NUMBER 6

By DON HOUK

ready to go to press.

Clyde Hudson, appointed judge of Sherman county early last year, has some news of interest to everyone.

Some judges must seek election in the first general election after their appointment. However, a county judge must serve the entire unexpirted term for which he is appointed.

The opinion was written by John Reeves, assistant attorney general, and was in answer to a letter sent to his office by Ed Coons, Sherman county attorney. Mr. Hudson was appointed to fill

year term to which R. C. Ferguson had been elected in the fall of 1954. The Sherman county judge by virtue of that opinion is serving a term that expires Dec. 31, 1958.

Public schools Week will be Mar-5-10. It receives support from the PTA, Lions club, American Legion and its auxiliary and the

District board of trustees in a long regular meeting last Thursday reelected R. W. Standefer, Jr., superintendent of schools, and conducted other business.

Mr. Standefer was given a twoyear contract and, on his recommendation, H. T. Galloway, high school principal, and Hugh Stewart, grade school principal, were given two-year contracts by the board.

Other points covered were a PTA committee request, athletic injuries, a teacher sick leave policy, filing of school board minutes in the Sherman county clerk's office and discussion of a telephone switchboard in the school.

A letter from a special PTA committee, Mrs. Betty Lasley chairman, Mrs. Jane Guthrie and Mrs. Nell Roberts, members, was read. The proposal was discussed and tabled for future considera-

STRATFORD, TEXAS

GARRISON

THIS WEEK'S GUEST COLUMNIST . . .

CRYDER BRAYSHAW MINISTER, FIRST CHRISTIAN CHURCH

The great depression in the late 1920's and the early 1930's put values down to rock bottom prices. If you had just a little cash you could buy most anything at very reasonable prices.

During the 1940's and 1950's inflation entered the picture and values soared for above reason. We did handle more cash, true, but it took a millionaire to purchase some of the commodities that we would appreciate having in our possession.

However, during the depression and during the inflation the life and soul of man did not fluctuate either up or down. They are still the most valuable possession of

The price placed upon them is still the same for us who live in America. NO CHANGE! But the life and soul of man means nothing in the minds of some people. Sacrifice of one, or of thousands, accen't matter as long as the minority is getting its desire satisfied.

Christian America is different n that she has placed the life and soul of man at the top of the list. We believe that is the way it is in the eyes of God; that it is that way in heaven, so we want to keep it thatway here.

I believe that TRUTH AND FREEDOM require safrifice, and that has been proven in the past history of our nation. I believe it will be necessary for us to make definite sacrifices in the future.

But, whatever the cost, I am opposed to the lowering of the value on the life and soul of man.

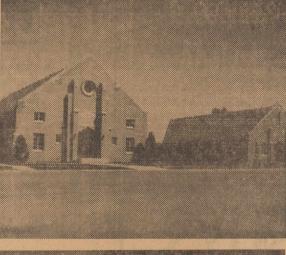

The church has a definite stand to take in this matter, in that it is the churchs' responsibility to keep the values high and train the minds and hearts in the right direction that will remain true in the future.

Woe be unto the church or individual that allows these values to decrease and points the soul to the downward path... I think Jesus would say, "GET THEE BEHIND BE IN THE CHURCH OF YOUR CHOICE SUNDAY.

Easy way to break the small car habit!

It's the hardtop buy of the year with the most power and size per dollar of any car in this style.

If you're accustomed to buying in the lowpriced-three range, chances are you're paying for Pontiac's size, performance and distinction but you're not getting it! As a matter of fact, you're not even coming close!

Where else at a price so low can you enjoy bossing the most modern, most advanced power plant in the industry—the mighty Strato-Streak V-8?

Where else at a price so low can you get the luxury of Pontiac's optional Strato-Flight Hydra-Matic-America's newest, smoothest automatic transmission?

Where else at a price so low can you find a big 122-inch wheelbase, such luxurious interiors and all the other fine-car features that put you so squarely on even terms with buyers of far costlier cars? Come in and see how easily this heart-lifting Strato-Streak beauty can be yours. Once you do, you'll be out of the small-car class forever!

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!
