# Third Field Day Saturday

nual field day will get under way at 9:00 a. m. Saturday. Interested farmers and business men are asked to assemble at Enjoy District the high school where buses made available by Superintendent R. W. Standefer Jr. will be used for transportation on the tour. The tour is again being lock, Kay Spurlock, Ernie Dyess, sponsored by the Stratford Lions Club and the Sherman County

After leaving the school, the group will move to the Sneed-Eller farm two miles northeast of Stratford. The Sneed farm is the site of both wheat variety tests and wheat fertility trials. Kenneth Porter, wheat specialists with the Amarillo Experiment Station, has developed a wheat variety demonstration containing standard varieties as well as many experimental varieties. It is understood that at least one of these experimental varieties will be released to the farmer in the near future. This demonstration plot of wheat is

Dr. Kenneth Pope, soil specialist with the Amarillo Experiment Station, has developed an irrigated wheat fertility demonstration on the Sneed-Eller farm. The purpose of this work is to aid the experiment station personnel in determining the most economical level of commercial fertilizer for the Panhandle area.

All dry-land farmers in the county will be interested in the demonstration on the Eller-Shirk farm three miles east of Stratford. Here, Mr. Porter has planted the same varieties used in the irrigated plots on the Sneed-Eller farm, but they have not been irrigated. Dr. Pope and Mr. Porter will be in Stratford Saturday to make the tour, and will discuss their respective demonstrations.

From the Eller-Shirk farm, the tour will then move to the farms of Buddy Miller and R. M. Buckles. At these farms, the group will have an opportunity to observe two of the plots of sugar beets that were planted by Holly Sugar Co. of Colorado. The Holly Company came into Sherman County for the sugar beet planting, after having been contacted by the Doane Agricultural Service and the Sherman County Agricultural Development Association.

Vernon Bullard, office manager, made the presentation for G. F. Osborn, Texas State Administrative officer in the absence of W. H. Seale, ASC farmer fieldman, who was kept away by a previous engagement. A memorandum from Mr. Seale stated: "I regret that I could not make the presentation as planned. To me it would have been an honor, especially as Mr. Buckles has made many sacrifices to serve through the years in such an outstanding manner. Mr. Osborn and the State Committee ask that their congratulations be conveyed to Mr. Buckles at

the time of the presentation. I believe that you and the members of your staff know of my appreciation of Mr. Buckles serving on the committee and my admiration of him both, as a gentleman, and a well qualified farmer to direct and assist in the formulate policies of the ASC committee."

The service award certificate and pin were presented to Mr. Buckles by Vernon Bullard in the presence of H. A. Carter and W. H. Harland, committee members, Dan Powell, soil technician who serves the committee in an advisory capacity, and Mrs. Lester Plunk, ASC clerk.

### **Nellie Johnson** Is Bride Of O. J. Ingham

On Sunday, June 8, at 4:00 p. m., in a double-ring ceremony, Miss Nellie Johnson, daughter of Mr. and Mrs. J. S. Johnson, became the bride of Orris James Ingham, son of Mr. and Mrs. O. H. Ingham. Rev. M. E. Upchurch, pastor, read the service in the sanctuary of the First Baptist Church.

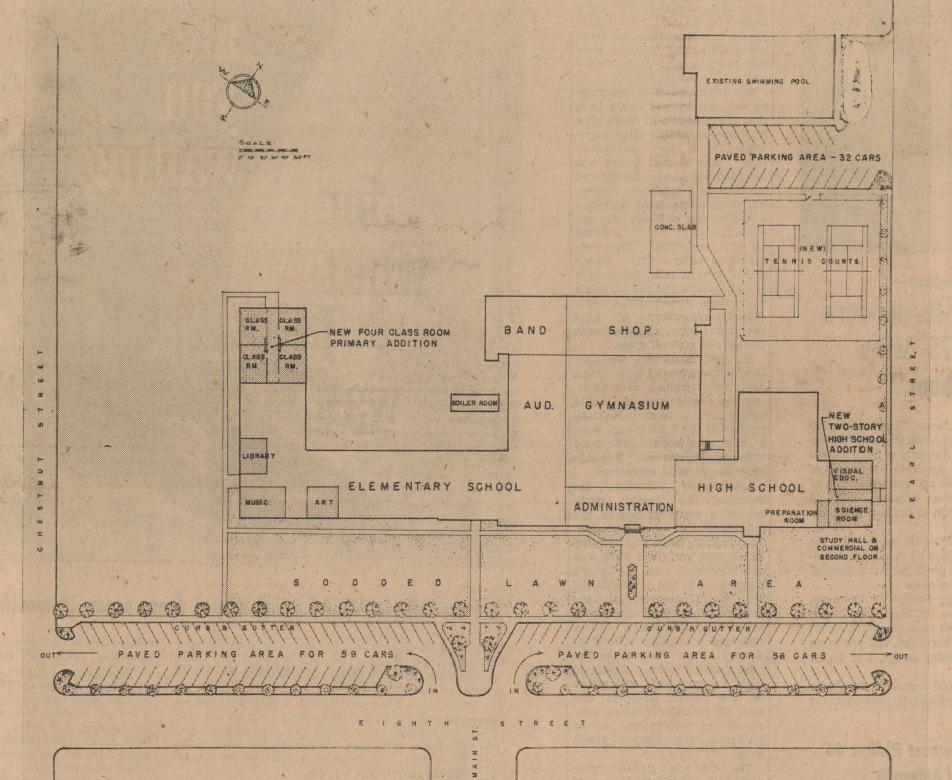

Miss Darla Jean Galloway, organist, presented traditional wedding music, before the ceremony, and Mrs. Bryan Burton. of Dumas, sang "Hand in Hand, Beloved", and "Because".

The vows were exchanged before a white satin-draped altar, flanked by jade and emerald palms in fountain arrangements with seven-branched candelabra holding white tapers. At the extreme edge of the altar, to complete the floral background, stood identical tall baskets of orange blossoms and white double peonies.

Miss Sonja DeBord registered the guests as they came into the sanctuary, and the candlelighters were James Johnson, brother of the bride, and Larry Norris, cousin of the bride. Susan Upchurch, ring bearer, carried the rings on a blush pink satin and tulle pillow trimmed with pink satin ribbon and pink rose Osa Kay Kendrick, flower girl, strowed petals from a white basket trimmed with pink tulle, satin bows and pink rose buds. Susan and Osa Kay wore identical dresses of blush pink tulle over pink satin.

The bride's attendants were Miss Gay Plunk, maid-of-honor, and Misses Betty Bradley and Glenda Green, brides-maids. (Continued on Page 2)

# County Wheat Ripening Fast

ripening wheat in Sherman County fields much more rapidly than had been anticipated. June 20 had been set by forecasters as the earliest possible day for combining wheat in the county. Harvest may be in full swing on this date with harvest completed before July 4, a date which in many years has been recognized as the busiest season of wheat harvest.

Rapid ripening of wheat in many fields may cut anticipated yields as rank growth has rapidly depleted moisture in the soil before the grain was properly developed. Some wheat will test the full 60 pounds while other fields will produce shriveled grain which will lower the test weight.

Early irrigated wheat and fields favored with the last two rains in the territory seem to be in the best condition. Although rank growth prevails in practically every field, yields may vary from 10 bushels up depending on the existing moisture condition of the soil in the fields.

Custom cutters normally have time to finish their work on the south Plains before moving into this area. The fast ripening on the High Plains may develop a shortage of combines during the early stages of the harvest

tered with rose buds. Bob James of Boise City, Oklahoma, was his cousin's best man, and groomsmen were Gary Dettle, cousin of the bridegroom, and Pug Gammon, Stillwater, Oklahoma. Ushers were Bill McMinn and Jerry Gallo-

The bride, given in marriage by her father, was lovely in a floor length gown of blush pink tulle over matching satin, highlighted by a silk embroidery trim. The shirred bodice was designed with an embroidered neckline and miniature sleeves. The very full gathered skirt over a double layer of blush tulle was embroidered in wedges running up into the skirt. She wore matching mitts The bride's veil of French tulle, fell from a tiara of pearls and she carried a white Bible topped with a heart shaped arrangement of pink sweetheart roses, showered with garlands of pink elf roses.

For her daughter's wedding. Mrs. Johnson wore a blue sheath dress with white accessories, and her corsage was of white carnations. Mrs. Ingham, mother of the bridegroom, wore a champaign linen sheath dress with pink accessories. Her corsage was of pink carnations.

Immediately following the ceremony, the bridal party formed a receiving line in the fellowship hall of the church. The serving table was covered with a pink and silver cloth, and was decorated with the bride's bouquet and the attendants' fans, which composed the centerpiece, and silver candelabra which held five white candles, entwined with white and silver flowers. The lovely three tier pink wedding cake, decorated with pink rose buds, was served by Miss LaRuth Kendrick, and Miss Barbara Carol James, cousin of the bridegroom, served pink punch from a crystal punch bowl.

The bride was a popular member of the graduating class of Stratford High School this year. The bridegroom graduated from Stratford High School in 1955, and attended Oklahoma State University, Stillwater, Oklahoma, where he was a member of Sigma Nu Fraternity. The past year, he attended Panhan-

#### Let me tell you what I saved when I drove a new Plymouth...then bought one!

Just like a lot of other people, I was putting off buying a new car . . . even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth ... and choice of models besides ... hardtops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra

cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars.

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas Economy Run. A

car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The stamina to stand up without nagging adjustments and big repairs . . . a car as much better built as it is better looking!

Any wonder I quit waiting? Take my tip ... get your Plymouth bargain right now.

Today's best buy...tomorrow's best trade...

Though they average only four feet in height, they are extraordinary hunters, with amazing strength and stamina.

According to Ace Williams, noted African explorer, hunter, photographer and producer of travel and documentary films, "The Pygmies regard salt as a rare delicacy because it si virtually unobtainable in this particular section of Africa. That is why we pay them in salt; anything from a generous pinch to a small handful, according to the amount of work they do. They can gobble it down by the handful!

"In past years, we have paid them in rock salt. But on my most recent safari, as a "field test", to pay them in fine salt we used Airko moisture-proof shakers we purchased at an outlying trading post, a jungle "five-and-dime."

"Since the Ituri Forest is right on the Equator, the climate there is constantly hot, damp and clammy. The fact that fine salt would actually pour freely at all times from these new shakers was as surprising a miracle to us as it was to the Pygmies."

# PAMC Church Choir Workshop July 7 To 11

GOODWELL - Phone calls and letters concerning the Church Music Workshop, scheduled for July 7 to 11 at Panhandle A. & M. College, indicate a peak enrollment, Milton Bradley, head of the division of music and director of short-courses at PAMC said this week.

The Workshop is a cooperative project of Panhandle A. & M. College and the University of Oklahoma. Instructor will be Miss Mildred Andrews, professor of music at Oklahoma University. The Church Music Workshop is designed for all church musicians, organist, accompanists, choir directors and choir members, Bradley stated. It is being offered as a non-credit workshop. Enrollment will begin at 8:00 a. m. on Monday, July 7, in Hughes-Strong Auditorium on the Aggie campus. Room and board at the college is available for \$10.50 for the week and reservations may be made at the time of enrollment.

## My double oven ELECTRIC RANGE gets me out of the kitchen says Mrs. P. R. Garre, 4212 GEM LAKE ROAD, AMARILLO, TEXAS And that's good. For when this vivacious

Your Reddy Kilowatt dealer has a bonus for you if you see a demonstration of his electric range in his store. He'll give you a certificate good for two bug lamps at any Public Service office. Yellow bug lamps, which fit ordinary sockets, eliminate most of the light that insects see, yet provide a soft, comfortable light for outdoor living.

and attractive doctor's wife is out of the kitchen, she's spending much of her time making her community a better place to live. Time is important to Mrs. Garre. In addition to being a fine mother and homemaker, she is a working leader in the P-T-A, Amarillo's Child Guidance Center, The Family Service of Amarillo, and The Potter-Randall Citizen's Committee. You'll find there's more time for you - and the things you want to do when you cook - and live - better electrically.
