

# The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 28, Number 44

MULESHOE - County Seat of Bailey County - TEXAS

Thursday, October 26, 1950

## Mr. Muleshoe . . .

By J. M. Forbes

In "Texas Parade" we read; If you, Mr. and Mrs. Texan and your children, don't want to be burned, seared, gamma-rayed, blasted or crushed to death by an enemy A-bomb explosion, you-not the Federal, State, County or City Government have to get busy and learn to protect yourselves.

Uncle Sam may or may not be able to intercept the bombers or rockets carrying the A-bombs, BUT, if they break through the defense and reach your individual training and preparation can easily mean the difference between life and death; horrible disfigurement or healthy survival.

Pretty dismal, isn't it? Yet our authorities have gone into the matter of civilian defense pretty thoroughly, and "Texas" Governor Shivers has appointed a National Defense Committee with all departments and bureaus of the state government represented, and you'll hear more about this as time goes on. Likely we will all be called on to play a part in learning how to lessen the atomic bomb menace to our communities.

"The men done it," said Mrs. Leon Smith, president of the Elementary PTA, speaking of the successful TB clinic held here last week. Of course she never used no language like that but it's what she meant, and we think it so unusual to have a lady admit that the men just know how to organize things and to admit it publicly that she thought it worth repeating here. But she meant it. She thinks that because so many men, especially the young men of the Muleshoe Junior Chamber of Commerce got interested in the matter, why just went over big like it did. On behalf of the men, Mrs. Smith, I should like to say thank you, and we commend your attitude to all the other ladies.

Rev. Blaine took his turn at giving the Communists what for at the Rotary Club this week. Coming on the heels of Prof. Elliott's blast at the same place, it just clinched the matter against these domineering people of the curtain countries who want to run things to suit themselves and you like it or lump it.

Lots Of Editors This editor has lots of company in Muleshoe these days. Old Berne Dalton (he runs Western Auto) is the new editor of The Wheel, published weekly by the Rotary Club; and Mrs. Billie Bayless is the new editor of The Members Aid, published monthly by the Bailey County Electric Co-op. Both publications are printed in the shop of The Muleshoe Journal, where else?

Seen & Heard: Willis Branscum: I got mad at a fellow the other day and I have been kicking myself mentally ever since. Not because I didn't ever reason to be a little peeved, but that when you lose your temper you lose control of the situation. You put yourself at a disadvantage.

Well, Willis, you know the old proverb: Whom the gods would destroy they first make mad. It's as true as it can be. Personally, I don't ever lose my temper if it's a fellow bigger than I am, especially; of course once in a great while I will kick down a door, or throw a hammer through a window, or break something that is hard to replace. I keep on an even keel. But seriously you remember what the Book says: A soft answer turneth away wrath. If you get mad just because the other fellow is mad, you are both mad at the same time and that is a bad situation.

## FFA Boys Win Fair Honors

The Muleshoe FFA boys came back from the Junior Livestock Show of the State Fair of Texas last week with several honors. They showed 25 head of hogs whose combined weight was 6,002 pounds and sold them for \$1,735.06. If these hogs would have been sold on the local market, they would have brought only \$1,080.36. This was an average of \$26.18 more per head than the Muleshoe market.

Boys in the class instructed by Ed White winning places were: Billy Joe Morrison, reserve grand champion in Chester Whites, 1st and 2nd places in medium Chester Whites, and 3rd place pen of light Chester Whites, and 4th and 8th places in light individuals.

D. L. Morrison won 3rd place on a pen of Durocs and 5th and 15th place in the medium individual Durocs.

Duane Morrison won 7th place in medium Hampshires, 9th in heavy Hampshires, and 5th and 13th in light Hampshires.

Boys winning ribbons in the class instructed by G. S. Dowell were:

Keith Bray, 1st place in the pen of heavy Durocs, 5th and 9th places in individual heavy Durocs, 4th place in individual medium Spotted Poland Chinas, 4th in heavy individual Spotted Poland Chinas, and 15th in light individual Spotted Poland Chinas.

Billy Wayne Wagon won 5th place in individual medium Spotted Poland Chinas.

Delton Hughes won 11th place in individual light Berkshires.

The boys totaled \$128.00 altogether in prize money at the stock show.

## Dedication Of West Camp Bapt. Church Sunday

Dedication of the West Camp Baptist church is scheduled for the coming Sunday, October 29, when an all day meeting and program will be held. Rev. Earl Mitchell, pastor announces.

Speakers will be former pastor Rev. Lloyd Garrison, Rev. Bruce Slayden, and Rev. A. F. Agee. Special music will be given, including numbers by quartets.

Dinner will be served by the church. All former members of the church and friends are extended a cordial invitation to attend.

## Chest X-Rays Total 1,854

At the conclusion of the mass-X-ray program here last Thursday afternoon, 1,854 persons' chests had been X-rayed. This program is in connection with the State Health Department of Health and the National Tuberculosis Association in an effort to control the spread of T and B and to find existing cases and to cure them.

The program was sponsored locally by the Muleshoe Junior Chamber of Commerce, with the cooperation of the Muleshoe Parent-Teacher Associations. The X-ray machine arrived in Muleshoe last Monday morning and was set up by technicians of the State Health Department. The machine went into operation Tuesday. More than 8000 people were X-rayed Wednesday, almost twice as many as Tuesday, and Thursday recorded slightly more than 500 persons.

The health department was well pleased with the results of the program here, and said that Bailey County could receive the X-ray machine again next year if they wanted to. This is the first time free chest X-rays have ever been available to persons in Bailey County.

President Buddy Blackman, speaking for the Muleshoe Junior Chamber of Commerce, wishes to thank each person for their time and effort assisting in this program and to the Southwestern Public Service Company for the use of their lobby for the operation of the machine.

## FFA Dist. Banquet Well Attended

Tuesday night, October 24, the Muleshoe FFA Chapter was host to members of the Littlefield District FFA chapters at a banquet held in the lunchroom of the high school. Two hundred and fifty attended the banquet with all nine chapters represented, Spade, Muleshoe, Littlefield, Three Way, Bula, Sudan, Amherst, Olton, and Springlake.

Miss Tommy Ann Drinkard of Muleshoe won the District FFA Sweetheart nomination over nine other girls.

Five of the chapters represented performed stunts for the entertainment.

## Bailey Co. Boys Win At Dallas

The Junior Livestock Show of the State Fair of Texas was climaxed Saturday by a very successful auction sale. The Grand Champion Pen of Barrows sold for \$465.00 and was bred, fed and exhibited by Robert Giles, Muleshoe 4-H Club boy. Robert's trim barrows placed third and fourth as singles in a class of over forty barrows then won the Poland China breed championship over the Medium and heavy weights when shown as pen of three. Robert will earn approximately five hundred dollars on his three barrows after his feed bill is paid.

Bennie Splawn took first and the blue ribbon on his heavy Poland China barrow and won out over the light barrow to take the Reserve Champion of the breed. Bobby Warren of Dimmitt placed his Medium Poland China as breed champion and Reserve Grand over all breeds. Jack Heald of Muleshoe 4-H placed first and sixth light Poland and Reserve Champion pen of three of the Poland breed.

Jim Prather placed his 4-H pen of medium Poland second and Don Copley of Muleshoe 4-H was fourth on pen of three light Poland and eighth and tenth in a single class competition. Other notable winners by Muleshoe 4-H boys included Jack Heald's third medium and eleventh heavy Poland and China, Bennie Splawn's seventh heavy Poland China and Darrell Lee Stephenson's eleventh Poland China.

Carl White fed and exhibited two Hampshire barrows bred by John Gammon and placed second in a very strong class of lightweight Hamp. Actual market value of the 23 barrows shown was \$920.00 but the barrows earned \$1,735.90 or a gain of \$935.00 for seven young exhibitors.

Jim Prather placed thirteenth on his 960 pound Hereford steer and gained approximately one hundred dollars over the local market value for his calf and thus held his own with the other seven Muleshoe 4-H club boys at the state fair.

## Three Men Charged With Cattle Theft

Charges alleging the theft of cattle have been filed against 3 Muleshoe men in Justice's Court here. They have been placed under bond and will be bound over to await the action of the grand jury which will convene November 6.

Gordon Duncan, who lives north of Muleshoe, reported the loss of a calf about two weeks ago. The calf was found about 15 miles north of Earth Saturday and the men were taken into custody.

Another milk cow was recovered by officers early Sunday morning that was reported stolen from a farmer in Parmer County.

She was sold to a milk cow buyer at Pleasant Valley, 11 miles north of Amarillo and he, in turn, sold her to a man living near Plainview.

COCHRAN VISITORS Visitors in the L. J. Cochran home recently were her sister and family Mr. and Mrs. L. E. McKillip of Farwell and his daughter and family Mr. and Mrs. B. Vancleave and daughters Shirley and Brenda Sue of Abilene.

## EDITORIAL

An election to determine whether the City of Muleshoe shall be governed by a three man commission or a six man aldermanic form of government is scheduled for the coming Saturday.

The City Commission called the election after receiving petitions signed by the proper number of voters. The move to change the form of city government grew out of the failure of a group of local people to enjoin permanently the city council from installing parking meters in the downtown district.

Under the aldermanic form of government, the city council would be formed of five aldermen, with the mayor having a vote only in case of a tie, which would obtain only if four aldermen were present at a city council meeting.

District Judge E. A. Bills gave a temporary injunction to those seeking a restraining order against the city commission in the matter of the parking meters. He dissolved the temporary injunction after a hearing last month.

It is strictly up to the individual voter as to whether the form of city government will be changed. Hitherto, in Muleshoe, we have had the "city commission" form of government, with two commissioners and the mayor; under the aldermanic form of government, we would have five aldermen and the mayor on the city council.

The Journal takes no sides in the local controversy. The editor and the entire staff of The Journal have personal friends on both sides. We have nothing in mind except the growth and progress of Muleshoe and vicinity.

Individual members of the staff will possibly vote in direct opposition to each other. It is none of the publisher's business, nor employees of The Journal vote in Saturday's election.

There is one thing certain, the person who refrains from voting is surely not helping to solve community problems. Let us all register our sentiments, whatever they are, the coming Saturday.

And whatever the results, The Journal reiterates that we are for Muleshoe, regardless of who is in office, regardless of any other circumstance. We just want to see Muleshoe advance and progress. Vote Saturday for your convictions and vote for the good of Muleshoe.

## Antelopes High Scoring Outfit

The high scoring Post Antelopes outfit of the Muleshoe Mules in a football game, appear able to give the local boys a tough night of it. Here is their record, as compiled by N. H. Greer on his board at the Western Drug:

- Post 43, Crosbyton 0.
- Post 32, Floydada 0.
- Post 12, Littlefield 42.
- Post 13, Levelland 9.
- Post 21, Ralls 14.

The Antelopes feature a fine passing game and the Mules will have to be on their toes to keep visitors from running them ragged on passes. However, Ed Nickels is quite a passer himself and the contest could develop into a sensational passing fracas.

## FORMAL OPENING SET FOR WEDNESDAY, NOV. 15

Formal opening of the new headquarters building of the Bailey County Electric Cooperative Association in Muleshoe is set for Wednesday, November 15.

The public is being invited to call between the hours of 9 a. m. and 4 p. m. Announcement of the opening will be carried in The Journal next week.

## RETURNS FROM HOSPITAL

Mrs. Emma C. Stotts, who has Clovis Memorial Hospital, is home being a medical patient in the and doing nicely.

## Rev. Blaine In Discussion Of World Conflict

Rev. A. W. Blaine, pastor of the First Baptist Church, briefed members of the Rotary Club on aspects of the world wide conflict that has developed between the communist and democratic countries in a speech at the club's weekly luncheon, held Tuesday.

In the outset, Rev. Blaine inquired: "What is the real issue in the world conflict today?"

He said there are some who say that world trade and world survival is the cause of the antagonism. He does not believe this to be the real issue. The real issue he believes is opposing ideologies.

Ideologies are of two kinds, he said, political and religious.

The world at present is divided into two camps, Communist and their ideas of government not only on their own people, but seek to enforce those ideas on the rest of the world. To enforce these ideas of government it is necessary to enslave the people, and to enslave their minds as well. Russia has thus developed a slave mentality in their peoples and in the peoples they have been able to overrun.

What is the primary difference between the communist and democratic theories of government, he asked. Peoples of a democratic country believe in voluntary cooperation and that the rule of the majority brings about the best form of government. He asserted that he believes unalterably in the free enterprise system.

"We in the democratic countries would of course like to see the whole world democratic, but we do not wish to force other peoples to adopt our system," Rev. Blaine declared.

Does the Bible teach communism? Rev. Blaine declared that the present system of communism certainly is not a scriptural communism. "Communism is a religion which leaves out God, while we in the democratic countries believe in Christianity, bringing God into our religion."

Where is this conflict in religious and political ideologies going to lead? Rev. Blaine believes the issue must be resolved. We may have difficult times, atom bombs may fall, but the issue must someday be settled.

We will never force our way on others, but we must maintain our way of life. It therefore behooves all of us, he believes, to live democracy in our communities and in our nation, he said, and we ought all to do our best and give our best in order not only to maintain the way of life we love, but to make it so attractive that other peoples will want to adopt it.

W. R. Byers, of Goodland, father of Mrs. D. L. Morrison, was a guest of the club.

## VISIT MRS. EMMA STOTTS

Mr. and Mrs. Ray Stotts of Parson, Kansas, and Mr. and Mrs. Earl Cary of Enid, Oklahoma, spent a few days with Mrs. Emma Stotts and other relatives.

## Three Injured In Auto Crash

One woman suffered critical injuries and two other persons were injured Tuesday morning in a two car crash on Farm-to-Market Road 60 near Oklahoma Lane.

In the Clovis Memorial Hospital are Mrs. A. T. Kersey, and Mr. and Mrs. Harry Jesko. The accident happened about 9:30 a. m.

Mrs. Kersey, most seriously injured, suffered a deep scalp wound and possible skull fractures. The extent of her other injuries had not been determined late Tuesday.

Mr. and Mrs. Jesko suffered bruises and lacerations and their conditions were reported as satisfactory by hospital attendants.

The accident occurred when the car driven by Mr. Jesko and traveling east was involved in a collision with Mrs. Kersey's car, which was headed south. Mrs. Kersey was riding by herself.

The force of the impact threw Mr. Jesko out of his car and he was pinned beneath the wreckage until rescuers brought jacks to raise the car.

## 747 Physicians, Dentists Register

AUSTIN, Oct. 25—State Selective Service headquarters reported to National Headquarters in Washington today that 747 physicians, dentists and veterinarians in Texas registered in the special registration Monday.

Texas local boards registered all day Monday and sent totals by telegraph to state headquarters Tuesday. Brigadier General Paul L. Wakefield, state director, reported. General Wakefield said that only 12 out of the 137 Texas boards reported no registrants.

Out of the total reported, 467 were listed as physicians, 160 as dentists, and 120 as veterinarians. Muleshoe Local Board No. 4 had 2 registrants, both dentists from Lamb County.

## Hog Raising And Feeding Subject Of Farm Meeting

Hog feeding and raising will be the subject of the next meeting for farmers and others interested planned by the local Purina dealers, the Jones Farm Store. The meeting will be held in the store the night of Wednesday, November 1, beginning at 8 o'clock.

Sam Merritt, representing the Purina company will be here to make the talk, and he will show a film that has been shown in many towns and communities before such groups, entitled "More From What You Have".

Chief Jones, farm store proprietor, invites everyone to hear the lecture and to see the film. Refreshments will be served.

## Western Wrecking Co. Opens On Hiway

The Western Wrecking Co., operated by the Dearing Bros., is now open for business in their new location on the Clovis Highway.

They announced this week they plan to carry used and new parts, be dealers in used cars, and feature automobile repairing.

They invite you to come by and see them in their new location and to look over their selections in used cars. They will also be glad to be of service to you when your auto is in need of repairs.

## A. V. McCarty Rites In Lubbock

A. V. McCarty, a former resident of Bailey County, father of Delma McCarty of Muleshoe, passed away Tuesday afternoon at his home in Cisco, Texas, after an illness of three years. He and his wife had moved to Cisco several years ago in the hope the change would benefit her health. They came here in 1928 after having resided in Woodrow community in Lubbock County for about 12 years.

He is survived by his wife; one daughter, Mrs. Alton Hollis, Wink, Texas; one son, Delma McCarty of Muleshoe; and several grandchildren.

Funeral services were held Wednesday afternoon at Cisco. Graveside services were conducted at 3 o'clock in Lubbock cemetery, with Muleshoe Masons in charge. Interment was in Lubbock cemetery.

Mr. and Mrs. Delma McCarty had gone to Cisco Monday after receiving a message stating that his father's condition had taken a turn for the worse, and were with him when death came.

## Neil Rockey Is Grand Patriarch Of Odd Fellows

Neil Rockey of Muleshoe, was elected Grand Patriarch of the Grand Encampment, Texas Independent Order of Odd Fellows at the encampment held in Wichita Falls this week. Mr. Rockey, who has for many years been active in Odd Fellow lodge work, succeeded J. Dean Cumble of Dallas as grand patriarch.

The 1951 Grand Encampment will be held in Amarillo.

Other new officers named include as grand representative to serve two years, A. H. Balch of Tyler and E. N. Parsley, of Dallas.

## Hallowe'en To Be Observed Here

Spooks will be on the prowl and witches will mount their brooms for a trip around the town Tuesday night. Goblins will gloat and black cats will wall because it will be the Eve of All Saints Day, Hallowe'en.

Several man-made freaks and ghosts will prow the streets of Muleshoe as the youngsters will observe the "holiday" which is one of their nights to howl, in full tradition. Several homes will be subjected to "tricks or treats." In most instances, we will be wiser to treat than to be subjected to their tricks.

The American Legion is planning a masquerade ball at the Legion Home at which various townpeople will come dressed in costumes. Bernie Howell and his trio is to furnish music for the occasion.

Other parties and coffees will be featured during next week carrying out the Hallowe'en theme, as well as those at the regular meeting of various clubs and organizations.

Several of the oldsters believe that Hallowe'en is a little tamer than in years past. Then it was not uncommon for a man to wake up the morning after and find his buggy on top of the highest building in town. That aspect has changed the last few years because it is hard for a man to hoist a 4,000 pound automobile off the street.

Many are the tales that have been told of pranks pulled by youngsters in past years, but the modern youth can still find lots of jokes to pull, many of them not so funny to the victim.

## Twenty-One To Be Inducted

Twenty-one men are scheduled for induction into the Armed Forces November 2 from the counties of Bailey, Lamb and Cochran. Mrs. Virginia Weyer, clerk of Muleshoe Local Draft Board No. 4 announced today. The men already have had their physicals and are ready to enter the service.

Names of the men and their home addresses were listed as follows:

- Averell Edward Summers, Morton
- John C. Gray, Muleshoe
- Leroy Wallace, Spade
- Leon D. Davis, Littlefield
- Theron L. Hill, Sudan
- Jerry Lee Winder, Morton
- Walter Herring, Littlefield
- Bobby Wayne Wilks, Olton
- Olen Clifford Smith, Whiteface
- Roy B. Killingsworth, Sudan
- Joe Dell McKay, Whiteface
- Royce W. Jennings, Littlefield
- Ralph Edward May, Sudan
- Lewis Butler, Morton
- Travis W. Price, Littlefield
- James Othel Barnett, Morton
- William Cunningham, Littlefield
- James L. Holmes, Littlefield
- Lloyd Norvell Cook, Littlefield
- Kenneth Wayne Weed, Morton.

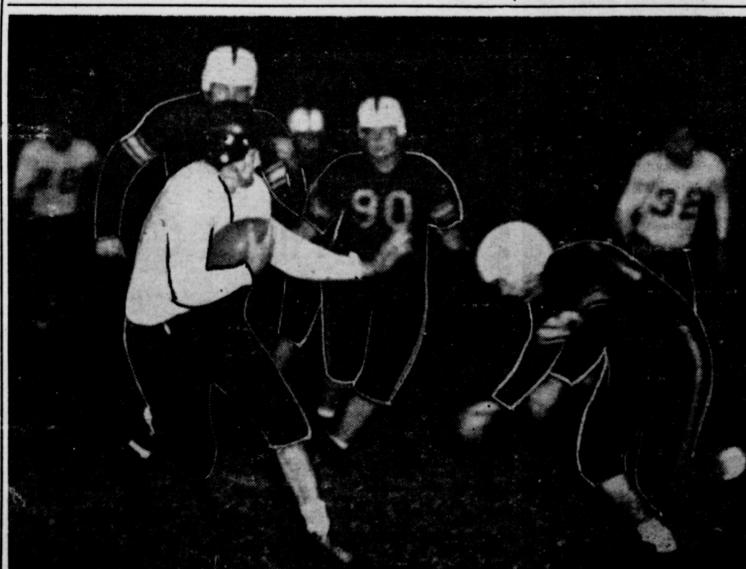

## Rev. H. W. Hanks Addresses Lions

Rev. H. W. Hanks, pastor of the Muleshoe Methodist Church, was principal speaker at the regular luncheon at Gerald's Cafe Wednesday noon.

The topic of his address was the United Nations, in observance of this week, which is United Nations Week. The idea for this week originated with Lions International and is being observed throughout the United States and foreign countries.

The flag of the United Nations has been flown in town this week. It was made by a group of local ladies and was flown over the school's Tuesday, when the Freedom Bell was rung in Berlin, Germany.

Appointed to the program committee for November was C. W. Grandy, chairman, Homer Sanders, Jr., and Travis Barnett.

Quarterback Ed Nickels scoots around right and for much needed yardage against the Morton Indians last Friday night at Morton. Fullback Aubrey Heathington (No. 48) is closing in from the left and Bill Gaede (No. 32) is watching the results of the play. The Mules take on the Post Antelopes here tomorrow night. (Journal Photo)

*Hair Beauty secrets... by Toni*

The secret of a long-lasting home permanent is proper neutralization. Permafix, the latest discovery in home waving, is a new neutralizer that will make your wave last longer than ever before. It goes to work faster and penetrates more completely than old type neutralizers. Exclusive with the leading home wave maker, it is packaged in metal foil to keep it absolutely fresh. Permafix will condition your hair while it makes the wave permanent, giving you a longer-lasting, lovely curl.

**PFC. CHESTER JOHNSON IS RETURNING TO ALASKA**

Pfc. Chester Johnson, on duty with the Army in Alaska, has been visiting here with old friends and is returning to duty with Co. B, 813th Engineers at Fort Richardson, near Anchorage, Alaska. He is a son of Mr. and Mrs. Chester G. Johnson, now of Fort Worth, who formerly lived east of Progress. Pfc. Johnson attended the Muleshoe schools. He renewed his subscription to The Journal while here, and he said the other fellows get about as much kick out of the paper as he does, since they are mostly northern and eastern boys and they never heard tell of a town named Muleshoe until they met Chester.

**BARBOUR VISITOR**

Mrs. Lillie Henry of Floydada is spending the week in the H. O. Barbour home. Mrs. Henry is a cousin of Mrs. Barbour.

**BOWMAN'S PARENTS VISIT HIM AT LOCAL SCHOOL**

Mr. and Mrs. H. C. Bowman, parents of O. E. Bowman, teacher of science in Muleshoe high school and his sister and husband, Mr. and Mrs. J. C. Biggs, all of Comanche, have been visiting the local instructor here. Since he has been teaching school, this was the third school the parents have been able to visit, and they were "carried away" to be shown through the new school building while here.

The couple two years ago celebrated their golden wedding anniversary and were guests of The Fort Worth Star-Telegram at that time, and were on a radio program. Today, Oct. 26, they are to be guests of the Fort Worth Press for another celebration as members of the Golden Wedding Circle.

**FOURTEEN DEER BAGGED BY MULESHOE NIMRODS**

A group of seven local hunters last week bagged two deer each in the mountains near Dove Creek and Delores, Colo. Each had a buck and a doe when they broke camp to return home.

They made the trip in two pickups and a trailer and camped during their stay at the hunting grounds. In the group were Bill Jim St. Clair, Hut Crawford, Dr. L. T. Green, Johnny Johnson, Lee Pool, Jim Cox, and Loyd Roberts.

**TO OES GRAND CHAPTER AT GALVESTON**

Mrs. Margaret Collins and Mrs. Viola Layne left Sunday for Galveston to attend Grand Chapter Order of the Eastern Star. Grand Chapter lasts this year from Monday through Friday. Mrs. Collins is Worthy Matron of the Muleshoe chapter and Mrs. Layne is Conduress.

**VISIT IN DALLAS**

Mr. and Mrs. L. R. Testerman and Mrs. Jay Binge visited in Dallas last Tuesday and Wednesday and attended the state fair. Robert Breedlove, Mrs. Testerman's son, traveled with them to Abilene on his way to Brooks Air Force Base.

**FOUR NEW BOOKS FOR THE MULESHOE LIBRARY**

Four new books added to the shelves of the Muleshoe Library are: Dawn of Romance by Ethel E. Bangart; Rolling River by Brett Austin; Dusty Boots by Lee Thomas; Heaven Below by Terry Dean.

**MOVE TO FORT WORTH**

Mr. and Mrs. Glenn Davis have moved to Fort Worth, where they both are employed at Consolidated airplane factory.

**Assembly Of God Revival Underway**

A revival meeting is in progress at the Assembly of God Church with Evangelist P. Nelson Garcia of Pecos doing the preaching.

The interest in the services is growing. The ministry of the evangelist has been a blessing to all. The public is cordially invited to attend these services and hear old time gospel singing and preaching. Services are held nightly at 7:30. Rev. M. C. Cox is pastor of the local church.

**KITCHEN MEMO** BY JEAN CLARKE

**COMPLETE** oven meals cook automatically while the cook is out of the kitchen. An automatic clock control turns the gas on and off at whatever time you decide. A hearty oven meal with all dishes baking at the same time and temperature of 350° F. for 1 1/2 hours includes Stuffed Pork Chops, Succotash, Sweet Potato Pudding and a Cherry Cobbler for dessert. **Sweet Potato Pudding:** mix 2 beaten eggs, 1/2 cup sugar, 1 cup milk. Add to 2 1/2 cups grated raw sweet potato. Then add 1 tsp. nutmeg, 2 tbsps. butter, 1/2 orange, sliced thin. **Succotash:** mix together 1 cup canned corn, 1 cup canned or cooked lima beans, 1 cup minced tomatoes, 1 tsp. salt, 1 tbsps. minced onion, 1/2 cup liquid from vegetables, 3 tbsps. butter. Cover both dishes before sliding into the oven with the Pork Chops and Cherry Cobbler.

Keep cooked rice in covered container in your gas refrigerator. Handy for stuffed peppers, rice puffs, any fruit desserts using rice.

It saves time and gas to separate light weight fabrics from heavier clothes when drying them in the automatic gas dryer because the lighter laundry dries faster.

Cheese keeps fresh longer if it's wrapped in cloth that has been sprinkled with vinegar, dipped in water and wrung out. When cloth dries out, repeat vinegar and water treatment.

There's very little bother with ashes when garbage is burned in a gas incinerator because with average family waste, it takes nearly two weeks for the ash tray to fill up.

**Tabasco Butter:** Cream 1/4 tsp. Tabasco into 1/2 tsp. butter. Delicious with any seafood, chicken, meat or vegetables.

**COTTON IN COMBAT**

When a U. S. Marine gets ready for action, he calls on King Cotton for his combat outfit. This Marine, dressed for combat, requires more than a dozen items of cotton for his uniform and equipment — his helmet liner and chin strap, fatigue jacket, trousers, canvas leggings, cartridge belt, undershirt, shorts, shoe laces, canvas shelter half, canvas pack, carrier strap for the pack, change of underclothing in his pack, and first aid bandages, tape, and absorbent cotton in his pack.

**"Prince Of Peace" Preview Oct. 27**

An advance screening of "The Prince of Peace", described as the screen's first great passion play, is set for 7:30 p. m. Friday, October 27 in the county court room in Muleshoe, according to Howard Cox of the Cox Drive-In Theatre, which will show the motion picture November 5 and 6. Invitations have been mailed for the preview.

The film depicts entirely in beautiful color the story of the life of Jesus. Millard Coody is cast as Jesus; Darlene Bridges as the Virgin Mary; and six-year-old Ginger Prince is introduced as a new star in this film, made by Hallmark Productions, Inc., Hollywood. The cast numbers 3,000 and the film requires 1 hour, 48 minutes.

**Lazbuddie Plays Petit Friday**

The Lazbuddie six-man football team will tackle the Petit team at Petit Friday night for what should be one of the best six-man football games of the season.

Lazbuddie will play their last

home game of the season, Thursday night, November 2, at Muleshoe, when Bula will meet them here. Kickoff time has been slated for 8 p. m.  
Six-man football has lots of action and is faster and sometimes far more rugged than eleven-man games. The six-man team uses three men in the backfield and three on the line. Sports fans should see their share of action at the game in Muleshoe Thursday night.

**Here's the new 2-row Oliver Cotton Master** ... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour ... picks as much as 20 bales a day.

Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.

See us for full information on this new pull-type Oliver Cotton Master that is quickly attached to any tractor ... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

**Mrs. C. P. Price Is Hostess To  
THE MULESHOE Way TEL And Dorcas Classes**

E. L. and Dorcas classes of the Three Way Baptist Church had a joint social, Tuesday night, October 24, in the home of Mrs. C. Price, with 14 members and two visitors present.

The session opened with a group song "Loyalty To Christ" and a prayer by Mrs. W. R. Byers. Mrs. Albert Ellis brought the devotional, after which there was a hort business meeting and new officers were elected for each class.

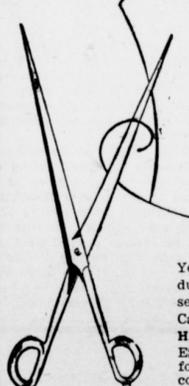

"Loyalty" was the topic of a short talk by Mrs. M. G. Ellis, afterwards Mrs. M. D. Gaddy and Mrs. A. A. Sedgwick led the group in several amusing games.

Delicious refreshments were served by the hostess after the games. Those present were Mesdames Albert Ellis, M. G. Ellis, Dan Carpenter, Andrew Wittner, Louise Neutzler, F. E. Knox, W. R. Byers, Glen Branaman, Marion Walker, A. A. Sedgwick, M. D. Gaddy, D. P. Brinker, Baker Johnson, C. P. Price, an Misses Peggy Witmer and Wanda Price.

THE MULESHOE JOURNAL, Thursday, October 26, 1950

**Miss Geneva Joan Hill Becomes  
Bride Of Billy Don Barbour**

An early fall wedding of interest took place Sunday evening in the First Methodist Church when Miss Geneva Joan Hill, daughter of Mr. A. S. Hill, became the bride of Mr. Billy Don Barbour, son of Mr. and Mrs. H. O. Barbour. Vows were exchanged at five o'clock with Rev. Carroll M. Jones reading the impressive single-ring service before an open bible laid on a bed of ferns and banked on each side with tall candelabrum and fern trees. The second chapter of the book of Ruth was marked with a long stemmed red rose.

Mrs. Sam Dameron, organist, played the traditional wedding marches and accompanied Mrs. Pat R. Bobo who sang "Always" before the service and The Lord's Prayer as the benediction to end the candlelight ceremony.

The bride given in marriage by her mother wore a broadened off white satin dress with nylon lace waist length veil and nylon lace gloves. She carried a white bible topped with a pink rosebud bouquet with white satin stream-

ers.

Miss Deloris Locker, maid of honor, wore an aqua taffeta floor length dress and carried a bouquet of yellow daisy chrysanthemums. H. L. "Babe" Barbour served his brother as best man.

Ushers were Wilburn "Pinkie" Barbour and David Wyer. They also lighted the candles.

Mrs. Hill, mother of the bride, wore a grey gabardine suit with black accessories and a corsage of red rosebuds. Mrs. Barbour, mother of the groom, wore a navy crepe dress winter pink accessories and an orchid chrysanthemum corsage.

After a short wedding trip the couple are at home in Muleshoe where Mr. Barbour is employed in the Muleshoe State Bank and Mrs. Barbour has resumed her studies at Muleshoe High School, where she will graduate in the spring. Mr. Barbour graduated from Muleshoe High School in 1948 and since that time has been working.

Out of town guests included Mrs. Lillie Henry and Mr. and Mrs. A. M. Dorsey of Floydada.

**Miss Melva Lee Haun And Mr. Lee  
Nichols Exchange Vows In Clovis**

Miss Melva Lee Haun, daughter of Mrs. J. J. Haun of Friona, became the bride of Lee Nichols, son of Mrs. A. C. Nichols of Clovis, in a single ring ceremony performed by the Rev. Thomas Raper, pastor of the Clovis Methodist Church, on Sunday, October 15, at 2:30 p. m.

The bride wore a street length taupe suit with cocoa brown accessories and a double gardenia corsage. For something old she wore her mother's wedding band, something new was her wedding costume, and something borrowed was a rhinestone necklace, earrings, and bracelet belonging to Mrs. Junior Laney of Melrose. Her blouse served for something blue.

The maid of honor, Myra Taylor, niece of the bridegroom wore a navy satin dress with a pink lace-covered bodice and a single gardenia corsage.

Malcolm Nichols, brother of the bridegroom, was best man.

The bride attended Muleshoe High School and was a member of the graduating class of 1946.

Mr. Nichols is a graduate of Clara, Texas, High School and has attended Texas Technological College in Lubbock. He is a veteran with three years Naval service. He is employed by KICA in Clovis and is the leader of the "Sunshine Valley Boys" band.

Those attending the wedding were the bridegroom's mother, Mrs. Nichols, the bride's mother, Mrs. Haun, his sister, Mrs. Juanita Benson, her sister and family, Mr. and Mrs. D. E. Gonsler, Pee Wee and Corky of Melrose.

After a short wedding trip, the couple will be at home at 410 Merriweather Street in Clovis.

**Progress WMU  
In Meeting**

The Progress W. M. U. met Monday, October 23, Mrs. Redwine led group singing of "Higher Ground". Mrs. Locker led in prayer. After the business meeting Mrs. Raney gave an interesting home mission report on the book, "Prophets of Little Cane Creek" by Harold E. Dye. Mrs. Redwine conducted a very interesting bible quiz. The meeting was closed with a prayer by Mrs. Walker.

Those present were Mesdames H. T. Pugh, E. W. Locker, Vernon Raney, J. R. Walker, Clyde Henry, J. J. Redwine, Claude Thomas, J. H. Wimberley and Gray, also two babies.

The next meeting will be Monday, October 30. Every member is urged to be present and visitors are always welcome.

**Shower Honors  
Mrs. Garrett**

Mrs. Bill Garrett was honored with a bridal shower, Thursday, October 19, at 4 p. m. in the beautiful country home of Mrs. Henry Bass.

The rooms were decorated with mixed flowers from Mrs. J. A. Young's flower garden.

As the guests arrived they were registered in the Brides' book by Mrs. Ed Clark. They were then served punch and cake from the lace covered dining table centered with an arrangement of flowers. Mrs. Ruth Moseley presided at the punch bowl.

A musical selection was played by Mrs. Kenneth Henderson of Fieldton. Introductions were made by Miss Delores Locker and corsages were pinned on the honoree and her mother, Mrs. C. J. Darby. Miss Jon Ann Thomson read a recipe, "How To Make A Happy Home."

Games were directed by Misses Betty Morgan and Charlene Bass. The many lovely gifts were then opened by the honoree and her mother. About 65 people registered and a number sent gifts who were unable to attend.

Hostesses were Mesdames Henry Bass, Jess Murrah, J. A. Young, Tom Morgan, John Thomson, Clyde Henry, E. W. Locker, O. C. Thomson, Fern Davis, Ed Clark, C. A. Adams and Miss Margaret Davis.

**Mrs. Hanks Hosts  
Wesleyan Guild**

Wesleyan Service Guild met Monday night at 7:30, October 23, in the home of Mrs. H. W. Hanks.

Mrs. Ray Edwards, chairman of Missionary Education and Service was in charge of the program. Mrs. Buford Butts brought the last chapter, Bridges Into The Future, of the study, Near East Panorama. Mrs. Noel Woodley reviewed the book Assignment, Near East.

The hostess served refreshments to one visitor, Mrs. C. W. Grandy and members Mesdames H. A. Phillips, Homer Sanders Sr., Homer Sanders Jr., Harold Wyer, Buford Butts, Jim Cox, Jim Burkhead, Curtis Spivey, Edwards, A. S. Stovall Woodley and Elizabeth Harden.

The next meeting will be November 13, in the home of Miss Elizabeth Harden.

**CECIL H. TATE  
ATTORNEY-AT-LAW**  
Office In Courthouse  
Muleshoe, Texas

**Progress WSCS  
Concludes Study**

The Progress Womens Society of Christian Service met October 23, at the Church with eight members present. Many members were absent because of illness.

The meeting opened with a prayer by Mrs. Jess Murrah. The president, Mrs. Johnnie Westbrook, made several announcements including plans for the society observing the day of Prayer and Self-Denial, October 25. Mrs. J. J. Gross turned in her birthday offering to the treasurer.

Mrs. Jones had charge of the program for the afternoon, the theme being "O Master Let Me Walk With Thee". The scripture was taken from Hebrew 12:1-3, 12-14. The meditation was how a Christian can show love, pardon, faith, hope, light and joy to those who have hatred, injury, doubt, despair, darkness and sadness in their lives. The song "Must Jesus Bear The Cross Alone" was sung by the group.

Chapters 7 and 8 of the study "Rural Prospect" were given very effectively by Mrs. Cleburne Gray. "Once There Were Two Churches" was concluded by Mrs. John Thomson. This was a very interesting book for review.

The last chapters of "So Sure of Life" were given by Mrs. Erald Gross. Since this was the closing service of this study, Mrs. Westbrook gave us some interesting surveys.

The meeting was adjourned with a prayer by Mrs. Carroll Jones.

**Berrys Hosts For  
Family Dinner**

Mr. and Mrs. T. W. Berry gave the family annual birthday dinner this year. Mr. and Mrs. Berry and sons, Glen and Allen, have birthdays in October, also Mrs. Berry's parents, Mr. and Mrs. J. E. Perkins. There were 15 present for the dinner, given Sunday.

Glen came home from Tech College and brought two of his friends from Tech, Ronald Parsons and Donald Loving. The boys really enjoyed the day in Muleshoe. Also present for the dinner was Arthur Perkins, Mr. and Mrs. C. W. Perkins of Lubbock, Mr. and Mrs. L. A. Harper and sons, Frank and Gary, of Circle Bock.

**Mrs. Panter Hosts  
Half Century Club**

Mrs. Jennie Panter was hostess to the Half Century Club, Saturday, October 14.

The afternoon was spent playing games, visiting and planning for the annual dinner with Mrs. Neil Rocky, November 2, to celebrate the 12th birthday of the club. All members are urged to come and bring a covered dish for the dinner. Mrs. Panter assisted by Mrs. Charles served delicious refreshments to one visitor, Mrs. Pearl Moore and 14 members.

**Larry Nigh  
Honored**

Larry Joe Nigh celebrated his 4th birthday with a party, Sunday afternoon, October 22.

Helping his celebration were Janie and Danny Gully, Shirley Henry, Glenna Raney, Metzi Leonard, Louise Wimberley, Wayne Holland, Leon Halford, Jimmie Gouge and Marshall Wimberley.

Refreshments of birthday cake and fruit juices were served. Larry received many nice presents and everyone reported a good time.

## WSCS Studies Rural Prospects

The Womens Society of Christian Service of the Muleshoe Methodist Church met at the church Wednesday, October 25.

Mrs. Roy Bayless opened the meeting with a few words in regard to the Week of Prayer, which began October 25. She urged that all women have special prayer in their homes each morning and all come to the Church Thursday evening at 7:30 when the WSCS and the Guild will have a program in observance of the Week of Prayer and Self-Denial.

Mrs. O. N. Jennings gave a short devotional showing the hand of love between the Christians of the early church and urging all Christian women to reach out in love to all people. She closed with a prayer written by Mary Stewart. She then gave Chapter 4 from the book "Rural Prospects" with emphasis on the Churches strength—the following subjects were discussed: The Interchurch Movement, Mrs. Bayless; The Council of Churches, Mrs. Lane; The Community Church, Mrs. Woodley; The Denominational Community Church, Mrs. Farrell; The Federated Church, Mrs. Weyer; The Larger Parish, Mrs. Pierson; Home Missions Look to the Community, Mrs. Jennings; McDonald Methodist Center and its Rural Outreach, Mrs. Woodley.

The meeting was closed with prayer by Mrs. Bayless.

160 acres extra well improved, shallow water, electric irrigation set-up. \$150 acre.

160 acres near Olton. Well improved, irrigation well setting 100 ft. \$150 acre.

160 acres near Earth. Well improved and on paved road. \$210 per acre.

## Lazbuddie WSCS Concludes Study

The Lazbuddie WSCS met Thursday, October 19, at the Church with nine members present.

Mrs. H. W. Carpenter brought the devotional, her text was taken from John 17:6-8, 18-23. She brought out how God prays for all who believe in him.

Mrs. A. M. Seaton gave the 6th chapter of "Bridges Into the Future" of the study "The Near East."

She explained how each one of us are bridge builders of God and the bridges we build must have a firm foundation.

Mrs. H. L. Ivey gave the 4th chapter of "Introducing Islam."

Mrs. Frank Hinkson brought current news from the east on Pakistan and news of President Truman meeting of the United Nations.

This concluded the study of the "Near East," which was a very interesting study, the members feel as though they have been brought closer to the friends of the Near East.

During the study the attendance has averaged 84 per cent.

Mrs. C. D. Gustin gave the treasurer's report. Communications were read by Mrs. J. L. Seaton.

Mrs. A. M. Seaton asked each charter member for a picture of their family and also a short write-up as to when they became a Christian to put in the scrapbook.

Mrs. Dudley Hosts Go & Sew Club

The ladies of the Go & Sew Club met in the home of Mrs. Lou Dudley, Thursday afternoon, October 19.

General discussion of business and quilting was the project of the afternoon. Mrs. Lucille Thomas won the drawing of the hostess gift.

Refreshments of sandwiches and cakes were served to Mrs. Cora Thomas, Mrs. Barbara Kloepner, Mrs. Esther Magby, Mrs. Lucille Thomas and Mrs. Nell Woods guest of the afternoon.

The next meeting will be Thursday, October 26, in the home of Mrs. Lee Dudley.

## Howell To Play For Legion Dance

Bernie Howell

Above is pictured Bernie Howell of Amarillo, who will direct his band to furnish music for the American Legion Hallowe'en Dance here the coming Tuesday night in the American Legion Home. The dance is sponsored by Ben Richardson Post of Muleshoe.

Senator Johnson acted after the Munitions Board advised him that 700,000 bales should be enough to take care of military needs during fiscal 1951.

The Department of Agriculture had set up 1,500,000 bales for military use, an estimate which Senator Johnson called "guesswork" which resulted from the failure of the Munitions Board to state its needs.

It was prodded by Senator Johnson, who is chairman of the Senate Preparedness Committee, that brought the 700,000-bale estimate from Roscoe Seybold, acting chairman of the Munitions Board.

Senator Johnson immediately called on Secretary of Agriculture Charles F. Brannan to raise the export quota considerably above the present figure of 2,000,000 bales.

"While everybody wants to see that we have plenty of cotton on hand for military and domestic needs," Senator Johnson said, "we must also see that the cotton farmers are not put at the mercy of speculators by the hoarding of cotton which is not needed for this nation's requirements."

## Fashion Shop Has Anniversary Sale

The Fashion Shop, of Muleshoe, is this week announcing sensational price reductions in their Fourth Anniversary Sale, scheduled to begin Saturday, Oct. 28, and to end Nov. 4.

Mrs. Elizabeth Barnett and Mrs. Dorothy Mattiesen are proprietors of the store. On another page of this issue will be found the Shop's sale announcement, with special prices in ladies' suits, hats, dresses, gloves, skirts, children's dresses, etc., to which the reader is referred for further information about the sale.

IN HOSPITAL

Marlene Lindsley is in the Lubbock Memorial Hospital with pneumonia. She is resting well and hopes to be home soon.

## Spud Harvest Study Would Cut Damages

Preliminary work to determine the points in potato harvesting and handling where bruising injury occurs, with a view to developing methods for avoiding such damage, was started in North Dakota last fall, Perry V. Hemphill, associate agricultural economist of the North Dakota experiment station, reports.

A survey was made by the experiment station in cooperation with regional potato laboratory in East Grant Forks. Samples were taken immediately after digging, from the picker sacks standing in the field, from sacks on the truck at the warehouse before unloading, and from the bins immediately after unloading.

It was noted that the percentage of bruising increased during each operation. After digging it was found 11 per cent of the potatoes were bruised, after trucking the percentage bruised went up to 18, and after binning 41 per cent were bruised. It was noted an increase of 23 per cent may be due to the binning process alone.

## the POWER and ECONOMY LEADER

The first time you drive a Massey-Harris 44 will convince you that here's the kind of power you want for your farm... power that isn't stopped by packed soil, hilly land, or an overloaded roughage mill... power that's smooth, versatile, to pull you through the most stubborn spots on your farm.

A big 260-cubic-inch power plant in the 44 leads all others in delivering power and economy. It's an overhead valve 4-cylinder engine with removable sleeves.

Five power-saving, fuel-saving forward speeds take you through your field work at a speed matched to the job.

Depth-o-matic 2-Way Hydraulic System gives you instant control over mounted and pull-behind tools... 2-way control provides power for both lifting and lowering.

THE 44 HAS PROVED ITSELF A CHAMPION!!

### The Red of Hollyberry

Designer Claire McCardell's choice of deep, off-shades of accepted colors always distinguishes her fashion creations. She has long favored rich dark colors, charcoal browns and greys, blacks, taupe, pigeon and combinations of these shades. Here, she uses Hollyberry—a deep but lively shade of red—in a dress of Celanese acetate rayon crepe. The style, suggested by a monastic robe, manipulates pleats into easy, graceful lines.

### Labor Laws Prohibit Employment Under 16 Pickers In School Hours

South Plains cotton farmers are finding themselves in a quandary over new regulations governing the employment of young cotton pickers. The new rulings, if violated, can result in dire consequences.

For the benefit of the area's thousands of cotton farmers and farm owners the following is an explanation of new rulings as laid down by the U. S. Department of Labor:

1. Do the child labor provisions of the Fair Labor Standards Act as amended in 1949 apply to agriculture?

Yes, they apply generally to FARMERS WHOSE CROPS OR PRODUCTS GO EITHER DIRECTLY OR INDIRECTLY INTO INTERSTATE OR FOREIGN COMMERCE, as in the case of a farmer who sends his products outside the state or delivers his product to a canner, processor, or dealer who he knows will send it outside the State, either in its original form or as an ingredient of another product. For example, tomato growers who send their tomatoes to a cannery within the same state are covered if the canned tomato product made from their tomatoes goes out of the State.

The Act does not apply to a farmer if he sells only to dealers who market exclusively within the same State.

2. What do these provisions do? They make it ILLEGAL TO EMPLOY CHILDREN UNDER 16 years of age in agriculture during school hours.

This applies to migratory children under 16 to attend school. 8. Is the farmer in violation of the Federal law if the under-age children working on his farm were not hired by him personally? A farmer is RESPONSIBLE for EVERY under-age child working on his farm. This includes children hired either individually or as a part of a family group by labor contractors, processors, or others.

9. What are the penalties for violation of the child labor provisions of the Fair Labor Standards Act? The Act provides, in the case of willful violation, a fine up to \$10,000. For a second offense, committed after conviction for a similar offense, a fine of not more than \$10,000 or imprisonment of not more than six months, or both may be imposed.

### Ladies Thank All For Cooperation in T. B. Clinic

Mrs. Leon Julian and Mrs. Leon Smith, in behalf of both local Parent-Teacher Associations wish to express their sincere thanks to the Junior Chamber of Commerce, and to all chairmen and their committees and sponsors who closed the clinic.

The clinic was held at the Muleshoe Hotel, Thursday, October 25. The clinic was a great success and the Junior Chamber of Commerce is to be commended for its cooperation.

### Senator Johnson Favors Raisin Cotton Export

Senator Johnson of Texas has introduced legislation to increase the quota for raisin cotton exports to 100,000 bales annually.

## Protest Cotton Export Ruling

South Plains farmers meeting in Lubbock Tuesday night, condemned the government's week-old ban on the export of cotton and demanded that the order be rescinded.

They drew up a protest resolution which farmers at every gin in the area will be asked to sign

as possible.

Four delegates, W. J. Tilson of Meadow, W. O. Fortenberry of New Deal, Roy B. Davis and George Simmons of Lubbock, were named to go to Washington to demand that the Department of Agriculture remove its restrictions on exports. A fund of \$1,750 was raised for the purpose.

### Cotton Prices Drop

A drop in cotton prices alarmed the farmers, who foresaw a loss of \$16 million dollars on the South Plains alone due to the order. The ban on exports was ordered to con-

## A Girls Win B Girls Lose

Tuesday night before a crowd numbering about 200 Muleshoe and Springlake A and B girls basketball teams played two games.

Springlake won the B game 14-10. Muleshoe won the A game by a score of 43-40.

The last game was a close one and provided many thrills for the spectators.

The score by quarters:

Muleshoe	Springlake
6	2
16	10
26	29
43	40

Those of you who like basketball come out and give these girls some support.

## New Refrigerator Now On Display

The new 1951 Crosley Shelvador refrigerators are now on display at Johnson Furniture Company. One of the outstanding features is the care-free automatic defrosting.

Crosley's new worksaver design gives twice as much food where you want it—in front, in sight, and in reach. . . all space is at the convenient level and there is no stooping clear to the floor.

You can have your choice of gold-colored trim or white with chrome. The full width freezer holds up to 50 pounds of frozen foods.

The refrigerator has storage for lots of bottles and a butter conditioner in the door. On the automatic defrosting, there is nothing to turn off, empty, or watch.

Red Johnson, owner of the firm, invites everyone to come in and see the sensational new Shelvador Refrigerators for 1951. Their advertisement appears on the first page of section 2 of this issue.

### TO CISCO

Mr. and Mrs. Delma McCarty were called to Cisco Monday due to serious illness of his father, A. V. McCarty Sr.

serve cotton for defense, it was explained. With exporters now unwilling to bid, cotton prices have slumped.

The meeting cheered the action of southwestern cotton growers at El Paso who agreed to withhold their crops from market until the USDA cancels the export restrictions.

Offsetting the seriousness of the situation were two developments: Washington reports that Secretary Brannon emphasized that the restrictions are subject to review. This was the possibility which stirred South Plains farmers into sending the protests and delegates.

## Lions President Comes To Lubbock

The Lions Club of Lubbock, largest in the nation and fourth in size in Lions International, is preparing for the October 26 visit of the Lions International President, Herbert C. Petry, Jr., of Carrizo Springs, Texas.

The regular Tuesday luncheon meeting of the club has been changed to Thursday, October 26, in order to conform to Mr. Petry's busy schedule.

In connection with his visit to Lubbock and Lions International District 2T-1 of the Panhandle and South Plains, Mr. Petry will speak Thursday evening at the Silver Anniversary Banquet of the South Plains Council of the Boy Scouts of America. This event will be held in the First Christian Church of Lubbock. More than one-third of the 80 Lions clubs in District 2T-1 now sponsor Boy Scout troops and Cub Scout packs.

Dr. Marshall Harvey of Lubbock, Governor of District 2T-1, who has headed the arrangements for Mr. Petry's visit, states that this will probably be the only visit of the International President to the district during his term of office. Extensive commitments clear around the world must be met by Mr. Petry during his year as International President.

In view of the significance of this visit from the International President, and because he is a Texan, a large crowd of Lions and guests are expected at the Hilton Hotel, at noon on Thursday, October 26, for this occasion. The 80 Lions club presidents of District 2T-1 have been invited to attend, along with the presidents of local civic clubs.

### TO PORTALES

Mr. and Mrs. Buford Butts and daughter Patricia spent the week end in Portales in the home of the Marty Ezells.

### TO AMARILLO

Mrs. I. W. Harden and daughter Elizabeth Harden visited in Amarillo over the week end.

### FROM ROSWELL

Mrs. Coy Burkhead of Roswell, N. M. visited in the home of her parents, Mr. and Mrs. C. C. Mardis last Thursday.

### MULESHOE VISITORS

Mr. and Mrs. Brock of Roy, N. M. were visitors in the Rev. H. W. Hanks home Sunday.

### TO MARKET

Mrs. Olin Jennings, Mrs. Lucille Wright, and Mrs. R. L. Fields are in Dallas this week to attend the Spring clothing market.

Pedestrian: Officer, what's the quickest way to the hospital?"  
Officer: Just close your eyes, cross this street, and you'll be there in ten minutes."

## Thanks To Ladies Who Helped In X-Ray Program

Chairmen of the different committees wish to express their thanks to all the members for their cooperation and help during the TB Chest X-ray program here last week.

### Clerical Help

Mrs. Jean Lovelady, Mrs. Jeri Farrell, Mrs. Betty Cowan, Mrs. Lucille Farrell, Mrs. Barbara Blackman, Mrs. Iris Butts, Miss Billye Jones, Miss Jane Scott, Miss Wilma Sowders, Willis Farrell, Clarence Jones, Medford Selfers, and two colored ladies, Miss Betty Jo Phillips and Miss Butha Griffin, and to Miss Bessie Williams, teacher in the colored schools.

### Hostess Committee

Mrs. Jack Lenderson, Mrs. L. S. Barron, Mrs. A. J. Gardner, Mrs. Bill Moore, Mrs. Jackie Tate, Mrs. Peggy Childers, Mrs. Vere Fox, Mrs. Ruby Hart, Mrs. Roy Jordan, Mrs. Ruby Cox, and Mrs. Morris Douglas, and other ladies who assisted.

## United Nations Flag Displayed

Muleshoe observed United Nations Day Tuesday, October 24, along with the rest of the nation. Among other observances, the city for the first time saw displayed the new United Nations flag.

The flag was made by members of the Muleshoe Home Demonstration Club, and was raised for the first time over the Muleshoe junior high school. The flag was flown on the same staff with the U. S. flag, with Old Glory at the top.

At four o'clock the flag was removed to the U. S. postoffice where it will be flown this week.

## Extra Low Pressure Tire Built With "Cold Rubber"—Tread Less Than Half Worn At 15,000 Miles!

**7.60-15 TIRE WITH "COLD RUBBER" TREAD . . . Still Shows 57% of Original Tread at 15,058 Miles!**

Probably the first extra low-pressure tire put into regular production with a tread of the new Miracle "Cold Rubber" is the Gates "Air-Float" pictured above. By actual measurement, this tire when photographed after 15,058 miles still had 57% of its original tread left. Car was driven over roads of all types at average running speeds of 50 to 60 m. p. h. Exhaustive tests have proved "Cold Rubber" wears 30% to 40% longer in tire treads than the finest natural rubber.

## Muleshoe Woman Breaks State Fair Attendance Record

DALLAS, Oct. 22.—The 1950 State Fair of Texas closed tonight, ending a 16-day run during which it broke all its records and set one for the world to shoot at.

The fair's own all-time attendance record cracked shortly after 1 p. m., when Mrs. F. T. Coffey of Muleshoe walked through the gate. She was visitor No. 2,047,541, and thereby broke the record set last year. She was given a television set.

**October 14 Was Big Day**

The fair's most prodigious day was October 14—the second Saturday of the big show—when 289,000 people flocked in, setting an all-time one-day attendance record for any annual exposition. That

day the fair had the Oklahoma-Texas and SMU-Oklahoma A & M football doubleheader to help pull in hordes of visitors.

Mrs. Coffey broke the fair's overall attendance record more or less by accident. "Imagine!" she said. "We came over to Fort Worth to see our daughter and then came over here to see the fair today. First time in our lives either of us has been to the state fair. And here they are taking pictures of us and giving us a television set."

**Has Seen Television**

Just behind her husband was laughing. "Yes, I've seen a television set,"

## Land Prices In Texas Continue To Increase But Sales Are Down 11%

COLLEGE STATION, Oct. 23.—Record high prices for Texas farm and ranch land existed at the end of 1949, and land prices continue to rise, according to a report prepared by John H. Southern and Joe. R. Motheral. It was a cooperative study carried on by the USDA Bureau of Agricultural Economics and the Texas Agricultural Experiment Station.

During 1949, Texas land prices increased an average of about seven and one-half per cent, or from an average of \$41.36 to \$44.44 per acre. This increase is in contrast to the slight decrease which occurred during 1948. Last year marks the third straight year that land prices have stayed at a record high level, far above the high prices which existed in 1926.

Although the price increased in 1949, the number of acres sold was 25 per cent less than was sold in 1948. The average size of the tracts of land sold was smaller than had been the case for several years, and the number of sales dropped 11 per cent.

The rise in prices occurred in 12 of the 18 type-of-farming areas in Texas, the largest increase being for wheat farming land of the High Plains. The average price of land in this area jumped from \$32.01 per acre to \$50.00, an increase of 65 per cent. Very large increases also occurred in the grazing area of the High Plains and in the Trans-Pecos and Lower Rio Grande Valley areas.

The average price of land was 18.7 per cent lower in the High Plains cotton area and in the Rolling Plains area than during 1948. And a drop of 15.2 per cent occurred during 1949 in the Grand Prairie. A considerable drop also occurred in the number of sales and the number of acres sold in these three areas, the acreage changing hands varying from one-fifth to one-third less than in 1948.

Southern and Motheral attribute the rising price of farm and ranch land in 1949 to the continued high prices paid for agricultural products resulting from the increasingly high incomes in non-agricultural industries and government support of agricultural prices.

**HERE FROM TECH**

Bill Green, student in Texas Tech Lubbock, spent the week end here in the home of his parents, Dr. and Mrs. M. F. Green.

he said. "Just once, in Los Angeles. What do you know?"

"I know we're glad to have you," said Manager Jimmy Stewart.

## SANDERS AND PEELER TO WTCC CONVENTION

H. S. Sanders, Sr., and Jeff Peeler represented Muleshoe at the annual convention of the West Texas Chamber of Commerce, held in the Baker Hotel in Mineral Wells last Thursday and Friday.

Fred M. Husband, of Waco, was elected general manager of the organization, to succeed D. A. Bantzen, who retired recently after 22 years in the post. The meeting honored managers of Chambers of Commerce in the various cities of West Texas.

## LAMBERTS TO LAMESA

Mr. and Mrs. A. P. Lambert were called to Lamesa at the week end on account of the illness of their daughter, Mrs. F. L. Rhodes.

## GO TO STATE FAIR

Mr. and Mrs. E. O. Baker spent from Thursday until Monday in Dallas visiting the State Fair and attending to business affairs there.

## Chrysler Adopts Automatic Shift On 97% Of Cars

An indication of the growing popularity of the growing transmission, more than 97 per cent of the cars built by the Chrysler Division of Chrysler Corporation this year have been equipped with Prestomatic Fluid Drive transmission.

The Chrysler automatic transmission consists of three compact units—gryol Fluid Drive, Safety Clutch, and Prestomatic transmission.

The Fluid Drive unit provides a liquid connection between the engine and the rear wheels. It consists of two vaned disks—separated by a cushion of oil. The engine turns one disk, which transfers the power to the other and the rear wheels by the action of the whirling oil on the vanes, with no metal-to-metal contact between the disks.

The principal of fluid power transmission, pioneered and first introduced by Chrysler in 1938, is now being used in practically every automatic automobile drive on the

The clutch and clutch pedal are retained in the Chrysler unit as an important safety feature. Though seldom used in normal driving, the Safety Clutch is available when it is needed—for ease and safety in parking, backing up, and "rocking" the car.

The Prestomatic transmission operates in two ranges in the forward speeds. In the driving range there is an accelerating gear for quick speedy getaway and a high gear for smooth economical cruising. In the power range there are two extra low gears for occasions when added power is needed. Shifting in each of the ranges is automatic and is controlled by the driver through the accelerator pedal.

Chrysler's Prestomatic Fluid Drive transmission is standard equipment

on the Windsor, New Yorker, and Imperial models and is available as an option on the Chrysler Royal models.

**ON MEXICO FISHING TRIP**

Mr. and Mrs. Ray Griffiths and Mr. and Mrs. W. M. Pool, Jr., are on a fishing trip in Mexico, somewhere south of El Paso. They were joined in El Paso by some other friends for the jaunt, which will be of several days duration.

## A COMPANY IS KNOWN BY THE MEN IT KEEPS

When you must make your most important financial decision... involving life insurance for the protection of your family... you are well advised to choose a sound company, represented by an able agent.

The men and women who have chosen to represent Southwestern Life are public-spirited citizens, often working unselfishly in community welfare or civic improvement projects. They work, too, in life underwriter associations, making life insurance do a better job for the people of their towns and counties. In many ways they help to make their communities better places in which to live.

Yes, a carefully selected, well-trained and responsible Agency Force represents Southwestern Life, now in its 48th year of service to Texans.

**10 Year Pasture Group Organized**

A ten-year pasture improvement program backed by Governor Allan Shivers was organized in Austin September 7 at a meeting of the Texas Pasture Improvement Committee.

Called to Austin by the Governor, the committee voted to organize Better Texas Pastures, Inc., and raised an initial \$50,000 for organization, and named Claude W. Voyles of Austin and a Blanco County ranchman chairman.

The idea, which originated with a resolution passed by the agricultural committee of the Houston Chamber of Commerce early this year requesting the Governor to declare a pasture improvement decade from 1950 to 1960, is now to organize each of Texas 254 counties in a close-knit research and better-pasture-practices program in cooperation with already established agencies.

Other officers named were Tommy Brooks of Camp San Saba,

Vice-Chairman: Dr. Bruce McMullan of Overton, Secretary; and E. L. Boston of Angleton, Treasurer. The group will appoint a full-time executive secretary. W. O. Cox manager of the agriculture department of the Houston Chamber of Commerce, is acting as temporary secretary.

It is contemplated that the organization when in full swing will operate under a much larger budget than that initially adopted. Leading farmers and ranchmen from practically every part of the state attended the organizational meeting and declared that they were behind the program.

Bob Kleberg of the famed King Ranch urged the organization to place emphasis on research to provide better pastures in Texas' widely-varied climate. He and other speakers noted advances that were being made in other Southern states and pointed out that Texas should lead in the livestock industry with its pasture development.

Hal Peterson of Kerrville pointed out that the group should work closely with the farm youth organizations of the state.

Ralph Johnston, president of the Houston Farm and Ranch Club, said that the organization would provide an ideal way for the business men of the state to cooperate with the farmers and ranchmen.

The organization provides three types of memberships. Dues for the individual will be \$10, \$25 for businesses, and an open contributing membership. Better Texas Pastures, Inc., will have a state committee made up of five members from each of the federal crop-reporting districts, district committees made up of three members from each county, and county committees elected by the membership.

An outline of the full program will be announced soon.

**RETURNS HOME**  
H. C. Holt has returned to his home in Muleshoe from a hospital in Littlefield where he was for more than two weeks. He is much better and will be happy to see old friends.

**BABSON LOOKS AHEAD FORTY YEARS**

BABSON PARK, MASS., Oct. 20.—I am coming to the conclusion that historians of the future will write a century of uncertainty, confusion and continuous warfare. Our salvation lies in human research and the discovery of natural laws which govern the interactions of men and obtains for us a free power from Gravity or the Sun, not from atomic energy.

**Our Culture Too Materialistic**  
One of my able business associates believes that only a great new revolution, such as the application of atomic energy to industry, would bring about peace by diverting men's minds to new fields of endeavor. My friend may be right, but I think he has overlooked the fact that we have already progressed so fast technologically that we have been unable to keep pace spiritually.

Our worship of machines, gadgets and amusements has created for us a very "comfortable" push-button existence. It has, at the same time, drained off our best brains into physical-scientific pursuits and left undeveloped the whole science of man. The common man is beginning to feel the pinch of this mistake. This country has given all kinds of economic aids to its workers such as better homes, larger bank accounts, more automobiles, and radios, health insurance, pensions, etc. Yet, I doubt if there ever was a time in history when men felt less secure and more confused.

**Men Must Study Man**  
One of the reasons why the Eastern and Western Worlds are at war today is because the citizens of these nations are materialistic, uncertain, and apathetic. Their respective ideologies have not given them what they expected. In war, the immediate goal is to win the war. We expect hardships; we endure them. In peace, we expect something else. Like the little child, if a nation does not get what it expects, the nation has a temper tantrum.

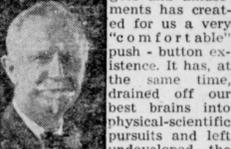

I predict that before we can have peace in the world, men must study man and develop a science for living. But this costs money, and we must be as willing and eager to devote as many billions to this type of research as we are to atom bombs, 100 inch telescopes, electronics and the like. We must discover what environmental stimuli and idealized goals are universally acceptable and zealously followed. What the U. S. and much of the rest of the world needs is NOT a better five cent cigar, but a better "five cent" religion which will be understood by everyone, which is honest, dynamic, specific and scientifically sound.

**Changing Human Nature**  
I can hear the out and out pessimists and defeatists warning:

"You can't change human nature." Admittedly, we can't change God's physical laws, but by understanding His laws we can and we have changed the face of the earth quite remarkably. In my lifetime, for example, through an understanding of natural laws, we have built skyscrapers, driven engines hundreds of miles an hour, bred faster horses, fatter hogs, taken the seeds out of oranges . . . and even split the atom. Some day, by understanding the force of gravity, we shall have a vast new source of energy and power.

I believe this same principal applies to humans. We may not be able to change man's basic instincts, but by understanding the laws of human nature which govern man's actions, we shall be able to channel human urges and drives into more constructive patterns of behavior.

**Our Immediate Need**  
As I look into the next forty years I envision the development of a vast new science of man. In time this science, through its discovery of universal laws, will enable us both to understand and predict group behavior as well as to direct it toward constructive

Roger W. Babson

**REV. REECE ATTENDED CHRISTIAN CONVENTION**

Rev. Frank L. Reece, pastor of the First Christian Church of Muleshoe, attended the annual international convention of the Christian Church, held in the municipal auditorium in Oklahoma City October 9 to 15. An outstanding feature of the meeting was the address of Kagawa, famous Japanese Christian.

**CHERRY TREES BLOOMING**

Cherry trees blooming in the yard of the Snow home seemed so unusual at this time of year that Mrs. Snow brought some of the blossoms to The Journal office for showing. Several others have commented on the fact that cherry trees are blooming.

**HARVEST FIELDS**  
" . . . they crucified him . . . (John 19:18) Read John 19:13-19.

When I began to preach in a small Japanese village, we decorated a Christmas tree in a room of the church. Children peeped in and were saying to one another, "What is that?" A small boy said, "It is a bride (wedding)."

We had two meetings every week, one for grownups and one for children. I taught the life of Christ to children—the story of His birth, the flight to Egypt, His childhood in Nazareth and His teaching. I used many pictures. Everything was new to the children, and they listened with bright eyes.

Before I told them about His resurrection, I said, "Jesus was crucified." One boy asked, "Was Jesus killed? Are you sure?" "Yes," I said. "Oh, terrible," he cried. "I feel as if I have been hit with an iron hammer. Christ was so honorable. He was so peaceful. He was so kind to sinners." That was what he had learned. Who kills Christ today? Is it

the ancient Jews? the Romans? or we ourselves?

**PRAYER**  
We thank Thee, our Father, that we have the knowledge of Christ. Help us to have a part in making Him known to those who do not have this privilege. Bless Thy children everywhere today. In Jesus' name. Amen.

**THOUGHT FOR THE DAY**  
I must add to Christ's crucifixion.

DISTRIBUTED BY

**WORKMAN LBR. CO.**

ic range, utilizing the two top ratios of the three speed gear box, is more than adequate for all but a few extreme grades in scattered sections of the country; for these a manually selected low range has been provided.

The Merc-O-Matic employs the simplest form of hydraulic torque converter, having three basic elements. It has a small torque ratio of 2.1 to 1. The gear box consists of a compound gear set providing a low ratio of 2.44 to 1, and intermediate ratio of 1.48 to 1, and direct drive. Two clutches and two bands, hydraulically operated, control the ratio changes.

Operated by a selector lever and dial which is illuminated at night, the new transmission has five positions—parking, reverse, drive, and low. The arrangement is in a natural sequence that eliminates the necessity of going through a gear that is not needed to reach the desired one.

For all ordinary driving, the fully automatic or "high range" consists of the converter, intermediate and high gear. All starts are made in intermediate gear and the shift into direct drive occurs between 17 miles per hour, with light throttle, up to 64 miles per hour, under full throttle conditions. Low heavy pulling and for the more severe down hill braking requirements.

Several chassis and engine changes have been made to provide for the new transmission. One of these divorces the choke from the carburetor by mounting it on the intake manifold. Through this arrangement, the choke operation is dependent on engine temperature rather than air temperature, thus eliminating the possibility of the carburetor coming back on to high idle with a warm engine.

The clutch pedal is eliminated and a wider brake pedal used.

The Merc-O-Matic uses a total of 24 aluminum die castings, three of which are major parts, weighing approximately 15 pounds. A novel feature is the construction of the torque converter which utilizes a die cast impeller cover into which are recessed stamped steel blades. The starter is of die cast construction. The third element, the turbine, is of full sheet metal construction. No welding or copper brazing is used to secure blades to the main shell stampings or casting. Instead they are securely held in place by tabs which are rolled in assembly.

Adequate cooling of the transmission under all the operating conditions is accomplished by circulation of air through the housing enclosing the torque converter. Fins on the outer surface of the aluminum converter shell induce air circulation and provide additional surface for transfer of heat to the air stream. This means of cooling is simple, effective and does not place an additional load on the engine cooling system.

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
**TO: WILLIAM D. MORRIS**  
**GREETING:**  
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of November, A. D. 1950, at or before 10 o'clock A. M. before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.  
 Said Plaintiff's petition was filed on the 21st day of September, 1950. The file number of said suit being No. 1665. The names of the parties in said suit are:  
**MADELYN MORRIS** as Plaintiff,  
 and  
**WILLIAM D. MORRIS** as Defendant.  
 The nature of said suit being substantially as follows to-wit:  
 Suit for judgment of divorce, dissolving the marriage between plaintiff and defendant. On divers occasions, while plaintiff lived with defendant, defendant was guilty of excesses, cruel treatment and outrages toward plaintiff, of such a nature as to render their further living together insupportable, which culminated in defendant striking plaintiff upon face with his clenched fist, on May 15, 1949, under circumstances which showed an utter disregard for plaintiff's health, if not her life. Issued this the 21st day of September, 1950.  
 Given under my hand and seal of said court, at offices in Muleshoe, Texas this the 21st day of September A. D. 1950.  
 M. G. BASS, Clerk,  
 District Court, Bailey County, Texas  
 By Hazel Gilbreath, Deputy

From where I sit... by Joe Marsh

**You Can't Build A Better Mousetrap!**

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."  
 Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.  
 "Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"  
 From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!

*Joe Marsh*

## Mules To Play Post Friday

Tomorrow night the Mules tackle the Post Anelopes in the Mule Yard for another conference tilt here. Last week the Mules dropped a 14 to 6 loss to the Morton Indians.

The Post eleven has only one defeat this year, Lattiefick, who won an easy victory of 42 to 12.

This should be one of the better games this season, as Post is considered a power in District 4-A football.

Kickoff time tomorrow night has been slated for 8 p. m. and a large crowd is expected at the stadium here. The last home game of the season will be played here Nov. 3 when the Mules tangle with the Levelland Lobos.

Seeing a lot of action tomorrow night will probably be Ed Nichols, Roald Johnson, Aubry Heathington, and Ray Kersey in the backfield and the line will include Bill Gaede, R. E. Williams, Jim Burkhead, John Whipple and other hard hitting Mules.

## Littlefield Beats Mule Colts, 18-0

The Littlefield Junior high team defeated the Mule Colts 18-0 here last Thursday morning. The "Cats" overpowered the smaller Muleshoe boys and held them scoreless while carrying over three tallies and converting the extra points.

The Muleshoe junior eleven will play the Brownfield junior high team here Thursday. The Brownfield boys defeated the Mules in their previous game.

THE MULESHOE JOURNAL, Thursday, October 26, 1950

## Morton Indians Hand Mules 14-6 Defeat In Conference Tilt Friday

The Mules dropped their fourth straight loss in a row and Morton rung up their first conference win of the season when they scalped the Mules 14-6 at Morton Friday night.

The upset victory spiked the Mules' hope of remaining in the thick of the District 4-A race and dropped them farther behind the leaders.

The Indians scored in the first quarter on the first series of plays after the opening kickoff when Kirby Lackey went 36 yards for a touchdown around right end. Waydell Hill converted the extra point.

In the second period Don Baldwin, Indians fullback, plunged five yards for a touchdown, and Hill again converted the extra point.

The Mules rallied in the third

period when they hit pay dirt as Roald Johnson dashed 42 yards for a touchdown. The try to carry over the extra point was unsuccessful.

Outstanding players for the Mules in Friday night's tilt was Johnson and Kersey who proved their merit carrying the ball, and Ed Nichols, who completed a number of passes. The Gaede brothers showed up well on their side of the line and R. E. Williams set the Indians back for several losses by piling through the Morton line. John Whipple was on the receiving end of several of Nichols passes.

## Mules High School Band Adds Color And Interest To Games

Football fans who have followed the Mules throughout the football season have found that one of the highlights of each game is the half-time performance of the Muleshoe High School Band.

This "marching" band is under the direction of Bob Gray, who has spent many hours this year working with the band to present their half-time performances.

One of the most spectacular performances was the Brownfield game, when all the lights on the

field were turned off and attractively dressed majorettes twirled their batons with lighted torches on each end.

The band is especially adept in performing letters representing each school. The band has produced several acts this year which have drawn the appreciation of the Muleshoe football fans and favorable comment from radio sportscasters broadcasting the games.

## JayCees Tennis Courts Nearing Completion

Work is now nearing completion on the second tennis court to be built by the Muleshoe Junior Chamber of Commerce. The first court was completed on the junior high

school campus some weeks ago. Wednesday night of last week a group of JayCees leveled the courts and built forms in which to pour the concrete. Monday night in lieu of their regular meeting, the JayCees again donned overalls and poured half of the court and poured the remainder Wednesday night.

When completed, the courts will be completely lighted and will be used by the school students during the days and will be open to members of the tennis club and other tennis players each night.

has been whipped, 1 cup grated pineapple and ½ cup nuts.

**METHOD:** Line pan with either 2 tablespoons onion chopped fine 2 teaspoons salt ¼ teaspoon pepper 1 tablespoon Worcestershire sauce

1½ cups of soft bread crumbs ½ lb. ground beef ½ lb. ground pork ½ pound ground veal 10 to 12 thin sections oranges 2 tablespoons orange juice 2 tablespoons sugar 2 tablespoons light corn syrup

**METHOD:** With fork combine eggs, milk, onion, salt, pepper, and Worcestershire. Stir in bread crumbs, add meat and mix well. Shape into flat-topped loaf about 7 inches long and 2 inches high on greased baking pan. Cut slits diagonally across top—about 1 inch apart—and tuck in orange sections lengthwise. Combine orange juice, sugar and corn syrup; pour over top of loaf, keep about 1-3 to use for basting. Bake in moderate oven (350 degrees) about 1 hour, basting frequently. Makes 6 to 8 servings.

**STUFFED PORK CHOPS**  
By Mrs. Harold Weyer  
6 pork chops, 1½ inches thick  
6 tablespoons onion, chopped  
2 tablespoons chopped celery

### Soil Testing Facilities At A & M Expanded, Ready For Use November 1

COLLEGE STATION, Oct. 25.—The soil testing service of the Texas A. & M. College System is being expanded and will be in charge of M. K. Thornton, extension agricultural chemist. According to Director G. G. Gibson, Texas Agricultural Extension Service, the laboratory will be ready to begin operations on November 1, 1950.

A charge of one dollar per sample will be made for the testing service and samples should be sent to the Soil Testing Laboratory, Agricultural Extension Service, College Station, Texas. Each sample submitted for testing will be analyzed for organic matter, nitrogen, (computed) soil reaction, available phosphoric acid,

½ cup Pet milk  
2 cups bread crumbs  
6 tablespoons shortening  
1 tablespoon green pepper, chopped  
1 teaspoon salt  
½ cup cracker meal

**METHOD:** Split pork chops through to bone to hold stuffing, melt all of shortening, cook onions until delicately brown, add peppers, celery, salt and bread crumbs. Moisten with milk, fill chops, fasten with skewers. Dredge chops in cracker meal, fry until brown. Sprinkle with salt, add water to cover the bottom of pan and bake 1 hour.

available potash, available lime and soluble salts, says Thornton. Recommendations based upon the soil analysis and the information furnished the laboratory at the time the sample is sent in will be made and returned to the sender. Each soil sample sent to the laboratory should be accompanied by a completely filled in Form ST-2. These forms are available at your local county extension agent's office.

The sample submitted for testing must be truly representative of the area it is supposed to represent. If it is not a representative sample, says Thornton, the analysis and recommendations may be of little value to the sender of the sample. County agricultural agents can furnish complete information on how the samples should be taken so they will represent the area which is being tested.

Thornton says that at least two and possibly three weeks will be required to process and analyze and get a report back to the sender. He points out that samples should be sent to the laboratory well in advance of the date when the recommendations will be needed for use in planning the planting and rotation systems for the farm or ranch. A good plan is to send in samples during the winter from land that will be planted to crops in the spring, in the spring for summer use, and in the summer for fall use.

By following such a procedure, he says, the recommendations will be available in plenty of time for use in planning cropping and fertilizing operations.

Thornton says soil tests will not determine whether a plant died from root rot or some other disease will not disclose the presence in the soil of nematodes, wire worms or other root destroying pests; will not determine other physical soil troubles unless caused by plant food deficiency and will not determine physical characteristics of the soil nor determine plant troubles caused from drought, temperature extremes or drowning.

The information obtained from soil tests will aid in determining deficiencies of one or more plant nutrients; the need for lime or other soil amendments; in diagnosing certain plant deficiency diseases; in diagnosing certain soil abnormalities, such as salt spots and in determining toxic quantities of materials in the soil.

Thornton suggests to farmers, ranchmen, gardeners and others who have soils on which they'd like to have an analysis made, that they contact their county agricultural agent and get the complete details on how to get a soil sample, what information to send with the sample, and how and where to send it.

**CHRISTIAN SCIENCE SERVICES**

"Everlasting Punishment" is the subject of the Lesson - Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 29.

The Golden Text is: "The way of the Lord is strength to the upright; but destruction shall be to the workers of iniquity" (Proverbs 10:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Say ye to the righteous, that it shall be well with him: for they shall eat the fruit of their doings" (Isaiah 3:10).

**Road Contract Made Last Week Near Lazbuddie**

The Parmer County Commissioners Court meeting in special session here Monday, let a contract to Partell & Jones of Littlefield, for the caliche surfacing of three and one half miles of road work on FM No. 690 in the Lazbuddie section.

The contract calls for the grade and drainage structures along the route the surfacing to be 22 feet wide and a 6-inch compact base, and to meet State Highway specifications. Forty working days are allowed to complete the job.

The three and one-half miles of caliche will begin at the terminus point of the pavement on FM 690 in the Lazbuddie community, running east towards the Lazbuddie store. Already there is a strip of WPA caliche along this stretch of road, and officials said this additional surfacing would tie the old WPA job to the pavement.

The job has been contracted at the rate of \$3,750.00 per mile and the money will come from the road fund of Precinct No. 4. With the completion of this piece of road work, residents of the Lazbuddie community will have an all-weather road to any market center.

Ultimately, officials here point out it is the desire of the State Highway Department to construct a farm-to-market road to Hart in Castro County.

**Gregory Completes Insurance Course**

The Institute of Insurance Marketing of Southern Methodist University announces the successful completion of Basic Class 14 by Robert "Bob" Gregory, local representative of the Great National Life Insurance Company.

This phase of the training offered by the Institute equips a life underwriter to cope successfully with the problems of establishing and maintaining income for the insured and his family.

Agents who are or have been members of the Million Dollar Round Table, and experts in various phases of the business speak before the class during the five week period. Mr. Gregory will return to Southern Methodist on May 14, 1951, for the Senior phase of the one-year course in Life Insurance Marketing.

**ST. JOHN'S LUTHERAN CHURCH**
