked for that determination both on long and short term bases, expressed both in absolute dollars and in percentages.

He also suggested that the food cost study be related to other consumer costs.

GAS TRANSMISSION-Texas' big gas pipeline operators dis-

(Continued on Page 10)

PRICE IS RIGHT FOR U.S. CONGRESS

BOB PRICE... the family man

Bob Price is a man whose interests are centered around his family. It's his desire to help create a better America for his children that led Bob Price into seeking the office of Representative to Congress. Bob and his wife Marty, along with their children, Janice, Carl and Grant, are a family we can be proud to send to Washington.

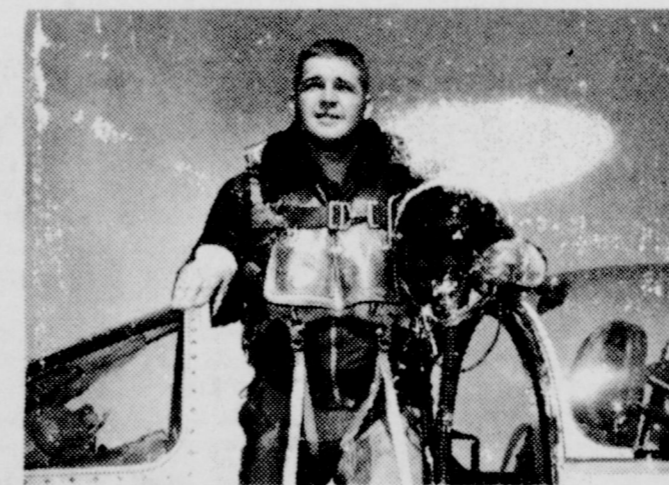

BOB PRICE... wants to stop inflation

Food, clothing and house payments must be paid out of take home pay after taxes. Inflation makes this more and more difficult for every family in the Panhandle. As a man operating his own business, Bob Price knows the effect of inflation on earnings.

BOB PRICE a man known for his vital interest in water

Bob Price's family started ranching in the Panhandle in 1907. Following in his father's footsteps as a businessman and rancher, Bob Price knows that we must use greater water conservation to raise food and to attract new industry to the Panhandle. City and County alike are concerned with this problem. Bob Price has the knowledge and experience to plan ahead for our future water needs.

BOB PRICE... knows about war... he's been there

As a jet pilot, Bob Price experienced first hand the effects of war on the young men of today. This knowledge acts as a guideline to decision in regards to foreign policy. Experience is a valuable teacher.

BOB PRICE... keeps in touch

Over the past 2 years, Bob Price has talked to citizens of every county in this district. He has learned the problems facing us today and has the experience to work toward their solutions. Bob Price owes no debt to any single group and can give all of you representation in our nation's capital.

VOTE FOR BOB PRICE FOR U.S. HOUSE OF REPRESENTATIVES

*Yes, you can vote for BOB PRICE regardless of your choice of other candidates. A split vote ticket is a legal ballot and will be counted.

PRICE IS RIGHT FOR U.S. CONGRESS

PAID FOR BY THE PRICE IS RIGHT COMMITTEE, E. J. MCCARTY JR., CHAIRMAN

Irby

Continued from page 4

gift from Linda Neeb. Completing Miss Phillips' attire was a pearl necklace borrowed from an aunt, Mrs. Glen Phillips.

Following tradition, she wore for something old a ring belonging to her great-grandmother which had been worn by Mrs. Phillips at her wedding; new was her wedding dress; borrowed was a lace handkerchief from the mother of the groom; and wore blue garters one of which was a gift from Donna and Jean Kirk and the other one which is being worn by several college friends at

their respective weddings. For luck she wore in her shoes pennies minted in the year of her birth and that of the groom, and also a six-pence, a gift from her cousins, Craig, Cindy, Penny and Thad Phillips.

For her daughter's wedding Mrs. Phillips chose a dress of American Beauty rose with a hat in matching hue, her shoes and bag were mocha. She wore a pink rosebud corsage.

Mrs. Irby was attired in a dress of medium blue with a hat in matching hue. Her shoes and bag were black. She also wore a corsage of pink rosebuds.

A reception was held in the

fellows hall immediately following the ceremony with Mesdames Ted Magness, Fred Chandler, Glen Phillips and Dargin Kirk as hostesses.

Centering the serving table was an epergne arrangement of pink gladioli and carnations flanked by pink candles. After the bride and groom had cut the wedding cake it was served with rose colored punch by Misses Donna Cleek and Pat Smith. The cake knife engraved with the initials and wedding date of the couple. The knife was presented to them by Mrs. Ted Magness.

When the couple left for a wedding trip to Lubbock the bride was attired in a suit of American Beauty rose with black accessories. Complementing her ensemble was a corsage lifted from her bridal bouquet.

The bride, a 1965 graduate of Farwell High School, attended McMurray College for one year. The groom, a graduate of Santa Rosa High School, is a junior at McMurry College where he is majoring in accounting. He is also employed by the Bank of Commerce in Abilene.

Spell Quiz

Which of the Following is Spelled Correctly?

cheeta chetah cheetah

(Meaning: Leopardlike animal.)

See Classified Page for Correct Answer.

Analysis..

From Page 9 Both sides are to file written statements with the Texas Railroad Commission by Nov. 25. Commission will then consider all arguments and reach a decision.

COURTS SPEAK--State Supreme Court rejected City of San Antonio's appeal for supplemental water supply from the Guadalupe River. Decision backed a 1958 award by the predecessor to the Texas Water Rights Commission (and affirmed lower court decisions) providing 50,000-acre-feet of water a year to Guadalupe Blanco River Authority for municipal use.

Cities of New Braunfels, Seguin, Gonzales, Cuero and Victoria, along with Calhoun and Refugio Counties, joined GBRA in fighting the San Antonio application during the prolonged historic water fight.

High court reversed the lower courts and ordered a retrial of the Lubbock land condemnation case where the jury awarded \$48,000 to owners without holding a hearing.

Texas Court of Criminal Ap-

peals set Nov. 9 for hearing on whether it should uphold, rather than reverse, the death penalty for Jack Ruby in the slaying of presidential assassin Lee Harvey Oswald. On Oct. 5 the court held that Ruby should get a new trial.

ROAD REVENUE HIGH--Texas Highway Department has been informed that Texas is expected to reap \$456,000,000 in State Highway-user tax revenues this year.

This would make Texas third among the 50 states in road revenue. California is expected to take in \$941,000,000 in 1966. New York's income will hit \$497,000,000.

Road user taxes include state fuel and vehicle registration taxes, but not toll fees or parking-meter money.

AIR POLLUTION CONTROL --Texas' new Air Control Board came up with a tentative plan for regulating air pollution starting in 1967.

Plan includes air quality surveys and continuing studies particularly in urban areas, assistance in developing local programs, procedure for investigating complaints and plans for public education on pollution hazards.

Board is thinking about a graduated set of standards for industrial emissions from cotton gins, petrochemical plants, dry cleaning establishments and any other that could possibly add pollutants to the air.

Although the plan is directed toward pollution from smoke and particulate matter, board members indicated it would be made to apply to other air pollution sources after six to eight months compliance notice.

TEACHERS SEEK RAISE--Legislative committee of the Texas State Teachers Association has proposed a new plan calling for \$81 to \$100 per month raises in teacher pay minimums.

Proposal would cost \$95,000,000 the first year with the state paying \$68,000,000 and local school districts \$17,000,000.

TSTA committee also recommended increased benefits to retired teachers, minor retirement change, clear legal status for voluntary teacher-school board consultation agreements, sick leave benefits, and a continuing contract and professional employment practices law to strengthen job security.

TSTA spokesmen said pro-

SCARIEST--Larrie Young, Nora Gonzales and Ricky White won first, second and third places in the scariest costume Halloween contest. (Journal Photo)

EVERY GOOD GUY GIVES THE UNITED WAY

approval of \$112,607 Head Start project grant for Del Valley Independent School District, Travis County, and \$147,209 for South Park Independent School District, Jefferson County.

State Building Commission announced plans to expand the State Capitol area eastward several blocks to Waller Creek. Property will be beautified and used for recreation purposes until needed for building.

Western Fire and Indemnity Company and Mid-Continent Insurance Company, Lubbock, have been rehabilitated and released from receivership, says Insurance Commissioner Clay Cotten.

Two new opinions by the attorney general held that Childress County or its hospital district may have custody and interest in sinking funds to retire hospital bonds and that separate columns on the same assessment blank may be used for assessing values of different local taxing units.

Citation, horse of the year in 1948, won 19 of his 20 races

FUTURE MULE!

Muleshoe's, 13 yr. old, Keith Turner represented his age group in the Regional.

Pass, Punt & Kick Contest

Keith placed 5th. in a group of boys all over the state of Texas.

★ ★ ★

Keith and his parents, Mr. & Mrs. Darrell Turner, were guest of Muleshoe Motor Co. at the contest on Saturday and the Cowboy-Pittsburg game Sunday, in Dallas.

Muleshoe Motor Co. congratulates Keith for this fine representation of our city and area.

Texas Tech Dads Will Be Honored Nov. 4-5

LUBBOCK—Hundreds of Texas Tech Dads -- many of them accompanied by their families -- are expected here for Tech's 10th annual Dad's Day celebration Nov. 4-5 and the jam-packed program of events leading up to the 7:30 p.m. game Saturday in Jones Stadium between the Red Raiders and Oklahoma State.

Anniversary events scheduled Friday include a noon luncheon for past presidents of Tech Dad's Association and a Trustee's Dinner at 7:30 p.m. both in Tech Union.

Saturday's activities get underway with a registration coffee at 9:30 a.m. in the Union Coronado Room, said Dean of Student Life, James G. Allen, coordinator of the annual program.

Next on the agenda for Dads only will be the annual Association business meeting at 11 a.m. in the Union ballroom, followed by the annual luncheon for association members and special guests. Association president Hart Shoemaker of Austin will preside.

Tech president Grover E. Murray will be the luncheon speaker. Honored guests will be the 1966 recipients of the six student scholarships awarded by the association, and inductees to the Athletic Hall of Honor.

Another highlight will be the announcement and presentation of the Spencer A. Wells Memorial Honorarium to a faculty member who has made a significant contribution to Tech. The

\$500 grant was established by the Wells Foundation and named in memory of a former chairman of the Tech Board of Directors.

Scheduled for induction into the Hall of Honor, which recognizes outstanding Red Raider athletes of past years, are Winfield (Windy) Bucklaus of Amarillo, Captain of Tech's first football team, and Ross Ayers of Friona who captained the 1932 eleven, the nation's leading scoring team.

Dads and their families may tour the campus during the afternoon and will have further opportunity to greet old friends and meet new ones at the 5:30 p.m. barbecue in Lubbock Municipal Coliseum.

Dads will be spotlighted at pre-game ceremonies with the presentation of engraved plaques to the Youngest Dad, the Oldest Dad and the Dad who came the greatest distance.

Tech Academic Vice President Dr. William M. Pearce will be the principal speaker at the Friday Trustee dinner.

Dads Association past presidents to be honored include Cecil O. Schwalbe of Dallas; Dr. W. H. Gordon, Lubbock; O'Brien Thompson, Amarillo; Raymond Pfluger of Eden; Mark Gardner, Dallas; Paul F. Gustwick of Yoakum; Rigdon Edwards, Sweetwater; Fred Hill of Fort Worth and Bill Collins of Lubbock.

Stanley Dancer and Del Insko were the first harness drivers to win more than a half million dollars in purses during 1966.

Boneless Roll Lamb Destined For High Praise

COLLEGE STATION--Lamb producers have developed a new product -- a netted, boneless lamb roll destined for high praise from Texas housewives and their families.

In a recent consumer pilot project in Waco, even those who had never tried lamb before were enthusiastic, according to Dr. Robert Branson of the Texas A&M University Agricultural Economics and Sociology Department.

Branson and his associate, Dr. Bernard Lester, are research team members who make studies in consumer preferences. Some of their other projects are marketing of Texas grapefruit, the market potential for frozen pre-packaged broilers, and effectiveness of consumer marketing promotion programs for Texas food products.

Their program is conducted in the Market Development Section at the university.

The lamb project involved the testing of 300 families in Waco. Cooking and eating trials were made in cooperation with the American Lamb Council headquarters in Denver, Colo.

Branson said nine out of 10 women who had never served lamb before said the boneless roll was a tasty meat product and would like to serve it in their homes.

"All want to buy the new lamb rolls when they become available in their local food stores," he said.

Dr. Tyrus R. Timm, head of the A&M Agricultural Economics and Sociology Department, said the project is significant because Texas is the nation's largest producer of lamb.

This market research is another step in Texas A&M's development of agricultural

Cotton Farmers Urged To Select Next Year's Seed Carefully

LUBBOCK--Right now is the time for cotton producers on the Plains to begin thinking about a supply of good planting seed for 1967, while they still have most of the 1966 crop from which to choose.

This is the advice of Dr. Levon Ray, agronomist at the South Plains Research and Extension Center north of Lubbock. Ray says special care in the selection and handling of planting seed from this year's crop will be even more important because of the early freeze and the high incidence of verticillium wilt, angular leaf spot and bacterial blight.

Research has consistently and repeatedly proven that good planting seed is near the top among factors which influence both yield and quality in cotton production. Tests have shown as much as \$30 per acre additional income from good, strong, varietally pure planting seed.

First, Ray says producers should arrange to get seed from cotton in the most mature, disease free field available.

Second, the seed roll at the gin should be dumped before this cotton is ginned. It is not possible to maintain varietal purity in any other way, he cautioned.

Third, in processing, the seed should be graded more closely than in normal years. This may result in cutting as much as 50 to 50 percent of the lighter seed in some cases, but the seed loss is not so great when it is considered that by close grading the amount of seed needed for planting will be reduced.

Fourth, the seed should be properly treated and stored under dry conditions to prevent heating and loss of germination.

Ray points out that verticillium wilt does about the same damage to seed as an early freeze. If seed from wilt infested cotton is acid delinted and treated, this disease will not be carried over to the next year's crop, he said.

However, this does not hold true for seed from fields infested with angular leaf spot or bacterial blight, Ray warns. These diseases can be carried in planting seed regardless of delinting and chemical seed treatment, and seed from cotton infected by either leaf spot or blight should never be saved for planting.

It is difficult to estimate what the supply of planting seed may be in 1967. There will be some farmers whose crop this year is not suitable for saving seed for one or all of the above reasons. And seed breeders themselves will in some instances be required to cut a high percentage of their certified seed as they are processed in order to maintain quality standards.

The unknown quality, though, is the amount of planting seed in the farmer's barn. It is wide knowledge that not too many farmers saved planting seed from the 1965 crop, but most are thought to have had a large seed supply at the beginning of the 1965 season, and some of this is probably still on hand.

"It is clear to all of us that rapidly rising textile imports are a serious threat to the raw cotton industry of the U. S."

These are the words of Donald A. Johnson, executive vice president of Plains Cotton Growers, Inc., who recently returned from a meeting of the Textile Imports and Cotton Exports Subcommittee of the National Cotton Advisory Committee.

Imports of manufactured cotton products into the U. S. during the first eight months of 1966 were equivalent to 675,500 bales -- just slightly less than the full year 1965 total of 751,000 bales -- and if the upward trend continues, the total for 1966 could well exceed 1.1 million bales.

Cotton imports have more than doubled in the past five years, and imports of all textile products, including man-made and woolsens, are up 50 per cent just in the past year.

These and other facts reviewed by the Subcommittee were responsible for its recommendation to the U. S. Department of Agriculture; that the Long Term Cotton Textile arrangement (LTA) be renewed and made more effective wherever possible.

In addition, the Subcommittee requested that the USDA begin now to make a thorough study of other ways and means by which the rise in cotton textile imports might be curbed. It was felt that an alternative would

be needed in the event a renewal of the LTA was not accomplished or if it proved ineffective.

The LTA was negotiated with foreign countries by the Kennedy administration in 1962. It expires in 1967. Discussions leading to its extension were recently recessed in Geneva to give the various countries an opportunity to enter into bilateral agreements. The discussions are expected to be resumed late in November.

The "arrangement" is a rather loose agreement between

the various countries, designed to promote orderly cotton textile imports to the U. S. It has not the means to control imports, but only to exercise some restraint.

Under the LTA, cotton textile imports to the U. S. have gone from 428,000 bale equivalents in 1961 to 970,000 bale equivalents in the Arrangement's fourth year, which ended September 30, 1966.

For this reason many have questioned the effectiveness of the LTA, but most observers

agree that without the LTA imports of manufactured cotton products would have been much greater.

Johnson and others on the subcommittee also feel the LTA could be even more effective if the State Department could be induced to use the restrictive mechanism which is available to the U. S. under the arrangement. The State Department may, if it sees fit, promptly cut off further imports of particular categories of tex-

tiles when these imports from a given country exceed the negotiated base under the LTA.

The State Department, however, has been reluctant to use this mechanism in the past and that reluctance is likely to continue.

Also essential to making the LTA more effective, Johnson maintains, is the securing of bilateral agreements between the U. S. and some additional countries.

He cites Mexico and Brazil and two of the countries with

which the U. S. has now no bilateral agreements. These are two of the three countries with which have shown the largest percentage of increase of exports to the U. S. during the past year, principally in the category of yarns. The combined exports to the U. S. from Mexico and Brazil jumped from 8000 bales in 1965 to 73,000 bales in the first 11 months of 1966.

In fiscal 1965 Mexico ranked eighteenth in the order of im-

portance as a textile exporting country to the U. S. In 1965, it ranked third behind Japan and Hong Kong.

The Subcommittee also discussed raw cotton exports with USDA officials during its meeting but with little or no result. USDA continues to estimate U. S. exports in 1966 at five million bales, and contends that nothing further should be done to aid exports until the current cotton program has had more time to show its effect.
