#### **Three Methods** For Killing Crab Grass

There are three methods of killing crab grass with applications of herbicides:

One method utilizes chemicals that will kill crab grass plants during germination. However, crab grass plants do not germinate all at once. While most of the seeds germinate in the spring, some germination will take place throughout the summer, even as late as September. Consequently, such herbicides must be applied at repeated intervals during the summer to insure adequate control.

A second method is to apply a selective herbicide on the lawn

which will kill the growing crab grass plants without excessive Luther, Ada Mae, Billy and injury to turf grasses. Desirable broad leaf turf plants such Loyce Ann, Nella Beth, Robyn as dichonda are seriously injured by most of this type of selective herbicide. Many grassguson, Vance, Ruth, V. ### GOVERNOR OF TEXAS

### Look At His Record

As Speaker of the Texas House of Representatives, as soldier in his country's Army, as attorney general of Texas and as this state's junior United States Senator, Price Daniel consistently has given Texans intelligent, able and honorable service. His record bespeaks his personal and political integrity:

His successful fight for the Texas tidelands, revenue of which he helped win back for public schools of Texas, was perhaps his greatest achievement;

He has constantly for for states' rights and has long advocated the adoption of every legal resort to restore and protect the sovereignty of the states. Active in legislation since he was first elected to public office in 1939, Price Daniel always has steadfastly resisted and was among those who defeated a state sales

He served Texas as its Speaker of the House when elected to that post in 1943. He waived legislative immunity and enlisted in the Army as a private. He emerged as As attorney general for six years, Price Daniel capably handled the responsibili-ities of the "lawyer for Texas." He fought organized crime and vice and monopolies.

More recently as United States Senator Price Daniel led a crusade against the nationwide narcotics traffic, as a result of which more stringent laws are being written.

Price Daniel Knows And Understands The Problems Of Sherman County

### Look At His Platform

The Price Daniel kind of government has been outlined in a platform which squarely meets every major responsibility of today's government. Included in his platform

A Long-range water conservation program; A reappraisal of the state tax structure, with sales and income taxes at the bottom

of the preference list;

Stricter regulations of corporation endowed with the public interest; Better labor-management relations and an aggressive program for bringing yet

Increased old age benefits;

School improvements, including higher pay for teachers; A strict lobby registration law; He has endorsed 90% of parity and pledges a vote in agricultural affairs to the best intereset of the farmer,

He has pledged support of our own Sherman County Gas For Irrigation Fight.

He has and will support interests of Sherman County Royalty Owners.

And, most important, he seeks simple honesty and integrity in the halls of state government, together with formation of a non-political investigating board for the

probing of alleged official misconduct. Price Daniel Knows And Understands The Problems Of Sherman County

Literally speaking, this might be true, because we do not own the Suez Canal Company or stock in it. But let us not be naive to the extent that we tell ourselves that the United States does not have a stake in this situation. In fact, a great deal is at stake, materially and otherwise. Many people think that the Canal would never have been seized if this country and England had provided the loan for the present Ruler of Egypt - Nasser -to construct the Eswan Dam on the Nile River. It presently appears that the Aswan Dam matter was a political chess game between this country and Britain on the one side, and Russia on the other. The U. S. - British Team concluded that Russia did not intend to furnish the money for this project. They then served notice on Nasser that the money would not be available from the United States and Britain. It was generally thought that Nasser had strengthened his position of leadership with his people by selling them on the probability of the dam being built. Hence, when construction funds were denied him, his entire Administration was at stake. Some of the analysers feel that Russia did not take the position of absolute refusal of funds to Nas-
