In order to protect the really big money you have invested in these vital machines, you make every effort to take care of them. You keep the tires properly inflated; you grease the moving parts regularly, you keep all surfaces painted or otherwise protected against rust; and, of course, you depend on the best motor oil available to protect the life and performance of each motor. Like all other farmers, you have specific needs which all motor oils do not meet. Only a motor oil made by farmers for farmers in a refinery which they own can also meet such requirements. That's CO-OP MOTOR OILthe motor oil made to the farmer's own specifications. You can trust your costly motors to CO-OP MOTOR OIL always.

Rain by the Yard

Looking at long-time averages, Hawaii probably can claim about the wettest spot on the globe's dry land. On the searward slope of its Mt. Waialeale, 42 feet of rainfall is recorded in an average year. But for vast spreading Hawaiian acres, where sugar cane and pineapple grow, irrigation is essential to the crops. The vapor-laden monsoon off the Bay of Bengal drowns forests of the mountains of Burma and Assam in rain that totals 30 costs of court, and general relief. feet a year at some points. Most of it falls in two summer months. In contrast, desert reaches on the several continents vie for "driest" honors with points where annual rainfall ranges from virtual zero to one inch.

Send a Man to Congress who Is CAPABLE of Representing ALL of you ALL of the time

Ronald Davis is a young man, born in Texas in 1911, 39 years old, raised on a farm in the 18th Congressional District of Texas. He worked his way through school at Childress, Texas; worked his way through West Texas State College in Canyon, Texas; received his degree in Agriculture and was president of the Senior class in 1936. He worked on his Master's Degree from Texas Tech and Colorado A&M. Holds the Smith-Hughes Certificate in Agriculture from both Texas Tech and Colorado A&M.

YOU CAN DEPEND ON DAVIS

For 12 years Ronald Davis has been a farmer and has taught Agriculture in the principal farming areas of the 18th Congressional District. He is schooled in the problems of this district. He is an active church and civic worker. Has served as Sunday School teacher and superintendent and as school board member. Married a West Texas girl, has two sons, Lindley Ronald 14 and Cagle Dean 9. Both sons are Boy Scouts and Mrs. Davis is a Cub Scout Den Mother and active church worker.

Davis Is Experienced

* In Farming

Since agriculture has been acclaimed the basic industry of the 18th congressional district, Ronald Davis is the best qualified man to represent the people in agriculture as your representative in Congress. This fact is based on five years college training in agriculture, being raised on a farm, and having spent the past 10 years as an active

Ronald Davis believes in Soil Conservation of a Permanent Type. He favors the Canadian River Dam and will do everything in his power to help complete it. He believes in a continuation of farm price support and at the same time taking steps to put agriculture on a firm and profitable self-supporting basis.

* In Education

Ronald Davis believes in a fair and equal investment in education for all the youth of the 18th Congressional District compared with that of any and all other regions of the United States. He firmly be-lieves that education should be controlled on a local and state basis.

* In Labor

Ronald Davis believes in less curtail-ment of the right of labor to have their share of the income and freedom of the nation, and in more control of labor when and if they take undue advantage of more than their share of the income and freedom of

* In Veterans Affairs

Ronald Davis believes in keeping faith with the Veterans as prescribed by our state and national legislation, keeping their educational program in compliance with the principles of sound education. He is opposed to the red tape that causes many veterans undue hardships, and he believes in the rights of veterans to purchase land under the veteran bill with less favoritism shown in administering the law.

* In Business

Ronald Davis is a business man. has been actively engaged in farming for 10 years. He has bought and sold on the markets. He knows the problems of the smaller businessman and believes there should be less bureaucratic and socialistic encroachment from government and more encouragement of self initiative—which has been the builder of this great nation.

Swine Influenza Spread Swine influenza spreads rapidly once it strikes a herd. Within two or three days after the first pig gets sick, the entire herd may be down with the disease. Affected pigs cough, go off feed, and appear exhausted. They have fever, breathing is hard and jerky, and sometimes there is a watery discharge from the eyes. Unless complications set in, the animals usually start to recover about five or six days after the first signs of illness. Deaths are few, but an attack always lowers vitality and causes loss of weight. When an animal is stricken during pregnancy, loss of part of her litter is almost certain.

BEN GUILL, the candidate for Congress from Pampa, has pledged himself to fight to lower your taxes. HE HAS PROMISED THAT HE WILL NOT SEEK A PERMA-NENT JOB ON THE FEDERAL PAY-ROLL WHEN HE GOES TO WASH-INGTON.

How many other candidates in this race can make that promise?

BEN GUILL

(Political Adv.)

BEN GUILL is interested in ELIMINATING unnecessary Federal jobs and saving the taxpayer money. He wouldn't take a job in a Federal Bureau if it were offered him.

SEND THE MAN TO WASHINGTON AS YOUR CONGRESSMAN WHO WILL WORK TO CUT THE BUREAUS AND THE BUREAUCRATS TO THE BONE. The only Federal job BEN GUILL ever held was -"Sailor, U.S. Navy." He is one of the few candidates in this race who has never been a contented feeder at the public trough.

Let's open the windows and let some fresh air into our government.

Had the Soviets shot down the plane, or so crippled it by gunfire that it crashed in the Baltic? That was the big question. Bigger yet was the question: "What would the United States do if it were developed that the plane was a victim of Rus-

Meanwhile, American tempers grew a little shorter with Russian tactics and there was no denying that the Cold War had taken on a degree or so more heat.

GERMANY:

A Repetition?

Any mention of rearming Germany makes cold chills run down the backs of those who remember was permitted to come back and plunge the world into the most devastating conflict it had ever known.

THREE TIMES in the past 80 years, German war machines have struck swiftly and ruthlessly at the peace of the world. Had the Germanic hordes ever won a world conflict, something of what the vanquished might have expected is provided in the terms laid down by these conquerors of the French in 1870, when German troops stayed on French soil until every penny of

reparations demanded was paid. How the individual may have fared under the Teuton heel was revoltingly demonstrated by Hitler and his sadistic Nazis.

DEVOTIONAL READING: Psalm 121:

Tragedy to Truth

Lesson for May 7, 1950

GOOD PREACHERS are not all of one kind. In listening to some of them, you have the impression that what this man says would be just as true if another man said it;

that he is uttering a universal truth that might as well have been written on the sky; he is a voice, only a voice. In listening to other good preachers you have the impression that no other man could

have said this as well as he; what he Dr. Foreman says is distilled from his own experience; he is not only a voice, he is a heart, and you hear the man's heart-beats all through his words. Now Hosea was this kind of prophet. You might say that his experience was the text of all his sermons.

And so They Were Married

THE STORY of Hosea is in chapters 1—3. (Experts in Old Testament study have never quite agreed Tray-Painting Can Be as to the meaning of the story. However, the interpretation which is offered here is the one now held by how a beaten, dismantled Reich the majority of scholars.) It is the story of Hosea's marriage to a girl named Gomer. If it was a normal marriage, he loved her with all his heart, and his hopes for the future were as bright as any young bridegroom's could be. In time they had a little boy named Jezreel.

Then came the second child, a girl named Lo-Ruhamah. In Hebrew, that name means "No-Mercy." What a name for a little girl! But is it possible that Hosea named her for her mother-not for her mother's name but for her mother's character? At all events, things were not well in that home; indeed, it soon ceased to be a home. For when the third child was born, Hosea gave the boy the dreadful name of Lo-Ammi, No-Child-

of-Mine. There was no use in pretending Jacob L. Devers, retired chief of any more. The home had collapsed, U.S. army field forces, who said in happiness had fled. . . . Yes, it was his Gomer! Where she had been, who had abused her, made her a slave, how many times gaden with his folded umbrella and she had been sold and resold, no one knows. But there she was.

Hosea might easily have stood and laughed bitterly in her bedraggled face. It serves her right, he might have thought. The way of the transgressor is hard, she made her bed and now she can lie in it. Justice has been done, I am avenged. And with a parting curse he might have gone his way.

Somehow beneath all the shame and disillusionment, beneath the bitterness and the pain, still the old love was burning bright. Paying the small price asked, he took Gomer home again. Love had conquered

Sermons From the Heart THIS BITTER EXPERIENCE God turned into a blessing, for Hosea and for his nation and for us. In just how imminent a strike might our study next week we shall see

But the first thing Hosea learned was that the experience was a lesson, God's lesson. He could even look back on the tragedy of his marriage and see that God was leading him all along, from the very first. God knew what sort of woman Gomer was and would be, yet he wished Hosea to marry her. God intended that he should go through just those years.

Without the tragedy, he could not have arrived at the truth. His sermons thenceforth came from the depths of his heart. Hosea, like all the prophets, denounced sin; like all the prophets, he could see the fatal effects of sin on his nation.

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany, Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC,
