April 12-18 To Be Clean-Up Week

The Cisco city council voted at its regular meeting Tuesday night to designate April 12-18 as Spring Clean-Up Week in Cisco.

During that time, local citizens may call City Hall in order to get trees, brush, refuse from cleaned-out attics and garages, hauled to the city land-fill free of charge. City manager John Boland asked that citizens be patient while waiting for city crews, since there are only two dump trucks to service the entire town.

Anyone having metal objects to haul off is asked to call the Cisco Chamber of Commerce, which will arrange for its pickup.

City Manager Boland stated the city's participation during clean-up week will be emphasized on weed control and drainage improvements in the downtown area.

Chamber Talk

Clean up week in Cisco got off to a good start and is looking good. City trucks are making good progress in hauling off all that good stuff that we are finding we can do without.

The Civic League and the Cisco Service Club are to be commended for their leadership in getting other clubs and organizations to all get together and make plans and set goals toward cleaning up

Cisco. A spokesman for the Cisco Garden Club stated this week that their club would sponsor a yard of the week contest this year beginning the week before Mother's Day. This early announcement gives us all plenty of time to shoot for the first yard of the week in 1979. Lets all take part in as many activities of Cisco Frontier Jubilee Week as we possibly can. Lets make it a fun week.

Countians Turn To Scripture For Easter

By Viola M. Payne
[Compilation of favorite Bible verses from local people]

Again the world is celebrating the resurrection - both in the renewal of life in nature, and remembrance of the victory of Christ over death. Again men of faith are turning to familiar passages in the Bible - back to the Book which satisfies the longings of the human heart. For through the Bible runs a constant theme, illumining the dark history of man's existence. And Christ is the

theme of the Bible - the love of God clothed in humanity. It is inspiring to read these thoughts in a Book - it is even more inspiring to see them written in the lives of people around us. The following Eastland County people share verses which have a special meaning for them:

J.B. HUDSON, Minister of the Church of Christ--
1 Corinthians 15:58:
"Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know

that your labor is not in vain in the Lord."

The entire fifteenth chapter of First Corinthians has to do with the resurrection. The resurrection of our Lord from the tomb is but proof of the bodily resurrection of man. In view of these riches and glories, Paul admonishes his brethren to be firm, steadfast and unmovable in the hope of the gospel. Constancy of purpose and action is set forth. Paul closes his argument with an appeal to the conviction of his hearers that there will be a resurrection.

All efforts to this end in Christ are not in vain. The victory is ours through Christ (1 Corinthians 15:57).

ELIZABETH CHAMBERLAIN

Him that cometh to me I will in no wise cast out.
John 6:37

How does one select one verse from the total Scripture claiming it as most favored? An impossible idea! However, the above-mentioned verse is composed of words, few and short, but is packed with power and precious, everlasting hope.

First, it is a never-failing promise, an all-encompassing invitation. Every individual may experience it. Secondly, it is a message which gives everyone a choice: no one is ever coerced to accept.

Thirdly, the invitation is personal to the point of intimacy. How glorious to know that even I may come! Such grace, to have the blessed assurance that He will never reject me! One may be rejected, even ejected by any other organization, club--or even,

become an outcast from his own homeland. But, no one--not even I--will ever find His door closed. As the old-time cowboys used to say, "the larch string is always out!" Even so, come, whosoever will!

PASTOR O.T. KILLION, Assembly of God Church--
"He shall cover thee with his feathers, and under his wings shalt thou trust." Psalms 91:4.

Under His sheltering wings we have:
Protection. Anything coming through the feathers is not

evil because it has been filtered. The Psalmist speaks of "thy hidden ones," in Psalms 83:3; in Psalms 17:8 he pleads, "hide me under the shadow of thy wings."
Warmth. When people treat you cold, flee to His warm wings.

Lights From The Christian World

By Josephine Cleveland

It has been said, "A boy's best friend is his dog." Let me share with you one young boy's story of his dog who he had named, Tiger.

"Now Tiger," he said, "was an unusual dog. He was good for everything. He was a watchdog; he was a bird dog; he could tree a squirrel or hunt for

anything his master chose for the occasion either day or night."

One day in the woods the young lad and his brothers were chopping wood. Tiger was lying down. One of the brothers glanced at Tiger and remarked, "I believe something is wrong with Tiger." Not long after his

remark, Tiger suddenly made one big lunge and fell dead.

The young boy and his brothers grieved for their dog. One said, "There will never be another Tiger."

Another brother said, "Well, maybe." The lad who had spent the most time with his dog shook his

head and said, "No, if you had ever been acquainted with him you would know that there will never be another Tiger. I can see him even now. I remember where he was lying and where I was standing when he died."

My Friend, something happens only once. There will never be another birth of the Son of God, Jesus. There will never be another first Good Friday and Jesus death on the cross. There will never be another first Easter morning and the finding of the empty tomb. There will never be another time when Jesus will say farewell to his followers as he tells them, "I must go away to prepare a place for you, that where I am you may be also."

There will never be another time as now when Christ has sent a Helper, the Holy Spirit into the world to comfort His followers. There will never be another way to Heaven except through Christ—and there will never be another you in all God's creation.

The next event is His second coming and that will be only once. If you miss it—never again. It is gone forever. But, my

Poem

THE LOWLY JESUS BORROWED

When Jesus came to this earth They started borrowing at His birth. They borrowed a manger for His bed, For He had no place to lay His head. He borrowed a colt to ride to town. Although a better Person could not be found. He also borrowed some fish and bread That over four thousand could be fed. He borrowed a drink from a woman at the well. And off she went, others to tell. And when His life He freely gave, They buried Him in a borrowed cave. And when He died for our sins to atone, The life He gave was His very own. Written by Brother Ivan Page, April 8, 1979.

The wedding will be held at the First Baptist Church of Baird May 5, 1979, at 7:30 in the evening. The reception will follow in the fellowship hall of the church. All friends are invited to attend.

every one needs the Red Cross

Roy V. Cartee, Eastland County Red Cross Chapter Chairman, has announced a special disaster fund drive is being made.

Mr. Cartee stated, "thousands are being fed in a congregate setting, housing is being provided, thousands of inquiries are being handled, assisting and checking the accountability of missing persons, and the processing of the Red Cross Blood Program in Wichita Falls is causing a heavy drain on the national funds."

"Eastland County, and other counties, are very fortunate, at this time, in not having such a catastrophe."

"The Disaster Fund Drive was launched by the Romney Church of God, who has presented a check for \$500. I am asking if each organization in Eastland County would contact their members for contributions for the fund. This would include churches, youth organizations, women's organizations and men's organization, and individuals."

Contributions may be made at the nearest bank, as every bank in the county is participating as a receiver of funds, or funds may be sent to the Eastland County Red Cross, 900 Avenue H, in Cisco.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—What consumers pay for a gallon of gasoline will be going up again. Soon.

In the near future, what it costs to fill up your car or truck will definitely jump four cents a gallon. But don't blame the politicians. That price increase is the work of major world petroleum producers, such as Iran and Saudi Arabia, that announced this week an 18 percent jump in what they charge for a barrel of oil.

Down the road even further, another five cents will probably be added to the price we pay for a gallon of gas. This time you can blame the politicians.

That extra nickel we'll be paying at the gas pump will come as the direct result of lifting price controls on what domestic producers of oil get for their product. President Carter appears to be on the verge of making such a move. After June, he will have the power, given to him by the 1978 federal decontrol act, to do so.

Most oil industry executives in Texas and elsewhere have called long and hard for abolishing regulation of domestic oil prices. Gov. Bill Clements wants "immediate decontrol."

The Texas Energy Advisory Council, the state's main source of official advice when it comes to energy, passed a resolution almost two months ago calling on the federal government to lift price controls.

Lt. Gov. Bill Hobby and Speaker of the House Bill Clayton are members of the council.

The hope is that doing away with price controls would mean a surge in domestic oil production. Everyone agrees that prices will go up, but maybe, just maybe, it will put a dent in this country's reliance on foreign oil.

Windfall Profits?

With the announcement this week that foreign oil would be costing more in the future, the cry for decontrol was renewed. The only thing that appears to stand between Carter and the gradual lifting of price controls is the decision on whether a tax on predicted windfall profits should accompany deregulation.

Dr. Milton Holloway, executive director of the Texas Energy Advisory Council, encouraged the president to move ahead with plans to deregulate oil production.

As it stands now, almost half the oil produced in this country is subject to federal price controls. That oil—which makes up one-fourth of U.S. consumption—sells now for less than half of what it would bring on the world market. That price today, after the most recent increases, is just over \$15 a barrel. The controlled-price in the U.S. is \$5.25 a barrel.

Oddly enough, what politicians and energy experts

alike hope will happen when price controls are abolished, appears to be underway, at least, in part.

Last month, the U.S. trade deficit was the lowest it has been in 21 months. The drop in money pouring overseas appeared to be effected heavily by the sharp decline in U.S. oil imports.

The 21-month low deficit almost meant the dollar would be getting back some of the punch it has lost in the last two years while this country grew more and more dependent on foreign oil.

In The House

With the 66th session more than half over, the House of Representatives appeared to be trying to make up for lost time this week as members tentatively approved a wide variety of bills that would aid an even wider variety of people.

Quickly, the House approved a measure requiring health insurance plans to cover chiropractors' costs, gave its okay to a "cancer registry" so that trends of the disease can be studied, said yes to a bill that would give the state the authority to guarantee loans for family farmers and ranchers and voted to restore the voting rights of convicted felons not on probation or parole.

The House also took on the sticky issue of initiative and referendum and came out doing about what the Senate had done up to that point—nothing.

In the House, debate on a bill giving voters limited initiative and referendum rights (restricted to rolling back excessive property tax increases) was postponed until late April.

In short, the House simply told the Senate: "The ball's in your court."

What the Senate did was attach an amendment to a property tax reform bill that would give voters the right to strike down the same kind of taxes addressed in the House bill. "This could give the governor an escape hatch," said Sen. John Traeger of Seguin.

Gov. Clements had warned the Legislature he would call a special session if lawmakers didn't pass

some kind of initiative and referendum bill. Some doubt that even the rollback provision can pass the Senate. The amendment is attached to the Senate version of Orange Rep. Wayne Peveto's tax reform bill that has had problems in the past getting through the Legislature.

Short Snorts

The Senate also moved this week to solve some of the problems pointed out by Chief Justice Joe R. Greenhill in the first-ever "State of the Judiciary" address that came in the opening weeks of the session.

Senators passed legislation that would allow intermediate courts of civil appeal to handle criminal cases as well. During his address to the Legislature, Greenhill suggested such a move in an attempt to deal with the backlog of cases facing the criminal appellate courts.

While mortgage money around the state appears to be drying up and with fewer and fewer consumers being able to withstand the financial burden of becoming a homeowner, the Senate gave its tentative approval this week to legislation creating a state housing authority. Voters will be asked to approve the money needed (\$200 million in state-backed bonds) to fund such an agency.

Forty-two states have some kind of housing authority financed by taxpayers. This issue of a state housing authority has rattled around the Capitol since 1971 when then-Sen. Barbara Jordan filed a bill to

create such an arm of state government.

And finally, this rather unsettling piece of news: tax assessor-collectors from around Dallas said in a seminar this week held in Arlington, Tex. that tax relief legislation already passed in the House would be costly to administer and might spark another tax revolt in 1982. Tax assessor-collectors at the seminar said too many people were being exempted

from the tax rolls and that too many wealthy landowners were getting tax breaks they didn't deserve. Inevitably, the assessor-collectors said, the middle-income homeowner would be the hardest hit.

"I don't believe the Legislature, by and large, was aware of what they were putting before the people," said one assessor-collector of the tax-relief amendment approved by voters last November.

TORNADO SAFETY TIPS

TORNADO WATCH:
tornadoes may develop

TORNADO WARNING:
tornado detected; take shelter

When a tornado approaches, your immediate action can save your life!

- In homes, open some windows (but stay away from them); take shelter in the basement or under heavy furniture in the center area of the house.
- In schools, move quickly (following advance plans) to shelter areas or to an interior hallway on the lowest floor.
- In office buildings, go to an interior hallway on the lowest floor or a designated shelter area.
- In factories, move quickly (following advance plans) to shelter areas. Post a look-out, if this can be done safely.
- In shopping centers, go to a designated shelter area (not to your parked car).
- Mobile homes are particularly vulnerable to overturning during strong winds and should be evacuated when strong winds are forecast. Damage can be minimized by securing trailers with cables anchored in concrete footing. If there is no shelter nearby, leave the trailer park for low, protected ground!
- In open country, move away from the tornado's path at a right angle. If there is no time, lie flat in the nearest depression with your hands shielding your head. Be alert for flash floods.

Morton Valley H.E.D.C. Meeting Held

Bernice Tankersley directed the opening exercises of the Morton Valley H.E.D.C. on regular meeting day Wednesday. Announcement was

made that "Fun Day" would be on May 2nd. There will be a covered dish luncheon and a Council Meeting at Nimrod Club House followed by a trip to the adobe home of Nancy and Dan Childress. The meeting at Nimrod begins at 10:30. Nancy Justice will supervise the study of patterns and fabrics at a meeting at 7:30 p.m. in the bank building in Cisco on 19th. Nancy owns the Day Dreams of the Yard shop in Abilene.

The council report was made by Emily Hartsell. Beautifully pieced quilt blocks were brought in by club members. Plans were made for the size of the quilt and the "setting together" of the blocks. Emily Hartsell read a lengthy letter from Ruby Bond, a club member in Folz, Germany, reporting among other things the food, homes and customs in her area.

The program consisted of an able and informative summary of the five kinds of arthritides the extent in this country and some suggestions for relief from the resulting pain and stiffness. She was substituting for Ora Roberts who was ill.

Refreshments, served by Ora Mae Jordan, prepared by Mable Garrett who was home trying to contact the Wichita Falls relatives. Home made coconut cake, drinks, nuts, sandwiches

were enjoyed by Dorothy Underwood, Bertha Asher, Emily Hartsell, Flora Kincaid, Estelle Leach, Bernice Tankersley, Leta Brockman, Ora Mae Jordan, Otie Frasier and Clara Simer.

Countians Turn, Continued

Peace. You are in His presence.
Love. You are near His heart.
Invitation. "O Jerusalem, Jerusalem...how often would I have gathered thy children...as a hen gathereth her chickens under her wings." Matt. 23:37.
 Ruth found protection and reward under His wings. Ruth 2:12.
VIDA KILLION, Co-Pastor, Assembly of God Church--
 A few years ago, near Easter, after my oldest sister's memorial service, I followed the bier to the mausoleum. Above the floral arrangement, I read Jesus' words, "I am the resurrection and the life."
 The words brought comfort, assuring hope at such an opportune time...Spring.
 Winter was past. Flowers were coming forth, three dawning fresh greenery, birds were singing.
 As surely as vegetation is awakened from winter's sleep to resurrecting newness each spring, so shall all who sleep in Christ

awaken from death's sleep to new life.
 "Then shall be brought to pass the saying that is written, Death is swallowed up in victory." 1 Cor. 15:54
GERTRUDE BESSELAAR says:
 Once more I am reminded at Easter what Jesus has done for me - all the suffering He bore on the way to Calvary, and then how He did on the Cross to set me free.
 Free indeed! By dying and rising again, He brought me from death to a new life. A wonderful, abundant life - that's what it means to me.
 Jesus said: "I am the resurrection and the life, he who believes in me, even if he die, shall live; and whosoever lives and believes in me shall never die."
 It is not just at Easter, but it comes to my mind every day that He promised eternal life to all who believe and keep His word.
ANNIE RENDALL shares Galations 9-6 (The Good News Bible) with us:
 "So let us not become tired

of doing good. So if we do not give up, the time will come when we will reap the harvest."
 Most all of us will help an injured bird or animal that has fallen along the wayside, but are we always ready to help our brothers? Some are sick, some aged, some blind, while others are in great need of a real friend. And many are lonely, depressed, and despondent.
 Sometimes the hill gets steep and we get tired of doing good. Stop and rest, if you must - but don't quit! We help ourselves as well as others when we do things in Christ's name and for His sake.
 What a glorious time we will have when that great harvest is reaped!
DETTA WEBB chooses a favorite of many people:
 "For God so loved the world that He gave His only begotten Son, that whosoever believeth on Him should not perish, but have everlasting life." John 3:16.
 Oh, what love our Heavenly Father had for us - sinners unfit for Heaven, and some of us unfit for earth -

that He should give His most precious possession for every one on earth!
 I had always heard that "Whoever" meant me. But now, as a Christian, I realize that it also means the thief, the killer, the greedy, the homosexual. In fact, when I realized that He gave His son for Hitler, who killed millions of people, it grieved my heart that Hitler wouldn't accept that precious gift.
 Then, when I think of the wonderful promise that goes with the gift, what peace it gives my heart!
DELBERT R. SMITH, a Baptist Pastor, gives us a text which he finds very impressive. He has used this one in a special sermon. Hosea: 3, 1-3
 In these profound verses we find the whole history of mankind.
 This is the scene of a young man desperately in love with a young woman. Hosea gave her, Gomer, every opportunity to be a true wife. Yet she proved to be an adulteress, choosing to give her love to others.
 This is man's natural relationship with God. Man

was seperated from God by choosing to love false gods. But by God's love for man, he purchased him back - through the death of Christ. Yet He still gives man the choice of whom he will serve.
LELA L. LLOYD shares this verse:
 The prophet Isaiah wrote: "They that wait upon the Lord shall mount up with wings like the eagle; they shall run and not be weary; they shall walk and not faint."
 How vividly that pictures the plateaus of our lives: the mountain top of joyous triumph; the plain of routine life; and the valley of sorrow.
 God rejoices with His children when we "Mount Up With Wings" for those great moments; He strengthens us in daily living so that we may "Run and not be Weary". His strong arm steadies us when we face personal tragedy or the loss of a loved one, enabling us to "Walk and not Faint".
In the beginning God created the heavens and the earth. Genesis 1:1
 "In the beginning God..."

-- that's elementary, basic, important -- and it's the favorite of many.
 Accepting it puts everything else in perspective.
 Ten words. It's what it's all about. That from the VERY beginning, one God has planned it all. And that includes providing a Saviour because He knew that one would be needed. The death of our Lord Jesus Christ was not accidental. Neither was His death an after-thought. It was according to God's pre-planned and pre-written program. It was designed in the heart of God before the world began, and it is described in the Old Testament.
 The nay-sayers ask: "Yeah, but what was there and who was there before God?" For those of us who accept "In the beginning God..." there was nothing and no one. And until God is ready for us to know, if ever, we won't know more.
 Today we celebrate the culmination of God's Plan. Easter, the day remembering Christ's resurrection.
AN EASTER MEMORY:
 There was a lonesome, weary, scared G.I. on a wind-swept hill, near El Paso, walking a long night's two-hours on, two hours off, guard duty. It was Easter, 1954, a quarter century ago.
 A non-militant, inducted to serve, but one certainly out of orbit. Physically soft after four years of working nights and going to college days, the training had just about done me in. A long way from home and a stranger to Army life -- and far from happy. Getting detailed for guard duty on Easter weekend was bad.
 Someone saw that the sunrise fell to me. Bone-weary and burdened with a heavy M-1 rifle, it seemed that the walking perimeter grew longer with each round.
 And it was cold just before dawn, and dark, and the wind cut like a knife.
 A few preveiw rays of daylight just naggingly reminded that the horrible long shift wasn't over by a long shot. Your feet hurt. Your eyes ached and your exposed face and hands were raw from the wind. You felt like the last man on earth.
 And then -- orchestrated by the Master Conductor the bright sun was up.
 The wind died and it was warm. There was no one

around but suddenly you know that you are not alone. You notice that there is grass greenening and trees budding and brave flowers trying to bloom.
 It's Easter -- and everything is alright. You will live through the guard shift. You will survive military service. You will go home and have a home.
 Because... "In the beginning God..."
 Easter, 1979, sees us
 grieyed with the strife of our storm-ravaged neighbors in North Texas. We fright from ravaging inflation, fuel shortages and accompanying alternate power worries. We hope for peace in the world, but think we see threats on every side. So this time, like other times, is a time of fear and concern.
 But no better time, than Easter to remember -- "In the beginning God..."

When The Time Comes-
 ...to sign the deed, both buyer and seller are usually in a hurry. But alas! it is then that the buyer demands an abstract and the seller discovers that he has lost his abstract or never had one. As all title work must be carefully done in these modern days, it takes time and much work. To avoid situations such as these, let us suggest that you place your abstract or title insurance orders well in advance of an anticipated need.

Late Easter, Good Weather Promise Big Pageant Turnout

By R. Kurkin

Thousands of people from all over the state flock to the Kendrick Amphitheater early Easter morning and many spend Saturday night there too. And unlike the last couple of years good weather was forecast and Easter is late. This together with the many calls of inquiry produced an expectation for a larger crowd.

The people are drawn to the amphitheater on Hwy. 80 between Eastland and Cisco to see a cast of

about 55 actors in colorful costumes, made brilliant and vivid through the skillful use of lighting, in rapidly changing scenes that portray the life of Jesus Christ from birth to resurrection. In its fifteenth year, it has been perfected into a one and one half hour production that is timed to end with the resurrection scene just as the sun comes over the horizon on Easter Sunday morning.

The scenes are so impressive and

realistic that it is even an emotional experience for the actors in practice, most of whom have acted in it for years. Unlike pros who act for pay, the actors are Christian people of the various denominations who put their hearts into the production and enjoy the Christian fellowship of working together.

The Kendrick family produces the pageant, with Phil directing it, Pierre narrating it, and area people as ac-

The facilities and quality of the performance are something the Keindricks, the actors, and Eastland County can be proud of.

Senior Citizens Nutrition Program Celebrates First Birthday Monday, April 9th

By Vida Killion
Monday, April 9th, marked one year since the Senior Citizens Nutrition Program was launched in Cisco. The event was celebrated with "Our First Birthday Party" held in the Corral Room from 9:00 a.m. to 2:00 p.m. with 354 in attendance.

The newly refurbished Center is beautiful, spacious and well equipped.

The dining area depicted a party atmosphere with gold and blue streamers scalloping the walls, criss-crossing the ceiling and centering the white laid table cloths. (Gold represents the golden years; blue signifies truth). Fresh liliac bouquets were placed at intervals on the four long tables in the dining room and at vantage points throughout the center.

The day began with bustling activity from 8:00 to 9:00 a.m. as citizens brought items to arrange for exhibition. Jack and Dixie Montgomery and Ted and Mildred Starr supervised exhibitions.

Bertha Reimer chaired the decoration committee.

Thelma Bosworth baked and decorated the four-tier birthday cake.

Yellow name tags were presented to each one entering the Center. Additional pink tags were given to volunteers.

The program proper opened at 9:00 a.m. with a welcome by

emcee, Roy Cartee. He presented the AARP rhythm band with Cora Lee Thomas at the piano to furnish music the first quarter hour.

The following fifteen minutes of music featured Clyde Brymer, violin, Ms. Priest, Albany, piano, and Sallie Hamilton, Rising Star, guitar.

There was an applause as recognition was given to Edith Short, Green Thumb Field Supervisor, DeLeon, Andrea Wooten, National Green Thumb Office, Washington, D.C., Diane Ballard, Green Thumb District Director, Waco, and T. A. McDonald, Green Thumb Field Supervisor, Brownwood.

Local Green Thumb workers are Fred Casselberry, Nila Jones and Jo Phillips. Ministers attending included H.V. Coats, O. R. Williams, J.B. Hudson, Dell Crockett, Norman Dow, Jerden Davis and O. T. Killion.

Mrs. Cartee urged all present to see the display of exhibits in the north room. It was like browsing through a hobby, craft and curic shop.

There was a varied assortment of multiple crocheted items, tatted doilies, quilts, quilt tops and embroidered items.

In pictures, there were prints, oil paintings, quilling, tufted and real butterflies mounted on velvet under glass.

Decapogue,

ceramics, hand painted china, miniature velvet upholstered furniture made from cans were among other eye-catching items.

In the wood category, a mesquite stump table pedestal, petrified wood, natural wood planters and wooden growth formations resembling a bird, a boot and many other unique formations were displayed.

Rocks, ranging from a pet rock to coral, quartz, and gypsum formations of rossettes, rose rock or desert rose.

In shells, there were olive shell planters, necklaces and hat bands. Also sand dollars, coral, abalone and conch shells.

Several living plants added a touch of spring to the display.

Dr. D Ball showed slides of Alaska. Scribes and Scribblers president displayed her book.

The Senior Citizen Program is much alive, doing well and looking forward to next year's birthday party.

Dr. D Ball showed a film on Alaska at the first birthday party celebration of the Senior Citizens nutrition program in Cisco.

Letters to the Editor

Dear Sir:

The purpose of this letter is to correct a portion of your article in Thursday's paper concerning your City Commission meeting wherein your local taxi operators met with your council and complained of Eastland's Checker Cab, alleging that we are soliciting business in Cisco.

Your paper, as well as the Eastland Telegram, Ranger Times, and the Rising Star and Gorman papers, carried a classified ad in the March papers, placed by Central Texas Opportunities of Coleman. The ad stated in part that they were seeking a person or persons to transport Medicaid patients in Eastland County to and from doctors' offices, regardless of where they had to go. Some of these Medicaid people have to go to Abilene doctors and they are not financially able to pay a local taxi or bus fares, and consequently Central Texas Opportunities pays for this.

We have the taxi franchise in Eastland and are fully licensed and insured, so we applied for the task and were granted the contract to operate throughout Eastland County in doing this. We are paid by the hour, and by the mile, for picking these people up and transporting them to their doctor, dentist, or chiropractor. Medicaid patients do not pay us a dime for our services.

The impression left during the City Commission meeting, according to your article, was that we are soliciting regular taxi fares in Cisco. We are not, and we told Mr. and Mrs. Husbands when we got this contract that we would be picking these Medicaid people up and Mr. Husbands at the time said he understood and that it would be okay. We then thought that any possible misunderstanding had been averted, but apparently Mr. Husbands has changed his mind.

Also, at no time have we ever said, or left the impression, that just because we have this type of contract, "we can do as we please." We have discussed this with your City Manager and with Mr. and Mrs. Husbands, but we can't seem to get them to understand that we are not trying to run, or operate, a regular taxi service in Cisco. We have since talked to our District Attorney, Mr. E. W. Scott of Central Texas Opportunities in Coleman will discuss this matter this coming week with lawyers in Austin who handle the legal work for Central Texas Opportunities to see if we can't reach an understanding on this.

Before we got the contract, a Cisco woman and an Eastland woman had the same contract, and carried the same people to and from doctors in Cisco and Abilene and your local taxi operators never complained once about it. Maybe it was because these ladies used a personal automobile to transport the Medicaid people in, rather than a taxi.

The persons who are actually going to be hurt by the attitude of Cisco people who are apparently opposed to this are Medicaid people, and eventually Cisco taxpayers whose money will have to be used to pay the transportation fees to carry these people to and from doctors in Cisco and Abilene.

Yours truly,
F.J. Dabney

The Board also reviewed personnel requirements for 1979-80, salary schedules and made arrangements to send representatives to the Texas School Board Association meeting in Abilene.

The Cisco Independent School District meets monthly on the second Monday at the School Tax Office, 610 Avenue D, in Cisco.

Mrs. E. E. White has been tating since the age of 13. She has tatted each of her three children a tablecloth which takes approximately 20 spools of 400 yards per spool of crocheted thread for each tablecloth. Now she is working on tablecloths for two of her granddaughters. She and her husband moved to Cisco fourteen years ago from the state of Washington. Besides tating, Mrs. White crochets, knits, hooks rugs, quilts, and does needlepoint. She will have several shuttles filled with thread to give people an opportunity to try tating at the Folklife Festival. Look for Mrs. White as she sits and tates in her rocking chair.

First 18 Holes Of District 9-AA Golf Tournament Played Wednesday

The first 18 holes of the 9AA District tournament were played Wednesday, April 11th, at Par Country Club. The Lobos were alone in second place with a team score of 359. Breckenridge holds the number one position with a score of 338. The Lobos were led by Audie Woolley who fired a round of 82 which was the second lowest score shot for the day by any of the 64

golfers entered. Woolley was followed by Tracy Owens 90, Keith Winnett 93, Keith Carson 94, and David Eaton with 102.

The final 18 holes of the tournament will be played on Tuesday, April 17th, at the Brady Country Club in Brady, Texas.

The top two teams in the tournament will then represent District 9AA in the Regional tournament

held in Arlington.

The Lobos also had a second team entered which was composed of Craig Kent, Milton Phillips, Buddy Ramirez, Zack Hunt, Joey Worley, and Chris Johnson. This team placed 9th of the actual 12 teams entered in the tournament as they had a total score of 436. Many of the schools had entered two teams and this was a good score as it placed them 3rd out of the 2nd teams entered by the District schools.

DEMONSTRATIONS AT THE CISCO FOLKLIFE FESTIVAL

Sherry Wright is shown with daughters, Annie and Rebecca. She is trying to spend as much time now with them as possible, because come April 21st and 22nd, Sherry, like the other 50 Civic League members will be demonstrating her skills in these areas: bread making, candle dipping, basket weaving, and needle making. Plan to attend the Folklife Festival to see these women "in action in their yellow checkered aprons."

Mrs. Vallie Parker, local artist, has a newly discovered talent. Last spring Vallie took lessons from Mr. Crum in rug punching. Since then she has punched some pillows, seat covers for her dining chairs, and is currently working on an original rug design. Vallie says "Grandma's old fashioned rug punching" is error proof. She is looking forward to giving free lessons at the Cisco Folklife Festival. Be sure to seek out Vallie Parker and "punch a rug."

Hints For The Aged & Handicapped

By PATRICIA GALBREATH

DEAR PAT--My husband's aunt has recently been required to use a wheelchair and we are reasonably sure

she will have to use it permanently. She is in a nursing home and one of the aides is active in informing new patients of your column and aiding them in acquiring many of the devices you mention.

So many of the patients could use a little carrying case that can be attached to a wheelchair. She read of this over a year ago in your column but has since lost the address.

It is difficult for many of these elderly people to roll their chair back to their room each time they need little small personal articles.

I hope you can remember this device and give me some information on it.--Mrs. S.J., Florida.

DEAR MRS. J.--The carrying case you refer to was designed for wheelchairs with regular or desk-type arms. The "Chair-caddie" is a convenient carry-all attachment that puts personal belongings, snacks, beverages or medicines within easy reach. It saves much time and effort for those who do not have full use or strength of their hands or arms.

For more information, write: Rehabilitation Equipment & Supply, 1823 W. Moss Ave., Peoria, Ill. 61606.--PAT

DEAR PAT--What has happened to the magazine, "Performance" that was published by the President's Committee--D.T., Texas

DEAR MR. T.--"Performance" has been replaced

by a larger magazine, "Disabled USA". It is still published by the President's Committee on Employment of the Handicapped and it's still free. Just write and ask to be put on their mailing list.--PAT

DEAR PAT--A new idea in day care centers: The Agape Day Care Center for Handicapped Adults in Lincoln, Nebraska, operates in a church building. The center operates from 1 to 4 on weekdays for \$5.00 per day thus giving families free time for outside activities knowing that their disabled family member is enjoying an outing on his own.

Supervised activities include: music therapy; speech and hearing therapy; self-help group therapy; films; literature; poetry; crafts; and outings to local points of interest.

This type day-care center should be nation-wide and could be easily initiated by local churches, clubs, organizations, or other groups interested in aiding handicapped adults (the aged, and their families.--Mrs. B.A., Nebraska

A THOUGHT FOR THE WEEK
By Armo Chambers

Ask any group of people, excepting clergymen or Bible students, how often - if at all - the word 'Easter' appears in the Bible, and you will hear surprising answers. Replies will range from - "I'm not sure", "I don't know", "I think several times in the New Testament"...etc..Actually, - and this may surprise you, the word 'Easter' is mentioned only once... but NOT in connection with Christianity's Easter or the resurrection.

How then did the word originate? This question too has a somewhat surprising answer. People in past ages worshipped many gods or goddesses; a god for this and god for that. Among these gods was named Eastr; worshipped as the Goddess of Spring. Because Christ's resurrection occurred during the Jewish Passover (a Spring Festival), early churchmen chose the word Easter to commemorate His resurrection.

Easter customs, coloring eggs, feasting to celebrate the coming of spring, putting on a new bonnet and dressing in pretty clothes; all these and other customs date back to the B.C. era...One of the nicest customs is this - and we're glad to participate in it when we say - "Happy Easter to you".
