Armstrong, as chairman of a Western States Land Commissioners committee on fair return for use of public lands, prepared the survey for presentation at a meeting of the commissioners tomorrow in Reno, Nev.

Texas received \$261 million in oil and gas royalties from production on state-owned lands last year, \$6 million for oil and gas rentals of state lands.

Other states with major revenue from oil and gas production on state lands were Alaska, with \$180 million in royalty, rental and bonus income; California, with \$97 million; and Louisiana, \$201 million.

"Our royalty income in Texas has more than quadrupled in the last five years, while royalty income in California and Louisiana is at about the same figure as 1973," Armstrong said.

"This is a reflection not only of the increased oil and natural gas exploration in Texas and increasing gas prices, but also of our decision to raise our state royalty from 16 2/3 per cent to 20 percent to make certain our state education system benefitted fully from the increased industry profits.

"These 1978 revenues to the Permanent School Fund boosted the total for the endowment to \$1.9 billion, and we expect to hit the \$2 billion mark next month. Income from the Fund, which last fiscal year totaled \$109 million, accounts for about 4 per cent of the state's cost of the public school system."

... a weekly inspirational message for today's life-styles...

Let not the foot of pride come against me, and let not the hand of the wicked remove me. Psalms 36:11

How often have you heard someone make the remark, perhaps facetiously, "I may not always be right, but I am never wrong." Being always right is a matter of pride with some people.

How comforting it would be to know that one could go through life without ever making a wrong decision, without being responsible for some act or word that brought discredit or disfavor to someone else!

We are not perfect, none of us. We cannot assume that something we want or something we say is right merely because we want it or we say it. We are human, subject to human weaknesses of human nature — prone, perhaps, to give ourselves first consideration.

Let not pride cloud thinking or purpose.

**The BLACKWOOD BROTHERS**  
 Gospel Music World Talent  
 3935 Summer Ave., Memphis, Tenn. 38122

The Blackwood Brothers will be featured in a special free concert at Cisco Junior College Auditorium at 8 p.m. on Thursday, Jan. 25, it has been announced.

W.B. Knowlen, formerly of this area and well-known producer of special events, is in charge of the appearance of this county.

Billed as a giant area-wide praise gathering, featuring Cecil Blackwood and Mr. Gospel Music, James Blackwood, all clubs are welcome and a missionary offering will be taken.

Without a doubt the name BLACKWOOD BROTHERS is the best known name in sacred and gospel music. The exciting sound of the Blackwood Brothers is known around the world. They are electrifying entertainers that stir an audience with their gospel music like no other group can. You will enjoy the music of these men time after time and never tire of hearing or seeing their performance. They have sung to more people, sold

more records, and traveled more miles than any other gospel group. Although the group was formed in 1934, the Blackwood Brothers are current and up to date with their style of singing and appearance and promise an exciting performance.

The Blackwood Brothers have recently toured in Russia, Holland, Finland, Sweden, Denmark, England, France, Israel, Egypt; altogether they have held tours in 30 countries. They just returned from a tour of the Far East into Japan, Taiwan, Philippines, Hong Kong, Korea, and China. A new TV show, "Grand Ole Gospel" starring the Blackwood Brothers will soon be syndicated throughout America. The Blackwood Brothers are currently seen by millions on the PTL TV Talk Show in over 200 cities in America and 15 foreign countries.

The Blackwood Brothers were chosen as the only music provided for the 1978 Presidential Prayer Breakfast in Washington, D.C. There were 3500 dignitaries there to enjoy the music ministry of the Blackwood Brothers and of course, President Jimmy Carter attended. The Blackwood Brothers were also chosen by the Billy Graham Association to be a part of the Memphis Crusade, where over 400,000 people attended during the Crusade.

JAMES BLACKWOOD, who is known as Mr. Gospel Music has traveled six million miles, sung at 12,000 concerts, and enjoyed 50 years in gospel music. He has won the Dove Award from the Gospel Music Association for the Best Male Voice in Gospel Music for seven years and has been enshrined into the Gospel Music Hall of Fame.

THE BLACKWOOD BROTHERS set a record for having the Number One song on the Top 40 charts for the longest period in history.

## Problems Of Elderly May Be Helped By Proper Diet

SAN FRANCISCO, Calif.--Many physical and mental problems of the elderly may be prevented or cured by proper nutrition, a University of Southern California expert says.

Nutrition is a cornerstone of preventive medicine, and scientific evidence is growing that many maladies of the elderly may be in large part counteracted with proper food, Dr. Ruth B. Weg writes in the current issue of THE PROFESSIONAL NUTRITIONIST, a quarterly magazine published by Foremost Foods Company.

"Rather than less important, an appropriate, adequate diet may have greater significance in the later years than in the earlier years," says Dr. Weg, an associate professor of biology and gerontology at USC's Andrus Gerontology Center. Too many people feel the aging process is inevitable, and that all older people should eat low-calorie diets, she says.

"Some are active, healthy, ambulatory, still in the world of work for pay or pleasure. Others may be ill, have one or more chronic diseases, be relatively sedentary, even immobilized..." Such differences indicate different nutritional needs, she says.

"The older organism is less efficient and requires more energy than in the earlier years to carry out the same task," she says, adding that the elderly frequently receive deficient levels of such micronutrients as vitamins A, B, C, calcium, iron and magnesium, as well as low serum amino acids and proteins.

"There is evidence from behavioral and biomedical investigations that inadequate nutrition is correlated with the widespread, chronic diseases of the Western industrialized societies: coronary heart

comments, may play a protective role in reducing cholesterol and other lipids, and in the reducing of gastrointestinal disorders such as cancer, colitis, diabetes, diverticulosis, gallstones, ischemic heart disease and obesity.

There is also some evidence, she says, that vitamins A and C may increase bodily resistance to chemical carcinogenesis. And there is evidence that atherosclerosis may be reversible with a diet low in or relatively free of fats, cholesterol and refined sugar.

Dr. Weg points out that the magnitude of the problem is

growing, as Americans are living longer and the percentage of elderly in the total population is increasing.

She points out that life expectancy during the Middle Ages was only 14 years, but climbed to 47 by the 19th century and in America today the life expectancy is 73.2 years.

In the early 1900s, only four percent of the people in the United States were over age 65, but one in every five Americans will be 65 or older by the year 2030, she says.

# Workers Can Still Make 1978 IRA Contributions

Qualified workers may make 1978 contributions to Individual Retirement Savings Arrangements (IRAs) until Monday, April 16, 1979.

the Internal Revenue Service said. Most taxpayers who have Individual Retirement Arrangements (IRAs) no

longer will be required to file an annual information return or schedule supporting an IRA deduction on Form 1040, according to the new provi-

sions in the Revenue Act of 1978. Only those individuals who owe excess contribution taxes, premature distribution taxes, or taxes on certain

accumulations in IRA accounts or annuities will file revised Form 5329, "Return for Individual Retirement Arrangement Taxes."

Since penalties are assessed for excessive contributions, this 3 1/2 month period allows taxpayers to closely calculate and contribute the correct percentage of income, and still be able to deduct it from their 1978 taxable income.

IRAs are taxpayer-initiated retirement plans set up by workers not covered by qualified pension or retirement plans where they are employed. IRAs also are available to non-working spouses of eligible workers.

Many banks, insurance companies, credit unions, and other financial institutions can provide additional information on setting up

and maintaining IRAs. In addition, the IRS has a free booklet, IRS Publication 590, "Tax Information on Individual Retirement Savings Programs," which can be ordered by filling out the coupon in the tax package.

### Putnam News

By Mrs. R.B. Taylor

The sunshine has been wonderful today (Monday). We had quite a bit of snow Saturday morning, but it melted nearly as fast as it fell, so none accumulated on the ground. Putnam received about two inches of rain this week of which we are so thankful. The grain fields which the extremely low temperatures we had for over two weeks, had turned brown and appear to be killed, have begun to green up again.

We still have some of our people on the sick list. Mrs. George Weeks has been moved from West Texas Medical Center following surgery to the home of her son, Mr. and Mrs. Dick Weeks at Abilene. She is doing fine.

Mrs. Burette Ramsey is still at Hendrick Hospital. She also had surgery, last report she is improving.

Mrs. Judy (Ray) Maxwell went to Houston this week where her mother, Mrs. Dorothy LaFlore of Cisco underwent surgery at M.D. Anderson Clinic. Mrs. Leflore is doing as well as could be expected.

Our sympathy goes to three of our Putnam people this week. Mrs. Chuck Thorne's sister, Mrs. Harlow of Cross Plains died Tuesday. Mr. Dale Wirt went to Glen Rose to attend the funeral of his brother-in-law, we didn't get his name.

Ken Cavanaugh and son, Darrel went to Dawson Springs, Ky. this week to attend the funeral of his step-father, Mr. Oakley. The Oakleys lived in Putnam about two years. We are very sorry to learn of his death.

Mrs. Fred Heyser of Baird and Mrs. Annie Merle Smith of Pecos visited Mrs. R.B. Taylor Friday.

James Isenhower and boys of Coleman visited Mrs. Ollie Burnam Saturday.

Mrs. Dean Weed of Canyon City, Colo., and Mr. and Mrs. Kenneth Do Chow of Colorado Springs, Colo., visited Mrs. R.C. Speegle Sunday. They are Mrs. Speegle's sister-in-law and niece.

Mr. and Mrs. Bynum of Moran were Saturday visitors of Mr. and Mrs. Jewel Shirley.

Mr. and Mrs. Jerry Toland of Breckenridge spent Saturday with the John Pettys.

Mr. and Mrs. Homer Taylor and Barry and Jan Stein of Sweetwater visited Mrs. R.B. Taylor and Mr. and Mrs. Arlin Birt Saturday.

Mr. and Mrs. George Lee Ramsey and Tim of Glenwood Springs, Colo., are visiting her mother, Mrs. Vernon Donaway and his father, Jack Ramsey and Maxie Solomon.

### WEDDING

David Isenhower, son of Mr. and Mrs. John D. Isenhower of Putnam, and Carol Terrell of Stephenville were married Saturday evening at the home of Mr. and Mrs. James Isenhower at Coleman.

Attending the wedding from Putnam were Mr. and Mrs. John D. Isenhower, Donald Isenhower and friend, Mr. and Mrs. John Doyle Isenhower, Laura and Martin, Mr. and Mrs. Ray Green and Ronald, Mr. and Mrs. Butch Petty and family of Eastland and Mrs. Gaye McClenahan of Houston, who is visiting her parents.

Smith, Lela Huskey, Elma May Huskey, Merle Newton, Mr. and Mrs. Lynn Williams, A.J. Thomas, Barney Midkiff, Mr. and Mrs. Ezra Weir, Mr. and Mrs. Robert Thompson, and Frances Green.

The club will meet on the second Tuesday night in each month at Trowells Cafe, at 7 p.m. Any one wishing to come may do so.

### SNOW

Moran and community received snow and rain Saturday morning. Approximately .7 inches of moisture was recorded.

R.W. Miller is receiving treatment in Dyess Air Force Base, Hospital.

Homer Brooks is receiving treatment in West Texas Medical Clinic, Abilene.

## "No one should be without a Tax-deferred retirement plan. Ours is at United Savings."

No matter what your age is, or your income level, or your lifestyle... you should have a retirement plan. And it should be tax-deferred. That means you don't pay income tax on the money you set aside until you use it. By then, you'll probably be in a lower tax bracket than you are now. You benefit by 1) saving pre-tax dollars, and 2) earning considerable tax deferred dividends on your savings. It all adds up to a better future for you!

- INDIVIDUAL RETIREMENT ACCOUNT**, (IRA), for those whose employers do not offer a pension plan (up to \$1,500 or 15% of salary per year). **Insured to \$100,000.**
- KEDGH PLAN**, offers advantages similar to those of IRA, to the self-employed person (up to \$7,500 or 15% of income per year). **Insured to \$100,000.**
- DEFERRED COMPENSATION**, for employees of the State of Texas or local government, or of an independent school district (up to \$7,500 or 25% of salary per year).

## You can save money on electricity costs...if your home has an Energy Efficiency Award from WTU

Before you buy or build that all-electric dream house you've been planning all these years, make sure it incorporates energy-saving ideas to help you keep your electricity bills in line. In these days of rising power costs, whether or not a house will help you use energy wisely is a factor you should consider just as carefully as you do size, location and architectural style.

That's why you need to know about the Energy Efficiency Award program sponsored by West Texas Utilities Company. An all-electric home that merits this award has been designed and built to help you make the most of every dollar you spend for electricity: it is well insulated, weather-stripped and equipped with efficient electric heating and cooling systems. A qualified technician from WTU checks the house for these and other important features that boost its energy efficiency.

When you live in a home that has earned the Energy Efficiency Award - and follow WTU's suggestions for using energy wisely - you can be sure that you're getting the full value for every kilowatt-hour you buy.

Pick up your **FREE** booklet at any WTU local office. Trained WTU representatives are available to advise you on proper energy management. Call WTU and arrangements will be made for a representative to assist you, **free of charge.**

President Gid Bowers presided, and we feel like he will do his best to help make this a good year for our chapter. Guest speaker for the evening was the Honorable Judge Scott Bailey. He gave an interesting speech on our judicial system and its workings, and on our heritage that was enjoyed very much. We do so appreciate Judge Bailey taking time off from his busy schedule to speak to us, and we hope he will come back soon.

Another guest that you can be sure to be invited back was Wanda Toler, who thrilled us with her lovely voice when she sang the beloved song of "Day After Day."

Ella White led the choir in four numbers, while Cora Lee Thomas, played the piano.

The rhythm band played and the band has been in-

vited by Miss Hicks to play again this year in the program that is to be given for the heart fund.
