Highway 89 Contract to be Let Soon

ASTLAND, Nov. 25 —Delegates representing the Highway 89 Association appeared before the State Highway Commission Monday morning at Austin relative to final bids for the topping and completion of Highway 89, extending from Stratford to a few miles south of Brown. The delegation was assured that contract would be let during December for the completion of said road according to order entered April 20th. of this year.

Highway No. 89 Association was formed at Abilene, August 14, 1935 for the purpose of promoting and curing the topping and completion of the highway. At the organizational meeting Milburn McCarty of Abilene was elected president and (Rip) Galloway of Ranger was elected secretary, and the organization has since been very active in securing the final completion of Highway 89.

Americans Preparing to Evacuate Madrid

REBEL TROOPS SURROUNDING NATIONALISTS

MADRID, Nov. 25 (UP)—American embassy attaches and American women and children refugees packed their belongings today and prepared to spend Thanksgiving Day on a 200 mile drive to the coast. They will eat their Thanksgiving dinner from boxes on the road to Valencia, to embark on the cruiser Raleigh late tomorrow for Marseilles France. Some 45 to 50 refugees, nearly all women and children, were expected to make up the party, while most of the men remained living at the embassy which will be in charge of an unofficial caretaker. Loyalist troops were surrounding the nationalists in some positions— notably between 500 and 600 in University City, in the northwest suburb and 2,000 in the Casa De Campo. Prisoners taken in the University City fighting, it was asserted, included Moors only 16 years old who told their captors the nationalist forces were decreasing steadily in numbers.

The Italian and German embassies, seized by the government, because Italy and Germany recognized the nationalists, were under heavy machine gun guard after their forced evacuation. Police insisted that in the German embassy they found three boxes of hand grenades and a supply of rifles, revolvers and machine guns. Charge D'Affairs Eric C. Wendin organized the work of assembling the American refugees who elected to go to the coast.

FREE STATE PARLIAMENT MOTION TO RECOGNIZE DUBLIN, Ireland, Nov. 25 (UP)— W. T. Cosgrave, opposition leader in the Free State Parliament, introduced a motion today proposing that the Free State recognize the Spanish nationalist government.

North Cisco Wells Troubles Relieved

Having recovered the lost tools in the Hickok Kleiner No. 2, pipe is to be re-run and drilling resumed. The bit will start from a little short of a thousand feet depth after cleaning out and it is hoped no other hindrance will be encountered as they proceed toward the 4,000-foot goal. Boggs No. 2, being drilled for the Lone Star Sas by Gallagher & Lawson, drilling contractors, also encountered trouble in a hooked hole but has been remedied and they are well on toward 1,200 feet, offsetting wells in the same area.

Reagan Remodels Service Station

Wm. Reagan, long-time gasoline agent in Cisco for Texaco products, has purchased the Lobo Service Station, originally the Simmons Service Station at the corner of Eighth and P and is modernizing it completely. Mr. Reagan stated that he intends to make a thoroughly modern station with grease rack, wash rack and latest electric power pumps. Work is being pushed now so that it may be completed for the first permanent highway traffic that will soon be turned into Eighth street between New York and the East to California on the West.

Baptist Brotherhood Has Special Program

About 35 members of the Baptist Brotherhood attended the meeting and feed at the First Baptist church Tuesday night when the visiting quartet from Abilene gave a special program and Rev. E. S. James, pastor of the church, spoke on the Book of Daniel. Each person brought sandwiches, cakes, pies and fruit and it was spread in community style, affording an unusually attractive and appetizing lunch, members stated.

TODAY IS THANKSGIVING!

More than 300 years ago, the Pilgrim Fathers and their families landed on the cold, bleak New England shores and after a season of struggles against starvation and death, found that a bountiful crop had awarded their stern struggle against vicissitudes in the New World. Corn, pumpkins and other crops had been supplemented by an abundance of wild turkeys, which gave them renewed hope and trust that they had not been forgotten by their God.

So the governor, a stern, God-fearing man, ordered that they set a day for thanksgiving service whereby they might give praise to their Creator for His blessings through a bountiful harvest. A proclamation was sent out and these strange, silent, unrelenting but religious men and women gathered and served a feast symbolic of their thankfulness to the Giver of all good gifts and sang hymns of praise and profound gratitude as they ate.

It is a beautiful custom and it has been handed down through the years as men and women, pioneers, who through their struggles and loneliness have been brought closer to their God, have conquered a country, a nation, for themselves, but each year, observing this last Thursday in November as a day of thanksgiving for the blessing they have received day by day through the 12 months past, as we are doing in Cisco today.

Today, in response to the proclamation given by the head of our great commonwealth, we sit down to a turkey browned to a turn, surrounded by pumpkin pies and many trimmings that have been added since that first thanksgiving on the shivering shores of New England colony. Today, we will be surrounded by family and friends, perhaps not dwelling on the gratitude within our hearts and making such a serious service of the formality as our far-away ancestors, but just as happy in the possession of this faith, as they ever dared be, and in our silent souls breathing every moment a song of thanksgiving for the thousands of blessings and comforts never dreamed of by those stern Pilgrims whose dauntless souls knew no task too severe nor undertaking too great. They founded a race of hardy pioneers and left us a heritage of unconquered souls with a religious example that will endure as long as civilization shall last.

JAPAN'S ARMY HEADQUARTERS IS ATTACKED

HEINKING, Manchukuo, Nov. 25 (UP)—A machinegun attack by 50 Soviet troops on a Japanese detail in Eastern Manchukuo was reported by the Kwantung (Japanese) army headquarters here today. The Japanese returned the Russian fire, the communique said and the Soviet force from over the Siberian line retired after two hours of sharp fighting. Casualties were not mentioned. This committee will appreciate your cooperation and contributions to the cause.

DEAD SIAMESE IS SEPARATED FROM LIVE ONE

NEW YORK, Nov. 25 (UP)—In the glaring white, intensely silent operating room of York Hospital early today, a surgeon and four assistants separated a dead human body from a living one. They had been joined by a band of cartilage at the base of the spine since birth—for 28 years. The operation was imperative and no one knew it more than Simpicio Godino whose black eyes rolled in fright as he was wheeled under the operating light.

Tubercular Drive To Start Monday

The drive for the sale of Tubercular seals will start in Cisco Monday and will continue through Tuesday with a committee composed of Mrs. J. A. Henson, chairman, and Mrs. O. C. Lomax and H. C. Bradley as the personnel. Desks for the sale of these seals will be located at the First National bank, The Laguna and Moby hotels. Much has been done in the way of disseminating information for the prevention and treatment of tubercular disease and great strides have been made in the curbing of this the most devastating of all diseases common in the world today. Money secured from the sale of these seals is used in tubercular work.

Loboes-Lions to Play Last Game Today

The Loboes will go into action today for the last time during the season, said W. E. Cooper, assistant coach here, in speaking of the game with Brownwood at Chesley field here today. The game will begin at 2:30 and the Loboes have a chance to pull themselves one notch out of the deep cellar into which the Eastland defeat plunged them. The Brownwood Lions expect an easy victory and this confidence could be turned to account for the Loboes if they could reach a super condition of spirit for the game. Pep rallies, the last of which was held Wednesday at noon, are doing their part in arousing the team to that state of mental condition. Ruth El Duff, Margorie Moad, Jo Tipton and Grace Pollard, two leaders, assisted by most school teachers, are on the job in arousing and keeping the pep at fever heat. They are hoping that the last game may be one of victory.

Lions Hear Condley On Social Security

Horace Condley spoke on the social security acts today with reference to employment insurance and old age pensions at the Lions luncheon at the Laguna roof garden. His analysis of the subject showed a thorough study of these acts and was of such interest that he was invited by the body to continue the talk for next week. Rev. Joe Patterson was the guest of Charles Sandler, and Rev. Patterson made a short talk in which he expressed his delight at being able to be with such a band of community workers. A letter from District Governor Covey of Sweetwater in which he expressed the desire to meet with the club some evening at an early date, was read and filed for proper action.

Sabotage Sentence Changed to 10 Years

MOSCOW, Nov. 25 (UP)—Soviet authorities have commuted to ten years the death sentence imposed on Emil Steckling, German engineer convicted of sabotage, it was confirmed today.

SEARCH IS ON FOR MISSING FATHER, SON

SAN PERLITA, Nov. 25 (UP)—Ranger, hoping to forestall a threatened armed invasion of the King Ranch by incensed Willacy county citizens, developed a new theory today in the disappearance of two farmers near the ranch a week ago. Luther Blanton, 57, and John, his 24-year-old son, might have left the ranchland shortly after beginning a hunt in the vicinity of a lagoon there and were lost in another section, investigators said.

The announcement came after an unsuccessful three-day search for the man by rangers and the Texas Highway Patrol. Citizens had given them "three days" to locate the missing men under threat of its organized armed invasion of the ranch. Feeling ran high here and in Raymondville, Willacy county seat. Much antagonism is known to exist between small farmers and large land holders of the area. Several men have entered the ranchers' domain in past years to disappear and never return.

A group of citizens asked permission of Captain William McMurray, ranger in charge of the investigation, to enter the King Ranch to conduct their own search for the Blantons. They indicated they would do so whether or not they obtained permission. The new theory was believed to be more a request for an extension of time to search for the missing men, or their bodies, than a belief that the men could be found elsewhere.

Latest reports were that none of the possemen threatening to take direct action had entered the ranch. McMurray has warned them against such action, stating the rangers would be forced to protect the ranch property.

McMurray was known to have taken three men into custody for questioning, but where he held the men could not be ascertained. He said today that he expected at least two more arrests that would shed light on the disappearance before night.

FEDERAL GOVT MAY TAKE PART IN SEARCH

RAYMONDVILLE, Nov. 25 (UP)—Federal participation in the search for two missing hunters, Luther Blanton and his son, John, was thought today as Texas Ranger permitted a posse of citizens to make an "ordery search" of the million acre ranch. Ranger Captain William McMurray said he wanted the possemen "to determine for themselves that everything possible is being done to find some trace of the men." As excitement increased here and at San Perlita over the disappearance of the two farmers, posse leaders asserted they had received a telegram from J. Edgar Hoover, Federal Bureau of Investigation director, holding out hope for federal participation in the search.

Farmers Warned to Demand Tested Seed

Eastland county farmers who will be buying planting seed during the next few months are being warned by Elmo V. Cook, county agent, that many of the seed offered for sale, grown in 1936, will be low in germination due to 1936 fall rains. The State Seed Law protects farmers and other seed buyers by making it a violation to sell seed outside of the county where grown unless the container is marked "not tested" or the seed have been tested for germination by the State Department of Agriculture and a tag attached to the container showing the germination.

According to information the county agent has received from John W. Young, State Seed inspector for the State Department of Agriculture, Austin, planting seed germination tests made by the State Seed Laboratory indicate a low germination test shown on a state card attached to the container. Seed with a germination lower than 80 per cent are considered low grade.

Anyone wishing to have a sample of homegrown or other seed tested for germination can do so without cost by mailing 1 pound of the seed to J. B. McClung, Chief Seed Laboratory, Department of Agriculture, Austin, Texas. County Agent Cook has volunteered to send in samples for those wishing to have them tested.

Guilty Pleas Result In Prison Sentence

Three two-year sentences, made concurrent, were assessed Monday against Lewis Milton Weed after the defendant entered pleas of guilty in 88th and 91st district courts.

In 88th court, Weed pleaded guilty to a charge of theft of an automobile owned by R. N. Cluck. The charges in 91st court were for forswear.

The date for commencement of the sentences was fixed at Oct. 16 of this year.

NYA Youth Busy in Eastland County

The NYA youths in Eastland county have run terrace lines on 26 farms for a total of 703 acres or approximately 369,975 feet of terraces since November 1st, announced Dan L. Childress, county project supervisor.

These boys are working on a soil conservation program sponsored by the Texas Extension Service and under the supervision of Elmo V. Cook, County Agricultural Agent.

All farmers that are planning to terrace their land between now and spring are urged to take advantage of this opportunity to have the lines run on their farms at no expense. Applications are received at the County Agent Office in Eastland.

About Our Friends

CONTINUED FROM PAGE ONE
We should strive to make and keep those friends that we have found worthwhile. . . . We remember that O. S. Carroll, Plymouth dealer in Cisco, said "It takes a long time to make a good friend and so we should strive mightily to keep him. One of the truest things ever uttered by any man. . . . True friends are the greatest bulwark against trouble ever given mankind. . . . And so one of the things that we should be most thankful for next to being thankful to our Creator is the fact of having staunch and true friends that are friends in trouble as well as in pleasure. We are indeed glad and thankful for our good friends in Cisco. Aren't you? . . ."

Ciscoan Obtains Poll Tax No. 1

Henry H. Curtis, Cisco claim adjuster, received poll tax receipt No. 1 in Eastland county Deputy Tax Assessor-Collector J. T. Cooper enclosed Tuesday. Second poll tax receipt issued for 1937 voting went to J. T. Starks, Eastland printer. Citizens have from now until the last day of January to obtain their poll tax receipt. If polls and half of other taxes are paid on or before Nov. 30, the balance will be extended until June 30, 1937, without penalty or interest. Forty poll tax receipts had been issued up to Tuesday noon.

Civic Class Visits Eastland Courtroom

The civic class of the Cisco high school journeyed to Eastland yesterday to attend a trial in the 86th district court. The class left Cisco at 8:30 and arrived at the courthouse in time to see a morning trial. Notes were taken on the case and the procedures, taken by the court in trying the case. This morning at the regular class meeting the civic class held court in the classroom and used their notes and what they learned at Eastland to conduct

Constable Position Attracts Another

EASTLAND, Nov. 25 — Members of commissioners' court Tuesday had before them the second application requesting appointment as constable of precinct No. 6. The coming vacancy was occasioned by the recent death of Lee Barton, constable-die. L. A. White of Cisco made the second application, filed in county clerk T. M. Collier's office. E. Gustafson, also of Cisco, had previously made application for the post. White is a former chief of police and deputy sheriff. Precinct No. 6 embraces Cisco.

HIGHWAY LINK FOR AMERICAS GETS SUPPORT

By HARRY W. FRANTZ
United Press Staff Correspondent
WASHINGTON, Nov. 25 (UP) — The Pan American highway, to link New York with Buenos Aires and eventually to connect all continental American capitals, will obtain new diplomatic support at the Inter-American peace conference to meet in the Argentine capital Dec. 1. Highway experts here confidently anticipate.

The highway was included in the agenda under the topic "improvement of communication facilities" at the instance of the United States and preliminary diplomatic conversations prior to the conference are believed to have assured the active interest of many delegations. The peace conference at Buenos Aires probably could do little more than adopt some general resolution endorsing the idea of the highway but this might afford a basis for a future technical highway conference. Previous conferences on highways improvement were held at Buenos Aires in 1925 and Rio de Janeiro in 1929. Such a technical conference could develop a precise program regarding the international route, it is pointed out.

One Link Being Built
At present, active construction of the Pan American highway as a through motor route is only under way in the northern section between Laredo, Tex., and Panama City. That part of the continental route was surveyed several years ago and the respective national programs are designed to fit in with the international route. The United States has given technical assistance to several Central American countries.

The highway south of Panama has never been surveyed, and the first technical step toward construction necessarily would be a "reconnaissance survey." No diplomatic proposal to this object has been advanced, but it may become practicable before many years, in view of the rapidly mounting South American interest in motor touring. On the Pan American route between Laredo and Panama City, a distance of 3,250 miles, there already exist 1,265 miles of all-weather highway. The latter include 767 miles from Laredo to Mexico City and 300 between Panama City and David.

Some Roads Impassable
There also are 1,425 miles of roads suited to travel in the dry but not the rainy season. Between 550 and 560 miles are not traversable by automobile either in dry or wet weather. No official estimate is available as to what part of the 5,000-mile southern half of the highway may have been completed. In the southern part of the continent, highway communication exists between Argentina and Chile and between Argentina and Uruguay.

Easy Chairs and Easy Lighting Go Together In Well-Decorated Living Room

A lamp at every easy chair is the order of the day in the well-decorated living room. The pleasing to look at, and provide improved illumination.

By Jean Prentice
NEW styles have come to living room lighting. They come from the lighting laboratories all wrapped up in such terms as footcandles of light . . . diffusing bowls . . . and eyesight protection. Unwrapped, however, and applied to our living rooms, they're what I call "scrumptious." Whatever the size of your living room may be, there are certain light styles or principles in the accompanying illustration that I suggest you use for a pattern. This lighting pattern has changed in the last few years as definitely as dress designs have. And for a much sounder reason, too . . . the conservation of our eyesight. Today we plan and mark and cut out our lighting according to new scientific standards of balance, amount and quality. Just because our lamp shades harmonize with the colors of our living room is no sign at all that they add to the comfort of our family. We'll send that sort of reasoning packing, along with

skimpy shades that reflect little light, and slazy shades that give glaring light. Which chair in your living room is the most logical one for reading? Probably the one by the end table or close to the book case or radio. Then this deserves your first consideration. We'll start to snip the pattern here. If you like to move the furniture around every so often, this may be a grand opportunity . . . so far as lamps go. Sometimes living room lighting is greatly helped by re-arrangement of the lamps. If you are using an older type bridge lamp at this major location, try putting it somewhere else and substitute instead your larger floor lamp. Your doctoring at this point will include a white lining for your shade if it doesn't have one. This reflects much more light. Also in the two-socket floor lamp two 75-watt bulbs, at the least, should be used for safe seeing. It's best to eliminate guess-work, however, on

YWA Guests of Breckenridge Group

The Y W A of the First Baptist church were guests of the Breckenridge Y W A Tuesday evening, when that association entertained for associations including Albany, Eastland, Ranger and Cisco.

John Taretton is spending today with her parents, Mr. and Mrs. O. S. Carroll.

Mr. and Mrs. Burton Reagan of Brady are Thanksgiving guests in the home of Mr. and Mrs. William Reagan.

Miss Zona Miller, student in TCU Fort Worth, is spending Thanksgiving with her mother Mrs. Ruby Miller.

Contributions to Colored Library

Mrs. Abigail Love Haley, teacher of the colored school, gives the following report of the school and expresses thanks to the public for cooperation in making that school a success.

The negro school children received a Thanksgiving gift from the primary department of the First Methodist church Sunday School.

The gift was a box consisting of apples, oranges, lemons, milk, jam and bananas. The children were very happy over their gift and send hearty thanks. The teacher took several little children to the First Methodist church, Dec. 13, at 9:45 a. m. an drender a short program.

Mr. and Mrs. C. C. Duff, principal of grammar school, and two boys, visited the negro school Tuesday and brought a collection of books, which consisted of:

"The World Book," "Source Book," "Home and School Reference Work," "The New Student Reference Work," "Old World Travelogues," "The Book of Knowledge."

These are the first set of reference books the school has received. The teacher and pupils are very grateful.

The following persons have given magazines:

Mmes. J. E. Caffrey, Chester Abbott, C. H. Fee, Mollie Aycock, John Shterzer and J. C. Donica.

New Executive for West Texas Chamber

STAMFORD, Nov. 25. (U.P.)— Announcement of the addition of a new executive of the West Texas Chamber of Commerce was made here today by D. A. Bandeen, W.T.C.C. manager.

He is John M. Hendrix, now of Abilene, who is leaving an assistant directorship of the Works Progress Administration, to become an assistant manager of the West Texas Chamber, bearing the title of Director of Publicity. He will publicize the activities of the organization and be in charge of its magazine, "West Texas Today," assisted by an editorial board of newspapermen of the territory.

JOHN M. HENDRIX
Assistant Manager West Texas Chamber of Commerce

Appointment of Hendrix becomes effective Dec. 1, and he will be assigned to the W.T.C.C.'s Fort Worth branch office. Concerning the appointment, Manager Bandeen said:

"Work of the West Texas Chamber of Commerce will be carried on under three general classifications: organization, heading up in Jed Rix, who makes headquarters in Lubbock; publicity, to be handled by John Hendrix; and, activities, under the supervision of the manager. We are glad to get Mr. Hendrix, who knows the business of publicizing from top to bottom."

Hendrix will succeed Roger M. Motteral, who has been advertising manager of West Texas Today, and in charge of the Fort Worth office. Motteral has resigned to join the advertising staff of a large trade publication, "Petroleum Engineer," of Dallas and Chicago, Ill., and probably will be located in Chicago after working in Texas with the sales manager for 60 days.

Hendrix is a native West Texan, born in Gainesville and reared there and in Ardmore, Okla., until he was 12 years old. He returned to West Texas, ranching in Hardeman and Foard counties until 1909. He entered the automobile business that year, having experience both in the retail and wholesale divisions, with headquarters, successively in Quanah, Galveston, Waco, Tyler, and Sweetwater, removing to the last-named city in 1929. In 1931, he entered chamber of commerce work as manager of the Sweetwater board of City Development, serving two and one-half years. During 1931, he was public relations counsel for the Lone Star Gas Company. In 1932 he returned to the Sweetwater BCD to put on the West Texas Chamber of Commerce convention that year. In 1934, he was a staffman with "The Cattleman," magazine of the Texas and Southwestern Cattle Raisers Association. In 1935, he joined the Works Progress Administration—drafted—as assistant director of District No. 13, operating in 12 counties of central West Texas. He is leaving that post to take up his connection with the West Texas Chamber.

Hendrix enjoys wide acquaintance throughout West Texas, along with renown in articles on the cattle industry, past and present, and other subjects relating to West Texas development have appeared in "The Cattleman," American Hereford Journal, "Progressive Farmer," "Spur," "Western Livestock Journal," and other publications including "Test Texas Today," and in many newspapers.

Bottle Sails 3,400 Miles

ELYRIA, O. (U.P.)— A pickle bottle which was cast overboard in Lake Erie floated to faraway St. Simon's Island, off the Georgia coast, and came back John Russell, of Decatur, Ga., picked up the bottle. The distance was 3,400 miles.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take chances with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

East Cisco WMS In Monday Meeting

The W. M. S. of the East Cisco Baptist church met in a business and social meeting in the home of Mrs. R. L. Poe Monday afternoon. Devotional was led by Mrs. R. L. Garrett, followed by prayer led by Mrs. Willie Theiford.

After business session, games were played and each member received gifts from their Polly Anna pals. Refreshments were served to the following: Mmes. Homer Shahan, A. A. Coats, W. B. Seabourn, L. F. Helmick, J. D. Hall, H. Barrow, A. Theiford, R. L. Garrett, C. R. Hightower, E. Green, O. O. Love and Miss Edna Hightower.

Pentecostal Church To Have Services

There will be special services both morning and evening at the Pentecostal church, 400 West Seventeenth street, today.

Everyone is cordially invited to attend announced Mrs. Fronie Blackwell, pastor.

Brownwood 'B' Squad Beats Lobo Subs

By TOMMY I. AMORE

The second string Brownwood team beat the second string Lobo team Tuesday afternoon 7-0, at Chesley field, in a thrilling game that sparked with long runs and passes.

Little does the score indicate the battle that the Loboes put up against their larger opponents.

Early in the first quarter, a Brownwood backfield man dropped back and threw a long, hopeless pass that bounced off the Loboes' safety man's hands into the arms of a Brownwood end who stepped over for the only touchdown of the game.

The Loboes were camped on the Brownwood goal line several times but fumbles kept them from scoring on the opposing team. The second string of the home team displayed strong running attack and gained much yardage against the stronger Lions.

Stars for the Loboes were: Yancy the three Harrison brothers, Jones, and Walls.

DIGNITY UPHELD IN WEST SAN JOSE, Cal. (U.P.)— Times have changed in the West. Wilford McAfee, interrupted his testimony before Judge Percy O'Connor to remark: "Judge, do you mind if I smoke?" "I certainly do," replied His Honor. "We are not running a frontier court in the back of a bar. Finish your testimony and go outside to smoke."

Happy? Just See Those Smiles

Radiating the happiness of their recent betrothal, Mary Pickford and Charles "Buddy" Rogers here are shown as they returned from a carter in the hills around Hollywood. "America's Sweetheart" presents a charming picture as she bestows a smile and a caress on her favorite horse, while her fiance beams his approval of the scene.

Americans Preparing to Evacuate Madrid

REBEL TROOPS SURROUNDING NATIONALISTS

MADRID, Nov. 25 (UP)—American embassy attaches and American women and children refugees packed their belongings today and prepared to spend Thanksgiving Day on a 200 mile drive to the coast.

They will eat their Thanksgiving dinner from boxes on the road to Valencia, to embark in the cruiser Raleigh late tomorrow for Marseilles, France.

Some 45 to 50 refugees, nearly all women and children, were expected to make up the party, while most of the men remained living at the embassy which will be in charge of an unofficial caretaker. Loyalist troops were surrounding the nationalists in some positions— notably between 500 and 600 in University City, in the northwest suburb and 2,000 in the Casa De Campo. Prisoners taken in the University City fighting, it was asserted, included Moors only 16 years old who told their captors the nationalist forces were decreasing steadily in numbers.

The Italian and German embassies, seized by the government because Italy and Germany recognized the nationalists, were under heavy machine gun guard after their forced evacuation. Police insisted that in the German embassy they found three boxes of hand grenades and a supply of rifles, revolvers and machine guns.

Charge D'Affairs Eric C. Wendin organized the work of assembling the American refugees who elected to go to the coast.

FREE STATE PARLIAMENT MOTION TO RECOGNIZE DUBLIN, Ireland, Nov. 25 (UP)— W. T. Cosgrave, opposition leader in the Free State Parliament, introduced a motion today proposing that the Free State recognize the Spanish nationalist government.

North Cisco Wells Troubles Relieved

Having recovered the lost tools in the Hickok Kleiner No. 2, pipe is to be re-run and drilling resumed. The bit will start from a little short of a thousand feet depth after cleaning out and it is hoped no other hindrance will be encountered as they proceed toward the 4,000-foot goal.

Boggs No. 2, being drilled for the Lone Star Sas by Gallagher & Lawson, drilling contractors, also encountered trouble in a crooked hole but has been remedied and is now on toward 1,200 feet, offsetting wells in the same area.

Reagan Remodels Service Station

Wm. Reagan, long-time gasoline agent in Cisco for Texaco products, has purchased the Lobo Service Station, originally the Simmons Service Station at the corner of Eighth at F and is modernizing it completely.

Mr. Reagan stated that he intends to make a thoroughly modern station with grease rack, wash rack and latest electric power pumps. Work is being pushed now so that it may be completed for the first permanent highway traffic that will soon be turned into Eighth street between New York and the East to California on the West.

Baptist Brotherhood Has Special Program

About 35 members of the Baptist Brotherhood attended the meeting and feed at the First Baptist church Tuesday night when the visiting quartet from Abilene gave a special program and Rev. E. S. James, pastor of the church, spoke on the Book of Daniel. Each person brought sandwiches, cakes, pies and fruit and it was spread in community style, affording an unusually attractive and appetizing lunch, members stated.

TODAY IS THANKSGIVING!

More than 300 years ago, the Pilgrim Fathers and their families landed on the cold, bleak New England shores and after a season of struggles against starvation and death, found that a bountiful crop had awarded their stern struggle against vicissitudes in the New World. Corn, pumpkins and other crops had been supplemented by an abundance of wild turkeys, which gave them renewed hope and trust that they had not been forgotten by their God.

So the governor, a stern, God-fearing man, ordered that they set a day for thanksgiving service whereby they might give praise to their Creator for His blessings through a bountiful harvest.

A proclamation was sent out and these strange, silent, unrelenting but religious men and women gathered and served a feast symbolic of their thankfulness to the Giver of all good gifts and sang hymns of praise and profound gratitude as they ate.

It is a beautiful custom and it has been handed down through the years as men and women, pioneers, who through their struggles and loneliness have been brought closer to their God, have conquered a country, a nation, for themselves, but each year, observing this last Thursday in November as a day of thanksgiving for the blessing they have received day by day through the 12 months past, as we are doing in Cisco today.

Today, in response to the proclamation given by the head of our great commonwealth, we sit down to a turkey browned to a turn, surrounded by pumpkin pies and many trimmings that have been added since that first thanksgiving on the shivering shores of New England colony. Today, we will be surrounded by family and friends, perhaps not dwelling on the gratitude within our hearts and making such a serious service of the formality as our far-away-ancestors, but just as happy in the possession of this faith, as they ever dared be, and in our silent souls breathing every moment a song of thanksgiving for the thousands of blessings and comforts never dreamed of by those stern Pilgrims whose dauntless souls knew no task too severe nor undertaking too great.

They founded a race of hardy pioneers and left us a heritage of unconquered souls with a religious example that will endure as long as civilization shall last.

JAPAN'S ARMY HEADQUARTERS IS ATTACKED

HEIKING, Manchukuo, Nov. 25 (UP)—A machinegun attack by 50 Soviet troops on a Japanese detail in Eastern Manchukuo was reported by the Kwantung (Japanese) army headquarters here today.

The Japanese returned the Russian fire, the communique said and the Soviet force from over the Siberian line retired after two hours of sharp fighting. Casualties were not mentioned.

DEAD SIAMESE IS SEPARATED FROM LIVE ONE

NEW YORK, Nov. 25 (UP)—In the glaring white, intensely silent operating room of York Hospital early today a surgeon and four assistants separated a dead human body from a living one. They had been joined by a band of cartilage at the base of the spine since birth—for 28 years.

The operation was imperative and no one knew it more than Simplicio Godino whose black eyes rolled in fright as he was wheeled under the operating light.

Tubercular Drive To Start Monday

The drive for the sale of Tuberculosis seals will start in Cisco Monday and will continue through Tuesday with a committee composed of Mrs. J. A. Henson, chairman, and Mrs. O. C. Lomax and H. C. Bradley as the personnel. Desks for the sale of these seals will be located at the First National Bank, The Laguna and Mobley hotels.

Much has been done in the way of disseminating information for the prevention and treatment of tubercular disease and great strides have been made in the curbing of this most devastating of all diseases common in the world today. Money secured from the sale of these seals is used in tubercular work.

This committee will appreciate your cooperation and contributions to the cause.

Loboes-Lions to Play Last Game Today

The Loboes will go into action today for the last time during the season, said W. E. Cooper, assistant coach here, in speaking of the game with Brownwood at Chesney field here today.

The game will begin at 2:30 and the Loboes have a chance to pull themselves one notch out of the deep cellar into which the Eastland defeat plunged them. The Brownwood Lions expect an easy victory and this confidence could be turned to account for the Loboes if they could reach a super condition of spirit for the game.

Pep rallies, the last of which was held Wednesday at noon, are doing their part in arousing the team to that state of mental condition, Ruth El Duff, Margorie Moad, Jo Tipton and Grace Pollard, pep leaders, assisted by high school teachers, are on the job in arousing and keeping the pep at fever heat.

They are hoping that the last game may be one of victory.

SEARCH IS ON FOR MISSING FATHER, SON

SAN PERLITA, Nov. 25. (UP)— Ranger, hoping to forestall a threatened armed invasion of the King Ranch by incensed Willacy county citizens, developed a new theory today in the disappearance of two farmers near the ranch a week ago. Luther Blanton, 57, and John, his 24-year-old son, might have left the ranchland shortly after beginning a hunt in the vicinity of a lagoon there and were lost in another section, investigators said.

The announcement came after an unsuccessful three-day search for the man by rangers and the Texas Highway Patrol. Citizens had given them "three days" to locate the missing men under threat of its organized armed invasion of the ranch.

Feeling ran high here and in Raymondville, Willacy county seat. Much antagonism is known to exist between small farmers and large land holders of the area. Several men have entered the ranchers' domain in past years to disappear and never return.

A group of citizens asked permission of Captain William McMurray, ranger in charge of the investigation, to enter the King Ranch to conduct their own search for the Blantons. They indicated they would do so whether or not they obtained permission.

The new theory was believed to be more a request for an extension of time to search for the missing men or their bodies, than a belief that the men could be found elsewhere.

Latest reports were that none of the possemen threatening to take direct action had entered the ranch. McMurray has warned them against such action, stating the rangers would be forced to protect the ranch property.

McMurray was known to have taken three men into custody for questioning, but where he held the men could not be ascertained. He said today that he expected at least two more arrests that would shed light on the disappearance before night.

FEDERAL GOVT MAY TAKE PART IN SEARCH

RAYMONDVILLE, Nov. 25. (UP)— Federal participation in the search for two missing hunters, Luther Blanton and his son, John, was thought today as Texas Ranger permitted a posse of citizens to make an "orderly search" of the million acre ranch.

Ranger Captain William McMurray said he wanted the possemen "to determine for themselves that everything possible is being done to find some trace of the men."

As excitement increased here and at San Perlita over the disappearance of the two farmers, posse leaders asserted they had received a telegram from J. Edgar Hoover, Federal Bureau of Investigation director, holding out hope for federal participation in the search.

S. B. SISK DIES, TO BE BURIED FRIDAY 10 A. M.

S. B. Sisk, 69, who has been ill for the past several months, died Wednesday morning about 10 o'clock at the family residence, East 12th street.

Mr. Sisk underwent operation in an Abilene hospital two weeks ago and was moved home last Sunday, Nov. 22, with an improved condition. The deceased was born in Alabama. He had been a resident of Cisco for the past eight years, coming here from Stephenville, where he moved from Slaton. He was a member of the East Cisco Baptist church and had been married twice and was the father of five children.

Survivors are Mrs. Sisk, Mrs. H. C. Henderson, Misses Olene, Lavada, Betty Jean, and S. B. Sisk, Jr., all of Cisco.

Funeral service will be held at 10 o'clock Friday morning from the East Cisco Baptist church, with Rev. T. J. Sparkman, presiding. Green's Funeral Home has charge of the body.

The Lazy Child Versus Interest!

The head of a settlement house after many years of experience with human beings says that a boy who is lazy at 10 will be lazy at 30. He says there are people with genuinely lazy temperaments.

Well, perhaps he is right, but we doubt it. Of course there are those who are of a slow, sluggish temperament, seemingly, but there may be many reasons why this is true. They do not learn at school, they ask no questions, they shirk their work and appear to be just down right too lazy to live. But still there may be some good reasons why they are so.

Often times a child does no good at school because the physical health is bad. Some ailment saps them of their vitality, or their imperfect vision keeps them from seeing well enough to learn from printed pages. There are two classes of persons in the world ordinarily. They are what we call physically lazy and mentally lazy. The one type likes to use his brain and hence appears to be physically lazy. The other type likes to use his muscular body to the exclusion of his mental faculties.

But the greatest reason why people are called lazy is the lack of interest in the task before them. A boy will work early and late building his playhouse or doing something that his fancy picks, but lags when put to tasks that the family wants done. He is called lazy and trifling when it is merely a lack of interest that causes him to be slow at given tasks. Children with dreamy, imaginations are the worst offenders in this line because they are off on visionary ideas and find no delight in anything that will break into their thought of what is of greatest importance to them. Put to something that comes within their dreams they become intensely energetic. They often become the great men and women of the world if they are able to get into the line that call them to action.

Through an experience of teaching boys and girls and that of working men and women, we found that if one can be interested in the particular line of endeavor, they need no spur to urge them on to do their tasks well.

We have found in newspaper work that the responsibility of having charge of a department and having the glory of whatever its success may bring is about the only spur needed to bring out the best they have. The pride of responsibility changes lazy indifference into energetic action in most cases.

There is perhaps no occupation that calls for more alertness and intense application for a few hours than newspaper work. Few people ever quit the newspaper business because the charm of intensive action, something doing all the time and that different, keeps one keyed up to a state where laziness is impossible. Every employe has a particular job and he finds pleasure in viewing it well done, if failure of accomplishment, it stands out to condemn.

And so we are led to believe that every normal healthy person will be energetic instead of lazy, if something of interest to him is present. To inspire interest is to inspire energetic action. Be careful of how you dub the indifferent child a lazy one. Rather hunt for some point of interest arousing contact, and perhaps the problem will be solved.

4-H Club News Of The County

Ranger 4-H Club Boy to Open His Trench Silo.

Marlin Sneed, member of the Ranger Boys 4-H club, will open his small trench silo, at the regular meeting date of the Boys 4-H club on Monday November 30th, at 4:15 p. m. Marlin had a small barn completely full of corn stalks which he decided to try placing these dry corn stalks in a trench silo adding plenty water, to see if they would really make silage. He dug his silo and filled it during the month of August.

Marlin states: "I know corn stalks without the ears will not make very good silage but at the same time I am convinced that they will make better feed than if allowed to remain in the barn, as well as I have learned that feed will keep in a trench silo."

Marlin Sneed has made one of the outstanding 4-H Club boys in Eastland County this year according to Hugh F. Barnhart, Ass't

County Agent. He has completed three demonstrations this year, namely pig club, garden club and trench silo. Marlin has taken an active part in the Ranger Boys 4-H club, being selected as vice president of the club, was sent as a delegate from the Ranger club to the A. & M. college Farmers Short Course, as well as being sent to the County 4-H Club Encampment, Fort Worth Fat Stock Show and the Texas Centennial. Only recently Marlin was judged as the outstanding member of the Ranger Boys 4-H club by Hugh Barnhart, Ass't County Agent.

Marlin and the Ranger Boys 4-H club extend an invitation to those interested in trench silos to be present at 4:15 p. m. Monday November 30th at the Sneed farm two miles East of Ranger on the Blondell Road, for the opening of this trench silo.

Put "Frost Bitten" Feed in a Trench Silo

Recent frosts have damaged the feed crop over a large part of the state. Much of this feed can still be saved by putting it in a trench silo. Feed that has been hit by frost should be allowed to stand

in the field a few days before it is ready for silage. Some farmers have been hesitant about using these crops for silage for fear of poisoning livestock. It is true that where the growth of the sorghum plants is stopped suddenly as by frost a poison may develop. Professor Morrison in his recent book on "Feed and Feeding" says, "where sorghum or other forage is thoroughly cured as hay or dry fodder the poisonous silage is entirely safe." Silage from this feed will not have as high a feeding value as silage from a properly matured crop. Putting it in a trench is a means of making the best use of this feed that otherwise would be largely wasted.

Many farmers have been depending upon the late feed crop for making silage. The fact that much of it has been hit by frost is no reason for a change in plans. Go ahead and use the feed for silage. Be sure and add plenty of water. Where the feed is dry this means at least five barrels of water to the ton of feed.

Several reports have come to county agents Cook and Barnhart, that late feed which was killed by the frost has been stacked and has

EDITOR'S NOTE: Clarence Hawkes, the "Blind Poet of Hadley, Mass.," who had been sightless more than a half-century, has contributed the following Thanksgiving poem to the United Press.

The First Thanksgiving

Long years ago in Plymouth town,
Her people met to pray.
The watchman in his tower looked down,
And far across the Bay
A ship was coming from abroad
With food they needed sore
They'd looked to sea and sought the Lord,
They sought him o'er and o'er.
"Lord God of Hosts, be with us still,
Our empty bins and pantries fill."

A while they stood within the church
After that prayerful hour.
A joyous cry their ears did reach,
The watchman in his tower.
"A sail, a sail, she's heading in,
She's coming to our shore!"
Amidst the shouts of joy and din
Men fell upon the floor
And thanked their Lord who hearest prayer,
Who cares for all men everywhere.

In gratitude we meet this year,
Our God has blessed the land,
And gathered round the board of cheer,
With bowed heads let us stand
Returning thanks for fruit and grain,
For brotherhood and meat.
Thus worshipping in heart and brain
Before the Mercy-Seat
The One who marks the sparrows fall
And cares for all men great and small.

Amidst our blessings let us see
That there is food for all,
The greatest grace is Charity
That feeds the suppliant call
The bird that pecks upon the sill
Should share Thanksgiving Day,
The horse and kine should have their fill
No needy turned away,
Thanksgiving Day from Sea to Sea,
In friendship, love and charity.

—CLARENCE HAWKES

begin to spoil because of excessive moisture in the stalks. County Agents Cook and Barnhart, advise all farmers who have stacked or intended to stack this late frost-killed feed, to place it in a trench silo to prevent further spoilage. Anyone interested in constructing a trench silo will call by the County Agent's office, they will be glad to give the correct dimensions for a silo adapted to that particular farm.

TEACHERS TO HOLD MEETING IN EASTLAND

Members of the Eastland County Teachers Association will convene for the first time of this year Saturday, December 12, at the high school in Eastland.

The theme of the program will be "New Deal in the Curriculum." County Superintendent C. S. Eldridge announced Friday. One of the main features of the morning session, to begin at 9 o'clock, will be organization of the County Inter-scholastic League. J. C. Matthews will discuss "The New Elementary Course of Study." Other features of the morning session include delivery of the devotional by Rev. Charles W. Estes, pastor of the First Presbyterian church of Eastland; a discussion on citizenship by H. D. Thomson of Carbon and numbers by the Eastland high school junior choral club.

Those who attend will divide into high school, intermediate and primary sectional meetings Saturday afternoon.

BAPTISTS SHOWER PASTOR AND ADULT HEAD WITH THANKSGIVING

The families of the pastor of the First Baptist church, Rev. E. S. James and Superintendent of the adult Sunday School class, Algie Skiles, were treated to an overwhelming shower at the morning opening services Sunday, when a decoration, wonderful in scope and point of appropriate details, was sponsored by Miss Cora Harris, teacher of the class, and a number of fellow workers of the adult department.

A forest of trees, autumn leaves and branches, corn shocks, pumpkins, birds, in fact everything to make the scene realistic and characteristic of Thanksgiving, made the assembly room into a "Down on the Farm" motif. The turkey gobblers were hiding behind the fodder and lending their real pulpits to the program as musical and reading numbers were making the service into a reality while Haywood Cabiness presided during the ceremonies.

Tables were groaning under their loads as the "Horn of Plenty" poured out of its mouth, fruits and good things to eat, speaking of abundance and good cheer, while other tables were loaded with canned goods, oranges, apples, grapes, cakes, fresh vegetables and other Thanksgiving items.

A large turkey was led to the pastor and given to him, rope and all. The same thing was done to Algie Skiles, and then the food items were divided—given as an expression of love and appreciation from the members of these classes for duties faithfully and well performed by pastor and superintendent.

It was a lovely scene, portraying a beautiful token, expressing a grand custom of a pouring out of a spirit of Thanksgiving old as the theme of Christianity, dating back into heaven itself into the beginning of time, when the father of all creation decided to give of His riches, His only son to the world, as His contribution to the spirit of love and sacrifice.

CLUCK TO TALK BEFORE STATE TEACHER MEET

R. N. Cluck, Superintendent of the Cisco schools, will speak on the subject of Adult Education at the State Teachers association which convenes at Fort Worth, Thursday, November 26-29, other teachers here are expecting to attend.

The meeting of Texas Teachers always uses the Thanksgiving holidays for the event so that no unusual break may be made in schedules for teaching. Many prominent teachers will be on the program during the three days of the event.

The program which is an unusually complete one for this year, deals with most of the problems of teaching experience. In addition to being a helpful program it broadens the teachers' experiences by mingling socially with each other and gives them a breath of what the other teachers are doing over the state. Schools will be dismissed Wednesday.

In spite of extremely cold, rainy weather the Methodist Missionary Society met Monday afternoon at the home of Mrs. S. E. Snodgrass. The house had been decorated with pot plants and autumn leaves giving a bright cheerful appearance in contrast to the outdoor cold and gloom. A short business session was presided over by the vice president, Mrs. C. O. Bragg and Miss Mollie C. Rear announced the Bible Study lesson for the next regular Bible program would be Psalms 39th and 90th and she read some of the search questions. Those in charge of the sale of Betty Brites and of vanilla reported there were still several packages of Betty Brites to be sold and quite a lot of vanilla. It was urged that sales be continued until enough money be raised to pay the society's pledge on the Scarritt Bible and Training School the Bible woman that is to be sent by the Cisco District and to complete the quota for the year for conference society expenses. Mrs. Snodgrass had Mrs. W. C. Bedford as co-hostess and Misses Ruth and Boyd Crenshaw who stay with Mrs. Snodgrass while Mrs. Heeter is away assisted in serving chicken salad on lettuce, saltines, spice cake and coffee, assorted candies and dairy napkins were suggestive of Thanksgiving.

Mr. and Mrs. Gene Lookingbill of Stephenville, came over Sunday and spent the day with his mother Mrs. Louise Lookingbill who makes her home with her daughter and son-in-law Mr. and Mrs. S. T. Stover. They found his mother suffering from a severe cold but we are glad to report she is better now. Other guests of the Stover family on Sunday afternoon were their former neighbors and friends from DeLeon, Mrs. Carl Pittman, Mrs. Mary Whaley and Mrs. W. C. Streety. They also visited Mrs. Martin and her daughter, Miss Alberta Martin.

The many friends of Mrs. W. C. Stark formerly of Desdemona but now of Oiden will be glad to know that she is some better though she is still suffering from a complications of diseases. We hope she soon recovers.

In last week's issue we failed to mention that Mrs. Dave Key entertained about thirty guests on Thursday in honor of Mrs. Curtis Mellon who was given a miscellaneous shower of beautiful and useful gifts. Quite a number of gifts came from out of town friends, some from as far away as California. Mrs. Key served delicious refreshments of several kinds of cake and coffee.

Farmers Warned to Demand Tested Seed

Eastland county farmers who will be buying planting seed during the next few months are being warned by Elmo V. Cook, county agent, that many of the seed offered for sale, grown in 1936, will be low in germination due to 1936 fall rains. The State Seed Law protects farmers and other seed buyers by making it a violation to sell seed outside of the county where grown unless the container is marked "not tested" or the seed have been tested for germination by the State Department of Agriculture and a tag attached to the container showing the germination.

According to information the county agent has received from John W. Young, State Seed Inspector for the State Department of Agriculture, Austin, planting seed germination tests made by the State Seed Laboratory indicate a low germination, test shown on a state card attached to the container. Seed with a germination lower than 80 per cent are considered low grade.

Anyone wishing to have a sample of homegrown or other seed tested for germination can do so without cost by mailing 1 pound of the seed to J. B. McClung, Chief, Seed Laboratory, Department of Agriculture, Austin, Texas. County Agent Cook has volunteered to send in samples for those wishing to have them tested.

Guilty Pleas Result In Prison Sentence

Three two-year sentences, made concurrent, were assessed Monday against Lewis Milton Weed after the defendant entered pleas of guilty in 88th and 91st district courts.

In 88th court, Weed pleaded guilty to a charge of theft of an automobile owned by R. N. Chuck. The charges in 91st court were for forgery.

The date for commencement of the sentences was fixed at Oct. 16 of this year.

NYA Youth Busy in Eastland County

The NYA youths in Eastland county have run terrace lines on 26 farms for a total of 903 acres or approximately 369,075 feet of terraces since November 1st, announced Dan L. Childress, county project supervisor.

These boys are working on a soil conservation program sponsored by the Texas Extension Service and under the supervision of Elmo V. Cook, County Agricultural Agent.

All farmers that are planning to terrace their land between now and spring are urged to take advantage of this opportunity to have the lines run on their farms at no expense. Applications are received at the County Agent Office in Eastland.

BAND BANQUET ARRANGED FOR FRIDAY NIGHT

Plans and program numbers for the annual Lobo band banquet were arranged last night at a meeting of the band committee after band practice, said Band Director Maddox this morning. The banquet will be held at the Laguna roof garden at 7:30 Friday night, at which freshmen band members will become full-fledged members of the senior band. A program will be had in connection with the regular ceremonies, Mr. Maddox reported.

Those attending will be band members, ex-members, and band committee, W. J. Leach, J. D. Lauderdale and Mrs. Homer Slicker, their wives and husbands; Rev. M. H. Applewhite, J. E. Spencer, Supt. Cluck, Principal O. L. Stamey and R. M. White, musical instrument manufacturer, of Abilene, will appear on the program and their wives are invited also.

The program will be in charge of Frank Yarger, band president, who will serve as toastmaster. Rev. Applewhite will be song leader and will give the invocation; O. L. Stamey will talk of the relation of band music to the curriculum of the school; J. E. Spencer will speak of the importance of a band to the community. Mr. Lauderdale will speak of the financing of the band; and R. M. White, who is the retailer of a musical instrument manufacturer and who is familiar with details of that phase, will speak on that topic.

Plates will be 75 cents, it is announced.

Mr. Schmid will supervise the work on Seaman street in Eastland which contract is to be let shortly, but will retain his residency in Cisco pending the letting of the east end of Eighth street highway work which will probably occur next spring.

STORES SHOW 14 PCT. RISE IN CREDIT SALES

ST. LOUIS, Nov. 24 (AP)—Credit sales are up 14 1/2 per cent this fall as compared to the 1933 figure, a survey by the research bureau of the National Retail Credit Association reveals.

The highest percentage was found in Decatur, Ill., where sales rose to a high of 36 per cent.

The bureau, in checking 13,162 retail stores throughout the country, found business greatly improved in October over the same month a year ago. It reported an almost "universal" pickup in employment, and generally higher prices for farm products.

Fort Lauderdale, Thrifty

Fort Lauderdale, Fla., a city where unemployment doesn't exist, had the highest collection record of 45 cities in the United States. The figure was 25 per cent above last year's.

An average increase of 5.8 per cent in collections was reported, with Fort Lauderdale first and San Francisco trailing with a decrease of 3 per cent.

In explaining the increased collections in Fort Lauderdale the report said:

City Without Jobless

"Collections in the Florida city were due to continued building activity and no unemployment. There are practically no able bodied men there who do not have a steady income at this time."

Both collections and credit sales continued to increase in the New York and Pennsylvania area, the Association said. Pittsburgh reported a general improvement in industry—which is running above 90 per cent of normal with employment greatly improved.

15-Year-Old Boy is Baby Beef Champ

Texas' 4-H baby beef champion for the season, Byron Eckert, 15 of Art, fed out 19 calves in five years. His prizes at county and state shows total \$510.53, more than half of which he won this year at the Fort Worth, San Antonio and San Angelo shows, and the Mason county Fair. Total sales proceeds on his calves are certified as \$3,833.19.

The boy was a member of this year's winning livestock judging team. His latest recognition is to receive the Armour all-expense trip valued at \$120, to the 15th National Club Congress to be held in Chicago, Nov. 27 to Dec. 5. It was awarded by L. L. Johnson, state boys' club agent, who reported nearly 3,000 contestants in 27 counties for the trip. The boy will be one of the Texas delegation of 25 of the years, outstanding clubsters to Club Congress.

Bonds Executed By Three Indicted

Bonds of three persons indicted Oct. 30 by a district court grand jury were filed Monday in District Clerk P. L. Crossley's office.

Ray Burns, Gorman youth, charged with rape of a young girl who lives near Eastland made bond of \$2,000. The offense is alleged to have occurred Oct. 18.

William Casey, charged in connection with the disappearance of goods Sept. 18 from a store operated by Tommy Tucker near Gorman executed bond of \$750.

Bond in the same amount was made by Jess Casey charged with receiving and concealing goods which allegedly disappeared from Tucker's store.

**Letters From
Our Readers**

Cecil Lotief, representative for the Forty-fourth legislature, writes an open letter to Governor Allred in which he defends his Bill No. 41 which deals with the salaries of county commissioners affecting Callahan county in his district, and which was vetoed by Governor Allred.

Eastland, Texas
November 21, 1936

Governor James V. Allred,
Austin, Texas.

Dear Governor:

"I noticed in the Fort Worth Star Telegram on November 16th an article by Associated Press stating that you vetoed my House Bill No. 41 which deals with the salaries of county commissioners of certain counties in the state including Callahan county, which is in my district.

"I also read your veto proclamation giving your reasons for doing this. In your veto message you stated that you had received a report from the county officials stating that there was not one single person in that county who favored such a reduction, and you further stated that this bill did not come within the governor's call. You also stated that you had declined to submit said bill at my request.

"In this connection I wish to say that I went to your office with Representative Collins from Dallas and we both asked you to submit local bills, which you declined; but for your own information and for the information of the public there has been over twenty-five or thirty bills that have passed both houses, signed by the governor or acting governor, and that have already become laws of this State, and none of these have been submitted by you as governor. As far as I know there has been only two local bills vetoed by you since you became governor. One a Bill by Dunagan of Upshur county and the other one by me.

"Your reason for vetoing my Bill in judgment was not logical, because you stated that the county officials did not have a public hearing before the committee. For the information of the public I wish to say that during my four years service in the legislature there never has been any local Bill before the legislature that required a public hearing.

"If you will recall correctly when you were on the floor of the House you came to my desk and asked me if this Bill had already been passed, and I told you then that it had been, and you did not say anything about vetoing the Bill. You asked me on several different occasions about this Bill while you were lobbying with me to vote for the Free Conference Report on the Old Age Pension Bill, and I refused to do so, and I honestly do believe that was the only reason you vetoed my Bill. I am glad that I did not follow your instructions or suggestions along this line because I felt then as I do now, that the old people who are living a good honest, Christian life and now have become sixty-five or more, are just as much entitled to their pension now as they were last July.

"I want to remind you of another thing when you sent after the members of the Revenue & Taxation Committee, of which I am a member, and asked and plead with us to rush the tax bill for the benefit of our worthy citizens. We raised several millions dollars from oil, gas, public utilities, sulphur and carbon black, but after all you came down on the floor of the House and decided with some of your friends not to give any of this money to the old people, but on the other hand to have it diverted into the General Fund, and you succeeded in this thereby leaving nothing to pay the old people with except dog and horse races, dance hall money, slot machines and other vice monies.

"In your campaign speeches you pictured old age assistance as a newly born babe and you claimed that she was growing fast and beginning to look good and healthy. You had a right to retain that baby, but now right in the winter time you have deserted that beautiful baby without any cause. If it had been a common ordinary citizen, other than the Governor, who had deserted his baby, he would have been subject to prosecution. I think your message on my Bill is just like your promises to the old people, it means nothing at all.

"In conclusion let me state that there are a hundred good farmers and tax paying citizens who work hard and do not make over \$90.00 per month. I think \$90.00 a month is good enough for any small county commissioner. Of course I realize that you have been in public office for several years always on a large salary and naturally you cannot sympathize with the farmer and the little fellow who is paying the bill.

"For the information of the people in my District I wish to say that the Honorable Representatives passed my Bill after long deliberation by a vote of 116 to 2 and the Senate passed it 24 to 0. So you can easily see that the Bill had merit or it could not have passed by such a majority. Before leaving Austin I called your office and you assured me that you would sign my Bill and therefore I expected you to do it.

"With kindest personal regards, I am

Very truly yours,
CECIL A. LOTIEF,
Representative Eastland
and Callahan Counties
P. S.—This is an open letter and I am going to offer a copy to my newspapers in order to defend myself and my record as I always have."

Lions Minstrel Date Changed to Dec. 17

The Lions Minstrel, scheduled for December 10 has been changed to December 17 on account of conflicting programs for that date.

The minstrel is being arranged for by appropriate committees headed by J. W. Capps, who has had much experience in such matters.

Talent has been gathered and a cast of black face fun organized. Capps and his committee promise a show worth the money if one cares to laugh until one's sides burst, they say.

Moran-Olden Play At Eastland Friday

The executive committee of district 11-B meeting at Cisco last night at the Laguna hotel decided Moran high school should represent division 1 in a championship play-off with Olden. The game will be played Friday afternoon at Eastland.

Moran and Baird finished the division 1 race tied in percentage, Moran having three conference victories and two ties, against four wins and one defeat for Baird. The committee's vote was influenced by the fact that Moran had not been beaten, and that its team had defeated Baird.

Olden is said to have an unusually strong team for its class and the meeting of these two teams Friday will be well worth seeing.

MUSIC AIDS INSANE
WAUPUN, Wis. (U.P.) — Musical instruction has proven so popular with inmates of Wisconsin's central state hospital for the insane that officials have made it a major part of a new recreational program. Previous to the new recreational program the patients were limited to daily walks.

BLACK-DRAUGHT HIGH IN QUALITY WITHOUT BEING HIGH IN PRICE

Black-Draught is "easy to pay for" because it is so economically packaged and so reliable.

But as to quality, there's nothing "cheap" about it. For instance, its principal active ingredient is the leaves of a certain species of plant that are brought 10,000 miles from where they grow to the factory where the medicine is made. These leaves from far, far away help to give Black-Draught its well-known "laxative reliability." They could not be left out, or substituted, without real loss of good medicinal quality.

For a good, purely vegetable laxative, insist on Black-Draught. About 25 doses in each 25-cent package.

DRIVER BARRED FOR LIFE
HORN BROOK, Cal. (U.P.) — A youth of this city is believed to be the first man in the United States to have received a life sentence for reckless driving. Following a suspension of his driving license for 90 days for reckless driving, a new offense brought on a suspension of the license for life.

HINTS OFFERED ON WORRYING
PASADENA, Cal. (U.P.) — David Seabury, Eastern psychologist, is telling Western audiences "How to Worry Successfully." One of his rules is to worry with a smile and another is to get the anger and peave out of the system before starting to worry in order to give the latter a fair chance.

About Our Friends

CONTINUED FROM PAGE ONE
We should strive to make and keep those friends that we have found worthwhile!
We remember that O. S. Carroll, Plymouth dealer in Cisco, said "It takes a long time to make a good friend and so we should strive mightily to keep him". . . . One of the truest things ever uttered by any man . . . True friends are the greatest bulwark against trouble ever given mankind. . . . Then how we should treasure them! . . . And so one of the things that we should be most thankful for next to being thankful to our Creator, is the fact of having staunch and true friends that are friends in trouble as well as in pleasure. . . . We are indeed glad and thankful for our good friends in Cisco. Aren't you? . . .

Ciscoan Obtains Poll Tax No. 1

Henry H. Curtis, Cisco, claim adjuster, received poll tax receipt No. 1 in Eastland county, Deputy Tax Assessor-Collector, J. T. Cooper, disclosed Tuesday.
Second poll tax receipt issued for 1937 voting went to J. Y. Starkey, Eastland pruner.
Citizens have from now until the last day of January to obtain their poll tax receipt.
If polls and half of other taxes are paid on or before Nov. 30, the balance will be extended until June 30, 1937, without penalty or interest.
Forty poll tax receipts had been issued up to Tuesday noon.

Civic Class Visits Eastland Courtroom

By TOMMY LA MORE
The civic class of the Cisco high school journeyed to Eastland yesterday to attend a trial in the 28th district court. The class left Cisco at 8:30 and arrived at the courthouse in time to see a morning trial. Notes were taken on the case and the procedures, taken by the court in trying the case. This morning at the regular class meeting the civic class held court in the classroom and used their notes and what they learned at Eastland to conduct

Constable Position Attracts Another

EASTLAND, Nov. 25 — Members of commissioners' court Tuesday had before them the second application requesting appointment as constable of precinct No. 6. The recent vacancy was occasioned by the death of Lee Barton, constable-elect.
L. A. White of Cisco made the second application, filed in county clerk T. M. Collie's office. E. O. Gustafson, also of Cisco, had previously made application for the post. White is a former chief of police and deputy sheriff. Precinct No. 6 embraces Cisco.

ONCE FROG LANE

BOSTON (U.P.) — Bostonians may deny that this city's streets were modeled after cowpaths, but a newly discovered 136-year-old map of Boston shows that High Street — in the heart of the business district — was known as Cow Lane in 1800. Boylston Street today a busy thoroughfare, was then Frog Lane.

QUILTS IN USE 125 YEARS

HIGHWAY LINK FOR AMERICAS GETS SUPPORT

By HARRY W. FRANTZ
United Press Staff Correspondent

WASHINGTON, Nov. 25 (U.P.) — The Pan American highway, to link New York with Buenos Aires and eventually to connect all continental American capitals, will obtain new diplomatic support at the inter-American peace conference to meet in the Argentine capital Dec. 1, highway experts here confidently anticipate.

The highway was included in the agenda under the topic "improvement of communication facilities" at the instance of the United States and preliminary diplomatic conversations prior to the conference are believed to have assured the active interest of many delegations.

The peace conference at Buenos Aires probably could do little more than adopt some general resolution endorsing the idea of the highway but this might afford a basis for a future technical highway conference. Previous conferences on highways improvement were held at Buenos Aires in 1925 and Rio de Janeiro in 1929. Such a technical conference could develop a precise program regarding the international route, it is pointed out.

One Link Being Built

At present, active construction of the Pan American highway as a through motor route is only under way in the northern section between Laredo, Tex., and Panama City. That part of the continental route was surveyed several years ago and the respective national programs are designed to fit in with the international route. The United States has given technical assistance to several Central American countries.

The highway south of Panama has never been surveyed and the first technical step toward construction necessarily would be a "reconnaissance survey." No diplomatic proposal to this effect has been advanced, but it may become practicable before many years, in view of the rapidly mounting South American interest in motor touring.

On the Pan American route between Laredo and Panama City, a distance of 3,250 miles, there already exist 1,265 miles of all-weather highway. The latter include 767 miles from Laredo to Mexico City, and 300 between Panama City and David.

Some Roads Impassable

There also are 1,425 miles of roads suited to travel in the dry but not the rainy season. Between 550 and 560 miles are not traversable by automobile either in dry or wet weather.

Peeress Models Coronation Gown

Easy Chairs and Easy Lighting Go Together In Well-Decorated Living Room

A lamp at every easy chair is the order of the day in the well-decorated living room. The pleasing to look at, and provide improved illumination.

By Jean Prentice
NEW styles have come to living room lighting. They come from the lighting laboratories all wrapped up in such terms as footcandles of light . . . diffusing bowls . . . and eyesight protection.

Unwrapped, however, and applied to our living rooms, they're what I call scrumptious!

Whatever the size of your living room may be, there are certain light styles or principles in the accompanying illustration that I suggest you use for a pattern. This lighting pattern has changed in the last few years as definitely as dress designs have. And for a much sounder reason, too . . . the conservation of our eyesight.

Today we pin and mark and cut out our lighting according to new scientific standards of balance, amount and quality. Just because our lamp shades harmonize with the colors of our living room is no sign at all that they add to the comfort of our family. We'll send that sort of reasoning packing, along with

skippy shades that reflect little light, and sleazy shades that give glaring light. A little light is called a light, and a little light is here.

Of course, a light is a light, and in the proper amount mixed for you in the ally-approved lamp, 100-200-300 watt bulb, three different amounts would be ideal for the room lighting? Or, above does. Adding a try of the lighting is a lamp placed opposite the Your older bridge lamp, a pinch here, with a bulb. Much better with the approved bridge illuminating both up and No chair is slighted, ing pattern. Like cup easy chairs and easy gether. The final ceiling fixtures smooth unpleasant shadows, in the mode!

Peru Building Reads
In northern South America the Bolivian highway connects the capitals of Venezuela, Colombia and Ecuador while in Peru extensive road building has been carried on, both toward the north and south as well as into the interior.

One fact encouraging to the future completion of a Pan American highway to Buenos Aires is the intense interest shown by Argentina during recent years in modern highway construction.

Argentina now has 1 mile of road to every 8.2 square miles of area, a total mileage of 140,098. Chile owns 225,621 automobiles, according to recent figures, the largest number in any American republic except the United States. Experts therefore believe that discussion of the Pan American project would be of special interest in a conference held at Buenos Aires.

YWA Guests of Breckenridge Group
The Y W A. of the First Baptist church were guests of the Breckenridge Y W A. Tuesday evening, when that association entertained for associations including Albany, Eastland, Ranger and Cisco.

Those here attending were: Misses Doris Surles, Fay Holder, Willie Frank Walker, Lillian Caldwell, Lucille Flaherty, and Mrs. E. J. Poe.

John Tarleton is spending today with her parents, Mr. and Mrs. O. S. Carrol.

Mr. and Mrs. Burton Reagan of Brady are Thanksgiving guests in the home of Mr. and Mrs. William Reagan.

Miss Zona Miller, student in TCU Fort Worth is spending Thanksgiving with her mother Mrs. Ruby Miller.

Contributions to Colored Library
Mrs. Abigail Love Haley, teacher of the colored school, gives the following report of the school and expresses thanks to the public for cooperation in making that school a success.

The negro school children received a Thanksgiving gift from the primary department of the First Methodist church Sunday School. The gift was a box consisting of apples, oranges, lemons, milk, jam and bananas. The children were very happy over their gift and send hearty thanks. The teacher took several little children to the First Methodist church, Dec. 13, at 9:45 a. m. on a dreary short program.

Mr. and Mrs. C. C. Duff, principal of grammar school, and two boys, visited the negro school Tuesday and brought a collection of books, which consisted of:
"The World Book," "Source Book," "Home and School Reference Work," "The New Student Reference Work," "Old World Travelogues," "The Book of Knowledge."

These are the first set of reference books the school has received. The teacher and pupils are very grateful.

The following persons have given magazines:
Misses J. E. Caffrey, Chester Abbott, C. H. Fee, Mollie Aycock, John Shorter and J. C. Donica.

New Executive for West Texas Chamber
STAMFORD, Nov. 25. (UP)—Announcement of the addition of a new executive of the West Texas Chamber of Commerce was made here today by D. A. Bandeen, WTCC manager.

He is John M. Hendrix, now of Abilene, who is leaving an assistant directorship of the Works Progress Administration, to become an assistant manager of the West Texas Chamber bearing the title of Director of Publicity. He will publicize the activities of the organization and be in charge of its magazine, "West Texas Today," assisted by an editorial board of newspapermen of the territory.

Appointment of Hendrix becomes effective Dec. 1 and he will be assigned to the WTCC's Fort Worth branch office. Concerning the appointment, Manager Bandeen said, "Work of the West Texas Chamber of Commerce will be carried on under three general classifications: organization, heading up in Jed Rix, who makes headquarters in Lubbock; publicity, to be handled by John Hendrix; and activities, under the supervision of the manager. We are glad to get Mr. Hendrix, who knows the business of publicizing from top to bottom."

Hendrix will succeed Roger M. Motheral, who has been advertising manager of West Texas Today, and in charge of the Fort Worth Office. Motheral has resigned to join the advertising staff of a large trade publication, "Petroleum Engineer," of Dallas and Chicago, Ill., and probably will be located in Chicago after working in Texas with the sales manager for 60 days.

Hendrix is a native West Texan, born in Gainesville and reared there and in Ardmore, Okla., until he was 12 years old. He returned to West Texas, ranching in Hardeman and Ford counties until 1909. He entered the automobile business that year, having experience both in the retail and wholesale divisions, with headquarters successively in Quanah, Galveston, Waco, Tyler, and Sweetwater, removing to the last-named city in 1929. In 1931, he entered chamber of commerce work as manager of the Sweetwater board of City Development, serving two and one-half years. During 1931, he was public relations counsel for the Lone Star Gas Company. In 1932, he returned to the Sweetwater BCD to put on the West Texas Chamber of Commerce convention that year. In 1934, he was a staffman with "The Cattleman," magazine of the Texas and Southwestern Cattle Raisers Association. In 1935, he joined the Works Progress Administration—drafted—as assistant director of District No. 13, operating in 12 counties of central West Texas. He is leaving that post to take up his connection with the West Texas Chamber.

Hendrix enjoys wide acquaintance throughout West Texas, along with renown as writer. His articles on the cattle industry, past and present, and other subjects relating to West Texas development have appeared in "The Cattleman," "American Hereford Journal," "Progressive Farmer," "Spur," "Western Livestock Journal," and other publications including "Text," "Texas Today," and in many newspapers.

Brownwood 'B' Squad Beats Lobo Subs
By TOMMY L. AMORE
The second string Brownwood team beat the second string Lobo team Tuesday afternoon 7-0, at Chesley field, in a thrilling game that sparkled with long runs and passes.

Little does the score indicate the battle that the Lobos put up against their former opponents. Early in the first quarter, a Brownwood backfield man dropped back and threw a long, hopeless pass that bounced off the Lobos' safety man's hands into the arms of a Brownwood end who stepped over for the only touchdown of the game.

The Lobos were cramped on the Brownwood goal line several times but fumbles kept them from scoring on the opposing team. The second string of the home team displayed strong running attack and gained much yardage against the stronger Lobos.

Stars for the Lobos were: Yancy the three Harrison brothers, Jones, and Walls.

U. S. Army Offering Many Opportunities

Ambitious young men should consider very seriously the wonderful opportunities the army has to offer in training schools and all kinds of sports. The famous baseball star Jerome (Duke) Dean received his baseball training in the field artillery at Fort Sam Houston. The coach of world sports teams, with interest, all army starts its progressive roster for the big leagues. Officers have received their training in the army where all ambitious young men must so desire may start on their career through an enlistment in the U. S. Army.

It appears that the majority of young men are under the impression that it requires several weeks or even months to obtain an enlistment in the army. It is just the opposite as the time required for the average applicant to secure his enlistment is from one to three days depending upon the distance he lives from Abilene. It is requested that only young men who are single, without dependents of any kind and of high standing in their communities need apply for enlistment. All applications from the following countries are being accepted at the U. S. Army Recruiting Station, 361 Federal Building, Abilene, Brown, Callahan, Coleman, Jones, Eastland, Haskell, Rounsell, Shackelford, Stephens, Throckmorton and Taylor.

Scouts Qualify for Acorn Award Button

Scoutmaster Ernest Hiltner has received a letter from Scout Executive G. M. Quinn at Brownwood concerning the Acorn Award for which three Cisco Scouts have already qualified. They are Billy Collins, A. G. Barwell, and Billy Huffman. The following letter is self explanatory:

Dear Scoutmaster:

I'm extremely anxious for the members of your Troop to have an opportunity to win one of the "President's Acorn Awards". Full information on this is given in November Scouting. However for the benefit of new men who may not have received this issue, the awards are given where a Scout gets another boy to join and the Scoutmaster places an O K on the application with a notation of the boy's name on same to the Council Office in order that we may send the award out. Where a Troop organizes another Troop, Neighborhood Patrol, Sea Scout Ship, etc., each member of the Troop receives one of the buttons and the Troop receives an Acorn Award Banner.

The first two boys to have the honor of receiving this award are Scouts Sid Barnum and Gordon Taylor of Troop No. 6, Eastland. Applications were sent in by Scoutmaster Jessup this morning. I'm attaching a sample of the buttons which will enable you to show them to the boys when making the announcement. The button should be returned by the 31st day of December at which time this offer closes.

Trusting that we will soon have some applications for "new boys" coming in from your Troop according to these rules and with best wishes to you and the boys, I am cordially yours,

G. N. QUIRLE
Scout Executive

Drilling News From North Cisco Wells

The fishing for tools continued at the Kleiner No. 3 well being drilled by the Hickok interests just north of the city limits. It was reported Saturday. The cable parted at just short of 1,000 feet depth last week and they have been repairing out and fishing for the tools since.

Meanwhile the Lone Star well going down on the Doggs lease also just north of the city limits, has finished work with a crooked hole and is drilling now at a little beyond 1,000 feet depth. 15-inch casing is being set today, it was reported.

These wells are being watched closely by the citizens of Cisco who hope for more drilling if they should strike profitable pay sands.

The well designated as Hickok No. 2 is being cleaned out. It was reported, and efforts made to bring back pay which ceased after the well was shot and bridged. It has been reported that the well might be drilled deeper, treated with acid or, all of these measures used, unless a good well was secured otherwise.

LAUNDRY WORK EXTENSIVE
SPokane, Wash. (AP)—Laundry work claims slightly more than 10 per cent of all the time spent in household work by the average Washington homemaker, according to a study by the division of home economics at the State College of Washington.

"STREAMLINED" EDUCATION
PASADENA, Cal. (AP)—Dr. John A. Ezion, superintendent of the city schools, declares that all modern educational programs must be "streamlined." He says it is the only way to keep up with the changes in the national life.

Rural Adult Class Studies Homemaking

The work of vocational training has been carried to the rural citizenship in both farming and home-making. T. G. Caudle, vocational agriculturalist, and Miss Martha Graves, leader of Homemaking in the Cisco schools, have organized classes and clubs in their work in the Study Grove community and Miss Graves has a class of eighteen women organized and working.

Miss Graves meets the women two afternoons during the month and both she and Mr. Caudle meet both men and women one Saturday night in the month to supervise class work in this adult vocational work. At present, Miss Graves announces, they are studying cake making and a cake judging contest will be sponsored in Cisco soon.

An adult class will be organized for Dothan community next week, Miss Graves said.

Boy Scouts Have Opossum Hunt, Steer

BY TOMMY Y. LA MOORE
Troop 1 of the Cisco Boy Scouts met at the Presbyterian church Friday night and held their regular weekly meeting. After the meeting the boys were taken out to Scoutmaster Ernest Hiltner's home where they had a "possum" hunt which was a big success. The boys caught four opossums. The trophy was a "steer" a Collier dog, was of much use in the hunt. A possum trap was served in the boys of the troop Saturday night at 5 p. m. at the Presbyterian church.

Boys who were present at the meeting and hunt were: Glen Tolman, A. G. Barwell, J. B. Dill, Lee Smith, Howard Mayhew, Billy Collins, J. V. Meyer, Howard Taylor, James Plummer, Gorman, Galton, Napier, Baudette, Jr., and Scoutmaster Ernest Hiltner, and M. H. Apperly, pastor of the Presbyterian church.

**Homemaker to Attend
Vocational Meeting**

Miss Martha Graves, Cisco teacher of Home Making, will leave next Thursday morning to attend the Texas Teachers State convention in Fort Worth and then will attend the American Vocational convention in San Antonio for the following week. This is the first time that this association has met in Texas and all Texas vocational teachers will be in attendance in addition to prominent teachers of this very popular branch of educational work from over the entire United States.

Governor Allred has encouraged the attendance of this convention by sending letters to all vocational teachers who sponsor Future Home Makers clubs in Texas urging their attendance. Realizing the importance of this vocational work in Texas, the Governor is sponsoring especially this convention for the week following Thanksgiving.

The Universal Car Broadens Its Field

with *New Economy* and THE LOWEST PRICE IN YEARS

For more than thirty years Ford has been "The Universal Car." And the name takes on a new meaning for 1937, with the addition of a 60-horsepower V-8 engine to the Ford line.
The new "60" makes possible the lowest Ford price in years, and brings smooth, dependable V-8 performance within the reach of more people than ever before. It means also a choice of two V-type 8-cylinder engine sizes. 60 horsepower for maximum performance. 60 horsepower for maximum economy. Both engines are built into the same big body size.
The "60" is a replica of its brilliant brother, except in size, weight and

power. It was first developed for England and France, where fuel costs are high. Two years in service there have proved that it creates an entirely new standard of modern motoring economy.
If you want a big car for a small budget—a car you can own with pride and drive with pleasure—ask the nearest Ford dealer to show you the new car with the new engine.

BE THANKFUL

that you can own a modern automatic
MAGIC CHEF gas range

● The homemaker of today really has something to be thankful for when Thanksgiving rolls around. That is, that she doesn't have to slave over an old-fashioned kitchen range to prepare the year's most important dinner. With a modern, automatic Magic Chef gas range there are lots of things she can be thankful for. A few of them are:
NEW HIGH-SPEED OVEN—the fastest oven ever built for the home. Saves time and gas.
NEW SWING-OUT BROILER—another entirely new feature. Broiler and meat swing out, away from the flame.
"SKYSCRAPER" CONSTRUCTION—another Magic Chef feature. A strong, sturdy, rigid construction.
FULL INSULATION—that keeps the kitchen and the cook cool and comfortable—and the heat inside the range to do the cooking.
RED WHEEL OVEN REGULATOR—that eliminates oven watching, saves countless hours in baking, and insures perfect results every time.
AUTOMATIC TOP BURNER LIGHTER—that eliminates matches, push buttons, etc. Just turn the gas cock valve.
These are only six of many features that will make you thankful that you own a new modern, automatic Magic Chef gas range. Let us show them all to you. There's a model for every purse and every kitchen requirement.

PWA Building Many Hospital Projects

Distributed over the State of Texas from El Paso to Tyler and from Quanah to Galveston, are 13 hospital projects which have already been built by the Public Works Administration or are now under construction. An allotment recently made for the construction of a hospital at Clarksville in Red River county, makes this the thirteenth PWA hospital project in Texas to receive an allotment.

Today the Public Works Administration has become Texas' leading hospital builder. This is also true for the entire United States. During the past three years more than two-thirds of all hospitals built in America are a part of the Public Works Administration construction program.

The thirteen hospitals that are part of the Texas PWA program will cost more than \$4,000,000. Accommodations will be provided for some 1,250 patients.

In a period when hospital construction, like all other type of construction, underwent a general curtailment, the Public Works Administration has been helping cities, counties, and states throughout the entire United States and its possessions to construct new hospitals, to repair and renovate existing structures, and to install modern and efficient surgical and laboratory facilities in communities which were unable to bear the entire cost of such projects but where existing hospital facilities were inadequate.

This National Hospital Program sponsored by the Public Works Administration will cost approximately \$140,000,000. Accommodations for 50,000 patients are being provided. New links to the chain of defenses are being added weekly as PWA makes new allotments for hospital construction from its revolving fund, and the total projects in the building program now number 463.

Outstanding in the PWA hospital construction program in Texas is the new City-County Hospital at Houston. The total cost of the hospital plant will be \$2,250,000. The program includes a power house and laundry, a nurses home, and the main hospital building. The main building will be 11 stories above ground and will have accommodations for approximately 450 patients.

At Galveston two hospitals are being built for the University of Texas by the Public Works Administration. One is a negro hospital and the other a hospital for crippled and deformed children. These hospitals will form a part of the John Sealy Hospital unit is a department of the medical branch of the University of Texas. The negro hospital will cost approximately \$275,000 and the hospital for crippled and deformed children will cost approximately \$216,000. These two hospitals will furnish accommodations for 165 patients.

Additional have been built to the existing City-County Hospital at El Paso at a total cost of more than \$100,000. This new building provides for seven additional wards, operating rooms, receiving rooms, offices and a morgue. This hospital will furnish accommodations for 92 patients.

The tubercular hospital being built at Port Worth will cost approximately \$100,000. The main building will be a two-story concrete structure and is designed to accommodate 75 patients.

A beautiful L-shaped one-story brick hospital has been constructed at Sweetwater, Texas, at a total cost of more than \$85,000. This building has accommodations for 34 patients with complete medical and maternity wards and surgical operating rooms. The building is air-conditioned and conforms to the latest and most modern practice in hospital design.

At Dallas a City-County hospital is being constructed at a total cost of approximately \$310,000. The building is of modern fire-proof brick construction. The east wing will be a venereal diseases building four stories high. The west wing, three stories high, will consist of private rooms and wards. This hospital will furnish accommodations for 156 patients.

A nurses home is being constructed at Austin, Texas, as a PWA project and will be an auxiliary to the Breckenridge Hospital. The nurses home will provide quarters for 50 nurses. The building will include quarters and equipment to conduct a school of nursing and on the third floor will provide space for recreation activities. The total cost is approximately \$80,000.

Located in a beautiful setting and in the midst of tall, shady trees, the City Hospital being constructed at Tyler, Texas, is a modern Class A hospital five stories high. This hospital will provide accommodations for 91 patients together with maternity suite, an operating suite, X-ray and other laboratories. The total cost of this hospital is approximately \$225,000.

Erected to give the greatest service in the north central part of the Panhandle, the Hardeman County Hospital located at Quanah, Texas, will provide accommodations for 50 patients. The building is four stories high and provides, in addition to the accommodation for patients, an operating room and offices necessary to the conduct of a modern hospital. The total construction cost is approximately \$85,000.

At A. & M. college a new hospital addition has been constructed at a cost of \$85,000. Accommodations will be provided for 27 patients.

News Summary Old Age Pension

AUSTIN, Nov. 23—Belief that the statewide average assistance grant would be larger under the new statute than the \$16 of the old law, was expressed today by Acting Director Orville S. Carpenter, of the Texas Old Age Assistance Commission. He said he expected this trend to become apparent about the first of next year.

"Experiences of other states indicate that a needy old program generally results in a higher average grant," Carpenter stated. "The present Texas average of \$16 is influenced by small allotments made under the old law to people barely meeting statutory requirements."

"Applicants and recipients needing only small grants now will be put on the rolls of course, but I believe we will have fewer of them," he added.

Employees of the Texas Old Age Assistance Commission were busy Friday and Saturday stamping 87,756 envelopes, containing assistance checks for November, and rushing 30,000 of them to the Austin post office each eight hours, Acting Director Orville S. Carpenter said today.

November checks now being released by the commission total \$1,365,289. The \$840,000 federal grant was received Thursday.

Investigators were busy this week throughout the 254 Texas counties re-investigating present old age assistance recipients granted aid under the old pension law, reported Acting Director Orville Carpenter today.

"No one will be removed from the rolls until a thorough re-investigation of his case has been made," he declared.

Last week Carpenter explained that there would be no arbitrary or mechanical cut in the rolls but that each case would be studied and re-investigated to determine whether before any action were taken. Rumors that 36,000 aged would automatically be dropped from the assistance lists was declared unfounded.

"Re-investigations are now being made in each district of all people on the rolls who possess income or property. Their cases are being re-investigated to determine whether they are eligible under the new law. But until they are found ineligible, they will continue receiving monthly checks," Carpenter said.

Both stenographer and translator is a young woman from Granger who works at the State Office of the Texas Old Age Assistance Commission in Austin.

Hundreds of letters have been received by the commission from Texans of Czech descent. Many of this correspondence has been in the Czech language.

Miss Olga Marie Bartosh translates the letters from Czech into English that they may receive attention.

Abilene Boy Wins \$50 4-H Farm Prize

Leonie Stephenson, 17 year old Abilene boy, recently completed a survey in the first 4-H rural electrification contest ever conducted. Club members from 25 Texas counties participated in the enterprise designed to gather information of value in the expanding use of electricity on farms.

The boy lives with his father on an eight acre farm, where he conducted his study. The farm is not wired, although located only a mile from a high line. Through well drawn plans of the buildings he shows how to make the proper installations.

In the dwelling he includes plans for seven ceiling lights, two power outlets, and nine convenience outlets, and such appliances as a range, refrigerator, washer, radio, water pump, churn, water heater,

iron, sewing machine, and burglar alarm.

For the barn he suggests three ceiling lights, tow power and one convenience outlets and a feed mixer. In the poultry house he lists a brooder, egg-gandler, and incubator. This was the boy's first year in club work.

He was named state champion by L. L. Johnson, state boys' club agent and receives a \$50 merchandise certificate from Westinghouse Electric and Manufacturing company sponsor of the contest conducted by extension agents. He will compete with other champions from the southern states section for one of two trips to the 15th National club Congress in Chicago, Nov. 27 - Dec. 5.

The three highest ranking of the eight sectional winners will win cash college scholarships of \$400, \$300, and \$200, also given by the sponsor.

Thanksgiving Dinner

...and then the peaceful feeling that comes from good digestion and smoking Camels!

OFF TO A GOOD START—with hot, spiced tomato soup—delicious in itself and an exciting prelude to the delights to come!

THE MAIN EVENT—the time-honored turkey of our forefathers—done to a crisp and golden brown—flanked by a mountain of ruby cranberry jelly. And you enjoy it even more when you smoke Camels. For Camels speed up the flow of digestive fluids. Increase alkalinity. Help digestion run smoothly.

SO TO A HAPPY ENDING—over coffee and after-dinner Camels. Enjoy Camels—every minute—between courses and after eating—and you feel on top of the world.

WHAT WILL YOU HAVE? Reading in a circle, there's a piping-hot Plum Pudding . . . luscious Pumpkin Pie . . . Mince Pie à la mode . . . and layer cake with inch-deep icing. Thanksgiving dinner just wouldn't be complete without one of the traditional desserts shown here to add their characteristic touch of holiday cheer.

DOUBLE PAUSE—First for the crisp refreshment of Waldorf Salad—then for the sheer pleasure of Camel's costlier tobaccos. This double pause clears the palate—sets the stage for dessert.

FOOD EDITOR—Miss Dorothy Malone says: "I'm interested in good digestion. Camels build-up a sense of digestive well-being."

THE BEST MEAL I ever ate would be a disappointment if I couldn't enjoy Camels," says William H. Ferguson, salesman.

Good food and good tobacco go together naturally!

CAMELS set you right! They help to ease tension. And to increase the flow of digestive fluids—alkaline digestive fluids—so important to your digestive well-being. You enjoy food more and have a feeling of greater ease after eating when you smoke Camels between courses and after meals.

Enjoy Camels all you wish—all through the day. Camels don't get on the nerves. And when you're tired, get a "lift" with a Camel.

COSTLIER TOBACCO
Camels are made from MORE EXPENSIVE TOBACCO . . . Turkish and Domestic than any other popular brand.

FOR DIGESTION'S SAKE—SMOKE CAMELS
