

Quarterback Club Starts Year's Work

Yellowhammer Quarterback Club held first meeting of the year Monday night at the football field.

The football squad was treated to a watermelon feast and at the business meeting later were introduced by Coach Booth and then turned loose. Booth then introduced other members of the coaching staff, gave a short talk on the training camp which closed Saturday after two weeks intensive training. He, the coaching staff and most fans consider this training camp as the best plan and the camp just closed is called highly successful.

Officers were then elected with a unanimous vote going for reelection of president Al Finch and vice president Tom Stinson. Jeral Wilkes declined reelection to the secretary post and Alvin Clark was elected.

A goal of 300 members for the Club is set and work will start on this drive in the next few days.

A good spirit is showing, the squad looks very good and fans are expecting some good football this season.

Some seats will be reserved for white people who attend. It will also be possible for some to sit in their cars and hear the preaching.

All who would like to attend are invited to do so.

Mr. and Mrs. Leon House of Hobbs N. M. visited his grandmother Mrs. J. W. House and her parents Mr. and Mrs. Clyde Green Monday. They went to Possum Kingdom for an outing and returned here Thursday for a longer visit.

Weekly Garbage Service Offered Citizens

Mr. Earl Davis of Snyder has proposed to put on a garbage truck in Rotan and pick up garbage at residences once a week, and daily pick ups from places of business, if a sufficient number of such places want his services.

Mr. Davis, brother of Ben Davis, a former resident of Rotan, and nephew of our Mr. H. L. Davis, has been contracting garbage disposal in Snyder several years. He has modern equipment for this work and trained workers and will be ready to start the work in Rotan October 1 if the people of Rotan want this service.

Mr. Davis said it was not his purpose to interfere with the present garbage work being done in Rotan, but he was informed that there are many places of residence in Rotan that does not have garbage pick up, and also that some say they would like to have their garbage disposed of oftener than it is at present. He said that if he secured enough customers to justify it, he would make twice a week pick ups at the same price. Business houses would be contacted personally if he engages in this work and prices would be based on the amount of garbage or refuse accumulated at each place.

A blank form is printed in another place in this paper for residents to sign requests for such garbage service. Residents are asked to fill in the blank and bring or mail it to the city office not later than Sept. 17, and he will start work in Rotan Oct. 1 if there is sufficient demand for this service. Be sure to have blank at city office on or before Sept 17 in you want this service.

Brother of O. E. Ramsey Dies Monday

A. E. Ramsey, brother of our Mr. O. E. Ramsey died at Amarillo Monday at 7:00 a. m., following an illness of six years.

Services were held at Memphis Tuesday at 3:00 p. m. by J. P. Lusky, minister of Northside Church of Christ, Amarillo.

Mr. Ramsey is survived by his wife, three daughters, three brothers and one sister.

Mr. and Mrs. O. E. Ramsey attended the service in Memphis Tuesday.

Chiropractor Opens Office Here

Dr. A. M. Pell, Chiropractor, has opened office in Rotan, two doors east of Rotan Motor Co.

Dr. Pell was in Rotan last year, and his friends are glad to welcome him back.

THANK YOU ROTAN CITIZENS THANK YOU HILLCREST BAPTIST CHURCH

For your wonderful hospitality during our brief stay with you. You have a lovely little city and a wonderful new Hillcrest Church.

We thoroughly enjoyed the Revival. There were 11 decisions during the meeting, with 9 additions to the church, and a spirit of cooperation and friendship manifest that I have not seen surpassed anywhere.

Soon a new Baptist Church, the Hillcrest Baptist Church, will be erecting a new building. Soon the call to worship will be added to the urgent invitations of the other churches, to come worship. Congratulations to the City of Rotan and congratulations to Rev. J. Dale Martin and his wonderful congregation for this new work.

May the blessings of the Lord be upon you.

Hollis A. Burge, Pastor Balboa Park Baptist Church, San Diego, Calif.

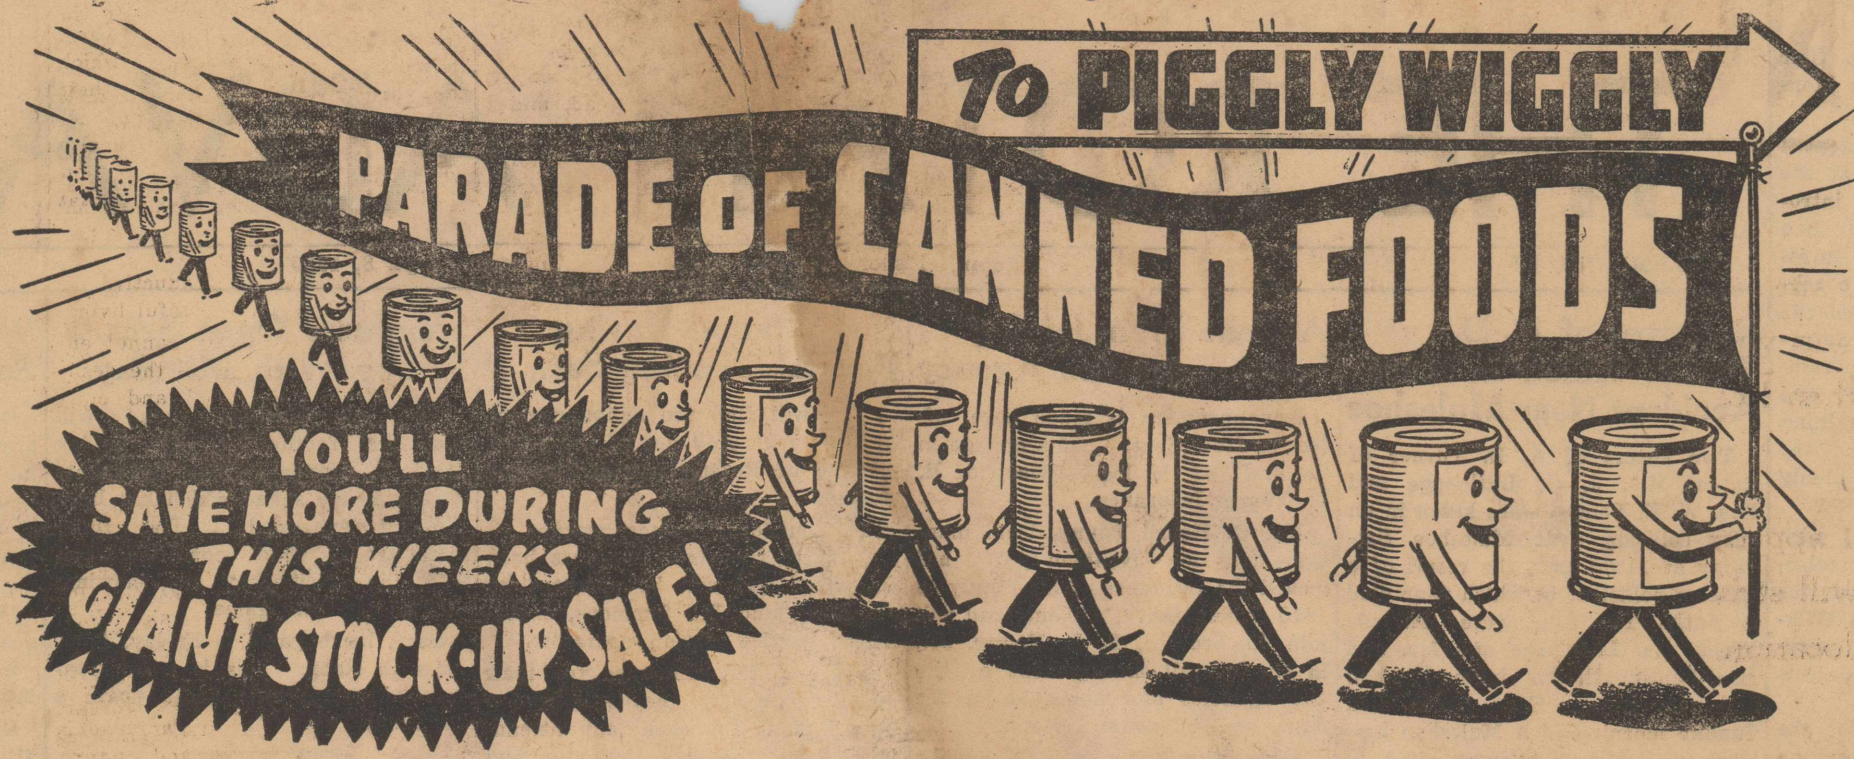

Dr. Hollis A. Burge just concluded a good meeting with the newly organized Hillcrest Baptist Church, located in north east Rotan.

He is pastor of a great church in San Diego, California, a native of Texas (born at Honey Grove) and past president of the Baptist General Convention of California.

Dale Martin, Pastor.

Miss Annabelle Brown went to Seymour Saturday where she will teach in the elementary school.

Most Traffic Accidents Could Be Prevented

"Most traffic accidents don't happen. They are caused!"

That statement was made by Mr. E. C. McFadden of Dallas, President of the Texas Safety Association, Inc. Mr. McFadden places much of the blame for automobile accidents on drivers who hurry along the road at excessive speeds and ignore traffic signs and signals. He was speaking in support of the Signs of Life pro-

gram which is being sponsored in Texas by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"In most traffic accidents somebody is violating the law," he said. "Last year nearly two thirds of the drivers in fatal accidents were violating a traffic law at the time of the accident."

According to Mr. McFadden, many of these violations involved ignoring laws expressed in signs or

other devices on streets or highway. "National Safety Council reports show," he said, "that such violations as exceeding the posted speed limit, failing to keep to right of center line, and disregarding of warning or stop signs are common."

"Accidents resulting from such flouting of the law are certainly inexcusable," Mr. McFadden said, "and they show that a great part of our annual traffic toll could be wiped out if people would heed the signs provided for their protection."

He urged all motorists to know traffic signs by their shapes and to heed them on sight. These are the basic shapes: OCTAGONAL, stop; DIAMONDSHAPED, caution; RECTANGULAR, regulatory; ROUND, approach to highway-railroad intersection; CROSSBUCK, designation of highway-railroad intersections; TRIANGULAR, yield right-of-way.

Mr. McFadden also stressed the importance of driving at speeds safe for conditions.

"Slow down and live," he advised motorists. "Don't tempt fate by heedless driving."

Dick Clements 'Sold' On Blue Panic Grass

"I have had 18 head of cattle on these 4 acres of blue panic grass for 2 months, since July 1," said Dick Clements, on August 31, 1955. "I figure it will run them until frost if I get another rain."

"When they first started on it, it was higher than my head, and I could hardly find my cattle in it". Clements lives 12 miles north east of Rotan. He is a cooperator with the Upper Clear Fork Soil Conservation District. He is now convinced that blue panic grass is a good crop that will conserve a maximum of soil and water, control weeds, and furnish a lot of grazing for livestock.

In the spring of 1955, Clements planted 6 acres blue panic on the east part of a 20 acre field. He planted sweet sudan on the other 14 acres—this part he figures is the best land. He planted 4 or 5 pound of blue panic seed per acre, and it came up to a perfect stand, but an overflow washed out about 2 acres of this. His cattle stayed on the sudan until it was all grazed down to the ground, before they started grazing the blue panic.

"I didn't think much of that blue panic at first," Clements said. "But now, since it has furnished so much grazing, I sure think it is worth the money. I hope to put this whole 20 acre field in blue panic next year."

Clements pointed out that where blue panic grass was growing thick, he had no weeds, while the bare area where sudan had been, was covered with weeds.

Clements began preparing his seedbed in January. He one-wayed it first. Then he plowed it with cultivators, which made a little flat bed. He mixed cracked maize with his blue panic seed, and used his own equipment to plant with in May. He ran his middlebushers flat, made a trench about three fourths inch deep that the seed dropped into. A log chain dragging behind this covered the seed shallow and leveled the ground off. A shower soon after this brought it up to a good stand.

Clements plowed his blue panic grass twice after it came up—"then it got too big to plow," he said. He explained that this field got under water two times this spring.

"This is all my cattle have had to eat the past 60 days," Clements said, "and they are fat enough. They have done just as well on this as on sudan."

Health Program Is Important To School

AUSTIN, Sept. 1—Every school should have a definite health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the school room, and the personal practices of the teachers and children are the bases of the school health program, said Dr. Henry A. Holle, Commissioner of Health.

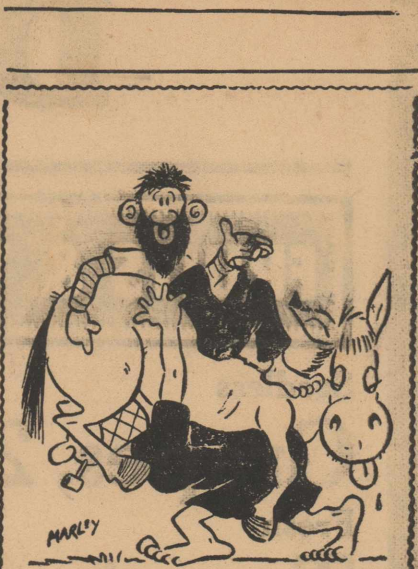

Every school has tremendous op-

portunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone however cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations, such as medical, dental and nursing societies, health departments and voluntary health agencies are all rightly concerned with health activities in their communities.

AFTER 20 YEARS OF OPPORTUNITY

There's an old saying that "Opportunity only knocks once". I can't accept that as a general rule, even though it may be true for many of us; however, at best we can't expect real opportunity to knock many times nor to last long if we turn it down—of course, there have been some opportunities we should have turned down.

America has long been known as the "Land of Opportunity", but in this great "Land of Opportunity" some rather strange things happen. For example, 24 years ago only 10% of the farmers had electricity, and during the next 4 years, that number increased by only 1/4 of 1% a year. At that rate it would have taken 400 years to get electricity to all the farmers.

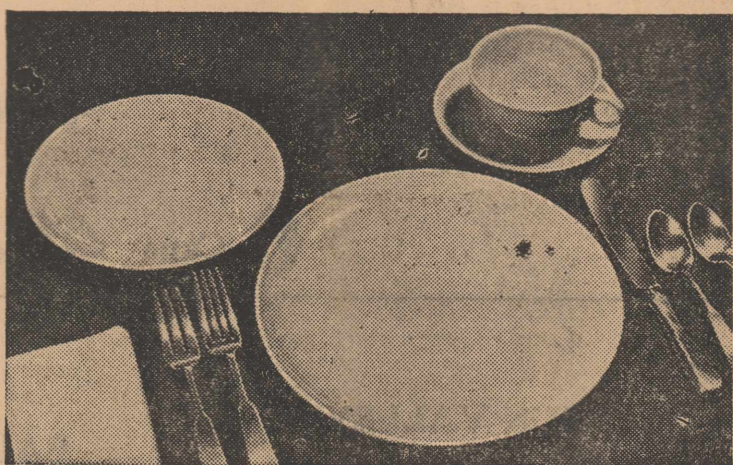

It was plain to see that something must be done because the farmers were quitting and going to the cities. There they could have good lights, running water, modern homes, good radios, etc.; thus, thousands of acres went uncultivated. This was the year Congress passed the law allowing low interest loans to anyone that would build lines to serve the farmers. It said in Section 4, "The administrator is authorized . . . to make loans for rural electrification to persons, corporations, etc. . . ." In Section 13 of the same Act, it carried this definition: ". . . the term 'person' shall be deemed to mean any natural person, firm, corporation, or association; . . ."

This means that the existing electric companies had the same opportunities and privileges as anyone else, plus the additional advantage of experience. The strange fact is that these existing companies completely ignored even this opportunity to serve the farmers.

Even as late as 1947, only half of the farmers had electricity, which left more time and opportunity for the old companies to ignore; however, with the passing of this year goes actually more than 20 years of unused opportunity on their behalf because more than 90% of the farm population will have the pleasure of electricity through their own efforts.

Now, many of the old Investors' Electric Companies, after 20 years of opportunity, are irked by their own inaction and the success of the farmers' companies. So they are trying to force the Cooperatives to sell or pay excessive rates for wholesale power.

Mustard Seed... and FAITH

If a "mustard seed amount" of faith is placed in God, one can do great things. It is also of some value to have faith in one's self. *With faith in ourselves, our fellows and God, we can span streams, move mountains, change the course of rivers and make ourselves masters of our universe. But no man can do it alone.*

ONCE man learns the goodness of God and that it was He who created the marvels of the earth, then his accomplishments will be greater. *At your church you will learn that "all things work together for good to them that love God."* Here we see God and man working hand in hand against the flood. He gives us strength, He gives us courage, He gives us the know-how. *Like the giant earth-moving machine God waits for men of faith. He waits for men to serve Him with the kind of faith that moves mountains. How much faith do you have?*

RN's Badly Needed For Polio Duty

An urgent appeal for 32 registered nurses for polio duty in Boston, Mass., was made today by Miss Ann Magnussen, director of Nursing Services for the American Red Cross in Washington, D. C.

The request for Red Cross to recruit nurses was made by the National

Foundation for Infantile Paralysis. The 32 nurses now needed will serve at the Massachusetts General Hospital in Boston, where many of the 1,464 polio cases reported in the state from Jan. 1 through Aug. 17, are being treated.

Already 129 nurses have been recruited in the Boston area.

"It is not our intention to drain nurses from their own community or out of duty in which they are vitally needed," Miss Magnussen said. "However, there are many registered nurses not active in the profession, and perhaps some can arrange their personal affairs to serve during this period when death or serious crippling may yet be prevented."

Miss Magnussen said that the foundation will pay the cost of transportation to places of assignment and will provide maintenance in addition to salary while the nurse is serving in polio work.

All nurses available for polio duty are requested to contact their local Red Cross chapter for full details.

Mr. and Mrs. Don Hull and Jane Ellen of Dallas, visited her parents, Mr. and Mrs. Fred Byerly, several days last week.

New Ruling On Wheat Price Support Given

The U. S. Dept. of Agriculture announced on August 12, 1955, a discount of 20c per bushel in 1956 Price Support rates for 23 wheat varieties designated as undesirable because of inferior milling or baking qualities. This announcement is being made in advance of planting time for 1956 crop winter wheat to give producers ample notice of the new support provisions. The following varieties will come under this category in Texas: Red Chief, Red Jacket, Kanking, Early Black-hull, New Chief, and Yogo.

Only one check of performance will be made free on wheat planted for harvest in 1956. Any additional check will be made only at the producers request and at his expense except where there is a dispute over the acreage involved and it develops that the first performance check was in error.

Wheat growers whose 1956 wheat acreage is as much as 25 percent below their farm wheat acreage allotment will get credit for full allotment acreage in calculating future farm allotments. In other words, if the farm's wheat acreage for next year's harvest is only three-fourths of the farm allotment, the future wheat allotment established for the farm will be figured as though the full allotment had been planted. Heretofore reductions of more than 10 percent was considered in calculating future allotments.

Each year's farm allotment is based primarily on the farm's wheat acreage for the previous 3 years. Under the new ruling, even if the wheat acreage is as much as one-fourth less than the farm allotment, future allotments will be calculated as though the full allotment had been harvested.

Hobbs To Play 6-Man Football

Hobbs High School, who has held her own in class B eleven man for a number of years is going to play 6-man this year. Reason for changing over was due to a reduced enrollment over the four year drought period and the belief that more good could be accomplished in the athletic program by having competition with schools about equal in enrollment.

A new district was formed for six-man in this area, the district is in region 2 and district No. 8, composed of Blackwell, Divide, Highland, Ira, Hobbs and McCaulley. Highland elected not to play six man this year.

Thirteen boys answered Coach Comte's call August 22, and are coming along fine considering that six-man is new to them and that they will have to play a faster game than they have played in the past. Coach Comte's team at Orangefield last year went to the finals in regional play. Key men in the lineup so far are Bernon Etheredge at tailback, Howard Gordon at half, Doyle Hayes at quarter, Mac Etheredge and Henry Medrano at ends and Perry Thompson at center; other boys looking good and could make the starting lineup are John Soto, Fred Cave, Joseph Martinez and Roy McIntosh, other team members are Bobby Hardin, Doc Hardin and Carl Hendrick. Coach Comte is hoping that with the opening of school there will be several more boys come out.

The Panthers will play their first game Sept. 8, with Ira, there.

Lt. Denton Completes Phase Of Training

FORT MONMOUTH, N. J. 2nd Lt. Rodney C. Denton of Rotan completed the Signal Corps Officers Basic Course, at The Signal School here, on August 29, 1955. He entered the service in June 1955, and was sent to The Signal School, to receive basic training in the duties and responsibilities of Company Grade Signal Officers, prior to joining a field unit.

The first four weeks of the nine-week course, was devoted to field training, during which officers participated in such sub-courses as Battle Indoctrination, Bayonet Training, Hand-to-Hand Combat, Methods of Instruction, Military Leadership and Physical Conditioning.

Upon completing this part of the course, officers were given through training in technical subjects. This fifteen week phase consisted of instruction necessary to prepare graduates to assume duties of Radio Officer, Telephone and Teletype Officer, Message Center Officer or Signal Supply Officer.

The final phase of technical instructions took place in the field. Here students had an opportunity to install communication systems and operate them under simulated combat conditions.

Mr. and Mrs. Colonel Mize and sons of Midland, visited relatives here last week.

Guests of Mr. and Mrs. W. B. Tilgson and Ann last week end were Mr. and Mrs. Kenneth Leach, Linda and Carolyn of Fort Worth, and Dicky Cox of Dallas.

Robert Scales Marries Longworth Girl

Sweetwater, — Longworth's First Baptist Church was the setting on Aug. 20 when Bettye Joyce Andrews exchanged wedding vows with Robert Lewis Scales of Rotan.

After a wedding trip to points in Oklahoma and Colorado, Mr. and Mrs. Scales are to be at home in Rotan.

Their parents are Mr. and Mrs. David Crockett Andrews of Longworth and Mr. and Mrs. R. M. Scales of Rotan.

The double ring wedding rites were read by the Rev. Jim Thompson, pastor of the Longworth Baptist Church.

An arch of wrought iron entwined with lemon leaves centered the altar decorations. White candles were held by candelabra on either side of the arch. Fern trees formed a background for the archway and candles. Three bouquets of gladiola and white asters were arranged against the greenery.

The candles were lighted by Charles Andrews of Longworth, and D. C. Andrews, Jr. of Memphis, brothers of the bride.

Mrs. Lillian Terry gave the wedding music. Her corsage was pink. Evelyn Hugh of Roby sang "Always" and "Because" preceding the ceremony and "The Wedding Prayer" later. Her corsage was white.

Sue Knight of Spur, cousin of the bride, was flower girl.

Mrs. D. C. Andrews Jr. of Memphis, was matron of honor. Bridesmaids were Linda Best of Sweetwater, and Mrs. Corky Kiker of Roby.

Groomsmen were D. C. Andrews of Memphis, and Jack Callan of Rotan.

Best man was Jimmy Don Hale of Rotan, and ushers were Charles Andrews, brother of the bride, of Longworth, and Corky Kiker of Roby.

The bride entered with her father. Her gown of white chantilly lace and tulle over satin slipper satin was full length, falling into a small sweep train. The bodice of satin had a wide band of lace at the top, outlining the low rounded neckline and extending to form the long, pointed sleeves.

The illusion veil was caught to

a seed pearl tiara. The bride carried a crescent of gladiola and stepanotis around a glamellia.

The wedding reception was held in Fellowship Hall. The cake and punch were served by Peggy Guelker, Martha Bruce and Mrs. Ellen Williams of Longworth.

When the couple left for their wedding trip, the bride was wearing a two-piece pink faille dress with white embroidery trim. She wore her glamellia as a corsage. Her accessories were in white.

Mrs. Scales was a 1955 graduate of Newman High School. Scales was a 1950 graduate of Rotan High School and is now employed in Rotan.

Mr. and Mrs. Mac Weathersbee of Dallas, spent last week end here with his parents, Mr. and Mrs. O. D. Weathersbee. Mrs. Weathersbee will teach in the primary school here. Mr. Weathersbee returned to Dallas Monday, where he is attending a mortuary school. He will finish his work there in December and return here, where he will be connected with Watersbee Funeral Home.

Mr. and Mrs. Dough Weathersbee of Waco, visited their parents here last week end.

ASTONISHING PERFORMANCE!

And that's only half the Chevrolet story

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the only one. Not by a long shot!

The sizzling acceleration of Chevrolet's new "Turbo-Fire V8" is half the story; but it takes a lot more besides. Cornering and handling qualities really count on the NASCAR* Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle as sweetly—as this beauty. The record proves it!

Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

'As It Looks From Here'
Omar Burleson, M. C.
17th District, Texas

ANSON, —It always feels good to be back home. It will be necessary for me to return to Washing about mid-September. Soon thereafter, however, I shall be back in my Congressional District and hope to see as many of you as possible during the Fall.

A measure introduced in the Congress during the last Session, known as HR 3, was not considered. It provides that State Laws in any field will continue to be valid and can be enforced in State Courts except in those instances in which there is a conflict between State and Federal Law, in which event the latter will prevail.

This measure would more clearly establish the principal of "States Rights." I am a strong supporter of it.

Amid all the talk of peace these days, there remain some headline-making blowups around the world. There is still trouble in Guatemala; the trouble between India and Portugal regarding Goa; France's trouble in Tunisia, Morocco, and Algeria; England's difficulty in Malaya, Singapore, and Cyprus.

These do not include the old sore spots in Korea, Indochina, and Formosa.

"Conformity" has become sort of a bad word. It has become so because it has been used so much in

a certain type of propaganda. It has been used in the sense of meaning regimentation, which is not to our liking.

However, in many respects we all conform to certain patterns. We wear clothes which are fairly uniform, and eat a lot of the same breakfast food because it is well advertised.

We stop at red lights, pay taxes, and usually obey the laws which are for our own protection, without too much grumbling.

Most Americans believe there is a Divine Intelligence, although we can get into serious arguments as to what He is and how He is to be worshipped.

Most of us believe that ours is a good country to which we are loyal. Again, there are vast and annoying differences of opinion as to how one can be most effectively loyal to his country. The need for loyalty is not denied.

When it comes to our economic system, it seems there is considerable confusion because we live in a kind of mixed socialist-capitalist system. Two wars and a depression have made our economy go a little haywire. Nevertheless, most of us believe in good old-fashioned capitalism, but the trouble is we don't want to give up some of the things necessary that we "conform" to some things we might not like if the benefits were not there.

Most Americans believe their Constitution is a great instrument of government, particularly as it protects our liberties. Most of us think we know exactly what the Government should do, what laws the Congress should pass, and how the Supreme Court should decide. That is why we are free people. Let no one silence the citizen who wishes to air his views, as long as he keeps himself a free man. In the end, good sense usually prevails, although it sometimes takes longer than it should.

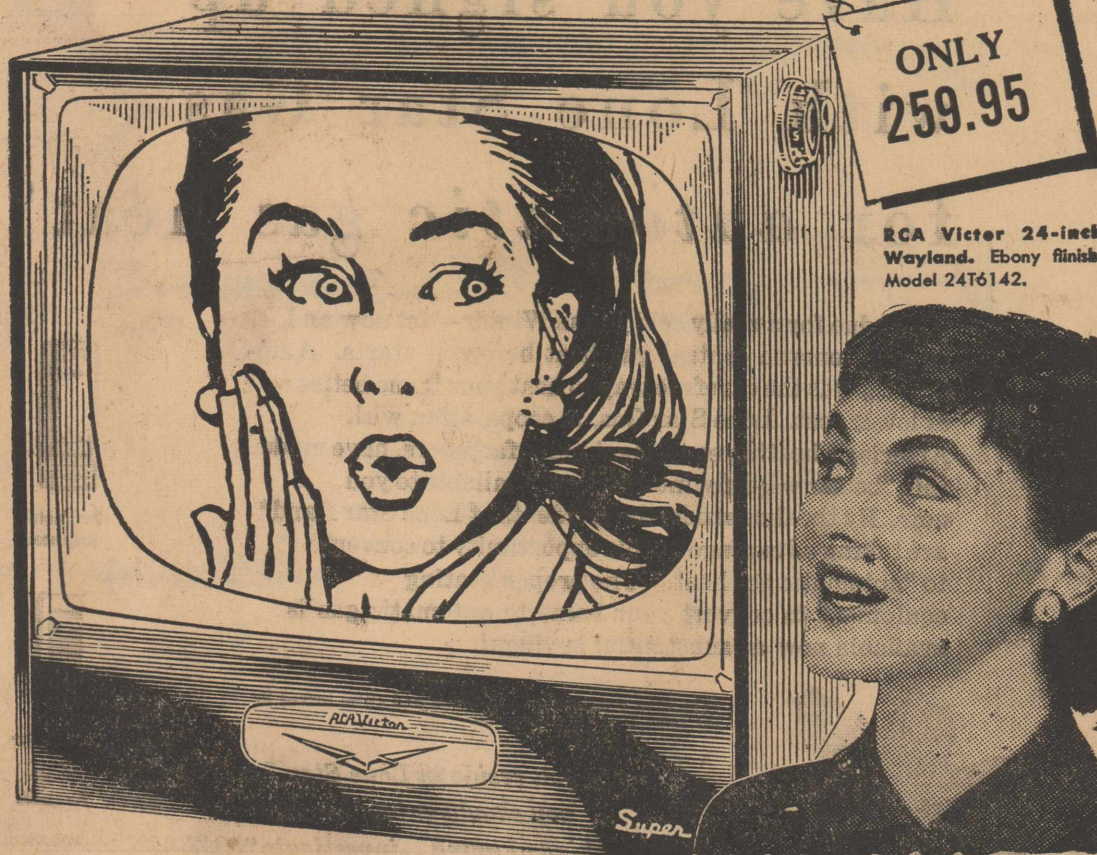

The politician: A widow asked him to guess her age. His reply was that he hesitated to do so because he did not know whether to guess her ten years younger on account of her looks, or ten years older on account of her intelligence.

Harold Hamlin of Andrews, visited Nibs O'Briant and relatives here Saturday and Sunday.

Maxine Jenkins Bride Of Max John Luther III

Autumn colors in tones of gold were featured in bridal appointments when Nancy Maxine Jenkins was married to Max John Luther III, in the First Baptist Church in Rotan Saturday evening at 6:30 o'clock.

Double ring marriage rites were read by Dr. Lawrence Hayes, pastor. Wedding guests attended from a score of towns in Texas, and from out of the state.

Parents of the couple are Dr. and Mrs. Ewell Jenkins, and Mr. and Mrs. Max John Luther Jr., Corpus Christi.

The altar was banked with jade, with a background of lighted white tapers in tier arrangement. Fronting the arrangement were potted palms and sunburst arrangements of white chrysanthemums and smilax, with a kneeling bench in the center. Other arrangements of the wedding flowers and tapers were on the organ and piano. Family pews were marked with white satin.

Organist was Mrs. D. J. Smith. Soloist was Mrs. Lance M. Davis. Mrs. Smith presented the organ

selections, "Consolation," "Poeme", and "Evening Star", as guests gathered. While candles were being lighted she played, "O Perfect Love". She accompanied Mrs. Davis as she sang, "Calm As The Night", "My World" and "Wedding Prayer" as benediction.

Candlelighters were Gary Gilliland and Bernie Ward of Corpus Christi. Ushers, who served also as groomsmen, were Bruce Collins, David Briggs and Jerry Fischer, Corpus Christi and Robert Jenkins, the bride's brother.

The bride, who entered the church with her father, wore an original creation of candlelight Italian silk taffeta, fashioned with deep decollete neckline revealing iridescent paillettes and pearl embroidered Alencon lace. The tightly molded bodice featured empire lines extending into the deep v waistline, marked by a narrow band of rolled cord. The bodice was buttoned down the back with tiny taffeta covered buttons. The extremely bouffant skirt swept to a wide fan shape chapel length train.

Her veil of heirloom Brussel lace in princess pattern on point d'esprit, was caught to an invisible cap, the lace scallops framing her

face and falling in natural folds to fingertip length.

She carried a white prayer book, topped with a white orchid, showered with stephanotis and nestled in white velvet leaves and velvet bows and streamers.

Maid of honor was Erma Branch. Matron or honor was Mrs. R. F. Davis of Longview. Bridesmaids were Dottie Long, Mineola; Jane Moss, San Angelo, Sonia Wolf, Dallas.

The attendants were gowned identically in gold taffeta, waltz length. The molded bodices of the gowns featured empire lines, extending into deep Vs at the waist lines in front and back, marked by narrow hand rolled cord. The gowns had wide decollete necklines, and short shirred sleeves, complimented by white gloves. They wore matching bandeaux of velvet, accented with seed pearls. They carried cascade bouquets of brown fugi mums, with touches of gold, outlined with gold leaves, and tied with gold metallic bows and sareamers.

Best man was Bob Kipp of Corpus Christi.

For the wedding, the bride's mother chose a waltz length gown of champagne silk lace with bouf-

fant skirt. She wore a jewelled hat, long white kid gloves, rhinestone jewelry and orchid corsage.

The bridegroom's mother wore a blue pea - de - sole dress, with full, waltz length skirt, elbow length sleeves, and accessories in pink, with a corsage of orchids.

Reception followed the wedding at the home of the bride's parents, where wedding gifts were on display.

Mrs. R. T. Williams greeted guests at the door. Receiving with the bridal couple were their parents and the bride's attendants. Arrangements of white carnations, white stock and fall leaves, were in the living room.

The reception table, draped with white tulle over white satin, was centered with white mums and stephanotis, touched with gold, and tall, white tapers embossed with wedding bells.

Others in the house party were Mmes. Bruce Collins Jr., Corpus Christi; C. S. Barrow, Hamlin; R. D. Sartor, W. I. Branch, Truman Gilliland, J. D. Smith, Lance M. Davis, Ove Kennedy, Ed. Patton, J. Frank Johnson, C. E. Leon, Guy Patterson, and Miss Barbara Smith,

all of Rotan.

When the couple left for a wedding trip to Acapulco, Mexico, the bride wore an English styled suit of brown overplaid worsted, with brown velour suit hat, brown calf bag and shoes, gold jewelry, corded satin scarf, beige kid gloves, and the orchid from her bridal bouquet they will live in Austin after Sept. 15, where the bridegroom is attending the University of Texas law school.

The bride attended Hockaday School in Dallas, and is a graduate of the University of Texas, where she was a member of Pi Beta Phi sorority. The bridegroom is a graduate of the University of Texas, where his fraternity was Sigma-Phi Epsilon.

Guests from out of town here for the wedding besides members of the wedding party were Dr. and Mrs. W. L. Jenkins, Port Arthur; Mr. and Mrs. H. C. Kitchens, Bradley Beach, N. J.; Buell Loomis, Texarkana; Mr. and Mrs. M. J. Luther, Corpus Christi; Mrs. Leo Emmert, Corpus Christi; Mrs. J. E. Alders, Freeport; Mr. and Mrs. J. Worsham, Refugio; Mr. and Mrs. C. H. Moss, San Angelo; Felix Burros, Beaumont; Dr. and Mrs. W. S. Seals, Hamlin; Mr. and Mrs. W. F. Taylor,

Big Spring.

The rehearsal dinner was hosted by Mr. and Mrs. R. T. Williams, in their home Friday evening. A luncheon for the wedding group was hosted Saturday by Mrs. W. L. Branch and her daughter, Erma.

Cost of Crime Goes Up

That crime does not pay is a well known fact but that it has become more expensive is perhaps not so well known so we print for the benefit of those who might need to know some information on the cost of crime in Texas.

On September the 6th new laws passed by the 54th State Legislature went in to effect. Among these was Senate Bill Number 189 raising the cost to be charged to the defendant in criminal cases in both County and Justices of the Peace Courts. Here-to-fore the minimum fine and costs in County Court was \$23.35. The minimum now is \$28.35. Here-to-fore in Justice court the minimum fine for the one found guilty was \$15.65. This has been changed, now minimum for those that plead guilty is \$20.65 and for those that are found guilty on a plea of not guilty the minimum is \$25.65.
