## West Texas Utilities Rates To Increase 4.7% Early Next Year

West Texas Utilities Co. rates will increase early next year by an average of 4.7 per cent as result of a settlement agreement reached this past week.

WTU and all parties involved, including the Public Utility Commission staff and the Texas Municipal League, agreed on a retail revenue increase of \$10.2 million annually. WTU had proposed an increase of \$20.4 million.

WTU officials said the Company agreed to the settlement because it was in line with recommendations of the PUC staff, and that the Commission usually does not deviate far from the staff's recommendations. The main difference between WTU's request and the amount allowed is the rate of return on common equity. WTU had sought 18 per cent and received 16.25 per cent, which is about the same percentage granted in WTU's last rate settlement last February.

"It is obvious that as result of this settlement we'll have to ask for another increase sooner than we had hoped," said Bob Boone, WTU local manager.

He said WTU management has indicated that a new rate case may be filed as early as April of 1983. The new rates are scheduled to go into effect Jan. 7 unless the PUC changes the date.

Effect on monthly residential bills, including both the base rate and estimated fuel cost charges, would be as follows:

For 600 kilowatt-hours--\$45.76 at 7.63 cents per kilowatt-hour, compared to \$43.39 at 7.23 cents per KWH under the present rates.

For 1,000 kilowatt-hours--\$71.98 at 7.20 cents per kilowatt-hour, compared to \$68.30 at 6.83 cents per KWH under the present rates.

Residential rates vary, depending on whether the home has electric water heating, electric heating, or a combination of both, but the average increase for the residential customer classes will be 4.96 per cent. The increase for commercial customers will average 5.55 per cent and the increase for large power customers would average 2.95 per cent.

"INSTALL THE NEW LENNOX PULSE™ FURNACE TODAY AND CUT YOUR HOME HEATING GAS USE NOW."

\* Cubic feet of gas used during heating season by a five year old conventional gas furnace—81,000.

Cubic feet of gas used by the new Lennox Pulse Furnace—45,000.

Take it from Dave Lennox...

Pulse can cut your home heating gas use immediately.

Let's say your present gas consumption for heating purposes is 81,000 cubic feet of fuel per season. The new Lennox Pulse can cut your usage by nearly 36,000 cubic feet. Immediately. Because for every dollar's worth of fuel burned, Pulse delivers up to 96¢ worth of heat. Your present conventional gas furnace may deliver no more

than 55¢ worth of heat. So you see why we say Pulse can pay for itself in a few heating seasons.

This higher efficiency gas furnace is available now.

The new Lennox Pulse is unlike any gas furnace in the world. It uses a new technology for home heating. A process that ignites tiny

quantities of gas continuously at a rate of 60-70 times per second! Virtually complete combustion occurs with each "pulse" ignition, delivering almost waste-free heat.

Start saving now. Call today. Call the independent Lennox dealer nearest you. He has the Lennox Pulse Furnace in stock now. And he can show you how to keep warm and save plenty of cold cash.

### Coke County 4-H Rifle Club

Twelve junior shooters from the Coke County r-H Rifle Club were at the rifle range Sunday afternoon, Dec. 5 and did some real good shooting the instructor reported. He was assisted by Doug McPeck, John Walker, and James Skipworth.

Kerri Bilbrey and Claudette Walker were awarded their first bar which is earned with a score of 30 on each target.

Scores in prone position were: Claudette Walker, 90; Justin Phillips, 78; Brent McPeck, 77; Jeff Cole, 75; Sheree Burns, 67; Luke Robbins, 65; Becky Padgett, 59; Shannon Skipworth, 56; Angela Reyes, 54; and Adam Minjarez, 41.

Scoring in kneeling position was Kerri Bilbrey, 74.

Three seniors shooters shot Sunday for their expert rifleman's badge and earned it. James Paul Skipworth, Phil Stephens and John Walker. This is the 14th badge earned on the NRA Qualification shooting. The next and final step is the distinguished expert badge which requires hundreds of targets that must meet a demanding score in the three position shooting. This badge is a great honor to obtain and with it one is recognized on a national level.

Rifle Coach Richard Johnson has coached eight boys and girls in the past six years who have earned the distinguished rifleman's badge and is hoping to have several shooters in our club to earn this badge in the next several years. Coach Johnson says, "It's not easy to earn, in fact, it's very difficult and demanding, but the personal satisfaction of knowing that you are one of a very select few nationwide, it's worth all the work it takes to earn it. I get as much of a thrill coaching a boy or girl to this honor as the shooter themselves. It motivates me to be a better coach and 4-H leader. I am very impressed with the attitude and desire that the boys and girls have here in Coke County, and for the support the people give us here in our county. It's just great! With these combinations we will be winners."

## Mr. And Mrs. S.E. Adams To Be Honored On 50th Anniversary

(Editor's note-- In lieu of our 50 Years Ago column, we are printing an event that happened 50 Years ago-- almost to the day.)

On October, 1932, a young schoolteacher, Miss Elsie Pruitt of San Angelo, moved to Robert Lee.

Born on a farm between Miles and Lowake, she was the daughter of Mr. and Mrs. Will Pruitt. Mr. Pruitt, a farmer and avid hunter, later bought a farm and built a house east of San Angelo.

Miss Pruitt attended Miles schools and graduated from Howard Payne University in Brownwood. She returned to Tom Green County and taught school there two years before moving to Robert Lee.

Miss Pruitt took a room with Miss Mettie Russell and Mrs. A.J. Russell.

Soon after her arrival in Coke County, she met a young tall, thin, up and coming businessman, who was a Robert Lee native.

S.E. "Skinny" Adams was born in Coke County to Mr. and Mrs. J.N.K. Adams and feared on a farm a few miles south of Robert Lee. His mother, in an early introduction to West Texas, came to Coke County via Ballinger to teach music. She rode the mail hack on her way to Hayrick in 1899 and the horses ran away with the hack near Valley Creek and dumped all its passengers. She later married J.N.K. Adams, a merchant who was the president of the McCallum Reed Company.

"Skinny" Adams attended Robert Lee schools and went to San Angelo in 1926 to seek work. He landed a job with the Tom Green County Abstract Co. and worked for them two years. He began as an errand boy and there learned all phases of abstract and title work.

In 1928, around Christmas, he moved home to Robert Lee and established his own business, Security Abstract and Title. During these lean times, he also served as deputy sheriff and tax collector for the county.

The two young people hit it off splendidly and after six weeks decided to get married. The couple pooled their resources and came up with \$15.00. Miss Pruitt had earlier borrowed \$30.00 at the bank, and unable to pay the

required \$1.00 interest, it had been added to her loan.

In 1932, times were exceedingly hard. Coke County was paying its teachers with scrip or warrants, (paper currency or tokens issued for emergency use) to be redeemed later as money.

Miss Pruitt's cash had dwindled and the scrip wasn't being accepted around town. They said they would rather have one's credit then the scrip.

All of these things didn't daunt the young couple. On Saturday night, Dec. 10, 1932, they began a long trip to Colorado City to get married.

Miss Pruitt borrowed a black coat for luck from a new friend and fellow teacher, Mildred Rawlings, later to become Mrs. Marvin Simpson. It was lucky, too, in that the night was bitterly cold.

After their wedding, Elsie and Skinny Adams spent the night in a Colorado City hotel and returned home. They kept their marriage a secret for three days because due to the depression, it was a school policy to let any teacher go who had married and hire one who had no other support. Schools opened about October back then to allow the children to help in the fall harvest of grains and cotton; teachers taught six days a week and Sunday School on Sundays.

Mrs. Adams approached Bruce Clift, president of the school board, and asked him if he would fire a teacher who married. Clift replied that "he'd fire one if she had a chance to marry and didn't." Then asked "Miss Pruitt, why are you asking me this?" The new bride then related her story and was allowed to continue her job.

Miss Mildred Rawlings told of their wedding the next week at a banquet at the Methodist Church.

The couple went into the sheep business in 1932. They bought 30 head of ewes for \$24.00 at one time. Good young ewes were bringing \$1.25 a head anywhere in the area.

They were engaged in ranching, stock-farming and abstracting in Robert Lee until 1949, when they moved to San Angelo.

In San Angelo, they had an abstract office there and in Ballinger and were both very

active in civic affairs. Mrs. Adams is a member of the Eastern Star, Daughter of the Nile, Baptist Church, and remains an active member of the Lady's Golf Association in the San Angelo Country Club, as well as a charter member of the Mountain Creek Golf Club in Robert Lee.

Mr. Adams is a member of the Shrine, Eastern Star, Rotary, Masonic Lodge, Presbyterian Church, Lions Club, and the Businessmen's Bible Class.

The Adams' returned to Robert Lee years ago and are still in business here. They are actively engaged in ranching, oil investments, abstracting and real estate.

They will celebrate their golden wedding anniversary on Sunday, Dec. 12, with a reception at the new Recreation Hall in the county park.

Their only son, Stanley, his wife Christie and their grandchildren, Naomi Lee, Stan, and Hazel Adams, all of Austin, will host the gathering from 2:00 until 4:00 on Sunday afternoon. They invite everyone to come and celebrate with them.

## Program Set At Baptist Church

"A Certain Small Shepherd" will be presented at the Robert Lee Baptist Church on Sunday evening, Dec. 12, at 7:00. The Children's Choir and a team of puppeteers will combine for the Christmas story in song and motion. The community is invited to attend.

Mr. and Mrs. Cecil Bell of Lubbock have been in Robert Lee for several days visiting his sister, Mrs. Louise Reese and his mother, Mrs. Martha Bell, a West Coke County Nursing Home resident.

Jack Wayland Bryant, ten year old son of Mr. and Mrs. Tommy Bryant of Edith, is a patient in Runnels County Memorial Hospital in Ballinger undergoing a battery of medical tests.

# Deregulation of your telephone ...how will it affect you

Deregulation. What does it mean to the nation's telephone industry — and the customers it serves? All of the hows, whys and maybes are not determined, but here are answers to some often-asked questions.

## Q. What is deregulation?

A. Simply, it's the process of removing state and federal controls from many services provided by the telecommunications industry. It means customers can select equipment and services in a competitive market without regulation by a regulatory commission.

## Q. When does it happen?

A. Deregulation isn't new. Federal Communications Commission rulings over the past three decades have allowed some competition in terminal equipment (telephones, multi-line systems, etc.) and in long-distance services. But deregulation surfaced as a major public issue when the FCC mandated total deregulation of new terminal equipment, effective January 1, 1983.

## Q. Why does the FCC want the telephone industry to be deregulated?

A. The FCC believes competitive markets are most efficient. Deregulation — and competition — will encourage new services and open more options to customers.

Actually, the FCC is but one of the driving forces behind deregulation. Congress, the Justice Department and the Reagan Administration (like others before it) all are eager to deregulate the American telephone business.

## Q. What is GTE's position regarding deregulation?

A. GTE feels that deregulation ultimately will benefit all concerned. Competition is the American way and GTE expects to compete aggressively.

## Q. Just what services will continue under regulation?

A. After January 1, the basic local and long-distance switching networks will continue to be regulated. So will all in-place equipment on customer premises. New equipment will be excluded from regulation, as will "enhanced" services, which combine basic service with computer processing to provide additional, different or restructured information.

## Q. How does this affect customers?

A. The big change is in lease and purchase arrangements for telephones, multi-line systems and other equipment in a customer's home or business.

After January 1, existing customers may continue to lease their phones from General Telephone. In addition, they have the option of purchasing phones — either from General Telephone or another supplier.

New customers also will be able to buy phones anywhere they choose (including General Telephone). Cost of equipment purchased by customers will be determined by the marketplace — not regulatory commissions. Lease options also will be available to new customers, but again will be determined by the marketplace — not the regulators.

There's another important point. By definition, anyone who alters existing service will be classified as a new customer. People who move from one residence to another — even though both are served by General Telephone — would be considered new customers under deregulation guidelines.

## Q. Will all customers be affected by deregulation?

A. No. The FCC's order applies only to single-line service. Customers on multi-party lines may continue to lease phones from General Telephone with all the traditional services. For a period after deregulation begins, party line customers may have some options that will not be available after January 1, 1983 to single-line customers.

## Q. Will it affect the cost of telephone service?

A. Deregulation will have an impact on virtually every aspect of the telephone industry — including cost. It should result in lower prices for some services and higher prices for others. The net effect of deregulation — and the competition it creates — is that each product or service provided by General Telephone must pay its own way, without subsidies from other segments of the business.

For example, revenues from various optional services have traditionally subsidized the cost of providing basic local service. That ensured basic telephone service was affordable to nearly everyone. But competition will force prices to more closely reflect the true cost of any service. Local rates probably will rise; others may decrease. Either way, customers will be asked to pay for the cost of the services they use.

## Q. So what are the benefits to the consumer?

A. With deregulation comes competition. With competition comes the suppliers' desire to provide customers with what they want, when they want it, resulting in many options, introduction of new technology and keeping costs at the lowest possible level.

## Q. Won't there be a lot of people who will be unable to afford a telephone?

A. GTE expects to help customers meet increases in telephone rates by phasing in certain options for flat rate pricing, including Usage Sensitive Service (USS) which is a measured service.

### Alpha Kappa Pi Sorority Enjoys Christmas Party

A festive setting was prepared by the members of the Alpha Kappa Pi sorority for their spouses on Saturday, December 4, at the old Rec Hall in Robert Lee.

The hall was decked with miniature figures of Santa Claus, Mrs. Santa, greetings of Merry Christmas and Noel. White cloths covered the tables, which were accented with red and green streamers, miniature Christmas trees, and red candles encircled with holly.

Social Chairman Dolores McCabe, prepared the menu and each member helped prepare the foods. Santa Claus would have enjoyed filling his plate with ham, turkey, fruit salad, potato salad, broccoli and rice casserole, green beans, cranberry sauce, hot rolls, butter and iced tea.

Lots of good food, fun, and fellowship were enjoyed as the Christmas season begins.

### Kay Grim And Mr. Taylor Are Wed Nov. 26

A reception was held in the home following the ceremony.

Mrs. Taylor is employed by the Robert Lee Independent School District in the tax office.

Thanksgiving holiday visitors with Mrs. Golda Smith included her daughter and husband, Martha and Carl Grubenman and her grandchildren, Carla and John, all of Dallas.

## West Coke County EMS News

The EMS board met November 30 in a business meeting. Mrs. Fred Beaty was welcomed as a new EMS consumer board member to replace retiring member Fern Havins.

The November 13 free Blood Pressure Clinic was well attended with 24 persons having their pressure checked. Another clinic will be conducted Saturday, Dec. 11. The clinics are free and provide the service to have the blood pressure taken by a qualified nurse.

The EMS would like to take this opportunity to express their "Thanks" for the memorials given to the ambulance fund this past year. A spokesman said, "It shows how much the community cares for each other."

There have been 82 runs made this year compared to 81 for all of

last year.

Merry Christmas To One and All from the Volunteer Ambulance crew.

### TO OUR VALUED CUSTOMER:

## IF THE FEDERAL GOVERNMENT HAS ITS WAY, 10% OF YOUR INTEREST AND DIVIDEND INCOME WILL BE WITHHELD FROM YOU NEXT YEAR!!

The United States Congress recently passed a law that will adversely affect you and most other savers in the nation. Under this law, all banks, savings and loans, money market mutual funds, credit unions, mutual savings banks, and other payers of interest or dividends will be required to automatically withhold 10% of the interest and dividends earned by their customers and transmit this amount to the IRS. You already have to pay income taxes on your interest earnings -but now the IRS wants to take 10% of your total interest in advance.

### This rule is wrong for the following reasons:

- 1) Withholding will cut the amount of cash you have available during the year from your interest income.
- 2) The amount withheld may not be correct for your tax bracket. If overwithholding occurs, you will have to file for a tax refund to get back your own money.
- 3) Your total interest earnings will be reduced because of less income from reinvestment and compounding.
- 4) Elderly persons and low income individuals (including children) will have to file an exemption certificate for each and every account they have in order to avoid withholding. If the exemption is not filed in time, a tax return must be filed the next year — or the withheld money will be forfeited to the government.

**Unless Congress acts to stop the withholding rule, it will go into effect on July 1, 1983. This bank is working to do away with the rule, but we need your help. IT'S YOUR MONEY.**

Please detach the message that follows, and mail it to your Congressman. Send a copy to your U.S. Senators. Give us a call if you have any questions or need information. Let's put a stop to withholding before it begins.

TO: Congressman \_\_\_\_\_  
House of Representative

Please support legislation to repeal withholding on interest and dividends!! It's **HARMFUL** because it takes away from the income that I count on during the year; it's **UNFAIR** to those of us who have always paid our share of taxes on interest; and, it's a **BURDEN** to the elderly and low income persons, including children. It will discourage savings in this country, and that's bad news for the economy.

May I count on your support to repeal this rule before it goes into effect on July 1, 1983?

## R-LEE CATHOLIC MISSION IS DEDICATED NOVEMBER 28

Sunday, Nov. 28 was a very special day in the life of the Catholic community of Robert Lee. On that day, the Most Rev. Joseph A. Fiorenza, Bishop of San Angelo, offered the Mass of Dedication of the new church building of Our Lady of Guadalupe Catholic Mission here.

### Scotts Buy Top Bull

Horace and Mary Scott recently purchased the high gaining bull in the Leo A. Jasik and Sons Bull Sale at Pleasanton, Texas. The bull, a son of the great Crimson Warrior is a half-brother to a famous bull named Robert E. Lee, this bull is owned by a syndicate made up of Texas and Florida Beefmaster breeders.

Scott's young bull, ID 437-1, (yet to be named) had a weaning weight of 680 lbs. in 180 days. While on feed (140 day gain test), this bull gained 780 lbs. for a weight per day gain of 5.58 lbs. This was the highest gain of the 180 bulls on the test.

The Jasik family has been a leader in the Beefmaster breed for years. The LJ brand is nationally known as this family has sold Beefmasters in Mexico and South America.

The Scotts also purchased a second Crimson Warrior son ID 394-1 who had a daily gain of 4.28 per day on 140 day gain test.

They plan on using these Crimson bulls on heifers here at Robert Lee and on their cows on the O.J. Estes Ranch in Irion County next year.

Horace is president of the Western States Beefmaster Breeders Assn. which holds its second annual bull sale in Midland, Texas on Feb. 18, 1983.

### Bake Sale Is Big Success

The Holiday Bake Sale held by members of Alpha Omicron Nu November 24 has been reported as a huge success by the officers of that chapter. The proceeds will be used for community service projects and charitable contributions throughout the year. Members of AON expressed their thanks to those who patronized the sale and to the post office personnel for allowing the sale indoors, because of the inclement weather.

Other AON news includes a very enjoyable and instructive program presented at the last meeting held in the home of Ara Burns. Gaye Williams and Ara Burns showed several decorating and wrapping ideas for the upcoming Christmas season.

The next meeting of AON is set for Monday, December 13 in the home of Valerie Taylor. Rituals will be observed and members are reminded to dress accordingly and meet at 6:30 p.m. Christmas card exchange will also be observed at this meeting.

Bishop Fiorenza was assisted at the Mass of Dedication by Rev. Mark Woodruff, pastor, and Rev. Patrick Flood, associate pastor. A number of clergy from Winters and San Angelo attended.

The new church, a metal building, was filled to capacity by members and friends from Robert Lee and the surrounding area.

The Spanish choir of St. Joseph's Parish, San Angelo, provided the music for the Mass under the direction of Mr. Frank Santillano.

The dedication ritual included the ceremonial acceptance by Bishop Fiorenza of the key to the front door. It was presented to him by Jesse Torres representing members of the mission. Later in the Mass, the altar was anointed with chrism to consecrate it to sacred purposes, and incense was offered to designate the church as a place of sacred worship. Following the anointing, the altar was decorated with cloth and flowers, the candles were lit and the other lights were turned on for the first time.

Following the Mass of Dedication, a reception was held at the old rec hall in the county park.

### Special Film To Be Shown At Local Church

"God's Prison Gang", a newly released film featuring Al Capone's getaway driver, the last member of Bonnie and Clyde's game and two other notorious criminals who have become Christians will be shown at Victory Assembly of God at 7th and Houston in Robert Lee on Sunday, Dec. 12. The showing is scheduled to begin at 7 p.m.

The film, shot behind the walls of New York's Attica prison, is hosted by Art Linkletter. It tells the story of how the work of International Prison Ministry is accomplishing what more guards, higher prison walls and greater financial expenditures have failed to do-- keep released inmates from returning to lives of crimes.

Telling their stories in the 44-minute film are George Meyer, Al Capone's favorite driver; Floyd Hamilton, (Public Enemy No. 1) the last of the Bonnie and Clyde Gang; Jerry Graham, the "robber king" of California; and Ted Jefferson, convicted of crimes from drugs and robbery to murder.

Also featured is "Chaplain Ray," whose Dallas-based International Prison Ministry has changed the lives of thousands of inmates over the past 18 years.

The Reverend Larry Anderson, pastor of Victory Assembly church, said he hopes all citizens concerned about the problem of rising crime will attend the free screening of the film.
