### BUCCANEER LAFITTE

LaFitte was the South's most famous pirate - a glamorous and romantic figure. Born in Bordeaux, France, of a well-to-do family, Jean LaFitte ran away to sea before he was seventeen. The U. S. Government forced him from his first kingdom on the island of Barrataria in the Mississippi Delta, and in 1817 he and his men landed on the Island of Galveston and took it for their own. Jean LaFitte stayed on, ravaging the Spanish ships of their golden cargo until 1821. It was after his men had captured and burned a United States Merchant Marine that he was evicted from Galveston forever. Men still dig for his buried treasure along the southern coast.

MRS. H. L. McMAHEN says:

"A freezer is a real help around the house. I can serve quick meals-and use out of season foods. And, as for 'Curly's' hunting and fishing trips, I'm like any wife, I sure enjoy eating what he shoots and meat around whenever that's just what I feel like eating. I can live last year's fishing and hunting trip over again, and enjoy a good meal to boot. I recommend a freezer to anyone who goes hunting or fishing."

A sportsman like Mr. McMahen gets a real pleasure out of sharing his catch with friends. And Mrs. McMahen finds it easy to prepare a fish dinner in a hurry. Right after the catch, she puts cracker meal on the fish, cooks and freezes them. When friends drop in, a fresh fish dinner is just a matter of warming an already prepared meal.

Keep the pleasure and good eating of your hunting and fishing trips all year round. Keep your fish and game in an electric home freezer.
