

## Band Has Enjoyable Week End Trip

Fifty-two members of the Rotan Yellowhammer Band left at 11:30 Friday night by chartered bus for Conroe. In Conroe the band attended the Southeast Music Festival.

During the day the band marched in a parade and played in mass concert. Some twenty-five bands participated in the concert. This was directed by Paul Yoder, band director at TCU.

Later in the afternoon our band gave a concert of the music to be played at spring contest, which was heard and criticized by Frank Simor of the Cincinnati Conservatory. He was very complimentary of our band and ended his criticism with, "My congratulations on your fine achievements."

The band spent the night in Conroe and early the next morning left for Houston. While in Houston they visited the San Jacinto monument and the battleship Texas. Also visiting the campus of Rice and Shamrock Hotel.

The group arrived in Rotan about 1:00 a. m. Monday, very tired, but with the feeling that the trip had been well worth the time and effort.

## Pearston's Lures To Be Displayed Saturday

A display of Pearston's fishing lures will be shown at Clark-Benson store Saturday. These are locally manufactured and are sold under the trade name, Tex-Selects.

Lures will be shown made from the hair of various animals and feathers from many lands.

Everyone is invited to see this wonderful display whether or not he fishes, as all the latest and best lures will be shown by Mr. Pearston.

He especially invites members of the Lions Club and Chamber of Commerce.

## Rotan HD Club

Reading centers for each member of the family was the topic discussed by Miss S. C. Kinsey at the Rotan HD Club March 4 in the home of Mrs. W. A. Baker.

Making the most of reading furnishes mental growth, relaxation, and character development, stated Miss Kinsey.

Each person in the family can be influenced to do more reading by each having a comfortable place suited to the individual, having books suitable for each person in a convenient place.

A non-glare light at the right place will help the reader. Sixteen inches is proper distance from page. 150 to 300 watt bulbs should be used.

A short business session was held by club president, Mrs. Annie Mae Hughes. Attending were: Mmes. Homer Aaron, C. C. Roach, J. W. Porter, O. R. Nowlin, Barney Bigham, C. A. Ragan, L. E. Wright, D. T. McDonald, Hughes, Baker and Miss Kinsey.

Next meeting will be with Mrs. Hughes.

## Free Income Tax Clinic Monday

A free income tax clinic will be held Monday night 7:30 at the Ritz Cafe.

W. W. Bailiff and B. W. McNarmon, public accountants of Abilene are conducting the clinic and invited anyone interested to attend.

## ERROR IN CHURCH NOTICE

In last weeks Advance an article appeared on the El Paso Revival. This should have been Bethel church.

James Allen and Winfred Rogers attended the stock show in Odessa this week, showing sheep. They will return home Saturday.

Mr. and Mrs. W. O. Bailey and children, Bonnie, Naomi and Gene, spent last week end vacationing in Brackenridge Park, San Antonio.

## Hospital News

Local medical patients in Callan Hospital the past week were: Mrs. Bill Graham, Mrs. C. U. Callan, Delores Velez, Danny Browning, Mrs. G. B. Lemley, Mrs. A. L. Foy and Donald Overby.

Out of town medical patients: Sandra Lowe, Blackwell; Bob Browning, Fluvanna; Mrs. H. C. Bettis, Roby; Mrs. Odie Miles, Snyder; Lola Palmer, Roby; Mrs. John Blythe, Snyder; Mrs. Roy Patterson, Roby; Mrs. Fred Moffett, Roby; Mrs. Robert Martin, Roby.

A girl, weighing 8 pounds, 5 ounces and named Marilyn Kay was born to Mr. and Mrs. Aaron Bennett of Jayton, March 2.

No. 5

## C of C Directors Plan Years Work

New Chamber of Commerce directors were installed Monday night and plans were started for the coming year.

R. L. Springer was reelected president and Mrs. R. R. Gray, secretary.

New directors, Dan Jones, L. E. Newton Jr., Wayne Nowlin, Odie Sparks, Bill Day, R. D. Sartor and Tom Collins, with old directors planned the membership drive which starts this week.

The organization has enjoyed good cooperation and completed an array of worthy projects this year.

## Cross Roads Revival March 30-April 3

The Cross Roads Baptist church has set their Spring Revival for March 30-April 3 to cooperate in the Simultaneous Evangelistic Crusade of Texas Baptists. Rev. Jimmy Nelson, pastor of the Calvary Baptist Church, Snyder, will do the preaching and the local choir director and pianist, Bobby Gruben and Mrs. Odell McQueen will have charge of the music.

Prayer groups have already been organized for Preparation in Prayer, Revival Prayer Chaiman, Horace Carter, with the Brotherhood of the church cooperating in the effort. Ladies of the WMS will also cooperate in this effort. Glenn Upshaw will serve as chairman of the Visitation Committee and Billie Joe McCombs, Sunday School Superintendent, will serve as chairman of the Entertainment committee.

Friday night of the Revival will be designated as family night, when families will sit together and recognitions will be made accordingly. Sunday, will be marked as high attendance day, with the Sunday School and Training officers, teachers, and leaders working toward that end. The church, along with the pastor, Rev. R. M. Parsley, join together in inviting everyone within reach of the church to attend these services.

Primary pupils of Mrs. Ed Harris were presented in piano and voice recital in the First Methodist church, in stage setting of ferns and other greenery.

Students, who were introduced by their teacher were gownned in pastel formal. Included were Judy Ward, Carolyn Hale, Patricia Gruben, Charles Strickland, Sharon Hale, Sandra Boen, Leatrice Counts Sharron Puryear, Diana Martin, Judy Kay Byrd, David Canfil and Mike Linsky.

Special entertainment was by a group of students from primary school, directed by the school music teacher, Mrs. Frankie Fortune.

The students, in costume, presented a skit from Colonial days. Recital for older students will be held in April, Mrs. Harris announced.

Richard Posey and Jack Callan of A & M College, spent the week end here with their parents.

Mrs. J. V. Hellums and her guests Mr. and Mrs. R. L. Hansard and David Cooper, visited in Spur Monday.

H. B. Campbell and Hubert Chance attended the funeral of a sister-in-law, Mrs. Gilbert Chance, in Amarillo Sunday.

Mrs. Elza Kellum visited last week end in Austin with her son, Guss Bunch and family.

Mrs. Eva Marie Jones of Dallas visited here last week end with her sister, Mrs. Bernice Stockton.

Mrs. Mildred Rhodes and Babby of Dallas, Mr. and Mrs. H. B. Finch of Merkel, Mr. and Mrs. Buddy Thames and children, Mr. and Mrs. Dan Van Matree and children of Abilene visited Sheriff Bus Rollans and family in Roby over the week end.

Mrs. W. B. Tillotson and Ann spent last week end in Fort Worth with her mother, who is very ill.

The Senior class will have a paper drive Friday, March 11. Please have your paper tied and stacked on the front porch.

Secretary,  
Patricia Nichols

## Two Trustees To Be Elected April 2nd

Two trustees are to be elected for the local school board, Saturday April 2.

Incumbent trustees whose terms are expiring are Fred Byerly and Victor Hill. They have agreed to allow their names to be filed for reelection. They replaced Ira Morrow, who resigned and Alvin Gruben, deceased.

Other names may be filed up to March 25th with L. A. Sparks, secretary of the board.

The election will be held in the primary school, with H. S. Bridges as election judge.

## Baillio Attends GM Training School

H. C. Baillio is attending the General Motors Training Center at Garland, Texas, to learn advanced automotive service techniques which he will use in his work at Hogsett Chevrolet Co., Rotan, Texas.

Mr. Baillio is spending 2½ days at the Garland school, one of a nationwide network of training centers being set up by General Motors to keep employees of its car and truck dealerships abreast of new mechanical developments and service techniques.

A Service Manager with Hogsett Chevrolet Co. for 19 years selected the 1955 Product course, taking advanced study in model changes.

Mr. Hogsett, head of the company, said he sent Mr. Baillio to the Garland center to give his customers the benefit of improved service techniques taught there.

The Garland training center, with more than 26,000 feet of floor space, has 8 specialized shop classrooms, for use by Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, GMC Truck & Coach, Fisher Body and United Motors Service of GM. Each division supplies a highly trained instructor for its courses at the center, which is managed by L. S. Kuehn.

GM officials expect a total of 5,000 mechanics to attend the center each year. Similar attendance is expected at other training centers when they are completed.

Harlow H. Curtis, president of General Motors, explained that the purpose of the centers is "to insure that the people who buy our cars and trucks will continue to receive efficient and satisfying service." He said that "the centers will make it possible for dealer service personnel to keep up to date on a systematic basis with improved service methods and technological advances such as air conditioning, power steering, power brakes and other major improvements."

Mr. and Mrs. Earl Keese of Stamford, visited her sisters, Mrs. J. V. Hellums and Mrs. Jas. B. Day, Sunday. Also spending the week-end with Mrs. Hellums were John Hellums and Elizabeth Westmoreland of Austin, Lieut. David Hellums of Perrin Air Base, Mrs. Margaret Cooper and David, June Ann Day of Big Spring, and Mr. and Mrs. R. L. Hansard, who had been in New York attending to business.

Mr. and Mrs. Hansard of Hollywood, Calif., went to New York by plane more than two weeks ago and on their return trip they visited her sister and family, Mr. and Mrs. Arnold Kramer in Knoxville, Tenn., a sister, John Hellums, in Austin, and in Big Spring they visited another sister and niece, Mrs. Margaret Cooper and June Ann Day, and then came here for a visit with her mother, Mrs. Hellums, and the group joined them for a few days.

Seventeen members and three visitors were present, visitors were Mrs. Wub Taggart, Barbara Neepner and Jerry Don Coope.

Next meeting will be in the home of Mrs. Pearl Cooper.

Mrs. L. B. Green was very pleasantly surprised Monday night when her daughter, Mrs. Leo Prater, called and had a nice telephone visit with her. Mr. and Mrs. Prater live in Martinez, Calif. She said they had lot of rain and flowers were blooming. Ferol also asked her mother to say hello to all her friends here, and this is the way it is being done.

Mrs. A. W. Canfil, David Canfil and Mrs. Mattie Key returned recently from Cleveland, Ohio, where they visited Mr. and Mrs. L. W. Canfil and children. Mr. Canfil had surgery while they were there, and is recuperating nicely.

Mrs. W. W. Callan was informed Sunday of the death of Miss Athol Whiteacre in McAllister, Okla., Sunday. Miss Whiteacre was a niece of the late Dr. W. W. Callan.

## Names Filed For Place On City Ballot

Names filed for places on the city election ballot are L. E. Newton Sr., for Mayor and Edwin McCombs, Clifton Thomas, George McDonald, C. O. Rollins and W. I. Branch for Councilman. Three Councilmen are to be elected.

The election will be held April 5.

## Cpl. Noles Returning From Germany

Mr. and Mrs. W. R. Noles received word from their son, Cpl. Billy J. Noles, that he would sail on the USS Butner from Bremerhaven, Germany on March 20 for Camp Kilmer, N. J. He will receive his release from the Army at Camp Chaffee, Arkansas.

Cpl. Noles entered service April 9, 1953 and received his basic training at Ft. Leonard Wood, Miss. He was sent to Ft. Belvoir, Vir., for 8 weeks course in engineer mechanics school. He left the States in Sept. 1953 and has spent 18 months in Kaiserslautern, Germany. He has made extended tours of Europe while being overseas, having visited more foreign countries than he has states in the United States.

Cpl. Noles will return to his position with Proctor & Gamble Co. in Dallas after a rest and visit with his parents here.

## Mrs. R. T. Williams Hosts Music Study Club

On March 1st, Mrs. R. T. Williams was hostess to the Rotan Music Study Club for the Texas Federation day tea. Mrs. L. Davis and Mrs. C. Test served from the dining table, which was a symphony of pink and beautiful china. Mrs. D. J. Smith and Mrs. Henry Withers also assisted Mrs. Williams as co-hostesses.

Vice-president, Mrs. Robert Phillips presided over a short business meeting then introduced Mrs. Delbert Taylor of Fort Worth, who is the First District President of the Texas Federation of Music Clubs.

Quite appropriately, Mrs. Taylor commented on the meaning of the Federation Collect of the Music Clubs and with the aid of charts gave the members a most informative outline of the work of the Federation throughout the United States and Canada. Mrs. Taylor's statistics showed the Texas Federation had many outstanding achievements in hospital work and in the Junior Music Clubs.

The past District President, Mrs. Cliff T. Dodson, was also a guest of honor at the tea.

The next meeting of the Study Club will be on March 15. Mrs. Ragland of Sweetwater will give the program and all members are urged to attend.

## Merrilee Club

The Merrilee Club met in the home of Mrs. Ab Aaron, March 8th in an all-day meeting with a covered dish luncheon. Through the day the women quilted a quilt for Sandra Morrow, grand-daughter of Mrs. Aaron. Secret Pals were revealed and names drawn for the next quarter.

Seventeen members and three visitors were present, visitors were Mrs. Wub Taggart, Barbara Neepner and Jerry Don Coope.

Next meeting will be in the home of Mrs. Pearl Cooper.

Mrs. L. B. Green was very pleasantly surprised Monday night when her daughter, Mrs. Leo Prater, called and had a nice telephone visit with her. Mr. and Mrs. Prater live in Martinez, Calif. She said they had lot of rain and flowers were blooming. Ferol also asked her mother to say hello to all her friends here, and this is the way it is being done.

Mrs. W. W. Callan was informed Sunday of the death of Miss Athol Whiteacre in McAllister, Okla., Sunday. Miss Whiteacre was a niece of the late Dr. W. W. Callan.

## Sheriff Makes Raid In 'Flat' Saturday

Sheriff Bus Rollans, deputy Bill Ashley and constable Lewis Clark made a raid in the colored section Saturday night.

Virgil Franklin, colored, was arrested after the officers found seventeen pints of wine; four, fifths wine, 8 quarts beer and 2 1-2 pints whiskey. Franklin pleaded guilty in County Court Monday and was fined \$400 and costs.

## Alathean Class Met In C. E. Leon Home

The executive committee of the Alathean S. S. Class of the First Baptist church met Wednesday, March 2 in the home of Mrs. C. E. Leon for a 12:00 o'clock covered dish luncheon.

Eleven members and one guest, the pastors wife present. After lunch a short business session was called by preident, Mrs. H. L. Davis.

Business attended to, the committee was dismissed by prayer.

Mrs. Davis, president.  
Mrs. Roach, secretary.

## Better Farm Family Living

by James L. Owens Associate County Agent.

COTTONSEED for planting purposes should be treated for Wireworm control only a short time before expected planting date. Four ounces of a 25 percent Lindane wettable powder per bushel of seed will give better wireworm control than other chemicals.

The chemicals used to treat cottonseed for wireworm control will lose their strength and effectiveness if the seed are treated and then exposed to the air, for more than a few days. Avoid breathing the chemicals during seed treatment. Don't allow livestock to eat seed that have been treated.

WINDBREAKS - Orders for trees from the Texas Forest Service to be used as windbreak purposes should have been received before March 1. Too late now.

EGG PRICE OUTLOOK - Since Texas has not increased egg production as much as states in other parts of the Nation there seems to be no cause for a high percentage reduction of layers on farms in Texas, especially in those areas where graded eggs programs are operating.

Prices received for eggs by farmers this month and during the next few months will cause a reduction in number of chicks bought for replacement purposes. To-date there has been a 22 percent reduction in number of replacement chicks bought. Egg producers selling on grade, which includes many commercial producers, should hold their normal production because sometime in the fall of 1955 egg prices will probably improve.

DAIRY NEWS - Experience in recent years with mastitis supports the findings of research at several experiment stations that the feeding of protein in excess of what the cow needs for good milk production does not increase the occurrence or severity of mastitis. Cows with very mild cases of mastitis have no more trouble with the disease when fed a ration in excess of their protein needs than they do when fed a ration supplying only the adequate protein needs. Agreed; that reducing protein or other feed nutrients below the animals requirements, and thereby reducing her milk production, does tend to reduce the severity of some cases of mastitis, but cows that fail to respond to treatment should be removed from the herd rather than carrying them along at a low level of nutrition and production in order to keep the disease in a mild form.

The most expensive management of all is underfeeding a good cow.

Alvin B. Nitsch of Colorado City, son-in-law of Mr. and Mrs. O. R. Odark, was one of the men who were slightly burned in the oil well fire near Silver Wednesday of last week. Six men were seriously burned, one died and another is in a very serious condition. Mr. Nitsch was treated in Root Memorial Hospital in Colorado City for burns on his neck and ears.

## First Baptist Church News

Mr. Sam N. Reed, O'Brien, president of District 17 Brotherhood is to speak to the First Baptist Brotherhood next Tuesday evening in the Fellowship Hall at 7:30, announces J. D. Burk, president of the local Brotherhood.

The foods committee will be ready with a good feed and the membership committee plans to have upward of 100 men and boys to hear the district president.

## Sunday Services

Sunday School meets at 9:45 Sunday morning with a class for every age group. Harold King is general Superintendent. The Roughneck class meets in the Weathersbee Chapel with the younger adults meeting in the Junior high school building.

The pastor, Dr. Lawrence Hayes, will preach at 10:50 on, "A New Testament Revival." M. D. Ivey will have charge of the music with Phil Briggs as youth director.

Training Union meets at 6:30 with a film to be shown in general assembly, entitled, "Trophies For The King."

The pastor will preach at 7:30, the second in a series of Sunday night messages on "The Seven Last Words," namely, "Christ's Promise To A Penitent Thief."

The nursery is open for all Sunday services. Visiting friends are welcome.

## Mayor's Answer

Replying to the City Clerk article in last weeks Advance, regarding cancellation of special election that was to be held on March 22, let me say that the City Clerk has no power under the law to cancel an election. The article was written by the city attorney and signed by the City Clerk. It is not worth the paper it is written on. The election was duly ordered by the City Council and cannot be revoked or changed. The Council did order this election on their own motion as requested by these citizens who signed the petitions and therefore it was valid under the law. But for unknown reasons they, the Council changed their minds and in order to save their faces they got the City Clerk to put that notice in the paper. As to the signing of the minutes, this is very poor excuse and it has no bearing on the election whatsoever. The Mayor never signs the minutes of any meeting until the following regular meeting and besides the minutes were not in order as I did not and would not put any motion before Council that would limit the voters to vote yes, or no, on all seven proposals submitted in said petition, and that each proposal should be voted on separately instead of one package.

Cecil Lotief, Mayor.  
(Paid Adv.)

Mrs. O'Neal Honored On 73rd Birthday

Children, grandchildren, great grandchildren and friends gathered in the home of Mr. and Mrs. Ardie Keener to help Mrs. Cora O'Neal celebrate her 73rd birthday. A basket lunch was enjoyed by all at the noon hour. Mrs. O'Neal received many beautiful gifts and wishes for many more happy birthdays.

Those enjoying the occasion were, Mr. and Mrs. H. B. Finch of Merkel; Mr. and Mrs. Buddy Thames, Beverly, Paul and Kerry of Abilene; Mr. and Mrs. Daniel Van Matre, Darnette and Joe of Abilene; Mrs. Travis Rhodes and Bob of Dallas; A. J. O'Neal and Hubert, Snyder; Mr. and Mrs. Dink Lyons, Snyder; Mr. and Mrs. Leo Clegg, Sheriff and Mrs. A. E. Rollans and Alton, all of Roby; Mr. and Mrs. Howard Smith and Dan, Mr. and Mrs. Ardie Keener of Rotan and Mrs. O'Neal of Snyder.

Mrs. Elmer Williams and daughters, Jean and June, of Lovington, N. M., and Mrs. Edith Heron of Hobbs, N. M., came Monday to be with their mother, Mrs. A. L. Foy, who was carried to the hospital early Monday morning suffering with a heart attack.

Mr. and Mrs. Morris Watson attended to business in Fort Worth Tuesday and Wednesday.

**Traffic Accident Figures Given**

COLLEGE STATION, —No one can continually violate traffic laws without paying the penalty, either a fine or involvement in an accident. If you don't know the laws, learn them, advises the Texas Farm and Ranch Safety Committee, and then obey them.

The committee has figures from the National Safety Council which show that records of fatal accidents in 1953 involved 76 traffic violations per 100 drivers. Speeding, nearly 3 out of 10 drivers in fatal accidents were violating a speed law. The percentage in rural areas was even higher, slightly over 10 percent above the rate for cities.

Among drivers involved in fatal traffic accidents, 18 out of 100 had been drinking. Seven out of 100 drivers in fatal accidents did not have the right-of-way. The city rate exceeds by almost three times the rural rate in this classification. Improper passing involved 3 out of each 100 drivers in fatal accidents and 9 out of 100 drivers failed to keep to the right of the center line of the highway.

Disregarding a traffic sign, signal or officer was the violation involving 6 out of 100 drivers in fatal accidents. The committee points out here that rural drivers were more frequently guilty of disregarding stop and warning signs while their city cousins more often disregarded a signal or officer.

Statistics show 8,600 pedestrian fatalities in 1953 with 36 percent caused from crossing between intersections; more than 1,800 of the 3,350 adult pedestrian deaths were attributed to alcohol while crossing against the signal accounted for 5 percent of those killed. Playing in the roadway accounted for 26 percent of the child pedestrians under 5 years of age killed or injured and 18 percent of those between 5 and 14 years of age.

Finally warns the committee, don't depend on luck for traffic safety. Know and obey traffic laws, they were passed for your protection.

**FREE TAX CLINIC**  
—ON—

Income Tax and all other types of Federal Taxes will be held in . . .

**ROTAN**

Mon. March 14, at 7:30 p.m.

**'A Pair Of Scissors'--**

NOTE—The article below appeared in the state teachers publication, Texas Outlook, and is used with their permission:

When a girl with no hands enrolled in a homemaking class, her major problem was using scissors. Here's how it was solved.

By JOSIE BAIRD  
Principal Rotan High School

A girl with a handicap, a teacher with vision, a Lions Club with a heart, a machinist with "know-how", and an interested superintendent all combined recently to solve a big problem — that of helping a girl who had lost both fore-arms in an accident to learn to sew for herself.

Cutting out her garments would seem to present the most difficulty. The joint efforts of these people to reach a solution are an example of the cooperative spirit among the people of our town. Whether it be one school child or a group of school children who need help, our townspeople can always be depended upon to rally to their support.

When Joyce Cox came to Rotan High School from the junior high, we already knew her as a lovely, attractive girl with an interesting personality, and one who expected no special favors because of her unusual handicap. She had had wonderful counseling from specialists and her mother.

Mrs. Cox had been wise in permitting her daughter to do things for herself and family. Sometimes she even insisted that Joyce take her share of the household chores, knowing that by doing for others she could forget herself. I have no idea how many hours mother and daughter worked together and separately teaching those short stubs to do the work of hands and fingers.

Joyce has been in high school over two years now. She is an above average student in all her courses. We have almost forgotten she has a handicap. We ask her to run er-

rands, answer the telephone, or do any other favor we might ask of any student. At first we could not help but marvel at the many things she did well. Soon after she came to high school, I stopped one day to chat with a group of students around the coke machine, Joyce was among them. When her term came to get a coke, she unzipped her billfold, took out a nickel and a penny, dropped them in their respective slots, pushed the lever, took out her drink, opened it, and drank it.

Later, in my classroom, I noticed she opened her ink bottle, filled her pen, and began writing the assignment for the day in a beautiful style. These are only examples of the many things Joyce accomplishes daily as a matter of course. She is so natural in her work and so much a part of the school group that we no longer stand in amazement.

In her sophomore year Joyce signed up for Homemaking I. The teacher, Norvelle Kennedy, and I discussed the things we felt Joyce could do with ease and those which might present problems. Since she was already accustomed to assisting with household chores, we knew she would meet most of the problems in the foods lab with confidence.

As far as we could see, Joyce also would get along splendidly in clothing classes in every way except perhaps cutting garments. We felt that the teacher or another student might have to cut the material for her, but that she could sew her own seams. However, we were aware that she would very likely pick up a pair of scissors and start cutting material.

At mid-term Mrs. Kennedy resigned, and the new teacher, Fannie Mae Parsley, took over as if no change had been made. She won Joyce's confidence almost immediately. Joyce frankly admitted she had not yet "figured out" a way to use scissors very well, but Mrs. Parsley felt that somewhere a pair of scissors had been made for a girl with the same handicap. Considering the many things which have been done for vocational rehabilitation, I agreed.

I discussed the problem with D.

Y. McKinney, our superintendent of schools and an active Lions Club member. After listening to my explanation of Mrs. Parsley's dream scissors for Joyce, he said he felt sure the Lions Club would be more than glad to purchase the scissors when we found them.

Paul Heathington, owner of the Rotan Machine Shop, is quite adept in his art and is also a civic-minded person. I knew that if anyone could make those scissors, he could. Mr. McKinney promptly telephoned Mr. Heathington.

After a visit with Joyce to discuss her problem, Mr. Heathington made a pair of handles to fit Joyce's arms and welded on a pair of good scissors. Hogsett-Chevrolet's body shop enamelled and baked the handles. All labor was donated. The Future Homemakers insisted on purchasing the scissors, so the Lions Club decided to send Joyce to summer camp.

Joyce cut her garments and made them just as the other girls in the class did. She does most of her basting with pins, but she can use a needle. As Mrs. Kennedy and I had predicted earlier, the sewing machine presented no great problem. She uses a treadle machine rather than an electric one because she feels more secure with it.

Joyce uses her new scissors proudly, but she also learned, while the special ones were being made, to manipulate a regular pair.

Pat Newton of McMurry College, spent the week-end here with her parents, Mr. and Mrs. L. E. Newton, who took her back to school Sunday afternoon.

Mr. and Mrs. O. R. Clark visited in Tuscola with relatives Saturday night and visited in Abilene Sunday.

Mr. and Mrs. Leonard Davis and Carlla of Sweetwater, visited Mr. and Mrs. D. A. Williamson Sunday.

No gasoline—no, not a single one—has higher octane than

**New 1955 GULF NO-NOX**

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

and because it burns clean... New No-Nox gives you even more power-with-protection

But octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile. That's why new Gulf NO-NOX is super-refined to burn clean and make this power last thousands of miles longer!

This lamp test above shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new Gulf NO-NOX. Just see how clean new NO-NOX burns.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

**New 1955 GULF NO-NOX**

It's super-refined... to burn clean! The '55 gasoline for all high-compression engines

# Rotan Is Proud . . . Of It's Churches

## IS IT LATER THAN YOU THINK ?

Right now your heart is ticking off the seconds of a lifetime!

Without your willing it to do so, it is pumping life through your veins at an approximate rate of 72 beats a minute. In one year it will have pulsed close to 38 million times—if all goes well.

But suppose your heart suddenly stops tomorrow—or next week—or, at the latest, next month. What then? Someone, somehow, will help your family pick up the pieces and resume a life of sorts. But only you can guide the destination of your soul.

Let your pastor and your church show you the Way. Look to the future!

It may be later than you think.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday . . . . . Psalms	27	1-14
Monday . . . . . Ecclesiastes	3	1-12
Tuesday . . . . . Matthew	5	1-9
Wednesday . . . . . Luke	16	10-17
Thursday . . . . . Romans	8	31-39
Friday . . . . . Hebrews	4	6-12
Saturday . . . . . Proverbs	4	20-27

## 'As It Looks From Here'

Omar Burleson, M. C., 17th District, Texas

WASHINGTON, D. C., —Hydrogen Bomb - Survival - Fear and frustration have never solved very many problems. Most people will agree that the best way to meet catastrophe is to prevent it from occurring. We reach the pinnacle of this theory when considering the terror of the hydrogen bomb and how to meet its treat. In the first place, it just must not happen.

As a second consideration - what to do should it happen. Ordinarily we think of our towns and communities in West Texas as being safe from this terrible weapon, but actually they are not.

Mr. Val Peterson, the Federal Civil Defense Administrator, discloses that according to the experts, a single H-bomb blast could contaminate an estimated 7,000 square miles. Our area is not beyond some of the sensitive target areas. No person living even on the most remote farm or ranch can consider himself entirely safe from this awful threat.

A simple, old-fashioned, dirt-covered storm cellar, like a lot of us used to frequent when we were being raised up out in the country, is about the best protection against the threatened radiation fall-out. Such a family shelter could be a complete protection against radiation during the eight-or ten-hour crucial period. This would mean, of course, that a cellar should be equipped with facilities to take care of the family during these few hours. A geiger counter, along with a battery-operated radio, food and water, would be a useful piece of equipment to have.

Mr. Peterson also urges that geiger counters be acquired by every fire station, police department, and by high school science departments for the training of students in their use.

This is not intended to be any "scare" story, but it certainly does not make the danger any less by ignoring it. If the worst should come, a few simple precautions could provide our greatest chance for survival.

## Congressional Prayer Room

—About two years ago a move was started to provide a quiet room for prayer and meditation for members of Congress. Not much publicity has ever been given to it, nor was it intended to be publicized. In the hustle and bustle around the Capitol here in Washington, it is difficult to find a place which is private and quiet. Of course, a person can pray at any place, but this quiet room, hidden way in the Capitol between the House of Representatives and Senators, encourages us to seek Divine Guidance in meeting the tremendous responsibilities which rest upon us.

Perhaps in seeking the hand of the Lord to lead us through the gloomy places, as well as to thank Him for the light, we will conclude that unless we believe in something we are nothing; the more we believe in, the more we become.

LIGHTN' HIS PIPE AIN'T NO HAZARD SINCE HE TOK OUT A FIRE POLICY ON HIS BEARD WITH

## Natl. 4-H Club Week

COLLEGE STATION, —America's 2,058,144 4-H Club members are a hard working group. They carry out practical demonstrations in the home and on the farm involving every phase of homemaking and agriculture. They are proud of their achievements and each spring during National 4-H Club Week give the citizens of the country an opportunity to see and hear them in action.

Their demonstrations and activities are conducted under the guidance of the Agricultural Extension Service in cooperation with the USDA and state land-grant colleges. Locally, the agent and home demonstration agent are in charge of 4-H club work. Volunteer adults and older members, trained

## The Rotan Advance

Thursday, March 10, 1955 No. 5

by the local agents, serve as 4-H leaders. Friends of 4-H also play an important role in the program by providing awards and incentives for even greater achievements.

Because 4-H club work is firmly grounded on worthy principles and is practical, it appeals to young people and gets the backing of adults, says Floyd Lynch, state 4-H club leader.

The public is invited by 4-H groups to attend local meetings, visit livestock shows or to just drop in on 4-H members for a visit to see them in action. The welcome sign is out, says Lynch.

O. B. Cave attended to business in Dallas Sunday and Monday.

All Farm Bureau business including filling-out of tax exemptions will be done at this time.

## There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus... for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield... a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line... but they are up where they can be seen for safety's sake.

The smart louvers across the hood aren't just decoration... they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

motoramic CHEVROLET

STEALING THE THUNDER FROM THE HIGH-PRICED CARS!

### Border Patrol Needs Men

The U. S. Border Patrol has an urgent need for a large number of physically fit young men desiring a career in Federal law enforcement work. In order to secure a sufficient number of qualified candidates for early appointment, the Immigration and Naturalization Service, in cooperation with the U. S. Civil Service Commission, has undertaken a recruiting program in the Abilene area. Representatives of the U. S. Border Patrol will be available to furnish information to anyone interested in making application for the position of Patrol Inspector (Trainee) at: Room 307, Science Building, Hardin-Simmons University, Abilene, Texas at 8:00 a.m., March 23, 1955.

A regular written Civil Service examination will be given to interested applicants at this same address on the same day.

The Border Patrol is the armed, uniformed enforcement branch of the Immigration and Naturalization Service. Its purpose is to detect and prevent the smuggling and the illegal entry of aliens into the United States and to apprehend those guilty of such violations. The job is both arduous and dangerous. Officers are required to work irregular hours, under all weather conditions, and must be available to work in any section of the country. The duties demand mental alertness as well as exceptional physical vigor and stamina.

Candidates must be at least 5'8" tall, weigh at least 140 pounds, and be in superior physical condition.

Age limits are 21 to 31 for non-veterans and 21-35 for veterans. Each applicant must be a qualified automobile operator having at least one year of licensed experience.

In order to become eligible for appointment, applicants must attain a satisfactory rating in the competitive Civil Service examination. Competitors who qualify in the written test will be required to appear for an oral interview and physical examination.

The entrance salary of Patrol Inspector (Trainee) is \$3,795 per year. After satisfactorily completing a year of intensive training, a new officer's salary is raised to \$4,205. Further advancement can be achieved through regular within Service examinations. All appointments being made at this time are career - conditional appointments which will lead to career appointments after three years service.

Mr. and Mrs. R. C. Bigham, Charlotte and Rhett of Brownwood, visited their parents, Mr. and Mrs. Barney Bigham and Mr. and Mrs. Raymond Dennis last week-end.

### Navy To Have West Texas Company

The local Navy recruiter, Marvin Hindal, boilerman first class, announced today that the Navy is forming two companies. One is to be called the "Greater Fort Worth Company". This company is to be composed of boys from West Texas,

and will be sworn in at Amon Carter Field on March 18. They will have a feast in Ft. Worth prior to going to recruit training in San Diego, Calif. This company will be in competition with the "Greater Dallas Company", and will vie for honors in sports, rifle matches and in general training. Hindal will be in Roby on Wednesday mornings

### The Rotan Advance

Thursday, March 10, 1955 No. 5

and in Rotan on Wednesday afternoons. He is located in the post office in Sweetwater on other days.

# MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

*Ford passenger-car sales to customers outnumbered  
those of any other make by thousands\**

## AND IT'S EASY TO SEE WHY!

### Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

### Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!

### Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

### Health Officer Says Headache May Warn

AUSTIN. —A man's best friend can often be his headache, according to Dr. Henry A. Holle, State Health Officer. This is hard to believe when your head is throbbing with pain, but the truth is that a headache is most often Nature's signal that all is not right in your little world.

That's because a headache is not an ailment itself, but a symptom of something else. That "something else" may be as simple a problem as too much food and excitement the night before; it may, on the other hand, be a serious threat to bodily health. In either case, it is a warning that you should act immediately, in the one case by slowing down the tempo of your social life, in the other by seeking the advice of your physician.

Headaches can be caused by fatigue, by infection, by allergy, by an injury or toxic and functional.

A headache from eyestrain, overwork or inflammation of the sinuses is a mechanical one; headache caused by too much acid in the body, by constipation, by over-indulgence in alcohol, by inhaling certain gas fumes, all of which slow up the blood circulation, are toxic headaches. Functional headaches include the oft-mentioned migraine and those caused by high blood pressure.

Most headaches need not cause over-alarms. If they occur infrequently, the trouble is often the "morning after" type, which should, of course, call for the obvious remedy—eliminate the night before." Or is your office or bedroom improperly ventilated? That could be the cause of the trouble.

If headaches recur frequently and under the same conditions and in the same areas of the head, heed the danger signal your own body is giving you. Consult your physician. And don't lean too heavily on the support of aspirin and similar temporary remedies. Their aid is only temporary at best and does nothing to affect the real seat of your trouble.

Mrs. Roy Patton and son Ted returned Sunday from a visit in Seminole, Carlsbad, Artesia, N. M., Friona and Lubbock. Ted recently returned from California, where he received his discharge from the Navy.

### The Right To Drive

Did you ever stop to think that you haven't any "right" to drive an automobile - that driving is a privilege, and like all privileges it carries with it definite responsibilities?

This point was brought out today by Mr. R. B. Roaper, President, Texas Safety Association, who is vitally interested in the know and obey traffic laws program now being conducted by the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council.

"There's nothing on the statue books or on a driver's license that refers to the right to drive," Mr. Roaper said. "The privilege of driving a car is given to the citizen and he is expected to accept the responsibility it entails."

Mr. Roaper said that in its broadest sense such responsibility means the driver's responsibility for his own safety and the safety of everyone else who uses the public thoroughfares.

"This, of course, includes obeying all traffic laws and ordinances," he said, "because traffic laws, which are based on a combination of experience and common sense, are made for the protection of the public."

Mr. Roaper reminded persons who are in the habit of taking traffic laws lightly that such an attitude is bound to get them in trouble. He said that traffic law violators constantly expose themselves to the possibility of losing their licenses, being fined or jailed, or becoming involved in fatal accidents.

"Even without the threat of these serious consequences," Mr. Roaper said, "the trustworthy citizen should be willing to accept his responsibility to drive safely at all times."

Mr. Roaper reminded every driver to do his share to make the know and obey traffic laws program a success. He believes that if each individual accepts his responsibility for his own safety and for the safety of all he meets in traffic, the Texas traffic accident toll can be cut substantially.

A life of pleasure makes even the strongest mind frivolous at last. —Edward Bulwer-Lytton

The Navy's first ship designed as an aircraft carrier was the USS Ranger.

Mr. and Mrs. W. L. Terrell went to McAllen Friday to visit their children, Dr. P. D. Terrell, Mrs. Terrell and Julie.

### Gypsum Co. To Offer Stock

Melvin H. Baker, chairman of the board of National Gypsum Company announced that at a meeting held Monday, February 28, the board of directors of National Gypsum decided to raise new funds through the sale of common stock.

This will take the form of an offering to holders of National Gypsum Company common stock to subscribe for additional common stock on the basis of one new share for each six shares held.

The subscription price will be determined shortly prior to the offering which is expected to provide approximately \$19,000,000 of ad-

ditional funds.

The proceeds will be used partly for the corporation's program of capitol expenditures and partly for working capitol.

Mrs. Lena Green and Mrs. Curt Terrell visited near Girard Sunday.

# Look high and low...

1. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbase) • Most powerful car at its price (180 horsepower) • Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the torsion-free, Shock-proof Chassis.

The most enthusiastic Pontiac owners are those who have taken this advice. They've looked the field over from top to bottom—and here's what they learned:

Pontiac is way up there with costly cars in wheelbase, roominess and riding ease. It's big and comfortable, yet handles with expensive sports car nimbleness. The exciting

dash and compelling drive of the Strato-Streak V-8 produce the richest thrills in motoring. And Pontiac is America's most distinctive car in styling as in action.

Come in for the facts about this "all-time" value leader and our generous appraisal of your present car! Find out how little it takes to switch to modern motoring.

# and you'll go Pontiac!

## GOOD FOR WHAT AILS YOU

### Proper Inflation Of Tractor Tires Important

COLLEGE STATION, —Farmers are advised to check for proper tractor mounting and inflation before the busy spring planting season begins. A tire with proper pressure gives longer life, better operation and means an operational saving, says W. L. Ulich, extension agricultural engineer.

Rough or careless use will shorten greatly the life of all farm tires. Under-inflation causes bruise breaks, buckling and uneven wear, Ulich says. If pressure is too low, the tire will be crushed against the rim, or the cords in the tire will

be stretched by hitting such sharp objects as stumps or rocks. Tires with too little pressure usually are more easily punctured.

Over-inflation leads to "impact breaks" and faster tread wear, he points out. High pressure combined with too little wheel weighting reduces traction, causing excessive slippage and rapid wear.

Check for the right inflation pressure at the beginning of each season and follow with regular inspection throughout the season.

A tire filled too full of water has the same effect as over-inflation, Ulich adds. Fill only three-fourths full, then add enough air to reach the recommended pressure. A good

"rule-of-thumb" is to turn the tire so the valve is on top, open the valve, let water above this point run out.

He who spends all his life in sport is like one who wears nothing but fringes, and eats nothing but saucers. —Richard Fuller

The Navy's attack aircraft USS Midway was visited by more than 23,000 South Africans recently in Capetown, South Africa.

Mr. and Mrs. Fred Wilson and children, Pat and John, of Fort Worth, visited his mother, Mrs. Thaddie Wilson, last week-end.

## FAMOUS ON FARMS... FAVORITE OF FARMERS

An INTERNATIONAL R-160 Series medium-duty truck with combination stock rack and grain body is the ideal all-purpose truck for the farm. Now available with power steering and all-new 140-hp Black Diamond 264 engine—both optional at low extra cost.

There is an INTERNATIONAL pickup for every pickup truck use. Eleven models—all available with automatic transmission, power steering—many with tubeless tires standard, optional overdrive.

INTERNATIONAL Trucks rate high with farmers because International Harvester builds trucks that can take the rough, rugged going of farm work—with minimum operating expense, minimum time out for maintenance.

What's more, INTERNATIONALS are extra-easy to ride in, drive and maneuver. Their big, roomy Comfo-Vision cabs, agile performance, and easy handling provide passenger car comfort and convenience... in the field or into town.

On every count—for any job—an INTERNATIONAL is your best farm truck buy. Come in and let's talk deal.

Your trade-in may cover the down payment. Ask about our convenient terms.

### West Texas C of C Convention March 27

LUBBOCK, —The West Texas Chamber of Commerce will meet here March 27-29 in its 37th annual convention, John A. Couch of Haskell, president of the regional chamber, has announced.

Registration begins on March 27. A "West Texas Congressional Forum" will be the big event on the morning of March 28, Couch said. Nine U. S. Congressmen whose districts include territory within the sprawling 132-county territory of the WTCC, and the Texas Congressman-at Large, Martin Dies of Lubbock, have been invited to participate in the forum.

The general public is welcome to participate along with members of the West Texas Chamber in directing questions to this panel of Congressmen, Couch said. The forum will be presented from 9:00 a.m. to 12:00 noon in the Lindsey Theater here.

West Texas Congressmen who have been asked to appear include George Mahon of Colorado City, Frank Ikard of Wichita Falls, Walter Rogers of Pampa, J. T. Rutherford of Odessa, Clark Fisher of San Angelo, Omar Burleson of Anson, W. R. Poage of Waco, Jim Wright of Weatherford, and Olin Teague of College Station.

Committees of the regional chamber will meet during the afternoon following the forum to review activity reports of the year and to make recommendations for work during the next year.

New officers elected to serve for the next 12 months will be announced during a general business session on the morning of March 29.

Homer Grant, a Lubbock director of the WTCC, is in charge of the tea.

The Navy consumed 1,750,000,000 pounds of food last year, enough to fill a freight train reaching from Newport, R. I., to Baltimore, M.

John Gray of Arlington State College, spent the week-end here with his mother.
