

# ARMISTICE DAY FOOTBALL GAME IS SET FOR 2:30

## Mr. Muleshoe ...

By J. M. Forbes

Bayless American Legion and Auxiliary stand fully behind your community besides welfare of ex-servicemen and women, fun, or otherwise, therefore, this editor was designated when the local organizations decided upon a public program for tomorrow, Armistice Day.

Between the wars, American Legion men went to bat for legislation they deemed essential to the public welfare; especially did they battle for adequate national defense, and I venture to say that many movements aimed at the building up of our fighting organizations against that day which eventually came, originated in American Legion councils or had their approval.

The American Legion stands for better citizenship, for the good of the nation as a whole, for the good of the people as a whole, without regard to party, creed, or race. I am glad therefore that the Legion Post here will tomorrow, put its best foot forward before the public and not only help to reverse the memory of men and women who have sacrificed all they had for country, but help to make the average citizen realize more fully the great and noble aims that are the moving force behind the American Legion and the American Legion Auxiliary.

There is more traffic on the roads these days than this writer remembers having ever seen before. Trucks are whizzing to the elevators with grain, to the gins with cotton, and back home for another load. Transient cotton pickers in cars and trucks are adding to the normal passenger traffic and all told the highways and even country roads are busy places.

Therefore it is a time for all of us to be especially vigilant while using the roads or highways. A little carelessness or inattention will bring disastrous results, and the chance for accidents seems to be more favorable than ever.

Dallas Colored Shine Boy: Well, sir, there are several men on our SMU team who are better at some things than Doak Walker. There is a man who can run better, one who can pass better, another who is better on defense; but no one of them is a Walker. Mr. Walker's personality is such that he just inspires the boys, who all love him; and Walker is just football smart. Now poor Texas, they have lost two close ones, and had a third, but I am afraid also they have had some poor quarterbacking. Mr. Campbell is a fine boy, they all are, but I can't see passing on fourth down when you've only a yard to go and are in the middle of the field. No, of course, mistakes are made, if you could get in there and do a lot better job of quarterbacking.

Among other sins of omission committed by this newspaper is a half done job of reporting on this favorite sport for thousands. We are going to do better in covering this and other movements, I hope.

**Seen & Heard:**

Oldster: I may be getting old but I hope I never retire. I suppose I am at the age when men customarily begin to think of letting up, loafing a little, getting out of business affairs. I can't stand the thoughts of it. It is just naturally planted in the human system to want to be always at something, to be doing something, to be busy, and I hope a fish can keep busy at something to the end of the journey.

Supt. Grandy: Muleshoe is certainly making a fine town. But I somehow feel that bigger things are in store for this town and immediate territory. It's a hunch, I guess, but I do just feel it.

Well, Super, you are not alone. A feeling of growth and development is in the air. Lots of people just feel that this territory has a very bright, very promising future.

Robert Precure: It's a strange thing but many folks think the only way to prepare fish for eating is to fry them. However, stewed fish is something very special. I have known people to make a fish pie, just like chicken pie. Why, back in Oklahoma, where I come from, the people used to can fish for winter eating, first running them through a colander. Cold fish was especially desirable for school lunches, and fish was out of this world.

See, I mean this whole dissection of this world. I'm sorry I even remembered it, and I hope we don't lose too many subscribers by publishing it.

This column has been relegated to the waste basket quite a bit lately due to the heavy run of worthwhile local news. We realize the subscribers will hold their breath but the editor is adamant.

**ZELELLS ARE VISITORS**

Mrs. Marty Zezell and her family are visiting here from Portland, Ore., on Wednesday.

## Plains Farmers Organize To Lower Cotton Harvesting Costs

From Avalanche-Journal

Faced with rising costs and declining prices, farmers from over a wide area of the South Plains have begun to unite in a movement to reduce the price of cotton by pulling to a figure more in line with returns, it was indicated today after a series of farmer meetings over the area.

In at least three communities, Shallowater, in Lubbock county; Cone and Farmer in Crosby county, farmers have held meetings and agreed to cut back the price of pulling to \$1.75. The Shallowater group said that would be the price in the field starting next Monday. The Farmer and Cone groups announced that \$1.75 would

be the price delivered to the gin and that it would be effective Wednesday.

**Must Reduce Costs**

Approximately 200 farmers of the Shallowater community attended a meeting on the situation Monday night.

"It was the consensus of opinion of farmers assembled at Shallowater that all area farmers will have to reduce the costs or limber up their machines," Geo. C. Leftwich, spokesman for the group, said here today.

"It has come to the painful attention of many farmers that the grades of cotton harvested by hand since frost have dropped to the point that an occasional bale

is worth only 13 to 15 cents in the government loan or cash market, the average having dropped at least \$25 a bale from the opening prices," Leftwich said.

**Can Be Badly Hurt**

"Inasmuch as it may take two weeks to get grade cards back from the classing office, many farmers are beginning to realize that they can be badly hurt if they pay \$2.25 for cotton delivered at the gin," Leftwich and G. L. Catlett, another spokesman for the Shallowater group pointed out.

"If the majority of the grades drop to Low Middling Spot cotton, which is worth in the loan only 14.14 cents for 13-16-inch and 14.19 for seven-eighths, they simply

can't come out even. The seed at best, will barely pay for the ginning at present prices.

"In the case of a tenant who pays rent out of 15-cent cotton (\$7 per bale) the landlord gets \$18.75, the pullers \$40.50 (1,800 pounds of seed cotton at \$2.25), thus leaving the producer a gross after harvest and rent of \$16.25 to compensate for his growing costs—this year the highest in history," Leftwich continued.

**Still Looking For Profit**

"In a county average of one-half bale per acre dry land and three-fourths bale irrigated cotton, the farmers are about convinced now that they will still be looking for the profit at the end of the

rainbow, when the crop is in," Leftwich said. "Therefore the Shallowater community farmers have decided to do something about it. Next Monday the price of pulling will be \$1.75 in the field and \$2.00 at the gin.

The farmers at the meeting agreed the investment risk, the cost of housing, trailers and other conveniences provided for at the producers' expense have added to the harvest cost at least an additional 75 cents per hundred.

"Every farmer present agreed that bats may roost in some of his houses next year and the cotton trailers will be a drug on the market," Leftwich added.

**Machines Are Installed**

"The farmers know that the migratory laborers realize that stripping machines can harvest the cotton for about 12 per cent of the cost of hand pulling, which greatly reduces the jolt of the lower grades," Leftwich said.

"These stripping machines are being installed at a furious pace all over the South Plains area because of the cost of harvesting and the critical labor shortage.

In the meeting at Cone last night, the uniform price of \$1.75 at the gin was agreed upon for the farmers of the two Crosby county communities.

Another meeting is scheduled at the Farmer school house tonight and all farmers of Crosby county are urged to attend.

# The Muleshoe Journal

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, November 10, 1949

## Yellow Jackets To Meet Morton In Last Game Of Season Friday

Muleshoe high school's Yellow Jackets football eleven will play their last game of the season here tomorrow, Friday, afternoon against the Indians of Morton high school and a big crowd is expected to turn out to witness this last performance of the local boys.

The team has a .500 batting average for the season, having lost four and won four.

However, Muleshoe's eleven has lost to some of the finest teams in the country, Portales, Littlefield, Sudan, and Levelland. The last three were conference losses, so that Muleshoe will finish the season behind them, in fourth place, in District 5-A-N.

Muleshoe previously has defeated Springlake, 26 to 0; Slaton 26 to 0; Seagraves 25 to 13; Sundown 38 to 13. Losses were by the following scores: Littlefield, 48 to 0; Sudan, 15 to 0; Portales, 20 to 0; and Levelland, 33 to 0.

The Yellow Jackets have scored 115 points against their opponents while only 122 points have been scored against the Jackets, which means the local boys have been carrying the battle to their opponents as well as defending their own goal.

This is the first year here for Head Coach Durwood "Woodie" Green, and Assistant Coach T. J. Bailey.

Injuries have plagued the Jackets' backfield from the beginning of the season. A promising back, Joe Cummings, suffered a broken leg in the first minutes of the first game; Teddy Joe Lawler, another star back, was out for quite a while with a broken shoulder; injuries; put another star back, Ray Kersey on the benches much of the time; and Bobby Goss, power plunger, has been beset by injuries. These are boys whose loss or ineffectiveness due to injuries has meant more than most realize. It was more than a fair share of misfortune, but no one is trying to alibi.

Instead, the fans will be out there hollering their heads off and backing their team tomorrow until the final whistle rings down the curtain on the current season. It will be the last game for Muleshoe high school for several of the boys, who will graduate

## Wood Drug Will Open Here 19th

Opening of the Wood Drug in Muleshoe is now set for next Saturday, November 19. Buck and Jo Wood, proprietors, announced today. The new store will be located in the new Jordan building, just south of the Ray Service Station and across the street from the Muleshoe Motor Co.

Mr. Wood has been employed with the Blackwater Valley Soil Conservation District and Mrs. Wood has been bookkeeper at the C. & H. Chevrolet Co. They have lived in Muleshoe many years.

They said they would offer a fountain service, stock drug and gift items, serve sandwiches, and coffee. A more detailed announcement is planned for publication in next week's issue of The Journal.

**VISITORS FROM FRIONA**

Mr. and Mrs. J. M. McAdams, of Friona, were weekend visitors in the homes of W. B. McAdams and the Walter Witte families.

**Appreciation Day Is Saturday**

## BUSINESS FIRMS TO CLOSE ARMISTICE DAY

Big Celebration Planned Here In Observance Of Armistice Day Friday

Muleshoe business houses largely will be closed Friday, November 11, for the annual observance of Armistice Day. L. S. Barron, secretary of the Retail Merchants Association said that he had contacted members of that organization and that all would close. He said many other stores and shops, not members of the association, would close for the day.

The postoffice and courthouse will be closed in observance of the day.

**Grand Jury Finds Two Indictments**

The Bailey County grand jury was excused late Monday by District Judge C. D. Russell after their one day session, during which they returned two indictments, both against the same individual.

P. A. Altman was foreman of the body and the other eleven members were: Arthur Askew, Spencer Beavers, Fred Beene, Harvey Blackstone, Otis Blaylock, Russell Bryant, D. O. Burelsmith, Floyd Damron, Jimmie Daricek, Edward Crume, and H. T. Clark.

District court for Bailey County was convened Monday morning by Judge Russell. District Attorney Joe Sharp and Court Reporter Jim Norman were present for court opening as were local attorneys and several attorneys from adjoining counties.

No petit jury was selected. The panel was excused when it was learned that a jury civil case set for trial would have to be continued because of the absence of an important witness. Many had been excused by Judge Russell because of the rush harvest season before he learned the witness would not be available.

The grand jurors are subject to recall for the next six months.

**X-Ray Exams For Muleshoe Sought**

People of the Muleshoe territory will have the opportunity for a free X-ray examination for possible tuberculosis if a movement started Monday night by the Muleshoe Jaycees bears fruit.

The club appointed a committee to contact the Bailey County Medical Association, whose approval is necessary before the mobile X-ray unit can be brought here. Roy Dyer is chairman of the committee.

The mobile unit belongs to the State Health Department. They give free examinations to all persons over 15 who desire it.

**Johnny Johnson Erecting Building**

Construction was begun this week on a 40x140 brick and tile building for Johnny Johnson. The building will go up on lots just north of the Dyer Furniture Company's new building.

Mr. Johnson had not announced today who would occupy the building. Doc Wilhite was supervising foundation work.

**ONEL ROCKEY ELECTED TO ANGUS BREEDERS ASSOCIATION**

Onel Rockey of Muleshoe has been elected to membership in the American Aberdeen-Angus Breeders' Association at Chicago, announces Secretary Frank Richards, of the association. Mr. Rockey is one of 11 purebred Aberdeen Angus breeders from Texas elected to membership in the organization during the past month.

## Play Season Final Game Friday

Pictured here is the 1949 Yellow Jackets football squad of Muleshoe high school who will finish their season of play in a game with Morton's Indians here tomorrow.

Some of these boys will wear the Yellow Jacket uniform for the last time.

Pictured with the squad and in individual poses are Head Coach Woodie Green and Assistant Coach T. J. Bailey.

## Light Vote In Special Election

Amendments

No. 1, 56 for, 120 against; No. 2, 29 for, 147 against; No. 3, 47 for, 128 against; No. 4, 68 for, 117 against; No. 5, 41 for, 136 against; No. 6, 29 for, 147 against; No. 7, 80 for, 86 against; No. 8, 59 for, 114 against; No. 9, 82 for, 124 against; No. 10, 57 for, 126 against.

Only a little more than 200 votes were cast in the county, about 120 in Muleshoe.

For the State board Mr. Rankin had 52 votes, Boulter 71.

In the race for Legislative representative, Bailey County voters followed the district trend, only more so. At last count in the district LaFont had about the same number of votes as his two opponents together; in Bailey County the vote was: LaFont, 102; Tom W. Deen, 34; Joe W. Jennings, 37.

## Cox To Build Drive-In Theatre

Howard Cox announced today that he plans to have a drive-in theatre in operation in Muleshoe by the advent of warm weather next spring.

He said land is now being leveled preparatory to beginning construction. He is joined in the enterprise by his father, D. E. Cox, of McKinney. The theatre will be built during the winter months on a 15-acre tract of ground which they own along the Friona highway, about one-half mile from town.

Mr. Cox said the theatre will have a three hundred car capacity, and each seat will have its individual loud speaker set.

## Jaycees' "Good Neighbor Fund"

The Muleshoe Journal will accept contributions to the Muleshoe Junior Chamber of Commerce "Good Neighbor Fund", designed to provide Christmas cheer, in some cases food and other necessities to the underprivileged or needy.

Contributions to the fund so far received are:

Muleshoe Jaycee \$250.00  
Murrell Brown 5.00  
Sam E. Fox 5.00  
Paul Gardner 2.00  
Roy Howard 5.00  
Legion Auxiliary 5.00  
B. Z. Beatty 10.00  
June Waggon 5.00  
TOTAL \$310.00

## Visits Sister Here

Mrs. Theresa Arbaugh, of Pueblo Colo., has been visiting here with the family of her sister, Mrs. Gus Priboth.

**AUSTIN VISITORS**

Mr. and Mrs. Sam Damron spent the weekend in Austin and attended the Baylor-Texas football game there.

**FROM MINNEAPOLIS, MINN.**

Mrs. C. D. Decker of Minneapolis Minn. has been visiting her sister, Mrs. W. G. Panter for the past six weeks.

**TO O. E. S. GRAND CHAPTER**

Mr. and Mrs. Clyde Holt, Worthy

Patron and Worthy Matron of the Muleshoe Chapter of O.E.S. left Saturday morning for Dallas to attend Grand Chapter being held November 6-10.

They will visit her mother Mrs. J. R. Ward and Mr. Ward at Clyde on Saturday and Sunday.

**VISITED CREAMERS**

Mr. and Mrs. James Creamer, of Paducah, visited here Sunday with his parents, Mr. and Mrs. Buck Creamer.

**SWITZERLAND, NOTED FOR ITS WINTER SPORTS, HAS 22 CANTONS OR STATES AND 4 OFFICIAL LANGUAGES—FRENCH, GERMAN, ITALIAN AND ROMANSH. ALTHOUGH THESE STATES DIFFER FROM EACH OTHER IN POLITICAL, SOCIAL, INDUSTRIAL AND LINGUISTIC WAYS, THEY FORM A UNITED, FRIENDLY NATION.**

**YOU DON'T NEED TO SPEAK A FOREIGN LANGUAGE TO TRAVEL IN EUROPE, BECAUSE YOU'LL FIND FRIENDLY PEOPLE THERE WHO KNOW AT LEAST A LITTLE ENGLISH. AND ENGLISH-SPEAKING GUIDES ARE ALWAYS AVAILABLE AT LOW COST.**

**Green Pepper Growing Receives OK Of T. Aigaki, Local Truck Farmer**

crop is recommended by T. Aigaki, vegetable grower here, who estimates that 7 acres he planted to peppers grossed him more than \$400 per acre.

He cautioned, however, that local men who decide to devote some acreage to pepper should go slow for a while, and plant only a few acres. He plans to increase his acreage to 20 next year.

Mr. Aigaki said peppers may be set out like tomatoes or planted mechanically in the field. He used a small tractor, planted three rows at the time, rows being 40 inches apart. He irrigated four or five times during the growing season, but said during a dry year the crop probably would be irrigated more often.

There is no hard labor in connection with cultivation. The crop is cultivated like tomatoes, mechanically, and no hand thinning is necessary.

The crop sold for \$1 to \$1.50 per bushel, and Mr. Aigaki said he harvested about 300 bushels of high quality pepper to the acre.

He took a truck load to Portales, where experienced vegetable buyers declared his produce the best they had seen. Thereafter it was not necessary to take the peppers to Portales for trucks came to his farm and loaded there. He plants the California Wonder variety, and thinks it the best for this territory. California Wonder peppers have thick walls, weigh out well, and have the quality of keeping a longer time, he thinks. Some pods weighed as much as three-quarters of a pound he said.

**Plans Second Year Crop**

This is Mr. Aigaki's first year to farm in the Muleshoe country. He said that next year he expects to plant about 100 acres to tomatoes, 20 to peppers, and devote varying acreages to cabbage, spring lettuce, cantaloupes, sweet potatoes, onions, carrots, and perhaps other crops.

He has had a good experience with lettuce this year and his tomatoes produced well and sold well. His squash crop was not so satisfactory so far as marketing is concerned. Most truckers will take only four or five baskets of squash, they should be picked every day to get small, tender squash. However, he said, if a person is so situated that he can gather squash daily and truckers call for them, they will make a fine money crop.

**JOHN CROW ON GOODWILL TOUR OF ARLINGTON**

STEPHENVILLE, Nov. 8.—John Crow, of Muleshoe, was one of 19 students from Tarleton State College in Stephenville to make a good-will tour to Arlington State College in Arlington.

John, who is a senior this year, is majoring in Business Administration at Tarleton.

These tours are made annually in order to promote more friendly relations between the two colleges, parts of the A and M. System, and the only two state supported junior colleges in Texas.

**BAPTIST BROTHERHOOD HAD BARBEQUED VENISON**

Members of the Brotherhood of the First Baptist Church, meeting Monday night, enjoyed barbecued venison, furnished by hunters Lee R. Pool and Loyd Roberts and cooked in his inimitable way by Horace Blackburn. There were pumpkin pie and other accoutrements. Hoyt Morgan prepared the coffee.

A short program was given in which parts were taken by Hoyt Morgan, Ed White, W. M. Pool, Jr., and Rev. A. W. Blaine. At their next meeting on December 12, the Brotherhood hopes to have quail as the piece de resistance.

**Pep Squad To Get Jackets**

The Pep Squad has decided their funds are getting a little low and plans to sell lipstick and bobby-sox to the fund.

The lip-sticks are to come in four shades. The tube will be gold and will have three purple flags on it with MHS also in purple. The lipstick is to sell for \$1.00, no tax.

The girls' bobby-sox will be white with MHS on the cuff. They will sell for 60 cents per pair. The boys' sox will be 75 cents per pair. They will be gold with MHS in purple.

As soon as the goods come in they will be on display in the hall. So everybody start saving their pennies to buy lipstick and bobby-sox.

The Pep Squad is also going to spend a little money, (rather the ones who are in the club), to buy jackets. The jackets are going to be purple wool with a gold stripe down the sleeves. The emblem will be a megaphone with an M on it. The jackets will be here sometime before school is out.

**Insect Control Meeting Held**

There was a household insect control meeting held Friday afternoon, October 28, in the District Courtroom under the direction of Guy Carpenter, District Entomologist. Mr. Carpenter said that with two insecticides, DDT and chlordane, one could control most all insects found around the household. He suggested that it was advisable to keep a household hand sprayer handy, filled with the above materials, and to use this often. A combination of DDT and chlordane could be used and therefore control several different insects with one treatment.

The control of the following insects was fully discussed: houseflies, cockroaches, ants, clothes, moths, carpet beetles, silver fish. Anyone needing assistance in controlling these insects may secure this information by calling at the home demonstration agent's office in the courthouse.

**GUESTS OF THE BRYANTS**

Mr. and Mrs. Boots Bryant have had as guests his mother, Mrs. R. E. Bryant, of Denton; and his sisters, Mrs. J. W. Houston, of San Antonio, and Miss Louise Bryant, Denton.

**SHE NEEDS YOUR HELP—** Little Keete Meyer, nine year old expellee from Silesia is waiting her turn to receive some food in a church home. This food was contributed through the Christian Bread Campaign Program (CBOP) which is a church sponsored program for distribution of food and these overseas to the needy through established church agencies. Give to CBOP during CBOP Week November 6-13, or at any other time during the month.

**CHRISTIAN SCIENCE SERVICES**

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 13.

The Golden Text is "They which are the children of the flesh, these are not the children of God" (Romans 9:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "That which is born of the flesh is flesh; and that which is born of the spirit is spirit" (John 3:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth, and Love" (page 336).

**BUILDING NEW HOME**

Mr. and Mrs. J. W. Hornbrook are building a new, 3 bedroom home in the Lenau addition, not far from their business, the Hornbrook Drilling Co. Mr. Hornbrook is supervising the job. John Benson placed the building tiles used in the walls.

## Lazbuddy To Play Pettit Friday

The Lazbuddy Longhorns will play their last game of football this season Friday, November 18, on the Lazbuddy field at 2:00 p. m. The visiting team will be the Pettit Eagles, last year District champions and now second place this year.

The Longhorns have no false hopes about winning this one but promise to fight hard and look ahead to some other year when we may have the experience and material to win.

Lazbuddy loses only five men in the next two years. Most of this years team are freshmen and sophomores, all except four men; therefore we live in hopes of better times.

We especially wish to thank the patrons of Lazbuddy for the loyal support you have given this years team, and give you a hearty invitation to come out to Longhorn Field to see the first game played on it.

## Girl Cagers Lose Practice Game

The MHS Girls Basketball Team played Farwell here Thursday afternoon. This was the first scrimmage game of the year. Unfortunately the MHS girls lost by a big score, 46 to 26.

The forwards for the game were Locker, Jernigan, Malone, W. Kimbrough, Casey, and M. Sanders; Guards—D. Kimbrough, White, Graves, Jordan, Moffitt and Waggon.

The girls go to Springlake for another scrimmage game next Tuesday night. Although the season doesn't start until December they're getting a little pre-season practice.

**VISITORS FROM ARKANSAS**  
Mrs. Thorn Whaley and children of Siloam Springs, Ark., arrived Friday for a visit in the home of her sister Mrs. Charles Lenau and family and with her mother Mrs. Holly Bucy.

**RUMMAGE SALE**  
Ladies of the Muleshoe Rebekah Lodge are giving a rummage sale on Main Street, Saturday afternoon November 12.

## Girl Cagers Grades Are High

The MHS girls basketball team claims to have the highest scholastic average of any team in the state. There were no grades lower than a C. The over all average was B plus. Girls are working to eliminate all grades lower than B. They also have the highest scholastic average of any comparable organization in high school. Emily Jernigan and Janice Jordan had the highest grades out of approximately thirty-four girls. Emily having four A's and Janice having four A's and one B plus.

Don Jackson remarked in basketball class one morning that if we couldn't out play 'em, we'd at least outsmart them. No kidding, though don't you think that's quite an honor????

## Slants From The Sidelines...

By W. E. Hill

Football season is nearly over for Muleshoe and basketball is just around the corner. We still need an electric scoreboard for our gymnasium and our last years' offer still holds. We will personally donate ten bucks toward buying one if any organization sees fit to sponsor a drive to purchase one.

There is a move now being made by some of Texas school officials to get girls' basketball recognized by the Interscholastic League. No we ain't much of a girls' basketball fan, but we do think that it should be recognized by the TIL.

However we think that several sports should be recognized by TIL for girls. Why not open up some of the track and field events to girls?

As it is, about the only thing girls are capable of doing in the way of exercise during school, is to powder their noses and paint their lips. Personally, I don't see how they stand up to such strenuous exercise.

At any rate, I'm sure a few more sport activities won't do any of them any harm and it might help some of them.

There is also a movement by some of the Texas school officials to raise the age limit to 19 years instead of the present 18 year limit. This proposed change would become effective in 1951-52.

The reason given for recommending the change is that since there are now 12 grades instead of the eleven, many students become too old before they can graduate therefore they miss out in some of the sports.

We think this is a good idea. In fact we have always thought that 18 was too young. However if the limit were raised to 20, that would be too old for high school. We think 19 is what the age limit should have been all the time.

There are several schools in this vicinity that are beginning to play a little basketball. We invite the school officials to drop us a card every week giving us the scores of the games you have played and games that you have scheduled to play names of the members of the teams, high point men etc.

However we ask for you to mail your cards so that we will receive them by Wednesday at the latest.

For those who are interested in calf roping, there will be a matched roping contest at the Muleshoe Roping Arena Sunday, November 13, at 1:30 p. m.

In the professional contest well-known ropers such as Cotton Lee, Earl Moore and Fred Daugherty will be doing their stuff as well as possibly a few others. Then there will be several well known non-professional ropers entered in the N. P. R. A. contest, on the same afternoon.

It was announced that just in case the weather was bad on the 13, the roping will be held on the following Sunday afternoon.

## 'Jennies' and 'Shoes' In Action

Jeanette Kirk is shown as she is about to throw a hard tackle on Margie Moore who picked up several yards on the play. Others in photo are Willa Akin, Dorothy Dorsey, Melba Fudge and Wilma Jennings.

## Levelland Lobos Down Yellow Jackets 33 To 0 In Homecoming Tilt

The Levelland Lobos stopped the Yellowjackets cold and after finding it hard to get started in the first quarter, romped to a 33-0 triumph over the Yellowjackets. The Jackets took the opening kickoff and drove down to the Lobos 30 before losing the ball. The Lobos failed to make much headway against the Jacket defense, but finally managed to push across a touchdown late in the first period.

The Jackets were unable to get their offense to clicking in the second quarter and the Lobo offense began picking up momentum, pushing over two more TD's in the second quarter to give them a 19-0 lead at halftime.

The Lobos roared back in the third period to score again and then again in the fourth period, making both extra point tries good for a 33 to 0 lead which was the final score.

The bewildered and confused Jacket eleven managed to get one spark started in the second half, but the spark died on the Lobo 18 yard line and the Jackets were never able to get going afterwards.

### TO HOT SPRINGS

Buck Taylor and Dee Lorage left for Hot Springs Tuesday to take a few baths and heart treatments and it is hoped they will return soon feeling better.

## Wayland Plans Cage Tournament

PLAINVIEW, Nov. 1. (WCNS)—Wayland College plans to hold its first annual High School Invitational Basketball Tournament December 16 and 17.

Each team will play three games, making it easier to measure the individual strength of each squad. First, second, third and consolation honors will gain the winning squads trophies.

The eight teams picked by the Wayland Athletic Department to compete in the Tourney are consistently strong in basketball. Says Coach Harley Redin, "The tournament should bring together some of the top teams in this area."

Basketeers that will compete for the trophies come from Plainview, Lubbock, Craver, Sulan, Samnorwood, Childress, Shallowater and Hollis, Oklahoma.

Feature game of the Tournament will be a tussle between East Central State College from Ada, Oklahoma, and the Wayland Pioneers Friday night December 16.

## Matched Roping For Top Hands In Muleshoe Sunday

A big matched roping event is to be staged in Muleshoe the coming Sunday, November 13, beginning at 1:30 p. m. in the Muleshoe Roping Club Arena.

Both professional and non-professional, tops in their events, will be seen in action here.

Professional rodeo performers who will take part are: Cotton Lee formerly of Muleshoe, now of Ft. Sumner; Earl Moore and Fred Daugherty, both of Clovis.

Non-professional ropers to take part are Gene Lowe, Muleshoe,

"Tell earnestly, girls?"  
He hesitated.  
"Then go on me."  
ANTI-FREEZE

Miss Compton kitchen. "More called with an "No Ma'am," called Betty Sue, "Less."

Mitz Walling of Keller, of Earth.

Each contestant calves.

In addition, there will be a roping among the cowboys. The weather being coming Sunday, the roping will be held the following Sunday, officials announced.

## Financial Report Issued By School

Carol Jean Ivy was crowned Queen of high school by the King, W. R. Freeman, Friday night, Oct. 28.

Others in Court were Betty Englekling and John Crim of the senior class; Betty Deaton and Teddie Treider of the Sophomore Class; Lois Freeman and Wayne

### Clark of the Freshman Class

The Queen's train was carried by Bernice Clark and Judy Brown. Herman Jesko was Crown Bearer.

Nealy Mae Steinbock was crowned Queen of Grade School by King Jimmie Carol Waddell. Others in Court were: Jimmie Frank Carpenter and Earl McBride of the 8th grade; Clara Jean Jesko and Clifton Coffman of the 7th grade; Jaunita Scott and Jim Roy Daniel of the 5th grade; Janis Joy Clark and Ronnie Ivy of the 4th grade; Wanda Mae Steinbock and Dean Watkins of the 3rd grade; Beverly Hobbs and Derrell Jennings of the 2nd grade; Beverly Smith and Billy Bob Shirley of the 1st grade.

The Queen's train was carried by Coretta Watkins and Glenda Robison. Ronnie Gustin was crown bearer.

The queens were crowned against a blue background dotted with gold stars.

The processional music was played by Mrs. Ross Stuard.

The following is a complete breakdown of all money received at Lazbuddie since the beginning

## Here's Your Holiday Dinner

Far removed from the Pilgrims' landing at Plymouth Rock, these California turkeys are being fattened for the forthcoming holiday onslaught which Department of Agriculture authorities estimate will provide more and cheaper gobblers for America's holiday repast. Turkey farms like this one at Dinuba, California, have become a major industry to the extent that, as here, "Caterpillar" track-type Tractors are put to work hauling feed and feed crews to the far reaches of turkey farms.

activities, his citizenship and service, scholarship, and promise of future usefulness in the business world. The number of representatives from each college is based on current enrollment. This fall, West Texas State has over 1,300 students.

Paul was selected as one of the most outstanding students in the department of business administration. He attended Texas Tech one year and was asked to pledge Scroll & Key. He also was a member of the Baptist Student Union, an organization of Baptist young people. After transferring to West Texas as a sophomore, he became a laboratory assistant in the typing department. He is a senior member of Alpha Chi, national honorary fraternity and was a delegate to the regional convention in San Antonio in March. His grade point average is 2.9 out of a possible 3.0. He is a graduate of Lazbuddie High School and is the son of Mr. and Mrs. Ralph Paul of Colorado Springs, Colo.

Others who were listed in Who's Who include Martha Williams of Bovina, Harold Southward of Friona, Herschel Allen of Plainview, Martin McMurray of Washington, D. C., Jim Caldwell of Miami, Vic Bates of Childress, Mary Eileen Phillips and Kenneth Laycock of Shamrock, Don Tucker of Throckmorton, Jean McManigal of Happy, Lorraine Davidson of Dumas, Joyce Hill, Ann Crawford, and Al Stevens of Canyon, Alice Morgan of Canadian, Edith Morrow and Frank Stallings of Pampa, and Frances Lynn Townes of Amarillo.

## Your Child

A WEEKLY COLUMN

Conducted by Claud C. Ruch  
Educational Director, Childcraft  
Advisory Service in Chicago

The adult male who is just a "great, big boy who never grew up" can prove to be a very disturbing influence in the life of children—especially when he has volunteered to amuse them.

The "life-of-the-party" type frequently applies rough-house tactics to entertain children. In an effort to be amusing, he starts tossing the little girls in the air and boxing with the little boys.

In a few minutes, there is a great deal of running about, loud laughter and talking, and the noisy scuffling of feet. Before very long, the children get out of bounds and start acting "wild." One of them begins to cry hysterically; another starts a fight; a third goes off into a corner to sulk because he feels he is being neglected.

The excitement and confusion mount until a frantic parent steps in to apply disciplinary measures. It may take him nearly an hour to quiet a disturbance that was started in a few minutes by a well-meaning but overly-enthusiastic adult.

The nervous system and behavior of a sensitive child may be affected for the rest of the day by an incident of this type. There is a possibility that, as a result, even his sleep will be disturbed that night.

All of you mothers and fathers know of good-hearted and well-meaning uncles, grandfathers, and neighbors or friends, who believe it is necessary to create noise and excitement, in order to "make a hit with the kids."

When such an adult sets a pattern of over-stimulated play for children, it is the duty of parents to step in and point out, tactfully but firmly, that children can have just as good a time, playing quietly.

**KITCHEN MEMO**  
 BY IRAN CLARK

For those vitamin-conscious cooks who are always looking for a recipe jam-packed with nourishment, here is one called Raisin-Carrot Muffins. Cream 1/2 cup sugar into 1/4 cup shortening, creamed. Add 1 egg, lightly beaten, and beat together until blended. Mix 1 cup shredded carrot with 1/2 cup milk and pour into the batter. Sift together 2 cups flour, 3 tsp. baking powder, 1/2 tsp. salt. Add 1/2 cup raisins and stir into batter until barely moistened. Do not beat. Put into gas oven at 375° F. for 25 minutes. Makes about 12 muffins.

Delicious addition to pork chops: Top with orange slices before putting into the broiler about 4 inches from the flame.

Before you start using your gas space heater again, check the burner ports for scaling. A wire brush will clean them so that the flame will not be obstructed.

When starching curtains, make enough starch for all curtains in one room so they will have identical crispness.

You can save gas by turning down the flame to center simmer whenever you're boiling food because boiling point is 212° F. and the center simmer gives enough heat to reach boiling point.

To blanch almonds: Cover with cold water, heat just to boiling over center simmer burner, drain, slip off skins.

Sour cream. Instead of the usual milk, sharpens the flavor of mashed potatoes. Mash, add sour cream, sprinkle with chopped chives or parsley.

FOR SALE—Nice 6 room house, corner lot, 1 blk. new high school. Good Loan. \$6,500. Lee Pool. 46-2c

FOR SALE—2 business lots on Main Street. Also Farm Loans. S. E. Goucher. 41-tfc.

**WESTERN RECITAL PLANNED**

A Western Recital will be given by Mrs. Horace McAdams expression class Thursday evening, November 17, 7:30 at the Fellowship Hall.

The public is invited to attend and see the cowboys and cowgirls on program. Three western skits will be given along with the readings.

Mr. and Mrs. Pete Jenkins will furnish the western music for the evening.

**BANQUET TO BE TONIGHT**

Bailey County Rural Electric Cooperative will be host at a banquet to be given tonight at Fellowship Hall at 7 o'clock.

**VISITED PARENTS HERE**

Fred and Iris Clements stopped overnight with his parents, Mr. and Mrs. W. H. Clements. They were accompanied by Jack Jones of Corona, N. M.

**Sunshine Club Honors 2 Members**

The sunshine Club met in the home of Mrs. H. D. Crawford Thursday October 20. The roll was called and answered by each member reading a verse from the Bible. Those present were Mesdames: Simmons, Ladd, Harrison, J. O. Crawford, Odom, Ware, Wimberly, Harvey, Kolar, Rowland, Stinson, Lee, Coulter, Nash, Chambliss, Tipton, Hart, Meeks, a visitor Mrs. Payne and the hostess, Mrs. H. D. Crawford.

Plans were made for a Halloween party to be at Mrs. Tipton's home, Monday night October 31. Everyone must come tacky or pay a fine.

The following ladies put on a play for entertainment for the evening. Mesdames: Simmons as "Ma", Tipton as "Pa", Coulter as "Bill", Lee as "the daughter", Chambliss as "Mrs. Smith", Hart as "Mrs. Jones", Nash as "Parson". Mrs. Nash wrote the play and everyone enjoyed it very much. Then Mrs. J. O. Crawford and Mrs. Kolar were elected for a double bubble chewing gum contest. Mrs. Crawford blew the first bubble so she got a prize. Mrs. Lee and Mrs. Harrison both received birthday showers. Both received many beautiful and useful gifts.

Delicious refreshments were served and enjoyed by all. Everyone enjoyed the evening in the beautiful new home of Mr. and Mrs. H. D. Crawford.

**Fred Ramm, Miss Mooneyham Wed**

Mr. Fred Ramm and Miss Frieda Mooneyham, both of Muleshoe, were married last Saturday morning, November 5, in the Lutheran church of Clovis, N. M., by the Rev. W. B. Gummelt, of Lariat, Texas.

The couple left immediately on a honeymoon in parts of Oklahoma. The newlyweds will make their home on the Ramm farm in the West Camp community, where Fred has been engaged in farming all his life.

*Society News*

THE MULESHOE JOURNAL, Thursday, November 10, 1949

This season's clothes are certainly food for talk as well as thought. What woman hasn't heard about Jacques Fath's dresses with their asymmetrical lines and geometric folds, Dior's scissor panels, the "Cort-Volant" (kite) silhouette and petal skirts. Some are startling, some breath-taking — all provoke comment. In addition to the elaborate styles, materials are extremely elegant. As often as not, two fabrics are combined. Velvet touches on pockets and collar. Linings of fur. Satin on wool. Taffeta panels over crepe. It's all very lush.

For the town-and-country set, high style and variety also reign. Hardy on wool. Taffeta panels over crepe. It's all very lush. The classic wool dress wears a high-standing faille collar with cuffs, and sometimes pockets, to match. You'll also see tweed coming out in courtier styled dresses.

More than ever, separates are standing up in their own rights

as wardrobe "musts." No simple sweater and skirt affairs. Velvet jackets over quilted skirts. Jersey blouses with chinchilla skirts. There're perfect teammates—feminine and just right for the nine-to-five league. By mixing and matching, an ingenious woman can have several stunning outfits. A friend of mine took an odd wool jacket and dyed it a nutmeg shade of brown. (If you try this, be careful to use all-purpose dye that will take effect on a rayon lining as well as the wool.) Jean then proceeded to make a weskit by cutting off the sleeves and shaping the bottom like a man's vest. Believe me, it's the cutest thing. She wears it with a long sleeved yellow blouse topped with a green pleated skirt... and dress wears a high-standing faille collar with cuffs, and sometimes pockets, to match. You'll also see tweed coming out in courtier styled dresses. More than ever, separates are standing up in their own rights

**Star-Lites**  
MOVIES, MIKES and TELEVISION TALK  
BY LYN WILSON

TREAT this fall is Conrad Nagel's "Silver Theater" which begins in October over a nation-wide CBS-TV network — with Alexander Semmler directing the background music. Nagel, one of movie fans' favorites, plays host every Monday night to top Broadway and

Hollywood stars, who appear in romantic comedies. The opening show, "L'A-mour The Merrier" starring Burgess Meredith is a typical example of the fare in store for the TV audience. All "Silver Theater" plays are originals—written especially for television and the particular stars involved.

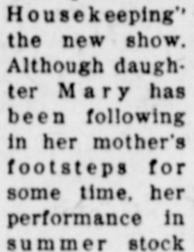

NOW YOU CAN SEE "whodunit" since radio's No. 1 sleuth, Bill Gargan, has gone TV on NBC Thursday nights. The show, Martin Kane's "Private Eye," is also on radio on Mutual Sunday afternoons. Gargan plays a fast-moving private eye who operates in and around Manhattan sending electric currents up and down the spines of unsuspecting mystery fans.

TALENTED young baritone Gordon MacRae, stars again this fall on "The Railroad Hour" (NBC-Monday nights). MacRae, recently acclaimed by a national magazine as "radio's most versatile singer," is host to top-flight guests from film, stage and opera who join him in portraying light classical musical romances. "The Railroad Hour" returns for its second year on the air with a national magazine award also—that of "Silver Mike" for "excellence of performance and public service." Carmen Dragon's orchestra and a chorus directed by Norman Luboff provide musical and vocal support.

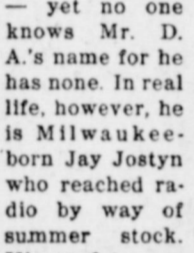

Gordon MacRae returns for its second year on the air with a national magazine award also—that of "Silver Mike" for "excellence of performance and public service." Carmen Dragon's orchestra and a chorus directed by Norman Luboff provide musical and vocal support.

FIRST LADY of the theater, Helen Hayes, has a new show and — has discovered a "new star." Helen and daughter Mary MacArthur have been touring the countryside this past summer with "Good Housekeeping" the new show. Although daughter Mary has been following in her mother's footsteps for some time, her performance in summer stock was so highly successful that she has captured several roles for herself in "The Electric Theatre." "The Electric Theatre" returns to the air this October same time, same network — CBS Sunday evenings—starring Helen Hayes.

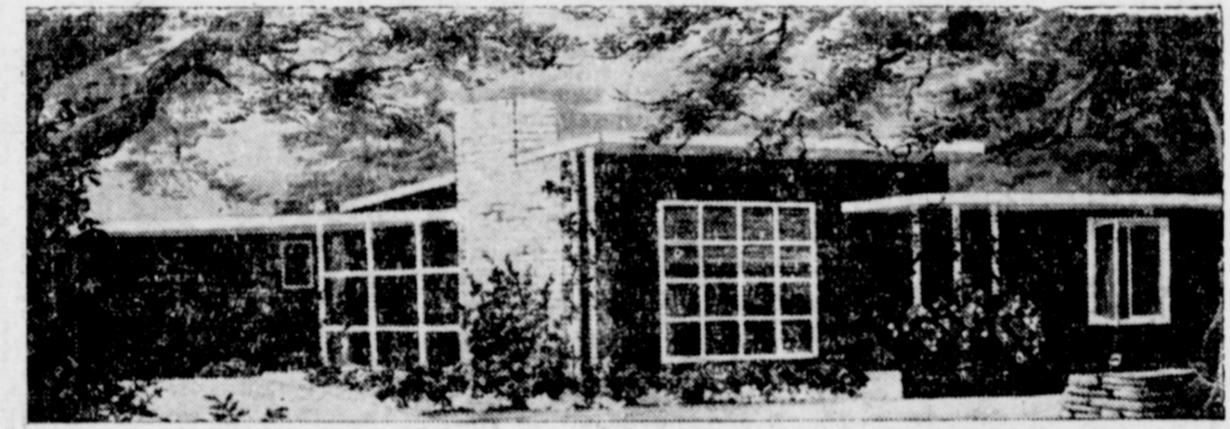

"CHAMPION of the people, defender of the truth—guardian of fundamental rights to life, liberty and the pursuit of happiness"—introduces NBC's Wednesday night "Mr. District Attorney" program — yet no one knows Mr. D. A.'s name for he has none. In real life, however, he is Milwaukee-born Jay Jostyn who reached radio by way of summer stock. His road to success was rugged — but so, sometimes, is success itself. At one time Jay's schedule was so full that he portrayed 48 different characters in 38 programs. "Mr. District Attorney" is produced, directed and co-written by ex-news-paperman Ed Byron who keeps it authentic, timely and exciting with his nose for news.

SOUND SIMPLICITY at rock-bottom cost is the keynote of this new model home recently opened by the Montauk Beach Company, Inc., on Long Island, N. Y. Designed after the suggestions of Douglas Tuomey, building consultant for Good Housekeeping magazine, the architect kept expenses down by: (1) Elimination of basement; (2) Simple frame and roof; (3) Dry Wall construction; (4) Simplified windows and trim; (5) Use of closets for partitions. Although the house embodies the latest principles and advancements in moderate-priced design and construction, it's so simple to build that the toolwise amateur can do much of the work. The Montauk House lends itself to any seashore terrain and can be used for a summer or year round home. It is featured in the June issue of the magazine.

**Style Show And Leather Display To Be Saturday**  
A combined style show and handmade leather article display will be held at Fellowship Hall Saturday afternoon, November 12. All articles will be entered in the show between 12 and 1 p. m. and the judging will start at 1:30 p. m. From 2 to 4 p. m. there will be a program put on by the different home demonstration clubs in the county. Awards of pins to winning 4-H club girls and modeling of all garments entered is to be a special attraction. This show will demonstrate some of the good work Bailey County club folks are doing, as well as display some of the latest fall styles. In the display of leather articles one should get many ideas for Christmas gifts. Judges will be Mrs. Wanda Newsom, H. E. teacher, Muleshoe, Mrs. Johnnie Stuard, H. E. teacher at Lazbuddy, and Mrs. Dudley Hambricht, CHDA, Lamb County. All club women and girls are urged to attend this show even though they may not be taking part in it. The general public has a special invitation to attend.

## 16 Arrested Over Weekend

Sixteen persons ran afoul of the law in Bailey County over the weekend, the office of Sheriff Hugh Freeman reports. Charges by categories were: Two for bootlegging, three for driving while intoxicated, three for gambling, eight for drunkenness.

By Monday morning the jail was again clear excepting for one man who had elected to fight the charge of bootlegging. All others arrested at the weekend had pleaded guilty and paid a fine.

IN IMP officers said they seized 75 half pints of whiskey and 4 s of beer.

OUT O addition to the above, one TE o will be charged with a hit run offense and possibly driving while intoxicated, the officers said. The man is alleged to have driven a car into a pickup truck of Roy Cowan, parked at Circle Back. The officers drove out all roads in the southeast part of the county, meantime notifying neighbor county officers. Sheriff Sid Hopping of Lamb County picked the negro up in Littlefield, and indicated a DWI charge would be lodged there.

**SERVES 800 CHILDREN**  
The school lunch room has recently served as many as eight hundred children at lunch time.

school authorities report. The cafeteria in the new building will relieve the crowded condition to a considerable degree. The lunch room is located in the basement of the present high school building.

### FROM LLANO

Mr. and Mrs. Homer Gaudin, of Llano, spent Sunday and Monday with Mr. and Mrs. Pete Jenkins, and they visited in Canyon and Amarillo Monday.

### BILL COVIN HOME

Bill Covin, student at the University of Oklahoma, Norman, spent several days here last week with his parents, Mr. and Mrs. Herb Covin of Covin Motor Co.

## Dist. Conference To Be In Friona

District conference of the Amarillo district, Methodist church, will be held in Friona November 16, from 9:30 a. m. to 3:30 p. m. Program emphasis will be "Our Faith".

Four sermons are scheduled, according to Rev. E. D. Landreth, district superintendent. Preachers will be Dr. J. O. Haynes, Dr. O. W. Carter, Rev. George D. York, Rev. Don W. Davidson.

Read The Want Ads. Every Week.

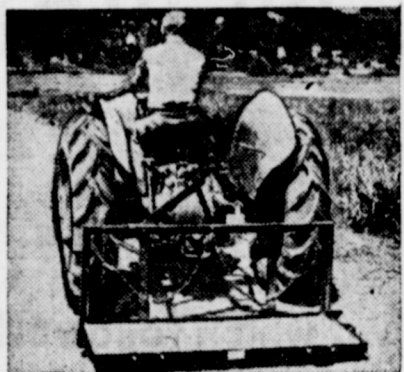

## Lift-Type Device Used on Tractor Will Aid Materially In Easing Farm Chores

To help with those odd chores about the farm that so often are time-wasting and back-breaking, Pittsburgh forgings company of Coraopolis, Pa., has developed a lift-type utility carrier for use on tractors.

The Pittsburgh carry-lift is attached in a few seconds to tractors through the regular implement suspension points. Made of alloy spring steel and structural steel, it will handle loads as heavy as 700 pounds.

An important feature of this new unit is its quick conversion from a platform lift to a fork lift, making it universal in the types of loads it can both lift and carry. It can be used as a platform lift either with or without a back panel, and pock-

ets are provided for standard 2" x 4" stakes. The frame is punched to provide easy securing of loads and for the addition of a wooden platform.

Used as a fork lift, the utility carrier works like a small hay buck, and thus can pick up bulky material without the lift having to be loaded by hand. Heavier loads can be handled in this way by using skid-pallets. Its capacity for light, bulky loads can be extended materially by putting 2" x 4" fork extensions into the brackets provided.

Lifting of heavy containers like milk cans, drums and barrels is eliminated by the carry-lift because these can be tipped and rolled onto the platform which practically rests on the ground. Small buildings, range shelters, and feeders can be easily and quickly moved by tipping slightly and running the forks beneath them. Heavy bags of seed grain can be taken to the field with a minimum of lifting, and field feeding is made both quicker and easier.

The carry-lift will be found particularly useful because material can be moved over any kind of ground, under any condition where a tractor can operate and in places that might be inaccessible by other means of transportation.

### Popular Belting

A victim of the war, the first red rubber agricultural belting has been made available to farmers by a Pennsylvania manufacturer. Available since 1940 only as a higher-priced industrial belting, the red rubber belting was a pre-war favorite with America's farmers. This farmer's smile as he gets his first roll indicates a big welcome on its return to the farm market. This belting is particularly popular because of its added flexibility and toughness.

### Value of Bicarbonate Use In Swine Feeding Tested

An experimental feeding program to determine the value of bicarbonate of soda in the feeding of hogs is being conducted this fall at Iowa State college.

Experiments will be aimed at determining whether the feeding of bicarbonate of soda produces observable benefits in the growth of swine and whether the ingestion of amounts equal to 1 per cent of the ration will produce results.

## Telephone Act IS explained

Further information on the telephone act, recently signed into law by the President, has been furnished this paper by the county agent, J. K. Adams, through the U. S. Department of Agriculture. A release from the department says:

Development of the administrative machinery for making loans authorized by the rural telephone amendment to the Rural Electrification Act signed on October 28, by President Truman has been started in REA, the U. S. Department of Agriculture announces.

REA Administrator Claude R. Wickard said that it will be several weeks before the agency is ready to act on loan applications because of the necessity of organizing the staff for the telephone loan program and of working out policies and procedures required to carry out the purposes of the new legislation.

The new program in as much as is available at this stage shapes up as follows:

**Purpose of Loans**  
Loans may be made for the purpose of financing the improvement, expansion, construction, acquisition, and operation of telephone lines, facilities and systems to furnish and improve telephone service in rural areas. Up to 40 percent of any loan may be used

to refinance existing indebtedness where such refinancing is necessary to furnish and improve rural service.

**Who May Apply**  
The Act says loans may be made "to persons now providing or why may hereafter provide telephone service in rural areas and to cooperative, non-profit, limited dividend, or mutual associations". Loans will not be made to individual subscribers.

**Preferred Applicants**  
The Act gives preference to existing suppliers of rural telephone service, whether commercial or mutual, and to co-ops or mutuals generally. It also specifies that for a period of one year from the effective date of the Act, October 28, 1949, an application from an operator already providing rural telephone service must be taken upon before action can be taken on an application from a new supplier for a loan to serve "substantially the same subscribers."

**Basic Conditions**  
The Act specifies certain basic conditions that have to be met before a loan can be made. 1. Assurance must be given that the loan will further the objective of the Act which is "to assure the availability of adequate telephone service to the widest practicable number of rural users of such service."

2. It must be shown that security for the requested loan is reasonably adequate and that the loan will be repaid with interest within the specified time.

### CARD OF THANKS

In addition, an applicant subject to such requirement, under State law, must have a certificate of convenience and necessity from the State regulatory body. In the case of an applicant not subject to this requirement, assurance is required that the loan will not result in "duplication of lines, facilities or systems providing reasonably adequate services."

May we express our sincere appreciation to those who sent flowers and to all who extended expressions of sympathy in behalf of our brother and wife, Mr. and Mrs. Floyd Reynolds and two children who were killed in a car accident near Justiceburg Sunday morning. These kindnesses will always be remembered.

Mr. and Mrs. M. G. Bass.  
Mr. and Mrs. J. L. Phipps.

### HOME FROM PHOENIX

Mr. and Mrs. C. E. Briscoe have returned from a week's visit in Phoenix, Ariz.

### IN CLOVIS

Mrs. Walter Witte was in Clovis shopping Monday of this week.

**FRIDAY, NOVEMBER 11**

This anniversary of one war's ending becomes even more significant when we also think in terms of the war which followed it. For each war is always bigger and more tragic than the last. We can create no more fitting memorial to all our war dead than the preservation of this world as a peaceful world in which their survivors can live in security.

Library News . . .

The Library has just received  
"Lead, Kindly Light" by Vincent  
Sheehan.

Though this book is in no sense  
an attempt to reveal the meaning  
of Mahatma Gandhi's power and  
life teaching, it is in a more im-  
portant sense, the author's elo-  
quent testament of belief in  
Gandhi's mission. Vincent Sheehan  
went to India to ask Gadhdi  
many questions.

What he learned there from  
Gandhi and others is of impor-  
tance to all men everywhere.

Here, also, are chapters on the  
background of Hindu philosophy,  
on Gandhi's own beliefs and how

### Boys Ranch Farm Adds Fine Stock

A "newcomer" has been added to the bovine population of the Boys Ranch Farm, located near Springlake. It is a registered Polled Hereford heifer.

The little thoroughbred was given to the ranch farm by Lester Carter, prominent Jacksboro Polled Hereford breeder.

The animal will be bred to a registered Polled Hereford bull and then added to the fine registered herd started at the farm 2 years ago by a group of organizations and citizens of towns in the area surrounding the farm.

The registered herd of Herefords at the farm now numbers about 60 head and is growing every year. The herd is cared for by Ranch boys who live at the farm.

### Hospital News...

Norman Wilson, son of Mr. and Mrs. M. A. Wilson was in for observation. He has gone home.

### Implement Company Marks Anniversary

**Manure Spreader First Built in 1889**

The story of American free enterprise is graphically illustrated by two buildings at the Coldwater, Ohio, plant of the New Idea Division, AVCO manufacturing corporation, which this year is celebrating its golden anniversary.

One of these buildings (actually a series of connected buildings) covers over 15 acres and houses 705,000 square feet of manufacturing facilities. Newly expanded, it boasts one of the most modern foundries in the nation and a full complement of equally modern production machines and processes. It is the plant in which New Idea produces its specialized line of farm implements and equipment.

August Reutschilling, who has been with the company 47 years, stands nostalgically at the forge in the "museum"—a replica of the original plant, and it is the same forge at which he worked in his early days with the company.

August Reutschilling, who has been with the company 47 years, stands nostalgically at the forge in the "museum"—a replica of the original plant, and it is the same forge at which he worked in his early days with the company.

Across the street is a small, wooden frame building occupying just 1440 square feet of space. In it are an old forge and several simple machines of the kind used for manufacturing in the early 1900's. This is an almost exact replica of the modest structure in which Joseph Oppenheim first began building his now famous manure spreader in 1889 in the nearby village of Maria Stein, Ohio. The communities for miles around Coldwater, and sales personnel throughout the nation, know it as the "museum."

Large letters painted on the front wall identify the building as "New Idea Spreader Works-1889." Inside are the four rooms in which Oppenheim and six helpers fashioned the first one of the most important and most widely used implements ever devised by the farm implement industry.

The first room as you enter was the "forge and machine room," containing a forge, hand shear, hand punch press, hand threading machine, small high speed drill, benches and water tank for cooling a gasoline engine.

### Quonset 'Crib'

Shown here is a new, Quonset-type storage quarters for grain which was built by Irvin McKibben, of Maddock, N. D., through a commodity credit corporation financing program. McKibben is supervising the dumping of the first load of his wheat crop into the newly-completed building which was constructed by Agsee Steel Buildings, Inc.

### Crossbreds Held Finer Type of Beef Animals

Experiments in breeding range cattle show that—animal for animal—crossbreds are a finer type than the purebred stock from which they stem originally.

In making that assertion, a livestock specialist claims there is a definite advantage that could result from planned cross-breeding of beef animals, and lack of uniformity of color is not an indication of inferior market yield.

### New Type Sharpener Usable in Fields Will Sharpen Mower Blade While on Bar

A new type of hay mower blade sharpener which makes it possible to sharpen the ordinary mower section right in the field without even removing it from the cutter bar, thus saving time and labor and making it possible to cut more hay faster, has been placed on the market by the New England Carbide Tool Company, Inc.

The black tip of this new type mower blade sharpener is made of carbonyl cemented carbide, hardest metal commercially available. Mower blades can be sharpened quickly and easily in the field with this sharpener.

The sharpener consists of a steel shank one-half inch square and about 5' long, chrome plated against rust and having rounded edges so that the tool can be carried safely in the pocket. The tip which does the actual sharpening is made of ultra-hard carbonyl cemented carbide metal, which is attached securely to the steel shank.

To sharpen mower blades with this "carbide tipped" tool, the edges of the blade to be sharpened are uncovered. The sharpener is held in the hand, palm down. The carbonyl tip is placed on the mower blade at about a thirty-degree angle, and drawn from back to front on the blade three or four times. This produces an extremely sharp edge. Any small burr which may develop on the blade may be removed by drawing the carbide tip across the bottom of the blade.

### Wingless Chickens Cause Speculation Impact on Industry Studied by Growers

Poultrymen and consumers throughout the United States are still speculating on the degree impact on the poultry industry of the development of wingless chickens.

Peter Baumann, Des Moines, Iowa, a veterinary-supply salesman, has raised a flock of 400 such chickens and has proclaimed loudly that they are the "nearest thing" alive to famed cartoonist Al Capp's "shmoos."

Baumann said he had spent 10 years developing the wingless flock, and that he expects the breed to set a new trend in chicken raising. He pointed out that the wingless chicken has a thick layer of white meat where ordinary chickens have wings.

Baumann said he had kept his

For those who dislike chicken wings, Peter H. Baumann, of Des Moines, Iowa, has come up with wingless chickens. He is shown here comparing the wingless chicken (right) with an ordinary chicken (left).

chicken breed a secret because he wanted to be sure it was a success. He studied animal husbandry at Iowa State college and asserts his wingless chickens are not a "freak." A freak does not reproduce, he argued.

The ancestors of this new breed of chicken, Baumann said, came from Texas. He was traveling through that state in the 30's when he acquired a light Brahma rooster and a white Minorca hen. Each bird had only stubs for wings.

He bred them, he said, and was astounded when the hen hatched wingless chickens. He then began experimenting and breeding.

Baumann reported that at first he got only three or four wingless birds out of 100 eggs. Now, he said, about 95 of every 100 chicks have no wings at all. Some of the others, he said, have stubs or a stub on one side and a wing on the other.

### Four Killed In Auto Collision

Four members of the family of John Reynolds, Abilene, a brother of Mrs. Melvin Bass of Muleshoe, were killed in an early Sunday morning auto collision on the highway near Justiceburg.

Killed were John Floyd Reynolds, 48; his wife, Inez, 43; a son, Roy Luther, 17, all apparently dying instantly; and a daughter, Mrs. Vida Mae Cook, 19, of Clyde, who died four hours after the accident in a Lubbock hospital. Wanda Reynolds, 12, received severe injuries as did Harry Duke, of Post, driver of the other car.

Mr. and Mrs. Bass went to Lubbock at once upon receipt of the news of the tragedy. Mr. Bass had to return here for opening of district court Monday. He returned for funeral services, held in Abilene Tuesday afternoon.

### BIG GAME HUNTERS BACK

Big game hunters Clarence Weeks, Charlie Barnett, and Ardell Robinson have returned from Colorado with a pretty good load for three men. They brought back two elk, and four deer, two of the later ten pointers. The men left camp just in time to prevent getting snowed in and a 25 mile stretch took them several hours to negotiate. Many hunters were stranded this year by an early snowfall in the Colorado mountains. The local men hunted near Dolores, Colo.

### FIRST MAID ENTRY

Pretty Patricia House, of Memphis, Tenn., was ready with her entry when the National Cotton Council announced the opening of the 1950 Maid of Cotton contest. Patricia will vie with other Cotton Belt beauties to win an exciting 40,000 mile tour as King Cotton's good will and fashion messenger. The contest is open to any girl between the ages of 19-25, at least 5 feet 5 inches tall, who was born in a cotton-producing state and has never been married.

### THE CHRIST STORY TO BE PRESENTED IN PALO DURO CANYON

CANYON, Nov. 9.—The Christ story beginning with Abraham and concluding with the birth of Christ will be presented each evening in Palo Duro Canyon State Park, December 16, 17, 19, 20, 21, 22 and 23.

The mammoth pageant, using more than 800 Panhandle people, is the largest spectacle ever attempted by Geller Productions, outstanding Hollywood producers of indoor and outdoor pageants. The event is sponsored and endorsed by the Amarillo Ministerial Alliance.

Staged in eight scenes, the story will be portrayed on the rim of Palo Duro Canyon between El Coronado Lodge and the State Park gate.

The vast and sweeping canyon will be a cathedral-like backdrop

THE MULESHOE JOURNAL

## Armistice Day

Friday, at exactly eleven o'clock, every one will pause from daily activities, to pay homage to those who gave their lives in two great wars, that the rest of us might LIVE and enjoy the privileges of peace and democracy.

A moment's pause once a year, is not much. But if in that moment, we all resolve to strive unceasingly for adherence to the democratic principles for which our soldiers died . . . and if we practice those principles—without relaxation . . . then perhaps, we shall have given purpose to their supreme sacrifice.
