BY THE OLD TIMERS

From Mrs. J. H. Jones, Clanton, Alabama: I remember 74 years ago when I was in school. I had to walk 3½ miles every day to attend. I had only one book, a blueback speller. We used slates and a pencil made of rock. The school was only a small log cabin. In those days we had to spin and card the wool to make our clothes. There were 16 children in our family and we all had to work, but we had a very happy home.

From F. M. Masters, Washington, D. C.: I can remember when photographers didn't always make the women "smile" (as they call it) when they were photographed. They always look like they are going to bite you.

From Jessamine S. Burgum, Arthur, N. D.: I remember when oxen and mule teams crossed the prairies in caravans of 70 yolks, carrying freight; when steam boats were also freight carriers to the forts along the Missouri river. Wood furnished the power to run the steam boats. Wood yards were along the river banks and bands of woodchoppers cut logs from the forest lands on the river bottoms.

You may be bitten by a radioactive insect before winter, but scientists say the bite won't be any more troublesome than usual. The scientists are "tagging" the insects with radioisotopes so that they can use Geiger counters to check their travels.

F. F. A. News (Mr. Lamb)

The F. F. A. boys working with -H Club Members and Adult Committees are rejoicing over the success of the Sherman County Fair. The Agriculture boys spent most of last week getting the barracks and the bus barn ready for the entries in the fair. They spent Monday cleaning up the aftermath of the fair. For the Ag. boys it wasn't all work, however, for Saturday morning the boys with club calves had an opportunity to show the people of Sherman County the progress that they had made with their calves. Eight calves placed in the blue ribbon division. Four calves in the red ribbon division and two calves placed in white ribbon division. Johnny Summerour, showing a calf from his own herd, stood at the top of the class. Gay Judd, 4-H club girl, showed a polled Hereford and won second in the blue ribbon class. Even though the number of calves shown was only half of the previous years, it was generally agreed by Charley Watson, the livestock judge,

YWA and Intermediate GA girls will meet at the First Baptist Church at 7:30 P. M. on Wednesday. The meetings were formerly held on Mondays.

CWF Ladies Have Luncheon

C. W. F. ladies of the First Christian Church met at 1:00 o'clock Wednesday for a luncheon in Fellowship Hall. An executive meeting was held in the parlor at 1:45. Mrs. John Reaves opened the regular meeting in Fellowship Hall at 2:30.

Mrs. Elmer Hudson gave the treasurers report. Mrs. Odis Bryant read a letter from the Living Link Missionary in Paraguay, thanking the C. W. F. for the gift of money she received while visiting here in June.

A motion was made and carried to have a 12:00 o'clock luncheon on the third Wednesdays so mothers can be home when school is out.

Miss Vida Elliott, a returned Missionary from India, will fill the Christian Church pulpit Sunday morning, September 27. Visitors of all churches will be welcome to come and hear her speak.

Mrs. W. G. O'Brien conducted the devotional on the subject, "Faith."

"My Faith Looks to Thee," was the opening song.

Scripture reading by Mrs. W. G. O'Brien was followed by a solo, "Spirit of God," by Mrs. John Reaves. An offering of \$81.35 was presented.

Subjects discussed were: "To Live by Faith," by Mrs. Herbert Folsom, "Kagama a Man of Faith," by Mrs. Folsom, "Women Like you and Me," by Mrs. Bernard Dovel, and a dialogue of "How to Live by Faith," by Mrs. L. L. Lyon and Mrs. Bob Stublefield.

is one of the tougher cuts of meat and moist heat is necessary to cook it tender.

2. Keep milk in refrigerator at all times for retention of food value and flavor. Sunlight destroys the Vitamin B content. 3. Serve a custard sauce over stale cake for a quick and easy dessert.

Food For Children

Give children small servings, remembering that big amounts may be discouraging.

Miss Lucile King. County Home Demonstration Agent, says it's better for a child to form the habit of cleaning his plate and asking for a second helping, if wanted.

Introduce a new food to a young child in simple tastes, and, at the start of a meal when he is hungry. If he doesn't like it at first, try another day.

Goethe described architecture as "frozen music."
