Sanco Homecoming June 12, 13

The Sanco Homecoming will meet as usual this year on the second Sunday in June. There will be a number of people coming a week ahead of time this year- the regular observance will run June 12-13, Saturday and Sunday.

Significant for the future is the change in name voted by the three Sanco Associations in their annual meeting- the name chosen -- The Sanco Village, merging the

three groups, uniting in the effort to get one tax deductible recognized.

The Sanco Village, under whatever name, has been and continues to be an historic preservation of Coke County's unique turn-of-the-century village carried on by the local people and by those returning for the homecoming each year.

More specific announcement of plans tentative or otherwise will be made, but hopefully they will include throwing the townsite and the historical buildings open more to the public than heretofore, for both local people and those spending their vacation times in Coke County's lake areas.

This has not been feasible, due to lack of enough money to employ host, hostess, or caretaker to meet the public. Included in ways and means to bring this about could call for continued support from those who more and more want to get out of the rat race and see and breathe a genuine Americana of their own, also in making it partly self-sustaining by tourist support, then third outright grants by those who are able and want to see The Sanco Village live on... To show their children, bring their families... show them God didn't make the world covered in concrete.--USB

News From The County Agent

By Sterling Lindsey County Extension Agent-Ag

It's time to begin looking for the pecan nut casebearer in the small nutlets. Normally the first generation of casebearers begin invading the nutlets in Coke County around May 25.

John Begnaud, Tom Green County horticulturist, is banding pecan trees and trapping the casebearer moths. Based on his findings to date, he is estimating the spray date to be between May 24 and May 27.

I checked pecans in eight locations in Coke County on May 17. I found no eggs, but did find three hatched casebearer larvae in one area. This is not unusual. Almost every year one or more moths will begin laying eggs well ahead of the masses.

I am still thinking around May 25 will be the most optimum date to spray to prevent the casebearer. If you should desire to spray twice, I would suggest you spray May 23 and May 30.

A few hot days could speed up the cycle one or two days; cooler than normal weather could delay

the egg hatch.

The chemicals to use in controlling the casebearer include Malathion, Sevin, Toxaplin, Zolone, or pydrin. If you have had a problem with aphids on your trees, do not use the sevin; use one of the other chemicals.

Pecan trees need 3 to 5 applications of zinc in the spring while they are growing rapidly. Include zinc in with the pecan nut casebearer spray. Use zinc sulfate or NZN to supply the zinc.

In summary, we are still a few days away from optimum spraying time to control the casebearer based on our findings to date. We expect the optimum time to be near May 25.

A reminder- all Coke County Historical Commission Members will enjoy and are needed at the Tuesday meetings at the court house, May 24.

Regretfully, this is no longer true. As the costs of producing and supplying electricity have gone up, WTU has had no choice but to pass on fuel cost increases through fuel clause adjustments on your bill.

You and each member of your family are important parts of your electric

**AKP To Have
Cancer Drive**

Mrs. Wayne Mashburn, cancer crusade chairman, has announced the date set for the local annual cancer drive. The scheduled fund-raiser will be Wednesday, May 26, when members of the Alpha Kappa Pi Sorority will begin a door to door campaign at 5:30 p.m.

**HEARING AID BATTERY
DISPOSAL A PROBLEM**

Disposing of used hearing aid batteries presents a pollution problem, it has been announced. The usual method of throwing them in the trash eventually leads to dangerous chemicals being released in the ground and streams.

The only safe way to dispose of them is to return them to the manufacturer for reprocessing. The report said it is thought that senior citizens are the worse offenders in improper disposal of the batteries.

Anyone willing to act as a collection center for used batteries is asked to call Mrs. Lucile Bryan for more information.

\$67,366.90

During this same high earning period an effective interest rate of 5.169840% was obtained on your \$400,000 1980 Road Bond Issue as compared to a 4.86515% effective interest rate on your \$200,000 1973 Road Bond Issue. The cost of paying the same amount of road had doubled and yet only 0.30469% interest increase was forthcoming. What does this mean to you and why did this occur? This low 1980 interest rate is due to bond rating. Unrated bonds were selling all over the state for 9-11% effective interest rates. This translates to a SAVINGS TO YOU of approximately \$108,000.00 in interest over the life of your 1980 road bond issue.

When your valuations jumped from \$7,000,000 to \$69,000,000 Judge Sims went to work for you to help solve the problem.

LADIES NIGHT OUT PLANNED FOR AON

Members of Alpha Omicron Nu finalized plans for the last meeting before summer vacation, in the home of Sheri Millican on May 13. The Crystal Confectionery will enjoy the patronage of AON members on Thursday, May 27, as the group enjoys a "Ladies Night Out". Robert Lee members are to meet at Cindy Bessent's home at 7 p.m. and travel to San Angelo together.

The evening will not be totally social. Members plan to retire to the home of Linda Jameson and finalize work on the Chapter Yardstick. The yardstick helps the chapter maintain a balance among social, cultural, rushing, and community service programs. It gives the members an opportunity to measure their success in the year's activities against an objective standard.

Anthony, Hood Are Elected

Two members of the Robert Lee FFA Chapter, Quint Anthony and Eddie Hood, were elected to the office of vice president and treasurer, respectively, of the Concho District FFA at a meeting held in Sterling City. The meeting was held May 5, 1982.

Also, at the meeting, Stan Ray was elected as an Area II officer candidate from the Concho District. Delegates to the meeting were Heath Gardner and Jim Herring. Stan Ray participated in the District Public Speaking contest, placing second.

All of this is open to the public, and of special interest to historians and Coke County people is the Arrott story, about which one book has already been written.

This is one of a series of stories of Coke families and individuals who have figured in the story of Coke County, being sponsored by the Coke County Commission.

Mr. Ivey died at 10:45 a.m. Friday, May 14, in Bronte Nursing Home.

He was born Feb. 3, 1899, in Burnett County and moved to Bronte with his family when a small child. He was married June 10, 1925, to Elizabeth Maxwell. She preceded him in death in 1978. He lived most of his life in Coke County, except for a time during World War II when he lived in California.

The Iveys constructed Motel Victor (now Bronte Motel) during the oil boom of the early 50's and operated it until a few years ago. He was a former mayor of Bronte.

Survivors include one son, Victory Ivey of Las Vegas, Nev.; one daughter, Mrs. Randall (Ann) Pate of Blackwell; three brothers, Buck Ivey of Bronte, Cumbie Ivey of Robert Lee and Willard (Tootsie) Ivey of Palestine.

Pallbearers were E.F. Glenn, R.T. Caperton, J.B. Mackey, Noel Percifull, T.F. Sims and I.B. Pate.

Pre-Application Is Allowed On Senior Funds

The time factor has been altered since Coke County Commissioners last week voted to submit an application for \$32,766 in federal funds which may be available for the benefit of senior citizens of Coke County.

County Judge D.W. Sims said this week that he went to San Angelo Friday to make application, as instructed by the commissioners court, and was told that he could submit only a pre-grant application, since notification of these carry-over funds was on such notice.

Judge Sims said the change will give the county more time to study the matter and determine how the money will be used if it is approved and accepted by the commissioners.
