Applications For Open Space Land Exemption Available

Applications for landowners who would like to qualify their land for an open space land exemption or an agricultural use exemption for the 1980 tax year are now available at the Cisco ISD Tax office located at 610 Avenue D.

If anyone is unsure as to whether their land will qualify; please contact the tax office as the period to fill will end on April 1, 1980.

Concerners Meet Rescheduled For This Sunday

The Concerners meeting was cancelled Sunday evening, February 10, due to the weather, but it will be held this Sunday, February 17, at 5 p.m. at Avenue N and West 10th at the Church of the Nazarene.

Paul Lane will be in charge of the meeting. Everyone is welcome.

THANKS TO members of Cisco's Ministerial Alliance, this family from Salem, Oregon, was able to get some gasoline and food on Monday of this week after being stranded in Cisco on Sunday when they ran out of gas, money and food. They were parked on the parking lot of a local restaurant during that time and were

reportedly unable to get any assistance anywhere until the Ministerial Alliance was contacted mid-morning Monday. The members of the family are Christine Kidd, daughter of Lloyd; Carol Kidd, Ralph's wife; Ralph Kidd, son of Lloyd; Andrew Kidd, six month old son of Ralph and Carol; and Lloyd Kidd, a veteran and a diabetic. (Staff photo)

Chief Kenneth Eaves In Race For Co. Sheriff

Kenneth N. Eaves, age 34, has filed as a candidate for Eastland County Sheriff in the upcoming Democratic Primary. Mr. Eaves is currently serving as Chief of Police in Cisco.

Eaves has over 1100 hours of law enforcement training including the Austin Police Department Academy and In-Service Training and courses at Central Texas College. He was also chosen as one of the five from among 450 officers to receive special training at the FBI Academy in 1974.

Eaves has been commissioned as a Texas Peace Officer since 1971. He has a total of seven years experience including Austin where he served on patrol and traffic and a special assignment unit working plain clothes in high crime areas and the Hays County Sheriff's Office. He served briefly in the Eastland

County Sheriff's Office during the summer of 1979 resigning shortly after Ronnie White. In July he accepted the position as Chief of Police for the City of Cisco.

Eaves is a native of Carbon. A 1964 graduate of Comanche High School, Eaves has sixty college hours. Most of these hours were received in 1964 and 1965 when he attended Tarleton

KENNETH EAVES

Joe Wheatley Files For City Council Place 2

Joe Wheatley, owner of Cisco Lumber and Supply Company, has filed for Place 2 on the Cisco City Council.

Wheatley was born in Jones County, and moved to Scranton when he was 12 years old. He lived there until 1954 when he entered the Army.

Mr. Wheatley attended Cisco Junior College and graduated from Hardin-Simmons.

Following his stretch in the Army, Joe worked for an insurance company, and later for William Volker Company in Abilene. He was the credit manager and district salesman.

In 1964, Wheatley was hired by the Rangaire Corporation in Cleburne as their first corporate credit manager. In 1969 he became the first regional sales manager for the Chambers Division, and in 1972 was promoted to vice president of this division. He was responsible for marketing and sales on a national basis.

In 1976 Joe and his wife, Virginia, and family, moved to Cisco where they purchased Cisco Lumber and Supply from the Sandler estate.

Wheatley is a member of the First Presbyterian Church, where he has served as deacon and elder. He has been a director of the Chamber of Commerce for two years, and has been active in many other community projects.

The Wheatleys have three sons, and Joe's mother, Mrs. Willie Wheatley, 1204 West 14th, still resides in Cisco.

Eaves is married and has two children, Laura Jean, age 8, and Cary Neil, age 2. His wife, Harriett Ann, received a BSEd. degree from Abilene Christian University and a MEd. from the University of Texas at Austin. She has been teaching ten years and is currently teaching English and Spanish at Ranger High School. The couple has been married twelve years. They are member of the Church of Christ on I-20 in Cisco.

Eaves says, as Sheriff, he would strive for more effective use of man hours and investigative time. "If elected, my department will work hard to serve all citizens fairly, taking each case on its own merits and acting on each case to best serve justice and the law.

"I will encourage citizen participation in the reporting of suspicious activities in order to insure a climate of cooperation and discourage criminal activity. I would further like to increase cooperation among municipal, county and state law enforcement agencies."

Eaves is hoping to meet as many residents as possible. However, his job as Chief of Police in Cisco must come first and politics second. If he does not get to tell you personally he would like each of you to know that your vote and support will be greatly appreciated.

Council Sets City Election For Saturday, April 5 Here

Members of the Cisco City Council voted in their regular meeting Monday night to hold the City Election on Saturday, April 5, at the Corral Room. The election official will be Doug Fry. The motion to appoint Fry as election judge for the city and in conjunction for the public school elections was made by council member

Louise Allison. Lucy Collier seconded the motion with Allison, Collier, Harold Pippen and Mayor H.C. Brown voting unanimously in its favor. Council members Raymond Whitley, Bill Eudy and Morgan Fleming were

Redeemer Lutheran Church To Hold Open House Sun.

The Redeemer Lutheran Church, Avenue D and East 18th Street in Cisco, cordially invites the public to the open house of their new Educational Wing on Sunday, February 17, from 2:00 to 4:00 in the afternoon. Refreshments will be served.

The congregation has recently added six new classrooms to its Parish Hall for use by the Sunday School Departments, organizations of the church, and as conference rooms.

Please join them in this joyous occasion of open house celebration for their Educational Wing on Sunday, Feb. 17.

absent from the meeting. Council member Allison also made a motion to appoint Ginger Parker as absentee voting clerk to be assisted by Fran Davidson and Ramona Nichols. The motion was seconded by Pippen and all present voted in its favor.

In other council action, "Dr. Petrini of the Hilton Foundation was present to report to the Council on the condition of the Municipal Building. He feels that the building can be saved only if action is taken quickly. One problem is bad grading of the land causing water to be lead into the foundation. He suggested that the first step to be taken is the trees directly in front of the City Hall building be cut. Next a moat will be dug around the building as deep as the foundation and the foundation restored in five feet sections. Afterwards a drainpipe will be installed in the moat to route the water away from the foundation. After completion of this installation, the drainpipe would then be covered with topsoil.

"The second step would be to break the concrete on the ground floor and replace it and to repair the outside of the building.

"Dr. Petrini told the Council that the cost for the restoration, including labor and materials, would be approximately \$30,000

to \$35,000. He explained that his architectural fee for the City would be non-existent, as directed by the Hilton Foundation, and stated that Mayor Brown was instrumental in this decision as he had talked with the Foundation several times and impressed upon them that if a city is not active in other restoration and beautification, one project such as the Mobley would become a useless effort.

"After questions to Dr. Petrini from the Council a motion was made by Council woman Collier that Dr. Petrini be appointed as Architectural Advisor of Restoration and Beautification of the buildings of Cisco. The motion was seconded by Council woman Allison and passed unanimously."

The minutes of the previous meeting were approved in a motion by Council member Allison with corrections. Pippen seconded the motion which passed unanimously.

City Manager John Boland's report to the council included major projects such as (1) Wastewater Treatment Grant--The Department of Water Resources has requested from Bill Jacob some word as to the progress on the Environmental Assessment and Facility Plan because a priority list public hearing is scheduled for 10:00 a.m., March 13, 1980; (2) Municipal Airport--

bad weather has slowed down progress, but the pace will hopefully pick up as it becomes warmer and conditions stabilize; (3) Highway 80/Front Street Sewage--Engineers are still preparing plans and specifications to be presented soon; (4) Street Improvement--city crews repaired the holes on Highway 80 at Front Street and cut down the creek bed on the north side behind the Flamingo Motel. Work will be concentrated next on West 14th from Front to

Clifford Chambers Graduates From Mortuary School

Clifford Chambers of Cisco graduated with the Zeta Mu Class of Dallas Institute of Mortuary Science in Dallas Friday, February 8, in Gaston Avenue Baptist Church in Dallas. Dr. Otto Margolia, executive secretary of the National Association of Colleges of Mortuary Science, was commencement speaker.

The night before graduation, Chambers and the other 48 graduates were honored at an Awards Banquet hosted by Pierce Chemicals/Morticians Supply of Dallas.

During the awards banquet, Chambers was presented the coveted Scholastic Achievement Award for maintaining a high academic average,

Delores Kube

Fellowship Of Christian Women To Meet Saturday

The Fellowship of Christian Women of Cisco will have their regular monthly salad luncheon at 12:00 noon at 309 West 6th on Saturday, February 16.

The fellowship is open to all women of this area and to all denominations. It is a group of Christian women who meet together for sharing and fellowship.

Delores Kube from Dallas will be sharing at this luncheon. She currently is Director of Community Ministries work of the Inner City Chapel, Dallas. Delores was born in Washington, D.C., a graduate of Southwestern Seminary, Fort Worth, holds a masters degree in social work from the University of Texas, Arlington, and was assistant director of Week Day Ministries at the Ervay Street Baptist Church in Dallas. She will speak on her work at the Inner City Chapel and the people touched by this ministry.

A special invitation is extended to all in this area to attend and meet Delores and enjoy the Christian fellowship. To make reservations or for further information please call Ilene Cotton at 442-2565 no later than Friday noon, February 15.

City Manager Informs Council Of Inventory Control System

Continued From Front Page Avenue K; (5) Water Filtration—no charge.

Also in his report, he informed the council that on January 1, 1980, the city went to an active inventory control system as recommended by Charles Clark in past audit reports. Bob Ingram was promoted to the position because of his extensive eleven years of army inventory experience. Since that time the following has been accomplished:

A. Inventory of City Hall property, to include the Council Chambers. Each department has a copy of inventory and a copy is maintained at the supply warehouse. Each year an inventory of property will be taken. City Hall is at 95% completion.

B. Fire Station to be completed in February, 1980.

C. Police Department completed.

D. Maintenance Shop to be completed by last of February or first of March.

E. Sewer Plant to be completed the first of March.

F. Water Plant to be completed the first of March.

G. Water and Sewer Warehouse is at 90% completion.

He also stated that building permits issued by the City of Cisco for the month of January totaled \$1,100,000 worth of construction.

In a discussion of a mobile home ordinance proposed at the last council meeting, city attorney Billy Wright emphasized that the ordinance would have to be in accordance with the Planning and Zoning Commission and to be sure it was done legally. After the discussion, council member Collier made a motion to have the Mobile Home Ordinance referred back to the Planning and Zoning Commission to have a meeting with City Attorney Wright and see what can, or cannot, be done on the situation. Council member Allison seconded the motion which was passed unanimously.

The appointment of a housing board member was tabled until the next meeting.

Mayor Brown requested the approval of the council for him to check into the

East Cisco Baptist Youth Hold Banquet

The young people of East Cisco Baptist Church had their Sweetheart Banquet last Friday night at the church. The guest speaker and entertainer for the banquet was Wally Black, who is music and educational director at Southwest Park Baptist Church in Abilene.

After the meal and entertainment, the group elected Curt Posey and LeAnn Agnew as King and Queen. The banquet was sponsored by adults of the church.

possibility of acquiring some form of mass transportation for the city, with a special consideration for senior citizens. All present were in favor of his checking into the motion.

The review of the 1979-80 budget was tabled until the next meeting due to the lack of members present.

City manager John Boland explained to the council the procedural forms for executing an airport zoning ordinance. He explained the forms are designed to utilize joint airport zoning boards which can be created by the cooperation between the county and city. He presented the zoning ordinance to the council which calls for the "Regulation and restriction of the height of structures and objects of natural growth, and otherwise regulating the use of property in the vicinity of Cisco municipal airport by creating the appropriate zones and establishing the boundaries thereof." The members of the city council are to bring names of persons qualified to serve on the airport advisory committee to the next meeting.

Following a discussion on Lake Bernie, it was suggested an article be placed in the newspaper with a ballot for citizens to vote on whether they want to leave water in Lake Bernie or let the water flow on into Lake Cisco.

Four bids were received by the city for termite control at City Hall and the Fire Station. Following a discussion of the bids and probable cost for buying the equipment and doing the job using city employees, it was decided to table the matter until the next meeting.

Bob Moore, of Moore Water Transport Company, appeared before

the council and asked if he could be allowed to use the treated sewer water, which now runs freely in a creek, in his oil field work. City Manager Roland said he has talked with health officials on the matter and found no objections. It was decided that since Mr. Moore owns a local business which employs five Cisco residents, he should be allowed to get the water. Mr. Moore will set up a way taking the water into his transports at his own expense. Council member Pippen made a motion to allow Mr. Moore to use the water. It was seconded by Collier and all voted in its favor.

J.D. Holt appeared before the council with a petition signed by 15 persons who do not want the 700 block of West 19th to be closed. He said some real estate companies had told him that the closing of the block would depreciate the value of some of the surrounding property and homes. He said he was

bringing the petition to the council for its information. Council member Pippen made a motion to send the proposed closing back to the Planning and Zoning Commission for further study. A seconded was made by Collier and all voted in its favor.

Council member Allison made a motion for the monthly bills to be paid. Collier seconded the motion which passed unanimously.

During Citizen-Council discussion, David Gill, member of the Cisco Fire Department, expressed his thanks to the council for its decision to order pagers for the department.

Sabanno News By Mrs. Jack Rector

Hi Everyone. I hope you enjoyed the snow. Wasn't it beautiful. It also made good ice cream.

Busy Bee Club received a letter from the Rehab in Abilene Saturday thanking the club ladies for the quilt they donated. All the ladies were happy to know that the quilt sold for \$360.00.

Mr. and Mrs. J.L. Marinelli of Comanche and

Mrs. Bertha Whitlock of Gorman visited Mr. and Mrs. Pat Erwin recently.

Mr. and Mrs. Herman Pettiet became proud grandparents January 28, 1980. Their daughter and son-in-law became parents of a baby boy. The young man has been given the name David Wayne Fugate. His parents are Mr. and Mrs. James Fugate of Roswell, New Mexico.

Mrs. Sue McDonald of San Angelo, daughter of Mr. and Mrs. Herman Pettiet, was injured in a one car accident when her car went out of control on the ice. She was on her way home from work. Her condition is improved at this time.

Mrs. Lillie Williams returned home Thursday from San Pablo, California, where she attended the funeral of her brother, Dock Johnson, 68. Mr. Johnston suffered a fatal heart attack. Our sympathy goes to Mrs. Williams and the Johnston family.

Mrs. Truett Dawkins visited last week with her sisters, Mrs. Oma Faye Cox and Mrs. Nunnie Brooks in Cisco. Brent Kay visited the Dawkins one evening.

Visiting Mr. and Mrs. Wes Holcomb were Mr. and Mrs. Bill Lawrence, Mr. and Mrs.

W.M. Stansbury, Mr. and Mrs. L.R. Reed, Aunt Ethel Anderson of Cottonwood, Mr. and Mrs. Golden Lawson and Mr. Edwin Erwin.

Mr. and Mrs. Goldon Lawson visited Saturday in Cisco with Mrs. Oma Faye Cox. Golden and Olephia visited Nora and Arze Green one night and the girls came alive and the boys have been murdered.

Alma and Josie Morris report that their sister-in-law, Mrs. Eunice Morris of Coleman has been in the M.D. Anderson Hospital in Houston for about four weeks. She is expected to be there for about four more weeks.

Alma and Josie enjoyed a short visit from a Sabanno boy, Jerry Bean. They had not seen this young man in 18 years. Jerry now lives in

Bangs. Emma Kent of Cook, Mr. and Mrs. L.D. Brown of Cross Plains visited Alma and Josie this past week.

Mrs. Fred Butler reports that Mr. Butler is not doing well at all. Ethel and Darrell

and Jason visited the Butlers recently.

Tracy and Ronnie Wilson of Rising Star spent the weekend with their great-grandparents, Mr. and Mrs. J.R. Rector Sr.

CATLEMEN CAN HAVE SAY
An important vote for cattle producers is coming up February 19-22. Cattlemen who

register between January 28 and February 6 can vote on the Federal Beef Research and Information Order at their County Agricultural Stabilization and Conservation Service (ASCS) Offices.

The Order, if approved, would authorize a mandatory deduction from each sale of cattle. The money would go to a Beef Board (authorized in the Order and to be appointed from producers by the Secretary of Agriculture) which would administer the beef research and promotion program. Producers can get refunds by applying for them within a specified time.

A lot of money is involved. The Order permits deductions up to 2-10 of 1 percent for the first two years; this could go to one-half 1 percent after two years without another producer referendum. Money raised annually would amount to about \$40 million and \$100 million, respectively.

The first push for a government-backed collection of beef research and promotion funds got started back about five years ago when the beef industry was in the depths of a price depression. Since then, cattlemen have cut back on cattle numbers, and prices are almost five-fold above the 1974-75 levels.

Whether or not a mandatory deduction program is good or bad is for each cattle producer to decide for himself.

Hwy. Bids To Be Received

Bids for two safety improvement jobs on Int. 20 and a seal coat project on various locations in Eastland, Stephens and Comanche Counties are scheduled to be received by the State Department of Highways and Public Transportation for its February contract lettings.

B.R. Russell of Brownwood is the department's engineer in charge of the seal coat project which includes the following locations:

Eastland County: State Highway 6 from the Callahan County line southeastward to US Highway 183. US 183 from the Stephens County line southward to SH 69. Farm to Market Road 679 from FM 8 southward to the Comanche County line. FM 2563 from SH 6 eastward to FM 2689.

Stephens County: US 180 from SH 67 eastward to Loop 252 in Caddo. FM 576 from US 183 eastward to FM 1852. US 183 from FM 1032 southward to the Eastland County line. US 183 from the Throckmorton County line southward to US 180. FM 1852 from FM 576 southward to Wayland.

Comanche County: US 377 from the eastern city limits of Comanche to the Erath County line. FM 587 from the Eastland County line eastward to Duster. FM 1496 from SH 6 southward 4.7

Thursday, February 14, 1980

Highways and Public Transportation for its February letting.

District Engineer Lawrence Schulz of Brownwood said the metal beam guard fence for IH 20 on a section just west of State Highway 16 will be replaced with a concrete

median barrier. Concrete median barriers have proved superior to the guard rail barrier designs in preventing uncontrolled vehicles from endangering motorists in oncoming lanes and also are much easier and cheaper to maintain.

Eastland County Sheriff's Dept.

Eastland County Sheriff's Department has reported the following activities for the month of January:
70 Civil Papers were served.
117 Criminal Papers were served.
\$584.86 was collected on bad checks.
97 people were placed in the

Eastland Co. Art Assoc.

The Eastland County Art Association meets Thursday, Feb. 7 at Texas Electric Reddy Room.

Joyce Grubbs stated that the E.C.A.A. art show would be April 24-25-26, and we need all the help we could get, and urges everyone to participate.

Guest Artist of the evening was Sue Mullinax of Oiden. She demonstrated the use of pastels for a portrait. Her outstanding model was Ann Eaton of Ranger. As she worked, she explained the colors and how to work them in. She entertained and inspired every one.

A delicious cookie break was furnished by LaVerne Allgood.

Thanks one and all for a very enjoyable evening.

Eastland County Jail during the month of January.

7 people were in Eastland County Jail on January 31, 1980.

Property Recovered:
1973 Trail Blazer (Travel Trailer), valued at \$3500.00.
\$500.00 on a theft at Texas Railway Car Corporation.

CENSUS

The Abilene Census Bureau will be testing for crew leaders and enumerators for Eastland County on February 26 at the Eastland Chamber of Commerce. Application will be available at the Chamber

of Commerce. Testing times are to be at 9:00, 11:00 and 1:30. This will be a 4 to 6 week job. Pay for crew leaders is \$4.50 per hour and for enumerators is \$4.00 per hour.

In order to qualify, one must be 18 years of age and must pass a simple test.

NOTICE

The Drivers Licenses Office will be closed Monday Feb. 18, in observance of George Washington's birthday.

The Eastland County office of the Farmers Home Administration will be closed three days from 2-19-80 to 2-21-80 to permit the employees to attend a multi-district FmHA meeting at Lubbock, Texas. Jack Phillips, county supervisor, said the office will

reopen for regular business at 9:00 a.m., Feb. 22

PUBLIC AUCTION WHITE'S AUTO STORE

We were unable to liquidate the gigantic White's Auto Store of new merchandise in one day, therefore, we will hold another sale and finish selling everything to the bare walls—
No Minimum—No Reservations. Everything Sells.

Located at 121 South Court Street (across from the Post Office) Breckenridge, Texas.

Sat. Feb. 16, 1980 at 10:00 a.m.

Auction will be held inside.

Dealers and Individuals Welcome
Lunch Available

Even though we sold one day, we still have several thousand dollars worth of new merchandise left and hundreds of items that are impossible to list. The merchandise was not picked over, we sold it as we came to it, therefore, you can still find a real assortment of good fresh merchandise to be offered.

Jackie Bibby

"LIFE ALONE"

As the night slowly begins to close in on me, Another night of loneliness I begin to foresee, Although my life is a man made hell, I've admitted myself into this cell. Sometimes when I wonder why I'm paying my dues, I look all around me and I see the clues. What kind of a life have I chosen to live, What have I taken and what shall I give, I've done to myself for what I pay,

And for explanations I've nothing to say. There's just one thing which I hope and pray. Let me live it through Day by Day. And give me the strength to somehow understand, Who will make me a mark, and who will make me a man. Help me each day, to know right from wrong, And give me the guidance to somehow be strong. Because someday when it's over and done, I want to say that I was the one

Beginner Lessons

President Willie Tipton would like to announce the following: The Eastland County Spinners Square Dance Club will be starting beginner lessons, Monday, Feb. 11, 1980, at 8:00 p.m. in the Ranger Recreation Center, in Ranger, Texas, with Ralph McMullen as teacher. We would like to invite any interested persons to take lessons with us. This is clean wholesome fun and good exercise. Those interested can call for more information Sue Williamson 647-1092, Hilda Tipton 647-3689 or Fern Johnson 647-3297.

That although it might have been a fight, I not only did it because I knew it was right, But that's one of the reasons I've made my stand, Is, I'm finally trying to become a MAN.

Homemaker's Tips

By Janet Thomas

The Eastland County Extension Service is sponsoring a very unique 4-H Clothing Leader Training, February 19, at 7:00 p.m. in the Eastland Bank Community Room. The purpose of the meeting will be to inform 4-H leaders and parents about the upcoming clothing project, says Mrs. Donna White, Assistant County Extension Agent. Local merchants will also be participating in the training. The agenda for the training looks like this:
7:00 Overview of 4-H Clothing Project by Donna White, ACEA.
7:30 Fashion Revue featuring 4-H models by Marilyn Van Zandt from The Wearhouse in Eastland.
8:00 Refreshments
8:15 Fabrics and Fashions by Mrs. Sue Allsup of Sue's Fabrics, Ranger

Period

All 4-H leaders, parents, and youth are encouraged to attend this meeting. 4-H is a non-profit, educational program.

Oil News

Eastland County has gained a Marble Falls oil discovery well four miles southeast of Cisco.

The strike is Adobe Oil & Gas Corp., Midland, No. 1 Kerr.

Location is 2,173 feet from the south and west lines of Section 23, Block 3, H&TC Survey.

Daily potential was 238 barrels of 42.8 gravity oil, flowing through a 16-64-inch choke with 1,000 pounds casing and 660 pounds tubing pressures.

The well is producing from perforations at 3,249-73 feet, treated

with 1,000 gallons of mud acid.

The 4½-casing is set at 3,900 feet, total depth.

Gas-ratio was 811-1.

A project was plugged back and completed as a Home Creek discovery three miles

northwest of Romney.

It is Ridgeway Petroleum Inc., Abilene, No. 1 R.P. Morton, spotting 990 feet from the north and east lines of Section 78, Block 3, H&TC Survey, A-1828.

Daily potential was 21 barrels of 38 gravity oil, plus 28 barrels of water. It is pumping from perforations at 474 to 483 feet.

The 4½-inch casing is set at 2,500 feet.

Total depth was 3,345 feet and plugged back to 483 feet.

Sheldon Petroleum

drilled the well in September, 1977, to a total depth of 3,345 feet.

Big Country Ex-

ploration Inc. of Abilene reentered the project in October but never completed it.

Thursday, February 14, 1980

For The Men Who Succeed

Growth and Problems are Twin Companions -and go along together in the evolution of Progress. Two years ago in a Western city, we witnessed the processing of 4400 County Clerk documents into the records of a large title plant. Every day it was the same. Every instrument filed added another entry to someone's abstract and another problem to the abstractor who processed it. And as we walked away, we thought of our big responsibility in preserving your title records even in this small county. Yes, it's a problem, but Progress in action!

show and junior exhibitors will vie for more than a half a million dollars in prize monies and premium auction prices above market value. From a spectator's point of view, the young exhibitors are center-stage in a two week extravaganza that begins when Houston, the fastest growing city in the nation, takes a step backwards in time and brings a bit of western heritage to its busy streets.

journeying as far as 386 miles will join city officials and bands as the annual rodeo parade winds through the canyons of downtown streets at 9:15 a.m. on Friday, February 22. Following the parade, the action moves farther out Main Street to the Astro-

dome and the adjoining Livestock Exposition Facilities where the rodeo opens with a matinee performance in the Astrodome at 2 p.m.

Mr. Billy G. Yarbrough has been named Manager of the temporary 1980 census district office in Abilene.

The announcement of Mr. Yarbrough's appointment was made today by Mr. Percy R. Millard, Director of the U.S. Bureau of the Census Regional Office in Dallas.

The Abilene census office, to be located in Suite 211, Petroleum Building, 461 Pine, will employ approximately 695 temporary workers at the peak of census operations next spring. Hiring for most of these jobs will begin early in 1980. The temporary office will remain open until census operations are completed, expected to be sometimes during the summer of 1980.

Nationally, the 1980 census will be taken largely by the mail-out, mail-back method. In the 28 counties to be covered by the Abilene district office, however, questionnaires will be hand-delivered and mailed back.

Abilene is part of a nationwide test to determine if the personal drop-off of questionnaires by census takers will result in a significant difference in coverage, data quality and cost.

Counties involved in the drop-off, mail-back experiment includes Eastland County.

When dropping off the questionnaires, census takers will ask each household for information to update the address register: (1) household name (2) number of occupants (3) telephone number (4) address correction and number of units at address.

Residents will be asked to complete the questionnaire and return it on Tuesday, April 1—Census Day—in a

Five 4-H members from Eastland County will be participating in the 1980 Houston Livestock Show and Rodeo, February 20-March 2. With more than 27,000 expected livestock entries, the Houston Show will once again be the largest in the world.

Competing from Eastland County will be Bud Wood, Sam Scott, Neil Scott and Tommy Donham.

Danny Lamberth is assistant county extension agent.

For junior exhibitors throughout the state, the Houston Show is the culmination of a year's hard work of preparing their animals for the toughest of show ring competition. It is hard work that often pays off: open

postage free envelope. The questionnaires will be returned to the Abilene office where they will be checked and processed by census workers. If questionnaires are not mailed back, census takers will make household visits to get the required information.

Mr. Yarbrough is one of 21 district office managers to be named in Texas and one of 409 to be selected throughout the nation.

Am. Assoc. Of Ret. People

Eastland A.A.R.P. Chapter 2428 will have a meeting Friday, February 15th at 6:00 p.m. at Christian Church Annex. Covered dish supper. A valentine program and games will follow.

Texas Set Aside Time And Money To Assess Student's Learning Achievements

This year, for the first time in history, Texas will set aside a block of time and nearly \$2 million in state money to assess the learning achievement of 500,000 students in the Cisco Public Schools.

All fifth and ninth grade students from the Cisco Independent School District will participate in the first Texas Assessment of Basic Skills test pro-

gram scheduled for Tuesday and Wednesday, February 19 and 20.

The Cisco I.S.D. students will be among the 500,000 expected to take the reading, writing composition, and mathematics tests during the February-March statewide testing period. Each of the test will require a maximum of 40 to 60 minutes to complete.

The Cisco I.S.D. will

report its district and campus aggregate scores to the public at a May or June meeting of the board of trustees, according to James Couch, district superintendent. However, individual scores will be reported only to the student, parents or guardian, and the school personnel directly involved.

Third grade students will be added to the annual sequence during the 1980-81 school year, according to plans announced by the Texas Education Agency.

This testing program is designed to help the student and the school improve achievement. Using the information obtained, the school district will be able to develop more effective programs to meet the needs of all the students.

Johnny McCaghren To Participate In Houston Show

Johnny McCaghren, a FFA member of Cisco, will be participating in the 1980 Houston Livestock Show and Rodeo, February 20 through March 2. With more than 27,000 expected livestock entries, the Houston Show will once again be the largest in the world.

For junior exhibitors throughout the state, the Houston Show is the culmination of a year's hard work of preparing their animals for the toughest of show ring competition. It is hard work that often pays off: open show and junior exhibitors will vie for more than a half a million dollars in

prize monies and premium auction prices above market value.

The livestock show begins with open competition on February 20. Professional breeders and ranch owners from some 35 states will bring in the best in breeding stock to compete in breeding beef, dairy, swine, poultry, sheep, Angora goat and rabbit shows.

Junior show exhibitors take over the 22.3 acre livestock exposition facility for the second week of the livestock show with judging beginning on February 28.

Junior shows including breeding beef heifers, dairy, breeding sheep, Angora goats, beef and dairy scramble steers, breeding rab-

bits, market lambs, market poultry, market turkeys, market swine and market steers, including a carcass contest.

This Number Must Be Called For Non-Emergency And Information. The Operator Will Take Messages For The Respective Police Departments And Sheriff's Office.
Your Cooperation In Calling Emergency Calls To 629-1728 And Non-Emergency Calls To 629-1728 Will Be Greatly Appreciated By The Operator.

Cisco Intermediate School And Texas Easter Seal Society In Book-A-Thon

The Texas Easter Seal Society, with the cooperation of the Cisco Intermediate School, is participating in their annual Book-a-Thon program to help the handicapped. This educational program benefits students in several ways. It encourages them to read and evolves an awareness to those less fortunate and in need.

Children request sponsors to pledge a specific amount of money for each book read during the month of February. Students are now asking friends, relatives, neighbors and local businesses to sponsor them while they read

to help the handicapped. Once the Book-a-Thon has concluded, students will contact their sponsors and collect the total amount of money pledged.

Money raised by the Book-a-Thon will help the Easter Seal Society buy needed wheelchairs, braces and medical services for handicapped children and adults in the area.

Those students who have collected the most money and read the most books at the end of the Book-a-Thon will be recognized and awarded prizes.

GUEST SLOT

The Laguna lingers, and the live, big band sound makes happiness again.

The Second Edition of Nostalgia Nite, Tuesday evening played to a packed (90-plus) in the beautiful Laguna Roof Garden Theater, "overlooking Downtown Cisco."

Memories of Lawrence Welk (without the um-pa) and Ray Judia, both of whom played the room in earlier days, and Glenn Miller, who probably didn't, but would have been proud of what Tim Jones and his CJC Aggregation are doing, filled the room.

It was a supper club event, with a well served, full dinner, followed by a really good band show. For more than a few, there were memories of other days, like in the '40s when some of the music was new, and when world conditions were shaky too. Then, like now, was a time to join hands, sing together, pull together, understanding together and winning together.

The 1954 Hardin-Simmons annual shows young Jones when he was a member of the Cowboy Band there, and had his own little stage band group. Today's he a recognized leader in the music field, and as a performer, he's a pro-looking and sounding not a lot unlike Al Hirt.

In this program he was joined by the equally-talented Pat Ownes, who did vocals, as only she can, fronting the excellently balanced CJC Stage Band.

Out-front, too and adding a lot of spark were a half dozen of the beautiful Wrangler Belles including Teri Gomez, Terri Guyton, Lavonda Jones, Judy Krantz, Lisa Norris and Debbie Ratcliff.

On the bandstand were Steve Boyd, Kelvin Cates, Tracy Chambers, Danette Collier, Danny Cortez, T. Fleming, Jon Griffith, Greg Gideon, Mary Lou Gonzales, Rex Graham, David Hageman, Lucky Ingram, Larry Isbell, Chuck Lawson, Laverne Martinez, Chester McCree, Thomas Mims, Vonne Rodgers, Kyle Wallace, Julie Willingham and Ray York.

Dr. Norman Wallace and CJC are to be complimented for providing this excellent learning experience for the young people (and letting us enjoy the sharing of it).

The next big feature at the Laguna Roof Garden Theater will be "The Glass Menagerie" by Tennessee Williams, to be seen April 24, 25, 26, and May 1, 2, and 3.

But right now, we're still enjoying the reverie of "Tuxedo Junction."

Earth-Bound Country Printer

By Forrest Dale Forbes

Dear Lord, I hope I do not seem outrageous. But I would like a little printing office for a time — Say, ten thousand years — Among tall fir trees overlooking Hood River, the McKenzie or the Rogue, (in Heaven's lower acres), Cased with aromatic cedar shakes, And hugged by rhododendrons, A Franklin stove with coils of oak wood, Generous fonts of honest Garamond type, Saxon heart in roman and thallie, Racks of lovely Goudy faces, Scattered lays of plain Century and homely Cheltenham (I also came by grace, alone, into this kingdom), Cabinets of Garamond, stelte and queenly, Graceful as the snobirds in the canyons, Friendly old presses, oft brazed and welded, Hand fed, with treadles worn to silver, A "George P. Gordon," sans throw-off (1865), And a "Merry Little Pearl" like "Uncle Roy" Used to print the "Western Trapper," A Challenge, Peerless and a Kluge, For splendid use, a stout C & P, O.S. 15, The finest 80# white rag book, Watermarked with fern and multicolor, And inks from Gutenberg or William Morris, A Lino Five or Eight for odd lang syne, With clicks and purrs, and slaps and groans, The drowsy drone of saws As in a milltown afternoon, Once in fifty years, a sound tape played Of nervous, frantic little offset presses, Racing neck-to-neck with unpaid bills, Money makers, but who wants money? No computerized composer rigs, Quicker than my dreamy thoughts — no never, No conferences with Management, or of Unions, No pushy-pusy deadlines here — A thousand years to print a lovely book of Psalms or sonnets, and other jobs I never got to, Good friends may chat a year or so — Betimes, And how else can such fine Therapy be found as working hand and foot... No hired hands, much time to meditate, And doze, and rest, and roam with thankfulness Under a Printer's Heaven.

IT PAYS TO ADVERTISE... ADVERTISE WHERE IT PAYS...

People Things

JWS

OUR SCOUTS report that things are moving along nicely out at the Otis Manufacturing Co. plant (the old Boss Company plant) on the Breckenridge highway. The building is being renovated, and the interior is being redone in readiness for the installation of plant machinery.

Understand the company took more than 300 applications from folks applying for jobs recently. Already, a number has been put to work and others will be as machinery installation progresses.

Mr. Gene Gwinn, the plant manager, is looking for housing, we understand, with plans to move his family here from Dallas. A number of homes have changed hands lately as the company transfers key men here to work in the new plant.

All of which is good news for Cisco.

CISCO GOT some four inches of snow last Friday and Saturday as the winter's coldest wave blew in from the north country. Local thermometers dropped to just below 10 degrees. Lake Bernie and Lake Cisco had ice covers for a day or two.

The snow was good for pastures and fields. The snow blanket was a benefit to grain crops as the temperatures dropped.

THE WINTER BLAST that iced over area roads caused 18 people to put up for Saturday night at the First Baptist Church basement here after local motels filled up. The Rev. Buddy Sipe, pastor, and others of the church were on hand to assist the stranded motorists. One couple was from Albany and the others from a variety of states. Roads cleared up so the people could go home Sunday afternoon. All were high in the praise for the hospitality they found in our nice community. The FBC, you remember, provided quarters for scores of ice-bound motorists a little over a year ago.

MR. LEE LIESKE, one of our community's most senior citizens, recalled that in February 1956 we had some unusual weather. It was 76 degrees at mid-day. A norther blew in and by

nightfall, the temperature had dropped to 34 degrees. And by the next morning, it was 12 degrees.

Mr. Lieske recalls that the local lakes froze over and had hard ice for several days. Seventy-two hours of continuous freezing temperatures are desirable for pecan orchards, Mr. Lieske says. This prolonged cold kills insects and their eggs that attack young pecans.

The cold wave was good for area fruit trees, Mr. Lieske says. The warm weather had cause sap to begin rising and some trees would have been putting out leaves and blooms before long.

VISITING OVER at Thurber the other day, we were told that the bituminous coal deposits under the ground there amount to more than 150,000,000 tons. The restaurant there was originally the Thurber Drug Store, and the huge smokestack you see there was atop the kilns that fired the famous Thurber bricks. Many Texas cities, including Cisco, used Thurber brick for street paving in the early days of the century. Thurber once had 12,000 people including Wallis Warfield, who later became the Duchess of Windsor. And there was an opera house with some 600 seats, and the Metropolitan Opera Company sent a group from New York City once to perform at Thurber.

A GOOD CROWD is expected out at the CJC Gym Thursday night, Feb. 14, for the CJC-Ranger basketball program. The girls of the two schools will kick off the program at 6 p.m. with the boys teams scheduled to play around 7:30 p.m. The band and belles, of course, will be out. Hear a lot of good reports on the CJC Dinner Theater music programs this month. News stories about the recent promotion of Mrs. Brenda Lane to be cashier at the First National Bank didn't mention Mr. Jim Choate, who had been cashier and vice president for several years. Mr. JC's duties as a veep were expanded, making him a full-time loan officer. It was real-

Public Notice

PUBLIC NOTICE

The Planning and Zoning Commission will conduct a public hearing on a request to close the 700 Block of West 19th Street. This hearing is planned in order to give all interested persons or groups of citizens an ample opportunity to voice their opinion in reference to the proposed ordinance. The hearing is scheduled during the regular meeting of the Planning and Zoning Commission of Cisco, Texas, in the Council Chambers at City Hall at 2:00 p.m. on Monday, March 3, 1980. Further information concerning this item is available through the office of the City Secretary. All interested citizens are invited.

PUBLIC NOTICE

The Planning and Zoning Commission will conduct a public hearing on a proposed Mobile Home Ordinance. This hearing is planned in order to give all interested persons or groups of citizens an ample opportunity to voice their opinion in reference to the proposed ordinance. The hearing is scheduled during the regular meeting of the Planning and Zoning Commission of Cisco, Texas, in the Council Chambers at City Hall at 2:00 p.m. on Monday, March 3, 1980. Copies of the proposed ordinance will be available for review in the City Secretary's office. All interested citizens are invited.

ly a promotion for both Mrs. Lane and Mr. JC and well deserved.

WE'RE INDEBTED to Mr. Archie Channess, local contractor, for a copy of a huge drawing entitled The Compleat Golfer. Pictured is a golfer with his cart and complete equipment. We'll put it on the bulletin board out at the Cisco Country Club pro shop for all to see and enjoy. Glad to hear that Mr. Jay Richardson, local retired groceryman, is doing as well as can be expected at West Texas Hospital, Abilene. He was there after suffering a heart attack and was checking out last week to return home when he was stricken again. He spent several days in the ICU and now is back in a private room.

Standlee McCracken On Mobil Oil Corp. Advisory Council

Standlee McCracken was a panel member on the Regional

Distributor Advisory Council of Mobil Oil Corp. Mr. McCracken

represented a five state area, the South West Districts. The meetings were held at Arlington Park Hilton Hotel in Chicago, Ill.,

on Wednesday and Thursday, February 6-7.

Mr. McCracken is a distributor for Mobil Oil in this area.
