12 Siren Blasts Signal Disaster

Twelve siren blasts of the fire siren will signal an approaching siren will signal an approaching it was announced this week by Claude Fedric, fire department chief.

The arrangement for this precautionary measure has been taken by city officials in cooperation with volunteer fire department personnel. Possible tornados usually make their appearance in the Texas Panhandle during the summer months.

During storms it is possible for wires controlling the fire alarm to be short circuited. In this event, the siren will blow continuously, and should not be confused with the 12 distinct blasts which may signal the approach of a tornado or a disaster.

FRED GREEN WINS ELKHART INVITATION GOLF TOURNEY

Fred Green won the championship title of the Elkhart, Kansas invitation golf tournament Sunday. Green played the 27 hole country club course with an even par of 102 strokes.

H. L. McMahan represented Stratford in the tournament also.

Lions Club Raises \$116 For Crippled Children

Tackle Price Forecasting

Golf Players Will Meet June 2

A meeting for further organization of Stratford golf players will be held at 8:00 p. m. in the American Legion Hall Monday, June 2. All those interested in becoming members of the club are invited to attend. Memberships which will allow members of the entire family to play on the golf course which is being constructed three miles east of town are being sold for \$25.00.

Leaders in the movement say that prompt payment of membership fees is needed to help defray the expenses of preparing the nine hole golf course. All the fairways of the golf course have been mowed. Locations for the greens have been cut out, and an entrance to the grounds which includes a culvert, has been built. Markers and rakes are being made.

Golf enthusiasts hope to set the date for the opening of the course at the meeting to be held June 2.

Doane Agricultural Service reported today that work was nearing completion on the price forecasting phase of the agricultural study presently being conducted for Sherman County.

John King, who heads Doane's price team, is supervising ten-year price forecasts for the major crops being produced in Sherman County. Information on what may be expected in the way of prices for wheat, sorghum, cattle and other commodities is vitally necessary before sound recommendations can be made on expansion of farm and ranch production in the area.

As might be expected, the price of wheat will be closely tied to governmental action. Hence, an estimate of what can be expected in the way of future prices of wheat, must include a prediction of what the government might be expected to do. Unfortunately, this is most difficult, even for the most talented price forecasters.

King reports, however, that supply and demand factors have a much greater influence on other Sherman County products. Hence, more reliable estimates are possible.

The information being gathered by the Doane price forecasters will be used to help determine the enterprises that can be expected to return the most dependable profits to farmers and ranchers in the area. It will also be used to determine the best use of the agricultural products produced. For example, if future prices for a grain such as sorghum can be expected to remain strong, adequate profits might be expected from a cash grain operation.

If, however, they can be expected to weaken substantially in the next ten years, King stated that greater profits may be expected by putting this grain through livestock.

In making these price studies, King said that major markets in the area have been closely analyzed. In addition, other markets that may prove to be dependable outlets for existing and yet to be established Sherman County products are being surveyed.

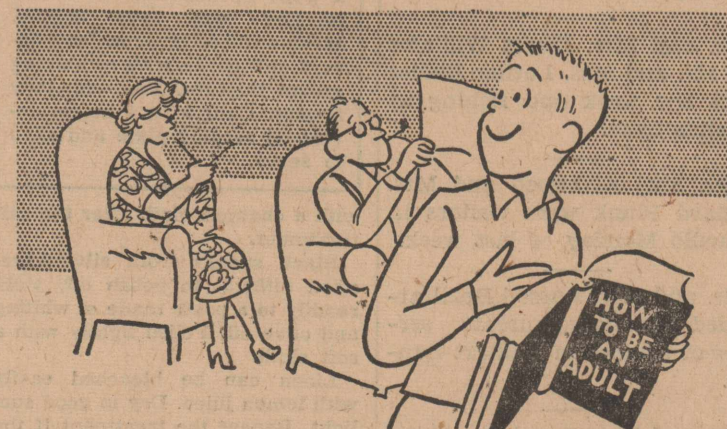

Although the results of these price forecasts will not be made (Continued on Page 6)

FOR AND ABOUT TEENAGERS

Seeking a Spot in the Adult World

By Clare D. Smith

A teenage boy asks: "How old do you have to be before your parents are convinced you are no longer a child?"

I don't think we can give a satisfactory answer here. In the eyes of some parents, their children never grow up, even after they

has attained or a singular event has taken place, a father might say to his son, "Today, you are no longer a child." It could happen in books, but not in life.

There is only one way for a teenager or near-adult to be accepted into what is termed the "adult" world, and this one way is through development as a mature, "grown-thinking" individual. You have to "show" people and, perhaps, as our teenager suggests, they are sometimes difficult to convince.

It is the wise parent who realizes that the average youngster will work hard at the job of growing up. Understanding and companionship go a long way toward making the transition a healthy and successful one.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

Farmers educational meetings on grasshopper control will be held in Sherman County June 2, 5 and 6. The meetings will be held at 8:00 p. m. at the following places:

Texhoma, Texas side school, Monday June 2.

Stratford courthouse, Thursday, June 5.

Spurlock Chapel, Friday, June 6.

Reports from farmers indicate that a serious infestation of hoppers are invading the county. Federal Entomologists making surveys in the county the last three weeks, report hoppers hatching in many areas over the county.

There are two programs being considered for controlling hoppers in the county this year. The range hopper control program is about the same as the one carried out in 1955 in the east part (Continued on Page 6)

"I bought my first ELECTRIC RANGE in 1928—out of a mail order catalogue!"
 says Mrs. E. B. McMahan
 BOISE CITY, OKLAHOMA

★ Mrs. McMahan insisted on clean cooking 30 years ago when electric ranges were something of a novelty. Her first electric range was only 27 inches wide, "But," says Mrs. McMahan, "It was clean — and that's what I wanted most."

Today Mrs. McMahan has a modern double-oven electric range with automatic control on both ovens. She has push-buttons, too, and bakes pies, 5 at a time, to put in her electric home freezer. This grand lady, who has kept pace with the advances in electric cooking, says of her electric range, "Nothing goes wrong and the porcelain finish is so easy to keep clean." In addition to her range, Mrs. McMahan has every modern convenience in her kitchen and laundry — all completely electric.

Trustees Consider Changes In School

A further study of school improvements recommended by the Hale-Aiken study group is

being made by the board of trustees of the local district. Approval of two additional teachers for next year was given the superintendent of schools. One of the teachers will be assigned to the seventh and eighth grade levels. This department will be departmentalized next year in five areas of instruction. These are Mathematics, English, Science, Social Studies and Reading with related subjects. The other teacher will be assigned to the high school to help cover additional subject offerings such as Spanish, Speech, Physics, Health Education, and Trigonometry-Solid Geometry which will be offered next year.

Further study is being made to building needs and repairs to the present plant. The high school heating system built in 1931 needs repairs. The lighting is also far below present standards for proper conservation of eye sight. The wooden windows and doors have badly deteriorated and need replacing to conserve heating and combat weather conditions.

Crowded conditions in the high school have forced the commercial department into the homemaking room. Shorthand and bookkeeping are being taught in a partitioned part of the homemaking department. Further crowding will occur as seven sections of science will be offered this fall in General

Science, Biology, Chemistry and Physics. Spanish and Health Education classes will also need room. In the elementary school Public School Music is currently being taught in the auditorium. There is no music room available currently and also no room is available for an elementary library for these students.

The Hale-Aiken group has made these recommendations to the local trustees for study. The committee felt that additional classrooms should be built and are necessary to further improve the local school system.

Preliminary plans by the architect are to be submitted to the board soon to cover classroom additions to both the elementary and high school buildings, as well as repairs and other improvements. The local district is probably in as good financial shape as any district in the area. These excellent conditions will make it possible to issue bonds favorable to the district. National financial conditions will make an excellent interest available now. These conditions and bond market conditions would make it possible to sell bonds issued at the lowest interest rate of any previous issues.

Pre-Nuptial Shower Given Thursday For Nellie Johnson

Miss Nellie Johnson was honored with a pre-nuptial shower from 3:00 to 5:00 Thursday afternoon, May 22, in the home of Mrs. Kenneth Kendrick.

The bride-elect's chosen colors, pink and white, were used in decorations and refreshments.

On the table at which Mrs. T. L. Taylor and Miss Molly Davis presided at the brides book, was a large ring of pink net surrounded by small rings to which were attached small corsages fashioned of net, ribbon and Lillie-of-the-valley. As each guest registered, she was presented one of the ring corsages.

Miss Johnson was presented a corsage of pink miniature roses and Mrs. J. S. Johnson, mother of the bride-elect, and Mrs. O. H. Ingham, mother of the prospective bridegroom, were given pink carnation corsages.

Little Miss Osa Kay Kendrick assisted Miss Johnson in opening her many beautiful and useful gifts. Mrs. Johnson registered the gifts, and they were arranged for display by Mrs. Cone Donelson, and Mrs. Earl Riffe. Mrs. Ingham stuffed the ribbons and bows from the packages into a pink net pillow cover.

The beautiful table was covered with pink net over pink taffeta with small pink chenille hearts and Lillie-of-the-valley, placed at intervals around the edge of the taffeta cloth. The centerpiece was a double standing heart decorated with pink net and white flowers, with an arrangement of pink peonies at the base. Balancing with the centerpiece were pink candles in silver candelabra.

Refreshments of cookies, nuts, pink mints and pink punch were served, with Mrs. O. L. McMinn and Miss Sonja DeBord serving the punch.

The hostesses were attractive in their pink net aprons with a corsage at the waist made and presented to them by Mrs. Johnson and Mrs. Ingham.

Hostesses were Mesdames O. L. McMinn, H. L. Halle, Lee Grimes, T. L. Taylor, George Jiffcoat, Cone Donelson, Ben Biddy, Leslie Parker, H. L. Mahan, Wayne Harding, Earl Riffe and Kenneth Kendrick.

Mrs. Jack Dettie took pictures during the afternoon.

Mrs. Wayne Cartrite Hostess To Southside Club

Mrs. Wayne Cartrite was hostess to the Southside Home Demonstration Club Tuesday. Mrs. Martha Ellison, president, presided over the meeting. Mrs. Baskin led two songs. Roll call was answered by suggesting some amendments to the state constitution.

Mrs. L. N. Naylor was nominated as a delegate and Mrs. Vernon Carter as an alternate delegate to the state T.H.D.A. meeting to be held in Austin in August.

Mrs. T. F. Baskin gave the program on laws that affect women.

Refreshments were served to nine members. Mrs. Campbell, the new county home demonstration agent, met with us. Members present were Mrs. Arthur Cartrite, Mrs. Neal Spurlock, Mrs. Joe Everett, Mrs. Don Ellison, Mrs. T. F. Baskin, Mrs. James Bradley, Mrs. Meritt Sweny, Mrs. Wayne Cartrite and Mrs. John Lavake.

The next meeting will be in the home of Mrs. Neal Spurlock on June 10 at which time the club will entertain the "Better Homes" Home Demonstration Club.

Pre-Nuptial Shower Honors Timmie Lu Williams

Miss Timmie Lu Williams of Amarillo, bride-elect of Max Johnson, also of Amarillo, was the guest of honor at a pre-nuptial shower Thursday, May 22, in the home of Mrs. M. Dortch.

Blue and white were the colors used in decorations and refreshments. Throughout the house roses and white iris were attractively arranged. On the table where approximately 50 guests were registered by Mrs. Conrad Riffe, two lovebirds hovered over an arrangement of pyracantha blooms.

As guests were registered, they were presented heart shaped corsages fashioned of net and centered with a tiny blue flower.

Corsages of white iris tied with blue satin ribbon were presented to the honoree, Miss Williams; her mother, Mrs. George J. Cannon

Jr.; the mother of the prospective bridegroom, Mrs. O. H. Johnson of Amarillo; Miss Lois Nance, of Amarillo; Miss Sue Ellen Flores and Mrs. J. P. Flores, who served sandwiches; and to Mrs. Jack Vincent and Mrs. Don Riffe, who poured punch.

Mrs. Cannon assisted her daughter in opening the many lovely and useful gifts which were registered by Miss Nance, and displayed by Mrs. Odys Bryant and Mrs. Conde Donelson.

Mrs. C. C. Plunk, dressed as a negro maid, furnished entertainment by telling the fortunes of the honoree and her mother, and by making witty remarks. A "Nut Fudge" read by Mrs. Ben "Nut Fudge" read by Mrs. Ben Biddy provided much merriment for the guests.

The serving table was lovely with a white nylon allover embroidered cloth with a deep ruffled edge and at each corner was a lace ribbon bow with streamers, centered with three white roses, from which hung two white wedding bells. In the center of the table stood a large white satin wedding ring, edged with a double ruffle of net dotted with tiny blue flowers. A miniature bride and groom stood in the lower side of the ring, while at the top, was a large blue and white satin bow. Silver candelabra holding white candles decorated with lace ribbon and a white rose, blue punch in a crystal bowl, a silver tray of decorated blue and white mints and a silver tray of wedding ring sandwiches, with the center of the top cut out to expose blue filling, completed the table arrangements.

Centering the buffet was a large bouquet of white peonies in a pink container in an antique silver basket. On either side of the basket stood a small duplicate of the wedding ring centerpiece on the table. On the top right corner of a large mirror hanging above the buffet, was a white feathered love bird. A white lace ribbon attached to

Nu Beta Sorority Entertained In Dettle Home

The Nu Beta Chapter of Beta Sigma Phi met in the home of Mrs. Glennelle Dettle for its last meeting of the year.

President Ronnie Dettle called the meeting to order and reported that the city council suggested that sidewalks be put in the park before grass was planted. It was decided that an estimate would be obtained on how many sidewalks could be run for \$300. It was moved that the order of the park list be flexible so that the most practical project could be completed first. It was reported that the light for the park would be installed in about two weeks.

The chapter presented Dorless Wells with a gift for perfect attendance for three years. The meeting was then turned over to the new president, Mrs. Georgianna Lavake. She made the announcement of the new committee heads for the next year. They include Bettye Lasley, social; Sue Howard, ways and means; Aline Judd, publicity; Charline Oquin, program; Gaynelle Riffe, service; Gaynelle Riffe, special float. The chapter voted to sponsor a summer dance as a ways and means project. The date for the dance will be set at a later date. Gaynelle Riffe introduced the

Casey-Price Nuptial Vows Read Friday

Wedding vows were exchanged at 6:30 p. m. Friday in the First Baptist Church by Alma Estell Casey and Douglas A. Price.

The bride is the daughter of C. H. Casey and the late Mrs. Casey, and the bridegroom is the son of Mr. and Mrs. Elmer Davis of Quanah.

Rev. M. E. Upchurch, pastor, read the service before an altar decorated with greenery and floor baskets of peonies.

Mrs. Kenneth Kendrick, organist, played a prelude of nuptial music, and accompanied Miss Nellie Johnson as she sang, "O Promise Me."

The bride, given in marriage by her father, wore a white streets length dress with white accessories, and carried a white bouquet of white carnations atop a white bible.

Miss Carol Moore, maid-of-honor, wore a light blue chiffon dress with white accessories and a white carnation corsage.

Don Burns served as best man. The bride's aunt, Mrs. Estes Hinson, who lives in the Casey home, chose for the wedding, a navy blue dress.

Mrs. Davis, mother of the bridegroom, wore a light blue dress with white accessories. Guests were registered by Mrs. Ralph Hampton.

Immediately following the wedding, the young couple was feted at a reception in Fellowship Hall of the church.

The serving table, laid with a hand crocheted cloth over blue, was centered by a beautiful bride doll. Miss Nellie Johnson served punch and Miss Jessie Mae Davis served the beautiful and delicious three tiered cake iced in white, topped by a miniature bride and groom and surrounded by greenery.

Guests were registered by Miss Carol Moore. Out of town guests included the bridegroom's parents, Mr. and Mrs. Elmer Davis, and sister, Mrs. W. Simpson, all of Quanah.

The bride has received all her schooling, except for a brief time, in the Stratford schools.

The bridegroom, who is employed by Claude Sloan, attended school in Quanah before serving in the U. S. Air Force.

Following a short wedding trip, the young couple is at home in Stratford.

Youth Conference In Lubbock On June 6

Methodists youth from throughout the Northwest Texas Conference are expected in Lubbock Friday, June 6, to hold their annual session at the First Methodist Church. The theme for the session is "Our Part In God's Work."

Program activities will begin at 9:00 a. m. with registration.

Texhoma, Texas Wins Battle For P. O. Listing

Texhoma, Texas will be listed in the July issue of the Postal Directory, it was learned this week in a letter from Congressman Walter Rogers to E. E. Coons. Texhoma, Texas won its right for recognition in a Postal Directory issued in 1951, but was dropped from the directory some time in the spring.

PRODUCERS TO DECIDE WHEAT PROGRAM FOR '59 ON JUNE 20

Sherman County wheat farmers will help make an important decision when they vote June 20 in the national wheat marketing quota referendum, R. C. Buckles, chairman of the county agricultural stabilization committee, states.

If at least two-thirds of the growers who vote in the referendum approve quotas for the 1959 crop, Buckles explained, the 1959 wheat program will include acreage allotments, marketing quotas (with penalties on "excess" wheat) and price supports at a minimum national average of \$1.81 per bushel, or 75 per cent of parity.

If the quotas are not approved by at least two-thirds of those voting, there will be no marketing quotas or penalties, but allotments will remain in effect as a means of determining eligibility for price support. The price-support rate would be about \$1.20 per bushel, or 50 per cent of parity, as provided by law.

Chairman Buckles pointed out that wheat marketing quotas and acreage allotments operate only in commercial wheat states; those with allotments of more than 25,000 acres. Texas has an allotment of 4,099,094 acres for the 1959 wheat crop.

Growers eligible to vote in the referendum are those who will be affected by the wheat quotas if they become effective. Thus, farmers who will have 15 acres or less of wheat for harvest as grain in 1959 and those who are taking part in the 1958 feed wheat program are not eligible to cast ballots in the 1959 wheat quota referendum of June 20.

Annual Dumas Dogie Days June 12-13-14

The old-fashioned, wild-west rodeo, long absent from the Dumas Dogie Days calendar of events, will be a feature attraction of the 1958 celebration which the Dumas Lions Club has slated for June 12-13-14.

Rodeos are not new to Dogie Days celebrations. For the first time, however, there will be adequate public seating, concession stands, newly completed rest rooms, and one of the most efficient, custom-made networks of stock pens and chutes in the Southwest.

Return of the rodeo, in the huge, new permanent arena, is only one of the many "extras" planned for this year's edition of Dogie Days, one of the most popular area celebrations in the Panhandle. Among the new attractions will be sack races, watermelon-eating contests, and the chase for three greased, 40-pound pigs which will be turned loose on the Court House square on Friday, June 13. "He who catches 'em — keeps 'em," explains general chairman Ted Powell.

Cowboys competing in the night-time performances won't have to worry about riding in a "cracker box" arena, or accidentally roping a fence post. The new arena also serves as the Lions Club's Little League ballpark.

A system of bright, professional baseball lights will assure spectators and contestants of seeing everything that takes place within the solid-wood fence which surrounds the arena. Though permanent seating facilities cannot be constructed in time for the 1958 celebration, the Lions have made arrangements for enough bleachers to accommodate the hundreds of spectators expected at 8:00 p. m. each evening.

Besides the usual rodeo contests in calf roping, bull riding, barrel races, saddle bronc riding, double muggin', and bareback bronc riding, the rodeo sponsors have slated cutting horse competition at each rodeo performance. An outstanding extra attraction will be Grandma Reynolds, an amazing animal trainer and trick rider from Fritch, Texas.

The sponsoring Lions Club emphasizes that participation in the big Dogie Days rodeo is not limited to Dumas or Moore County residents, but that every

effort is being made to promote one of the most outstanding rodeos in the Southwest area.

Stock for the rodeo will be furnished by Morris Stephens of Silverton, an old-timer in the rodeo business who guarantees plenty of action and thrills in every event.

Come in and be "Whisked"

Does the interior of your car sometimes look like a sand-trap combined with a rat's nest—with just a little touch of children's playground? Most cars get that way at one time or another... especially where there are kids and pets. If so, come in and be "whisked."

Whiskbrooming your car's interior so it is spick and span is just one of the little "extras" you can expect when you drive in to a Phillips 66 Station.

Another service your Phillips 66 Dealer will gladly perform is to clean your windows all the way around!

Ladies Flee Boxed Animal

A boxed animal in a corrugated box on U.S. highway 287 near the bridge south of Stratford frightened Mrs. Howard Etheridge and Mrs. Joe Billington Saturday afternoon. The ladies were forced to swerve from the right side of the road in order to keep from running over the box tied with binder's twine. Thinking someone had lost some of their belongings they stopped to pick up the box and bring it to Stratford.

When Mrs. Etheridge picked up the box she was alarmed by the movement of a live animal in the box. They left the box on the highway. Some one had moved the box before others returned to investigate.

A family driving in New Mexico recently stopped their car and picked up a similar box on the highway. The box was lifted into the car before it was opened. It contained a wildcat that inflicted injury on several occupants of the car before making its escape.

Motorists are warned that although it is possible that someone is placing harmless animals in boxes on the highways as a prank, it is advisable to determine what the boxes may contain before lifting them into private cars.

To Give Dogs Rabies Shots

A veterinarian will be at the City Hall Monday, June 2, to give dogs serum injections to prevent rabies. Dog owners will have an opportunity to have their pets cared for between the hours of 9:00 a. m. and 12:00, and from 1:00 to 4:00 p. m.

The arrangements for a veterinarian to be in Stratford were made by the city council. A city ordinance requires serum injection for the prevention of rabies among dogs annually. The precaution is taken to prevent the possibility of an outbreak of rabies such as have occurred in nearby areas.

public until the report is delivered in September, the information will be used by other Doane specialists working on other phases of the Sherman County study.
The Doane organization pointed out that the close coordination of the work of all these specialists should make the program being prepared one of the best agricultural development programs put together for any community.

Local Showers Aid Wheat Crop

Local showers fell over parts of the territory Tuesday night. In Stratford .76 of an inch was recorded. Rainfall was heavier to the west. To the east the rain varied. In some locations only a trace fell.

of the county. The Federal government will spray range areas at an estimated cost of 60¢ per acre. The government will pay one third of the expense and the land owner two thirds.

A new program in which the federal government will operate several ground crew units and spray roadways, railroad right of ways and small pastures. The government will pay one third of the expense and the farmers two thirds, however present estimates indicate that this program will be less expensive than the range program.

Entomologists advise that plans should be made to spray in Sherman County about the middle of June. At that time the hoppers hatching now will not have wings and all the hoppers can be controlled with one spray application.

The details of these programs will be explained at the above announced meetings and farmers present will be requested to make a decision on a county wide grasshopper control program.
