Hall Of

Remarks

by Herrel Halkmark

WHAT A FILTHY place is what people were saying Tuesday morning of this week about the Lake Cisco area called "the point". That area, used by swimmers and sun bathers during the day, had been left covered with trash and broken bottles from an apparent party held there Monday night.

A lady called The Cisco Press office Tuesday morning and asked if I could go out to "the point" and take some photographs, of the condition it was in, to be printed in the paper. I was shocked by how littered the place was when I arrived there, and some of the photos which I took Tuesday morning may be found elsewhere in this edition.

There were two small trash cans sitting in the middle of a pile of empty boxes and bottles. One of the cans was overflowing, while the other barely had anything inside. The ground itself was covered by broken, as well as unbroken, bottles. There were numerous bottles floating at the edge of the lake in the water.

I counted at least twelve empty cases of beer, as well as numerous six-pack containers. There were anywhere from 20 to 30 empty bottles floating in the lake where they had washed up against the shore, and no telling how many more were either broken in the lake or had sunk to the bottom out of sight. There were too many bottles lying around on the ground to even try and count. Almost every step you took either landed on a piece of broken glass, or you had to step over unbroken bottles. While driving up to the area, you could hear broken glass crunching underneath the car tires.

This kind of litter makes the area look awful, as well as making it dangerous for people who go wading or swimming in Lake Cisco. There is still plenty of hot weather left this year and a large number of people have been going to "the point" on weekends to swim, sunbath, go boating and skiing. When people start coming up with cut feet from all the broken bottles in the area, then Lake Cisco will become known as a bad lake for swimming and people will begin to go elsewhere.

I know there are not very many places for young people to gather in this town, since most downtown parking lots are ruled off-limits for parking at night; however, the reason for the rulings against parking in town is due to the same type of ir-

responsibility that was shown at Lake Cisco this weekend. Trash and broken bottles were left on those parking lots, almost every night, and the merchants got tired of having to pick up the trash and sweep off the glass every morning.

Since people could no longer park downtown, except on a very few remaining parking lots, groups of young people began going either to "the point" or to Lake Cisco Park. At a meeting of the Cisco City Council last week, a motion was made to place a curfew on Lake Cisco Park and close it from sundown to sunup because of increased vandalism at the park. The park closing is scheduled to begin about the middle of this month.

Now, all this litter being left at "the point" makes one wonder if it will have to be also closed from sundown to sunup in order to try and keep it fairly clean.

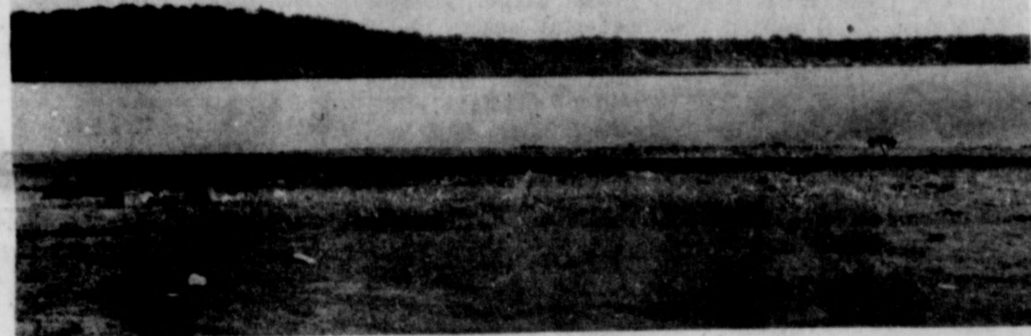

There are a number of young, working persons in this town who like to get together at night and park their cars somewhere and visit with each other, since their is not much else for them to do here. With gas getting so expensive, they cannot afford to drive up and down the streets; therefore, they all park in one place.

However, if the continued littering and general feeling of not caring about leaving anything as it is continues, then I would not be a bit surprised if in the future there will no longer be anyplace available for persons to gather.

From the looks of tire tracks at "the point", there were a number of pickups there Monday night and the trash could have easily been thrown into the back of one. It is not that much trouble to take a pickup load of trash to the city landfill and sweep it out. Such action would save

Floating Bottles In Lake Cisco

everyone a lot of trouble, as well as possible cut feet from broken glass, and it might just save at least one place for young people to get together after work.

THE LOBOES open their 1979 football season against the Bulldogs in Ranger this Friday night, while Cisco Junior College's Wranglers open their season Thursday night against the McMurry J.V. in Cisco. Both games begin at 8:00 p.m.

Let's all go out and support this year's athletic departments, both in the public schools as well as college.

WITH THE opening of school on Tuesday of this week, let's all be extremely careful when driving near a school zone and be watchful for excited

'The Power Is Coming' To First Christian

James Simpson

The First Christian Church of Cisco will hold a Gospel Revival beginning Sunday

youngsters. Also be watchful for other cars, since these areas will have a lot of automobile traffic at various times of the day.

night, September 9, and continuing through Thursday night, September 13. Services will begin at 7:30 nightly, Sunday through Thursday.

Evangelist James D. Simpson, pastor of the First Christian Church in Brownwood, will preach the gospel each night during the five nights of the revival.

Rev. Simpson has been dedicated to Christian Service since the mid-fifties. His ministry has included a broad area of Texas, including Mineola, Lufkin, Marshall, Fort Worth, McKinney and Brownwood.

He grew up in California and Missouri before settling in Texas. He finished high school at Carrollton, Texas, and

graduated from TCU and Brite Divinity School in Fort Worth. He is married, the father of four children, and is currently serving as pastor of First Christian Church in Brownwood.

The keynote of the revival is "The Power of Love," and Bro. Simpson states that "There is no energy shortage here!"

Music for the revival will feature the Heaven Bound Group from Brownwood First Christian Church; Gospel singer Don Burton from Abilene; choir specials; solos; duets and good old-time congregational gospel singing.

The theme for the revival is "Let It Begin With Me."

A special invitation is extended to local and area congregations to join together in receiving and spreading the "Power of God's Love" during this time of revival.

Softball Assn. To Sponsor

Game Day Sept. 8

Cisco Softball Assn. will sponsor a softball game day Saturday, September 8, 1979 at 10 a.m.

8-12 year old girls will play team composed of their mothers.

The teen age girls team will play a team composed of both parents, softball officers and officials.

Forrest Starr, cornerback Steve Hopson, end Eudy and linebacker Worley.

Some of the new players who will help to beef up the line are tackles John McCaghren (6-2, 250), Evan Brun (6-0, 235), Jeff Cathey (230) and Mike Sherman (6-1, 190).

Other possible players are guards Tracy Owens, Curt Posey and Dean Hendricks, center Kory Wallace, halfback Jimmy Elrod and fullbacks Chuck Canistraci and Gary Speegle.

The Ranger Bulldogs also have a new coach this year in Larry Kueck. They won only one game last year under Corby Larence, but 20 lettermen and 11 starters turned out for this year's team.

Kueck brought in a new offense, the I-set,

and the split 6 defense, so the players are having to adjust to a new system. There are only two juniors among the lettermen, which includes 11 sophomores. There is good size and depth, but no speed.

Ranger players are ends Ronny Dawson, Mike Snead and Barry Eddleman, tackle Joe Stewart, guard Jimmy Campbell, center Ruben Zarate, quarterback Tom Dunn, halfback Randy Wells and fullback Darrell Foy, who all have some starting experience.

Other players who lettered last year are ends James Burkett and Shawn Wells, tackles Gerald Lewis and Richard Trice, guard Richard Williams, center Doug Shanafelt, quarterbacks Rickey Osborn and Bobby Williams and halfback Keith Wheeler.

CJC Wranglers Take On McMurry J.V. Thursday

Area football fans will get their first look at the 1979 Cisco Junior College team Thursday night as the Wranglers open the new season in a game with McMurry College Junior Varsity of Abilene at Chesley Field. Kick-off will be 8:00 p.m.

Coach Bill Anderson will have a squad of 82 players on hand, including 20 sophomores.

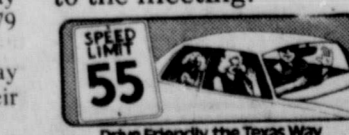

Artis Cavanaugh of Breckenridge was to have been a defensive end for the opening game. However, he is having knee surgery at Abilene. He is reported to be one of the best

The Leslie McGowen Story

by E.J. Steel

Happiness is being able to hear all of the beautiful sounds around us-and now five year old Leslie McGowen is beginning to share in that happiness.

She is the daughter of Mr. and Mrs. David McGowen of Rising Star, and she has a little sister, Allison, who is two years old. Her doting grandparents are Mr. and Mrs. Robert Butler of Rising Star and Mr. and Mrs. Howard McGowen of Temple.

Leslie is very petite, almost doll-like. She has brown hair, big blue eyes and a smile that is sure to win your heart, and equally as sure to help her overcome any difficulty that she may encounter.

This little doll-like creature was born with a mal-formation of both the inner and outer ear, and it was determined in early infancy that extensive surgery would be required to correct the defect.

Leslie Now Hears Everything

When she was three months old she was fitted with a hearing aid, and after a brief period of adjustment it was evident that the device enabled her to hear at least in some measure, and she became a very responsive little person, manifesting the sparkling personality, which endears her to everyone that she meets.

The special education classes which she has attended since she was two years old, have been of tremendous benefit to Leslie-this was the initial phase of the speech therapy and the audio tests which were to later determine the surgical process.

Then on August 21, 1979, at the Baptist

Medical Center in Oklahoma City, Dr. Jack V.D. Hough, an eminent Otologist, performed the first surgery-in which he made a new audio canal in her left ear and also repaired the ear drum of the same ear.

Leslie's first reaction following the surgery was, "Mother, how can I hear without my hearing aid?" It seems that the hearing device had become a vital part of Leslie's existence, and the absence of it was puzzling to her.

She was dismissed from the hospital on

August 28, with some additional bandages, a few stitches, and the ability to hear.

Leslie will be tutored at home for a while by Mrs. Richard Purvis, kindergarten teacher in the Cross Plains school system. Then after the recuperation period, she will attend the regular kindergarten classes.

There will be further surgery sometime in the future, but Leslie and her parents are happy that the first steps have been taken toward correcting the problem and giving to her the joy of hearing the sounds of happiness.

Stiffer Fines And Jail Terms After September 1

State Comptroller Bob Bullock Thursday said persons ending up in Texas courts

after September 1 may face more than stiff fines and jail terms.

Bullock said his office will begin collecting \$10 or \$15 fee from persons convicted of criminal charges.

"The cost of crime, just like everything else in today's economy, is going up," Bullock said.

The money will be used to create a fund to compensate victims of crime, Bullock said.

A \$15 fee will be assessed against persons convicted of felonies and a \$10 fee charged to persons convicted of misdemeanors punishable by a jail term or a fine of more than \$200.

Hunting And Fishing Day Set Sept. 22

AUSTIN -- Gov. Bill Clements has signed a proclamation declaring Sept. 22 "Hunting and Fishing Day" in Texas, to coincide with National Hunting and Fishing Day observances across the nation.

National Hunting and Fishing Day was organized in 1972 to recognize the role of the hunter and fisherman in the struggle to conserve the nation's natural resources, wildlife and wild places.

The Texas Parks and Wildlife Department also is joining the effort to encourage participation by Texas in the various local activities for Hunting and Fishing Day. Hunting and fishing seminars, school programs, contests, shows and exhibits are some of the varied activities planned for the day.

More than 40 of the nation's largest conservation groups are involved in NHFD activities to

Pecan Field Day To Be At Dan Childress Farm

A fall pecan field day will be held at Dan Childress' pecan orchard Friday, September 7. County Agent DeMarquis Gordon says everyone interested in pecans are invited to attend. The field day, which is sponsored by the Eastland County and Callahan County Pecan Growers Associations and the Extension service, will begin at 10:00 a.m.

Sammy Helmers, Extension Horticulturist, will discuss weevil control and herbicides for weed control in pecan orchards. During a tour of the orchard Helmers will discuss other items of interest such as disease control and varieties.

The Dan Childress farm is 2 miles southwest of Cottonwood. Cottonwood is on highway 880 between Put-

man and Cross Plains. Go west out of Cottonwood for about one mile then turn south at the T and go another mile. His place is on the right or west side of the road. Educational programs conducted by the Texas Agricultural Extension service are for people of all ages

Tom Creighton Will Not Seek Reelection

Senator Tom Creighton of Mineral Wells announced today that he will not seek reelection next spring.

"It is an honor to serve in the Texas Senate and I am most grateful to all of my friends and supporters who have permitted me 20 years of service in the Senate. I plan to return to Mineral Wells and devote full time to my law practice," Creighton said.

Pleasant Hill Homecoming To Be Sunday

The annual Pleasant Hill Homecoming will be Sunday, Sept. 9, 1979 at Pleasant Hill Baptist Church. Plates, drinks, bread, silverware, cups, and napkins will be furnished. This time will also be in observance of the 90th Anniversary of the Pleasant Hill Baptist Church.

Licenses Available

The new 1979-80 Texas hunting and fishing licenses are now available at license vendors and Texas Parks and Wildlife Department offices. The licenses become valid on Sept. 1, 1979.

Also available at no cost where licenses are sold is the 1979-80 Texas Hunting and Sport Fishing Regulations booklet.

All 79-80 licenses will be valid for the year ending Aug. 31, 1980, including the resident hunting license for \$5.25; resident fishing license for \$4.50; or, the combination hunting/fishing license for \$8.75.

Pictured above is Lynn Hagan, President of the Carbon Lions Club (right) presenting \$250 check to B. Hall Redfearn (left) President of the Carbon Baseball Association, for the purchase of lighting fixtures for the Carbon Baseball field. The money was raised by the Lions Club through the club's charter night banquet pie auctions, and other activities. A club workday is being planned for Sept. 8 to begin installing the lights. The Carbon Lions Club is currently involved in community projects in Carbon such as developing the baseball field, a city park and an adequate library at the Carbon school. Presently the club consists of 27 active members.

County Art Association To Meet Sept. 6

The Eastland County Art Association announces that they will meet Thursday, September 6, at 7:00 p.m. in the Texas Electric Reddy Room.

Guest Artist for this meeting will be Myrtle Joiner of Snyder.

Mrs. Joiner is an art teacher and teaches in all mediums. She enjoys sketching in pencil or water color washes, and later develops them into paintings. Her favorite subjects for still life painting are daisies, however many subjects intrigue her.

Inspired by her husband, an avid fisherman, Mrs. Joiner accompanies him on many of his fishing trips, to paint and sketch in places she could not go by herself.

Mrs. Joiner has received training from such artist as Harold Roney, Ramon

Froman, Budd Biggs, Ben Konis, William Earle, Frederic Taubes and Robert Gartland. Under such excellent training she has been more able to understand different techniques, and traditions in paintings.

It was not until after her four daughters were teenagers, that Myrtle devoted time to this very enjoyable hobby. Currently she is a member of the Snyder Platte Club, Texas Fine Arts Association and Big Country Association. She has won numerous awards in regional competition shows and has paintings hanging in private collections in Texas, New Mexico, Oklahoma, and Arizona.

Members are urged to attend this September meeting, and visitors are welcome. Non-members will be charged a fee of \$1.00.

Labor Day is just about over with and I guess that things will be getting back to normal. Kids will all be back in school. I do hope that people will remember that school is going on and watch for the kiddoes. This time of year reminds you that summer is just about over with and fall is just around the corner. As for me I am ready for some cold weather. I do hope that all of you had a nice weekend. It was a quiet one for us as it was too hot to go anywhere and the price of gas will keep you home too.

Mrs. Ruby Clark of Clyde took her parents Mr. and Mrs. Wes Holcomb to Baird Monday where Wes saw his doctor. But he did not receive a very good report. Do hope that Wes gets to feeling better before long. Mr. and Mrs. Wes Holcomb spent Monday night with their son and family, Mr. and Mrs. Gerald Holcomb and son, Steven in Clyde.

Cisco Art Club To Begin Year Tuesday

The Cisco Art Club will begin the club year Tuesday, September 11, at 7:30 p.m. at the Corral Room. Joe Edward Schaefer, son of Mr. and Mrs. Rudolph Schaefer, will bring a unique and interesting program on bronze casting, an art in which he has become well-known in a wide area of this and other countries.

Joe Ed grew up in Cisco, attended public school and CJC, and his interest in art perhaps had its beginning under the influence of the late Randy Steffen, well known artist and sculptor who lived in Cisco at that time.

This will be a program of a different type to the ones usually presented, and it is hoped that a large number of people will come to renew acquaintance with the artist and to see the demonstration.

Programs slated for the year promise to be varied, informative and interesting. Other guest artists will be Mary Louise Brown, Nell Goble, George Holland, Doddi Pearson, Sue Mullinax, Evelyn Fry, and Polly Pitzer, and will include

WORD of GOD

There shall not be found among you any one that maketh his son or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a witch, or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer.

For all that do these things are an abomination unto the Lord: and because of these abominations the Lord thy God doth drive them out from before thee.

Blair Is Experienced Mentor

Old fashioned is trading pocket knives and fish tales at the Courthouse or home-made ice cream at a family gathering.

Old fashioned in the world of sports were players like Babe Ruth, Y.A. Title, or Sammy Baugh and coaches like Knute Rockne, Vince Lombardi, and Casey Stengel. Oh, the stories the old

timers could tell the young whipper snappers about the days gone by and how football was meant to be played.

Men like Wizzard White, Kyle Rote, and Doak Walker are long gone.

Well, if you like football rough, tough, and coached hard, then grab your leather helmet and meet the new

assistant coach at Ferris High Bob Blair.

Blair graduated from Eastland High in 1948 as a Herald Running Back, gaining over a thousand yards for two consecutive seasons and earning a place on the All-State team. From Eastland the hard-nosed 5-11, 172 pound Fullback headed for Hardin Simmons University. There Blair played for a legend among Texas coaches, Warren Woodson, and for the next four seasons Blair learned from the master.

Woodson, often considered one of the greatest offensive minds in the game, soon had the slashing, hard-hitting fullback churning out yardage on offense and playing in the secondary of defense.

Perhaps Blair best describes his style of running when he recalls with a slight grin. "I used to go through the line so low I needed a line-backer to hit me and straighten me up so I could run some more." Serving his tenure at Hardin Simmons, Blair was introduced to competitive football at its best... like traveling to the West Coast and taking on Pacific University coached by Tommy Prothro, (now head coach for the San Diego Chargers,) and led by quarterback Eddie LeBaron, or meeting Arizona State led by the elusive running of wizzard white.

Two SMU greats competed against Blair, this time in baseball, (which Blair lettered in for two years: Kyle Rote and Doak Walker. After a 9-0 drumming of Blair and associates, both went on to fame and glory on the gridiron and it was there Blair felt Walker should have been all along.

"Doak Walker, in my opinion," says Blair, "was the greatest running back I ever saw."

Graduating in only three and one-half years Blair turned down professional offers from Baltimore, San Francisco, and Chicago to pursue coaching. This career has taken Blair and his wife, Wanda, to such towns in Texas as Memphis, DeLeon, Desdemona (where he also principal), Ranger, Palestine, and Odessa. While at Odessa

(...From The FERRIS WHEEL)

sa High Blair coach with and for Haden Fry, once head coach at SMU, North Texas State, and now coaching at Iowa. After leaving Odessa Blair and his family moved to Tucson, Arizona, and to Sunny Side High School There

they tied for the district crown but lost a coin toss to Tucson High, who went on to win the state title.

During his 28 years in the profession Bob and Wanda had three sons: Ed and twins Steve and Stacy. Ed, the eldest, is the principal at Locust Elementary in Abilene, after coaching for four

years. Steve is part owner of the "Texas Cattle Company Restaurant", known throughout for its Bar-B-Que with branches in Waco, Temple, and Austin.

Stacy, to the media, is the real newsmaker. He is a musician of rare talent. Recently a recipient of a full-bright scholarship to the Par-

is Conservatory in Paris, France, Stacy also added to his honors a first place at the Maurice Andre' International trumpet contest which gathered over 50 of the world's best.

Blair has come back from open heart surgery and Stacy

has risen to the top despite his lack of eyesight. Perhaps Bob Blair could best be summed up with an old-fashioned saying. "A man should first direct himself in the way he should go. Only then should instruct others."

Cisco Blood Drive Set September 12

The Cisco Blood Drive has been set for Wednesday, September 12, at E.L. Graham Memorial Hospital. A team of laboratory technicians from Mary Meek Blood Bank of Hendrick Medical Center in Abilene will be present from 9 a.m.-3:30 p.m.

A joint organized program (the Lions Club, Rotary Club, Cisco Civic League and the Cisco Service Club are sponsoring the blood drive on a rotating basis) the drive will be held every two months. Each Cisco citizen's effort is mandatory in order to make this a successful program.

In order to insure an adequate blood supply, Cisco needs 40 pints of blood every two months. Cisco is, however, presently in debt to Mary Meek Blood Bank, 900 pints of blood. The Blood Drive Committee has therefore set its goal to collect 60 pints of blood, every two months to insure Cisco's adequate blood supply and replenish what we are already in debt for.

A blood insurance policy is available for those persons interested. For a pint of blood given, that donor's immediate family will be insured of having blood available to them for one full year. That donated pint of blood, however, will not count toward credit for Cisco. But for those persons interested in the insurance policy, perhaps at a later date, the donor can donate another pint of blood for credit for Cisco.

All types of blood are needed. There are no longer "paid" donors, except in the case of institutions using only the plasma from a pint of blood, so we must therefore depend on voluntary blood donations.

Blood donors should be aware of the following when preparing to give blood:

- A) Age eligibility is from age 18-65.
- B) No medication should be taken 18 hours prior to donating blood.
- C) No medication, however, should be deleted without checking with the perspective donor's own doctor.
- D) Any person who has been in Southeast Asia in the last three years should not donate blood.
- E) A woman who has menstruated in the last three or four days prior to donating blood, or six weeks after pregnancy, should not donate blood.
- F) Any person who has been sick or has had a cold within the last seven days prior to donating blood should not donate blood.
- G) Persons can donate blood every two or three months with no foreseen problems; although, it is hopeful to not have to call on the same donors nearly this often.

Pledge cards are

available throughout the community through club members, at businesses and industries, The Cisco Press, Cisco Junior College, churches and Cisco individuals. Pledge cards should be filled out and left at that same location to be picked up before the blood drive.

A telephone committee will call prospective donors to verify their pledge. Appointments will be made afterwards, for donors,

Over fifty students, teachers and friends of the Griggs School gathered at the Rising Star American Legion Hall on Sunday, September 2, for their second homecoming.

The former country school was located between Romney and Rising Star form 1890's through the 1920's. The land for the school was donated by Mr. Mossman and the school itself was named for Mr. Lewis Griggs. grades on through ten. James Earle Gardner of Nimrod served as moderator of the business meeting of the ex-students.

THE NEW DOVE season opened last Saturday with a plentiful supply of birds, according to scout reports. Just about everybody we talked with got their 10-bird limit without working too hard. Reports indicated that bird shooting was best west and north of town.

John McCanlies of Odessa and his two sons came to hunt with his dad, Jim Bob McCanlies, and they had good luck... Bill Huffman of Houston enjoyed three days of good hunting before he and his wife went back home to Houston. They visited his mother, Mrs. H.T. Huffman, and enjoyed 18 holes of golf at the local course Monday morning.

Scouts report that they're seeing and hearing a lot of quails, which indicated that the upcoming quail season should be a good one... Bob Gorman and his 10 year old son, Craig, came out from Grand Prairie to hunt with their father-in-law and grandfather, Charles Clark, and it was a good outing... Lawyer Billy Wright entertained a group of friends and relatives for a weekend of hunting, and they enjoyed good luck.

THE GENE Abbotts missed the opening of dove season but they got in a visit with their children during the weekend. They drove to Denton to visit John and Susan Isenhower and sons and then caught the shuttle air flight from Love Field to Houston to visit Anthony and Cathy Strother and family... Mrs. Kenneth Cooper's two daughters and husbands were here for a Labor Day weekend visit. They live up Dallas way... The John McGuire's drove over to Arkansas for a Labor Day weekend visit with relatives and report the highways were pretty full but that gasoline was plentiful.

THE MORRIS Whites are back home after a travel trailer vacation up near Durango, Colorado. They spent part of the time parked near a lake and enjoyed real cool weather... Glad to hear that Mrs. Danny Claborn, who underwent surgery last week at Hendrick Hospital in Abilene, is doing nicely and probably will be home by the time you read this... Coach J.L. Stafford of the CJC golf team is looking for 11 players to enroll at the college this week to play this coming college year.

TWO CISCO golf teams finished just out of the money in the Brownwood Labor Day weekend partnership tournament. The team of J.L. Stafford and Bennie Nichols came in 4th in the championship flight and prizes went to the top three teams... The Ralph Glenn-Bobby Smith team lost their semi-final match on the 22nd hole... And the David Callarman-E.H. Utzman team lost on the 18th hole in their 18-hole second match... Tommy Brooks of Cisco played in the tournament with a friend who lives elsewhere.

NOTE TO Mr. Carl Stockard wherever you are. We have a group of three test papers that you prepared for commercial arithmetic classes at Cisco Public School in the fall of 1928. Same was found by Mrs. W.E. Dean while cleaning the attic at their home on West 7th Street recently.

Mr. Stockard made 100 on two of the papers and 80 on the other. And that's a pretty good average for the three.

THE WAYNE Wests of our town (he's Lone Star gas manager here) have purchased the Don McCrary home at 1504 Sims, reports Real Estate Broker Yvonne McMillan. The McCrarys will be moving, probably this week, to San Antonio where is associated with a construction company. Don is an architect... Mrs. McMillan also reports the sale of the Gladys Hutton home at 805 West 6th Street to Dorothy Shirley of Putnam who will be moving to Cisco shortly... The McMillans, by the way, attended a dove hunting party over near Breckenridge. When the hunters came in from the fields, they dressed and cooked and ate the doves. Sounds like a good way to dove hunt, huh?
