

Culeshoe ...

—40 A. B= Forbes
—20 or Will Harper: The Muleshoe Canning Co. often buys as much as 1,000,000 gallons of water per day from the city of Muleshoe, which is more than the rest of the city uses.

This is only one example of the benefits of having the Muleshoe Canning Co. factory operating here season after season. They encourage the growing of beans which has caused money to flow in our neighborhood this year, for purchase of supplies, purchase of beans, pay for labor, etc. It's a big thing for us. Vance Wagoner ventured to estimate that few people indeed ever go down to this enterprise, and others just as fine, here in Muleshoe to find out what didn't have such things we would be doing our best to get them. Obviously, then, the thing to do is to show appreciation that we already have them.

Buddy Blackman and Carroll Howell, the terracing twins, got out an old stub pencil, took a restaurant napkin, and started figuring on this million gallons a day deal; just for that purpose, they decided, city pumps have to produce 139 gallons per minute 24 hours a day. Course the pumps do a lot more than that. Then they got to figuring how much water could be withdrawn with Bailey County's approximately 500 irrigation wells producing at the rate of 1,000 gallons per minute and running, as some of them did last year, day and night for weeks at a time. It sounded like enough to make a body of water that would compare favorably with the Gulf of Mexico.

Miss Mildred Davis: We drove around the new road late the other afternoon and I must say you haven't exaggerated much for it is a pleasant drive. But it was too late and we didn't get to go down to Coyote Lake as we would have wished.

The Journal this week resumes publication of 10 proposed amendments to the constitution of the State of Texas. The paper began their publication in June, but the Legislature amended them and they had to be recalled and changes made. Instead of voting September 24 on the amendments the people will go to the polls and decide the fate of these proposals November 8.

Do you want a change? Do you know what these proposed changes will entail? Turn to the page carrying these proposed changes, decide whether you want these particular changes, inform yourself about them, then be ready to mark your ballots November 8. The proposed amendments will be run in the next three issues following.

We interrupt the even flow of this column to insert the following special bulletin: Three house holders, neighbors on the same block here in Muleshoe got together and had concrete side walks laid recently. One told this department that for his 50 foot frontage his regulation 4 foot walk cost him \$37. But, he ventured to say, some of this calcie now being dug up where sewer and water lines are to be laid would make a fine walk, if a fellow wanted to save expenses. He said the calcie would harden so that it would be difficult to tell it from cement. Anyway, some sort of a sidewalk seems to be in reach of us all.

First Dance in New Legion Home To Feature Fine Band, Floor Show

Cotton Support Price Is \$27.23

WASHINGTON—A basic government support price of around 27.23 cents a pound for 1949-crop cotton was indicated by an Agriculture Department report.

This support price would be about the average for 7-8 inch middling cotton. The average for 15-16 inch cotton—the base grade used by the cotton markets—would be 29.43 cents a pound.

Last year, the average rate for law to support cotton prices at 90 per cent of the crop's Aug. 1 parity price. Last year the support was 92.5 per cent of parity.

Baker Family In Reunion Last Week

Members of the Baker family gathered at McKenzie State Park the first three days of last week for a reunion. About thirty-five were present.

VACATION IN COLORADO

Mr. and Mrs. Paul Gardner and Mr. and Mrs. Myron Pool II left Wednesday on a vacation trip to Colorado.

60,000 Bales Of Cotton Is Predicted To Be Produced In Bailey County In 1949

Bailey County was given a fair chance of producing 60,000 bales of cotton in 1949 by K. N. Clapp, of Lubbock, district representative of Anderson-Clayton Co., in his estimate for the South Plains, story of which was carried in the Lubbock Avalanche-Journal Sunday.

Mr. Clapp's forecast for counties of the South Plains took note of the fact that August is usually a crucial month, and that much depends upon what happens to the crop in the next thirty days.

He said he believed insects are pretty well under control but that much of the fruit on the bottom of the stalks has been destroyed in some fields, which will now depend on the middle and top fruitage for good yields.

The article said: "The crop never has been better supplied with the sub-soil moisture which should enable it to withstand and August drought, Clapp observed. The lack of such a reserve last year, when August was abnormally hot and dry, cut production 40 percent, he estimated."

Insects Almost Controlled Clapp noted that present damaging insects now are fairly well under control, but that light bollworms are present generally, are likely to increase, and could become a crop factor unless controlled.

"Bollworms once reduced our crop 45 per cent after Sept. 1, he remarked. Referring to other unfavorable conditions, his report said: "In parts of the territory, the bottom crop is poor due to rank growth, flea hoppers or a combination of these factors. These areas must depend upon the middle and top bolls for high production."

Some areas, plants have rank growth and are shallow-rooted due to excessive rain since planting. Excessive heat could cause abnormal shedding and reduced production despite the excellent subsoil moisture. But, in most of the territory, he said, the weeds are pretty well under control despite a shortage of labor.

VANLANDINGHAM BABY A TWELVE POUNDER

A baby born to Mr. and Mrs. Edgar Vanlandingham at Green Hospital and Clinic here July 31st weighed 12 pounds at birth on the hospital's accurate scales.

This prompted Dr. M. F. Green to remark that twelve pound babies are extremely rare. He said that the smallest baby to be born at the local hospital and to live weighed only 2 pounds, 7 ounces.

Lloyd Alsop, talented young Muleshoe musician and his seven piece orchestra very appropriately have been selected to play for the opening dance at the new American Legion home here, the dance to be given the evening of August 12.

Alsop has been busy this week not only rehearsing with his band but outfitting and developing the acts for a floor show which his band and a group of accomplished young ladies from Texas Tech are to stage during the evening.

Engagement of Alsop and his group of Tech students came after local American Legion members and members of the Legion Auxiliary decided they wanted to put the dance on a high plane; to give the couples of this territory as fine an entertainment as possible in celebration of their opening of their new home.

The new Legion Home contains a large, beautifully finished ballroom, comparing favorably with ballrooms of the large hotels in the cities. The home also has ladies lounge room, rest rooms, a check room, etc., and will form an ideal setting for the kind of entertainment the Legion men and members of the Auxiliary have planned.

They hope to attract couples not only from Bailey County and the immediate Muleshoe territory but from communities all over this section of the Plains, couples who enjoy dancing to good music in attractive surroundings.

Pictured on another page are some of the young people who will take part in the floor show, expected to be not the least an entertainment feature of the evening.

Keeling Heads Legion Post

Members of Ben Richardson Post American Legion, Wednesday night elected new officers but deferred their inauguration until after formal dedication of the newly completed Legion home, so that old officers, responsible for the building's erection, might receive the honor due them for their successful efforts.

Ray Keeling was elected Post commander and other officers chosen are: Houston Hart, first vice-commander; Randy Johnson, second vice-commander; Hope Montgomery, assistant; O. E. Bowman, chaplain; H. S. Sanders, Jr., retiring commander, service officer.

Dedication program will be held the night of August 17 and a committee was named to select a speaker, and arrange the program.

In a short talk acknowledging the honor conferred upon him, Keeling said he will soon advance a program to pay off indebtedness remaining on the building and to increase the fellowship offered in the Legion.

The membership voted a letter of thanks to Sam E. Fox for his donation of the purchase price of a loud speaker system to be used in the home.

Appreciation Day Is Saturday

West Texas Gas Co. completes its 2-Way Radio Communication System

West Texas Gas Company announced today that it has recently completed installation of nine fixed short wave radio stations along its more than 800 miles of transmission lines.

The company has also equipped 30 trucks and automobiles with two-way radios.

This radio network, the first in this area to use frequency modulation equipment, together with more than 300 miles of company-owned telephone lines and long distance commercial lines provides as good a communication system as is available.

R. F. Hinchee, president of West Texas Gas Company, explained, "Communication between all points of West Texas Gas Company's transmission lines is very essential and must be maintained at all times in order that it may render good natural gas service to the thousands of homes and businesses in the 23 counties the company serves. As additional insurance for proper communication, West Texas Gas Company has installed its own short wave radio network."

The installation of the short wave system enables the company to call together emergency crews at a few moment's notice. Licensed radio operators are on duty at all nine fixed stations twenty-four hours a day, every day of the year. They will keep in contact with maintenance men making repairs along the transmission lines, and also dispatch pressure readings via radio when other communication systems are busy or out of order.

The nine fixed stations are located at Lubbock, Plainview and Midland, which are division nerve centers; at Odessa, which is near two sources of natural gas supply; at Turkey Creek Compressor Station in the Panhandle Gas Field, and at compressor stations near Canyon, Hereford, Littlefield and Tahoka.

Bula Voc. Ag. Teacher On Job

Bula school has employed a Voc. Ag. teacher and established a Vocational Agriculture department for the first time. J. Logan Green has been engaged to head the department.

Mr. Green formerly taught in Loop school. Bailey County now has three schools with Voc. Ag. departments, including Muleshoe and Three Way. G. S. Dowell recently assumed his duties here as the local school's second Ag. teacher, joining Edward White, veteran instructor in this department.

At Three Way, L. S. Tilger again will be in charge of the Voc. Ag. department.

IN LUBBOCK Judge and Mrs. Cecil Tate were in Lubbock on business Tuesday.

'49 Tax Rate Is Set At \$2.67

Bailey County's tax rate this year will be \$2.67 per \$100 of valuation. The commissioners court recently set the rate after examining the tax rolls prepared by the tax assessor-collector.

However the above rate applies only in Precincts 1, 2 and 3, since \$1.00 of the rate is applied only in Road District No 1-A, and Precinct 4 is not a part of the district.

The above rate compares with \$2.37 for last year. The increase was in the state rate, which was raised from 42c to 72c per \$100 of valuation. The county rate was set at 95c the same as last year's rate.

It was said that Bailey County has rather low valuations, however, especially when compared with that of surrounding counties.

Lazbuddy To Begin Revival

A revival meeting is to begin at the First Baptist Church of Lazbuddy Friday, August 5, and to continue through August 14, according to announcement of Rev. L. B. Edwards, pastor.

Morning services will be at 10:30, evening services at 8:00. Rev. Raymond McGinnis, of Rowlett, Texas, will be the preacher; Frank C. Miller, Jr., of Plainview will direct the singing.

The public has a cordial invitation to attend every service.

17 Million Days Lost On Farms Due To Accidents

COLLEGE STATION, Aug. 2.—One resident out of every six farms in this country had an accident involving one day or more lost from regular activities during 1948.

Were you one of the injured? If you were, says E. C. Martin, assistant state agent of the Texas and Chairman of the state Farm A. & M. College Extension Service, Safety Council, you know what it costs to be out of circulation for a few days.

Farm people, last year, spent 36 million dollars for medical, dental and hospital care because of injuries and this does not include the cost of accident to those who were killed, or who suffered permanent disabilities; or costs other than those resulting directly from the care of injuries. Insurance covered about one-fourth of the medical costs.

The big cost, says Martin, was the 17 million days lost from regular activities. Accidents always seem to happen when you are busiest and are needed most. This is the time, he adds, when you should be most careful. Don't rush a job—the minute you save may cost much more in time lost if something goes wrong.

The most common causes of farm and house accidents are falls, machines, animals, motor vehicles, handling objects, hand tools, stepping or shocks. It's easy, says Martin, to find plenty of scars in your neighborhood left there by one of these causes.

Martin suggests that a community-wide project be started to clean up and eliminate these accident hazards. You'll be proud to live in a community that can boast of having no serious farm or home accidents or fires during the year. You and your neighbors can do just that, concludes Martin, if every citizen, young and old, will make it his or her responsibility to remove causes and then be careful and thoughtful every minute. This will develop a community attitude that can make your farm and home the safest place on earth.

World's Largest SS Convention

The world's largest Sunday School convention will meet in San Antonio September 7-9. Over 5,000 Sunday School workers from all over Texas are expected at the conference being planned by the state Sunday School department of the Baptist General Convention of Texas.

Nine well-known pastors, educators, Sunday School leaders and teachers are to speak before the convention. Fourteen others will lead conferences for every age-group as well as special conferences on music, library work, and church architecture.

Arrangements for the meeting are being made by Andrew Q. Allen, state secretary for the Sun-

200 foot short wave radio tower recently installed by West Texas Gas Company.

Prior Approval ACP Practices Is Necessary

According to Travis A. Winter, County Administrative Officer, Bailey County ACP, farmers are required to secure prior written approval on any approved Soil Conservation Practices they intend to carry out before they start the practice in order to be eligible for payment on the practice, under the Agricultural Conservation Program.

Some of the practices that can still be carried out this year are: Leaving a 4-inch stubble of grain sorghums on the land until January 1, 1950; Managing crop residues to protect soil from wind erosion, terracing, seeding permanent grass pastures, planting winter legumes, etc.

Farmers are reminded that the county committee at its last regular meeting established September 30, 1949 as the final date for securing approval for leaving stubble and crop residue management. Funds for this practice are limited and approval will be issued in the order of applications until such funds are exhausted. Prior approval on all other practices must be secured before the practice is started and will be issued only if funds are available.

Any producer who intends to seed wheat for harvest in 1950, and who did not receive an allotment should request such allotment prior to August 15, 1949. Any producer who seeds wheat above his allotment or a permitted acreage will not be eligible to participate in the loan program in 1950.

Pressure Cooker Clinics Will Be Held At Bula And Muleshoe Schools

Does your pressure cooker need testing? If so, plan to attend one of the two meetings to be held in the county for this purpose.

For all who live in the Muleshoe vicinity there will be a clinic held in the Corrington home on the corner of Avenue H and Second street on August 8, at 1:00 p. m. For folks who live in the south end of the county the same type meeting is to be held at the Bula school cafeteria August 9, at 1:00 p. m. These meetings will continue until all cookers which have been brought in are tested. This service is for all who are interested in it regardless whether one is a home demonstration club member or not.

To speed the testing operation and to make the program more educational the following things should be done:

- 1. Each woman bringing a cooker should plan to come to the meeting as near the beginning as possible to receive full instructions on the care of cookers. 2. Bring the complete cooker, except racks and pans. 3. Label top and bottom of cooker (china pencil will be on hand for this purpose). 4. Bring wrench, pliers and screw driver, if available. Do not go by these for this meeting. 5. Wear wash dress or bring apron.

If there is any question at all about how efficiently your cooker is operating be sure and attend one of these meetings for there will be no others this year.

Get The Children Ready For School

AUSTIN, Aug. 2.—The month of September brings a return of school days, and thousands of Texas boys and girls will be returning to classrooms for the next nine months. Every one of these children, according to Dr. Geo. W. Cox, State Health Officer, should be as free as possible from all physical defects that can be corrected, and protected against other diseases which frequently spread through classrooms.

A complete medical and dental pre-school check-up is of the utmost importance in getting the child ready for school. Eyes, ears, nose, throat and teeth should be carefully examined, and all remediable defects corrected or placed under treatment. Such defects can lead to serious impairment of growth and progress academically, socially, and emotionally.

Defects of hearing and vision handicap a child in his class work, and often result in the false impression that he is backward and unable to learn. Such defects can often be corrected, and the child is not only more progressive in his school work, but is a happier, better balanced individual as a result of being more socially acceptable. Dental defects should be corrected not only for cosmetic reasons, but because good teeth enable a child to chew his food properly and thus promote good digestion and bodily nourishment.

In addition to correcting such defects as already exist, young children should be protected by immunization against disease, when possible," Dr. Cox said. "Immunization is safe and dependable, and every child is entitled to this protection against disease."

LOCAL YOUNG PEOPLE ATTEND YOUTH CAMP

A number of the young people of the Muleshoe Church of the Nazarene are spending the week at the New Mexico Youth Camp, near Capitan, and are to return home Friday evening. They were accompanied by Rev. A. I. Metcalf, pastor, and Mrs. Metcalf.

TO VOC AG CONVENTION

Mr. and Mrs. Edward White were in Dallas last week where he attended the annual convention of Vocational Agriculture teachers, held in Hotel Adolphus.

1950 Price Supports To Be Based On Wheat Allotments

Farmers were put on notice today that compliance with wheat acreage allotments will be necessary if they want the protection of Government price supports on their 1950 wheat crop.

According to Henry E. Schuster, chairman of the County Agricultural Conservation Committee, an "eligible" producer for price support on the 1950 wheat crop—generally will be "any individual, partnership, association, corporation, or other legal entity that has an interest as landowner, landlord, tenant, or sharecropper in a farm on which the acreage planted to wheat for harvest in 1950 is not in excess of the farm acreage allotment."

If such a producer has an interest in more than one farm in a county, he will be eligible for wheat price supports if the total of his share of the 1950 wheat acreage seeded for harvest on all the farms does not exceed his total share of the wheat allotments or "permitted" acreages.

If the producer has an interest in farms in more than one county or state, he would not be eligible for wheat price supports if the total of his share of the 1950 wheat acreage seeded for harvest on all of the farms exceeds his total share of such allotments or permitted acreages, regardless of where such farms are situated.

A "permitted" acreage, Mr. Schuster said, will be used only for those farms for which a 1950 wheat allotment of less than 15 acres is established and the wheat acreage seeded for harvest is in excess of the allotment. In those cases, the permitted acreage is the smaller of the wheat acreage seeded for harvest or 15 acres.

Soil Building Meetings Held

Miles A. Kelley, Voc. Ag. instructor at Dimmitt, was the principal speaker at a meeting held here Tuesday night to discuss the new "Bench Terrace" irrigation method. The meeting, one of a series of educational sessions to be held under sponsorship of the local Voc. Ag. department through the year, drew a number of educators, Conservation Service men, and farmers.

Mr. Kelley showed a number of pictures in connection with his lecture. Formerly, he has had considerable experience with the method in the Rio Grande Valley near El Paso.

General theme of the meetings is "Soil Building," Edward White of the Muleshoe school Voc. Ag. department said, and various phases of this subject will be taken up from time to time. "Improved Pastures" will be the subject for the next meeting, to be held August 15 in the agriculture building on the new school campus.

Pressure Cooker Clinics Will Be Held At Bula And Muleshoe Schools

Does your pressure cooker need testing? If so, plan to attend one of the two meetings to be held in the county for this purpose.

For all who live in the Muleshoe vicinity there will be a clinic held in the Corrington home on the corner of Avenue H and Second street on August 8, at 1:00 p. m. To speed the testing operation and to make the program more educational the following things should be done:

- 1. Each woman bringing a cooker should plan to come to the meeting as near the beginning as possible to receive full instructions on the care of cookers. 2. Bring the complete cooker, except racks and pans. 3. Label top and bottom of cooker (china pencil will be on hand for this purpose). 4. Bring wrench, pliers and screw driver, if available. Do not go by these for this meeting. 5. Wear wash dress or bring apron.

If there is any question at all about how efficiently your cooker is operating be sure and attend one of these meetings for there will be no others this year.

Farm Cash Income Gained In June

AUSTIN, Aug. 2.—Texas farm cash income in June continued upward for the fourth consecutive month. Estimates of the University of Texas Bureau of Business Research placed June income of Texas farmers at \$133,436,000, a 55-percent climb over the previous month and a 1-per-cent gain over June 1948.

The rise in farm cash income can be largely attributed to increased marketings since prices received by farmers have dropped substantially below their year-earlier levels. The index of prices received on June 1, 1949 was 252 (August 1909-1949=100) as compared with 256 for May 15, 1949 and 235 for Jan. 15, 1948.

Texas farmers received \$67,899,000 in June from sale of wheat in June as compared to \$38,769,000 a year earlier.

1950 Price Supports To Be Based On Wheat Allotments

Farmers were put on notice today that compliance with wheat acreage allotments will be necessary if they want the protection of Government price supports on their 1950 wheat crop.

According to Henry E. Schuster, chairman of the County Agricultural Conservation Committee, an "eligible" producer for price support on the 1950 wheat crop—generally will be "any individual, partnership, association, corporation, or other legal entity that has an interest as landowner, landlord, tenant, or sharecropper in a farm on which the acreage planted to wheat for harvest in 1950 is not in excess of the farm acreage allotment."

MORE TEACHERS ENROLL  
SINCE GILMER-AIKIN LAW

Impact of the improved financial conditions for teachers under

the new educational program for Texas has already been felt. A survey of sixteen private and state-supported colleges and universities by the Texas State Teachers Association shows an increased enrollment of graduate students this summer over last year of 2,957.

All told, the sixteen schools have 9,599 students taking post-graduate work as compared with 6,642 last summer, an increase of 44.5 per cent.

Comments of educators also show that passage of the Gilmer-Aikin bills, which completely reorganized the state school system, definitely has caused teachers to seek masters degrees or take refresher courses.

"Better prepared teachers will be reflected in more adequate education of our children," Charles H. Tennyson, director of public relations for the Teachers Association, said Saturday.

"Our survey of the colleges indicates that most of the students in the first summer term of the graduate schools are teachers.

"Under terms of the Gilmer-Aikin bills, teachers receive substantial pay increases, but those

## Babson Discusses Wages

GLOUCESTER, Mass., July 29.—I am happy to be back again on Cape Ann. I am sure there is no better place for summer anywhere in the whole U.S.A.;—and this makes a pretty good home for the entire year.

### Getting A Job

Unfortunately, Gloucester—like most of New England—has some unemployment. That is, there are many who cannot get jobs which pay the wages these unemployed want. It is very hard for girls, who got over \$45 per week during the war, to work for \$25 which is all that many employers can now afford. As my old friends and their children, here in Gloucester, ask my advice as to what to do, I say:—

"Take the \$25 a week job; be the first there every morning; the last to leave every night; and help your employer make some money. The important thing is to 'get your foot in the door'. When I graduated from college, I tramped the streets six weeks looking for a job and finally took one at \$8.00 per week. Of course, \$8.00 then bought more than double what it does now;—but this is not the fault of any employer."

### A Lesson In Economics

The cost of honest and sensible living is the real thing in which holding masters degrees and who have several years classroom experience are especially benefited."

The increase in post-graduate work in all sixteen of the colleges is especially outstanding. Tennyson pointed out, in view of the fact that in many of the schools enrollment for the summer courses other than graduate work decreased.

The University of Texas and Southern Methodist University, Dallas, are examples. The University's regular enrollment dropped nearly 600 when compared with last summer. Southern Methodist is down 200. Yet the University's postgraduate classes have 350 more students enrolled than last summer and SMU has 23.

The increased attendance is particularly heavy in the postgraduate classes of State Teachers Colleges and at North Texas State College, Denton.

we all should be interested. It's not how much money we get in our pay envelopes, but rather how much that pay envelope will buy in food, clothing and shelter. Well, to increase this latter requires that more people shall work. Short hours and loafing send up costs whether the loafing is on the job or off the job. Only as more goods are produced, is there more to divide. This is another reason for taking a \$25 to \$30 a week job. It's a crime for any of us to loaf.

The business honeymoon is over, but there is no need of a depression now if everyone will keep busy. The wages received are of secondary importance. Lower wages will champ us for awhile and force our families to go up temporarily; some things we now enjoy,—perhaps beauty shops, dry cleaners, telephones and even automobiles,—but the family income at one half war wages will give nourishing food, good-looking clothes and a place to sleep. Smart are those who first realize this. Foolish are those who are now unnecessarily accepting unemployment insurance.

### President Truman's Theory

It is unpopular amongst businessmen to say a good word for Mr. Truman; but there may be some sense in the theory of his leading Cabinet Member Charles Brannan, Secretary of Agriculture. His advice—as I understand it—is to let prices and wages find their natural levels and then have the government protect farmers with subsidies, and protect wage-workers with old age assistance, free medical service, government housing and other "welfare benefits". This is contrary to good Republican doctrine; but I fear it will be tried.

Certainly, the system of price fixing was a big failure; and I believe that wage fixing, either by legislation or labor unions, is bound to create unemployment and hence hold up costs. It seems fine to have a minimum wage of seventy-five cents per hour if you can get a job at that wage; but if your employer can't afford it and you lose your present job at thirty cents per hour you are worse off.

### Reduce Costs And Lower Prices

The above is my advice to farmers; but fight for fair subsidies. My advice to wage-workers is to cheerfully accept the "market wage" whatever it may be, but not be ashamed to take reasonable government assistance. As manufacturers are protected by a tariff, so farmers and wage-workers are entitled to some similar protection.

Of course, the above means either higher taxes or more debt. As taxes are now higher than the country can long stand, the Brannan Policy may force an increase in the Federal Debt or a reduction in Federal expenses. It is a crime to waste the people's money. I favor a cut of 10% for all Departments. If the so-called "deficit money" is used for permanent improvements, the Federal Government may be as entitled to increase its debt some years the same as is the Telephone Company; but only when so used. Perhaps we must also recognize: If our capitalistic system (in order to exist) depends on encouraging people to spend all they earn during good times by installment buying, expensive advertising and high pressure selling, then it perhaps must in some way take care of these people in lean years when their income is cut off.

## Santa Fe Gives Crop Condition

The following review of state and sectional crop condition is reported by the public relations department of the Santa Fe:

After much loss by wind and hail, too much rain and resultant plant diseases, Texas produced in the neighborhood of 90,000,000 bushels of wheat, considerably less than the last official forecast, but much more than the 1948-49 average of 53,944,000 bushels.

Practically all land in the northwest section to be planted to wheat this fall has been worked at least once, and if present conditions continue the new crop should get off to a good start. Soil moisture is plentiful and most of the volunteer wheat already is germinating.

An indicated cotton acreage of 10,150,000 acres for harvest, following planting of 10,400,000 acres, is 18 per cent above the 8,600,000 acres harvested last year, and the largest since 1937. The crop has already largely recovered from damage early in the season, weather the past month having been almost ideal for growth and maturity.

Cotton stands generally are good, plants are well loaded with bolls, squares and blooms, insects have been kept well under control and prospects are for a bumper crop. Harvest will start in the coastal area during the next two weeks and move rapidly northward. Much of the cotton in the western part of the state had to be replanted at least once, some twice, and many fields are late.

Although acreage planted to corn is 8 per cent below that of last year, favorable climatic conditions, combined with increased use of hybrid seed, indicate good yields and a somewhat larger crop. Reports show that corn in the Houston district is almost matured and some fields have already been gathered. Elsewhere, the crop should reach maturity within about three weeks.

A slight increase in rice acreage and a yield estimate of 24,299,000 bushels, promise to result in the largest crop in history. Planting covered a wide range and harvest will be spread over a period of more than two months. Some fields will be ready to cut within

15 or 20 days. Watermelon harvest is rapidly coming to a close, hastened somewhat by low prices. The peanut crop is in good condition and harvest will start within 30 days. Harvest of both onions and tomatoes has largely been completed. Digging and marketing of 4,000

acres of Irrig Hereford, Platte triangle is fast. VISITS BICKEL and family, Mrs. Rev. Carroll M. and son, Marvin, by and Rev. O. K. Herman, Joe were visitors in the host and host-home last week.

## Old Hands On New Jobs

West Texas Gas Company's men are rapidly installing new transmission and distribution pipe lines.

Many of these men serving you are "old hands." Several have served you more than twenty-two years. The experience of these men... plus the constant addition of new facilities and equipment... make it possible to maintain good gas service.

**Good Gas Service Doesn't Just Happen**

We expect to install new facilities, costing over six millions, during the period 1949 through 1951.

Yes... the "old hands" are on many new jobs which are designed to maintain good gas service, high in quality, low in price... the best bargain in the family budget.

## Your trip to California in Santa Fe Chair Cars costs less than by automobile...

It's hard to believe (till you figure it out for yourself)

Even when you divide the cost among two people—the cost is still less per person via Santa Fe chair car.

Just add up the cost of driving your car to California—gas, oil, depreciation and night's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!

And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at no extra cost! Just tell the ticket agent you want it that way.

You'll like traveling in Santa Fe chair cars, too! Carefree clothing is the popular way to dress, and you have comfortable dressing rooms to freshen up whenever you please so that you can enjoy every minute of your trip along the scenic route to California.

Ask your local Santa Fe ticket agent to give you travel cost for your city

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

### HERE'S AN EXAMPLE OF ACTUAL COST COMPARISON

Two persons—Amarillo to Los Angeles and return

#### VIA SANTA FE CHAIR CARS

ROUND TRIP \$119.00 (\$59.50 each person including Federal Tax)

TRANSPORTATION

TOTAL COST \$119.00

#### IN YOUR OWN CAR

ROUND TRIP \$130.44 (Figured at 2174 miles via shortest highway at .06 per mile to cover gasoline, oil, tires, depreciation)

COST OF LODGING 20.00 (4 night's lodging for round trip, at \$2.50 per person per night)

AT TOURIST CAMPS

TOTAL COST \$150.44

A CLEAR SAVING OF \$30.84 VIA CHAIR CAR

**HOUSE JOINT RESOLUTION  
No. 36**

proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of the State under such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 32-4tc

a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, at which election all ballots shall be printed thereon:

"FOR The Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST The Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 32-4tc

**HOUSE JOINT RESOLUTION  
No. 15**

Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new Section to Article III of said Constitution to be designated Section 48-b, reading as follows:

"Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar (\$100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1949, at which election all ballots shall have written or printed thereon:

"For The Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof;" and  
"Against The Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for amendments thereto. 32-4tc

**HOUSE JOINT RESOLUTION  
No. 38**

proposing an Amendment to the Constitution of Texas by adding to

Article XVI thereof a new Section to be numbered 63 authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the Statewide municipal retirement system authorized under Section 51f of Article III.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the following: "FOR The Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST The Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR The Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas relative to such provisions as may be necessary to carry out the purposes of this Amendment, notice and election. 32-4tc

**SENATE JOINT RESOLUTION  
No. 4**

proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide that the qualification of no person to serve as a juror on grand juries and on petit juries shall be denied or abridged on account of sex; providing that existing provisions of the Constitution shall be construed in conformity herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, means and manner thereof; and making other provisions as may be necessary to carry out the purposes of this Amendment, notice and election. 32-4tc

Sec. 19. The Legislature shall prescribe by law the qualification of grand and petit jurors provided that the qualification of no person for service on grand juries or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the second Tuesday in November, 1949, at which all ballots shall have printed thereon:

"FOR The Amendment to the State Constitution qualifying women as grand and petit jurors." "AGAINST The amendment to the State Constitution qualifying women as grand and petit jurors."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this Resolution and the Constitutional Laws of this State, and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State the Governor shall propose an Amendment to Section 19 of Article 16 of the Constitution of Texas by adding to

**SENATE JOINT RESOLUTION  
No. 1**

proposing an amendment to Section 2 of Article VI of the Constitution, repealing the provision making the payment of a poll tax a qualification of an elector; requiring the Legislature to pass a general registration law for voters; providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. Section 2, Article VI of the Constitution of the State of Texas be and the same is amended as follows: so as to read hereafter as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years, and who shall be a citizen of the United States, and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that before offering to vote at any election a voter shall have registered as an elector before the first day of February next preceding such election. This provision shall not apply to a general registration law requiring registration of voters at a time not later than the first day of February for that election to be held for that calendar year, and the Legislature shall have power to prescribe a registration fee. The Legislature may authorize absentee voting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts;" and  
"AGAINST The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 32-4tc

**HOUSE JOINT RESOLUTION  
No. 5**

Section 5 of Article III of the Constitution relating to sessions of the Legislature and what may be considered an Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time when the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That Section 24 of Article III of the State Constitution be amended to read as follows:

"Section 24. Members of the State Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars (\$3,600), to be paid in monthly installments on the first of each month. They shall also be entitled to mileage in going to the seat of government for each session of the Legislature and returning therefrom, which mileage shall not exceed Two Dollars and Fifty cents (\$2.50), for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel from a table of distances to each county seat prepared by the State Comptroller."

Sec. 2. That Section 5 of Article III of the Constitution be amended to read as follows:

"Sec. 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even-numbered year. At other times, when called by the Governor, the Legislature shall convene in special session. Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months. At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries shall be considered."

Section 3. The Amendments proposed herein, if ratified by the people, shall become effective January first, A. D. 1950.

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon:

"FOR The Constitutional Amendments relative to sessions of the Legislature and to compensation of its members;" and  
"AGAINST The Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

Each voter shall express his vote on the proposed Amendment in the manner provided by law.

Sec. 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State. 32-4tc

**HOUSE JOINT RESOLUTION  
No. 22**

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of this State.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a court in the State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms or sessions of each Court as may seem necessary. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding."

The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November 8, 1949, at which time all ballots shall have printed thereon:

"FOR The Amendment to Article V, Section 7 of the Constitution of the State of Texas providing that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law;" and  
"AGAINST The Amendment to Article V, Section 7 of the Constitution of the State of Texas providing that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

**HOUSE JOINT RESOLUTION  
No. 19**

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people thereof.

**Be It Resolved By The Legislature Of The State Of Texas:**  
Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein;" and  
"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 32-4tc

**Support Price For Cottonseed Urged  
By J. W. Hammond**

WACO, Aug. 2.—J. Walter Hammond, president of the Texas Farm Bureau Federation, who last month was the sparkplug in the fight which led to Secretary of Agriculture Brannan's announcement of the three-point grain storage program which saved producers of Texas \$45,000,000, today dispatched a wire to Congressman Bob Peage, chairman of the Texas delegation in Washington, urging that he rally his efforts to support the hard-hitting Secretary to provide a support price for cottonseed, a program that will save Texas cotton farmers twenty million dollars.

"Seed are selling for \$34 as compared to \$90 last season," Hammond told Peage. "There is support price for soy beans," he declared, "and cotton farmers cannot understand why the Secretary does not support the price of cottonseed when the same Act of Congress provides a support price for both of these competitive commodities, which in the case of cottonseed would be \$55 a ton."

Hammond foresaw developments in the present cottonseed crisis and started contacting Washington officials on the problem several weeks ago. Today he renewed his efforts as cotton harvest reached full blast in South Texas and producers pressed the Federation president for help. Hammond told Peage that by organized effort and immediate action the Texas delegation could save the cotton farmers of Texas alone 20 million dollars.

**HAD .58 INCH SUNDAY**

C. M. Baker, northwest of Muleshoe reports the rain at his place Sunday night gauged .58 inch. Mr. Baker said that additional rain right now is not needed, since cotton does not appear to be fruiting as it should and he feels that more rain now will add to the menace of insects.

**RAID ON RECLAMATION FUNDS REVEALED**

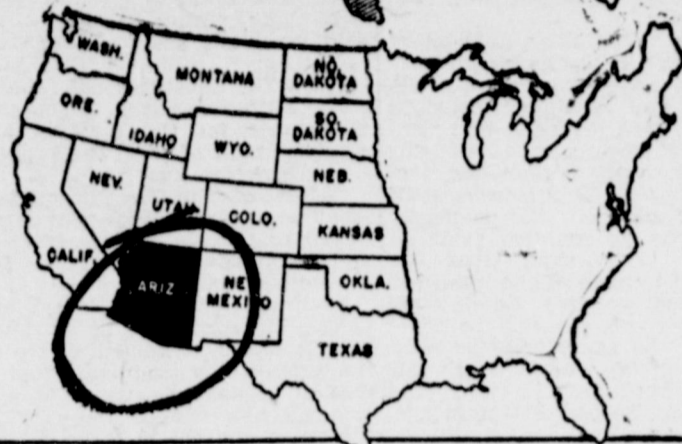

**\$993,307,000  
FOR 17 STATES**

Library of Congress tabulation shows that total government appropriations for building reclamation projects in the 17 western reclamation states amounted to \$993,307,000 during the entire 11 year period from 1939 through 1949.

**\$738,000,000  
FOR ONE STATE**

Arizona is making Congressional bid for one irrigation project costing a minimum of \$738,000,000 for initial development only. Additional tunnels and dams would raise total project cost to an estimated \$1,500,000,000.

Backers of western reclamation development have expressed grave concern over possible fate of numerous state programs if Arizona's request for a huge irrigation project should be granted. They point out that this proposal gives Arizona the lion's share of all available funds. To meet such a threat, a fight is being waged behind the scenes in Congress over Senate Bill 75 and House Resolution 934. These are the controversial bills calling for the largest reclamation appropriation ever made to a single state. The reclamation states involved in this vital matter are: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming.

**Babson Articles  
Printed In Journal**

The Journal has contracted for the weekly articles on business prepared by the Babson Institute, which is headed by Roger W. Babson, the famous statistician and authority on economic subjects. The paper printed the first of the articles last week, which took up a discussion of the employment situation in the U. S. This week Babson gives the views of a group of younger students of business, his associates in his various enterprises. The editor believes these articles will be found to furnish food for thought for any adult who is interested in his future and that of his country. Several readers have suggested that we should use these articles and we are happy to begin carrying them; they will be found on the editorial page each week.

**Quarter Century  
Ago In Muleshoe**

Comes to hand now a copy of "The Muleshoe Journal" for Saturday, May 3, 1924. It was copy No. 11, of Volume I, apparently the paper then being about 3 months old, and among other items, we observe the following:

Miss Louise Gupton and Mr. Reed Shook were united in marriage. The Baptist Ladies Aid met with Mrs. Mertie Billingsley. Mrs. R. L. Faulkner and Mrs. A. P. Stone entertained the Methodist WMS in Mrs. Faulkner's "commodious new home."

C. Shuman was the successful bidder on the YL school building; a pie supper was to be held Friday, May 9 at West Camp school; John N. Janes was installing a light plant in his home; Mr. and Mrs. J. E. Aldridge had made a trip to Clovis.

In Fairview community, John Davis had had the misfortune of getting a piece of steel in his eye, but was recovering nicely. A fine rain fell Thursday and was very much needed.

Everybody was nearly up with their farm work in Baileyboro community. A candy breaking was enjoyed by a large crowd at the home of J. H. Johnson.

Ads were carried in the paper by C. H. Long, grocer; D. O. Smith, cars; Muleshoe National Farm Loan Ass'n., A. V. McCarty, Jr., drugs; Leon Kropf, auto repair; Bailey County Abstract Co.; M. P. Smith, grocer; Dr. A. R. Matthews, White Front Garage; C. D. Gupton & Son, grocers; Bailey County Elevator Co. (Ray Griffiths); R. L. Brown, land; Gupton Hotel; Muleshoe Blacksmith and Welding Works; R. B. Canfield, land. Levi Pressly was editor of the paper.

**FROM LOS ANGELES**  
Jim and Donny Buhman spent Wednesday with Donald and Wayne Moore. They are visiting here from Los Angeles.

**High Gas Mileage  
For New Oldsmobile**

"19.3 miles per gallon of gasoline—while driving at an average speed of 55 miles an hour—in a Series '98' Futuramic Oldsmobile."

"20 miles per gallon—at 50 miles per hour—in a Series '88' Oldsmobile."

In the above manner, according to Harry P. Ekblade, general service manager of the Oldsmobile Division of General Motors Corporation, the new high-compression "Rocket" Engine is today demonstrating its economy in the hands of owners of new 1949 Oldsmobile cars.

"We have received a large number of enthusiastic letters from owners of Series '98' and Series '88' models, both of which are 'Rocket' Engine powered," Mr. Ekblade explained. "These people have driven their cars in all kinds of weather and under varying road conditions throughout the United States. They report uniformly outstanding fuel economy, of which the two examples are typical."

**BACK FROM HOT SPRINGS**

Mrs. C. E. Layne has returned home after a stay of three weeks in Hot Springs, N. M., where she took the mineral baths. She visited with Mrs. J. W. Gregory, Sr., of this city, a former resident of Bailey County. Also she saw Duane Danielson and his mother, Mrs. Cool, formerly residents of the county.

**HAD GOOD RAIN**

A half inch or more of rain fell at his place in the Goodland community Sunday night, B. H. Creamer told The Journal. It was not especially needed since the neighborhood has received rains right along, he said.

**ABOUT HALF INCH FELL**

Rain at the Gerald Allison farm northeast of Muleshoe was about the same as in town, or around a half inch Sunday night, Mr. Allison said. Crops on the Allison Bros. places look very good he said.

**LEGAL NOTICE**

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS

TO: Tom C. Miller Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first

Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 22nd day of August, A. D. 1949, at or before 10 o'clock A. M. before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas. Said Plaintiff's petition was filed on the 20th day of April, 1949. The file number of said suit being No. 1594 The names of the parties in said suit are: Texana Miller as Plaintiff, and Tom C. Miller as defendant. The nature of said suit being substantially as follows, to-wit:

Plaintiff alleges that she was married to the defendant, on the 7th day of June 1947, and lived with him until the 16th day of September 1947, the date Defendant left Plaintiff, and went to Crane, Texas, to live. Plaintiff alleges, that the Defendant, within two or three days after their marriage, began a course of unkind, harsh and tyrannical treatment toward her, which continued until the final separation. Plaintiff alleges, that Defendant told her, that he did not love her, but married her to get hold of Plaintiff's property. Plaintiff alleges that the Defendant abused her, and struck her in the face with his fists, and hit her with a large stick, all of which caused mental strain, physical pain and anguish. Plaintiff alleges that there is no community property, either real or personal owned by Plaintiff and Defendant, and that there were no children born of said union, and that Plaintiff and Defendant, or either of them, have at any time adopted any children. Plaintiff prays judgement for a divorce, and that her former name of Texana Blankenship be restored to her, and for such other and further relief that she may be justly entitled to, etc.

Issued this 7th day of July, 1949. Given under my hand and seal of said Court, at office in Muleshoe, Texas, this 7th day of July A. D. 1949. M. G. Bass Clerk District Court, Bailey County, Texas by Lillian A. Sellars, Deputy. 29-4tc.

## Anton Nine Blasts Muleshoe Out Of Pennant Race With 14 To 8 Win Sunday

### Shortage Of Cotton Insecticides Critical

COLLEGE STATION, Aug. 2.—Texas cotton farmers may have trouble finding a source of supply of the newer and recommended cotton insecticides, says Dr. H. G. Johnston, extension entomologist of Texas A. & M. College. Applications have been heavy and a shortage has already developed in some states.

Grasshopper, cutworm and army worm infestations were heavier than usual in many areas of the southwest and now the boll weevil is more numerous and widespread throughout the cotton belt than any year since 1941, except in Texas. Johnston credits the early thorough cotton stalk plow program in Texas with holding down to some extent the boll weevil damage.

Boll worms are causing serious damage in some sections of the state and if present conditions prevail, damage can be expected to become general in many areas within the next two weeks, he says.

The preferred material for general cotton insect control, cot control, Johnstone, is 20 percent toxaphene plus 40 percent sulphur, or a mixture of 3 percent gamma BHC, 5 percent DDT, 40 percent sulphur (3-5-40). If these materials are not available, some substitutes can be made if the substitutes can be found, and results should be good.

Where the boll weevil is the major pest, 7 to 10 pounds of calcium arsenate per acre at 5 day intervals will give good control, says Johnston. Alternate applications of 3-5-40 and calcium arsenate will prevent increased aphid populations which may result from using calcium arsenate alone. A special lime-free calcium arsenate plus 1 percent gamma BHC will also give good boll weevil control and prevent possible aphid increase.

For the boll worm alone, the following insecticides are suggested in the order of their preference: 2 percent gamma BHC, 10 percent DDT, 40 percent sulphur; 10 percent DDT, 40 percent sulphur; 5 percent DDT, 75 percent sulphur at increased dosage; lead arsenate; cryolite; and calcium arsenate. Any one of these materials, he adds, should be applied every five days at rates of 12 to 15 pounds per acre. Aphid infestations may increase following the use of either the arsenate or DDT. Alternate applications of these and 3-5-40 as for boll weevil control will prevent possible aphid increase.

When both insects are abundant, Johnston suggests for controlling the boll weevil alone at increased dosage of 12 to 15 pounds per acre, says Johnston. Two percent gamma BHC plus 10 percent DDT and 40 percent sulphur at the rate of 12 to 15

## NEW RUBBER GLOVE

AKRON, OHIO—Years of technical staff work have developed the new rubber household glove the model is wearing. The B. F. Goodrich company here used detailed studies of thousands of women's hands, analyzing measurements and the curved design for each of the sizes in which the glove is produced.

Roughened, gripping surfaces on fingers and palms are an integral part of the new glove. This gives firm grip and utmost sensitivity and the curved fingers fit the contour of the hand. Perfect fit reduces fatigue. Special treatment of the inner surfaces make it easy to put on and remove. Full at the back for freedom of action. It is full length and shaped to fit the wrist.

It is made from full strength rubber latex by the patented Anode process. The glove is being marketed under the name "Klingwell" by B. F. Goodrich and "Holdfast" by the company's Miller division.

**TO KERMIT**  
Mr. and Mrs. Spencer Beavers spent the week end in Kermit with their parents, Mr. and Mrs. Clay Beavers and his brother, Billy Beavers, who have recently purchased an automobile supply store there. They do not plan to move away from Muleshoe, where they have lived for many years.

**HOME FROM COWLES**  
Mrs. Charles Lenau and daughters and Mrs. Marion Harris and daughter have returned home from several days stay in Cowles, N. M.

# SPORTS

## Softball Teams Exchange First Place Position Several Times During Past Week

By Earl Jennings

The Cardinals are still leading the softball league with the Tigers and Pirates close behind. The Indians are still trailing but they have won six out of their last eight games. The Cardinals, Tigers and Pirates have each held first place this last week at different times.

Jim Holt has taken over the batting title again with .831 and Marion Waggoner with .803 and Kenneth Lovelady of the Cardinals has been given the "Most Valuable Player Award" and Raymond Dial of the Pirates and Buddy Pool of the Tigers battled to a draw for "Rookie of the Year". Carl Thomas, Tigers, was the most improved player while Jack Jones, captain of the Indians, was the best sport.

Don Moore has jumped to the Major League to play with the Tigers now, and Phillip Provence has also been added to that team. Mike Morgan and Johnny Friesen have been added to the Pirates and Dean Herrington and Leon Anderson have been added to the Indian roster. Johnny Gilbreath is now playing for the Cardinals.

**LEAGUE STANDINGS**

Team	W	L	Pct.
Cardinals	13	10	.565
Tigers	13	11	.541
Pirates	12	11	.521
Indians	9	13	.409

**ELEVEN PASS SWIMMING TESTS**  
Eleven members of the Lions Recreation Program passed their Red Cross Beginners Swimming Test this week and were awarded Red Cross certificates for their accomplishments by Don Jackson. Those receiving their certificates were Crispian Green, Don Moore, Bobby Nelms, Charles Jennings, Marion Waggoner, Donald Roddam, Allen Berry, Truitt Craft, Laura Whalin, Sharon Wilemon and Bob Nickels. Most of the kids are learning to swim or they are improving their swimming. We think the town should be grateful to the Lions Club for sponsoring this program for us—we certainly are.

## Slants From The Sidelines . . .

By W. E. Hill

The local baseball nine after winning the number one position in the Capitol League, were eliminated from the playoff in the first two games by Antio who was in second position.

The Muleshoe nine was ordered by the league president recently to forfeit a game they played Amherst, but at a meeting of the managers of the League teams, the decision made by the president was overruled and the managers stated that if Walker, manager of the local team could show sufficient evidence that the game should not be forfeited on the eligibility of two of his players, they would not make Muleshoe forfeit to Amherst.

Walker who was depending on a telephone bill for his proof that the men were eligible, now has this proof and there is only one phone call made to Littlefield listed on the bill which was dated June 29. The deadline for calling in the players names to the president was July 1. This evidence is sufficient and Muleshoe does not have to forfeit the game to Amherst.

Walker charges Joel Thompson, league president, with playing politics since Thompson is now holding a public office in Lamb county and was looking for some votes. However Walker stated that all the ball club managers in Lamb county know what the score is and that he will not be re-elected as president of the baseball league next year.

We haven't seen or talked to coach Green the past two or three weeks, but we are sure that it won't be long before he will have his boys out for football practice. For all we know they may already be practicing . . . at any rate the first game of the 1949 season is scheduled for September the ninth with Springlake there and the second game is scheduled with Portales there on September 16.

What has happened to the Quarterback Club in Muleshoe? It seems to me that they should be calling a meeting soon and start

giving our boys a little pre-season boost.

This season the football programs will be printed and not mimeographed . . . all the fans can tell who's who at the games this year. There will be plenty of pictures of the local football boys, of the coaches, the band and pep squad and the school buildings, on the programs as well as advertisements from local firms who will be backing the 1949 team 100 per cent.

We still haven't heard anything about the changing of the name of the Muleshoe teams from Yellow Jackets to Mules. However we have seen a car or two with the word "MULES" on the license tags but we haven't heard of any official change of the name if it has been changed. . . . Does anybody know whether the name has been changed or not? We're curious!

A game between the north and the South all-stars will be played at Beaumont Friday night. According to press reports the south is favored to beat the north team.

There is another football game on tap which is to be played at Wichita Falls in the "Oil Bowl" between an all-star team from Texas and an all-star team from Oklahoma. However we don't know just when this game is slated to take place.

At Beaumont there will be two all-star basketball games played as well as the football game Friday. These games will climax the annual clinic of Texas High School Coaches Association which is being held this week in Beaumont.

Boxing is back in the headlines in West Texas. Bill Henderson of Levelland is scheduled to take on Trinidad Perez of Mexico in a 10-round main event at Sled Allen's arena at Lubbock Monday night.

Many other South Plains fighters will be on the card which offers 28 rounds of fast and furious fighting.

**CARPENTER IS EMPLOYED AS CITY POLICEMAN**  
Ralph Carpenter has been employed by the city commission as chief of police and night watchman. Mr. Carpenter who assumed his duties Monday is a veteran of World War II and has been engaged in well drilling until recently.

**MORE SHOWERS FALL IN IN MULESHOE TERRITORY**  
Muleshoe received a shower, amounting to .45 inch Sunday night and another Monday afternoon of .13 inch. Sunday night's shower apparently covered a wide territory. R. J. Klump, weather recorder here, said July precipitation at this point was 2.95 in. in July, bringing the total moisture for the first seven months of the year to 21.58 inches.

**WILLSON & SANDERS LUMBER**  
PHONE 93... MULESHOE, TEXAS

**Pleasant Valley News**

The Pleasant Valley Community wishes to express sympathy for Mrs. W. A. Stevens and her family in the loss of their husband and father.

Jack Epps made a trip to New Mexico last Sunday.  
Mr. and Mrs. Oscar Lawrance and W. B. Corley of Tahoka spent Saturday night in the J. E. Dulin home. Mrs. R. L. Roubineck and son Jack went to Quitaque, Texas, Thursday to attend the funeral of an Aunt Mrs. Jim Mayfield.

Week end guests in the home of Mr. and Mrs. R. L. Roubineck were her parents Mr. and Mrs. J. A. Kennedy and daughter Florence of Chickasha Oklahoma; Mrs. Joe Graves and daughter Julia from Deirks, Arkansas; and Mrs. Jess Turley of Chandul, Oklahoma.

Mr. Wiley Grizzle went to Roswell to visit his sister Mrs. George Didiak.  
Robert and Marvin Moore of Lavon Texas visited with relatives here last week and attended the funeral of Mr. Stevens.

Mr. and Mrs. Oscar Allison, Nan Susan and McK. are vacationing at Ruidoso, N. Mex. this week. They are expecting to return Sunday.

Mr. and Mrs. Sam McKenstry of Hagonman, N. Mex. are visiting their daughters, Mesdames Oscar and Harold Allison, and families.

Mesdames Oscar and Harold Allison were hostesses at a 42 party honoring their mother, Mrs. McKenstry, on Wednesday, July 20 at the home of Mrs. Harold Allison. Mrs. Joe Jennings and Mrs. McKenstry tied for high score. Those present were: Mesdames R. L. Roubineck, Seaborn Moore, B. H. Biekel, Wiley Grizzle, Epps, F. L. Shelby, and E. K. Angeley. Mrs. Crow, Mrs. Joe Jennings and Floyd Anders, Mrs. J. E. Dulin were unable to attend.

Miss Nan Allison and McK. had a birthday party at their home on Wednesday, July 20. Miss Frankie Many lovely presents were received by Nen and McK. About 20 children were present.

**FROM CALIFORNIA**  
Hershel Dennis and Weldon Hunter, of San Diego, Calif., visited briefly here Sunday with the former's aunt and uncle, Mr. and Mrs. J. M. Forbes, and at Plainview with his grandparents. The two boys completed enrollment in New Mexico U., Albuquerque Monday morning.

**ON VACATION TRIP**  
When last heard from the Ladd family, Mr. and Mrs. Earl Ladd and sons, Earl, Jr., and Johnny, were in Vaughan, N. M., headed for the mountains for their vacation trip.

**RETURN FROM COLORADO**  
Mr. and Mrs. Myron Pool, Sr., and son, Carroll, have returned from a fishing trip to Creed, Colo., and other points.

**VISITORS IN HART HOME**  
Mrs. J. R. McGraw, Jr., and daughters of Abilene, visiting this past week in the home of her father, Mr. E. R. Hart and Mrs. Hart, and her brother Houston Hart and family.

**VISIT IN LORENZO**  
Mrs. Nettie Lambert, Travis Lambert and Judy Kay Lambert were visitors over the weekend in Levelland and Lorenzo.

*Society News*

THE MULESHOE JOURNAL, Thursday, August 4, 1949

**Two Day Training School On Leather Craft To Be Held**

The Home Demonstration club women of Bailey county are bringing Mrs. Pauline Davis of the Redi-Cut Project Company in San Angelo to Muleshoe September 12 and 13 to give a two-day training meeting on leather craft. Any person interested in learning to make leather articles should contact their local home demonstration club president or the home demonstration agent. Any one who is interested may attend this training school; however we need to know ahead of time the approximate number of persons who expect to attend and have some idea as to the kind of articles they want to work on.

All of the articles will be brought by Mrs. Davis ready cut plus all supplies needed for the various articles. These materials will be for sale and there will be demonstrations as to the making of the different articles.

The following is a price list as quoted by Mrs. Davis:  
Billfolds, standard size, \$2.00; Billfolds, oversize, \$2.50; Ladies bags, shoulder and envelope types with zippers, \$3.50; Small bags with zipper, \$2.50 to \$5.00; Palomino bag with short handle, \$4.50; Men's belts complete, \$1.50 to \$2.50; Zipper note books, \$7.50.

All leather tools will be standard catalogue priced. The leather will consist of the natural colored leather for tooling and other leathers for various leather articles in white, blue, green, red, brown and black.

**Wilhite Families Hold Reunion Here**

For the first time in nine years the Wilhite brothers and sisters met in Muleshoe. They enjoyed outings in Clovis and lawn gatherings at the homes of Mr. and Mrs. Doc Wilhite and Mr. and Mrs. Troy Actkinson.

They were all together at the home of their mother, Mrs. Carrie Wilhite.

Those enjoying the reunion: Mr. and Mrs. T. A. McLaren and son, Bob; Mr. and Mrs. Earl Wilhite of Los Angeles, Calif.; Mr. and Mrs. Oscar Wilhite and two sons, Arlon and Delbert; Mr. and Mrs. Jesse Wilhite and sons, Charles and Ronald of Mangum, Okla.; Mr. and Mrs. Lonnie Wilhite and son, Delton; Mr. and Mrs. J. E. Wilhite and son, Kenneth; Mr. and Mrs. Doc Wilhite, Jera Lynn and Carroll Dee; Mr. and Mrs. Troy Actkinson and daughters, Sue and Donna; Mr. and Mrs. Clarence Wilhite and daughter, Mona Ellen and Mrs. Carrie Wilhite.

Several moving pictures were taken of the thirty one members of the family.  
It was one of the happiest occasions the family had enjoyed in many years.

**MULESHOE ORDER OF O. E. S. MEETS**  
The Muleshoe Chapter No. 792 O. E. S., met Tuesday night for their regular meeting in the new Masonic hall.

The hall was beautifully decorated with summer cut flowers by the decorating committee.  
The Robert Morris program was given in honor of the founder of the order.  
D. P. Brown, of Lavon, and Worthy Patron of the Lavon Chapter, was a guest. Mr. Brown is a brother of the late R. L. Brown.

Mr. and Mrs. Clyde Holt took those present to the Muleshoe Cafe for refreshments.

**VISIT IN YOUNG HOME**  
Mr. and Mrs. Alvis Peterson and children of near Lubbock, visited her parents, Mr. and Mrs. J. A. Young last weekend.

**MULESHOE NIGHT AT CLOVIS IS PLANNED**  
"Muleshoe Night" at the Clovis Pioneers baseball park is planned for a night next week. A big attendance from this section is anticipated, and fans from this area will occupy a special section. At the same time members of the Muleshoe Lions Club will honor Wiley Moore, slugging outfielder from Muleshoe on the Clovis team. Fans are advised to learn on what night the Muleshoe night will be held.

**FOR SALE**  
1-4 door Buick Special, 1942, with 1946 engine. New front tires, 6 ply rear tires. New seat covers. Looks good for \$650.  
1-1946 Allis-Chalmers WC tractor and lister. Good as a new one \$1050.  
1-5 ft. A. C. Combine \$350.

All three above items are bargains. Worth your time to come and look them over.

**Pleasant Valley Club Hosts To Sunshine Club**

The Pleasant Valley Social club met Wednesday, July 27, at the Pleasant Valley School house with the members of the Sunshine Club as their guests.

Both of the clubs names were carried out in the decorations. An aisle of the building covered with grass and flowers represented the Pleasant Valley Club, and at the end, blue paper was hung to simulate the sky, and yellow paper for the sun represented the Sunshine club.

The meeting was called to order by the president, Mrs. Jack Epps. Roll call was answered by quoting a verse from the Bible.

The business meeting was dispensed with, and the meeting was turned over to the program committee.

Games were played during the social hour and refreshments of frosted cakes and nuts were served to ten members of the club and eight members of the Sunshine club.

The next meeting will be held on the second Wednesday, August 10, with Mrs. E. K. Angeley.

**HD Club Met In J. T. Shofner Home**

On Thursday, July 28, Muleshoe HD club met at the home of Mrs. J. T. Shofner. Roll call was answered with "My Favorite Vegetable Dish."

Plans were discussed for the leather school which is to be held Sept. 12 and 13. Orders were placed for leather purses to be toiled.

Mrs. S. C. Caldwell will go to the HD Women's District Short Course which will be held at Tech College in Lubbock.

The outdoor cookery will be held in Clovis park Tuesday, Aug. 9. Each member planning to go will meet at the county courthouse at 9:30.

Fun nite will be with Mrs. D. L. Morrison. The date will be announced later.

Refreshments were served to 2 visitors, Mrs. Oran George and Lavelle Beller, and to members, Mesdames A. W. Copley, Roy Carney, D. E. Beller, S. C. Caldwell, H. M. Shofner, and the hostess, Mrs. J. T. Shofner.

**HD Short Course Held At Texas Tech**

A short course for district HD Club women based on the theme, "Meeting Family Needs," was conducted at Texas Tech this week Tuesday through Thursday under direction of the extension services of Tech and Texas A & M.

Miss Kate Adela Hill, district two agent, and Dean Margaret W. Weeks of the Tech Home Ec division were general chairmen.

Attending from Bailey County were: Mrs. M. E. Little, Mrs. G. T. Maltby, Mrs. S. C. Caldwell, Mrs. Johnnie Petree, Mrs. Roland Gibson, Mrs. Bowen, and the county home demonstration agent, Mrs. Marie T. Corrington.

About 150 women from counties of the district were present.

**ATTENDED FUNERAL RITES**  
Mr. and Mrs. E. E. Dyer and Mr. and Mrs. Roy Dyer attended funeral services held at Lockney Saturday for Mrs. D. E. Cox, mother of Howard Cox of Muleshoe. Interment was in Plainview cemetery.

**AWNING STRIPES**

There's no end to the ingenuity of women. Designer Vera Maxwell looked at the pretty navy blue striped canvas awning over her window and got an idea for a glamorous dress. She used a piece of the same striped Otis cotton canvas as a skirt for this eye-catching summer frock.

**MARGARET ANN JOHNSON HAS BRIDGE DINNER**  
Miss Margaret Ann Johnson entertained her house guests Saturday evening with a buffet dinner in the back yard and bridge, at the home of her parents, Mr. and Mrs. George Johnson.

Guests were: Misses Mildred Hogg, Vera Britt, Dorothy Frear, Louise Brown of Clovis, Pat Burns, Polly Lovorn, Betty South, Glenda Bussell, Mary Bell Smith of Fortales, Jo Ann Black of Levelland, Nell DeShazo of Canyon and the hostess.

**RETURN FROM COLORADO**  
Mrs. Eva Murrah and Dorothy and Jesse Murrah of Lubbock, have returned from Colorado where they visited Mr. and Mrs. Dalton Murrah and family.

**VISIT GOWDYS RANCH**  
Mr. and Mrs. C. A. Adams and son went to Hank Gowdy's Angus ranch near Arch, N. M., on business last Saturday.

**CHRISTIAN SCIENCE SERVICES**

"Spirit" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, August 7.

The Golden Text is: "O Lord, Thou hast searched me, and known me... Whither shall I go from thy spirit? or whither shall I flee from thy presence?" Psalms 139:1,7.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Teach me to do thy will; for thou art my God; thy spirit is good; lead me into the land of uprightness" (Psalms 143:10).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God" (page 334).

**FISHING IN COLORADO**  
Mr. and Mrs. W. M. Pool, Jr. and son, Carol, have enjoyed several adys of "roughing it" and fishing around Creed, Colorado.

**D. P. BROWN HERE**

D. P. Brown, of Lavon, Texas, a brother of the late R. L. Brown, real estate man here for many years, has been here this week on business this week. Crops are fine nearly everywhere he has been he said.

**SPENT SUNDAY HERE**  
Mr. and Mrs. Roy Spann and daughter, Nadine, of Littlefield, spent Sunday here with Mrs. Spann's sister, Mrs. W. P. Flowers and Mr. Flowers.

## Big Gathering Of Rural Youth At State Fair

Post-war rural youth activity in the state will reach its high point this year when the largest single gathering of farm boys and girls in the nation's history will be honored by the State Fair of Texas on Rural Youth Day, Oct. 15, James W. Aston, chairman of the Fair's youth day committee, has announced.

At least 75,000 4-H Club boys and girls, Future Farmers and Future Homemakers from farms and homes in every corner of the state, will make the trip to the fair, Aston said. "Last year's attendance of 60,000 was considered phenomenal, but all indications point to a 25 per cent increase for this year."

The youngsters are traditionally given free admission to the fair, and a free lunch which is provided by Dallas business leaders.

**VISITOR FROM LUBBOCK**  
Ira Burrough of Lubbock, visited in the home of Mr. and Mrs. Wayne Cherry and son Wayne, Thursday.

## Tuberculosis Is Still Big Killer

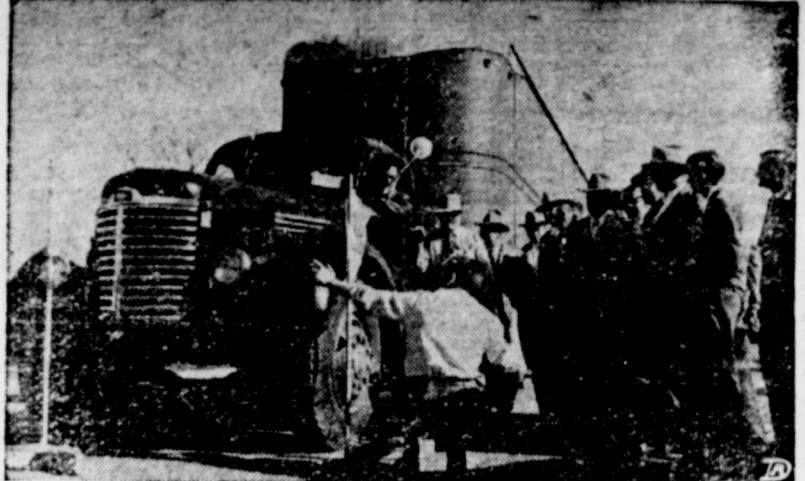

AUSTIN, Aug. 2.—There is no more emphatic proof of the power of ignorance and carelessness to spread disease than is shown by the continued ravages of tuberculosis, which is responsible for more deaths between the ages of fifteen and forty-five than any other disease.

Despite the knowledge of its cause, spread, and curative procedures, tuberculosis continues to be a grave public health problem, and today it holds fifth place among the killing diseases in this State. This fact exists even though the majority of tuberculosis patients could have their condition arrested, if it were recognized early and proper treatment applied.

These facts are disclosed by Dr. Geo. W. Cox, State Health Officer, who says, "Treatment of the early recognized case is essential to recovery. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more widespread appreciation of this fact would result in the saving of thousands of lives."

Appreciation Day Is Saturday

## Truckers Study Fleet Operation At Texas A. & M.

COLLEGE STATION, TEXAS—There is more to truck driving and fleet operation than meets the eye in the motor transport industry today, as Texas A. & M. is plainly showing in its vocational training courses. This Fruehauf trailer, powered by an International tractor, provides the main prop in this unique class room, out in the Texas sunshine. The courses are conducted by Engineering Extension Service Industrial Division of the College cooperating with the State Board of Vocational Training. The courses cover such fields as Oil Field Haulers, Private Carriers, Common Carriers and Insurance Agents and Safety Engineers.

## Brazos Watershed Towns Are Seeking Government Support For Many Lakes

ABILENE, Aug. 2.—In line with the proposal of the West Texas Chamber of Commerce that domestic water be given priority in any criteria for dam building, 25 West Texas towns on the Brazos watershed this week launched a new drive for an appropriation of more than 300,000 acre feet of water for the Bob Baskin reservoir.

The request is being filed with the Board of Water Engineers by the city of Haskell acting as agent for the other towns along the Double Mountain and Salt Forks of the Brazos.

At the same time these took their demands to Washington with a request for a survey of the project by the Bureau of Reclamation, using the same criteria developed in the proposal of the \$87 million Canadian dam serving 11 towns in the Panhandle-Plains area.

Manager D. A. Bandeden of the WTCC, who recently prepared a report of the West Texas Water shortage damages and application of the Hoover Commission's domestic water recommendations, next week will take to Austin an official resolution from the Haskell city council, asking for the appropriation.

A request was sent to Washington this week by John Couch, president of the Bob Baskin Dam Assn., for a resurvey by the Reclamation Bureau. Bandeden said this request was made in line with the criteria proposed by the WTCC which would give domestic priority in all multi-purpose dam construction.

This program has been finding wide-spread approval in official circles and, according to Congressman Mahon who says, "the thinking of the Bureau of Reclamation is undergoing a drastic change. The Bureau is enthusiastically supporting the Canadian project, even municipal water supply project," though it is almost exclusively a municipal water supply project.

Letters from high officials commending the WTCC program for revision of the dam building criteria have been pouring into the Abilene WTCC office for two weeks. They include letters from Herbert Hoover, chairman of the Hoover Commission, which recommended in its report that domestic water be given first priority in criteria for multi-purpose dam building. Other members of the commission who have written to Bandeden are Arthur S. Fleming, Jos. P. Kennedy and C. L. Brown. Brown suggests that copies of the WTCC report be sent to all members of Congress.

Senators Tom Connally and Lyndon Johnson, together with Congressman Omar Bureson, Eugene Worley and George Mahon, have also added their commendation to the program. Likewise letters have come from the United States C of C and the National Association of State Chambers of Commerce. One of the last letters Gov. Beaver's Jester wrote before his death was one of commendation of the WTCC formula.

Towns joining in the water appropriation request for the Bob Baskin dam are: Knox City, Benjamin, Goree, Munday, Peacock, Aspermont, Rochester, Rule, Weinert, Haskell, Stamford, Anson, Guthrie, Truscott, Lueders, Roby, Rottan, Jayton, Seymour, Throckmorton, Fort Griffin, Albany, Gilbrand, Clairmont, Spur, Rhineland, O'Brien, Sagerton and Avoca.

**TO LOS ANGELES**  
Mr. and Mrs. Finis Jennings Al Ewing Jennings and Mina Margaret Jennings, left Sunday, Aug. 31, for Los Angeles, Calif., where they will visit with Mrs. Jennings sister, and brother-in-law, Mr. and Mrs. F. W. Williams.

They will be accompanied on the California trip by Mr. and Mrs. John Hughes and son David, of Lubbock, and Mrs. Pearl Pittman of El Paso. Mrs. Hughes and Mrs. Pittman are sisters of Mrs. Jennings also.

**TO RUIDOSO**  
Mr. and Mrs. Irvin St. Clair, Jr., and little daughter, Pamela Gay are resting this week in cool Ruidoso. Irvin planned to get in quite a lot of golfing there and at Cloudcroft.

## Postal Receipts In Texas Gain

AUSTIN, Aug. 2.—June Postal receipts in Texas gained 11 per cent over a year earlier, but fell 3 per cent from May, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of postal receipts edged downward to 277 per cent of the prewar base period. June receipts of 59 Texas cities totaled \$3,433,412 in comparison with \$3,544,286 in May and \$3,079,205 in June 1948.

From May to June, postal receipts stepped up 19 per cent in Paris; 18 per cent in Texas City; 17 per cent in Borger and Kerrville; and 15 per cent in Gainesville and Wichita Falls.

Outstanding gains over June of last year were turned in by Snyder, 66 per cent; Palestine, 43 per cent; Wichita Falls, 34 per cent; El Paso, 32 per cent; and Borger, 26 per cent.

On the other hand, postal receipts dropped 67 per cent during the 12-month period in Seguin; 20 per cent in New Braunfels; 17 per cent in Bryan; 11 per cent in Vernon; and 8 per cent in Brownwood.

With a 38-per-cent decrease, Sweetwater recorded the biggest monthly downturn in postal receipts.

## WILEMONS TO ARKANSAS

Mr. and Mrs. P. E. Wilemon and their little grandson, Jack Wilemon, of Tuscon, Ariz., who has been spending the summer with them, left Monday morning for a visit at Rogers, Ark. Her sister Mrs. Frank Davis lives at Rogers. They went in their truck, taking outdoor camping equipment and will "rough it" on their trip. They expect to fish on White River and to visit the Ozark region.

## Entertainers For First Legion Dance And Floor Show Here August 12

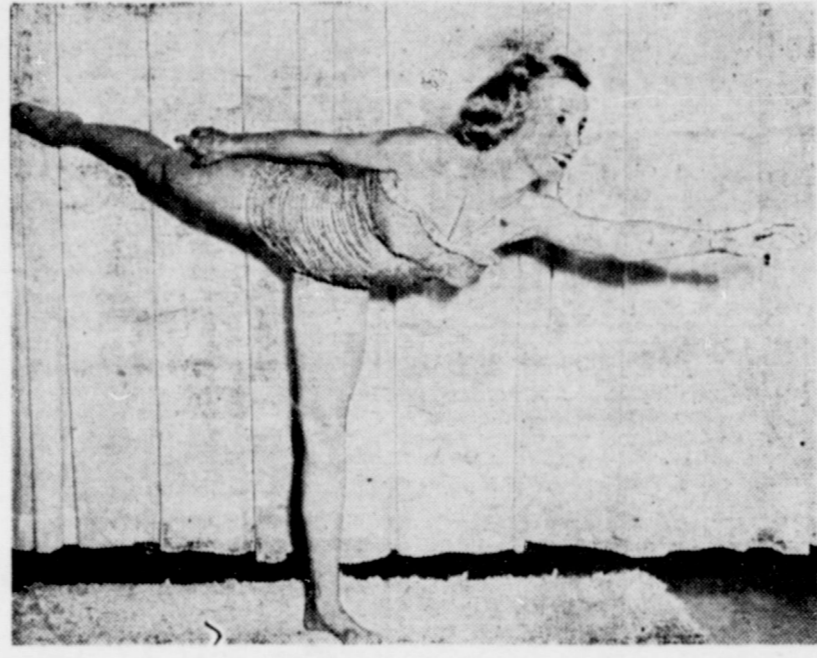

Miss Billy Hutchings

PICTURED HERE are two of the young ladies who will take part in the floor show Lloyd Alsop has arranged for the first dance to be held in the new Legion home in Muleshoe, August 12.

MISS JANICE BLAKE has been a student at Larrymore Dance Studio in Lubbock and at Boston Conservatory of Music. She has taken part in many shows and programs of the territory, giving an interpretation of the modern ballet dance.

MISS BILLY HUTCHINGS, a senior in Texas Tech College, was third in the recently held Miss Lubbock contest. She is an instructor in piece band will take part.

Larrymore Studio. OTHER young ladies who will be in the floor show are Miss Joyce Windebourne, of Earth, who attended Springlake high. She was selected Miss Lubbock and is now entered in the Miss Texas contest being held at Fort Arthur. Miss Janet Johnson, ballroom dancing instructor at Larrymore, completes the quartet of talented dancers who will help to entertain those who attend the dance. Mr. Alsop said a surprise number that has been planned will be a hilarious climax to the show, in which members of his seven-piece band will take part.

Miss Janice Blake

## Despite Millions For Improvements, Farm Debt Gains Little, Osborn Reports

While Texas farmers and stockmen have spent millions of dollars on improvements, soil conservation, and the purchase of new equipment since the war's end, farm and ranch debt has made no significant increase, and savings in cash, bank deposits, and United Savings Bonds are at record levels, according to Jesse M. Osborn, President, Muleshoe State Bank, who represents the Texas Bankers Association as a county key banker.

"Texas farm and ranch families are going through these final months of adjustment from a wartime to a peacetime economy with very little disturbance." "They are maintaining a sound financial position; and while they are using more credit for improvements and new equipment, their obligations are being paid off in relatively short time, and they are adding to their already substantial financial reserves."

Reporting on the results of a fifth national survey of bank lend-

ing made by the Agricultural Commission of the American Bankers Association, Mr. Jesse M. Osborn said that "total farm and ranch debt held by the banks of the state at the beginning of 1949 was only about \$196,000,000, compared with \$169,000,000 on January 1, 1948. In addition to this amount, there are \$78,076,000 Commodity Credit Corporation loans held by the banks cooperating with the government's farm price support program."

In 1948, the last full year of operation, the 814 Texas banks serving agricultural communities loaned \$476,924,000 to 261,024 farmers and stockmen. This represents 67.8 per cent of all farmers and ranchers in the state. Of the total amount, 252,540 farmers and ranchers borrowed from the banks to finance production in an aggregate amount of \$455,226,000. Of these loans, only \$169,224,000 remained outstanding at the beginning of 1949. During the year, there were 8,484 farmers and

ranchers, representing only 2.2 per cent of all those in the state, who made farm and ranch real estate loans in an aggregate amount of \$21,698,000. The prosperity of the farms and ranches is shown by the fact that of these long term debts only \$26,736,000 were outstanding at the beginning of this year. This is an increase of only about \$100,000 from the preceding year. The total of all bank-held farm and ranch debt on January 1, 1949, was \$195,960,000.

"The farm and ranch mortgage debt in Texas remains only about one-half of what it was in a comparable period after World War I," Mr. Osborn pointed out.

Mr. Osborn stated that agricultural borrowings are usually a reliable indicator of the economic condition of agriculture and that one of the brightest aspects of the present situation is the fact that the average loan per borrower during 1948 for production purposes was only \$1,803, and the average loan made on farm real estate was only \$2,558.

"Cash reserves held by Texas farmers and ranchers, which are being consistently increased, are estimated to be sufficient to retire all their debt." "However, they are wisely holding the reserves as a safeguard against emergencies and to enable them to buy new equipment and make improvements. The big demand for new equipment to replace that worn out during war years appears to have been satisfied. There is a statewide trend to improve livestock and crops and to practice modern conservation methods and land management. This trend insures a steady improvement in the condition of agriculture for many years in the future."

### Sheriff's Report ...

Hello everyone: Here we are again without much to report other than drunks. Over the weekend we had ten of those, and one for check violation. All the drunks were tried Monday and fined fourteen dollars each. The check violation was tried in County Court, fined ten dollars and court costs, a total of thirty-one dollars and eighty-five cents for him. At this time we have five prisoners, three of them were drunks.

that didn't have \$14.00. These three are what we call rum heads. They are more or less bums. Some people may wonder why we are keeping such as these in jail at County expense. Here is my reason. If we have to pick them up, and they are released and floated out of town with just an overnight stay in jail, they will tell every bum, that they can get drunk in Muleshoe, get a night's lodging and two meals and can be on their way. This they don't mind, but even a bum doesn't like to stay in jail, especially a rum head, for he certainly doesn't get any bay rum while he is in jail.

Back a few years ago a man could use a rubber hose, a backhand or a checkline and convince these kind they were not wanted. But in our Constitution, I believe it is the 14th Amendment, that pertains to civil rights. This one Amendment gives more things, especially communists, a loop hole to get out of than all our laws do to deal with them.

I am a strong believer in a man's rights, that is to the extent this man hasn't abused these rights, but where he does and preaches against our form of Government or just one of those shiftless no account bums that thinks the world owes them a living, then it makes you want to go back to the rubber hose.

Folks, I am afraid we are going to hear more and more about "Civil Rights".

We have working in the South now, clubs for the betterment of our Negro Race. This I am highly in favor of, provided this is done by the right party, but right in our own state of Texas today there are a number of clubs yelling their heads off for equal rights for Negroes that are nothing but communists.

So, what can we do when we have laws that protect these when all the time they should be attended to. Any way a peace officer has to be careful or they will be trying him instead of the thug.

The Commissioners have just authorized Mr. Willis of San Antonio to repair our jail, and fix up some more bunks, this job needed to be done, but I had rather spend the money for a two-way radio, maybe we can get them next year.

Until next report, I remain your sheriff, Hugh Freeman.

## Texas Safety Department Relaxes Rules On Renewing Expired License

AUSTIN, Aug. 2. (Sp.)—Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today a temporary relaxation in the policy of renewing expired drivers licenses. Pointing out that the action is being taken because of inadequate field and office personnel to handle the procedure in the normal manner, Colonel Garrison stated that the temporary measure which becomes effective immediately, will preclude excuses on the part of motorists for not having obtained a renewal of their licenses.

This should come as good news to a half million Texas motorists since the records indicate that there are 3 1/2 million drivers in the State and only 2 1/2 million current licenses are on file. Estimates show that of the one million drivers who do not hold presently valid drivers licenses about half have had one at some time but have failed to renew them. The other half million have either moved from the State, ceased driving or died since the records were compiled or have never possessed a license to drive.

Under the new program, Colonel Garrison outlines the following steps for obtaining a renewal of

expired Texas drivers licenses. First: If you have a license that was issued since January 1, 1944, you may secure a renewal of same by mail from the Department of Public Safety, without examination. Second: If you have a license that was issued prior to January 1, 1944, you may renew same by presenting the old license to a Drivers License Examiner in your locality and executing an original application. License in the latter case will also be issued without examination.

Formerly, those applicants for renewal who had allowed their licenses to expire were required to stand re-examination. Now, under the temporary set-up, you may re-instate your permit to drive without taking the test, regardless of how long it has expired, provided it is not now suspended or revoked.

### LIBRARY TO CLOSE FOR TWO WEEKS IN AUGUST

Muleshoe Public Library is to be closed from Monday, August 8 to Monday, August 22, during which time the librarian, Mrs. E. R. Wright, will be on vacation. Mrs. Buck Ragsdale, chairman of the Library board, announced the closing today.

### VISITORS IN COX HOME

Mrs. R. L. Althouse of Springfield, Ill., and her father, D. E. Cox of Lockney, are visiting in the home of her brother Howard Cox and Mrs. Cox, for several days.

### TO MOUNTAINS

Mr. and Mrs. Julian Lenau and sons, and Mrs. Charles W. Lenau and Miss Myrtle Lenau, left Wednesday for Cowles, to spend a few days.

### HOME FROM CAMP

Marion Clark Harris returned home Wednesday, from Camp Da is near Las Vegas, N. M., where she has been in camp for a month.

### FROM HOBART, OKLAHOMA

Mrs. Charles W. Lenau and Myrtle Lenau of Hobart, Ok visited the first part of the week with Charles and Julian Lenau and families.

### BACK AFTER VACATION

Mr. and Mrs. Murrell Brown and little daughter, Kay, are home after a vacation trip. They visited in Amarillo and Clovis, N. M., before going to Red Oak, where they spent about ten days.

### MRS. GORRELL LUCKY ON APPRECIATION DAY

Mrs. Lula Gorrell, registered nurse on the staff of the Green Hospital & Clinic, was the lucky person in the Appreciation Day drawing last Saturday. She was \$155 richer after the drawing.
