Yellowhammers Lost to Anson Friday Night

Friday night the Yellowhammers ended their 1954 football season in an encounter with the Anson Tigers. Anson took the game by a 31-6 victory.

After a scoreless first quarter Anson finally scored in the second quarter as the Yellowhammers had held the Tigers several times from reaching paydirt. Eugene Johnson on a quarterback sneak scored from one yard out. Danny Tollison kicked the extra point making the score 7-0 at half time.

In the third quarter Anson's Franklin Sims scampered over the goal line from the 10 yard line to begin the scoring in the last half. The extra point try was wide.

Rotan came alive as Wayne Rivers intercepted an Anson pass and ran 68 yards to tally. Funk failed to convert.

In the fourth quarter Anson went wild on a scoring spree and added 3 touchdowns to their credit. Jimmy Roberts scored twice, once on a pass option play and then on a 34 yard run around end. Neither extra point was good. Sims ended the scoring as he ran through the Yellowhammers for 68 yards. The extra point was wide.

The Yellowhammers penetrated deep into Anson territory several times but were unable to score. The gains were through the air as the ball passed to Wayland Goodwin who was caught from behind as he scrambled toward the goal line. The Yellowhammers netted 62 yards. Another beautiful play was a pass from Funk to Anson but again Anson's Sims intercepted the runner from behind. That was good for 50 yards.

The Yellowhammers squad has played a good ball all year and with the added experience the team should begin its rise next year. Here's to a good year in 1955 Yellowhammers!

PTA Selling Fruit Cake

The high school PTA is taking orders for fruit cakes. They have 3 different sizes and ask that you place your order with Mrs. Earnest Taggart or Mrs. Dave Posey.

Fred Byerly, FT-3, son of Mr. and Mrs. M. F. Byerly, returned home Saturday, after serving four years in the Navy. He received his discharge from Key West, Fla. Naval station. He served on the USS Destroyer Hailey, in the Atlantic and Pacific areas, and while in the Pacific covered just about all the navigable waters of that ocean.

Visiting in the Paul Foreman home the week end were their son and wife, Mr. and Mrs. Paul D. Foreman of Monahans. Also the younger Mrs. Foreman's mother, Mrs. A. L. Hiskett of Mineola.

Harvest Festival Was Great Success

The Harvest Festival, sponsored annually by the Elementary Parent-Teacher Association, was a success from every standpoint. The immense crowd that visited the concession booths and stayed for the program seemed to be having fun. Total money raised was \$546.00 after expenses were deducted. Mrs. Dee Reese, PTA president, was general chairman. She was assisted by the room parents and teachers in making and carrying out the various plans. The annual Festival is the only money making project sponsored by the association each year. The money is always used for some school benefit. This year, the money will be used to pay for Windmaker fans which have been purchased for each class room. There will be additional funds to take care of some other need to be decided later.

The seventh grade classes led in the amount of money raised. The total seventh fund was \$183.81. The eighth grade was second with a total of \$151.45; and the fifth grade placed third with \$131.28.

In the individual room contest for the title of Sunbonnet Sue and Blue Jean Jim, the first three were as follows: Room 7I, Sue Dennis and Todd Baugh; Room 5I, Jeans Wilkinson and David Baugh; 8th grade, Bobbie Posey and Edward Patton.

The program following the closing of the concession booths was in the high school auditorium. Leroy Hill was announcer. The fall decorations featured King Pumpkinhead, who was a benevolent symbol of harvest time and the plenty that supplies American tables. The center decoration was a coffee table laden with fruits of the harvest. Fall leaves were scattered at various places on the stage and back drop.

Following the prayer of Thanksgiving, led by Superintendent D. Y. McKinney, the contestants were announced. First came eighth graders, Bobbie Posey and Edward Patton, bearing a large harvest moon which they placed high upon the back curtain. As they entered, Mrs. Roger Murff played "Shine On Harvest Moon." Representing fall sports, and marching to the tune of "You Gotta Be a Football Hero," Sue Dennis and Todd Baugh presented a football to King Pumpkinhead. Next came the jolly tune "Old McDonald Had a Farm" as Charlotte Callan and Lawrence Wayne Sparks brought a live hen down the aisle to the stage.

Mignon Gruben and Wilber Gruben brought apples to the King as the piano rang out with "An Apple for the Teacher." To the familiar hymn, "Bringing in the Sheaves," Ravonna Keisler and Stan Murff carried a bundle of feed and placed it on the stage. Then came Jeane Wilkinson and David Baugh to the music of "Twinkle, Twinkle, Little Star." They placed a bright star near the harvest moon. Last contestant to enter were Shirley Turner and Tony Linsky bearing autumn leaves to add to the decorations. Their theme song was "The Leaves Came Tumbling Down." All contestants were then seated on the bales of alfalfa hay scattered about the stage.

A brief program followed the professional. Mary Lou Ashton and Charles Thornton, eighth grade band students, played "The Sweetheart of Sigma Chi." Judy Edwards, sixth grade student, read a poem entitled "Thanksgiving at Home." Girls from the sixth grade twirled, and Celia Deane Reese played a piano solo.

Gifts were awarded by Fred Byerly. Mickey White drew the hen that was given by Room 7II. Miss Ruth Fowler drew the sheets and pillow cases given by 5II; Miss Joie Baird drew the eighth grade turkey; Mr. and Mrs. B. W. Gray drew the box of groceries given by 7I. The free door gift for attendance was won by Mrs. Dave Posey.

Supt. McKinney announced the winners of the contest. In bestowing the titles upon the winners, he placed a sunbonnet upon the head of Sue Dennis and a straw hat upon the head of Todd Baugh. All of the girls were wearing gingham dresses and the boys were wearing blue jeans.

Mrs. Dee Reese concluded the night's festivities by thanking each and every one who helped to make the Festival such a great success. It represented unsurpassed cooperation of parents, teachers and students. Those who think PTA is a mothers organization should see the dads working in the elementary school! This meeting also marked

Rotan Footballers Won District Honors

The Yellowhammers will lose seven seniors this year from the team. These seven boys acted as co-captains in their last game with Anson Friday night. They are: Jimmy Ashley, Earnest Taggart, Max Garland, Edward Hammonds, Robert Phillips, Boyce Irvin, and Billy Neely. Good luck, seniors, and may your future be bright. We'll miss you next year.

District 4-AA coaches met last week to make the All-District Team selections. Even though Colorado City and Stamford players won the majority of the places we feel happy over the fact that Wayne Rivers made the defensive team as line-backer and Wesley Minton made honorable mention. Both boys are Juniors.

Jim Watson is recuperating in the Callan Hospital. Jim received a chest injury in the game Friday night at Anson, but is improving rapidly.

Basketball season is drawing near. The girls have been working out for some time but will take time out for the Thanksgiving holidays. The boys will begin their workouts Monday, November 29. Since the holidays begin Wednesday after noon it was felt very little could be accomplished in two days, and the boys were given a weeks rest after football workouts ended.

John White Addresses Farmers Meeting

Before a meeting of the Fisher Co. Farmers Union in Roby Friday, Texas Commissioner of Agriculture John C. White, spoke on a number of problems facing farmers and ranchers.

"The next meeting of the state legislature will be the most important one in many, many years for the farmer," declared White. And he urged the farmers to familiarize themselves with their problems and send their representatives their ideas.

Water conservation, drought allotments and the national cotton acreage restriction were problems named by White as those demanding serious study and immediate action.

White named a raise in taxes to provide money to operate the water rights and who is to enforce the law, as the more controversial parts of the water problem.

Speaking of the cotton allotment White reminded his hearers that, "It is better to raise a little and be able to sell it, than a lot and have no market."

He advocated the need of special legislation to furnish additional allotments for those hardest hit by the drought.

White urged his hearers to join some farm organization saying: "It is tremendously important that farm people organize to solve their common problems." He also reminded the people that they underestimated the agricultural industry which means a total of \$14 billion to Texas each year.

White was introduced by Mayor Johnnie Ammons and manager of the Midwest Electric Co-op.

At the meeting Friday Fred Haiduk of Gromo, Texas and president of the Texas Farmers Union, presented a charter to Joe Dismore of Hobbs, president of the Fisher County Farmers Union and Charlie Nunn, Claytonville, vice-president.

Arlon Davis Died in Dallas Hospital Sunday

Arlon B. (Cyclone) Davis, 73, of Dallas, one of the first citizens of Rotan, died in a Dallas hospital Sunday of a kidney ailment. He was buried in Sulphur Springs cemetery near the burial place of his father, the original Cyclone Davis.

He is survived by a son and two daughters, several nieces and nephews, among which are Guyon Davis of Roby, Mrs. Gladys Parker of Lueders, and Mrs. Jim Etter of Roby.

**Girl Scouts Camp
December 10-12**

More than 100 girls of high school age from 13 counties of the West Texas Girl Scout Council on Dec. 10, 11 and 12 will take part in the first all-Senior camp ever held in this area. The three-day camp will be at the Boothe Oaks southwest of Sweetwater and will be directed by Margaret McAdams, executive, Jean Oates and Betty Wickman, field directors.

The week-end program at Boothe Oaks is to be made up of practice on camping skills to prepare the girls for the Regional Patrol-Troop Encampment to be held in Texas June 8-18; and organization of a Senior planning board for the West Texas council. Tentative plans are for the girl planning board to meet at the same time and in the same town as the meetings of the Board of Directors of the Adult Girl Scouts.

The Regional Patrol-Troop Encampment is the first to be held in the Cactus Region (Oklahoma, Texas and New Mexico) and is a preliminary to the National Girl Scout Senior Round-up to be held in Michigan in 1956 to which some 5,000 Girl Scouts will go from all of the United States. About 500 Girl Scouts of high school age will attend the Cactus Region Encampment, which is to be held on Blue Cedar Ranch at the head of the Medina River, and a patrol of 8 girls will go from West Texas. They will be selected some time before the first of the year and will practice as a team to prepare them for the experience of setting up camp and living in a primitive unit for 10 days.

In addition to practice in camping skills at the Senior week-end the girls will take part in discussion groups, songfests, campfire activities and on Sunday morning a tree-planting ceremony will be the big event of the day. Stephany Stephens of Lamesa, and Harriet Redwine of Snyder, who were West Texas Senior delegates to the Regional Conference held in Austin last week, will give a report on their experience there.

Senior Girl Scout troops, composed of girls from the 9th grade thru high school, has grown from three troops in 1949 to 12 registered troops. The total number of girls in senior troops is 110. Their program is based on the same activities as that of intermediates but badge work is no longer stressed and the emphasis is on service.

Senior Girl Scouts give service in many fields, including conservation of natural resources, cooperation with other local community agencies such as the Crippled Children's Society, the Tuberculosis Association, Goodfellows, and serve as program aides in the day camps and with younger troops.

Pedestrians Are People Don't Kill Them

"After all, pedestrians are people. So give them a break in traffic."

In those words R. B. Roaper of Houston, president of the Texas Safety Association, appeals to motorists to do their share in making the current pedestrian safety program of the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council a complete success.

"Any effective pedestrian safety program must have the wholehearted cooperation of both motorists and pedestrians," he said.

He reminded motorists that even when the heedless conduct of walkers puts a driver in a spot, the driver is not justified in retaliating.

"Remember," he said, "the odds always favor the motorist. A human being is no match for a 3,000-pound vehicle."

Mr. Roaper believes that most drivers and walkers display a cooperative attitude in traffic. "No pedestrian," he said, "deliberately gets run over, nor does a driver run a pedestrian down with malice aforethought."

"Most difficultis between drivers and walkers result from heedlessness on the part of one or both, or from a stubborn determination by someone to have his own way," he said.

He advised motorists to make it a habit to give the walker the right of way, even when he's not entitled to it. He also urged them to be on the alert so that they can compensate for any carelessness on the part of walkers.

"Drivers should always slow down near schools and playgrounds, in residential districts, and in shopping areas," Mr. Roaper warned. "They should be especially alert for the elderly whose reactions are slow and for children whose youth makes them impulsive and unpredictable."

"In addition to the usual traffic hazards," he said, "special dangers are encountered at this time of year. He listed these as:

1. More hours of darkness.
2. More rain.
3. The beginning of holiday shopping.

"Such conditions," he said, "mean that motorists should slow down to counteract reduced visibility, should guard against wet and slippery road surfaces, should be on the alert for pedestrians whose vision is obstruct-

Government Of Law Is American Tradition

What is a "Government of law"? Most of us run across this phrase from time to time, but few stop to think what it means. It has a special significance and is extremely important to each of us as an American citizen.

The implications of the term are broad, but its basic definition is simple: Because legal controversies must be tried and determined in our courts on established and recognized public standards of right and wrong, we call ours a government of law — as distinguished from a government of men.

If judges and juries were not bound by law and precedents — if in each lawsuit, the judge or juror could set up a private standard of rights and duties as a basis for deciding that case — we would have a government of men. No one would know in advance of the decision how he should have acted in a particular situation. Cases arising out of similar circumstances would not be decided on settled principles but on the personal ideas of the trial or juror.

Judges get the law by which they decide the legal questions arising in a lawsuit from three sources: federal and state constitutions; federal and state statutes; and from previous decisions state the public standards of rights and duties in matters not covered by constitution and statutes.

Judges have access to these statements of the law and know which apply to the situation involved in any lawsuit. So that justice may be done according to the law, it is imperative that the jurors in each case accept the law as the judge gives it to them. They are therefore required to base their verdict on his instructions as to the law, rather than on their own notions of what the law is, or ought to be.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue, what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for the trial. No one would know, until the judge had ruled, what he would be permitted to say or do, or in what order. Such a situation would inevitably result in con-

Community Health Is Very Important

Austin.—"A high standard of community health is the best asset that a state can possess," says Dr. Henry A. Holle, State Health Officer, in speaking of the progress made in public health education since the first Thanksgiving Day was observed by our forefathers.

"The State of Texas has much to be thankful for this year," he said. "In the steadily increasing interest and cooperation of the people of the State in matters pertaining to their health.

"The control of the water and milk supplies, sewage disposal, vaccination against smallpox, immunization against diphtheria and whooping cough, food inspection, housing regulations, and many other measures have been spectacularly successful in reducing the killing power of a number of maladies that formerly took a terrific annual toll.

"Responsibility for success and advancement of a public health program lies not only with the health department, but also with the people who support and encourage the community effort put forth and who apply in their own individual lives the knowledge which we have acquired.

"The individual citizen, to reap the benefits of good health must be more concerned about his own well-being than he is today. His program should involve a conscious effort to abide by the simple rules of healthful and rational living.

"In short, when the private citizen fully appreciates the importance of good health practice on his part, he will greatly enhance the efforts of medicine, surgery and public health in his behalf.

fusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of rights and duties, applicable to all persons similarly situated. This is what we should remember when we hear or read the phrase, "Government of Law."

(This column, based on Texas and Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Music-Study Club Had Visitors at Meeting

A regular meeting of the Rotan Music Study Club was held Nov. 16 at the home of Mrs. H. L. Davis, 20 members were present.

After a short business session Mrs. Broughton, of Sweetwater, reviewed two more chapters in the text Listening to Music Creatively by Mr. Edward Stringham. "Art Song and Oratorio."

Mrs. Broughton introduced the art song as the "city cousin" of the folk song, which we previously studied. Art Song originated as many as 800 years ago and is written for the individual rather than the group. Robert Schumann, the German composer said of Franz Schubert, "He can put a placard to music". Certainly, Schubert is a conspicuous example of this style and his name and "Sere-

nade" are almost as one. Miss Wanda Burklow assisted Mrs. Broughton, by playing on the accordion the tunes, "Old Folks at Home" and "The Night Before Christmas", to illustrate semi-cadence and cadence of art song.

"Oratorio", continued Mrs. Broughton, "differs from opera in that it has a narrator and is of Biblical theme. It does not require costume or scenery. The Messiah by Handel is probably the best known oratorio. It is written in three parts to depict the coming of Christ, the suffering and death of Christ and the resurrection". A short quiz was given the members, to climax the program.

We the members of the Music Club, wish to invite all of our friends to the Christmas Cantata, "Carols of Christmas" by Jane Lorenz, which will be given at the First Baptist Church on December 12, at 7:30.

Niece of Mrs. Cave Married in Abilene

Barbara Reagor and Garland Ray Saunders were married Saturday afternoon in the home of the bride's aunt, Miss Maude Moulton, in Abilene.

W. W. Reagor of Dallas, is the father of the bride, and the mother of the bridegroom is Mrs. Ila Saunders of Abilene.

At an improvised altar set with arrangements of white chrysanthemums and candelabra, the Rev. W. C. Ashford performed the double ring ceremony.

Only attendants were J. J. Briles, best man, and Peggy Robins, maid of honor.

Miss Robbins was dressed in a brown faille princess style ensemble with contrasting creme jacket. She wore a white hat and brown accessories. Her corsage was yellow carnations.

The bride's original two-piece powder blue faille suit was trimmed with rhinestone designs. The straight skirt was worn with a short fitted jacket styled with three quarter push up sleeves and high neckline accented with small stand up collar. Her hat and gloves were winter white and other accessories were in black patent. She wore a gardenia corsage with additional touch of baby's breath.

At the reception in the home, the host, the bridegrooms mother and another aunt of the bride, Mrs. Emmett Cave of Rotan, assisted in receiving guests. Sue Robbins and the maid of honor served at the bride's table covered with a lace cloth. Floral decor accompanied that of the wedding scene.

Out of town guests were from Midland, Dallas, Corpus Christi, Ro-

Blue Cross Benefits May Be Enlarged

Plans for protecting farm and ranch families against financial hardship in case of illness, including cancer, will be discussed at a meeting Wednesday Dec. 1, at the Settles Hotel in Big Spring, according to Clifton Thomas, president of the Fisher County Farm Bureau.

Farm Bureau leaders from Fisher and 8 other counties in this area will meet with Blue Cross—Blue Shield and Texas Farm Bureau staff members to plan increased participation of Farm Bureau families in the group hospitalization and surgical benefits program.

The State farm organization and Blue Cross—Blue Shield, a non-profit organization, will conduct a concerted campaign over the state in December and January to enroll Farm Bureau families in the Blue Cross—Blue Shield program. The Texas Farm Bureau, with over 14,000 farm families enrolled in the group hospitalization program, is the largest Blue Cross group in Texas.

The drive has been set up in Clinton and Hamlin.

The bride chose a late afternoon costume to begin the wedding trip to New Mexico. Her winter white full quilted skirt was topped with a wool jersey blouse with stand up collar. She added black accessories.

The bridegroom is a salesman for Texas Wrecking Co. of Abilene. They both attended St. Joseph Academy and Saunders also went to Abilene High school.

They will live in Abilene. Mr. and Mrs. Emmett Cave and Mrs. Nelson Smith and Linda Lou attended the wedding from Rotan.

The bride has visited here in the home of Mr. and Mrs. Cave.

Ford's newest entry into the high-styled car field is the Fairlane Crown Victoria, (shown above) with a tiara-like chrome strip arched over the top of the car. The Crown Victoria has a wrap-around windshield, and is under five feet in overall height. Dual exhausts, which provide extra power are standard on this new model. It also is available with a transparent roof over the driver's compartment.

Ford's 24 series of 1955 trucks, with 190 models extending from the tandem axle "Big Job" (shown above) to pickups, are designed to make money for operators on every hauling job. The new models, with improved engines and chassis, and more comfortable full foam rubber seats in custom cabs, will be introduced at Ford dealers' showrooms November 12.

"Three Coins" At Lance This Week End

Dorothy McGuire, who portrays Clifton Webb's secretary in "Three Coins in the Fountain," the new Twentieth Century-Fox CinemaScope production coming to the Lance Theatre Sunday, Monday and Tuesday returns to the screen after two years, since "Mister 880." She took the time out from her film and theatre work to give birth to her second son.

Considered by many to be one of the outstanding actresses of either stage or screen, Miss McGuire has been extremely elective and has made only a dozen films since her first triumph as "Claudia" more than ten years ago. Her performances in "The Spiral Staircase," "The Enchanted Cottage," "Gentleman's Agreement" and other films soon established her reputation and she is constantly sought by producers for important roles.

J. M. McKinney of Weatherford visited here last week with his sister, Mrs. L. B. Green.
