

Mr. Muleshoe . . .

By J. M. Forbes

About the most interesting place to visit, should you decide to pay a call at the Muleshoe schools, is the building which houses the Voc. Ag. department and the woodworking shops. Edward White and G. S. Dowell can tell you about the Ag. department, while L. C. Browder presides over the shop, and all are eager to have you visit them and watch the boys do their stuff. The shop kids know more about wood and woodworking methods already than do most adults; the Ag. boys are assimilating information about soils, livestock, agricultural crops, and so forth. It is one wish he could go back to their age and start to learn all over again, it's so interesting. If you ever get time go out there in school hours and have a look around - you won't bother these boys, for they are too intent on what they are doing to even note your presence.

About Town:
Mrs. R. E. Herrington liked the PTA yearbooks so well that she was hurrying off, baked a big fluffy cake and brought the whole bunch a big slice each, and it was SO good. Later, after looking the book over closer, she wished she had the cake back, but it was too late.
Mrs. Leon Smith had presented ye editor and wife a big light crusted apple pie. Which favors are duly acknowledged with thanks.

Seen & Heard:
My own wife (doggone it): Put in your column about our not having the new lighting system that so many Plains towns, notably Dimmitt, Earth, Sudan, Littlefield, Farwell, etc. have.
Also put it in the paper about the highway signs that say: Muleshoe - population 1,365.
So I hearby put the city dads of the city of Muleshoe in the first instance and the big moguls of the Texas Highway Department in other, on notice, that my wife won't have no more dilly dallying. Of course I'm the boss out at my house and in this column, as well.

Mike Sanders observed quietly his second birthday Tuesday. Like President Truman's birthdays, it was just another day of the usual activities for Mike. He refused to issue any special statement for the press, but he did have a comment when his morning peed did not show up quite as soon as he thought it should. Mike said, quote: "Grrrrr! His Grandparents Mr. and Mrs. S. Sanders, Sr., were more or less disappointed at his failure to rise to the occasion and make this day an outstanding one. Well, here's hoping Mike, as well as all other two-year-olds, will have many, many, many more birthdays, all as happy as this one."

Fire Prevention Week is October 9 to 15. Therefore Lee Pool, the big insurance man, hands ye editor a sheet of "Facts About Fire," from which I gleaned these scattering statements:
In the last decade fire has killed more than 100,000 persons and burned or disfigured many hundreds of thousands more. Each year, about 11,000 Americans die needlessly in fire and more than twice that number are severely burned or disfigured for life. 3,500 of the annual casualties occur on the nation's farms. More than half of the fire deaths are women and children. Out of the approximate 850,000 fires which attack U. S. buildings annually, about 87,000 are caused by careless smoking. Smoking in bed accounts for the largest loss of life.
President Wilson issued the first National Fire Prevention Day Proclamation in 1920. President Harding in 1922 made it a whole week. It is designed to focus attention upon our disgraceful loss of life and destruction of property by fire.

Baptist Revival Underway Here
Revival services are underway at the First Baptist Church in Muleshoe. The meeting began Oct. 2, Sunday and is scheduled to continue through October 16.
Rev. O. F. Dingler, pastor of the West Austin Baptist Church, Austin, Texas, is the evangelist for the revival and Ed E. Gibbs, Dallas, is the gospel singer.
Everyone is extended a welcome to these services, which are being held at 10 a. m. and 8 p. m. Good crowds have been attending. Chief obstacle and interest has been excellent. Rev. A. W. Blaine is pastor of the local church.

Bus Loading Zone Outlined
A school bus loading zone has been designated all along the south side of the school grounds, Supt. C. W. Grandy told The Journal, and he asked that if possible all motor vehicle drivers refrain from parking their vehicles on the school side of the street in that zone.
The zone was set up to insure the safety of children getting into their buses and getting out of the buses upon arrival at school. It also will eliminate the crowded condition that has developed on the west side of the school at arrival and departure hours.
The school bus loading zone will cover Avenue D along two blocks of paving, from the First Baptist Church corner to the west corner of the school grounds.

Congratulations . . .
Mr. and Mrs. Billy Joe Thomas, a son, Tommy Leroy September 1.
Mr. and Mrs. Ross Lee Vanlandingham, a daughter, Nomia Lee September 3.
Mr. and Mrs. J. A. Nickels, a daughter, Jenda Sean, September 3.
Mr. and Mrs. J. R. Wolf, a daughter, Carolyn June, September 6.
Mr. and Mrs. Afton D. Stancell, a son, Afton Dewey, September 12.
Mr. and Mrs. T. L. Gleason, a son, Bobby Max, September 12.
Mr. and Mrs. Claude Spivey, a daughter, Arela O'Dell, September 24.
Mr. and Mrs. Deon Awtrye, a daughter, Sheran, September 17.
Mr. and Mrs. Pershing Buschke, a daughter, Sharron Louise, September 18.
Mr. and Mrs. Ance Ashford, a daughter, Linda Carol, September 24.
Mr. and Mrs. R. C. Hardy, a daughter, Linda Sue, September 27.
Mr. and Mrs. Jess C. Dalton, a son, Gregory Lynn, September 30.

ATTENDS NFLA MEETING
Noel Woodley attended a NFLA meeting at the Hilton Hotel at Lubbock Wednesday and Thursday.

Baptists To Construct New Building

Vocational Ag. Boys Experimenting With Soils - Improve Their Lawns

The ever-busy Vocational Agriculture boys of Muleshoe high school are at it again. This time they have projected extensive improvements to the grounds surrounding their building on the new school campus.
Ground has been spaded and cultivated and fertilizer has been applied in readiness for planting time.
Superphosphate and ammonium sulphate was used to fertilize ground to be used for lawn and cotton burr ashes were applied at the rate of 50 pounds to the acre; and a compost, made up near their hog pens west of the football field, was applied at the rate of 20 tons to the acre. These grassy lawns will make the grounds about the building which also houses the woodworking shop, much more attractive and form a handsome framework for the building.
On the west side of the building the boys have laid out a series of experimental plots, some of which already have been seeded. These plots are 8 feet by 8 feet. Permanent pasture grass has been planted in several of these plots, oats and wheat to be seeded later and corn under next spring for green manure.
Fertilizer combinations used on the plots was varied with each plot for experimental purposes. Ernest Ware is the mathematician on this experimentation.
Inside, the boys have built some experimental hot house layouts in long containers and are working out soil problems there as well as on the outside. Plants grown inside will later be transplanted to the experimental plots outside.

PTA Makes Plans For Hallow'en School Carnival

The school is the biggest business in Muleshoe, with a bus system covering 500 square miles, said Mrs. Grandy stressed, one of the speakers at the meeting of the P. T. A. Monday evening, October 3. He said that plans are being made to have a larger and better school house for the colored children.
Mr. Grandy, superintendent, spoke on "The Consolidated School." That it can offer more subjects, afford competition for the child, and broaden his experience, since he touches the lives of so many more people, were the main points Mr. Grandy stressed.
The members discussed and made plans for the Hallow'en Carnival. It was agreed to eliminate the usual soliciting and chance selling in the queen's race, and that instead boxes would be distributed in local business houses to collect funds. This was done in an effort to save time for all and to concentrate more interest in the big event October 31. It was decided that a high school girl will be crowned queen and that a grade school girl will be crowned as honorary queen of the carnival. Each room will retain one half of the money raised by the room, the balance to go to the P. T. A. fund.

Cotton Begins To Slowly Move As Crops Are Beginning To Mature

Cotton was beginning to come in to Muleshoe gins in dribbles first of the week. One local plant reports having ginned three bales Monday. Mostly, however, the work of gathering cotton in this territory is not yet begun in earnest.
It is said that cotton is opening fast, but pullers are not too plentiful. Local observers say that this is starting off like a good year for mechanical cotton harvesters. Visitors down state report seeing fields that were white with open bolls but that very few fields have any pickers in them.
Cotton seed was said to be worth about \$42 a ton by ginner Tuesday. However, the seed market is subject to frequent changes.

How To Keep A Cyclotron Cool

SAXONBURG, PA. - The cyclotron of Carnegie Institute of Technology - one of the world's most powerful - receives the first 16 drums of "cyclotron oil". Developed and donated by Gulf Oil laboratories, the oil will cool the 90-ton circular magnet coils seen to the left. Circulated at the rate of 600 gallons a minute, it will prevent destruction of these coils during their generation of a magnetic field 40,000 times stronger than that of the earth. The cyclotron, still under construction, is expected to begin its "atom-smashing" work next year.

Reburial Services For Sgt. Williams To Be Conducted

Re-burial services for Sgt. Harry O. Williams, son of Mr. and Mrs. Abe Williams, former Texico residents will be held at the Charles V. Steed Memorial chapel in Clovis Sunday afternoon at 2 o'clock, New Mexico time.
Sgt. Williams' body arrived in Clovis Wednesday morning from the west coast where it had been carried by boat from the Philippine Islands.
Rev. Virgil Hunton, pastor of the Calvary Baptist Church, Clovis, will conduct the permanent rites and members of the Justice-Williams Legion Post, Farwell, will attend in the Garden of Memories, Clovis.
Sgt. Williams, a member of the 200th Antiaircraft Battalion, made up principally of Clovis and Portales young men, was among the first local leads to lose his life in World War II. He was taken prisoner in the fall of Corregidor and died in a Jan prison camp on June 13, 1943. His parents were advised of his death on June 21.
Sgt. Williams shared honors with Denise Justice when the local American Legion Post was named in memory of the two. - Farwell State Line Tribune.

HERE FROM CALIFORNIA

Mr. and Mrs. Claud Ellis of Modesto, Calif., were guests in the home of his father, J. W. Ellis and sister, Mrs. Maude Jones.

RETURNS TO COLLEGE

Norma Osborn has returned to Texas State College for Women, Denton. She is majoring in business and will receive her degree June 1950.

Revival Services Have Begun At Pentecostal Church

A revival meeting began yesterday at the United Pentecostal Church of Muleshoe, located at the corner of Avenue D and East 3rd street. Mrs. Maggie Kemp is the pastor of the local church.
The meeting is being conducted by Mrs. Gertrude Henry, of El Paso, evangelist, pictured above.
The meeting, which is to continue through October 23, will feature good singing every night. Only one service is held daily.
Mrs. Kemp and the congregation extend a cordial invitation to the public to attend.

MRS. GERTRUDE HENRY

Legion Team Thanks People For Support

The American Legion Junior Baseball Team wants to thank our many friends and supporters in our finance and many other ways in our efforts of training and recreation this summer. The name listed are those who Financed the Team: The Muleshoe Motor Company, Mr. Rockey headed the list with a nice contribution. Western Drug, Marvin St. Clair, Bay-Vell Motor Supply, Carroll Goss, E. R. Hart, M. G. Bass, Hugh Freeman, Pat R. Bobo, Cecil Tate, T. W. Berry, J. L. Taylor, Howard Cox, C. W. Weeks, King Bros. Grain, Covin Motor, Homer Sanders, R. B. Precure, E. W. Johnson, Weidubush & Childers, Davis and Lenderson, Johnson and Nix, R. D. Precure, Emmitt Cross, Johnson & Pool, Mack Hale, Royce Cafe, C. & H. Chevrolet Co., O. D. Ray, Muleshoe Liquefied Gas Company, R. L. Mattheissen, Bill Collins, Vance Wagon, W. Q. Casey, J. V. Peeler, coach Green and Coach Bailey.
The Team Treasurer, Gilbert Woldard.
Team Manager: Clyde A. Bray, Sr.

Appreciation Pot Is \$290 Saturday

Appreciation Day "Pot" the coming Saturday will be \$290, Mrs. Howard Cox, secretary, announced today. Holders of 50 per cent tickets will have the chance to be awarded \$145.
Mrs. R. P. Tibbets was the lucky person at the drawing held last Saturday afternoon. Drawings are conducted every Saturday afternoon at 3 o'clock.

Dr. Coleman Opens Office In Portales

Dr. John B. Coleman, dentist, has opened his office for practice of his profession in Portales, New Mexico.
Mrs. Coleman is a daughter of Mr. and Mrs. Jesse Osborn of Muleshoe.
He is a native of Alabama, and is a graduate of the University of Louisville dental school. During the war he served as a tail gunner on a B-29 bomber and was in training in Clovis. He completed his dental training at Louisville after his discharge from the Air Force.

Construction To Begin Immediately; Estimated Cost To Be Over \$75,000,000

Dallas Men Walk Away From Plane Crash Here Sunday

No one was injured in a plane crash which occurred here late last Thursday afternoon just west of the local airport.
The plane a reconditioned Army UC-78 which was owned by one of the men, developed engine trouble at some point east of Muleshoe. The pilot brought the plane in to the local airport on the other engine, but in his attempt to land at the local airport, he came in too hot and overshot the field.
He made an attempt to gain altitude on his remaining engine, barely clearing some high lines west of the airport, but his effort to gain altitude became hopeless, so he decided to set the twin engine plane down in a pasture.
The pilot managed to clear another highline by inches, but when he set it down, the wheels hit in a deep rut, tearing them away from the plane which continued to slide on its belly for a considerable distance before coming to a stop.
The two men got out of the plane took their hunting equipment out and continued their trip to Colorado.
Elyse Jennings purchased the plane from the Dallas man before he left and will probably repair the plane and use it at the local airport.

Championship Rodeo Here 16th

The Non-Professional Rodeo Association is planning a big event in Muleshoe for Sunday afternoon, October 16, and cowboys and rodeo performers from a wide section of Texas and New Mexico are expected to be on hand. More about this event, which will climax the rodeo season in these parts will be carried in this paper next week.
It will be a championship show, and only high point contestants will perform. The show will take place in the Muleshoe Rodeo Arena.
There will be trophies for the top winners of the year. Included in the trophy list will be two hand-tooled trophy saddles; and four gold and sterling trophy buckles.

Walks And Drives At New School Laid

Cement walks and drives were being laid this week around the new school building, which comes near completion now with every passing day.
Another report was that virtually all the plastering on the inside of the building has been completed.
The Voc. Ag. boys are doing some improving at their building, which is located on the new school campus, and they hope to soon level the ground around the building and plant a nice lawn.

Gupton Receives College Degree

Connie Gupton, Muleshoe, was among the 58 students receiving degrees at the University of Redlands Fall Commencement Sunday September 25.
Forty-six students received their Bachelors of Arts, eleven were granted Masters of Arts while one received a Bachelor of Music degree. Dr. George H. Armacost, president of the university, delivered the address, "Charting the Course in Higher Education."
A graduate of Muleshoe High school in 1941, Gupton attended John Tarleton Agriculture college and Texas A. & M. He majored in Business Administration with a minor in psychology.

St. John's Plans Mission Rally

St. John's Lutheran Church of Lariat, Texas, W. B. Gummelt, pastor, will celebrate its annual Mission Festival, Sunday October 9. The Rev. H. H. Quittmeyer of Dunus, Texas, will be the guest speaker. The morning service will begin at 10:30. The afternoon service will be at 3:00. Dinner and supper will be served to all visitors by the ladies of St. John's. You are most cordially invited.

NEW FEDERAL CROP INSURANCE LAW

The Federal Crop Insurance Bill, H. R. 3825 (Abbitt, D., Va.) was signed by the President on August 25, becoming Public Law 268.

Under the amended legislation, a 50 percent increase is authorized each year for 1950, 1951, 1952, and 1953 over the number of counties in which the Federal Crop Insurance Corporation was authorized to operate in 1948 and 1949, the program's county limitations for these years were 200 wheat counties, 56 cotton counties, 50 corn counties, 50 flax counties and 35 tobacco counties.

In addition, the Corporation is authorized to expand its multiple crop plan to 50 counties in 1950 and add 35 counties each year through 1953. Under this plan, several crops are insured under one policy to enable the producer to protect the major portion of his crop investments at low cost. This program operated in two counties in 1948 and in seven in 1949.

The trial program for dry edible beans may be expanded to 20 counties in 1950 and 10 counties can be added each year through 1953.

The new legislation limits crop insurance on all commodities except tobacco to the period while the insured commodity is in the

Uncle Sam Says

June 17, 1775, 174 years ago, our forefathers fought a great battle for freedom and opportunity at Bunker Hill. Each one of you realizes that to maintain the freedom and opportunity for which they fought you must be ever vigilant in doing your share. One of the country's greatest assets is a sound economy which you can help to uphold. Your government is providing the opportunity through the U. S. Savings Bonds program. If not already enrolled for the safe, automatic way of purchasing Savings Bonds, the great Opportunity Drive, now in progress, is your own individual opportunity.

U.S. Treasury Department

Pat and Mike were detailed for scout duty overseas. The commanding officer ordered them to conceal themselves in a cow's hide and pretend to graze over toward the German trenches. Pat was given the front legs and Mike the hind legs.

All went well until Pat received a prod from his buddy. "Come, let's be out of here," hissed Mike. "What's the matter?" queried Pat.

"Matter" snorted Mike. "Here comes a German with a milk pail."

In the case of tobacco where the value of the production cannot be adequately determined until the crop is cured, the investment protection now can be extended to the period while it is in the barn being readied for market.

Capital stock deficits of approximately \$73,000,000 accumulated through 1947 in the experimental process of developing a sound basis for providing federal crop insurance protection were cancelled by the new legislation.

Babson Discusses "Brain Foods"

BABSON PARK, Mass., Sept. 30. I am not a dietitian and am not justified to discuss what the average reader should eat or not eat. This is something about which you should consult your physician, who—moreover—should advise you only after a careful examination.

Importance Of Health

Babson Institute at Babson Park. In connection with my colleges, Babson Institute at Babson Park, Massachusetts, Webber College at Babson Park, Florida, and Utopia College at the U. S.

"Center of the U. S.", Eureka, Kansas, as we have given much thought to "brain food".

Of course, your sons and daughters are best able to successfully carry on their college work by being in all-round good physical condition.

Good health requires a normal mixed diet along with plenty of sleep, fresh air and exercise. Diet fads are as silly as other fads. Good habits usually assure good health and good health usually results in good marks. If your child does not do well in school or college, it probably is due to bad habits or wrong food.

What About "Brain Food"?

Authorities tell us that certain foods are helpful to certain organs of our body. This especially applies to the brain. Our brains appear to grow best on phosphorus, glucose and oxygen. These products are most easily assimilated from salt-water fish, eggs, vegetables and fruits. We especially should avoid unnatural and adulterated products and insist upon a good diet of proteins, mineral salts and vitamins. Those of us who are dependent upon our brains should - I am told - also cut down on sugars, starches and fats.

Doctor Louis Berman, author of the most interesting book, "Food and Character," published by Houghton, Mifflin Company, says that our brains feed upon lactic acids derived from glucose and that oxygen and lactic acid "burn" to make that inner fire which is the soul." Naturally, iron and traces of other minerals function as catalysts in feeding the oxygen from the air through the blood to the brain cells. The great dependence of the brain upon oxygen is shown by the fact that, upon the failure of sufficient supply of oxygen, our brains are the first to lose consciousness, ceasing temporarily to function.

Suggestions To Colleges

This column is not written to give any reader medical advice. My purpose is to appeal to colleges to give more attention to the eating habits of their students. Colleges insist that the students be at their classes and remain in the class fifty minutes, yet these same colleges have no rules as to whether the students spend five minutes or thirty minutes on eating a breakfast which is far more important than their class work.

When it comes to other meals, the policy seems to be to feed the students what they want, which mostly consists of starches, fats and sweets, which they should eat only to a limited extent.

Certainly, colleges would be justified in having a special table for those students behind in their grades, insisting that - until they

get caught up—they have regular meals, spend a half hour at the table and eat a special diet. Frankly, I believe if colleges would spend more money on food, students might learn as much in three years as they now do in four, especially if in the right climate.

The above thoughts also apply to public school lunches. Most large schools now have dietitians but these women are used chiefly to keep down costs and avoid waste. If they don't supply the children with enough hot dogs, coffee and cakes, the kids go on a strike! These dietitians know what the children should eat, but are largely helpless in getting the children to eat properly.

Certainly, the dietitian should have absolute control of the lunches eaten by the children who are behind in their studies. Diet is only reasonable. It would be giving the dietitian no more power as to lunches than what the teachers now have as to lessons, hours and behavior. Not only would such a special diet be a real help to the backward children, but it might result in a better diet for these children at home. This would surely help their marks.

Value Financial Reserves Stressed

DALLAS, October 4—The value of financial reserves in farming and ranching operations will be emphasized in a special effort to sell U. S. Savings Bonds to farmers and ranchers of Texas this fall, Nathan Adams, State Savings Bonds chairman, announced today.

The program is now getting started with the cooperation of the major state and federal agriculture agencies. Adams said it would continue through October and possibly well into November.

Nearly all of the 385,000 farm and ranch families in the state will receive letters and printed literature about Savings Bonds. Adams said that the mailing lists of county agriculture agents and county representatives of the production and marketing administration (PMA), the Production Credit Corporation (PCC), and the National Farm Loan Association (NFLA) are being utilized to achieve virtually 100 percent distribution in rural areas.

Adams said that other activities in the program will include distribution of 25,000 to 30,000 posters for display in banks, cotton gins, hardware and implement stores, and other places where farmers meet or transact business; distribution of special literature to vocational agriculture students; and supplement projects to be under-

taken by various agriculture and livestock associations.

"A financial reserve is a powerful aid for proper management of a business," Adams said, "and farmers and ranchers need such a reserve for their business just as much as do the merchants or manufacturer.

"We want the farmer and rancher to become as well acquainted as the city man with the value of Savings Bonds as the means for acquiring financial security. Agriculture has always been a hazardous business, subject to sudden disasters such as flood, drought, epidemic in the livestock, or a sharp break in commodity prices. The farmer or stockman who builds a strong financial reserve for himself by investing in Savings Bonds during the good years protects himself

against these emergencies.

"If emergencies fall to develop his cash reserves are still available for buying more land, expanding production, replacing old buildings and equipment, home improvement, education of his children, or comfortable retirement in old age."

I wrote to her every day for two years, and what do you think was the result? She married the postman.

Employee: "I don't like your methods of doing business, Mr. Crafton. I resign."

"Practical" Business Man (sneeringly): "You're a holler-than-thou guy, eh?"

Employee: "No; merely a square peg in a crooked hole."

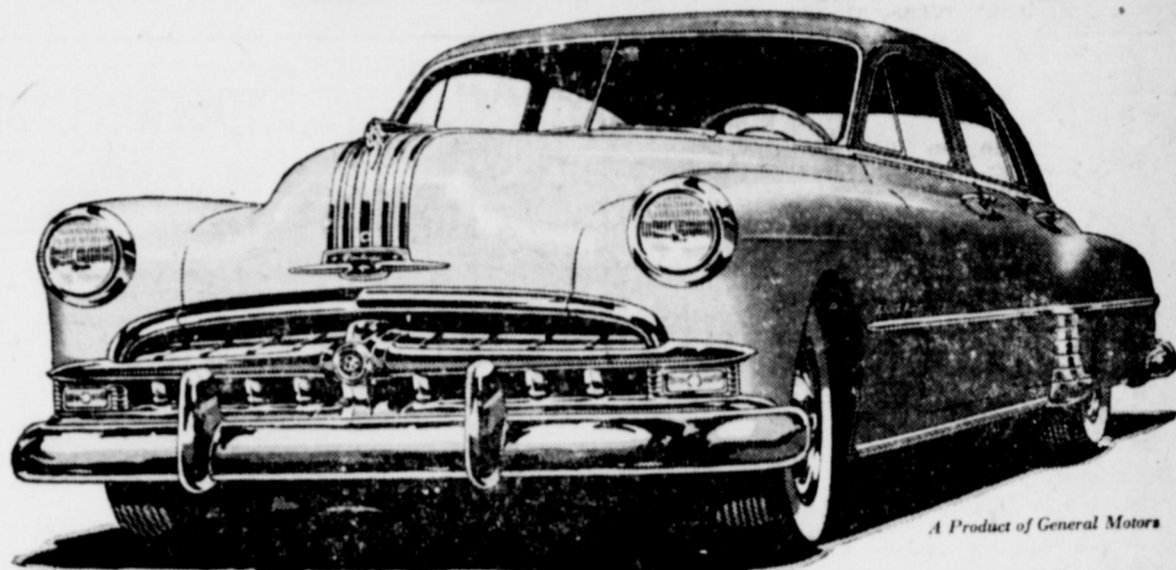

Lady (engaging a new maid): "And what denomination are you?"

Maid: "Well, mum, mother goes to the Baptist church, and father to the Methodist, but speaking for myself, I'm radio."

Slants From The Sidelines...

By W. E. Hill

A couple of bad breaks or bad errors made by our boys last Friday night cost them the ball game against Sudan. We outplayed the Sudan eleven throughout the entire game, pushing them all over the field, running up 14 first downs, while they were held to only 3 first downs.

However, the best of teams

CRIPPLED JACKETS GO TO SEAGRAVES FOR GAME FRIDAY

Goss And Kersey Out With Injuries

make mistakes which cost them the game, so we shouldn't feel too badly about it.

Saturday night for instance, SMU capitalized on a Missouri fumble to win over the Missouri eleven 28-7.

We are a long ways from being out of the race for the district championship, but we have a long hard fight ahead of us to

The Muleshoe Yellow Jackets take to the road again this weekend. They will travel down to Seagraves, where they will meet this strong 4-AS contender in a non-conference battle on their own battleground.

Not too much is known here about the Seagraves eleven, but they are considered strong contenders for the championship of district 4-AS. However they have been defeated in one conference tussle by the Post Antelopes, but are far from being eliminated from the district race.

A large crowd of local fans are expected to follow the Yellow Jackets to Seagraves and to give them their moral support during the game.

Coach Green's eleven has been plagued by injuries every game he has played this season. Last weekend Ray Kersey was out with a leg injury. This week Bobby Goss will probably fail to make the line-up due to a leg injury received in Friday night's game.

Teddy Lawler was not up to par last Friday night due to a kernal on his foot, but he played the entire game despite his injury. Joe Cummings of course will be out for the remainder of the season. One or two other men have received small injuries during practice and during games which has hindered the Jackets offensive considerably at times.

stay in the race. Actually we may be in a better position than we would have been had we defeated Sudan. The other teams may think we will be easy when we meet them, but we are sure that there will be nothing easy about defeating the Muleshoe eleven at any time for the remainder of the season unless we become so crippled that we can't untrack.

Bill Green has been turned into an end and played at that position last Friday night and made a very good showing of himself at that position.

Joe Cummings was out for the game and the crowd gave him a big welcome when he was carried onto the field.

We don't have anything to gripe about this week except for one thing... our blocking didn't look near as good this week as it did against Slaton although at times the blocking was fairly good. The tackling was ok, our line did a fine job of defense and offense except on two or three occasions. On one occasion Sudan sifted through our line like bullets out of a machine gun, blocking Goss's kick for a safety. . . . Again the Sudan line roared through our line, blocking Goss's kick again, but this time for a TD.

Even though we lost to the Sudan eleven, we still KNOW we have the best ball club and we would give 15 points if the two teams were to meet again this season and take Muleshoe all the way.

We think our boys have got what it takes and are likely to be giving everybody they meet from here on out plenty of trouble. They are getting a little rougher and a little tougher all the time as well as becoming a little smarter. Of course they are going to continue to make a few mistakes, but as we said before, the best of teams make mistakes which prove disastrous to them at times.

We don't put the blame on any one ball player for losing the game or the coaches, it was just one of those things that happen in football games. . . . Sudan, if you remember pushed Hereford all over the field, but lost the ball game in the closing minutes of play.

HOW TO SHOOT A RIFLE

By ARTHUR E. COOK

National and Olympic Rifle Champion

Trigger Control

Control of the trigger can make or break you as a shooter. The accepted movie hero technique of yanking at the trigger with hardly more than a glance at the target is bosh. You can't hit anything consistently that way.

When your sights are aligned on the target the only way to get off the shot is to squeeze the trigger with such a smooth and steady motion that you do not disturb that aim. The trigger is squeezed by a steady movement of the forefinger only.

Speed and smoothness in the trigger squeeze can be combined but it takes practice and the best way to practice is with an empty gun. Aim at a small bullseye across the room and carefully let-off each shot. Since the rifle does

not actually fire you can see your mistakes.

Another thing—while squeezing the trigger stop breathing and relax. The rise and fall of the chest while breathing will throw your sights off the target. Relaxation will reduce your pulse beat, which is another disturbing factor in precision aiming.

One final hint — always follow through. By that I mean keep looking through the sights at the target even after the shot is fired. This prevents movement of the gun before the shot has left the muzzle and often enables you to see where your shot hit when you are shooting in the field.

(This instruction based on the booklet, "HOW TO SHOOT A RIFLE," published by The National Rifle Association, Washington D. C.)

Be sure of your target!

Hornets Capitalize On Jackets

Errors To Win Conference Tilt 15-0

Sudan Eligibility Is Questioned

The Sudan Hornets capitalized on two or three bad plays made by the Yellow Jackets here last Friday night and defeated the Yellow Jackets 15 to 0.

The Yellowjackets outplayed the Sudan eleven throughout the entire game, rolling up 14 first downs both in the air and on the ground while holding the Hornets to only 3 first downs.

The Sudan eleven stopped a long Jacket drive in the second

Last night (Wednesday night) a meeting of the District Interscholastic League was to determine whether or not Sudan would be declared ineligible. If so they would have to forfeit the game which they won over Muleshoe last Friday night and possibly other restrictions could be made against the Sudan school.

However most of the people here hope that Sudan receives an OK and everything is left just as it is. Later details concerning this matter can be found elsewhere in this issue.

quarter on the 15 yard line which proved to be the farthest penetration of the game for the Jackets even though they did get inside the Hornet 20 yard line on two other occasions, but could go no further.

The first score in the ball game came early in the third period. Sudan kicked off to Muleshoe and Odell Spivey missed the ball which rolled on down to the 1-foot line where he tried to pick it up, but fell. On the next play Sudan blocked Bobby Goss's kick out of the end zone for a safety which netted them 2 points. Muleshoe kicked to Sudan from their own 20 and then held them on downs. Sudan got off a 34 yard punt to Muleshoe's 3 yard line. Muleshoe kicked out to their own 28 yard line, a very short kick.

Sudan took over possession on the Muleshoe 28. Sherrill tossed a pass to end Whitmire to the 11 yard line. After two unsuccessful attempts at hitting the Muleshoe line, Hammock crashed through tackle and went on to the goal line scoring Sudan's first TD. Try for extra point failed and the score stood 8 to 0 in Sudan's favor.

Again in the fourth quarter the Jackets were maneuvered into their own end zone. Bobby Goss with his back to the wall tried to kick out, but the Muleshoe line failed to hold and his kick was again blocked, but this time an alert Hornet linesman caught the ball and stepped across the goal line for Sudan's second TD. Whitmire, who plays at end, moved to a backfield slot and crashed through the Muleshoe line for the extra point running their total to 15 to Muleshoe's 0.

IN ROSWELL Mr. and Mrs. J. L. Taylor spent Wednesday in Roswell, with their son Carter who is in school there.

Three Way Field To Be Lighted

Three Way high school will have a lighted football field, thanks to the generosity of citizens of the district, H.H. Homsley, school superintendent reported this week. He told The Journal that more than \$1,000 had been contributed for expense of lighting the field. Three Way has been fielding a six man football team the last year or two and some of their games have been played in Muleshoe. The lights will be used Friday night of this week for the first time when Bula and Three

Portales Cotton Gets Drastic Cut

PORTALES, Oct. 5.—Roosevelt county cotton growers will receive only 11,400 acres for cotton production next year, Joe Randolph, ACA secretary, has announced. The figure compares to 40,000 under cultivation this year.

According to Randolph, the new cotton controls will be based on the 1947 and 1948 acreages. The county committee may take either 85 per cent of the 1948 crop or 95 per cent of the average for the 1947 and 1948 crops as the basis for the acreage division, he said.

The secretary pointed out that the acreage figures used in computing the allotment are those compiled by the Bureau of Agricultural Economics and not those made by farmers to the county committee.

"In every case the BEA figures for Roosevelt county are substantially below the totals from the farmer's records," he explained.

"In 1945, the first year for which the records have been compiled, since restrictions went off during the war, the BEA gives the county credit for only 700 acres of cotton.

"Farmers reported a total of 3,077 acres for that year. The BEA figures and the farmer's reports, respectively, for the intervening years are as follows: 1946—1,300 and 6,000; 1947—12,750 and 17,000; and 1948—11,260 and 12,260.

Randolph says that it is possible that farmers used planted acreages instead of acres in cotton as of July 1, for their figures. He also believes that the BEA in checking warehouses and gins as the basis of their report, may not have taken into account the cotton grown in Roosevelt county and which is ginned in Texas.

Although the county ACA committee has not completed the report on the 1949 crop, the ACA secretary expressed the belief that it will amount to at least 40,000 acres, by far the largest ever grown in the county.

TO AMARILLO

Mack Hale and Lamond Lane attended the American Hair Dressers Association, Sunday in the Herring Hotel at Amarillo.

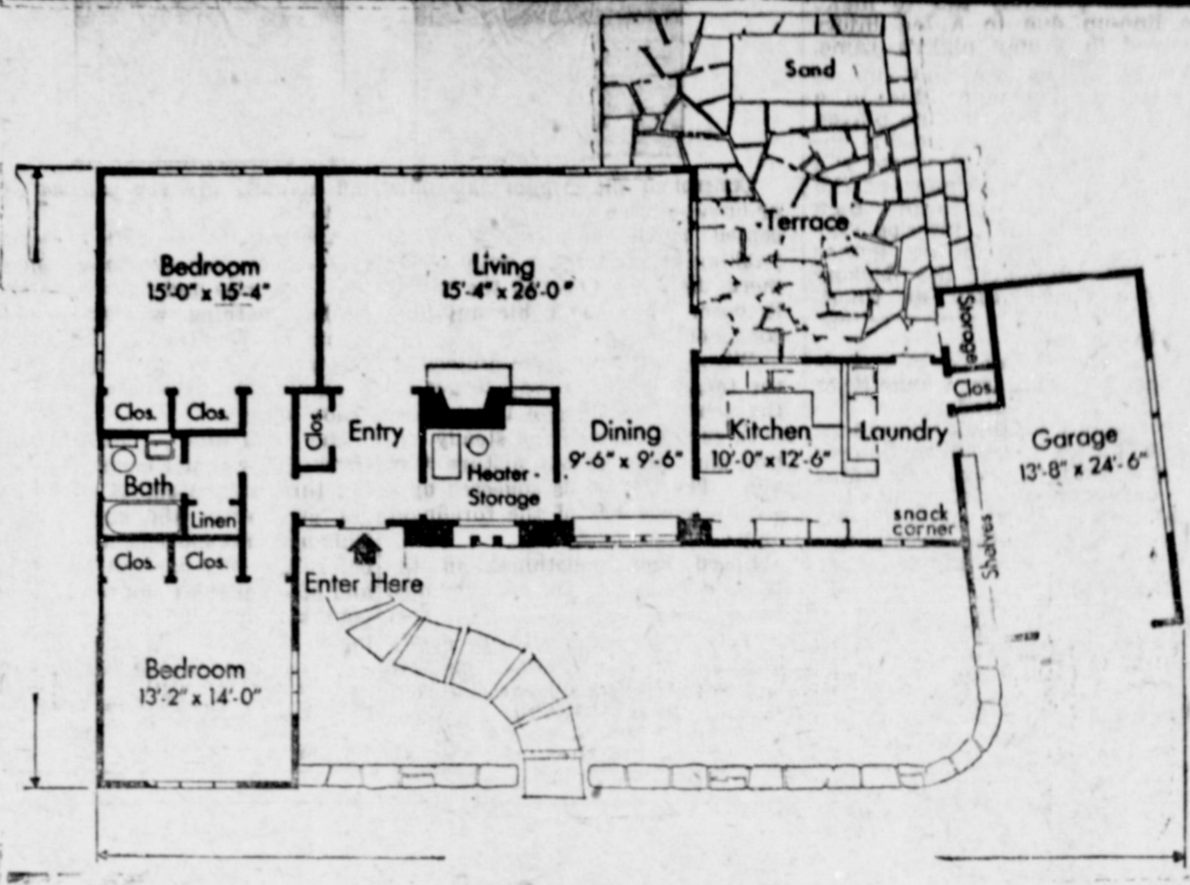

RED CROSS NEWS

The local chapter of the Red Cross is asking for childrens clothing, especially boys. Bring the clothes to Miss Elizabeth Harden at the county judge's office in the courthouse.

Created for Charm and Children

Here's a house that offers the luxury of sweeping contours and the utility of spacious terraces for children's play and adult recreation—all on a lot only 76 feet wide. Fieldstone walls and chimney, harmonizing with gracefully-battered plywood, give the exterior a permanent tidiness. The rear terrace, with sunken sand pit, is sheltered on three sides and has easy access to kitchen window buffet. Each large bedroom has two closets and is cross-ventilated. Four picture windows in the living room and dining ell overlook both garden and front terrace. Sketch plans are available by writing Good Housekeeping magazine.

BAILEY COUNTY CEMETERY ASSOCIATION

The Bailey County Cemetery Association met last Tuesday night in the District Courtroom in the courthouse with Harold LaFont of Plainview as guest speaker.

FEATHER COMFORT CONSTRUCTION

There will be a demonstration on the method of making feather comforts October 11, from 10:00 to 12:00 a. m. in the District Court Room. Miss Lella Petty, County H. D. Agent from Floyd County will give the demonstration. All who are interested in this work are urged to attend.

BULA VISITORS

Mr. and Mrs. M. G. Bass visited her sister and family, Mr. and Mrs. J. L. Phipps of the Bula Community Sunday.

BACK FROM THE SERVICE

"Pete" Dowell, son of Mr. and Mrs. G. S. Dowell, is back from the service. He has been in the Armed Forces since graduating from Tech last Spring. The elder Dowell is Voc. Ag. teacher in the Muleshoe schools.

**Clerical Workers
Needed At Austin**

AUSTIN, Oct. 3.—Open competitive examinations for clerical, stenographic and secretarial positions with the Texas State Department of Health are being announced this week by Mr. Russell E. Shrader, Supervisor of the Merit System Council.

Applications and information are available on request from Merit System Council, 805 Littlefield building, Austin, Texas.

Examinations will consist of a written test to count 50 per cent, and a performance test for the kind of work to be done will count 50 per cent. Classifications for which examinations may be taken are Jr. Clerk, Clerk, Clerk-Typist, Clerk-Stenographer, Stenographer, Sr. Clerk, Secretary, Sr. Secretary, Technical Clerical Assistant, Jr. Bookkeeper, Sr. Bookkeeper, and Chief Clerk.

All applicants must be high school graduates. Other requirements range from no experience for the lower classifications up to six years' experience and defined special abilities.

The teacher was trying to impress the class with the age of bad habits. She asked, "What is it we find so easy to get into and so hard to get out of?"

"Bed," came the answer.

THE MULESHOE JOURNAL, Thursday, October 6, 1949

**Committee Favors
All 10 Amendments**

AUSTIN, Sept. 3.—A campaign urging the voters of Texas to vote for all 10 of the proposed constitutional amendments in the Nov. 8 special election has been launched by the Texas Social and Legislative Conference.

In a booklet the Conference is distributing each of the amendments is explained briefly with reasons why the organization favors adoption.

The Conference, which was organized in 1944 "to arouse Texas citizenry to the deeper significance of democracy," is composed largely of farm, labor, old age pension and independent liberal groups with Robert C. Eckhardt of Dallas as chairman.

"After careful consideration, we have concluded that all 10 amendments should be approved on Nov. 8," Eckhardt said. "They all provide for improving the lot of Texas citizens, some in very minor ways but others, such as poll tax repeal and legislative salary im-

provements, in very important ways. We wholeheartedly urge the voters of Texas to vote for all the amendments on the ballot."

SEE and HEAR **OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL** every Thursday on Television

"Buick's the Buy"

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this: There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

Homemaker Class Met Tuesday P. M.

Homemakers class of the First Baptist Church met in the home of Mrs. Beulah Motheral, Tuesday afternoon.

Mrs. Ethel Burrow led the opening prayer.

Minutes were read by Mrs. Beulah Motheral.

Vice President, Mrs. Lovie Benson, gave her report and ask for the group captains reports.

Group Captains, Mrs. Motheral and Mrs. Spence gave their reports.

Mrs. Burrow, Fellowship Vice President, gave her report. Unfinished business of the year books was taken care of.

Mrs. Lovie Benson was appointed as the assistant secretary.

Eleven members and one visitor were present. The visitor was Mrs. Lane.

The meeting was dismissed by chain prayer.

SMART COLLEGIENNE

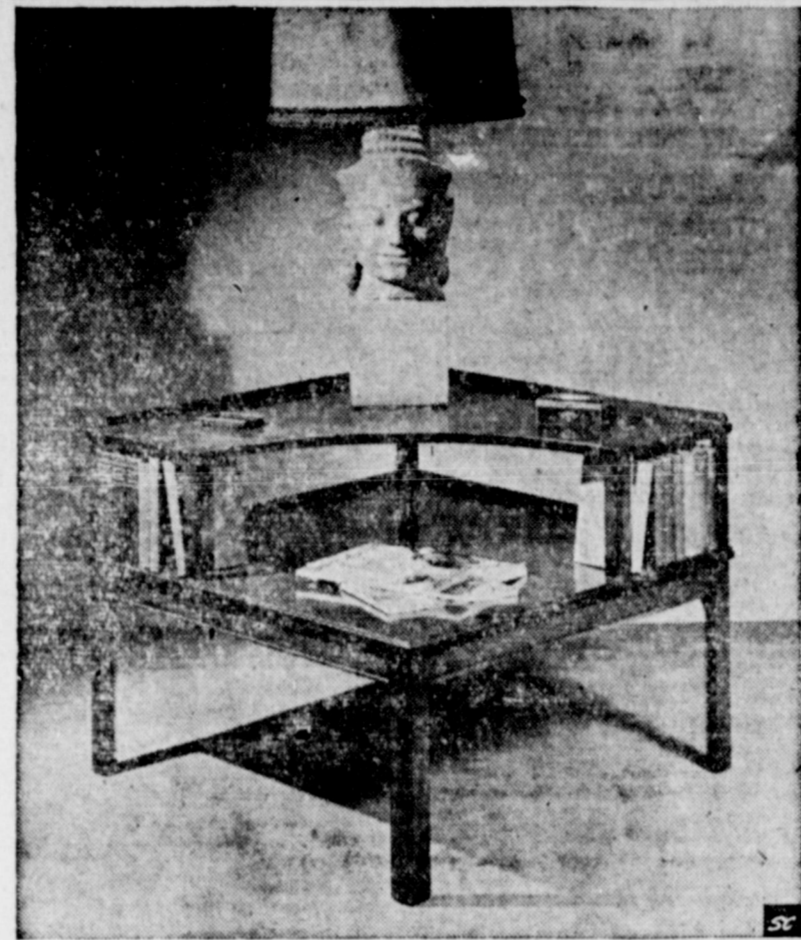

Corduroy is the cool's choice this fall for both sportswear and Gate frocks, the National Cotton Council reports. Here, a smart college lassie wears one of the glamor new corduroys. Her flattering princess-style dress was designed by Miss Modes of St. Louis.

MRS. LEE R. POOL has just received a new shipment of bulbs, including hyacinths, tulips, narcissus, jonquils, and iris, included are all colors. They are beautifully packaged and you are invited to come in and see what we have. All kinds of foliage plants for dish gardens or planters lamps, and blooming plants in season. Fresh shipment of ivy in all types and sizes. 41-1c

THE MULESHOE JOURNAL, Thursday, October 6, 1949

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN—Chinese inspired furniture designs are being used more and more as "accent" pieces in both traditional and modern room settings. The illustrated corner table is an excellent example of the best of Chinese-Chippendale styling and an especially smart accent for the traditional or modern room. Made by the Imperial Furniture Company, the table is mahogany, designed on a large scale and supplying ample room for lamp, smoking needs, books and decorative accessories. Such pieces may be used alone as a setting for a prized collection or used as the corner focal point of interest with a large sectional sofa.

Janice Jordan Installed As Worthy Advisor In Impressive Ceremony

Three Way T. E. L. Class In Meeting

The T. E. L. Class of the Three-way Baptist church met in the home of Mrs. Earl Humphrey, Wednesday afternoon September 28, for a called meeting and re-election of officers.

Mrs. Amos Sedwick brought the devotional with the reading of the 2nd Proverbs.

Following the business and re-election of officers delicious apple pie and coffee was served to the following members: Mesdames M. D. Gaddy, Louise Neutzler, Amos Sedwick, Roland Shepard, H. L. Baker, Carroll Fort, Andrew Witter, Billy Key, Albert Ellis, J. C. Hamlin, Earl Humphrey and a visitor Mrs. Lorene Bagwell.

Janice Jordan was installed as Worthy Advisor of Muleshoe Assembly of Rainbow Girls in an impressive ceremony Sunday afternoon October 2, at the Fellowship Hall.

Other officers installed were: Song Waggoner, Associate Advisor; Peggy Jo Robison, Charity; Pat Lane, Hope; Jeri Nell White, Faith; Dolores Locker, Drill Leader; Pat English, Treasurer; Mary Martin, Chaplain; Holly Ann Cox, Musician; Bobbie Collins, Choir Director; Gay Sanders, Confidential Observer; Jon Ann Thomson, Love; Shirley Graves, Religion; Jackie Bovell, Nature; Pat Broyles, Immortality; Jay Ann Wier, Fidelity; Marilyn Gupton, Patriotism; Jo Addine Wagoner, Service; Billy Faye Graves, Recorder.

Choir: Norma Gay Graves, Kathryn Norwood, Frances Toten, Dixie Lee Jennings, Joyce Collins, Mary Wingo, Beverly Casey, Billy Margaret Collins, Marion Clark Harris, Joy Snyder, Peggy Julian, Kay Malone, Ann Johnson, Emily Jarnigan, and Rita Peeler.

Installing officers were: Mrs. Nona Blake, Douglass, Marshal; Mrs. Janet Wagoner, Chaplain; Mrs. Erma Ray, Recorder; Mrs. Helen Gardner, Musician.

Mrs. Inez Bobo and Miss Dixie Lee Jennings gave appropriate solos honoring the new Worthy Advisor.

A reception honoring Janice Jordan followed the installation service at which a beautifully decorated two tiered cake decorated in the rainbow colors with the name Janice on top was cut and served by Janice.

Kay Malone Jr., Past Worthy Advisor, presided at the punch bowl.

About fifty guests were present for the service and reception.

Grand Officers Are Present For Friendship Night

In the beautifully decorated Masonic Hall, Muleshoe Chapter No. 792 O.E.S. met Tuesday for Friendship night.

Over one hundred members and visitors from six towns, Sudan, Earth, Amarillo, Olton, Littlefield, Crosbyton and one foreign country, Scotland, were represented.

Grand Officers present for the occasion were: Pat Boone, Past Grand Patron; Mrs. Flora Best Boone, Associate Grand Conduress and Mrs. Blanche Dodgen, Deputy Grand Matron District 2, Sec. 4.

The welcome on behalf of the Muleshoe Chapter was very graciously given by Mrs. Elizabeth Gardner, P. M.

A reading on Friendship was presented by Mrs. Anna Lucy McAdams.

Mrs. Inez Bobo very beautifully sang "Ventian Melody" accompanied at the piano by Mrs. Gardner.

RAINBOW STRIPES

A vest of rainbow colors is designed by Stephanie Kuret in cotton corduroy to match trim corduroy slacks for the college girl's play hours. Corduroy is the fall's favorite fabric this season for both sportswear and dress wear, the National Cotton Council reports.

Muleshoe H. D. Club Met September 23

On Thursday, September 23, the Muleshoe Home Demonstration club met at the home of Mrs. Tom Zimmer with one new member and fourteen old members present. Roll call was answered with ideas for use of fancy work.

Mrs. S. C. Caldwell gave the council report. She reported the style show will be held November 12, at fellowship hall.

Mrs. Caldwell gave a report on her trip to the Home Demonstration Women's District Short Course which was held at Tech college in Lubbock.

Several of the ladies brought fancy work and patterns to be exchanged.

Refreshments were served to Mesdames R. H. Johnson, S. C. Caldwell, J. W. Jarmon, Mack Hale, Marvin Wimberley, J. E. Day, Kenneth Burton, Roy Carney, C. E. Briscoe, J. T. Shofner, A. W. Copley, W. H. Axtrey, Kenneth Briscoe, Byron Jellcoat, and the hostess, Mrs. Zimmer.

The next meeting will be held at the home of Mrs. Kenneth Briscoe October 13. The time is 2:30. Everyone is asked to please be on time.

WSCS Discusses Xmas Packages

The Y. L. WSCS met September 29, at the school house at 2:30 with eleven members and one visitor present.

The president, Mae Witterding, presided.

The meeting was opened by the group singing "Take the Name of Jesus With You". Prayer by Miss Dot Witterding. Minutes of last meeting were read and approved. This followed by roll call, answered by verses from the Bible.

We discussed sending Christmas packages overseas. All wanting to send packages are asked to bring them to the church Sunday, Oct. 9, and Mrs. Blalock will send them.

P. V. Social Club Met In Allison Home

The Pleasant Valley Social Club met on September 28, at the home of Mrs. Oscar Allison. At the business meeting, it was decided to have another contest to run for a period of three months. The losers are to entertain the winners at the end of this period.

A donation was made to the Polio Fund in the amount of \$35.25. This was made at a bake sale September 24.

It was decided that the club would adopt a boy at the Boys' Ranch Farm at Springlake. He is to be remembered on his birthday, at Christmas and at other times during the coming year.

After the business session, an enjoyable social hour was spent playing games and visiting.

Lovely refreshments were served to the following members: Mesdames Harold Allison, Herman Haberer, Savannah Moore, F. L. Andreas, B. H. Bickel, Gerald Allison, Jack Epps, and the hostess, Mrs. Oscar Allison. Mrs. Wiley Grizzle was a guest.

The next meeting will be with Mrs. Herman Haberer on October 12.

HABERER DINNER GUESTS

Dinner guests in the home of Mr. and Mrs. Johnnie Haberer Sunday were Mr. and Mrs. Clifford Laymon, Mr. and Mrs. Jarvis Angeley, Tracy and Elene, Karen Gillis and Kenny Hamilton.

the talk by Bob Milligen, Motherwell, Scotland was especially enjoyed.

Refreshments were served in the beautifully decorated banquet hall at the close of the meeting.

AT TRAINING UNION

Among those attending the Training Union rally at Anheim Sunday afternoon were Mrs. Clifford Laymon, Mrs. Jarvis Angeley, Mrs. Flice Hamilton and Mrs. Johnnie Haberer.

Mrs. Jones gave an interesting lesson on "Japan Begins Again" taken from Chapter 2, 3, and 4. Next meeting will be October 20, at the school house.

"Can't keep Dad out of the kitchen since we got our new Magic Chef."

GREATEST Magic Chef YET!

THE NEW HIGH LEVEL SWING OUT BROILER gives you the joys of year 'round barbecuing.

This exclusive Magic Chef feature adds real enjoyment to cooking—even Dad wants to do it. And for tasty, mouthwatering, juicy steaks—for hamburgers, done to a turn—this is the way to do it. It's a smokeless broiler and you don't have to stoop down to turn the food. The door protects you from splatters. It lifts out easily, too, and the whole unit can be taken to the sink for washing. This is just one of the features that will make you say, "Magic Chef is the range for me!"

Speeds Harvest

With another multi-million bushel corn harvest expected this fall, America's farmers are turning more and more to machinery to prepare the crop for use.

One improved machine (shown above) made by the New Holland machine company shells up to three and one-third bushels of corn each minute. This machine takes in ears of corn and seconds later ejects cobs in one direction and cleaned shelled corn in another. The shelled corn is either bagged or elevated into a wagon automatically.

Leaving Straw to Rot Costly to Dairy Men

Leaving straw to rot in the fields will get a farmer as much for his money as lighting a pipe with a 10-dollar bill.

Ivan H. Loughary, dairy specialist of the Wyoming agricultural extension service, says: "Use that straw for bedding down your dairy cows, and especially since the bedding problem always becomes acute during the winter months."

He adds that straw is costly.

FOR SALE—Electric Gibson Guitar and amplifier. See Martin Kube, 8 mi. out on Clovis highway. 41-3tp.

REAL ESTATE FOR SALE

Mr. Farmer, if land is what you want, we have it. Here is just a small part of what we have listed:

—3,000 Acres of good farm and ranch land. 700 A. of this ranch in cultivation. And has a good crop on it. Rest in grass.

—2 Labores. All in cultivation. 4 room house. Price \$52.50 per acre. Worth the money.

—480 Acres. Good home and a good irrigation well. The best of land. All will water. Price \$125 A.

—160 Acres. Nice and level. Modern home, on mail and bus routes. \$16,800. Has good loan. This farm has been plowed and is ready to sow wheat. Possession now.

We have plenty of 160 and 320 tracts and also lots of smaller tracts, some close in, too many to list. So if you want a farm, before you buy come and let's look our list over for we have some of the best farms to sell and the price is fair.

And if you want to sell your farm, list it with us for we sell them and do not keep them.

Eases Farm Chores

WAGON UNLOADERS are among the latest electrical devices to be developed for farm chore use. Most types are still in the experimental stage, but many sections of the country already are using them to a large extent. In Wisconsin, for example, 50 per cent of the farmers who have forage harvesters also have electric wagon unloaders.

Under ordinary circumstances, a three-ton load can be handled by one man in five minutes. Cost of operation is low, with power provided by a 1/2 horsepower portable motor which can be used on other farm machines when not connected to the unloader.

Narrow Poultry Houses Give Way to New Style

D. D. Moyer, extension poultry specialist at Ohio State university, says the narrow type poultry house 15 to 20 feet deep is giving way to houses 30 to 40 feet in depth, built long enough to house 500 and more birds.

Moyer cites a number of advantages in the new style housing. Wall space is cut down, heat loss reduced, cleaning is easier and it is less trouble to move equipment.

Seniors Pose For Pictures

Tuesday morning all seniors most dubiously clad in their most stunning glad rags tripped to school to see what it was like to have their picture taken. The pictures were first taken in what each one wanted; then they were taken in caps and gowns. Someone was heard to dryly remark, "Now I know what it feels like to be a senior, anyway."

Student Council Meeting Held

Student Council met in a regular session Monday at 12:15. They decided that they needed a parliamentary to keep them up to snuff in parliamentary procedure, so they elected Jerry Julian to fill the post. A motion was made which moved that the Student Council sponsor a square dance club for the purpose of teaching us how to square dance but the motion failed to pass since it would have to take the regular Teen Town night away.

Also they decided on what the all school favorites for Muleshoe High would be for the ensuing year. They are as follows: Class Favorites; Who's who; Outstanding Boy and Girl; Mr. and Miss Yellowjacket; Prince and Princess of Friendship; Most Beautiful Girl; Most Handsome Boy; and Carnival King and Queen.

Red Cross Recreation Program Helps Hospitalized Servicemen

Providing recreation and entertainment for hospitalized and convalescent servicemen is an important Red Cross job at military hospitals. These Red Cross hospital recreation workers take a group of patients for a tour of Mammoth Cave, Ky., during an outing sponsored by a community service organization.

Any woman will tell you she'd rather nurse five sick children than one sick man. Doctors and nurses are inclined to agree with her. A man resents being helpless and is often beset by fears for himself and his family.

The sick soldier is little different from the civilian, except that treating the sick serviceman presents additional problems.

Unlike the patient in the civilian hospital, who undergoes his convalescence at home, the soldier remains in the hospital until he is completely fit for duty. After the acute phase of the serviceman's illness is past, he is sent to a "reconditioning ward," where he remains until he is able to take up his regular military job. Sometimes he remains there for weeks. An usually he is far from home.

For recreation and simple, pleasurable activities to all those long hours of convalescence, military physicians in post hospitals look to the American Red Cross and its corps of specially trained recreation workers.

Recreational programs are adapted to the needs of both the man confined to his ward and the convalescent. They range from teaching a bedridden man to play solitaire to dances and bingo games for the man on the road to recovery.

There are motion pictures for both ward patients and the convalescent, and for the ambulatory patients there are tickets and transportation to nearby ball parks and theaters.

There are also the special services provided by volunteer workers. Gray Ladies run errands and write letters, Motor Service provides transportation. Volunteer Services, working with other community agencies, help bring into the hospitals boys and girls of the same age group as the hospitalized serviceman.

Red Cross provides the "home touch" which, added to medical and nursing care, helps restore the sick man to good health.

PROSIT IN BAVARIA

The United States Navy has a way of turning up in the least expected places. Here on leave at Garmisch in the Bavarian Alps, site of the 1936 winter Olympics and in pre-war days one of the most exclusive resorts in Europe, is an American sailor with two Bavarian friends performing an ancient ritual on a mountain top.

Scarlet Fever Is Disabling Disease

AUSTIN, Oct. 3.—Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. While only six cases were reported in the state during the week ending September 24, it brought the year's total to 311 cases.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever, and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives this disease its name Dr. Cox stated.

Complications may cause pro-

The "Why" Of Soil Conservation In The U. S.

At present the two and one-half billion people of the world depend upon 4 billion acres of land for their food, feed, fiber, and shelter, giving an average of 1.75 acres for each individual. Expert nutritionists find that not less than 2 1/2 acres are necessary to sustain life per individual. Therefore, 20 to 30 million are starving in the world each year.

The U. S. has an average of 3.3 acres of tillable land per individual. But our population is increasing rapidly and our land base is shrinking. Some 500,000 acres of precious land are lost to erosion each year. It doesn't take a scientist to figure that if we continue to lose in the Soil Conservation battle the time must come when we, too, will find it hard to sustain life of our growing population. The problem is urgent and it really is later than we think.

SUMMERY!

Cotton sunbacks are the girls' first choice for summertime, the fashion experts report. They serve double duty because when topped by a jacket or bolero, they're suitable for the business world. With out the jacket, they're just right for play in the sun. Clifford de Mar uses pincheck and plaid cotton for his interpretation of the versatile sunback style, the National Cotton Council reports.

Annual Staff Holds Meeting

Tuesday night the annual staff met to talk over their plans for the annual this year. They've started on their advertising campaign and since their annual sales have been going on for a week they ended them Friday.

About all we could find out since the annual is to be all secret this year is that it consists of one hundred pages and that there will be no grade school in it this year, as there has been in previous years.

longed disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism or crippling.

"A child with any kind of a sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown stand an excellent chance of never having the disease.

650,000 FIRES

There are about 650,000 building fires every year in the U. S.! Most appalling fact about these fires is that they yearly cause an average of 11,000 deaths.

Then there is the material loss to be considered: In 1940, the U. S. property loss due to fire reached \$725,000,000, highest in all our history. Carelessness may be said to have caused most of these deaths and property loss. During Fire Prevention Week, let's all resolve to be careful about fire.

Library News . . .

The Egyptian, By Mika Waltari. The story of the Egyptian is rolled out on a tremendous canvas. Set in Egypt, more than a thousand years before Christ. It is told by Sinuhe, physician to the pharaoh, and is the story of his life. Through his eyes are seen innumerable characters, full drawn and covering the whole panorama of the ancient world. Events of war, intrigue, murder, passion, love, and religious strife are revealed as Sinuhe describes his often brilliant, often bitter life.

Another new book on the library shelves is "The American Guide, by H. G. Alsberg, which tells where to go, what to see, and how to get there.

FROM PORTALES

Mr. and Mrs. Marty Ezell and family, of Portales, N. M., attended the expression recital of the pupils of Mrs. Horace McAdams and visited in the McAdams home last Thursday.

SCHOOL DAYS

No bookworm, this young scholar! She is more interested in the brand new cotton dress she is wearing for her first day at school. Her striped cotton frock, designed by Truie of California, gives her a real grown-up look of fashion.

Lazbuddy News

BIRTHDAY PARTY

Mrs. Dan Winn Jr. entertained with a birthday party for her daughter, Alma Jean on her 9th birthday, Friday from 5 to 7.

Those attending were: Leland Guston, Danny Mack Winn, Gordon Melany, Jimmy Ral Oliver, Jimmy Carol Waddel, Jerry Gleason, Janice Oliver, Neely Mace Steinbock, and Shelly Jo Steinbock.

Games of football and knocking for love were enjoyed after which refreshments of sandwiches, cake, ice cream and pop were served.

Mr. and Mrs. Truman Gleason and family went to Anson, Tex. Saturday, to take Mr. Gleason's mother, Mrs. L. T. Gleason. Mrs. Gleason had been a Lazbuddy visitor for ten days.

H. D. Hutton, Mr. and Mrs. Rex Steinbock, Willie Steinbock and son, Max were Clovis shoppers Thursday.

A nice rain fell Friday, it was very beneficial to the wheat. Some farmers will soon have wheat pasture.

Neighbors gathered at the farm home of Mrs. Y. B. Mayfield and J. T. Mayfield for the purpose of shocking feed Wednesday. After the job was completed a basket dinner was provided by neighbor

wish to express through this medium, their heartfelt thanks for the loving kindness and help from their neighbors and friends. J. T. is still in Abilene with his wife who is convalescing from polio. Mrs. Mayfield has been paralyzed from the waist down, but is now able to move one limb, and friends are hopeful for speedy recovery.

About the spelling of this place's name—it seems to be accepted either way Y or ie—anyway the name originated from two buddies, one whose name was Laz—So!

Mrs. H. D. Huthison and new daughter are now home from the hospital. Mrs. Huthison suffered from thrombophlebitis but is now recovering nicely.

FROM OKLAHOMA

Mrs. Flora Frie of Frederick, Okla. is visiting friends in Muleshoe this week.

FROM CALIFORNIA

Mr. and Mrs. L. N. Barrow, accompanied by Mr. and Mrs. Edwards, all of California, visited Mr. and Mrs. M. G. Bass Monday and preached at the Antioch Primitive Baptist Church Monday night.

OKLAHOMA VISITORS

Mrs. Robert Precure and Mrs. Herbert Covin visited in Oklahoma City last week. Mrs. Covin visited her son, Bill, who is attending Oklahoma University and Mrs. Precure visited her mother.

NEW FASHION NOTE

The newest fashion note of the season is the velveteen coat. This chic follower of Dame Fashion wears one of the most outstanding examples of the cotton velveteen styles. Her coat is practical as well as pretty, for it is Zelan treated to repel water.

Two From Bailey Enroll At Denton

DENTON, Oct. 3.—Miss Norma Lee Osborn, 1301 West, and Miss Mary Adeline Drinkard, Route 1, are among nearly 2,000 students enrolled at Texas State College for Women for the fall term. Two hundred and four out of 254 Texas counties are represented in the registration figure as well as 17 students from four foreign countries and 321 registrants from 31 other states. Housing facilities during this second year of normal peacetime enrollment are the best in the college's history as a result of the present three and a half million dollar building program. Miss Osborn, a senior business major, is the daughter of Mr. and Mrs. Jess M. Osborn. Miss Drinkard, daughter of Mr. and Mrs. Tom Drinkard, is a sophomore also majoring in business.

NOTICE TO ALL PARENTS WHO HAVE BOYS CUB SCOUT AGE

All parents who have boys of Cub Scout age and who are interested in having a Cub Scout organization in Muleshoe are notified that there will be a pack meeting at the Scout Hut Monday night, Oct. 10. Cub Scouts organizations are not just for boys alone, it is for parents and boys, without the parents' cooperation we can not have a Cub Scout organization. Remember, the boys of today will run the world of tomorrow, and the training we give them today will be a great help to them and to the world. We need more active den chiefs and den dads. Everyone who is interested, please come out Monday night and help us get better organized. TO PAMPA FOR VISIT Mrs. Harlan Davis went to Pampa for a short visit with her parents this weekend, returning with her grandparents, Mr. and Mrs. A. L. Davis.

Carrier Planes Make Call at 'The Rock'

The promontory of the historic fortress of Gibraltar serves as a backdrop for planes of the U. S. Navy's Valley Forge during the carrier's visit to the famous British bastion of the Mediterranean. The planes were land-based at the Royal Air Force strip during the ship's stay in Gibraltar. (Official U.S. Navy Photograph)

Zulus Play Host to U. S. Sailors

Natives in Africa give crew members of the cruiser USS Huntington and the destroyer USS Douglas H. Fox a lesson in basket weaving. With but a short four-day sojourn in Durban, South Africa, thirty U. S. Navy camera enthusiasts and adventurers made a tour into the interior to visit African tribes. Even the depths of the Dark Continent are no stranger to the contact of America established through the calls of U. S. Naval vessels to African ports. (Official U.S. Navy Photograph)

COLORS IN PALESTINE

At day's end on the roof of the American Consulate in Jerusalem, two Marines haul down and fold the flag of their country in the age-old traditional military ceremony. On duty at the Consulate in Jerusalem are twelve Navy men and forty-one Marines. The Bluejackets comprise a Navy Communications unit, while the Marine detachment is from personnel assigned to the Sixth Task Fleet. (Official U.S. Navy Photograph)

TO OKLAHOMA CITY

Cottonseed Buying Problem 'Solved'

WACO, Oct. 5.—President J. Walter Hammond of the Texas Farm Bureau believes the new price announced for cottonseed has solved the cottonseed problem.

The U. S. Department of Agriculture announced yesterday a program to buy cottonseed for \$46.50 a ton at the gin.

"This action will save farmers some \$10 a ton," Hammond said today. He said cottonseed has been as low as \$36 a ton in some areas.

The farmer under the old plan could get the \$49.50 loan rate only if he had storage space. Mr. Hammond said most farmers did not have such space.

According to a notice sent to the McLennan County Agricultural credit agency here by B. F. Vance, State Production marketing agency director, the ginner will act as agent for the county committee of the county agricultural credit agency.

He will purchase cottonseed from the farmer at \$46.50 a ton. The ginner will then be reimbursed by the Commodity Credit Corp., plus handling charges.

The ginner will store the seed. The paint job is no better than the application. Remove all loose and peeling paint from surface before starting the painting job. Paint only on a dry surface.

Preacher: "You must conquer yourself. I conquered myself when I was about your age."

Jones: "Well, you see, parson, I'm a harder man to lick than you are."

Patient: "Doctor, what are my chances?"
Doctor: "Oh, pretty good, but don't start reading any long continued stories."

Quarter Reports On Grid Game

Arrangement has been made by the Cross Roads Cafe and The Journal to receive quarterly reports of the football game Friday night between Muleshoe and Seagraves high school.

The game will get underway about 8:15. The report will be received at the cafe and posted in public view there. Results can be learned there.

A large crowd will accompany the boys to Seagraves. The stay at homes will follow with avid interest the fortunes of the jackets on this second tilt away from home.

FUTURE YELLOWJACKETS TO SEE ACTION TONIGHT

Boys who will be Yellowjackets in future years will see action on two grid fronts tonight.

The Junior team will travel to Levelland to engage the Juniors there, while the 8th grade team will go to Farwell for a tilt with boys of their class. The Journal failed to learn where the seventh grade team will play, but they are understood to have matched a game either at Farwell or at Levelland.

New Marriage Law Is Now In Effect

Effective today, new requirements for securing a marriage license in Texas have been added by law, it was reported by County Clerk M. G. Bass.

It is now necessary that both parties seeking a marriage license furnish the clerk's office with blood test data before such license can be issued—and the tests must be made at state-approved laboratories.

Applicants are reminded that they should pick up forms to be filled out by the doctors at the clerk's office, have them executed and then return the papers to the office when a license will be issued.

Laboratories currently approved in this area include:

Amarillo City Health Department Laboratory, approved for Kline exclusion, Kahn and Kolmer; Littlefield Hospital and Clinic Laboratory, approved for Kahn and Kolmer; City County Dept. of Public Health Laboratory, Lubbock, approved for Kline Exclusion, Kahn and Kolmer; Green Hospital and Clinic Laboratory, Muleshoe, approved for Kahn.

Eclipse Tonight!

The moon will be in eclipse tonight, and spotters can see the show from almost anywhere in North America.

Bailey County people are notified to be on the lookout at about 8:30 CST. The eclipse is predicted to last about an hour. It will be a full eclipse, since the earth will be squarely between the sun and the moon.

Congratulations To:

Mr. and Mrs. J. C. Dalton on birth of a son, September 30. He was named Gregory Lynn.

Mr. and Mrs. V. E. Cantrell on birth of a daughter, Pansy Sue, born October 2.

VA LIFTS CURBS ON VETERANS' EDUCATION

WASHINGTON. — The Veterans Administration has canceled its controversial order restricting the rights of veterans to change their courses of study under the GI bill.

Veterans Administrator Carl R. Gray, Jr., issued a new set of regulations permitting many veterans to change courses and schools or to take post graduate study or to enroll in schools established since September, 1944, without providing "special justification."

The older order, now abolished, required "justification" in such cases.

The new regulations continue a ban on avocational or recreational courses.

A man was trying to sell a horse which was broken-winded, but sleek. The owner trotted it around for inspection and remarked "Hasn't he a lovely coat?"

The prospective buyer looked at the heaving flanks of the animal, and replied: "Yes, his coat's all right; but I don't like his pants."

Last year the great American hen laid the staggering total of 55 billion eggs—enough to pave a road 750 feet wide from New York to San Francisco.

Q. What is the name of this cut of meat?

A. Pork blade steak.

Q. Where does it come from and how is it identified?

A. It comes from the pork shoulder. Blade steaks contain either a blade bone or an arm bone, depending upon the side of the shoulder from which they are cut.

Q. How is it prepared?

A. By braising. Steaks are placed in a frying-pan and browned on both sides in their own or a little added fat. A small amount of liquid is usually added (2 to 4 tablespoons), the pan is covered and the meat allowed to cook over low heat for about 45 minutes or until well done.

SANTA FE CROP CONDITION REPORT IS ISSUED

Harvesting of a large cotton crop estimated for Northwest Texas ranging from 1,000,000 to 1,350,000 bales has started but excess rainfall has delayed maturity of the early crop as well as causing some damage, and a few areas are having difficulty finding enough pickers.

Although the acreage was reduced about 25 per cent as compared with last year, grain sorghum prospects in the Panhandle and South Plains are excellent. For the crops to fully mature, however, farmers are hoping for a combination of warm weather and no frost until after October 20.

Wheat planting conditions are the best in years. Practically all this area has received far above normal rainfall and the new crop is going into the ground with an excellent supply of both surface and subsoil moisture. It is estimated that 80 per cent of the crop has been planted, considerably more than half of which is showing good stands. An abundance

LUBBOCK VISITORS

Mrs. Marion Harris and daughter, Melinda, are visiting her parents in Lubbock this week.

VISITING SON

Mr. and Mrs. Ed Morgan of Arlington are visiting this week in the home of their son, Hoyt Morgan and children.

of wheat pasture, supplemented by volunteer growth left over in the acreage reduction program, is in prospect.

Getting underway at present is the harvest of an estimated 1,400 acres of lettuce in the Hereford Lubbock and Monroe areas, with the promise of good yields. Only a few fields show thin stands as the result of excessive moisture while the plants were small. Some 2,000 acres of sugar beets in the same general territory will be harvested in October.

Ranges over the western part of Texas are in good condition, probably the best in a long time.

WET GRAIN
ATTENTION — ALL GRAIN GROWERS
Slaton, Texas
September 15, 1949
Allyn-Ayer Co.
Mr. A. D. Strother
Cisco, Texas
Dear Mr. Strother:
I thought you would like to know about the results I had with PT-X5 and I am interested in a baler dispenser to put PT-X5 in hay as it is baled.
About two weeks ago I had about 1500 bushels of milo that tested 17% moisture and I didn't want to sell it as the market was only \$1.30 per Cwt., so I got 200 lbs. PT-X5 from Ray C. Ayers & Sons Milling Co. I immediately binned this grain using about 7 pounds per ton of grain and followed your instructions on the bag. Now I've been watching these bins since then and they are still cool. I know that without PT-X5 this grain would be burning up. It's also been raining a week or more which usually adds further problems to storage of high moisture grains.
Now with the use of PT-X5, I can store my grain at home and get \$2.03 per Cwt. under government loan.
I think you have a wonderful product and something that every farmer needs. It will make us more money.
Very truly,
Herman Schilling
