

**Dallas Man Heads State
Committee On Christian
Science Publication**

David E. Sleeper

Appointment of David E. Sleeper to the office of Christian Science Committee on Publication for the State of Texas was announced today.

A Dallas businessman, well-known in the oil exploration industry, he succeeds Inman H. Douglas who was named Manager of the Washington, D. C. Office of Christian Science Committee on Publication at the recent Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

As Committee on Publication, Mr. Sleeper will maintain an information office whose purpose is to make Christian Science better known to the general public in Texas.

He was educated at the University of Texas, earning the degree of Bachelor of Business Administration and Master of Business Administration in 1937 and 1941 respectively. Prior to entering business for himself, he served as Vice President of the National Geophysical Company.

Active in Christian Science activities, he has served Fifth Church of Christ, Scientist, Dallas, as First Reader, Sunday School teacher, and member of the Board of Trustees. Mr. Sleeper plans to devote his full time to the practice of Christian Science healing and to the service of the Christian Science organization.

**Merkel Man To Be
In Roby FHA Office**

Mr. Morris Nanny, who has been employed in the bookkeeping department of the Home State Bank at Rochester, has been appointed assistant Emergency Loan Supervisor for the Farmers Home Administration of Fisher County. The appointment was effective July 19, 1955.

Nanny is a graduate of Texas A & M College and is an army veteran of the Korean conflict. His wife is the former Jenita Black of Stamford.

At the present, Mr. and Mrs. Nanny are living in Stamford. They plan to move to Roby in the fall.

Mrs. Sally Montgomery of Fort Worth visited her mother Mrs. J. W. Kennedy Wednesday until Friday of last week.

Joplin Says Guar Is Good Rotation Crop

"My cotton is better this year where I grew guar last year than on land right beside it where cotton was grown," said G. W. Joplin. "You can see the difference."

"This land where guar was grown last year planted better too. I bedded my land onto the guar stubble. A lot of guar seed sprouted in the bed and stalk stubble rotted. I planted cotton seed right in this bed. The soil was blacker, fluffed up better and sure planted nice."

"I had to plant my cotton three times this year. The first two times I put the cotton seed in the same row

that guar was in last year. It was so late the last time that I didn't take time to rebed again. I just planted my cotton in last year's middles."

Joplin is cooperating with the Upper Clear Fork Soil Conservation District. He has developed a basic conservation plan on this farm, and with assistance of Soil Conservation Service personell, has began carrying out this plan.

Joplin thinks that guar is a good crop in rotation, for soil, water and plant conservation and improvement. "I combined all 9 acres of guar, but only harvested my maize in spots. I made 200 pounds of guar per acre. I made just as much profit

on guar as I did on maize, both crops being subject to same conditions and similar soils," Joplin said.

Joplin has about 20 acres of guar planted now and some blackeye peas for soil improvement. He plans to rotate his land between soil improving legume crops, cotton and high residue producing feed crops. "We have got to get in the habit of including these soil improving crops in rotation," Joplin said.

RaVona Keisler returned recently from a visit and tour of Arkansas, Mississippi, Ohio, Indiana, Kentucky. Mrs. Keisler met her daughter in Arkansas and visited relatives before returning home.

Two Noted Leaders At Methodist Lay Retreat

Canyon—Bishop Richard C. Raines and Thomas B. Clay, lay leader of the Genesee Methodist Conference, will be the featured speakers for the Ninth Annual Northwest Texas Methodist Conference Laymens Retreat to be held at Ceta Canyon Methodist camp near here Friday to Sunday, Aug. 5-7.

Raines is the resident bishop of the Indianapolis, Area. He is a native of Iowa, was educated in Cornell and Boston universities and served several pastorates in New England before going to Hennepin Avenue Methodist church in Minneapolis, Minn., where he was pastor from 1930 to 1948, when he was elected bishop. Raines is a member of several church agencies and commissions.

Raines will speak Friday at 8 p. m. on "Take Your Share"; Saturday at 10:45 a. m. on "No Other Names"; Saturday at 8:05 p. m. on "A Christian And His Life"; and Sunday at the 10:45 a. m. worship service.

Clay was a member of the uniting conference, which formed the Methodist Church as it is known today, and of all subsequent General and Jurisdictional Conferences. He is a member of the General Board of Lay Activities of the Methodist Church, and has headed evangelistic and stewardship campaigns in the Syracuse area. He is a member of the Buffalo District Church Extension society. His occupation is that of a wholesale merchant.

Clay will speak at 9 a. m. Saturday on "The Spirit Leads"; Saturday at 2:45 p. m. on "Working Our Faith"; and Sunday at 8:45 a. m. on "Men—Power".

Saturday's session will feature two informal workshop sessions at 9:45 a. m. and 3:45 p. m. and a meeting of the conference board of lay activities at 4:15 p. m. There will be a report from the board meeting Sunday at 7:45 a. m.

Mrs. R. W. Bennett of Roscoe visited in the home of Mr. and Mrs. Dono Darden last week. Mrs. Darden took her home Saturday.

Jim Damron of Big Spring visited Doyle McSpadden Saturday. Both boys attend A & M College.

Guild Annual Meeting Held At Withers Home

The Wesleyan Guild had their annual meeting at the home of Mr. and Mrs. Henry Withers recently. Each family brought a basket of food which was served picnic style in the back yard.

Those enjoying the hospitality of Mr. and Mrs. Withers were Rev. and Mrs. Alvis Cooley and daughters, Mr. and Mrs. W. A. Baker, Mr. and Mrs. Charles Hogsett, Mr. and Mrs. Tom Collins and son, Mr. and Mrs. Jack Wilhite, Mr. and Mrs. Louis Awalt and children, Mrs. Thaddie Wilson, Mrs. Lay, Mrs.

Rotan Is Proud . . . Of It's Churches

OUR DAILY BREAD

Bread is for the body—but there is also bread for the mind and the soul. How wise are families who make their breakfast a spiritual meal as well as material. The old custom of devotion at the breakfast table is returning. Surely, we shall be a better people for it. Tempers will be better disciplined, delinquency not so universally rampant, and we shall get on together better when we begin the day as God's children. *This lost art of Bible reading at breakfast must be found again.* What better use of a few minutes in the morning than to spend them listening to the words of prophets and sages and apostles? *Why not choose a good meal for the soul even as we prepare food for the body?* Keep your spiritual health. Attend church. Be strong in the Lord. "Man does not live by bread alone." Then start your day with Bible reading at breakfast.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that the young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

'As It Looks From Here'

Omar Burleson, M. C.
17th District, Texas

Washington, D. C. — January 17, 1956 will be the 250th anniversary of the birth of Benjamin Franklin. Franklin was a scholar, educator, soldier, inventor, scientist, philosopher, businessman, politician, man of God, patriot and prophet.

Benjamin Franklin, living in another age, would nevertheless have been a fitting figure at the meeting at the "summit" in Geneva, Switzerland.

These quotations suggest a mind which reached in to the present age. He said: "There is no little enemy."

"There has never been, nor ever will be, any such thing as a good war, or a bad peace."

"I lament with you the prospect of a horrid war which is likely to engage so great a part of Mankind."

"There is little good gained and so much mischief done generally by wars, that I wish the imprudence of undertaking them was more evident."

ent." On preparedness, Franklin has this to say: "Let us beware of being lulled into a dangerous security; and of being weakened by internal contentions and divisions; of neglect in military exercises and discipline and in providing stores of arms and munitions of war; for the expenses required to prevent a war are much lighter than those that will, if not prevented, be necessary to maintain it."

On world cooperation and world leadership: "All Europe is on our side of the question, as far as applause and good wishes can carry them. Those who live under arbitrary power do, nevertheless, approve of liberty, and wish for it; they almost despair of recovering it in Europe; 'Tis a common observation here that our cause is the cause of all Mankind, and that we are fighting for their liberty in defending our own."

In these preceding words Benjamin Franklin admonishes us of the present age to guard against an isolationism which in the present world is infinitely more impossible than

in his day. Even though some of our efforts may be a pure gamble, it is a much greater one to think we can live alone, either militarily or economically.

A few days ago I appeared on the television program, "American Forum of the Air," with three of my fellow Members of Congress. One was from Wisconsin, one from Minnesota, and one from Ohio. The discussion was on the subject of foreign policy, and particularly as it applies to Asia.

I expressed a belief that as long as we do not assure the Chinese Communists that we will use the Atomic Bomb in our defense, trouble will continue. Surely this Country will not be so stupid as to attempt to match man-for-man in "small" wars. Benjamin Franklin said, "There is no little enemy." It is unthinkable that we would ever again, as was the case in Korea, send American foot soldiers, whose lives are precious, against Asiatic soldiers to whom life is worth little.

The following quote is not from

The Rotan Advance

Thursday, July 28, 1955 No. 26

Benjamin Franklin, but I think it is applicable to the general theme of this column:

"It takes a lot less time to prevent damage than to repair it."

Mr. and Mrs. D. A. Williamson returned Wednesday night of last week from a visit with their son, Mr. and Mrs. Richard Williamson and Jimmy in Olympia, Washington. Their daughter and family, Mr. and Mrs. Leonard Williamson and Carla of Sweetwater made the trip with them. They report an interesting sightseeing trip.

Mrs. Faye Gray spent last week with her father W. W. Barron in San Angelo and her mother Mrs. Barron visited relatives here from Wednesday until Saturday. Mr. Barron has been confined to his bed several years.

Bill Perry of Lampasses is visiting his aunt Mrs. Jack Gray this week.

Most Modern, Shortest Stroke V8's* in any leading truck!

New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction . . . longer engine life!

Here are more dollar-saving reasons why Chevrolet trucks offer the most modern V8's* for your money!

MODERN 12-VOLT ELECTRICAL SYSTEM

Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND

Since these V8's deliver high power per pound of engine

weight, more of the power is actually available for hauling.

ADVANCED AIRCRAFT-TYPE VALVES

Valve action is more positive at all speeds for finer, smoother performance.

FLOATING OIL INTAKE . . . FULL-PRESSURE LUBRICATION

Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

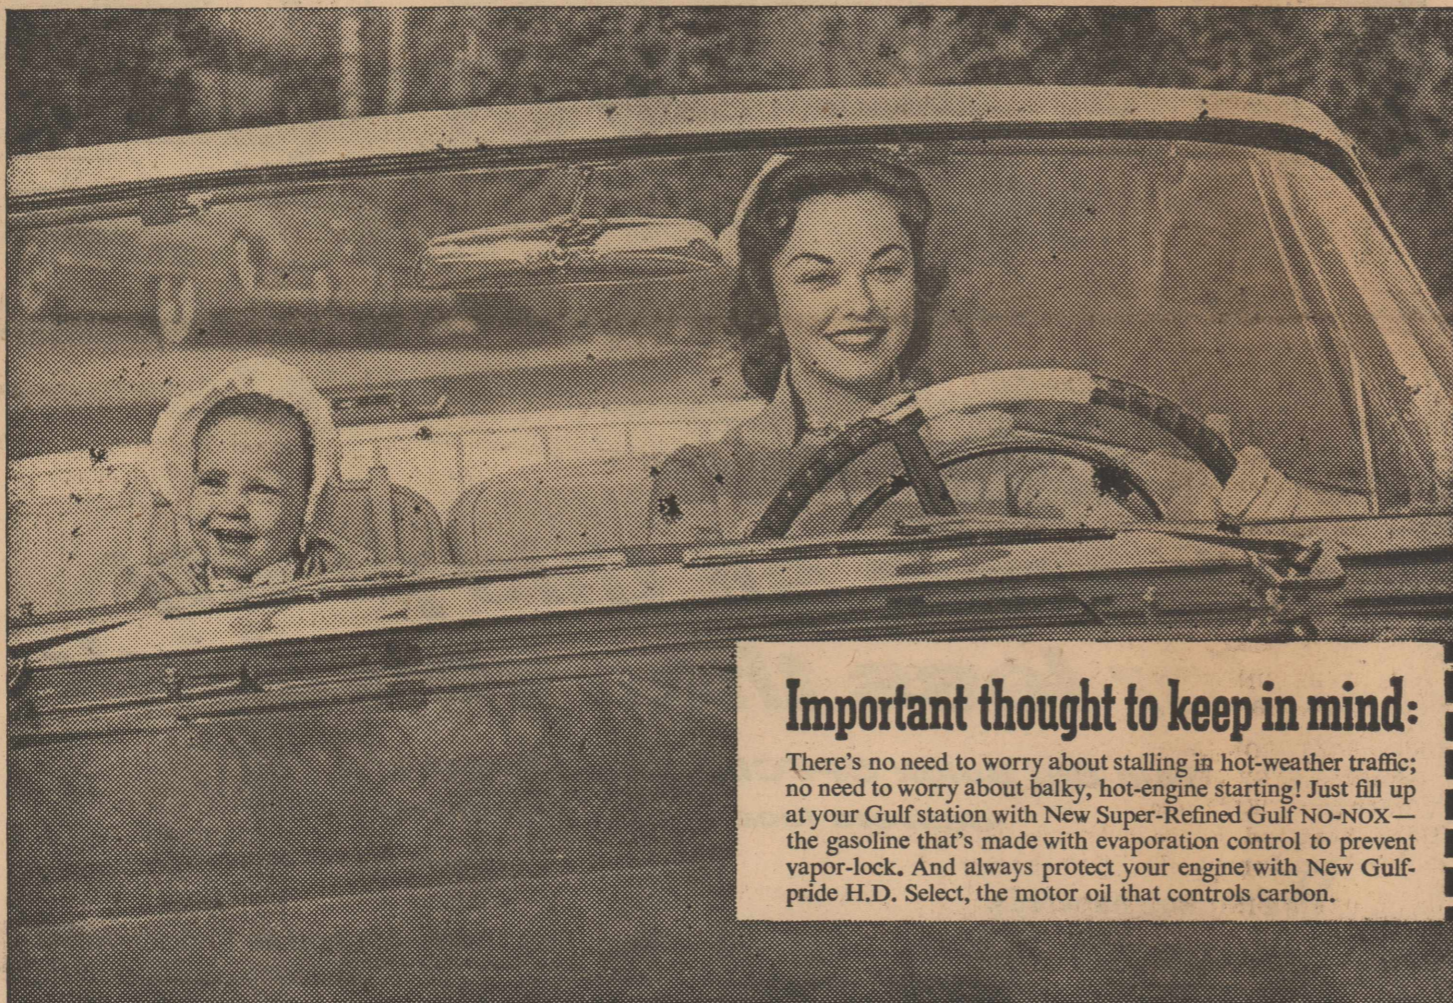

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year . . . America's best selling trucks

HOGSETT CHEVROLET COMPANY

Rotan, Texas

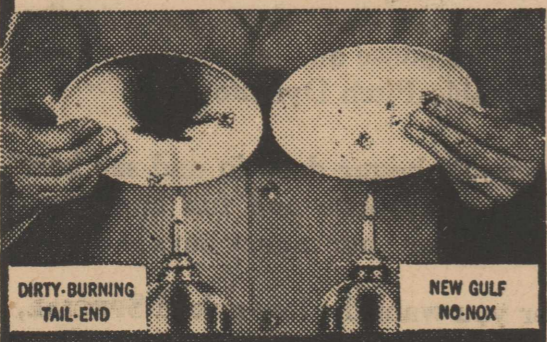

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean.

That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get . . .

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf No-Nox Gasoline and

New Gulfpride H.D. Select Motor Oil

The only motor oil super-refined by the Alchlor Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits

- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.

New Booklet Continues Campaign To Inform Americans of Fallout

Continuing its campaign to educate Americans on how to protect themselves against the threat of fallout in a nuclear attack, the Federal Civil Defense Administration has published a new booklet which provides detailed instructions on how individuals and families may save themselves.

More than 2,000,000 copies of the Public Booklet, entitled "What You Should Know About Radioactive Fallout," PA-7, are being distributed throughout the nation. In addition, they may be purchased from the U. S. Government Printing Office, Washington 25, D. C. for 10 cents.

This is the second in a series of FCDA publications designed to reduce the "mystery" surrounding fallout in the public mind, to put the threat in its proper perspective, and to show that there are simple precautions which can save lives. The Agency on May 22 announced distribution of the first publication of the series, a pamphlet entitled "Facts About Fallout," of which 3,000,000 copies were made available.

The latest publication supplements the first by providing more detailed information and instructions and, like the pamphlet, is presented in simple, readable type.

In its introduction, the booklet declares:

"The purpose of this book is to present in nontechnical language what you should know about fallout. It explains what causes fallout and where and when it might be expected. It reassures you that, far from being a mysterious killer, fallout is something about which our Government knows quite a bit, and something you can protect yourself from."

It describes the characteristics of an H-bomb explosion, the formation of the fallout cloud, the fallout pattern and tells why it might be affected, then, in 16 pages, tells the ways in which citizens may protect themselves.

"There is a defense against radioactive fallout. It is not complicated, not expensive. It is something you can do, and it will pay dividends in lives saved. Actually, defense against fallout is like preventive medicine. If you take certain basic precautions you can escape the effects or radiation from fallout, even if you should be exposed to it."

The following are listed as the four kinds of defense, with the details of each fully explained:

1. Evacuation.
2. Shelter or cover.
3. Decontamination.
4. Education and training.

The booklet concludes:

"Now that you have read this book you know that fallout is not the mysterious killer you may have been led to believe. You know what it can do and its limitations and how to protect yourself. But his knowledge will be of little value unless you do something about it. If you prepare your home and family, help educate others, and most of all, volunteer for civil defense, you will be ready for the prompt effective action that could mean the difference between life and death in an emergency."

Donna Crow returned Monday from a two weeks' visit with relatives in Fort Worth.

Big Spring Rodeo Set For August 3-6

August 3, 4, 5, 6 are the dates scheduled for the 22nd annual rodeo in Big Spring.

Produced by Everett Colborn and Gene Autry, it is scheduled to be one of the fastest moving rodeos in the country.

Events scheduled include bareback riding, saddle bronc, calf roping, steer wrestling, bull riding, girls event, wild cow milking, and cutting horse contest; and a number of the rodeo world's outstanding specialty acts.

This year's prize money will be approximately \$3,700, plus entrance fees, and cowboys and cowgirls from many distant points are expected to enter the contest.

The Big Spring Rodeo will be officially opened at 4 p.m. Wednesday, August 3 with a parade through Big Spring which will include city, county, military and rodeo officials.

Visiting sheriff posers from various neighboring towns, contestants, floats and scores of cowboys and cowgirls.

Performance will begin each evening at 8 o'clock.

Mr. and Mrs. Silas Brandenberger and three children of Mason came Thursday and visited her sister Mrs. Barrett Strayhorn and Mr. Strayhorn until Saturday afternoon.

Vacation Should Be As Safe As Normal Times

Now's the time when vacationing Americans take to the wheel. And as vacation travel booms, traffic accidents also boom.

This disconcerting fact was pointed out by Mr. E. C. McFadden of Dallas, President of the Texas Safety Association, the Department of Public Safety in cooperation with the National Safety Council. Slogan of the program is: "Drive to Arrive Alive — Slow Down and Live"

"Traffic accidents start a sharp upward climb in July," Mr. McFadden said, "and they continue to rise throughout August, marring the happy vacation months with grief and destruction."

Mr. McFadden said that it is entirely unnecessary for the increase in motor travel to result in a corresponding increase in traffic deaths. In his opinion, motorists could cut the traffic toll greatly if they would plan their trips carefully, then drive courteously and intelligently when they're on the road.

He listed the following six rules as "musts" for a safe motor trip:

1. Plan your trip so you have plenty of time to reach your destination and return, without speeding or driving when fatigued.
2. Learn driving regulations of the states you expect to travel through before you start on your trip.
3. If you drive, don't drink; if you drink, don't drive.
4. Watch for and heed all road signs and speed limits.
5. Have your car (and trailer, if you are going to use one) completely safety checked so that you are sure everything is in first class condition mechanically.
6. Load your car carefully so that luggage and equipment do not interfere with vision, will not shift dangerously in an emergency.

"And", said Mr. McFadden, "here are a couple of good slogans to keep in mind every minute you're on the road: 'Drive to Arrive Alive — Slow Down and Live' and, 'Make Courtesy Your Code of the Road!'"

Dr. and Mrs. Gould of Crosbyton, G. W. Darden and daughter, Mrs. Florene Miller of Abilene spent last week end here with Mr. and Mrs. Jack Darden, Mr. and Mrs. Clayton Branch, and Mr. and Mrs. Dono Darden.

June Ann Day of Big Spring visited her grandmother, Mrs. J. V. Hellums and her uncle and aunt, Mr. and Mrs. Dono Day last week end.

Mr. and Mrs. J. D. Moore, D'Ann and Patricia accompanied his mother, Mrs. E. W. Moore to her home in Santa Anna last Thursday. They returned home Friday.

National Gypsum's Net Highest In Co. History

BUFFALO, N. Y., July 23 — Earnings and sales of National Gypsum Company for the first six months of 1955 were the highest in the company's history, Board Chairman Melvin H. Baker reported today.

In a preliminary report, Mr. Baker said earnings for the first six months of 1955 rose more than 31% to \$7,789,000, equal to \$2.32 a share, compared with \$5,914,000, or \$2.09 a share, on a smaller number of shares outstanding in 1954.

Mr. Baker said, "The earnings were calculated on an additional 472,331 shares issued this year. Before considering the new shares, earnings for the first six months would have been \$2.86 a share."

Sales in the first half of this year jumped to \$71,743,000, about 19% above the like 1954 period and the highest for any half year in the company's history. Sales in first-half 1954 totaled \$60,015,000.

"A substantial backlog of unshipped orders is being carried into the last half of the year," Mr. Baker said. "There will be additional production from our new plant at Shoals, Indiana and our expanded plants at New York City and Baltimore."

"It now appears that these new capacities will be absorbed during the last half of the year," Mr. Baker said.

He noted that \$18,243,783 in cash has been added this year by the sale of capital stock and that approximately \$12 million has been spent on new and expanded plants during the first half of the year, leaving the company with a current position of \$36,776,000 in cash and government bonds. This compares with the company's past position at the beginning of the year of \$25,192,000.

Dist. Missionary To Speak At Lueders

Rev. J. D. Brannon of Fort Worth, district missionary of District 12, will be speaker for the district Baptist Brotherhood rally at Lueders Baptist Encampment grounds Tuesday, August 2.

The rally will open at 2 p.m., fish supper will be served at 6 p.m. in the encampment cafeteria and night service will begin at 7:30.

C. D. Allen of Haskell, district Brotherhood president and superintendent of schools at Haskell, will preside for the meeting. Joe Rucker of Abilene, district music director, will be in charge of music.

Dr. W. A. Stephenson, dean of Hardin-Simmons University, Abilene, and first vice president of the Texas Baptist Brotherhood, will give the opening Scripture reading and prayer following the singspiration

at 2 p.m. Rev. Huron Higdon, pastor of the Belmont Baptist Church, Abilene, will talk on Brotherhood and Local Missions. Harry Grantz of Carbon, district RA leader, will talk on Preparation to Meet the Royal Ambassador Challenge.

Bill Allcorn of Brownwood, district attorney and a Brotherhood leader, will talk on Texas Brotherhood at Work. Singspiration will begin at the evening service at 7:30 p.m. and will be followed by Scripture reading and prayer by Charlie Cluck of Abilene, district treasurer. After special music and reports from Association Brotherhood presidents, the message

The Rotan Advance

Thursday, July 28, 1955 No. 26

will be given by Rev. Brannon. Some 400 to 500 men are expected to attend all or part of the Brotherhood rally.

Mrs. Cy Orrick and son Kim of Longview spent last week end here with her sister-in-law, Mrs. C. A. Ragan and Mr. Ragan.

Guests of Mr. and Mrs. W. L. Terrell last Wednesday were, Mrs. Bill Sandusky and Linda, Mrs. Silas Scott and Lora of Merkel and Mr. and Mrs. Patuka and Ricky of Phoenix, Arizona.

NOW - Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History!
Come in and see!

You can sit this pretty for less than you think

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price

(Come in and check it!)

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy any new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most well-known smaller cars. The price tag we'll show you proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

Campbell Dept. Store

Before you pay over
\$2300 for a smaller car.

FIND OUT HOW MUCH MORE THE BIG, 188-HP MERCURY GIVES YOU FOR YOUR MONEY

Enjoy all these big-car, fine-car features for less
than the deluxe models of the "low-price" 3*

1. BIG SIZE—BIG WEIGHT. Mercurys are bigger all over than cars in the low-price field. Bigger in length . . . bigger in width . . . bigger in wheel base. The Mercury Monterey shown weighs close to 3700 pounds . . . gives you big-car stability on the road.

2. SUPER-TORQUE POWER. Mercurys have more power than ever—188 hp in Customs and Monteys; 198 hp in Montclairs. More important, is the new way this power is put to work in the *everyday* driving ranges—for smoother, effortless getaways . . . safer passing.

3. EXCLUSIVE STYLING. Mercury's beauty is fresh, distinctive—shared by no other car on the road. Lines are clean, smooth as silk. Use of chrome and color is simple, beautiful, in good taste. Mercury's standout styling is available in all 11 models in 3 series.

4. ULTRA-SMART AND LUXURIOUS INTERIORS. Two-tone interior color combinations are available in *every* model. So are specially designed fabrics and patterns—instead of ordinary upholsteries. So beautiful you'll want to leave the door open!

5. 4-BARREL VACUUM CARBURETOR is standard on *every* model at *no extra cost*. You enjoy 2-barrel economy for normal driving, 4-barrel pickup for getaways and passing. Unique anti-fouling high-compression spark plugs help provide top performance in all speed ranges.

6. AND YOU SAVE ON FUTURE RESALE VALUE. Mercury consistently leads its class in high resale value, according to independent reports. You protect your investment—can expect to get back more of the original purchase price when you trade again.

*Based on comparison of manufacturers' suggested list or factory retail prices, using Mercury Custom 2-door Sedan (not illustrated).

C. B. Barth Is 20 Year Man With National

A ceremony was held recently at the Rotan plant of National Gypsum Company honoring C. B. Barth, maintenance superintendent. Mr. Barth had just completed twenty consecutive years of service with National Gypsum and was presented a wrist watch by J. E. Irvin, plant manager on behalf of the management of National Gypsum Company.

In accepting the watch, Mr. Barth stated he had many fine memories of the past twenty years with the company. In addition, he has had fifteen more years in the gypsum industry making a grand total of thirty five years, better than half of his life has been working with gypsum, a most important building material.

Mr. Barth has been mostly in the construction and maintenance phase of the business. He was among the construction crew that built the Rotan plant back in 1924 and he has been construction foreman, mill superintendent and his present position as maintenance superintendent.

Mr. Barth has seen National Gypsum Company grow from four plants to its present forty plants now in existence or under construction. Along with this expansion, he has seen the number of employees increase from a few hundred to its present payroll of better than seven thousand.

He is among 201 employees who have received this award and was one of 26 men who received wrist watches in 1955 and who were featured in the July issue of the National Gypsum News, the company periodical. He is the first employee at the Rotan plant to receive such an award. A dozen more such awards will be presented at Rotan in 1956.

Mr. Barth has been active in Masonic work during his service with the company and is past district deputy Grand Master for No. 78 Masonic District and Past Worshipful Master for local lodge No. 956. His hobbies are fishing and hunting. Mr. and Mrs. Barth have made their home in Rotan for more than thirty years.

Mr. and Mrs. William Crow and children of Fort Worth visited Mr. and Mrs. Jess Crow last week end.

Mr. and Mrs. G. W. Casey of Seminole Okla., visited Mr. and Mrs. Jess Crow and Mr. and Mrs. Barney Bigham last week. The ladies are sisters.

Patience is symbolized by the tireless worm, creeping over lofty summits, persevering in its intent.

—Mary Baker Eddy

Mrs. Empress Day and Miss De-lla Baird are attending a reading clinic at Canyon State College this week.

Mr. and Mrs. Bill Smith and daughters, Audrea and Billie visited Mr. and Mrs. Jack East in Spur Sunday, Billie stayed to visit this week.

Stunting Insect Growth

—John White Com. of Agriculture
Still another new weapon is being perfected in man's continual war against harmful insects.

Texas and USDA entomologists are studying effects of chemicals which inhibit the normal development of insects by slowing down their growing processes. This is a new and unique approach which shows early chances of success.

These chemicals, which are proving effective in many instances where insecticides have failed, work in various ways. Some, such as colchicine and aminopterin, prevent cell division and growth. Another, sulfanilamide—one of the wonder drugs—slows down an insect's metabolism.

None of the experimental chemicals act as insecticides, which are almost immediately deadly to insects. But in some instances, the larvae-to-adult development period is being extended so as to prevent maturity.

One of the most interesting of these experiments concerns the development of the house fly. Some

flies have a resistance to DDT. Against others, the insecticide is still effective.

Experiments have proved that in the cases of the DDT-resistant flies, the growth-stunting chemicals are more effective than with those flies that are non-resistant. Therefore, stunting chemicals pick up where DDT leaves off.

The chemical used in these fly larvae-development tests is piperonyl butoxide, a non-toxic compound which appears to be one of the most promising of all the experimental drugs. By adding this chemical to other insecticides, tests indicate that larvae development can be markedly reduced.

In the case of DDT-resistant flies, only 3% of the resistant flies became fully developed whereas 16% of the normal flies survived.

An enterprise, when fairly once begun, should not be left till all that ought is won.

—Shakespeare

The falling drops at last will wear the stone.

—Lucretius

Mrs. A. W. Canfil and son David arrived home Sunday from a two weeks vacation in California. They visited in San Diego and Glendale, Catalina island and also say Disney Land Tuesday of last week.

Sherry Custer of Post visited Mr. and Mrs. Lawrence Sparks last week.

David Walters of Hobbs N. M. is spending this week with Jim Watson.

Mr. and Mrs. Ted Posey are parents of a daughter, Terry Lou, who was born July 18.

The difference between perseverance and obstinacy is, that one often comes from a strong will, and the other from a strong won't.

—Henry Ward Beecher

Mr. and Mrs. J. H. Garrett and sons of Earth visited here last week.

Mr. and Mrs. Ray Brown, Stan and Linda returned home Saturday night from a weeks vacation in Woodland Park, Colorado.
