

# Loboes Out To End Losing Streak Friday

## MORE POWER FORESEEN FOR CISCO ELEVEN

With only two days remaining before their game with the Big Spring Steers Friday night, Loboes are making final preparations for the contest that may stop their losing streak and again put them into a favorable light in the Oil Belt.

The Loboes likely will have more strength in Friday's game than in any since the opener against Electra and should be ready to give the Steers a real battle.

Popeye Beasley, who has been out of the game since he was hurt in the Electra affair, may be back. Other members of the team are in fair condition to shoot their full strength at Big Spring.

## STEER GRID STOCK HITS NEW HIGH

**SPECIAL TO Daily News**  
BIG SPRING, Oct. 16 — Steer grid stock has risen from the depths to a new high with the return of J. W. Coats for practice.

Coats, a back, is expected to bolster the secondary at least thirty per cent. He has not reported for practice for several weeks because of illness, but looked as good as ever as he booted the pigskin around Monday.

Coats may replace Grey as full-back coach, although Grey will probably see considerable duty as a sub.

Madison, who was given a trial in the backfield as a half, has been sent back to his guard position. He suffered an ankle injury in the Fort Worth game that will keep him out of heavy work this week.

Young lanky Morgan is giving "Sleepy" Jones a stiff battle for a wing position. Unless Jones improves his blocking Morgan may replace him.

Bristow expects his cohorts to be improved 50 per cent when they take the field against the Cisco Loboes here Friday night.

Although the Cisco record has been poor, the Loboes have been improving and the game promises to be a tussle.

**HARRISBURG, Pa.**—Eighth grade enrollments in Pennsylvania's public schools have shown the largest percentage increase in 10 years, according to the State Department of Public Instruction.

## BIG DAM CHATTER

Cisco has traveled a long way from the style of football used in 1923, '24, and '25 to the present open game with backs scattering about over the field for lateral passes and everybody on his toes to stop spinners and reverses.

Back in those days the team was husky. It had to be. And it used that weight to drive through its opponents. The Loboes used to hit the tackles, smash at the middle of the line, and then drive at the opponents. That wore down the Loboes, but it wore down the opponents, to a certain extent, and the final test was which team it wore down first. The Loboes usually came out on top.

Back in 1932 the Loboes used a tandem formation in the backfield until they met Abilene one day in a game that changed the whole course of Oil Belt football. The Loboes had been using a new formation in secret workouts. They had adopted something that no other team in the Oil Belt was using—a shift.

When they met Abilene on a muddy field they used that shift and Abilene went right ahead and won through its aerial game. But the Loboes had scored in that 19 to 7 contest, and they were the only team in the state that crossed Abilene's goal line that season. They had a taste of real football, and the next year they beat the Eagles on their own field. They used the same driving plays and a strong defensive line.

The Cisco teams were noted for a strong defense, but that defense would hardly be adequate against a present day team using many forward passes, laterals, and reverses and mixing them up in a baffling jigsaw puzzle. At the same time, however, the modern defense might not work better against the old off-bang-crash tackle busting offense.

The game has changed a lot since 1923 and the spectators have been richly rewarded for coming out and standing in the mud that day to see Cisco go down before Abilene's state championship team.

One of the interesting things to note about the Cisco teams of early Oil Belt football and the present Lobo machine is that they run their vastly different plays from almost exactly the same formation.

The same formation, the boys shifted into as a big surprise for Abilene as the one they shift into today, only it's not quite so close to the line. But where the Lobo backs grabbed the ball and followed a heavy line into a crushing pile-up, they now pass, laterally or forward or use a sudden change of direction to thrust at an unsuspecting weak point.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 26.

## RICE FANS SEE HOPES FOR BID TO ROSE BOWL

By HENRY SUPER  
United Press Staff Correspondent  
NEW YORK, Oct. 16 — Pints and passes!

Lloyd Cardwell, Nebraska half-back, weighs 190 pounds, stands 6 feet 3 inches and can run 100 yards in 9.8 seconds. Rice Institute fans regard their team one of the best five in the country and even now they are predicting it will be invited to play either in the Rose Bowl or Sugar Bowl classics.

Tom Cain of City College of New York who never played football in high school already has superseded two veterans. . . . Gillett Lea, varsity end at Princeton, comes from a football-playing family. His father, Langdon Lea, was All-American tackle at Princeton in 1893, 1894 and 1895. His brothers, Francis C. and Langdon, Jr., both were varsity ends a few seasons ago.

**Young Roper on Varsity**  
William Winston Roper, Jr., substitute varsity end at Princeton, is the son of the late W. W. Roper, head coach from 1919 until 1930.

Three former stars are on Nevada's coaching staff this season. Head Coach is C. L. (Brick) Mitchell who was an All-American at University of Oregon and played on the team which defeated Pennsylvania in the 1917 Rose Bowl game, Assistant Coach Roy (Snowy) Baker played at Southern California and with the Green Bay Packers and Chicago Bears. A third is William McKallip formerly of Oregon State and the New York Giants. Both the latter won all-league honors while they were professionals.

Stanford has four first-class kickers in its regular backfield — Grayson, Hamilton, Alusza, and Faulman. Grayson, west coast scout's report, is a far better passer than he was last season.

**Play Six Years Together**  
Three Manhattan men are playing their sixth year of football together. They are John Welch, Jerry Buckley and John Connell who were members of the St. John's prep team of Danvers, Mass., before entering Manhattan.

George Washington McGovern, Jr., Notre Dame right tackle candidate was born a day after Washington's Birthday. Robert Renz Holy Cross lineman, has to wax his face before each scrimmage. He was in a railroad accident last year and the wax is to protect the recently grafted skin.

The first father-son combination in City College of New York history has appeared this year. John Caulfield 192-pound senior, playing for the first time on the varsity is son of John J. Caulfield who played both in the line and backfield 32 years ago. Young Jack never played football until his junior year in college.

**TAKES POISON**  
TAYLORVILLE, Ill.—Poison taken accidentally while walking in her sleep was blamed by a coroner's jury here for the death of Miss Emma Pohl, 28. Evidence presented at the inquest disclosed that Miss Pohl was a habitual sleep walker.

## OUT OUR WAY

THE MYSTERIES OF LIFE. BY J. R. WALKER. © 1935 BY DEAR SERVICE, INC. U. S. REG. U. S. PAT. OFF.

## Barefoot Hawaiians Grid League Stars

HONOLULU, Oct. 16 — Thirty-five hundred Hawaiian schoolboys took off their shoes and got down to business today as the islands' 25 barefoot football leagues squared away on the final stretch of the 1935 season.

A distinctively Hawaiian contribution to football, the barefoot game is played under school and civic sponsorship. The regulation rules apply and the contestants play a surprisingly fast and deceptive game.

Except for the lack of shoes, regular football uniforms with jerseys and headgear are worn, although sometimes a team's collection will be amusingly varied. In some of the leagues dungarees rolled up to the knees, are substituted for padded football pants.

Many barefoot players can out-kick shod mainland players. The longest punt by one of the toughest artists was 71 yards, achieved in an annual punting contest.

Interscholastic and senior league teams in Hawaii wear shoes, but many of their players learned the game on the sandlots playing barefoot ball.

## No Varsity Bruises For Kansas Slimes

MANHATTAN, Kan., Oct. 16 — The practice of using the freshman football squad as fodder for the varsity has been revised at Kansas State college this year.

Coach Wes Fry explains why "Freshmen shouldn't be used as chopping blocks for the varsity. They usually have several years of strenuous high school competition behind them and at this stage of their development a year of less arduous work, with enough exercise for proper development, is valuable. They'll see service against the varsity, of course, but they won't be battered around."

**CLAM THIVES ISLAND**  
THREE RIVERS, Cal. — A live clam in a fresh-water stream 150 miles from the ocean interested residents today. While wading in the Kaweah River, Miss Evelyn Brandt, of Fresno, picked up what she thought was a stone, five inches long and two inches across. She found it was a live clam, the first to be found in the district.

**AUTHORIZES NEW STAMP**  
MADRID — A special 30-cent stamp to commemorate the Iglesias Amazon scientific expedition will be issued by the Spanish government. Capt. Francis Iglesias, chief of the expedition, departs this fall for the Amazon in his specially built ship, the Artabro.

## Woman Boxer Hurls Defiance to World

MONTREAL, Oct. 16 — Canada's first aspirant to the world's women boxing crown is looking for a fight. She is Elizabeth Cairns, of Montreal, N. S. She wrote to a Montreal newspaper, offering to "take on all opposition."

"I have often wondered why," she writes, "women have not taken up boxing especially in view of the fact that they have won fans in golf, tennis, baseball, hockey and other sports."

"I am interested in launching a boxing career for myself. I can take a punch and give one. The trouble is I have no one to train. I can go anywhere and expect to leave for the United States soon. Opponents are also one thing I lack. I am willing to take on all."

**BLUE MONDAY BLUER**  
PITTSBURGH — Blue Monday's made bluer for housewives in the Squirrel Hill district here by the ravages of a mischievous little monkey who seems to delight in swiping clothespins and letting the family washing scuttle merrily along in the dirt.

**ACCIDENTS BESET GIRL**  
COUNCIL BLUFFS, Ia. — Life is just a series of adventures for Miss Sunny Heath. She has been in two airplane wrecks, three auto accidents, a train crash, and had her automobile blown off the highway during a Kansas tornado.

# SAYS PUPILS LOSING THEIR FUND IN NYA

AUSTIN, Oct. 17 — In Eastland county there are 45 high school students losing \$270 per month through failure to make application for NYA aid allocations. Lyndon B. Johnson, State Director, announced today.

"On September 12, socially desirable part-time jobs paying \$6 per month were offered 8,547 high school students who are members of families on relief rolls or members of rural resettlement families at a total monthly expenditure of \$51,282. Response to this offer has been retarded, and the National Youth Administration is desirous of filling the quota immediately in order to give those eligible for student aid the full sum of cash due them," he said.

Students between the ages of 16 and 25, who for lack of financial assistance are unable to attend school, should make application directly to the principal of their school. Johnson said. The principal then submits to the county superintendent a project application in affidavit form asking for his quota of jobs together with students' applications properly executed. Applications should then be forwarded to the National Youth Administration, Littlefield building, Austin, Texas.

# THE NEW FANGLES (Mom'n Pop)

By COWAN.

# SECOND ROUND GOLF TOURNEY ALMOST OVER

Most of the second round matches of the local golf tournament have been played. It was announced today by T. C. Williams, chairman of the golf committee.

Williams urged all who have not completed their matches do so as soon as possible.

He said that a women's golf tournament and a business men's tournament had been suggested and that plans for each might be working out.

Following are results of the matches:

First flight: O. L. Stamey defeated Wendell Russell; T. C. Williams defeated E. S. James. O. L. Stamey and T. C. Williams will play in the finals.

Second flight: I. J. Henon defeated Lee Smith; Dr. Paul Woods defeated W. C. McDaniel. I. J. Henon and Dr. Paul Woods will play in the finals.

Third flight: O. J. Russell defeated L. E. Boyd. J. W. Thomas and W. J. Foxworth have not yet completed their match. O. J. Russell will play the winner of it.

Fourth flight: G. B. Kelly won

from Bobby Anderson by default. E. C. Pennington and Cy Karkalis have not completed their match.

Fifth flight matches have not been completed.

Jack Pippen and C. W. Hanon are in the first flight consolation finals. Consolation matches in other flights have not been completed.

only, overheard a motorist telling a friend he did not intend to report an accident. She told her father who arrested the motorist and Dorothy received a \$10 reward.

### FOREST ATTRACT

MISSOULA, Mont. — More persons visited the national forests of Region One during the 1935 fiscal year, ended June 30, than in any other year in history, according to a report by forest service field officials.

**BUTTON DEFLECTS BULLET**  
TOLEDO — A bullet presumably fired by a prowler ricocheted from a button on six-year-old Eddie Hightower's clothing as he climbed the stairs to his front door. He suffered only a bruise on his stomach.

# Shivering with Chills Burning with Fever

Sure Relief for Malaria!

Don't try homemade treatments or untried remedies! Take that good old Grove's Tasteless Chill Tonic. Soon you will be yourself again, for Grove's Tasteless Chill Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.

The tasteless quinine in Grove's Tasteless Chill Tonic kills the Malarial infection in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attack. The twofold effect is absolutely necessary to the overcoming of Malaria. Besides being a dependable remedy for Malaria, Grove's Tasteless Chill Tonic is also an excellent tonic of general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25% more for your money.

# THE FAMOUS JUMBO COLLAR

We have just received a large and complete stock of the famous Jumbo Horse Collar, Bridles and Harness. All at very attractive prices. California Russell Oak Collar, leather face, "Jumbo" cushion padding.

Wide patented middle seam with thong lacing, draft 16 inches

\$4.25

## COLLINS HARDWARE

**CISCO HAS FILED ITS APPLICATIONS**  
Principal H. Brandon of Cisco high school announced today that Cisco has filed sufficient applications to cover its allotment for NYA high school student funds.

Cisco is allowed 12 pupils, he said.

# G-Men' Of Heating Wage War on Colds

America's Public Health Enemy Number One, the common cold, is out to be put on the spot. The fight is to be turned on and this campaign is the most vicious and destructive of all diseases, is finally to be "taken for a ride" by none other than the G-men, in this case the men.

In today's issue of this newspaper, the gas company is launching one of the most intensive campaigns ever devised to teach people how to properly heat their homes in order to protect their health. They have declared war against the disease germs that lurk in cold hallways of unheated rooms. Backed by medical authorities they state that a family which huddles in one room over an open flame heater with the windows tightly closed is inviting disaster. An even heat throughout the entire house is said to be one of the best protections against colds, while to pass from a hot room into a cold hallway is an invitation for the deadly cold and pneumonia germs to strike.

The common cold is costing the American public hundreds of mil-

lions of dollars yearly and doctors have found that one of the most fertile breeding grounds for this germ is the stuffy, overheated poorly ventilated room. It is for this reason that the gas company, according to its officials, is taking the lead in public education to reduce the ravages of colds, pneumonias and similar diseases by instructing the public in the proper methods of heating their homes.

With newspaper advertisements, booklets and information of all kinds, the bombardment is to continue through the heating season. Doctors, scientists, heating engineers, ventilating experts, public authorities, newspapers, and others have been enlisted for the war.

### Joint Committee—

CONTINUED FROM PAGE ONE

C. Henderson, W. R. Winston, and W. J. Foxworth, and Mayor J. T. Berry said that they previously had favored other routes but that they now wanted to bring the highway over Eighth street in order to keep it in the business district.

When asked if an official estimate had been made upon the cost of right of way, Ehlinger said none had been made by the highway engineers, whereupon J. J. Collins said an unofficial estimate placed the amount at "\$3,000 at the outside."

### TO TRAIN 'WALL FLOWERS'

BURLINGTON, Vt. — There will be no more wall flowers at University of Vermont. Those who feel doubtful about their torpedoes in preparation for college life can enroll in the social dancing class for men and women.

### \$2 ALIMONY FOUGHT

HARRISBURG, Pa. — Fred Hoover readily admitted being a bigamist, when told Michigan divorcees are recognized by Pennsylvania. He objected, however, to his first wife's application for increase of her \$2 weekly alimony.

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from

13,084,037 lbs. to  
326,093,357 lbs.;  
an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442  
an increase of 8725%  
—a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

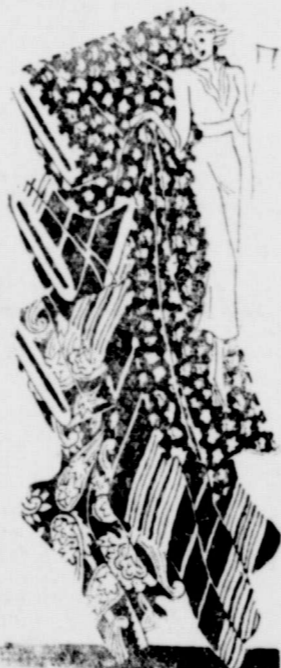

Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette.

We believe you will enjoy them.

## 20 SQUADMEN AND COACHES TO MAKE TRIP

Coaches Shelley and Van Sickle will lead a pack of 20 Loboes to Big Spring tomorrow for their tangle with the big Steers.

The Loboes will leave here at 7 a. m. and will have a little rest after their trip before they take the field against their heavy foes.

"I don't know what we can do but I think we will give them a good game," Coach Dexter Shelley said today. He said he had not seen Big Spring in action but understood that "they have a good team."

Popeye Beasley, injured in the Electra game, will make the trip but will not be used in the game, Shelley said. He indicated that he prefers to save the backfield streak for the Brock encounter next week.

The following probable lineups have been announced:

<b>Loboes</b>	<b>W. Pos.</b>	<b>Steers</b>	<b>W. Pos.</b>
Wagley, 148	W. Jones, 157	W. Jones, 157	W. Jones, 157

an all-state candidate. If all that is said about him is true, he may be just about that class. He is supposed to do everything from calling the signals to blocking for himself and then kicking himself out of a hole when the need arises.

But that doesn't mean that there aren't other good men on the Big Spring team. There are plenty of them, and they will be working hard against Cisco.

This column has been criticized by

of the Monday morning quarterbacks for picking the Loboes to make a good showing. But it's going to do it again.

The Loboes need, more than anything else at this time, more support and fewer kicks from the fans who may actually have seen more football and know less about it than the boys on the field.

Give them a little encouragement. They need it. They can take Big Spring if they are in the right frame of mind, but they will have

to get a little support from the fans.

**BISHOP TO LECTURE**  
GALION, O. — William Montgomery Brown, 79, deposed Episcopal Bishop, has announced he will conduct a series of lectures throughout the country on Communism. He recently purchased an airplane and plans to fly to various parts of the country for the speaking tour.

# The GOLDEN FEATHER

by Robert Bruce © 1935 NEA Service, Inc.

**BEGIN HERE TODAY**

JEAN DUNN, secretary to DONALD MONTAGUE, lawyer, delays her answer when BOBBY WALLACE, young automobile salesman, asks Jean to marry him.

At the Loboes' meeting, Bobby Wall, who has become a member of the club, also meets LARRY CLINTON, federal agent, Larry is going to locate WILLY JENKS, bank robber.

Sandy introduces Jean and Bobby to MR. and MRS. LEWIS. Bobby arranges to sell some bonds for Lewis. He sells them to Jean's employer.

A few days later Sandy learns from a friend that he is in connection with a robbery. He considers this to Jean and she goes with him to police headquarters to establish an alibi for him at the time of the holding.

Bob goes to dinner with Bobby and again he asks her to marry him.

pulling her close once more and kissed her again. His mouth pressed to her lips, her cheeks flushed, she found herself staring down at the turf, crying.

"Hey," said Sandy, uncertainly coming over to her. "What's wrong, kiddo?"

SHE turned away, furious with herself for giving way to tears whose coming she could not explain, and dabbed at her eyes with her handkerchief. She heard Sandy chuckle and say, "That bit of lace won't help much," and he pressed his own handkerchief into her hands. She used it, dried her tears, and fumbled for her compact to make her face presentable again. At last she was able to turn about and face him once more.

"What's wrong?" he asked.

"Oh—I'm just crazy, I guess," she said. "I don't know what made me cry."

"You aren't mad, or anything?" She got up and returned to the log.

"No, I'm not mad—of course not," she said. "There was a moment of...hence. Then she said, "Sandy—did you mean it—when you asked me, just now?"

"Why, of course I meant it. Did you think I was joking?" He moved toward her, but she shrank away, saying, "Please not, Sandy—not now." He relaxed, studying her between half-closed lids.

"Sure I meant it," he repeated finally. "How about it? Think it's a good idea?"

She looked out over the valley.

"I—don't know," she confessed helplessly.

"Don't know? You acted like you knew...a minute or two ago."

She felt her cheeks grow pink, and she said, "Now, mustn't—sweep me off my feet that way, Sandy. I can't—I can't think when you do that. I can't tell how I feel."

He waited. Then he said "Well?"

She turned to face him.

"Listen, Sandy," she said "please don't make me answer you right now. I can't." She paused, and then went on: "I'm going home, pretty soon. I don't mean back to my apartment—I mean back to Maplehurst, where my people live."

"Where's Maplehurst?"

"Oh, it's about a hundred and fifty miles south of here. Just a little place. Sandy, let me—let me think about it, will you? I'm on my vacation. I can't answer you now."

"You spending your vacation in Maplehurst?"

She nodded. Now it was Sandy's turn to stare thoughtfully out over the valley. His eyes narrowed, and he pursed his lips as if to whistle. Then he looked at her and said, "How about my dropping in, down there, and paying you a call? Okay?"

She nodded. "I'd like to have you, Sandy."

(To Be Continued)

ations whatever about her. She looked at him, her lips parted, her eyes large.

"Yeah," he said. "Married. You know. People do it. They go to a minister and hold hands and he goes mumbo-jumbo over their heads"—he made an airy pass with his hands—"and then they go to Niagara Falls or some place on their honeymoon, and after that they're married. You know?"

"Sandy," she faltered. "I—I didn't know that you—that you felt that way about me—"

"Come off, come off," he said, looking up slyly. "You know better than that."

"Honestly, Sandy, I don't think you—"

Her voice trailed off, and there was a tense pause.

"Well," said Sandy lazily, looking out over the valley, "what in thunder did you think I was, anything around all the time for, anyhow?"

Her voice was somewhat unsteady as she said: "Why—why, we had good times together... and both like to ride and go canoeing and get out in the country, and—"

**NOW GO ON WITH THE STORY CHAPTER XIV**

THIS summer, Jean was discovering, was not one in which that prized possession, her peace of mind, was really flourishing.

She had begun the summer in a settled groove. Bobby was always hovering near, like a familiar and beloved spirit; when she looked to the future, she always had a somewhat hazy picture of herself as Mrs. Robert Wallace, presiding over a cozy little apartment or a pleasant little house in some suburban subdivision.

But of late this familiar picture had become disarranged. Into the quiet routine of her daily life had come a new figure: a long, athletic young man from the west, who had a lazy drawl and a mocking smile which both disturbed and fascinated her, and who for some unaccountable reason seemed to move in the very aura of romance, so that her pulse seemed to beat a little faster every time she saw him.

Meanwhile, she continued to see both young men; and the mere business of keeping her wires uncrossed in this matter, of keeping the two sets of dates from conflicting, of being her old self with Bobby and her new self with Sandy—was, she discovered, enough to keep a faint frown in her brow.

Being thus unsettled and uncertain, Jean was taken completely aback when Sandy proposed to her.

It was a Saturday afternoon, and they had gone out to play golf. Finishing their game, they had driven out across the country without any particular goal; and it was last Sunday that followed the crest of a long ridge south of town, and they had got out and walked to a little clump of trees at the crest of a long slope.

Jean sat down on a log, looking out over the green valley below, and Sandy sprawled, loose-limbed, on the ground at her feet. He was smoking a cigaret and looking up at the tree tops; and suddenly, without any preamble whatever, he said, "Listen, sister, why shouldn't you and I get married?"

If he had tossed a glass of ice water in her face Jean could hardly have been more completely surprised. For it happened that one of the ways in which she sated her conscience for continuing to see Sandy while her supposed engagement to Bobby existed was the argument that she and Sandy were "just pals," and that Sandy had no romantic no-

tion whatever about her. She looked at him, her lips parted, her eyes large.

"Yeah," he said. "Married. You know. People do it. They go to a minister and hold hands and he goes mumbo-jumbo over their heads"—he made an airy pass with his hands—"and then they go to Niagara Falls or some place on their honeymoon, and after that they're married. You know?"

"Sandy," she faltered. "I—I didn't know that you—that you felt that way about me—"

"Come off, come off," he said, looking up slyly. "You know better than that."

"Honestly, Sandy, I don't think you—"

Her voice trailed off, and there was a tense pause.

"Well," said Sandy lazily, looking out over the valley, "what in thunder did you think I was, anything around all the time for, anyhow?"

Her voice was somewhat unsteady as she said: "Why—why, we had good times together... and both like to ride and go canoeing and get out in the country, and—"

**STEERS LOOK GOOD AS GAME FEARS**

Special to Daily News

**BIG SPRING, Oct. 17**—The Big Spring Steers, preparing for their game with the Cisco Loboes Friday, have been showing up well in their drills during the last few days, after getting off on the wrong foot for their last three games.

At present they are gaining most of their ground from a spread formation with Cordill hugging the tath.

Coach Obie Bristow has been shifting his men about in an effort to find a winning combination. Morgan, a young lanky reserve, may replace Jones at end. Jones is fairly good at times and has been improving as a pass receiver but leads a lot. Morgan can handle the ball well and hurls.

Cordill can pass a ball about as far as any lad who ever trod a Texas high school gridiron, and he marks too, but his tosses are so hard and fast that few of the boys can snag them. He is an exceptionally good punter, as well, but has been handicapped by illness and slight injuries during the first few games.

Sam Flowers was calling the plays during the early part of the season, but was shifted to half when it was decided he had not had enough experience.

tion whatever about her. She looked at him, her lips parted, her eyes large.

"Yeah," he said. "Married. You know. People do it. They go to a minister and hold hands and he goes mumbo-jumbo over their heads"—he made an airy pass with his hands—"and then they go to Niagara Falls or some place on their honeymoon, and after that they're married. You know?"

**BIG DAM CHATTER**

If weight means anything, the Big Spring Steers ought to win the state championship this year—but that doesn't mean that they will.

If anybody ever had an ideally balanced squad, so far as poundage is concerned, it must be Coach Obie Bristow. His entire traveling squad of 30 averages 158 pounds, or eight pounds more than Cisco's first string.

A check over the Steer roster is very enlightening as to weights. It shows that the first string averages 164 pounds, which is fairly heavy for anybody's team these days.

An interesting feature of the Steer team is that its backfield men are heavier than its linemen. The forwards can muster up only 160 pounds to the man, while the fullbackers total 165 and average 169 pounds. Most teams have a heavier line than a backfield, with perhaps a heavy plugging and a husky blocking back thrown in with the little fellows.

Up at Big Spring Tom Beasley is booming Cordill, triple-threatener as

**CISCO SMOKERS!**

TRY THIRTY AT OUR RISK

Here's a sensational, new you-must-be-pleased tobacco offer that is open to every man in this state: Go to your dealer and get a big red tin of P.A. Roll and smoke 30 cigarettes. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the tin with the rest of the tobacco in it, and we will refund the full purchase price, plus postage. All that is asked of you is a fair and square trial.

A remarkable proposition? Yes! Made solely because we know that men can easily tell "class" in a roll-your-own tobacco once they try it. And once smokers try P.A., no other brand will do. That's the story in a nutshell.

Prince Albert is made from the choicest, top-quality tobacco. It is "crimp cut" for easy rolling and slow, cool burning. It's packed the common-sense way—in tins. And there are around 70 cigarettes in every big two-ounce tin.

So start today to roll Prince Albert. And remember, P.A. tastes mighty fine in a pipe too.

(Signed) R. J. REYNOLDS TOBACCO CO. Winston-Salem, North Carolina

# GREAT WAR IS SEEN BY AGED PEACE WORKER

By GEORGE I. MARANZ  
United Press Correspondent

VIENNA, Oct. 17 — The "Grandmother of Europe's Peace Crusaders," Frau Marianne Hainisch, clings steadfastly to her belief that "Wars come because money is in the wrong place."

Now nearing the century-mark, Frau Hainisch is filled with misgivings that her work and that of others who have labored with her for international peace has been in vain. "At the age of 96, I shall witness perhaps another dreadful war. Italy, I am sorry to say, refuses to yield from her standpoint. All efforts of France and England to prevent the threats of war have remained till now without much chance of success," she declared when asked for her frank opinion on the present situation in the Old World from the viewpoint of war versus peace.

**Money Favors War Makers**  
"One needs more money to prevent wars than to wage them, it seems. And those who wish to make war have more money at their disposal than we who are striving to prevent them."

"Six of my grandsons participated in the World War; and only a woman who, like me, was terrorized with fear for the safety of so many dear ones can weigh the horror of war," she asserted. Her tone seemed to imply that she visualized a coming war so keenly that she suffered readily the torments it would bring.

The interview took place in the country house of the Hainisch family in the Alpine country near Gloggnitz. Her most illustrious ancestor, predecessor as President of

post-war Austria, was not with her at the time.

### Studies World Scene

There, in a sort of world apart she lives; but not without keeping in touch with international events. Twice daily the postman covers the long way from the post office to the Hainisch home, and never without one or more letters written by women in various parts of the world who never tire of paying homage to her as "The Grandmother of World Peace."

"My interest in peace first was aroused to a high pitch by Bertha von Suttner, the famous Austrian author and confidential friend of Alfred B. Nobel," Frau Hainisch said.

"This was many years ago. Thereafter, neither of us spared any pains in seeking to achieve world peace. A few days before the World War broke out, when I was 75 years old, Bertha von Suttner died."

"Since this time I have administered her work in Austria. I continued with even greater energy, if such were possible, to promote permanent peace. At 96, I can hardly claim to have succeeded; but I shall not abandon the task."

**Vows To Continue Work**  
"I continued with even greater energy, if such were possible, to promote permanent peace. At 96, I can hardly claim to have succeeded; but I shall not abandon the task."

Frau Hainisch was born on March 25, 1839. On March 17, 1870, she founded the Austrian Women's Movement. Later she was for years vice president of The World Federation of Women. Her most recent important activity was to launch in Austria The Good Will Movement for which the children of Wales send out an annual appeal to the world. She has written several books on the care of children and on various phases of feminism as well as on international peace.

### DESCENDANTS TOTAL 98

ALMA, Neb. — Mrs. Mahuliah Ann Piseus, 55, has so many direct descendants that she has difficulty remembering their names and faces. All in all, her progeny numbers 98. She is the mother of 12 children, grandmother of 51 and great grandmother to 35.

# RELIEF ROLL DROP CAUSED BY WPA JOBS

SAN ANTONIO, Oct. 17 — Relief rolls in Texas slumped again this week as Work Progress Administration projects absorbed approximately 2,700 more former relief clients on work projects scattered through the 20 WPA districts.

With 52 projects under way in various parts of the state, WPA has removed 6,838 Texans from the dole. Dr. E. E. Hale, state director of labor management, announced today.

Works authorizations for 108 additional projects have been released by state officials and an estimated 6,000 more persons now subsisting on the dole are expected to be added to the active working list of WPA within a few days, Hale asserted. Practically all of the authorizations are accompanied by advice to start work at once, state WPA officials said.

In addition to the more than 6,000 former relief clients who are now engaged in work on WPA projects, there are 120 non-relief employees working in various capacities on WPA jobs.

# New Liberal Arts Course Gets Trial

AUSTIN, Oct. 17 — Choice graduates of their various high schools, fifty freshmen students at the University of Texas are pioneering in a new educational terrain. They are taking the new "liberal education" curriculum leading toward a degree of bachelor of arts which is cultural rather than professional or academic in its significance.

It is not to be supposed that this course of study permits entirely free choice of his courses. Rather, it reins in the student in the matter of choosing his courses as will, in the opinion of university administrators, fit him for the business of "living." "Broad interests and the development of enlightened leadership" is set forth as the purposes of the new plan.

**NEW GOVERNOR**  
HAMILTON, Bermuda — Sir Thomas Astley Cubitt, governor of Bermuda, whose term of office will expire in April of next year, will be succeeded by Lieut.-Gen. Reginald John Thornton Hildyard.

**VOTES AGAINST JAIL**  
AVON, Conn. — Constables tired of taking "drunks" to their own homes to sleep because the town had no lockup, proposed construction of a jail at a special town meeting.

## To Help You AVOID MANY COLDS

At the first nasal irritation or sniffle, apply Vicks Va-tro-nol — just a few drops up each nostril. Used in time, it helps prevent many colds entirely.

**Mrs McClelland Legion Auxiliary Dinner Hostess**

The home of Mrs E. C. McClelland on West Seventh street made a lovely setting for a dinner for the members of the American Legion Auxiliary Monday evening. The meeting was for the purpose of installing new officers. They were: president, Mrs. James Haynie; vice president, Mrs. Leon McPherson; secretary, Miss Maymie Estes; treasurer, Mrs. W. C. Clough; chaplain, Mrs. A. D. Estes; historian, Mrs. Crigler Paschall.

The president appointed the following committee chairman: reinstallation, Mrs. George Ruppert; membership, Mrs. Charles D. Robarts; program, Miss Letha Estes; child welfare, Mrs. M. H. French; parliamentarian, Mrs. H. G. Bailey; publicity, Mr. H. A. Bible.

The association will conduct an annual poppy sale on November 11. It was also decided to sponsor a poppy poster contest at the West Ward and Grammar schools. Mrs. Irene Hallmark will have charge of the contest. First and second prizes will be given for the best posters.

Present were Mesdames: Charles Robert, James Haynie, Irene Hallmark, George Ruppert, Leon McPherson, A. D. Estes, W. C. Clough, H. A. Bible, Misses Maymie and Letha Estes, and the hostess.

**Miss Jane Gilman Honored at Party On Her Birthday**

Honoring her daughter, Jane, on her eleventh birthday, Mrs. Bob Gilman entertained last evening with a dinner in her home on West Sixth street.

Entertaining rooms were cleverly decorated with Halloween motifs. Dinner was served on five card tables spread with orange and black cloths centered with bouquets of cosmos carrying out the color note. In the dining room the table was centered with a huge birthday cake with candy decorations in keeping with the occasion.

The honoree received many lovely gifts after which the guests were entertained at the theater. Halloween hats and horns were given as favors.

The guest list included: Lillian Spears, Geneva Isenhower, Ruby Kent, Margaret Ann McDonald, Polly Anna Porter, Lois Coates, Helen Draganes, Marilyn Shertzer, Mary Helen Russell, Golda Warren, Madeline Ruppert, Coy Warren, John D. Ward, Glenn Boyd, Norman Ball, Billy Wright, Wilburn Ghormley, Allen Wood, Jackie Leach, and Vance Rominger.

with yourself by doing your share in getting some of the bigger and better things of life—when you do that you move Cisco—your town towards a bigger and better place to live in and make a living in. It is only when everybody pulls

together that Cisco can achieve its ambition—the ideal city to live in. Let's go! We're going! Come on along!

**Opportunity For You**  
The Opportunity Club of The Cisco Daily News and Cisco American Roundup has been especially planned and created for you. It is your one big opportunity to make in the next few weeks, more money than you have ever made in your life before or ever will again at anything else in so short a length of time.

It doesn't cost you one cent to clip that entry blank of yours, that you will find elsewhere in today's paper, bring it down to Opportunity Club headquarters at The Daily News, and get going. You know that, as one young matron said, "If I thought for a single second that I could win either one of those two cars that The Daily News will give away, I'd roll up my sleeves and get going—right now." She did—for, she, like you, has the best opportunity of all to win either one of those two cars. What you really can do is—until you've attempted it—of course, problematical. The only problem for you to dissolve is that lack of self confidence—Well, you would hate to admit that you don't have any faith in yourself, you'd hate to admit that you are licked before you start—you'd hate to admit that anyone else could beat you in a fair competition. Wouldn't you?

**Delay Dangerous**  
Then, what's holding you? You are not tied. You'll never win unless you begin, and right now is

**Council Group One Holds Meet Tuesday**

Group One of the Woman's Council of the First Christian church met Tuesday afternoon in the auditorium of the church with Mrs. J. E. Benedict presiding.

Mrs. Ira L. Guffey, devotional leader, read the Scripture. The sixth chapter of the Mission book, "Looking Toward Christian America," was reviewed by Mrs. H. J. Woodriddle, after which Mrs. E. I. Miley of Frederick, Okla., gave an inspirational talk.

Present were: Mesdames M. R. Groce, Guffey, Woodriddle, J. T. Scott, Benedict, J. S. Moleley, E. L. Miley, and J. B. Cate.

**Mrs. Hanrahan Is Hostess to Club**

Humble Bridge club members were Wednesday guests in the home of Mrs. J. C. Hanrahan which was a profusion of roses and other blossoms.

Mrs. McGovern was presented high score prize and Mrs. I. J. Henson received second high.

Present were: Mesdames R. E. Carswell, W. W. Wallace, Harold McGovern, Reggie Henderson, T. R. Huettis, W. C. McDaniel, W. A. Phippen, I. J. Henson, Jack Jones, P. C. Hayes, Ray Wiley, and A. J. Henson.

**PERSONALS**

Mrs. O. V. Cunningham returned today to San Angelo after visiting with relatives and friends here since Sunday.

J. H. Glenn of Dallas was a business visitor in Cisco this morning.

Mrs. Fabius Beard has returned to her home in Baird after a short visit here with relatives.

### Reuben Wende Is To Be President Of High School

Reuben Wende, senior class member and right end for the Lobos, Monday was elected president of the entire student body of Cisco high school.

Wende and Miss Lurline Poe, another senior, were the two candidates chosen by the Senior class to be the officers.

### BRITISH ARE SLAIN IN RAID SAYS REPORT

DJIBOUTI, French Somaliland, Oct. 17 — Reports of a raid into British Somaliland in which native British subjects were killed and their herds of cattle and goats gassed here today from Zella on the British Somaliland coast.

The reports, which said Italians were the aggressors, were received here with reserve. They were brought to E. C. Lowe, British vice consul. He cautioned that they be viewed circumspectly, as the affair might easily develop into the importance of the Uluat incident involving Britain.

He pointed out the possibility that a band of marauders exploiting the warfare, might have plundered the region and that they could have been native Italian soldiers who got out of hand and that Italy could not be held responsible.

SEA AID ULTIMATION DELIVERED TO FRANCE PARIS, Oct. 17 — Great Britain has issued a virtual ultimatum to France, demanding she cooperate with Britain in the Mediterranean or lose British support on the continent, reliable sources said today.

The British indicated to French, the sources said, that if Paris does not reply favorably to the latest British question about the Mediterranean, Britain will consider the Franco-British cooperation ended.

France today announced officially that the arms embargo had been lifted from Ethiopia and placed on Italy.

PLANE BOMBING TOLL IN NORTH HORRIBLE ADDIS ABABA, Oct. 17 — Italian bombing planes bombed Amba Alagi near the northern frontier in a "horrible" manner Tuesday, "with civilians as their most numerous victims," an official statement said today.

EGYPTIAN TROOPS WATCHING LIBYA ALEXANDRIA, Egypt, Oct. 17 — Egyptian infantry is moving steadily toward the frontier of Italian Libya where the Italians are reported massing tanks and airplanes.

BRITISH TO LEARN WAR POSSIBLE LONDON, Oct. 17 — The cabinet has decided to tell the country that although it does not contemplate any military penalties against Italy, there is no absolute certainty that application of economic penalties will not lead to fighting, well informed sources said today.

ITALY CONSOLIDATES POSITION IN SOUTH ROME, Oct. 17 — Italy today consolidated its position in northern Ethiopia with appointment of the Ras Haile Selassie Guebara as governor of Tigre province and ordered its army in the south to drive northward with all speed to cut off Ethiopian supplies.

The Italian forces, seeking to push north from Somaliland to Harar are being hampered by renewed rains, a government spokesman announced.

Foreign military experts predicted possibly the heaviest fighting of the war impended in the Jijiga-Harar sector where they said the Ethiopians have concentrated 125,000 of their fiercest fighting tribesmen.

### Centennial Workers Hunt 'Twin Sisters'

DALLAS, Oct. 16 — Directors of the Texas Centennial are hunting for the "twin-sisters," two cannon presented to the Texas Republic by the City of Cincinnati during the Texas Revolution, which have been lost since the Civil War.

The cannon, which comprised Texas' entire artillery during the Texas War for Independence, disappeared at the close of the Civil War under mysterious circumstances which have never been fully explained.

One story told by Dr. Harry H. Graves of Georgetown, Texas, says that two Confederate soldiers and a negro buried the general six-inch cannon when General Magrath's troops at Galveston and called for the surrender of that city.

According to the story, the cannon was buried for fear the Union forces would obtain them. Several years ago, Dr. Graves conducted a search for the "twin sisters" near Harrisburg, but was unable to locate them.

### Off to War Like Knight of Old

A martial figure who might have stepped out of an ancient book is Dejazmatch Habte Mikael, Ethiopian chieftain, as he goes to war against the Italian invaders. Armed with spears and a rifle, the only modern touch, he bears his oxhide shield, elaborately worked with silver and precious stones, and further glory is added by his epaulettes and lion's mane headdress.

### Polling Places For AAA Voting Are Announced

EASTLAND, Oct. 17 — Six polling places where Eastland county farmers can cast their votes in the nation-wide corn-hog referendum on Saturday, Oct. 26, have been set up in the county, it has been announced by C. Metz Heald, county agricultural agent.

Only one question will be on the ballot: Are you in favor of a corn-hog adjustment program to follow the 1935 program which expires on November 30, 1935? All operators and owners, or their official representatives, of farms which produced corn or hogs in 1935 may vote whether they signed 1934 or 1935 corn-hog contracts or not.

The schedule of the polling places, which will be open from 8 a. m. to 10 p. m., together with the corn-hog committee members who will be in charge, is as follows:

Chamber of Commerce, Ranger, Dick Weeks; Chamber of Commerce, Cisco, Roy O'Brien; Higginbotham's store, Rising Star, Willie Cooper;

Caris; County Agent's office, Eastland, Ray Norris; Higginbotham's store, Gorman, Wayne White.

County results of the referendum will be wired to state headquarters at College Station by Monday noon, and the state results, in turn, will be sent to Washington by Tuesday.

Officials of the Agricultural Adjustment administration point out that unless a sufficient number of farmers vote favorably there will be no program. The administration must be assured that a sufficient number of farmers will participate to make a program operative and successful.

### TO BUILD DAM AT MANGUM IN NEW DISTRICT

Passage by the senate of a bill creating conservation reclamation district in Eastland and Callahan counties was announced by Senator W. B. Collier in a message Saturday.

The bill introduced in the house by Representative George Davidson, Jr., with the aid of Cecil Lotief, passed in the lower assembly Friday.

Passage of the bill means an appropriation of \$3,000 to be used to make a complete survey of a proposed dam near Mangum in Eastland county. Watershed of the proposed dam is in Eastland and Callahan counties. Appointment of nine directors to supervise the work is expected soon.

The bill known as house bill number 140, originally called for an appropriation of \$5,000 for the project but was amended to read \$3,000.

Importance of the legislation to the section of the state affected and the fact that the district must act promptly to avail itself of the opportunity of receiving a grant from the FERA was pointed out in the bill.

The act does not authorize the district to levy or collect taxes or in any other way pledge the credit of the state, the bill pointed out.

The district created is patterned after the Brazos and other flood control and reclamation districts.

### Dr. Estes Speaks To Rotarians Here

Dr. Charles W. Estes of Eastland addressed the Rotary club at its regular luncheon program Thursday speaking on possibilities of developing this area through agriculture, dealing specifically with dairy cattle.

Dr. Estes, who organized the Denton County Jersey club and was instrumental in formation of the Eastland County Jersey club, spoke as a newcomer to this area and based his remarks upon the viewpoint of such. He pointed out that agriculture is the base of all other industries and showed that through the stock this area can do much to develop its possibilities.

He was introduced by Frank Langston, who had charged of the program for the day.

President O. J. Russell pointed out that the Cisco club showed a great improvement in attendance last month over that of a year ago.

### Spencer To Preside At Red Cross Meet

J. E. Spencer, head of the Eastland County Red Cross unit, will preside at the regional conference of the organization at the Hilton hotel in Abilene Friday. It was announced today by R. T. Bridges, division field representative of the national organization for West Texas.

At the meeting Dr. W. P. De Kline of Washington, medical director of the Red Cross, will be the principal speaker, it was announced. His address will be at the luncheon. Other national Red Cross officials will also speak.

Bridges was here Thursday to work out plans for the national roll call and for the safety campaign to be undertaken.

BIBLE SALESMAN SINS WARSAW, Ind. — Ralph E. Draper, itinerant Bible salesman, will have ample time for careful study of his wares. He was sentenced from two to fourteen years in Indiana Reformatory for forging a check.

### Biggest American Plane Called Lindbergh's 'Dream Ship'

The largest airplane yet built in America, the "China Clipper," shown docked in the Middle River, Baltimore, for its successful test flight, is hailed by aviation officials as a materialization of Colonel Charles A. Lindbergh's "dream" for a transoceanic passenger and freight carrier.

With a wingspread of 130 feet and gross weight of 51,000 pounds, the giant craft carried 43 persons on its first flight, witnessed by Lindbergh. It is to be used in trans-Pacific flights.

### Chairmen Named For Committees To Help Needy

Heads of the finance committee and the old clothes campaign committee have been named for the United Charities and Welfare association. It was announced Thursday by H. L. Dyer, president of the organization.

Horace Condyly has been appointed chairman of the finance committee and Mrs. Charles Sander of the old clothes committee, Dyer said.

The organization yesterday moved into its new headquarters, 607 D avenue, where Mrs. Alex Ward will have charge each afternoon. The clothes campaign got off to a good start yesterday, it was announced.

Dyer urged that persons having useful articles to contribute to the needy through the Welfare association call 24, the headquarters, or bring them to the building.

### New County Agent Goes to Dalhart

DALHART, Oct. 17 — E. R. Duke, Hartley county agent eight years, became Potter county agent at Amarillo on October 1. He succeeds P. C. Bennett, who has joined the Soil Conservation Service as project manager at Vega.

Duke was presented with a medal by the Dalhart Chamber of Commerce in 1932 for "Distinguished Service" in Hartley and Dalhart counties. That fall his county exhibit won first at the State Fair at Dallas after taking third prize the previous year.

His live-at-home campaign in Hartley county taught farmers to preserve foods for which there was no market and meant the difference between food and hunger to many families. His poultry improvement program started in 1928 has made many Hartley county flocks purebred, their owners getting from 10 to 12 cents a dozen premium on eggs which are demand by hatcheries.

WINNIPEG, Man. — A fish which makes a noise like a drum when it feeds was caught by W. G. Kinsey in Muckles creek, near Clambycote. It has been identified as a "fresh water drum," or an Aplocheilichthys Grunius.

### HOW THEY STAND

Below find the active candidates in the Opportunity Club and their relative standing up to the time of going to press on Thursday, Oct. 17th. At no time will the extra credits be published.

This list shows just who is actively making a race for the two cars and the other rich prizes to be given away by The Cisco Daily News and Cisco American and Roundup.

### Grad Wants Job; His Sign Says So

NEW ORLEANS, Oct. 17 — Alan Lapage, 20-year-old California college graduate, walked through downtown section today bearing a large placard.

"College graduate wants work" it read.

"Major in journalism. Can do general office work, accounting, typing, bookkeeping. Can drive any make automobile. Will work for room and board. I haven't got a place to hang my hat — if I had one. Some bandits took it with all my spare clothes," Lapage explained.

### Midgets Defeat Eastland Junior High by 26 to 0

Revenge was sweet after two years and the Cisco Grammar School Midgets Thursday hung up a 26 to 0 victory over the Eastland Junior high school eleven on Chesley field.

The Midgets had suffered three defeats at the hands of Eastland in the last two years.

The Midgets scored in the opening minutes of play, carrying the kickoff down the field to scoring position, where Turner drove over for a touchdown.

In the second half Captain Stewart scored a touchdown and Tipton raced over for two. Tipton dropped kicked two goals for points after touchdown.

The Midgets used a ground attack mixed with plenty of laterals and reverses, to account for their ground gaining. The entire team worked well, except for a letdown in the first half, with Vick and Doggett showing up especially on defense.

A large crowd of grammar school students, as well as many others, saw the game.

### Texas Stadium To Get Cover for Rain

AUSTIN, Oct. 17 — No more will Texas football fans have to watch two teams battle on a wet, muddy field at Memorial Stadium! That is providing it doesn't rain during the game.

The athletic council Wednesday authorized the purchase of a field cover, which business manager Ed Ole said would arrive from the manufacturer in time to cover the turf three days before the Rice-Texas game here on Oct. 26.

### LAND MAY BE OBTAINED FOR ROAD, BELIEF

A joint committee from the Cisco city commission and Chamber of Commerce Thursday night was reported to be nearing a solution on the problem of obtaining right of way for the Eighth street routing of Highway 80 through Cisco.

The committee studied plans presented by Wesley Hall of the state highway department and contacted owners of property along the route.

It was believed Thursday night that the right of way could be obtained at a low cost to the city and that difficulties lying in the way of the \$160,000 project could be ironed out. Several persons were said to have given the city the right of way needed.

The committee was appointed Wednesday night at a meeting in which the chamber of commerce asked the city commission to consider plans for the road, to appoint such a committee and to inform the state highway department that no official City of Cisco protest against the route had been filed.

### Bang! Goes Gun Of Starter And Big Race Is On

Steam's up! And the Opportunity Club special is on its way.

The pink ballot is the only ticket that you need to ride this modern stream-line train of ambition. Make your reservation now!

At Opportunity Club headquarters of The Cisco Daily News and Cisco American and Roundup.

Full speed ahead in the Opportunity club is the slogan adopted by the few live, wide-awake folks who so far have become active in the race for those two cars and seven other rich prizes that will be given away by these popular newspapers in just a few short weeks.

Just A Few While so far, only a few have made an active start in the race for the Chevrolet master six sedan and the Ford V-8 De Luxe coupe and all the other rich prizes to be given away, those few are determined to get their share of the Opportunity Club's prizes.

There is plenty of room at the top of the prize list, as can be readily seen at a glance at the first list of active candidates that is published today.

All aboard! All aboard that's going aboard. The preliminaries are over with the Opportunity Club special of The Cisco Daily News and Cisco American and Roundup is on its way through Subscriptionville to success. Come! Climb aboard. Grasp your opportunity right now, for in just a few short weeks time it will be gone—never to return.

Remember that these popular newspapers have been your home newspapers for 16 years. You need them and they need you. They are the biggest factors that will carry you to the goal of success. And remember that it is only honest-to-goodness team work that will win that goal for you. No town is any greater than its newspaper, so get into the game. Play fair with yourself and your neighbor.

Why Not You? If, for some reason, you have hesitated in entering the Opportunity Club up until now, consider that reason against any other proposition, that you can make \$846, the price of a new car in the next few weeks. Do you know of any? O. K. What are you waiting on? You owe it to yourself to play fair with yourself—and your town—by doing your share. The more that you make here—the more that you spend here—the more you get back—figure it out for yourself. Play fair.

### Taxless Pension Bill Approved In House Committee

AUSTIN, Oct. 17 — A taxless pension bill written by a house state affairs sub-committee at the last special session of the Texas legislature was reported favorably by that committee today.

It was signed by authors of six other pension plans. Other pension bills before the committee were laid aside, subject to call. They may be substituted for the favored measure on the house floor.

Five other bills for old age pension in which the tax feature predominates were referred to the house revenue and taxation committee which meets tonight.

The bill, introduced by Representative Harley Morrison, Terrell, offers \$15 monthly assistance to citizens past 65 on the basis of need. Other qualifications are expected to limit number to about 65,000. Estimated cost is \$9,000,000 a year.

Both houses met for a few minutes today and recessed until Friday morning.

FOX BECOMES PET TOLEDO — Official business stopped at the Safety Building when Mrs. Guy D. Twining, wife of a policeman, walked in with a red fox on a leash. Teddy, who was born on a Mississippi river island, has the run of the Thwing home and plays with the family's terrier.

LIFE PLEDGED TO PEACE GODERICH, Ont. — Delegate to the Huron Young People's Presbyterian Union conference here adopted a resolution stating they would "go to prison or face a firing squad rather than participate in a war of the future."

## Scouts Make Good Citizens

Boy Scouts make good citizens. "On my honor I will do my best to do my duty to God and my country and to obey the scout laws, to help other people at all times, and to keep myself physically strong, mentally awake, and morally straight." That is the oath which every boy takes when he enters the organization. But does it work? The strongest answer came yesterday morning at a breakfast for Sustaining Club committeemen, when City Attorney R. E. Grantham said, "As long as I've been connected with the corporation court of Cisco, no scout has ever been brought up for any sort of investigation."

That is a remarkable record in itself, but it is not the exception. It is the rule wherever scouting is practiced. The good scout of today is the good citizen and the leader of his community tomorrow.

That is why Cisco business men and others interested in boys' work are interested in scouting and are making a drive to raise funds for the two troops here. Boy scouts make good citizens.

## Drivers' Law Submission

At Dallas Saturday, Gov. Allred promised to submit a drivers license law at the second called session if the must measures have been acted upon by the law-makers. This announcement was received with positive joy by a vast army of his fellow-citizens. This is the ghastly record broadcasted by the federal census bureau:

The bureau counted 1935 automobile death tolls at 33,930 Sunday, a 15 per cent gain over 1933 and a new all-time record. It averaged the death rate at 26.9 per cent out of every 10,000. In 1933 the rate was 23.3 per cent. In 1934, an additional 1789 persons were killed in collisions between automobiles, railroad trains and street cars. Only three states—Kansas, Delaware and New Hampshire—reduced their death rates from 1933 levels.

Texas law-makers are intelligent men. They are interested in protection of life and property. They are asked by a tremendous majority of the people of Texas to enact legislation which will reduce to the minimum the slaughter of human beings on the state highways and the city streets. They are asked to prohibit the driving of cars by inefficient persons, old or young. They are asked to prohibit the driving of cars by speed maniacs. They are asked for a drivers' license law which will be enforced to the letter and those who violate it, whether crazy, inefficient or drunk, will be given the punishment "as fit the crime."

## State Aid for Public Schools

Education should come first in Texas. The University and the minor colleges of Texas should be given liberal appropriations and the public schools should be given not only liberal appropriations but genuine support of all the people regardless of class or condition or affluence or respectable poverty. Three dollars per scholastic apportionment for Texas 1,588,789 public school students was sent out by the state department of education October 13. For the first time since 1930 the first payment on the state apportionment was made before November. Previously, deficiencies in the school fund has made payments impossible this early in the year.

There is a vast sum of money in the pockets of those who are classed as delinquent tax payers. It is said there are thousands who could readily pay without starving their pocketbooks and perhaps there are additional thousands who have been unable to meet the call of the tax collectors of the state. There has been a tremendous improvement in financial and economic conditions the country over. Building activities are advancing rapidly and debt payments are reported by agencies everywhere. Unemployment has been given a vast number of idle men by private industry and the projects sponsored by the federal government. Foreign governments owe the American government or people \$15,000,000,000. All these loans are debts of honor. All the borrowers have defaulted on interest payments and practically repudiated the principal. These loans were made to save "the democratic countries of Europe as well as to save democracy for the world." If the billions had remained at home they would have assisted in providing jobs for millions of idlers after the crash of 1929 and in housing and feeding and clothing those who are unable to provide for themselves.

## OUT OUR WAY

## ALL CORN-HOG PRODUCERS TO VOTE ON AAA

Every eligible corn-hog producer in Eastland county, as well as each of the two hundred and eighty-seven contract signers, is entitled to vote in the national corn-hog referendum Saturday, Oct. 26, according to E. F. Altom, president of the County Corn-Hog Control association.

All farmers have a stake in the question: Do you favor a corn-hog adjustment program to follow the 1935 program which expires on November 30, 1935? Therefore it is important to get the judgment of every eligible producer on the matter, he pointed out.

All operators and owners, or their official representatives, of farms which produce corn or hogs in 1935 may vote whether they signed corn-hog contracts in past years or not. Community committeemen will determine the eligibility of voters. Each eligible person is entitled only to one vote regardless of the number of farms he may own or operate, no matter where located.

The corn and hog industry, on the one hand, has a choice of continuing a production adjustment program designed to hold corn average down to a safe, desirable level and preventing an excessive increase in hog numbers. The alternative is to release control both on corn acreage and hog production at the risk that during the next three years the increase in hog production from the 1935-36 level will be greater than for any previous period in

the country's history with consequent disastrous hog prices. In the years before the AAA every corn-hog producer would have had to deal with this prospect in his own individual way, with no means of guessing what the industry as a whole intended to do, and with no means of bringing about concerted national action to meet the problem. Now with their production control associations and their voluntary contract system, farmers as a whole are in a position to know what other farmers are going to do and to cooperate to keep supplies and livestock numbers in balance and thereby prevent the periodic uncontrolled up and downs in pork production and prices which have been one of the major hazards to the industry for many years, and which have been harmful to the consumers of pork as well.

## SADLER TENT SHOW, CIRCUS HERE NOV. 13

The circus is coming to town—Harley Sadler's three ring circus will present two performances daily, afternoon and night in Cisco on Nov. 13, one of the largest and most colorful circuses on tour today, all new, with beautiful parade equipment. And they invite you to be their guest on this day.

You will be treated as ladies and gentlemen from all of the personnel. The Sadlers are presenting a circus that is of the highest class in every respect. Something new and clean in circusdom. Watch your newspapers for full details of the time of parade.

And remember the date. Come see something new and different in the circus world.

In connection with the circus will be Harley Sadler's big tent show, which will remain in Cisco for a week, under the auspices of the American Legion. Harley Sadler's show is well known to Ciscoans.

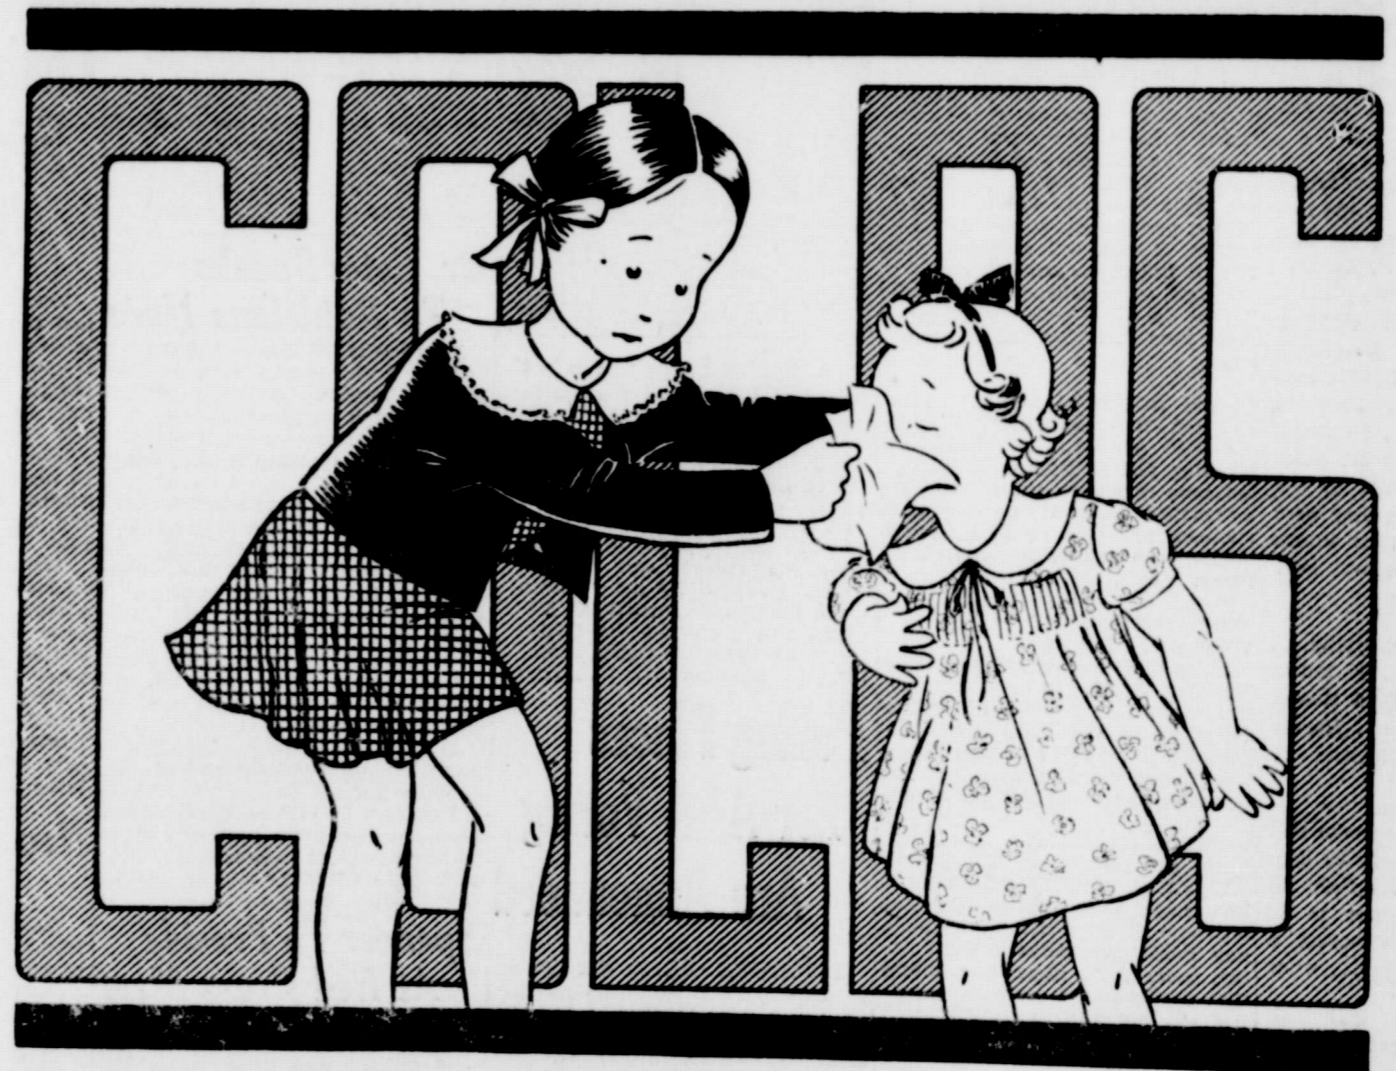

THE GAS RANGE THAT IS CAUSING A Sensation

IT'S A **NORGE** Gas Range

TERMS AS LOW AS \$4.13 PER MONTH MODEL NC-1

Modern in design, with many convenience features you would expect to find only on much higher priced ranges, this Norge range is a truly sensational value. It has fully insulated oven, automatic top burner lighter, broiler drawer, combination safety oven valve and heat regulator, two roller bearing utensil drawers, many other such desirable features. It is economical and convenient to use—easy to clean and to keep clean. Come in and see the Norge gas range.

## common Everyday Colds!

"Colds" are dangerous! Don't regard them lightly. According to government statistics, diseases of the breathing apparatus are responsible for more deaths than any other single cause, including cancer or heart disease. While respiratory diseases often start seriously, they are closely related to "colds" and in many instances are directly traceable to catching cold.

Municipalities have made great progress in stamping out typhoid fever, smallpox, diphtheria and other communicable diseases that once demanded their grim death toll. But America's Public Health Enemy Number One, the common cold germ, still rages rampant as a constant threat to the health and safety of our loved ones. Frequently "common colds" pave the way for such serious illnesses as pneumonia, bronchitis, influenza, tuberculosis and other serious respiratory diseases that result in so many deaths each winter.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to the vicious attacks of "cold germs."

Your health and that of your family is your most valuable possession. Guard it this winter with proper ventilation and adequate heat in every room in the house. COMMUNITY NATURAL GAS COMPANY.

Tune in each Thursday night at 6:45, WFAA-WBAP, beginning October 17, for vital facts to help you guard your family against Public Health Enemy No. 1

America's Public Health Enemy Number One, the common cold germ, is marshalling his forces for winter!

### SAYS PUPILS LOSING THEIR FUND IN NYA

AUSTIN, Oct. 17 — In Eastland county there are 45 high school students losing \$270 per month through failure to make application for NYA aid allocations. Lyndon B. Johnson, State Director, announced today on September 12, socially desirable part-time jobs paying \$6 per month were offered 8,547 high school students who are members of families on relief rolls or members of rural resettlement families at a total monthly expenditure of \$51,292. Response to this offer has been retarded, and the National Youth Administration is desirous of filling the quota immediately in order to give those eligible for student aid the full sum of cash due them," he said.

Students between the ages of 16 and 25, who for lack of financial assistance are unable to attend school, should make application directly to the principal of their school, Johnson said. The principal then submits to the county superintendent a project application in affidavit form asking for his quota of jobs together with students' applications properly executed. Applications should then be forwarded to the National Youth Administration, Littlefield building, Austin, Texas.

**CISCO HAS FILED ITS APPLICATIONS**

Principal H. Brandon of Cisco high school announced today that Cisco has filed sufficient applications to cover its allotment for NYA high school student funds. Cisco is allowed 12 pupils, he said.

### 'G-Men' Of Heating Wage War on Colds

America's Public Health Enemy Number One, the common cold, is about to be put on the spot. The heat is to be turned on and this rampaging foe of mankind, recognized as the most vicious and destructive of all diseases, is finally to be "taken for a ride" by none other than the G-men, in this case the gas men.

In today's issue of this newspaper, the gas company is launching one of the most intensive campaigns ever devised to teach people how to properly heat their homes in order to protect their health. They have declared war against the disease germs that lurk in cold hallways and unheated rooms. Backed by medical authorities they state that the family which huddles in one room over an open flame heater with the windows tightly closed is inviting disaster. An even less thorough throughout the entire house is said to be one of the best protections against colds, while to pass from a hot room into a cold hallway is an invitation for the deadly cold and pneumonia germs to strike.

The common cold is costing the American public hundreds of mil-

### SECOND ROUND GOLF TOURNEY ALMOST OVER

Most of the second round matches of the local golf tournament have been played, it was announced today by T. C. Williams, chairman of the golf committee.

Williams urged all who have not completed their matches to do so as soon as possible.

He said that a women's golf tournament had been suggested and that plans for each might be worked out.

Following are results of the matches:

First flight: O. L. Stamey defeated Wendell Russell; T. C. Williams defeated E. S. James. O. L. Stamey and T. C. Williams will play in the finals.

Second flight: I. J. Henson defeated Lee Smith; Dr. Paul Woods defeated W. C. McDaniel. I. J. Henson and Dr. Paul Woods will play in the finals.

Third flight: O. J. Russell defeated L. E. Boyd; J. W. Thomas and W. J. Foxworth have not yet completed their match. O. J. Russell will play the winner of it.

Fourth flight: G. B. Kelly won

from Bobby Anderson by default. E. C. Pennington and Cy Karkalits have not completed their match.

Fifth flight matches have not been completed.

Jack Pippin and C. W. Hanon are in the first flight consolation finals. Consolation matches in other flights have not been completed.

**POLICE TIP NETS \$10**

NEW HAVEN, Conn. — In this case it was "like father, like daughter." Patrolman Albert A. Wood's 19-year-old daughter, Dorothy, overheard a motorist telling a friend he did not intend to report an accident. She told her father who arrested the motorist and Dorothy received a \$10 reward.

**BUTTON DEFLECTS BULLET TOLEDO** — A bullet presumably fired by a prowler ricocheted from a button on a six-year-old Eddie Highwater's clothing as he climbed the stairs to his front door. He suffered only a bruise on his stomach.

### Shivering with Chills Burning with Fever

**Sure Relief for Malaria!**

Don't try homemade treatments or rowangled remedies! Take that good old Grove's Tasteless Chill Tonic. Soon you will be yourself again, for Grove's Tasteless Chill Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.

The tasteless quinine in Grove's Tasteless Chill Tonic kills the Malarial infection in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attack. The twofold effect is absolutely necessary to the overcoming of Malaria, besides being a dependable remedy for Malaria. Grove's Tasteless Chill Tonic is also an excellent tonic of general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25% more for your money.

**THE FAMOUS JUMBO COLLAR**

We have just received a large and complete stock of the famous Jumbo Horse Collar, Bridles and Harness. All at very attractive prices. California Russett Oak Collar, leather face, "Jumbo" cushion padding.

Wide patented middle seam with thong lacing, draft 16 inches ..... **\$4.25**

**COLLINS HARDWARE**

lions of dollars yearly and doctors have found that one of the most fertile breeding grounds for this germ is the stuffy, overheated, poorly ventilated room. It is for this reason that the gas company, according to its officials, is taking the lead in public education to reduce the ravages of colds, pneumonia and similar diseases by instructing the public in the proper methods of heating their homes.

With newspaper advertisements, booklets and information of all kinds, the bombardment is to continue through the heating season. Doctors, scientists, heating engineers, ventilating experts, public authorities, newspapers, and others have been enlisted for the war.

### West Ward Repair Job to Start Soon

Work upon the \$15,000 West Ward repair project will start in a week or 10 days, it was announced today by Superintendent R. N. Cluck. The 144 men required for the job will be at work for two months, he said.

While the work is going on, he said, West Ward pupils will be moved to other buildings.

Wesley Harrel has been named superintendent of the project.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs.—Phone 80.

Leaf tobacco being sold to highest bidder

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from 13,084,037 lbs. to 326,093,357 lbs.; an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442 an increase of 8725% —a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.

# Loboes Leave Friday For Big Spring Game

## 20 SQUADMEN AND COACHES TO MAKE TRIP

Coaches Shelley and Van Sickle will lead a pack of 20 Loboes to Big Spring tomorrow for their tangle with the big Steers.

The Loboes will leave here at 7 a. m. and will have a little rest after their trip before they take the field against their heavy foes.

"I don't know what we can do but I think we will give them a good game," Coach Dexter Shelley said today. He said he had not seen Big Spring in action but understands that "they have a good team."

Popeye Beasley, injured in the Electra game will make the trip but will not be used in the game, Shelley said. He indicated that he prefers to save the backfield streak for the Brock encounter next week.

The following probable lineups have been announced:

Loboes	St. Steers
Wagley, 148	Jones, 157
Left End	
Barnes, 160	Coburn, 160
Left Tackle	
Merkett, 155	Madison, 148
Left Guard	
Ivie, 164	Baker, 162
Center	
Rainbolt, 155	Wilson, 160
Right Guard	
Cleveland, 157	Harris, 176
Right Tackle	
Wende, 148	Whisenant, 153
Right End	
Stansbury, 130	Cordill, 179
Quarterback	
Rylee, 162	Flowers, 172
Left Half	
McCandless, 145	W. Coots, 150
Right Half	
Burnam, 180	J. W. Coots, 165
Fullback	

### STEEERS LOOK GOOD AS GAME NEARS

BIG SPRING, Oct. 17.—The Big Spring Steers, preparing for their game with the Cisco Loboes Friday, have been showing up well in their drills during the last few days, after getting off on the wrong foot for their last three games.

At present they are gaining most of their ground from a spread formation, with Cordill lugging the leather.

Coach Obie Bristow has been shifting his men about in an effort to find a winning combination. Morgan, a young lanky reserve, may replace Jones at end. Jones is fairly good at times and has been improving as a pass receiver but loafs a lot. Morgan can handle the ball well and hustles.

Cordill can pass a ball about as far as any kid who ever trod a Texas high school gridiron, and he's the mark, too, but his toosies are so hard and fast that few of the boys can snag them. He is an exceptionally good punter, as well, but has been handicapped by illness and slight injuries during the first few games.

Sam Flowers was calling the plays during the early part of the season, but was shifted to half when it was decided he had not had enough experience.

## BIG DAM CHATTER

If weight means anything, the Big Spring Steers ought to win the state championship this year—but that doesn't mean that they will.

If anybody ever had an ideally balanced squad, so far as poundage is concerned, it must be Coach Obie Bristow. His entire traveling squad of 30 averages 158 pounds, or eight pounds more than Cisco's first string.

A check over the Steer roster is very enlightening as to weights. It shows that the first string averages 164 pounds, which is fairly heavy for anybody's team these days.

An interesting feature of the Steer team is that its backfield men are heavier than its linemen. The forwards can muster up only 160 pounds to the man, while the ball toters run to beef and average 169 pounds. Most teams have a heavier line than a backfield, with perhaps a heavy plugging and a husky blocking back thrown in with the little fellows.

Up at Big Spring Tom Beasley is booming Cordill "trip-thruster" as an all-state candidate. If all that is said about him is true, he may be in just about that class. He is supposed to do everything from calling the signals to blocking for himself and then kicking himself out of a hole when the need arises.

But that doesn't mean that there aren't other good men on the Big Spring team. There are plenty of them, and they will be working hard against Cisco.

This column has been criticised by a lot of the Monday morning quarterbacks for picking the Loboes to make a good showing. But it's going to do it again.

The Loboes need, more than anything else at this time, more support and fewer kicks from the fans who may actually have seen more football and know less about it than the boys on the field.

Give them a little encouragement.

They need it. They can take Big Spring, if they are in the right frame of mind, but they will have to get a little support from the fans.

## 112 Persons Killed In Russian Quake

MOSCOW, Oct. 17.—One hundred and twelve persons were killed and 407 injured in an earthquake in the Tsvil Dera district of Tadzhikistan, a dispatch from Stalinabad said today. It was the second quake in a week. Airlanes from Stalinabad taking food and clothing. A government commission will arrange village homes for families stricken in mountains.

## Frogs Favored Over Cadets on Saturday

FORT WORTH, Oct. 17.—Statistics and experience will favor the Horned Frogs of T. C. U. when they go to battle against the A. & M. Cadets here Saturday, but Lady Luck and a stout Fighting Heart may have more to do with the outcome of the game.

The Aggies are out to make a place for themselves in the conference sun—and to gain a victory over T. C. U. after eight defeats and two ties in the last 10 games. A. & M. supporters believe these two factors, plus the best team in recent years, will give the Cadets a victory.

## Chapel Is Sought For Bird Sanctuary

KINGSVILLE, Oct. 17.—Jack Miner's ambition to build a chapel for visitors at his famous Bird Sanctuary near here, may be realized.

Funds for erection of a chapel are being sought by the Jack Miner Migratory Bird Foundation, Inc., according to Manley F. Miner, secretary-treasurer.

Miner has been banding wild fowl since 1915. Thousands of the birds stop at his sanctuary on their fall and spring migratory flights.

## BISHOP TO LECTURE

GALION, O.—William Montgomery Brown, 79, deposed Episcopal Bishop, has announced he will conduct a series of lectures throughout the country on Communism. He recently purchased an airplane and plans to fly to various parts of the country for the speaking tour.

## WEATHER MEN DEVELOP NEW COMMON CODE

WASHINGTON, Oct. 17.—A universal language for the world's weathermen—American, European, Asian, African, and Australian—may soon prevail at all centers where weather news is exchanged among nations, according to W. R. Gregg, chief of the U. S. weather bureau. Gregg has just returned from the eighth meeting of the International Meteorological Organization in Warsaw, where representatives of 42 countries adopted a program for further unification of the codes, symbols, and units employed in the international exchange of weather reports. Although great progress along these lines has been made in the last 15 years, Mr. Gregg says, many loose ends remain.

Confusion from differences in speech is avoided in international weather codes by using figures, rather than words. These figure codes are now very generally used by ships reporting from sea. Land stations, however, have lagged behind in substituting new for old codes.

The maps on which daily weather forecasts are based will look alike the world over as soon as the international symbols adopted by the conference are universally accepted. A black dot will mean light rain or drizzle, a star will mean light snow, and a plain circle will mean clear, cloudless skies on every weather map, whether the observers are speaking data for their English, French, Russian, Chinese, Arabic, or any other language.

**Floating Dock For British Warships**  
SINGAPORE, October 17.—The mightiest battleship afloat now can be docked and repaired at Singapore.

For the huge new graving dock, which holds more than 300,000 tons of water, is ready for service. Until now Britain has had no graving dock in the east capable of repairing a battleship, and a fleet operating in eastern waters would have had to retire thousands of miles to Malta for repairs, with the risk of finding the Suez canal blocked.

This latest and most important addition to the facilities of the key stronghold of empire defense is a dock 130 feet wide and 1,000 feet long. Years of planning and labor have gone into the making of the dock. Six years ago all that could be seen of it was a mangrove swamp with a half-cleared patch of thick tropical undergrowth, giant excavations, interlacing railway lines, with a horde of Asiatic workmen and European engineers.

Now the sun glares down on the dazzling white stepped walls and the vast concrete floor of the dock.

## Old Treaty Frees Unlicensed Fisher

WESTERLY, R. I., Oct. 17.—Attorney Robert J. Rathburn produced a copy of a treaty made in 1789 between the state of Rhode Island and free his client, Fred Ostrom, Stonington, Conn., on a charge of taking shellfish from Little Narragansett Bay without a license.

The treaty, long forgotten, prohibited either state from passing laws affecting shellfishing in the bay.

## 6-Cent Meal Used For Penal School

SACRAMENTO, Calif., Oct. 17.—If the average housewife could do her buying on large scale and exhibit the same economy as the institution inmates are given three good meals a day, with fruit, cereal, bread and butter, syrup, coffee, milk and sugar for breakfast; meat, potatoes, vegetables, bread and butter, tea and dessert for lunch; and soup, meat, potatoes or rice or spaghetti, vegetables, bread, butter and milk for supper.

Main meat dishes are provided twice a day. The diet varied and inmates can have second helpings.

Large scale buying, utilization of products grown on state farms and careful supervision of kitchens and issuance of foodstuffs are responsible for the economy.

## Requirements For Fresh Eggs Posted

BOSTON, Oct. 17.—A sign that reads "Fresh Eggs" must mean just that in Massachusetts hereafter.

A new law prohibits sale of eggs that fail to measure up to the following standard:

1. Egg must be clean, with a sound shell.
2. Air cell not more than a quarter inch in depth.
3. Firm, clear white; yolk not plainly visible; no visible germ development.

## Wild Duck Census

WINNIPEG, Man.—The annual international wild duck census has started in Western Canada. Using an airplane, a party is surveying feeding grounds in Manitoba and Ontario to determine how wild ducks have fared during the last year.

**The Last Outpost**  
adapted by WALLACE WEST  
from the Paramount Picture by the same name

**SYNOPSIS**  
Captain Michael Andrews, attached to a British armored car division on the Eastern Front, is captured by Kurdish irregulars but rescued when the supposed leader of the Kurds turns out to be a mysterious British secret service agent who calls himself "Smith." While steering the Balkans, an Armenian tribe, to a place of safety across the mountains and away from the Kurds, Andrews battles with Smith when he sees the latter kill Callen, an enemy spy, in cold blood. Andrews' leg is broken and he is sent to a British hospital in Cairo, where he falls in love with his nurse, Rosemary. When he asks her to marry him, she tells him that she is already married.

### CHAPTER V

As Rosemary turned and started to run blindly from the balcony, he stopped her once more.

"Sit here," he commanded, forcing her down on a bench. "I want to know all about this before I let you go. Where's your husband?"

"I don't know," she sobbed.

"Does that mean you've left him?"

"No."

"Did he leave you?" The girl shook her head.

"Are you mad or am I? What is this nonsense?"

"I was married just before the war," she answered huskily.

"When it broke out, John was sent away on intelligence work. Since then I've had no word from him in three years. If I hadn't turned to nursing, I think I'd have gone mad. Then I got... sort of numb... about everything. But now... but now..." She looked at Andrews and bit her lip to stop it trembling.

"You poor child!" All his harshness gone, he looked at her tenderly. "Do you love him?"

"I don't know," she answered, putting her hand to her head.

"Did you love him?"

"I don't know that either. I mean... I wonder if I can explain? I mean that John was so completely in love with me that my own feelings were sort of swamped in his. He's... a very strange person. I... eh, do you understand?"

"I think so," he answered slowly.

"Now, do you love me?"

"Yes." Her voice was calm with assurance.

"Has it struck you," he continued still more slowly, "that perhaps

you're... well, worrying yourself when there isn't any need?"

"You mean that John may be... may not be alive?"

"That's the first thing we must find out."

"But didn't I tell you that I've tried and tried?"

"Let me try. Maybe I can pull some wires." Then, seeing that she had begun to cry, he interrupted with gentle firmness. "Stop that. We're going back to the hospital now..."

But the next morning, just after Andrews had telephoned to assure her of his love and make an appointment for the evening, Rosemary received an important call from the matron.

"Tell me you're better," he pleaded as he sat beside the divan on which she was resting.

She hurried to the office to find not the matron, but a man standing there with his back toward her. He turned as she entered and she looked into the glowing eyes of her husband—John Stevenson.

Although he was clean shaven, except for a small mustache, and was dressed in the British uniform, he was the same man whom Michael Andrews had known as Smith in the Armenian desert.

"Rosemary," he said softly, an almost fanatical gleam in his eyes as he stepped forward to greet her. All the blood drained from the girl's face. She opened her mouth as if to speak, but no sound came forth. She put a hand to her forehead, swayed and would have fallen had not Stevenson leaped forward and caught her in his arms.

When Rosemary recovered she discovered that her husband had arranged for her to take leave at

the hospital and had taken her to an apartment which he had rented.

"Tell me you're better," he pleaded as he sat beside the divan on which she was resting. "Then I can stop reproaching myself for frightening you so."

"I'm sorry." She looked about her dully. "Where have you brought me?"

"This is our house that I got for you before I'd let myself see you; the house where we're going to forget we've been apart. I've got leave, my darling! Leave! Six whole ecstatic months of it, for both of us."

"But... but..." cried the girl, stirred from her apathy.

"Do you know what Hell is?" her husband rushed on. "Do you? It isn't a place where you sit on red fire while devils torture you. It isn't being cold or starving or dying from want of water. It isn't watching death creep up a mountain side. It isn't any of those things!... It's just being without you."

Rosemary did not answer. She was staring straight ahead. Then her eyes closed and she sank back onto the divan. Stevenson picked up her hands and carried them to his lips.

In the meantime Andrews had become worried when Rosemary did not keep her appointment with him. He hurried to the hospital and talked to one of the nurses who had been her best friend.

"It's awfully odd, Captain Andrews," Nurse Rowlands told him. "I can't make head nor tail of it. Rosemary's got special leave! Six months! And she's gone without saying good-bye to anyone."

"Gone?" Andrews was aghast and bewildered.

"Yes, and even Matron's orderly doesn't know anything."

"I see." His shoulders sagged. "Well... thanks awfully, nurse."

"She's sure to be writing to you," Nurse Rowlands assured him brightly as he turned and limped from the ward.

"Tell me you're better," he pleaded as he sat beside the divan on which she was resting.

**Rigid Schedule Is Eased For Bambino**  
NEW YORK, Oct. 17.—Mrs. Geo. Herman Ruth, wife and general manager of baseball's Bambino, is letting Babe take things easier these days.

The Babe laid away his bat after the Boston Braves released him and took up golf. Mrs. Ruth, who once kept the home-run king on a diet and a clicking schedule of regularity, thinks it's all right for him to let down a little after 22 years on the diamond.

She's still handling his business, however, and looking out for his interests. She's turned down some \$100,000 worth of contracts since the former home run king was sent home from Boston just because "The Babe has been the idol of American youth for a long while and I won't have him mixed up in anything that isn't just right."

Ruth's business has always been baseball and as far as his manager wife knows it will continue to be. However, she is not sure whether he will attend the mid-Inter meeting of club owners but supposes he will.

## Expert Says Police Training Is Poor

BOSTON, Oct. 17.—Albert Merrin, professor of criminology at Boston University, believes every policeman in the United States should be educated and trained according to the European system.

In Europe police receive two years' training, whereas police here usually study for only a few months.

Merrin suggested a course of at least three months' full time training, five to eight hours a day. In that time the "pupil" could discover if he really is fitted for the job, he said. If so, he might be appointed to the force for a year's probationary period, during which he would do field work part of the time, and continue his training three or four afternoons a week.

"They should learn the use of police weapons, have a physical education and a first aid course," he said. "Squad tactics, and a knowledge of city ordinances should also be included and every policeman should know the laws covering arrest and the gathering of evidence."

## Workers Get More Of National Income

NEW YORK, Oct. 17.—Working men and women got a larger percentage of the national income in 1934 than in 1929. Secretary of Commerce Daniel Roper told the national sales executive conference today.

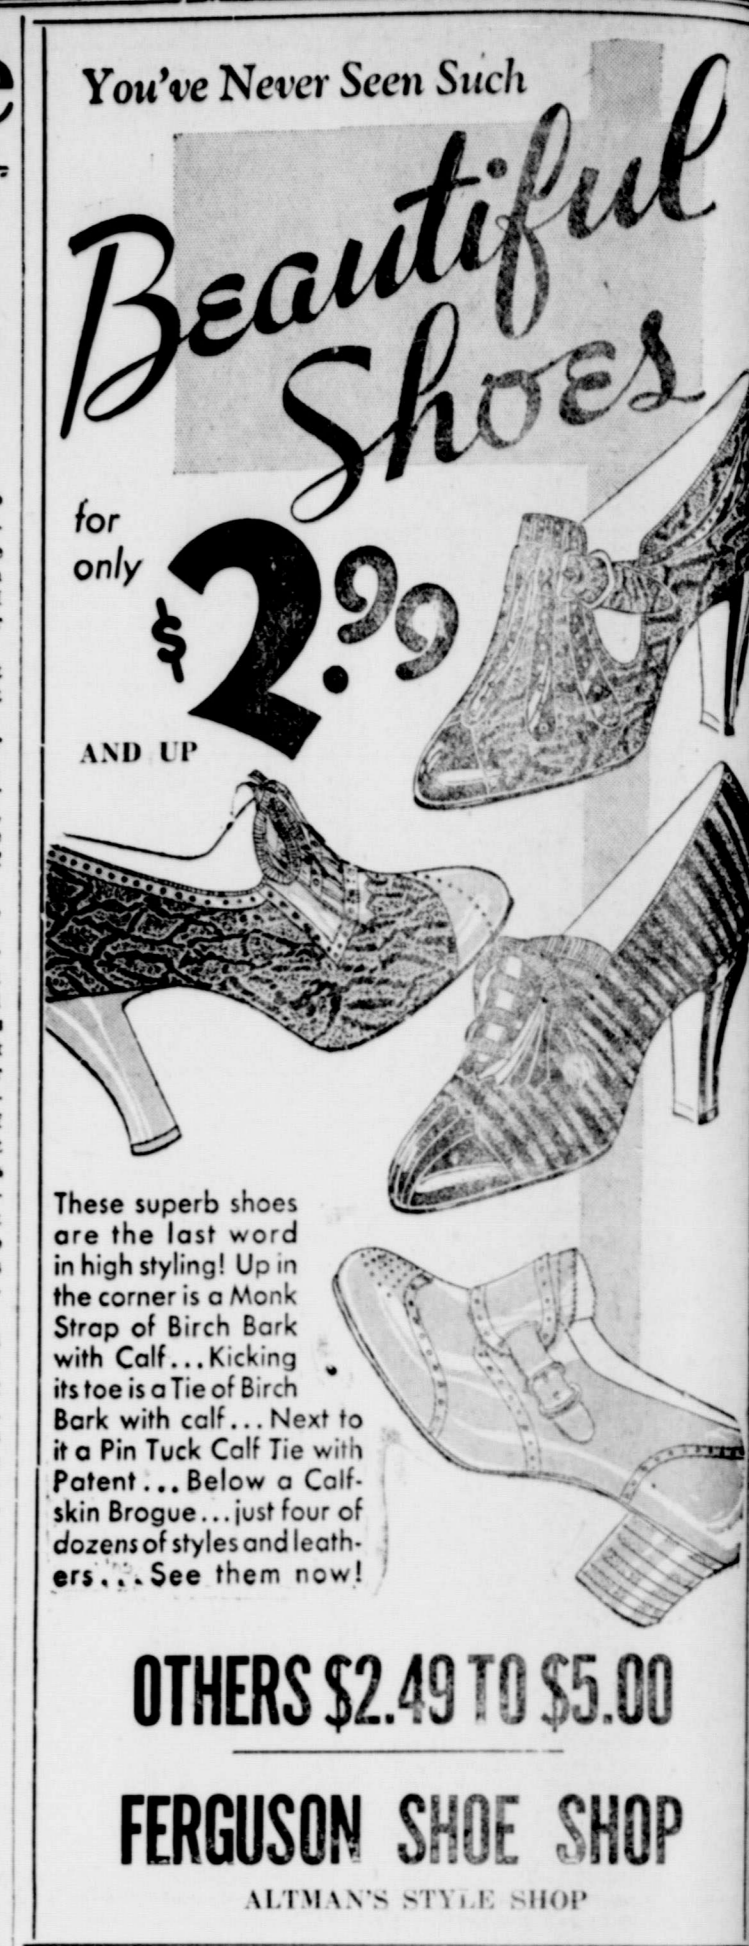

Roper said most recent estimates showed that labor's income in 1929 accounted for 65 per cent of the national income, dropped to 64 per cent in 1932 and rose to 67 per cent in 1934.

He said the larger percentage of effective purchasing power to the country, is flowing into the hands of men and women whose income is almost immediately converted into effective power through necessity.

SEATTLE—Eight energetic Seattle insurance agents qualified for membership in the Black Cat club, underwriters' organization on Friday the Thirteenth. Requirement was to sell 13 or more policies on the fateful day.

## Famed Tacoma Hotel Destroyed by Flame

TACOMA, Wash., Oct. 17.—The magnificent Tacoma hotel designed by the late Stanford White, New York architect, was destroyed by fire today. One hundred twenty guests fled to safety. The fire started in the basement from an undetermined cause.

Seven firemen were overcome by smoke. The \$1,000,000 four-story structure, show place of the north-west, was designed by White 20 years ago. White was killed by Harry K. Thaw.

**CISCO SMOKERS!**

TRY THIRTY AT OUR RISK

Here's a sensational, new you-must-be-pleased tobacco offer that is open to every man in this state: Go to your dealer and get a big red tin of P.A. Roll and smoke 30 cigarettes. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the tin with the rest of the tobacco in it, and we will refund the full purchase price, plus postage. All that is asked of you is a fair and square trial.

A remarkable proposition? Yes! Made solely because we know that men can easily tell "class" in a roll-your-own tobacco once they try it.

And once smokers try P.A., no other brand will do. That's the story in a nutshell.

Prince Albert is made from the choicest, top-quality tobacco. It is "crimp cut" for easy rolling and slow, cool burning. It's packed the common sense way—in tins. And there are around 70 cigarettes in every big two-ounce tin.

So start today to roll Prince Albert. And remember, P.A. tastes mighty fine in a pipe too.

(Signed) R. J. REYNOLDS TOBACCO CO. Winston-Salem, North Carolina

Joe Orr rolls a nifty Prince Albert cigarette in 7 seconds.

DESDEMONA

MRS. W. C. BEDFORD

Tuesday, Oct. 8th the Twenty-Sixty club met at the club which had been decorated to present the land of the Red about whom the program consisted of the day were Roy Ashburn and Mrs. A. O. and they had exerted every effort to make the house attractive to gather together a large number of articles made by Indians which was so large and interesting that it took quite a long time to inspect them all. Most of the articles belonged to Mrs. Elizabeth and her son, Bill Askew. The program was called to order by the Mrs. Mattie Henry, and she was called by the secretary, S. E. Snodgrass. Members returned to call by naming a name of Indians. After the business Mrs. W. E. Barron led the singing of "The Indians" the first number was "Spanish Indians" and the "Indians" given by Mrs. John Mandenhall. A number of characteristics of Texas Indians was given by Mrs. W. C. Barron who gave the program of the Indians in Texas at present time and told of what had done for them by the United States government the state and also by the State of Women's clubs. Mrs. Snodgrass read Sam Houston's "Ensayo on Flaco, Chief of the Indians" the closing number was "Indian Love Call" by Ruth Creighton who has a really sweet voice. She was assisted by Miss Edith Creighton, her official pianist. A table with a beautiful centerpiece of fruit and the table covered with a plain lion's skin at the which the president and secretary were seated. Paper plates were used and her except spoons for the coffee. Besides coffee other things were served Indian corn, olives, grapes, Indian brown round sandwiches of brown with cheese and stuffed olives and dried buffalo (dried with filling of onion salad). There were tiny hand-made boxes across. Those present were A. C. Moore and Miss Ruth Shaw, guests and the following: Mrs. Edith Creighton, Mrs. S. E. Snodgrass, W. E. Barron, C. W. Malby, Mattie Henry, Mandenhall, J. E. Hester, Tom Barron, C. A. Skipping, Preston Williams, A. C. Robert, Clarabagano and W. C. Bedford. Wednesday Mr. and Mrs. Williams and son, Jack had as guests, Mr. and Mrs. R. Y. Lindsey, Mr. R. Y. Lindsey and his little daughter, of Gorman. Lindsey is a cousin of Mr. Powell during boom days was one of Gorman's leading business men. The home that Mr. Lindsey during boom days is the attraction bungalow now owned by Parks. This was the first visit of Lindseys in a long time. The old friends were delighted to see him again. Mrs. Edith Creighton spent the day with her folks at Strawn. Mrs. Charles Lee are on a visit from her mother, Mrs. Beamer and her half-sister, Irene Whitesoft of West Virginia and an aunt from Shreveport. Mrs. Beamer made her home here for several years. Her many friends are giving her daughter and sister a welcome. Mrs. Goodner Bedford had three small children of Eastland a few hours here Saturday

visiting his uncle and aunt, Mr. and Mrs. W. C. Bedford. Mr. and Mrs. Clay Ende of Kilgore came in Friday afternoon for a few days visit with his mother, Mrs. Mollie Sme, and his aunt, Mrs. Nannie Noell. Mr. and Mrs. Ende will always receive a hearty welcome when they visit their relatives and many friends here. Mrs. S. E. Snodgrass and her daughter, Mrs. J. E. Hoeter and Misses Ruth and Boyd Creighton attended the DeLeon Fall Festival afternoon. Mr. and Mrs. Ed Parks and son, Earl, and Jack Powers attended the picture show at Gorman Saturday night. Miss Alberta Martin and Mrs. H. H. Nance went to DeLeon to do some shopping Saturday. W. F. MacLennan of Fort Worth was here Saturday looking after his oil and gas business. He reported that I. N. Williams was improving at a hospital in Dallas where he went to be treated by a specialist. After he had his jaw broken in two places and other injuries in a car wreck. The wreck occurred near Stanton on Tuesday morning as Mr. Williams and his brother, N. P. Williams were going to Odessa. They met a car, going east, that was taking the road and to avoid being hit by that car, Mr. Williams pulled to one side and hit a post that critically injured him. They returned to the city. We regret we failed to mention in last week's issue that many friends here received cards announcing the birth on Sept. 24 of Kathleen Ann, daughter of Mr. and Mrs. C. M. Bratton formerly of Desdemona but now of Greggton. Their many friends are extending their good wishes for the baby. John Arnold and family attended the picture show at Gorman Saturday night. Mrs. Lee Dabney and children, Mrs. Wiley Powers and son, Jack, Mrs. C. W. Malby and children and Odie Brightwell and family were among the large number who went to DeLeon Friday to the ball game. Mr. and Mrs. Hugh Roe drove down to Comanche Sunday and spent the day with his mother, Mrs. J. W. Roe, who was 84 years old that day. Besides gifts for her they carried a beautiful birthday cake. Mrs. J. R. Buchanan and her daughter, Miss Lillie Buchanan, attended the picture show at Gorman Saturday night. Mrs. Hugh Abel and children and Mrs. Sam Roberts and children attended the picture show at Gorman Saturday night. Mr. and Mrs. Hugh Roe accompanied by Mr. and Mrs. Bailey Stark drove over to Gorman to the picture show Tuesday night. Leon Lewis, of Waco, was here Thursday taking orders for calendars from our business firms. While here he took a short time from business to visit his old friend, W. C. Bedford, with whom he had been friends in Miami, Arizona in 1918. Mrs. Myra Carruth and daughter of Fort Worth, were here Tuesday and visited her brother, Eland Daniels, and also the O'Rear family. Mrs. Annie Daniels is a sister-in-law of Mrs. Carruth. Besides visiting relatives and friends who were delighted to see her, Mrs. Carruth looked after her property. Mrs. John Mandenhall and Mrs. Mattie Henry were shopping in Ranger Wednesday. Married—Monday, October 14th, Miss Esther McWhorter to Mr. Vernon Sigler. Justice W. H. Whitworth performed the ceremony. Mrs. Frank Gee and children of Gladewater arrived several days ago for a visit with her parents, Mr. and Mrs. E. J. Morrow. Mr. and Mrs. Jake Smith drove down to DeLeon Thursday to attend the fair. Mrs. Smith remained over until Friday afternoon. Mr. and Mrs. Arthur Weir and

daughter, Wanda Beryle of Kilgore visited from Thursday until Sunday with Mr. and Mrs. Bill Parks. They lived here several years and their relatives and friends are always glad to see them. N. D. Gallagher of Cisco, was visiting old friends and looking after business here Friday. Mr. and Mrs. Dave Key drove over to Stephenville on business Monday evening. Mrs. Arnold Anderson and daughter, Beatrice were shopping at Ranger Saturday. Rev. H. H. Nance attended a banquet in honor of Bishop Boaz at DeLeon Saturday night. O. A. Kountze made a business trip to Cisco Friday. Mr. and Mrs. S. T. Stover visited relatives and attended the fair at DeLeon Friday. Mrs. S. T. Arthur of Coahoma, visited friends here Friday. Her daughter, Miss O. T. Arthur who had been visiting Mrs. Carl Baker returned home with her. The home of Mrs. W. M. Henry was beautifully decorated with fall flowers Wednesday when she and daughter, Miss Lois Henry assisted by Miss Lillie Buchanan and Miss Capicola Browning gave a delightful party. Various games and contests were enjoyed at the close of which a surprise shower of miscellaneous gifts was presented to Mrs. Walter Henry, Jr. Delicious homemade ice cream and several kinds of cakes were served to the following: Mmes. W. S. Lemaster, Bob Harless, Odwin White, P. F. White, H. N. Balderer, Tommy Kee, Dave Key, Joe Quinn, W. C. Bedford, Mary Sawyer, S. E. Browning, J. R. Buchanan, Hugh Abel, Ed Hanson, J. J. Walls, Grace Bray, S. T. Stover, Agnes Dickson, R. K. Stanton, W. E. Barron, S. E. Snodgrass, John Cates, John Nabors, A. C. Robert, W. H. Davis, Jake Smith, Mandie Moon, Walter Henry and the hostesses. Mr. and Mrs. Roy Ashburn accompanied by Mrs. Ramond Joiner and M. P. Williams drove out to Odessa and Crane Tuesday. The Methodist Missionary Society met at the church Thursday and studied from the third chapter of "That Other America." Mrs. H. H. Nance led the study. Ed Callerman visited R. B. Kinsey Tuesday afternoon. Mrs. R. D. Vanderford, Mrs. G. Pollard and daughter, Miss Grace, Leo Callerman and Chester Clark visited in the Dillon home Saturday evening. Mr. and Mrs. Roy Haynes visited Mr. and Mrs. Sam Steele Sunday evening. Eugene Stanfield's brother is here for a short visit from east Texas. Sturles have been visiting their son, Leonard Sturles and Mrs. Sturles and family of McCamey over the weekend.

ARMY PLANE CRASHES

COLUMBUS, O., Oct. 17 — Six men were injured today when an army plane crashed into a battalion of troops during maneuvers near here. The plane, flying low, crashed into telephone wires and dived into the group of men. A pilot and observer and 4 soldiers were pulled from the wreckage. Teachers to Meet At Corpus Christi ALICE, Oct. 17 — The Gulf Coast School Executives' association will hold future meetings this term in Corpus Christi. The Gulf Coast district is made up of schools from Kenedy and Runge on the north to the Rio Grande, and from Sinton and Rockport to Laredo. inet convened, was heavily guarded. Measures under consideration by the cabinet were believed connected with plans to eliminate the minister of agriculture, the minister of commerce, and the acting minister of interior. PLANE LOSES TILT WITH COW PORTERVILLE, Cal. — An entrepreneur from an airplane and a cow on the runway of the local airport found the plane the loser. The right wing of Claire Coe's airplane was demolished when it collided with the cow as it stepped from the grass along the runway into the path of the plane. PATRONIZE OUR ADVERTISERS

REBELLION RUMORED

VIENNA, Oct. 17 — The cabinet met on urgent call today when rumors were circulated that the lower Austrian home guard was marching against Vienna. Machine guns were set up in radio stations. Then chancellor, where the cabinet convened, was heavily guarded. Measures under consideration by the cabinet were believed connected with plans to eliminate the minister of agriculture, the minister of commerce, and the acting minister of interior. PLANE LOSES TILT WITH COW PORTERVILLE, Cal. — An entrepreneur from an airplane and a cow on the runway of the local airport found the plane the loser. The right wing of Claire Coe's airplane was demolished when it collided with the cow as it stepped from the grass along the runway into the path of the plane. PATRONIZE OUR ADVERTISERS

Richardson's Grocery

RE-MODELING—RE-OPENING Richardson's Grocery is re-opening Saturday after being closed for a period, remodeled for better serving of its patrons. Richardson's grocery was established at its present location at 1006 East A Avenue, sixteen years ago and has played its part in serving the people of East and West Cisco. Its reopening Saturday will mark a new epoch in a better service for its patrons. Baskets of Groceries given away to its patrons will be a feature of its reopening. Coffee and cookies will be served FREE all day Thursday. You are invited to attend this opening and be the guests of this store. Prices and Service Will Always Be Satisfactory. RICHARDSON'S GROCERY 1006 EAST A AVE. CISCO

Advertisement for Calumet Baking Powder. Text: "Wasn't I good and glad to discover it!" MRS. K. J. TOBIN, OF BEVERLY HILLS, ILL., WELCOMES Calumet Baking Powder... in a big, new 10¢ can! Image: A woman in a kitchen with a child, and a can of Calumet Baking Powder. Text: "WHAT'S THE SENSE in taking chances with second-bests when you can get a good, big can of Calumet for a dime?" Mrs. Tobin. "I've never had a baking failure with Calumet," Mrs. Tobin said. And judging by the expectant faces of Richard and Patricia, Mrs. Tobin is not the only member of her family who knows how delicious Calumet cakes always are! A SIMPLE TWIST... and the Easy-Off Top lifts off. No delay, no spilling, no broken finger-nails! WHY DOES CALUMET give such astonishing "baking luck"? Why is Calumet different from other baking powders? Because Calumet combines two distinct leavening actions. A quick one for the mixing bowl. A slower one for the oven... and Calumet's double action is so perfectly balanced and controlled that it produces perfect leavening—every time. All Calumet prices are lower! Calumet is now selling at the lowest prices in history... the regular price of the Full-Pound Can is now only 25¢! And look for the new, big 10¢ can—a lot of good baking for a dime, with Calumet, the Double-Acting Baking Powder. A product of General Foods.

### Missionary Sees 'Greatest Ambush' By Ethiopians In Valleys of South

HARAR, Oct. 17—An American medical missionary, hurrying from Ogaden war zone to beg Haile Selassie for hospital supplies, reported today scenes of devastation from chlorine gas and dum-dum bullets used by the Italians.

The missionary, Robert Hockman, estimated there were more than 1,000,000 effective Ethiopian fighters hidden in the jungles of the valleys up which the Italian troops are driving.

### TENSION HIGH OVER VERDICT IN MOB CASE

Special officers were deputized last night to patrol the streets to prevent demonstrations. The arrests were continued today as tension continued.

MEXICO CITY, Oct. 17 — Gen. Luis Bobadilla, chief clerk of the war department, told the United Press today there was no military trouble in the state of Sonora, where a revolutionary uprising was reported.

"The band headed by Luis Ybarra is being pursued energetically by federal troops in that zone. The railway is guarded and traffic has not been interrupted. An airplane squadron is cooperating with federal troops to break up the bandits who seek protection in the jungle," he said.

### Says No Military Trouble in Sonora

MEXICO CITY, Oct. 17 — Gen. Luis Bobadilla, chief clerk of the war department, told the United Press today there was no military trouble in the state of Sonora, where a revolutionary uprising was reported.

"The band headed by Luis Ybarra is being pursued energetically by federal troops in that zone. The railway is guarded and traffic has not been interrupted. An airplane squadron is cooperating with federal troops to break up the bandits who seek protection in the jungle," he said.

KANSAS CITY, Mo. — Directors of the board of education considered at three meetings the question of closing the schools on Washington's birthday. Finally they decided to keep them open. Then a director looked at a 1936 calendar and discovered Feb. 22 falls on Saturday.

JOPLIN, Mo. — A dog may be man's best friend, but 24 of them can overdo the friendliness business according to Edward H. Shackelford. Shackelford cited in his petition for divorce that his wife rounded up that many dogs and insisted he feed them.

the Bruins out-rote the Hardin-Simmons cowboys to take a 14-0 decision. The following week end, the Jennings men suffered their early season low down but won from the Texas A. & I. Javelinas 6-0. Smarting from the humiliation that Southwest sports writers had heaped on their heads after their miserable performance against the Javelinas, the Grizzly machine clicked perfectly last Saturday to take a close battle from their first conference victory Pirates and plundered their ship for a 39-0 win. A week later foe, the Arkansas Razorbacks, 13-6. With this string of wins to their credit, the Bruins will entrain Thursday night for Oklahoma City where they clash with the Goldbugs for their first inter-sectional tilt. Carl Brazell, Owen Parry, Ken Clark and R. B. Buchanan, all regulars, will be on the bench this week-end as their mates battle the OCU eleven, but they will be ready to give battle when the Baylor aggression hops to College Station for the Agie Homecoming tussle, October 26.

### BAYLOR BEARS AND GOLDBUGS MEET FRIDAY

WACO, Oct. 17—Having added the Arkansas Razorbacks to their string of victims for the 1935 season, the Baylor Bears will journey to the Sooner state capitol this weekend where they will tangle with the Oklahoma City University Goldbugs Friday night. Practice sessions in the Bear camp have been comparatively light as Coach Jennings gives his regulars a chance to relax after their ruciling battle with the Hogs in which the Bruins played excellent defensive ball to win 13-6.

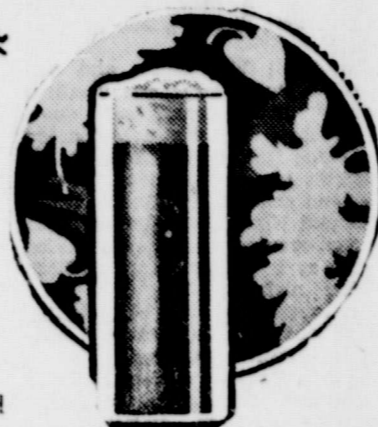

To date, the Bruins have taken the war path four times and four times they have scalped their foes. A mystery Bear eleven took the field against the Southwestern uni-

### Steer Coach

Coach Obie Bristow of the Big Spring Steers, above, will be attempting to break a losing streak when he sends his charges against the Lobos at Big Spring tomorrow.

together that Cisco can achieve its ambition—the ideal city to live in. Let's go! We're going! Come on along!

**Opportunity For You**  
The Opportunity Club of The Cisco Daily News and Cisco American and Roundup has been especially planned and created for you. It is your one big opportunity to make in the next few weeks, more money than you have ever made in your life before or ever will again at anything else in so short a length of time.

It doesn't cost you one cent to clip that entry blank of yours, that you will find elsewhere in today's paper, bring it down to Opportunity Club headquarters at The Daily News, and get going. You know that, as one young matron said, "If I thought for a single second that I could win either one of those two cars that The Daily News will give away, I'd roll up my sleeves and get going—right now." She did—for, she, like you, has the best opportunity of all to win either one of those two cars. What you really can do is—until you've attempted it—of course, problematical. The only problem for you to dissolve is that lack of self-confidence—Well, you would hate to admit that you don't have any faith in yourself, you'd hate to admit that you are licked before you start—you'd hate to admit that anyone else could beat you in a fair competition. Wouldn't you?

**Delay Dangerous**  
Then, what's holding you? You are not tied. You'll never win unless you begin, and right now is

with yourself by doing your share in getting some of the bigger and better things of life—when you do that you move Cisco—your town towards a bigger and better place to live in and make a living in. It is only when everybody pulls

**Beware Coughs from common colds That Hang On**

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

the time for you to begin—begin to get some of the better things of life you've wanted—turn those dreams into reality. The longer you put it off—the more regrets, the more alibis you'll have to make to yourself and your friends when you see someone else drive off in the prize of your heart's desire at the end of the campaign. Can you take it? Your opportunity, and make the most of it, or— Defeat, without trying?

**BOOSTERS ARE GRATEFUL FOR JUBILEE HELP**

Johnny Cox, president of the Cisco Boosters has expressed the appreciation of the organization to everyone who aided in the first anniversary jubilee last week.

"We want to express our appreciation for the publicity given the jubilee and to those who aided in putting it on," he said. "We want especially to thank the following firms and individuals:

"Leach scores, Powell Cleaning plant, West Texas Utilities, John H. Garner's, Cisco Gas Corporation, Roan's Cleaning plant, Cisco Flour Mill, Altman's Style Shop, City Drug company, Ferguson Shoe Shop, Clark's Service Station, Dean Drug company, Cameron Mattress Factory, Nu-Way Beauty Shoppe, Ekins Tin Shop, Osburn's Bakery, Ruppert's Bakery, Community Natural Gas company, Boston Store, Nance Motor company, Merchant's Fast Motor Lines.

"West Texas Produce company, Reynolds Manufacturing company, Tompkins Broom factory, City of Cisco, E. L. Smith, George Boyd, Rex Page, Dr. Hubert Seale, Floyd Cooper, Howard Robinson, Jack Forley, H. Brandon, Ocie Leveridge, Charlie Yates, James Moore, H. L. Dyer, Leon McPherson, Bill Dean, S. J. Arthur, J. D. Lauderdale, Truett LaRoe, Lewis Starr, Rex Alexander, Mavis Lankford, L. E. Robinson, Semmy Moldave, W. J. Leach, Charles Sandier, Les Garrett."

Then, what's holding you? You are not tied. You'll never win unless you begin, and right now is

**Service Station Beats Drain Mark**

Carl Baird's Laguna Service Station Wednesday broke the record of an Oklahoma station when it chucked up 1,213 gallons of gas, 100 crank case drains, and 197 gallons of oil sold.

The remarkable feature was that 91 of the crank case drains came between 1 and 5 p. m., and that all but three quarts of the oil sold was Conoco Germ Process.

Baird and his service station men worked hard in the contest to better the mark set by the Oklahomans of 80 drains, 418 gallons of gas, and 129 gallons of oil.

**SOCIETY**

LAURA RUPE, Editor, Office Phone 80.

**Mrs. McClelland Legion Auxiliary Dinner Hostess**

The home of Mrs. E. C. McClelland on West Seventh street made a lovely setting for a dinner for the members of the American Legion Auxiliary Monday evening.

The meeting was for the purpose of installing new officers. They were: president, Mrs. James Haynie; vice president, Mrs. Leon McPherson; secretary, Miss Maymie Estes; treasurer, Mrs. W. C. Clough; chaplain, Mrs. A. D. Estes; historian, Mrs. Crigler Paschall.

The president appointed the following committee chairmen: rehabilitation, Mrs. George Ruppert; membership, Mrs. Charles D. Roberts; program, Miss Letha Estes; child welfare, Mrs. M. H. French; parliamentary, Mrs. H. G. Bailey; publicity, Mrs. H. A. Bible.

The association will conduct an annual poppy sale on November 11. It was also decided to sponsor a poppy poster contest at the West Ward and Grammar schools. Mrs. Irene Hallmark will have charge of the contest. First and second prizes will be given for the best posters.

Present were Mesdames Charles Robert, James Haynie, Irene Hallmark, George Ruppert, Leon McPherson, A. D. Estes, W. C. Clough, H. A. Bible, Misses Maymie and Letha Estes, and the hostess.

**Miss Jane Gilman Honored at Party On Her Birthday**

Honoring her daughter, Jane, on her eleventh birthday, Mrs. Bob Gilman entertained last evening with a dinner in her home on West Sixth street.

Entertaining rooms were cleverly decorated with Halloween motifs. Dinner was served on five card tables spread with orange and black cloths centered with bouquets of cosmos carrying out the color note. In the dining room the table was centered with a huge birthday cake with candy decorations in keeping with the occasion.

The honoree received many lovely gifts after which the guests were entertained at the theater. Halloween hats and horns were given as favors.

The guest list included, Lillian Spears, Geneva Isenhower, Ruby Kent, Margaret Ann McDonald, Polly Anna Porter, Lois Coates, Helen Draganes, Marilyn Shertzer, Mary Helen Russell, Golda Warren, Madeline Ruppert, Coy Warren, John D. Ward, Glenn Boyd, Norman Ball, Bob Wright, Wilburn Ghermley, Allen Wood, Jackie Leach, and Vance Rominger.

**PERSONALS**

Mrs. O. V. Cunningham returned today to San Angelo after visiting with relatives and friends here since Sunday.

J. H. Glenn of Dallas was a business visitor in Cisco this morning.

Mrs. Fabius Bearden has returned to her home in Baird after a short visit here with relatives.

Here's One Woman Who Knew How To Reduce

Costs Next To Nothing To Lose 35 Pounds

If you have a will of your own and don't listen to gossipers who tell you there's no safe way to reduce—you can not only get rid of surplus fat but actually enjoy better health than you have for years—just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning—tastes fine with juice of half lemon added.

So safe is Kruschen you can take it day in and day out for years—thousands do just to keep gloriously physically fit. Jar 40c.

Mrs. Clara Christensen of Belmar, N. Y., writes: "Am on my 5th year of Kruschen and reduced from 164 to 129 lbs. It's a wonderful product—makes you feel better."

No more laxatives—no more cathartics and no constipation when you take your little daily dose of Kruschen. Moore Drug Co., and druggists everywhere.

**Council Group One Holds Meet Tuesday**

Group One of the Woman's Council of the First Christian church met Tuesday afternoon in the auditorium of the church with Mrs. J. E. Benedict presiding.

Mrs. Ira L. Guffey, devotional leader, read the Scripture. The sixth chapter of the Mission book, "Looking Toward Christian America," was reviewed by Mrs. H. J. Woodriddle, after which Mrs. E. L. Miley of Frederick, Okla., gave an inspirational talk.

Present were: Mesdames M. R. Groce, Guffey, Woodriddle, J. T. Scott, Benedict, J. S. Mobley, E. L. Miley, and J. B. Cate

**Mrs. Hanrahan Is Hostess to Club**

Humble Bridge club members were Wednesday guests in the home of Mrs. J. C. Hanrahan which was a profusion of roses and other blossoms.

Mrs. McGowen was presented high score prize and Mrs. L. J. Henson received second high.

Present were: Mesdames R. B. Carswell, W. W. Wallace, Harold McGowen, Reggie Henderson, T. R. Huels, W. Daniel, W. A. Phippen, I. J. Henson, Jack Jones, P. C. Hayes, Ray Wiley, and A. J. Henson.

Cisco

**—we thank you—**

We are truly grateful to our friends for their patronage yesterday that enabled us to break the record of forty-two states and incidently surpassed the record of Alva, Oklahoma, which city held first place in the Conoco contest for greatest sales of Crankcase Refills of Germ Processed Motor Oils and Conoco Bronze Gasoline.

In establishing this record for Conoco products, Cisco has been placed on the map as a wide-awake city among those of these forty-two states.

We are glad to have had a part with you in bringing this favorable publicity to our little city.

# HEALTH DEPT WARNS TEXANS AGAINST COLD

AUSTIN, Oct. 17.—The 'open season' for the so-called common cold has again arrived. Victims of this general complaint will constantly increase during the winter months, many will become dangerously ill, while yet others will succumb to complications," according to Dr. John W. Brown, state health officer.

In spite of the wonderful strides in disease prevention made in the last few decades, the problem of the common cold yet remains to be solved. If the situation lent itself to mass control, there possibly would be no problem. Unfortunately, however, the matter cannot be handled in that way. The solution, in view of present day limitations, rests somewhat upon the intelligent cooperation of the individual, he said. So far, has proved to be an insurmountable barrier. The trouble arises because the victim fails to appreciate the possibility of 'only a cold.' In fact, with the day's work to be done, it is difficult to be self-persuaded that one should remain at home, and possibly in bed, if overtaken by such an infection. Feeling quite able to move around, it is hard to realize that rest and care represent the best treatment not only the cold itself but as a preventative of more dangerous supplemental conditions.

The average person argues that home and bed are all right when one is too sick to be any place else. However, the scientific facts prove that most of the calamities now charged to the common cold could be avoided if one would at least stay at home when this infection appears and remain there until it

it cured. In fact, on a business basis, it is the economical and wise procedure. For 'only a cold' may develop into a very real illness; therefore, every precaution should be taken to minimize the spread of this infection.

## Gonzales Battle To Be Celebrated

GONZALES, Oct. 17.—Arrangements rapidly are being completed here for the opening on November 5 of the six day celebration of the hundredth anniversary of the battle of Gonzales. It will be the first of the series of Centennial year celebrations in Texas.

The Centennial anniversary of the historic battle which marked the beginning of armed action leading to the independence of Texas was on October 2 at which time an appropriate program was broadcast by radio to all parts of the state. The celebration of the battle's centennial will be from November 5 through November 10.

The entire state has been invited to join Gonzales in the opening day's events on November 5 when an elaborate historical parade and pageant will be staged. Many south Texas towns and several of the larger cities of the state will be represented in the parade with decorated floats. Governor James V. Allred and other high state officials are expected to be present.

## King Congratulates English Woman, 100

LONDON, Oct. 17.—King George has sent a message of congratulations to Mrs. Ann Marie Foster, of Folkestone, who celebrated her 100th birthday recently.

Mrs. Foster has had seven sons. They are all dead. Her daughter, who lives in British Columbia, is 70.

Asked what she thought of modern girls, Mrs. Foster said: "I think they are very nice indeed."

**OLD OAK FELLE**  
OSHKOSH, Wis.—An ancient oak felled by a strong wind had railroad spikes imbedded in it which had been used 75 years ago, according to a descendant of the second family which settled here permanently. Counting of the tree's rings indicated it was 250 years old.

**CHANDLIER CLEANED**  
ROCHESTER, N. Y.—It took eight men a week to clean the great central ornamental chandelier in the Eastman Theater in preparation for the concert season. The chandelier, the second largest in the world, has 958 lights, as many reflectors, and 14,000 separate crystals.

**TURTLE CARRIES BRAND**  
BERWICK, Pa.—The average life of a turtle has been estimated variously, but L. M. McHenry knows the age of one turtle. McHenry plowed up a turtle on his farm. It was the same turtle on whose back he had carved his initials 34 years ago.

**CHURCHGOER 90 YEARS**  
ARLINGTON, Mass.—Ninety years a churchgoer, Mrs. Sarah N. Byam, 94, was awarded a special gold star at Rally Day services at the Park Street church Sunday school. She was a teacher in the school for 50 years.

**BITES OFF BOSS' NOSE**  
CIEZA, Spain, Oct. 14.—Juan Antonio Morcillo, employe in a local straw mat factory, takes pride in his work. When the superintendent criticized him for turning out a bad mat, proud Juan jumped on him and bit off his nose.

**CHURCH GAIN SEEN**  
JUNEAU, Alaska.—Godliness in Alaska is on the increase. Bishop Joseph Raphael Crimont announced, following a tour of the territory. He returned to Juneau for celebration of the 60th anniversary of his admittance to the Jesuit order.

## Ford V-8 Streamlining Steps Ahead

THE IMPROVED streamlining of the front end of the Ford V-8 for 1936 is well illustrated by this camera shot. Note the horn set into the fender apron behind a chromium grille and the way the graceful contour of the fender is carried to the edge of the new radiator grille. A glimpse of the new hood louvers is caught behind the headlamp. The V-8 insignia on the prow of the car is of new design.

## Britain's Concern Grows Over Water For Egypt As Compact Upset by War

LONDON, Oct. 17.—One of Great Britain's chief concerns as the Italian invasion rolls deeper into Ethiopia is Lake Tana, a huge stretch of water shaped like an inverted bottle in the northwest part of the empire.

With an area of 1,250 square miles and a total discharge at the outlet in normal years of about 3,500,000,000 cubic meters, the lake is the source of the Blue Nile, one of the chief water supplies of Egypt and Anglo-Egyptian Sudan.

Tremendous damage to agriculture in this territory could be done by any interference with the lake, but Britain obtained assurances from Emperor Menelik of Ethiopia in 1902 that nothing would be done to interfere with the waters of the Blue Nile or Lake Tana.

What would happen if Italy conquers Ethiopia, nobody knows. There is the possibility that Britain might

for irrigation projects, including the construction of the dam.

Engineers have estimated that a dam would provide a water reserve of from 2,700,000,000 to 5,300,000,000 cubic meters over and above the present discharge of 3,500,000,000.

It is interesting to follow the course of events since Britain obtained rights over the lake.

In 1899, after the conquest of Sudan, Sir William Garstin was sent on a special mission by the Egyptian government to reconnoiter the whole river basin, including the Blue Nile right up to Lake Tana.

**Dam Called Need**  
In 1904 Garstin proposed the construction of a dam at Lake Tana as the most urgent of several schemes for holding up the waters of the Nile.

In 1921, following a further investigation, it was estimated that the dam would cost \$11,500,000 with another \$5,000,000 for road construction.

In the meantime, 1902, Menelik had agreed "that there is to be no interference with the waters of the Blue Nile and Lake Tana except in consultation with the British government and the Sudan government. That in connection with any such interference, all other conditions being equal, preference will be given to the proposals of the British and Sudan governments and the Emperor Menelik has no intention of giving any concessions that relate to the Blue Nile and Lake Tana except to the British and Sudan governments or one of their subjects."

It was further agreed by treaty in 1902 "that the Emperor would not construct or allow to be constructed any work across the Blue Nile, Lake Tana, or the Sobat that would arrest the supply of their wa-

ters into the Nile except in agreement with the governments of Britain and the Sudan."

**Three Nations Sign Pact**  
In 1906 the tripartite agreement was signed between Britain, Italy and France, under which the three governments undertook to cooperate in the event of rivalries or internal changes in Ethiopia, and agreed to observe a neutral attitude, abstaining from all intervention in its internal affairs.

One of the clauses of this agreement stated that Britain, France and Italy agreed to "safeguard the interests of Britain and Egypt in the Nile basin, more especially as regards the regulation of the waters of that river and its tributaries."

In 1915 a joint Egyptian-Sudanese and Ethiopian expedition was dispatched to survey the lake, but was prevented by political turmoil.

Nothing happened, however, until in 1930, a United States firm, J. G. White Engineering Corporation, surveyed the lake on behalf of the Ethiopian and Sudan governments.

The cost involved was so big however, that the co-operation of the

Egyptian government was sought, and another survey party was sent in 1933.

The conference arranged for last May, and now postponed indefinitely, was the direct outcome of this last survey.

Apart from creating a huge reservoir, a dam would materially help in the regulation of the Nile's waters. At present Lake Tana gives its greatest contribution to the Blue Nile at the time when the river in Egypt and Sudan is amply supplied from other sources—principally the White Nile and the Atbara—and gives its smallest contribution when the river is "low, that is in April, May, June and July.

**GIANT SPIDER FOUND**

LOGAN, Ia.—A garden spider with legs that stretch four inches, from tip to tip, was found in a garden by Letitia Ahlstrand. The spider's body is nearly an inch long.

**DOUGHNUT MONTH**

NEW YORK.—The National Doughnut Association has decided to designate October as national doughnut month because of the two "O's."

## Longer Staples Of Cotton in Report

A comparison of the weekly grade and staple reports for Texas issued this season with reports for this state issued last season disclose a significant increase in the proportion for 1 inch and longer lengths this season. This season to date, over 14 per cent of the samples classed from representative gins in Texas is 1 inch and longer length compared with about 5 per cent for the corresponding period last year.

Grades are lower than last season to a pronounced extent as measured by the proportion of strict middling and better grades (white and extra white) classed to date this season with the proportion classed to the same date last season. To date, only 19 per cent of the samples classed is strict middling and better grades of white and extra white cotton, in contrast to 29 per cent for the corresponding date last year.

# Loboes Out To End Losing Streak Friday

## MORE POWER FORESEEN FOR CISCO ELEVEN

With only two days remaining before their game with the Big Spring Steers Friday night, Loboes are making final preparations for the contest that may stop their losing streak and again put them into a favorable light in the Oil Belt.

The Loboes likely will have more strength in Friday's game than in any since the opener against Electra and should be ready to give the Steers a real battle.

Popeye Beasley, who has been out of the game since he was hurt in the Electra affair, may be back. Other members of the team are in fair condition to shoot their full strength at Big Spring.

## STEER GRID STOCK HITS NEW HIGH

Special to Daily News — Steer grid stock has risen from the depths to a new high with the return of J. W. Coats for practice.

Coats, a back, is expected to bolster the secondary at least thirty per cent. He has not reported for practice for several weeks because of illness, but looked as good as ever as he booted the pigskin around Monday.

Coats may replace Grey as full-back, coaches said, although Grey will probably see considerable duty as a sub.

Madison, who was given a trial in the backfield as a half, has been sent back to his guard position. He suffered an ankle injury in the Fort Worth game that will keep him out of heavy work this week.

Young lanky Morgan is giving "Sleepy" Jones a stiff battle for a wing position. Unless Jones improves his blocking Morgan may replace him.

Bristow expects his cohorts to be improved 50 per cent when they take the field against the Cisco Loboes here Friday night.

Although the Cisco record has been poor, the Loboes have been improving and the game promises to be a tussle.

## HARRISBURG, Pa.—Eighth grade enrollments in Pennsylvania's public schools have shown the largest percentage increase in 10 years, according to the State Department of Public Instruction.

## BIG DAM CHATTER

Cisco has traveled a long way from the style of football used in 1923, '24, and '25 to the present open game with backs scattering about over the field for lateral passes and everybody on his toes to stop spinners and reverses.

Back in those days the team was busy. It had to be. And it used that weight to drive through its opponents. The Loboes used to hit the tackles, smash at the middle of the line, and then drive at the tackles some more. That wore down the opponents, but it wore down the Loboes, to a certain extent, and the final test was which team it wore down first. The Loboes usually came out on top.

Back in 1932 the Loboes used a tandem formation in the backfield until they met Abilene one day in a game that changed the whole course of Oil Belt football. The Loboes had been using a new formation in secret workouts. They had adopted something that no other team in the Oil Belt was using—a shift.

When they met Abilene on a muddy field they used that shift and Abilene went right ahead and won through its aerial game. But the Loboes had scored in that 19 to 7 contest, and they were the only team in the state that crossed Abilene's goal line that season. They had a taste of real football, and the next year they beat the Eagles on their own field. They used the same driving plays and a strong defensive line.

The Cisco teams were noted for a strong defense, but that defense would hardly be adequate against a present day team using many forward passes, laterals, and reverses and mixing them up in a baffling jigsaw puzzle. At the same time, however, the modern defense might not work better against the old bit-bang-crash tackle busting offense.

The game has changed a lot since 1923 and the spectators have been richly rewarded for coming out and standing in the mud that day to see Cisco go down before Abilene's state championship team.

One of the interesting things to note about the Cisco teams of early Oil Belt football and the present Lobo machine is that they run their vastly different plays from almost exactly the same formation.

The same formation the boys shifted into as a big surprise for Abilene as the one they shift into today, only it's not quite so close to the line. But where the Lobo backs grabbed the ball and followed a heavy line into a crushing pile-up, they now pass, laterally or forward or use a sudden change of direction to thrust at an unsuspecting weak point.

Let us figure your next job of printing. Our job printing department is equipped to serve your needs. Phone 80.

## RICE FANS SEE HOPES FOR BID TO ROSE BOWL

By HENRY SUPER  
United Press Staff Correspondent  
NEW YORK, Oct. 16 — Prints and passes:

Lloyd Cardwell, Nebraska half-back, weighs 190 pounds, stands 6 feet 3 inches and can run 100 yards in 9.2 seconds. Rice Institute fans regard their team one of the best five in the county and even now they are predicting it will be invited to play either in the Rose Bowl or Sugar Bowl classics.

Tom Cain of City College of New York who never played football in high school already has superseded two veterans — Gilbert Lea, varsity end at Princeton, comes from a football-playing family. His father, Langdon Lea, was All-American tackle at Princeton in 1893, 1894 and 1895. His brothers, Francis C. and Langdon, Jr., both were varsity ends a few seasons ago.

Young Roper on Varsity  
William Winston Roper, Jr., substitute varsity end at Princeton, is the son of the late W. W. Roper, head coach from 1919 until 1930.

Three former stars are on Nevada's coaching staff this season. Head coach is C. L. (Bick) Mitchell who was an All-American at University of Oregon and played end on the team which defeated Pennsylvania in the 1917 Rose Bowl game. Assistant Coach Roy (Snow) Baker played at Southern California and with the Green Bay Packers and Chicago Bears. A third is William McKallip formerly of Oregon State and the New York Giants. Both the latter won all-league honors while they were professionals.

Stanford has four first-class kickers in its regular backfield: Grayson, Hamilton, Alusza and Paulman Grayson, west coast scots report, is a far better passer than he was last season.

Play Six Years Together  
Three Manhattan men are playing their sixth year of football together. They are John Welch, Jerry Buckley and John Connell who were members of the St. John's prep team of Danvers, Mass. Before entering Manhattan.

George Washington McGovern, Jr., Notre Dame right tackle candidate was born a day after Washington's Birthday. Robert Benz Holy Cross lineman, has to wax his face before each scrimmage. He was in a railroad accident last year and the wax is to protect the recently grafted skin.

The first father-son combination in City College of New York history has appeared this year. John Caulfield, 192-pound senior playing for the first time on the varsity is son of John J. Caulfield who played both in the line and backfield 23 years ago. Young Jack never played football until his junior year in college.

## TAKES POISON

TAYLORVILLE, Ill.—Poison taken accidentally while walking in her sleep was blamed by a coroner's jury here for the death of Miss Emma Foll, 28. Evidence presented at the inquest disclosed that Miss Foll was an habitual sleep walker.

## ACCIDENTS BESET GIRL

## OUT OUR WAY

## Barefoot Hawaiians Grid League Stars

HONOLULU, Oct. 16 — Thirty-five hundred Hawaiian schoolboys took off their shoes and got down to business today as the islands' 25 barefoot football leagues squared away on the final stretch of the 1935 season.

A distinctively Hawaiian contribution to football, the barefoot game is played under school and civic sponsorship. The regulation rules apply and the contestants play a surprisingly fast and deceptive game.

Except for the lack of shoes, regular football uniforms with jerseys and headgear are worn, although sometimes a team's collection will be amusingly varied. In some of the leagues dungarees rolled up to the knees, are substituted for padded football pants.

Many barefoot players can cut-kick shod mainland players. The longest punt by one of the toughest artists was 71 yards, achieved in an annual punting contest.

Interscholastic and senior league teams in Hawaii wear shoes, but many of their players learned the game on the sandlots playing barefoot ball.

## No Varsity Bruises For Kansas Slimes

MANHATTAN, Kan., Oct. 16 — The practice of using the freshman football squad as fodder for the varsity has been revised at Kansas State college this year.

Coach Wes Fry explains why "Freshmen shouldn't be used as chopping blocks for the varsity. They usually have several years of behind them and at this stage of their development a year of less arduous work, with enough exercise for proper development, is valuable. They'll see service against the varsity, of course, but they won't be battered around."

## Woman Boxer Hurls Defiance to World

MONTREAL, Oct. 16 — Canada's first aspirant to the world's women boxing crown is looking for a fight.

She is Elizabeth Cairns, of Picton, N. S. She wrote to a Montreal newspaper, offering to "take on all opposition."

"I have often wondered why," she writes, "women have not taken up boxing especially in view of the fact that they have won fans in golf, tennis, baseball, hockey and other sports."

"I am interested in launching a boxing career for myself. I can take a punch and give one. The trouble is I have no one to train me. I can go anywhere and expect to leave for the United States soon."

"Opponents are also one thing I lack. I am willing to take on all."

## BLUE MONDAY BLUR

PITTSBURGH — Blue Monday's made bluer for housewives in the Squirrel Hill district here by the ravages of a mischievous little monkey who seems to delight in swiping clothespins and letting the family washing scuttle merrily along in the dirt.

## ACCIDENTS BESET GIRL

COUNCIL BLUFFS, Ia. — Life is just a series of adventures for Miss Sunny Heath. She has been in two airplane wrecks, three auto accidents, a train crash, and had her automobile blown off the highway during a Kansas tornado.

# U. S. TO CHART BUSINESS RISE FROM 1933-36

By JOHN W. FRANKISH  
Special Staff Correspondent  
PHILADELPHIA, Oct. 17 — American business will know by July 1, just how far the nation has progressed toward recovery, according to Chief Statistician Fred A. Gosnell of the federal census of business.

## ECZEMA Itching

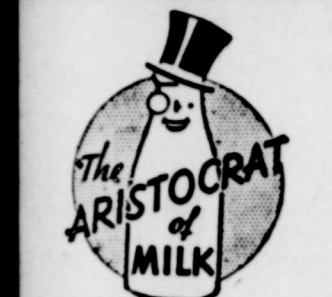

For quick relief from the fiery torment and to control the incessant itching, use soothing Resinol. It helps nature heal sick, irritated skin. Get a jar today.

## Low Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the dose if the cold persists. Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and delicate of all intestinal eliminators. It cleanses the intestinal tract of germ-laden mucus and toxins.

A small part of a crew of 3,500 already has started work on opening phases of the survey at national headquarters established here. The census, which is being operated under a Public Works \$4,077,500, will provide white collar jobs for an additional 28,000 now on relief rolls in all parts of the country.

**Farming Not Included**  
The scope of the survey will include retail and wholesale trade, business services, professional services, transportation, construction, real estate development and sale, insurance, and finance. Figures on all other branches of commerce and industry, such as agriculture, already are collected by government agencies.

"It is a business man's census," Gosnell said, "and we are going to make it as valuable to American business as possible."

The project has no connection whatsoever with any agencies or bureaus outside of that of the census. Information gleaned from any individual group will not be used as a basis for governmental regulation or taxation.

Officials anticipate no difficulty in obtaining information from approximately 5,500,000 establishments. Representatives of the leading retail organizations of the nation already have conferred with Gosnell and his aides here. Many suggestions made by business men were accepted by the bureau.

**Experienced in Surveys**  
Gosnell is not new to the business survey field. He organized the first test census of wholesale and retail trade in 11 American cities in 1929. He pointed out that the present project is more inclusive than any previously attempted by the bureau of the census but said that comparisons can be made with two previous compilations.

In 1929 figures on retail and wholesale trade, and the construction industry were placed in the records, and in 1933 business services, retail and wholesale trade were covered by field workers.

The information desired by the Department of Commerce in the current survey includes the number of establishments in the nation, classified in detail as to kinds of business; the number of employees, salaries and payrolls, sales or receipts, and other statistics peculiar to each type of business.

**Small Towns Included**  
Gosnell said that workers at headquarters will receive the returns from all parts of the country and tabulate them. States and cities of more than 2,500 population will be included in the tabulation.

Although the survey is a WPA project, Gosnell said that it will require a high type of skilled labor, and all applicants for work will be submitted to rigid examinations. Proprietors of business establishments will be called upon between

Jan. 2 and March 31. The following three months will be spent in sorting the information and making the tabulation.

## Pupils Are Graded Upon Citizenship

DETROIT, Oct. 17 — When Detroit's 170,000 elementary school pupils receive their first report cards this year there won't be any A's and B's on them.

But, hastened to explain Superintendent Frank Cody, that doesn't mean the children aren't capable of earning good marks. Under the new plan being started this year, pupils will be marked S for satisfactory work, and U for unsatisfactory work in academic subjects.

In addition — and this is the important feature of the new system, Cody said — pupils will be rated on citizenship. Six headings are provided on the new type report card, listing the following attributes: adaptability, self-control, initiative, cooperation, reliability and courtesy.

If the spaces beside these qualifications are left vacant, then the parent knows the child is not deficient in any one of them. But, if one or more is checked the pupil has that particular essential.

The new type report card is favored because it eliminates the fine distinctions necessary in numerical and other methods of marking. Then, Cody pointed out, it provides the item of citizenship, because the record of promotion is included on the new card, and because it closely approximates the personal letter from teacher to parent regarding the child's work.

what the free conference committee will agree on.

Now as to the old age pension, this bill will come before the house one day this week, and I do not know what the result will be because the house is divided among itself. Some of the members want to pay every person over 65 years of age, and some of them want to pay only the poor and needy, so I am not in a position to inform the readers as to the outcome. Of course, it will require lots of money and the legislature must raise the revenue with which to pay this old age pension. However, the members of the third house, known as the lobbyists, are already here working day and night to defeat any new tax proposals in order to save themselves from paying any extra tax by which to pay the old age pension. I have been informed that there are lobbyists representing special interests serving hot tamales and beer and other good beverages, T-bone steaks, etc., to their friends in the legislature of this state. However, so far as I am concerned I was more than willing to work day and night to comply with the governor's request and get through with these bills and go home.

Now as to the county salaries bill, the county officers from all over Texas are pretty well represented, and they naturally want all the money they can get. They are playing on the sympathy of the legislature saying that they do not make enough to get along on. Many of the county officials from big counties are receiving more salary than the governor of this state and are still asking for more. For this reason the legislature of this state should be careful not to agree to raise their salary because we have to consider the tax payers ability to pay.

There has been a good deal of pressure brought to the chamber of commerce asking the legislature to levy a sales tax of three per cent, and I am not in favor of such a tax because it will not be right to levy tax upon the necessities of life and after all it will a slave tax instead of sales tax.

If there is anything I can do for any of my constituents at any time, I want you to feel free to write me.

With best wishes, I am  
Sincerely yours,  
CECIL A. LOTIEF.

## LETTERS FROM READERS

To the People of Eastland County: I have been intending to write my constituents, but have been so busy dealing with the three most important subjects that I have ever faced the house that I have not had time to write.

The three subjects I refer to are liquor, county officials' salaries and the old age pension.

We have been on the liquor bill for nearly 18 days, and we finally agreed on one and that is to legalize liquor to be sold in package only. I voted for such a bill in order to reach a compromise between the radicals on both sides, wet and dry. Under the new proposed law any person will have the right to purchase liquor in wet counties in unbroken packages but he cannot consume said liquor on the premises where sold. I think this is the best solution that we could reach for the simple reason that the wet representatives who represent south-west counties want liquor sold by the drink on the premises, and the representatives from east and west Texas want it sold only by the package. However this bill is now before the senate, and I do not know

## Negro Woman Fined In Cutting Scrape

Mary Lee Adams, negro woman, was fined \$25 and costs in Justice Joe Wilson's court Tuesday following a cutting scrape in the colored section of the city early Tuesday morning.

She allegedly slashed Nat Kelley, negro, across the face. The knife wound was said to have been through one eyelid.

## IN SAME FAMILY

EAST GRANBY, Conn. — Whitfield Cowles built a home here 135 years ago and it has been in the family ever since. The fifth generation of Cowles now occupies the home.

## FORMER CISCO MAN IS HELD FOR HOMICIDE

The Brownwood Bulletin carries a news story saying that F. E. Rafferty, former Ciscoan and founder of The Cisco Citizen, was charged with negligent homicide, following the death of a boy struck by Rafferty's car.

The boy, McCoy Kemp, 11, son of Mr. and Mrs. J. M. Kemp of Brownwood, died an hour after he was struck by Rafferty's car. The boy's mother and a brother were said to have been injured at the same time.

The wreck occurred on highway 10 near the home of W. I. Newton, at the juncture of the old highway 7 and highway 10, east of Brownwood.

Rafferty now is the operator of a number of small rural newspapers.

## Proceedings Given For Appeals Court

EASTLAND, Oct. 17 — Following are proceedings in the Court of Civil Appeals, 11th supreme judicial district, as handed down Friday:

Affirmed: W. R. Webb, et al. vs. First Texas Chemical Manufacturing company, Dallas.

Reversed and Remanded: Fred Mercer vs. L. R. Campbell, Rockwall.

Motions Submitted: H. W. McSpadden vs. Stamford State Bank, appellee's motion to affirm on certificate; Herman Evans vs. Southern Methodist university, appellee's motion for rehearing; C. G. Hardwick, et ux. vs. Trinity Universal Insurance company, et al, appellee's motion for rehearing.

Motions Granted: H. W. McSpadden vs. Stamford State Bank, appellee's motion to affirm on certificate.

Cases Submitted: B. L. Northcutt vs. Magnolia Petroleum company, Eastland; Desdemona Gasoline company of Texas vs. Edgar Garrett, Eastland.

Cases to be Submitted Oct. 18: M. A. Baldwin vs. Motor Investment company, Stacwall; Arturo Solis vs. Mary Scaff Solis, Knox.

## Cotton Exemption Tags Are Received

EASTLAND, Oct. 17 — Receipts of 735 cotton tax exemption certificates from the 10 per cent allotment which will be distributed to producers next week has been announced by A. E. Arthur, assistant in cotton adjustment.

Schedule of distribution as planned today by Arthur is as follows: Tuesday, Ring Star, 9 a. m. to noon, Higginbotham Bros.; Cisco, 2 to 4 p. m., Chamber of Commerce.

Wednesday, Carbon, 10 a. m. to noon, Carbon Trading company.

Gorman, 2 to 4 p. m., across street from bank.

Thursday, Ranger, 9 a. m. to noon, Chamber of Commerce.

Certificates will be given farmers who live in the Eastland district through Saturday at the county agent's office in Eastland. The assistant in cotton adjustment stated producers who do not receive their certificates at announced points may obtain them at Eastland after Thursday afternoon.

Neighbors of farmers unable to be at points announced may get the certificates by signing for them, Arthur stated.

## Two Boys Arrested In Ranger Robbery

RANGER, Oct. 17 — Two Ranger boys were apprehended trying to burglarize the Clyde H. Davis Jewelry company of Ranger Thursday night, and the robbery was frustrated. It was reported by Ranger police.

Johnny Boyd, who has been shifted to the night force, was paroling the business section when he noticed the rear of the jewelry store had been opened, and investigated. He found the screen door had been cut and the outer door cut and the loot opened.

His first trip of inspection failed to reveal the boys, but on a second round he found them under a counter.

About \$135 to 140 in merchandise had been gathered up by the two boys ready for a getaway, according to estimates made this morning. Two rings which had been dropped on the floor, were stepped upon and mashed, which constitute the only loss.

The two boys were lodged in the city jail pending action on their cases.

## Justice Evader For 22 Years Gives Up

JEFFERSON CITY, Mo., Oct. 17 — The mental strain brought about by being a fugitive from justice for 22 years proved too much for William White, 67, who appeared at the state prison here recently to give himself up for violation of a parole in 1913.

White was sentenced to prison in 1903 on a second degree murder charge. In 1911 he was paroled. He reported regularly for two years and then disappeared. From then on he lived a hunted life always, fearing he would be arrested and returned to prison. He finally decided to return to prison.

When he appeared at the prison here fully expecting to be placed behind the bars, Warden J. M. Sanders told White he was a free man. White said he had been an honest and upright citizen since his release from prison.

**CABBAGE STALK THIEFTY**  
STOUGHTON, Wis. — Five perfectly formed heads of cabbage grew on a single stalk in the garden of Sam Sorenson here. Each head measured about five inches in diameter.

## Complaint Is Filed Over Stock on Road

FAYLAND, Oct. 17 — First complaint against an Eastland county cattle owner for allowing stock to roam on, or to cross, a cardinal highway was believed to have been filed Friday in Justice of Peace Milton Newman's court at Eastland.

M. Seabourne, constable, filed a complaint against D. K. Williamson for "permitting cattle to run at large on highway."

Seabourne said the cattle were on the Cisco highway west of Eastland.

Justice of Peace Newman said the case would be treated as a misdemeanor.

Senate bill No. 143, passed by the legislature this year, prohibited stock being allowed to roam on, or to cross, a cardinal highway, providing a penalty not to exceed \$200.

## Application Filed To Drill New Well

Application to drill five miles south of Eastland was filed in the railroad commission office in Eastland Saturday by Aaron Cohen of Baltimore. The well will be the third to be drilled on the Mrs. L. E. Murrell farm located in section 29, block 2, H. and T. C. Railway survey.

It is planned to drill to 1,200 feet unless gas or oil is found in paying quantities at a lesser depth. The proposed location is 150 feet from the lease line and 800 feet from the nearest well on the same lease.

## ONE PHONE CLIENT

COLUMBUS, O. — A telephone company with only one subscriber on its 1-2-mile system has asked the Ohio Public Utilities Commission for authority to abandon service. The application was filed by the Frazeysburg Home Telephone company, near Zanesville.

## PICKLED PIG TAILS

KITCHENER, Ont. — A new use for pigs' tails has been found by Kitchener citizens. They roast or pickle them and take them to picnics. The demand was so great this summer that packing houses had trouble in filling all orders.

## PATRONIZE OUR ADVERTISERS

## Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

### P-T. A. PLANS CARNIVAL FOR BOOKS DRIVE

The Parent-Teachers association has announced plans for holding a carnival in the business district here on Halloween for the purpose of raising funds to carry on the organization's work.

It was pointed out that the parent-teachers this year, in addition to furnishing milk for underprivileged children, have undertaken the purchase of more books for outside reading for the grade schools. Mrs. H. J. McArdle, president of the organization, said that the group's placing of more books in the reading rooms would enable the grade school pupils to do more outside reading from state approved lists of books.

The P-T. A. plans to have booths in the entrance of each store in the business district which has an entrance large enough, Mrs. McArdle said.

K. N. Greer, manager of the local theaters, has given the organization the use of the Ideal Theater for the evening, at which time the P-T. A. will sponsor an amateur hour performance, Mrs. McArdle said.

### Tiny Honey Bear Pampered as Pet

NEWTON Mass., Oct. 17.—Seven-year-old Majorie Chase has a honey bear for a house pet.

Tony, the bear, was sent to her from South America. It can do stunts that a monkey might do. Tony is difficult to rear in New England climate because it dislikes cold weather.

To keep her pet happy, Majorie feeds it only sweet fruits and eggs.

### Orange-Utan Prized But Not For a Pet

CHICAGO Oct. 17.—Barney, the largest of his kind in captivity, is a sad but vicious orang-utan.

He is sad, according to Floyd S. Young, director of the Lincoln park zoological gardens, because he is charged with being Public Enemy No. 1 in the zoo. He is vicious and that's why he spends so much time "in solitary."

Unlike his fellow oranges, Barney does not like his public. People make him nervous and infuriate him. Then he goes into fits of temperment.

Purchased by the park zoo in 1927 when he was 2 years old, his estimated weight is 15 pounds. He is considered one of the finest specimens in captivity.

### Scores Given For Gun Club's Shoot

Scores were announced Tuesday for the regular weekly shoot held at the Oil Belt Gun club Sunday. Following are the scores listed:

Skeet	
G. W. Ewing	88x100
D. Fox	68x75
A. N. Ridinger	60x75
John W. Turner	52x75
C. J. Rhodes	46x75
James Horton	48x50
Jas H. Cheatham, Jr.	43x50
H. Schoemaker	40x50
R. L. Allen	39x50
Samuel Butler	37x50
Wm. Pardue	36x50
L. McMenhall	34x50
John Hume	23x25
Gane Rhoads	21x25
M. L. Wiegand	15x25
John Hume	14x25
Grady Camp	14x25
Mrs. John Turner	12x25
Mrs. H. S. Howard	9x25
Big Bore Rifle	
E. F. Latham	50x50
S. Gilbert	48x50
F. Cullen	48x50
E. Dye	46x50
L. Stillwell	44x50
L. Brown	42x50
Gene Rhodes	39x50
J. Welch	36x50
E. Eakerson	36x50
A. J. Carter	22x50

### Mysterious Letters Bring \$105 to Man

BOISE, Ida., Oct. 17.—Two letters received here from San Francisco contained \$105 from an anonymous sender.

Walter Williams, manager of a butcher shop, received a \$100 bill wrapped in a paper towel without any explanation. The state treasurer received a \$5 bill wrapped in a similar way from the donor.

### YOUNGEST GUIDE 16

FRYEBURG, Me.—Sixteen-year-old James Morrow's life ambition was realized when he won the distinction of being Maine's youngest guide. A registered guide and a first class Boy Scout, his territory included Oxford county and much of northwestern Maine.

### GETS NOVEL HONOR

LONDON.—Sir Edward Elgar, the composer, is to be commemorated in a novel way. The new telephone exchange for Wilsden and Harlesden, N. W., this city, is to be named for him.

### RARE BIRD HUNTED

LITTLE ROCK, Ark.—The ivory-billed woodpecker, an almost extinct specimen, was the object of a four-day search in Arkansas recently by Dr. T. Gilbert Pearson, president emeritus of the American Audubon Society. He failed to find the bird.

### BRUNO GIVEN 30 DAY STAY OF EXECUTION

TRENTON, N. J., Oct. 17.—The court of errors and appeals, highest court of the state Tuesday granted Bruno Richard Hauptmann, condemned Lindbergh baby slayer, a 30-day stay to permit an appeal from his conviction to the United States supreme court.

Request for a stay was not opposed by Assistant State's Attorney Joseph Lannigan, when it was presented by Egbert Rosecrans, one of Hauptmann's attorneys.

The court specified if Hauptmann fails to appeal the case to the supreme court in the 30 day period allowed, the case would be automatically transferred to the state district court.

In appealing from the conviction to the state's high court, defense counsel alleged the defendant's constitutional rights had been violated in that he had been denied due processes of law and a full and proper protection of the court.

### Patterson Sentenced For Driving Drunk

EASTLAND, Oct. 17.—Pat Patterson of Cisco pleaded guilty to driving while intoxicated and his punishment set at a \$75 fine and 75 days in jail by an 88th district court jury Tuesday.

Jurors who reported at 3:30 p. m. were F. B. Altman, E. H. Jones, S. P. Boon, G. L. Bailey, W. A. Elhott, Frank Lovett, Johnny Cox, Luther Stratton, G. P. Bennett, F. C. Williamson, W. M. Bagley, G. S. Cleveland.

### SAVE FIRM \$270,000

DEPLANCE, O.—Pressed Steel company workers here returned to their posts after a two-day strike, just in time to save for the company orders totaling \$270,000.

### Decline Noted In Car Registrations

AUETIN, Oct. 17.—Registration of new passenger cars in Texas during September declined sharply, both from the previous month and the like month last year, according to the University of Texas bureau of business research. This drop is probably caused by the fact that car manufacturers are bringing out their new models earlier this year than in the past, the bureau's report said.

Reports from fifteen representative Texas counties give a total of 28 per cent drop in the preceding month and 14.6 per cent from September, 1934. Total registrations for the first nine months of the year were 45,281 cars, an increase of 16.5 per cent over the corresponding period last year.

It is noteworthy that the highest price bracket with 111 sales showed an increase of 141 per cent over the previous month and 208 per cent over September last year, the report added.

### War Pensioners Of Canada Break Camp

WINNIPEG, Man., Oct. 17.—Cold, wet weather and a shortage of food has forced a band of 150 disabled war pensioners to abandon a strange vigil here.

For two and a half months, the war veterans lived in make-shift camps on the grounds of the Deed Lodge military hospital, in an effort to force relief authorities to give them relief consideration equal to that given to civilians. They depended upon public donations for food.

Authorities discouraged the gifts and as rations grew smaller, the band dwindled until only 40 remained. And finally these too were forced to abandon a passive resistance strike when police refused to allow them to build a log building in which to live during the winter.

### 'HOMECOMING' OF ROOSEVELT STIRS GEORGIA

By ED WERKMAN  
United Press Staff Correspondent

ATLANTA, Ga., Oct. 17.—President Roosevelt is expected to test his "second home," against Gov. Eugene Talmadge, bitterest New Deal opponent in the Democratic party.

In what is expected to be the opening of Mr. Roosevelt's southern campaign for renomination, the president will address thousands here in November when a mammoth home-coming celebration is accorded him as he makes his annual Thanksgiving trip to Warm Springs.

The address is believed to have political significance for Georgia may be a key-stone southern state in Mr. Roosevelt's renomination fight.

Talmadge's Course Uncertain

While Governor Talmadge has never declared that he will or will not enter the state's Democratic presidential preferential primary next year, he has become an outstanding critic of the president by his speeches in the middle west, east and south.

In numerous speeches recently, Talmadge has referred to Mr. Roosevelt's renomination as a "calamity" to the party and the country. He has denounced agricultural and relief policies of the administration as retarding the country.

His open opposition prompted Georgia's congressional delegation to invite President Roosevelt for a rally in Atlanta.

Cities to Declare Holiday

Mayors of Georgia cities are planning to declare holidays on the day that Mr. Roosevelt speaks in Atlanta, and motorcades from every section of the state will converge on the Georgia capital. The biggest throng to ever crowd Atlanta

is expected to hear the president speak at Georgia Tech football field.

Despite his opposition, Talmadge says he will officially welcome the president to Georgia. Supporters of the president and enemies of the governor have protested such a move.

A Talmadge-controlled state executive democratic committee several months ago appointed the governor as Georgia national democratic committeeman replacing the late Maj. John Cohen, Atlanta publisher. The custom in the past has been to hold a presidential primary but it is reported that the committee could name the delegates to the national democratic convention without a primary.

### Business Failures Drop During Month

AUSTIN, Oct. 17.—A sharp drop in the number of commercial failures in Texas and in the liabilities of the bankrupt firms occurred during September in comparison with the like month last year, according to the University of Texas Bureau of Business Research.

The average number of failures per week was three against seven during September a year ago.

Total liabilities for the month were \$155,000, a decline of 74 per cent from the similar month last year. Average liability per failure was \$11,923, down 42 per cent from a year ago.

atorial ambitions that Talmadge might have.

The removal of Sen. Huey P. Long will not affect Talmadge's following much, Talmadge might gain some of Long's followers who admire the Kingfish only for his opposition to the administration. But Talmadge could hardly gain any ardent "Share-the-Wealthers" for the Georgian is not in sympathy with that program.

### Rid Your System of Malaria

Shivering with chills one moment, burning with fever the next—that's the effects of Malaria. Unless the disease will do serious harm to health, Malaria, a blood infection, for two things. First, destroying the blood, and iron, which carries up the blood to overcome the effects of the disease and to fertility against the attack.

Grove's Tasteless Chill Tonic combats these effects. It contains quinine, which kills the infection in the blood, and iron, which builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure for Malaria. It is just as useful, too, to take and absolutely harmless to give children. Get a bottle at any store. Now two sizes—50c and \$1.50 size contains 2 1/2 times as much quinine and gives you 25% more for your money.

**IT'S HOME TOWN SERVICE**

The best part about your telephone service is that it's home town service — tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better methods of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can — and do — help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service.

**SOUTHWESTERN BELL TELEPHONE CO.**

**Your Gas Service Instantly Dependable**

We are now operating a modern Gas distribution system for you. This system as designed to give the utmost in Gas Service to the City of Cisco.

In making this the most modern distribution system in Texas, no item of expense in engineering and construction was spared.

Our supply of Gas comes from this immediate area, in which we have RESERVES LARGER, per consumer served, than any Gas System operating in this State. This reserve is being increased and protected by constant development.

A "Man to Man" Service is being maintained. Any customer may walk into our most private office and find a cordial Welcome and an Earnest desire to be of Service.

There Is No Substitute For Personal Service

# GREAT WAR IS SEEN BY AGED PEACE WORKER

By GEORGE I. MARANZ  
United Press Correspondent

VIENNA, Oct. 17 — The "Grandmother of Europe's Peace Crusades," Frau Marianne Hainisch, says steadfastly to her belief that "Wars come because money is in the wrong place."

Now nearing the century-mark, Frau Hainisch is filled with misgivings that her work and that of others who have labored with her for international peace has been in vain.

"At the age of 96, I shall witness perhaps another dreadful war," she declared from her standpoint. All efforts of France and England to prevent the threats of war have remained till now without much chance of success," she declared.

"Money favors War Makers. One needs more money to prepare than to wage them, it is said. And those who wish to wage war have more money at their disposal than we who are trying to prevent them."

"Six of my grandsons participated in the World War; and only a man who, like me, was terrorized in fear for the safety of so many ones can weigh the horror of it," she asserted. Her tone seemed to imply that she visualized a coming war so keenly that she suffered the torments it would bring.

The interview took place in the study of the Hainisch family in the Alpine country near Gloggnitz. Her most illustrious son, her predecessor as President of

post-war Austria, was not with her at the time.

There, in a sort of world apart she lives; but not without keeping in touch with international events. Twice daily the postman covers the long way from the post office to the Hainisch home, and never without one or more letters written by women in various parts of the world who never tire of paying homage to her as "The Grandmother of World Peace."

"My interest in peace first was aroused to a high pitch by Bertha von Suttner, the famous Austrian author and confidential friend of Alfred B. Nobel," Frau Hainisch said.

"This was many years ago. Thereafter neither of us spared any pains in seeking to achieve world peace. A few days before the World War broke out, when I was 75 years old, Bertha von Suttner died.

"Since that time I have administered her work in Austria. I continued with even greater energy, if such were possible, to promote permanent peace. At 96, I can hardly claim to have succeeded; but I shall not abandon the task."

Frau Hainisch was born on March 25, 1839. On March 17, 1870, she founded the Austrian Women's Movement. Later she was for years vice president of The World Federation of Women. Her most recent important activity was to launch in Austria The Good Will Movement, for which the children of Wales send out an annual appeal to the world. She has written several books on the care of children and on various phases of feminism as well as on international peace.

DESCENDANTS TOTAL 98  
ALMA, Neb. — Mrs. Mahulda Ann Ficus, 59, has so many direct descendants that she has difficulty remembering their names and faces. All in all, her progeny numbers 98. She is the mother of 12 children, grandmother of 51 and great grandmother to 35.

# RELIEF ROLL DROP CAUSED BY WPA JOBS

SAN ANTONIO, Oct. 17 — Relief rolls in Texas slumped again this week as Work Progress Administration projects absorbed approximately 2,700 more former relief clients on work projects scattered through the 20 WPA districts.

With 52 projects under way in various parts of the state, WPA has removed 6,838 Texans from the dole, Dr. E. E. Hale, state director of labor management, announced today. Works authorizations for 108 additional projects have been released by state officials and an estimated 6,000 more persons now subsisting on the dole are expected to be added to the active working list of WPA within a few days, Hale asserted. Practically all of the authorized are accompanied by advice to start work at once, state WPA officials said.

In addition to the more than 6,000 former relief clients who are now engaged in work on WPA projects, there are 120 non-relief employees working in various capacities on WPA jobs.

# New Liberal Arts Course Gets Trial

AUSTIN, Oct. 17 — Choice graduates of their various high schools, fifty freshmen students at the University of Texas are pioneering in a new educational terrain. They are taking the new "liberal education" curriculum leading toward a degree of bachelor of arts which is cultural rather than professional or academic in its significance.

It is not to be supposed that this course of study permits entirely free of choosing his courses. Rather, it rein to the student in the matter requires such courses as will, in the opinion of university administrators, fit him for the business of "living." "Broad interests and the development of enlightened leadership" is set forth as the purposes of the new plan.

NEW GOVERNOR  
HAMILTON, Bermuda — Sir Thomas Astley Cubitt, governor of Bermuda, whose term of office will expire in April of next year, will be succeeded by Lieut.-Gen. Reginald John Thoroton Hildyard.

VOTES AGAINST JAIL  
AVON, Conn. — Constables, tired of taking "drunks" to their own homes to sleep because the town had no lockup, proposed construction of a jail at a special town meeting.
