

Journal Celebrates 60th Anniversary

Today, on March 1, 1984, the Muleshoe Journal will mark its 60th Anniversary of publishing the news of Bailey County and the surrounding areas.

Throughout this issue are scattered stories of yester years happenings, along with some full page re-prints of issues dating back to the early days of the newspaper.

Although some stories have been omitted which probably should have been printed, due to the number of years covered in this special edition, there had to be a stopping point.

The following paragraphs

contain a brief history of the newspapers which have served Bailey County readers over the past 60 years.

The Muleshoe Journal and The Bailey County Journal continue the spirit of the first county newspaper, The Booster:

"Be a Booster. Why NOT? The world is going to move on - with your help or without it. So is Bailey County."

"You had better get behind the wagon and help push the load forward...then to get in front and get run over..." (Nov. 21, 1919)

The two 1963 newspapers further endorse the purpose

of the first Muleshoe Journal as stated editorially March 1, 1924: "The Journal is proud of the expressions of confidence and faith received from people of (Muleshoe and) Bailey County and with the continued cooperation of every citizen...We are here to stay, and it is our aim to boost the County and surrounding country."

Reverend Smith used a hand press to print the paper, which was a four page, three column edition. Only three editions were printed.

Firms advertising in the first edition included The Newett Mercantile Company of Hurley; Guptons and Wiggins, Muleshoe; O.C. Snyder, Hurley; R.E. Curd and Company, Texico, N.M.; Texico Garage in Texico; and Mc Guan and Presley of Farwell.

THE BOOSTER

The first Bailey County newspaper, The Booster, was published in 1919 by Turner L. Smith a congregational minister at Hurley.

The Booster, financed by advertisements, was published

monthly in behalf of the religious and other community interests of the county. It was sent to every family in the county.

Reverend Smith used a hand press to print the paper, which was a four page, three column edition. Only three editions were printed.

Firms advertising in the first edition included The Newett Mercantile Company of Hurley; Guptons and Wiggins, Muleshoe; O.C. Snyder, Hurley; R.E. Curd and Company, Texico, N.M.; Texico Garage in Texico; and Mc Guan and Presley of Farwell.

BAILEY COUNTY BUGLE

The Booster was followed by a paper called The Bailey County Bugle, and was first published for several months in Farwell with Mr. and Mrs. Stanley Sigler as publishers. It was purchased from them by Captain E.E. Hull of Clovis.

In about 1922 the Muleshoe-news' editor for The Bugle was Levi Presley, an attorney. As The Bugle proprietor and publisher Hull owned no equipment, the paper was printed in Clovis.

A four page, four column paper, it contained advertisements in its second edi-

tion of Blackwater Valley State Bank; A.V. McCarty, Drugs; Farmer's Trading Merchandise; Josh Blocher, "The Old Reliable Land Man"; Bailey County Elevator, Ray Griffiths, mgr.; Gupton and son, Groceries; Bailey County Abstract, I.S. Barron, Mgt.; White Front Garage, H.G. Rhoades, Mgr.

On the front page of the second issue, January 26, 1923, was a streamer headline announcing "The Best Thing That Has Come to Muleshoe Since Heck Was A Pup," which, upon reading down the column, is found to mean the starting

of a newspaper for the town of Muleshoe. It contained quite a bit of local news also.

A local reporter was stationed in Muleshoe during the time the paper was published in Farwell and Clovis.

THE MULESHOE JOURNAL

Hull and Presley, with several others, said Muleshoe was large enough to support a newspaper. Thus, then, five years after its predecessor. (The Booster and The Bailey County Bugle) has opened the newspaper field in the county, The Muleshoe Journal was born on February

23, 1924.

A story of the first issues of The Journal appears elsewhere in this edition.

Later in 1924 the paper was sold to R.B. Boyle, who installed the first printing plant in Muleshoe. This first Journal shop was located in a building (with Barry Lewis, abstractor and Dr. A.E. Lewis, dentist). The Muleshoe Journal was an eight-page paper, four pages of which were printed by Boyle with the other four pages being "ready print." All machinery in the plant was run by a gasoline engine.

Around Muleshoe

Superintendent of Schools at Three Way, Don W. Parker has notified the Journal that an open house will be held at the Three Way Independent Schools on Tuesday, March 6 from 7 to 9 p.m. He encourages attendance, so that residents may see what is happening at the school in such things as studies and related matter.

In a police report of activity files on February 23, three items were listed incorrectly. In the alleged criminal mischief case involving Celestino Rojas, Rojas was the complainant, not the suspect; in the case involving Julius Cathy, regarding alleged theft of articles from a porch, Mrs. Julie Cathy was the complainant, not the suspect. Also in the case of the alleged assault charge reported on Marcus Lopez, Lopez filed assault charges on another party as the complainant. Our apologies.

The Jennyslippers will sponsor skating Friday, February 24 at 7 p.m. at the Civic Center.

Muleshoe will host a CINDERELLA GIRL PAGEANT (ages 3-17) to be held on April 7th at the Muleshoe High School Auditorium. No talent required. For more information call Sue Bessire after 6:00 p.m. 806 965-2757.

The Emergency Medical Technician Association of Muleshoe is sponsoring a Disaster Program on March 1 at 7 p.m. in the Five Area Telephone Cooperative Warehouse building. There is no charge for the course.

Accident Victims' Services Held Friday

Services for Kenny Price Hamilton 42, and Sharon Lynn Hamilton, 38, both Muleshoe area residents will be held at 2:30 p.m. Friday, March 2 in the First Baptist Church of Earth with the Rev. David Hartman and the Rev. Mike Stafford officiating. Burial will be in the Earth Cemetery under the direction of Parson-Ellis Funeral Home of Earth.

The couple died late Monday afternoon, February 27 in a two car crash near the Clovis, New Mexico city limits, as they were returning from a week-end skiing trip with several other Muleshoe residents. They were pronounced dead at the scene by deputy medical investigators Joe Thomas and Bill Morgan both of Clovis.

Kenny Hamilton was born in Amherst on December 13, 1941 and graduated from Springlake-Earth High School in 1960. He was a

ACCIDENT FATAL TO AREA RESIDENTS...A two car near-head on collision just east of Clovis, N.M. on Monday afternoon took the lives of three Muleshoe area residents. A car driven by Henry Wilson of Clovis crossed a median on the four lane highway, smashing into the suburb vehicle of Kenny Hamilton as they returned from a skiing trip. Killed in the accident were Kenny and Sharon Hamilton, Eddie Flowers and Wilson. Four other Muleshoe residents, Jay Gleason, Jeff and Jill Hamilton and Casey King were also riding in the Hamilton vehicle. No apparent cause had been determined from the autopsies at press time.

Three Muleshoe Residents Killed In Clovis Wreck

Three Muleshoe residents returning from a weekend skiing trip to Taos, New Mexico had their lives snuffed out along with a Clovis, N.M. man late Monday afternoon in a near head-on collision on Highway 84 near the eastern city limits of Clovis. The four were pronounced dead at the scene by deputy medical investigator Bill Morgan and Joe Thompson.

Four other Muleshoe youth were injured in the crash, one critically. The accident occurred near 3 p.m. (MST) on a four lane divided highway.

According to Clovis City Police, Henry Wilson, 54, of

Clovis, was westbound on Mabry Drive (Hwy 84) when his 1975 Chrysler crossed a 30 foot median and collided with an eastbound '81 Chevrolet Suburban in which seven Muleshoe residents were riding.

Pronounced dead at the scene of the accident were Kenneth Hamilton, 42, and his wife, Sharon Hamilton, 38, Charles Edward "Eddie" Flowers, Jr., 19, son of Mr. and Mrs. Charles Flowers, Sr., of Muleshoe; and Wilson of Clovis.

The four other passengers in the Hamilton vehicle were transported by ambulance to Clovis High Plains Hospital.

Jay Gleason, 18 year old son of Dr. and Mrs. Jerry Gleason underwent extensive surgery on Monday night, suffering from two dislocated hips and multiple internal injuries. Reports indicated late Tuesday that Gleason still remained on the "Critical" list, but had regained consciousness to some degree.

Jeff Hamilton 17 and Jill Hamilton, 14, children of the dead couple suffered injuries, but were listed as in stable condition on Tuesday.

"I Love Muleshoe" Walkathon Saturday

The Women's Division of the Muleshoe Chamber of Commerce and Agriculture, better known as the Jennyslippers, will kick off their annual biggest fund-raiser this Saturday, March 3 from 2 until 5 p.m. in the Bailey County Coliseum. The event has been dubbed the "I Love Muleshoe" walkathon. Sponsor or sign-up sheets may be obtained at the Public Library or at the schools.

According to police reports, Jeff suffered a dislocated hip, multiple bruises and lacerations of the face. Jill Hamilton was listed as having sustained cracked vertebra in the neck plus other bruises and lacerations.

Casey King, 14 year old daughter of Mr. and Mrs. Joe King was treated for a broken ankle and was reported in stable condition.

At 8 a.m. Wednesday, a hospital spokeswoman at Clovis High Plains stated that Jay Gleason's condition still remained critical and he was still in intensive care. However, she said there was some improvement and that he had been taken off the respirator. Gleason underwent extensive surgery on Monday night to repair internal bleeding and the removal of his spleen. The condition of the Hamilton children remained stable at the time of the report.

Bodies of both Kenneth Hamilton and Wilson, drivers of the vehicles were

Dates Important To Voters In State, County, City

Candidates, Voters Deadlines Close

Several local elections are scheduled in Muleshoe and Bailey County in the near future, such as city council, county officials and school board trustee. Filing deadlines for school and city elections are fast approaching.

Although voters in most counties have to have their voter registration cards in their possession in order to cast a ballot, the rule does not apply in Bailey County. "Since each county voting precinct official along with city and school election officials are furnished copies of current and up-to-date voter registrants, the actual presentation of the registration card is not a necessity here," said Barbara McCamish, Bailey County Clerk.

April 5 is the last day to register and qualify as a voter in the May 5 Democratic and Republican primaries.

Absentee voting for the primaries will begin on April 16 and last through May 1 at the voting place in the Bailey County Courthouse for county and state officials.

Banquet Plans Almost Complete

Planning is continuing for the 34th annual banquet of the Muleshoe Chamber of Commerce and Agriculture on Thursday, March 29. Tickets for the banquet are now on sale from any member of the Board of Directors. Cost of the tickets is \$10.00 each in advance and \$12.00 on the day of the banquet.

Dinner music for the banquet will be provided by Pat Watson with Tuffy Dent serving as master of ceremonies. Plaques of appreciation will be presented to retiring officers and directors.

Man of the year, woman of the year, and farm family of the year will be recognized.

Guest speaker at the banquet will be Harry Birdwell, General Manager of the Oklahoma Association of Electric Cooperatives, who has an impressive background.

The theme for this year's banquet is "Moving Eighty-Forward". Decorations for the banquet are being made by the Jennyslippers, the women's division of the Chamber. Tickets for the banquet will be delivered to anyone who calls the Chamber office and requests delivery. The Chamber number is 272-4248.

In addition to state races, Bailey County voters will elect a sheriff, a tax-assessor/collector, two county commissioners, a county attorney and constables. The races for sheriff and for both county commissioner's precinct slots have several candidates, with the commissioner's having the largest number of candidates. Those candidates who have filed include: Bob Henderson and Tom Watson, Sheriff; Kathleen Hayes, Tax A/C; R.L. Scott, G.L. Gibson, R.O. Gregory

and Marshall Williams for County Commissioner Precinct 1; James Warren and Joey Kindle as candidates for County Commissioner, Precinct 3. Also Linda Guelker has filed for re-election as County Attorney. All of the candidates have filed under the Democratic party, with no Republicans having filed.

In city elections, two places are open on the Muleshoe City Council, being place 3 and four, currently held by Ronnie Shafer and Paul Wilbanks.

Services for 19 year old Eddie Flowers were held at 11 a.m. Wednesday, February 29 in the First United Methodist Church of Muleshoe.

Eddie Flowers was born on September 25, 1964 in Lubbock, Texas and had been a resident of Muleshoe since 1969. He was a freshman student at Texas Tech University at the time of his death.

Flowers graduated from Muleshoe High School in May, 1983, where he was active in many student activities. He was a member of the Tech Rodeo Association and a member of the First United Methodist Church of Muleshoe.

Interment was in the Bailey County Memorial Park under the direction of Ellis Funeral Home of Muleshoe.

Eddie Flowers is survived by his parents, Mr. and Mrs. Charles Edward Flowers, Sr., of Muleshoe, a sister K-K Flowers of the home and grandparents, Mr. and Mrs. Collier E. Flowers of Lubbock and Mrs. R.L. Elms of McAllen.

Con't Page 7, Col. 3

Bailey County Electric Ends Year With Deficit

The annual meeting of the members of the Bailey County Electric Cooperative Association was held on Saturday, February 25 beginning at 1 p.m. in the Muleshoe High School Cafeteria. A noon meal was served to cooperative members and their families preceding the business meeting which began at 1 p.m.

With only about 84 members of the Cooperative present out of the some 150 people who attended, a quorum was unavailable. As a result of this, no new directors nor officers were elected for the coming year. The Board Directors for District 3 and 6 were up for

election, but since no new directors were elected, these two will serve another term. The seven directors who complete the board include: J.W. Herington, District 1; Joe Embry, District 2; Guy F. Kelley, District 3; Lewis Wayne Shafer, District 4; Glenn Lowe, District 5; Tommy Kirk, District 6; and Ernest W. Trull, District 7.

Officers who will remain in their elected positions for another year include: Joe Embry, President; Lewis Wayne Shafer, VP; J.W. Herington, Secretary-Treasurer.

Members who were present heard a financial report of the Cooperative for 1983,

and were told that the Cooperative did "not have a very good year in 1983," as evidenced by the December 31, 1983 Financial Statement. According to the accounting, income for the Cooperative in 1983 Fiscal Year, which ended in September was \$9,676,490. Expenses for that same period amounted to \$10,167,684, creating a deficit of \$491,194 for the year.

The deficit was explained as being caused by three separate things, according to Connie Gupton, Manager of the Cooperative. Gupton stated that electrical rates

Con't Page 7, Col. 1

Rotary Program On Beefmaster Cattle

The Muleshoe Rotary met at noon on Tuesday in the Bailey County Civic Center meeting room for their annual weekly meeting. Five guests were present, including Marvin Chandler, Mark Williams, Dr. Jack McCarty, James Warren and Barry Hancock.

The program was presented by J.D. Cage who showed a film on the history of the Beef Master Cattle breed, explaining the system of registration to the group. Cage said that Beef Master cattle are registered using the first name of the producing ranch in the registered name of the cattle. Also explained was the program.

City Water

Is Turned Into

Mains Monday

Friday, June 3, 1927

Another mark of progress was slated for the progressive and modern little City of Muleshoe Monday, when the city dads started the pumps and the citizens of the city were supplied with an abundance of clear, cool and pure freestone water. All the fireplugs were given a try-out and everything is in readiness for the public.

Also, another mark of progress was made when the city dads announced they

Former Muleshoe

Man Dies

In Arizona

Funeral services of Gordon J. Doss, 64, of Wilcox, Ariz., a former Muleshoe resident, were held at 11 a.m. Tuesday, Feb. 28 in the First Southern Baptist Church of Wilcox with the Rev. Hershel Hendkel officiating. Assisted by the Rev. H. Gray Box.

Masonic graveside rites were conducted at the Sunset Cemetery. Burial was under the direction of West Lawn Chapel and Mortuary. Doss died Saturday in Wilcox.

A native of Collinsville, Doss moved to Wilcox in 1965, from Muleshoe where he was an accountant. He was a Baptist, a Mason, and a member of the Elks Lodge, Sabbar Shrine of Tucson and the Southeast Arizona Shrine Club. Doss was an Army veteran of World War II, past president of the Wilcox Rotary Club and the Wilcox Chamber of Commerce. He had been named Wilcox's Citizen of the Year.

Survivors include his wife, Frances; two sons, Douglas of Wilcox and Donald of Phoenix; one daughter, Denise McCollough of Tumacacori, Ariz.; three sisters, Jaye Harrison, Neva Stark and Maxine Ward, all of Dallas; one brother, Noel of Mesquite; and four grandchildren.

Nearly Everyone Reads The Journal

Oct. 10, 1939

One thing certain, when you pick up a copy of the Journal - your knowledge is reading what nearly all the people around Muleshoe and surrounding communities are reading - your home town and county seat paper. And for news, it is right on the job every week.

It is the desire of the publisher to make every issue better than the previous one. The more news we can get, the better paper we can give. Every happening in this community and throughout the entire county will be appreciated. Phone No. 54.

Local Man's Mother Dies In Haskell

Services for Velma Estelle Free, 74, of Haskell were held at 2 p.m. Sunday at the First Baptist Church with the Rev. Mike McKinney officiating.

Burial was in the Willow Cemetery under the direction of Holden-McCauley Funeral Home.

She died Saturday at 3:50 a.m. in Haskell Memorial Hospital.

She was born April 24, 1909, in Haskell County. She was a lifelong resident of Haskell. She married T.W. Free on Jan. 25, 1927 in Haskell.

Survivors include her husband; three daughters, Mrs. Wayne (Frances) Lewis of Abilene, Mrs. Leon (Betty) Dobson of Haskell and Mrs. Otto (Lula) Peiser of Lubbock; two sons, Bobby of Muleshoe and Willard of Lamesa; two sisters, Mrs. Sam Brooks of Anson and Mrs. Otis Matthews of Haskell; 12 grandchildren; and eight great-grandchildren.

A Reader

Work On Courthouse

Continues To Progress

July 3, 1925

The work on the courthouse continues to progress. An extra gang of men were put on Tuesday and the concrete work was started in grand style and will be rushed to completion. The stone

work is coming along nicely. This building will be quite an addition to our thriving little city.

We understand the Civic League will beautify the grounds when the building is completed. That will be some time this fall. The club will likely take up that work next spring.

Many Object To Change In Name Of Town

May 11, 1928

There are some in our midst who would very much like to have the name of our town changed. Some have what they call very good reasons. Probably they are good reasons from their viewpoint, but where there has been one who was in favor of a change in the name we have about eight who are emphatically opposed to it. We wish to state that as far as the Journal is concerned we are in favor of Muleshoe. To date we have been unable to get any of the parties who are in favor of a new name to suggest an "appropriate" one, and we doubt if they ever will.

The Journal has received some letters on the subject, one party enclosing a clipping of a newspaper report of Lindbergh turning his famous plane, "The Spirit of St. Louis," over to the Smithsonian Institute. With the plane is the symbol of the 110th Observation Squadron, Missouri National Guard. This symbol is a mule kicking high in the air, wearing aviator's goggles & helmet. The letter in question reads in part:

Editor, Muleshoe Journal Dear Sir: Note by the enclosed clipping that preserved with Lindbergh's Plane in the Smithsonian Institute will be the emblem of the Missouri National Guard, viz: "a mule kicking high in the air." This should vindicate the name of "Muleshoe" and be some solace to those sensitive souls who want to change the name of Muleshoe.

George J. Hassell Gets Death Penalty;

Takes Electric Chair Feb. 25th

Feb. 25th

Hassell Jury E.W. McGuire, Farwell Marvin Whaley, Friona Carl Fowler, Farwell Dud Read, Farwell T.W. Crawford, Friona J.T. Lovelace, Farwell Clyde Goodwine, Friona A.S. Curry, Friona F.W. Reeves, Friona W.R. Scheihagen, Black J.L. Landrum, Friona G.W. Watchley, Farwell

Parmer County, left last night for Huntsville, where they will turn George J. Hassell over to the warden.

He has promised to complete his confession before he takes the chair. It is said, the family was pleased with

the Jury's verdict. Hassell will take the electric chair before sunrise on the morning of the Feb. 25th, 1927.

(After appealing his conviction George J. Hassell was returned to jail in Bailey County in April to await a hearing, June 15 - death sentence affirmed.)

Morris - Parsons

July 20, 1933

Necessity coined as marriage for Parmer County, Tuesday when Elton Parsons and Charlene Morris, both of Bailey County, were married in the county clerk's office.

The couple had formerly attempted to obtain license in Clovis, N.M., but were refused a license because they were under the age limit. The parents of the two approved of the match and appeared in Farwell, Saturday when the three-day notice of intention to wed was filed. County Judge John Aldridge Jr., himself a newly married man, performed the ceremony, Tuesday.

New Marriage

Law Sept 1

August 24, 1933

Repeal of the Texas "gin marriage law" becomes effective September 1, according to action of the last legislature which decreed same to be effective 90 days after adjournment which was June 1.

The new law eliminates the three days notice before marriage license may be obtained.

Carruth - Chesher

March 16, 1933

Lloyd H. Chesher, Chevrolet salesman at Sudan and Miss Lillie Mae Carruth of that city, slipped off to Muleshoe last Saturday and obtained a marriage license from County Clerk J.B. Burkhead, the wedding to take place sometime this week after the legal notice time has expired.

Lloyd is the son of J.W. Chesler, proprietor of the Garden Theatre in Sudan, and is a young man of fine character and outstanding ability. The bride is the daughter of J.M. Carruth, one of the leading business men of that city and having many friends who extend their best wishes to the newly weds.

Roach - Collins

Nov 5, 1931

Miss Margaret Roach, daughter of Mr. and Mrs. C.J. Roach, this city, was married last Saturday night to Wm Collins residing northeast of town.

The wedding occurred at 10:30 p.m. at the Methodist parsonage in Clovis, N.M., Rev. Campbell officiating. Accompanying the bridal couple were Miss Theron Kimbrough and Aubrey Jarmen, after which the wedding party enjoyed the play "Riders of the Purple Sage," at the Mesa theatre.

Both contracting parties are well known in this city, and have numerous friends who extend to them their best wishes. They will make their future home on Mr. Collin's farm 10 miles northeast of Muleshoe.

Mrs. Parsons is the daughter of Mr. and Mrs. G.C. Morris and the groom is the son of W.H. Parsons. Both families live near Muleshoe.

State Line Tribune, Farwell

Why Editors

Are Wealthy

March 27, 1925

The Floydada Hesperian reproduces the following from a dental professional magazine, which Dr. I.W. Hicks of that city gave.

A child is born in the neighborhood the attending physician gets \$10. The editor gives the loud mouthed baby and the happy parents a send off and gets \$0. When it is christened the minister gets \$10, the editor gets \$00. It grows and marries. The editor publishes a long winded article, and tells a dozen lies about the beautiful and accomplished bride. The minister gets \$10 and a piece of cake, and the editor gets \$000. In the course of time it dies.

The doctor gets from \$25 to \$100, the undertaker from \$50 to \$100, the editor publishes a notice of the death and obituary two columns long, lodge and society resolutions, a lot of poetry and a free card of thanks and gets \$0000. No wonder so many editors are rich.

Muleshoe

Woman Sues For Divorce

July 16, 1926

Mrs. Susan Kantbehuman has filed suit against her husband H.E. Kantbehuman alleging that he was a spendthrift and spent his money foolishly and that the family was always in want on account of his careless ways of purchasing his groceries. Mrs. Kantbehuman stated to a Journal reporter that her husband often ordered groceries from mail order houses and did not try to save on groceries. She stated that she had persistently pleaded with him to buy all their necessities at Henington Cash Grocery but he was too obstinate and as a result she was forced to ask for a separation and custody of the children. She stated that since being separated from her husband she had bought everything from Henington's and had saved up enough to re-furnish the house and buy a new car.

Those who are acquainted with the situation are confident that the divorce will be granted and that Mrs. Kantbehuman will be given custody of the children, also the farm and all the property belonging to them and she will also be awarded a large alimony and Mr. H.E. Kantbehuman will be barred from ever marrying again in this state. adv.

Company Will Turn Gas Into

Muleshoe Mains This Week

Nov. 21, 1930

Controversies that have existed during the past 10 days over right-of-way for gas lines of the West Texas Gas Company, leading into Muleshoe, have been settled, according to R.F. Hinchey, vice president of the company with headquarters at Lubbock, who telephoned that gas would be turned into the city mains and service begun the latter part of this week.

More than 100 connections for gas service have already been made in Muleshoe and many other householders and property owners have been holding off on connections pending the certainty of service.

Ground Cleared

For Canning

Factory

April 9, 1926

The lot for the Portales Canning Factory, surveyed and marked Tuesday and arrangements are being made to begin work on the building immediately.

The engine and boiler for the factory have already been purchased and other material will be bought as soon as possible.

About 100 acres of tomatoes have been promised, another 50 are needed.

The assurance that service will be promptly forthcoming is received with rejoicing by Muleshoe citizens, many of whom have laid in no other fuel supply for the winter. Several new homes have been erected during the past summer and fall without chimneys their dependence being entirely on the gas service. Franchise was granted several months ago to the West Texas Gas Co., to service this municipality, and the company has been very prompt in meeting its obligations in this respect. There has been some slight delay in securing pipe, and another delay in securing right-of-way for part of the line, all of which was beyond the control of the company, they doing everything within their power to make ready for service before the cold of coming winter arrived.

The Journal is authorized to state that contemplating users of gas service should make immediate arrangements for their connections. Deposits for meters will be received by Jess Williams, the company's local manager, at their office in the Muleshoe Hotel building. It will be a case of first come, first served, and prompt connection service is assured to patrons.

Frank Norfleet Takes Up Chase Of John Teal, Wanted

For Murder Of Evelyn Mounts, Circleback Teacher

October 17, 1930

J. Frank Norfleet, Hale County rancher and well known crook catcher is on his way to Mexico in an attempt to track down and bring back one John Teal, charged with the murder of a school teacher in Bailey County several years ago.

Miss Effie Evelyn Mounts was the young lady who was murdered. She was teaching school at Circleback about 14 miles southeast of Muleshoe. The school building was at the time located on the Paul ranch, and the country generally sparsely settled. According to report, Teal had attended a gathering of some of the people of that vicinity, had indeed, Miss Mounts to accompany him to her stopping place in the home of a family by the name of McCarty. She did so, taking the 12 year old daughter of McCarty along with them. Upon arriving at the home, the little girl left the car in which they had been riding and went into the house. A few minutes later she heard a pistol shot and saw the school teacher lying on the ground beside the car. It is alleged that she was shot once while standing on the runningboard of the auto, then shot twice more after falling to the ground. Following the murder, Teal is said to have

gone to Lubbock, obtaining his suitcase, and the next morning left for parts unknown.

Teal was indicted for the murder of Miss Mounts which occurred April 7, 1917, by the grand jury of Castro County. Bailey County at that time being attached to Castro for judicial purposes. Dec. 15, 1922, the case was transferred to this county. A reward of \$1,000 still stands for his arrest and return to this county, \$250 each being offered by the State and a like amount by private persons. The alleged cause of

the murder is Teal's attempt to make the young woman marry him, which she refused.

About five years ago a man by the same name was killed by officers at Calexico, California, and it was thought for a time it was the man wanted in Bailey County. His body was shipped to Muleshoe but parties knowing well the Teal wanted here declared it was not the right man. Sheriff Douglass, of this county afterward secured evidence proving conclusively that the wanted John Teal had not yet been apprehended.

John Teal, the alleged murderer of Evelyn Mounts is now about 42 years of age. He is described as being about six feet tall; weight about 155 pounds; complexion brownish red; hair medium dark brown; eyes grey; has scar on left side of

neck near windpipe.

For sometime past it has been persistently reported that, Teal was in Mexico. Sheriff Doubllass, of this county, is convinced that he is, and has made two trips to the southern border in an effort to locate him. Now Norfleet has taken up the chase, and assisted materially by the accumulated evidence furnished him by the Bailey County sheriff, may be able to bring him back across the muddy waters of the Rio Grande River.

Kills Rattler

In Santa Fe

Station

August 31, 1928

Upon entering the waiting room at the Santa Fe station Monday morning, Mr. Eckler, station agent, met a rattlesnake about two and a half feet long, which had taken possession of that part of the company's property.

Rattlers are very uncommon in this section and the supposition is that Mr. Rattler was merely looking the community over and found conditions so good he decided to make his home here.

Hawkins-Lee Wedding Is Solemnized

July 4, 1930

Miss Mildred Lee, charming daughter of Mr. and Mrs. J.W. Lee of this place, was married to Mr. Guy L. Hawkins of Farwell, Texas, at her home at 9 o'clock Wednesday evening. Rev. C.A. Joiner, pastor of the Baptist Church performed the ceremony. The nuptial vows were taken in the presence of a host of friends and relatives which filled the beautifully decorated living room to overflowing.

Preceding the ceremony, Miss Marguerite Fowlkes of Temple, Texas, friend and college chum of the bride, sang "I Love You Truly" and immediately afterward the bride was ushered in on the arm of her father to the

strains of Lohengrins Wedding March, rendered by Miss Mozelle Alsop at the piano and Mr. Herschel Alsop on the violin. Preceding the bride were four bridesmaids, two flower boys, a little girl ring-bearer and the maid of honor.

The bride met the groom, who was accompanied by the best man, at the beautifully improvised altar which nestled underneath an archway of ferns and rosebuds, where the nuptial vows were administered in a most impressive ring ceremony. The bride wore a beautiful gown of pale yellow and peach, and carried a bouquet of gladiolas and sweet peas. The groom was dressed in black. The maid of honor and bridesmaids were dressed in pastel colors of georgette and chiffon, and also carried bouquets of gladiolas and sweetpeas. The flower boys were dressed in black, and the ring bearer wore a frock of pink crepe with a corsage of white daisies, and carried the ring in a magnificent white lily.

Those making up the bridal procession were: Bridesmaids Misses Jackie Barrington, Opal Morris, Carrie Agnes Lee and Mrs. D.O. Smith; Maid of honor, Miss Marguerite Fowlkes; ring bearer, Little Miss Doris March and flower boys, Leon McCarty and Max Lee.

Immediately after the ceremony, the guests repaired to the McCarty Lunch Room where an enjoyable reception was given by Mrs. A.V. McCarty. The room was decorated in a manner befitting the occasion with a huge wedding bell entwined with white streamers hung above the large wedding cake and a wedding feast ensued. A complimentary program was arranged and carried out. Before the guests had departed the bride and groom made a hasty exit unnoticed and departed for New Mexico to spend their honeymoon.

Many out of town guests, including friends and relatives of the groom were present, but a complete list of names could not be obtained.

Miss Vera Sollock - Karl Kunkel Married Saturday

Jan. 7, 1927

The Methodist Church was the scene of a beautiful wedding at 7:30 p.m. Saturday evening when Miss Vera Sollock was given in marriage to Mr. Karl Kunkel, of Anton.

Muleshoe Couple Is Married

At Plainview

August 17, 1928

Mr. Clay Buchanan and Miss Ethel Farrell were married last Friday evening at Plainview, the ceremony being performed by Rev. Saffle, pastor of the Baptist Church in that city.

The bride is a popular young lady and has been employed as clerk in the post office for some time.

Mr. Buchanan is a valued employee of the Hart Lumber Company here and has many friends throughout this county.

The young couple will visit Mr. Buchanan's parents in Turkey, and will return to Muleshoe sometime this week.

The Journal joins the many friends of this deserving young couple in wishing them a lifetime of happiness and prosperity.

Nelson-Burkhead

Jan 25, 1934

The many friends of the contracting couple were greatly surprised last Monday when announcement was made that Jim Burkhead and Miss Bettie Nelson were married at Clovis, N.M. last Christmas Day. The newly weds had very successfully kept secret their wedding, no one having any inkling of the event until the voluntary announcement of it.

Mr. Burkhead is the son of County Clerk and Mrs. J.B. Burkhead and is an employee of the E.R. Hart Lumber Co. The bride is the elder daughter of Mr. and Mrs. Geo. Nelson, residing a few miles northwest of Muleshoe, and is this year a member of the senior class in high school.

Temperarily they are remaining at the home of the groom's parents until a desirable residence can be obtained.

day evening when Miss Vera Sollock was given in marriage to Mr. Karl Kunkel, of Anton.

The church was decorated in smilax and cut flowers with an improvised arch in the center and lattice work on each side entwined with smilax and carnations.

The bride entered the church on the arm of her father. She wore a gorgeous white satin dress, trimmed in lace, embroidered in pearls and crystal beads. Her veil was held in place with orange blossoms and her slippers were white satin.

The bride and groom left the following morning for a tour thru the northern part of the state and will be at home at Anton, Texas after January 15.

Hardin-Lominack

July 11, 1930

Mr. Good Harden and Miss Odessa Lominack were united in marriage at the home of the bride's parents at Winnsboro, Wednesday, July 2nd, with a beautiful home wedding. Only the family and close friends were present.

The contracting parties are well known in Muleshoe, Mr. Harden having lived here for a number of years. The bride has visited here quite often, and is popular with the younger set.

Mr. and Mrs. Harden returned to Muleshoe last Saturday, where they will make their home. Mrs. Harden will teach in the high school next term.

Baileyboro

Couple Married

Saturday

Dec. 9, 1927

Saturday evening, Dec. 3rd. Mr. Elmer Stearling and Miss Bonnie Taylor were united in Marriage at the Methodist parsonage here. The contracting parties are both very prominent in that community. The Journal extends best wishes.

Daughter Of Mr & Mrs J.C. Weaver Marries

August 30, 1929

The following is from the Bolivar (Mo) Herald:

A wedding of some interest of Bolivar people occurred at Kingston, R.I. when Helen Jewel Weaver was married to Dr. William Robert Harlan on Saturday, August 3, 1929.

Both young people are graduates of Mexico Uniter-

city and obtained their Masters and Doctors Degrees at Ames, Iowa, before entering upon their professional courses.

The bride was the honoree of several lovely pre-nuptial affairs. The couple were the recipients of a great number of desirable gifts, one being a car and another a honeymoon trip through Washington City and surrounding historical points.

Mrs. Harlan is the niece of Mr. and Mrs. W.L. White of this city, and the only child of Mr. and Mrs. J.C. Weaver of Muleshoe, Texas and Roswell, N.M.

Syms - Menefee

June 15, 1928

Paul J. Syms and Miss Ruby Mae Menefee were united in marriage Sunday, June 3rd. at Hereford, Texas, Rev. Ross officiating. Mr. Syms is a prosperous young school teacher near Hereford, and his bride is attending school as Canyon. They will both teach school at Hereford next September. The bride is well known in Muleshoe.

Marriage

License

Dec 6, 1929

Application to marry was made Wednesday by Aubrey Lee Holt and Miss Carnie Courtney.

Marriage

License Issued

April 13, 1928 marriage lic-

Marriage license were issued Tuesday to Mr. Wayne Bennett and Miss Dorothy Johnson. They will make their home in Grady, N.M.

Mr. J.E. Trapp and Miss Etta Farmer were united in marriage at the courthouse last Sunday afternoon. They will make their home in Littlefield.

Quite a number of county officials attended the wedding ceremony of Mr. Edgar Lockety and Mrs. Fay Norris Monday afternoon at the court house. Judge Klump read the ceremony.

Curtis Taylor & Miss B B Layne Married On Tuesday Night

July 10, 1925

Curtis Taylor and Miss B.B. Layne were married at the Baptist Parsonage. They kept the news from their friends and relatives for several days, but at last it made its get away and in a few days the entire community was wise to their marriage.

Mrs. Taylor is a beautiful, charming young lady, with a winning personality, numbering her friends by her acquaintance. She taught in the primary department of the local school last year and was elected to teach the second grade here this coming season. She is the daughter of Tom Layne and wife.

Surprise Wedding

July 12, 1929

Miss Ruth Minor of Muleshoe surprised many of her friends when she was married Sunday afternoon to Mr. J.T. Kirkland of Sudan, leaving immediately on their honeymoon.

They will make their future home near Sudan.

Married At

Rankin

June 15, 1928

Word has been received of the marriage of Mr. Bill Pressley to Miss Willie McBroom. The wedding took place on June 3rd at Rankin, Texas. Bill Pressley is well known to Muleshoe people, having been in business here at one time. The Journal joins with many friends in wishing them a happy married life.

promising young men, and is connected with the Rice Construction Company. Prior to his connection with the above firm he was with the Bailey County Abstract Co. Mr. and Mrs. Curtis Taylor have hundreds of friends that wish for them much happiness, health and prosperity.

Celebrate Wedding Anniverisary Of

Mr & Mrs Robison

Jan 10, 1925

January 1, 1925, being the 25th wedding anniversary of Mr. and Mrs. O.N. Robison, may of their friends planned a surprise in honor of the event. About 40 were present and had a general supper of good things such as chicken, cakes, pies and all things that go to make a good supper. Mr. Robison was in Clovis, and upon arriving home found it filled with people and supper ready to serve. Afterwards time was spent in talking, playing music and games until a late hour, after which they all returned to their homes, wishing the host and hostess many more happy years. Mr. "Pop" Lowery expressed the desire to return to the 50th wedding anniversary.

The church, as an institution, deserves your support, not because it is perfect, but because it strives in the right direction.

McCarty - Harden

Dec. 2, 1927

The spacious home of Mr. and Mrs. Ira W. Harden was the scene of a very beautiful wedding Thursday evening, Nov. 24th when Delma McCarty and Ruth Harden were happily united in marriage.

The home was beautifully and artistically decorated with pot plants and cut flowers. Mrs. Keeney played the wedding march. Miss Iris Harden, sister of the bride, and Mr. Buford Butts proceeded the happy pair to a flower banked altar. Rev. W.B. Hicks read a very beautiful and impressive ring ceremony. After the ceremony delicious punch was served.

Towery-Anderson

May 9, 1930

Mr. Howard Towery and Miss Fannie Anderson were united in marriage in Portales, N.M. last Sunday morning at 9 a.m. Rev. R.C. Ball, pastor of the Baptist Church performed the ceremony.

The bride is the daughter of Mr. and Mrs. G.A. Anderson of Muleshoe and Mr. Towery is deputy sheriff under H.A. Douglas. Both of these young people are well know here and have a host of friends who wish for them a long and happy married life.

PAVING HELPS TO MAKE A TOWN

Under the caption, "Paving Makes a Town," the Floyd County Hesperian very truly says: "That's a statement which is not altogether true, but it certainly is true that it helps a mighty lot. Of course, paving assessments are burdensome, but so are church and lodge dues, and school taxes and automobile license fees for that matter, and the grocery and dry goods bills.

"One year's use of the paving will more than pay the bills, and property on the paved streets is going to show the result of this relatively light investment made by the owners in the improvements, by being in greater demand. Paving makes a town by making the paved areas more accessible—by getting out of the mud. It is said of Dallas that the city had a terrific and prolonged campaign when the forward-looking citizens attempted to 'lift Dallas out of the mud.' Its tremendous growth began when its first large paving projects were finally put over."

What is true in the case of Floydada and other towns, with regard to the conditions and results of a paving campaign, is also true in Muleshoe.

DIMMITT TAKES TWO GAMES FROM MULESHOE

On last Friday the Dimmitt basketball teams invaded the yellow camp and carried away two victories. They did not win by an easy score, however, but they had enough lead and power to hold the lead and Muleshoe was unable to gain a substantial lead and hold it.

The girls' game was the hardest fought of the two, the score being very close most of the time. Muleshoe rallied in the last half of the game and it looked as though they were going to take off a victory, but our jumping center was put out on fouls and from that time on to the end of the game Dimmitt gradually pushed their score higher and higher. The game ended with Dimmitt in the lead by a 27 to 35 score. Elders of Dimmitt was high point with 22 points.

The boys' game was a little more one-sided. The Muleshoe boys seemed to be dis-organized and unable to get into very good form. The game was a fast one, but the boys were unlucky on hitting the loop. The Dimmitt crew were rather good on getting the ball in the right place to make the loop. Newton of the Dimmitt team was the high point man of the game, making a total of 10 points. The game ended with the score, Dimmitt 17, Muleshoe 9.

The officials for these games were: Newton of Sudan, referee for the girls; Lawler of Muleshoe, referee for the boys; Bragg of Spring Lake, umpire for both games.

RAILROADS PLAN EXPRESS CONTROL IN ONE COMPANY

Washington, D. C.—The Interstate Commerce Commission has fully approved the plans of railroads to consolidate the entire express business of the country in one corporation, the Railway Express Agency, Inc.

One thousand shares of capital stock and \$32,000,000 of five per cent bonds are to be issued by the Railway Express Agents, according to a contract which was approved by the Commission, and the corporation is to acquire all of the property of the American Express Company. Express service profits will be divided among railroads in proportion to the business which they contribute and the normal issue of capital will be divided among the 86 lines which are members of the association of railway executives.

All property acquisitions were made tentatively by the railroad representatives prior to submitting the issue to the Commission, and the new arrangement will take effect March 1.

The matter, with all facts pertaining thereto, were submitted to the Commission on February 6, and the program was approved February 11, without a dissenting vote. The Commission hurried its consideration of the project, owing to the early date for the establishment of the new system.

W. M. U. MEETING

The W. M. U. met Monday afternoon with Mrs. Byron Giffith in regular business session. There were ten members present with good reports from all chairmen of committees. We next Monday with Mrs. Colter, with the lesson in Missions and Social Meeting. All members are urged to be present. New members and visitors welcome.

Reporter

L. T. Hunt of Sudan was visiting in Muleshoe Tuesday.

loyle remained in charge until November 4, 1927. Ven C.S. Holland became owner-publisher. A few weeks after his arrival, Bland installed a linotype machine and electric motors were added to the existing equipment. The Journal became one of the most modern plants on the plains at that time. Holland did not have any "ready print", but printed all the paper himself at the Muleshoe plant. In 1930 Jess Mitchell bought the Journal from Bland. He installed a new linotype machine in 1933. "The Legend of the Sandhills" was compiled, written and published by Mitchell, under his pen name of Zep. C.S. Holland re-purchased the paper from Mitchell in 1941 and published it until his death in 1944. He held a half interest to E.Q. Berry, E.B. Miller and H.I. Wilburn of the Plainview Herald-News. Later he sold

Bailey Co. Electric

Con't From Page 1

had not sustained the operating costs. He also said that the kilowatt hour sales were down for residences by 20 percent and irrigation by 30 percent. Gupton also cited the lack of sales being due to the farm program and the cutbacks in irrigation. The PIK program and wet weather cut back sales so that approximately only one month of irrigation sales were logged - that being from July to August.

The manager also told the members assembled that the Cooperative was looking at alternate sources of power such as the building of their own generating plant. However, the feasibility of such a project has not been established as yet he said.

With all the increases in electricity rates, Gupton

said, electricity is probably the least, with electricity going up from 1967 to 1982 by 142 percent. Clothing costs have increased during that period to 190 percent, food 271 percent, home costs 408 percent, gas 486 percent and fuel oil, 683 percent.

A nominating committee was selected to meet prior to the annual meeting in 1984 and to make nominations for Directors for Districts whose terms will expire in 1984. Committee members from District 1 were Bob Byrd and Don Seales, and from District 2, David Gallman and Darrell Mason.

In a final note, it was pointed out that 1985 wholesale price costs would be likely to increase, and when they do, so will the Cooperative's prices increase.

New Practice Tested

For Soil Moisture

Residents of eastern Lamb and Castro Counties may notice unusual airplane flights over their areas during the later part of February and early March. The U.S. Department of Agriculture is planning flyovers of these areas to test new methods of determining surface soil moisture conditions.

The U.S. Department of Agriculture-ARS in cooperation with NASA is investigating the possibilities of tracking soil moisture changes using the latest in microwave remote sensing technology. Planes will be flying over the test areas at speeds of 100 miles per hour and measuring microwaves emitted by the soil surface. The soil moisture data from these experiments will be compared to measurement taken in December and Jan-

uary by the High Plains Water District and the Soil Conservation Service for publication of their annual pre-plant soil moisture deficit map, and to soil moisture data collected simultaneously with the flyover.

If the test proves successful, similar equipment mounted in an orbiting satellite may someday assist local farmers in making irrigation and other farm management decisions.

Changing Times

In keeping with recent mandates of the Bailey County School board, pupils of the Baileyboro School District are being transferred to the Bula school district for high school training, Bula being an accredited high school in that part of the county. May 23, 1935

CPR Classes Planned In Muleshoe March 5,6

"If someone's heart stops beating, there is something you can do! Cardiopulmonary Resuscitation is a way to artificially respiration and provide temporary circulation with over a 30% chance of success if done properly! But compressing the chest should be done only by specially trained persons. IT IS VITAL THAT YOU SHOULD KNOW WHEN AND EXACTLY HOW TO GIVE CPR. Although it may not seem a reality now, someday, someone may need you to save their life! according to County Agent Linda Mullin.

The Family Living Committee of the Bailey County Extension Service in cooperation with the Muleshoe Emergency Medical Technicians Association will sponsor a CPR course on March 5 and 6 for county residents.

The eight hour course will be held at the Summit Savings meeting room from 6:30 p.m. to 10:30 p.m. each night and will be conducted by Larry Rasco and other EMT Association members. Participants will also learn the Heimlich Maneuver which is the procedure for dislodging food or an object from the throat of a choking person. In order to be certified in CPR, the full eight hour course must be successfully completed. The class will be limited to the first fourteen who register by calling the Extension Office at 272-4583.

Don't miss this opportunity to learn life saving procedures. Call today to register for the course. This course is open to all persons regardless of race, color, creed, sex, religion or national origin.

Government Buys Land For Game Reserve

July 4, 1935

That the Fed. Gov. is now negotiating for the purchase of 6,000 acres of land in Bailey County, most of which is lake formation, and already has an option on about 4,500 acres is the information received here last Saturday. This land to be turned into a game preserve used largely for the protection of wild ducks and geese and other water fowls.

Available information is

to the effect that 2,200 acres have already been purchased of Wilson Bros., in the east central part of this county at \$6.10 per acre; 1,539 acres bought of I.C. Enochs, at \$5.09 per acre, and about 700 acres contracted from George Robinson at \$20 per acre. Negotiations are said to be in progress with the Paul Bros., for a considerable acreage on which there is located a large lake.

It is understood that the government owned land surrounding these lakes will be planted to grain sorghums of various kinds as feed for the birds attracted to this refuge, and guards will be employed as further protection to the fowls.

Phillips Station Robbed Sun. Night \$40 Taken

Oct. 3, 1930

Unknown thieves entered the Phillips Petroleum service station on Main Street sometime Saturday night after midnight taking away with them \$40.00 in money that was kept in the station safe.

The safe, a particular type used by this company and mounted on a steel slab, was forced off by a heavy jack and carried about two miles south of town where it was rifled, and later found by sheriff H.A. Douglass Sunday morning. Later in the day, the sheriff also received a telephone message stating a store had been robbed in Sudan, and it is thought the job was done by the same parties.

It is reported that more than 20 safes belonging to the Phillips Co., have been recently robbed in this section in the same manner.

Entrance to the local station was made through the ladies rest room.

Any speaker, or writer, who pleases everyone, says nothing.

Life can be enjoyed by all people who are willing to accept it patiently.

Sudan Chamber Will Sponsor Variety Show

"Something Special" is the title which has been given to a special night of entertainment planned in Sudan on Saturday, March 10. The entertainment is billed as a variety show, sponsored by the Sudan Chamber of Commerce, and intended for entire family.

The show will include a country and western band from Muleshoe - James Storie and Gentle Country, Wynon Mayes, a humorist

from Plainview, and a gospel group known as the Anchor Brothers, who are from Sudan.

A door prize will be awarded to the lucky ticket holder who has the matching end of the ticket drawn. The program will be held in the Sudan High School Auditorium beginning at 7:30 p.m. Tickets will be available at the door or may be purchased ahead of time from any Chamber of Commerce member. For further information or to reserve your tickets call the Chamber at 227-2188.

ONE AND HALF BILLION TONS OF SOIL LOST ANNUALLY FROM FARMS; MUCH OF WHICH TERRACING WOULD CONSERVE

By E. T. LEAVITT, In Farm and Ranch

H. H. Bennett, in charge of the soil erosion and moisture conservation for the United States Department of Agriculture, makes the statement that there is abundance of evidence that the estimate of 1,500,000,000 tons of soil material annually washed out of America fields is exceedingly low. This is approximately three times the quantity of bituminous coal mined each year, or nearly seven times the combined tonnage of all the corn, wheat, oats, potatoes, tame hay, and cotton produced in this country. No one has dared to estimate its total cost to the country in loss of crops, hindrance to navigation, floods, etc., but the commercial value of plant food carried away is placed at a figure equivalent to the market value of the corn crop.

It is generally admitted that the loss in plant food is from fifteen to twenty-one times that removed by crops. Topographic surveys and widespread observations indicate that more than 75 per cent of the land in this country now used for crops and grazing has a slope of 2 per cent or more, and probably more than half of this is subject to serious erosion. The Federal land Bank at Houston, Texas, has recognized the decreasing sale value caused by erosion upon the land in its territory and demands that, if any farm is washing, the borrower must either pay up the loan or take steps to save the soil by terracing.

Diminishing the Speed

Since erosion depends upon the amount and speed of the run-off water, control measures which will diminish the rate of flow are necessary. Soils with high organic content have greater capacity to absorb water, and any system of management or

area more than twice the size of Rhode Island now being terraced each year.

The use of the Mangum or broad base terracer has been found essential where fields must be cultivated with modern machinery. The base is made 15 to 25 feet wide with a height of from 15 to 26 inches, and has the appearance of a graded road running across the field. They are built with a small amount of fall in order to prevent rapid movement of the water which collects above them. With some

MRS. R. H. SHAFFER OF SUDAN SAVES \$491.70 ON WINTER FOOD BILL WHEN 600 CANS SUPPLIES ARE LAID AWAY

That 4-H demonstration work is meeting with enthusiastic support by the ladies of Lamb county is clearly demonstrated by the following article written by Mrs. R. H. Shaffer, of Sudan. Many of the women of Bailey county are becoming interested in this kind of work and are seeking more information regarding it. In the following article Mrs. Shaffer shows a saving of nearly \$500 as a result of her club work, and this is but one instance of many other women of that county who are making similar savings.

The article is as follows: "We decided to take this project in order to furnish our family an adequate diet for the next six months. I say we, because my husband is as much interested and enthused as I, and has done practically all the sealing of the cans himself. Our cans and jars we already had on hand. My husband refrained all the cans. We went on a deer hunt with the expectation of bringing back a deer to can, but falling of this he brought back some wild turkeys which we were proud to get to add to our canning list.

"Some people asked if we didn't tire of canning so much, but we readily replied that it was all pleasure to us, as we watched our number of cans grow from day to day, realizing that we would be prepared for the winter in the way of good eats.

"We have nine different varieties of dried beans and peas, amounting to several hundred pounds; also plenty of turnips stored away for the winter. We have sold quantities of fresh vegetables amounting to \$89.90 during the past summer. We bought apples, while we grew in our own orchard the peaches, plums, and cherries that we canned.

"Our canned products consist of 200 quarts fruit; 192 quarts tomatoes; 144 quarts meat; 50 quarts relishes and pickles; 64 quarts preserves and jellies; 24 quarts sea foods; 96 cans No. 2 corn. Value of pantry \$511.70 less \$20.00 expenses, which leaves a total savings of \$491.70.

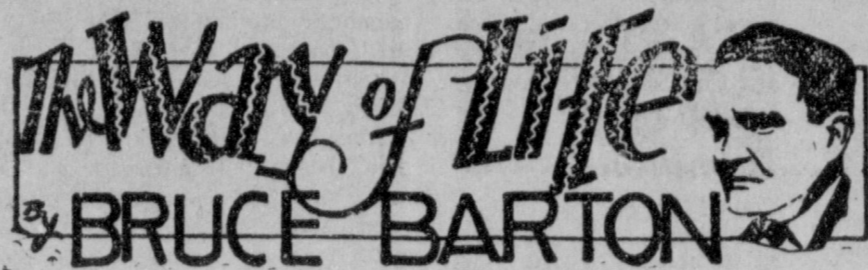

"We are very proud of our canned products; we owe much to the ready help and many suggestions of our County Agent, Miss Ruby Mashburn."

NO FORD CHANGES

While other automobile makers are announcing more or less changes in their 1931 models no drastic changes have been made in Ford cars, according to Neal Rocky, local dealer.

Mr. Rocky states the Ford policy is to make improvements from time to time during the current year as deemed advisable, the latest being the addition of a line of de luxe body types.

Do your Christmas shopping NOW—and at home!

KILLING WITH KINDNESS

Recently a young couple were subjected to the ordeal of a fashionable church wedding, and started joyously on their honeymoon.

They were a nice boy and girl. His only idea was to find a job at the bottom of some good business where he could carve out a career for himself. She had dreams of making a little home, keeping him happily, listening in the evening to the story of his day's adventures, and helping him by her love and enthusiasm to be a real success.

They had only one drawback, or rather six drawbacks; two sets of wealthy parents and two very rich old aunts.

While they were away the two aunts had an inspiration. They looked around secretly in the most expensive part of the city and picked out a swell apartment. They employed the highest priced interior decorator, and gave generous orders at the leading furniture stores.

When the couple came back to town they were met by all four parents and the two doting old maids. In a big limousine they were whisked up to the apartment. The lights were switched on. The older people awaited expectantly for the exclamations of joy that would greet the splendid lay-out.

Too astonished to say anything, the poor little rich children gazed about

them. Then suddenly the bride covered her face with her hands and burst into a flood of tears.

The older people thought that they were tears of joy. In clumsy fashion they began to comfort her, to tell her that what they had given her was nothing in comparison with what they would like to do.

Being a well bred young lady, the bride did not disillusion them. She mumbled some conventional words of thanks and held herself under control until they had gone.

She could not tell them—and they would not have understood—that they had done the cruelest thing imaginable; that they had destroyed her dream and robbed her of one of life's sweetest pleasures. They had tried to be so very kind, and they had succeeded only in taking from her the very right of every girl to fix up her own little home for herself.

Most of us run no danger of hurting our children in the same degree. We are, fortunately, too poor to rob them very much.

Yet all parents need to be on guard a bit in this prosperous land. Let us have the good sense not to kill with kindness.

Let us give our kids a chance to enjoy the same grand pleasures which we enjoyed—the pleasure of selecting their own mates, making their own homes, and fighting their way up by themselves.

WINTER EPIDEMICS

I claim originality in this saying that "infectious work behind closed doors." I carry the thought with me daily as I go about my work. The first duty if you would dislodge the enemy is, open the door, be it of wood, glass or human tissue; get at the unwelcome invader and destroy his works.

The worst epidemics—small-pox, measles, diphtheria, scarlet fever, and infantile paralysis, take place at a season when our houses are tightly fortified against winter inclemencies of weather. One of the worst epidemics of small-pox that I ever experienced, ceased promptly when spring breezes were permitted to enter bedrooms and living rooms to "air out" residences in every remotest corner.

The worst case of small-pox I ever attended was in a family that kept every crevice of the dwelling plugged for fear outside air would enter. The patient recovered—but it was an accident.

It follows then, that if free ventila-

tion ends the epidemic, it must be valuable as a preventive of diseases of infectious nature. I instruct my families to see that the residence from top to bottom is thoroughly aired at least once a day; if the sun is shining, an hour or two is not too long for the internal air-bath. I do not like to enter a dwelling where the first thing to greet my nostrils is the odor of meat and vegetables cooked at yesterday's dinner. Yes, it's "old stuff" I'm writing, but it's daily experience in this advanced age—and I don't live in the backwoods either—so there!

The family doctor must be just as dead against foetid air indoors, as he is against the deadly stream of night-air, pouring through an open window, over the bed where children and aged folks sleep.

Common-sense is my rule. Keep the house sweet, pure, and comfortable. It is not so, if foul with the odor of Heathen? No; just average Americans all over the land.

YL News Items

Mr. and Mrs. Ed Hupp and Miss Lorene Wherry were in Texico, N. M. Saturday.

A. S. Traweck made a business trip to Slaton, Saturday.

Three new students Juel, Connie and Zona Warner entered school here Monday.

Miss Lorene Wherry and Mr. Russell Buhmann attended the show in Clovis, N. M. Thursday night.

Miss Lela Burnham, went to New Kirk, Okla., to spend a few days visiting friends.

Mr. and Mrs. E. J. Gulley and family were in Clovis, N. M., Saturday.

Messrs. S. D. Beller and Art Ryan returned Saturday night from a trip to several points below the Caprock.

Several people of this community attended the singing at Progress, Sunday afternoon.

Homer Richardson, of Shamrock, Okla., is visiting C. F. Jordan and family.

Those making A's and B's in the fourth, fifth and sixth grades were: Lloa Hupp, Floyd Embry, Edith Sims, Lela Mae Lovelady, Oleta Shofner and Jean Willman.

Those exempt from all mid-term examinations in the Intermediate room were Lola Hupp, Floyd Embry Joe Ferris, Edith Sims, Jean Willman.

Misses Dollie and Dora Holley, of Roswell, N. M., who visited last week in home of Mr. and Mrs. C. F. Jordan, were accompanied home Sun-

day by Messrs. Lonnie Wilson and Bill Mills, of Oklahoma Lane.

Mrs. I. F. Willman was delightfully surprised Friday when the ladies of the community went to help her celebrate her birthday. After a delicious dinner and an enjoyable afternoon the ladies departed wishing Mrs. Willman many more happy birthdays.

Mr. and Mrs. Durward Head and Mrs. Mervin Wilterding were in Clovis, N. M., Saturday.

Mr. and Mrs. S. F. Dennis, of Ralls, spent Saturday night and Sunday in the home of C. F. Jordan.

NEW YEAR'S PARTY

Wednesday night the Senior league of the Methodist church entertained a crowd of young people at the church with a "42" party.

The following were present: Rev. and Mrs. W. E. Hicks, Mr. and Mrs. Delma McCarty, Misses Iris Harden, Myrtis Burkhead, Jewel and Opal Eaney, Nina Mae Bruce, Beth Mardis, Adell Beatty, Mary Goodson, Reva Mae Williams, Mozell Alsop, Fae Elrod, Adella Beavers, Mr. David Anderson, Buford Butts, Jeff White, Leonard West, Moze Glasscock, Alvis Hobbs, Ike Thompson, O'Neal Rockey, Coy Burkhead, Ray Buzzard, Bill Garrat, Jack McIntosh, Wayne Wallace, and Dr. Lewis.

After the party everyone went to town for lunch, fired guns, fire crackers, torpedoes, etc. Also, sounded the fire alarm, as most everyone knows, and watched the old year out and the new one in.

NOTICE

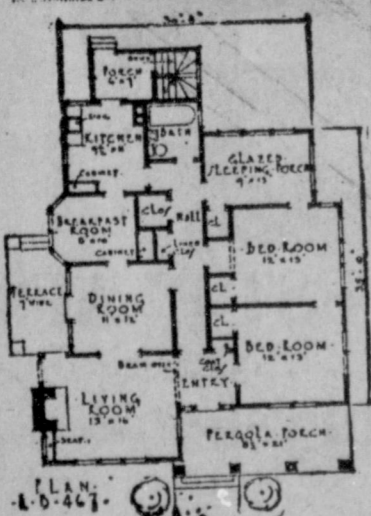

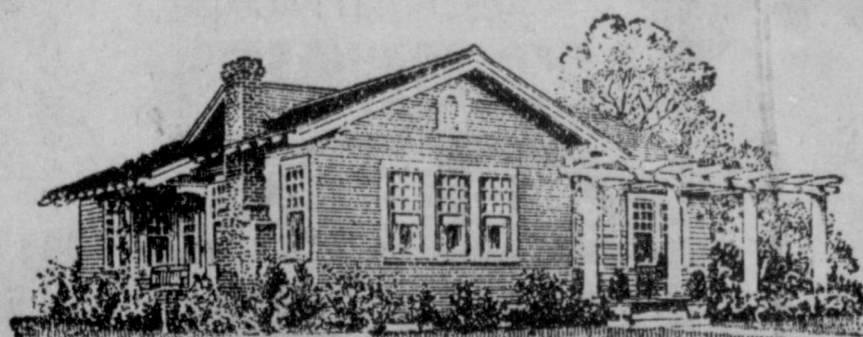

The public generally is advised that on and after January 15th the office of West Texas Gas Co., in Muleshoe will be closed, the business here in the future being handled out of the Sudan office.

GET METERS NOW

Those contemplating the installation of gas in their places of business or residence are urged to make immediate application for meters that prompt service may be rendered before closing this office.

THE INDIVIDUAL YET NEEDED BY BUSINESS

By JOHN G. LONSDALE
 President American Bankers
 Association

SOME seem to think that the day of the individual in business has passed. But they are wrong. While the individual may not attract such outstanding attention as he did in the days of old when institutions were conducted on a smaller scale, he nevertheless is to be found in any large corporation, dominating the situation, giving orders here, cooperating there and shouldering the responsibility of keeping a large group of lieutenants, captains and privates working in unison and moving forward under the banner of progress. And all of these are held accountable to the public because the public has entered into a partnership agreement with the corporation through purchase of stock.

John G. Lonsdale

Welfare of Workers

Even in the gigantic mergers that have taken place within the last two years there remains more than ever the necessity for a leader, an aggressive personality, whose duty it is to see that basic principles are not forgotten, that the rights and privileges of the individual workers and the customers they serve are as well provided for as in the smaller business units.

It is gratifying to note that our corporations are giving more and more concern to the welfare of their workers. Numerous benefit organizations have been formed, opportunities offered for advancement of education and position, hospital service established and insurance and retirement pensions provided.

This general humanitarian movement in reality is the outgrowth of analysis, which has disclosed the need of improving the well-being of our individual workers, realizing at the same time that our institutions will benefit.

PREPAREDNESS IN BUSINESS

By R. S. HECHT,

American Bankers Association.
 My observations for many years, both as an employee and as an executive, have convinced me that the reason some men and women go ahead and others do not is that some keep themselves constantly prepared to accept and fulfill larger duties and responsibilities as they offer, and some do not.

Grant, as we must, that there is a certain element of luck in the conditions under which opportunity for promotion comes to different men and women, we nevertheless must also see that it is each individual's own state of preparedness which determines his ability to seize opportunity if and when it comes, and having seized it, to succeed in meeting the greater demands which it inevitably places upon him.

Real advancement never means going ahead to easier tasks, but always to harder ones. Opportunity for advancement is worthless unless in accepting it you are able to carry with you the abilities and qualifications that prepare you to meet the heavier exactions that are an inherent part of opportunity.

It is far better to go into action in the field of enlarged responsibility prepared and qualified, rather than that you and the institution you work for shall be exposed to the hazard of your having to build up to new responsibilities after having assumed them.

The new spirit of all business seeks to prepare its people in advance through education for the higher duties it holds in store for them.

Bank Bandits Active

The greatest number of bandit raids on American banking ever recorded in the figures of the protective department of the American Bankers Association were reported during the six months ending last February. Bank members of the association reported for investigation 311 forgery cases, 107 holdup robberies, 16 burglaries, 2 sneak thefts and 3 mortgage swindles while non-member banks, numbering less than half the total enrolled in the association, suffered 36 holdup robberies and 9 burglaries, non-members being burglarized or held up once for every 89 banks, as compared with once for every 154 member banks. The association's detective agents caused the arrest of 143 of the 236 bank criminals apprehended during the period covered.

The association's report on these conditions urges support of the movement to provide city police departments with radio-equipped cruising automobiles which have proved particularly effective in Cleveland and Detroit in the broadcasting of alarms and the closing in on criminals immediately after or even in the midst of the perpetration of crimes. Last year the average time elapsed between the receipt of radio calls by these cars and the 1325 arrests which followed was one minute and forty-two seconds, the report says.

Konjola Put Kansas Man Back to Work

"PROVED TO BE A WONDERFUL
 MEDICINE IN MY CASE,"
 SAYS FORMER SUFFERER

MR. H. C. SHERMAN

Any medicine that can win more than a million friends in seven years must have merit, and that is exactly what Konjola has done. You wonder why Konjola has become a household word? Well, read what Mr. H. C. Sherman, painting contractor, of Goddard, Kansas, says:

"Konjola proved to be a wonderful medicine in my case. Last July I was hurt in an automobile accident, and was in the hospital many weeks. When I got out, I was in a badly run down condition; had rheumatism in the shoulder, arm and hand, and my stomach was out of order. I suffered terrible pains, and medicines did me no good. The many endorsements of Konjola led me to try it, and six bottles of this wonderful medicine made me able to resume my work. I am feeling better in every way than for a long time."

Konjola's 32 ingredients work together, battling at their very source, the causes of stomach, liver, kidney and bowel troubles, and of rheumatism, neuritis and nervousness.

Konjola is sold in Muleshoe, Texas, at McCarty Drug Store, and by all the best druggist in all towns throughout this entire section.

"I can't marry him, mother. He's an atheist and doesn't believe there's a hell."

"Marry him, my dear, and between us we'll convince he is wrong."—Ex.

OLD JOURNAL BUILDING...This frame building once housed the Muleshoe Journal and commercial printing shop. After the Journal moved to a new location, 304 W. Second, the old building, located across from the court house on the Morton highway, was remodeled and occupied by Barry Lewis Abstract in north side and Dr. A.E. Lewis, dentist office in the south side. The building is still occupied by Barry Lewis while Dr. Lewis has moved into the building on the north corner of the block.

Fry & Cox Bros. Grow With City
June 30, 1963

A business that has kept pace with a growing city during the past 42 years is Fry & Cox Bros. Implement and Hardware Store.

The firm was established in 1921 in a 20 by 30 feet box wood building on the corner of Main and American Boulevard where St. Clair's parking lot is now located. The firm was owned and operated by T.B. Fry and was known as the Blackwater Valley Blacksmith shop.

Fry was the stepfather of Jim and Jack Cox, the present owners of the firm. Fry began teaching the Cox brothers in his shop when they were small boys and they both worked with him during their school days.

In 1931 Jack was taken in as a partner with his stepfather and during the same year a machine shop was added to the business. The business continued to grow and in 1935, Jim bought in to the firm, after having been associated with the E.R. Hart Company for a few years.

Four years after Jim joined the firm, they became the dealer for Minneapolis Moline farm equipment and they have continued to handle this well-know equipment since 1939.

During the next few years the business continued to expand and it was necessary to move to another location. A site for the new building was purchased on the corner

of First Street and Avenue D, which is the present location.

A new and larger building was erected, and in 1940 they moved into this 50 by 100 feet building which seemed huge to the owners after leaving the little, old building where they had begun.

Fry remained active in the business until his death in 1941. The Cox brothers took over full management of the firm after their stepfather's death and have continued to progress with the growing city of Muleshoe.

The building has been enlarged until today it is 100 by 140 feet which houses a large parts and hardware department, a complete service department, a warehouse, a new office which is the latest in Fry & Cox Bros. expansion program. There are two additional warehouses and a large yard stocked with new and used farm machinery.

In contrast with the one-man operation of 1921 the firm now has 25 employees - several of these have been with the firm a number of years.

On this 50th anniversary of Muleshoe, Fry & Cox Bros., the friendly one-stop farm store, looks forward to continued growth with the city in the years to come.

Sneak Thieves Enter Henington Grocery Store

April 4, 1930

An April Fool trick played on Henington Cash Grocery last Monday night cost that firm approximately \$18.00 in cash. The joke was also lacking in fun, as to date none of the money has been found. Upon arriving at the store early Tuesday morning Mr. Harris found the glass of one door taken out. The molding had been pried off and the glass placed inside the store. This had been done very carefully and neither glass nor molding were damaged. After trying to work the cash register for some time it is supposed, a screw driver or some tool had been used to force the drawer open. A check of the store showed that nothing else of value had been taken. To date the guilty parties have not been found. May 2, 1930 sneak thieves at work in earth Saturday

Burglars entered a number of stores at Earth last Saturday night, and in one place, the Parrish Hardware Company, damaged the safe to such an extent that it could not be opened.

It was understood that very little money was taken by the thieves. V&M Chevrolet Company's office was broken into and it is supposed that the tools were stolen from this place. A

small quantity of knives and other articles were taken at the Parrish Hardware Company. A finger print expert was called from a neighboring city Sunday, but no clue was found which would lead to the capture of the guilty party or parties.

November 15, 1924

When Cecil Campbell, 79 years old, applied to a Jeffersonville Magistrate for a license to marry 14 year old Mattie Catherine Walling, he was arrested. Campbell is the father of 17 children, while the girl is a fourth grade pupil in school.

Flu outbreak felt from coast to coast.

Threaten Trade Boycott If Public Dancing Is Continued

Thursday, July 26, 1934

Citizens of Lazbuddy community, represented by E.B. Francis, of that community, presented a petition to the Muleshoe City Commission last Tuesday afternoon asking that public dancing held in this town be stopped, and threatening to withdraw their patronage from Muleshoe unless such action was taken in the near future.

The petition was signed by about 85 citizens of the Lazbuddy community, and is

505 Loan Applicants In County Of Bailey \$29,735 Is Granted

Tuesday, May 4, 1933

There were a total of 505 applications for Federal farm loans in Bailey County up to April 29, the closing date for such applications, according to M.G. Miller, in charge of this work in this county.

The total amount of loans allowed applicants from Bailey County is \$29,735.00 according to J.B. Burkhead, county clerk, who has charge of disbursing the government checks, and about two-thirds of this sum has already been paid to applicants.

The average crop production loans made this year by the Dallas regional office was \$74, compared with \$93 last year, figures disclosed today by the department of agriculture disclosed.

reported to have come about largely as a result of a mass meeting held recently in that community.

The petition follows: "As citizens of Lazbuddy and surrounding territory, we beg leave to submit the followings:

"Inasmuch as dancing leads to gross immoralities of both the individual and community and that public dances area menace to the spiritual growth of our young people, we the citizens of this community respectfully urge the Mayor,

City Commission and business men of Muleshoe to prohibit any public dance since they corrupt the morals of community life and that of the individual. "Inasmuch as Muleshoe is our trading center, we urge that the above request be complied with, or else we will be compelled to trade with a town or businessmen who will co-operate with us in our endeavors at righteous living and the religious training of our children and young people."

It is reliably reported that

several other communities are also circulating petitions of a similar nature and which will be presented to the City of Muleshoe upon their completion.

LIFE INSURANCE & TAXES
Some General Rules

Questions are often asked about what's deductible and what's taxable in the area of life insurance. Generally speaking, life insurance premiums paid by an individual are not deductible on his income tax return, and life insurance proceeds received by a beneficiary are not taxable income.

Here are some other basic rules to keep in mind about life insurance and taxation:

1. Though life insurance proceeds paid on the death of the insured are not taxable income, the interest earned on the proceeds while left with the insurance company is taxable.

2. A widow or widower is entitled to exclude \$1000 annually of such interest earned by insurance proceeds held by the insurance company.

3. Dividends earned on unexpired life insurance policies are not taxable income until such time as the dividends exceed the cost of the insurance contract. Such cost recovery seldom happens.

4. Life insurance proceeds that are paid

to the estate of the insured person are considered a part of the estate for computing estate taxes. However, if the policy had been owned by someone other than the insured, the proceeds are not included in the decedent's estate.

5. Premiums on life insurance paid by an employer for an employee are considered taxable income to the employee, except for group term life insurance premiums for coverage not in excess of \$50,000 per employee.

6. Up to \$5,000 of death benefits paid by an employer upon the death of an employee are tax free to the recipient.

7. Special rules apply to the taxation of amounts received as an "annuity" under a life insurance contract.

Purchasing life insurance should be done with the assistance of your tax advisor in order to give adequate consideration to the tax consequences involved.

OUR LARGEST AND BEST INVESTMENT

...ing the whole nation into conation, it is probable that we spend money every year for education for anything else beyond the necessities of life, food, clothing and shelter. Certainly we spend, as a people, more money on schools and colleges than do the people of any other nation. School appropriations rank next to those for highways in communities, ahead of road funds many. And there is no other cause which so much money is given by people of wealth who wish to prove their right to accumulated means by their wise disposition of their money.

Henry Ford has recently announced that he plans to spend upward of one hundred million dollars on education. Mr. Ford has a very practical theory, which is that the average boy ought to be taught a trade after he has gone as far in the general schools as his circumstances permit. In the Ford Industrial School at Dearborn several hundred boys are constantly passing through courses which turn them out as the most highly skilled mechanics and minor engineers in the country. Those who have the will and the intelligence to do so go from the Ford school to great technical universities and become expert engineers; and the others never fail to find and hold highly-paid jobs.

That is one purpose of education—to enable its recipient to develop his talents to the best economic advantage to himself and society. Another purpose is to enable him to get the greatest possible enjoyment out of life. The joys which last are those which have their roots in the cultivation of the emotional perceptions. Of these, Mr. George Eastman believes, music is the most enduring. So out of the sixty million dollars which he has already given for educational purposes, nearly all of it has gone for the teaching of music and cultivation of the appreciation of music.

There is no compilation available of the amounts of money which private contributors have given for educational purposes in America. George Washington set the example when he founded and endowed a free school in Alexandria, Va., which is still going. John Smithson, the illegitimate son of an English Duke, gave half a million dol-

lars a hundred years ago to establish a great scientific educational institution in America, the Smithsonian Institution of Washington. A hundred or more of Andrew Carnegie's millions went into educational funds, not counting the libraries which he founded, themselves educational institutions. John D. Rockefeller is estimated to have given away more than seven hundred and fifty millions, nearly all of it for education.

The only cure for the troubles of humanity is education. It is the slow but sure method of changing human nature. No revolution, no legislation, no "reform" movement, ever gave humanity a new outlook on life. The right sort of education can do that—in time. It is worth all it costs.

THE VALUE OF LITTLE THINGS

The story is being told of a lazy young man who got a job on an English railroad. He started "at the bottom" but didn't like the hard work. He asked the management for a thinking job and was told that if he would think of one idea a year that would save the company money they would give a salary proportioned to what he saved them. After a week he came back with his first great idea. He had noticed that all the rolling stock of the road bore the initials of the Great Western Railway in gilt letters. Anybody could tell by looking at them, he said, that they belonged to a railway, so why paint on the unnecessary "R"?

A famous economist once calculated that one inch added to the shirt-tail of every inhabitant of China would make some millions of profit annually for the Manchester cotton mills. A boy in the stationery stock room of a big manufacturing concern worked out a plan for reducing all printed forms to a few standard sizes and grades of paper and saving the company \$25,000 a year. When the first Ford car crossed the Rocky Mountains under its own power came back to the factory, Mr. Ford noticed that one bolt was missing. He learned that it had been lost east of Denver. "We don't need it, then," he said. The car design was changed to omit the unnecessary bolt, costing four or five cents to make and instal. The saving on the next twelve million Model T's was more than half a million dollars.

Sometimes it pays to spend money liberally. It always pays to cut off unnecessary expense.

Town Talk

Mesdames Carl Elrod, R. L. Faulkner, Nina P. Elrod and Jerry Joslin attended the Missionary Council in Amarillo last week.

Mrs. W. B. Hicks returned Wednesday from Amarillo where she has been attending the Missionary Council.

Judge Jno. H. Wood of Amherst was a business visitor in Muleshoe Saturday.

Connie Gupton was in Plainview Thursday.

Sam Hoffman of Texico was in town Friday.

J. H. Motheral underwent an operation for appendicitis Thursday at the Plainview Sanitarium.

E. M. Carter, Jr. of Plainview was in Muleshoe Thursday.

Born to Mr. and Mrs. Jack Lawler a girl on Thursday, March 3.

Mesdames S. T. Lawrence of Clovis and J. H. Aldridge of Farwell were visiting friends in Muleshoe Saturday.

J. L. Bain of Bula was in town Saturday. Mr. Bain has recently moved here from Donley County.

Mrs. Jimmie Smock of Amarillo spent the week end with Mrs. Lilla Bucy Daniel.

W. E. Snow of Amarillo was a business visitor in Muleshoe Tuesday.

Misses Ellen Abbott, Mary Goodson, Lela Glascock, Avanelle Motheral, Carol Griffiths and Walter Foust were in Plainview Sunday to visit Mr. J. H. Motheral who is in the hospital.

Mr. and Mrs. Rufus Yants were in Lubbock Sunday, going down after their little son, Terrell, who has been visiting his grandmother.

Jack Hellwig was a Plainview visitor Sunday.

Mesdames B. W. Carles, C. C. Mardis, Arthur Fields and Marshall Fields were in Littlefield Sunday.

Mrs. Bearden and daughters and son Russel left Thursday last week for Grand Island, Neb., in response to a message that Mrs. Bearden's son, Frank Grant, was very ill.

Judge V. J. Campbell of Abernathy was a business visitor in Muleshoe Tuesday.

Will Williams of Texico was in town Tuesday.

Miss Lnydell Gaddy had as guests last week-end Miss Fannie Anderson and Messrs David Anderson and Howard Towery.

Mrs. C. J. Roach and daughters returned home Tuesday from Memphis, Texas, where they had been visiting relatives for the past week. Miss Estelle Hays accompanied them for a few days vacation.

Mr. and Mrs. Chas. Williams were in Clovis last Sunday, the guests of Mr. and Mrs. Orton Shoemaker.

R. E. Briscoe has recently moved here from Oklahoma with his family.

Jim Hutto of Sudan was a business visitor in Muleshoe last Tuesday.

G. C. Goodman of Plainview was in Muleshoe Wednesday of this week.

Mrs. Bessie E. Hildebrand and children of Lookeba, Okla., were in Muleshoe Wednesday. Mrs. Hildebrand was looking after business interests in Bailey County.

CHEVROLET ANNOUNCES ROADSTER DELIVERY MODEL

In order to meet the requirements of its expanding commercial car business, the Chevrolet Motor Company today announces a roadster delivery model to supplement its present commercial car line. The new product is now in production and deliveries to dealers have been under way for several days.

Designed to satisfy the needs of every variety of pick-up work, the Roadster Delivery makes an added form of transportation available to the users of commercial cars and provides some features new to this field.

JOHN DEERE No. 5
(Built in 10- and 12-Foot Sizes)

A New John Deere Combine with Wide Tread—Balanced Draft—Light Weight—Hinged Platform—Three Wheels in Line

Be sure to see the new John Deere No. 5 Combine. It has these features that mean money to you:

- DEPENDABILITY**—The John Deere No. 5 will give you that same dependable, low-cost service for which other John Deere machines have become famous. It will stay on the job when time means money and do good work for years.
- BALANCED DRAFT**—Combine hitches directly behind tractor—wide tread main wheels straddle the tractor's wheel tracks. High, wide wheels provide more wheel area than any other combine of its type. These features, along with light weight, mean LIGHTER DRAFT.
- THREE WHEELS IN LINE**—This construction insures flexibility for good work on uneven ground. Platform is hinged to the combine frame.
- EASY TO OPERATE**—From the convenient operator's platform one man has instant and practically complete control of his machine. Simplicity of design makes it easy for most anyone to do good work with a John Deere.
- SAVES, CLEANS THE GRAIN**—Cutting, elevating, threshing, separating and cleaning units do good work in varying conditions. In every part, the John Deere is designed to save the grain and deliver it clean to the grain tank. The easily controlled header and reel, the roomy feeder house, the clean-threshing cylinder and concaves, the efficient separating devices, the extra-long separating shoe and the sieve in the tailings elevator all contribute to its exceptionally good work. Plenty of capacity in all units to handle heavy crops.
- HIGH-GRADE BEARING EQUIPMENT**—Anti-friction roller and ball bearings, Durex oil-retaining bearings, high grade bronze and oil-soaked maple bearings used at all main friction points, according to requirements, reduce draft and lengthen life.
- GREASE GUN OILING**—Every bearing equipped for thorough, quick-oiling from outside machine with grease guns.
- POWERFUL MOTOR**—Plenty of reserve power to maintain correct operating speed in heavy grain. Clutch, throttle levers and a handy switch for instant stopping are located on the operator's platform.

Come in and see us NOW. Get full information about this new combine.

Muleshoe School Is Off To Good Start Has 20 Teachers

Sept 5, 1940

Muleshoe schools were formally opened Tuesday morning with a chapel program attended by the faculty, enrolled pupils and large number of citizens and school patrons.

Monday was inrollment day for pupils, there being 320 enrolled in the high school department and 260 in the grammar school, with several more yet to be included for the coming school year. About 620 is the expected total enrollment. There are 161 transfers into this district.

There are 20 teachers employed this year, and the enrollment is destined to be the largest in the history of the school, according to Superintendent W.C. Cox.

Following singing of "America" by the audience and prayer by Prof. H.D. Bentley, a piano solo by Mrs. S.C. Holland, the Hon. R.L. Brown, Muleshoe City

School Enrollment Above Last Year

Friday, Sept. 14, 1928

The Muleshoe schools have a faculty of nine college and university trained men and women, all specialists in their respective fields and capable of rendering the maximum of efficient service. They are all working to the end that their department shall be the best in the school.

There were two hundred and seven enrolled the first day. This number has been increased to two hundred and eighteen up to Wednesday, which is more than were in attendance at any time last year. The total enrollment last year reached two hundred and thirty-four, with an average attendance of about two hundred. With several more prospective pupils, the enrollment this year will in all probability exceed two hundred and fifty.

mayor delivered an address, followed by a talk from Ray C. Moore, city commissioner and local merchant.

There was a piano number arranged by Mrs. Holland, after which the student body joined in singing "The Eyes of Texas Are Upon You." Elder S.W. Sanders dismissed the service. Pupils returned to their

Santa Fe Trains Are Delayed Sunday

July 18, 1940

Santa Fe passenger trains traveling each way were delayed about eight hours last Sunday when a boxing on a freight car laden with 100,000 pounds of wheat went dry and burned out the journal letting wheels angle across the track and plowing up about 230 feet of the roadbed before the train, a local freight south bound, could be stopped.

The accident occurred about three miles north of Muleshoe, just beyond the crossing at the D.L. Butts, place, a large crowd of people visiting the scene of difficulty.

A wrecker was brought here from Clovis, N.M. new trucks placed under the freight car, after which the train proceeded southward.

On the northbound train was a gentleman and his wife bound for Holbrook, Arizona in answer to a death message. Since the delay here meant missing connections at Clovis with the California bound train, local agent H.O. Barbour telegraphed and the train held there for 45 minutes while he put the couple in his own car, sending them on to Clovis, so they could make the journey on time. It was a distinct act of courtesy on the part of Mr. Barbour and the railroad system which doubtless will ever be remembered by those on that sad trip.

respective rooms and the race for more education among young Muleshoe pupils was off full force for 1940-41.

County To Begin Work On Road South To Morton

Jan 15, 1931

At a meeting of the Bailey County Commissioners court Monday in regular session. It was decided that work would begin no later than the first of February on the road from the J.M. Cash store located on Highway 7, to Enochs, giving Bailey County a north and south road to Morton in Cochran County. This road has been agitated for some time, but definite action is now being taken concerning its construction.

County Judge J.E. Adams reports that fences are already being moved and a right-of-way is being cleared for the road. It will take a straight course north and south, with exception of a mile job at Enochs, since Morton lies one mile west of south of Muleshoe.

Townsite Sale For Lariat Will Start This Month

Jan 3, 1930

According to information received by the Journal last Saturday, plans are almost completed for a sale of lots, both business and residence at Lariat, sixteen miles northwest of Muleshoe.

Nine blocks will be offered for sale within the next month, these having been surveyed at this time. The property belongs to E.J. Warren and Son and is in a rich farming section, which is served by the Sant Fe railroad. At present there are some five or six stores and two large elevators at Lariat. Some of these are on leased property but all persons now using these lots will be given preference in buying.

Marijuana as medicine backed by A.B.A.

'Red' Young, Escaped From Jail Two Weeks Ago, Captured Again At Ardmore, Okla., Returned Here

March 19, 1931

A.T. "Red" Young who with Finis and Farley Hughes, broke out from the Bailey County jail here the night of March 6, was captured by officers in Ardmore, Okla., Friday night of last week, Sheriff H. Sterling of Bailey County was

promptly notified, and the sheriff accompanied by his deputy Jim Cook, went after Young Friday night when he was safely locked in one of the steel cells of the county hustle.

Young is alleged to have robbed a dry goods store in Ardmore and a grocery store belonging to Jim Ryan, at Dixie, Oklahoma and had considerable money on his person when captured, admitting to the officers that he had some more hidden away where they would not find it. The first clue to Young's whereabouts was discovered when the keys to Sheriff Sterling's car which disappeared on the night of the jail break and was afterwards located at Lubbock, where found on the floor of

the robbed grocery store at Dixie, Okla. the morning following the robbery. When captured, it is claimed by the officers, he was still driving a 1930 Buick coupe taken from Lubbock the night following the jail break. It is stated by officers that the prisoner was well known in the Ardmore vicinity and was convicted there in 1927 on a charge of burglary.

On the way back to Muleshoe, officers stated that Young talked freely of his past life, entertaining them with various lurid episodes and experiences and declared they wouldn't hold him as long this time as they did before his first escape

from the Bailey County jail.

He disclaimed any knowledge whatever as to the whereabouts of the Hughes brothers who escaped with him from jail here, declaring they separated shortly after leaving Muleshoe.

Furr Funeral Set Thursday At Earth

Services for John Furr Sr., 54, of Earth will be at 2 p.m. Thursday at Earth Church of Christ with Dwight Faulk, minister, officiating.

Burial will be in Earth Cemetery under direction of Parson-Ellis Funeral Home. He was dead at 7 a.m. Tuesday on arrival at West Plains Hospital in Muleshoe.

Born in Childress, he married Ruth Anne Willis on Oct. 23, 1951, in Reno, Nev. He had lived in Earth since 1981. He was a previous resident of California and was a winner.

Survivors include his wife; five sons, Billy Shane, Jimmy and Robert, all of Earth, Randall of Springlake, and John Jr. of Sunnyside; a daughter, Camella Anne Herriage of Earth; three sisters, Maude Keys and Lucille Newberry, both of Childress, and Myrtle Mann of Security, Colo.; a brother, Glenn of Caruthers, Calif.; and four grandchildren.

New Rural Route Is To Begin Monday

August 16, 1924

Monday the 18th is the date set for Bailey County's first rural free delivery mail route to begin. The examination was held on July 26th for a rural carrier for this route but at this time no announcement has been made as to who the successful applicant will be. The postmistress has received the supplies for the route and is expecting to hear today who the new carrier will be.

The route as laid out by the post office department is as follows: beginning at Muleshoe, thence northeast of Lawrence corner, thence west to Hog Hill corner, thence north to L.W. Hardin's corner, thence west 1 mile and north 1 mile to Old Hurley school house, thence west 1 mile and north 1 mile to C.H. Long corner, thence east 2 miles to Carl Elrod corner, thence south 1 mile to Bearden corner, then east past YL School house on Dempster corner, thence southeast to Locke corner, thence east two miles to Determan's corner, thence south 1 mile to Goughs corner, thence west 3 miles to Gred Rice's corner, thence north 1/2 mile to C.R. Farrell's corner, thence south 1 mile to highway, thence west on highway, passing John Broyles and S.T. Lawrence's on into town, making a distance of

Purina Feed Man Says Future Bright For Bailey County

Take Jump When Gin Law Got A Repeal

Jan 4, 1934

Sale of Marriage license in Bailey County took a considerable jump, following action of the Texas legislature, when it rescinded the "gin marriage law" requiring three day notice of intent to marry before the act could be committed the bill passed early in the spring did not become effective until August 10 then patronizing home industries in this particular respect began. Previous to that time most wedding license and marriages had been performed in Clovis, N.M.

The records in the county clerk's office show there were only 11 marriage license issued during 1932 and up to August 10, 1933, there had been only nine issued, after that date to the close of the year, there were 27 more issued or a total of 33 for the year of 1933.

Purina Feed Man Says Future Bright For Bailey County

Take Jump When Gin Law Got A Repeal

Jan 4, 1934

S.H. Mitchell, expert poultryman, and representative for Purina Mills is making a three day visit in this section. He has been inspecting farms near Muleshoe in company with Mr. Ray Griffiths, local Purina Feeds dealer.

Mr. Mitchell formerly lived in California and is not only a good judge of poultry and livestock, but also a good judge of farming lands. He states that we have everything here that they have in California, with the exception of the ocean, or could have if cultivated properly.

Mr. Mitchell was especially impressed with the fine flock of turkeys on the Harre farm. Mrs. Harre ships birds all over the United States for breeding purposes, and the demand is always good. She is a booster for Purina Feeds.

Three Way News

By Mrs. H.W. Garvin

Visiting in the home of Mr. and Mrs. Goldman Stroud Sunday were their daughters Mrs. Sandra Dickey and son Brian, Mr. and Mrs. Phil Bevelue of Lubbock and a granddaughter Leah Bevelue of Levelland.

Mr. and Mrs. Trueman Nix of Littlefield visited their daughter, Mr. and Mrs. Dennis Turney Sunday afternoon.

Mrs. J.E. Layton drove to Muleshoe early Monday morning, to take her aunt, Mrs. Juanita Snow to the hospital.

Malchus Fine of Morton a former resident of the Three Way area died Sunday afternoon with a heart attack, funeral services were Tuesday. Our sympathy and prayers are for Mrs. Fine and family.

The youth of the Three Way Baptist Church presented a dinner theater show Saturday night at the church with supper following the show.

We wish to express our sympathy to the family of M.L. Fine who died at Cochran Memorial Hospital in Morton Sunday evening of a heart attack. Funeral services were held Tuesday afternoon at the Three Way Baptist Church.

INTEREST-FREE 'TIL 1985

JOHN DEERE TRACTORS, 40-TO-300-HP

Or get a generous cash rebate in lieu of interest waiver.* Finance the power size of your choice with John Deere and no interest will be charged until next New Year's Day. OR take the cash rebate shown in the chart, lower right.

Special discounts on John Deere tillage tools: Buy a new John Deere tillage tool between now and May 1, 1984, and we'll give you a discount from the base price—10% off any field cultivator, disk, mulch finisher, mulch tiller, or chisel plow; 5% off any moldboard plow; and \$350 off a 250 SprayCart sprayer. That means, for example, you'd save more than \$1,500 on a 24-foot mulch finisher.

Special deals on Max-Emerge® planters: Using special allowances from John Deere, we're cutting the price on all Max-Emerge planters... but for a limited time only. With the price of seed so much higher this year, you need the proven ability of a Max-Emerge planter to deliver maximum germination and uniform emergence more than ever.

Titan combines interest-free 'til the '84 harvest.* Finance a new 4420, 6620, 6622 Hillside, 6601 PTO, 7720, 7721 PTO, or 8820 Combine with John Deere and pay no interest charge until next harvest season in your area. Or take a cash rebate in lieu of waiver.

Double cash rebates worth up to \$1,600 on John Deere hay and forage tools: This offer covers new square and round balers, mower/conditioners, SP hay windrowers, and PTO forage harvesters. Buy any one now and get a cash rebate... PLUS a certificate entitling you to a double cash rebate for purchasing a second tool anytime before April 30, 1985. See us for details.

Our Changing Times

Mrs. J. D. Bayless Remembers

There have been a lot of changes I have lived in Bailey County I have lived around Enochs soon be 50 years. Times were very hard during the depression, Us young people married if we had any money or not.

When J.D. and I started house keeping, our furniture was second handed, passed down from J.D.'s dad when he quit farming. We had a big wood cook stove, cane bottom chairs, the bottoms had been replaced with

tanned cow hide with the hair on it, a highbacked rocker, a round table which had been bought in 1919, kerosene lamps, an iron bedstead, with springs and two cotton mattresses, a home made small table which I put boxing plank on top of the table at the sides and across the top and built shelves in it and put bailing wire across the end at the bottom self made curtains and put them on the wire to draw to in the middle for a cabinet.

We heated water in the teakettles to heat our water for everything and our Saturday night baths in a number two or number three tub.

Instead of going to the doctor with a cold we used the old home remedy of mixing together turpentine, kerosene and grease and anything else we thought that would help and put it on a flannel rag and put it on your chest, if you survived the odor, it would cure you.

Our farming equipment was all one row, a breaking plow, planter, cultivator and a harrow which was pulled with two and four horses. The big farmers had two row equipment.

We had our cows for milk and butter, I churned some with a big jar by shaking the jar. Then along came the daisy churn and separators.

We shucked and shelled our corn, took it to the mill and had it ground for meal.

We raised our hogs for meat, the first blizzard that came the neighbors would get together and have a hog killing. It was a big job cutting up the meat, grinding the sausage, making sacks and stuffing them in the sacks, rendering the lard, then the lye soap had to be made.

A lot of you old timers will remember how we raised our chickens, set the incubator and hens, when we had a rain storm, how we would go out in the rain and pick up the little chickens up some drowned, bring them in the house and try to dry them out by the stove or put them in a warm oven.

We had to carry the water from the barrel at the windmill to the house and wash pot when the washing was done, which I washed on the rub board, I would scrub the wood floors, with the hot suds.

I headed feed before I married with the money I bought me a gas iron so I

didn't have to use the sad irons, any more.

When I got a four burner kerosene stove I thought I really had it made, till the burners run up and smoked everything. Our first car was a model T Ford with an engine and running gear.

The first washing machine I saw was worked by hand. My first washing machine was one I got at a farm sale and had a gas motor you had to kick to start it.

We pulled our cotton with cotton sacks. Some called them white trailers. J.D. and a friend built him a two row cotton sled in the 40's and then they got the two wheel cotton trailers.

We headed our feed with a maize knife, we had to shock it let it dry then haul it and stack it.

J.D. and his brother Roy bought a push header which was pulled with six horses and pulled a barge along side of the header to catch the feed. A lot more changes have been made since then.

We moved to Enochs in 1932 we still had a wood cook stove and a box heater, coal was so high and feed so cheap we couldn't sell the feed and buy coal so we burned corn and maize in them also cow chips.

We bought our first land north of Enochs where we still live from I.C. Enochs, gave \$22.00 an acre that was pretty high then, we had a big rick of feed we had headed, he took that as a down payment. He had us a two room box and strip house built on the land, dug a well and put up a windmill and an outdoor toilet. The house was real cold and had a kerosene heater.

Some called them the good old days, proud we don't have to live like that now.

Times have really changed now, with all the modern homes, furniture and farming equipment, sounds unreal we lived like that.

Through all the years there have been five or six cafe's, two gins, a small brick school house, a lumber yard, implement house, a drug store, a garage, three laundries, a produce store, where we took our cream and eggs, a post office, barber shop, maybe more. There was also a baseball diamond, a croquet court, rodeo grounds, The stores would have trades day on Saturday afternoon.

Most of us are Senior Citizens, some have passed on to be with the Lord and many have moved to town.

We only have a Post Office, a gin and an elevator around Enochs now.

Five Bandits Stage Holdup Near Muleshoe Wednesday

May 10, 1924

Five unmasked bandits held up and robbed J.L. Cochran, of San Antonio, Texas, four miles south of Muleshoe Wednesday morning at 1:30 o'clock, after firing a shot from a pistol through the windshield of his car and covering him with other weapons.

Cochran was relieved of \$125 in cash and a valuable watch. The bandits escaped after cutting ignition wires on Cochran's car to delay notice to authorities.

Cochran was enroute to San Antonio, driving night and day in response to a message calling him to the bedside of his baby daughter who was not expected to live. He was traveling alone in a Buick car. At a point about 4 miles south of Muleshoe, in the heart of a lonesome stretch of sandhills, he overtook a car which he thought had stopped on account of motor trouble. As he drew alongside, he was confronted by 5 men, one of whom covered him with a pistol and another with a shotgun. He was commanded to get out of his car and as he moved one of the bandits evidently misunderstood his action and sent a pistol bullet crashing through the windshield. The shot missed.

After relieving Cochran of his money and watch, the bandits cut ignition wires on his car, and quickly starting theirs, drove away. Cochran believes he got the number of the bandit machine as it whisked away.

Cochran repaired the wiring of his car and immediately drove here where he reported the holdup to the sheriff's office and Deputy Sheriff Mardis went directly to the scene of the holdup

Money Raised For Advertising Bailey County

Feb. 1930

Exhibits will be sent to over 30 large fairs throughout the North and East by the Panhandle-Plains, Inc. next fall and over one million booklets will be handed out which will give full information to prospective homeseekers about this section of the Plains Country. Bailey County will receive a portion of this advertising and at a very low cost. The expense of these exhibits is divided among the counties of the Panhandle, the city of Amarillo and three railroad companies. Bailey County's part of the expense was raised within a short time and has been paid in.

where he secured a description of the imprint of the tires of the bandit car and other clues which may lead to their identification. The bandit car was tracked to Sudan from where it is believed to have gone to Lubbock.

Sheriff H.A. Douglas and Deputy Mardis spent Wednesday and Thursday in trailing down clues and tips, and ran down the number which Mr. Cochran believed was that of the bandit car, but found in the latter Mr. Cochran must have been

mistaken in the last figure. The sheriff's office late yesterday reported no further clues, but expressed the belief that the bandits may yet be traced and found. Cochran said he was sure of the first 5 figures in the bandit car number plate.

Congratulations
