

THE STRATFORD STAR

Volume 46. Stratford, Sherman County, Texas, Thursday, September 29, 1951. No. 50.

Road Bonds Would Pave 12 Miles

A proposed bond issue that would pave 12 miles of road in Road District No. 3 is causing considerable comment. If the issue carries it will authorize 12 miles of pavement in the district on two sections of roads.

A spokesman for the Commissioners' Court states that funds would be used to pave one road beginning at U. S. Highway 287 and extending 6 miles east to the precinct line on the commonly known Spurlock road which is paved to the east part of the county.

The other segment of pavement would begin approximately 2 1/2 miles southwest of Stratford on U. S. Highway 54 and extend south for a distance of approximately 6 miles.

The two proposed roads are acceptable to the State Highway Commission as roads being used for mail and school bus routes. In event the roads are paved they will be maintained by the State Highway Department.

The Commissioners' Court will hold a hearing on the issue Wednesday of next week. Forty-two resident qualified voters of the road district have signed a petition asking the court to take action on the issue.

If an election on the proposed issue carries, the paving projects would be carried out in the same manner as the paving projects in districts one and two which were paved this year.

Pioneers' Descendants Gather

A reunion of the children and many of the grandchildren of the late Uncle Bob and Aunt Bet Spurlock, formerly of Hutchinson County, was held on September 1, 2 and 3, in the palatial home of Ransom Spurlock, prominent cattleman of Holbrook, Arizona.

Fourteen children were born to Uncle Bob and Aunt Bet. Eleven are living and were present at the reunion: Dave, George, Festus, Theo, John, Fulton, Ransom, and Austin Spurlock, Allie Pincham Rybolt, Tilla Beckham, and Jessie Debolt.

Invitations were sent to relatives and close friends of the family and some ninety guests gathered from points in California, Arizona, Old Mexico, Oklahoma and Texas.

The Ransom Spurlock family was host to the reunion, providing an abundance of food with genuine western hospitality.

Those attending from this region were: Mr. and Mrs. Marjorie Foreman of Plainview, Mr. and Mrs. J. A. Holt, Mr. and Mrs. Albert Foreman, and D. A. Endsley of Amarillo, Texas, Tom Endsley of Dalhart, Mr. and Mrs. Homer Foreman, their daughter, Ann, Ike and Tom Record of Dumas, Mr. and Mrs. Cline Gilbert, Mr. and Mrs. J. G. Cummings, and Edgar Spurlock of Stratford.

Uncle Bob and Aunt Bet located at the mouth of the Bugby Canyon on the Canadian River in 1885, an ideal location for cattle raising. In that day it provided a good range, surface water, wood and natural shelter. Here they prospered and acquired a considerable spread of choice range land in the vicinity.

Uncle Bob was at one time county judge when the county seat was located at Old Plemons. In 1913 he sold his ranch and moved to Arizona where he died in 1927 at the age of 76. Aunt Bet outlived him only a few years.

Roy Finch Honored On Sixth Birthday

Roy Finch was honored with a birthday party given by his mother, Mrs. E. R. Finch, Tuesday afternoon. It was Roy's sixth birthday.

Following the opening of the gifts, refreshments of cake, ice cream bars and orange pop were served. Outdoor games of Red Rover, Drop the Handkerchief, and London Bridge is Falling Down, were enjoyed by the group.

Those present were Roy Finch, the honored guest, Connie Garrison, Sharon Gillis, Yvonne Gamble, Charlotte Guthrie, Donna Davis, Rheta Jacobs, Judy and Gail Mitchell, Teri Wilson, Barbara Stuebel, Sherline Pearson, Elizabeth Price, Carol Reeder, Donna Jean Moon, Tommy Green, Huston Pearson, Jr., Keith Borth, Charley Crabtree, Tommy Lovett, Eddie Moon, and Phillip Plunk.

More people commit suicide with a fork than with a knife.

Makes Field Trip With FFA Boys

Dick Peck, Dalhart range specialist, accompanied the Stratford Agriculture III class on a field trip Tuesday. He gave a short lecture on range management, assisted in identification of grasses and pointed out climax grasses of this locality. Climax grasses on tight land, he told the boys, is a combination of Blue Gramma and Buffalo grasses. An ideal mixture of these two grasses would be 75 percent gramma and 25 percent buffalo. On sandy shallow soils the group found the Blue Grasses, usually Harry Gramma or Side Oats Gramma. The boys state it was interesting to notice how soil types controlled the types of grasses which would grow in a comparatively small area.

A point of interest discovered was the fact that grass which is not grazed enough is damaged just as much as a pasture that has been moderately over grazed. This fact, Peck stated, is due to the keen competition between the grasses, and as a result the grasses actually choke each other out. An example of this competitive choking was found in the dying out of the center of bunch type grass.

Range management will be of a great advantage in the future, Peck told the boys.

Southside Club Meets With Mrs. Sweny

The Southside Home Demonstration Club met in the home of Mrs. Meritt Sweny Thursday of last week.

Roll call was answered by the "one thing I enjoyed last summer." The members decided for their annual tour this year they would visit several business establishments in Amarillo. After a brief business meeting Miss Dorothy Dixon demonstrated how to cook frozen meats.

The demonstration meal of frozen glazed ham surprises, frozen baked corn, frozen tomato-cheese salad, rolls, whole wheat nut wafers, butter, and sherbert was served to the following: Mrs. John Lavake, Mrs. T. F. Baskin, Mrs. Oma Ellison, Mrs. M. J. Carter, Mrs. Arthur Cartrite, and Miss Dorothy Dixon.

The next meeting will be in the home of Mrs. T. F. Baskin September 25.

Steel For Water Wells

Water well drillers were advised recently by the National Production Authority, U. S. Department of Commerce, not to apply to Washington for authorization to get steel piping amounting to less than two tons a well in any calendar quarter. This quantity is ample for the average farm or suburban home well, NPA said. The average farm or home well runs between 50 to 200 feet deep, NPA estimates, and requires between 500 to 700 pounds of steel casing.

Farmers or home owners, or well drillers acting for them, may self-certify orders for well construction steel up to two tons for each project in any calendar quarter as provided by Direction 1 to CMP Regulation 6.

For larger amounts of steel for wells, application must be made on form 4-C. Application from municipalities and industrial plants should be sent directly to NPA's Water Resources Division, Washington 25, D. C.

Applications for more than two tons of steel for farm and irrigation projects, must be submitted to the Department of Agriculture's State Production and Marketing Administration Committee. This committee will appraise the facts and advise NPA.

There are between 8,000 and 10,000 water well drillers in the United States, officials of the Water Resources Division estimated. Most of these are small operators who can procure the casing steel they need by writing on their pipe orders, "Certified under CMP Regulation No. 6" and signing their names.

NPA cautioned that self-certified orders should be kept down to the actual amount of material expected for each particular well, as regulations in effect prohibit inventories larger than practical minimum working amounts.

Remodeling Harbour Court Cabins

Private baths are being installed in each of the cabins of the Harbour Tourist Court. Seventeen new showers and baths were installed this week.

Honor Guests With Picnic Supper

A picnic supper was held at the beautiful country home of Mr. and Mrs. Travis Spurlock of the Spurlock community Wednesday evening of last week, honoring Mr. and Mrs. W. H. Bowen of Harlingen, Texas, Neal Spurlock of Biggs Air Base, El Paso, Texas, and Gilbert Fedric, Camp Carson, Colorado.

The lovely grounds at the Spurlock home made a very picturesque setting for the outdoor fun. After supper the children played games. Their elders sat around an outdoor fire, spun yarns and visited.

All of the children and grandchildren of Mrs. W. A. Spurlock were present except one son, Harvey Spurlock, Sunray, and one grandson, Leon Bowen, who is in Japan.

Those enjoying the hospitality were: Mrs. W. A. Spurlock, Mrs. Harvey Spurlock, W. A. and Dixie, Mr. and Mrs. Clay Spurlock and Sheryl, Mr. and Mrs. Alvin Freeman, all of Sunray; Mr. and Mrs. W. H. Bowen of Harlingen; Neal Spurlock, Biggs Air Base, El Paso, Texas; Gilbert Fedric, Camp Carson, Colorado; Mrs. Ennis Fedric, Dalhart; Mr. and Mrs. Alvin Spurlock, Kay and Boyd, Mr. and Mrs. Lacey Fedric, Letha Gail and Donna of the Spurlock community, and the host and hostess and their children Mr. and Mrs. Travis Spurlock, Isla Jean, James and Elaine.

Dicksons Have Hectic Days On Visit

Mr. and Mrs. R. O. Dickson and daughter, Dorris Jean, drove to Borger Saturday evening for a planned pleasant week-end visit with relatives.

Hardly had they reached the city limits of Borger before a drunken driver swerved from across the street and pinned the Dickson car against cars parked along the curb. Instead of backing his car, the drunken driver floor-boarded his accelerator and forced his car against the side of the Dickson car and drove on down the street. Police took him into custody after he had driven about two blocks.

Hardly had the excitement died down when it was discovered that Mrs. Dickson had broken her glasses.

Determined not to let the unpleasant incident ruin their visit the Dicksons drove on to their destination. Sunday Dorris Jean fell while playing, resulting in a laceration of her left leg. It required 25 stitches to close the wound.

Vicki Jackson Has Party On Third Birthday

Little Vicki Jackson, daughter of Mr. and Mrs. Jimmy Jackson, was honored with a birthday party Friday, the occasion being her third birthday.

After opening her gifts, refreshments of cake and ice cream were served and games were enjoyed in the back yard at the Jackson home.

Guests were Tommy Blake, Huston and Shirline Pearson, Terry Matthews, Jimmy and Betty Gore.

Roy Kessie To Explain OPS Prices Wednesday

A price specialist from the office of Price Stabilization will be in Stratford Wednesday morning, September 26, to remind business men whose firms are covered by Ceiling Price Regulation 7 of a new amendment which requires a supplementary filing with the district office no later than September 29.

That amendment to the regulation which covered sellers of wearing apparel, furniture, variety store merchandise, sporting goods, jewelry and hardware, now requires the filing of a pricing chart which includes toys, games, Christmas decorations, laces, yarns and ribbons.

Roy Kessie will visit Stratford to help merchants of this immediate area, and will answer questions concerning all types of businesses who seek information regarding compliance with regulations. The OPS office will be maintained at the court house.

Well, we got back to Washington after a most enjoyable trip to the district. The shortness of the time would not permit me to visit all of the places that I wanted to, but an early adjournment of Congress would make it possible for me to be back and visit the places that I failed to get to on this last trip. We came back to Washington by the northern route, that is, Highway 66 to St. Louis and Highway 40 through Indianapolis and Columbus into Pennsylvania and then down to Washington. We got to ride on the Pennsylvania Toll Turnpike for about 90 miles. It cost us 85 cents, and was well worth it. There are no side roads coming into the Turnpike and you can set your speed on this four-lane divided highway and sail right along. You can't get on the Turnpike except at toll gates, which are spaced about 25 or 30 miles apart. This Turnpike is supposed to be paying its own way and may be the answer to the highway situation in many of the states. We finally made it into Washington about 3:00 A. M. Wednesday and were pretty well worn out from the trip.

The Senate has caught up with a lot of work during the recess of the House and we are back at work on the important legislative matters that must be finished if Congress is to adjourn any time this fall. The raise in the military appropriations by the Senate is receiving much discussion here, as many of the members realize that Five Billion dollars is a whale of a lot of money. There is also much discussion about the Senate version of the tax bill. Many of the members feel that the Senate version will tend to put too much of the burden on the lower and middle income groups and will not operate like the House bill, which fairly distributes the burden across the board. The nature of the tax raise in the House is temporary in principle, while the Senate version appears to have a certain degree of permanency. The need for additional taxes at the present time can only be justified by military requirements for defense purposes and should be on a temporary basis. The American taxpayer is entitled to a substantial reduction in taxes as soon as the nucleus of the defense program is well underway. If the additional taxes are placations on a permanent basis, it will be very difficult to effect the substantial reduction that I feel should be forthcoming within the next two or three years.

I have received inquiries concerning the new income tax regulations on the sale of one's home. Under the present law if you sell your residence, you are selling a capital asset and fifty percent of the profit is includable in gross income provided you have owned the home for more than six months. If you have owned it for less than six months, the entire profit is includable in gross income. Under the new version, the Revenue Act of 1951, as passed by the House, a person may sell his home and repurchase another home within a period beginning one year prior to the date of such sale and ending one year after such date and use the proceeds to purchase another home. If he uses the entire proceeds from his old home to purchase the new home, he will not be required to pay any income tax on the sale price of his old home. However, if he purchases a new home at a less price than that for which he sold his old home, he of course will be required to account for the difference between the purchase price of his new home and the selling price of his old home.

The London Gazette founded in 1665 was the first English news publication issued regularly in newspaper format.

Kerr-McGee Make One New Location

Kerr-McGee Oil Industries, Inc. announces the location of the Estel No. 1 2,310 feet from the west and 2,490 feet from the northlines of section 177 in Block 1-C. The potential depth of the well is 3,000 feet.

Deliverability Tests
Deliverability tests of six completed wells were made public. Shamrock Oil & Gas Corporation Sweny No. 1 in section 13 of Block 2-B, tested 1.174 million cubic feet of gas with a rock pressure of 408 pounds.

Skelly Oil Company Lasley Hayes No. 1 in section 178 of Block 1-C tested 3.694 million cubic feet of gas with a rock pressure of 401 pounds.

Stanolind Oil & Gas Co. Norton Properties C No. 1 in section 111 of Block 1-C tested 1.264 million cubic feet of gas with a rock pressure of 404 pounds.

Phillips Petroleum Co. Elizabeth No. 1 in section 87 of Block 1-C tested .814 million cubic feet of gas with a rock pressure of 403 pounds.

Puckett & Wertz Peggy No. 1 in section 64 of Block 2 tested 1.387 million cubic feet of gas with a rock pressure of 405 pounds.

Shamrock Oil & Gas Corporation Flores No. 17 in section 64 of Block 3-T, tested 1.162 million cubic feet of gas with a rock pressure of 412 pounds.

Christian Ladies Met Wednesday

The Christian Women's Fellowship met Wednesday in the basement of the Christian Church for a covered dish luncheon with twenty-three members present.

While Group Three, hosts for the luncheon, washed the dishes the Executive Committee, held a meeting and made two recommendations to present to the group. They were: to strive to meet the standard of excellency, and that members welcome visitors to the Sunday School and church services.

The regular C.W.F. met at 2:30 with President Retah Lowe presiding. "Faith of Our Fathers," was sung by the group, followed by prayer by Mrs. Opal Bryant. Minutes of the August meeting were read and approved. The group voted to have a food sale September 22. Recommendations made by the Executive Committee were accepted by the ladies.

The meeting was turned over to the program leader, Mrs. Frank Sutton and a program on "Churches to Speed His Work," was presented. Mrs. John Reeves discussed the subject "Churches in Different Areas." "A Church with a Special Need," was given by Mrs. B. E. Dovel. "The Who and the How of Missions," was the closing talk presented by Mrs. Frank Sutton.

Mrs. Arthur Folsom gave the devotional, "Friendly Christians." The song, "What a Friend We Have in Jesus," was sung by the group followed by prayer by Mrs. L. L. Lyon.

An offering of \$43.50 was presented.

The meeting was dismissed with the Missionary Benediction.

Sunday School To Observe Rally Day

The Methodist Sunday School will observe rally day Sunday, September 23, with the services opening at 10:00 o'clock. The superintendent and teachers are looking forward to having at least 250 members of the Sunday School present for this occasion.

The first Sunday in October will be promotion day, and efforts will be made for a large percentage of the members to be in attendance on these two Sundays.

The evangelistic visitation mission began this month and will continue through November 4. The local church will begin a revival meeting October 26th and continue through November 4 with Rev. Auburn Neely of Big Lake, Texas conducting the meeting.

Better be late down here than early up there — so drive safely.

Family Farm Recommendations Are Formulated

Recommendations of constructive criticism of government agricultural programs studied in the family farm policy review have been formulated by the county committee.

A recommendation to the Agricultural Research Administration was for the establishing of pilot farms centrally located in each problem area on representative land, with particular attention devoted to wheat problems, including insect control for study by research personnel. The group felt that Texas should have several pilot farms with the one located in this immediate vicinity for studying wheat problems and green bug control.

Suggestions were made that the Bureau of Agricultural Economics study Government owned land problems and release Federal owned land for sale to private individuals. A recommendation was made that BAE study the problem of men with little or no capital who want to buy land to farm. Another recommendation was made that BAE study the rebuilding of land which is called "worn out" and put it into production by fertilizing it and seeding it back to grass for pasturing purposes. Farmers in foreign countries have done this with land which was considered depleted with very good results in making a good living from livestock production.

The Production and Marketing Administration was advised that the suggested direct payments as an alternative method to the conventional price-support program should be eliminated. Farmers feel that the price-support program is adequate as it is now set up.

Elimination of portions of the Soil Conservation Service program were recommended. They encouraged a re-division of Government owned land for sale to private individuals, but that there be no acquisition made of privately owned land for re-division as set forth in the Recommendation No. 2 of the Family Farm Policy Review, as applied for the purpose of setting up the family farm in a community. Objection was also made to Government self-regulatory measures or land use ordinances that compel district-wide adoption of minimum practices as set forth in Recommendation No. 2 of the Review. Farmers feel that should these recommendations be adopted as they are now set forth in the Family Farm Review, they would be losing their freedom little by little, and that the two recommendations should be abolished.

Recommendation was made that there be required a vote of 51 percent of the landowners to form an SCS district. Farmers feel that in requiring this percentage of the votes to form an SCS District, it would better insure the majority of opinions.

Some change is sought in the Farmers Home Administration plans. On operating loans, authority should be given the Agency to make a maximum loan of \$7,000 in one fiscal year, and total debt limitation should be raised to \$10,000. The production and subsistence loan program is prevented from making maximum contributions to aiding farm families because of the present loan limitation of \$3,500 in one fiscal year. Sherntons, Mrs. Harry Sears, Mrs. F. B. Mullins, Mrs. Bill Lasley, Mrs. Earl Shirik, Mrs. M. R. Robinson, Mrs. J. W. Elliott, Mrs. Tim Flores, Mrs. Graydon Gamble, Mrs. C. R. Foster, Mrs. Chester Plunk, Mrs. A. E. Pronger, Mrs. Roscoe Dyess, Mrs. M. Dorch, Mrs. James Cameron, Mrs. K. L. Eller, Mrs. Vern Foreman, Mrs. Vern Reynolds, Mrs. Ben Biddy, Mrs. C. W. Moon, Mrs. Lorraine Mehner, Mrs. W. P. Cummings, Mrs. Arthur Ross, Mrs. A. W. Allen, Mrs. J. W. Flores, Mrs. P. J. Pronger, Jr., Mrs. Dick Woolsey, Mrs. J. B. McWilliams, Mrs. A. L. King and Mrs. Ella Holland.

A suggestion to the Rural Electrification Administration reads: Although rural telephones are not a new program, farmers feel that more telephones should be installed on farms. This program is advancing well, in their opinion, and further assistance should be given to this program.

Recommendations called for the elimination of part of the Federal Crop Insurance Corporation program. Farmers feel that appraisal of a crop loss should be made on an acre by acre basis rather than on a complete farm basis. Recommendation was made that each acre should stand on its own in appraising the loss. In doing this, farmers feel that adjustment in losses could be made more fairly.

Other farm programs met with the approval of the public review of the farmers at the meeting held recently in Stratford.

Mrs. Brooks' Mother Is Ill In Tennessee

Mrs. W. P. Brooks is in James-town, Tennessee, with her mother, who is critically ill.

Gov. Meador Attends Lions Club Meeting

Boyd Meador, Lions District Governor of District 271, was the principal speaker at the meeting of the Stratford Lions Club Monday night. A resident of McLean, Meador has an enviable record of service in the organization and looks forward to progressive achievements of the clubs in the coming year. Deputy District Governor Earl Stokes of Phillips, was also a guest at the meeting.

Mrs. White and a sextet of girls from the Dumas High School rendered a pleasing program of entertainment for the occasion.

Earl Riffe and Chester Guthrie were named program chairman for the meeting Monday night of next week.

WCS Ladies Met Wednesday

Ten officers of the Womens Society of Christian Service met in the parlor of the Methodist Church Wednesday afternoon for a short business meeting. The resignation of Mrs. P. J. Pronger, Jr., was read and Mrs. C. W. Moon was elected in her place as "Spiritual Life Secretary." Several topics of business were discussed before the officers went to the sanctuary for the monthly joint meeting of the circles of the society. Mrs. Ralph Harding opened the meeting, followed by the singing of "Near to the Heart of God." Mrs. A. L. Harrison offered prayer. Minutes of the previous meeting and the recommendations of the executive meeting were read by Mrs. Dick Woolsey. Mrs. A. L. King gave the treasurer's report.

After the business meeting Mrs. P. J. Pronger, Jr., and Mrs. Ben Biddy took charge of the program. "For the Beauty of the Earth," was the opening hymn. Mrs. A. L. King led in prayer. The theme of the program, "The Earth is the Lords," and the scriptures were read by Mrs. Ben Biddy.

"Religion and Economics" was the topic discussed by Mrs. J. E. McWilliams. Mrs. Chester Plunk spoke on the subject, "God Is The Owner." "Christian Ethics and Economics" was discussed by Mrs. A. W. Allen. Mrs. Lorraine Mehner sang "When I Survey the Wondrous Cross." Mrs. Bob Burgess spoke on the subject, "Human Ownership and Management of Business." "Christian Motives in Business," was the subject of Mrs. Vern Reynolds. "Economics and Peace," and "Where To Begin," were topics of Mrs. J. W. Flores.

"This Is My Father's World," the theme song of the W.S.C.S. was sung by the group. Mrs. Ben Biddy pronounced the benediction.

After the program the group retired to the church parlor for the birthday program and refreshments. Mrs. J. W. Elliott poured punch. Mrs. M. R. Robinson and Mrs. A. L. Harrison served cake. Soft piano music was played by Mrs. Lorraine Mehner. Mrs. J. E. Crabtree and Mrs. Ralph Harding were hostesses.

Ladies present were: Mrs. Ralph Harding, Mrs. J. E. Crabtree, Mrs. Emil Blanck, Mrs. Earl Riffe, Mrs. Bob Burgess, Mrs. H. A. Nichols, Mrs. A. L. Harrison, Mrs. Harry Sears, Mrs. F. B. Mullins, Mrs. Bill Lasley, Mrs. Earl Shirik, Mrs. M. R. Robinson, Mrs. J. W. Elliott, Mrs. Tim Flores, Mrs. Graydon Gamble, Mrs. C. R. Foster, Mrs. Chester Plunk, Mrs. A. E. Pronger, Mrs. Roscoe Dyess, Mrs. M. Dorch, Mrs. James Cameron, Mrs. K. L. Eller, Mrs. Vern Foreman, Mrs. Vern Reynolds, Mrs. Ben Biddy, Mrs. C. W. Moon, Mrs. Lorraine Mehner, Mrs. W. P. Cummings, Mrs. Arthur Ross, Mrs. A. W. Allen, Mrs. J. W. Flores, Mrs. P. J. Pronger, Jr., Mrs. Dick Woolsey, Mrs. J. B. McWilliams, Mrs. A. L. King and Mrs. Ella Holland.

Harry Ingham Lands In London

Harry Ingham, Jr., flew from New York to London, England Tuesday on the first step of his journey to Tripoli. He will be employed by an oil company operating in the Turkish province in North Africa.

Ingham is making a profession of foreign service. He served two contracts in Hawaii, two contracts in Arabia, and will soon be starting to work in Tripoli.

In December, 1620, the first known news-sheets in the English language appeared not in England but in Holland.

Post Office Position Is Open

Civil Service Examinations have been announced for the position of Substitute Clerk-Carrier at the Post Office serving this locality, according to Paul H. Figg Regional Director. Figg urged all persons interested to make application. The register established from this examination will be com-

bined with the preceding register. Persons who attained eligibility under the preceding announcement need not apply.

Application forms and other more detailed information regarding filing may be obtained at the local post office. One of the restrictions on filing is that applicants must actually reside within the delivery of the post office or be a bona fide patron of the office.

In discussing the position, Figg said, "appointments are usually made to substitute positions and promotions are to regular positions according to seniority of appointment." Substitutes are required to be available for duty on short notice and generally, they will be working every day.

Dickie Bammes Celebrates 12th Birthday

Mrs. Ivan Bammes entertained with a birthday party, honoring her son Dickie, on his 12th birthday, Wednesday afternoon of last week.

Outdoor games were enjoyed by about 20 guests attending. Refreshments of ice cream, cake and Kool-Aid were served after the opening of the gifts.

Christian Ladies Food Sale Saturday

Ladies of the Christian Church announce they will hold a Food Sale in the Joe Doby Appliance Store Saturday. Foods will be placed on sale beginning at 9:00 A. M.

ROAD NOTICE TO NON-RESIDENT LAND OWNERS

THE STATE OF TEXAS
County of Sherman) ss.

We, the undersigned Jury of Freeholders, citizens of said Sherman County, Texas, duly appointed by the Commissioners' Court of Sherman County, Texas, at its September Term, 1951, to view and establish a first class Road from the intersection of U. S. Highway No. 54 with the boundary line between Sections 165 and 178, Block 1T, thence running west along said boundary line between said above sections and terminating where the same is intersected by the East boundary line of the City of Stratford, Texas, and having been duly sworn as the law directs, hereby give notice that we will on the 13th day of October 1951, assemble at the Courthouse at Stratford, Texas and thence proceed to survey, locate, view, mark out and establish said road, beginning at the intersection of U. S. Highway No. 54 with the boundary line between Sections 165 and 178, Block 1T, T. & N. O. Ry. Co., Sherman County Texas; thence running west along said boundary line between said above sections, and terminating where the same is intersected by the East boundary line of the City of Stratford, Texas.

And we do hereby notify any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands this 18th day of September A. D. 1951.

Devotional Gems

(By N. D. Carter)
There are many people who claim that they are Christians but in their lives we can find many things that show them to be otherwise. In II. Cor. 3:2 we read: "Ye are our epistle written in our hearts, known and read of all men." This simply means that each person who is a true Christian is a living epistle that is written in the heart of Christianity and they are read as the epistles of the Bible are read. All men who see us read what

our lives and the way we live have to tell those who look upon us. There are many who wonder why their invitations to attend Church are never accepted. They never stop to think that the very way that they live and the things that they practice daily may be the thing that keeps others from seeking God. If we want to help others to know the Lord, then we must live as the Lord would have us to live. If we tell others of the joys and happiness that are found in God, and live the opposite, then we make the gospel that we bare witness to a vain babbling. We must live the Gospel and then preach it. And this is much more than church attendance on Sunday.

I. Thess. 1:7 tells us that we are to be examples to them that

believe. How can we expect our church to grow and win lost people to Christ if we live so that others can see nothing in us that is better than what they already have. We must live so that we are an example to those that are already saved so that those that are lost might see in us something that is worth seeking. No man is perfect but any one can remove that which he knows to be wrong in the life that he lives. Let us live as an example for Christ's sake.

Potent Malaria
It has been estimated that 500 million people in the world suffer from malaria. Many of these, living in tropical countries with a low standard of living, receive no treatment whatever.

Good Medium
A leading Indiana poinsettia grower finds that Terra-Lite vermiculite is an excellent medium for propagating his plants. At transplanting time, he mixes it in the potting soil assuring the plant of longer, healthier life.

Record Holder
Frederick G. Weidner, 79, holds a record at Calvary Evangelical United Brethren church, Phila.: 75 years a congregation member; 50 years of teaching Sunday school; 50 years in the church choir; and 50 years as a trustee.

For Accurate Seeding at Tractor Speeds...

Use a **MCCORMICK-DEERING GRAIN DRILL**

The work a grain drill does is largely hidden. Not until the crop is up can you really see if the seed has been distributed evenly and without skipping. That's why it's so important to use a thoroughly reliable drill... a McCormick-Deering. These drills are real precision-working machines. They meter the seed accurately and deposit it at the depth you want. You'll like their sturdy non-sag construction, the all-steel hoppers that never warp or rot, the ease and simplicity of adjustments.

Come in and see us the next time you're in town. Get all the facts about McCormick-Deering Grain Drills. Remember, they're made in a great variety of types and sizes and with equipment to suit all needs.

Look 'em over - and under!

See why **DODGE "Job-Rated" TRUCKS ARE THE BEST BUY**

More rugged chassis, more power
Every chassis unit front to rear is engineered for extra dependability—for long life and low maintenance on your job! Your "Job-Rated" engine delivers increased power—it gives you the right power with top economy and low upkeep in the toughest service!

Easier handling, smoother riding
Back a Dodge "Job-Rated" truck into a tight spot—and see how sharply it turns, how easy it is to maneuver. Such features as wide front tread and shorter wheelbases make handling easier. Oriflow shock absorbers on 1/2-, 3/4-, and 1-ton models give a smoother ride.

More all-round safety
You get the finest truck brakes in the industry! On many models you get new molded, tapered, Cyclebond brake linings for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with "Pilot-House" vision, including extra-big windshield area.

Longer life with FLUID DRIVE
Only Dodge offers gyro Fluid Drive. Available on 1/2-, 3/4-, and 1-ton models. You start with amazing smoothness... tiresome gear shifting is minimized... wear is reduced on vital parts to increase truck life. And Fluid Drive protects your load!

WHY A "Job-Rated" TRUCK IS YOUR BEST BUY

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

See us today for a truck that fits your job...

Electric Cooking Is

EFFICIENT
as MODERN women KNOW!

Efficient because it is clean, accurate, automatic, labor-saving.

The accuracy of heat application which assures you that the correct amount of measured heat will be delivered to each range unit takes the guesswork out of cooking — adds efficiency.

The automatic time control on your electric range eliminates pot-watching and cooking failures, makes it possible for your meals to be prepared while you are miles away — adds efficiency.

The cleanliness of electric cooking means less frequent general housekeeping, eliminates entirely pot and pan scrubbing — adds efficiency.

The coolness of electric cooking means added pep, more pleasant cooking conditions — adds efficiency.

Yes, electric cooking is completely efficient — as modern women know.

27 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

PRICE DANIEL TO OPEN TRI-STATE FAIR

TEXAS' FIGHTING ATTORNEY GENERAL—Price Daniel will officially open the annual Tri-State Fair in Amarillo on September 24. Daniel has gained nationwide attention in his fight to save the Texas tidelands for the public schools and in praise from the Senate Crime Committee for his work against organized crime.

BURN NEO-NAZI FLAG . . . Party flag of Neo-Nazis has just been tossed through window of Eberhard Stern's home in Berlin. He's new Nazi leader. German students are doing the tossing in protest against latest Nazi party.

XIT Hereford Breeders Plan January Show

XIT Hereford Breeders Association directors met in Dalhart last week to make plans for the annual show and sale to be held January 21 and 22 in the Dalhart Sales Pavilion.

Present at the meeting were

Clyde Latham, Dalhart, President; Ed Prichard, Jr., Dalhart, Secretary; Charles Sheldon, Dumas, P. J. Pronger, Jr., Stratford, and County Agent Marvin Simms of Dallam County. The association is composed of members in Sherman, Dallam, Hartley, and Moore Counties in Texas, Cimarron County, Oklahoma, and Union County, New Mexico.

Enter Livestock At Guymon Fair

Several Sherman County livestock entries are making their appearance in the livestock show at Guymon this week. Roy Lee Newman is showing his Black Angus FFA calf. R. M. Buckles is showing his Black Angus steers.

Measure them all by the yardstick of Value
YOU'LL CHOOSE THE JOHN DEERE NO. 55

Just watch the John Deere No. 55 eat up the acres of wheat, flax, barley, rice, maize, beans or any other combineable crop. Then compare it, feature for feature, with other self-propelled combines and you'll agree . . . it's the choice of the field.

The No. 55 is a dependable combine that saves on every job . . . in grain, in man-hours, in tractor power. It's fast and economical . . . cleans up the harvest

fields in a hurry. Such features as the big-capacity, hydraulically-controlled 12-foot platform; variable-speed V-belt drive; heavy-duty, 30-inch rasp-bar cylinder; efficient separating cylinder; all-steel straw walkers; auger unloading grain tank; powerful Hercules engine; convenient controls; high, roomy platform, and many others assure a profitable harvest for you. See us for details.

Good Used Equipment

- Three 16-10 Van Brunt Drills
- One John Deere No. 9 12-Foot Combine
- One Holt No. 36 Combine in good shape
- One Oliver Broadcast Binder

Bennett Implement Co.

JOHN DEERE . . . The Quality Name in Farm Equipment

4 Invitations . . . that only

Chrysler

can give you!

*Hydraguide standard on Crown Imperials, optional at extra cost, as production permits, on other Imperial, New Yorker, and Saratoga models.

✓ COME FEEL 180 V-8 HORSE-POWER! Chrysler's revolutionary new Fire-Power V-8 engine develops more power, gives smoother, more flexible responsiveness than any other engine ever put into an American car. Even on non-premium grade fuel, its built-in "Mechanical Octanes" enable it to outperform any other engine in any other car!

✓ COME FEEL HYDRAGUIDE* POWER STEERING! For the first time in any U.S.-built car, hydraulic power supplies four-fifths of the energy needed to park or steer . . . makes driving literally a brand new experience . . . gives steering ease and the safety of swift, sure steering control like nothing you've ever felt!

✓ COME FEEL CHRYSLER POWER BRAKES! Feel for yourself the new sense of security that comes when power from the engine helps your foot apply the brakes. Gently, smoothly, easily, swiftly, you "feather down" your Chrysler's speed . . . or bring it to a standstill, with as little as one-third the foot pressure you're used to!

✓ COME FEEL WHAT ORIFLOW DOES TO ROUGH ROADS! Chrysler this year uses a revolutionary new type shock absorber with over twice the ride-steadying power of those previously used on any cars at any price. Come feel for yourself what a difference this makes . . . come feel what happens when bumps disappear!

ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!

PRESTONE And ZEREX PERMANENT ANTIFREEZE
CLARITE ELECTROLYTE Batteries
3-YEAR GUARANTEE First Year Unconditional
CLARITE BATTERIES Have A Reserve Capacity
When a Clarite Battery is discharged at a very rapid rate, even on a vehicle with many accessories in operation, it will show repeatedly a rapid recovery from a state of discharge from its own reserve capacity. Should it be completely exhausted, it will revive itself with a short rest.
The Clarite Battery has an ability to "come back." The number of times depends somewhat on the type of car and the starter drag. Tests prove a CLARITE Battery will bounce back quickly dozens of times after reaching the exhaustion point where it fails to turn the motor over. Even after tests such as these, CLARITE Batteries have rapidly accepted the charge from the generator, and built up to full charge within a very few miles of normal operation.
CLARITE BATTERIES OPERATE On Passenger Cars, Trucks, Buses, Tractors, and Other Farm Equipment
In fact any equipment calling for a conventional battery. CLARITE performs at its best on equipment with many accessories which drain and shorten the life of an ordinary battery.

Farmers like its POWER PILOT!

Choose V-8 or Six! . . . both have the POWER PILOT! This new Ford F-1 Pickup has long-lived 10" Gyro-Grip clutch, choice of 3 transmissions and 2 axle ratios.

Give you the most power from the least gas! Saves you plenty! The POWER PILOT is a Ford Truck exclusive in the low-price field. 5,000 Ford Truck owners took part in Ford's 6-month, on-the-job Economy Run, and demonstrated to the world that Ford Trucks with the POWER PILOT save you money every mile!

Families love its CAB EXTRAS!

Customized trim and twin horns are only two of the many Ford "5-STAR EXTRAS" that make for pleasanter working, pleasanter riding. And for the day's work, the Ford F-1 Pickup is a standout with big, grain-tight body, low 2-ft. loading height, many other features!

Ford 5-STAR EXTRA Cab gives you new comfort for Sunday calling—in the Pickup that's a standout for Monday hauling!

Both the Ford 1951 5-STAR Cab and the 5-STAR EXTRA Cab (worth every penny of its added cost) give you: More driving ease with 65-coil seat, adjustable for more relaxed riding, plus level action cab suspension to iron out rough roads! More visibility with 50% bigger rear window! More convenience with new fingertip gear-shift, and extra roominess!

The Ford 5-STAR EXTRA Cab gives you in addition: Foam rubber seat padding! Extra insulation! Two arm rests! Extra conveniences like 2 sun visors, cigar lighter, automatic dome light and many other special appointments. See them all at your Ford Dealer's!

FORD TRUCKING COSTS LESS

Because Ford Trucks last longer! Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

Kerrick Club Meets With Mrs. Boren

The Kerrick Home Demonstration Club met Friday in the

home of Mrs. Allen Boren. Roll call was answered with a beauty hint. The president, Mrs. Allen Boren, appointed a committee of three to inquire about the Kerrick school house for use as a club house. The committee consists of Mrs. Ray Taylor, Mrs. Pete Eden, and Mrs. Fred McDaniel.

The club voted to help canvas the community for CROP.

Miss Corrine Stinson led the demonstration in altering commercial patterns.

Those present were: Mrs. Pete Taylor, Mrs. Douglas Dettle, Mrs. Pete Eden, Mrs. Robert Elms, Mrs. Louis James, Mrs. Alton McCune, Mrs. Fred McDaniel, two children four babies, and the hostess, Mrs. Boren.

Mrs. Newman Hostess To Friendship Club

Thursday of last week the Friendship Club met in the home of Mrs. Rollo Newman. The work for the afternoon was sewing for the hostess.

Refreshments were served to the following members: Mrs. Ed Smith, Mrs. Roscoe Dyess, Mrs. Robert Bolster, Mrs. Lee Johnson, Jr., Mrs. W. E. Pleyer, Mrs. George Bradley, and Mrs. P. J. Pronger, Jr.

The next meeting will be with Mrs. Ed Smith September 27.

Mrs. Pronger's Sister Succumbs In Muleshoe

Mrs. Lon Davis, a sister of Mrs. A. E. Pronger, succumbed to a brief illness in Muleshoe, Texas Friday. Mr. and Mrs. A. E. Pronger and P. J. Pronger attended the funeral held Sunday in Muleshoe.

LAST along section lines about three miles, to the common corner of Sections 306, 307, 308 and 309, Block 1T, T&NO Ry. Co., and there terminating.

And we do hereby notify any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

DESTRUCTION?
Here is destruction you can see. And it is likely that these two "Indians" will be called to task for their saw and hammer artistry. But, even so, this destruction is not as serious as the destruction you can't see that goes on within your costly farm machinery motors when you trust your lubrication to "just any" oil.
Several years ago, a group of farmers realized the need for a refinery that would make oil especially for use in Op Refinery, is the product of their vision. This Oil is the farmer's assurance of maximum service and minimum wear.

Canning Timetable

If you don't have a canning timetable issued since 1946, you will want to take advantage of the time-saving new rules resulting from research in the U.S. Department of Agriculture. Get the latest canning information from your home demonstration agent, located at the extension office in the county seat.

Best Varieties

Freezing the right varieties now can make a big difference in the quality of frozen foods you take out of your locker next winter. Be sure you freeze only the recommended varieties of fruits and vegetables this summer.

Apple Bran Muffins

So delicious, so easy! Mix everything in 1 bowl this Kellogg's-quick way!
1 cup Kellogg's All-Bran soft shortening
1 1/2 cup milk
1 cup sifted flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup sugar
1 egg
Toppings:
12 cored thin apple rings
1/2 teaspoon cinnamon
1/4 cup sugar

- Combine All-Bran, milk in bowl.
- Sift together flour, baking powder, salt into same bowl. Add sugar, egg, shortening. Stir only until combined.
- Fill greased muffin pans 1/2 full. Dip apple rings in mixture of cinnamon, sugar. Place firmly on muffin batter. Bake in preheated mod. hot oven (400° F.) about 25 min. Yield: 12 medium muffins, 2 1/2 inches in diameter.

It's Wonderful the Way
Chewing-Gum Laxative
Acts Chiefly to REMOVE WASTE - NOT GOOD FOOD

Here's the secret millions of folks have discovered about FEEN-A-MINT, the modern chewing-gum laxative. Yes, here is why FEEN-A-MINT's action is so wonderfully different!
Doctors say that many other laxatives start their "flushing" action too soon... right in the stomach where food is being digested. Large doses of such laxatives upset digestion, flush away nourishing food you need for health and energy. You feel weak, worn out.
But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that typical weak, tired, worn-out feeling. Use FEEN-A-MINT and feel your "peppy," energetic self! Get FEEN-A-MINT! No increase in price—still 25¢, 50¢ or only 10¢.

"Hot Flashes" Stopped
or strikingly relieved

In 63-80% of cases in doctors' tests... If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!
"For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!
Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change"! So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets, with added iron! (Wonderful, too, for the functional pains of menstrual periods.)
It acts through a woman's sympathetic nervous system to relieve distress of those awful "heat waves"!

Yodora checks perspiration odor
THE SOOTHINGEST WAY
Made with a face cream base, Yodora is actually soothing to normal skins. No harsh chemicals or irritating salts. Won't harm skin or clothing. Stays soft and creamy, never gets grainy.
Try gentle Yodora—feel the wonderful difference!

U.S.S.R. EXPLAINS AGAIN

RUSSIA still refuses to return any of the 670 ships loaned to it by Uncle Sam during the last world war or to make any fair cash settlement, it is announced. There probably is a note in preparation which will say:

"The U.S.S.R., annoyed again by the matter, wishes to inform the Government of the United States that, as is well known, by the repeated renewal of inquiries about these ships it is pursuing a course typical of the war-mongering nations. The U.S.S.R., on the contrary, always a leader in the movement for peace, strives for accord by dropping the subject. Even assuming for the sake of argument (and the U.S.S.R. is always happy to assume anything for it) that Russia has 670 vessels lent to it by the United States, could any nation other than an aggressive trouble-maker keep bringing up the matter?"

"The U.S.S.R., in keeping with its well-known policy of striving for better understanding, desires to drop the subject. The simple truth, as is well known to all peace-loving nations, is that these 670 ships constitute an American WAR FLEET. At the very moment they are being employed by the American Government as a means of stirring up another war. The claim is made that these ships are in Russian hands. This is perhaps true, but who is causing a disturbance by means of them? Who is using them to stir up aggressive feelings? The American Government, by repeatedly mentioning these vessels as having been loaned to Russia and asking for their return, obviously arouses bad feeling, a course always adhered to by the cannibalistic, power-grabbing nations of the imperialistic bloc.

"Not content with asking the return of a loan, which is always apt to stir up ill will, the United States makes the alternative suggestion of a small cash settlement. It must be well aware that the mention of money in settlement of a loan can always lead to an argument and is never conducive to peace and happiness. It is within the power of the United States to remove all cause of unfriendly feelings by dropping the issue and ceasing to point to the terms under which the 670 ships were sent to the U.S.S.R. in her hour of need.

"Washington, by the use of two little words, can bring the U.S.S.R. and the United States closer together. These words are 'Forget it.' But the grasping agents of Wall Street prefer the eight words. Let's be honest and abide by a contract."

"These eight words are characteristic of the bourgeois mind. The U.S.S.R. desires to emphasize that these 670 ships are in a sense being used in an attack on Russia. They could well be seized and put on trial immediately as instruments in a plot by the bloodthirsty forces of American military to create an issue by which peace and brotherly love can be further de-erred. As is well known by all countries interested in world accord, all ships which were sent to Russia by the United States were clearly sent as Christmas gifts and sundries for Russians. The U.S.S.R. has photographs to prove that these vessels arrived decked in holly, that red ribbons flew from the masts and that two cruisers were plainly labeled 'Candy Canes.' Furthermore, the whole world remembers that the great need was for a knockout wallop and that America repeatedly pledged itself to 'add all we can to the Russian sock.' This sentence itself disposes of any denial the 170 ships were not a Christmas present. Trusting the U.S.A. will not bring the matter up again, we remain, very truly yours, etc., etc."

RACE CHART STUFF Roman Law... Hard to beat. Picnicker... Not in shape. Seventh Fleet... Powerful factor. Auditing... Figure horse.

American families are spending much less for clothes than they did twenty years ago, the Dept. of Commerce reports. Since the Government began taking our shirts, only the pants seemed essential.

HOUSEHOLD HINTS

Tasty Polish Beets can be pickled in a sugar-vinegar syrup and used as a tasty and nutritious relish with meals.

Pickles After eating fresh watermelon save the rinds, for they can be used to make tasty pickles.

Peaches Fresh peaches, when they are at the soft ripe stage, should be kept thoroughly refrigerated—either covered or uncovered.

Summer Salad Combine 2 cups of potato salad with 1/2 cup diced cooked ham and four quartered, hard-cooked eggs for a different summer salad.

Cool Drink Try mixing orange juice with gingerale, sherbet, or ice cream for cooling summertime drinks.

Food Value Slicing or dicing vegetables shortens the cooking period but also lowers the amount of food value you will receive from them.

UNTIL SEPT. 22 ONLY FOR SALE: 500 acres of the finest bottom land in Kansas. Absolutely no overflow. Modern dwelling, tenant house, large barn 3 silos, and excellent out buildings. 100 acres of pasture. This is wheat, corn, soy bean, and alfalfa land. Electricity and plenty of excellent water. This is Arkansas River bottom in Wichita vicinity. Priced at \$125,000.00. Owner retiring and will carry large loan.

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons BY DR. KENNETH J. FOREMAN

SCRIPTURE: Isaiah 60:1-3; Acts 1:4-9; 8:4-5, 26-29, 35-38; Romans 15:14-23. DEVOTIONAL READING: Romans 1:8-16.

Into All the World Lesson for September 30, 1951

SO YOU don't believe in missions? That's a position not easy to defend, if you make any show at all of being a Christian. Can you be a business man and not believe in customers? Can you be successful and not want to expand your business? "Missions" is a name given to the growing edge of Christianity, a name for its expanding program. It is a name that stands for everything we believe in as Christians. It stands for the proposition that Christ is the answer to all the world's needs, not yours and mine alone. Christ died for the world, not for the western hemisphere or the democracies alone.

Greatest Missionary Religion THERE ARE religions you cannot "crash," no matter what you do, unless you are born in them. For example, either you were born the child of a Parsee, or you can't ever be a Parsee. Again, there are religions which you can join if you insist, but nobody is going to try to talk you into it. Take it or leave it. Hinduism is one such religion.

But there are three missionary religions, religions that set out to claim all the world for their territory; besides Christianity these are Buddhism and Mohammedanism.

Buddhism is 600 years older than Christianity, Mohammedanism some 600 years younger; but neither has spread into so many corners of the world as our religion has; neither has won anything like Christianity's number of converts.

Pessimists Are Always With Us IF THE first Christians had not believed in missions, where would we be? Where were you ancestors when Christ was living on earth? If you are descended from any of the nations of Europe north of the Alps mountains, or from Africa, then at the time of Christ your ancestors were a barbarous lot. Using paint about as much as clothing, their favorite sports getting drunk and savage fighting, they had contributed nothing whatever to civilization.

Or, if you are descended from the peoples of western Asia or around the Mediterranean, then at the time of Christ they were civilized, but time was running out. The Roman Empire, which looked as if it might endure forever, was doomed, even though its final death-knell was still 300 years away. But decay had set in.

If you had been a church member in Antioch when Paul was the foreign missionary pastor sent out by that congregation, you could have thought of all sorts of good excuses for not supporting him or his work. "Why bother with those heathen?" you might have said. "As for the nations around the Mediterranean, they are on the way out. Even if they take to Christianity, it will be only a shot in the arm. It won't save them from the crash.

As for those savages up north and out west (you would mean, in the countries now known as France and Spain), what have they ever amounted to? They haven't asked for missionaries; they will probably kill them if we send them. Sending missionaries or spending church money on those people is just throwing it down a rat-hole."

Missionaries Once Came To Your Home Town LOOK over the churches in your home state, whatever it is. You will find, on investigation, that most of them, however large and prosperous they are now, were once "home mission" churches, set on their feet through the generosity of older Christian communities.

Without missions the Christian church would never have lived; if it ceases to believe in missions it can still die.

The secret? There is nothing mysterious about it. Read what Paul said and see how simple it all is, at heart. The preaching of the good news of God; the enthusiasm and heroism and determination of the missionary; the inspired ambition to do something for God that was never done before; the two-way contributions, of older churches to new and new ones to old; and the circle of prayer uniting Christians everywhere, old and new. That is what made missions work; then, it is what keeps missions going on now.

Closet With Fabric Door Fits in Any Odd Corner

THIS closet with a fabric door on a shade roller fits in any odd corner. Pattern 256 shows you exactly how it is built; gives an actual-size pattern for scallops; a list of materials required and directions for making the zipper laundry bag. The price of pattern is 25c.

Not one single case of throat irritation due to smoking CAMELS! —that's what noted throat specialists reported in a coast-to-coast test of hundreds of people who smoked only Camels for 30 days!

This Nebraska Farmer Says: "FIRESTONE OPEN CENTERS FOR ME" "I farm 320 acres of bottom land. Sometimes it gets pretty dry and hard, and other times it gets soft and sticky. I like the Firestone Open Centers for my farm because, no matter what condition the ground's in I can always depend on them to do a good job. In my opinion they're the best all-around tires a farmer can use." Glenn Stauffer, Meadow Grove, Neb.

AMONG THE OPEN CENTER BUYERS MORE AND MORE FARMERS CHOOSE Firestone CHAMPIONS

FROM across the road all open center tires look about the same, but from a tractor seat farmers soon see why the Firestone Open Center outpulls all other open center tires.

Watch a Firestone Open Center in operation. You can see how the sharp taper of its bars makes them bite their way into the ground... You can see how the curved design of the bars makes them cup the soil for a stronger hold... You can see how the flared openings between the bars let the soil fall free to keep the tread clean. You'll find the Firestone Champion the best open center tire you can use.

Of course there are over a million farmers who would rather have a traction center type of tire, and if that's the kind you prefer, get the one and only Firestone Traction Center.

Always Buy Tires Built by Firestone -- the originator of the First Practical Pneumatic Tractor Tire. Enjoy the Voice of Firestone on radio or television every Monday evening over NBC. Copyright, 1951, The Firestone Tire & Rubber Co.

GALVANIZED IRON TUB inverted over wood frame makes good chick hover. Heat is supplied by electric bulb using pie pan as reflector. Cloth around lower edge of tub retains heat inside.

Mrs. Goule Released From Dumas Hospital

Mrs. Ernest Goule was brought home in the Wilson ambulance Sunday from the Dumas Memorial Hospital where she has been a medical patient since the first of the month. She was injured when she was thrown from a run-away horse.

Minute Meditation

(By Ferguson C. Polycutt)
Old Time Religion
 It is natural that most of us desire to be "modern." We live in a fast moving and scientific century. In our efforts to be "up-to-date," we will do almost anything to avoid being classified "old fashioned" or "back-numbered!" And herein lies a real danger. There are many values inherent in our heritage that should be cherished. And it is well, that in our desire to be "modern" we do not overlook some of these positive contributions of past generations. In the face of so much religious apathy apparent in our present culture, it is not surprising that the cry for a return to The Old Time Religion is frequently voiced. Certainly, in view of our present international situation, a universal return to religious living is imperative. "We must go back to the old time religion," is the general consensus. But, the question arises, "Just what is meant by 'old time'?" How far back must we go?

To my way of thinking, we must go back to the basic principles underlying Christianity. That means, then, that we cannot stop with Jesus; but must go back even before the time of the great Old Testament prophets, to the Ten Commandments given to Moses by Almighty God.

The Ten Commandments are not outmoded, as many would claim in our present age. They are still vital and basic to any real religion. They are as contemporary as the hour. God spoke to Moses out of the thunder and smoke of Mt. Sinai. Through these many centuries, man has not broken them. They are as solid as the rock upon which they were first inscribed! But, how often man has been broken by them!

Yes, the Ten Commandments are bed-rock foundation to The Old Time Religion. And a world wide return to religion based on them is urgent! This does not leave our Lord out of the picture. On the contrary, He built His Teaching upon them, adding to them and re-interpreting them in many instances. Jesus and His Way are still needed in our world. We need to return to His Religion, which definitely can be labeled "Old Time!" We need to return to the kind of religion that will dig down deep into the souls of men and require that they live in obedience to the commandments of God!

Hypnotic Highways
 Studies by medical men and psychologists have been proposed to find out whether or not highways can hypnotize. If modern highways do not provide sufficient breaks in driving monotony the driver will go to sleep. In order to divert attention drivers have been urged to turn on windshield wipers and listen to radios. This combats smooth rhythm of cars, lull of motors, and dull scenery which tend to induce sleep. Slated to be testing ground is Pennsylvania Turnpike.
