

Hamilton Choir To Be At First Christian Church

The community youth choir from Hamilton will sing at the First Christian Church Sunday, July 29. The choir, composed of youth from several churches in Hamilton, will present a folk musical about Jesus entitled "Tell It Like It Is." The program will begin at 7:00 p.m.

The Sunday evening service is a combination of the First Christian Church, the First Presbyterian Church, Wesley United Methodist Church, and the First United Methodist Church.

Everyone is invited to hear the youth from Hamilton present the Gospel in song.

Golf Tourney To Be Held Thursday

A fun golf tournament will be held Thursday, July 26, at 6:00 p.m. at Cisco Country Club. This will be a "4" Club Tournament. A team event, "A", "B", "C", and "D" players on each team. Each player of the team will be assigned one club to use for the tournament either a driver, a four iron, a nine iron or a putter.

The person assigned the driver will hit the first short off of the tee. Then a rotation begins the four iron hit next then the nine iron and the putter. This rotation continues the rest of the tournament regardless the location of the ball.

Entry fee is \$3.00. Golf balls will be awarded for prizes.

Mike Woolley Named AHA Jr. Member

Mike Woolley of Cisco has been accepted as a junior member of the American Hereford Association, according to an announcement by H.H. Dickenson, Executive Vice President of the AHA.

By becoming junior members of the AHA, youngsters are able to take advantage of the many programs open to Hereford breeders in their efforts to further their own breeding programs. Shows, performance records information and being a part of the many activities sponsored by the AHA's junior department are all benefits for the youthful members.

The American Hereford Association, headquartered in Kansas City, Missouri, is the world's largest beef breed registry organization. There have been over 17 million head entered in its herd book since the founding of AHA in 1881.

Cisco Service Club To Meet Thursday

Cisco Service Club will hold its monthly meeting at 7:00 p.m. Thursday, July 26, at the Chamber of Commerce. Hostesses will be Allene Smith, Jessie Phippen and Linda Cozart.

Members are urged to attend.

Bass Tourney To Be Friday

There will be a night jackpot bass tournament held on Cisco Lake Friday night, July 27. That is this coming Friday night and all area bass fishermen are invited to participate. The time will be from 6 p.m. until midnight. You do not have to be a member of a bass club, this is an open jackpot tournament, so if your a bass fisherman and would like to try your luck come on out this Friday night.

A fee of five dollars will be charged for the tournament to be paid back 50-30-20. Also a side calcutta for big bass for those who wish to enter. All bass must be caught on artificial baits. Looking forward to seeing you Friday night.

Willard Johnson
Bass Club reporter

Pleasant Hill Services In Progress

Revival services have begun at Pleasant Hill Baptist Church and will continue through Sunday morning. Services are at 8:00 each evening. Benny Hagan is preaching and Al Anderson is leading the music. Thursday night will be a special treat as the youth from East Cisco Baptist Church will bring the special music.

Pepper Puryear, pastor, invites everyone to these exciting services. Pleasant Hill is located eight miles south of Cisco on FM 2526.

Silver Streaks placed third and received Best Sports Award in Eastland Tournament July 19-21.

Rock-a-Hula Babes placed second in Eastland tournament held July 19-21.

Rock-a-Hula Babes Second in Tournament

The Cisco Rock-a-Hula Babes won second place in the

Minor Braves

See Rangers Play

The minor Braves, first place winners of this year's Little League season, were taken by their coaches to see the Rangers play Kansas City Royals Saturday night. The Rangers had lost several previous games but the enthusiastic support from Cisco Braves helped the Rangers and Jim Kern win the game. The boys also enjoyed seeing one of their coaches, Truman Kirk, catch a ball pitched to the stands by Kern.

The trip included a detour for a picnic and short visit to the zoo in Forest Park.

Those making the trip were Jessie and Lloyd Benavides, Mike Webb, Joe Tollette, Shannon Berry, Kevin Kirk, Stewart Farguhar, Paul Flores, Kenny Carson, Gary Curtis, Ralph Berry and Truman Kirk.

Eastland Tournament July 19-21, by playing six games and losing only two.

The Cisco Silver Streaks won third place, by playing three games and losing two. The Baird Chevettes took first place by being undefeated.

Also, congratulations to the girls on

both Cisco teams who made the All Star Team and to the Silver Streaks who won the Best Sports Award.

We are proud of both teams and know they are looking forward to the Ranger Tournament next weekend, July 26-28.

Publicity Director

Creation Or Evolution?

RUTH SCHAEFER
The program, "Creation or Evolution" will be

Members of the number one Braves team not able to make the trip were Head Coach Jackie Witt, Doug Witt, Raeford Rattan, Willie Peavey and Kendall Seabourn.

presented by Ruth Schaefer at the Concerners meeting Sunday, July 29, at the Church of the Nazarene, West 10th and Avenue N, in Cisco. The program will begin at 5:30 p.m., it was announced by Mrs. Melvin Travis.

The program will consist of a filmstrip and cassette "Creation and Evolution: A Comparison of Two Scientific Models" as well as a transparency presentation of the two model approach for public school teaching with a discussion following. In addition to the filmstrip presentation, other reference materials and source information will be available. Unbiased publication of the Two Model Approach have been prepared by the Institution for Creation Research, 2716 Madison Ave., San Diego, Ca. 92116.

The subject of Creation vs. Evolution has been a primary interest of Ruth Schaefer for a number of years. Seeing for herself at Glen Rose, Texas, dinosaur footprints and man footprints fossilized in the Paluxy River bed was quite thought provoking.

After graduating from Cisco High School, Cisco Junior College, Tarleton State University (B.S. in Elementary Education with a minor in biology), and attending Texas A and M, she taught science in the Rio Grande Valley. It was there that she heard a radio program by the Institute for Creation Research. Then some unsolved questions began to find answers.

Miss Schaefer is thrilled to share with everyone the information she gained at a seminar on Creation Research offered at Dallas Bible College this past June. Students, teachers and other interested persons are urged to attend this program. There is no admission charge.

Council Holds Business Meeting Tuesday Night

A minor change in plans for paving Front Street was approved, more funds were voted for the Cisco Cemetery Association, and the report of a tax equalization board was held up for a legal opinion as the City Council held a semi-monthly business meeting Tuesday night at City Hall.

Front Street, where an Abilene firm is scheduled to begin paving work within a few days, will be 30 feet wide instead of 37 feet, the council decided. Width of the street varies from 11th Street to the IH-20 access road, hence the recommendation for a 30-foot paved road, City Manager John Boland told councilmembers.

This would save some \$3,500 which would pay for repairs to 11th Street where it joins Front Street, Mr. Boland pointed out. These repairs are needed as the result of ditches caused by rains last spring.

The paving project will cost some \$75,000. It was pointed out that property owners will be called on to pay for curb and gutter work in front of their homes. Letters have gone out to them, the city manager said.

S.G. Clary appeared before the Council to request that money the city receives for burial lots at Oakwood Cemetery be divided with the Cisco Cemetery Association on a 75-25 per cent basis. Lots sell for \$100 and the city has been giving \$25 to the association. Councilmembers voted to give the entire \$100 to the association since up-keep of the cemetery now is financed largely by the association.

Mr. Clary said the extra funds would finance repairs for the water system in the cemetery, restoration work on tombstones and general upkeep activities. Councilmembers complimented the association on doing a good job in the cemetery.

Chairman Willard Johnson reported to the council on the work of the city equalization board, which included Johnson, Mrs. Velma Joyner and Mrs. JoAnn Cermin. He said the board held nine days of meetings, concluding its work July 20. A total of 32 taxpayers appeared to protest new valuations on their property.

Council woman Louise Allison said the

work of the board did not comply with new state laws and that no changes should be made in the tax roll. The council asked City Attorney Billy Wright for an opinion and a special meeting will be called to act on the board's report so work can begin soon on the 1979 tax roll.

A public hearing was called during the meeting to discuss projects for 1979-80 revenue sharing fund disbursement. These projects will include continued street paving and repairs, work at Lake Cisco Park, sewer line improvements and others.

Mr. Johnson, president of the Little League, asked for help in a general refurbishing program for Rylee Field, which was built in 1952 and needs extensive work. Mrs.

Ciscoans To Participate In Folk Festival

Pioneers utilized anything and everything to make life on the frontier easier. The Cisco Civic League will show just how that was done at the eight annual Texas Folklife Festival in San Antonio.

The groups from the league, who also are past participants in the Cisco Folk Festival, will demonstrate the art of candle making and folk medicine to visitors at the Festival.

Registered nurse JoAnn Cermin became interested in the medicinal qualities of plants and herbs some five years ago. Since that time, she has continued to develop her interest. Now, at both the San Antonio and Cisco Festivals, she teaches folk medicine to interested visitors, as well as swaps remedies with people who "remember what grandma used to do."

Working the Festival booth with Mrs. Cermin will be Dr. Ayres Cermin, Ruth and Winston Heidenheimer and Vallie and Willis Parker.

Down the way from the medicinal booth will be the candle making booth. Headed by Bettye McGinness, the teachings will include the demonstration of candles made by dipping and pouring and crafting of rush lights.

Working with Mrs. McGinness will be her husband, Allen McGinness, Ann and John

Cermin suggested improvement in the city's animal shelter facilities.

Mr. Boland said the city would have some \$75,000 in revenue sharing funds for the next fiscal year's program.

The Council voted to hold up asking for bids on a computer program for city water department billing, deciding that the present system was working. The city manager was authorized to submit plans for remodeling the water department offices. Purchase of a used motor vehicle not to cost more than \$1,000 for the Lake Cisco Patrolman was approved.

Mr. Boland gave the Council a financial report, noting that some 89 percent of the current budget had been spent. City tax collections amount to about 70 percent for the year, he added.

Mayor Pro Tem Raymond Whitley presided in the absence of Mayor Chief Brown. Council members present were Mr. Whitley, Mrs. Allison, Morgan Fleming and William J. Eudy. Others present included City Attorney Wright and City Secretary Sherry Ledbetter.

Mitchell Baptist Homecoming

The Mitchell Baptist Church in the Dan Horn community will have a homecoming on Sunday, July 29. All interested persons are invited to come for 10:45 a.m. worship services and stay for lunch. Meat will be provided by the church and everyone is invited to bring a covered dish and enjoy the fellowship.

Guest pastor for the day will be L.A. (Whoop) Sublett from Pottsboro.

There will be singing at the church Saturday night, July 28, at 7:00.

Boland and Dean and Ed Baird.

The Texas Folklife Festival takes place August 2-5 on the 15-acre grounds of The Institute of Texas Cultures in downtown San Antonio.

The Festival celebrates the pioneer folk traditions and ethnic heritage of this state through displays, demonstrations, crafts schools, music, dance and food.

Advance tickets are now on sale at the Institute at \$3 for adults and \$1 for children 6-12 years old.

Guard Against Heat

Guard against heat exhaustion, heatstroke or sunstroke during hot Texas months, cautions Carla Shearer, a health education specialist.

Ms. Shearer is with the Texas Agricultural Extension Service, The Texas A&M University System.

The combined effects of sun, exercise, heat and excessive perspiration which result in loss of fluids and salts can produce these serious conditions.

HEAT EXHAUSTION
The body's normal reaction to high temperatures is to pool blood near the surface of the skin so that sweat is formed and then evaporated into the air releasing heat.

This process works very well in most instances, the specialist says.

However, when a person is exposed to high temperatures--especially combined with high humidity--for a long period of time, the vessels deep in the body may lack sufficient blood resulting in heat exhaustion.

Some symptoms of heat

NEW BROKER AT CENTURY 21

Pictured left to right is Ray Ferris new sales manager of Century 21 in Eastland Co. and Angy

Fowler, owner broker, who is holding a trophy recently won by his Century 21 agency located in Eastland, Cisco

exhaustion include muscle cramps and weakness, and although the victim's temperature may be near normal, the pulse is often weak. The skin is usually cool but very pale and moist. Treatment consists of getting the person out of the sun immediately. Slowly sipping cool-not cold-water will help cool down the body.

SUNSTROKE, HEATSTROKE
Heatstroke, or sunstroke, is more serious than heat ex-

haustion. It's often a medical emergency.

A breakdown of the cooling system of the body which causes the body temperature to rise uncontrollably causes heatstroke, the specialist explains.

Because the sweating mechanism is not working, there is very little perspiration.

One symptom of heatstroke is dry, red, hot skin and fast, strong pulse. The victim may also be nauseated and have headache. There is also a possibility of the person collapsing.

As in the case of heat exhaustion, the important thing is to get the victim out of the sun and to lower the temperature.

Sponge the person with water, especially around the head. Avoid giving the victim stimulants such as tea or coffee because of the possibility of complications such as increased blood pressure.

If the person is unconscious, give no fluids at all. Ms. Shearer cautions.

PREVENT SUNSTROKE, HEATSTROKE

To prevent sunstroke or heatstroke, avoid being in the sun and heat for a long period of time, drink a sufficient amount of liquids and wear loose-fitting clothing such as cotton T-shirts which help to retain perspiration and keep the body cool.

WANT TO BUY-Slightly used, heavy duty hand and power tools. Call 629-2614 from 8:00-5:00, 629-1386 after 5:00. 168

NOTICE: Tune-up and overhaul lawnmowers, tillers, and edgers. Call 629-1386. 168

and Ranger. The first place trophy was for overall real estate transaction performance. The award was sponsored by the West Texas Council of Century 21 which

includes other offices in Brownwood, San Angelo, Dublin, Stephenville, Sweetwater, and 3 offices in Abilene.

One of the many services which made this achievement possible is the V.I.P. referral program of Century 21 which the Eastland County offices utilize. The V.I.P. Referral Program is service which

helps people from out of state or out of town find what they are looking for here; or it helps people here relocated and find the home or business property they

are looking for out of town or out of state. Those who work for Fowler Realtors wish to thank all the customers who helped make this award possible.

Selection Collection

Phones for fashion. Phones for fun. Phones for functional purposes. You want them and Southwestern Bell has them. There was a time when black desk and wall models made up our entire telephone offering. Today we have a "selection collection" - more than 130 style, color and shape variations of Design Line* and standard sets to choose from. Like Snoopy phones, chalkboard phones, even a Dallas Cowboys model. And all have traditional Bell quality and dependability. Design Line telephone prices start at \$55. And you can extend payments over five months without paying a penny more. Start your own "selection collection". Call the Southwestern Bell business office today for details.

LIMITED WARRANTY
GUARANTEE OF MILEAGE-RADIAL TIRES

New First-Class Gulf or Cruisemaster steel belted radial tires are guaranteed for mileage as specified below.

GULF STEEL RADIAL — 45,000 MILES **CRUISEMASTER STEEL RADIAL** — 36,000 MILES

WHAT GULF WILL DO

If the guaranteed number of miles is not obtained when used on passenger cars because a tire wears down to the tread depth indicators (2/32" tread depth) before specified mileage is delivered:

- fails due to workmanship or materials, or
- fails due to road hazards up to 50% of the original tread life (no road hazard adjustments will be made after 50% of the tread life has been delivered).

Gulf will make an adjustment for unused service toward a new tire of the same type as follows:

If the owner presents this warranty at the time the tire is returned, Gulf will make an adjustment equal to the percent of guaranteed mileage delivered times the then current suggested retail price of the tire. If the owner does not present this warranty, the adjustment charge will equal the percent of original tread used times Gulf's then current suggested retail price.

If a tire fails due to materials or workmanship in the first 20% of guaranteed mileage, and this warranty is presented, Gulf will replace the tire without charge.

New Gulf and Cruisemaster steel belted radial passenger tires branded "BLEMISH" or "BLEM" are guaranteed on the same basis as new first-class Gulf and Cruisemaster steel belted radial passenger tires, except for the appearance or other condition which requires their classification as "BLEMISH" and the use of Gulf's current "Suggested Retail Price" less current "BLEM" discount in computing the adjustment charge.

WHAT IS COVERED FOR COMMERCIAL AND SPECIAL APPLICATIONS

If the tire fails due to materials or workmanship when used in commercial applications or special applications (such as on trucks, vans, pick-up trucks, and recreational vehicles) the adjustment charge will equal the percent of original tread used times Gulf's then current suggested retail price.

WHAT IS NOT COVERED

- tires branded or stamped "SECOND" (Second Class) or "NO ADJ." (Not adjustable)
- repairable punctures
- premature or irregular wear due to improper inflation or mechanical conditions of the vehicle (e.g. misalignment)
- tires which have been run while flat
- damage caused by malicious, willful or intentional conduct

WHAT THE CUSTOMER DOES

Present the tire and this warranty (if possible) to an authorized Gulf or Cruisemaster retailer in continental U.S.A. pay the adjusted price of the new tire, reasonable service charges (such as mounting and balancing) and all applicable taxes.

This warranty is exclusively for the benefit of the original owner-user of a new Gulf or Cruisemaster brand steel belted radial passenger tire is not assignable, and no claim hereunder will be honored unless submitted on our standard claim form duly completed and signed by such owner.

Gulf's obligations under this warranty are limited to those enumerated herein, and all incidental and consequential damages are specifically excluded. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

JWS

THE BUCK Sharps of 1101 West 6th Street probably have the best crop of Purple Martins in our area. Eight or ten PMs are around the bird house out back at their home every time you drive by there.

As you know, Purple Martins eat mosquitoes and similar insects. They migrate to Texas and elsewhere in the USA in summer, stopping usually where they find bird houses that are pretty high and with tree limbs or wire where they can rest near their houses.

GLAD TO HEAR that Mr. Jack Kelly of our town is doing nicely following surgery at Hendricks Memorial Hospital, Abilene, last Friday. His doctors told Mrs. JK that they would probably release him to come home this weekend. . . . And Mr. Marshall Jones, who underwent surgery at the local hospital last Friday, is on the mend. He didn't understand the logic when hospital attendants woke him up the other night to give him a sleeping pill. We told him that hospital folks probably do like printers who are supposed to follow copy even if it takes them out a window.

ALSO AT THE Abilene hospital, Cisco JP Carlton Holder got a new hip joint last Friday. Two days later, they had him out of bed, and they started him on therapy treatments Tuesday. He was due to be there two weeks. . . . Lone Star Gas Man Clifford Smith reports that he is getting organized for a vacation at Ruidoso, New Mexico. . . . J.L. Stafford and George Owens, partners at S and M Supply Co., will be partners in a golf tournament this weekend at Lake Proctor Country Club. A number of other Cisco golfers are expected to play there. . . . Nobody from Cisco won in the tournament down at Pioneer last weekend. In addition to those we named the other day, Ciscoans playing there included George and Tracy Owens and Delbert Schaefer and Vandell Weathers.

AN INSTANT lawn has appeared at the home of the E.D. (Andy) Andersons, corner of West 14th St. and Avenue N. Same was installed last week. And the yard is very attractive. . . . The Wm. J. (Bill) Eudy home at 1308 West 14th Street is due to change colors - from green to brown - any day now, we overheard Mrs. WJE say.

JAMMIE FRY and son Phil were due home from Cheyenne, Wyo., where they spent a week visiting and attending that town's world famous rodeo. The Fry's daughter, Cyd is the weekend cashier now out at Jammie's Restaurant. . . . Oil Man Gerald Winnett was waiting for his wife to pick him up when you saw him standing on the corner at Avenue D and 6th Street the other morning. And waiting patiently, he said. . . . CPA Charles Clark and wife got home last weekend after ten days or so vacationing at Lake Texoma and in

Oklahoma. Mrs. Ona Coats, formerly of the City Hall staff, is a new employee at the Clark office.

MRS. Betty Alford, who works at United Savings, is walking without a limp again. Vacationing with children and grandchildren at Port Aransas recently, Mrs. BA went to the beach and the top of her feet got too much sun and were real sore for a week or so. . . . They had a big fish dinner out at the Bob Greer home the other night. Bob and son-in-law Fred Kizer of Midland went out fishing at one of Bob's favorite stock tanks. Each hooked several bass, one each in the five pound class. . . . The notice in the papers about Sheriff Johnny Morren needing a full-time jailer brought the suggestion that three Ciscoans - O.L. Stamey, Bob Greer and Homer Claborn - accept the post with each to be on the job eight hours a day. Last we heard, Mr. Claborn was about to resign before being appointed because they wanted him to take the midnight shift.

SEVERAL FOLKS have had thoughts about the potential watermelon crop that Postmaster Louie Gilbert has in a flower bed at the post office. And we've had one suggestion that Louie and his staff had oughta plant peanuts in the flower beds. . . . Hear tell that Mrs. Wilma Waters is now the owner of the residence of the late Joe Lea Moore at 612 West 7th Street. Remodeling work is underway.

YOU'LL BE glad to know that Miss Angela Coats of Fort Worth, granddaughter of the Paul Brashears, will be in the Miss Texas Pageant at El Paso soon. . . . It'll cost you \$5.30 for a replacement if somebody steals your auto license plates. . . . The Ike Watts family recently enjoyed a travel trailer vacation in the Colorado Springs country. . . . Our scouts report that District Attorney Emory Walton is carving out a new career for himself over in Eastland. He is an umpire at the girls softball games.

A GROUP OF Cisco folks left Monday for a week-long mission trip to Ruidoso, New Mexico. They're all from the First Baptist Church and making the trip were Ben and Ruby Streiff, and Revis and Vergie Gregg (sponsors), Patti Gorr, Julie Barney, Leslie Winnett, John Hagan, Jacque Eudy and Greg Sipe. They've return home July 30th. . . . The Rev. Benny Hagan is preaching for a revival meeting now going on at Pleasant Hill Baptist Church, and Jeweler Al Anderson is the song leader. . . . Hear that Bobby Moore and son Jim Bob have taken over the Premier Service Station down on Avenue D.

Putnam News

By Mrs. R.B. Taylor

Putnam drew the lucky number again. We had one and one-half inches wonderful rain Friday morning. What a life saver to gardens. I am getting blackeyed peas, okra and tomatoes now. Everyone is filling their freezers with fruit and vegetables. We are real thankful! And how nice and cool it was for several days. It will be hard to go back to 100 degree temperatures again.

The Women's Study Club of Putnam met in a called meeting Thursday morning at 9:00. Twelve members were present. The president Mrs. Douglas Fry presided for a business meeting.

Mr. Billy Blakley and two grandsons of Bisbee, Arizona, visited his aunt, Mrs. R.B. Taylor Monday. Also Mrs. Ruth Barnett and son and nephew of Amarillo visited Mrs. Taylor Thursday.

Mr. and Mrs. Bobby Isenhower and baby of Abilene and Mr. and Mrs. James Isenhower of Coleman visited Mrs. Ollie Burnam Wednesday.

Mrs. Dorothy Caraway of Abilene, daughter of Mr. and Mrs. Earl Jobe and Mrs. Raymond Jobe, are visiting relatives in Europe. Also Mrs. Benton Pruet of Baird and her sister are touring Europe.

Mrs. R.B. Taylor spent Monday night with Mrs. Fred Heyser at Baird. Mrs. Heyser left Friday to spend some time with her niece at Pecos.

Mr. and Mrs. Hulén Smith attended a reunion of the Smith family at Hubbard Lake this weekend. There were 38 in attendance from Duncan, Okene and Rhyne, Okla., North Dakota, New Mexico, Dallas, Lubbock, Lewisville and Carrollton.

Mr. Calvin King of Fort Worth attended Baptist Church at Putnam Sunday. Mr. King was reared at Putnam.

Mr. and Mrs. Jack Smith of Cottonwood visited Jack Ramsey and Maxie Solomon one day last week.

Mrs. Opal Francisco's daughter and husband, Mr. and Mrs. Jim Pearson of Jal, N.M., and their daughter, Mrs. Sprawling and her son of San Antonio visited Opal Sunday.

Mr. and Mrs. Byron Yeager of Brownwood spent Sunday with her sister, Mrs. Dovie Pruet.

Mr. and Mrs. Darrell Green spent several days at Ruidoso, N.M., this week.

Have you eaten any of Billy Wagley's good watermelons. They are delicious. He also serves good food. Go by and see him.

This reporter probably will not be in town next weekend. I am planning to be in Sweetwater to attend the wedding of my granddaughter, Rebecca, daughter of Mr. and Mrs. Homer Taylor. Rebecca will be married to Ricky Sales of Corpus Christi Saturday evening at the First Baptist Church at Sweetwater.

Mr. and Mrs. Carl Smith of Willington, North Dakota, spent Sunday night with Mr. and Mrs. Hulén Smith.

Sabanno News

By Mrs. Jack Rector

We only received a trace of rain this last Wednesday. Mrs. Wes Holcomb reports they got .08 inch at their house. We could sure use a good rain as things are getting pretty dry.

Miss Vanda Livingston of Gustine spent last Saturday and Sunday with her grandparents, Mr. and Mrs. Wes Holcomb. Millie King of Eastland, Mr. and Mrs. Goldon Lawson, Mr. and Mrs. Jack Rector visited this past week with Wes and Daisy. Judy Livingston of Gustine, Dale Clark of Abilene, Mrs. Donna Roming of Comanche visited Monday with Mr. and Mrs. Holcomb. Monday afternoon Judy, Dale, Donna, Wes and Daisy visited Mrs. Bobby Clark and Shane in Abilene and with Mr. and Mrs. Jim Clark of Clyde. Wes and Daisy visited Wednesday with Darwin Anderson in Cross Plains, Mr. and Mrs. Joe Knopp of Abilene were Sunday visitors of Wes and Daisy Holcomb.

Mr. and Mrs. Ray Watson hosted a homemade ice cream supper Saturday night. Attending were Pat Johnston of Abilene, Mindy Watson of New Deal, Mr. and Mrs. Rod Renfro and daughter of Brownwood, Martha Duncan and Keith Jones, both of Cross Plains, Mr. and Mrs. Leeland Watson of Sabanno.

Mrs. Sharon Watson and daughter, Shari visited last week in Dallas with Sharon's sister and family, Mr. and Mrs. Steve Hodge. Shari also had her checkup at the Scottish Hospital and received a good report.

Visiting with Alma and Josie Morris this week were Mr. and Mrs. Dal Brown and children of Cross Plains, Mrs. Emma Kent of Cook, Melba Cathey of Fort Worth and Mr. and Mrs. Bill Wende of Cisco, brother Glenn Purvis of Pioneer and a friend from East Texas.

I received a report that Mr. Fred Butler is in the Eastland hospital in very serious condition. We do hope him a speedy recovery. Our love goes to Mrs. Butler.

Thurman Clark of San Antonio, Mr. and Mrs. Bowen Clark of Cross Plains visited Mrs. E.C. Clark and Erwin over the weekend.

Mr. and Mrs. Kenneth Coggins of Mineola visited over the weekend with Mrs. Coggins' parents, Mr. and Mrs. W.B. Boen.

Mr. and Mrs. D.F. Fitzgerald of Abilene visited Mr. and Mrs. Goldon Lawson Sunday afternoon. Jerry Harris of Carrollton spent Saturday night with the Lawsons.

Mr. and Mrs. Jack Rector spent from Thursday until Monday in Amarillo with their daughter and family, Mr. and Mrs. Johnnie Martin.

Mr. and Mrs. Truett Dawkins were at Brownwood Lake from Tuesday until Thursday fishing. Shame on them they didn't catch any fish but enjoyed it anyway. Bro. and Mrs. Whitehorn of Eastland, Hamon Lawson of Williams visited the Dawkins Sunday.

Truett and Audie visited Sunday afternoon with Mr. and Mrs. Jack Thomas in Eastland.

Funeral services were held Saturday afternoon at East Cisco Baptist Church in Cisco for Robert Moon Jr., age 53, who passed away at his home early Friday morning. Burial was at Nimrod. Our sympathy goes to the Robert Moon family, Mr. and Mrs. R.L. Moody family and Mrs. A.R. Moon and Mrs. Leona Miles.

Jim Blackwell of Clyde, Larry Green of Abilene ate dinner Saturday with Mr. and Mrs. Arzie Green, Arzie and Nora visited with Mr. and Mrs. Zed Green in Cisco Sunday.

FROM THE KITCHEN OF Mrs. Jack Rector

HOT SAUCE

1 lb. green hot peppers
2 large onions
5 garlic pods
half pint vinegar
2 tablespoon sugar
6 cans tomato sauce
dash salt and pepper
Grind, peppers, onions, garlic. Cook 25 minutes. Put in jars and seal.

OBITUARY

Funeral Services For Earl Rice Held Saturday

Funeral services for Earl A. Rice, 77, of Cisco, were at 2 p.m. Saturday at Cisco Funeral Home Chapel. The Rev. Jesse Cassle of Abilene officiated. Burial was in Oakwood Cemetery.

Mr. Rice died at 3:25 p.m. Thursday at Hendrick Medical Center in Abilene.

He was born March 11, 1902, in Brown County. He married Mildred Earney on February 12, 1938, in Crystal City. He was a member of the Baptist church.

Survivors include his wife; five daughters, Mrs. Earlene Dodd of Cisco, Mrs. Eugene (Sunshine) Willett of Fort Worth, Mrs. Vernon (Emily Ann) Wade of Merkel, Mrs. Bill (Gayther) Faircloth of Breckenridge and Mrs. Ken (Estelle) Bullard of Clyde; two sons, Virgil of Fort Worth and Bill of Sweetwater; four sisters, Mrs. Annie Mae Denton, Mrs. Mary Johnson, Mrs. Nettie Lee and Mrs. Olene Smith, all of Brownwood; 16 grandchildren and five great-grandchildren.

Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Services For Bertie Crapps Held Saturday

Funeral services for Mrs. Bertie Ruth Crapps, 82, of Moran, were at 3:30 p.m. Saturday, July 21, in the Moran Baptist Church. The Rev. T.J. Medart, pastor, officiated, assisted by the Rev. Gerald Brown of the First Baptist Church of Bedias. Burial was Monday, July 23, in Canaan Cemetery in Marshall, Ark.

Mrs. Crapps died at 11:30 a.m. Thursday in Callahan Memorial Hospital after a brief illness.

She was born May 1, 1897, in White Flat. She married Leon D. Crapps in February 1942. She was a member of the Baptist church. She was a member of the Eastern Star.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Mr. Crapps preceded her in death. Survivors include two daughters, Mrs. A.C. (Gladys) Hudgins of Moran and Mrs. F.H. (Willene) Campbell of Carbon; and four sons, Silas E. Camp of Springfield, Colo., Eual E. Camp of Tecumseh, Okla., Jehu E. Camp of Fort Collins, Colo., and John E. Camp of Ingleside.

Final Rites For Annie Tennyson Held Wednesday

Funeral services for Annie B. Tennyson, 82, of Cisco, were at 2 p.m. Wednesday in East Cisco Baptist Church. The Rev. Benny Hagan officiated. Burial was in Corinth Cemetery, directed by Cisco Funeral Home.

Mrs. Tennyson died at 9:30 a.m. Monday in E.L. Graham Memorial Hospital after a lengthy illness.

She was born September 17, 1896, in Eastland County. She had lived here all her life and married J.M. Tennyson on September 17, 1912, in Carbon. She was a Baptist. She worked in radio and television repair before her retirement.

Mr. Tennyson preceded her in death.

Survivors include a son, Jesse M. "Nick" of Fort Worth; two daughters, Edith Webb of Fort Worth and Bernice Webb of Tulsa; a brother, Nugent Balderee of Ranger; seven grandchildren; seven great-grandchildren and a great-great-grandchild.

Mr. Tennyson preceded her in death. Survivors include a son, Jesse M. "Nick" of Fort Worth; two daughters, Edith Webb of Fort Worth and Bernice Webb of Tulsa; a brother, Nugent Balderee of Ranger; seven grandchildren; seven great-grandchildren and a great-great-grandchild.

DRIVELINE

Male Chauvinist Pig Award! An old law still on the books (though no longer enforced, we surmise) makes it illegal for a woman to drive a car in Memphis, Tennessee unless a man walks or runs in front of her car waving a red warning flag.

The Call of the Wild . . . O.K., listen to this: In Macomb, Illinois, it's against the law for a car to impersonate a wolf. (We think it originally had something to do with illegal wolf calls attached to car horns, or something like that.)

Fatal clockwork:
— In Texas last year one person was killed in a traffic accident every two hours and 12 minutes.

— One person was injured every two minutes 57 seconds.
— There was a traffic accident every 74 seconds.

Here's a fascinating, macabre fact: traffic accidents have killed more Americans than all our wars combined. . . Total U.S. casualties in every war since 1775 — 1,156,000. Total traffic deaths since 1900 — 2,250,000.

Consumer tip: Daily short automobile trips hurt your car's gas mileage more than long drives at sustained speed. A vehicle started cold and driven four miles may actually average only about eight miles per gallon. The same vehicle, warmed up and driven 15 miles, may average 13 miles per gallon. Don't idle your engine excessively to warm it; just drive slowly the first few blocks. On long trips, speeds between 50 mph and 60 mph are far

more economical and efficient than 60 and above. At 70, you are throwing gas away by the bucket-full.

"I've always been uncertain about leaving my car parked where it stopped after a traffic accident. Does the law require this?" — B.B. — Pasadena
If someone has been killed or injured in the accident, Texas law requires you to stop where you are. But if the only damage is to the vehicles, the law merely requires that you should stop at the scene "or as close . . . as possible without obstructing traffic more than necessary." Now pay attention! If the accident occurs on a metropolitan freeway, if no one is hurt, and if the cars are driveable, the law says you must move your vehicle "as soon as possible" off the main lanes, ramps, shoulders, medians and adjacent areas . . . so as to minimize interference with the freeway traffic.

Share your questions, anecdotes and observations with us. Write to:
Texas Office of Traffic Safety
State Department of Highways and
Public Transportation Austin, Texas 78701

A woman advertised for a traveling companion, and she used these words: "A young female Christian desired: happy, if possible." But there is something wrong with a person who claims to be a Christian if that one is not happy. Happiness cannot be purchased. If it could be purchased, you would be unhappy about the price. But happiness can be possessed. It does not consist in what you have, but in whom you have—the Lord. Have the Lord and you will have a happy life, not only here but especially hereafter. And happiness cannot be preserved just by being good. You must do good. It grows as you glow. It abounds toward others as you abide in the Lord. It multiplies as you make the Lord known to others by your winsomeness and your witnessing. Like the song says, "Happiness is to know the Saviour." Get to know Him, and you will enjoy a happy life.

Lawn Deserves Special Award

COLLEGE STATION—The front lawn deserves a special award from the Environmental Protection Agency. A landscape horticulturist says that plants growing outside the front door contribute much toward producing a better environment.

Everett Janne, with the Texas Agricultural Extension Service, says that living plants not only provide beauty, but also help remove many undesirable products in the air. Through photosyn-

Thursday,

July 26, 1979

thesis, plants use carbon dioxide in the air and release pure oxygen. It is estimated that a 50 feet by 50 feet plot of grass can provide enough oxygen for a family of four.

Grass and trees are also effective dust traps. Dirt particles are attracted to leaf surfaces through static electricity or are trapped by dense foliage. Rainfall washes these particles back into the soil, continuing the recycling process.

Janne says grass also acts as a cooling system.

Public Notice

Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories.

The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.

**Hints For The Aged
& Handicapped**

By PATRICIA GALBREATH

DEAR PAT—Two years ago my husband had a stroke. The problems we faced seemed unsurmountable at the time.

Fortunately, we were told of an organization for stroke victims that was run by stroke victims themselves. We soon found we were not alone as this wonderful organization helped us overcome so many of our problems.

The volunteer worker at the clinic told us she had read of the stroke clubs that had been formed in other cities in your column. They then formed their own only eight months before my husband's stroke.

I want to say thank you and let you know that we are still very much involved in the stroke organization. It has meant so much to us because we were not prepared for the affects a stroke in the family has on other family members. Could you please state in your column again how important stroke clubs are to the individual, to families, and to the community?—MRS. K.B.S., ARKANSAS

DEAR MRS. S.—The objectives of a Stroke Club are: To bring together persons with stroke for the purpose of aiding each other; To instruct persons with stroke and their families on the nature of stroke and the means for overcoming handicaps generated by stroke and; To give hope to new stroke patients and to encourage them to work actively at self-improvement.

The supportive assistance inherent in organizing a group of persons with stroke lies in the fact that almost any stroke-related problem that may arise will have already been faced and handled by one or more members of the group. The support a recent stroke victim receives in hearing from someone else who has learn-

ed to cope with or overcome a similar problem may often have greater motivational impact than the professional "clinical" advice of a therapist or physician.

Only another stroke victim can fully understand the obstacles a stroke patient must overcome so can the same be said of spouses and families of persons with stroke. A Stroke Club can provide to family the support of knowing that they are not unique in experiencing stroke-related problems. Other families have overcome them and can thereby offer specific, practical advice.

If any of my readers would like to know more about strokes, Stroke Clubs, or have their names placed on a mailing list to receive a monthly newsletter for stroke victims, please write and ask that the "Stroke Clubs, International" newsletter be sent to you. The newsletter is free.—PAT

PAT'S NOTE: Address any questions you have or hints you want to share to: HANDICAPPED, P.O. Box 368, Weatherford, Texas 76086

Tear out and save

NOTICE

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Announcing a new interest rate for U.S. Savings Bonds:

6 1/2%

Here's some great news for all Americans. On June 1, 1979, the interest rate on United States Savings Bonds, Series E and H, was increased to 6½%.

This 6½% rate will apply to new Bonds and to all outstanding ones, too. For Series E Bonds that have not reached original maturity of 5 years, the improved yield will be received as a bonus when the Bonds mature. For older Bonds and Notes, and for Series H Bonds, the increase takes effect with their next semiannual interest period, beginning on or after June 1, 1979.

So you see,

Bonds are getting better all the time. This new 6½% interest rate, together with the tax advantages available, makes Savings Bonds even more attractive.

And when you buy Savings Bonds through the Payroll Savings Plan at work, or the Bond-a-Month Plan where you bank, Bonds are still the most convenient, easiest, safest way to save.

If you haven't thought about Savings Bonds for awhile, this is the kind of news that should increase your interest.

Bonds are a better buy than ever before.

Take stock in America.

GORDON SPOT

by DeMarquis Gordon

Homeowners with highly valued elm trees in their yards should keep a watchful eye on the trees to spot infestations of elm leaf beetles.

The adult beetles are oval and about a quarter of an inch long. They are yellowish to olive-green in color with a black stripe along each side of the wing covers.

The beetles lay yellow eggs on the undersides of elm leaves. Full-grown larvae are about half an inch long, dull yellow in color with black stripes on the back, and have a distinct black head.

Although many insecticides will kill the adult and larvae beetles, the major problem is their rough coverage of infested tree. Trees often have to be sprayed several times because there are at least three or more generations of beetles a year.

High-pressure, high-volume sprayers are necessary to completely cover the foliage. Some degree of control can be obtained by spraying the trunk and lower limbs when the larvae move down to the ground to pupate.

Seven is the recommended insecticide to control the elm leaf beetles.

This information comes from Dr. Phil Hamman, Extension Entomologist. It is applicable in most parts except the South and South-east.

AUSTIN--Governor Bill Clements has designated the week of July 25-31 as Texas Farm and Ranch Safety Week. The purpose of the observance is to encourage renewed emphasis to make Texas farms and ranches a safer place to live and work. Texas Safety Association in cooperation with the Texas Agricultural Extension Service of the Texas A&M University System will conduct a week-long statewide safety campaign.

Urging all who live and work on Texas farms and ranches to make accident prevention a part of all activities, the Governor notes, "One of the most persistent barriers to agricultural well-being has been farm and ranch accidents."

EQUAL HOUSING OPPORTUNITIES

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — While President Jimmy Carter is shaking up his administration, Texas Democrats are busy selecting a method of picking delegates to the 1980 presidential nominating convention.

Some party leaders favor a presidential preference primary like the Texas Republicans are going to have. Others favor picking national convention delegates through the state convention route. The State Democratic Executive Committee is scheduled to approve an official plan on July 28, and many Capitol insiders feel the decision is more important than is generally believed.

Mrs. Carrin Patman of Ganado, chairman of the SDEC rules committee, says she is convinced SDEC will vote for a convention plan but leave room to add a non-binding referendum to the primary ballot to be used as a guide at the state convention. The plan is a reasonable compromise between those who want a binding primary and those who don't want any kind of presidential contest on the primary ballot.

"Smoke-Filled Rooms"

State Sen. Oscar Mauzy, D-Dallas, is among the Democrats who favor a binding primary in which delegates would be apportioned according to popular vote.

During a Dallas County hearing last week, Mauzy argued that failure to hold a primary would signal the voters that Texas Democratic Party was heading back to the days when decisions were made in "smoke-filled rooms" and by manipulating the precinct-to-state convention process.

State Rep. John Bryant said "it would be a very bad mistake" to not hold a primary. The Dallas legislator said Democrats would be hard-pressed to explain to voters why the party is not holding a primary when the Republicans are gearing full steam for theirs.

One reason the Republicans are so eager to hold a primary which they feel will attract a significant number of conservative Democrats to cross party lines is they are proud of three Texas Republicans announced presidential candidates John Con-

nally and George Bush and dark-horse Gov. Bill Clements, often mentioned as a vice presidential choice should Connally and Bush both falter.

Clements has refused to take sides in the primary matter, at least publicly.

A possible Clements opponent in 1982, Speaker of the House Bill Clayton also refuses to take a public position other than neutral in the issue of the Democratic primary. Clayton, by the way, attended the Southern Legislators Conference in Louisville, Kentucky, last week with Reps. Dan Kubiak, Bill Prensall, and Bob Davis.

Education Shake Up

Dramatic changes have already taken place in the state's public education system and more changes may be ahead.

Texas Education Agency commissioner Marlin Brockette announced he will retire later this year, and two deputies will leave with him.

Gov. Bill Clements has appointed a special advisory committee on education to study the public education system. He campaigned last year with a promise to return to basic education in Texas. Recently he has stated it may be necessary to change the make-up of the State Board of Education from an elected one to one appointed by the governor with Senate confirmation.

Legislation to phase out the elected officials will have to be introduced in the next legislative session if Clem-

ents decides to go ahead with the plan.

"Public Not Allowed"

Clements' new committee met last week and ran into a collision over the open meetings law with a House Education Committee official.

Saying the public was not allowed to attend, Clements' office manager Allen Clark asked Education Committee clerk Rock Fritz to leave a meeting of the governor's advisory committee. Allen said the committee wanted to talk "about personalities, assigning people to committees."

Fritz checked with the Texas Attorney General's office for an opinion on whether the Texas Open Records Act applies to advisory panels and was told the law was not clear.

Farmers Seek Explanation

Leaders of an agriculture group said Agriculture Commissioner Reagan V. Brown didn't go far enough last week in explaining why he refused to back a proposed agriculture products commission to advise the governor. The group also charged Brown made ethnic and racial slurs when he lost his temper in a meeting with them on the issue.

Brown subsequently apologized publicly to black leaders for the slur he felt was made in a private meeting in his office.

The farmers later met with Clements and said he told them he would consider forming the advisory agriculture group.

Congressman

Charles W. Stenholm

Congressional Comment

Washington, D.C. — For most of this century agriculture has been a depressed or subsidized sector of our economy. This situation has not occurred because of obsolescence, or poor management, or low productivity as has happened in other ailing industries. The reason that agriculture has been experiencing difficulties is because the farmer has been encouraged to produce to the point where he more than satisfies the needs of the market. The problem we have been facing most of this century is not shortages — but surpluses. And with surpluses have come less expensive food and low farm income.

We are continually faced with the dual problem of providing for the world's nutritional needs and at the same time insuring an adequate return to our producers. One of the most successful programs that addresses both of these goals is the farm loan system and more recently the grain reserve. This program is administered by the Commodity Credit Corporation. Farmers can store their produce in government warehouses and receive a loan payment. If the market prices go above the loan rate, then the farmer can withdraw his crop in an orderly fashion and sell it in the marketplace. If the market price is below the loan rate for a sufficient period of time, then the loan expires and the produce becomes property of the government. This policy, when administered properly, as is the case recently, can provide a good return to producers and insure an adequate supply to the consumer at a fair price. The cost to the taxpayer is relatively low. Over the 40 year history of the loan program, for every dollar paid out by the government, 90¢ has been recovered from the market.

Currently the 1980 wheat program is being developed. The Secretary of Agriculture is considering a program which will call for all out production. I have written the Secretary outlining my proposals on this issue. I feel strongly that we should not provide for a zero set aside without adequate compensation to the farmer. Experience has taught us that too great a level of output will depress prices below the cost of production. I can still recall the effects of the 1974-5 program which encouraged the farmer to produce fencerow-to-fencerow, and from which we are just now recovering. I fear that just as the American grain farmer is beginning to enjoy relative prosperity, we will produce a record domestic crop which could wreck our market if foreign output increases. In response to this situation, I am calling for minimum loan prices on wheat of \$2.43 per bushel, which will result in a trigger price of about \$4.80 and a \$6.00 call price. Also the target price should be set near the \$4.20 bushel mark, which will allow all Americans to share the risk if we once again over-produce. Farmers have suffered greatly from the high cost and unavailability of diesel and I feel these price levels are justified if we are to ask our farmers for all out production.

Some voices will be raised to say that the prices I have outlined are excessive. But we must remember that in order for a person to stay in business he must receive a reasonable rate of compensation for the services he provides. Food is essential for our survival and the continued vitality of the agricultural industry is important to our economic and defense position in the world. If you eat you are involved in agriculture and agricultural policy.

Farm Income Tax Management Is year-Round Task

"Income tax consequences of farm and ranch decisions should be weighed year-round," contends Dr. Ashley Lovell.

Cash-basis taxpayers tend to think of tax management strategies near the end of the

taxable year, notes Lovell, an economist with the Texas Agricultural Extension Service, Texas A&M University System. However, unless tax-saving moves can be completed before the year's end, many tax management

strategies become inappropriate after Dec. 31. "Solutions to business management problems should contribute to maximizing after-tax income and net worth of the business," contends the economist. "When profit opportunities are limited, sufficient taxable income should be generated to equal the manager's zero bracket amount in the appropriate tax table or schedule."

Successful farm income tax management requires an awareness of tax provisions applicable to farming and ranching and of the particular accounting system used.

"Good records are essential for efficient farm management and are useful in preparing credit applications," emphasizes Lovell. "They can also lead to maximum social security coverage and income tax savings."

Accurate and complete accounting of expense and income items is essential to tax management. An omitted \$1 expense in 1979 may cost

14 to 70 cents in extra tax dollars, depending on the tax bracket, points out the economist.

"For year-end maneuvers to be more effective and less expensive, income tax consequences of business decisions should be considered throughout the year," emphasizes Lovell. "Today's farmers and ranchers must look at income tax management as a year-round task, not just one that requires attention when tax filing time rolls around."

The economist encourages taxpayers to consult a tax accountant or attorney regarding particular business details.

Crisis Increases Gasoline Poisoning
The gasoline crisis has caused "gas guzzling" to take on a new, menacing medical meaning. The gasoline shortage is tempting people to siphon gas using their mouths and poisoning cases are increasing. The Southeast Texas Poison Control Center in Galveston has estimated there are 10 times as many gasoline poisoning cases this year as last year.

Gasoline in the body can be very dangerous, especially if it gets in the lungs, the Texas Medical Association (TMA) said. Gasoline is about 140 times more poisonous in the lungs than in the stomach. Slightly less than a pint in a child's stomach can be fatal but only a few drops in the lungs can kill, according to the Merck Manual medical reference book. About a teaspoon of gasoline in the lungs can kill an adult and a few drops can be damaging. Mike Ellis, poison control center director, said. Since gasoline poisoning can be so serious, a victim should contact a doctor or emergency room immediately. Treatment may include nothing more than drinking a lot of milk to coat the digestive tract to prevent irritation while the gasoline passes through the body. But a medical authority should decide about treatment since many factors such as the victim's weight and the amount of gasoline swallowed must be considered. Ideas about treatment vary but TMA recommends four basic things to do: 1) contact medical help immediately; 2) remove any clothing with gas on it; 3) do not smoke; 4) act quickly but be calm—remember that most victims recover and that panic may only aggravate some symptoms. The best way to prevent gas poisoning is to siphon properly. Inexpensive siphon pumps are available at many discounts stores, auto parts stores and other places.

WORD OF GOD
Master, which is the great commandment in the law?
Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.
This is the first and great commandment.
And the second is like unto it, Thou shalt love thy neighbor as thyself.
On these two commandments hang all the law and the prophets.
Matthew 22:36-40

Avoid Drug Abuse

Simply knowing the dangers of many drugs pose to users could be medicine enough to keep you from becoming a drug abuser. Remember, quite simply, a drug is a substance that has an effect upon the body or mind. Drug dependence is a state of psychological or physical dependence — or both — which results from chronic, periodic or continuous use. Habituation is the psychological desire to repeat the use of a drug intermittently or continuously because of emotional reasons. Escape from tension, dulling of reality and euphoria ("being high") are some of the reasons why drugs are used habitually. Addiction is physical dependence upon a drug. Every drug is harmful when taken in excess. It is usually possible to obtain medical help in cases of drug dependence, habituation, addiction and abuse. If you're spending your time with drugs, see a physician or psychologist — now!

SPORTS SPECIAL

HOW'S THIS FOR A COMEBACK? **MIKE CALDWELL** OF THE MILWAUKEE BREWERS WON ONLY 5 GAMES IN THE 1977 SEASON. HE WAS A MUCH-TRAVELED 29 YEAR OLD PITCHER WHO WAS HARDLY A STAR, NOR A "HOUSEHOLD NAME". BUT LAST SEASON HE TURNED THINGS AROUND AND WON 22 GAMES — LOSING ONLY 9. HIS E.R.A. WAS A SKIMPY 2.37, 3rd BEST IN THE AMERICAN LEAGUE. HE LED THE LEAGUE IN COMPLETE GAMES WITH 23.

MIKE WON THE "COMEBACK-OF-THE-YEAR" PRIZE. THE LEFTY TOILED 293 INNINGS, GIVING UP 258 HITS. CALDWELL WHIFFED 131 BATSMEN. IN THE 1979 OPENING GAME HE BEAT RON GUIDRY AND THE WORLD CHAMPION YANKEES!

THE BREWERS THINK THEY CAN OVERTAKE NEW YORK THIS YEAR.

The Good Word from the Bible

... a weekly inspirational message for today's life-styles...

Behold, how good and pleasant it is for brethren to dwell together in unity! Psalms 133:1

For centuries, men have dreamed of a world at peace. The dream has become a reality because peaceful relationships between nations are negotiated upon the basis of needs, making peace a coalition subject to deterioration by changing times and changing needs.

It is sad, but true, that many individuals "negotiate" friendships according to needs. We like to be friendly with people who have power, wealth or influence. We cultivate individuals we think can help us professionally, socially.

It is also true that we will never find true personal happiness in self-seeking — no more than we shall see a world at peace — until there is a brotherhood among men that sets aside personal needs to promote a good and pleasant unity.

Auto Service Tips

Saving money by changing your own oil, adding oil and transmission fluids when needed is a good idea... if it is done properly.

For example, there are two distinct types of transmission fluids. Dexron 11 is the most common and most universally used. But, there are exceptions. Ford and Lincoln-Mercury lines use "Type F" fluid. There is a crucial difference between Dexron 11 and "Type F" and the two should never be interchanged.

SENIOR CITIZEN'S CORNER

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Expecting Social Security? Is retirement just around the corner for you? There have been many changes recently in the nation's social security laws. You should check with a social security office to determine how much money you'll be receiving.

Before you can get a social security retirement check, you need to have credit for a certain amount of work under social security. No one ever needs more than 10 years of work. Some people, depending on when you reach age 62, need less than that.

If you stop working under social security before you have the required amount of credit, you can't get retirement benefits. But the credit you've earned will stay on your record and you can add to it if you return to work in a job covered by social security. You can request a statement of earnings at any time by fillout of the form available at any social security office.

A retired worker and spouse can get full monthly checks at 65. Reduced payments can start as early as 62. Checks are also payable to a worker's dependent children.

Calling Colleen

BY COLLEEN DUDGEON

Customer/Clerk Relationship Isn't One-Sided Affair, Folks

Dear Colleen: A saleslady wrote to you and complained about the way customers treated her. I can see her side of the story, but I'm also sympathetic with the customers. Customers are, in most instances, treated like dirt by frustrated salespersons. Maybe it's because the person ahead of them gave the salesperson a problem, or it's been a long day and it's almost time to close shop. These situations shouldn't affect the salesperson's friendly smile and charming personality toward others. Smile and have a beautiful day.

Dear Carol: Lucky, lucky you! You sound as if you have the best of all possible outlooks and I have no doubt you are a ray of sunshine in the lives of all who know you. Keep smiling.

If you would like Colleen's comments on your particular situation or problem, write COLLEEN, Box 639, Frankfurt, KY 40602.

TURN ON'S

Editor's Quote Book

The things most people want to know about are usually none of their business.

George Bernard Shaw

Curried Soup

Try this Indian Chilled Curried Potato Soup: Make it from mashed potatoes and season with onion powder, curry powder, black pepper, celery salt and freeze dried chives. Chill and stir in a light cream.

Swiss Snack

Swiss "leckerli" are spiced honey bars which smell of cinnamon, nutmeg and cloves. They're extra crunchy with sliced almonds.

Turkey Power

Turkey is a great source of body-building proteins and ranks high in B vitamins, niacin and riboflavin. It is also relatively low in fat. Three and a half ounces of light roast turkey meat have about 175 calories. The same amount of dark meat has approximately 204 calories.

You Too?

"The college I went to turned out some great men," bragged one bar-hog.

"When did you graduate?" asked another patron.

"I didn't exactly graduate. I was turned out."

TRIVIA

Guess What?

Man is the only animal that cries.

Atta Babe!

At one time in baseball history, Babe Ruth held the world lifetime records for both home runs and strikeouts.

Religious Facts

The Roman Catholic population of the world is larger than that of all other Christian sects combined. Christianity has about a billion followers, Islam almost half that number.

Royal Marriage

Cleopatra was married to her own brother, Ptolemy.

Embarrassing

There's probably nothing quite as embarrassing as watching the boss do something you told him couldn't be done!

Don't Worry

"Son, I'm worried about your being at the bottom of the class."

"Don't worry, Dad, they teach the same stuff at both ends."

Good Try

After trying everything else, the creditor sent a letter with a picture of his little daughter enclosed. The caption read, "The reason I need the money."

The next week a photo of a beautiful girl in a bathing suit appeared on the man's desk, also with a caption: "The reason I can't pay!"

JUST FRIENDS...

The pretty girl is Shelly Williams and the beast(ly) bird is Lightning, a lappet faced vulture Shelly, a licensed falconer, puts through his paces at the Birds of Prey show at Weeki Wachee Spring, Florida.

UP AND AWAY...

A hydrogen-filled balloon drifts serenely above a sea of clouds in the Swiss Alps. Destination could be Italy, France, Germany, Austria, whichever way the wind blows. Sportsmen from around the world participate in the 18th International High Alpine Ballooning weeks at Murren in the Berese Oberland from June 24 to July 8.

SPLENDID RUINS...

The Parthenon on the Acropolis in Athens is considered the finest architectural achievement of classical Greece.

LOVE PECK...

A young visitor to The Old Country, Busch Gardens in Williamsburg, Va., gets a kiss, "Eskimo Style" from one of the park's scarlet Macaws.

WHAT'S NEW

A noise cancelling transmitter, easily attached to telephone, allows clear communication under noisy conditions. Manufacturer says it offers superior voice transmission and reception, making it possible to install telephones in locations with high noise problems.

Abraham Lincoln

Things may come to those who wait, but only the things left by those who hustle.

DID YOU KNOW?

BY JAVIS

THE MAN WHO WAS BEST KNOWN FOR HIS MOVIE ROLE OF "DRACULA" **BELA LUGOSI** WAS RAISED IN TRANSYLVANIA BUT LEFT HOME AT 13. HE BECAME HUNGARY'S FOREMOST ACTOR. HE WAS WOUNDED IN WORLD WAR I. BELA CAME TO AMERICA, ACTED ON BROADWAY MASTERING DIALOGUE IN ENGLISH WITHOUT KNOWING THE LANGUAGE. BELA WENT TO HOLLYWOOD AND HOPED TO BE THE NEW VALENTINO. HE LIKED BEING IN THE LIMELIGHT... WAS A SPEND-THRIFT. HE PUT CONSIDERABLE MONEY IN A STAMP COLLECTION. LUGOSI WAS MARRIED 5 TIMES. HE WENT ON VAUDEVILLE TOURS. FINALLY, NARCOTICS AND ALCOHOL GOT THE BETTER OF HIM. HE LIVED FOR 72 YEARS.

The Dracula book, written by Bram Stoker, was published in 1897.

To Have Visitors From Japan

Eastland County will have several visitors from Japan for the next month as part of a special 4-H youth exchange program.

Noriko Kokaji and Yasuyki Shigemura will be living with the John Kidd family, and Tomoko Uchida will be living with the Ronnie White family. These Japanese youth will be learning all about Texas culture, points out Trudy Bird, Assistant county agent with the Texas Agricultural Extension Service.

Gross Sales

In Texas

Totaled \$48.5 Billion

State Comptroller Bob Bullock Thursday said gross sales in Texas for the first quarter of 1979 totaled \$48.5 billion, a \$6.1 billion increase over the same three-month period last year.

Bullock said a sales tax analysis for Texas during 1978 showed that gross sales in the state exceeded \$1.86 billion. Bullock also released a computer analysis showing reported sales for each of the state's 254 counties and a sales tax analysis broken down by the state's standard Metropolitan Statistical Areas.

In the first quarter of 1979, Harris County recorded sales totaling \$12.4 billion through 41,727 reporting outlets.

Reporting outlets Eastland 529. Gross Taxable Sales 24,158,457. Deductions 13,857,688. Amt. Subject to tax 10,594,135.

West Texas Fair

September 8-15

The West Texas Fair in Abilene has been scheduled for September 8 through the 15. Entries close August 17 and must be filed with the Entry Department in Abilene by that time.

Exchange Foundation Program

The foundation has sent several thousand Japanese youth to the United States, primarily the western states, over the past several years while numerous 4-H'ers from the states have

traveled to Japan as part of the reciprocal program.

Purpose of the LABO Foundation program is to improve international understanding by helping young people learn another language and become familiar with another culture

firsthand. Texas is participating in the program for the second year. Last summer 68 Japanese youth visited the state. Texas is among some 18 states that are hosting 1,700 young people from Japan this summer and fall.

Ag Teacher Believes In Youth

By Viola M. Payne

When you are doing something you enjoy, fifteen years can seem like a short time.

This is the case with John Rodgers, Agriculture teacher at Carbon High School, who began his career there with the term of 1964. The years have scarcely changed Rodgers - a strong, dark-haired man with a resonant voice. But many of his former pupils are now running their own farms, or have gone into other work related to Agriculture. During this time not only John, but also his wife, Latonne and

daughters Kim and Jonna have been very involved in school and community life.

It's not just the length of John's agricultural teaching that counts, people around Carbon say, but also the quality of his work. For Carbon - population about 300 - sits in the middle of a farming area, and understands the importance of first-rate agricultural training. No cutting back by offering just a three-year program, like some schools do. John Rodgers directs a full four-year course, which includes livestock management, soil

judging, gardening, pecan grafting and budding, electricity, welding, plumbing, auto and tractor mechanics, the care of farm machinery, surveying, woodworking, and record keeping.

After this instruction a student has the knowledge to begin his own farming operation, or has a solid background for college work in Agriculture or its many related fields. So this training is not just for survival in the rural areas. It's for survival in the suburbs as well - learning practical skills to cut the costs of home repair and many other things.

John Rodgers has an average enrollment of twenty in his classes, mostly consisting of boys with farm backgrounds and practical experience. "But we have some boys from town," Rodgers explains. "Who show real skills. I have seen an interest in Agriculture grow during my years at Carbon. And I'm really glad these classes have been opened to girls, for there are many valuable things young women can learn from them, including preparation for Veterinary Medicine. I've had two young women graduate from my classes, and my daughter, Kim, took two years. She, with Jeff Hodge, Gary Bledsoe and Craig Spruill, was on the State Soil Judging Team in 1978."

Rodgers had a well-equipped classroom and shop at the High school. But his instruction and assistance reaches a lot further - it stretches over about a seven mile radius of deep sandy loam and oak-dotted pastures, an area which he describes as "The finest diversified farming country anywhere."

"Look at all we can raise here," he explains. "No one crop economy at all. Peanuts, hay, grasses, cattle, sheep, hogs, fruit, garden produce, watermelons, and pecans. The commercial pecan orchards, which were started here about ten years ago, are turning out to be some of the best in the state."

Rodgers carries his pupils out to various farms on demonstrations, and is always on call to assist the older farmers with problems. "This teaching job," he remarks, "is no Nine O'Clock to Five thing. I visit in the homes of pupils to observe projects, or carry students out on trips to various meetings."

John Rodgers learned about farm life at an early age. He was born on a farm north of Gorman, in the Kokomo Community, not far from where he now lives. He graduated from High School at Gorman, and attended Texas Tech at Lubbock.

where he received a Bachelor of Science Degree in Agricultural Education. He taught in Lingleville one year before moving to Carbon. Each summer he returns to College for short courses related to Agricultural teaching. "It's a real challenge to keep up with all the new developments," he remarks. "Sometimes I keep the line busy to the office of De Marquis Gordon, who has always been helpful. Some of my pupils go into 4H work, which is supervised by the County Agents."

John's home and acreage east of Carbon is a demonstration of what can be done toward self-sufficiency on a small place. He has remodeled an old house into a spacious, attractive home, and arranged places for livestock and gardening projects. His class came this spring and budded three pecan trees on the place.

"All of these buds took, too," John smiles. "The kids are always thrilled when some kind of pecan deiferent from the parent stock will produce from the tree."

Latonne enjoys many phases of homemaking, with gardening and flower growing as special projects. Kim and Jonna are interested in Agricultural projects and art. Both girls studied art under Vallie Parker, and enjoyed it very much.

The family attends the Church of Christ in Eastland, where John leads the congregation in singing. He mentions that he once played the trumpet in school bands, but hasn't played it much lately.

At the present time John is serving as President of The Booster Club of Carbon, which raises extra money to benefit the local School. This year, as usual, the Club plans to raise around \$2,000 through benefit suppers. John is also a member of the Carbon Lion's Club, and involved in their projects to benefit young people.

"That's one thing I like about teaching Agriculture," he remarks. "It involves many things which are valuable to the students, like the teaching of responsibility. When a pupil takes on the job of caring for a show animal, he knows he must not forget to feed and water and groom this animal. I have had parents complain to me that show animals cost too much - the kid doesn't get enough for them. Yet I've seen the same parents buy their kids a motorcycle or hot-rod car - something I don't believe they can learn nearly as much from. It's a great thrill to go to shows and Fairs and see the youngsters win some well-deserved ribbons."

The Carbon young people

have been consistent winners over the years, receiving recognition on County, Regional, and State levels.

During his fifteen years at Carbon John has had only one trip unrelated to Agricultural teaching. He went on a vacation to Colorado, but he no sooner got there than - guess what - he began to observe the way the farmers and ranchers were carrying out their work. He found it quite different from Eastland County. He was amazed at the abundance of grass being cut for hay.

"When I asked a fellow the name of that hay," he chuckles, "He couldn't tell me any name. Said it was 'just grass.'"

Recently John Rodgers carried three local boys, Jeff Hodge, Gary Bledsoe, and Craig Spruill to the State

F.F.A. meeting in Lubbock, which they found very interesting. But several things they noticed - they kept drinking that treated city water, but it didn't satisfy. And when they got hamburgers or went to a cafeteria they would eat a lot, yet still be hungry within a couple of hours.

"One boy said - Rodgers recalls - 'I will never be so glad to get home!' Then I realized what was wrong. We were missing that really good, fresh, home-grown home-cooked food from our family-type farms. Things like fresh peaches and blackeyed peas, and other foods that give you real nourishment."

"We have a special way of life here, and I hope we can keep it. For these farms grow not only good food, they grow first-rate young people

as well. There are problems for these farmers now - an energy shortage, and low prices for their products.

"I hope my teaching will help people keep their family-type farms, for that is a real challenge for all of us."

Moran News

By Mrs. Luke Huskey

Mrs. W.K. Worthy of Waco and daughter, Kathy of Cisco visited with their mother and grandmother, Mrs. C.C. Ballard Saturday.

Mrs. Lelia Page of Midland visited with friends in Moran Tuesday.

Mrs. Floyd Knowles is visiting her son, Wayne Knowles and Mrs. Knowles in Kaufman.

Mrs. Glenn Tubbs has gone to Frankfurt, Germany, to visit her mother, Mrs. M. Schonfeld and other relatives.

Mr. and Mrs. Leroy Terry of Arlington were greeting friends in Moran Monday.

Marvin Kays of El Paso spent the week visiting his parents, Mr. and Mrs. L.C. Kays. He also visited the James Garrett family. On Wednesday, they went to Oklahoma City and visited with Mrs. Kays' niece, Mrs. Minnie Miller. While in Oklahoma City Mr. Kays saw a specialist at McBride Bone and Joint Clinic.

Lola Baughman is receiving treatment in the Eastland hospital.

Mrs. Amelie Plumley is receiving treatment in the Eastland hospital.

Mr. and Mrs. Claud Brooks of Midland spent the weekend with her parents, Mr. and Mrs. Fims Garrett.

NOTICE
Come to the Moran Country Musical Friday night, July 27. All area musicians are invited to attend and take

part. A concession stand will be open.

NOTICE
The Moran Volunteer Fire Department will sponsor "The Joe Paul Nichols and Day Lay Show" Thursday, August 16, 1979, 8 p.m. at the Moran football field. Advanced tickets go on sale this week for \$2.50 and can be purchased from any fireman.

Cindy Brock Shower Honoree

A bridal shower honoring Cindy Brock, bride-elect of Steve Madison, was given in the Educational Building of East Cisco Baptist Church the night of July 9th. There were approximately 50 to 60 who attended.

Blue and white carried out the color scheme. Clear punch, white cake squares with blue roses, mints and nuts were served to the guests.

Hostesses were the Rebekah Sunday School Class members.

Christian Women Fellowship Group Holds Meeting

The night group of Christian Women Fellowship met Wednesday, July 18, at

7:30 p.m. in the home of Mary Ellen Wood with ten members and one guest.

Ruth Powell, leader of the group, opened the meeting with prayer.

The study was continued on "The Year of the Child." Olga Fay Parker gave a most interesting lesson on "The Church as their Second Family." Ilene Cotton gave the devotional taking her scriptures from Matthew and Luke. She led the group in a meaningful worship service.

Members present were Olga Fay Parker, Lena Mae Roten, Velma Williams, Margaret Grosclouth, Ilene Cotton, Mary Ellen Wood, Ruth Powell, Azlee Henderson, Opal Sharp, Nona Stevens, and guest, Ada Mobley.

After a short business meeting they were dismissed with "Missionary Benediction."

Delicious refreshments were enjoyed.

The next meeting will be in the home of Olga Fay Parker, 308 West 10th, Wednesday, August 1, at 7:30 p.m.

Cisco in obtaining the hook-up of lights and other assistance. Any help from people interested in helping our young people will certainly be appreciated. Our field is open for use by anyone.

The new field director is Luke Harrison, 442-3421, and your group may check with him to be sure the field is free for your use.

Betty Jordan
Publicity Director

C. B. Leard Family Reunion Held July 21

The C.B. Leard family reunion was held at Lake Cisco Park Saturday, July 21.

Those attending were Mr. and Mrs. C.B. Leard of Cisco, Mr. and Mrs. Raymond Sibert, Sally and Theresa of Austin, Debbie Hill of Jackson, La., Mr. and Mrs. Leroy Leard of Kermitt, Mr. and Mrs. Raymond Kirkland of Austin, Mrs. Mildred Weir of Snyder, Gary Weir of Dallas, Mrs. Maurine DeVaney of Graham, Mrs. Inez Wilson of Ira and Mr. and Mrs. Roscoe Leard of Cisco.

A very enjoyable occasion for all who attended.

CONSIDER FREEZER OPTIONS

COLLEGE STATION
Consumers should carefully consider costs and benefits before determining which freezer option best suits their needs, advises Nancy Granovsky, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Many consumers probably buy larger freezers than they need, she says. One rule of thumb suggests that about two and one-half cubic feet of freezer space is adequate per family member. That would mean that a family of four would need only about 10 cubic feet.

The typical 17 cubic foot refrigerator freezer has approximately four cubic feet, so the remaining household freezer need would be for about seven cubic feet.

Therefore, some of the compact freezers on the market could serve the needs of many four-member households at a lower initial cost and a lower operating cost than the larger freezers, the specialist suggests. Larger freezers use more than 1000 kilowatts yearly—more than a radio, TV, dishwasher and washing machine combined. If a large freezer is not filled to capacity, extra money is wasted to keep the area cold.

Chest freezers use less energy than upright models because less air escapes when the chest lid is lifted than when the upright door is opened.

Where the freezer is located with influence energy consumption also. A 15-cubic-foot frost-free freezer will consume about 24 percent more energy when the room temperature is 90 degrees F. than when it is 70 degrees F.

When the room temperature is over 90 degrees F., the energy use of the freezer will double, Mrs. Granovsky explains.

Because of space limitations, many larger freezers are located in garages or non-air-conditioned utility areas, whereas compact freezers may fit more conveniently into the air-conditioned areas of the home.

One alternative to home freezers is commercially available freezer space which can be rented on a monthly or annual basis.

The cost would be lower than the investment and operating costs of a home freezer, but the inconvenience and lack of flexibility may not suit every family's needs.

Careful planning is necessary to organize the freezer contents, to maintain an up-to-date inventory, and to minimize the travel between home and freezer locker locations.

SERVING THE PUBLIC INTEREST

The million dollar question: Does anyone ever really win in those national contest sweepstakes?

Well, the truth is they better had! Because if there are no winners, or fewer winners than the sponsoring company says there will be, the only real loser is the promoter.

No company could afford to run a sweepstakes that was anything less than completely honest. Federal and state agencies and consumer groups carefully monitor contests.

Case in point: Reader's Digest has just awarded its millionth prize since initiating its Sweepstakes in 1962. The millionth winner, a North Little Rock, Ark., father of two, is \$25,000 wealthier today.

Periodically, the Digest publishes partial lists of winners. Anyone can get a complete winner's list by sending a stamped, self-addressed envelope to Reader's Digest, Pleasantville, N.Y. 10570.

By law, companies must offer the same chance to everyone. Beyond legalities, Reader's Digest policy has always been to be completely fair and above-board wins.

Sweepstakes: a way to get people involved.

with its customers. Why has Reader's Digest given away more than \$15 million since 1962? Because the Sweepstakes has proven to be an effective method of getting people to read material, interest them in products, get them to try them.

An important point: magazine sweepstakes are not only good for companies using them. They also benefit readers, because the cost of selling by mail is cheaper than it might be through other techniques. And the greater the number of products a company can sell, the lower the cost.

Sometimes a prospective subscriber needs that extra "push" to turn desire into action. The Reader's Digest Sweepstakes is a push—and a plus, if the contestant wins.

Rock-A-Hula Babes Defeat Eastland Yankees

The Rock-a-Hula Babes hosted the Eastland Yankees Monday evening, July 23, at the Jim Whitley Softball Field.

The Babes defeated the Yankees 10-8 with the game called in the middle of the fifth inning due to darkness.

Two runs each were scored for the Babes by Neva Stewart, Kathy Phillips and Patty Sellers. One run each for Patty Cozart, Connie Ingram, Julie Stewart and Deana Duncan.

Due to a lack of lighting at the field, many of the games cannot be played the full seven innings. The members of the Cisco Softball Association have done all of the work to build the field and we are at a point where we need help from the citizens of

CJC To Sponsor Drive-In Band Camp

Cisco Junior College will sponsor a Drive-In Band Camp August 6-10 on the CJC campus.

Students may pre-register by sending their name, and \$10 deposit to Mr. Tim Jones, care of Cisco Junior College, Cisco, Texas 76437. They may also register on the day of the camp, if they wish, at 9:00 a.m. in the band hall on the second floor of the Harrell Fine Arts Building.

Any band student grades 6-12 who has had at least some instruction on a band instrument is invited to attend the camp. Beginners may attend also, if they have their own instrument.

Mr. Jones, band director at CJC, and camp director, said the camp was a day camp only, and no overnight students can be accepted.

Subjects offered are band rehearsal, theory, rhythm classes, section rehearsals and stage band. All buildings are air conditioned.

Cost for the camp is \$25 per student, which includes a noon meal each day, and will end at 4:00 p.m. The staff will consist of area band directors.

Please don't burn up my home.

Sincerely,

ONLY YOU CAN PREVENT FOREST FIRES
